Portfolio Abbreviations

To simplify the listings of portfolio holdings in the Schedule of Investments, the names and descriptions of many of the securities have been abbreviated according to the following list:

The paying agent will promptly send to each holder of notes properly tendered and not validly withdrawn the purchase price for such notes, and the trustee will promptly authenticate and send (or mail in the case of the Euro notes) (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any notes surrendered; provided that each new note will be, (a) in the case of the Dollar notes, in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof or (b) in the case of the Euro notes, in a principal amount of £100,000 or an integral multiple of £1,000 in excess thereof.

We will not be required to make an offer to repurchase the notes upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer.

Table of Contents

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

"Below Investment Grade Rating Event" means the notes are rated below an Investment Grade Rating by each of the Rating Agencies on any date from the earlier of (1) the occurrence of a Change of Control or (2) public notice of our intention to effect a Change of Control, in each case until the end of the 60-day period following the earlier of (1) the occurrence of a Change of Control or (2) public notice of our intention to effect a Change of Control; *provided*, *however*, that if during such 60-day period one or more Rating Agencies has publicly announced that it is considering a possible downgrade of the notes, then such 60-day period shall be extended for such time as the rating of the notes by any such Rating Agency remains under publicly announced consideration for possible downgrade. Notwithstanding the foregoing, a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at our or its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has occurred at the time of the Below Investment Grade Rating Event).

"beneficial owner" will be determined in accordance with Rule 13d-3 under the Securities Exchange Act, as in effect on the date of the indentures.

"beneficially own" and "beneficially owned" have meanings correlative to that of beneficial owner.

"Change of Control" means the occurrence of any of the following: (1) any "person" or "group" (other than the "permitted parties") is or becomes (by way of merger or consolidation or otherwise) the "beneficial owner," directly or indirectly, of shares of our Voting Stock representing 50% or more of the total voting power of all outstanding classes of our Voting Stock or has the power, directly or indirectly, to elect a majority of the members of our board of directors; (2) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties and assets of us and our Subsidiaries, taken as a whole, to any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) other than to (i) us or one of our Subsidiaries, or (ii) one or more permitted parties; or (3) the holders of our capital stock approve any plan or proposal for the liquidation or dissolution of the Company (whether or not otherwise in compliance with the indenture). Notwithstanding the foregoing, (a) a transaction will not be deemed to involve a Change of Control if (i) the Company becomes a direct or indirect wholly owned subsidiary of a holding company and (ii)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of the Company's voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company, and (b) the right to acquire Voting Stock (so long as such person does not have the right to direct the voting of the Voting Stock subject to such right) or any veto power in connection with the acquisition or disposition of Voting Stock will not cause a party to be a "beneficial own

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"Control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a Person, whether through the ability to exercise voting power, by contract or otherwise. "Controlling" and "Controlled" have meanings correlative thereto.

Table of Contents

"Investment Grade Rating" means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB (or the equivalent) by S&P.

"Moody's" means Moody's Investors Service, Inc., and its successors.

"person" or "group" have the meanings given to them for purposes of Sections 13(d) and 14(d) of the Exchange Act as in effect on the issue date of the notes (but excluding any employee benefit plan of such person or its subsidiaries, and any person or entity acting in its capacity as trustee, agent or other fiduciary or administrator of any such plan, and any permitted party shall be excluded when determining the members of such "group"), and the term "group" includes any group acting for the purpose of acquiring, holding or disposing of securities within the meaning of Rule 13d-5(b)(1) under the Exchange Act as in effect on the issue date of the notes.

"permitted party" means (a) (i) the Adolph Coors, Jr. Trust, (ii) any trustee of such Trust acting in its capacity as such, (iii) any Person that is a beneficiary of such trust on the date hereof, (iv) any other trust or similar arrangement for the benefit of such beneficiaries, (v) the successors of any such Persons, (vi) any Persons Controlled by such Persons, (vii) Peter H. Coors and Marilyn E. Coors, their estates, their lineal descendants and any other trust for the benefit of such Persons and (viii) any Person who any of the foregoing have voting control over the Voting Stock of the Company held by such Person; and (b) (i) Pentland Securities (1981) Inc., a Canadian corporation, (ii) Lincolnshire Holdings Inc., (iii) Nooya Investments Inc., (iv) Eric Molson and Stephen Molson, their spouses, their estates, their lineal descendants and any trusts for the benefit of such Persons (including, as to any common stock of the Company held by it for the benefit of such Persons, the trust established under the Voting and Exchange Trust Agreement (as defined in the Combination Agreement dated as of July 21, 2004 between the Company and Molson), (v) the successors of any such Persons, (vi) any Persons Controlled by such Persons, and (vii) any Person who any of the foregoing have voting control over the Voting Stock of the Company held by such Person.

