ANNOUNCEMENT OF FINANCIAL RESULTS

PANASONIC REPORTS FIRST-QUARTER RESULTS

- Disaster Adversely Affects Sales and Earnings; Company Secures Positive Operating Profit -

Osaka, Japan, July 28, 2011 Panasonic Corporation ([NYSE: PC/TSE: 6752] Panasonic) today reported its consolidated financial results for the first quarter, ended June 30, 2011, of the current fiscal year ending March 31, 2012 (fiscal 2012).

First-quarter Results

Consolidated group sales for the first quarter decreased by 11% to 1,929.5 billion yen due mainly to the Great East Japan Earthquake on March 11, 2011, compared with 2,161.1 billion yen for the first quarter of the year ended March 31, 2011 (fiscal 2011). Of the consolidated group total, domestic sales amounted to 967.6 billion yen, down by 8% from 1,054.4 billion yen a year ago. Overseas sales decreased by 13% to 961.9 billion yen from 1,106.7 billion yen a year ago.

During the first quarter under review, the Japanese economy was in a severe condition due to the Great East Japan Earthquake, though it was on the way to recovery with the automobile sales increase and the growing demand for energy-efficient consumer products. In the meantime, the global economy showed signs of slowdown caused by the concern for the U.S. economic recession and inflation, although demand in emerging markets including China expanded.

In such a business environment, Panasonic has been working towards two themes, Paradigm Shift to Growth and Laying Foundations to be a Green Innovation Company, in the second year of its three-year midterm management plan called Green Transformation 2012 (GT12) as the first step towards the 100th anniversary vision of becoming the No.1 Green Innovation Company in the Electronics Industry.

Operating profit¹ decreased to 5.6 billion yen from 83.8 billion yen a year ago. Although the company pursued a thorough streamlining material cost and fixed cost reduction, this result was due mainly to sales decline affected by the disaster, ever-intensified price competition and rising raw material costs. In the meantime, pre-tax loss was 17.4 billion yen compared with a profit of 84.3 billion yen a year ago, due mainly to the expenses associated with the implementation of early retirement programs and the loss related to the disaster incurred in other incomes (deductions). Net loss attributable to Panasonic Corporation amounted to 30.4 billion yen, decreased from a profit of 43.7 billion yen a year ago.

Breakdown by Business Segment

The company's first quarter consolidated sales by business segment and segment profit (loss), with previous year comparisons, are summarized as follows:

Digital AVC Networks

Sales decreased by 21% to 660.6 billion yen from 831.7 billion yen a year ago. Despite favorable sales of Blu-ray Disc recorders, this result was due mainly to sales decline in flat-panel TVs, automotive electronics and mobile phones. Segment loss amounted to 16.0 billion yen, compared with segment profit of 27.9 billion yen a year ago due mainly to sales decrease and the appreciation of the yen.

Home Appliances

Sales increased by 6% to 342.9 billion yen, compared with 322.8 billion yen a year ago due mainly to favorable sales in air conditioners as well as stable sales in washing machines and microwave ovens. Segment profit increased by 4% to 33.6 billion yen, compared with 32.3 billion yen a year ago due mainly to sales increase and streamlining efforts.

¹ For information about operating profit, see Note 2 of the Notes to consolidated financial statements on page 10.

PEW and PanaHome

Sales increased by 7% to 417.3 billion yen from 391.2 billion yen a year ago. Regarding Panasonic Electric Works Co., Ltd. (PEW) and its subsidiaries, sales growth in electrical construction and building materials of housing/building-related business and home appliances business contributed to the overall sales increase, although sales declined in devices such as electronic materials and automation controls mainly for automobile-related products. For PanaHome Corporation and its subsidiaries, favorable sales of housing construction mainly for detached housing led to its overall sales increase, thanks to the Japanese stable housing market conditions. Segment profit was 10.6 billion yen, increased from 8.3 billion yen a year ago due mainly to favorable sales and fixed cost reduction.

