**PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS**

To Be Held April 27, 2012

This proxy statement is being furnished to shareholders by the Board of Directors (the "Board") of LaCrosse Footwear, Inc. ("LaCrosse" or the "Company") beginning on or about March 23, 2012, in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Friday, April 27, 2012, at 10:00 A.M., Pacific Time, at LaCrosse Footwear, Inc., 17634 NE Airport Way, Portland, Oregon, 97230 and all adjournments or postponements thereof (the "Annual Meeting") for the purposes set forth in the attached Notice of Annual Meeting of Shareholders.

Submission of a proxy given in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Presence at the Annual Meeting of a shareholder who has signed a proxy does not in itself revoke a proxy. Any shareholder giving a proxy may revoke it at any time before it is exercised by giving notice thereof to the Company in writing or in open meeting.

A proxy, in the enclosed form, which is properly executed, duly returned to the Company and not revoked, will be voted in accordance with the instructions contained therein. The shares represented by executed but unmarked proxies will be voted: (i) FOR the two persons nominated for election as directors referred to herein in the attached Notice of Annual Meeting of Shareholders; (ii) FOR the proposal to adopt an advisory resolution approving the compensation of the Company's named executive officers; and (iii) FOR the ratification of the appointment of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

Only holders of record of the Company's common stock at the close of business on February 24, 2012, are entitled to vote at the Annual Meeting. On that date, there were 6,508,562 shares of common stock outstanding and entitled to vote. Holders of shares of common stock are entitled to cast one vote per share on all matters at the Annual Meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of common stock entitled to vote shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes (shares registered in the name of a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter and has not received voting instructions from the beneficial owner with respect to the particular matter) will be counted as shares present for the purpose of determining whether a quorum is present, but will not be counted as votes cast, and therefore will not have any effect on any proposal.

If a quorum is present:

Directors will be elected by a plurality of the votes cast at the Annual Meeting;

The advisory resolution to approve the compensation of the Company's named executive officers will be adopted by the shareholders if the votes cast in favor of such proposal exceed the votes cast against such proposal; and,

The proposal for ratification of the Company's auditors and all other matters that properly come before the meeting will be approved if the votes cast in favor of any such proposal exceed the votes cast against such proposal.

The result of the advisory vote on executive compensation is not binding on the Company or the Board of Directors.

As of March 23, 2012, the Company's Board of Directors (the Board) knows of no other business that will come before the meeting. If any other business shall properly come before the meeting, including any proposal submitted by a shareholder which was omitted from this Proxy Statement in accordance with the applicable provisions of the federal securities laws, your authorized proxies will vote thereon in accordance with their best judgment.

PROPOSAL 1 - ELECTION OF DIRECTORS

The Company's By-Laws provide that the directors shall be divided into three classes, consisting of two directors per class, with staggered terms of three years each. At the Annual Meeting, the shareholders will elect two directors to hold office until the 2015 annual meeting of shareholders or until their successors are duly elected and qualified. The Board has no reason to believe that any of the listed nominees will be unable or unwilling to serve as a director if elected. However, in the event that any nominee is unable to serve or will not serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Directors will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of directors. Votes will be tabulated by an inspector of election appointed by the Board.

The following sets forth certain information, as of February 24, 2012, about the nominees for election to the Board at the Annual Meeting.

Nominees for Election at the Annual Meeting

Terms expiring at the 2012 Annual Meeting

John D. Whitcombe, 56, has served as a director of the Company since March 1998. Mr. Whitcombe has been a partner in the law firm of Greenberg, Whitcombe & Takeuchi, LLP (Torrance, California) since November 1994. From 1992 until November 1994 he was a partner in the law firm of Whitcombe, Makin & Pentis. Mr. Whitcombe is a director and the CEO of Oarsmen Foundation, a director of Providence Medical Institute, and a member of the Board of Councilors for the University of Southern California. Mr. Whitcombe is also a director and Treasurer for both GLS Building Corp. and Schuler Investment Corp.