"Rating Agencies" means (1) each of Moody's and S&P; and (2) if any of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our board of directors) as a replacement agency for Moody's or S&P, or both, as the case may be.

"S&P" means S&P Global Ratings, a division of S&P Global Inc., and its successors.

The term "all or substantially all" as used in the definition of Change of Control will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. There may be a degree of uncertainty in interpreting this phrase. As a result, we cannot assure you how a court would interpret this phrase under applicable law if you elect to exercise your rights following the occurrence of a transaction which you believe constitutes a transfer of "all or substantially all" of our assets.

In calculating the amount of Voting Stock owned by a person or group the Voting Stock "beneficially owned" by any permitted party shall not be included.

Certain Restrictions

The following restrictions will apply to the notes:

Restrictions on Secured Debt

If the Company or any Restricted Subsidiary shall incur, issue, assume or enter into a guarantee (an "Incurrence") of any Debt, which Incurrence is secured by a mortgage, pledge or lien ("Mortgage," provided, however, that in no event shall an operating lease be deemed to constitute a Mortgage) on

Table of Contents

any Principal Property of the Company or any Subsidiary, or on any Capital Stock of any Restricted Subsidiary, the Company will, or will cause such Subsidiary or Restricted Subsidiary to, secure the notes equally and ratably (for the avoidance of doubt on such Capital Stock on Principal Property) with (or, prior to) such secured Debt, for so long as such Debt is so secured, unless the aggregate amount of all such secured Debt (for the avoidance of doubt, to the extent such debt is secured by a Mortgage on any Principal Property), when taken together with all Attributable Debt with respect to sale and leaseback transactions involving Principal Properties of the Company or any Subsidiary (with the exception of such transactions which are excluded as described in the next paragraph and in the second paragraph in "Restrictions on Sales and Leasebacks" below), would not, at the time of such incurrence or guarantee, exceed 15% of Consolidated Net Tangible Assets, as determined based on the most recent available consolidated balance sheet of the Company.

The above restriction will not apply to Debt secured by:

- (1) Mortgages existing on any property prior to the acquisition thereof by the Company or a Restricted Subsidiary or existing on any property of any corporation or other entity that becomes a Subsidiary after the date of the indentures prior to the time such corporation becomes a Subsidiary or securing indebtedness that is used to pay the cost of acquisition of such property or to reimburse the Company or a Restricted Subsidiary for that cost; provided, however, that such Mortgage shall not apply to any other property of the Company or a Restricted Subsidiary other than improvements and accessions to the property to which it originally applies;
- (2) Mortgages to secure the cost of development or construction of such property, or improvements of such property; provided, however, that such Mortgages shall not apply to any other property of the Company or any Restricted Subsidiary;
- (3) Mortgages in favor of a governmental entity or in favor of the holders of securities issued by any such entity, pursuant to any contract or statute (including Mortgages to secure debt of the pollution control or industrial revenue bond type) or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Mortgages;
 - (4) Mortgages securing indebtedness owing to the Company or a Guarantor;
 - (5) Mortgages existing on the first date the notes are originally issued;
- (6) Mortgages required in connection with governmental programs which provide financial or tax benefits, as long as substantially all of the obligations secured are in lieu of or reduce an obligation that would have been secured by a lien permitted under the indentures;
- (7) extensions, renewals or replacements of the Mortgages referred to in this paragraph (other than Mortgages described in clauses (2) and (4) above) so long as the principal amount of the secured Debt is not increased (except by an amount not to exceed the fees and expenses, including any premium and defeasance costs incurred with such extension, renewal or replacement) and the extension, renewal or replacement is limited to all or part of the same property secured (and for the avoidance of doubt could have been secured) by the Mortgage so extended, renewed or replaced; or
- (8) Mortgages in connection with sale and leaseback transactions described in the second paragraph in " Restrictions on Sales and Leasebacks" below.