Components and Devices

Sales decreased by 13% to 205.5 billion yen, compared with 236.3 billion yen a year ago. This result was due mainly to declines in sales of general components, semiconductors and batteries. Segment loss was 7.5 billion yen, compared with segment profit of 11.8 billion yen a year ago due mainly to subdued demand.

SANYO

Sales decreased by 22% to 324.0 billion yen, compared with 413.0 billion yen a year ago. Although sales of cold-chain equipments, commercial air conditioners and solar photovoltaic systems were stable, sales of devices, digital cameras and in-car-related equipments were sluggish. Sales decline owing to the semiconductor business transfer in fiscal 2011 also led to the overall sales decrease. This resulted in segment loss of 14.0 billion yen, compared with segment profit of 5.0 billion yen a year ago after incurring the expenses such as amortization of intangible assets recorded at the acquisition.

Other

Sales totaled 284.0 billion yen, up 3% from 275.4 billion yen a year ago, due mainly to favorable sales in factory automation equipment. Segment profit amounted to 11.9 billion yen, compared with 12.8 billion yen a year ago.

Consolidated Financial Condition

Net cash used in operating activities for the first quarter amounted to 43.3 billion yen. This was attributable primarily to net loss and an increase in inventories. Net cash used in investing activities amounted to 47.7 billion yen. This was due primarily to capital expenditures offsetting proceeds from disposals of property, plant and equipment. Net cash used in financing activities was 35.9 billion yen, due mainly to repayments of long-term debt and payments of cash dividends. Taking into consideration the effect of exchange rate fluctuations, cash and cash equivalents totaled 837.0 billion yen as of June 30, 2011, down 137.8 billion yen, compared with the end of the last fiscal year.

The company's consolidated total assets as of June 30, 2011 decreased by 157.9 billion yen to 7,665.0 billion yen from March 31, 2011. This was due mainly to the appreciation of the yen and a decrease in cash and cash equivalents. Panasonic Corporation shareholders' equity increased by 207.2 billion yen, compared with March 31, 2011, to 2,766.2 billion yen, and noncontrolling interests decreased by 287.3 billion yen to 100.0 billion yen as of June 30, 2011. This result was due primarily to an increase of 271.2 billion yen in Panasonic Corporation shareholders' equity and a decrease of the same amount in noncontrolling interests, owing to the share exchanges for the acquisition of all shares of PEW and SANYO on April 1, 2011.

Outlook for Fiscal 2012

The business performance outlook for fiscal 2012 remains unchanged from the previous forecast announced on June 20, 2011.

Panasonic Corporation is one of the world's leading manufacturers of electronic and electric products for consumer, business and industrial use. Panasonic's shares are listed on the Tokyo, Osaka, Nagoya and New York stock exchanges.

Disclaimer Regarding Forward-Looking Statements

This press release includes forward-looking statements (within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934) about Panasonic and its Group companies (the Panasonic Group). To the extent that statements in this press release do not relate to historical or current facts, they constitute forward-looking statements. These forward-looking statements are based on the current assumptions and beliefs of the Panasonic Group in light of the information currently available to it, and involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors may cause the Panasonic Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by these forward-looking statements. Panasonic undertakes no obligation to publicly update any forward-looking statements after the date of this press release. Investors are advised to consult any further disclosures by Panasonic in its subsequent filings with the U.S. Securities and Exchange Commission pursuant to the U.S. Securities Exchange Act of 1934 and its other filings.

