CALCULATION OF REGISTRATION FEE

| Title of Each Class of Securities to Be Registered | Amount to Be Registered(2) | Proposed Maximum Offering Price Per Share(3) | Proposed Maximum Aggregate Offering Price(3) | Amount of Registration Fee (4) |
|---|-----------------------------|--|--|--------------------------------|
| Common Stock, \$.01 par value, with attached Common Share Purchase Rights (1) | 2,500,000 shares and rights | \$40.59 | \$101,475,000 | \$11,629.04 |

- (1) Each share of Common Stock has attached thereto one Common Share Purchase Right. Prior to the occurrence of certain events, these rights will not be exercisable or evidenced separately from the Common Stock. No separate consideration will be payable for the Common Share Purchase Rights.
- (2) Pursuant to Rule 416 under the Securities Act of 1933, the number of shares of Common Stock registered hereunder includes such indeterminate number of additional shares of Common Stock as may be issued from time to time as a result of stock splits, stock dividends or similar transactions.
- (3) Estimated solely for the purpose of calculating the registration fee pursuant to Rule 457(c) under the Securities Act of 1933, based on the average of the high and low prices of the Common Stock of Alliant Energy Corporation as reported on the New York Stock Exchange on November 2, 2011. The value attributable to the Common Share Purchase Rights is reflected in the price of the Common Stock.
- (4) Pursuant to Rule 457(p) under the Securities Act, the registrant is applying the filing fee of \$1,080.70 associated with certain unsold securities under its Registration Statement on Form S-3 (File No. 333-155573), originally filed by the registrant on November 21, 2008, to partially offset the entire registration fee of \$11,629.04 that would otherwise be due in connection with this Registration Statement. As a result, \$10,548.34 is being remitted herewith.

PROSPECTUS

ALLIANT ENERGY CORPORATION SHAREOWNER DIRECT PLAN 2,500,000 Shares of Common Stock

We are offering participation in our Shareowner Direct Plan. The plan provides you with a variety of options, including:

automatic reinvestment of all or a portion of your cash dividends paid on shares of our common stock in additional shares of our common stock;

the ability for persons who are not shareowners to purchase their initial shares of our common stock;

a means of purchasing additional shares of our common stock by making optional cash investments of up to \$360,000 per calendar year, including any initial investment;

a free custodial service for depositing your common stock certificates with the administrator of the plan for safekeeping;

the ability to transfer or make gifts of your shares of our common stock at no charge; and

the ability to sell your shares of our common stock through the plan.

The plan provides that shares of our common stock may be purchased for participants from us or in the open market or in privately negotiated transactions. The price of shares of common stock purchased under the plan will be either:

the average of the high and low sale price of shares of our common stock as reported on the New York Stock Exchange on the date of purchase if newly issued shares are purchased from us; or

the weighted average of the price paid for shares of our common stock if purchased on the open market or in privately negotiated transactions.

No brokerage commissions are charged to you in connection with purchases of shares under the plan. Participants who reinvest dividends on our common stock are charged a service fee of \$0.50 per reinvestment to defray, in part, administrative costs of the plan. You will bear the cost of brokerage fees and related service charges relating to sales of shares under the plan.

Our common stock is listed on the New York Stock Exchange under the symbol LNT. The closing price of our common stock on November 8, 2011 on the New York Stock Exchange was \$41.89 per share.

Investment in our common stock involves risk. See Risk Factors on page 3 of this prospectus for a discussion of certain risks that prospective investors should consider before investing in our common stock.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus is November 9, 2011.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the Securities and Exchange Commission, or SEC, utilizing a shelf registration process. Under this shelf process, we may sell securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. You should read this prospectus together with additional information described under the heading **Where You Can Find More Information**.

You should rely only on the information contained or incorporated by reference in this prospectus. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. You should assume that the information appearing in this prospectus and the documents incorporated by reference are accurate only as of the respective dates of those documents in which the information is contained. Our business, financial condition, results or operations and prospects may have changed since those dates.

We are not making offers to sell nor soliciting offers to buy, nor will we make an offer to sell nor solicit an offer to buy, securities in any jurisdiction where the offer or sale is not permitted.

Unless we otherwise indicate or unless the context requires otherwise, all references in this prospectus to **we**, **our**, **us** or similar references mean Alliant Energy Corporation.

THE COMPANY

We are an energy-services provider that operates as a regulated investor-owned public utility holding company. Our primary focus is to provide regulated electricity and natural gas service to customers in the Midwest through our two public utility subsidiaries, Interstate Power and Light Company, or IPL, and Wisconsin Power and Light Company, or WPL. We also have non-regulated operations. Our utility business is engaged principally in:

the generation and distribution of electricity in selective markets in Iowa, southern and central Wisconsin and southern Minnesota;

the distribution and transportation of natural gas in selective markets in Iowa, southern and central Wisconsin and southern Minnesota; and

the provision of various other energy-related products and services.

We are a registered holding company under the Public Utility Holding Company Act of 2005 and are subject to regulation by the Federal Energy Regulatory Commission under that Act.

Our principal executive offices are located at 4902 North Biltmore Lane, Madison, Wisconsin 53718, and our telephone number is (608) 458-3311.

RISK FACTORS

Before you decide to participate in the plan and invest in our common stock, you should carefully consider the specific risks discussed or incorporated by reference herein. In particular, you should consider the risks and uncertainties discussed under the caption "Risk Factors" included in our Annual Report on Form 10-K for the year ended December 31, 2010, which is incorporated by reference in this prospectus, and which may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future.

You will not know the price of our common stock you are purchasing or selling under the plan at the time you elect to reinvest your dividends, purchase additional shares of common stock or instruct the administrator to sell your shares of common stock.

The price of our common stock may fluctuate between the time you decide to reinvest in, purchase or sell common stock under the plan and the time of the actual reinvestment, purchase or sale. In addition, during this time period, you may become aware of additional information that might affect your investment decision.

Wells Fargo Shareowner Services administers the plan. If you instruct the administrator of the plan to sell common stock under the plan, you will not be able to direct the date, time or price at which your shares of common stock are sold. The price of our common stock may decline between the time you decide to sell your common stock and the time of actual sale.

FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated herein by reference contain forward-looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, included in this prospectus, including statements regarding anticipated financial performance, business strategy and management's plans and objectives for future operations, are forward-looking statements. These forward-looking statements can be identified as such because the statements generally include words such as "expect," "intend," "believe," "anticipate," "estimate," "plan" or "objective" or other similar expressions. Forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those expressed in, or implied by, these statements. Readers are cautioned not to place undue reliance on these forward-looking statements. All forward-looking statements included in this prospectus or in a document incorporated by reference into this prospectus speak only as of the date of this prospectus or the document incorporated by reference, as the case may be. Additional information concerning factors that could cause actual results to differ materially from those in the forward-looking statements is contained under "Risk Factors" in this prospectus and other documents that we file from time to time with the SEC that are incorporated by reference into this prospectus. Numerous important factors described in this prospectus and/or any document incorporated by reference in this prospectus could affect these statements and could cause actual results to differ materially from our expectations.