For the avoidance of doubt, the accrual of interest, accretion or amortization of original issue discount or accreted value, the accretion of dividends, and the payment of interest on Debt in the form of additional Debt will not be deemed to be an incurrence, issuance, assumption or guarantee of Debt.

Restrictions on Sales and Leasebacks

Neither the Company nor any Restricted Subsidiary may enter into any sale and leaseback transaction involving any Principal Property, unless the aggregate amount of all Attributable Debt with respect to such transactions, when taken together with all secured Debt permitted under the first paragraph in "Restrictions on Secured Debt" above (and not excluded in the second paragraph thereof) would not, at the time such transaction is entered into, exceed 15% of Consolidated Net Tangible Assets, as determined based on the most recent available consolidated balance sheet of the Company.

The above restriction will not apply to, and there will be excluded from Attributable Debt in any computation under this restriction, any sale and leaseback transaction if:

- (1) the transaction is between or among two or more of the Company and the Guarantors;
- (2) the lease is for a period, including renewal rights, of not in excess of three years;
- (3) the transaction is with a governmental authority that provides financial or tax benefits;
- (4) the net proceeds of the sale are at least equal to the fair market value of the property and, within 180 days of the transfer, the Company or the Guarantors repay Funded Debt owed by them or make expenditures for the expansion, construction or acquisition of a Principal Property at least equal to the net proceeds of the sale; or
- (5) such sale and leaseback transaction is entered into within 180 days after the acquisition or construction, in whole but not in part, of such Principal Property.

SEC Reports

The indentures provide that any documents or reports that we are required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act must be filed by us with the trustee within 15 days after the same are required to be filed with the SEC (giving effect to any grace period provided by Rule 12b-25 under the Exchange Act). Documents filed by us with the SEC via the EDGAR system (or any successor thereto) will be deemed to be filed with the trustee as of the time such documents are filed via EDGAR.

Certain Definitions

"Attributable Debt" means, as to any particular lease under which any Person is at the time liable and at any date as of which the amount of such liability is to be determined, the total net amount of rent required to be paid by such Person under such lease during the remaining primary term thereof, discounted from the respective due dates thereof to such date at the actual percentage rate inherent in such arrangements as determined in good faith by the Company. The net amount of rent required to be paid under any such lease for any such period shall be the aggregate amount payable by the lessee with respect to such period after excluding amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments and similar charges. In the case of any lease which is terminable by the lessee upon the payment of a penalty, such net amount shall also include the amount of such penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be terminated.

"Capital Stock" of any Person means any and all shares, interests, rights to purchase, warrants, options, participations, units or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

"Consolidated Net Tangible Assets" means the consolidated total assets of the Company, including its consolidated subsidiaries, after deducting current liabilities (except for those which are Funded Debt

Table of Contents

or the current maturities of Funded Debt) and goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other intangible assets. Deferred income taxes, deferred investment tax credit or other similar items, as calculated in accordance with GAAP, will not be considered as a liability or as a deduction from or adjustment to total assets.

"Debt" means with respect to any Person:

- (1) indebtedness for money borrowed of such Person, whether outstanding on the date of the indenture or thereafter incurred; and
- (2) indebtedness evidenced by notes, debentures, bonds or other similar instruments for the payment of which such Person is responsible or liable.

The amount of indebtedness of any Person at any date shall be the outstanding balance at such date of all unconditional obligations as described above and the amount of any contingent obligation at such date that would be classified as indebtedness in accordance with GAAP; provided, however, that (i) in the case of indebtedness sold at a discount, the amount of such indebtedness at any time will be the accreted value thereof at such time and (ii) otherwise the amount of such indebtedness will be the principal amount of such indebtedness.

"Funded Debt" of any Person means (a) all Debt of such Person having a maturity of more than 12 months from the date as of which the determination is made or having a maturity of 12 months or less but by its terms being renewable or extendable beyond 12 months from such date at the option of such Person, or (b) rental obligations of such Person payable more than 12 months from such date under leases which are capitalized in accordance with GAAP (such rental obligations to be included as Funded Debt at the amount so capitalized).