The Board of Directors determined that Mr. Whitcombe has the requisite experience, qualifications and attributes to be a director of the Company. Mr. Whitcombe displays the highest personal and professional ethics, integrity and values. Additionally, his specific experience with business reorganization, and business and real estate transactional matters, uniquely qualifies him to offer advice and guidance to the Company's management based on that expertise and experience.

William H. Williams, 63, has served as a director of the Company since January 2006. Until February 2010, Mr. Williams served as President and CEO of Harry & David Holdings, Inc., a leading multi-channel specialty retailer and producer of branded premium gift-quality fruit and gourmet food products and gifts. Mr. Williams served as President and CEO of Harry & David for 12 years before being promoted in 2000 to President and COO of Yamanouchi Consumer, Inc. (YCI), the holding company for Harry & David and Shaklee. He was named CEO of YCI in 2002, and in 2004 returned as President and CEO of Harry & David following the sale of Harry & David to Wasserstein & Co. Prior to joining Harry & David, he held several senior executive positions at Neiman Marcus. Mr. Williams has served on the Oregon Economic Development Commission, the Oregon International Trade Commission and the Oregon Board of Higher Education. He has also served on the boards of directors of several corporations and not-for-profit groups.

The Board determined that Mr. Williams has the requisite experience, qualifications and attributes to be a director of the Company. Mr. Williams is highly accomplished in strategic and financial leadership of mid-sized companies, with superior credentials and recognition and broad experience at the administrative and policy-making level in business, as demonstrated through his experience as a Chief Executive Officer. Based on his significant expertise and depth of experience in the consumer goods market, he is able to offer critical insights and guidance to the Company's management. Throughout his career, Mr. Williams has demonstrated the ability to exercise sound business judgment and enhance long-term shareholder value.

THE BOARD RECOMMENDS THE FOREGOING NOMINEES FOR ELECTION AS DIRECTORS AND URGES EACH SHAREHOLDER TO VOTE FOR ALL NOMINEES. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR ALL NOMINEES.

PROPOSAL 2 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is presenting the following proposal, which in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that the Company provide shareholders with the opportunity to vote, on a nonbinding, advisory basis, on a proposal to approve the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. In accordance with its previously disclosed policy of adopting any recommendation of the shareholders regarding the frequency of advisory votes on executive compensation which receives the votes of a majority of the Company's shareholders voting on the proposal, the Board has determined to hold a shareholder advisory vote on executive compensation with an annual frequency.

As described in detail under the heading *Compensation Discussion and Analysis*, the Company seeks to closely align the interests of its named executive officers with the interests of shareholders. Compensation programs are designed to reward the Company's named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding compensation programs which may encourage unnecessary or excessive risk-taking.

While the Board intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on the Company and is advisory in nature. Votes will be tabulated by an inspector of election appointed by the Board.

The Board recommends and requests that the shareholders vote to adopt the following advisory resolution of the shareholders:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE ADVISORY RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO ITEM 402 OF REGULATION S-K, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION. PROXIES WILL BE VOTED FOR APPROVAL OF THE PROPOSAL UNLESS OTHERWISE SPECIFIED.

PROPOSAL 3 - RATIFICATION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

McGladrey & Pullen, LLP audited the Company's financial statements for the fiscal year ended December 31, 2011 and has been appointed to audit the Company's financial statements for the year ending December 31, 2012. While not required, the Board is submitting this appointment for ratification by the shareholders. Representatives of McGladrey & Pullen, LLP are expected to attend the annual meeting, where they are expected to be available to respond to appropriate questions and, if they desire, to make a statement.

