Dear Fellow MGM Resorts International Stockholders:

In 2013, MGM Resorts International achieved its best operating performance since the recession and continued to execute upon our strategic plan to be the leader in entertainment and hospitality, through a diverse collection of extraordinary people, distinctive brands and best-in-class destinations.

We delivered net revenue growth of 7% in 2013. Our results were driven by growth at our Las Vegas Strip properties and record results at MGM China and CityCenter.

We reduced debt in 2013 and, by issuing the lowest interest rate senior unsecured notes in the history of our Company, pre-funded our only scheduled 2014 debt maturity. MGM China announced a total of \$741 million in dividends for the year. This includes a final dividend for 2013 of \$128 million, subject to approval at the MGM China 2014 annual shareholders meeting. MGM Resorts International receives its share, or 51%, of the dividends distributed by MGM China. Additionally, CityCenter closed on a refinancing transaction that will result in \$80 million in anticipated annual interest savings.

In Macau, construction of our second resort and casino continues to progress towards an early 2016 opening. MGM Cotai will more than double our footprint in the world's largest gaming market. In Las Vegas, we continue to reinvest in our market leading properties while introducing new concepts that will help transform and revitalize the face of the Las Vegas Strip. These new projects include the 20,000-seat arena for sports and entertainment events. The arena is being developed with AEG. A new outdoor plaza between New York-New York and Monte Carlo is also under development, allowing connectivity between these properties and providing new indoor/outdoor experiences for our guests. MGM National Harbor is also slated to begin construction this summer with an anticipated opening in 2016.

Thank you for your continued support of MGM Resorts International. We look forward to continuing our journey with you in 2014 and beyond.

Regards,  
James J. Murren  
*Chairman of the Board and  
Chief Executive Officer*

**Las Vegas, Nevada 89109**

MGM Resorts International, together with its subsidiaries, is referred to herein as the Company, we or us, unless the context indicates otherwise. Matters to be considered and acted upon at the Annual Meeting are set forth in the Notice of Annual Meeting accompanying this Proxy Statement and are more fully outlined herein. On or about April 25, 2014, we will mail and/or make available this Proxy Statement and the enclosed proxy to each stockholder entitled to vote at the Annual Meeting. Stockholders are requested to arrive at the Annual Meeting on time, as there will be no admittance once the Annual Meeting has begun. Our Annual Report to Stockholders for the year ended December 31, 2013 accompanies this Proxy Statement.

**Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to be Held on June 5, 2014. The Proxy Statement, Proxy Card and Annual Report are available for review online at [www.proxyvote.com](http://www.proxyvote.com).**

**Voting Rights and Outstanding Shares**

Only record holders of our common stock, \$.01 par value per share ( Common Stock ), as of April 10, 2014 will be entitled to vote at the Annual Meeting. Our authorized capital stock currently consists of 1,000,000,000 shares of Common Stock. At the close of business on April 10, 2014, there were 490,612,221 shares of Common Stock outstanding and entitled to vote. Each stockholder of record is entitled to one vote for each share held on that date on all matters that may properly come before the Annual Meeting.

You may vote by attending the Annual Meeting in person, by completing and returning a proxy by mail or by using the internet or telephone. For stockholders who have requested paper copies of our proxy materials, you may submit your proxy by mail by marking your vote on the enclosed proxy card (the Proxy Card), then following the instructions on the card. To submit your proxy using the internet or by telephone, see the instructions on the Notice of Internet Availability or Proxy Card and have the Notice of Internet Availability or Proxy Card available when you access the internet website or place your telephone call. You may vote by internet or telephone until 8:59 p.m., Pacific Time, on

Edgar Filing: MGM Resorts International - Form DEF 14A

June 4, 2014. If you are a stockholder of record and wish to vote in person at the Annual Meeting, you may do so. If you are the beneficial owner of shares held in street name by a broker and wish to vote in person at the Annual Meeting, you must obtain a proxy from the bank, brokerage or other institution holding your shares and bring such proxy with you to hand in with your ballot.

**Table of Contents**

All shares of Common Stock represented by properly submitted proxies will be voted at the Annual Meeting in accordance with the directions on the proxies, unless such proxies have previously been revoked. If you are a stockholder of record and submit proxies with no voting direction indicated, the shares will be voted as the Board recommends, which is as follows:

**FOR** the election of each of the nominees to the Board listed in this proxy statement (Proposal 1);

**FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 2);

**FOR** the approval, on an advisory basis, of the compensation of our named executive officers (Proposal 3); and

**FOR** the approval of amendments to the Amended and Restated 2005 Omnibus Incentive Plan (Proposal 4). By returning a signed Proxy Card by mail or by duly submitting a proxy by internet or telephone, you will confer discretionary authority on the named proxies to vote on any other business that properly comes before the meeting or any adjournment or postponement thereof for which discretionary authority is permitted. The persons named as proxies or their substitutes will vote or act in their discretion with respect to such other matters. Any such matters shall be determined by a majority vote of the stockholders present in person or represented by proxy.

**Quorum and Votes Required**

The presence, in person or by proxy, of the holders of at least a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum at the meeting. Abstentions and broker non-votes are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business.

If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. In accordance with the rules of the New York Stock Exchange (the NYSE), certain matters submitted to a vote of stockholders are considered by the NYSE to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period prior to the meeting. The ratification of the selection of the independent registered public accounting firm as our independent auditor for 2014 is considered the only routine matter for which brokerage firms may vote shares for which they have not received instructions. The remaining matters are considered to be non-routine, and brokerage firms that have not received instructions from their customers do not have discretion to vote on these matters.

The below table summarizes the voting requirements to elect directors and to approve each of the proposals in this Proxy Statement:

<b>Proposal</b>	<b>Vote Required</b>	<b>Broker Discretionary Voting Allowed</b>
1. Election of directors	Plurality of votes cast	No

Edgar Filing: MGM Resorts International - Form DEF 14A

2. Ratification of Deloitte & Touche LLP	Majority of shares represented at meeting in person or by proxy and entitled to vote	Yes
3. Approval of executive compensation on an advisory basis	Majority of shares represented at meeting in person or by proxy and entitled to vote	No
4. Approval of the amendments to the Amended and Restated 2005 Omnibus Incentive Plan	Majority of shares represented at meeting in person or by proxy and entitled to vote	No

A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, and will have no effect. There

## **Table of Contents**

is no cumulative voting in the election of directors. With respect to Proposal 2, Proposal 3 and Proposal 4, a properly executed proxy marked ABSTAIN, although counted for purposes of determining whether there is a quorum, will not be voted, and accordingly, an abstention will have the same effect as a vote cast against each of these proposals. Broker non-votes are not counted as votes cast and will therefore have no effect on the outcome of the vote on a proposal.

## **How to Revoke or Change Your Vote**

Any proxy may be changed or revoked at any time prior to the Annual Meeting by submitting a new proxy with a later date, by a later telephone or internet vote (subject to the telephone or internet voting deadline), by voting in person at the Annual Meeting or by submitting a revocation in writing. Written revocations must be directed to: Corporate Secretary, MGM Resorts International, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109; and they must be received by the Corporate Secretary no later than 5:00 p.m., Pacific Time, on June 4, 2014.

## **How the Votes Will be Counted and Who Will Certify the Results**

A representative of Broadridge Financial Solutions, Inc. ( Broadridge ) will act as the independent Inspector of Elections and will count the votes, determine whether a quorum is present, evaluate the validity of proxies and ballots, and certify the results. The final voting results will be reported by us on a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

## **Costs of Solicitation**

Your proxy is being solicited by the Board on behalf of the Company and, as such, we will pay the costs of soliciting proxies. Proxies may be solicited on behalf of the Company by our directors, officers, employees or agents in person or by telephone, facsimile or other electronic means. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries, upon request, for their reasonable expenses incurred in sending proxies and proxy materials to beneficial owners of our Common Stock. We have not retained an outside proxy solicitation firm to assist us with the solicitation of proxies.

## **Copies of Proxy Materials**

As permitted by the Securities and Exchange Commission (the SEC ), we are furnishing to stockholders our Notice of Annual Meeting, Proxy Statement, Proxy Card and Annual Report primarily over the internet. On or about April 25, 2014, we will mail to each of our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability of Proxy Materials containing instructions on how to access and review the proxy materials via the internet, and how to access the Proxy Card to vote on the internet or by telephone. The Notice of Internet Availability of Proxy Materials also contains instructions on how to receive, free of charge, paper copies of the proxy materials. If you received the notice, then you will not receive a paper copy of the proxy materials unless you request one.

*Stockholders of Record.* If your shares are registered in your own name, you may request paper copies of the proxy materials by following the instructions contained in the notice. Stockholders who have already made a permanent election to receive paper copies of the proxy materials will receive a full set of the proxy documents in the mail.

*Beneficial Stockholders.* If your shares are not registered in your name, you should receive written instructions on how to request paper copies of the proxy materials from your bank or broker. We recommend that you contact your bank or broker if you do not receive these instructions.

**Delivery to a Single Household to Reduce Duplicate Mailings**

Many stockholders hold shares of Common Stock in multiple accounts, which may result in duplicate mailings of the Notice of Internet Availability (or proxy materials) to stockholders who share the same address. Stockholders can avoid receiving duplicate mailings and save us the cost of producing and mailing duplicate documents as follows:

*Stockholders of Record.* If your shares are registered in your own name and you are interested in consenting to the delivery of a single Notice of Internet Availability (or copy of proxy materials other than proxy cards), go directly to the website at [www.proxyvote.com](http://www.proxyvote.com) and follow the instructions therein.

*Beneficial Stockholders.* If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single Notice of Internet Availability (or copy of proxy materials other than proxy cards) if there are other stockholders who share an address with you. If you currently receive more than one copy of proxy materials at your household and would like to receive only one copy in the future, you should contact your nominee.

*Right to Request Separate Copies.* If you consent to the delivery of a single Notice of Internet Availability (or copy of proxy materials) but later decide that you would prefer to receive a separate Notice of Internet Availability (or copy of proxy materials) for each account at your address, then please notify us (at the following address: Corporate Secretary, MGM Resorts International, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications), or your nominee, as applicable, and we or your nominee will promptly deliver such additional proxy materials. If you wish to receive a separate copy of the proxy materials for each account at your address in the future, you may contact Broadridge by calling toll-free 1-800-542-1061 or by writing to Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood NY, 11717.

**CORPORATE GOVERNANCE**

**Corporate Governance Guidelines**

The Board has adopted corporate governance guidelines (the Corporate Governance Guidelines ) setting forth the general principles governing the conduct of our business and the role, functions, duties and responsibilities of the Board, including, but not limited to, such matters as (i) Board composition and membership criteria, (ii) compensation, (iii) director orientation and continuing education, (iv) Board committees, (v) Board leadership, (vi) director access to officers, employees and independent advisors, (vii) management succession, (viii) annual performance evaluations of the Board and its committees and (ix) conflicts of interest and recusal. We believe that these guidelines are in compliance with the applicable listing standards adopted by the NYSE. The Corporate Governance Guidelines are posted and maintained on our website at [www.mgmresorts.com/corporategovernance](http://www.mgmresorts.com/corporategovernance) under the caption Corporate Governance Guidelines.

**Code of Conduct**

The Board has adopted a Code of Business Conduct and Ethics and Conflict of Interest Policy (the Code of Conduct ) that applies to all of our directors, officers and employees, including our chief executive officer, chief financial officer and chief accounting officer. The Code of Conduct also applies to all applicable contractors and other agents performing services for or conducting work on our behalf. The Code of Conduct establishes policies and procedures that the Board believes promote the highest standards of integrity, compliance with the law and personal accountability. The Code of Conduct is posted on our website at [www.mgmresorts.com/codeofconduct](http://www.mgmresorts.com/codeofconduct) under the caption Code of Business Conduct and Ethics and Conflict of Interest Policy. A summary of amendments and waivers to the Code of Conduct, if any, is also posted at the same website location under the general heading Governance Documents. The Code of Conduct is made available to all of our employees in various formats. It is specifically provided to new directors, officers and key employees and is distributed annually to all of our directors, officers and key employees, each of whom is required to acknowledge its receipt and his or her understanding thereof and agreement to adhere to the principles contained therein. Additionally, we will provide a copy of the Code of Conduct, free of charge, to any stockholder who requests it in writing to: Corporate Secretary, MGM Resorts International, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications.

**Director Independence**

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationships with the Company. The Board has established guidelines to assist in determining director independence, which meet and in some respects exceed the independence requirements established by the NYSE s listing standards. Using these guidelines, which are set forth in Section II of our Corporate Governance Guidelines, and considering information provided by each director and all facts and circumstances the Board deemed relevant, the Board has determined that Mr. Bible, Mr. Cohen, Mr. Davis, Ms. Gay, Ms. Herman, Mr. Hernandez, Mr. Mandekic, Ms. McKinney-James, Mr. Spierkel and Mr. Taylor, who constitute a majority of the Board, are independent under the rules of the NYSE. Mr. Grounds, who was appointed to the Board pursuant to contractual right as discussed further below, is not independent.

