### **Summary Q&A**

#### **What securities are being offered pursuant to this prospectus supplement?**

PPL Capital Funding is offering \$400,000,000 aggregate principal amount (\$450,000,000 aggregate principal amount if the underwriters exercise their over-allotment option in full) of its 2013 Series B Junior Subordinated Notes due 2073, which will be referred to as the Notes in this prospectus supplement. PPL Capital Funding's corporate parent, PPL Corporation, has agreed to unconditionally and irrevocably guarantee the payment of principal, premium, if any, and interest on the Notes. The Notes will be issued in denominations of \$25 and integral multiples of \$25 in excess thereof.

#### **What interest will be paid by PPL Capital Funding?**

The Notes will bear interest at 5.90% per year. Subject to PPL Capital Funding's right to defer interest payments as described below, interest is payable quarterly in arrears on January 30, April 30, July 30 and October 30 of each year, beginning July 30, 2013.

For a more complete description of interest payable on the Notes, see Description of the Notes Interest and Payment.

#### **What are the regular record dates for the payment of interest?**

So long as all of the Notes remain in book-entry only form, the regular record date for each interest payment date will be the close of business on the business day (as defined under Description of the Notes Interest and Payment ) immediately preceding the applicable interest payment date. If any of the Notes do not remain in book-entry only form, the regular record date for each interest payment date will be the close of business on the fifteenth calendar day immediately preceding the applicable interest payment date.

#### **When can payment of interest be deferred?**

So long as there is no event of default under the subordinated indenture pursuant to which the Notes will be issued, PPL Capital Funding may defer interest payments on the Notes, from time to time, for one or more

---

**Table of Contents**

periods (each, an *Optional Deferral Period* ) of up to 10 consecutive years per Optional Deferral Period. In other words, PPL Capital Funding may declare at its discretion up to a 10-year interest payment moratorium on the Notes, and may choose to do that on more than one occasion. PPL Capital Funding may not defer payments beyond the maturity date of the Notes (which is April 30, 2073). Any deferred interest on the Notes will accrue additional interest at a rate equal to the interest rate on the Notes, compounded on each interest payment date, to the extent permitted by applicable law. Once all accrued and unpaid interest on the Notes has been paid, PPL Capital Funding can begin a new Optional Deferral Period. However, PPL Capital Funding has no current intention to defer interest payments on the Notes.

For a more complete description of PPL Capital Funding's ability to defer the payment of interest, see *Description of the Notes Option to Defer Interest Payments*.

**What restrictions are imposed on PPL Capital Funding and PPL Corporation during an Optional Deferral Period?**

During any period in which PPL Capital Funding defers interest payments on the Notes, neither PPL Capital Funding nor PPL Corporation will do any of the following:

declare or pay any dividend or distribution on any of their respective capital stock, other than dividends paid in shares of their respective capital stock;

redeem, purchase, acquire or make a liquidation payment with respect to any of PPL Capital Funding's or PPL Corporation's capital stock;

pay any principal, interest or premium on, or repay, repurchase or redeem any of PPL Capital Funding's or PPL Corporation's debt securities that are equal or junior in right of payment with the Notes or PPL Corporation's subordinated guarantees (the *Subordinated Guarantees* ), as the case may be; or

make any payments with respect to any PPL Corporation or PPL Capital Funding guarantee of debt securities if such guarantee is equal or junior in right of payment to the Notes or the Subordinated Guarantees, as the case may be (other than payments under the Subordinated Guarantees);

in each case, subject to the exceptions described under *Description of the Notes Option to Defer Interest Payments*.

Even though holders of the Notes will not receive any interest payments on their Notes during an Optional Deferral Period, holders of the Notes likely will be required to include amounts in income for United States federal income tax purposes during such period, regardless of their method of accounting for United States federal income tax purposes. You should consult with your own tax advisor regarding the tax consequences of an investment in the Notes. See *Material United States Federal Income Tax Considerations* in this prospectus supplement.

PPL Capital Funding has no current intention to defer interest payments on the Notes. If, however, PPL Capital Funding defers interest for a period of 10 consecutive years from the commencement of an Optional Deferral Period, PPL Capital Funding will be required to pay all accrued and unpaid interest at the conclusion of the 10-year period, and to the extent it does not do so, PPL Corporation will be required to make guarantee payments in accordance with the Subordinated Guarantees. If PPL Capital Funding fails to pay in full all accrued and unpaid interest at the conclusion of the 10-year period, such failure continues for 30 days and PPL Corporation fails to make guarantee payments with respect thereto, an event of default that permits acceleration of principal and interest on the Notes will occur under the subordinated indenture pursuant to which the Notes will be issued. See *Description of the Notes Events of Default*.

## **Table of Contents**

### **When can PPL Capital Funding redeem the Notes?**

PPL Capital Funding may redeem the Notes at its option:

in whole at any time or in part from time to time, on or after April 30, 2018, at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date;

in whole, but not in part, before April 30, 2018 at any time within 90 days following the occurrence and continuance of a Tax Event (as defined under Description of the Notes Redemption ), at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date;

in whole, but not in part, before April 30, 2018 at any time within 90 days after the conclusion of any review or appeal process instituted by PPL Capital Funding or PPL Corporation following the occurrence and continuance of a Rating Agency Event (as defined under Description of the Notes Redemption ), at a redemption price equal to 102% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date; and

in whole at any time or in part from time to time before April 30, 2018, at a redemption price equal to the Make-Whole Amount (as defined under Description of the Notes Redemption ), plus any accrued and unpaid interest thereon to, but not including, the redemption date.

The circumstances under which the Notes may be redeemed, and the redemption prices, are more fully described herein under the caption Description of the Notes Redemption.

### **What is the ranking of the Notes and the Subordinated Guarantees?**

PPL Capital Funding's payment obligation under the Notes will be unsecured and will rank junior and be subordinated in right of payment and upon liquidation to all of PPL Capital Funding's Senior Indebtedness, and PPL Corporation's payment obligation under the Subordinated Guarantees will be unsecured and will rank junior and be subordinated in right of payment and upon liquidation to all of PPL Corporation's Senior Indebtedness. Senior Indebtedness of PPL Capital Funding and PPL Corporation are defined under Description of the Notes Subordination. However, the Notes will rank equally in right of payment with PPL Capital Funding's 4.625% Junior Subordinated Notes due 2018, 4.32% Junior Subordinated Notes due 2019 and 2007 Series A Junior Subordinated Notes due 2067, and the Subordinated Guarantees will rank equally in right of payment with PPL Corporation's respective subordinated guarantees thereof.

### **Will the Notes be listed on a stock exchange?**

PPL Capital Funding intends to apply to list the Notes on the New York Stock Exchange. If the application is approved, trading on the New York Stock Exchange is expected to commence within 30 days after the Notes are first issued.

### **In what form will the Notes be issued?**

The Notes will be represented by one or more global certificates and registered in the name of The Depository Trust Company ( DTC ) or its nominee, and deposited with the trustee on behalf of DTC. This means that holders of the Notes will not receive a certificate for their Notes and that their broker will maintain the holder's position in the Notes. PPL Capital Funding expects that the Notes will be ready for delivery through DTC on or about the date indicated on the cover of this prospectus supplement.

**Table of Contents**

**What are the principal United States federal income tax consequences related to the Notes?**

In the opinion of our counsel, Davis Polk & Wardwell LLP, under current law and assuming full compliance with the terms of the subordinated indenture pursuant to which the Notes will be issued and other relevant documents, although the matter is not free from doubt, the Notes will be characterized as debt for United States federal income tax purposes. The Notes are novel financial instruments, and there is no statutory, judicial or administrative authority that directly addresses the United States federal income tax treatment of securities similar to the Notes. Thus, no assurance can be given that the Internal Revenue Service or a court will agree with this characterization. We agree, and, by purchasing the Notes, each holder of the Notes agrees, to treat the Notes as indebtedness for all United States federal, state and local tax purposes unless there is an administrative determination or judicial decision to the contrary. See Material United States Federal Income Tax Considerations.

**May additional Notes of the same series be issued?**

All Notes need not be issued at the same time, and the series may be re-opened for issuances of additional notes of that series. This means that PPL Capital Funding may from time to time, without notice to, or the consent of, the existing holders of the Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the Notes offered hereby (other than differences in the price to public and interest accrued prior to the issue date of such additional notes); *provided* that if any such additional notes are not fungible with the Notes initially offered hereby for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. Any such additional notes may, together with the Notes, constitute a single series of securities under the subordinated indenture governing the Notes.

In addition, PPL Capital Funding has granted the underwriters an option, exercisable within 30 days of the date of this prospectus supplement, to purchase up to an additional \$50,000,000 in principal amount of the Notes solely to cover over-allotments, if any.

**Table of Contents**

**RISK FACTORS**

Investing in the Notes involves certain risks. Before purchasing the Notes, investors should carefully consider the following risk factors, the risk factors on page 4 of the accompanying prospectus, as well as those under the heading "Risk Factors" in PPL Corporation's annual report on Form 10-K for the year ended December 31, 2012, together with the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus in order to evaluate an investment in the Notes.