Independent Registered Public Accounting Firm's Fees

In connection with the fiscal years ended December 31, 2011 and 2010, McGladrey & Pullen, LLP provided various audit and audit-related services to the Company and billed the Company for these services as follows:

- (a) **Audit Fees.** Fees for audit services totaled \$347,231 and \$348,233 in 2011 and 2010, respectively, including fees for the annual audits and the reviews of the Company's quarterly reports on Form 10-Q and fees related to the audits of internal controls related to section 404(b).
- (b) **Audit-Related Fees.** The Company did not incur fees for audit-related services in 2011, but it did incur \$5,500 of fees for audit related services in 2010.

(c) **Non-audit services.** There were no other services provided by McGladrey & Pullen, LLP not included above, in either 2011 or 2010. The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm on a case-by-case basis. All of the services provided by the independent registered public accounting firm during 2011 and 2010, including services related to the Audit-Related Fees, have been approved by the Audit Committee under its pre-approval process. The Audit Committee has considered whether the provision of services related to the Audit-Related Fees was compatible with maintaining the independence of McGladrey & Pullen, LLP and determined that such services did not adversely affect the independence of McGladrey & Pullen, LLP.

Votes will be tabulated by an inspector of election appointed by the Board.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF MCGLADREY & PULLEN, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2012 FISCAL YEAR AND URGES EACH SHAREHOLDER TO VOTE FOR THE PROPOSED RATIFICATION. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR THE PROPOSED RATIFICATION.

The Board determined that Mr. Loughlin has the requisite experience and expertise to be a director of the Company and has been specifically designated as an "audit committee financial expert" as defined by applicable rules of the Securities and Exchange Commission. Given his experience in the roles of Vice President of Finance and Chief Financial Officer, he understands financial statements and generally accepted accounting principles, is able to assess their application in connection with accounting for estimates, accruals and reserves, has experience preparing, auditing, analyzing and evaluating financial statements that are comparable in scope and complexity to those of the Company. Mr. Loughlin is also familiar with internal controls and financial reporting procedures, and understands audit committee functions.

Independent Directors

Of the six directors currently serving on the Board of Directors, the Board has determined that Messrs. Loughlin, Rosenthal, Smith, Williams and Whitcombe are "independent directors" as defined in the listing standards of the NASDAQ Global Market. The Board has also determined that Messrs. Rosenthal, Loughlin, Smith, Williams and Whitcombe meet the additional independence standards applicable for audit committee members.

Committees

The Board has standing Audit, Compensation, and Nominating and Governance Committees. The Board has adopted, and may amend from time to time, a written charter for each of the Audit, Compensation, and Nominating and Governance Committees. The Company makes available on its corporate website at www.lacrossefootwearinc.com, current copies of each of these charters. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this proxy statement.

Audit Committee. The Audit Committee presently consists of Messrs. Loughlin (Chairman), Rosenthal, Smith, Whitcombe and Williams. The Board has determined that Mr. Loughlin qualifies as an audit committee financial expert, as defined by applicable rules of the Securities and Exchange Commission, and that each member of the Audit Committee is and meets all other applicable qualification requirements applicable to the audit committee members under the applicable Securities and Exchange Commission rules and is independent as defined in the listing standards of the NASDAQ Global Market. The principal functions performed by the Audit Committee are to assist the Board in monitoring the integrity of the Company's financial statements, the qualifications, independence and performance of the Company's independent registered public accounting firm, and the Company's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint, retain, compensate and terminate the Company's independent registered public accounting firm and to approve the compensation paid to the independent registered public accounting firm. The Audit Committee held six meetings in 2011.

Compensation Committee. The Compensation Committee presently consists of Messrs. Smith (Chairman), Loughlin, Whitcombe and Williams. The principal function of the Compensation Committee is to review and recommend to the Board the compensation structure for the Company's executive officers and other managerial personnel, including salary rates and structure of incentive compensation and benefit plans, fringe benefits, and other forms of compensation. The Compensation Committee also administers the Company's 2001 Non-Employee Director Stock Option Plan and the 2007 Long-Term Incentive Plan. The Compensation Committee held nine meetings in 2011.