All members of the Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee must be independent directors as defined in the Corporate Governance Guidelines. For the purposes of determining whether a director who is a member of the Audit Committee is independent, the Board applies additional independence standards, including those of the SEC set forth in Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), and the corporate governance rules of the NYSE applicable to audit committee

composition. The Board also applies additional independence standards as set forth in the corporate governance rules of the NYSE for the purposes of determining if a director who is a member of the Compensation Committee is independent. The Board has determined that all members of the Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee are independent and satisfy the relevant Company, NYSE and SEC additional requirements for the members of such committees.

**Table of Contents**

**Director Stock Ownership Guidelines**

We recognize the importance of aligning our Board's interests with those of our shareholders. As a result, the Board has established stock ownership guidelines for all of our directors. Under these guidelines, each director is expected to accumulate, by December 31, 2017 (or, if later, by December 31 of the fifth year following the year becoming a director), Company stock having a fair market value equal to five times such director's annual base cash retainer from time to time. For purposes of these guidelines, shares held in trust or retirement accounts and restricted stock units (RSUs) but not stock appreciation rights (SARs) or performance share units (PSUs) count toward the ownership requirement. Each director is expected to retain 50% of the net after-tax shares received upon vesting and exercise of equity incentive awards granted after April 2012 until the requirement is satisfied. In 2012, we adopted a deferred compensation plan for non-employee directors pursuant to which directors may elect to accumulate RSUs earned as equity compensation on a tax-deferred basis, in which case the pre-tax number of shares count toward the ownership guidelines. The Board also adopted stock ownership guidelines for executive officers, which are described in Compensation Discussion & Analysis Executive Summary .

**Information Regarding the Board and Board Committees**

During 2013, the Board consisted of 10 directors until the size of the Board was increased to 11 directors on February 8, 2013, when Mr. Grounds joined the Board, and to 12 directors on April 9, 2013, when Mr. Spierkel joined the Board. The size of the Board was increased to 13 directors on February 6, 2014, when Ms. Gay joined the Board. In 2013, the Board met 10 times and had four Committees: the Audit Committee, the Compensation Committee, the Nominating/Corporate Governance Committee, and the Corporate Social Responsibility Committee.

During 2013, each member of the Board attended at least 75% of the aggregate of the total number of meetings held by the Board and the total number of meetings held by the committees on which he or she served. Directors are expected to attend each annual meeting of stockholders, and all members of the Board attended last year's annual meeting, except for Mr. Spierkel. Mr. Mandekic is a member of our Compensation Committee and Corporate Social Responsibility Committee, and Mr. Taylor is a member of our Compensation Committee and Nominating/Corporate Governance Committee. Mr. Mandekic and Mr. Taylor are also employees of Tracinda Corporation (Tracinda), a private investment corporation which owned approximately 18.6% of our common stock as of April 10, 2014.

**Audit Committee**

The Audit Committee's responsibilities are described in a written charter adopted by the Board. The charter is posted on our website at [www.mgmresorts.com/corporategovernance](http://www.mgmresorts.com/corporategovernance) under the caption "Audit Committee Charter."

The Audit Committee is responsible for providing independent, objective oversight of our financial reporting system. Among its various activities, the Audit Committee reviews (1) the adequacy of our internal controls and financial reporting process and the reliability of our financial statements; (2) the independence and performance of our internal

auditors and independent registered public accounting firm; and (3) our compliance with legal and regulatory requirements.

The Audit Committee also prepares the report that is required to be included in the Proxy Statement. In addition, the Audit Committee appoints the independent registered public accounting firm; reviews with such firm the plan, scope and results of the audit, and the fees for the services performed; and periodically reviews such firm's performance and independence from management.

Under written guidelines adopted by the Board in connection with our Code of Conduct, the Audit Committee, or its designated member, is required to review reports of potential conflicts of interest involving our directors and executive officers. With respect to such reports, it is the Audit Committee's responsibility to determine whether a conflict exists and whether or not to approve transactions or other matters giving rise to the conflict. In determining whether a conflict of interest exists, the Audit Committee considers the materiality of the

relationship between the third party and the Company pursuant to standards set forth in written guidelines. In determining whether to approve transactions or other matters giving rise to a conflict of interest, the Audit Committee considers the effectiveness of any safeguards that may be implemented, the feasibility of the individual's recusal in matters that affect the Company and the third party, and the materiality of lost services for the Company that may result from the recusal.

The Audit Committee meets regularly with our management, independent registered public accounting firm and internal auditors, and reports its findings to the Board. A member of the Audit Committee is designated to serve as liaison to our Compliance Committee; in 2013, Mr. Bible was the designee.

The Board has determined that all members of the Audit Committee meet the independence and experience requirements of the NYSE's listing standards, that all members qualify as financially literate and that all members, except for Ms. Gay, qualify as audit committee financial experts, as defined in the NYSE's listing standards and the SEC's regulations.

## **Compensation Committee**

The Compensation Committee operates under a written charter adopted by the Board. The charter is posted on our website at [www.mgmresorts.com/corporate\\_governance](http://www.mgmresorts.com/corporate_governance) under the caption "Compensation Committee Charter."

The primary function of the Compensation Committee is to ensure that the compensation program for our executives (i) is effective in attracting and retaining key officers, (ii) links pay to business strategy and performance, and (iii) is administered in a fair and equitable fashion in the stockholders' interests. Among other things, the Compensation Committee recommends the executive compensation policy to the Board, determines compensation of our executive officers, determines the performance criteria and bonuses to be granted pursuant to our Amended and Restated Annual Performance-Based Incentive Plan for Executive Officers and related Compensation Committee actions (the "Management Incentive Plan") and administers and approves the granting of share-based awards under our Amended and Restated 2005 Omnibus Incentive Plan (the "Equity Plan"). The Compensation Committee's authority and oversight extends to total compensation, including base salaries, bonuses, share-based awards, and other forms of compensation. See "Executive Compensation" Compensation Discussion and Analysis" below.

The Compensation Committee also prepares the annual Compensation Committee report appearing in our Proxy Statement. In addition, the Compensation Committee reviews and discusses with management the proposed Compensation Discussion and Analysis disclosure and determines whether to recommend it to the Board for inclusion in our Proxy Statement.

The Compensation Committee has considered and evaluated risks associated with our compensation programs, including the implementation and management thereof. Additionally, the Compensation Committee has discussed risk management practices with the entire Board, as well as the Audit Committee and certain of our executive officers.

## **Compensation Committee Interlocks and Insider Participation**

During 2013 and as of the date of this Proxy Statement, none of the members of the Compensation Committee was or is an officer or employee of the Company or had any relationship requiring disclosure pursuant to Item 404 of Regulation S-K, and no executive officer of the Company served or serves on the compensation committee or board of any company that employed or employs any member of the Company's Compensation Committee or Board.

## **Nominating/Corporate Governance Committee**

Edgar Filing: MGM Resorts International - Form DEF 14A

The Nominating/Corporate Governance Committee operates under a written charter adopted by the Board. The charter is posted on our website at [www.mgmresorts.com/corporategovernance](http://www.mgmresorts.com/corporategovernance) under the caption

## **Table of Contents**

Nominating/Corporate Governance Committee Charter. The Nominating/Corporate Governance Committee's responsibilities include the selection of director nominees to be recommended to the Board and the development and review of the Corporate Governance Guidelines. Among other things, the Nominating/Corporate Governance Committee also (i) develops and makes recommendations to the Board for specific criteria for selecting directors, (ii) reviews and makes recommendations to the Board with respect to membership on committees of the Board, other than the Nominating/Corporate Governance Committee, (iii) develops, reassesses and makes recommendations to the Board with respect to succession plans of the Chief Executive Officer and our other key executive officers, (iv) oversees the annual self-evaluations of the Board, and (v) oversees the orientation program for new directors and continuing education for directors.

In determining the criteria for Board membership, the Nominating/Corporate Governance Committee considers the appropriate range of skills, backgrounds and personal characteristics required in light of the then-current makeup of the Board and in the context of the perceived needs of the Company at the time, including, among other things, the following experience and personal attributes: leadership abilities; financial acumen; general and special business experience and expertise; industry knowledge; government experience; other public company directorships; high ethical standards; independence; sound judgment; interpersonal skills; overall effectiveness; and ability to contribute to the diversity of backgrounds represented on the Board.

The Board has not adopted a mandatory retirement age or term limits for its Board members because it recognizes that each individual is different and arbitrary limitations may result in individuals who distinguish themselves in their board service being precluded from serving on the Board. However, the Board recognizes that economic, social and geo-political factors affecting our global business are continually changing and the skills of our Board members need to keep pace. Accordingly, in re-nominating incumbent members to the Board, the Nominating/Corporate Governance Committee takes into account the need to regularly refresh the composition of the Board to ensure the Board has the appropriate complement of expertise and recent experience to address the Company's current and anticipated circumstances and needs.

The Nominating/Corporate Governance Committee may receive recommendations for Board candidates from various sources, including our stockholders. In addition, the Nominating/Corporate Governance Committee may engage an independent search firm to assist in identifying qualified candidates. The Nominating/Corporate Governance Committee will review all recommended candidates in the same manner regardless of the source of the recommendation. Recommendations from stockholders should be in writing and addressed to: Corporate Secretary, MGM Resorts International, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications, and must include the proposed candidate's name, address, age and qualifications together with the information required under federal securities laws and regulations. Such communication must be received in a timely manner and in accordance with our Amended and Restated Bylaws, and must include the recommending stockholder's name, address, number of shares of Common Stock beneficially owned, and the length of time such shares have been held. See Notice Concerning Stockholder Proposals and Nominations below.

## **Corporate Social Responsibility Committee**

The Corporate Social Responsibility Committee operates under a written charter adopted by the Board. The charter is posted on our website at [www.mgmresorts.com/corporate\\_governance](http://www.mgmresorts.com/corporate_governance) under the caption Corporate Social Responsibility Committee Charter.

The Corporate Social Responsibility Committee assists the Board in guiding our comprehensive corporate social responsibility initiatives. These initiatives reflect strategic business imperatives and our core belief that we should be a responsible corporate citizen in our policies and business practices, including in the crucial areas of diversity and

inclusion, philanthropy and community investment, and environmental sustainability. Fostering equal opportunity, support of the economically disadvantaged, volunteerism, community service and environmental preservation are essential components of our corporate responsibility creed.

The primary goals of our diversity and inclusion initiative include effective integration of diversity strategies into our major business functions and operations and promotion of an inclusive work environment and

## **Table of Contents**

culture that are compatible with and respectful of the diversity of our employees, customers and business invitees, and that maximize employee engagement in accomplishment of our mission and business objectives. The primary goal of our philanthropy initiative is to provide support through financial contributions, in-kind donations, volunteer service, participation in local civic organizations and community collaboration to institutions, organizations and good works that enhance the sustainability of the host communities in which we principally operate. The primary goal of our environmental sustainability initiative the Green Advantage is to reduce the impacts of our business on our natural environment. The premise of our Green Advantage is that environmentally responsible actions by us benefit our planet now and for the future, and result in more efficient operations, lower costs, and enhanced value.

## **Board Leadership Structure**

Our Corporate Governance Guidelines provide that the roles of Chairman of the Board and Chief Executive Officer may be filled by the same or different individuals, which gives the Board the flexibility to determine whether these roles should be combined or separated based on the Company's circumstances and needs at any given time. The Board has no formal policy regarding whether to combine or separate the position of Chairman and Chief Executive Officer, but generally believes that such decisions should be made in the context of succession planning. Currently, our Chief Executive Officer, Mr. Murren, also serves as the Chairman of the Board. The Board believes that the Company and its stockholders are best served by having Mr. Murren act in both positions, as he is most familiar with our business and the challenges of the current business environment. Additionally, his experience and expertise make him best suited to set agendas (in consultation with the Lead Independent Director) for, and lead discussions of, strategic matters affecting us at this time. Further, our Corporate Governance Guidelines, policies and practices, combined with the strength of our independent directors and the role of the Lead Independent Director (discussed below), minimize any potential conflicts that may result from combining the roles of Chief Executive Officer and Chairman of the Board.

Mr. Hernandez is our Lead Independent Director. Among other things, the Lead Independent Director is responsible for convening, chairing and setting the agenda for non-management executive sessions, acting as a liaison between directors and management, consulting with the Chief Executive Officer and Chairman of the Board regarding the agenda of Board meetings and, on behalf of and at the discretion of the Board, meeting with stockholders and speaking on behalf of the Board in circumstances where it is appropriate for the Board to have a voice distinct from that of management. The Board has established a process for stockholders and other interested parties to communicate with the Lead Independent Director, which is set forth in *Stockholder and Interested Parties Communications with Directors* below.

The non-management and independent directors meet in regularly scheduled executive sessions without management present and have the opportunity to convene in executive session at every meeting of the Board in their discretion. Executive sessions of the non-management directors are chaired by the Lead Independent Director, who is elected by and serves at the pleasure of the independent members of the Board. The Lead Independent Director is responsible for convening executive sessions and setting the agenda. Upon reasonable notice to the other directors, any non-management or independent director may convene an executive session. In addition to the foregoing executive sessions, the independent directors meet at least once every year in an independent director executive session without management or non-independent, non-management directors present and have the opportunity to convene in such an independent director executive session at any meeting of the Board in their discretion, or at any regularly scheduled independent director executive session, which independent director executive sessions may be convened by either the Lead Independent Director or, upon reasonable notice, any independent director. Executive sessions of the independent directors are chaired by the Lead Independent Director.

