SUBJECT TO COMPLETION, DATED MARCH 19, 2014

PRELIMINARY PROSPECTUS SUPPLEMENT

TO PROSPECTUS DATED APRIL 23, 2012

Shares

% Series H Cumulative Redeemable Preferred Stock

(Liquidation Preference \$25.00 per share)

We are offering _____ shares of our _____ % series H cumulative redeemable preferred stock, par value \$0.01 per share, which we refer to in this prospectus supplement as the series H preferred stock. We will pay cumulative dividends on the series H preferred stock from the date of original issue at a rate of _____ % per annum of the \$25.00 liquidation preference per share (equivalent to an annual rate of \$ _____ per share). Dividends on the series H preferred stock will be payable quarterly in arrears on or about the last day of March, June, September and December of each year, beginning on June 30, 2014. The series H preferred stock will rank on parity with our outstanding preferred stock and senior to our common stock with respect to dividend rights and rights upon our liquidation, dissolution or winding-up.

Generally, we are not allowed to redeem the series H preferred stock prior to March _____, 2019 except in limited circumstances to preserve our status as a real estate investment trust, or REIT, and pursuant to the special optional redemption provision described below. On or after March _____, 2019 we may, at our option, redeem the series H preferred stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends on such series H preferred stock up to but excluding the redemption date. In addition, upon the occurrence of a change of control, as a result of which neither our common stock, par value

\$0.01 per share, nor the common securities of the acquiring or surviving entity (or American Depositary Receipts, or ADRs, representing such securities) is listed on the New York Stock Exchange, or NYSE, the NYSE MKT LLC, or the NYSE MKT, or the NASDAQ Stock Market, or NASDAQ, or listed or quoted on a successor exchange or quotation system, we may, at our option, redeem the series H preferred stock, in whole or in part within 120 days after the first date on which such change of control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption. If we exercise any of our redemption rights relating to the series H preferred stock, the holders of series H preferred stock will not have the conversion right described below. The series H preferred stock has no stated maturity and is not subject to mandatory redemption or any sinking fund. Holders of shares of the series H preferred stock will generally have no voting rights except for limited voting rights if we fail to pay dividends for six or more quarterly periods (whether or not consecutive) and in certain other circumstances.

Upon the occurrence of a change of control, as a result of which neither our common stock nor the common securities of the acquiring or surviving entity (or ADRs representing such securities) is listed on the NYSE, the NYSE MKT or NASDAQ or listed or quoted on a successor exchange or quotation system, each holder of series H preferred stock will have the right (unless, prior to the Change of Control Conversion Date (as defined herein), we have provided or provide notice of our election to redeem the series H preferred stock) to convert some or all of the series H preferred stock held by it into a number of shares of our common stock per share of series H preferred stock to be converted equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a series H preferred stock dividend payment and prior to the corresponding series H preferred stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price (as defined herein); and

, or the Share Cap, subject to certain adjustments;

subject, in each case, to provisions for the receipt of alternative consideration as described in this prospectus supplement.

We are organized and conduct our operations to qualify as a REIT for federal income tax purposes. To assist us in complying with certain federal income tax requirements applicable to REITs, our charter contains certain restrictions relating to the ownership and transfer of our capital stock, including an ownership limit of 9.8% on the series H preferred stock.

No market currently exists for the series H preferred stock. We intend to file an application to list the series H preferred stock on the NYSE under the symbol DLR Pr H . If the application is approved, trading of the series H preferred stock on the NYSE is expected to commence within 30 days after the date of initial delivery of the series H preferred stock.

An investment in our series H preferred stock involves risks. See Risk Factors beginning on page S-12 of this prospectus supplement and page 2 of the accompanying prospectus for certain risk factors relevant to an investment in the series H preferred stock.

(1) Plus accrued dividends, if any, from the original date of issue.

(2) Assumes no exercise of the underwriters' option to purchase additional shares described below.

We have granted the underwriters an option to purchase up to an additional shares of the series H preferred stock within 30 days from the date of this prospectus supplement.

The underwriters expect to deliver shares of the series H preferred stock through The Depository Trust Company on or about _____, 2014, which is the fifth business day following the pricing of this offering.

PROSPECTUS SUPPLEMENT SUMMARY

Digital Realty Trust Inc.

Overview

We own, acquire, develop and manage technology-related real estate. As of December 31, 2013, our portfolio consisted of 131 properties, including 12 properties held as investments in unconsolidated joint ventures and developable land, of which 104 are located throughout North America, 22 are located in Europe, three are located in Australia and two are located in Asia. We are diversified in major markets where corporate data center and technology tenants are concentrated, including the Boston, Chicago, Dallas, Los Angeles, New York Metro, Northern Virginia, Phoenix, San Francisco and Silicon Valley metropolitan areas in the U.S., Amsterdam, Dublin, Geneva, London and Paris markets in Europe and Singapore, Sydney, Melbourne, Hong Kong and Osaka markets in the Asia Pacific region. The portfolio consists of Internet gateway and corporate data center properties, technology manufacturing properties and regional or national headquarters of technology companies.

As of December 31, 2013, our properties contained a total of approximately 24.5 million net rentable square feet including approximately 1.8 million square feet of space under active development and approximately 1.3 million square feet of space held for future development. As of December 31, 2013, our portfolio, including the 12 properties held as investments in unconsolidated joint ventures and excluding active development space and space held for development, was approximately 92.6% leased.

Our principal executive offices are located at Four Embarcadero Center, Suite 3200, San Francisco, California 94111. Our telephone number is (415) 738-6500. Our website is located at www.digitalrealty.com. The information found on, or accessible through, our website is not incorporated into, and does not form a part of, this prospectus supplement, the accompanying prospectus or any other report or document we file with or furnish to the United States Securities and Exchange Commission (the "SEC").

Recent Developments

On October 1, 2013, we repaid in full a £42.8 million (or approximately \$69.3 million based on the exchange rate of \$1.6195 to £1.00 as of October 1, 2013) mortgage loan on our Mundells Roundabout property. This repayment was funded with borrowings under our term loan facility.

On October 18, 2013, we repaid in full a 6.4 million (or approximately \$8.8 million based on the exchange rate of \$1.3687 to 1.00 as of October 18, 2013) mortgage loan on our Gyroscoopweg 2E-2F property. This repayment was funded with borrowings under our global revolving credit facility.

On November 5, 2013, we repaid in full the Series B notes under the Prudential shelf facility in the amount of \$33 million. This repayment was funded with borrowings under our global revolving credit facility.

On November 8, 2013, we repaid in full a \$45.8 million mortgage loan on our 360 Spear Street property. This repayment was funded with borrowings under our global revolving credit facility.

On December 19, 2013, we completed the acquisition of a 108,000 square foot data center in Somerset, New Jersey (New York Metro) for approximately \$35.3 million. The purchase price includes the assumption of a \$26.4 million mortgage loan. The acquisition was financed with borrowings under our global revolving credit facility. On March 5, 2014, we contributed this property to our joint venture with an investment fund managed by Prudential Real Estate

Investors which was formed in September 2013. Also on March 5, 2014, the joint venture assumed the debt and repaid in full the outstanding balance of \$26.1 million on the mortgage loan.

On March 16, 2014, A. William Stein was appointed as Interim Chief Executive Officer of the company, effective as of March 17, 2014 upon the departure of Michael F. Foust, our former Chief Executive Officer. Mr. Foust is expected to continue to serve as a director on our Board of Directors until our annual meeting of stockholders in April 2014. Mr. Stein will serve as our Interim Chief Executive Officer until otherwise determined by our Board of Directors in its sole discretion. In connection with Mr. Stein's appointment, we granted Mr. Stein an award of 11,648 time-vesting profits interest units and an award of Class D units of the operating partnership having a value of approximately \$600,000 at target performance level (based on an independent third party valuation of the Class D units, and excluding Class D units attributable to accumulated distributions).

Subject to the effectiveness of a release agreement with the company, we anticipate that Mr. Foust will be eligible to receive a cash severance payment of approximately \$6.4 million, as well as various other severance payments and benefits, in accordance with the not-for-cause termination provisions of Mr. Foust's employment agreement and applicable equity award agreements with us. We expect to record a one-time charge in the first quarter of 2014 of approximately \$14 million, or \$0.10 per share, related to Mr. Foust's separation compensation.

On March 17, 2014, the company announced that the operating partnership commenced an offer to purchase the operating partnership's 5.50% Exchangeable Senior Debentures due 2029 (the "Debentures"). The offer to repurchase the Debentures is being conducted pursuant to a put option contained in the indenture governing the Debentures, dated as of April 20, 2009 (the "Indenture"), which entitles each holder of the Debentures to require the operating partnership to purchase all or any part of such holder's Debentures at a purchase price equal to 100% of the principal amount of the Debentures on April 15, 2014.

Also on March 17, 2014, the operating partnership gave notice that it will redeem all of its outstanding Debentures, pursuant to its option under the Indenture on April 18, 2014 (the "Redemption Date"). The redemption price is 100% of the principal amount of the Debentures plus accrued and unpaid interest thereon up to the Redemption Date. Holders of the Debentures have the right to exchange their Debentures on or prior to 5:00 p.m., New York City time, on the second business day immediately preceding the Redemption Date.

Our Competitive Strengths

We believe we distinguish ourselves from other owners, acquirors and managers of technology-related real estate through our competitive strengths, which include:

High-Quality Portfolio that is Difficult to Replicate. Our portfolio contains state-of-the-art data center facilities with extensive tenant improvements. Based on current market rents and the estimated replacement costs of our properties and their improvements, we believe that they could not be replicated today on a cost-competitive basis. Our portfolio of data center facilities is equipped to meet the power and cooling requirements for the most demanding corporate IT applications. Many of the properties in our portfolio are located on major aggregation points formed by the physical presence of multiple major telecommunications service providers, which reduces our tenants' costs and operational risks and increases the attractiveness of our buildings.

Presence in Key Markets. Our portfolio is located in 33 metropolitan areas, including the Boston, Chicago, Dallas, Los Angeles, New York Metro, Northern Virginia, Phoenix, San Francisco and Silicon Valley metropolitan areas in the United States, the Amsterdam, Dublin, Geneva, London and Paris markets in

Edgar Filing: Digital Realty Trust, Inc. - Form 424B5

Europe and the Singapore, Sydney, Melbourne, Hong Kong and Osaka markets in the Asia Pacific region, and is diversified so that no one market represented more than 12.0% of the aggregate annualized rent of our portfolio as of December 31, 2013.

Proven Experience Executing New Leases. We have considerable experience in identifying and leasing to new tenants. The combination of our specialized data center leasing team and customer referrals continues to provide a robust pipeline of new tenants. During the year ended December 31, 2013, we commenced new leases totaling approximately 1.0 million square feet, which represent approximately \$120.6 million in annualized GAAP rent. During the year ended December 31, 2013, we signed new leases totaling approximately 1.3 million square feet, which represent approximately \$161.3 million in annualized GAAP rent. These leases were comprised of Powered Base Buildings[®], Turn-Key Flex[®] space, Custom Solutions product and space for ancillary office and other uses.

Demonstrated Acquisition Capability. As of December 31, 2013, our portfolio consisted of 131 properties, including 12 properties held as investments in unconsolidated joint ventures and developable land, for an aggregate of 24.5 million net rentable square feet, including approximately 1.8 million square feet of space under active development and approximately 1.3 million square feet of space held for future development. We have developed detailed, standardized procedures for evaluating acquisitions, including income producing assets and vacant properties and land suitable for development, to ensure that they meet our financial, technical and other criteria. These procedures and our in-depth knowledge of the technology and data center industries allow us to identify strategically located properties and evaluate investment opportunities efficiently and, as appropriate, commit and close quickly. Our broad network of contacts within a highly fragmented universe of sellers and brokers of technology-related real estate enables us to capitalize on acquisition opportunities. As a result, we acquired a substantial portion of our properties before they were broadly marketed by real estate brokers.