Nominating and Governance Committee. The Nominating and Governance Committee presently consists of Messrs. Whitcombe (Chairman), Rosenthal, Loughlin, Smith and Williams. The principal functions performed by the Nominating and Governance Committee are to: identify individuals qualified to become directors and recommending to the Board candidates for all directorships to be filled by the Board of Directors or by the shareholders of the Company, identifying directors qualified to serve on the committees established by the Board and recommend to the Board members for each committee to be filled by the Board, and develop and recommend to the Board a set of corporate governance principles applicable to the Company. The Nominating and Governance Committee held four meetings in 2011.

Nominations of Directors

The Nominating and Governance Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Nominating and Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee.

In identifying and evaluating nominees for director, the Nominating and Governance Committee seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who have broad and diverse backgrounds and possess expertise in areas that are of importance to the Company. The Nominating and Governance Committee evaluates each nominee on a case-by-case basis regardless of the source of a prospective nominee's recommendation. In assessing the qualifications of each candidate to determine if his or her election would further the goals described above, the Nominating and Governance Committee takes into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. The Nominating and Governance Committee does not have a specific policy with regard to the consideration of diversity, but rather considers diversity to be one of the many factors to evaluate in assessing a nominee. However, the Board believes that, to be recommended as a director nominee, each candidate must:

display the highest personal and professional ethics, integrity and values;

have the ability to exercise sound business judgment;

be highly accomplished in his or her respective field, with superior credentials and recognition and broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest;

have relevant expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience;

be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

The Board also believes at least one director should have the requisite experience and expertise to be designated as an audit committee financial expert as defined by applicable rules of the Securities and Exchange Commission.

Communications with the Board of Directors

Shareholders may communicate with the Board by writing to the Company's Secretary at LaCrosse Footwear, Inc., c/o the Board of Directors (or, at the shareholder's option, c/o a specific director), 17634 NE Airport Way, Portland, Oregon 97230. The Secretary will ensure that this communication (assuming it is properly marked c/o the Board or c/o a specific director) is delivered to the Board of Directors or the specified director, as the case may be.

Role in Risk Oversight

The Board provides important oversight to the Company with regards to risk management, and is aware of and helps to establish and evaluate directives and protocols used by the Company to mitigate risk. The role of risk oversight has been specifically identified as being within the scope of the Audit Committee and is incorporated into their committee charter. However, the full Board takes an active role in providing guidance to executive management. The Board discusses with senior management the state of the Company's risk management process and provides oversight as needed. While it is not the role of the Board to directly manage and specifically address each of the risks the Company faces, the Board ensures it is apprised of the most significant risks, along with actions management is taking and how it is ensuring effective risk management. The Board seeks input from the Company's external auditors and legal counsel in determining appropriate recommendations and guidance to provide to management.

Meeting and Attendance

The Board held eleven meetings in 2011. No director attended fewer than seventy-five percent (75%) of the meetings.

Directors are expected to attend the Company's annual meeting of shareholders each year. All of the current directors serving on the Board at the time of the Company's 2011 annual meeting of shareholders attended that meeting.

Director Compensation

Directors who are executive officers of the Company receive no compensation for service as members of either the Board or any committees thereof. Each director who is not an executive officer of the Company receives an annual retainer of \$30,000. Additionally, directors receive an annual fee of \$8,000 for each committee on which the director serves. Additionally, annual fees of \$60,000, \$10,000, \$7,000 and \$5,000 are paid in consideration of services as Chair of the Board, Audit Committee, Compensation Committee and Nominating and Governance Committee, respectively.

Each director also receives an annual allowance of \$1,000 to purchase Company merchandise.

Family Relationships

No family relationships exist between any of our directors or executive officers of our Company, except that Mr. Cohen, executive officer, and Mr. Schneider, President, Chief Executive Officer and director, are brothers-in-law.

The following is a table of total compensation earned by each director who was not an executive officer of the Company during 2011.