## **Director Emeritus Designation**

The Board has adopted a policy in its Corporate Governance Guidelines for the designation of Director Emeritus in exceptional circumstances to recognize contributions of an unusually valuable nature to the

## **Table of Contents**

Company by a former director. A Director Emeritus, although not typically invited to attend Board meetings, may be invited by the Chairman of the Board to attend certain Board meetings or functions. However, a Director Emeritus may not vote on any business coming before the Board, nor is he or she counted as a member of the Board for the purpose of determining a quorum or for any other purpose. While the Board may determine to compensate a Director Emeritus for his or her advisory and consulting services and a Director Emeritus may be reimbursed for reasonable expenses incurred to attend Board functions to which he or she is invited, a Director Emeritus is not compensated for attendance at such meetings. A Director Emeritus is not a member of the Board or a director as that term is used in our Amended and Restated Bylaws, this Proxy Statement or otherwise.

In June 2011, the Board designated Kirk Kerkorian, the founder of the Company, a member of our Board from 1987 to 2011, and an investor in the Las Vegas hotel and casino industry for over 50 years, as Director Emeritus. In June 2012, the Board designated Melvin B. Wolzinger, a member of our Board from 2000 to 2012, a pioneer in the gaming and hospitality industry and a prominent community leader, as Director Emeritus and Goodwill Ambassador. As Goodwill Ambassador, Mr. Wolzinger expects to be actively engaged in our philanthropy, community and employee events. Willie D. Davis, one of our current directors, will cease to be a director upon expiration of his current term at the Annual Meeting. In light of his years of service and contributions to the Company, the Board intends to grant Mr. Davis the status of Director Emeritus following the Annual Meeting. Mr. Davis, a renowned business leader who has served on numerous public company boards during his distinguished career, has been a member of our Board since 1989.

## **Director Continuing Education**

We are committed to ensuring that our directors remain informed with respect to best practices in corporate governance and engage outside counsel to provide periodic training to our directors on this topic. Each Director is afforded the opportunity to meet with members of our senior management, visit our facilities and consult with independent advisors as necessary or appropriate. Directors are expected to undertake continuing education to properly perform their duties.

## **Risk Oversight**

Our Board has overall responsibility for overseeing the management of the most significant risks facing the Company. As part of its decision-making processes and meetings, our Board engages in regular discussions regarding risk related to the enterprise and management, focusing particularly on the areas of financial risk, regulatory and compliance risk and operational and strategic risk. Our management's assessment of material risks facing the Company is presented by our officers and our legal counsel to the Board at our regularly scheduled Board meetings for the Board's discussion and consideration in its oversight of the Company. When necessary, our Board convenes for special meetings to discuss important decisions facing the Company. The Board considers short-term and long-term risks when providing direction to the Company in connection with these important decisions, and risk planning is a central part of the calculus in all of the Board's decision making.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also share in such responsibility. As part of their delegated areas of responsibility, each of the Board committees reviews and discusses in more detail specific risk topics under its area of responsibility consistent with its charter and such other responsibilities as may be delegated to them by the Board from time to time. In particular, the Audit Committee focuses on significant risk exposures faced by the Company, including general business risk, financial risk, internal controls, regulatory and compliance matters, and material litigation and potential disputes, and assesses the steps and processes management has implemented to monitor, control and/or minimize such exposures. In addition, the Compensation Committee reviews at least annually our compensation policies and practices for

executives, management employees and employees generally as they relate to our risk management practices, including the incentives established for risk-taking and the manner in which risks arising out of our compensation policies and practices are monitored and mitigated and any adjustments of compensation policies and practices that should be made to address changes in our risk profile.

## **Table of Contents**

The Nominating/Corporate Governance Committee has the responsibility to review our corporate governance practices, including Board composition and succession planning, and regularly assess our preparation to address risks related to these areas as well as the other areas under its responsibility.

## **Board Diversity**

The Nominating/Corporate Governance Committee considers diversity when assessing the appropriateness of Board membership. Though diversity is not defined in the Corporate Governance Guidelines or in the Nominating/Corporate Governance Committee's charter, each of which can be found under their respective captions at [www.mgmresorts.com/corporate-governance](http://www.mgmresorts.com/corporate-governance), diversity is broadly interpreted by the Board to include viewpoints, background, experience, industry knowledge and geography, as well as more traditional characteristics of diversity, such as race and gender. We believe that our commitment to diversity is demonstrated by the current membership of our Board and the varied backgrounds and skill sets of our directors.

## **Stockholder Agreements**

In August 2007, we entered into a Company Stock Purchase and Support Agreement, as amended in October 2007, with Infinity World Investments LLC, a Nevada limited liability company ( "Infinity World" ) and an indirect wholly owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity.

The agreement provides that, as long as Infinity World and its affiliates (collectively, the "Infinity World group" ) beneficially own at least 5% of our outstanding Common Stock, whenever we propose to sell shares of our Common Stock or other securities of the Company exercisable for or convertible into Common Stock (except for shares or other securities issued under an employee benefit plan), we will grant a preemptive right (which may be transferred to an affiliate of Infinity World) to acquire that number of shares needed to maintain the percentage ownership of the Infinity World group as calculated at the time we propose to sell shares. In addition, under the agreement, Infinity World has agreed that the Infinity World group will not acquire beneficial ownership of more than 20% of our outstanding shares, subject to certain exceptions.

The agreement also provides that as long as the Infinity World group owns at least 5% of our outstanding Common Stock and the joint venture agreement contemplated under the agreement has not been terminated, Infinity World will have the right, subject to applicable regulatory approvals, to designate one nominee for election to our Board. If the Infinity World group beneficially owns at least 12% of our outstanding Common Stock, then Infinity World will have the right to designate a number of nominees for election to our Board equal to the product (rounded down to the nearest whole number) of (1) the percentage of outstanding shares owned by the Infinity World group multiplied by (2) the total number of directors then authorized to serve on our Board. Based upon a Schedule 13D/A filed on January 31, 2013 with the SEC by the Infinity World group, it owned 26,048,738 shares of our Common Stock, or approximately 5.3% of the outstanding shares as of April 10, 2014.

On February 8, 2013, after consideration by the Nominating/Corporate Governance Committee, the Board appointed William W. Grounds to the Board in connection with the nomination of Mr. Grounds by Infinity World pursuant to the Stock Purchase and Support Agreement. Infinity World has agreed to advance legal and other expenses incurred by Mr. Grounds in connection with civil litigation or other claims arising from his service on the Board to the extent that the Company does not advance such expenses. Mr. Grounds does not receive any compensation for serving as a director, although he receives reimbursement for reasonable expenses incurred in attending Board meetings.

In August 2007, Infinity World also entered into a Stockholder Support Agreement with Tracinda. Under this agreement, Tracinda has agreed to vote its shares of our Common Stock in favor of Infinity World's nominee(s) to the

Board, subject to applicable regulatory approvals.

**Stockholder and Interested Parties Communications with Directors**

The Board has established a process for stockholders and other interested parties to communicate with members of the Board, the non-management directors as a group and the Lead Independent Director. All such

**Table of Contents**

communications should be in writing and should be addressed to the Corporate Secretary, MGM Resorts International, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications. All inquiries are reviewed by the Corporate Secretary, who forwards to the Board, the non-management directors or the Lead Independent Director, as applicable, a summary of all such correspondence and copies of all communications that the Corporate Secretary determines are appropriate and consistent with our operations and policies. Matters relevant to our other departments are directed to such departments with appropriate follow-up to ensure that appropriate inquiries are responded to in a timely manner. Matters relating to accounting, auditing and/or internal controls are referred to the Chair of the Audit Committee and included in the report to the Board, together with a report of any action taken to address the matter. The Board or the Audit Committee, as the case may be, may direct such further action deemed necessary or appropriate.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who beneficially own more than 10% of our Common Stock, to file reports of ownership and changes of ownership with the SEC. The reporting officers, directors and 10% stockholders are also required to furnish us with copies of all Section 16(a) forms that they file. Based solely upon a review of these filings and written representations from such directors and officers, we believe that all required Section 16(a) reports were timely filed during the fiscal year ended December 31, 2013, except that one Form 3 for Mr. Grounds was filed late on April 17, 2013, one Form 4 for Tracinda Corp. was filed late on May 15, 2013, and nine Form 4s for each of Mr. Baldwin, Mr. Hornbuckle, Ms. James, Mr. McManus, Mr. Murren, Mr. Nordling, Mr. Sanders, Mr. Scott, and Mr. Selwood were filed late on October 8, 2013.

**Table of Contents****DIRECTOR COMPENSATION****2013 Director Compensation**

Board members who are employees of the Company do not receive compensation for their service on the Board. Board members (i) who are nominated to the Board pursuant to a contractual right or agreement, (ii) who are an officer or employee of, or a person who performs responsibilities of a similar nature for, the nominating entity or person, as the case may be, or an affiliate thereof, and (iii) who are determined not to be independent because of conflicting interests between the Company and the nominating entity or person or its affiliates, receive no compensation for their service on the Board. Each director who is not an employee of the Company receives reimbursement of all reasonable expenses incurred in attending meetings of the Board and any committees on which he or she serves.

The following table sets forth information regarding independent director compensation for 2013. Mr. Grounds is a contractually appointed non-independent director and therefore does not receive compensation for serving on our Board. - (B) The Board has adopted a Facility Use Policy applicable to independent non-employee directors. The amounts in this column represent the value of M life Express Comps issued to the independent non-management directors under our Facility Use Policy. Mr. Davis will cease to be a director upon expiration of his current term at the Annual Meeting. As Mr. Davis served on the Board for at least three years, he may be entitled to use a certain amount of M life Express Comps for an additional three years, in the event that the Nominating/Corporate Governance Committee determines in its discretion that Mr. Davis fulfills the requirements of the Facility Use Policy. We expect the value M life Express Comps that Mr. Davis may use for those additional three years ranges from zero to \$12,000 per year. See Independent Non-Management Director Use of Company Facilities.

(C) All or a portion of these amounts was deferred pursuant to the Company's Deferred Compensation Plan for Non-Employee Directors.

**Independent Director Compensation Structure**

service as liaison to the compliance committee of the Company, and an annual fee for visiting MGM China in Macau to engage in meetings and dialogue with relevant members of MGM China's senior management, accounting, and internal audit staff. Additional Annual Retainer for Committee Service	\$20,000 per committee, not to exceed \$40,000 total per director

Additional Annual Retainer for Liaison to Compliance Committee	\$10,000
Additional Annual Retainer for Visit to MGM China in Macau	\$7,500
Per-Meeting Fees	None

Directors are reimbursed for expenses to attend Board and committee meetings. In 2013, Ms. McKinney-James received an annual retainer of \$10,000 for serving on the board of directors of MGM Grand Detroit, LLC.

Each independent director received a grant of 9,485 RSUs in June 2013, as further described in 2013 Director Compensation above. Currently, the target value of the annual equity award to independent directors on the grant date is \$140,000.

**Independent Non-Management Director Use of Company Facilities**

We have a Policy Concerning Independent Non-Management Director Use of Company Facilities (the Facility Use Policy). To permit independent directors to experience our facilities and to better prepare themselves to provide guidance to us on matters related to product differentiation and resort operations, each year, following the election of the Board at the annual meeting of shareholders, each independent director is offered a certain amount of M life Express Comps to be utilized at our resort facilities. As each independent director may have different schedule constraints resulting in varying frequencies of visits to our facilities, independent directors may request to receive a lesser number of M life Express Comps to suit their anticipated annual visitation. In addition, as a token of appreciation for significant Board service, each independent director who has served on the Board for a minimum of three years will continue to be offered a certain amount of M life Express Comps for an additional three years after they have ceased to serve on the Board, provided (a) the independent director's departure from the Board was on good terms as determined by the Nominating/Corporate Governance Committee in its discretion (for example, the independent director must not have been removed for cause and there must have been no disagreement in connection with the independent director's departure from the Board that would be required to be reported by the Company on Form 8-K) and (b) the independent director does not after his or her departure from the Board take any action that adversely impacts the Company or breach any agreement with or duty to the Company, in each case as determined by the Nominating/Corporate Governance Committee in its discretion. To the extent required by applicable law or Internal Revenue Service regulations, the fair value of M life Express Comps awarded to each independent director and former independent director, as such value is established by us from time to time, will be reported as income to the director on Form 1099. Each independent director and former independent director is responsible for paying any applicable income taxes on these amounts based on his or her personal income tax return.

**TRANSACTIONS WITH RELATED PERSONS**

With respect to related person transactions covered by Item 404(a) of Regulation S-K, Company management determines whether a transaction requires review by the Audit Committee, and transactions requiring review are referred to the Audit Committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the Audit Committee decides whether or not to approve such transactions and approves only those transactions that are deemed to be in the best interests of the Company, including consideration of the factors set forth in our written guidelines under our Code of Conduct for the reporting, review and approval of potential conflicts of interest: the size of the transaction or investment, the nature of the investment or transaction, the nature of the relationship between the third party and the Company, the nature of the relationship between the third party and the director or employee, the net worth of the employee or director, and any other factors the Committee deems appropriate. If the Company becomes aware of an existing transaction with a related person that has not been approved under the foregoing procedures, then the matter is referred to the Audit Committee. The Audit Committee then evaluates all options available, including ratification, revision or termination of such transaction.

