**Item 1.01 Entry into a Material Definitive Agreement.**

As previously announced, on April 25, 2012, Inergy, L.P. (the Inergy ), Inergy GP, LLC and Inergy Sales & Service, Inc. entered into a Contribution Agreement (the Contribution Agreement ) with Suburban Propane Partners, L.P. ( Suburban ). Pursuant to the Contribution Agreement, Inergy has agreed to contribute its retail propane business to Suburban in exchange for consideration of approximately \$1.8 billion (the Purchase Price ).

Pursuant to the Contribution Agreement, Suburban will issue up to \$1.0 billion principal amount of newly issued Suburban senior notes, and pay up to \$200.0 million of cash, in connection with exchange offers for up to \$1.2 billion of the 7.0% Senior Notes due 2018 (the 2018 Notes ) issued by Inergy and Inergy Finance Corp. ( Inergy Finance ) and the 6.875% Senior Notes due 2021 (the 2021 Notes ) issued by Inergy and Inergy Finance (the Exchange Offers ).

In connection with the Exchange Offers, Suburban and Suburban Finance sought consents (the Consent Solicitations ) to approve proposed amendments to the indenture pursuant to which the 2018 Notes were issued (the 2018 Notes Indenture ) and the indenture pursuant to which the 2021 Notes were issued (the 2021 Notes Indenture ). Once operative, the proposed amendments will, among other things, (i) delete in their entirety substantially all the restrictive covenants, (ii) modify the covenants regarding mergers and consolidations and (iii) eliminate certain events of default contained in the 2018 Notes Indenture and the 2021 Notes Indenture.

As previously announced, as of 5:00 p.m. New York City time, on July 12, 2012, the consent date for the Consent Solicitations, Suburban had received tenders and consents from (i) approximately 96.75% of the \$600 million in aggregate principal amount of the 2018 Notes and (ii) approximately 88.75% of the \$600 million in aggregate principal amount of the 2021 Notes. As a result, the minimum condition for the Exchange Offers has been satisfied and the requisite consents to approve the proposed amendments to the 2018 Notes Indenture and 2021 Notes Indenture have been received. The Exchange Offers remain subject to certain other conditions including the consummation of the acquisition contemplated by the Contribution Agreement. The Exchange Offers are scheduled to expire at 11:59 p.m., New York City time, on July 26, 2012 (the Expiration Date ), unless extended by Suburban in its sole discretion. Subject to the terms and conditions of the Exchange Offers, the settlement date for the Exchange Offers will occur promptly on or after the Expiration Date.

***Forward Looking Statements***

Information contained in this Current Report on Form 8-K may include certain statements concerning expectations for the future that are forward-looking statements as defined by federal securities law. Such forward-looking statements may include statements preceded by, followed by or that contain forward-looking terminology, including the words believe, expect, may, should, could, anticipate, estimate, intend, negation thereof, or similar expressions. Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors that are difficult to predict and many of which are beyond management's control. Among those is the risk that the conditions to closing the Contribution Agreement are not met or that the anticipated benefits from the proposed transactions contemplated by the Contribution Agreement cannot be fully realized. Should one or more of these risks or uncertainties materialize or any underlying assumption proves incorrect, actual results may vary materially from those anticipated, estimated or projected. Among the key factors that could cause actual results to differ materially from those referred to in the forward-looking statements are: weather conditions that vary significantly from historically normal conditions; the general level of petroleum product demand and the availability of propane supplies; the price of propane to the consumer compared to the price of alternative and competing fuels; the demand for high deliverability natural gas storage capacity in the Northeast; Inergy's ability to successfully implement its business plan; the outcome of rate decisions levied by the Federal Energy Regulatory Commission; Inergy's ability to generate available cash for distribution to unitholders; and the costs and effects of legal, regulatory and administrative proceedings against, or that may be brought against, Inergy or its subsidiaries. These and other risks and assumptions are described in Inergy's annual reports on Form 10-K and other reports that are available from the United States Securities and Exchange Commission. Readers are cautioned not to place undue reliance on forward-looking statements, which reflect management's view only as of the date made. Inergy undertakes no obligation to update any forward-looking statement, except as otherwise required by law.