**Risks Relating to the Notes**

***PPL Capital Funding can defer interest payments on the Notes for one or more periods of up to 10 years each. Any such deferral is likely to decrease the market price of the Notes.***

So long as there is no event of default under the subordinated indenture pursuant to which the Notes will be issued, PPL Capital Funding may defer interest payments on the Notes, from time to time, for one or more Optional Deferral Periods of up to 10 consecutive years. At the end of an Optional Deferral Period, if all amounts due are paid, PPL Capital Funding could start a new Optional Deferral Period of up to 10 consecutive years per Optional Deferral Period. During any Optional Deferral Period, interest on the Notes would be deferred but would accrue additional interest at a rate equal to the interest rate on the Notes, compounded on each interest payment date, to the extent permitted by applicable law. No Optional Deferral Period may extend beyond the maturity date of the Notes. During an Optional Deferral Period, interest payments would not be due and payable and, therefore, PPL Corporation would not be obligated to make payments under the Subordinated Guarantees. If PPL Capital Funding exercises this interest deferral right, the market price of the Notes is likely to decrease. See "Description of the Notes" Option to Defer Interest Payments.

If PPL Capital Funding exercises its right to defer interest payments, the Notes are likely to trade at a price that does not fully reflect the value of accrued but unpaid interest on the Notes or that is otherwise less than the price at which the Notes would have been traded if PPL Capital Funding had not exercised such right. In addition, as a result of PPL Capital Funding's right to defer interest payments, the market price of the Notes may be more volatile than other securities that do not have these rights.

***PPL Capital Funding is not permitted to pay current interest on the Notes until PPL Capital Funding has paid all outstanding deferred interest, and this could have the effect of extending interest deferral periods.***

During an Optional Deferral Period, PPL Capital Funding will be prohibited from paying current interest on the Notes and PPL Corporation will be prohibited from making such payment pursuant to the Subordinated Guarantees until PPL Capital Funding, or PPL Corporation pursuant to the Subordinated Guarantees, has paid all accrued and unpaid deferred interest plus any accrued interest thereon. As a result, PPL Capital Funding may not be able to pay current interest on the Notes if PPL Capital Funding does not have available funds to pay all accrued and unpaid deferred interest plus any accrued interest thereon.

***The obligations of PPL Capital Funding under the Notes and PPL Corporation under the Subordinated Guarantees will be subordinated to all Senior Indebtedness of PPL Capital Funding and PPL Corporation.***

The obligations of PPL Capital Funding under the Notes and PPL Corporation under the Subordinated Guarantees will be subordinated to all Senior Indebtedness (as defined below under "Description of the Notes" Subordination Subordinated Guarantees) of PPL Capital Funding and PPL Corporation. This means that PPL Capital Funding cannot make any payments on the Notes, and PPL Corporation cannot make payments on the Subordinated Guarantees, until all holders of Senior Indebtedness of the relevant entity have been paid in full, or provision has been made for such payment, if such Senior Indebtedness is in default (subject to certain exceptions for grace periods and waivers).

---

**Table of Contents**

***PPL Corporation's cash flow and ability to meet its obligations with respect to its Subordinated Guarantees of the Notes largely depend on the performance of its subsidiaries. As a result, PPL Corporation's obligations with respect to its Subordinated Guarantees of the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries.***

PPL Corporation is a holding company and conducts its operations primarily through subsidiaries. Substantially all of its consolidated assets are held by such subsidiaries. Accordingly, its cash flow and its ability to meet its obligations under its Subordinated Guarantees of the Notes are largely dependent upon the earnings of these subsidiaries and the distribution or other payment of such earnings to it in the form of dividends, loans or advances or repayment of loans and advances from it. The subsidiaries are separate and distinct legal entities, and, except for PPL Capital Funding, they have no obligation to pay any amounts due on the Notes or to make any funds available for such payment.

Because PPL Corporation is a holding company, its obligations with respect to the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries. Therefore, its rights and the rights of its creditors, including rights of a holder of any Note, to participate in the assets of any subsidiary in the event that such a subsidiary is liquidated or reorganized will be subject to the prior claims of such subsidiary's creditors. To the extent that PPL Corporation may be a creditor with recognized claims against any such subsidiary, its claims would still be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinated to any indebtedness or other liabilities of the subsidiary senior to that held by it. Although certain agreements to which PPL Corporation's subsidiaries are parties limit the ability to incur additional indebtedness, PPL Corporation and its subsidiaries retain the ability to incur substantial additional indebtedness and other liabilities.

The debt agreements of some of PPL Corporation's subsidiaries contain provisions that might restrict their ability to pay dividends, make distributions or otherwise transfer funds to PPL Corporation upon failing to meet certain financial tests or other conditions prior to the payment of other obligations, including operating expenses, debt service and reserves. PPL Corporation currently believes that all of its subsidiaries are in compliance with such tests and conditions. Further, if PPL Corporation elects to receive distributions of earnings from its foreign operations, PPL Corporation may incur United States taxes, net of any available foreign tax credits, on such amounts. Distributions to PPL Corporation from its international projects are, in some countries, also subject to withholding taxes.

***If PPL Capital Funding defers interest payments on the Notes, there will be United States federal income tax consequences to holders of the Notes.***

If PPL Capital Funding defers interest payments on the Notes for one or more Optional Deferral Periods, a holder of the Notes likely will be required to include amounts in income for United States federal income tax purposes during such period, regardless of such holder's method of accounting for United States federal income tax purposes.

If holders of the Notes sell their Notes before the regular record date for the payment of interest at the end of an Optional Deferral Period, those holders will not receive such interest. Instead, the accrued interest will be paid to the holder of record on the regular record date regardless of who the holder of record may have been on any other date during the Optional Deferral Period. Moreover, amounts that holders of the Notes were required to include in income in respect of the Notes during the Optional Deferral Period will be added to their adjusted tax basis in the Notes, but may not be reflected in the amount that they realize on the sale. To the extent the amount realized on a sale is less than their adjusted tax basis, the holders of the Notes will recognize a capital loss for United States federal income tax purposes. The deductibility of capital losses is subject to limitations. See Material United States Federal Income Tax Considerations.

**Table of Contents**

***Rating agencies may change their practices for rating the Notes, which change may adversely affect the market price of the Notes. In addition, PPL Capital Funding may redeem the Notes if a rating agency makes certain changes to its equity credit methodology for securities such as the Notes.***

The rating agencies that currently or may in the future publish a rating for PPL Capital Funding or PPL Corporation, including Moody's Investors Service, Inc., Standard & Poor's Ratings Services (a Standard & Poor's Financial Services LLC business), and Fitch Ratings, each of which is expected to initially publish a rating of the Notes, may, from time to time in the future, change the way they analyze securities with features similar to the Notes. This may include, for example, changes to the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Notes. If the rating agencies change their practices for rating these types of securities in the future, and the ratings of the Notes are subsequently lowered, that could have a negative impact on the trading price of the Notes. In addition, PPL Capital Funding may redeem the Notes before April 30, 2018 at its option, in whole but not in part, if a rating agency makes certain changes to its equity credit methodology for securities such as the Notes. See Description of the Notes Redemption.

***Holders of the Notes will have limited rights of acceleration.***

The holders of the Notes and the trustee may accelerate payment of the principal, premium, if any, and interest on the Notes only upon the occurrence and continuation of an event of default. Payment of principal, premium, if any, and interest on the Notes may be accelerated upon the occurrence of an event of default under the subordinated indenture related to failure to pay interest within 30 days after it is due (other than interest deferred pursuant to one or more Optional Deferral Periods), failure to pay principal and premium, if any, on the Notes when due, certain events of bankruptcy, insolvency or reorganization with respect to PPL Capital Funding or PPL Corporation and, with certain exceptions, the cessation of effectiveness of the Subordinated Guarantees or the finding by any judicial proceeding that the Subordinated Guarantees are unenforceable or invalid or denial or disaffirmation by PPL Corporation of its obligations under the Subordinated Guarantees. Holders of the Notes and the trustee will not have the right to accelerate payment of the principal, premium, if any, and interest on the Notes upon the breach of any other covenant in the subordinated indenture.

**DESCRIPTION OF THE NOTES**

The following summary description sets forth certain terms and provisions of the Notes that PPL Capital Funding is offering by this prospectus supplement. Because this description is a summary, it does not describe every aspect of the Notes or the Subordinated Indenture under which the Notes will be issued, as described below. The Subordinated Indenture is filed by PPL Corporation as an exhibit to its Current Report on Form 8-K filed on March 20, 2007. The Subordinated Indenture and its associated documents contain the full legal text of the matters described in this section. This summary is subject to and qualified in its entirety by reference to all of the provisions of the Notes and the Subordinated Indenture, including definitions of certain terms used in the Subordinated Indenture. We also include references in parentheses to certain sections of the Subordinated Indenture. Whenever particular sections or defined terms of the Subordinated Indenture are referred to in this prospectus supplement, such sections or defined terms are incorporated by reference herein. The Subordinated Indenture has been qualified under the Trust Indenture Act, and you should refer to the Trust Indenture Act for provisions that apply to the Notes.