"GAAP" means generally accepted accounting principles in the United States which are in effect on the issue date of the notes. At any time after the issue date of the notes, the Company may elect to apply International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS") accounting principles in lieu of GAAP and, upon any such election, references herein to GAAP shall thereafter be construed to mean IFRS on the date of such election; provided that any such election, once made, shall be irrevocable; provided, further, that any calculation or determination in the indenture that requires the application of GAAP for periods that include fiscal quarters ended prior to the Company's election to apply IFRS shall remain as previously calculated or determined in accordance with GAAP.

"Guarantors" means (a) Molson Coors International LP, Molson Canada 2005, Molson Coors International General, ULC, Molson Coors Callco ULC, Coors Brewing Company, Molson Coors Holdco Inc., CBC Holdco LLC, MC Holding Company LLC, CBC Holdco 2 LLC, Newco3, Inc., MillerCoors LLC, CBC Holdco 3, Inc., MillerCoors Holdings LLC, Jacob Leinenkugel Brewing Co., LLC and Coors International Holdco 2, ULC and (b) each of the Company's future Subsidiaries that guarantees the notes as required by the provisions described under "Guarantees" above, until in each case, such entity is released as a Guarantor pursuant to the terms of the indenture.

"Person" means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof or any other entity.

"Principal Property" means any brewery, manufacturing, processing or packaging plant or warehouse owned at the date of the indenture or thereafter acquired by the Company or any Restricted Subsidiary which is located within the United States or Canada, other than any property which in the opinion of the Board of Directors of the Company is not of material importance to the total business conducted by the Company and the Restricted Subsidiaries as an entirety.

Table of Contents

"Restricted Subsidiary" means a Subsidiary of the Company (a) substantially all the property of which is located, or substantially all the business of which is carried on, within the United States or Canada, and (b) which owns a Principal Property.

"Significant Subsidiary" means any Subsidiary of the Company that would be a "Significant Subsidiary" within the meaning of Rule 1-02 under Regulation S-X promulgated by the SEC.

"Subsidiary" means, with respect to any Person, any other Person more than 50% of the outstanding Voting Stock of which at the time of determination is owned, directly or indirectly, by such first Person and/or one or more other Subsidiaries of such first Person.

"Voting Stock" of any entity means the class or classes of Capital Stock then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote generally on matters to be decided by the stockholders (or other owners) of such entity (including the election of directors), which, for the avoidance of doubt, in the case of the Company as of the date hereof consists of the Class A common stock and the Special Class A voting stock, taken together.

Merger, Consolidation or Sale of Assets

The indentures provide that (i) the Company shall not merge or sell, convey, transfer or lease, in one transaction or a series of transactions, directly or indirectly, all or substantially all of its assets, and (ii) a Guarantor shall not merge or sell, convey, transfer or lease, in one transaction or a series of transactions, all or substantially all of its assets, in each case to any Person (other than an existing Guarantor) unless (i), in the case of the Company only, the successor is organized under the laws of the United States, Canada, Switzerland, the United Kingdom, any member of the European Union, any member of the Organisation for Economic Co-operation and Development or the predecessor's jurisdiction of organization, or any state, province or division thereof, or the District of Columbia, (ii) such successor assumes the obligations of the Company or such Guarantor with respect to the notes or the related guarantee, as applicable, under the indenture (it being understood that any obligation to pay Additional Amounts under the Euro notes shall be determined mutatis mutandis, by treating any jurisdiction under the laws of which such successor is organized or resident for tax purposes and any political subdivision or taxing authority as therein having the power to tax, as a Relevant Jurisdiction), and (iii) after giving effect to such transaction, no default or event of default under the indenture will have occurred and be continuing. In each case the successor entity shall replace the predecessor and the predecessor shall be released from its obligations under the indenture.