Flexible Data center Solutions. We provide flexible, customer oriented solutions designed to meet the needs of domestic and international companies across multiple industry verticals, including Turn-Key Flex[®], Powered Base Building[®] and Custom Solutions options. Our Turn-Key Flex[®] data centers are move-in ready, physically secure facilities with the power and cooling capabilities to support mission-critical IT enterprise applications. We believe our Turn-Key Flex[®] facilities are effective solutions for tenants that lack the expertise, capital budget or desire to provide their own extensive data center infrastructure, management and security. For tenants that possess the ability to build and operate their own facility, our Powered Base Building[®] solution provides the physical location, required power and network access necessary to support a state-of-the-art data center. Our in-house engineering and design and construction professionals can also provide tenants with our Custom Solutions product to meet their unique specifications. Our Critical Facilities Management[®] services and team of technical engineers and data center operations experts provide 24/7 support for these mission-critical facilities.

Differentiating Development Advantages. Our extensive development activity, operating scale and process-based approach to data center design, construction and operations result in significant cost savings and added value for our tenants. We have leveraged our purchasing power by securing global purchasing agreements and developing relationships with major equipment manufacturers, reducing costs and shortening delivery timeframes on key components, including major mechanical and electrical equipment. Utilizing our innovative modular data center design referred to as POD Architecture[®], we deliver what we believe to be a technically superior data center environment at significant cost savings. In addition, by utilizing our POD Architecture[®] to develop new Turn-Key Flex[®] facilities in our existing Powered Base Building[®] facilities, on average we are able to deliver a fully commissioned facility in just under 30 weeks. Finally, our access to capital allows us to provide data center solutions for tenants that do not want to invest

their own capital.

Diverse Tenant Base Across a Variety of Industry Sectors. We use our in-depth knowledge of the requirements and trends for Internet and data communications and corporate data center users to market our properties to domestic and international tenants with specific technology needs. At December 31, 2013, we had 655 tenants across a variety of industry verticals, ranging from financial services, cloud and information technology services, to manufacturing, energy, health care and consumer products. Our largest tenant, comprised of subsidiaries of CenturyLink, Inc., accounted for approximately 7.8% of the

S-3

Table of Contents

aggregate annualized rent of our portfolio as of December 31, 2013 and no other single tenant accounted for more than approximately 5.5% of the aggregate annualized rent of our portfolio.

Experienced and Committed Management Team and Organization. Our senior management team has an average of 30 years of experience in the technology or real estate industries, including experience as investors in, advisors to and founders of technology companies. We believe that our senior management team's extensive knowledge of both the real estate and the technology industries provides us with a key competitive advantage. At December 31, 2013, our senior management team and directors collectively owned common equity interests in our company of approximately 0.7%, which aligns their interests with those of our stockholders.

Business and Growth Strategies

Our primary business objectives are to maximize sustainable long-term growth in earnings and funds from operations per share and unit and to maximize cash flow and returns to our stockholders and our operating partnership's unitholders, including through the payment of distributions. Our business strategies to achieve these objectives are:

Achieve Superior Returns on Development Inventory. At December 31, 2013, we had approximately 1.8 million square feet of space under active development for Turn-Key Flex[®], Powered Base Building[®] and Custom Solutions products, all of which are expected to be income producing on or after completion, in eight U.S. markets, three European markets, one Canadian market and one Australian market, consisting of approximately 1,063,000 square feet of base building construction and 697,000 square feet of data center construction. We may continue to build out our development portfolio when justified by anticipated returns.

Capitalize on Acquisition Opportunities. We believe that acquisitions enable us to increase cash flow and create long-term stockholder value. Our relationships with corporate information technology groups, technology tenants and real estate brokers who are dedicated to serving these tenants provide us with ongoing access to potential acquisitions and often enable us to avoid competitive bidding. Furthermore, the specialized nature of technology-related real estate makes it more difficult for traditional real estate investors to understand, which results in reduced competition for acquisitions relative to other property types. We believe this dynamic creates an opportunity for us to obtain better risk-adjusted returns on our capital.

Access and Use Capital Efficiently. We believe we can increase stockholder returns by effectively accessing and deploying capital. Since Digital Realty Trust, Inc.'s initial public offering in 2004, our company has raised approximately \$11.8 billion of capital through common, preferred and convertible preferred equity offerings, exchangeable debt offerings, non-exchangeable bond offerings, our global revolving credit facility, our term loan facility, the Amended and Restated Note Purchase and Private Shelf Agreement dated November 3, 2011, as amended which we refer to as our Prudential shelf facility, among Prudential Investment Management, Inc., us, certain of our subsidiaries and the purchasers set forth therein, secured mortgage financings, refinancings and our share of joint venture debt and sales of non-core assets. We will endeavor to maintain financial flexibility while using our liquidity and access to capital to support operations, including our acquisition, leasing and development programs, which are important sources of our growth.

Maximize the Cash Flow of Our Properties. We aggressively manage and lease our assets to increase their cash flow. We often acquire properties with substantial in-place cash flow and some vacancy, which enables us to create upside through lease-up. Moreover, many of our properties contain extensive in-place infrastructure or buildout that may result in higher rents when leased to tenants seeking these improvements. We control our costs by negotiating expense pass-through provisions in

S-4

Table of Contents

tenant leases for operating expenses, including power costs and certain capital expenditures. Leases covering approximately 75% of the leased net rentable square feet in our portfolio as of December 31, 2013 required tenants to pay all or a portion of increases in operating expenses, including real estate taxes, insurance, common area charges and other expenses.

Leverage Strong Industry Relationships. We use our strong industry relationships with national and regional corporate enterprise information technology groups and technology-intensive companies to identify and comprehensively respond to their real estate needs. Our company's leasing and sales professionals are real estate and technology industry specialists who can develop complex facility solutions for the most demanding corporate data center and other technology tenants.

Holders of shares of the series H preferred stock will be entitled to receive cumulative cash dividends on the series H preferred stock from, and including, the date of original issue, payable quarterly in arrears on or about the last day of March, June, September and December of each year, beginning on June 30, 2014, at the rate of % per annum of the \$25.00 liquidation preference per share (equivalent to an annual rate of \$ per share). The first dividend payable on the series H preferred stock on June 30, 2014 will be a pro rata dividend from, and including, the original issue date to and including June 30, 2014 in the amount of \$ per share. Dividends on the series H preferred stock will accrue whether or not (i) we have earnings, (ii) there are funds legally available for the payment of such dividends and (iii) such dividends are authorized or declared.

Table of Contents

Liquidation Preference

If we liquidate, dissolve or wind up, holders of shares of the series H preferred stock will have the right to receive \$25.00 per share of the series H preferred stock, plus accrued and unpaid dividends (whether or not authorized or declared) up to but excluding the date of payment, before any payment is made to holders of our common stock and any other class or series of capital stock ranking junior to the series H preferred stock as to liquidation rights. We may only issue equity securities ranking senior to the series H preferred stock with respect to dividend rights and rights upon our liquidation, dissolution and winding-up if we obtain the affirmative vote of the holders of at least two-thirds of the outstanding series H preferred stock together with each other class or series of preferred stock ranking on parity with the series H preferred stock with respect to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up. The rights of holders of shares of the series H preferred stock to receive their liquidation preference will be subject to the proportionate rights of any other class or series of our capital stock ranking on parity with the series H preferred stock as to liquidation, including the series E preferred stock, series F preferred stock and series G preferred stock, and junior to the rights of any class or series of our capital stock expressly designated as ranking senior to the series H preferred stock.

Optional Redemption

We may not redeem the series H preferred stock prior to March 31, 2019 except in limited circumstances to preserve our status as a REIT, as described in Description of the Series H Preferred Stock Optional Redemption in this prospectus supplement and pursuant to the special optional redemption provision described below. On and after March 31, 2019 the series H preferred stock will be redeemable at our option, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus accrued and unpaid dividends (whether or not authorized or declared) up to but excluding the redemption date. Any partial redemption will be on a pro rata basis.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined below), we may, at our option, redeem the series H preferred stock, in whole or in part within 120 days after the first date on which such Change of Control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption. If, prior to the Change of Control Conversion Date, we exercise any of our redemption rights relating to the series H preferred stock (whether our optional redemption right or our special optional redemption right), the holders of series H preferred stock will not have the conversion right described below with respect to the shares called for redemption.

A Change of Control is when, after the original issuance of the series H preferred stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase,

S-7

merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of stock of our company entitling that person to exercise more than 50% of the total voting power of all stock of our company entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or ADRs representing such securities) listed on the NYSE, the NYSE MKT or NASDAQ or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE MKT or NASDAQ.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of series H preferred stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series H preferred stock) to convert some or all of the series H preferred stock held by such holder on the Change of Control Conversion Date into a number of shares of our common stock per share of series H preferred stock to be converted equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a series H preferred stock dividend payment and prior to the corresponding series H preferred stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price; and

(i.e., the Share Cap), subject to certain adjustments;

subject, in each case, to provisions for the receipt of alternative consideration as described in this prospectus supplement.

If, prior to the Change of Control Conversion Date, we have provided or provide a redemption notice, whether pursuant to our special optional

redemption right in connection with a Change of Control or our optional redemption right, holders of series H preferred stock will not have any right to convert the shares of series H preferred stock selected for redemption in connection with the Change of Control Conversion Right and any shares of series H preferred stock selected for redemption that have been tendered for conversion will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

For definitions of Change of Control Conversion Right, Change of Control Conversion Date and Common Stock Price and for a

description of the adjustments and provisions for the receipt of alternative consideration that may be applicable to the Change of Control Conversion Right, see Description of the Series H Preferred Stock Conversion Rights.

Except as provided above in connection with a Change of Control, the series H preferred stock is not convertible into or exchangeable for any other securities or property.

No Maturity, Sinking Fund or Mandatory Redemption

The series H preferred stock has no stated maturity date and is not subject to mandatory redemption or any sinking fund. We are not required to set aside funds to redeem the series H preferred stock. Accordingly, the series H preferred stock will remain outstanding indefinitely unless we decide to redeem the shares at our option or, under circumstances where the holders of the series H preferred stock have a conversion right, such holders decide to convert the series H preferred stock into our common stock.

Limited Voting Rights

Holders of shares of the series H preferred stock will generally have no voting rights. However, if we are in arrears on dividends on the series H preferred stock for six or more quarterly periods, whether or not consecutive, holders of shares of the series H preferred stock (voting separately as a class together with the holders of all other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable, including the series E preferred stock, the series F preferred stock and the series G preferred stock) will be entitled to vote at a special meeting called upon the request of at least 10% of such holders or at our next annual meeting and each subsequent annual meeting of stockholders for the election of two additional directors to serve on our board of directors until all unpaid dividends with respect to the series H preferred stock and any other class or series of parity preferred stock have been paid or declared and a sum sufficient for the payment thereof set aside for payment. In addition, the affirmative vote of the holders of at least two-thirds of the outstanding shares of the series H preferred stock together with the holders of all other shares of any class or series of preferred stock ranking on parity with the series H preferred stock with respect to the payment of dividends and distribution of assets upon our liquidation, dissolution or winding up (voting together as a single class) is required for us to authorize or issue any class or series of stock ranking senior to the series H preferred stock or to amend any provision of our charter so as to materially and adversely affect the terms of the series H preferred stock. If the proposed charter amendments would materially and adversely affect the rights, preferences, privileges or voting powers of the series H preferred stock disproportionately relative to other classes or series of preferred stock ranking on parity

with the series H preferred stock with respect to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up, the affirmative vote of the holders of at least two-thirds of the outstanding shares of the series H preferred stock, voting separately as a class, is also required.

Listing

We intend to file an application to list the series H preferred stock on the NYSE under the symbol DLR Pr H . We will use commercially reasonable efforts to have the listing application for the series H preferred stock approved. If the application is approved, trading of the series H preferred stock on the NYSE is expected to commence within 30 days after the date of initial delivery of the series H preferred stock. The underwriters have advised us that they intend to make a market in the series H preferred stock prior to commencement of any trading on the NYSE. However, the underwriters will have no obligation to do so, and we cannot assure you that a market for the series H preferred stock will develop or be maintained prior or subsequent to commencement of trading on the NYSE.