(all values expressed in dollars)

Name	Fees Earned or Paid in Cash	Option Awards (1)	Total
Richard A. Rosenthal	\$ 106,000	\$ 27,900	\$ 133,900
Stephen F. Loughlin	64,000	27,900	91,900
Charles W. Smith	61,000	27,900	88,900
John D. Whitcombe	55,000	27,900	82,900
William H. Williams	54,000	27,900	81,900

- (1) The Option Awards in the table above are reported on the basis of the aggregate grant date fair value for such awards granted during 2011. The fair value of options granted was determined using the Black Scholes method, which requires several significant judgmental assumptions. Please refer to footnote 7, "Stock Options" to the consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, for information regarding the assumptions used to determine the fair value of options granted. On January 3, 2011 each director was granted an option to purchase 5,000 shares of the Company's common stock at an exercise price of \$16.73 per share. Such options had a fair value of \$5.58 on January 3, 2011. At December 31, 2011, non-executive members of the Board held outstanding options for the following aggregate number of shares: Stephen F. Loughlin, 36,800 shares; Richard A. Rosenthal, 35,000 shares; Charles W. Smith, 35,000 shares; John D. Whitcombe, 35,000 shares; William H. Williams, 30,000 shares.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of five directors, each of whom is independent as defined in Rule 4200(a) (15) of the listing standards of the NASDAQ Global Market. The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls.

The Company's management is responsible for the Company's internal controls over financial reporting and the financial reporting process, including the system of internal controls. COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we will provide an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading Executive Compensation, we have included a series of tables containing specific information about the compensation earned or paid in 2011 to the individuals named in the Summary Compensation Table, whom we refer to as our named executive officers.

The discussion below is intended to enhance the understanding of the detailed information provided in those tables and put that information into context within our overall compensation program.

Compensation Philosophy and Objectives

We have a Compensation Committee composed of the independent members of our Board of Directors. The Compensation Committee is charged with responsibility to oversee the Company's compensation policies and programs, including developing compensation programs, providing oversight of the implementation of the policies and benefit plans, and specifically addressing the compensation of the Company's executive officers. The Compensation Committee views compensation as a key factor in our ability to execute our corporate strategy.

Our corporate strategy is to: (i) build and capitalize on the strength of our established footwear brands, (ii) develop innovative products and relevant technologies that will differentiate our footwear products from our competitors; (iii) offer superior customer service; and (iv) expand and enhance our network of sales channels and customer base. In order to achieve these strategic goals, we must recruit, motivate and retain the best talent possible and those employees must work as a cohesive team with common goals.

Our compensation philosophy is based on a foundation of pay-for-performance. Our compensation programs, when taken in total, are intended to:

Attract highly talented employees;

Motivate employees to high levels of individual and company performance;

Retain key human resources; and

Link employee compensation to the creation of shareholder value.

We have built a compensation program that we believe incorporates pay-for-performance elements at the individual and corporate level and which ties compensation incentives to the Company's profitable growth objectives. Because we expect profitable growth to enhance shareholder value, we believe our compensation program ties our employees' and executives' incentives to the best interests of our shareholders.

Our compensation program has three distinct components that apply to each of our executive and non-union employees. These three components are:

Base pay;

Annual incentive compensation; and

Equity compensation in the form of non-qualified stock options.

Elements of our Compensation Program

Base Pay. We view base pay as compensation for the core competencies each employee brings to the Company. We use market data to establish competitive base pay for each of our employees. The source of market data includes Salary.com CompAnalyst. This survey allows us to benchmark against national, regional and local data for non-durable goods manufacturing companies with revenues between \$50M-\$200M. We also review proxy statements for competitive pay data of local (Portland, Oregon) companies of similar size to our Company. We believe we compete for talent nationally within the non-durable goods category generally, and more specifically within the footwear industry and with local companies. These data sets enable us to compare peer salary data that is targeted by industry and geography. We continually monitor relevant industry data to ensure our competitive position. We strive to set our total compensation package at approximately 100% of the relevant market average; however, each compensation decision is made based on, and can be significantly impacted by, the experience and performance of the individual employee.