Defeasance and Discharge

The indentures provide that the Company may elect either (i) to defease and be discharged from any and all obligations with respect to any series of notes (except as otherwise provided in the indenture) ("defeasance") or (ii) to be released, and to have the Guarantors released, from any and all obligations with respect to certain covenants that are described in the indentures ("covenant defeasance"), upon the irrevocable deposit with the trustee, in trust for such purpose, of money and/or government obligations that through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient, in the opinion of a certified public accounting firm, without reinvestment, to pay the principal of, premium, if any, and interest on such series of notes to maturity or redemption, as the case may be (provided that any excess moneys or government obligations and any moneys or government obligations remaining unclaimed after two years from the maturity date or redemption date, as applicable, with respect to such series of notes will be repaid to the Company). As a condition to defeasance or covenant defeasance, the Company must deliver to the trustee an opinion of counsel to the effect that the beneficial owners of the notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in

Table of Contents

the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the indenture. The Company may exercise its defeasance option with respect to any series of notes notwithstanding the prior exercise of the covenant defeasance option with respect thereto. If the Company exercises the defeasance option with respect to any series of notes, payment of such series of the notes may not thereafter be accelerated because of an event of default.

If the Company exercises the covenant defeasance option with respect to any series of notes, payment of such series of notes may not thereafter be accelerated by reference to any covenant from which the Company and the Guarantors were released as described under clause (ii) of the immediately preceding paragraph. However, if acceleration were to occur for other reasons, the realizable value at the acceleration date of the money and government obligations in the defeasance trust could be less than the principal and interest then due on the applicable series of notes, in that the required deposit in the defeasance trust is based upon scheduled cash flows rather than market value, which will vary depending upon interest rates and other factors.

With respect to the Euro notes, "government obligations" means euro-denominated securities that are direct obligations (or certificates representing an ownership interest in such obligations) of a member state of the European Union as of the date of the indenture (including any agency or instrumentality thereof) for the payment of which the full faith and credit of such government is pledged; provided that such member state has a long-term government debt rating of "A1" or higher by Moody's or "A+" or higher by S&P or the equivalent rating category of another internationally recognized rating agency.

Events of Default

Each of the following will constitute an event of default under the indenture with respect to each series of notes issued under the indenture:

- (1) default in the payment of any installment of interest on any series of notes issued under the indenture for 30 days after becoming due;
 - (2) default in the payment of principal (or premium, if any) on any series of notes issued under the indenture when due;
- (3) default in the performance of any other covenant with respect to any series of notes continuing for 90 days after notice as provided below;
- (4) if payment of any Debt of the Company, the Guarantors or any of the Company's Significant Subsidiaries in a principal amount exceeding \$200 million is accelerated as a result of the failure of the Company, any Guarantor or any of the Company's Significant Subsidiaries to perform any covenant or agreement applicable to such Debt which acceleration is not rescinded or annulled within 60 days after written notice thereof; and
 - (5) certain events of bankruptcy, insolvency or reorganization with respect to the Company.

Table of Contents

If an event of default described in clause (1) through (4) above shall occur and be continuing with respect to any series of notes outstanding, then either the trustee or the holders of at least 25% in principal amount of the applicable series may declare the principal and premium, if any, of the notes of such series and the accrued interest thereon, if any, to be due and payable. If an event of default described in clause (5) above shall occur and be continuing, then the principal and premium, if any, of all of the series of notes and the accrued interest thereon, if any, shall be due and payable without any declaration or other act on the part of the trustee or any holders of any series of the notes. The indenture will provide that the trustee shall, within 90 days after the trustee receives written notice of the occurrence of a default, give the holders of each affected series of notes notice of all uncured defaults known to it (the term "default" to mean the events specified above without grace periods); provided that, except in the case of default in the payment of principal of or interest on any series of notes, the trustee shall be protected in withholding such notice if it in good faith determines the withholding of such notice is in the interest of the holders of such affected series and so advises the Company in writing. No default shall be known to the trustee until the trustee shall have received written notice thereof. At any time after such declaration of acceleration has been made, the holders of a majority in principal amount of such series of notes, by written notice to the Company and the trustee, may, in certain circumstances, rescind and annul such declaration with respect to such series of notes, provided that such rescission would not conflict with any judgment or decree, and if all existing events of default have been cured or waived except non-payment of the principal amount or premium, if any, or interest on the notes of such series that has become due solely because of acceleration.