Restrictions on Ownership and Transfer

For us to qualify as a REIT under the Internal Revenue Code of 1986, as amended, or the Code, the transfer of our capital stock, which includes the series H preferred stock, is restricted and not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals, as defined in the Code, during the last half of any taxable year. In order to assist us in meeting these requirements, no person or entity may own, or be deemed to own by virtue of the constructive ownership rules of the Code, subject to limited exceptions, more than 9.8% by value or number of shares, whichever is more restrictive, of the outstanding shares of the series H preferred stock or more than 9.8% in value of our outstanding capital stock.

Use of Proceeds

We expect that the net proceeds from the series H preferred stock offering will be approximately \$ million (or approximately \$ million if the underwriters' option to purchase additional shares is exercised in full) after deducting the underwriting discount and our estimated expenses. We intend to contribute the net proceeds from this offering to our operating partnership, which will subsequently use the net proceeds from the offering to temporarily repay borrowings under our global revolving credit facility, to acquire additional properties, to fund development opportunities, for general corporate purposes, including potentially for the repurchase, redemption or retirement of outstanding debt or preferred equity securities, or a combination of the foregoing. See Use of Proceeds in this prospectus supplement.

Conflicts of Interest

As described in Use of Proceeds, we may use a portion of the net proceeds from this offering to reduce amounts outstanding under our global revolving credit facility. Affiliates of certain of the underwriters are lenders under our global revolving credit facility and will receive a pro rata portion of the net proceeds from this offering to the extent that we use any such proceeds to reduce the outstanding balance under such facility. See Underwriting (Conflicts of Interest).

Transfer Agent

The transfer agent and registrar for our preferred stock is American Stock Transfer & Trust Company, LLC.

RISK FACTORS

In addition to other information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus, you should carefully consider the risks described below and incorporated by reference to our Combined Annual Report on Form 10-K, as amended, for the year ended December 31, 2013, as updated by our subsequent filings under the Exchange Act that are incorporated by reference herein in evaluating our company, our properties and our business before making a decision to invest in the series H preferred stock. These risks are not the only ones faced by us. Additional risks not presently known to us or that we currently deem immaterial could also materially and adversely affect our financial condition, results of operations, business and prospects. The trading price of the series H preferred stock could decline due to any of these risks, and you may lose all or part of your investment. This prospectus supplement and the accompanying prospectus, and the documents incorporated herein and therein by reference, also contain forward-looking statements that involve risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus supplement and the accompanying prospectus, and the documents incorporated herein and therein by reference. Please refer to the section entitled "Forward-Looking Statements" in this prospectus supplement.

Risks Related to this Offering

The series H preferred stock is a new issuance and does not have an established trading market, which may negatively affect its market value and your ability to transfer or sell your shares.

The shares of series H preferred stock are a new issue of securities with no established trading market. Because the series H preferred stock has no stated maturity date, investors seeking liquidity will be limited to selling their shares in the secondary market. We intend to file an application to list the series H preferred stock on the NYSE under the symbol "DLR Pr H". If the NYSE approves our application, however, an active trading market on the NYSE for the shares may not develop or, even if it develops, may not last, in which case the trading price of the shares could be adversely affected and your ability to transfer your shares of series H preferred stock will be limited.

We have been advised by the underwriters that they intend to make a market in the shares of the series H preferred stock prior to the commencement of trading on the NYSE, but they are not obligated to do so and may discontinue market-making at any time without notice.

The series H preferred stock will be rated below investment grade by two of the three rating agencies that currently cover our securities.

The series H preferred stock will not be rated investment grade by two of the three rating agencies that currently cover our securities and will be subject to a higher risk of price volatility than similar, higher-rated securities. Furthermore, increases in leverage of or deteriorating outlooks for an issuer, or volatile markets, could lead to significant deterioration in market prices of below-investment grade rated securities.

Ratings only reflect the views of the issuing rating agency or agencies and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. Further, a rating is not a recommendation to purchase, sell or hold any particular security, including the series H preferred stock. In addition, ratings do not reflect market prices or suitability of a security for a particular investor and any rating of the series H preferred stock may not reflect all risks related to our company and our business, or the structure or market value of the series H preferred stock.

Market interest rates and other factors may affect the value of the series H preferred stock and our common stock.

One of the factors that will influence the prices of the series H preferred stock and our common stock will be the dividend yield on the series H preferred stock and our common stock relative to market interest rates. An increase in market interest rates could cause the market prices of the series H preferred stock and our common stock to go down. The trading prices of the shares of the series H preferred stock and our common stock will also depend on many other factors, which may change from time to time, including:

the market for similar securities;

the attractiveness of REIT securities in comparison to the securities of other companies, taking into account, among other things, the higher tax rates imposed on dividends paid by REITs;

government action or regulation;

general economic conditions or conditions in the financial or real estate markets; and

our financial condition, performance and prospects.

In addition, over the last several years, prices of equity securities in the U.S. trading markets have been experiencing extreme price fluctuations, and the market prices of our common stock and preferred stock have also fluctuated significantly during this period. As a result of these and other factors, investors who purchase the series H preferred stock in this offering may experience a decrease, which could be substantial and rapid, in the market price of the series H preferred stock, including decreases unrelated to our operating performance or prospects. Likewise, in the event that the series H preferred stock becomes convertible upon a Change of Control and is converted into our common stock, holders of our common stock issued on conversion may experience a similar decrease, which also could be substantial and rapid, in the market price of our common stock.

Our global revolving credit facility, Prudential shelf facility and term loan facility may limit our ability to pay distributions to the holders of the series H preferred stock.

Our global revolving credit facility, Prudential shelf facility and term loan facility prohibit us from making distributions to our stockholders, or redeeming or otherwise repurchasing shares of our capital stock, including the series H preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances including as necessary to enable us to maintain our qualification as a REIT and to avoid the payment of income or excise tax. Consequently, after the occurrence and during the continuance of an event of default under our global revolving credit facility, Prudential shelf facility or term loan facility, we may not be able to pay all or a portion of the dividends payable to the holders of the series H preferred stock or redeem all or a portion of the series H preferred stock. In addition, in the event of a default under our global revolving credit facility, Prudential shelf facility or term loan facility, we would be unable to borrow under such facilities and any amounts we have borrowed thereunder could become immediately due and payable. The agreements governing our future debt instruments may also include restrictions on our ability to pay dividends to holders or make redemptions or repurchases of the series H

preferred stock.

Shares of the series H preferred stock are subordinated to existing and future debt and your interests could be diluted by the issuance of additional preferred stock, including additional shares of the series H preferred stock, and by other transactions.

As of December 31, 2013, our total consolidated indebtedness was approximately \$5.0 billion, and we may incur significant additional debt to finance future acquisition and development activities. Payment of accrued dividends on the series H preferred stock will be subordinated to all of our existing and future debt and will be structurally subordinate to the obligations of our subsidiaries. In addition, we may issue additional shares of series H preferred stock or shares of another class or series of preferred stock ranking on parity with (or, upon the affirmative vote or consent of the holders of at least two-thirds of the outstanding shares of series H preferred

S-13

Table of Contents

stock together with each other class or series of preferred stock ranking on parity with the series H preferred stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up and upon which like voting rights have been conferred and are exercisable, senior to) the series H preferred stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up. Other than the conversion right afforded to holders of series H preferred stock upon the occurrence of a Change of Control as described under Description of the Series H Preferred Stock Conversion Rights and other than the limited voting rights as described under Description of the Series H Preferred Stock Limited Voting Rights below, none of the provisions relating to the series H preferred stock relate to or limit our indebtedness or afford the holders of the series H preferred stock protection in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, that might adversely affect the holders of the series H preferred stock. These factors may affect the trading price of the series H preferred stock.

As a holder of series H preferred stock you have extremely limited voting rights.

Your voting rights as a holder of series H preferred stock will be limited. Shares of our common stock are currently the only class of our stock carrying full voting rights. Voting rights for holders of series H preferred stock exist primarily with respect to material and adverse changes in the terms of the series H preferred stock, the creation of additional classes or series of preferred stock that are senior to the series H preferred stock and our failure to pay dividends on the series H preferred stock. See Description of the Series H Preferred Stock Limited Voting Rights .

The Change of Control conversion feature may not adequately compensate you and may make it more difficult for a party to take over our company or discourage a party from taking over our company.

Upon the occurrence of a Change of Control, holders of the series H preferred stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series H preferred stock) to convert some or all of their series H preferred stock into shares of our common stock (or equivalent value of alternative consideration). See Description of the Series H Preferred Stock Conversion Rights. Upon such a conversion, the holders will be limited to a maximum number of shares of our common stock equal to the Share Cap multiplied by the number of shares of series H preferred stock converted. If the Common Stock Price is less than \$ (which is approximately % of the per-share closing sale price of our common stock reported on the NYSE on , 2014), subject to adjustment, the holders will receive a maximum of shares of our common stock per share of series H preferred stock, which may result in a holder receiving a value that is less than the liquidation preference of the series H preferred stock. In addition, the Change of Control conversion feature of the series H preferred stock may have the effect of discouraging a third party from making an acquisition proposal for our company or of delaying, deferring or preventing certain change of control transactions of our company under circumstances that otherwise could provide the holders of our common stock and series H preferred stock with the opportunity to realize a premium over the then-current market price or that stockholders may otherwise believe is in their best interests.

The articles supplementary establishing the terms of the series H preferred stock will contain restrictions upon ownership and transfer of the series H preferred stock.

The articles supplementary establishing the terms of the series H preferred stock will contain restrictions on ownership and transfer of the series H preferred stock intended to assist us in maintaining our status as a REIT for United States federal income tax purposes. For example, the terms of the series H preferred stock will restrict any person from acquiring actual or constructive ownership of more than 9.8% (by value or number of shares, whichever is more restrictive) of the outstanding shares of our series H preferred stock and 9.8% (by value) of our outstanding capital stock. See Description of the Series H Preferred Stock Restrictions on Ownership and Transfer in this prospectus supplement. You should consider these ownership limitations prior to your purchase of the series H preferred stock. In

addition, the articles supplementary will provide that, notwithstanding any

S-14

Table of Contents

other provision of the series H preferred stock, no holder of series H preferred stock will be entitled to convert such stock into our common stock to the extent that receipt of our common stock would cause the holder to exceed the ownership limitations contained in our charter, which may limit your ability to convert the series H preferred stock into our common stock upon a Change of Control. These ownership restrictions could also have anti-takeover effects and could reduce the possibility that a third party will attempt to acquire control of the company, which could adversely affect the market price of the series H preferred stock.

If our common stock is delisted, your ability to transfer or sell your shares of the series H preferred stock may be limited and the market value of the series H preferred stock will be materially adversely affected.

Other than in connection with certain change of control transactions, the series H preferred stock does not contain provisions that protect you if our common stock is delisted. Since the series H preferred stock has no stated maturity date, you may be forced to hold your shares of the series H preferred stock and receive stated dividends on the stock when, as and if authorized by our board of directors and declared by us with no assurance as to ever receiving the liquidation preference. In addition, if our common stock is delisted, it is likely that the series H preferred stock will be delisted as well. Accordingly, if our common stock is delisted, your ability to transfer or sell your shares of the series H preferred stock may be limited and the market value of the series H preferred stock will be materially adversely affected.

Our ability to pay dividends is limited by the requirements of Maryland law.

Our ability to pay dividends on the series H preferred stock is limited by the laws of Maryland. Under applicable Maryland law, a Maryland corporation generally may not make a distribution if, after giving effect to the distribution, the corporation would not be able to pay its debts as the debts become due in the usual course of business, or the corporation's total assets would be less than the sum of its total liabilities plus, unless the corporation's charter provides otherwise, the amount that would be needed, if the corporation were dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution. Accordingly, we generally may not make a distribution on the series H preferred stock if, after giving effect to the distribution, we would not be able to pay our debts as they become due in the usual course of business or our total assets would be less than the sum of our total liabilities plus, unless the terms of such class or series provide otherwise, the amount that would be needed to satisfy the preferential rights upon dissolution of the holders of shares of any class or series of preferred stock then outstanding, if any, with preferences senior to those of the series H preferred stock.