For 2013, we have one related person transaction to report. We have entered into a time sharing agreement with Mr. Murren in connection with his personal use of our aircraft. Under the time sharing agreement, Mr. Murren may lease our aircraft, including crew and flight services, but must generally reimburse us for the value of such usage that is in excess of \$250,000. In 2013, Mr. Murren reimbursed us \$183,582 for usage in excess of \$250,000. See the Summary Compensation Table below for amounts reimbursed by Mr. Murren and for unreimbursed amounts that are considered perquisites.

**PROPOSALS REQUIRING YOUR VOTE**

*Proposal No. 1*

**Election of Directors**

At the Annual Meeting, our stockholders are being asked to elect directors, each of whom will serve until the next annual meeting of stockholders or until his or her respective successor has been elected and qualified, or until his or her earlier resignation or removal. All of the nominees were elected as directors at the last annual meeting of stockholders, except Ms. Gay, who was appointed to the Board in February 2014. If any of the following nominees should be unavailable to serve as director, which contingency is not presently anticipated, it is the intention of the persons designated as proxies to select and cast their votes for the election of such other person or persons as the Board may designate.

**The Board recommends a vote FOR the election of**

**each of the nominees to the Board.**

**Information Concerning the Nominees**

The Board seeks nominees who have substantial professional accomplishments and who are leaders in the companies or institutions with which they are affiliated. Nominees should be persons who are capable of applying independent judgment and undertaking analytical inquiries and who exhibit high integrity, practical wisdom and mature judgment. The Nominating/Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that will best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment, based on diverse experiences. The Nominating/Corporate Governance Committee, together with the Board, reviews on an annual basis the composition of the Board to determine whether the Board includes the right mix and balance of skill sets, financial acumen, general and special business experience and expertise, industry knowledge, diversity, leadership abilities, high ethical standards, independence, sound judgment, interpersonal skills, overall effectiveness and other desired qualities. Director candidates also must meet the approval of certain state regulatory authorities.

We identify and describe below the key experience, qualifications and skills, in addition to those discussed above, that the directors bring to the Board and that are important in light of our business.

*Leadership experience.* Directors with experience in significant leadership positions demonstrate a practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth. Thus, their service as top leaders at other organizations also benefits us.

*Finance experience.* An understanding of finance and financial reporting is important for our directors, as we measure our operating and strategic performance by reference to financial targets. As such, in addition to our directors who may qualify as audit committee financial experts, we expect all of our directors to be financially knowledgeable.

*Industry experience.* We seek to have directors with experience as executives, as directors or in other leadership positions in the resort and gaming industries in which we participate, particularly given the highly regulated nature of these industries.

*Government experience.* We seek directors with government experience, as our business is subject to extensive government regulation and we are directly affected by governmental actions. We therefore recognize the importance of working constructively with local, state, federal and international governments.

*Public company directorship experience.* We seek directors with experience as directors of other public companies, as we believe these individuals will have been exposed to the various types of financial, governance and operational matters that companies such as ours consider from time to time.

**Table of Contents**

The following table sets forth, for each nominee, his or her name, age as of the date of the Annual Meeting, principal occupation for at least the past five years and certain other matters. The respective experiences, qualifications and skills the Board considered in determining whether to recommend each director nominated for election are also included in the column to the right.

We are asking our shareholders to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. ***Proposal No. 3***

**Advisory Vote on Executive Compensation**

The Dodd-Frank Act enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules, including the Compensation Discussion and Analysis, the Summary Compensation Table and related tables and narrative disclosure (also referred to as "say-on-pay").

Stockholders are encouraged to read the Compensation Discussion and Analysis section of this Proxy Statement, which begins on the next page, for a more detailed discussion of how our compensation programs reflect our overarching compensation philosophy and core principles. We are asking our stockholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers. Accordingly, we will ask our stockholders to vote FOR adoption of the following resolution:

RESOLVED, that the stockholders of MGM Resorts International approve, on an advisory basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and related tables and narrative disclosure.

The advisory vote will not be binding on the Compensation Committee or the Board.

**The Board recommends a vote FOR adoption of this proposal.**

**Table of Contents****EXECUTIVE COMPENSATION****Compensation Discussion & Analysis**

<b>Name</b>	<b>Title</b>
James J. Murren	Chairman of the Board and Chief Executive Officer
Daniel J. D. Arrigo	Executive Vice President, Chief Financial Officer and Treasurer
Robert H. Baldwin	Chief Design and Construction Officer
William J. Hornbuckle, IV	President and Chief Marketing Officer
Corey I. Sanders	Chief Operating Officer

***Executive Summary***

2013 was highlighted by improved results from our operating properties and significant progress on future growth opportunities. Net revenue for 2013 was \$9.8 billion, a 7% increase compared to 2012. Net revenue from wholly owned domestic resorts was \$6.1 billion, a 2% increase compared to 2012. Adjusted Property EBITDA from wholly owned domestic resorts increased 9% to \$1.4 billion for 2013. See Reconciliations and Non-GAAP Financial Measures for an explanation of the computation of Adjusted Property EBITDA.

Our stock price reflected these improvements. In 2013, our stock price increased by approximately 102%, from \$11.64 on December 31, 2012 to \$23.52 on December 31, 2013.

Consistent with its focus on linking pay with performance, the Compensation Committee set an EBITDA target for the annual bonuses payable to the Company's NEOs under the Company's Management Incentive Plan that reflects material year over year growth. 2013 results exceeded target significantly, and accordingly the NEOs earned either 116% or 124% of their target bonuses (as described in more detail below).

***CEO and Other NEO Compensation***

For 2013, any portion of the annual cash bonus earned by our CEO or other NEOs that was in excess of 100% of their base pay was paid in the form of PSUs, the payment and value of which depend on future performance of the Company's stock (the Bonus PSU Policy). Adoption of the Bonus PSU Policy increases the correlation between executive compensation and long-term Company performance since the ultimate value realized from bonus PSUs depends on the Company's stock price at the end of a three-year performance period. The bonus PSUs are subject to forfeiture unless a minimum price target is met.

Our CEO and other NEO employment contracts generally condition change-of-control benefits (including equity award benefits) on termination without cause or a voluntary termination with good reason following the change in control (a double trigger). The only exception is Mr. Baldwin, whose employment agreement was entered into in 2010 and will expire in December 2014. The Compensation Committee has determined that no future contracts will have a single-trigger change of control benefit.

Mr. Murren and the other NEOs currently receive the majority of their compensation in the form of equity awards and an annual bonus payable only if performance goals established by the Compensation Committee are satisfied. The following charts illustrate for Mr. Murren and the other NEOs the components of 2013 target direct compensation, *i.e.*, base salary, target bonus and the grant date value of long-term equity incentive awards. These charts illustrate the impact of the performance-based bonus structure implemented in 2013, which provides that bonuses in excess of 100% of base pay are payable in bonus PSUs. As shown, approximately 78.9% of the CEO's target direct compensation and 71.1% of the target direct compensation of the other NEOs is composed of

**Table of Contents**

compensation the value of which depends on the achievement of performance goals or the Company's stock price. In addition, as illustrated by the chart below, the majority of the CEO's compensation (57.8%) is in the form of long-term incentives.

**Target Total Direct Compensation (CEO)**

**Target Total Direct Compensation (Other NEOs)**

We believe that our shareholders support our compensation practices. Our 2013 proposal to approve, on an advisory basis, the compensation of our NEOs (*i.e.*, the say-on-pay proposal) was approved by approximately 99% of the votes cast.

In February and April 2014, the Chairman of the Compensation Committee personally discussed the results of the 2013 say-on-pay vote and executive compensation matters generally with six of our institutional shareholders, which totaled approximately 32.2% of our shareholder base. Based on feedback from these meetings, we believe that many of our institutional shareholders are satisfied with our executive compensation policy.

***Continuation of Existing Compensation Policies***

As part of the Compensation Committee's continuing review, the Committee currently intends to retain several existing policies that continue to represent best practices in the judgment of the Committee:

*PSUs.* For the 2013 annual grant to executive officers, approximately 75% of the award value was delivered in the form of PSUs with payout contingent on achieving price targets. Executive officers cliff

**Table of Contents**

vest in the target amount of their PSU award at the end of three years only if our stock price appreciates 25% over the three-year period following the grant date. PSUs now comprise the majority of equity compensation to our NEOs in terms of both the number of shares and value. See Elements of Compensation Long-Term Equity Incentives below for a further description of PSUs. The Compensation Committee currently intends that future awards will also deliver the majority of value and shares in performance-based compensation, either through PSUs or other forms of performance-based equity.

*Executive officer stock ownership guidelines.* We recognize the importance of aligning our management's interests with those of our shareholders. As a result, the Board, at the recommendation of the Compensation Committee, has established stock ownership guidelines for all of our executive officers, including our NEOs, effective April 18, 2012. Under these guidelines, our NEOs are required to accumulate Company stock having a fair market value equal to the multiples of their applicable base salaries as shown in the table below.

<b>Position</b>	<b>Multiple of Base Salary</b>
CEO	5x
Other Executive Officers (including NEOs other than CEO)	2x

For purposes of these guidelines, shares held in trust or retirement accounts and restricted stock units (RSUs) but not PSUs or SARs count toward the ownership requirement. Each executive officer is required to retain 50% of the net after-tax shares received upon vesting and exercise of equity incentive awards granted after the effective date of the guidelines until the requirement is satisfied. The Board also adopted stock ownership guidelines for directors, which are described in Corporate Governance Director Stock Ownership Guidelines .

*No further single-trigger arrangements.* The Compensation Committee has determined not to enter into any further agreements with executive officers that contain single-trigger change of control benefits. Mr. Baldwin is the only remaining executive officer employment agreement with a single-trigger change of control benefit. His employment agreement expires in December 2014, and the Compensation Committee has determined that no future contracts will have a single-trigger change of control benefit.

*Uniform severance and change of control policy.* The Compensation Committee has adopted more uniform policies with regard to severance payable to NEOs and other senior management. See Executive Compensation Uniform Severance and Change of Control Policies .

*Clawback policy.* Annual incentive bonuses paid to our NEOs are subject to being clawed back (*i.e.*, repaid to the Company) if (1) there is a restatement of our financial statements for a fiscal year as to which a bonus was paid within three years following such fiscal year, other than a restatement due to changes in accounting principles or applicable law or a restatement due to any required change in previously reported results solely as a result of a change in the form of the Company's ownership interest in any subsidiary, affiliate or joint venture, and (2) the Compensation Committee determines that a participant received an excess bonus for the applicable fiscal year. An excess bonus generally equals the difference between the bonus paid to the participant and the payment that would have been made based on the restated financial results.

*Discretionary reduction of annual bonus.* The Compensation Committee retains the right to reduce or eliminate any executive's award under our Management Incentive Plan in its sole and absolute discretion if it determines that such a reduction or elimination is appropriate with respect to the executive's performance or any other factors material to the plan.

*No 280G tax gross ups.* In the event that there is a change in control that triggers excise taxes under Section 280G of the Internal Revenue Code, we are not obligated to provide tax gross up protection to any of our executive officers.

## **Table of Contents**

*Prohibition on short sales and derivatives trading; pre-clearance required for pledging and hedging.* Our insider trading policy provides that certain employees (including our NEOs and other executive officers) and our directors may not enter into short sales of our securities or buy or sell exchange-traded options on our securities. Moreover, our insider trading policy does not allow pledging or hedging of our securities by NEOs and executive officers without a pre-approval, and, since the inception of this aspect of the policy in August 2011, no such pre-approvals have been granted.

### ***Executive Compensation Process***

#### ***Roles in Establishing NEO Compensation***

The Compensation Committee is responsible for establishing, implementing and reviewing the compensation program for our executive officers, including our NEOs. In doing so, the Compensation Committee obtains recommendations from management with respect to the elements of NEO compensation, performance results, legal and regulatory guidance, and market and industry data that may be relevant in determining compensation. In addition, the Compensation Committee consults with our CEO regarding our performance goals, and our CEO periodically meets with the Chair of the Compensation Committee and our Lead Independent Director to discuss our CEO's performance.

The Compensation Committee, among other things, determines compensation of our executive officers, determines the performance criteria and incentive awards to be granted pursuant to our Management Incentive Plan and administers and approves the granting of equity-based awards under our Equity Plan. The Compensation Committee's authority and oversight extends to total compensation, including base salaries, bonuses, non-equity incentive awards, equity-based awards and other forms of compensation.

Our NEOs generally do not participate in determining the amount and type of compensation they are paid other than (i) in connection with negotiating their respective employment agreements; (ii) with respect to participation by our CEO in connection with determining the performance criteria for his annual bonus under our Management Incentive Plan; and (iii) with respect to participation by our NEOs in recommending annual equity awards. Instead, the Compensation Committee's assessment of the individual performance of our NEOs is based primarily on the Compensation Committee's independent observation and judgment of the responsibilities, duties, performance and leadership skills of our NEOs as well as the Company's overall performance.