We will furnish to the trustee within 120 days after the end of the Company's fiscal year (and at least once in each 12 month period and at any other reasonable time upon the demand of the trustee) a statement by certain officers to the effect that, to the best of their knowledge, no default has occurred under the indenture or, if there has been a default, specifying each such default. The holders of a majority of the outstanding principal amount of any series of notes affected will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such series of notes, and to waive certain defaults with respect thereto. The indenture will provide that in case an event of default shall occur and be continuing, the trustee shall exercise such of its rights and powers under the indenture, and use the same degree of care and skill in its exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any of the holders of any series of notes unless they first shall have offered to the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Before any holder of any series of notes may institute action for any remedy, except payment on such holder's notes when due, the holders of not less than 25% in principal amount of the notes of such series outstanding must request the trustee to take action and certain other conditions must be met. Holders must also offer and give the trustee security or indemnity reasonably satisfactory to it against liabilities incurred by the trustee for taking such action.

Modification of the Indenture and Waiver

The indentures provide that the Company, the Guarantors (except that with respect to clause (1), (4) and (10) below, the signatures of the other Guarantors shall not be required) and the trustee may enter into supplemental indentures without the consent of the holders of any series of notes to:

- (1) add guarantors with respect to the applicable series of notes, including any Guarantors, or to secure the notes;
- (2) add covenants for the protection of the holders of any series of notes;

48

Table of Contents

- (3) add any additional events of default;
- (4) cure any ambiguity, omission, mistake, defect or inconsistency in the indenture;
- (5) add to or change or eliminate any provision of the indenture as shall be necessary or desirable in accordance with any amendments to the Trust Indenture Act;
- (6) supplement any of the provisions of the indenture to such extent as shall be necessary to permit or facilitate the defeasance and discharge of any series of notes so long as any such action shall not adversely affect the interests of any holder of such series of notes or any other series of debt securities issued thereunder;
 - (7) prohibit the authentication and delivery of additional series of notes;
 - (8) provide for uncertificated notes in addition to or in place of certificated notes subject to applicable laws;
- (9) establish the form or terms of other debt securities issued under the indenture and coupons of any series of such other debt securities pursuant to the indenture and to change the procedures for transferring and exchanging such other debt securities so long as such change does not adversely affect the holders of any outstanding debt securities, including the notes (except as required by applicable securities laws);
- (10) make any change to the indenture that does not adversely affect the rights of any holder of any series of debt securities, including the notes;
 - (11) secure any series of debt securities, including the notes;
- (12) evidence the acceptance of appointment by a successor trustee and to add to or arrange any provisions of the indenture necessary for or to facilitate the administration of the trusts created under the indenture by more than one trustee;
 - (13) comply with the merger and consolidation provisions pursuant to the indenture;
- (14) in the case of subordinated debt securities, make any change to the provisions of the indenture or any supplemental indenture relating to subordination that would limit or terminate the benefits available to any holder of Senior Debt under such provisions (but only if each such holder of Senior Debt under such provisions consents to such change);
 - (15) evidence the release of any Guarantor pursuant to the terms of the indenture;
- (16) add to, change, or eliminate any of the provisions of the indenture with respect to one or more series of debt securities, so long as any such addition, change or elimination not otherwise permitted under the indenture shall: (i) neither apply to any debt security of any series including the notes, created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to the benefit of such provision; or (ii) become effective only when there is no such prior security outstanding; or
 - (17) conform the indenture and/or the notes to this "Description of Notes."

The indentures also contain provisions permitting the Company, the Guarantors and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of each series of notes affected to add any provisions to, or change in any manner or eliminate any of the provisions of, the indenture or modify in any manner the rights of the holders of such series of notes so affected. However, the Company may not, without the consent of each holder of notes of each series so affected:

(1) extend the final maturity of such series of notes;

Table of Contents

- (2) reduce the principal amount (or premium, if any) of such series of notes;
- (3) reduce the rate or extend the time of payment of interest on such series of notes;
- (4) reduce any amount payable on redemption of such series of notes or change the time (other than with respect to timing of notices of redemption) at which such series of notes may be redeemed in accordance with the indenture;
 - (5) impair the right of any holder of such series of notes to institute suit for the payment of such series of notes;
- (6) reduce the percentage in principal amount of such series of notes the consent of the holders of which is required for any such modification:
 - (7) make such series of notes payable in currency other than that stated in such series of notes;
- (8) make any changes in the ranking or priority of such series of notes that would adversely affect the holders of such series of notes;
- (9) make any change to the guarantees made by any Guarantors that would adversely affect the rights of holders of such series of notes; or
- (10) amend the above items or applicable sections of the indenture providing certain rights to the majority of holders of such series of notes.