Dividends on the series H preferred stock do not qualify for the reduced tax rates available for some dividends.

Income from qualified dividends payable to U.S. stockholders that are individuals, trusts and estates are generally subject to tax at preferential rates. Dividends payable by REITs, including the dividends on our series H preferred stock, however, generally are not eligible for the preferential tax rates applicable to qualified dividend income. Although these rules do not adversely affect our taxation or the dividends payable by us, to the extent that the preferential rates continue to apply to regular corporate qualified dividends, investors who are individuals, trusts and estates may perceive an investment in us to be relatively less attractive than an investment in the stock of a non-REIT corporation that pays dividends, which could materially and adversely affect the value of the shares of, and per share trading price of, our capital stock, including the series H preferred stock.

FORWARD-LOOKING STATEMENTS

We make statements in this prospectus supplement, the accompanying prospectus and the documents incorporated herein and therein by reference that are forward-looking statements within the meaning of the federal securities laws. In particular, statements pertaining to our expected use of the net proceeds from this offering, capital resources, portfolio performance including our ability to lease vacant space and development space, leverage policy, rent to be received in future periods, supply and demand, and acquisition and capital expenditure plans contain forward-looking statements. Likewise, all of our statements regarding anticipated market conditions, demographics and results of operations are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as believes, expects, may, will, should, seeks, approximately, intends, forma, estimates or anticipates or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described or that they will happen at all. The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

the impact of current global economic, credit and market conditions;

current local economic conditions in our geographic markets;

decreases in information technology spending, including as a result of economic slowdowns or recession;

adverse economic or real estate developments in our industry or the industry sectors that we sell to (including risks relating to decreasing real estate valuations and impairment charges);

our dependence upon significant tenants;

bankruptcy or insolvency of a major tenant or a significant number of smaller tenants;

defaults on or non-renewal of leases by tenants;

our failure to obtain necessary debt and equity financing;

risks associated with using debt to fund our business activities, including re-financing and interest rate risks, our failure to repay debt when due, adverse changes in our credit ratings or our breach of covenants or other terms contained in our loan facilities and agreements;

financial market fluctuations;

changes in foreign currency exchange rates;

our inability to manage our growth effectively;

difficulty acquiring or operating properties in foreign jurisdictions;

our failure to successfully integrate and operate acquired or developed properties or businesses;

the suitability of our properties and data center infrastructure, delays or disruptions in connectivity, failure of our physical infrastructure or services or availability of power;

risks related to joint venture investments, including as a result of our lack of control of such investments;

Table of Contents

delays or unexpected costs in development of properties;

decreased rental rates, increased operating costs or increased vacancy rates;

increased competition or available supply of data center space;

our inability to successfully develop and lease new properties and development space;

difficulties in identifying properties to acquire and completing acquisitions;

our inability to acquire off-market properties;

our inability to comply with the rules and regulations applicable to reporting companies;

our failure to maintain our status as a REIT for federal income tax purposes;

possible adverse changes to tax laws;

restrictions on our ability to engage in certain business activities;

environmental uncertainties and risks related to natural disasters;

losses in excess of our insurance coverage;

changes in foreign laws and regulations, including those related to taxation and real estate ownership and operation; and

changes in local, state and federal regulatory requirements, including changes in real estate and zoning laws and increases in real property tax rates.

While forward-looking statements reflect our good faith beliefs, they are not guaranties of future performance. Except as required by law, we disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events or other changes. The risks included here are not exhaustive, and additional factors could adversely affect our business and financial performance, including factors and risks included in other sections of this prospectus supplement, the accompanying prospectus or the documents incorporated by reference herein or therein. Those risks continue to be relevant to our

performance and financial condition. Moreover, we operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can we assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. For a further discussion of these and other factors that could impact our future results, performance or transactions, see the section entitled "Risk Factors" in this prospectus supplement, in the accompanying prospectus and in our Combined Annual Report on Form 10-K, as amended, for the year ended December 31, 2013, as may be updated by subsequent filings with the SEC that are incorporated by reference herein and therein.

Table of Contents**USE OF PROCEEDS**

We expect that the net proceeds from this offering will be approximately \$ million (or approximately \$ million if the underwriters' option to purchase additional shares is exercised in full) after deducting the underwriting discounts and commissions and our estimated expenses of approximately \$1.2 million.

We intend to contribute the net proceeds of this offering to our operating partnership, which will subsequently use the net proceeds received from us to temporarily repay borrowings under our global revolving credit facility, to acquire additional properties, to fund development opportunities, for general corporate purposes, including potentially for the repurchase, redemption or retirement of outstanding debt or preferred equity securities, or a combination of the foregoing. As of December 31, 2013, our global revolving credit facility had a total outstanding balance of \$724.7 million, excluding committed letters of credit of \$20.6 million, leaving approximately \$1.3 billion available for use. As of December 31, 2013, borrowings under the global revolving credit facility bore interest at an overall blended rate of 1.60% comprised of 1.27% (U.S. dollars), 1.33% (Euros), 3.70% (Australian dollars), 1.31% (Hong Kong dollars), 1.21% (Japanese yen) and 2.32% (Canadian dollars). The interest rates are based on 1-month LIBOR, 1-month EURIBOR, 1-month BBR, 1-month HIBOR, 1-month JPY LIBOR and 1-month CDOR, respectively, plus a margin of 1.10%. The facility also bore a base borrowing rate of 3.35% (USD) which is based on U.S. Prime Rate plus a margin of 0.10%. We have used and intend to use available borrowings under the global revolving credit facility to acquire additional properties, fund development opportunities and to provide for working capital and other general corporate purposes, including potentially for the repurchase, redemption or retirement of outstanding debt and preferred equity securities.

Affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC, and Wells Fargo Securities, LLC, are lenders, an affiliate of Merrill Lynch, Pierce, Fenner & Smith Incorporated is the syndication agent, Merrill Lynch, Pierce, Fenner & Smith Incorporated is a joint lead arranger and joint book running manager, and affiliates of Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC are co-documentation agents under our global revolving credit facility. As described above, we may use a portion of the net proceeds of this offering to repay borrowings outstanding under our global revolving credit facility, and such affiliates of the underwriters therefore may receive more than 5% of the net proceeds from this offering through the repayment of those borrowings.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

Our ratios of earnings to fixed charges and earnings to fixed charges and preferred stock dividends for the periods indicated are as follows:

	Year Ended December 31,				
	2013	2012	2011	2010	2009
Ratio of earnings to fixed charges	2.31	2.07	1.85	1.64	1.82
Ratio of earnings to fixed charges and preferred stock dividends	1.94	1.71	1.61	1.31	1.29

Our ratios of earnings to fixed charges are computed by dividing earnings by fixed charges. Our ratios of earnings to fixed charges and preferred dividends are computed by dividing earnings by the sum of fixed charges and preferred dividends. For this purpose, earnings consist of income from continuing operations before noncontrolling interests and fixed charges. Fixed charges consist of interest expense, capitalized interest and amortization of deferred financing fees, whether expensed or capitalized, and interest within rental expense. Preferred stock dividends consist of the amount of pre-tax earnings required to pay dividends on the series A cumulative redeemable preferred stock (which

was redeemed on August 24, 2010), series B cumulative redeemable preferred stock (which was redeemed on December 10, 2010), series C cumulative convertible preferred stock (which was converted on April 17, 2012), series D cumulative convertible preferred stock (which was converted on February 26, 2013), series E preferred stock, series F preferred stock and series G preferred stock.

DESCRIPTION OF THE SERIES H PREFERRED STOCK

The following summary of the material terms and provisions of the series H preferred stock of Digital Realty Trust, Inc. does not purport to be complete and is qualified in its entirety by reference to the articles supplementary setting forth the terms of the series H preferred stock, our charter, our bylaws, as amended, each of which is available from us and is or will be filed with the SEC. This description of the particular terms of the series H preferred stock supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of our preferred stock set forth in the accompanying prospectus.

General

Our board of directors and a duly authorized committee of our board of directors classified _____ shares of the company's authorized but unissued preferred stock as, and approved articles supplementary setting forth the terms of, a series of the company's preferred stock, designated as the _____% series H cumulative redeemable preferred stock. When issued in accordance with this prospectus supplement and the accompanying prospectus, the series H preferred stock will be validly issued, fully paid and nonassessable. Our board of directors may authorize the issuance and sale of additional shares of series H preferred stock from time to time.

In connection with this offering, we, in accordance with the terms of the partnership agreement of our operating partnership, will contribute or otherwise transfer the net proceeds of the sale of the series H preferred stock to our operating partnership, and our operating partnership will issue to us _____% series H cumulative redeemable preferred units, or series H preferred units. Our operating partnership will be required to make all required distributions on the series H preferred units after any distribution of cash or assets to the holders of preferred units ranking senior to the series H preferred units as to distributions and liquidations that we may issue and prior to any distribution of cash or assets to the holders of common partnership units or to the holders of any other equity interest of our operating partnership, except for any other series of preferred units ranking on a parity with the series H preferred units as to distributions and liquidation, including our operating partnership's series E cumulative redeemable preferred units, series F cumulative redeemable preferred units and series G cumulative redeemable preferred units; provided however, that our operating partnership may make such distributions as are necessary to enable us to maintain our qualification as a REIT.

We intend to file an application to list the series H preferred stock on the NYSE under the symbol `DLR Pr H`. We will use commercially reasonable efforts to have the listing application for the series H preferred stock approved. If the application is approved, trading of the series H preferred stock on the NYSE is expected to commence within 30 days after the date of initial delivery of the series H preferred stock. See **Underwriting (Conflicts of Interest)** in this prospectus supplement.

Ranking

The series H preferred stock will rank, with respect to dividend rights and rights upon voluntary or involuntary liquidation, dissolution or winding up of our affairs:

senior to all classes or series of our common stock, and to any other class or series of our capital stock expressly designated as ranking junior to the series H preferred stock;

on parity with the series E preferred stock, the series F preferred stock, the series G preferred stock, and any other class or series of our capital stock expressly designated as ranking on parity with the series H preferred stock; and

junior to any other class or series of our capital stock expressly designated as ranking senior to the series H preferred stock, none of which exists on the date hereof.

The term "capital stock" does not include convertible or exchangeable debt securities, which, prior to conversion or exchange, rank senior in right of payment to the series H preferred stock. The series H preferred stock will also rank junior in right of payment to our other existing and future debt obligations.

Dividends

Subject to the preferential rights of the holders of any class or series of our capital stock ranking senior to the series H preferred stock with respect to dividend rights, holders of shares of the series H preferred stock are entitled to receive, when, as and if authorized by our board of directors and declared by us out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of % per annum of the \$25.00 liquidation preference per share of the series H preferred stock (equivalent to the fixed annual amount of \$ per share of the series H preferred stock).

Dividends on the series H preferred stock will accrue and be cumulative from and including the date of original issue and will be payable to holders quarterly in arrears on or about the last day of March, June, September and December of each year or, if such day is not a business day, on either the immediately preceding business day or next succeeding business day at our option, except that, if such business day is in the next succeeding year, such payment shall be made on the immediately preceding business day, in each case with the same force and effect as if made on such date. The term business day means each day, other than a Saturday or a Sunday, which is not a day on which banks in New York are required to close.

The amount of any dividend payable on the series H preferred stock for any partial dividend period will be prorated and computed on the basis of a 360-day year consisting of twelve 30-day months. A dividend period is the respective period commencing on and including the first day of January, April, July and October of each year and ending on and including the day preceding the first day of the next succeeding dividend period (other than the initial dividend period and the dividend period during which any shares of series H preferred stock shall be redeemed). Dividends will be payable to holders of record as they appear in our stock records at the close of business on the applicable record date, which shall be the date designated by our board of directors as the record date for the payment of dividends that is not more than 35 and not fewer than 10 days prior to the scheduled dividend payment date.

The first dividend on the series H preferred stock is scheduled to be paid on June 30, 2014 and will be a pro rata dividend from and including the original issue date to and including June 30, 2014 in the amount of \$ per share.

Dividends on the series H preferred stock will accrue whether or not:

we have earnings;

there are funds legally available for the payment of those dividends; or

those dividends are authorized or declared.