The risks, uncertainties and other factors referred to above include, but are not limited to, economic conditions, particularly consumer spending and corporate capital expenditures in the United States, Europe, Japan, China and other Asian countries; volatility in demand for electronic equipment and components from business and industrial customers, as well as consumers in many product and geographical markets; currency rate fluctuations, notably between the yen, the U.S. dollar, the euro, the Chinese yuan, Asian currencies and other currencies in which the Panasonic Group operates businesses, or in which assets and liabilities of the Panasonic Group are denominated; the possibility of the Panasonic Group incurring additional costs of raising funds, because of changes in the fund raising environment; the ability of the Panasonic Group to respond to rapid technological changes and changing consumer preferences with timely and cost-effective introductions of new products in markets that are highly competitive in terms of both price and technology; the possibility of not achieving expected results on the alliances or mergers and acquisitions including the business reorganization after the acquisition of all shares of Panasonic Electric Works Co., Ltd. and SANYO Electric Co., Ltd.; the ability of the Panasonic Group to achieve its business objectives through joint ventures and other collaborative agreements with other companies; the ability of the Panasonic Group to maintain competitive strength in many product and geographical areas; the possibility of incurring expenses resulting from any defects in products or services of the Panasonic Group; the possibility that the Panasonic Group may face intellectual property infringement claims by third parties; current and potential, direct and indirect restrictions imposed by other countries over trade, manufacturing, labor and operations; fluctuations in market prices of securities and other assets in which the Panasonic Group has holdings or changes in valuation of long-lived assets, including property, plant and equipment and goodwill, deferred tax assets and uncertain tax positions; future changes or revisions to accounting policies or accounting rules; natural disasters including earthquakes, prevalence of infectious diseases throughout the world and other events that may negatively impact business activities of the Panasonic Group; as well as direct or indirect adverse effects of the Great East Japan Earthquake on the Panasonic Group in terms of, among others, component procurement, manufacturing, distribution, economic conditions in Japan including consumer spending and sales activities overseas. The factors listed above are not all-inclusive and further information is contained in Panasonic's latest annual reports, Form 20-F, and any other reports and documents which are on file with the U.S. Securities and Exchange Commission.

Notes to consolidated financial statements:

1. The company's consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP).
2. In order to be consistent with generally accepted financial reporting practices in Japan, operating profit, a non-GAAP measure, is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies. Please refer to the accompanying consolidated statement of operations and Note 3 for the U.S. GAAP reconciliation.
3. Under U.S. GAAP, expenses associated with the implementation of early retirement programs at certain domestic and overseas companies are included as part of operating profit in the statement of operations.
4. In other income (deductions), the company incurred 3.6 billion yen as expenses associated with the implementation of early retirement programs of certain domestic and overseas companies.
5. Comprehensive income (loss) attributable to Panasonic Corporation was reported as a loss of 54,915 million yen for the first quarter of fiscal 2012, and a loss of 48,730 million yen for the first quarter of fiscal 2011. Comprehensive income (loss) attributable to Panasonic Corporation includes net income (loss) attributable to Panasonic Corporation and increases (decreases) in accumulated other comprehensive income (loss) attributable to Panasonic Corporation.
6. Diluted net income (loss) per share attributable to Panasonic Corporation common shareholders has been omitted because the company did not have potential common shares that were outstanding for the period.
7. Regarding consolidated segment profit (loss), expenses for basic research and administrative expenses at the corporate headquarters level are treated as unallocatable expenses for each business segment, and are included in Corporate and eliminations.
8. On April 1, 2011, Panasonic conducted share exchanges in order to make Panasonic a wholly-owning parent company, and its subsidiaries Panasonic Electric Works Co., Ltd. (PEW) and SANYO Electric Co., Ltd. (SANYO) its wholly-owned subsidiaries. Therefore, both of PEW and SANYO became wholly-owned subsidiaries of the company. The difference between the fair value of the shares of Panasonic delivered to the noncontrolling interest and the carrying amount of the noncontrolling interests was recognized as an adjustment to capital surplus. As a result of this share exchange, Panasonic Corporation shareholders' equity increased by 271,205 million yen while noncontrolling interests decreased by the same amount.