Table of Contents

Actual results could be materially affected by the following factors, among others:

federal and state regulatory or governmental actions, including the impact of energy, tax, financial and health care legislation, and of regulatory agency orders;

IPL's and WPL's ability to obtain adequate and timely rate relief to allow for, among other things, the recovery of operating costs, fuel costs, transmission costs, deferred expenditures, capital expenditures, and remaining costs related to generating units that may be permanently closed, earning their authorized rates of return, and the payments to their parent of expected levels of dividends;

the ability to continue cost controls and operational efficiencies;

the impact of IPL's retail electric base rate freeze in Iowa through 2013;

the state of the economy in IPL's and WPL's service territories and resulting implications on sales, margins and ability to collect unpaid bills;

developments that adversely impact our and IPL's and WPL's ability to implement our and their strategic plans, including unanticipated issues with Alliant Energy Resources, LLC's construction of and selling price of the electricity output from its new 100 megawatt wind generating project, new emission control equipment for various coal-fired generating facilities of IPL and WPL, WPL's potential purchase of the Riverside Energy Center or a similar facility, IPL's potential construction of a new natural gas-fired electric generating facility in Iowa, and the potential decommissioning of certain generating facilities of IPL and WPL;

weather effects on results of utility operations;

successful resolution of the pending challenge by interveners of the approval by the Public Service Commission of Wisconsin of WPL's Bent Tree Phase I wind project;

issues related to the availability of generating facilities and the supply and delivery of fuel and purchased electricity and price thereof, including the ability to recover and to retain the recovery of purchased power, fuel and fuel-related costs through rates in a timely manner;

the impact that fuel and fuel-related prices may have on IPL's and WPL's customers' demand for utility services;

the ability to defend against environmental claims brought by state and federal agencies, such as the U.S. Environmental Protection Agency, or third parties, such as the Sierra Club;

issues associated with environmental remediation efforts and with environmental compliance generally, including changing environmental laws and regulations;

Edgar Filing: ALLIANT ENERGY CORP - Form S-3ASR

the ability to recover through rates all environmental compliance and remediation costs, including costs for projects put on hold due to uncertainty of future environmental laws and regulations;

impacts of future tax benefits from deductions for repairs expenditures and mixed service costs and temporary differences from historical tax benefits from such deductions that are reversing into income tax expense in future periods;

sales and project execution for RMT, Inc. (RMT), the ability of RMT to maintain project margins, the successful resolution of claims against RMT, the level of growth in the wind and solar development market, and the impact of the American Recovery and Reinvestment Act of 2009, the Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act of 2010, and future legislation on the wind and solar markets;

continued access to the capital markets on competitive terms and rates, and the actions of credit rating agencies;

inflation and interest rates;

financial impacts of risk hedging strategies, including the impact of weather hedges or the absence of weather hedges on earnings;

changes to the creditworthiness of counterparties with which we, IPL and WPL have contractual arrangements, including participants in the energy markets and fuel suppliers and transporters;

issues related to electric transmission, including operating in Regional Transmission Organization (RTO) energy and ancillary services markets, the impacts of potential future billing adjustments and cost allocation changes from RTOs and recovery of costs incurred;

unplanned outages, transmission constraints or operational issues impacting fossil or renewable generating facilities and risks related to recovery of resulting incremental costs through rates;

our ability to successfully pursue appropriate appeals with respect to, and any liabilities arising out of, the alleged violation of the Employee Retirement Income Security Act of 1974 by our Cash Balance Pension Plan;

current or future litigation, regulatory investigations, proceedings or inquiries;

our ability to sustain our dividend payout ratio goal;

employee workforce factors, including changes in key executives, collective bargaining agreements and negotiations, work stoppages or additional restructurings;

impacts that storms or natural disasters in IPL s and WPL s service territories may have on their operations and recovery of, and rate relief for, costs associated with restoration activities;

access to technological developments;

any material post-closing adjustments related to any past asset divestitures;

Edgar Filing: ALLIANT ENERGY CORP - Form S-3ASR

material changes in retirement and benefit plan costs;

the impact of incentive compensation plans accruals;

the effect of accounting pronouncements issued periodically by standard-setting bodies;

the ability to utilize tax credits and net operating losses generated to date, and those that may be generated in the future, before they expire;

the ability to successfully complete tax audits and appeals with no material impact on earnings and cash flows;

USE OF PROCEEDS

We have no basis for estimating either the number of authorized but unissued shares of common stock that we will ultimately sell pursuant to the plan or the prices at which we will sell the shares. Any net proceeds we receive from the sale of shares under the plan will be added to our general funds and used for general corporate purposes. We will not receive any proceeds from the sale of shares under the plan that are acquired on the open market or in privately negotiated transactions.

SUMMARY OF PLAN FEATURES

Some of the features of the plan, which are described in greater detail under "The Plan" below, are:

If you do not presently own shares of common stock, then you may become a plan participant, assuming some qualifications are met, by completing an account authorization form and making an initial cash investment of not less than \$250 nor more than \$360,000.

If you participate in the plan, then you may acquire additional shares of common stock by making optional cash investments in amounts not less than \$25 per investment nor more than \$360,000 per calendar year, including any initial investment. The investment amount can be automatically deducted from your bank account or it can be submitted by mail.

If you participate in the plan and are our employee or an employee of one of our subsidiaries, then you may also acquire additional shares of common stock by making optional cash investments through payroll deductions. The minimum deduction per pay period is the amount specified on the payroll withholding form. You may not make optional cash investments through payroll deductions of more than \$360,000 per calendar year, including any initial investment and any optional cash investments made by means other than payroll deduction.

If you participate in the plan, then you may acquire additional shares of common stock automatically by reinvesting all or a portion of your cash dividends paid on shares of common stock you then own.

If you participate in the plan, then you may deposit your common stock certificates, at no cost, with the plan administrator for safekeeping.

If you participate in the plan, then you may have your cash dividends that are not being reinvested electronically deposited into your checking or savings account.

If you participate in the plan, then you may sell your shares of common stock held by the plan through the plan administrator.

Dividends are calculated on all full and fractional shares of common stock in the plan.

Personal record keeping is simplified by the issuance of statements indicating account activity. **You should retain these statements for tax purposes.**

If you participate in the plan, then you may transfer or make gifts of shares of common stock at no charge.

THE PLAN

The following are the terms and conditions of the plan.

Purpose

The purpose of the plan is twofold. First, the plan provides our shareowners of record, other investors who choose to become shareowners of record and our employees and the employees of our subsidiaries with a simple, convenient and economical method to purchase shares of common stock and to reinvest all

Table of Contents

or a portion of their cash dividends in additional shares of common stock. Second, the plan provides us with the ability to sell our authorized but unissued shares of common stock to participants in the plan, which will raise funds to increase our equity base for general corporate purposes.