#### ***Outside Consultants***

The Compensation Committee periodically engages outside consultants on various compensation-related matters. The Compensation Committee has the authority to engage the services of independent legal counsel and consultants to assist the Committee in analyzing and reviewing compensation policies, elements of compensation, and the aggregate compensation to NEOs.

In 2013, the Compensation Committee received advice from Frederic W. Cook & Co., Inc. (FW Cook), an independent compensation consultant, with respect to executive compensation related matters. FW Cook exclusively provides services to the Compensation Committee and does not provide any services to the Company other than on behalf of the Compensation Committee. The Compensation Committee has reviewed an assessment of any potential conflicts of interest raised by FW Cook's work for the Compensation Committee, which assessment considered the following six factors: (i) the provision of other services to the Company by FW Cook; (ii) the amount of fees received from the Company by FW Cook, as a percentage of FW Cook's total revenue; (iii) the policies and procedures of FW Cook that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the FW Cook consultant with a member of the Compensation Committee; (v) any company stock owned by the FW Cook consultants; and (vi) any business or personal relationship of the FW Cook consultant or FW Cook with any of the

Company's executive officers, and concluded that there are no such conflicts of interest. Using the same six factors, the Compensation Committee assessed the independence of FW Cook and has concluded that no conflict of interest exists that would prevent FW Cook from serving as an independent consultant to the Committee.

**Table of Contents**

In 2013, the Compensation Committee also engaged Deloitte & Touche LLP to perform certain procedures in connection with the Compensation Committee's review of the achievement of the financial goals set pursuant to the Management Incentive Plan and the corresponding non-equity incentive awards payable to our NEOs under such plan. Deloitte & Touche LLP did not provide advice to the Compensation Committee regarding the amount or form of executive officer compensation.

***Assessing Compensation Competitiveness***

In order to assess whether the compensation awarded to our NEOs is fair and reasonable, the Compensation Committee periodically gathers and reviews data regarding the compensation practices and policies of other public companies of comparable size that are engaged in comparable lines of business, which we consider to be the gaming and hospitality industry. The peer group compensation data is reviewed by the Compensation Committee to determine whether the compensation opportunity provided to our NEOs is generally competitive with that provided to the executive officers of our peer group companies, and the Compensation Committee makes adjustments to compensation levels where appropriate based on this information. The peer group is used as a reference point by the Compensation Committee in its compensation decisions with respect to NEOs, but the Compensation Committee does not generally benchmark NEO compensation to any specific level with respect to peer group data.

The relevant information for members of the peer group is gathered from publicly available proxy statement data, which data generally reflects only the compensation paid by these companies in years prior to their disclosure, and other relevant disclosures. When reviewing the compensation of the executive officers of the peer group, the Compensation Committee compares the market overlap, results of operations, and market capitalization of the peer group with ours. In addition, the Compensation Committee also reviews the total compensation, as well as the amount and type of each element of such compensation, of the executive officers of the peer group with duties and responsibilities comparable to those of our NEOs.

**Table of Contents**

The current peer group selected by the Compensation Committee (the Peer Group) is composed of gaming and/or hospitality companies that we consider direct competitors with us for business and executive management talent. In 2013, the Compensation Committee reviewed the compensation data of the Peer Group. As set forth in the following table, we are near the 75<sup>th</sup> percentile as compared to the Peer Group with respect to revenues and employees, and slightly above the median with respect to market capitalization. This data is generally based on SEC filings reflecting results through December 31, 2013 (employee data is from the most recent annual report).

***Objectives of Our Compensation Program***

The Compensation Committee's primary objectives in setting total compensation and the elements of compensation for our NEOs are to:

attract talented and experienced NEOs and retain their services on a long-term basis;

motivate our NEOs to achieve our annual and long-term operating and strategic goals;

align the interests of our NEOs with the interests of the Company and those of our stockholders; and

encourage our NEOs to balance the management of long-term risks and long-term performance with yearly performance.

***Elements of Compensation***

In structuring our NEO compensation program, the Compensation Committee considers how each component motivates performance and promotes retention and sound long-term decision-making. The Compensation Committee also considers the requirements of our strategic plan and the needs of our business.

**Table of Contents**

Our NEO compensation program consists of the following components, which are designed to achieve the following objectives.

Compensation Element	Objective
Annual base salary	Attract and retain executives by fairly compensating them for performing the fundamental requirements of their positions.
Annual incentive bonus	Motivate executives to achieve specific annual financial and/or operational goals and objectives whose achievements are critical for near- and long-term success; reward executives directly in relationship to the degree those goals are achieved in a given year; and attract executives with an interest in linking their compensation rewards, including greater upside bonus potential, directly to higher corporate performance.
Long-term incentives	Align executives' long-term interests with stockholders' interests and drive decisions and achieve goals that will help us to remain competitive and thrive in the competitive global gaming industry; attract executives with an interest in creating long-term stockholder value; reward executives for building and sustaining stockholder value; and retain executives both through growth in their equity value and the vesting provisions of our stock awards.
Deferred compensation opportunities	Promote retention by providing opportunities to postpone receipt of compensation until the end of covered employment.
Severance and change of control benefits; employment agreements	Attract, retain and provide reasonable security to executives; encourage executives to make sound decisions in the interest of our long-term performance, regardless of personal employment risk.
Perquisites	Provide a competitive level of perquisites, which in many cases may be provided at little or no cost to us as an owner and operator of full-service resorts.

**Table of Contents*****Annual Base Salary and Employment Agreements***

We have entered into employment agreements with each of our NEOs which determine their annual base salaries as described in the table below. Except for Mr. D Arrigo, our NEO employment agreements do not provide for automatic salary increases after 2013. No salary increases were provided to Mr. Murren and Mr. Baldwin in 2013.

NEO	2012 Base Salary	2013 Base Salary	Change YE 2012 to YE 2013	Future Increases Provided by Employment Agreement	Employment Agreement Term Expiration

***Annual Incentive Bonus******Fiscal Year 2013***

Our NEOs are eligible for annual incentive bonuses under our Management Incentive Plan. As in previous years, each NEO's target bonus was established as a percentage of base pay. Depending on Company performance, an executive may earn from 0% to 175% of his target bonus. The target bonus amounts are set forth in the table below.

The Compensation Committee again concluded that EBITDA is a critical measure of Company performance and that annual bonuses should be based on the degree to which the Company achieved its EBITDA target. For 2013, the Compensation Committee established the EBITDA target at \$1,968,600,000 (the EBITDA Target), which includes an upward adjustment of \$45,500,000 as discussed below. The Compensation Committee considered the EBITDA Target to be a target that reflected material year over year growth. At the time of adoption of the EBITDA Target, the

Compensation Committee further approved certain adjustments that were to be taken into account in computing EBITDA. These adjustments, which are generally the same as those approved in prior years, are intended to ensure that EBITDA is computed in a way that best takes into account the Company's performance during the year. The approved adjustments are listed below.

In order for any award to be earned under the Management Incentive Plan in 2013, 70% of the EBITDA Target must have been achieved. In the event that 70% of the EBITDA Target was achieved, our NEOs would have been eligible to receive 50% of their target award. Between 70% and 100% achievement, the factor increased on a linear basis to 100% of target. From 100% to 120% of the EBITDA Target, the achievement factor increased on a linear basis to 175%, except for Mr. Baldwin, whose bonus increased on a linear basis to 175% at 130% of the EBITDA Target.

**Table of Contents**

In 2013, EBITDA as calculated for this purpose was \$2,094,812,000, representing 106.4% of the EBITDA Target. This resulted in each NEO receiving 124.0% of his target award, except for Mr. Baldwin who received 116.0% of his target award.

The following table sets forth the target percentages for each NEO and the actual bonus that was payable based upon the 124.0% factor described above (116.0% for Mr. Baldwin) as a result of the 106.4% achievement of the EBITDA Target.

NEO	Applicable Base Salary	2013 Target	2013 Target Bonus	2013 Actual Bonus	Actual Bonus as % of Target
		Bonus (% of Base Salary)			
Mr. Murren	\$ 2,000,000	200%	\$ 4,000,000	\$ 4,961,689	124.0%
Mr. D Arrigo	\$ 825,000	150%	\$ 1,237,500	\$ 1,535,022	124.0%
Mr. Baldwin	\$ 1,650,000	163.63%	\$ 2,699,895	\$ 3,132,638	116.0%
Mr. Hornbuckle	\$ 1,250,000	150%	\$ 1,875,000(1)	\$ 2,325,792	124.0%
Mr. Sanders	\$ 1,100,000	150%	\$ 1,650,000	\$ 2,046,697	124.0%

- (1) Of Mr. Hornbuckle's 2013 Target Bonus amount, \$1,650,000 was awarded under the terms of the Management Incentive Plan. The remainder (along with corresponding portions of his threshold and maximum annual bonus opportunities) was awarded outside of the Plan, but subject to terms and conditions identical to the terms and conditions of the Plan, except that 100% of any bonus earned by Mr. Hornbuckle outside of the Management Incentive Plan was required to be paid in the form of bonus PSUs under the Bonus PSU Policy. Payment was structured in this manner, in part, with the intention of preserving the ability for that the portion of the bonus earned outside of the Management Incentive Plan to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

For 2013, the following exclusions were approved to corporate consolidated EBITDA: gains or losses from the sale of operating properties; joint venture or partnership interests or land; EBITDA attributable to operations of assets for the period prior to their disposal or classification as discontinued operations; any write-down or write-up of the value of any portion of real estate or other capital assets or investments not disposed of; gains or losses on insurance proceeds related to asset claims; gains or losses arising out of acquisitions, sales or dispositions, or exchanges of our debt securities; any Harmon-related demolition costs; any success fees paid by us or our affiliates to third parties in connection with development activities, whether in the form of cash or carried interests in development ventures; gains or losses attributable to any consolidation of a joint venture or partnership in our financial statements; and EBITDA attributable to any entity acquired by us during 2013.

The Compensation Committee may reduce or eliminate any participant's award if it determines, in its sole and absolute discretion, that such a reduction or elimination is appropriate with respect to the participant's performance or any other factors material to the goals, purposes, and administration of the Management Incentive Plan, including certain specified criteria that will be evaluated by the Compensation Committee in addition to an overall review of performance. In December 2013, management and the Compensation Committee agreed that it would be appropriate to reduce the participants' awards for fiscal year 2013 by calculating the awards using an EBITDA Target that was \$45.5 million higher than originally set by Compensation Committee in light of the reconsidered impact on MGM China of smoking regulations implemented in Macau in 2013.

*Fiscal Year 2014*

For 2014, the Compensation Committee determined that EBITDA continues to be a critical metric in measuring Company performance. Accordingly, no significant changes were made to the structure of the bonus plan other than selecting an appropriate EBITDA Target for 2014. The 2014 target EBITDA that was decided upon under the Management Incentive Plan is the same target EBITDA set by management and approved by the Board in the budgeting process for 2014, and was adopted by the Compensation Committee within the first 90 days of 2014. In this regard, the Compensation Committee considered the EBITDA projected by management

## **Table of Contents**

for 2014 in relation to the prior year's performance, general economic conditions, the competitiveness of our executive compensation within the industry, and the anticipated value of the services to be provided by the participants.

### ***Long-Term Equity Incentives***

The Compensation Committee determined that PSUs and RSUs would be granted to our NEOs in 2013.

The core PSU concept is that, while an executive is awarded a target number of shares to be paid at the end of a three-year cliff vesting period, (1) the actual number of shares earned depends on the performance of our stock price over the vesting period and (2) the target number of shares can only be earned if stock price appreciation is 25%.

Specifically, in order for the target number of shares to be paid (the Target Shares), the ending average stock price must equal the Target Price, which is defined as 125% of the beginning average stock price. No shares are issued unless the ending average stock price is at least 75% of the beginning average stock price, and the maximum payout is 160% of the Target Shares. Provided the ending average stock price is at least 60% of the Target Price, then the amount of Target Shares is multiplied by the Stock Performance Multiplier. The Stock Performance Multiplier equals the ending average stock price divided by the Target Price. For this purpose, the beginning and ending prices are based on the average closing price of our common stock over the 60-calendar day periods ending on the award date and third anniversary of the award date. In the case of a change in control, the ending stock price is based on the stock price as of the change in control.

By way of example, if the ending average stock price were only 90% of the Target Price, then only 90% of the Target Shares would be paid and, if the ending average stock price were 120% of the Target Price, then 120% of the Target Shares would be paid.

While PSUs provide some value even when the stock price declines (so long as the ending average stock price is 75% or more of the beginning average stock price), their design strongly magnifies the benefit of an increased stock price and the detriment of a decreased price. For example, a 25% share price decline over the three-year vesting period results in a participant receiving a final award worth only 36% of the award that would be delivered if the targeted stock price had been achieved (60% of the Target Shares would be delivered with each share having a value of only 60% of the Target Price).

In making grants of PSUs and RSUs to the NEOs in 2013, the Compensation Committee allocated approximately 75% in value of the awards to PSUs based on fair value at grant date. In the case of the CEO, the size of his award reflected the terms of his employment agreement, which provides that annual equity awards, subject to the Compensation Committee's discretion to award a different amount, will have a target value of \$3.5 million. With respect to the other NEOs, their employment agreements do not provide for any specific target amounts with respect to their equity awards. The Compensation Committee determined the size of their award through a process that evaluated their overall role in and contributions to the Company and other relevant factors, including competitive data.