Except as described in the next two paragraphs, unless full cumulative dividends on the series H preferred stock for all past dividend periods shall have been or contemporaneously are declared and paid in cash or declared and a sum sufficient for the payment thereof in cash is set apart for payment, we will not:

declare and pay or declare and set aside for payment of dividends, and we will not declare and make any distribution of cash or other property, directly or indirectly, on or with respect to any shares of our common stock or shares of any other class or series of our capital stock ranking, as to dividends, on parity with or

junior to the series H preferred stock, for any period; or

redeem, purchase or otherwise acquire for any consideration, or make any other distribution of cash or other property, directly or indirectly, on or with respect to, or pay or make available any monies for a sinking fund for the redemption of, any common stock or shares of any other class or series of our capital stock ranking, as to dividends and upon liquidation, on parity with or junior to the series H preferred stock.

The foregoing sentence, however, will not prohibit:

dividends payable solely in capital stock ranking junior to the series H preferred stock;

S-21

Table of Contents

the conversion into or exchange for other shares of any class or series of capital stock ranking junior to the series H preferred stock; and

our purchase of shares of series H preferred stock, preferred stock ranking on parity with the series H preferred stock as to payment of dividends and upon liquidation or capital stock or equity securities ranking junior to the series H preferred stock pursuant to our charter to the extent necessary to preserve our status as a REIT as discussed under Restrictions on Ownership and Transfer.

When we do not pay dividends in full (and do not set apart a sum sufficient to pay them in full) on the series H preferred stock and the shares of any other class or series of capital stock ranking, as to dividends, on parity with the series H preferred stock, we will declare any dividends upon the series H preferred stock and each such other class or series of capital stock ranking, as to dividends, on parity with the series H preferred stock pro rata, so that the amount of dividends declared per share of series H preferred stock and such other class or series of capital stock will in all cases bear to each other the same ratio that accrued dividends per share on the series H preferred stock and such other class or series of capital stock (which will not include any accrual in respect of unpaid dividends on such other class or series of capital stock for prior dividend periods if such other class or series of capital stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on the series H preferred stock which may be in arrears.

Holders of shares of series H preferred stock are not entitled to any dividend, whether payable in cash, property or shares of capital stock, in excess of full cumulative dividends on the series H preferred stock as described above. Any dividend payment made on the series H preferred stock will first be credited against the earliest accrued but unpaid dividends due with respect to those shares which remain payable. Accrued but unpaid dividends on the series H preferred stock will accumulate as of the dividend payment date on which they first become payable.

We do not intend to declare dividends on the series H preferred stock, or pay or set apart for payment dividends on the series H preferred stock, if the terms of any of our agreements, including any agreements relating to our indebtedness, prohibit such a declaration, payment or setting apart for payment or provide that such declaration, payment or setting apart for payment would constitute a breach of or default under such an agreement. Likewise, no dividends will be authorized by our board of directors and declared by us or paid or set apart for payment if such authorization, declaration or payment is restricted or prohibited by law.

Our global revolving credit facility, Prudential shelf facility and term loan facility prohibit us from making distributions to our stockholders, or redeeming or otherwise repurchasing shares of our capital stock, including the series H preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances including as necessary to enable us to maintain our qualification as a REIT and to avoid the payment of income or excise tax. Consequently, after the occurrence and during the continuance of an event of default under our global revolving credit facility, Prudential shelf facility or term loan facility, we may not be able to pay all or a portion of the dividends payable to the holders of the series H preferred stock or redeem all or a portion of the series H preferred stock. In addition, in the event of a default under our global revolving credit facility, Prudential shelf facility or term loan facility, we would be unable to borrow under such facilities and any amounts we have borrowed thereunder could become immediately due and payable. The agreements governing our future debt instruments may also include restrictions on our ability to pay dividends to holders or make redemptions of the series H preferred stock.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, before any distribution or payment shall be made to holders of shares of our common stock or any other class or series of capital stock ranking,

as to rights upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, junior to the series H preferred stock, holders of shares of series H preferred stock will be entitled to be

S-22

paid out of our assets legally available for distribution to our stockholders, after payment of or provision for our debts and other liabilities, a liquidation preference of \$25.00 per share of series H preferred stock, plus an amount equal to any accrued and unpaid dividends (whether or not authorized or declared) up to but excluding the date of payment. If, upon our voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the full amount of the liquidating distributions on all outstanding shares of series H preferred stock and the corresponding amounts payable on all shares of each other class or series of capital stock ranking, as to rights upon liquidation, dissolution or winding up, on parity with the series H preferred stock in the distribution of assets, then holders of shares of series H preferred stock and each such other class or series of capital stock ranking, as to rights upon any voluntary or involuntary liquidation, dissolution or winding up, on parity with the series H preferred stock will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

Holders of shares of series H preferred stock will be entitled to written notice of any distribution in connection with any voluntary or involuntary liquidation, dissolution or winding up of our affairs not less than 30 days and not more than 60 days prior to the distribution payment date. After payment of the full amount of the liquidating distributions to which they are entitled, holders of shares of series H preferred stock will have no right or claim to any of our remaining assets. Our consolidation or merger with or into any other corporation, trust or other entity, or the voluntary sale, lease, transfer or conveyance of all or substantially all of our property or business, will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

In determining whether a distribution (other than upon voluntary or involuntary liquidation), by dividend, redemption or other acquisition of shares of our capital stock or otherwise, is permitted under Maryland law, amounts that would be needed, if we were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of holders of shares of series H preferred stock will not be added to our total liabilities.

Optional Redemption

Except with respect to the special optional redemption described below and in certain limited circumstances relating to our maintenance of our ability to qualify as a REIT as described in Restrictions on Ownership and Transfer, we cannot redeem the series H preferred stock prior to March 31, 2019. On and after March 31, 2019, we may, at our option, upon not fewer than 30 and not more than 60 days written notice, redeem the series H preferred stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends (whether or not authorized or declared) up to but excluding the date fixed for redemption, without interest, to the extent we have funds legally available for that purpose.

If fewer than all of the outstanding shares of the series H preferred stock are to be redeemed, we will select the shares of series H preferred stock to be redeemed pro rata (as nearly as may be practicable without creating fractional shares) or by lot as we determine. If such redemption is to be by lot and, as a result of such redemption, any holder of shares of series H preferred stock, other than a holder of series H preferred stock that has received an exemption from the ownership limit, would have actual or constructive ownership of more than 9.8% of the issued and outstanding shares of series H preferred stock by value or number of shares, whichever is more restrictive, or more than 9.8% in value of the aggregate outstanding shares of capital stock because such holder's shares of series H preferred stock were not redeemed, or were only redeemed in part, then, except as otherwise provided in the charter, we will redeem the requisite number of shares of series H preferred stock of such holder such that no holder will own in excess of the 9.8% series H preferred stock ownership limit or the 9.8% capital stock ownership limit subsequent to such redemption. See Restrictions on Ownership and Transfer. In order for their shares of series H preferred stock to be redeemed, holders must surrender their shares at the place, or in accordance with the book-entry procedures, designated in the notice of redemption. Holders will then be entitled to the redemption price and any accrued and

unpaid dividends payable upon redemption following surrender of the shares as detailed below. If a notice of redemption has been given (in the case of a redemption of the series H preferred stock other than to preserve our status as a REIT), if the funds necessary for the redemption have been set aside by us in trust for the benefit of the holders of any shares of series H preferred stock called for redemption and if irrevocable instructions have been given to pay the redemption price and all accrued and

S-23

Table of Contents

unpaid dividends, then from and after the redemption date, dividends will cease to accrue on such shares of series H preferred stock and such shares of series H preferred stock will no longer be deemed outstanding. At such time, all rights of the holders of such shares will terminate, except the right to receive the redemption price plus any accrued and unpaid dividends payable upon redemption, without interest. So long as no dividends are in arrears and subject to the provisions of applicable law, we may from time to time repurchase all or any part of the series H preferred stock, including the repurchase of shares of series H preferred stock in open-market transactions and individual purchases at such prices as we negotiate, in each case as duly authorized by our board of directors.

Unless full cumulative dividends on all shares of series H preferred stock have been or contemporaneously are authorized, declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods no shares of series H preferred stock will be redeemed unless all outstanding shares of series H preferred stock are simultaneously redeemed and we will not purchase or otherwise acquire directly or indirectly any shares of series H preferred stock or any class or series of our capital stock ranking, as to dividends or upon liquidation, on parity with or junior to the series H preferred stock (except by exchange for our capital stock ranking junior to the series H preferred stock as to dividends and upon liquidation); provided, however, that whether or not the requirements set forth above have been met, we may purchase shares of series H preferred stock, preferred stock ranking on parity with the series H preferred stock as to payment of dividends and upon liquidation or capital stock or equity securities ranking junior to the series H preferred stock pursuant to our charter to the extent necessary to ensure that we continue to meet the requirements for qualification as a REIT for federal income tax purposes, and may purchase or acquire shares of series H preferred stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of series H preferred stock. See Restrictions on Ownership and Transfer below.

Notice of redemption will be given by publication in a newspaper of general circulation in New York City, such publication to be made once a week for two successive weeks commencing not less than 30 nor more than 60 days prior to the redemption date. We will mail a similar notice, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the respective holders of record of the series H preferred stock to be redeemed at their respective addresses as they appear on our stock transfer records as maintained by the transfer agent named in Transfer Agent and Registrar. No failure to give such notice or any defect therein or in the mailing thereof will affect the validity of the proceedings for the redemption of any shares of series H preferred stock except as to the holder to whom notice was defective or not given. In addition to any information required by law or by the applicable rules of any exchange upon which the series H preferred stock may be listed or admitted to trading, each notice will state:

the redemption date;

the redemption price;

the number of shares of series H preferred stock to be redeemed;

the place or places where the certificates, if any, representing shares of series H preferred stock are to be surrendered for payment of the redemption price;

procedures for surrendering noncertificated shares of series H preferred stock for payment of the redemption price;

that dividends on the shares of series H preferred stock to be redeemed will cease to accumulate on such redemption date; and

that payment of the redemption price and any accumulated and unpaid dividends will be made upon presentation and surrender of such series H preferred stock.

If fewer than all of the shares of series H preferred stock held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of shares of series H preferred stock held by such holder to be redeemed.

Table of Contents

We are not required to provide such notice in the event we redeem series H preferred stock in order to maintain our status as a REIT.

If a redemption date falls after a dividend record date and on or prior to the corresponding dividend payment date, each holder of shares of the series H preferred stock at the close of business of such dividend record date will be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares on or prior to such dividend payment date and each holder of shares of series H preferred stock that surrenders such shares on such redemption date will be entitled to the dividends accruing after the end of the applicable dividend period, up to but excluding the redemption date. Except as described above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on series H preferred stock for which a notice of redemption has been given.

All shares of series H preferred stock that we redeem or repurchase will be retired and restored to the status of authorized but unissued shares of preferred stock, without designation as to series or class.

Our global revolving credit facility, the Prudential shelf facility and term loan facility prohibit us from redeeming or otherwise repurchasing any shares of our capital stock, including the series H preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined below), we may, at our option, redeem the series H preferred stock, in whole or in part within 120 days after the first date on which such Change of Control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption. If, prior to the Change of Control Conversion Date, we have provided or provide notice of redemption with respect to the series H preferred stock (whether pursuant to our optional redemption right or our special optional redemption right), the holders of series H preferred stock will not have the conversion right described below under Conversion Rights.