Plan Administration

Wells Fargo Shareowner Services, a division of Wells Fargo Bank, N.A., administers the plan, keeps records, sends statements of account activity to participants and performs clerical and ministerial duties related to the plan. An independent agent, which is not an affiliate of ours, designated by the administrator will make purchases and sales of shares of common stock for the plan in the open market or in privately negotiated transactions. Subject to applicable securities laws and some limitations, the independent agent will have full discretion as to the timing of, and all matters relating to, purchases and sales of shares of common stock for the plan other than for the purchase from us of authorized but unissued shares. The administrator will furnish the name of the independent agent, including any affiliated independent agent, utilized in share transactions within a reasonable time upon written request from the participant.

The administrator will establish and maintain a separate account under the plan for each participant. The administrator will credit to your account all shares of common stock, including any fractional shares, computed to three decimal places, purchased for a participant under the plan, and any shares a participant deposits through the plan's share safekeeping service.

You should direct all inquiries and instructions concerning the plan to:

All correspondence should include your shareowner account number, taxpayer identification or social security number and daytime telephone number where you may be contacted during normal working hours to facilitate a prompt response.

Enrollment Procedures

Shareowners

If you are currently a shareowner of record, then you may enroll in the plan at any time by completing and returning an account authorization form to the administrator. You should direct requests for account authorization forms to the administrator, either by telephone, in writing or through the internet.

Street Name Holders

If you own shares of common stock that are held on your behalf by a bank, broker, trustee or other agent, then you may enroll in the plan by registering one or more shares of common stock directly in your name and by returning a completed account authorization form to the administrator. See *Transfer of Shares from Street Name*.

Non-Shareowners

With limited exceptions described below, if you are not currently a shareowner of record, then you may enroll in the plan by completing and returning an account authorization form to the administrator together with an initial investment of at least \$250, but not more than \$360,000, or by authorizing automatic withdrawals that will occur up to twice per month (*automatic investments*) of at least \$25, in either case which will be used to purchase shares of common stock for your plan account. See *Initial Investments and Optional Cash Investments* and *Methods of Investment*.

Employees

With limited exceptions described below, any of our employees or employees of our subsidiaries may enroll in the plan at any time by completing and returning an account authorization form to the administrator or by enrolling in the same manner as any other eligible investor described above.

Telephone Privileges

You may establish automated privileges for your plan account, enabling you to execute the following plan requests by telephone:

change your dividend reinvestment option (for example, from full to partial reinvestment).

sell all or a portion of your plan shares, if the current market value of the shares to be sold is \$25,000 or less and you have a U.S. bank account.

request a certificate for all or a portion of your plan shares, but only if the current market value of the shares to be issued is \$50,000 or less.

change the dollar amount of or terminate automatic monthly withdrawals from your bank account.

Table of Contents

Certain restrictions may apply.

To establish automated privileges for your plan account, you will need to authorize automated access for your account. If your registration is in single ownership, you may call the administrator via phone to establish a personal identification number. Otherwise, please call the administrator and request an automated request authorization form.

Internet Privileges

You may establish automated privileges for your plan account, enabling you to execute the following plan requests online:

enroll in the plan.

change your dividend reinvestment option (for example from full to partial reinvestment).

sell all or a portion of your plan shares, if the current market value of the shares to be sold is \$25,000 or less, you have a U.S. bank account and, for joint accounts, you have previously authorized automated account access.

authorize, change the dollar amount or terminate automatic monthly withdrawals from your bank account.

Certain restrictions may apply.

For current shareowners of record: Go to www.shareowneronline.com and click on **Sign Up Now!** under **I am a Current Shareowner**. You will need your 10-digit account number, your 12-digit Authentication ID and a valid email address. Your account number can be found on your dividend check, dividend deposit notice or account statement. If you do not have your Authentication ID, you may request one online or by phone. Your Authentication ID will be sent to your mailing address on file.

For non-shareowners of record (new investors): Go to www.shareowneronline.com and click on **Direct Purchase Plan**, under the column titled **Invest in a Plan**. Next, simply click on **Invest Now** under the column **New Investors for Alliant Energy Corporation**. Then follow instructions on the **Buy Shares** page.

After you have successfully signed up, you will be able to access your account immediately. You will also receive written confirmation to your mailing address on file that your account has been activated for online access.

Exceptions

We reserve the right to prohibit participation in the plan by non-shareowners who reside in a state where participation in the plan by non-shareowners who reside in the state would require us to take special action under the securities or blue sky laws of the state and we have not yet taken the required action. We

Table of Contents

also reserve the right to prohibit participation in the plan by any investor, whether or not a holder of record of shares of common stock, who is a citizen or resident of a country other than the United States, if his or her participation would violate local laws and regulations applicable to us or the prospective participant. In any such case, the administrator will return any account authorization form and initial investment tendered by any non-shareowner who resides in such state or country.

General

The administrator will process account authorization forms as promptly as practicable. Participation in the plan will begin after the administrator has reviewed and accepted a properly completed form.

Transfer of Shares from Street Name

If you are a beneficial owner of common stock whose shares are registered in the name of a bank, broker, trustee or other agent, then you may participate in the plan with respect to these shares by either:

transferring the shares to a plan account by directing your agent (for example, your bank, broker or trustee) to register the shares directly in your name and having the agent deliver a certificate to you, or

instructing your agent to transfer the shares to the administrator to be deposited into the plan for share safekeeping for credit to your plan account. See *Share Safekeeping*.

Initial Investments and Optional Cash Investments

If you are not currently a shareowner of record, then you must make an initial investment of at least \$250, but not more than \$360,000, in the form of a personal check, an automatic investment of at least \$25 or, for employees, payroll deduction of at least the amount specified on the payroll withholding form, and you must include your initial investment with the completed account authorization form you return to the administrator. See *Methods of Investment*.

Once you are enrolled in the plan, you may purchase additional shares of common stock using the plan's optional cash investment feature. You must make optional cash investments in amounts of not less than \$25 per investment and may not aggregate more than \$360,000 per calendar year, including any initial investment, whether by check or automatic investment. The administrator will not waive these restrictions; however, the \$25 minimum is not applicable to employee participants who make investments through payroll deductions. You have no obligation to make an optional cash investment at any time, and the amount of your investments may vary from time to time.

The administrator must receive account authorization forms, which are subject to review, with initial investments at least two business days prior to the next investment date (as defined under *Purchase of Common Stock*). The administrator will invest initial investments and optional cash investments on the next investment date, provided the administrator receives such investments at least two business days prior to that investment date.