Every employee is reviewed annually for performance and, if appropriate, receives a merit pay increase consistent with an individual performance rating based on pre-established criteria and relevant market data. A merit pay matrix is created wherein each employee is rated on an approved scale based on individual performance and position in pay range as a guide to set annual merit pay increases. In addition to upward adjustments of base pay based upon individual performance reviews, we may make adjustments to an individual's base pay if it is determined that such individual's base pay is below target market rates.

Base pay increases for all employees, including our named executive officers, are typically effective on or about March 1st of each year. For 2011, our named executive officers received base pay increases including merit and market adjustments ranging from 3.3% to 11.1% over their 2010 base pay. The Compensation Committee does not anticipate increasing the base pay levels for named executive officers relative to their 2011 base pay.

Annual Incentive Compensation. We view our annual incentive compensation program as a means by which to link our employees' cash compensation with a group of performance targets, the achievement of which we expect will enhance the Company's shareholder value.

All executive officers, as well as all non-union employees, are eligible to receive incentive compensation equal to a predetermined percentage of their base pay, which we refer to as target incentive compensation. The amount of target incentive compensation is based on the individual's past and potential impact on the Company's results, as well as market competitive data for similar positions. During 2011, target incentive compensation for our named executive officers was set as a percentage of each such officer's base pay as follows: (i) Mr. Schneider, 100%; (ii) Mr. Carlson, 70%; (iii) Mr. Vonhoff, 50%; (iv) Mr. Layton, 35% and (v) Mr. Cohen 40%. The individual's base pay, plus his target incentive compensation is the total target cash compensation for the year.

The percentage of target incentive compensation our employees ultimately receive is determined by the Company's performance relative to annual performance targets set by the Compensation Committee at the beginning of each year. In 2011, as in prior years, the Compensation Committee set annual performance targets for net sales and operating profit. The Company's targets are set based on several factors, including benchmarks for sales growth and profits and the Company's past and anticipated future performance.

We believe the annual incentive compensation program drives performance by targeting incentives focused on the financial measures that we consider to be the primary driver of long-term shareholder valuation, which is profitable sales growth. The selected financial metrics for 2012 are sales growth (50%) and pre-tax profit (50%).

The level of incentive compensation paid is determined using a weighted average of the Company's performance against these targets. Incentive compensation will pay out at 100% of target if the Company achieves 100% of the target for the two measured factors. Performance below the targets will yield incentive compensation below target. Performance above the targets will yield incentive compensation payment above target. All 2012 contract military sales not in backlog as of December 31, 2011 will be excluded from the sales and pre-tax profit calculations for incentive compensation purposes. For eligible 2012 contract military sales, 15% of the gross margin dollars from such sales will be included in a separate incentive compensation payout pool and paid to individuals on a pro-rata basis based on incentive compensation payouts from the primary plan, subject to the limitation that we do not pay any incentive compensation if our pre-tax profit falls below 75% of the target under either the incentive compensation plan or the contract military component. The ultimate payout of incentive compensation is based entirely upon the above metrics; however, the Board retains discretion to increase or decrease an award. Participants must be actively employed and in good standing in terms of performance as of the date of payout to be eligible for the incentive compensation payment.

No payments were made under the incentive compensation plan for 2011 because the actual results for the year were below the minimum threshold for both net sales and operating profit. Our historical weighted average achievements are as follows:

Year	Weighted Average Achievement %
2010	114%
2009	96%
2008	89%
2007	100%
2006	111%

Equity Compensation – Stock Options. We believe that to effectively build long-term value in the Company, the interests of all our employees must be aligned with the interests of our shareholders. To this end, all of our non-union employees are eligible for annual non-qualified stock option awards. Typically, substantially all eligible employees receive annual stock option awards.