**General**

PPL Capital Funding will issue the Notes as a series of debt securities under the Subordinated Indenture, dated as of March 1, 2007 (as such subordinated indenture may be amended and supplemented from time to time, the *Subordinated Indenture* ), among PPL Capital Funding, PPL Corporation and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee (the *Trustee* ). PPL Capital Funding may issue an unlimited amount of Notes or other securities under the Subordinated Indenture. The Notes and all other debt securities issued under the Subordinated Indenture are collectively referred to herein as the *Subordinated Indenture Securities*.

The Notes will be unsecured, subordinated obligations of PPL Capital Funding that rank junior to all of PPL Capital Funding's Senior Indebtedness (as defined below). See Subordination. The Notes will be fully and unconditionally guaranteed by PPL Corporation as to payment of principal, interest and any premium pursuant to the Subordinated Guarantees of PPL Corporation that rank junior to all of PPL Corporation's Senior Indebtedness (as defined herein). See Subordination.

The Notes will be issued in fully registered form only, without coupons. The Notes will be initially represented by one or more fully registered global securities (the *Global Securities* ) deposited with the Trustee, as custodian for DTC, as depositary, and registered in the name of DTC or DTC's nominee. A beneficial interest in a Global Security will be shown on, and transfers or exchanges thereof will be effected only through, records maintained by DTC and its participants, as described below under Book-Entry Only Issuance DTC. The authorized denominations of the Notes will be \$25 and integral multiples of \$25 in excess thereof. Except in limited circumstances described below, the Notes will not be exchangeable for Notes in definitive certificated form.

The Notes are initially being offered in one series in the aggregate principal amount of \$400,000,000 (or \$450,000,000 if the underwriters exercise their over-allotment option in full). PPL Capital Funding may, without the consent of the holders of the Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the Notes offered hereby (other than differences in the price to public and interest accrued prior to the issue date of such additional notes); *provided* that if any such additional notes are not fungible with the Notes initially offered hereby for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. Any such additional notes may, together with the Notes, constitute a single series of securities under the Subordinated Indenture. The Notes and any additional notes of the same series having the same terms as the Notes offered hereby subsequently issued under the Subordinated Indenture may be treated as a single class for all purposes under the Subordinated Indenture, including, without limitation, voting, waivers and amendments.

## **Table of Contents**

### **Maturity**

Unless an earlier redemption has occurred, the entire principal amount of the Notes will mature and become due and payable, together with any accrued and unpaid interest, on April 30, 2073.

### **Interest and Payment**

PPL Capital Funding will pay interest quarterly on the Notes at the rate of 5.90% per year. PPL Capital Funding will pay interest on the Notes on January 30, April 30, July 30 and October 30 of each year, each such date referred to as an *interest payment date*, until maturity or earlier redemption. The first interest payment date will be July 30, 2013. The regular record date for interest payable on any interest payment date on the Notes shall be the close of business (1) on the business day immediately preceding such interest payment date so long as all of the Notes remain in book-entry only form, or (2) on the 15th calendar day immediately preceding each interest payment date if any of the Notes do not remain in book-entry only form. See *Book-Entry Only Issuance*. Interest on the Notes will accrue from, and including, the first date of original issuance to, but excluding, the first interest payment date. Thereafter, interest on each Note will accrue from, and including, the last interest payment date to which PPL Capital Funding has paid, or duly provided for the payment of, interest on that Note to, but excluding, the next succeeding interest payment date. No interest will accrue on a Note for the day that the Note matures. The amount of interest payable for any full quarterly period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days in the period using 30-day calendar months. If any date on which interest, principal or premium is payable on the Notes falls on a day that is not a business day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a business day, and no interest or payment will be paid in respect of the delay. A *business day* is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

In this prospectus supplement the term *interest* includes quarterly interest payments and applicable interest on interest payments accrued but not paid on the applicable interest payment date.

### **Redemption**

PPL Capital Funding may redeem the Notes at its option:

in whole at any time or in part from time to time, on or after April 30, 2018, at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date;

in whole, but not in part, before April 30, 2018 at any time within 90 days following the occurrence and continuance of a Tax Event (as defined below), at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date;

in whole, but not in part, before April 30, 2018 at any time within 90 days after the conclusion of any review or appeal process instituted by PPL Capital Funding or PPL Corporation following the occurrence and continuance of a Rating Agency Event (as defined below), at a redemption price equal to 102% of the principal amount of the Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date; and

in whole at any time or in part from time to time before April 30, 2018, at a redemption price equal to the Make-Whole Amount (as defined below), plus any accrued and unpaid interest thereon to, but not including, the redemption date.

---

**Table of Contents**

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of Notes to be redeemed at such holder's registered address. If less than all of the Notes of any series or any tranche thereof are to be redeemed, the Trustee will select the Notes to be redeemed. In the absence of any provision for selection, the Trustee will choose a method of random selection as it deems fair and appropriate. (See Sections 403 and 404 in the Subordinated Indenture.) PPL Capital Funding will pay the redemption price and any accrued interest once holders surrender the Note for redemption. (See Section 405 in the Subordinated Indenture.) If only part of a Note is redeemed, the Trustee will deliver to the holders a new Note of the same series for the remaining portion without charge. (See Section 406 in the Subordinated Indenture.)

PPL Capital Funding may make any redemption at its option conditional upon the receipt by the Paying Agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the Paying Agent has not received such money by the date fixed for redemption, PPL Capital Funding will not be required to redeem such Notes. (See Section 404 in the Subordinated Indenture.)

The Notes will not be entitled to the benefit of a sinking fund or be subject to redemption at the option of the holder.

A *Tax Event* happens when PPL Capital Funding or PPL Corporation has received an opinion of counsel experienced in tax matters that, as a result of:

any amendment to, clarification of, or change, including any announced prospective change, in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under those laws or treaties;

an administrative action, which means any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement including any notice or announcement of intent to issue or adopt any administrative pronouncement, ruling, regulatory procedure or regulation;

any amendment to, clarification of, or change in the official position or the interpretation of any administrative action or judicial decision or any interpretation or pronouncement that provides for a position with respect to an administrative action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which that amendment, clarification or change is introduced or made known; or

a threatened challenge asserted in writing in connection with an audit of PPL Capital Funding or PPL Corporation or any of their respective subsidiaries, or a publicly-known threatened challenge asserted in writing against any other taxpayer that has raised capital through the issuance of securities that are substantially similar to the Notes, which amendment, clarification, or change is effective or the administrative action is taken or judicial decision, interpretation or pronouncement is issued or threatened challenge is asserted after the date of this prospectus supplement, there is more than an insubstantial risk that interest payable by PPL Capital Funding or PPL Corporation on the Notes is not deductible, or within 90 days would not be deductible, in whole or in part, by PPL Capital Funding or PPL Corporation for United States federal income tax purposes.

*Rating Agency Event* means a change in the methodology or criteria published by any nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act (sometimes referred to in this prospectus supplement as a rating agency) that currently publishes a rating for PPL Capital Funding or PPL Corporation in assigning equity credit to securities such as the Notes, as such methodology is in effect on the date of issuance of this prospectus supplement (the *current criteria*), which change results in either (a) shortening the length of time for which such current criteria are scheduled to be in effect with respect to

---

**Table of Contents**

the Notes, or (b) a lower equity credit being assigned by such rating agency to the Notes as of the date of such change than the equity credit that would have been assigned to the Notes as of the date of such change by such rating agency pursuant to its current criteria.

*Make-Whole Amount* means an amount equal to the greater of (i) 100% of the principal amount of the Notes being redeemed and (ii) as determined by the Quotation Agent as of the redemption date, the sum of the present value of each scheduled payment of principal of and interest on the Notes from the redemption date to April 30, 2018, excluding any interest accruing from, and including, the last interest payment date preceding the redemption date as of which all then-accrued interest was paid to, but excluding, the redemption date (assuming, solely for the purposes of this calculation, that the principal amount of the Notes to be redeemed was payable on April 30, 2018), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at a discount rate equal to the Treasury Rate (as defined below) plus 40 basis points.

*Comparable Treasury Issue* means, with respect to any redemption date, the United States Treasury security selected by the Quotation Agent as having an actual or interpolated maturity comparable to the time period from the redemption date to April 30, 2018 that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities with a term to maturity comparable to such time period.

*Comparable Treasury Price* means, with respect to any redemption date:

the average, after excluding the highest and lowest such Reference Treasury Dealer Quotations (as defined below), of up to five Reference Treasury Dealer Quotations for such redemption date, or

if the Quotation Agent obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations received.

*Quotation Agent* means a Reference Treasury Dealer selected by PPL Capital Funding for the purpose of performing the functions of the Quotation Agent under the Subordinated Indenture.