In determining the size of the awards, the Compensation Committee does not take into account the value realized by a NEO during a fiscal year from equity awards granted during a prior year, believing that value realized by a NEO from any such equity award relates to services provided during the year of the grant or period of vesting. The Compensation Committee does not time the issuance or grant of any equity-based awards with the release of material, non-public information, nor do we time the release of material non-public information for the purpose of affecting the value of equity awards.

The Committee continues to believe that RSUs should comprise a portion of the executive s long-term incentives. Each RSU entitles the holder to receive one share of our stock at vesting, assuming that the applicable performance target (described below) is satisfied. While the value of the RSUs fluctuates with Company performance (as reflected in the price of the Company stock), the RSUs retain some value even in situations

**Table of Contents**

where no PSUs are payable due to insufficient price performance, which structure encourages recipients to balance our short-term performance with the management of our long-term risks and long-term performance and provides a retention incentive.

All RSUs granted to our NEOs in 2013 are subject to achievement of a performance target: in order for any such RSUs to be eligible to vest, our EBITDA for the six-month period ending on June 30, 2014 must be at least 50% of the targeted EBITDA for such six-month period as determined for purposes of the Management Incentive Plan. This performance hurdle makes the awards eligible to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, which results in payments under the awards not being subject to the deduction limits that would otherwise apply under Section 162(m).

The Compensation Committee awarded equity-based compensation to our NEOs in 2013 as follows:

NEO	Grant Date	PSUs(1)	RSUs(1)	Grant Date Fair Value of Awards
Mr. Murren	10/7/2013	123,752	42,517	\$ 3,465,994
Mr. D Arrigo	10/7/2013	31,822	10,933	\$ 891,258
Mr. Baldwin	10/7/2013	38,893	13,362	\$ 1,089,292
Mr. Hornbuckle	10/7/2013	44,197	15,185	\$ 1,237,859
Mr. Sanders	10/7/2013	38,893	13,362	\$ 1,089,292

(1) Vesting is subject to satisfaction of performance criteria, as described above.

***Deferred Compensation Opportunities***

Under our Nonqualified Deferred Compensation Plan (the "DCP"), our NEOs may elect to defer up to 50% of their base salary or 75% of their non-equity incentive awards on a pre-tax basis and accumulate tax-deferred earnings on their accounts. All of our NEOs, except Mr. Baldwin, are current participants in the DCP, but no deferrals were made by any such individuals under the DCP in 2013. See Compensation Tables Nonqualified Deferred Compensation. We believe that providing our NEOs with this deferral option is a cost-effective way to permit executives to receive the tax benefits associated with delaying the income tax event on the compensation deferred, even though the related deduction for us also is deferred. The plan allows NEOs to allocate their account balances among different measurement funds which are used as benchmarks for calculating amounts that are credited or debited to their account balances (for tax reasons, no ownership interest in the underlying funds is acquired). Our NEOs are also eligible to participate in our retirement savings plan under Section 401(k) of the Internal Revenue Code.

***Severance and Change of Control Benefits***

We believe that severance protections, including in the context of a change of control transaction, are important in attracting and retaining key executive officers. In addition, we believe they help ensure leadership continuity and sound decisions in the interest of our long-term success, particularly at times of major business transactions. We have agreed to provide our NEOs with severance benefits in the event that their employment is terminated (1) by us for other than good cause, (2) by them for good cause, (3) by us as a result of their death or disability. Except as noted in the remainder of this paragraph, no benefits are payable solely as a result of a change of control (*i.e.*, there are no single-trigger benefits), and the Compensation Committee has determined not to enter into any further agreements

with executive officers that contain single-trigger change of control benefits. Mr. Baldwin is the only remaining executive officer employment agreement with a single-trigger change of control benefit. His employment agreement, which was entered into in 2010, expires in December 2014, and the Compensation Committee has determined that no future contracts will have a single-trigger change of control benefit. The only other situation in which benefits are potentially payable solely as a result of a change in control is the case of equity awards in the event the equity awards are not assumed as part of the change of control.

## **Table of Contents**

The Compensation Committee believes the services of our NEOs are extremely marketable, and that in retaining their services it is therefore necessary to provide assurances to our NEOs that we will not terminate their employment without cause unless we provide a certain level of severance benefits. When determining the level of the severance benefits to be offered, the Compensation Committee also considers competitive market practices and the period of time it would normally require an executive officer to find comparable employment. Details of the specific severance benefits available under various termination scenarios for our NEOs as of December 31, 2013 are discussed below in Executive Compensation Potential Payments upon Termination or Change of Control .

### ***Perquisites and Other Benefits***

We pay premiums and other expenses for group life insurance, short-term disability insurance, long-term disability insurance, and business travel insurance on behalf of our NEOs. As an owner and operator of full-service resorts, we are able from time to time to provide perquisites relating to hotel and related services, including security and in-town transportation, to our NEOs at little or no additional cost to us. We currently provide our NEOs with access to the fitness facilities located in the hotel where they are officed. In addition, for our convenience and the convenience of our NEOs, we provide complimentary meals for business purposes at our restaurants.

The Compensation Committee has approved limited tax gross ups for executive officers in two situations where it is economically advantageous to us or needed to make employees whole as a result of where we choose to do business. Through December 31, 2013, the Compensation Committee had approved tax gross up payments relating to executive health plan coverage, reflecting the facts that such coverage was previously insured (so that there was no additional tax cost to the executive officers) and our decision to convert our medical plans to self-funding. This conversion imposed an additional tax cost on executives (which we reimburse), but still resulted in lower overall costs to us. This tax gross-up was \$54,258 in the aggregate for all NEOs in 2013.

Under certain circumstances, executive officers are required by us to perform services in states other than their states of employment. As a result, such officers may incur incremental income tax obligations to such other states. To the extent there is no tax credit available in the applicable state of employment (for example, in Nevada), we provide a gross-up of the incremental state income tax obligations resulting from our requiring such executives to work in states other than the state where their services are normally rendered. This puts the executives in the same economic position as though they had worked in their normal places of business. This tax gross-up was \$24,819 in the aggregate for all NEOs in 2013.

Pursuant to his employment agreement, Mr. Murren is entitled to request the personal use of aircraft, but he must generally reimburse us for costs associated with such use to the extent the value of such use (as computed under SEC rules) exceeds \$250,000. In addition, based on an independent threat assessment study provided to us by an outside firm, Mr. Murren is provided personal security services. The majority of the costs of these services consist of security personnel. Based on this study, we view the provision of security services to Mr. Murren as recommended by such study as a necessary and appropriate business expense. The costs of the services provided to Mr. Murren for security purposes is generally comparable to the cost of such services for the chief executive officers of the three other major Las Vegas based gaming/resort companies (Las Vegas Sands, Wynn Resorts, and Caesars Entertainment). The amounts for Mr. Murren are shown below in the Summary Compensation Table.

### ***Other Compensation Matters***

#### ***Internal Revenue Code Section 162(m)***

Edgar Filing: MGM Resorts International - Form DEF 14A

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code ), disallows a tax deduction to public companies for compensation over \$1 million paid to such company s chief executive

## **Table of Contents**

officer and its three other highest paid executive officers other than its chief financial officer. Qualifying performance-based compensation is not subject to the \$1 million deduction limitation if certain requirements are met. The Compensation Committee has determined that a substantial portion of the potential compensation payable to NEOs on an annual basis should be based on the achievement of performance-based targets or otherwise qualify as deductible under Section 162(m) of the Internal Revenue Code. Awards to these individuals under our Management Incentive Plan, awards outside of the Management Incentive Plan that are settled in bonus PSUs and annual grants of equity-based compensation they receive under our Equity Plan are intended to satisfy the requirements for qualifying performance-based compensation under Section 162(m) so that compensation paid pursuant to these awards and grants will be tax deductible. However, interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the control of the Compensation Committee can affect deductibility of compensation, and there can be no assurance that compensation paid to our executive officers who are covered by Section 162(m) will be deductible. In addition, the Compensation Committee reserves the right to use its judgment to authorize payment of compensation that may not be deductible when the Compensation Committee believes that such payments are appropriate and in the best interests of the Company, taking into consideration changing business conditions, the performance of its employees, and other relevant factors.

### ***Compensation Risk Assessment***

As part of its oversight, the Compensation Committee considers the impact of our executive compensation program, and the incentives created by the compensation awards that it administers, on our risk profile. We believe that our pay philosophy provides an effective balance in cash and equity mix, short- and longer-term performance periods, financial and non-financial performance, and allows for the Compensation Committee's exercise of discretion. Further, policies to mitigate compensation-related risk include vesting periods on long-term incentives, stock ownership guidelines, insider-trading prohibitions, and independent Compensation Committee oversight. Based upon this review, both for our executive officers and all other employees, the Compensation Committee has concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

(A) See Compensation Discussion and Analysis Annual Base Salary and Employment Agreements . For Mr. D Arrigo, Mr. Hornbuckle, and Mr. Sanders, the amounts in this column do not reflect their full salaries at the end of 2013 because their respective salary increases became effective at certain dates during 2013 and not at January 1, 2013.

(B)

For 2013, consists of RSUs and PSUs. For the RSU awards to vest ratably over four years, our pre-tax income for the six months ending June 30, 2014 must be at least 50% of the targeted EBITDA as determined in the budget adopted by the Board for such period, excluding certain predetermined items. There are no thresholds or maximums (or equivalent items). The RSUs will be cancelled if such performance criterion is not met. At the grant date, we believed that it was probable that the performance criteria would be met and that each individual will remain employed through the date the grant would become fully vested by its terms, and accordingly, the full value of awards granted has been included. Each PSU represents the right to receive between 0 and 1.6 shares of common stock depending upon the performance of the common stock from the grant date to the date that is three years after the grant date (the Vesting Date), relative to a target price (the Target Price). The Target Price is equal to 125% of the average closing price of our common stock over the 60-calendar-day period ending on the grant date. If the ending average stock price is less than 60% of the Target Price (the Minimum Price), then no shares will be issued on the Vesting Date. If the ending average stock price is equal to or greater than 160% of the Target Price (the Maximum Price), then 1.6 shares will be issued on the Vesting Date per PSU. If the ending average stock price is between the Minimum Price and the Maximum Price, then a number of shares will be issued on the Vesting Date per PSU equal to the ending average stock price divided by the Target Price. For this purpose, the ending average stock price is the average closing price of our common stock over the 60-calendar-day period ending on the Vesting Date. The grant date fair value for PSUs was computed in accordance with FASB ASC 718. These awards were valued using a Monte Carlo simulation

model with assumptions as described in Note 14 to our consolidated financial statements, which are included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, filed on February 28, 2014. The grant date fair values of the awards assuming the highest performance condition would be achieved are \$4.2 million, \$1.1 million, \$1.3 million, \$1.5 million and \$1.3 million for Mr. Murren, Mr. D Arrigo, Mr. Baldwin, Mr. Hornbuckle and Mr. Sanders, respectively. See Compensation Discussion and Analysis Long-Term Equity Incentives .

- (C) The amounts reflected in the table represent the grant date fair value computed in accordance with FASB ASC 718. These awards were valued using the Black-Scholes Model with assumptions as described in Note 14 to our consolidated financial statements, which are included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, filed on February 29, 2012.
- (D) Consists of compensation under the Management Incentive Plan, including bonus PSUs as described in Compensation Discussion & Analysis CEO and Other NEO Compensation, and, with respect to Mr. Hornbuckle, an additional bonus opportunity earned outside of the Management Incentive Plan. See Compensation Discussion and Analysis Annual Incentive Bonus .
- (E) All other compensation for 2013 consists of the following:

Name	Personal Use of Company		Insurance		Total Other Compensation
	Aircraft(1)	401(k) Match	Premiums and Benefits(2)	Other Perquisites(3)	
Mr. Murren	\$ 250,000	\$ 750	\$ 81,872	\$ 231,121	\$ 563,743
Mr. D Arrigo		750	40,579		41,329
Mr. Baldwin		750	56,869		57,619
Mr. Hornbuckle	4,383	750	27,412	11,976	44,521
Mr. Sanders		750	11,112		11,862

- (1) The amounts in this column represent the value of personal use of our aircraft, which was determined based on the aggregate incremental cost to us. Aggregate incremental cost was calculated based on average variable operating cost per flight hour multiplied by flight hours for each NEO, less any amounts reimbursed by such NEO. The average variable operating cost per hour was calculated based on aggregate variable costs for each year, including fuel, engine reserves, trip-related repair and maintenance costs, travel expenses for flight crew, landing costs, related catering and miscellaneous handling charges, divided by the aggregate hours flown. Fixed costs, such as flight crew salaries, wages and other employment costs, training, certain maintenance and inspections, depreciation, hangar rent, utilities, insurance and taxes are not included in aggregate incremental cost since these expenses are incurred by us irrespective of personal use of aircraft. If an aircraft flies without passengers before picking up or dropping off a passenger flying for personal reasons, then such deadhead segment is included in aggregate incremental costs. The amount shown in the table for Mr. Murren reflects a reimbursement of \$183,582 to us for the incremental costs of his personal usage of our aircraft in excess of \$250,000.