Table of Contents

Neither we nor the administrator will pay interest on any initial investments or optional cash investments received and held for investment under the plan. Therefore, it is to your benefit to mail an initial investment or an optional cash investment so that the administrator receives it shortly, but not less than two business days, before an investment date. To receive dividends, the administrator must have received and invested an initial investment or an optional cash investment on the investment date prior to the dividend record date.

Upon written request, the administrator will refund your initial investment or any optional cash investment, provided the administrator receives your request at least two business days prior to the investment date following receipt of your investment. However, the administrator will not make a refund until it actually receives the funds.

Methods of Investment

Your total annual investment cannot exceed \$360,000 per calendar year and must be made in U.S. dollars, drawn on a U.S. bank. For the purpose of applying this limit, all investments during any calendar year, including initial and optional cash investments, but excluding dividend reinvestments and deposits of shares in the plan's share safekeeping service, are aggregated. Neither we nor the administrator will pay any interest on amounts held for pending investment.

During the period that an optional cash investment is pending, the collected funds in the possession of the administrator may be invested in certain Permitted Investments. For purposes of this plan, Permitted Investments means any money market mutual funds registered under the Investment Company Act of 1940 (including those of an affiliate of the administrator or for which the administrator or any of its affiliates provides management advisory or other services) consisting entirely of (i) direct obligations of the United States; or (ii) obligations fully guaranteed by the United States. The risk of any loss from such Permitted Investments shall be the responsibility of the administrator. Investment income from such Permitted Investments shall be retained by the administrator.

Check Investment

You may make initial investments and optional cash investments by personal check payable to Shareowner Services. Initial investments are subject to collection for the full face value in U.S. funds.

If a check or automatic investment is returned unpaid for any reason, then the administrator will consider the request for investment of these funds null and void. If any shares have been purchased with these funds, then the administrator will be entitled to remove those shares from the participant's account and sell those shares to satisfy the balance of the uncollected funds. If the net proceeds from the sale are insufficient to cover this balance, then the administrator will, in addition to any other rights we may have, be entitled to sell any additional shares from your account that may be necessary to satisfy the uncollected balance.

Table of Contents

Automatic Investment

You may make automatic investments up to twice per month, whether initial or optional cash investments, of at least \$25 by electronic funds transfer from a predesignated account with a U.S. financial institution. To initiate automatic investments, you must complete and return to the administrator the automatic cash withdrawal and investment section of the account authorization form, as well as deliver to the administrator a voided blank check or a savings deposit slip for the account from which funds are to be drawn. You may obtain the account authorization form from the administrator. Automatic investments will be initiated as promptly as practicable. Funds then will be drawn from your designated account on the tenth or twenty-fifth of each month, or both (as chosen by you), or, if the tenth or twenty-fifth day falls on a weekend or bank holiday, the first business day thereafter, and will be invested in common stock on the next investment date.

You may change the amount of your future automatic investments by completing and submitting to the administrator a new account authorization form. You may terminate your automatic investments by notifying the administrator by phone, in writing or through the internet. To be effective with respect to the next automatic investment date, the administrator must receive the notice at least 15 business days preceding that date.

Electronic Direct Deposit

You may have your cash dividends not being reinvested transferred directly to your bank for deposit. For electronic direct deposit of dividend funds, contact the administrator to request a direct deposit of dividends authorization form. Please be sure to include a voided check for a checking account or a savings deposit slip for a savings account with your completed form. If your stock is jointly owned, all owners must sign the form.

Payroll Deductions

Our employees or employees of our subsidiaries may also make investments, whether initial or optional cash investments, by means of payroll deduction, and the \$250 and \$25 minimums for initial investment and optional cash investments, respectively, will not apply to investments made through payroll deductions. To initiate payroll deductions, the employee must complete and return to the administrator a payroll withholding form and an account authorization form.

The payroll withholding form, which allows participating employees to decide the dollar amount to be deducted from their paychecks for each pay period, will become effective as promptly as practicable. Deductions will be used to purchase full and fractional, computed to three decimal places, shares of common stock on the next investment date. The minimum deduction per pay period is the amount specified on the payroll withholding form.

Payroll deduction authorizations will remain in effect until cancelled or modified by the employee, which a participating employee may accomplish by completing and returning a new payroll withholding form indicating the change desired. To be effective with respect to the next payroll deduction, the administrator must receive the new payroll withholding form at least six business days preceding that date.

Dividend Reinvestment Options

The account authorization form allows you to choose a reinvestment option for participation in the plan. If you do not specify otherwise, then your account will be enrolled for full dividend reinvestment. By choosing the appropriate box, you may select:

Full Dividend Reinvestment

Reinvest all cash dividends on all certificated shares including book-entry (DRS) held by you and on all shares credited to your plan account. You may make optional cash investments at any time as described in this prospectus.

Partial Dividend Reinvestment

Receive cash dividends on a specified number of your shares of common stock and reinvest the cash dividends on the remainder of your shares. The shares you specify to receive cash dividends may consist of a combination of certificated shares including book-entry (DRS) and shares credited to your plan account. You may elect to have cash dividend payments not reinvested paid by check or through electronic direct deposit. You may make optional cash investments at any time as described in this prospectus.

Optional Cash Purchases Only

Receive cash dividends on all of your shares of common stock, including both certificated shares held by you and shares held by the plan and credited to your plan account. You may elect to have cash dividend payments paid by check or through electronic direct deposit. You may make optional cash investments at any time as described in this prospectus.

If you participate in the plan's full or partial dividend reinvestment option, then reinvestment will commence with the first dividend payable after the dividend record date following your enrollment. We will publicly announce dividend record dates. The payment of dividends is at the discretion of our Board of Directors and will depend upon our future earnings, our financial condition and other factors. Our Board of Directors may change the amount and timing of dividends at any time without notice.

If you wish to change your method of participation, to be effective with respect to a particular common stock dividend, the administrator must receive your request on or before the record date for the dividend. If your request is received after a dividend record date, your request will not be effective until after that dividend has been paid.

If you elect to cease the reinvestment of your dividends, then you may receive them by check or electronic direct deposit. You may also continue to have the administrator hold your shares through the share safekeeping service, buy shares with optional cash investments, and sell or transfer the shares as you desire. See [Share Safekeeping](#), [Initial Investments and Optional Cash Investments](#), [Sale of Common Stock](#) and [Gift/Transfer of Shares Held in the Plan](#).

Table of Contents

On each applicable investment date, we will pay over to the administrator all cash dividends payable on shares held by the administrator for all participants who are reinvesting their dividends in the plan. The administrator will apply the dividends after deducting withholding taxes, if any, and any administrative fees, including the \$0.50 dividend reinvestment service fee, to the purchase of shares of common stock. The administrator will credit the proportionate number of shares, computed to three decimal places, purchased by the administrator to your account.