We will mail to you, if you are a record holder of the series H preferred stock, a notice of redemption no fewer than 30 days nor more than 60 days before the redemption date. We will send the notice to your address shown on our share transfer books. A failure to give notice of redemption or any defect in the notice or in its mailing will not affect the validity of the redemption of any series H preferred stock except as to the holder to whom notice was defective. Each notice will state the following:

the redemption date;

the redemption price;

the number of shares of series H preferred stock to be redeemed;

the place or places where the certificates, if any, representing shares of series H preferred stock are to be surrendered for payment of the redemption price;

procedures for surrendering noncertificated shares of series H preferred stock for payment of the redemption price;

that dividends on the shares of series H preferred stock to be redeemed will cease to accumulate on such redemption date;

that payment of the redemption price and any accumulated and unpaid dividends will be made upon presentation and surrender of such series H preferred stock;

that the series H preferred stock is being redeemed pursuant to our special optional redemption right in connection with the occurrence of a Change of Control and a brief description of the transaction or transactions constituting such Change of Control; and

S-25

Table of Contents

that the holders of the series H preferred stock to which the notice relates will not be able to tender such series H preferred stock for conversion in connection with the Change of Control and each share of series H preferred stock tendered for conversion that is selected, prior to the Change of Control Conversion Date, for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

If we redeem fewer than all of the outstanding shares of series H preferred stock, the notice of redemption mailed to each stockholder will also specify the number of shares of series H preferred stock that we will redeem from each stockholder. In this case, we will determine the number of shares of series H preferred stock to be redeemed as described above in **Optional Redemption**.

If we have given a notice of redemption and have set aside sufficient funds for the redemption in trust for the benefit of the holders of the series H preferred stock called for redemption, then from and after the redemption date, those shares of series H preferred stock will be treated as no longer being outstanding, no further dividends will accrue and all other rights of the holders of those shares of series H preferred stock will terminate. The holders of those shares of series H preferred stock will retain their right to receive the redemption price for their shares and any accrued and unpaid dividends through, but not including, the redemption date, without interest.

The holders of series H preferred stock at the close of business on a dividend record date will be entitled to receive the dividend payable with respect to the series H preferred stock on the corresponding payment date notwithstanding the redemption of the series H preferred stock between such record date and the corresponding payment date or our default in the payment of the dividend due. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on series H preferred stock to be redeemed.

A **Change of Control** is when, after the original issuance of the series H preferred stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of stock of our company entitling that person to exercise more than 50% of the total voting power of all stock of our company entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or ADRs representing such securities) listed on the NYSE, the NYSE MKT or NASDAQ or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE MKT or NASDAQ.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of series H preferred stock will have the right, unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series H preferred stock as described under **Redemption** or **Special Optional Redemption**, to convert some or all of the series H preferred stock held by such holder (the **Change of Control Conversion Right**) on the Change of Control Conversion Date into a number of shares of our common stock per share of series H preferred stock (the **Common Stock**

Conversion Consideration), which is equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless

S-26

Table of Contents

the Change of Control Conversion Date is after a record date for a series H preferred stock dividend payment and prior to the corresponding series H preferred stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price (such quotient, the Conversion Rate); and

(i.e., the Share Cap).

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common stock), subdivisions or combinations (in each case, a Share Split) with respect to our common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of our common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of our common stock outstanding after giving effect to such Share Split and the denominator of which is the number of shares of our common stock outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of our common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable in connection with the exercise of the Change of Control Conversion Right will not exceed shares of common stock (or equivalent Alternative Conversion Consideration, as applicable), subject to increase to the extent the underwriters option to purchase additional shares of series H preferred stock is exercised, not to exceed shares of common stock in total (or equivalent Alternative Conversion Consideration, as applicable) (the Exchange Cap). The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustments to the Share Cap.

In the case of a Change of Control pursuant to which our common stock will be converted into cash, securities or other property or assets (including any combination thereof) (the Alternative Form Consideration), a holder of series H preferred stock will receive upon conversion of such series H preferred stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration, and the Common Stock Conversion Consideration or the Alternative Conversion Consideration, as may be applicable to a Change of Control, is referred to as the Conversion Consideration).

If the holders of our common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the Conversion Consideration will be deemed to be the kind and amount of consideration actually received by holders of a majority of our common stock that voted for such an election (if electing between two types of consideration) or holders of a plurality of our common stock that voted for such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of our common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in the Change of Control.

We will not issue fractional shares of common stock upon the conversion of the series H preferred stock. Instead, we will pay the cash value of such fractional shares.

Within 15 days following the occurrence of a Change of Control, we will provide to holders of series H preferred stock a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of series H preferred stock may exercise their Change of Control Conversion Right;

S-27

Table of Contents

the method and period for calculating the Common Stock Price;

the Change of Control Conversion Date;

that if, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem all or any portion of the series H preferred stock, holders will not be able to convert shares of series H preferred stock designated for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of series H preferred stock;

the name and address of the paying agent and the conversion agent; and

the procedures that the holders of series H preferred stock must follow to exercise the Change of Control Conversion Right.

We will issue a press release for publication on the Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), or post a notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of series H preferred stock.

To exercise the Change of Control Conversion Right, the holders of series H preferred stock will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) representing series H preferred stock to be converted, duly endorsed for transfer, together with a written conversion notice completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of shares of series H preferred stock to be converted; and

that the series H preferred stock is to be converted pursuant to the applicable provisions of the series H preferred stock.

The **Change of Control Conversion Date** is the date the series H preferred stock is to be converted, which will be a business day that is no fewer than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of series H preferred stock.

The Common Stock Price will be (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices or, if more than one in either case, the average of the average closing bid and the average closing ask prices) for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control as reported on the principal U.S. securities exchange on which our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by Pink Sheets LLC or similar organization for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control, if our common stock is not then listed for trading on a U.S. securities exchange.

Holders of series H preferred stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal must state:

the number of withdrawn shares of series H preferred stock;

S-28

Table of Contents

if certificated series H preferred stock has been issued, the certificate numbers of the withdrawn shares of series H preferred stock; and

the number of shares of series H preferred stock, if any, which remain subject to the conversion notice. Notwithstanding the foregoing, if the series H preferred stock is held in global form, the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures of The Depository Trust Company, or DTC.

The series H preferred stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless prior to the Change of Control Conversion Date we have provided or provide notice of our election to redeem such series H preferred stock, whether pursuant to our optional redemption right or our special optional redemption right. If we elect to redeem series H preferred stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such series H preferred stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date \$25.00 per share, plus any accrued and unpaid dividends thereon to, but not including, the redemption date, in accordance with our optional redemption right or special optional redemption right. See [Redemption](#) and [Special Optional Redemption](#) above.

We will deliver amounts owing upon conversion no later than the third business day following the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all federal and state securities laws and stock exchange rules in connection with any conversion of series H preferred stock into shares of our common stock. Notwithstanding any other provision of the series H preferred stock, no holder of series H preferred stock will be entitled to convert such series H preferred stock into shares of our common stock to the extent that receipt of such common stock would cause such holder (or any other person) to exceed the share ownership limits contained in our charter, including the articles supplementary setting forth the terms of the series H preferred stock, unless we provide an exemption from this limitation for such holder. See [Restrictions on Ownership and Transfer](#) below.

The Change of Control conversion feature may make it more difficult for a party to take over our company or discourage a party from taking over our company. See [Risk Factors](#). The Change of Control conversion feature may not adequately compensate you and may make it more difficult for a party to take over our company or discourage a party from taking over our company.

Except as provided above in connection with a Change of Control, the series H preferred stock is not convertible into or exchangeable for any other securities or property.

No Maturity, Sinking Fund or Mandatory Redemption

The series H preferred stock has no maturity date and we are not required to redeem the series H preferred stock at any time. Accordingly, the series H preferred stock will remain outstanding indefinitely, unless we decide, at our option, to exercise our redemption right or, under circumstances where the holders of the series H preferred stock have a conversion right, such holders convert the series H preferred stock into our common stock. The series H preferred stock is not subject to any sinking fund.

Limited Voting Rights

Holders of shares of the series H preferred stock generally do not have any voting rights, except as set forth below.

If dividends on the series H preferred stock are in arrears for six or more quarterly periods, whether or not consecutive (which we refer to as a preferred dividend default), holders of shares of the series H preferred stock (voting separately as a class together with the holders of all other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable) will be entitled to vote for the election of two additional directors to serve on our board of directors (which we refer to as preferred stock directors), until all unpaid dividends for past dividend periods with respect to the series H preferred stock and any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable have been paid or declared and a sum sufficient for payment is set aside for such payment. In such a case, the number of directors serving on our board of directors will be increased by two. The preferred stock directors will be elected by a plurality of the votes cast in the election for a one-year term and each preferred stock director will serve until his successor is duly elected and qualified or until the director's right to hold the office terminates, whichever occurs earlier. The election will take place at:

a special meeting called upon the written request of holders of at least 10% of the outstanding shares of series H preferred stock together with any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable, if this request is received more than 90 days before the date fixed for our next annual or special meeting of stockholders or, if we receive the request for a special meeting within 90 days before the date fixed for our next annual or special meeting of stockholders, at our annual or special meeting of stockholders; and

each subsequent annual meeting (or special meeting held in its place) until all dividends accumulated on the series H preferred stock and on any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable have been paid in full for all past dividend periods.

If and when all accumulated dividends on the series H preferred stock and all other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable shall have been paid in full or a sum sufficient for such payment in full is set aside for payment, holders of shares of series H preferred stock shall be divested of the voting rights set forth above (subject to re-vesting in the event of each and every preferred dividend default) and the term and office of such preferred stock directors so elected will terminate and the entire board of directors will be reduced accordingly.

Any preferred stock director elected by holders of shares of series H preferred stock and other holders of preferred stock upon which like voting rights have been conferred and are exercisable may be removed at any time with or without cause by the vote of, and may not be removed otherwise than by the vote of, the holders of record of a majority of the outstanding shares of series H preferred stock and other parity preferred stock entitled to vote thereon when they have the voting rights described above (voting as a single class). So long as a preferred dividend default continues, any vacancy in the office of a preferred stock director may be filled by written consent of the preferred stock director remaining in office, or if none remains in office, by a vote of the holders of record of a majority of the outstanding shares of series H preferred stock when they have the voting rights described above (voting as a single class with all other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable). The preferred stock directors shall each be entitled to one vote on any matter.

In addition, so long as any shares of series H preferred stock remain outstanding, we will not, without the consent or the affirmative vote of the holders of at least two-thirds of the outstanding shares of series H preferred stock together with each other class or series of preferred stock ranking on parity with series H preferred stock with respect to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up and upon which like voting rights have been conferred and are exercisable (voting together as a single class):

authorize, create or issue, or increase the number of authorized or issued shares of, any class or series of stock ranking senior to such series H preferred stock with respect to payment of dividends, or the distribution of assets upon our liquidation, dissolution or winding up, or reclassify any of our

authorized capital stock into any such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or

amend, alter or repeal the provisions of our charter, including the terms of the series H preferred stock, whether by merger, consolidation, transfer or conveyance of substantially all of the company's assets or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the series H preferred stock,

except that with respect to the occurrence of any of the events described in the second bullet point immediately above, so long as the series H preferred stock remains outstanding with the terms of the series H preferred stock materially unchanged, taking into account that, upon the occurrence of an event described in the second bullet point above, the company may not be the surviving entity, the occurrence of such event will not be deemed to materially and adversely affect the rights, preferences, privileges or voting power of the series H preferred stock, and in such case such holders shall not have any voting rights with respect to the events described in the second bullet point immediately above. Furthermore, if holders of shares of the series H preferred stock receive the greater of the full trading price of the series H preferred stock on the date of an event described in the second bullet point immediately above or the \$25.00 per share liquidation preference pursuant to the occurrence of any of the events described in the second bullet point immediately above, then such holders shall not have any voting rights with respect to the events described in the second bullet point immediately above. If any event described in the second bullet point above would materially and adversely affect the rights, preferences, privileges or voting powers of the series H preferred stock disproportionately relative to other classes or series of preferred stock ranking on parity with the series H preferred stock with respect to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up, the affirmative vote of the holders of at least two-thirds of the outstanding shares of the series H preferred stock, voting separately as a class, will also be required.

Holders of shares of series H preferred stock will not be entitled to vote with respect to any increase in the total number of authorized shares of our common stock or preferred stock, any increase in the number of authorized shares of series H preferred stock or the creation or issuance of any other class or series of capital stock, or any increase in the number of authorized shares of any other class or series of capital stock, in each case ranking on parity with or junior to the series H preferred stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up.