- (2) The amounts in this column represent premiums and other expenses for group life insurance, short term disability insurance, long term disability insurance, business travel insurance, and health plan coverage, including gross-ups of associated taxes on health plan coverage (the gross-up amounts were \$26,787, \$8,878, \$15,001, \$3,001 and \$591 for Mr. Murren, Mr. D Arrigo, Mr. Baldwin, Mr. Hornbuckle and Mr. Sanders, respectively). See Compensation Discussion & Analysis for our Compensation Committee's policy on gross-ups.
  
- (3) For 2013, Mr. Murren received \$218,278 for personal security services. As was the case in prior years, based on an independent threat assessment study provided to us by an outside firm, Mr. Murren is provided personal security services. The majority of the costs of these services consist of security personnel. Based on this study, we view the provision of security services to Mr. Murren as

**Table of Contents**

recommended by such study as a necessary and appropriate business expense. The costs of the services provided to Mr. Murren for security purposes is generally comparable to the cost of such services for the chief executive officers of the three other major Las Vegas based gaming/resort companies (Las Vegas Sands, Wynn Resorts, and Caesars Entertainment).

Under certain circumstances, executive officers are required by us to perform services in states other than their states of employment. As a result, such officers may incur incremental income tax obligations to such other states. To the extent there is no tax credit available in the applicable state of employment (for example, in Nevada), we provide a gross-up of the incremental state income tax obligations resulting from our requiring such employees to work in states other than the state where their services are normally rendered. For 2013, this tax gross-up was \$12,843 and \$11,976 for Mr. Murren and Mr. Hornbuckle, respectively. As an owner and operator of full-service hotels, we are able to provide many perquisites relating to hotel and hotel-related services to the NEOs at little or no additional cost to us. In no case did the value of such perquisites, computed based on the incremental cost to us, exceed \$10,000 per NEO in 2013.

### Option/SAR Exercises and Stock Vested

The following table shows option/SAR exercises and RSU vesting for the NEOs during 2013. For option/SAR awards, if any, the value realized is calculated as the difference between the market price on the date of exercise and the exercise price, times the number of options/SARs exercised. For RSUs, the value realized is calculated as the number of shares vested times the closing share price on the date vested.

- (A) This column does not include any unpaid prior year bonuses that were earned prior to the date of termination.
  
- (B) The value of outstanding RSUs, PSUs, stock options and SARs (including any accelerated or continued vesting that would occur under each of these termination scenarios) is based on the closing price of our common stock at December 31, 2013, which was \$23.52. The calculation excludes any values attributable to SARs that are already vested.

**Table of Contents**

- (C) For purposes of the calculation of any continued or accelerated vesting in respect of outstanding equity awards, (1) we have assumed that in connection with each NEO's termination, such NEO was eligible for the maximum post-termination continued and accelerated vesting period applicable to each award, which may not be the case if an actual termination were to occur, and (2) we have treated continued vesting of awards in the same manner as accelerated vesting based on the stock price on December 31, 2013.
- (D) Assumes that the performance targets are achieved for performance-based RSUs.
- (E) Assumes that December 31, 2013 was end of performance period for PSUs.
- (F) For death or disability termination scenario, includes for Mr. Murren any reimbursement of group life insurance premiums and medical expenses to be provided under the disability scenario based on actual amounts paid in 2012 and 2013 of \$73,237 (presented within table above), and under the death scenario, a reimbursement of medical expenses to be provided based on actual amounts paid in 2013. Under all other scenarios for Mr. Murren, includes a reimbursement of group life insurance premiums, medical expenses and associated taxes and premiums for long-term disability insurance based on actual amounts paid in 2012 and 2013. For death or disability termination scenario, includes for Mr. Baldwin an estimate of group life insurance premiums, reimbursement of medical expenses and associated taxes and premiums for long term disability insurance to be provided under each of the scenarios based on actual amounts paid in 2013. For all other termination scenarios, includes for all NEOs the applicable lump sum payment for health and insurance benefits, as described below under Uniform Severance and Change of Control Policies.
- (G) Assumes each NEO's employment terminates (other than as a result of a termination by the Company for good cause or by the NEO without good cause) in connection with a change of control.

***Uniform Severance and Change of Control Policies***

In 2012, the Compensation Committee adopted a uniform severance policy for terminations by us without cause or by the applicable executive officer with good cause not in connection with a change of control (the Severance Policy). The Compensation Committee implemented the Severance Policy for all NEOs except Mr. Baldwin in November 2012, pursuant to a Memorandum Agreement re: Changes to Severance and Change of Control Policies that was entered into with each of them to amend their employment and related agreements (the Severance Amendments). The Compensation Committee expects that Mr. Baldwin will be covered by the Severance Policy upon expiration of his current employment agreement in December 2014. In the interim, benefits payable to Mr. Baldwin under these termination scenarios will be as provided under his existing employment agreement, as described below. The benefits provided to NEOs other than Mr. Baldwin under the Severance Policy are as follows:

**Non Change-of-Control Severance  
(termination by us without good cause or by  
NEO with good cause)**

**Position**  
CEO

1.5x the sum of base salary and target bonus (subject to \$8 million cap) and two years of continued vesting of unvested equity awards

Lump sum payment equal in value to 24 months of continued health and insurance benefits

Other Executive Officers (including NEOs other than CEO, but excluding Mr. Baldwin)

1.0x the sum of base salary and target bonus (subject to \$3 million cap) and one year of continued vesting of unvested equity awards

Lump sum payment equal in value to 12 months of continued health and insurance benefits (1.5x cost of COBRA)

The Compensation Committee also adopted a uniform severance policy for terminations by us following a change of control (the Change of Control Policy ), implemented the Change of Control Policy for all NEOs

other than Mr. Baldwin pursuant to the Severance Amendments. The Change of Control Policy is the only source of change of control benefits for our NEOs other than Mr. Baldwin, who the Compensation Committee expects will be covered by the Change of Control Policy upon expiration of his existing employment agreement. In the interim, Mr. Baldwin's existing employment agreement provides change of control benefits, as described below. The benefits provided under the Change of Control Policy to our NEOs other than Mr. Baldwin are as follows:

**Change-of-Control Severance  
(termination by us without good cause, or by  
executive officer with good cause, following  
change of control)**

**Position**

CEO	2.0x the sum of base salary and target bonus (subject to \$10 million cap) and full vesting of unvested equity awards  Lump sum payment equal in value to 24 months of continued health and insurance benefits
Other Executive Officers (including NEOs other than CEO, but excluding Mr. Baldwin)	2.0x the sum of base salary and target bonus (subject to \$4 million cap) and full vesting of unvested equity awards  Lump sum payment equal in value to 24 months of continued health and insurance benefits (1.5x cost of COBRA)

***Severance Benefits Mr. Baldwin***

If the employment of Mr. Baldwin is terminated by us without good cause or by Mr. Baldwin with good cause, then under his employment agreement he will generally be entitled to the following:

salary for a 12-month period following termination;

a lump-sum payment equal to the excess of \$4 million over the continued salary paid for the 12-month period (together with the 12-month salary continuation, the Baldwin Cash Severance );

any unpaid bonus in respect of the most recently completed fiscal year;

health and insurance benefits for him and his dependents for up to four years; and

the following benefits with respect to outstanding equity awards:

with respect to outstanding SARs, depending on the date of grant generally up to 1-2 years of continued vesting, with such SARs and outstanding stock options generally remaining exercisable during such continued vesting period and, in the case of certain grants, for 90 days thereafter; and

with respect to RSUs, depending on the date of grant and subject to satisfaction of any applicable performance criteria, generally the RSUs will continue to vest for up to 12 months following the termination date; and

with respect to PSUs not paid under the Bonus PSU Policy, pro-rata vesting based on the number of days employed prior to termination, plus an additional 12 months, subject to actual stock price performance over the performance period.

All compensation paid by us during the remaining term of Mr. Baldwin's employment agreement is subject to offset if he is employed elsewhere, subject to a cap.

With respect to Mr. Baldwin, if there is a discontinuing change of control (which generally means that we are no longer publicly traded and the SAR was not replaced with an equivalent SAR with respect to publicly traded stock of the acquirer), Mr. Baldwin will be entitled to the following benefits with respect to the SARs granted to him on December 13, 2010: generally, the exercise period for the SAR will expire and all time-based vesting of SARs will accelerate in full, and all such vested SARs shall be purchased by us for either cash, securities or other property.

**Table of Contents**

With respect to Mr. Baldwin, if there is a change of control (as defined in his employment agreement), then he will be entitled to the following benefits:

Mr. Baldwin may terminate his employment under his employment agreement within 120 days of the change of control and be entitled to:

a lump sum amount equal to \$4 million; provided, that if the change of control is not a Section 409A of the Internal Revenue Code change in control event (as defined in his employment agreement), Mr. Baldwin would instead receive the Baldwin Cash Severance;

any unpaid bonus in respect of the most recently completed fiscal year;

health and insurance benefits for him and his dependents for up to four years; and

the following benefits with respect to the SARs granted to on December 13, 2010:

generally, acceleration in full of all time-based vesting of SARs and a two-year-and-90-day extension to the exercise period for such SARs; provided that to the extent the change of control is a discontinuing change of control (which generally means that we are no longer publicly traded and the SAR was not replaced with an equivalent SAR with respect to publicly traded stock of the acquirer), vested SARs (including vesting that occurs as a result of the discontinuing change of control) shall be purchased by us for either cash, securities or other property.

If any payments or benefits payable to Mr. Baldwin pursuant to the terms of his employment agreement or otherwise in connection with, or arising out of, his employment with the Company on a change in ownership or control (within the meaning of Section 280G of the Internal Revenue Code) would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then the payments and benefits for Mr. Baldwin will be reduced to the maximum amount such that no portion of the payments and benefits would be subject to the excise tax only if, following such reduction, Mr. Baldwin would retain a greater amount of such payments and benefits than if no reduction had occurred and Mr. Baldwin paid any applicable excise tax.

If the employment of Mr. Baldwin is terminated by us without good cause, by Mr. Baldwin with good cause or as a result of death or disability, in each case, within 12 months following a change in control (as defined in the applicable grant agreement), then:

SARs granted on or after October 3, 2011 that would have vested, absent such termination, during the 12 months after such termination shall accelerate and remain exercisable for 12 months;

RSUs granted on or after October 3, 2011 that would have vested, absent such termination, during the 12 months after such termination shall accelerate, subject to satisfaction of any applicable performance criteria, and generally be settled in connection with such termination; and

with respect to PSUs not paid under the Bonus PSU Policy, pro-rata vesting based on the number of days employed prior to termination, plus an additional 12 months, subject to actual stock price performance over the performance period.

***Death or Disability***

If the employment of a NEO is terminated under his employment agreement by us as a result of death or disability, he (or his beneficiaries) will generally be entitled to receive the following under his employment agreement:

salary for a 12-month period following termination for Mr. Murren and Mr. Baldwin, salary for a 6-month period following termination for Mr. Hornbuckle, and salary for a 3-month period following termination for the other NEOs (net of any applicable payments received from any short-term disability policy);

for Mr. Murren and Mr. Baldwin only, any unpaid bonus in respect of the most recently completed fiscal year;

**Table of Contents**

for Mr. Murren and Mr. Baldwin only, a prorated portion of any bonus attributable to the fiscal year in which the death or disability occurs;

for Mr. Murren only, a lump sum amount equal to actual amounts paid in the prior 24 months for health benefits and life insurance premiums to be provided under the disability scenario, and a lump sum amount equal to actual amounts paid in the prior 24 months for health benefits to be provided under the death scenario;

for Mr. Baldwin only, health and insurance benefits for him and his dependents for up to four years; and

the following benefits with respect to outstanding equity awards:

with respect to the SARs granted to Mr. Murren on October 4, 2010 and Mr. Baldwin on December 13, 2010, generally up to two years of continued vesting plus an additional 90 days of exercisability after such two-year period has elapsed;

with respect to the RSUs granted to Mr. Murren on October 4, 2010, the portion of the RSUs which would have vested as of the date that is two years following such termination shall vest on the date of termination, subject to clawback for breach of restrictive covenants;

with respect to all other vested but unexercised stock options, SARs or other stock-based compensation awards granted prior to September 12, 2011, continued exercise (to the extent applicable) generally for the 12 month period following termination;

with respect to SARs and RSUs granted on or after September 12, 2011, continued vesting, subject to satisfaction of any applicable performance criteria, and exercise (to the extent applicable) for 12 months after the termination date; and

with respect to PSUs not paid under the Bonus PSU Policy, pro-rata vesting based on the number of days employed prior to termination, plus an additional 12 months, subject to actual stock price performance over the performance period.

The above benefits are provided by the applicable NEO employment agreements, applicable equity award agreements and/or the annual bonus award under the Management Incentive Plan.

***Termination by Company for Good Cause or by NEO Without Good Cause***

If a NEO terminates his employment under his employment agreement without good cause, or we terminate such employment for good cause, then he would generally be entitled to receive the following under his employment agreement:

for Mr. Murren and Mr. Baldwin only, any unpaid bonus in respect of the most recently completed fiscal year; and

vested but unexercised stock options, SARs or other stock-based compensation awards continue to remain exercisable (to the extent applicable) generally during the 90-day period following termination.