SANYO Signs MOU to Transfer Washing Machine and Consumer Use

Refrigerator Businesses and Other White Goods Sales Businesses of Four

Countries in Southeast Asia to Haier Group

Tokyo, July 28, 2011 SANYO Electric Co., Ltd. (SANYO) today announced that it has signed a Memorandum of Understanding (MOU) to transfer its consumer and commercial use washing machine businesses, consumer use refrigerator business and its white goods sales businesses of four countries in Southeast Asia to Haier Group.

Since becoming a member of the Panasonic Group, SANYO's consumer and commercial use washing machine businesses and consumer use refrigerator businesses now overlap with the white goods businesses in the global strategy of the Panasonic Group, and as such, it has become necessary to carry out structural reorganization within the group. After taking into consideration a wide range of factors, in order to secure the employment and the continuation of the businesses, SANYO has come to the decision to transfer these businesses to Haier Group. The details of the MOU are outlined below:

1. All shares of SANYO Aqua Corporation (a Japan-based manufacturing and sales company of both consumer and commercial use washing machines) and all shares of Konan Denki Co., Ltd. (a Japan-based manufacturer of consumer use washing machines) held by SANYO will be transferred to Haier Group.
2. All shares of Haier Sanyo Electric Co., Ltd. (a Japan-based developer and engineer of consumer use refrigerators) and HAIER ELECTRIC THAILAND LTD. (a manufacturer of consumer use refrigerators) held by SANYO will be transferred to Haier Group.
3. In Southeast Asia, SANYO HA ASEAN CORPORATION (a Vietnam-based manufacturer and distributor of refrigerators, washing machines and other products), P.T. SANYO INDONESIA (manufacturer), P.T. SANYO Sales Indonesia (a sales company), SANYO Philippines Inc. and SANYO SALES AND SERVICE SDN. BHD. (Malaysia-based) will be transferred to Haier Group.
4. Haier Group will be granted the rights to sell certain white goods, including washing machines, refrigerators, air conditioners, televisions and other consumer electric appliances in Vietnam, Indonesia, the Philippines and Malaysia under the SANYO brand for a fixed period of time.

Acquiring the white goods business of SANYO is an important part of Haier's overall growth strategy. Today's announcement has laid the foundation for Haier's strategic structure in Japan and Southeast Asia with two R&D centers, four manufacturing bases and six localized marketing centers, which can better cater to the ever-growing and dynamic needs of consumers in the region, as well as contribute to our sustainable growth. We look forward to working with SANYO's team for the successful completion of this important milestone for both companies," said Mr. Du Jingguo, Vice President of Haier Group.

Mr. Mitsuru Homma, Executive Vice President of SANYO Electric Co., Ltd. commented, "Through the transfer of our washing machine and consumer refrigerator businesses to Haier Group, we have been able to secure the positions of the employees engaged in the businesses and ensure the continuity of the business, and we believe that the transfer will allow the customers in each region to receive the same service as before."

In preparation for the gradual closing to be completed by the end of March, 2012, the two companies will push forward with negotiations and are aiming to enter into the final agreement by the end of September, 2011.

Outline of SANYO's Washing Machine and Refrigerator Businesses

SANYO manufactures and sells its washing machines in Japan, Vietnam and other countries in Southeast Asia. SANYO also manufactures and sells commercial use refrigerators in Vietnam, Indonesia and other countries in Southeast Asia. In February, 2007, as a joint venture between Haier Group and SANYO, Haier Sanyo Electric Co., Ltd. was established for the development of consumer use refrigerators. In addition, HAIER ELECTRIC THAILAND LTD., with partial investment from SANYO, has been manufacturing consumer use refrigerators for the domestic market and for global export, including to Japan.

About SANYO

SANYO Electric Co., Ltd., a member of the Panasonic Group, is a global company with leading energy and environmental technology and products for commercial and consumer use. SANYO offers products and services that focus on energy generation, energy storage and efficient energy usage, such as photovoltaic (solar) systems, small- to large-scale-use rechargeable batteries, as well as other energy-efficient products and electronic components that are designed with the environment in mind.