*Reference Treasury Dealer* means each of Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, UBS Securities LLC and a Primary Treasury Dealer (as defined below) to be selected by Wells Fargo Securities, LLC, and their respective successors, unless any of them ceases to be a primary U.S. Government securities dealer in the United States of America (a *Primary Treasury Dealer*), in which case PPL Capital Funding will substitute another Primary Treasury Dealer.

*Reference Treasury Dealer Quotations* means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) as provided to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

*Treasury Rate* means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate shall be calculated on the third business day preceding the redemption date.

**Option to Defer Interest Payments**

So long as there is no event of default under the Subordinated Indenture, PPL Capital Funding may defer interest payments on the Notes, from time to time, for one or more periods (each, an *Optional Deferral Period*, which will be deemed to begin on the most recent interest payment date on which interest on the Notes was paid)

---

**Table of Contents**

of up to 10 consecutive years per Optional Deferral Period. However, a deferral of interest payments cannot extend beyond the maturity date of the Notes. During an Optional Deferral Period, interest will continue to accrue on the Notes, and deferred interest payments will accrue additional interest at a rate equal to the interest rate on the Notes, compounded on each interest payment date, to the extent permitted by applicable law. No interest will be due and payable on the Notes until the end of the Optional Deferral Period except upon a redemption of the Notes during the deferral period.

PPL Capital Funding may pay at any time all or any portion of the interest accrued to that point during an Optional Deferral Period. At the end of the Optional Deferral Period or on any redemption date, PPL Capital Funding will be obligated to pay all accrued and unpaid interest.

Once all accrued and unpaid interest on the Notes has been paid, PPL Capital Funding again can defer interest payments on the Notes as described above, provided that an Optional Deferral Period cannot extend beyond the maturity date of the Notes.

If PPL Capital Funding defers interest for a period of 10 consecutive years from the commencement of an Optional Deferral Period, such deferred interest will become due on the interest payment date falling on the tenth anniversary of the commencement of such Optional Deferral Period. PPL Capital Funding will be required to pay all accrued and unpaid interest on such interest payment date, and to the extent it does not do so, PPL Corporation will be required to make guarantee payments in accordance with the Subordinated Guarantees. If PPL Capital Funding and PPL Corporation fail to pay in full all accrued and unpaid interest within 30 days of such interest payment date, an event of default that permits acceleration of principal and interest on the Notes will occur under the Subordinated Indenture. See Events of Default.

During any period in which PPL Capital Funding defers interest payments on the Notes, neither PPL Corporation nor PPL Capital Funding may:

declare or pay any dividend or distribution on any of their respective capital stock, other than dividends paid in shares of their respective capital stock;

redeem, purchase, acquire or make a liquidation payment with respect to any of PPL Corporation's or PPL Capital Funding's capital stock;

pay any principal, interest or premium on, or repay, repurchase or redeem any of PPL Corporation's or PPL Capital Funding's debt securities that are equal or junior in right of payment with the Notes or the Subordinated Guarantees, as the case may be; or

make any payments with respect to any PPL Corporation or PPL Capital Funding guarantee of debt securities if such guarantee is equal or junior in right of payment to the Notes or the Subordinated Guarantees, as the case may be (other than payments under the Subordinated Guarantees),

*other than*

purchases, redemptions or other acquisitions of PPL Corporation's or PPL Capital Funding's capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;

any payment, repayment, redemption, purchase, acquisition or declaration of dividend as a result of a reclassification of PPL Corporation's or PPL Capital Funding's capital stock or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock or any class or series of its indebtedness for any class or series of its capital stock;

## **Table of Contents**

the purchase of fractional interests in shares of PPL Corporation or PPL Capital Funding's capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of contracts entered into by PPL Corporation to sell shares of its capital stock ( "stock purchase contracts" );

dividends or distributions paid or made in PPL Corporation or PPL Capital Funding's capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;

redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;

payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or guarantees of the foregoing, in each case that rank equal in right of payment to the Notes or the Subordinated Guarantees, so long as the amounts paid, the amounts set aside at such time for payment of such securities and guarantees on the immediately following regularly scheduled interest payment dates therefor and the amounts paid or set aside at such time for payment on the Notes on the immediately following interest payment date for the Notes, are in the same proportion to the full payment to which each series of such securities and guarantees (including the Notes) is then, or on such immediately following regularly scheduled interest payment dates will be, entitled if paid in full;

dividends or distributions by PPL Capital Funding on its capital stock to the extent owned by PPL Corporation; and

redemptions, purchases, acquisitions or liquidation payments by PPL Capital Funding with respect to its capital stock to the extent owned by PPL Corporation.

PPL Capital Funding has no current intention to exercise its option to defer interest payments. (See Section 312 in the Subordinated Indenture.)

## **Subordination**

### ***Subordination of the Notes***

The Notes will be subordinate and junior in right of payment to all Senior Indebtedness of PPL Capital Funding. (See Article Fifteen in the Subordinated Indenture.) No payment of the principal (including redemption payments) of, or interest or premium, if any, on, the Notes may be made by PPL Capital Funding until all holders of Senior Indebtedness of PPL Capital Funding have been paid, if any of the following occurs:

certain events of bankruptcy, insolvency or reorganization of PPL Capital Funding;

any Senior Indebtedness of PPL Capital Funding is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or

any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Capital Funding are permitted to accelerate the maturity of such Senior Indebtedness.

### ***Subordinated Guarantees***

PPL Corporation will fully and unconditionally guarantee the payment of principal of and any interest and premium on the Notes, when due and payable (and subject to PPL Capital Funding's right to defer interest payments as described above), whether at the stated maturity date, by

declaration of acceleration, call for

redemption or otherwise, in accordance with the terms of the Notes and the Subordinated Indenture. The Subordinated Guarantees will remain in effect until the entire principal of and interest and premium, if any, on the Notes has been paid in full or otherwise discharged in accordance with the provisions of the Subordinated Indenture under Article Fourteen.

The Subordinated Guarantees will be subordinate and junior in right of payment to all Senior Indebtedness of PPL Corporation. No payment of the principal (including redemption payments) of, or interest or premium on, the Notes may be made by PPL Corporation under the Subordinated Guarantees until all holders of Senior Indebtedness of PPL Corporation have been paid, if any of the following occurs:

certain events of bankruptcy, insolvency or reorganization of PPL Corporation;

any Senior Indebtedness of PPL Corporation is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or

any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Corporation are permitted to accelerate the maturity of such Senior Indebtedness.

Upon any distribution of assets of PPL Capital Funding or PPL Corporation, as the case may be, to its creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all of its Senior Indebtedness must be paid in full before the holders of the Notes are entitled to receive or retain any payment from such distribution.

*Senior Indebtedness*, when used with respect to PPL Capital Funding or PPL Corporation, is defined in the Subordinated Indenture to include all of PPL Capital Funding's or PPL Corporation's obligations, as the case may be, whether presently existing or from time to time hereafter incurred, created, assumed or existing, to pay principal, interest, premium, penalties, fees and any other payment in respect of any of the following:

indebtedness for borrowed money, including, without limitation, such obligations as are evidenced by credit agreements, notes, debentures, bonds and similar instruments;

PPL Capital Funding's or PPL Corporation's obligations under synthetic leases, finance leases and capitalized leases;

PPL Capital Funding's or PPL Corporation's obligations for reimbursement under letters of credit, banker's acceptances, security purchase facilities or similar facilities issued for PPL Capital Funding's or PPL Corporation's account;

any of PPL Capital Funding's or PPL Corporation's other obligations with respect to derivative contracts, including commodity contracts, interest rate, commodity and currency swap agreements, forward contracts and other similar agreements or arrangements; and

all obligations of others of the kinds described in the preceding categories which PPL Capital Funding or PPL Corporation has assumed or guaranteed,

*other than*

trade obligations incurred in the ordinary course of business, or

any such obligation or guarantee that expressly provides that it is not senior to or is equal in right of payment to the Notes or the Subordinated Guarantees, as the case may be (including PPL Capital Funding's 4.625% Junior Subordinated Notes due 2018, 4.32% Junior Subordinated Notes due 2019 and 2007 Series A Junior Subordinated Notes due 2067, and PPL Corporation's respective subordinated guarantees thereof). (See Section 101 in the Subordinated Indenture.)

## **Table of Contents**

The Subordinated Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued. As of December 31, 2012, PPL Capital Funding had approximately \$800 million principal amount of indebtedness for borrowed money constituting its Senior Indebtedness, and PPL Corporation had approximately \$843 million principal amount (on an unconsolidated basis) of obligations constituting its Senior Indebtedness (including guarantees of indebtedness of PPL Capital Funding).