Holders of shares of series H preferred stock will not have any voting rights with respect to, and the consent of the holders of shares of series H preferred stock is not required for, the taking of any corporate action, including any merger or consolidation involving us or a sale of all or substantially all of our assets, regardless of the effect that such merger, consolidation or sale may have upon the powers, preferences, voting power or other rights or privileges of the series H preferred stock, except as set forth above.

In addition, the voting provisions above will not apply if, at or prior to the time when the act with respect to which the vote would otherwise be required would occur, we have redeemed or called for redemption upon proper procedures all outstanding shares of series H preferred stock.

In any matter in which series H preferred stock may vote (as expressly provided in the articles supplementary setting forth the terms of the series H preferred stock), each share of series H preferred stock shall be entitled to one vote per \$25.00 of liquidation preference. As a result, each share of series H preferred stock will be entitled to one vote.

Restrictions on Ownership and Transfer

In order for us to qualify as a REIT under the Code, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months (other than the first year for which an election to be a REIT has been made) or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of our stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities such as private foundations) during the last half of a taxable year (other than the first year for which an election to be a REIT has been made).

Our charter contains restrictions on the ownership and transfer of shares of our capital stock which are intended to assist us in complying with these requirements and continuing to qualify as a REIT. Our charter provides that, subject to certain exceptions, no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, subject to limited exceptions, more than 9.8% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our series H preferred stock or more than 9.8% (by value) of our outstanding capital stock. For a further description of restrictions on ownership and transfer of all series and classes of shares of our capital stock, see **Restrictions on Ownership and Transfer** in the accompanying prospectus.

Transfer Agent

The transfer agent and registrar for the series H preferred stock is American Stock Transfer & Trust Company, LLC.

Book-Entry Procedures

The series H preferred stock will only be issued in the form of global securities held in book-entry form. DTC or its nominee will be the sole registered holder of the series H preferred stock. Owners of beneficial interests in the series H preferred stock represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in any such securities will be shown on, and transfers will be effected only through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of other interests, including any right to convert or require repurchase of their interests in the series H preferred stock, in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of the series H preferred stock under the global securities or the articles supplementary. We and any of our agents may treat DTC as the sole holder and registered owner of the global securities.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Uniformed Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC facilitates the settlement of transactions amongst participants through electronic computerized book-entry changes in participants' accounts, eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, including the underwriters, banks, trust companies, clearing corporations and other organizations, some of whom and/or their representatives own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

The series H preferred stock, represented by one or more global securities, will be exchangeable for certificated securities with the same terms only if:

DTC is unwilling or unable to continue as depositary or if DTC ceases to be a clearing agency registered under the Exchange Act and a successor depositary is not appointed by us within 90 days; or

we decide to discontinue use of the system of book-entry transfer through DTC (or any successor depository).

SUPPLEMENTAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

This discussion is a supplement to, and is intended to be read together with, the discussions under the heading *United States Federal Income Tax Considerations* in the accompanying prospectus, as supplemented by the discussions under the heading *Supplemental United States Federal Income Tax Considerations* in our Current Report on Form 8-K filed with the SEC on March 19, 2014. This summary is for general information only and is not tax advice.

*The following discussion should follow the discussion under the heading *Federal Income Tax Considerations for Holders of Our Capital Stock and the Operating Partnership's Debt Securities Taxation of Taxable U.S. Holders of our Capital Stock Redemption or Repurchase by Us* in the accompanying prospectus.*

Conversion of Series H Preferred Stock into Common Stock. Upon the occurrence of a Change of Control, each holder of series H preferred stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series H preferred stock) to convert some or all of such holder's series H preferred stock into shares of our common stock or the Alternative Conversion Consideration *i.e.*, an amount of cash, securities or other property or assets that such holder would have received upon the Change of Control had such holder converted the holder's series H preferred stock into shares of our common stock immediately prior to the effective time of the Change of Control (see *Description of the Series H Preferred Stock Conversion Rights* in this prospectus supplement). Except as provided below, a U.S. holder generally will not recognize gain or loss upon the conversion of series H preferred stock into shares of our common stock. A U.S. holder's tax basis and holding period in the shares of common stock received upon conversion generally will be the same as those of the converted series H preferred stock (but the tax basis will be reduced by the portion of the adjusted tax basis allocated to any fractional share of common stock exchanged for cash).

Cash received upon conversion in lieu of a fractional share of common stock generally will be treated as a payment in a taxable exchange for such fractional share of common stock, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional common share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. holder has held the series H preferred stock for more than one year. Any common stock received in exchange for accrued and unpaid dividends generally will be treated as a distribution by us, and subject to tax treatment as described in *Federal Income Tax Considerations for Holders of Our Capital Stock and the Operating Partnership's Debt Securities Taxation of Taxable U.S. Holders of our Capital Stock Distributions Generally* in the accompanying prospectus.

In addition, if a U.S. holder receives the Alternative Conversion Consideration (in lieu of shares of our common stock) in connection with the conversion of the stockholder's shares of series H preferred stock, the tax treatment of the receipt of any such other consideration will depend on the nature of the consideration and the structure of the transaction that gives rise to the Change of Control, and it may be a taxable exchange. U.S. holders converting their shares of series H preferred stock should consult their tax advisors regarding the U.S. federal income tax consequences of any such conversion and of the ownership and disposition of the consideration received upon any such conversion.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC are acting as representatives of the underwriters named below. Subject to the terms and conditions stated in the underwriting agreement, dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the number of shares of series H preferred stock set forth opposite the underwriter's name.

Underwriters	Number of Shares
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Morgan Stanley & Co. LLC	
Wells Fargo Securities, LLC	
Total	

The underwriting agreement provides that the obligations of the underwriters to purchase the shares included in the series H preferred stock offering are subject to approval of legal matters by counsel and to other specified conditions, which include: the representations and warranties made by us to the underwriters are true; there is no material adverse effect on our prospects, earnings, business or properties; and we deliver customary documents to the underwriters. The underwriters are obligated to purchase all of the shares, other than those covered by the option to purchase additional shares described below, if they purchase any of the shares. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or this offering may be terminated.

The underwriters propose to offer some of the shares of the series H preferred stock directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the shares of the series H preferred stock to dealers at the public offering price less a concession not to exceed \$ per share. The underwriters may allow, and dealers may re-allow, a concession not to exceed \$ per share on sales to other dealers. If all of the shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

We have granted to the underwriters an option to purchase up to additional shares of the series H preferred stock within 30 days from the date of this prospectus supplement at the public offering price less the underwriting discount. To the extent the option is exercised, each underwriter must purchase a number of additional shares of the series H preferred stock approximately proportionate to that underwriter's initial purchase commitment.

Prior to the series H preferred stock offering, there has been no public market for the series H preferred stock. We intend to submit an application to list the series H preferred stock on the NYSE under the symbol "DLR Pr H". We will use our commercially reasonable efforts to have the listing application for the series H preferred stock approved. If the application is approved, trading of the series H preferred stock is expected to commence within 30 days after the initial delivery of the series H preferred stock. The underwriters have advised us that they intend to make a market in the series H preferred stock prior to commencement of any trading on the NYSE, but they are not obligated to do so.

and may discontinue market making activities, if commenced, at any time without notice. No assurance can be given as to the liquidity of the trading market for the series H preferred stock.

Table of Contents

The following table shows the underwriting discounts and commissions that we will pay to the underwriters in connection with the series H preferred stock offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional shares of series H preferred stock.

	Paid by us	
	No Exercise	Full Exercise

Total	\$	\$

In connection with the offering, the underwriters may purchase and sell shares of series H preferred stock in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the option to purchase additional shares, and stabilizing purchases.

Short sales involve secondary market sales by the underwriters of a greater number of shares than they are required to purchase in the offering.

Covered short sales are sales of shares in an amount up to the number of shares represented by the underwriters' option to purchase additional shares.

Naked short sales are sales of shares in an amount in excess of the number of shares represented by the underwriters' option to purchase additional shares.

Covering transactions involve purchases of shares of series H preferred stock either pursuant to the option to purchase additional shares or in the open market after the distribution has been completed in order to cover short positions.

To close a naked short position, the underwriters must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

To close a covered position, the underwriters must purchase shares in the open market after the distribution has been completed or must exercise the option to purchase additional shares. In determining the source of shares to close the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option to purchase additional shares.

Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market prices of the shares of series H preferred stock. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the NYSE, in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

For a period beginning on the date of this prospectus and through 30 days after the date of this prospectus, we and our operating partnership have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act of 1933, as amended, or the Securities Act, relating to, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to, any of our preferred securities, or any securities convertible into, or exercisable, or exchangeable for, our preferred securities (in each case, other than shares of series H preferred stock), or publicly disclose the intention to make

any such offer, sale, pledge, disposition or filing, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC.

We estimate that our expenses related to this offering will be approximately \$1.2, excluding the underwriting discount, a portion of which will be reimbursed by the underwriters.

We and our operating partnership have agreed to indemnify the underwriters against liabilities under the Securities Act or contribute to payments that the underwriters may be required to make in that respect.

We expect that delivery of the series H preferred stock will be made against payment thereof on or about _____, 2014, which will be the fifth business day following the pricing of the series H preferred stock (such settlement cycle being herein referred to as T + 5). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade series H preferred stock on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the series H preferred stock initially will settle T + 5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the series H preferred stock who wish to trade the series H preferred stock on the date of pricing of the series H preferred stock or the next business day should consult their own advisor.

In the ordinary course of their business, the underwriters or their respective affiliates have also in the past performed, and may continue to perform, investment banking, broker dealer, financial advisory or other services for us, for which they have received, or may receive, customary fees and commissions. In addition, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investment and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Of the underwriters (or their affiliates) that have lending relationships with us, certain of them routinely hedge and others may hedge their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and/or their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the series H preferred stock offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the series H preferred stock offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Debt Securities

We may from time to time offer, in one or more series or classes, separately or together, and in amounts, at prices and on terms to be set forth in one or more supplements to this prospectus, the following securities: (i) shares of Digital Realty Trust, Inc.'s common stock, par value \$0.01 per share, (ii) shares of Digital Realty Trust, Inc.'s preferred stock, par value \$0.01 per share, (iii) depositary shares representing entitlement to all rights and preferences of fractions of shares of Digital Realty Trust, Inc.'s preferred stock of a specified series and represented by depositary receipts, (iv) warrants to purchase shares of Digital Realty Trust, Inc.'s common stock or preferred stock or depositary shares and (v) debt securities of Digital Realty Trust, L.P. which may be fully and unconditionally guaranteed by Digital Realty Trust, Inc.

This prospectus also covers delayed delivery contracts that may be issued by Digital Realty Trust, Inc. or Digital Realty Trust, L.P. under which the counterparty may be required to purchase common stock, preferred stock, depositary shares or warrants to purchase common stock or preferred stock of Digital Realty Trust, Inc. or debt securities of Digital Realty Trust, L.P. (including guarantees of the debt securities by Digital Realty Trust, Inc.). Delayed delivery contracts may be issued together with the specific securities to which they relate. In addition, securities registered hereunder may be sold separately, together or as units with other securities registered hereunder.

We refer to the common stock, preferred stock, depositary shares, warrants and debt securities (together with any related guarantees) registered hereunder collectively as the securities in this prospectus. We will offer our securities in amounts, at prices and on terms determined at the time of the offering of any such security.

The specific terms of each series or class of the securities will be set forth in the applicable prospectus supplement and will include, as applicable: (i) in the case of common stock, any public offering price; (ii) in the case of preferred stock, the specific title and any dividend, liquidation, redemption, conversion, voting and other rights and any public offering price; (iii) in the case of depositary shares, the fractional share of preferred stock represented by each such depositary share; (iv) in the case of warrants, the duration, offering price, exercise price and detachability; and (v) in the case of debt securities and, as applicable, related guarantees, the specific terms of such debt securities and related guarantees. In addition, because Digital Realty Trust, Inc. is organized and conducts its operations so as to qualify as a real estate investment trust, or REIT, for federal income tax purposes, the specific terms of any securities may include limitations on actual or constructive ownership and restrictions on transfer of the securities, in each case as may be appropriate to preserve Digital Realty Trust, Inc.'s status as a REIT.