We grant stock option awards on the first business day of each year. We have historically used this date as the grant date and plan to continue to do so. On January 3, 2011, non-qualified stock options to purchase an aggregate of 146,650 shares were granted to 180 employees at an exercise price per share of \$16.73. On January 3, 2012, non-qualified stock options to purchase an aggregate of 145,550 shares were granted to 160 employees at an exercise price per share of \$12.80. In addition to annual grants of stock options, employees may receive additional options in connection with significant promotions. Certain new hires may also receive stock option grants on their hire date. Information regarding the number of options granted to our named executive officers in 2011 is contained in the table labeled “Grants of Plan Based Awards” under the heading “Executive Compensation.”

The number of stock options reserved for grant during a particular year is determined by the Compensation Committee. In making such determination, the Compensation Committee seeks to accomplish the stated goal of aligning our employees’ incentives with the interests of our shareholders, while also seeking to ensure that no significant dilution of our outstanding common stock occurs. The Compensation Committee has historically reserved for annual grants of options a number of shares equal to approximately 2% of our issued and outstanding common stock. Individual stock option grants are recommended to the Compensation Committee by management and are based on such individual’s potential and historical impact on our financial results. Such impact is measured primarily through salary grades and subjective indicators of job scope and past performance. Individuals in higher pay grades with top performance will receive larger grants than employees in lower pay grades with lower performance.

Our Chief Executive Officer receives the largest grant (typically 15-20% of available budgeted options) and the grant sizes decrease down through the organization. We also assess the value of stock options granted to executives relative to market data. Typically our stock option grants to individual executives are modest in comparison to our competitors and the market due to our policy of granting options to non-union employees at all levels of the Company. As the employee population grows, we expect that the average size of individual grants will decrease.

The 2007 Long-Term Incentive Plan contains a change of control provision pursuant to which all stock options granted pursuant to the 2007 Long-Term Incentive Plan would become immediately exercisable, without regard to contingent vesting provision, upon a change of control event as defined in the plan.

Perquisites and Other Benefits. The Committee has determined that at this time we do not need to offer our executives and employees deferred compensation plans or executive perquisites beyond minimal perquisites. Currently, we do not have any stock or equity arrangements other than non-qualified stock options, and we have not offered our employees supplemental retirement plans. Executive officers receive standard benefits consistent with other employees for health, dental and life insurance, and employer matching contributions to employee retirement savings plans.

Role of Executive Officers and Others in Determining Compensation

Our senior management team, specifically the Chief Executive Officer, Chief Financial Officer, Vice President of Finance and Vice President of Administration, evaluate competitive market data and recommend compensation plans to the Compensation Committee that are consistent with our stated compensation philosophy. The Compensation Committee has delegated to these members of senior management responsibility for granting new hire stock options to non-executives, within the limits set by the Compensation Committee.

The Compensation Committee may engage third party compensation consultants, however no such consultants were engaged during 2011.

Risk Management Assessment

In setting the Company's compensation policies and practices, including the compensation of the named executive officers, the Compensation Committee considers the risks to the Company's shareholders and the achievement of the Company's goals that may be inherent in such policies and practices. Although a significant portion of our executives' compensation is performance-based and at-risk, the Compensation Committee believes the compensation policies and practices that the Company has adopted are appropriately structured and are not reasonably likely to materially adversely affect the Company. In particular:

The Company believes that incentive programs tied to the achievement of the Company's strategic objectives, financial performance goals and specific individual goals appropriately focus executives, including the named executive officers, and other employees on increasing shareholder value.

A portion of variable compensation is delivered in equity (stock options) with multi-year vesting. The Company believes that equity compensation helps reduce compensation risk by balancing financial and strategic goals against other factors management may consider to ensure long-term shareholder value is being sought.

Impact of Accounting and Tax Treatment of Compensation

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost with the benefit and value to the executive.

With regard to Section 162(m) of the Internal Revenue Code of 1986, as amended, it is the Compensation Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent.