Pursuant to the subordination provisions of the Subordinated Indenture, any payment or distribution, whether in cash, securities or other property, which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the Notes by PPL Capital Funding or PPL Corporation will instead be paid or delivered directly to the holders of such Senior Indebtedness of PPL Capital Funding or PPL Corporation (or their respective representative or Trustee), as the case may be, in accordance with the priorities then existing among such holders until all such Senior Indebtedness has been paid in full before any payment or distribution is made to the holders of Notes. In the event that, notwithstanding such subordination provisions, any payment or distribution of assets of any kind or character is made on the Notes by PPL Capital Funding or PPL Corporation before all such Senior Indebtedness is paid in full, the Trustee or the holders of Notes receiving such payment will be required to pay over such payment or distribution to the holders of such Senior Indebtedness.

The Subordinated Indenture provides that Senior Indebtedness will not be deemed to have been paid in full unless the holders thereof, as applicable, shall have received cash (or securities or other property satisfactory to such holders) in full payment of such Senior Indebtedness then outstanding. Upon the payment in full of all such Senior Indebtedness, the holders of the Notes shall be subrogated to all the rights of any holders of such Senior Indebtedness to receive any further payments or distributions of cash, property or securities of PPL Capital Funding or PPL Corporation, as applicable, applicable to such Senior Indebtedness until the Notes shall have been paid in full, and such payments or distributions of cash, property or securities received by the holders of the Notes, by reason of such subrogation, which otherwise would be paid or distributed to the holders of such Senior Indebtedness, shall, as between PPL Capital Funding or PPL Corporation, as applicable, and its creditors other than the holders of Senior Indebtedness, on the one hand, and the holders of the Notes, on the other, be deemed to be a payment on account of such Senior Indebtedness, and not on account of the Notes or the Subordinated Guarantees, as the case may be.

The Subordinated Indenture provides that no present or future holder of any Senior Indebtedness of PPL Capital Funding or PPL Corporation, as the case may be, will be prejudiced in the right to enforce subordination of the indebtedness under the Subordinated Indenture by any act or failure to act on the part of PPL Capital Funding or PPL Corporation, as applicable.

### **Events of Default**

Each of the following constitutes an *Event of Default* under the Subordinated Indenture with respect to the Notes:

default in the payment of any interest on any Note within 30 days following the due date; provided that failure to pay interest during an Optional Deferral Period will not constitute an Event of Default;

default in the payment of the principal or premium on any Note on its due date;

PPL Corporation's Subordinated Guarantees of the Notes cease to be effective (except in accordance with their terms), are found in any judicial proceeding to be unenforceable or invalid, or are denied or disaffirmed (except in accordance with their terms); or

PPL Corporation or PPL Capital Funding files for bankruptcy or certain other similar events in bankruptcy, insolvency, receivership or reorganization occur. (See Section 801 in the Subordinated Indenture.)

---

**Table of Contents**

No Event of Default with respect to the Notes necessarily constitutes an Event of Default with respect to the Subordinated Indenture Securities of any other series issued under the Subordinated Indenture.

**Acceleration. Any One Series.** If an Event of Default occurs and is continuing with respect to any one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% in principal amount of the outstanding Subordinated Indenture Securities of such series may declare the principal amount of all of the Subordinated Indenture Securities of such series immediately to be due and payable.

**More Than One Series.** If an Event of Default occurs and is continuing with respect to more than one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, may make such declaration of acceleration. Thus, if there is more than one series affected, the action by the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of any particular series will not, in itself, be sufficient to make a declaration of acceleration. (See Section 802 in the Subordinated Indenture.)

**Rescission of Acceleration.** After a declaration of acceleration has been made and before the Trustee has obtained a judgment or decree for payment of the money due, such declaration and its consequences will be rescinded and annulled, if:

(1) PPL Corporation or PPL Capital Funding pays or deposits with the Trustee a sum sufficient to pay:

all overdue interest;

the principal of and any premium which have become due otherwise than by such declaration of acceleration and interest thereon;

interest on overdue interest to the extent lawful; and

all amounts due to the Trustee under the Subordinated Indenture; and

(2) all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Subordinated Indenture under Section 802. For more information as to waiver of defaults, see Waiver of Default and of Compliance.

**Control by Holders; Limitations.** Subject to the Subordinated Indenture, if an Event of Default (or certain other defaults as discussed below), with respect to the Subordinated Indenture Securities of any one series occurs and is continuing, the holders of a majority in principal amount of the outstanding Subordinated Indenture Securities of that series will have the right to:

direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or

exercise any trust or power conferred on the Trustee with respect to the Subordinated Indenture Securities of such series.

If an Event of Default (or certain other defaults as discussed below) is continuing with respect to more than one series of Subordinated Indenture Securities, the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, will have the right to make such direction, and not the holders of the Subordinated Indenture Securities of any one of such series.

These rights of holders to make direction are subject to the following limitations:

Edgar Filing: PPL Corp - Form 424B2

the holders' directions may not conflict with any law or the Subordinated Indenture; and

the holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

S-20

## **Table of Contents**

The Trustee may also take any other action it deems proper which is consistent with the holders' direction. (See Sections 812 and 903 in the Subordinated Indenture.) With respect to Events of Default and other defaults in the performance of, or breach of, covenants in the Subordinated Indenture that do not constitute Events of Default, if any such Event of Default or other default occurs and is continuing after any applicable notice and/or cure period, then the Trustee may in its discretion (and subject to the rights of the holders to control remedies as described above and certain other conditions specified in the Subordinated Indenture) bring such judicial proceedings as the Trustee shall deem appropriate or proper.

The Subordinated Indenture provides that no holder of any Subordinated Indenture Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Subordinated Indenture for the appointment of a receiver or for any other remedy thereunder unless:

that holder has previously given the Trustee written notice of a continuing Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period);

the holders of 25% in aggregate principal amount of the outstanding Subordinated Indenture Securities of all affected series, considered as one class, have made written request to the Trustee to institute proceedings in respect of that Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period);

such holder or holders shall have offered the Trustee reasonable indemnity against costs and liabilities incurred in complying with such request;

for 60 days after receipt of such notice, the Trustee has failed to institute any such proceeding; and

no direction inconsistent with such request has been given to the Trustee during such 60-day period by the holders of a majority in aggregate principal amount of outstanding Subordinated Indenture Securities of all affected series, considered as one class. Furthermore, no holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other holders. (See Section 807 in the Subordinated Indenture.)

However, each holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right. (See Section 808 in the Subordinated Indenture.)

## **Notice of Default**

The Trustee is required to give the holders of the Notes notice of any default under the Subordinated Indenture to the extent required by the Trust Indenture Act, unless such default has been cured or waived; provided, however, that in the case of a default in the performance of, or breach of, any covenant or warranty in the Subordinated Indenture (after any applicable notice and/or cure period) that does not result in an Event of Default, no such notice shall be given until at least 90 days after the occurrence thereof. (See Section 902 in the Subordinated Indenture.) The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the holders.

PPL Capital Funding and PPL Corporation will furnish the Trustee with an annual statement as to their compliance with the conditions and covenants in the Subordinated Indenture. (See Section 605 in the Subordinated Indenture.)

## **Waiver of Default and of Compliance**

The holders of a majority in aggregate principal amount of the outstanding Notes may waive, on behalf of the holders of all outstanding Notes, any past default under the Subordinated Indenture, except a default in the

payment of principal, premium or interest, or with respect to compliance with certain provisions of the Subordinated Indenture that cannot be amended without the consent of the holder of each outstanding Subordinated Indenture Security. (See Section 813 in the Subordinated Indenture.)

Compliance with certain covenants in the Subordinated Indenture or otherwise provided with respect to Subordinated Indenture Securities may be waived by the holders of a majority in aggregate principal amount of the affected Subordinated Indenture Securities, considered as one class. (See Section 606 in the Subordinated Indenture.)

### **Consolidation, Merger and Conveyance of Assets as an Entirety; No Financial Covenants**

Subject to the provisions described in the next paragraph, each of PPL Capital Funding and PPL Corporation has agreed in the Subordinated Indenture to preserve its corporate existence. (See Section 604 in the Subordinated Indenture.)

PPL Capital Funding and PPL Corporation have each also agreed not to consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity unless:

the entity formed by such consolidation or into which PPL Capital Funding or PPL Corporation, as the case may be, is merged or the entity which acquires or which leases its property and assets substantially as an entirety is a corporation or limited liability company organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and expressly assumes, by supplemental indenture, the due and punctual payment of the principal, premium and interest on all the outstanding Notes and the performance of all of its covenants under the Subordinated Indenture, and

immediately after giving effect to such transactions, no Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period), and no event which after notice or lapse of time or both would become an Event of Default (or such other default), will have occurred and be continuing. (See Section 1101 in the Subordinated Indenture.)