The securities may be offered directly by us, through agents designated from time to time by us or to or through underwriters or dealers. These securities also may be offered by securityholders, if so provided in a prospectus supplement hereto. We will provide specific information about any selling securityholders in one or more supplements to this prospectus. If any agents, dealers or underwriters are involved in the sale of any of the securities, their names, and any applicable purchase price, fee, commission or discount arrangement between or among them will be set forth, or will be calculable from the information set forth, in the applicable prospectus supplement. See the sections entitled Plan of Distribution and About this Prospectus for more information. No securities may be sold without delivery of this prospectus and the applicable prospectus supplement describing the method and terms of the offering of such series of securities.

Edgar Filing: Digital Realty Trust, Inc. - Form 424B5

RISK FACTORS

Investment in any securities offered pursuant to this prospectus involves risks. Before acquiring any offered securities pursuant to this prospectus, you should carefully consider the information contained or incorporated by reference in this prospectus or in any accompanying prospectus supplement, including, without limitation, the risk factors incorporated by reference to the company's and the operating partnership's most recent combined Annual Report on Form 10-K, and the other information contained or incorporated by reference in this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the risk factors and other information contained in the applicable prospectus supplement before acquiring any of such securities. The occurrence of any of these risks might cause you to lose all or a part of your investment in the offered securities. Please also refer to the section below entitled "Forward-Looking Statements."

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the United States Securities and Exchange Commission, or SEC, using a "shelf" registration process. Under this process, we may sell common stock, preferred stock, depositary shares, warrants and debt securities (and related guarantees, as applicable) in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of the applicable offering. Such prospectus supplement may add, update or change information contained in this prospectus. To the extent that this prospectus is used by any securityholder to resell any securities, information with respect to the securityholder and the terms of the securities being offered will be contained in a prospectus supplement. You should read this prospectus and the applicable prospectus supplement together with the additional information described under the heading "Where You Can Find More Information."

We or any selling securityholders may offer the securities directly, through agents, or to or through underwriters. The applicable prospectus supplement will describe the terms of the plan of distribution and set forth the names of any agents or underwriters involved in the sale of the securities. See "Plan of Distribution" for more information on this topic. No securities may be sold without delivery of a prospectus supplement describing the method and terms of the offering of those securities.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and special reports, proxy statements and other information with the SEC. You may read and copy any document we file with the SEC at the SEC's public reference room at 100 F Street, N.E. Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information about the public reference room. The SEC also maintains a web site that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC at <http://www.sec.gov>. You can inspect reports and other information that Digital Realty Trust, Inc. files at the offices of the NYSE, 20 Broad Street, New York, New York 10005. In addition, we maintain a website that contains information about us at <http://www.digitalrealty.com>. The information found on, or otherwise accessible through, this website is not incorporated into, and does not form a part of, this prospectus or any other report or document we file with or furnish to the SEC.

We have filed with the SEC a registration statement on Form S-3, of which this prospectus is a part, including exhibits, schedules and amendments filed with, or incorporated by reference in, this registration statement, under the Securities Act of 1933, as amended, or the Securities Act, with respect to the securities registered hereby. This prospectus and any accompanying prospectus supplement do not contain all of the information set forth in the registration statement and exhibits and schedules to the registration statement. For further information with

respect to our company and the securities registered hereby, reference is made to the registration statement, including the exhibits to the registration statement. Statements contained in this prospectus and any accompanying prospectus supplement as to the contents of any contract or other document referred to, or incorporated by reference, in this prospectus and any accompanying prospectus supplement are not necessarily complete and, where that contract is an exhibit to the registration statement, each statement is qualified in all respects by the exhibit to which the reference relates. Copies of the registration statement, including the exhibits and schedules to the registration statement, may be examined at the SEC's public reference room. Copies of all or a portion of the registration statement can be obtained from the public reference room of the SEC upon payment of prescribed fees. This registration statement is also available to you on the SEC's website.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows us to incorporate by reference in this prospectus the information we file with the SEC, which means that we can disclose important information to you by referring to those documents. The information incorporated by reference is an important part of this prospectus. The incorporated documents contain significant information about us, our business and our finances. Any statement contained in a document which is incorporated by reference in this prospectus is automatically updated and superseded if information contained in this prospectus, or information that we later file with the SEC, modifies or replaces this information. We incorporate by reference the following documents we filed with the SEC:

the combined Annual Report on Form 10-K of Digital Realty Trust, Inc. and Digital Realty Trust, L.P. for the year ended December 31, 2011;

the Definitive Proxy Statement on Schedule 14A of Digital Realty Trust, Inc. filed with the SEC on March 14, 2012 (solely to the extent specifically incorporated by reference into the combined Annual Report on Form 10-K of Digital Realty Trust, Inc. and Digital Realty Trust, L.P. for the year ended December 31, 2011);

the Current Reports on Form 8-K of Digital Realty Trust, Inc. filed with the SEC on June 2, 2010, February 21, 2012, March 8, 2012 and April 5, 2012;

the combined Current Report on Form 8-K of Digital Realty Trust, Inc. and Digital Realty Trust, L.P. filed with the SEC on February 28, 2012, April 10, 2012, April 11, 2012 and April 18, 2012;

the Current Reports on Form 8-K/A of Digital Realty Trust, Inc. filed with the SEC on March 24, 2010 and June 28, 2010;

the description of Digital Realty Trust, Inc.'s common stock, par value \$0.01 per share, contained in Digital Realty Trust, Inc.'s Registration Statement on Form 8-A filed on October 28, 2004 (file number 001-32336), including any amendment or reports filed for the purpose of updating this description;

the description of Digital Realty Trust, Inc.'s Series E Cumulative Redeemable Preferred Stock, par value \$0.01 per share, contained in Digital Realty Trust, Inc.'s Registration Statement on Form 8-A filed on September 12, 2011 (file number 001-32336), including any amendments or reports filed for the purpose of updating this description;

the description of Digital Realty Trust, Inc.'s Series F Cumulative Redeemable Preferred Stock, par value \$0.01 per share, contained in Digital Realty Trust, Inc.'s Registration Statement on Form 8-A filed on March 30, 2012 (file number 001-32336), including any amendments or reports filed for the purpose of updating this description; and

all documents filed by us with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act after the date of this prospectus and prior to the termination of the offering of the underlying securities (excluding any portions of such documents that are deemed furnished to the SEC pursuant to applicable rules and regulations).

We will provide without charge to each person, including any beneficial owner, to whom a prospectus is delivered, on written or oral request of that person, a copy of any or all of the documents we are incorporating by reference into this prospectus, other than exhibits to those documents unless those exhibits are specifically incorporated by reference into those documents. A written request should be addressed to Investor Relations, Digital Realty Trust, Inc., 560 Mission Street, Suite 2900, San Francisco, California 94105.

FORWARD-LOOKING STATEMENTS

This prospectus, including the documents that we incorporate by reference, contains forward-looking statements within the meaning of the federal securities laws. Also, documents we subsequently file with the SEC and incorporate by reference will contain forward-looking statements. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated market conditions, demographics and results of operations are forward-looking statements.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described or that they will happen at all. You can identify forward-looking statements by the use of forward-looking terminology such as believes, expects, may, will, should, seeks, approximately, intends, plans, pro forma, estimates or anticipates or the negative of these words and phrases or similar words or phrases which are predictions or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions. The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

the impact of the recent deterioration in global economic, credit and market conditions, including the downgrade of the U.S. government's credit rating;

current local economic conditions in our geographic markets;

decreases in information technology spending, including as a result of economic slowdowns or recession;

adverse economic or real estate developments in our industry or the industry sectors that we sell to (including risks relating to decreasing real estate valuations and impairment charges);

our dependence upon significant tenants;

bankruptcy or insolvency of a major tenant or a significant number of smaller tenants;

defaults on or non-renewal of leases by tenants;

our failure to obtain necessary debt and equity financing;

increased interest rates and operating costs;

risks associated with using debt to fund our business activities, including re-financing and interest rate risks, our failure to repay debt when due, adverse changes in our credit ratings or our breach of covenants or other terms contained in our loan facilities and agreements;

financial market fluctuations;

changes in foreign currency exchange rates;

our inability to manage our growth effectively;

difficulty acquiring or operating properties in foreign jurisdictions;

our failure to successfully integrate and operate acquired or redeveloped properties or businesses;

risks related to joint venture investments, including as a result of our lack of control of such investments;

delays or unexpected costs in development or redevelopment of properties;

decreased rental rates or increased vacancy rates;

Table of Contents

increased competition or available supply of data center space;

our inability to successfully develop and lease new properties and space held for redevelopment;

difficulties in identifying properties to acquire and completing acquisitions;

our inability to acquire off-market properties;

our inability to comply with the rules and regulations applicable to reporting companies;

Digital Realty Trust, Inc.'s failure to maintain its status as a REIT;

possible adverse changes to tax laws;

restrictions on our ability to engage in certain business activities;

losses in excess of our insurance coverage;

environmental uncertainties and risks related to natural disasters;

changes in foreign laws and regulations, including those related to taxation and real estate ownership and operation; and

changes in local, state and federal regulatory requirements, including changes in real estate and zoning laws and increases in real property tax rates.

For a further discussion of these and other factors that could impact our future results, performance or transactions, see the section entitled "Risk Factors," including the risks incorporated therein, from Digital Realty Trust, Inc.'s and Digital Realty Trust, L.P.'s most recent Combined Annual Report on Form 10-K, as updated by our subsequent filings, including filings we make after the date of this prospectus.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, Digital Realty Trust, Inc. intends to contribute the net proceeds from any sale of common stock, preferred stock, depositary shares or warrants pursuant to this prospectus to our operating partnership. Unless otherwise indicated in the applicable prospectus supplement, our operating partnership intends to use such net proceeds received from Digital Realty Trust, Inc. and any net proceeds from any sale of debt securities pursuant to this prospectus to acquire additional properties, to fund development and redevelopment opportunities and for general working capital purposes, including potentially for the repurchase, redemption or retirement of outstanding debt or equity securities.

Pending application of cash proceeds, our operating partnership may use the net proceeds to temporarily reduce borrowings under our global revolving credit facility or we may invest the net proceeds in interest-bearing accounts and short-term, interest-bearing securities which are consistent with Digital Realty Trust, Inc.'s intention to qualify as a REIT for U.S. federal income tax purposes.

We will not receive any of the proceeds from sales of securities by selling securityholders, if any, pursuant to this prospectus.

Further details regarding the use of the net proceeds of a specific series or class of the securities will be set forth in the applicable prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED DIVIDENDS

Our ratios of earnings to fixed charges and earnings to fixed charges and preferred dividends for the periods indicated are as follows:

Digital Realty Trust, Inc.

		Year ended December 31,				
	2011	2010	2009	2008	2007	
Ratio of earnings to fixed charges ⁽¹⁾	1.85	1.64	1.82	1.58	1.13	
Ratio of earnings to fixed charges and preferred stock dividends ⁽¹⁾	1.61	1.31	1.29	1.09	(2)	

(1) All numbers presented in this table exclude, 100 Technology Center Drive (sold in March 2007) and 4055 Valley View Lane (sold in March 2007).

(2) For the year ended December 31, 2007, earnings were insufficient to cover fixed charges and preferred dividends by \$9.0 million. Digital Realty Trust, Inc.'s ratios of earnings to fixed charges are computed by dividing earnings by fixed charges. Digital Realty Trust, Inc.'s ratios of earnings to fixed charges and preferred dividends are computed by dividing earnings by the sum of fixed charges and preferred dividends. For this purpose, earnings consist of income from continuing operations before noncontrolling interests and fixed charges. Fixed charges consist of interest expense, capitalized interest and amortization of deferred financing fees, whether expensed or capitalized, and interest within rental expense. Preferred stock dividends consist of the amount of pre-tax earnings required to pay dividends on Digital Realty Trust, Inc.'s series A preferred stock (which was redeemed on August 24, 2010), series B preferred stock (which was redeemed on December 10, 2010), series C preferred stock (which was converted to common stock of Digital Realty Trust, Inc. on April 17, 2012), series D preferred stock, series E preferred stock and series F preferred stock (issued on April 5, 2012).