Purchase of Common Stock

Reinvested common stock dividends, initial investments, optional cash investments and proceeds, which will be treated regardless of the amount as optional cash purchases, from the sale or redemption of common stock subscription or other rights, if any, received by the administrator on behalf of participants will be used to acquire either outstanding shares of common stock or authorized but unissued shares of common stock from us, provided that we are willing to sell the common stock. Purchases of outstanding shares of common stock on behalf of plan participants may be made on any stock exchange in the United States. Where our common stock is traded, in the over-the-counter market or by privately negotiated transactions on terms that the independent agent for the administrator may reasonably determine at the time of purchase. Any shares purchased from us will be made in accordance with applicable requirements.

The administrator and its designated independent agent may combine your funds with those of other participants for the purpose of purchasing shares. Neither we, the administrator nor any affiliated purchasers will exercise any direct or indirect control or influence over the times when, or prices at which, the designated independent agent may purchase common stock for the plan or the amount of shares the designated independent agent may purchase.

Purchases of shares of common stock under the plan will be made on or about the following applicable investment dates :

The investment dates for initial investments and optional cash investments will be the first and fifteenth day of each month (or the first business day thereafter if such first or fifteenth day of the month falls on a weekend or holiday).

The investment date for reinvested cash dividends will be each dividend payment date (except when the dividend payment date does not fall on the fifteenth day of the month, in which case the investment date for reinvested cash dividends will be the first business day after such dividend payment date).

Purchases may be made over a period of several days in the case of open market purchases. All open market purchases will be aggregated for the investment date.

For a number of reasons, including observance of the rules and regulations of the Securities and Exchange Commission or other regulatory agencies requiring temporary curtailment or suspension of purchases, the investment of all or part of the funds available in your account may be delayed from time to time. Neither we nor the administrator will pay any interest on funds held pending investment. However,

Table of Contents

shares of common stock will either be purchased within 35 days of receipt of initial investments or optional cash investments or funds will be returned to you.

The administrator will credit your account with that number of shares of common stock, including any fractional shares, computed to three decimal places, equal to the total amount to be invested divided by the applicable purchase price per share.

The administrator is authorized to choose a broker/dealer, including an affiliated broker/dealer, at its sole discretion to facilitate purchases and sales of common stock by plan participants. The administrator will furnish the name of the registered broker/dealer, including any affiliated broker/dealer, utilized in share transactions within a reasonable time upon written request from you.

Price to Participants

The price of newly-issued shares of common stock purchased from us for participants will be the average, computed to four decimal places, of the high and low sale prices of shares of common stock as reported on the New York Stock Exchange on the applicable investment date. If no trading occurs on the New York Stock Exchange in the common stock on the applicable investment date, then the price will be determined with reference to the next preceding date on which the common stock is traded on the New York Stock Exchange. The price of shares of common stock purchased for participants on the open market or in privately negotiated transactions will be the weighted average price of all the shares purchased for the applicable investment date. If an investment under the plan is at any time made in both newly-issued and already outstanding shares, then the shares purchased will be allocated as proportionately as is practicable among the accounts of all participants for whom funds are being invested at that time.

Under the plan, you do not have the ability to order the purchase of a specific number of shares, purchase of shares at a specified price or a particular date of purchase, as could be done with respect to purchases through a broker.

Sale of Common Stock

You can sell all or part of your shares held in your plan account. If you request to sell plan shares, your sale will be made as soon as practicable. Requests to sell plan shares will be aggregated and processed by an independent broker, which is not an affiliate of ours, designated by the administrator on the open market at prevailing market prices. When you sell your shares, the price per share that you will receive will be the weighted average of the proceeds from all shares sold by the administrator, less brokerage and administrative fees, service fees, withholding tax, if any, and a service fee for the handling of each such request. The administrator will make every effort to process your sale order on the next business day following receipt of your properly completed request (sale requests involving multiple transactions may experience a delay). You should be aware that the share price of our common stock may fall or rise during the period between a request for sale, its receipt by the administrator, and the ultimate sale in the open market. You should evaluate these possibilities while deciding whether and when to sell any shares through the plan. The price risk will be borne solely by you.

Table of Contents

If you are submitting a request to sell all or part of your plan shares and requesting net proceeds to be automatically deposited to a bank checking or savings account, you must provide a voided blank check for a checking account or a blank savings deposit slip for a savings account. If you are unable to provide a voided check or deposit slip, your written request must have your signature(s) medallion guaranteed by an eligible financial institution for direct deposit. Requests for automatic deposit of sale proceeds that do not provide the required documentation will not be honored and a check for the net proceeds will be issued.

You are required to maintain a balance of one or more full shares of common stock or we may terminate your plan account. We will treat a request to sell all shares held in your account as a withdrawal from the plan. See [Our Termination of an Account](#) and [Withdrawal and Termination](#).

Custody of Stock and Issuance of Stock Certificates

The administrator will hold all shares purchased on your behalf through the plan in safekeeping in its name or the name of its nominee. However, you may at any time and without charge, obtain a certificate for all or part of the whole shares credited to your plan account by making a request in writing to the administrator. The administrator will not issue any certificates for fractional shares. Obtaining certificates for your plan account shares in no way affects dividend reinvestment. See [Dividend Reinvestment Options](#).

Share Safekeeping

The plan's share safekeeping service allows you to deposit common stock certificates held by you with the administrator for safekeeping. The advantages of the share safekeeping service are:

The risk associated with the loss of your stock certificate(s) is eliminated. If your certificates are lost or stolen, then you cannot sell or transfer your shares without first obtaining replacement certificates. This process of replacing lost certificates could take several weeks and would result in cost and paperwork, both for you and for us.

Certificates deposited with the administrator will be transferred into the administrator name or the name of its nominee and credited to your account under the plan. The shares then will be treated in the same manner as shares purchased through the plan, and you may conveniently and efficiently sell or transfer those shares through the plan. See [Sale of Common Stock](#), [Gift/Transfer of Shares Held in the Plan](#) and [Withdrawal and Termination](#).

You have all plan options available to you, including full or partial reinvestment and/or receiving dividends by check or electronic deposit.

To participate in the plan's share safekeeping service, you must complete and return an account authorization form, along with the common stock certificates you wish to deposit, to the administrator by registered mail insured for 2% of the then current market value. You should not endorse the certificates or complete the assignment section. You may obtain an account authorization form by calling or writing the administrator. If you have lost any of your certificates, then you must replace them before you may participate in the share safekeeping service.

Table of Contents

Optional Mail Loss Insurance

Please be advised that choosing registered, express or certified mail alone will not protect you should your certificates become lost or stolen.

The administrator can provide low-cost loss insurance for certificates being returned for conversion to book-entry form. Mail loss insurance covers the cost of the replacement surety bond only. Replacement transaction fees may also apply. To take advantage of the optional mail loss insurance, simply include your \$10.00 check, made payable to WFSS Surety Program, along with your certificates and instructions.

To qualify for this service you must choose to use an accountable mail delivery service such as Federal Express, United Parcel Service, DHL, Express Mail, Purolator, TNT or United States Postal Service Registered Mail. Any one shipping package may not contain certificates exceeding a total value of \$100,000.