The Subordinated Indenture does not prevent or restrict:

any consolidation or merger after the consummation of which PPL Capital Funding or PPL Corporation would be the surviving or resulting entity;

any consolidation of PPL Capital Funding with PPL Corporation or any other entity all of the outstanding voting securities of which are owned, directly or indirectly, by PPL Corporation; or any merger of any such entity into any other of such entities; or any conveyance or other transfer, or lease, or properties by any thereof to any other thereof;

any conveyance or other transfer, or lease, of any part of the properties of PPL Capital Funding or PPL Corporation which does not constitute the entirety, or substantially the entirety, thereof; or

the approval by PPL Capital Funding or PPL Corporation of, or the consent by PPL Capital Funding or PPL Corporation to, any consolidation or merger to which any direct or indirect subsidiary or affiliate of PPL Capital Funding or PPL Corporation, as the case requires, may be a party or any conveyance, transfer or lease by any such subsidiary or affiliate of any of its assets. (See Section 1103 in the Subordinated Indenture.)

**Modification of Subordinated Indenture**

*Without Holder Consent.* Without the consent of any holders of Subordinated Indenture Securities, PPL Capital Funding, PPL Corporation and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

to evidence the succession of another entity to PPL Capital Funding or PPL Corporation;

to add one or more covenants or other provisions for the benefit of the holders of all or any series or tranche of Subordinated Indenture Securities, or to surrender any right or power conferred upon PPL Capital Funding or PPL Corporation;

to add any additional Events of Default for all or any series of Subordinated Indenture Securities;

to change or eliminate any provision of the Subordinated Indenture or to add any new provision to the Subordinated Indenture that does not adversely affect the interests of the holders;

to provide security for the Subordinated Indenture Securities of any series;

to establish the form or terms of Subordinated Indenture Securities of any series or tranche as permitted by the Subordinated Indenture;

to provide for the issuance of bearer securities;

to evidence and provide for the acceptance of appointment of a separate or successor Trustee;

to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Indenture Securities;

to change any place or places where:

principal, premium and interest may be payable,

Subordinated Indenture Securities may be surrendered for transfer or exchange, and

notices and demands to or upon PPL Capital Funding or PPL Corporation may be served; or

to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the holders in any material respect;

## Edgar Filing: PPL Corp - Form 424B2

*provided* that PPL Capital Funding and PPL Corporation will not enter into any supplemental indenture with the Trustee to add any additional Event of Default with respect to the Notes without the consent of the holders of at least a majority in aggregate principal amount of outstanding Notes.

If the Trust Indenture Act is amended so as to require changes to the Subordinated Indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the Subordinated Indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the Subordinated Indenture, the Subordinated Indenture will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and PPL Capital Funding, PPL Corporation and the Trustee may, without the consent of any holders, enter into one or more supplemental indentures to effect or evidence such amendment. (See Section 1201 in the Subordinated Indenture.)

*With Holder Consent.* Except as provided above, the consent of the holders of at least a majority in aggregate principal amount of the Subordinated Indenture Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, changing or eliminating any of the provisions of the Subordinated Indenture pursuant to a supplemental indenture. However, if less than all of the series of outstanding Subordinated Indenture Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected series, considered as one class. Moreover,

---

**Table of Contents**

if the Indenture Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the holders of Subordinated Indenture Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected tranches, considered as one class.

However, no amendment or modification may, without the consent of the holder of each outstanding Subordinated Indenture Security directly affected thereby,

change the stated maturity of the principal or interest on any Subordinated Indenture Security (other than pursuant to the terms thereof and, in the case of the Notes, as described above under **Option to Defer Interest Payments** ), or reduce the principal amount, interest or premium payable or change the currency in which any Subordinated Indenture Security is payable, or impair the right to bring suit to enforce any payment;

reduce the percentages of holders whose consent is required for any supplemental indenture or waiver or reduce the requirements for quorum and voting under the Subordinated Indenture; or

modify certain of the provisions in the Subordinated Indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any provision of the Subordinated Indenture expressly included solely for the benefit of holders of Subordinated Indenture Securities of one or more particular series or tranches will be deemed not to affect the rights under the Subordinated Indenture of the holders of Subordinated Indenture Securities of any other series or tranche. (See Section 1202 in the Subordinated Indenture.)

PPL Capital Funding will be entitled to set any day as a record date for the purpose of determining the holders of outstanding Subordinated Indenture Securities of any series entitled to give or take any demand, direction, consent or other action under the Subordinated Indenture, in the manner and subject to the limitations provided in the Subordinated Indenture. In certain circumstances, the Trustee also will be entitled to set a record date for action by holders. If such a record date is set for any action to be taken by holders of particular Subordinated Indenture Securities, such action may be taken only by persons who are holders of such Subordinated Indenture Securities at the close of business on the record date. (See Section 104 in the Subordinated Indenture.)

The Subordinated Indenture provides that certain Subordinated Indenture Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under **Satisfaction and Discharge** below, will not be deemed to be outstanding in determining whether the holders of the requisite principal amount of the outstanding Subordinated Indenture Securities have given or taken any demand, direction, consent or other action under the Subordinated Indenture as of any date, or are present at a meeting of holders for quorum purposes. (See Section 101 in the Subordinated Indenture.)

**Satisfaction and Discharge**

Any Subordinated Indenture Securities or any portion will be deemed to have been paid for purposes of the Subordinated Indenture, and at PPL Capital Funding's election, the entire indebtedness of PPL Capital Funding and PPL Corporation will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any Paying Agent (other than PPL Capital Funding or PPL Corporation), in trust:

money sufficient,

in the case of a deposit made prior to the maturity of such Subordinated Indenture Securities, nonredeemable Government Obligations (as defined in the Subordinated Indenture) sufficient, or

Edgar Filing: PPL Corp - Form 424B2

a combination of items listed in the preceding two bullet points, which in total are sufficient,

to pay when due the principal of, and any premium, and interest due and to become due on such Subordinated Indenture Securities or portions thereof on and prior to the maturity thereof. (See Section 701 in the Subordinated Indenture.)

The Subordinated Indenture will be deemed satisfied and discharged when no Subordinated Indenture Securities remain outstanding and when all other sums payable by PPL Capital Funding or PPL Corporation have been paid under the Subordinated Indenture. (See Section 702 in the Subordinated Indenture.)

All moneys deposited with the Trustee or any paying agent, or then held by PPL Capital Funding, in trust for the payment of principal, premium or interest on Subordinated Indenture Securities which remain unclaimed at the end of two years after payments have become due will be paid to or upon the order of PPL Capital Funding. Thereafter, the holder of such Subordinated Indenture Security may look only to PPL Capital Funding and PPL Corporation for payment. (See Section 603 in the Subordinated Indenture.)

### **Agreement by Holders to Certain Tax Treatment**

Each holder of the Notes will, by accepting the Notes or a beneficial interest therein, be deemed to have agreed that the holder intends that the Notes constitute debt and will treat the Notes as debt for United States federal, state and local tax purposes.

### **Resignation and Removal of the Trustee; Deemed Resignation**

The Trustee may resign at any time by giving written notice to PPL Capital Funding and PPL Corporation.

The Trustee may also be removed by act of the holders of a majority in principal amount of the then outstanding Subordinated Indenture Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor Trustee will become effective until the acceptance of appointment by a successor Trustee in accordance with the requirements of the Subordinated Indenture.

Under certain circumstances, PPL Capital Funding may appoint a successor Trustee and if the successor accepts, the Trustee will be deemed to have resigned. (See Section 910 in the Subordinated Indenture.)

### **Notices**

Notices to holders of the Notes will be given by mail to the addresses of the holders as they may appear in the security register. (See Section 106 in the Subordinated Indenture.)

### **Title**

PPL Capital Funding, PPL Corporation, the Trustee, and any agent of PPL Capital Funding, PPL Corporation or the Trustee, will treat the person or entity in whose name Notes are registered as the absolute owner of those Notes (whether or not the Notes may be overdue) for the purpose of making payments and for all other purposes irrespective of notice to the contrary. (See Section 308 in the Subordinated Indenture.)

### **Governing Law**

The Subordinated Indenture and the Notes provide that they will be governed by and construed in accordance with the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable. (See Section 112 in the Subordinated Indenture.)

## **Table of Contents**

### **Regarding the Trustee**

The Trustee is The Bank of New York Mellon ( *BNYM* ). In addition to acting as Trustee, BNYM also maintains various banking and trust relationships with PPL Capital Funding and PPL Corporation and some of their affiliates.

### **Book-Entry Only Issuance**

The Notes will settle through DTC. The Notes will be represented by one or more global certificates and registered in the name of Cede & Co., DTC's nominee. Upon issuance of the Notes, DTC or its nominee will credit, on its book-entry registration and transfer system, the principal amount of the Notes represented by such global securities to the accounts of institutions that have an account with DTC or its participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global securities will be limited to participants or persons that may hold interests through participants. The global certificates will be deposited with the Trustee as custodian for DTC.

Investors may hold interests in a global security through DTC, Clearstream Banking, *société anonyme* ( *Clearstream* ), or Euroclear Bank S.A./N.V., as operator of the Euroclear System ( *Euroclear* ), directly if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on DTC's books.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in certificated form. These laws may impair the ability to transfer beneficial interests in the Notes so long as the Notes are represented by global security certificates.