The holders of at least a majority in principal amount of each series affected thereby then outstanding, may (1) amend the definition of Change of Control and (2) waive compliance by the Company and the Guarantors with certain restrictive provisions of the indenture applicable to such series. The holders of not less than a majority in principal amount of each series affected thereby then outstanding may waive any past default under the indenture applicable to such series, except a default (a) in the payment of principal of (and premium, if any) or any interest on such series, (b) in respect of a covenant, or provision of the indenture which cannot be modified or amended without the consent of the holder of each note of such series outstanding affected, or (c) arising from the failure to redeem or purchase notes of that series when required pursuant to the terms of the indenture.

Sinking Fund

There is not a sinking fund for the notes.

Governing Law

The indentures and the notes are governed by and construed in accordance with the laws of the State of New York.

Concerning the Trustee, Registrar and Transfer Agent

For the Dollar notes, The Bank of New York Mellon Trust Company, N.A. is the trustee, registrar and transfer agent under the indenture.

For the Euro notes, The Bank of New York Mellon Trust Company, N.A. is the trustee, registrar and transfer agent under the indenture. The Company may change the registrar or the transfer agent without prior notice to the holders, and the Company or any of its Subsidiaries may act as the paying agent, the registrar or the transfer agent.

We have customary banking relationships with the trustee and its affiliates. In addition, the trustee may serve as trustee for other debt securities issued by the Company from time to time.

Table of Contents

Except during the continuance of an event of default, the trustee need perform only those duties that are specifically set forth in the indenture and no others, and no implied covenants or obligations will be read into the indenture against the trustee. In case an event of default has occurred and is continuing, the trustee shall exercise those rights and powers vested in it by the indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. No provision of the indenture will require the trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties thereunder, or in the exercise of its rights or powers, unless it receives indemnity satisfactory to it against any loss, liability or expense.

Paying Agent and Calculation Agent for Euro Notes

The Bank of New York Mellon, London Branch is the initial paying agent and calculation agent for the Euro notes. The Company may change the paying agent or the calculation agent without prior notice to the holders, and the Company or any of its Subsidiaries may act as the paying agent or the calculation agent.

Listing

The original Dollar notes are not listed on any exchange or market. We do not intend to apply for listing of the Dollar exchange notes on any exchange or market. The original Euro notes are listed on the Official List of the SGX-ST. However, we intend to delist the original Euro notes from the Official List of the SGX-ST upon the completion of this exchange offer. We also intend to list the Euro exchange notes on the NYSE upon the completion of this exchange offer. There can be no assurance that the Euro exchange notes will be accepted for listing on the NYSE.

Payments in Euro

Holders will be required to pay for the Euro notes in Euro, and all payments of interest and principal, including payments made upon any redemption of the Euro notes, will be payable in Euro. If the Euro is unavailable to the Company due to the imposition of exchange controls or other circumstances beyond our control or if the Euro is no longer being used by the then member states of the European Monetary Union that have adopted the Euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Euro notes will be made in U.S. dollars until the Euro is again available to us or so used. In such circumstances, the amount payable on any date in Euro will be converted into U.S. dollars on the basis of the most recently available market exchange rate for Euro. Any payment in respect of the Euro notes so made in U.S. dollars will not constitute an event of default under the Euro notes or the indenture governing the Euro notes. Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the forgoing.

