Item 2.02 Results of Operations and Financial Condition.

On June 19, 2013, the Company issued a press release announcing its results of operations for the third fiscal quarter ended May 31, 2013. This press release was issued to reflect the correct net revenue guidance included under Fiscal Q4 2013 Guidance, including Nypro acquisition in a press release issued earlier in the day on June 19, 2013. A copy of this corrected press release is furnished as Exhibit 99.1 hereto and is incorporated herein by reference.

The information furnished herewith pursuant to Item 2.02 of this Current Report, including Exhibit 99.1, shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section. Item 2.05 Costs Associated with Exit or Disposal Activities.

On June 19, 2013, the Company's Board of Directors formally approved a restructuring plan to better align the Company's manufacturing capacity in certain geographies and to reduce the Company's worldwide workforce in order to reduce operating expenses (the 2013 Restructuring Plan). These restructuring activities are intended to address current market conditions and customer requirements. The 2013 Restructuring Plan as discussed reflects the Company's intention only and restructuring decisions, and the timing of such decisions, at certain plants are still subject to consultation with the Company's employees and their representatives. Based on the analysis done to date, the Company currently expects to recognize approximately \$188 million in pre-tax restructuring and other related costs over the course of the Company's fiscal years 2013, 2014 and 2015. The Company currently expects that a significant portion of the total restructuring costs will be related to employee benefit and severance arrangements. The charges related to the 2013 Restructuring Plan, excluding asset charges, are currently expected to result in cash expenditures of approximately \$140 million that will be payable over the course of the Company's fiscal years 2013, 2014 and 2015. The exact timing of these charges and cash outflows, as well as the estimated cost ranges by category type, have not been finalized. This information will be subject to the finalization of timetables for the transition of functions, consultation with employees and their representatives as well as the statutory severance requirements of the particular legal jurisdictions impacted, and the amount and timing of the actual charges may vary due to a variety of factors.

To the extent required by applicable rules, the Company will file one or more amendments to this Current Report on Form 8-K as details of the 2013 Restructuring Plan are refined and estimates of related costs and charges are finalized.