The value of certificate shares is based on the closing market price of the common stock on the trading day prior to the documented mail date. Claims related to lost certificates under this service must be made within 60 days of the documented delivery service mail date. This is specific coverage for the purpose of converting shares to book-entry form and the surety is not intended to cover certificates being tendered for certificate breakdown or exchange for other certificates.

Gift/Transfer of Shares Held in the Plan

You may transfer the ownership of some or all of your plan shares, including shares held in safekeeping, by mailing to the administrator a properly executed stock power form, which you may obtain from the administrator or a financial institution, with a Medallion Signature Guarantee for all owners and a letter of instruction. A Medallion Signature Guarantee is a signature guarantee by an institution such as a commercial bank, trust company, securities broker/dealer, credit union or a saving institution participating in a Medallion Program approved by the Securities Transfer Association, Inc. You may transfer shares to new or existing shareowners.

Unless otherwise instructed, the administrator will retain the shares and enroll the transferee in full dividend reinvestment, provided the transferee is eligible to participate. The new participant will receive a statement showing the number of shares transferred and now held in his or her plan account, which will be considered the transaction confirmation.

If you request to transfer all shares in your plan account between a dividend record date and payment date, your transfer will be processed; however, your plan account will not be terminated. You may receive additional dividend reinvestment shares, which will require you to submit a written request to transfer the additional shares.

Table of Contents

Withdrawal and Termination

You may withdraw from the plan at any time by giving written notice to the administrator. If you terminate participation in the plan, on or after a dividend record date, but before the dividend payment date, your termination will be processed as soon as possible, and a separate dividend check will be mailed to you. Investment of optional cash will stop immediately if notification of withdrawal from the plan is received by the administrator at least two business days prior to the applicable investment date if made by check and at least 15 business days prior to the applicable investment date if made by automatic investment. The entire amount of any optional cash received for which investment has been stopped by termination of participation in the plan will be refunded to you without interest.

Upon withdrawal from the plan, your termination request should specify whether to convert all or a specified number of full plan shares to book-entry (DRS) or a certificate and a check for the value of any full and/or fractional shares, or sell all shares in your account as described under Sale of Common Stock. If you do not make an election in your request for termination, full plan shares will be converted to book-entry (DRS) and a check issued for the net proceeds of the fractional share.

If you terminate participation in the plan, then you will receive a check for the cash value of any fractional share held in your plan account. Fractions of shares will be valued at the then current market price, determined in the same manner as provided with respect to the sale of whole shares, less brokerage commissions, services fees and withholding taxes, if any.

You may not make any optional cash investments after you have terminated participation in the plan unless and until you rejoin the plan, which you may accomplish by complying with the enrollment procedures. See Enrollment Procedures. However, we reserve the right to reject any account authorization form from a previous participant on grounds of excessive enrollment and termination. Such reservation is intended to minimize administrative expense and to encourage use of the plan as a long-term investment service.

Stock Splits, Stock Dividends and Rights Offerings

The administrator will credit to your account any shares distributed pursuant to stock dividends or stock splits affected by us on shares held by the administrator for you. If we make available to holders of our common stock subscription or other rights to purchase additional shares of common stock or other securities, then the administrator will, if and when the rights trade independently, sell the rights accruing to all shares held by the administrator for the participants and will apply the net proceeds of the sale to the purchase of common stock. However, we will, in advance of a subscription offer, or, if the rights may not be independently traded upon issuance, prior to the date on which the rights trade independently, inform you that if you do not want the administrator to sell your rights and invest the proceeds, then it will be necessary for you to transfer all full shares held under the plan to your own name by a given date. This would permit you to exercise, transfer or sell the rights on the shares. If rights issued by us are redeemed prior to the date that the rights trade independently, then the administrator will invest the resultant funds in additional shares of common stock.

Table of Contents

If you request to terminate your participation in the plan or request a sale of plan shares between the record date and the payment date for a stock distribution, the request will not be processed until the stock distribution is credited to your plan account.

Voting Rights

The administrator will vote at shareowners' meetings any full shares of common stock credited to your account under the plan in accordance with your instructions. The administrator will not vote such shares if you do not give any instructions. A proxy card will be mailed to you representing the shares of common stock held in your plan account.

Fees and Charges

No brokerage commissions are charged to you in connection with purchases of shares of common stock through the plan. Participants who reinvest dividends on our common stock are charged a service fee of \$0.50 per reinvestment to defray, in part, administrative costs of the plan. A brokerage commission, electronic deposit fee and service fee are deducted from the proceeds of any sale of shares of common stock through the plan. The administrator reserves the right to change these fees or charge participants other fees in the future. Notices of such future changes or additional fees will be sent to participants at least 30 days prior to their effective date. Any such change will be deemed to be accepted by participants who do not terminate participation in the plan prior to the effective date of the change. The following fees apply to your participation in the plan as of the dates indicated:

| | Before January 3, 2012 | On and After January 3, 2012 |
|---|-------------------------|------------------------------|
| Enrollment Fee | \$10.00 | \$15.00 |

Statements and Reports

You will receive statements showing all transactions in your account, including the amount invested, the price paid per share, the number of shares purchased and total shares accumulated. You should retain these statements for purposes of establishing the cost basis of shares purchased under the plan for income tax and other purposes.

In addition, you will receive copies of the same communications we send to all other holders of common stock, including our annual reports, notices of annual meetings and proxy statements, and information you need for reporting dividend income for federal income tax purposes.

All notices, statements and reports to you will be addressed to you at your last address the administrator has on record. Therefore, you must promptly notify the administrator by phone, in writing or through the internet of any change of address.

No Right to Draw Against Account

You will not have a right to draw checks or drafts against your account or give instructions to the administrator with respect to any shares or cash held therein, except as expressly provided in this prospectus.

Duties and Responsibilities

Neither we, the administrator nor any of the independent agents will have any responsibility beyond the exercise of ordinary care for any action taken or omitted pursuant to the plan, nor will we have any duties, responsibilities or liabilities, except as expressly set forth in this prospectus. Neither we, the administrator nor any of the independent agents will be liable under the plan for any act done in good faith or for any good faith omission to act, including but not limited to any claims of liability with respect to the prices at which shares are purchased or sold for your account, the times when the purchases or sales are made or any inability to purchase or sell shares, for any fluctuation in the market value after purchase or sale of shares, or arising out of failure to terminate your account upon your death prior to receipt of notice in writing of your death.

The administrator is acting solely as agent for us and owes no duties, fiduciary or otherwise, to any other person by reason of this plan, and no implied duties, fiduciary or otherwise, shall be read into this plan. The administrator undertakes to perform such duties and only such duties as are expressly set forth in this plan, to be performed by it, and no implied covenants or obligations shall be read into this plan against the administrator or us.