Judgment Currency

The indenture governing the Euro notes provides that the Company agrees, to the fullest extent that it may effectively do so under applicable law, that (a) if for the purpose of obtaining judgment in any court with respect to the Euro notes it is necessary to convert the sum due in respect of the principal, premium, if any, or interest, if any, payable with respect to such Euro notes into a currency in which a judgment can be rendered (the "Judgment Currency"), the rate of exchange from the currency in which payments under such Euro notes is payable (the "Required Currency") into the Judgment Currency will be the highest bid quotation (assuming European style quotation i.e., Required Currency per Judgment Currency) received by the Company from three recognized foreign exchange dealers in the City of New York for the purchase of the aggregate amount of the judgment (as denominated in the Judgment Currency) on the business day preceding the date on which

Table of Contents

a final unappealable judgment is rendered, for settlement on such payment date, and at which the applicable dealer timely commits to execute a contract, and (b) the Company's obligations under the indenture governing the Euro notes to make payments in the Required Currency (i) will not be discharged or satisfied by any tender, or by any recovery pursuant to any judgment (whether or not entered in accordance with the preceding clause (a)), in any currency other than the Required Currency, except to the extent that such tender or recovery will result in the actual receipt by the judgment creditor of the full amount of the Required Currency expressed to be payable in respect of such payments, (ii) will be enforceable as an alternative or additional cause of action for the purpose of recovering in the Required Currency the amount, if any, by which such actual receipt will fall short of the full amount of the Required Currency so expressed to be payable, and (iii) will not be affected by judgment being obtained for any other sum due under the indenture governing the Euro notes.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following summary describes the material United States federal income tax consequences relevant to the exchange of original notes for exchange notes pursuant to the exchange offer. The following discussion is based on the provisions of the United States Internal Revenue Code of 1986, as amended (the "Code"), and related United States Treasury regulations, administrative rulings and judicial decisions now in effect, changes to which subsequent to the date hereof may affect the tax consequences described below, possibly with retroactive effect.

We encourage holders to consult their own tax advisors regarding the United States federal tax consequences of the exchange offer and being a holder of the notes in light of their particular circumstances, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

An exchange of original notes for exchange notes pursuant to the exchange offer will not be a taxable event for United States federal income tax purposes. Instead, an exchange note a holder receives will be treated as a continuation of such holder's investment in the corresponding original note surrendered in the exchange. Consequently, holders will not recognize any taxable gain or loss as a result of exchanging original notes for exchange notes pursuant to the exchange offer. The holding period of the exchange notes will include the holding period of the original notes, and the tax basis in the exchange notes will be the same as the tax basis in the original notes immediately before the exchange. The United States federal income tax consequences of holding and disposing of an exchange note will be the same as the United States federal income tax consequences of holding and disposing of an original note.

PLAN OF DISTRIBUTION

Based on interpretations of the staff of the SEC, as described in no-action letters issued to third parties that are not related to us, we believe that the exchange notes will be freely transferable by holders other than our affiliates after the exchange offer without further registration under the Securities Act if the holder of the exchange notes represents to us in the exchange offer that it is acquiring the exchange notes in the ordinary course of its business, that it has no arrangement or understanding with any person to participate in the distribution of the exchange notes and that it is not our affiliate, as such terms are interpreted by the SEC; *provided*, *however*, that broker-dealers receiving exchange notes in the exchange offer will have a prospectus delivery requirement with respect to resales of such exchange notes as further discussed below. We also believe that such broker-dealers may fulfill their prospectus delivery requirements with respect to exchange notes (other than a resale of an unsold allotment from the original sale of the notes) with this prospectus.

We believe that you may not transfer exchange notes issued in the exchange offer without further compliance with such requirements or an exemption from such requirements if you are:

our affiliate within the meaning of Rule 405 under the Securities Act; or

a broker-dealer that acquired original notes as a result of market-making or other trading activities.

The information described above concerning interpretations of and positions taken by the SEC staff is not intended to constitute legal advice. Broker-dealers should consult their own legal advisors with respect to these matters.

If you wish to exchange your original notes for exchange notes in the exchange offer, you will be required to make representations to us as described in "The Exchange Offer" of this prospectus and in the letter of transmittal.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days following the effective date of the registration statement of which this prospectus forms a part, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. Further, for a period of 180 days following the effective date of the registration statement of which this prospectus forms a part, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. Until (and including) February 12, 2018, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of exchange

notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

We have agreed to pay expenses incident to the exchange offer other than commissions or concessions of any brokers or dealers and will indemnify the holders of the notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