*DTC.* DTC is a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Exchange Act. DTC holds securities for its participants. DTC also facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants' accounts. This eliminates the need for physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ( *DTCC* ). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Others who clear through or maintain a custodial relationship with a participant can use the DTC system. The rules that apply to DTC and those using its systems are on file with the Securities and Exchange Commission.

Purchases of the Notes within the DTC system must be made through participants, who will receive a credit for the Notes on DTC's records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant's records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased Notes. Transfers of ownership in the Notes are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their Notes, except if use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by participants with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of the Notes with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of

---

**Table of Contents**

the Notes. DTC's records reflect only the identity of the participants to whose accounts such Notes are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of Notes may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults and proposed amendments to the Subordinated Indenture. Beneficial owners of the Notes may wish to ascertain that the nominee holding the Notes has agreed to obtain and transmit notices to the beneficial owners.

Redemption notices will be sent to Cede & Co., as registered holder of the Notes. If less than all of the Notes are being redeemed, DTC's practice is to determine by lot the amount of Notes of each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to Notes, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to PPL Capital Funding as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the Notes are credited on the record date. PPL Capital Funding and PPL Corporation believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the Notes.

Payments of redemption proceeds, principal of, and interest on the Notes will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from PPL Capital Funding or its agent, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the Trustee, PPL Capital Funding or PPL Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is the responsibility of PPL Capital Funding. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants.

Except as provided in this prospectus supplement, a beneficial owner will not be entitled to receive physical delivery of the Notes. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the Notes.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving reasonable notice to PPL Capital Funding. In the event no successor securities depository is obtained, certificates for the Notes will be printed and delivered. PPL Capital Funding and PPL Corporation may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, PPL Capital Funding and PPL Corporation may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with respect to some or all of the Notes. In that event, certificates for such Notes will be printed and delivered. If certificates for Notes are printed and delivered,

the Notes will be issued in fully registered form without coupons;

a holder of certificated Notes would be able to exchange those Notes, without charge, for an equal aggregate principal amount of Notes of the same series, having the same issue date and with identical terms and provisions; and

a holder of certificated Notes would be able to transfer those Notes without cost to another holder, other than for applicable stamp taxes or other governmental charges.

---

**Table of Contents**

However, PPL Capital Funding shall not be required to make transfers or exchanges of certificated Notes for a period of 15 days next preceding any notice identifying Notes to be redeemed, and PPL Capital Funding shall not be required to make transfers or exchanges of any certificated Notes designated in whole or in part for redemption, except the unredeemed portion of any Note being redeemed in part.

*Clearstream.* Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ( *Clearstream Participants* ) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector, also known as *Commission de Surveillance du Secteur Financier*. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with Clearstream's rules and procedures, to the extent received by DTC for Clearstream.

*Euroclear.* Euroclear was created in 1968 to hold securities for participants of Euroclear ( *Euroclear Participants* ) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. ( *Euroclear Operator* ). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly. Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the terms and conditions governing use of Euroclear and the related operating procedures of Euroclear, and applicable Belgian law, which are referred to collectively as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no records of or relationship with persons holding through Euroclear Participants.

Investors that acquire, hold and transfer interests in the Notes by book-entry through accounts with Euroclear or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

*Global Clearance and Settlement Procedures.* Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's same-day funds settlement system. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable.

**Table of Contents**

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC's rules; however, such cross-market transactions will require delivery of instructions to Clearstream and Euroclear, as applicable, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines, in European time.

Because of time-zone differences, credits of the Notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the Notes settled during such processing will be reported to the relevant Clearstream Participant or Euroclear Participants on such following business day. Cash received in Clearstream or Euroclear as a result of sales of the Notes by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the interests in the global Notes certificates among participants of DTC, Clearstream and Euroclear, DTC, Clearstream and Euroclear are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time. Neither PPL Corporation nor PPL Capital Funding will have any responsibility for the performance by DTC, Clearstream and Euroclear or their direct participants or indirect participants under the rules and procedures governing DTC, Clearstream or Euroclear, as the case may be.

The information in this section concerning DTC, DTC's book-entry system, Clearstream, Clearstream's book-entry system, Euroclear and Euroclear's book-entry system has been obtained from sources that PPL Capital Funding and PPL Corporation believe to be reliable. None of PPL Capital Funding, PPL Corporation or the underwriters take any responsibility for the accuracy of this information.

**MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following is a discussion of the material U.S. federal income tax consequences of owning and disposing of Notes purchased in this offering at the issue price (which we assume will be the price indicated on the cover of this prospectus supplement) and held as capital assets for U.S. federal income tax purposes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including alternative minimum tax and Medicare contribution tax consequences, as well as differing tax consequences that may apply if you are, for instance:

a financial institution;

a regulated investment company;

a dealer or trader in securities that uses a mark-to-market method of tax accounting;

holding Notes as part of a straddle ;

a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;

a tax-exempt entity;

a partnership for U.S. federal income tax purposes;

considered to own, actually or constructively, ten percent or more of the total combined voting power of all classes of stock entitled to vote of PPL Capital Funding and/or PPL Corporation; or

a controlled foreign corporation related, directly or indirectly, to PPL Capital Funding and/or PPL Corporation through stock ownership.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities.

There is no statutory, judicial or administrative authority that directly addresses the U.S. federal income tax treatment of securities similar to the Notes. This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. This summary does not address any aspect of state, local or non-U.S. taxation, or any taxes other than income taxes. You should consult your tax advisor with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of a state, local or foreign taxing jurisdiction.

**Characterization of the Notes**

In the opinion of our counsel, Davis Polk & Wardwell LLP, assuming full compliance with the terms of the Subordinated Indenture and other relevant documents, while the matter is not free from doubt, the Notes will be characterized as debt for U.S. federal income tax purposes. This

## Edgar Filing: PPL Corp - Form 424B2

characterization is not binding on the Internal Revenue Service (the *IRS* ) or any court, however, and we cannot assure you that the IRS or a court will agree. If the IRS were to argue successfully that the Notes should be treated as equity rather than debt, the tax consequences of an investment in the Notes would be affected. We agree, and by acquiring the Notes each beneficial owner of a Note will agree, to treat the Notes as debt for all U.S. federal, state and local tax purposes unless there is an administrative determination or judicial decision to the contrary. Except where specifically stated, the remainder of this discussion assumes this treatment. You should consult your tax advisor regarding the tax consequences if the Notes were to be treated as equity rather than debt for U.S. federal income tax purposes.

### **Tax Consequences to U.S. Holders**

This section applies to you if you are a U.S. Holder. You are a U.S. Holder if, for U.S. federal income tax purposes, you are a beneficial owner of a Note and are:

a citizen or individual resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or

an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

### ***Interest Income and Original Issue Discount***

Under the terms of the Notes, we have the ability to defer payments of interest from time to time for up to ten years. Treasury Regulations provide that debt instruments like the Notes will not be considered issued with original issue discount ( *OID* ) by reason of their issuer's ability to defer payments of interest if the likelihood of such deferral is remote. We have concluded, and this discussion assumes that, as of the date of this prospectus supplement, the likelihood of our deferring payments of interest under the terms of the Notes is remote, and that the Notes accordingly should not be treated as issued with *OID* by reason of our deferral option.

Assuming that this conclusion is correct, stated interest on the Notes will generally be taxable to you as ordinary interest income at the time it accrues or is received, in accordance with your method of accounting for U.S. federal income tax purposes. If we were to exercise our option to defer payments of interest, the Notes would be treated as retired and reissued for *OID* purposes. The sum of the remaining interest payments (and any *de minimis* *OID*) on the Notes would thereafter be treated as *OID*, which (regardless of your method of accounting for U.S. federal income tax purposes) would accrue, and be includible in your taxable income, on a constant yield to maturity basis over the remaining term of the Notes. Consequently, during any period of interest deferral, and any period thereafter, you would be required to include *OID* in gross income without regard to the receipt of cash. Subsequent payments of interest on the Notes generally would not, by themselves, be taxable, but would be treated as payments of accrued *OID*.

Our determination that the exercise of our option to defer interest is remote is not binding on the IRS or a court. If the IRS were to argue successfully that our determination is incorrect, the Notes would be treated as initially issued with *OID* in an amount equal to the aggregate stated interest (plus any *de minimis* *OID*) on the Notes. That *OID* would generally be includible in your taxable income over the term of the Notes on a constant yield to maturity basis, as described above.

Because the income received or accrued on the Notes will not be characterized as dividends for U.S. federal income tax purposes, (i) corporate holders of the Notes will not be entitled to a dividends-received deduction for any income received or accrued on the Notes and (ii) non-corporate individual holders will not be entitled to any preferential tax rate for any income received on the Notes.