In the absence of negligence or willful misconduct on its part, the administrator, whether acting directly or through agents or attorneys, will not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties hereunder. In no event will the administrator be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profit), even if the administrator has been advised of the likelihood of such loss or damage and regardless of the form of action.

Table of Contents

The administrator: (i) will not be required to, and makes no representations and has no responsibilities as to, the validity, accuracy, value or genuineness of any signatures or endorsements, other than its own; and (ii) will not be obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with reasonable indemnity.

The administrator will not be responsible or liable for any failure or delay in the performance of its obligations under this plan arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including, without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications services; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the administrator will use reasonable efforts that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Change or Termination of the Plan

We reserve the right to amend, modify, suspend or terminate the plan in whole, in part, or with respect to participants in one or more jurisdictions. The administrator will send notice of any suspension, termination or significant amendment, or modification of the plan to all affected participants. No such event will affect any shares then credited to a participant's account. Upon any whole or partial termination of the plan by us, whole shares credited to an affected participant's account under the plan will be converted to book-entry (DRS) shares and a cash payment will be made for any fraction of a share. Fractions of shares will be valued at the then current market price, determined in the same manner as provided with respect to the sale of whole shares, less brokerage commissions, service fees and withholding tax, if any. Any uninvested funds held by the administrator at the time of any suspension or termination of the plan will be remitted by the administrator to affected participants.

Our Termination of an Account

The administrator may terminate your enrollment in the plan if you no longer hold any shares of record and your plan shares total less than one whole share of common stock. At our discretion, the administrator may also terminate your participation in the plan upon written notice mailed to you at the address appearing on our records. Upon termination, you will receive book-entry (DRS) for whole shares held in your account and a check for the value of any fractional share held in your plan account. Fractions of shares will be valued at the then current market price, determined in the same manner as provided with respect to the sale of whole shares, less brokerage commissions, services fees and withholding tax, if any.

Interpretation of the Plan

We may in our discretion interpret and regulate the plan as we deem necessary or desirable in connection with the operation of the plan and resolve questions or ambiguities concerning the various provisions of the plan.

Governing Law

The plan will be governed by the internal laws of the State of Wisconsin.

Table of Contents

FEDERAL INCOME TAX CONSEQUENCES

The following discussion sets forth the general federal income tax consequences for an individual participating in the plan and holding shares of common stock as a capital asset. This discussion is not, however, intended to be an exhaustive treatment of the tax consequences. Future legislative changes or changes in administrative or judicial interpretation, some or all of which may be retroactive, could significantly alter the tax treatment discussed herein. Accordingly, and because tax consequences may differ among participants in the plan, you should consult your own tax advisor to determine the particular tax consequences, including state income tax consequences, that may result from participation in and the subsequent disposal of shares purchased under the plan.

General Considerations

In general, participants reinvesting dividends under the plan have the same federal income tax consequences with respect to their dividends as do shareowners who are not reinvesting dividends under the plan. On the dividend payment date, participants will receive a taxable dividend equal to the cash dividend reinvested to the extent we have earnings and profits. This treatment applies with respect to both the shares of common stock held of record by the participant and the participant's plan account shares even though the dividend amount is not actually received in cash but is instead applied to the purchase of shares of common stock for the participant's plan account. If shares are purchased on the open market or in a privately negotiated transaction, then the participant's share of brokerage fees, if any, that we pay will also be taxed as an additional dividend to that participant, to the extent we have earnings and profits.

Shares or any fractions of shares of common stock purchased on the open market or in a privately negotiated transaction with reinvested dividends will have a tax basis equal to the amount paid therefor, increased by any brokerage fees treated as a dividend to the participant. Shares or any fractions of shares of common stock purchased from us with reinvested dividends will have a tax basis equal to the amount of the reinvested dividend. Whether purchased on the open market or in a privately negotiated transaction or from us, the shares or any fractions of shares will have a holding period beginning on the day following the purchase date.

Participants that make initial or optional cash investments under the plan will be deemed to have received an additional taxable dividend in the amount of the participant's pro rata share of the brokerage commissions, if any, that we pay, to the extent we have earnings and profits. Such brokerage commissions will only be incurred on the purchase of the common stock in the open market or in privately negotiated transactions. Shares or any fractions of shares purchased with initial or optional cash investments will have a tax basis equal to the amount paid for those shares increased by the amount of brokerage fees, if any, treated as a taxable dividend to the participant with respect to those shares or fractions of shares. The holding period for the shares or fractions of shares will begin on the day following the purchase date.

Participants should not be treated as receiving an additional taxable dividend based upon their pro rata share of the costs of administering the plan that we pay. However, we cannot provide any assurances that the Internal Revenue Service (IRS) will agree with this position. We have no present plans to seek formal advice from the IRS on this issue.

Table of Contents

Participants will not recognize taxable income when they receive certificates for whole shares credited to their account, either upon their request for the certificates or upon withdrawal from, or termination of the plan. However, participants will generally recognize gain or loss when shares acquired under the plan are sold or exchanged either through the plan at their request or by participants themselves after receipt of certificates for shares from the plan. Participants will also generally recognize gain or loss when they receive cash payments for fractional shares credited to their accounts, upon the sale of shares through the plan or upon withdrawal from or termination of the plan. The amount of gain or loss is the difference between the amount that the participant receives for his or her whole shares or fractional shares and the tax basis thereof. Provided that the shares are capital assets in the hands of the participant, the gain or loss will be a capital gain or loss, long-term or short-term depending on the participant's holding period.

Each participant will determine its tax basis of any shares sold using the administrator's default method, which is the first-in, first out, or FIFO, method. Participants may choose a different permissible method of determining the tax basis of shares sold by notifying the administrator in writing of the permissible method that the participant would like to use. The plan currently does not qualify for the average cost method for determining basis, however, and so that method currently is unavailable to participants.

For taxable years beginning after December 31, 2012, recently-enacted legislation will impose a 3.8% tax on the lesser of (i) the net investment income or (ii) the excess of modified adjusted gross income over a threshold amount, in the case of domestic shareowners who are individuals, and on the lesser of (i) the undistributed net investment income or (ii) the excess of modified adjusted gross income over a threshold amount, in the case of certain domestic shareowners that are estates and trusts. Among other items, net investment income would generally include gross dividend income, and net gain from the sale, exchange, redemption, or other taxable disposition of a share, less certain deductions.

Tax Withholding

In the case of a participating foreign shareowner whose dividends are subject to U.S. federal income tax withholding, or a participating domestic shareowner subject to backup withholding because a correct taxpayer identification number has not been furnished or otherwise, the tax required to be withheld will be deducted from the amount of any cash dividend reinvested. Since any withholding tax applies also to a dividend on shares credited to the participant's plan account, only the net dividend on the shares will be applied to the purchase of additional shares of common stock. The regular statements sent to participants will indicate the amount of tax withheld. Likewise, participants selling shares through the plan who are subject to backup or other withholding will receive only the net cash proceeds from the sale as required by the Internal Revenue Code and the Treasury Regulations thereunder. Neither we nor the administrator can refund amounts withheld. Participants subject to withholding should contact their tax advisors or the IRS for additional information.

