Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(d) On April 8, 2011, the Board of Directors (the "Board") of AVEO Pharmaceuticals Inc. (the "Company"), based on the recommendation of the nominating and governance committee of the Board, elected Henri Termeer to the Board, effective as of April 8, 2011. Mr. Termeer was elected to serve until the 2011 Annual Meeting of Stockholders and thereafter until his successor is duly elected and qualified.

In connection with Mr. Termeer's appointment to the Board, he was granted an option, pursuant to the Company's 2010 Stock Incentive Plan, to purchase 30,000 shares of the Company's common stock at an exercise price equal to \$13.65, the closing sale price of the common stock on the NASDAQ Global Market on the date of grant. Such option vests and becomes exercisable, subject to his continued service as a director, in 12 equal monthly installments commencing on the first day of the month following the date of grant. The option has a term of 10 years, provided that the vested portion of the option must be exercised within three months following his cessation of board service. Pursuant to the Company's director compensation policy, Mr. Termeer will also receive an annual retainer of \$30,000 for serving on the Board and \$1,750 for each meeting of the Board that he attends in person. He will also be compensated for his service on any committees of the Board. The Board has not yet determined whether Mr. Termeer will be named to any committees of the Board.

There is no arrangement or understanding between Mr. Termeer and any other person pursuant to which Mr. Termeer was selected as a director. Mr. Termeer is not, and has not been since January 1, 2010, a participant in any transaction involving the Company, and is not a participant in any proposed transaction with the Company, required to be disclosed pursuant to Item 404(a) of Regulation S-K.

The full text of the press release issued in connection with the announcement of Mr. Termeer's election to the Board is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference as though fully set forth herein.

(e) The Company has an annual cash incentive program, which is designed to provide cash bonus awards to the Company's employees, including the Company's executive officers. The 2011 target annual cash incentive award levels for the Company's executive officers (expressed as a percentage of each executive's 2011 annual base salary), are set forth below:

Name	2011 Annual Base Salary	Target Percentage of 2011 Annual Base Salary (%)
Tuan Ha-Ngoc, President and Chief Executive Officer	\$ 490,000	60%

On April 12, 2011, the Company's compensation committee recommended and the independent members of the Board approved the following corporate goals under the annual cash incentive program for 2011, which account for 80% of the annual cash incentive award payable to the Company's executive officers:

Corporate Goal	Percentage of Annual Cash Incentive Award
Advancement of the tivozanib program , including completion of top line data analysis for the Company's TIVO-1 study, initiation and sustained patient accrual at the target level of a phase 2 or phase 3 study in a non-RCC tumor and completion of certain supportive clinical, preclinical and CMC activities in anticipation of the filing of a new drug application filing	40%

In addition to the overall corporate goals described above, the performance of executive officers is measured against the achievement of certain individual goals (other than with respect to the Company's Chief Executive Officer, whose performance is measured solely on the achievement of the Company's overall corporate goals). For 2011, the individual goals for each of the Company's executive officers (other than the Company's Chief Executive Officer), which account for 20% of such executive officer's annual cash incentive award, are as follows:

Mr. Johnston's individual goals relate to monitoring the financial and cash management of the Company and putting in place necessary compliance processes and IT systems.

Mr. Ezickson's individual goals relate to securing and overseeing transactions with certain strategic collaborators, activities related to the supply chain for both tivozanib and ficlatuzumab and intellectual property, legal, program management and business development initiatives.

Following completion of the fiscal year ended December 31, 2011, the Company's Chief Executive Officer will make recommendations to the compensation committee as to the degree to which these executive officers have satisfied their individual goals. Payments under the annual cash incentive program are subject to discretionary adjustments that the compensation committee deems appropriate.
