- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 1.01. Entry into a Material Definitive Agreement.**

On September 27, 2012, Atmos Energy Corporation (the Company) entered into a \$260 million Term Loan Credit Agreement (the credit facility) with JPMorgan Chase Bank, N.A., as Administrative Agent, U.S. Bank National Association, as Syndication Agent and The Bank of Tokyo-Mitsubishi UFJ, Ltd., as Documentation Agent, with the same banks participating as lenders. The credit facility will be used primarily to pay down commercial paper sold in August 2012 to fund the early redemption of \$250 million of senior notes originally maturing on January 15, 2013.

The Company has elected to borrow the entire \$260 million on a one-month LIBOR based rate, which is currently 0.22% per annum. Based on the Company's credit rating, a margin of 0.875% per annum will be added to the LIBOR based rate, for an effective total interest rate of 1.095% per annum.

The credit facility will expire on February 1, 2013, at which time all outstanding amounts under the credit facility will be due and payable. The credit facility contains usual and customary covenants for transactions of this type, including covenants limiting liens, substantial asset sales and mergers. In addition, the credit facility provides that during the term of the facility, the Company's debt to capitalization ratio as of the last day of each of its fiscal quarters shall be less than or equal to 0.70 to 1.00, excluding from the calculation of debt: (i) any pension and other post-retirement benefits liability adjustments recorded in accordance with generally accepted accounting principles; and (ii) an amount of hybrid securities, as defined in the credit facility (generally, deferrable interest subordinated debt with a maturity of at least 20 years), not to exceed a total of 15% of total capitalization.

In the event of a default by the Company under the credit facility, including cross-defaults relating to specified other indebtedness of the Company, JPMorgan Chase may, upon the consent of a certain minimum number of lenders, and shall, upon the request and direction of such lenders, declare the amount outstanding, including all accrued interest and unpaid fees, payable immediately, and enforce any and all rights and interests created and existing under the credit facility documents, including, without limitation, all rights of set-off and all other rights available under the law.

With respect to the other parties to the credit facility, all of whom are parties to a credit facility already in place with the Company, the Company also has or may have had customary banking relationships based on the provision of a variety of financial services, including pension fund, cash management, investment banking, and equipment financing and leasing services, none of which are material individually or in the aggregate with respect to any individual party. A copy of the credit facility is filed as Exhibit 10.1 and is incorporated herein by reference. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the credit facility.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information described in Item 1.01 above is hereby incorporated herein by reference.

**Item 9.01. Financial Statements and Exhibits.**