### ***Sale or Other Taxable Disposition of a Note***

Upon the sale, redemption or other taxable disposition of a Note, you will recognize gain or loss equal to the difference between the amount you realize (not including the amount you receive with respect to accrued but unpaid interest, which will be treated as a payment of interest) and your adjusted tax basis in the Note. Assuming we do not defer interest payments on the Notes, your basis in the Notes generally will be your purchase price for the Notes. If we were to defer interest payments on the Notes, your adjusted basis in the Notes generally would be your initial purchase price, increased by any *OID* previously included in your gross income to the date of disposition, and decreased by payments received on the Notes after the effective date of our first exercise of our deferral option. Gain or loss realized on the sale or other taxable disposition of a Note generally will be capital gain or loss and will be long-term capital gain or loss if at the time of the sale or other taxable disposition you have held the Note for more than one year. Long-term capital gains recognized by non-corporate taxpayers are subject to reduced tax rates. The deductibility of capital losses is subject to limitations.

## **Table of Contents**

### **Tax Consequences to Non-U.S. Holders**

This section applies to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if, for U.S. federal income tax purposes, you are a beneficial owner of a Note and are:

a nonresident alien individual;

a foreign corporation; or

a foreign estate or trust.

This discussion does not describe the consequences applicable to (i) a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition or (ii) a former citizen or former resident of the United States. If you are a potential investor to whom such considerations might be relevant, you should consult your tax advisor regarding the U.S. federal income tax consequences of owning or disposing of a Note.

### ***Payments on the Notes***

Payments of principal and interest (including OID, if any) on the Notes generally will not be subject to U.S. federal income or withholding tax, provided that, in the case of interest,

you certify on a properly executed IRS Form W-8BEN, under penalties of perjury, that you are not a United States person; and

the interest is not effectively connected with your conduct of a trade or business in the United States as described below.

If the Notes were recharacterized as equity (see *Characterization of the Notes* above), a 30% withholding tax (or lower applicable treaty rate) would generally apply to payments of interest on the Notes, and the Notes could be subject to the withholding tax described below under

FATCA Legislation. We would not pay additional amounts on account of any such withholding. You are urged to consult your own tax advisor regarding the U.S. federal income tax consequences of such a recharacterization.

### ***Sale or Other Taxable Disposition of a Note***

You generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale, redemption or other taxable disposition of a Note, unless the gain is effectively connected with your conduct of a trade or business in the United States as described below, although any amounts attributable to accrued interest will be treated as described above under *Payments on the Notes*.

### ***Effectively Connected Income***

If interest or gain on a Note is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by you), you will generally be taxed in the same manner as a U.S. Holder (see *Tax Consequences to U.S. Holders* above). In this case, you will be exempt from the withholding tax on interest discussed above, although you will be required to provide a properly executed IRS Form W-8ECI in order to claim this exemption. You should consult your tax advisor with respect to other U.S. tax consequences of the ownership and disposition of Notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

### **Backup Withholding and Information Reporting**

If you are a U.S. Holder, information returns are required to be filed with the IRS in connection with payments on the Notes and the proceeds received from a sale or other disposition of the Notes unless you are an exempt recipient. You may also be subject to backup withholding on

## Edgar Filing: PPL Corp - Form 424B2

these payments unless you provide your taxpayer identification number and otherwise comply with applicable requirements of the backup withholding rules or provide proof of an applicable exemption.

S-32

**Table of Contents**

If you are Non-U.S. Holder, information returns are required to be filed with the IRS in connection with payments of interest (including OID, if any) on the Notes. You may be subject to backup withholding on payments on the Notes or on the proceeds from a sale or other disposition of the Notes unless you comply with certification procedures to establish that you are not a United States person or otherwise establish an exemption. Compliance with the certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well.

Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

**FATCA Legislation**

Provisions commonly referred to as FATCA impose withholding at a rate of 30% on payments to certain foreign entities of dividends and interest on, and the gross proceeds of dispositions of, U.S. stock and U.S. debt obligations, unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. According to final regulations released by the U.S. Department of the Treasury, FATCA withholding will not apply to any debt issued and outstanding as of January 1, 2014. Accordingly, if the Notes are properly treated as debt for tax purposes, FATCA withholding generally will not apply to the Notes. If the Notes were recharacterized as equity, FATCA withholding could apply to payments of interest on the Notes made on or after January 1, 2014 and to payments of gross proceeds from a sale or other disposition of the Notes made on or after January 1, 2017. You should consult your tax advisor regarding the possible implications of this legislation for your investment in the Notes.

Under the terms and conditions of the underwriting agreement, the underwriters must buy all of the Notes if they buy any of them. The underwriting agreement provides that the obligations of the underwriters pursuant thereto are subject to certain conditions. In the event of a default by an underwriter, the underwriting agreement provides that, in certain circumstances, the purchase commitment of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. The underwriters will sell the Notes to the public when and if the underwriters buy the Notes from PPL Capital Funding.

**Table of Contents**

PPL Capital Funding and PPL Corporation have agreed to indemnify the underwriters against, or to contribute to payments the underwriters may be required to make in respect of, certain liabilities, including liabilities under the Securities Act of 1933.

PPL Capital Funding will compensate the underwriters by selling the Notes to them at a price that is less than the price to public by the amount of the Underwriting Discount set forth on the cover page of this prospectus supplement. The underwriters will sell the Notes to the public at the price to public set forth on the cover page of this prospectus supplement and may sell the Notes to certain dealers at a price that represents a concession not in excess of \$0.50 per Note under the price to public. Any underwriter may allow, and the dealers may realow, a concession not in excess of \$0.45 per Note to other underwriters or to other dealers.

The following table shows the public offering price, underwriting discount to be paid to the underwriters and proceeds, before expenses, to PPL Capital Funding.

	<b>Without Option</b>	<b>With Option</b>
Price to Public	\$ 400,000,000	\$ 450,000,000
Underwriting Discount	\$ 12,600,000	\$ 14,175,000
Proceeds to PPL Capital Funding (before expenses)	\$ 387,400,000	\$ 435,825,000

PPL Capital Funding presently expects to incur expenses, not including the underwriting discount, of approximately \$825,000 in connection with this offering.

An underwriter may reject any or all offers for the Notes. After the initial public offering of the Notes, the underwriters may change the offering price and other selling terms of the Notes.

***Overallotment Option***

PPL Capital Funding has granted the underwriters an option, exercisable within 30 days of the date of this prospectus supplement, to purchase up to an additional \$50,000,000 principal amount of the Notes solely to cover over-allotments, if any. To the extent that the underwriters exercise this option, the underwriters are obligated to severally purchase the applicable Notes covered by the over-allotment option in approximately the same proportion as the proportions of the principal amount of the Notes indicated in the underwriting table above.

***New Issue***

The Notes are a new issue of securities with no established trading market. PPL Capital Funding intends to apply to list the Notes on the New York Stock Exchange. If the application is approved, trading on the New York Stock Exchange is expected to commence within 30 days after the Notes are first issued. The underwriters have advised PPL Capital Funding that they intend to make a market in the Notes prior to the commencement of trading on the New York Stock Exchange but are not obligated to do so and may discontinue such market-making activities at any time without notice. PPL Capital Funding cannot give any assurance as to the maintenance of the trading market for, or the liquidity of, the Notes.

***Price Stabilization and Short Positions***

In connection with the offering, Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, UBS Securities LLC and Wells Fargo Securities, LLC, on behalf of the underwriters, may purchase and sell the Notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment includes syndicate sales of Notes in excess of the principal amount of Notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

---

## **Table of Contents**

The underwriters may also impose a penalty bid. Penalty bids permit the underwriters to reclaim an initial dealers' concession from a syndicate member when Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, UBS Securities LLC or Wells Fargo Securities, LLC, in covering syndicate short positions or making stabilizing purchases, repurchases the Notes originally sold by that syndicate member.

Any of these activities may cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of such transactions. These transactions may be effected in the over-the-counter market or otherwise and, if commenced, may be discontinued at any time.

### **Foreign Selling Restrictions**

#### ***General***

In addition to being offered for sale in the United States (subject to applicable United States law), the Notes are also being offered in certain jurisdictions outside the United States, subject to applicable foreign law. For the purposes of the following foreign selling restrictions provisions, this prospectus supplement and the accompanying prospectus are collectively referred to as the offering document.

## **Certain Relationships**

The underwriters and their respective affiliates engage in transactions with, and perform services for, PPL Corporation, its subsidiaries (including PPL Capital Funding) and its affiliates in the ordinary course of business and have engaged, and may engage in the future, in commercial banking and/or investment banking transactions with PPL Corporation, its subsidiaries and its affiliates.

In the ordinary course of their business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and trading activities may involve securities and/or instruments of PPL Capital Funding, PPL Corporation or their respective affiliates. Certain of the underwriters or their respective affiliates that have a lending relationship with PPL Capital Funding, PPL Corporation or their respective affiliates routinely hedge their credit exposure to PPL Capital Funding, PPL Corporation or their respective affiliates consistent with their customary risk management policies. A typical hedging strategy would include the underwriters or their affiliates hedging such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities of PPL Capital Funding, PPL Corporation or their respective affiliates, including potentially the Notes. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