The Hiring Incentives to Restore Employment Act (the HIRE Act), which was enacted in 2010, imposes a withholding tax of 30% on dividends and gross proceeds from the sale or other disposition of shares paid to certain foreign entities unless various information reporting and certain other requirements

Table of Contents

are satisfied. The IRS has recently issued a notice that defers the withholding tax until after December 31, 2013, for dividends and after December 31, 2014, for gross proceeds from the disposition of shares. Nonetheless, because the U.S. Treasury and the IRS have broad authority to interpret these new rules and promulgate regulations, foreign shareowners should consult with their own tax advisors regarding the possible implications of the HIRE Act to them.

RIGHTS TO PURCHASE COMMON STOCK

We have entered into a rights agreement pursuant to which each outstanding share of our common stock, including those shares that we are selling pursuant to this prospectus, has attached a right to purchase one-half of one share of our common stock. A right will attach to each share of our common stock we subsequently issue prior to the expiration of the rights agreement. Under circumstances described below, the rights will entitle the holder of the rights to purchase additional shares of our common stock. In this prospectus, unless the context requires otherwise, all references to our common stock include the accompanying rights.

Currently, the rights are not exercisable and trade with our common stock. If the rights become exercisable, then each full right, unless held by a person or group that beneficially owns more than 15% of our outstanding common stock, will initially entitle the holder to purchase one half of one share of our common stock at a purchase price of \$110.00 per full share, or \$55.00 per half share, subject to adjustment. The rights will become exercisable only if a person or group has acquired, or announced an intention to acquire, 15% or more of our outstanding common stock. Under some circumstances, including the existence of a 15% acquiring party, each holder of a right, other than the acquiring party, will be entitled to purchase at the right's then-current exercise price, shares of our common stock having a market value of two times the exercise price. If another corporation acquires us after a party acquires 15% or more of our common stock, then each holder of a right will be entitled to receive the acquiring corporation's common shares having a market value of two times the exercise price per full share. The rights may be redeemed at a price of \$0.001 until a party acquires 15% or more of our common stock and, after that time, may be exchanged for one share of our common stock per right until a party acquires 50% or more of our common stock. The rights expire on December 11, 2018, subject to extension. Under the rights agreement, our board of directors may reduce the thresholds applicable to the rights from 15% to not less than 10%. The rights do not have voting or dividend rights and, until they become exercisable, have no dilutive effect on our earnings.

DIRECT REGISTRATION

We are a participant in the Direct Registration System (DRS). DRS is a method of recording shares of stock in book-entry form. Book-entry means that your shares are registered in your name without the need for physical certificates and are held separately from any plan shares you may own. Shares held in book-entry have all the traditional rights and privileges as shares held in certificate form. Any future share transactions will be issued to book-entry form rather than physical certificates unless you specify otherwise. With DRS you can:

eliminate the risk and cost of storing certificates in a secure place;

eliminate the cost associated with replacing lost, stolen or destroyed certificates; and

move shares electronically to your broker.

Table of Contents

You may convert any stock certificates you are currently holding into book-entry form. There is no cost to you for this safekeeping service and by doing so you will be relieved of the responsibility for loss or theft of your certificates. To participate in this safekeeping service, you must submit in writing a request to deposit your certificates to your DRS account. Send your written request, along with the common stock certificates you wish to deposit, to the administrator of the plan by registered mail insured for 2% of the then current market value. You should not endorse the certificates or complete the assignment section. See Optional Mail Loss Insurance.

You may choose to have a portion or all of your full book-entry shares delivered directly to your broker. When using your broker to facilitate a share movement, provide your broker with a copy of your DRS account statement.

LEGAL MATTERS

The validity of the shares of common stock offered by this prospectus will be passed upon for us by Jake C. Blavat, Senior Attorney of Alliant Energy Corporation. Mr. Blavat owns shares of common stock of Alliant Energy Corporation and may be a participant in the plan.

PROSPECTUS

November 9, 2011

Table of Contents**PART II****INFORMATION NOT REQUIRED IN PROSPECTUS****Item 14. Other Expenses of Issuance and Distribution.**

| | |
|--|----------|
| Securities and Exchange Commission filing fee ¹ | 11,629 |
| Legal fees and expenses | 20,000 |
| Accounting fees and expenses | 20,000 |
| Printing and mailing expenses | 25,000 |
| Miscellaneous | 5,000 |
| Total expenses | \$81,629 |

(1) \$1,080.70 of the filing fee has been offset pursuant to Rule 457(p) under the Securities Act of 1933. Alliant Energy Corporation (the Registrant) will pay all of the above fees and expenses. Other than the Securities and Exchange Commission filing fee, all fees and expenses are estimated.

Item 15. Indemnification of Directors and Officers.

Pursuant to the provisions of the Wisconsin Business Corporation Law and Article VIII of the Registrant's Bylaws, directors and officers of the Registrant are entitled to mandatory indemnification from the Registrants against certain liabilities (which may include liabilities under the Securities Act of 1933) and expenses (i) to the extent such officers or directors are successful in the defense of a proceeding; and (ii) in proceedings in which the director or officer is not successful in defense thereof, unless it is determined that the director or officer breached or failed to perform his or her duties to the Registrant and such breach or failure constituted: (a) a willful failure to deal fairly with the Registrant or its shareowners in connection with a matter in which the director or officer had a material conflict of interest; (b) a violation of criminal law unless the director or officer had a reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (c) a transaction from which the director or officer derived an improper personal profit; or (d) willful misconduct. Additionally, under the Wisconsin Business Corporation Law, directors of the Registrant are not subject to personal liability to the Registrant, its shareowners or any person asserting rights on behalf thereof, for certain breaches or failures to perform any duty resulting solely from their status as directors, except in circumstances paralleling those outlined in (a) through (d) above.

The indemnification provided by the Wisconsin Business Corporation Law and the Registrant's Bylaws is not exclusive of any other rights to which a director or officer of the Registrant may be entitled. The Registrants also carries directors' and officers' liability insurance.

Item 16. Exhibits and Financial Statement Schedules.

The exhibits listed in the accompanying Exhibit Index are filed or incorporated by reference as part of this Registration Statement.

Item 17. Undertakings.

(a) The undersigned Registrant hereby undertakes:

Edgar Filing: ALLIANT ENERGY CORP - Form S-3ASR

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

II-1

Table of Contents

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (Commission) pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and

 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;
provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

 - (4) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

Table of Contents

- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the Registration Statement shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions set forth or described in Item 15 of this Registration Statement, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Table of Contents**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Madison, State of Wisconsin, on November 9, 2011.