Our 1993, 1997 and 2001 stock incentive plans limited the granting of equity-based incentives to the form of stock options only. Stock options have historically received favorable accounting and tax treatment. However, beginning in 2006, the accounting treatment for stock options changed as a result of FASB Accounting Standards Codification Topic 718 Compensation - Stock Compensation, making the accounting treatment of stock options less attractive. As a result of this change, the 2007 Long-Term Incentive Plan, which was adopted by the Board of Directors on March 12, 2007 and approved by our shareholders at our 2007 Annual Meeting of Shareholders, permits alternative forms of equity-based incentives.

Also included for each named executive is a discretionary profit sharing contribution under the Company's 401(k) Plan. The Company match and the discretionary profit sharing contribution are calculated using a maximum of \$245,000 of earnings for each of the years presented.

Pension Benefits

The Company has a defined benefit pension plan covering eligible past employees and less than 1% of its current employees. Eligible participants are entitled to monthly pension benefits beginning at normal retirement age of sixty-five (65). The monthly benefit payable at normal retirement date under the plan is equal to a specified dollar amount or percentage of average monthly compensation, as defined in the plan, multiplied by years of benefit service (maximum of 38 years). The Company's funding policy is to make not less than the minimum contribution required by applicable regulations, plus such amounts as the Company may determine to be appropriate from time to time.

The following table shows the years of credited service and present value of accumulated benefits for the named executive officer who is a participant in the Salaried Plan:

Name	Plan Name	Years of Credited Service (1)	Present Value of Accumulated Benefit (2)	Payments During Last Fiscal Year
Joseph P. Schneider	Salaried Plan	10.6	\$ 31,678	\$

- (1) The Company froze the Salaried Plan, effective August 30, 2002, such that participants will not accrue any additional benefits regardless of any increases in their compensation or completion of additional years of credited service after such date. Participants are fully vested in their accrued benefits under the Salaried Plan as of August 30, 2002, which are based upon their then average monthly compensation and years of credited service.
- (2) Please refer to footnote 8, Compensation and Benefit Agreements to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, for the assumptions used in determining the present value of accumulated benefit included in the table above.

Severance and Change of Control Agreements

The Company does not have any severance or change in control agreements with any of its executive officers. See Anti-Dilution and Corporate Events section in the Summary of the Company's 2007 Long-Term Incentive Plan for events triggering immediate rights to exercise all stock options granted under this plan.

Transactions with Related Persons

The Company's Board recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a related person transaction policy, which shall be followed in connection with all related person transactions. Specifically, this policy addresses our procedures for the review, approval and ratification of all related person transactions.

The Board has determined that the Audit Committee, which is comprised entirely of independent directors, is best suited to review and approve related person transactions. Accordingly, any related person transactions recommended by management shall be presented to the Audit Committee for approval at a regularly scheduled meeting of the Audit Committee. Any transaction with a related person (as such terms are defined in Item 404 of Regulation S-K) shall be consummated or shall continue only if the Audit Committee approves the transaction, the disinterested members of the Board approve the transaction, or the transaction involves compensation approved by the Company's Compensation Committee.

No material transactions occurred with related persons in 2010 or 2011.

Board Leadership Structure

We separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two positions. Mr. Rosenthal acts as the Chairman, oversees the Company broadly, leads the meetings of our Board, and provides guidance to the Company's management. Mr. Schneider serves on the Board, but as our Chief Executive Officer is also charged with oversight of the day-to-day operations of the business. We believe that consistency between day-to-day operations of the Company and the overall management is reached through Mr. Schneider's service as the Chief Executive Officer and a director, but the separation of the Chairman and Chief Executive Officer roles is important to achieve a balance of oversight that is favorable to the Company and our shareholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports concerning their ownership of Company equity securities with the Securities and Exchange Commission and the Company. Based solely on a review of copies of such forms furnished to us and written representations from executive officers, directors and 10% shareholders, we believe that all Section 16(a) filing requirements during 2011 were met.