***Obligations of the NEOs***

Obligations of the NEOs under the employment agreements relating to confidentiality, providing services to competitors and others, and soliciting customers and Company employees continue after termination of employment, regardless of the reason for such termination (with some exceptions for certain NEOs upon a change of control of the Company or if the NEO terminates for good cause). With the exception of obligations relating to confidentiality, which are not limited by time, these restrictions generally continue for the 12-month period following termination (or for such period that remains in the term of the agreement if less than 12 months).

**RECONCILIATIONS AND NON-GAAP FINANCIAL MEASURES**

Adjusted Property EBITDA is a non-GAAP financial measure. A reconciliation to the GAAP measures and other information can be found on pages 49 through 51 of the Management's Discussion and Analysis of Financial Condition and Results of Operations section of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, filed with the SEC on February 28, 2014.

**Table of Contents*****Proposal No. 4*****Approval of the Amendments to the Amended and Restated 2005 Omnibus Incentive Plan**

In 2008, the Board adopted, and the stockholders of the Company approved, our Amended and Restated 2005 Omnibus Incentive Plan (the Plan), which authorized the issuance of 35 million shares, of which approximately 14.8 million shares remained available for issuance as of December 31, 2013. The purposes of the Plan are to provide a means whereby participants may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to devote their best efforts to the business of the Company, thereby advancing the interest of the Company and its stockholders. Additionally, the Plan provides a means through which the Company can attract able individuals to become employees or serve as directors of the Company and acquire and maintain stock ownership in the Company, thereby strengthening their concern for the welfare of the Company. The Plan provides for the grant of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units and other stock-based awards to selected employees, directors and independent marketing agents. The Company is asking stockholders to approve amendments to the Plan adopted by the Board of Directors on April 22, 2014 to (i) extend the term of the Plan, which is set to terminate on May 3, 2015, to April 22, 2024; (ii) increase the number of shares of our common stock, \$.01 par value per share, available for grant under the Plan after June 5, 2014 by 10 million shares, to a total authorization of 45 million shares; (iii) establish an annual limit on nonemployee director awards; and (iv) other non-substantive clarifications and administrative changes. In addition, approval of this proposal is intended to constitute approval of the material terms of the performance goals of the Plan for purposes of Section 162(m) of the Code. This proposal does not seek to amend the material terms of the performance goals of the Plan, except as discussed herein. The primary purposes of these amendments is to increase the retention and motivational value of the Plan and to continue to afford the Compensation Committee flexibility in the administration of our equity-based employee benefit plans in furtherance of its efforts to provide meaningful equity-based retention incentives for key existing employees and recruitment incentives for new employees.

The Company believes that the proposed increase to the share pool under the Plan represents a reasonable amount of potential equity dilution and allows the Company to continue to award equity incentives, which are a critical component of our overall compensation program as described above. If the proposed share increase is approved, the approximately 24.8 million shares remaining available under the Plan (as decreased or increased by new and forfeited awards after December 31, 2013) would represent 4.65% of the fully diluted common stock outstanding as of February 21, 2014. The additional 10 million shares is an increase of 67.5% from the number of shares available under the Plan as of December 31, 2013. Assuming that the aggregate equity awards are granted at levels broadly consistent with our historical practice, the Company generally expects that the shares available under the Plan (as proposed to be amended) should be sufficient to cover the Company's projected equity awards for the next five years.

The Company manages long-term dilution by limiting the number of equity awards granted annually, commonly referred to as burn rate. Burn rate differs from dilution as it does not account for equity awards that have been cancelled and other shares returned to the reserve. The Company's three-year average annual burn rate calculated using Institutional Shareholder Services (ISS) methodology is 0.79%, which is below the ISS burn rate threshold of 4.16% applied to our industry.

The Board recommends that the Company's stockholders approve the amendments to the Plan because it believes the Company's continued ability to grant equity-based awards is important to enhancing stockholder value. If the shareholders do not approve the amendments to the Plan, then the Plan would continue in its current form and with the current share pool.

**The Board recommends a vote FOR adoption of this proposal.**

*Section 162(m) of the Code*

The Board believes that it is in the best interests of the Company and its stockholders to continue to provide for an equity incentive plan under which compensation awards can be made to the Company's executive officers

that are intended to qualify for deductibility by the Company for federal income tax purposes. Accordingly, the Plan has been structured in a manner such that awards granted under it can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Code, however, there can be no guarantee that amounts payable under the Plan will be treated as qualified performance-based compensation under Section 162(m). In general, under Section 162(m), in order for the Company to be able to deduct compensation in excess of \$1,000,000 paid in any one year to the Company's chief executive officer or any of the Company's three other most highly compensated executive officers (other than the Company's chief financial officer), such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the Company's stockholders at least once every five years. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the Plan, each of these aspects is discussed below, and, as noted above, stockholders are being asked under this proposal to approve each of these aspects of the Plan for purposes of the approval requirements of Section 162(m).

### ***Plan Summary***

The following summary of the material terms of the Plan, as adopted by the Board of Directors on April 22, 2014 and subject to approval the Company's stockholders, are qualified in their entirety by reference to the full text of the Plan, which is set forth in *Appendix A* to this Proxy Statement.

### ***Administration***

The Plan is administered by the Compensation Committee of the Board of Directors of the Company (the *Committee*), which is comprised of at least three independent, outside members of the Board. Each member of the Committee must be (1) a non-employee director within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the *Securities Exchange Act*) and the rules and regulations of the principal stock exchange on which the Company's common stock is listed or quoted and (2) an outside director within the meaning of the regulations under Section 162(m) of the Code. The Board appoints (and may remove) the members of the Committee. The Committee has the authority (within the limitations described in the Plan) to, among other things:

interpret the terms and intent of the Plan and any award agreement or other agreement or document ancillary to or in connection with the Plan;

determine eligibility for awards and adopt such rules, regulations, forms, instruments, and guidelines for administering the Plan as the Committee may deem necessary;

select recipients for awards under the Plan;

establish all award terms and conditions, including the terms and conditions set forth in award agreements;

grant awards as an alternative to or as the form of payment for grants or rights earned or due under compensation plans or arrangements of the Company;

construe any ambiguous provision of the Plan or any award agreement;

subject to the terms of the Plan, correct a defect or supply any omission, or reconcile any inconsistency so that the Plan or any award agreement complies with applicable law, regulations and listing requirements and so as to avoid unanticipated consequences or address unanticipated events (including any temporary closure of the stock exchange on which the Company's Shares are listed, disruption of communications or natural catastrophe); and

## **Table of Contents**

subject to the terms of the Plan, adopt modifications and amendments to the Plan or any award agreement, including without limitation, any that are necessary to comply with the laws of the countries and other jurisdictions in which the Company, its associates, and/or its subsidiaries operate.

To the extent permitted by law and the terms of the Plan, the Committee may delegate to one or more of its members or to one or more officers of the Company, and/or its subsidiaries and associates or to one or more agents or advisors such administrative duties or powers as it may deem advisable, and the Committee or any individuals to whom it has delegated duties or powers may employ one or more individuals to render advice with respect to any responsibility the Committee or such individuals may have under the Plan.

All actions and all interpretations and determinations made by the Committee are final and binding upon Plan participants, the Company, and all other interested individuals.

### ***Participants***

The Committee may select participants in the Plan from among those persons who are:

designated as employees of the Company, its associates, and/or its subsidiaries on the payroll records thereof;

members of the Board of Directors of the Company; or

representatives hired as independent agents of the Company, and treated as independent contractors, to carry out duties related to casino marketing activities.

Options intending to qualify as incentive stock options ( ISOs ) within the meaning of Section 422 of the Code may only be granted to employees of the Company or of any parent or any subsidiary. Approximately 350 employees and 11 non-employee directors currently qualify to participate in the Plan.

### ***Shares Subject to the Plan and to Awards***

Subject to adjustment for certain dilutive or related events, the maximum aggregate number of shares of common stock available for issuance under the Plan as of December 31, 2013 was 14,815,037 shares. If the proposed amendments to the Plan are adopted, the maximum aggregate number of shares of common stock available for issuance under the Plan would be increased from 35 million to 45 million shares, an increase of 10 million shares. The shares available for issuance under the Plan may consist of authorized but unissued shares or treasury shares. Shares of common stock covered by an award will only be counted as used to the extent they are actually issued. Any shares related to awards which (i) terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares of common stock, (ii) are settled in cash in lieu of shares of common stock, or (iii) are exchanged with the Committee's permission, prior to the issuance of shares of common stock, for awards not involving shares of common stock, will be available again for grant under the Plan. Moreover, if the option exercise price of any option granted under the Plan or the tax withholding requirements with respect to any award granted under the Plan are satisfied by tendering shares to the Company (by either actual delivery or by attestation), or if a stock appreciation right is exercised, only the number of shares issued, net of the shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of shares available for delivery under the Plan.

During any fiscal year, stock options may be granted, in the aggregate, to an individual participant with respect to a maximum of 2 million shares of common stock. During any fiscal year, SARs may be granted, in the aggregate, to an individual participant with respect to a maximum of 2 million shares of common stock. In addition, the maximum aggregate grant with respect to awards of restricted stock or RSUs in any one fiscal year to any one participant will be 700,000, the maximum aggregate award of performance shares or performance units in any fiscal year to any one participant will be 700,000, or equal to the value of 700,000 shares, determined as of the date of grant of the Award, as applicable, and the maximum aggregate grant with respect to other stock-based awards in any one Plan year to any one participant will be 700,000. Finally, if the proposed

---

**Table of Contents**

amendments to the Plan are adopted, the maximum aggregate grant (regardless of the type(s) of award granted) in any fiscal year to any one nonemployee director will be an award or awards having an aggregate grant date fair value (as determined for financial reporting purposes) of no more than \$600,000.

***Option Awards***

Stock options may be granted alone or together with SARs. Each option will be evidenced by an award agreement that will specify the exercise price, maximum duration of the option, number of shares to which the option pertains, conditions upon which the option will become vested and exercisable, and such other provisions as the Committee determines. The option exercise price may not be less than the fair market value of a share of common stock on the date the stock option is granted. The Committee may establish the term of each option, but no stock option will be exercisable after 10 years from the grant date. A stock option may be granted in the form of a non-qualified stock option ( NQSO ) or an ISO. ISOs may only be granted to employees. An option granted under the Plan will not be considered an ISO to the extent that it, together with any other incentive stock options under the Plan and any other incentive stock option plans, are exercisable for the first time by any participant during any calendar year with respect to shares having an aggregate fair market value in excess of \$100,000 as of the time the option with respect to such shares is granted.

***Stock Appreciation Rights***

A stock appreciation right provides the right to the monetary equivalent of the increase in value of a specified number of the shares over a specified period of time after the right is granted. Each SAR will be evidenced by an award agreement that will specify the grant price, term of the SAR, and such other provisions as the Committee determines. SARs may be granted alone ( freestanding SARs ) or in conjunction with all or part of a stock option ( tandem SARs ). Upon exercising a SAR, the participant is entitled to receive in stock the amount by which the fair market value of the common stock at the time of exercise exceeds the exercise price of the SAR. A participant may exercise a freestanding SAR in the manner determined by the Committee, but may only exercise a tandem SAR if the related stock option is also exercisable. A participant's tandem SAR will not be exercisable if the participant has already exercised the related stock option, or if that option has terminated. Similarly, once a participant exercises a tandem SAR, the related stock options will no longer be exercisable.

***Restricted Stock, Restricted Stock Units, Performance Shares and Performance Share Units***

Each award of restricted stock, RSUs, performance shares and performance share units will be evidenced by an award agreement that will specify the terms and conditions of such award. Restricted stock is an award of a share of common stock that may not be traded or sold until a predetermined date set by the Committee. A RSU is an award of an amount, payable in cash, shares of common stock, or a combination thereof, as determined by the Committee, based on the value of a specified number of shares of common stock. The restrictions on such awards will be determined by the Committee, and may include stipulated purchase prices, forfeiture conditions, transfer restrictions, and time-based restrictions on vesting. Holders of RSUs will have no ownership interest in the shares of common stock to which such RSUs relate until and unless payment with respect to such restricted RSUs is actually made in shares of common stock. Except as otherwise determined by the Committee, during the restriction period, participants who hold restricted shares will have the right to receive dividends in cash or other property or distribution rights in respect of their shares of restricted stock, to the extent made available under the terms of the awards granting the restricted shares, and will have voting rights. During the restriction period, participants who hold RSUs will not be entitled to vote with respect to the underlying shares of common stock.

A performance unit is an award of a right denominated in units, the grant, vesting, earning and/or settlement of which is conditioned on the achievement of one or more performance goals over a performance period, as determined by the Committee, and which is subject to such restrictions on transfer and other terms and conditions as the Committee may establish. A performance share is an award of a right to receive an amount based on the fair market value of a share of common stock, the grant, vesting, earning and/or settlement of which is conditioned on the achievement of one or more performance goals over a performance period, as determined by

---

**Table of Contents**

the Committee, and which is subject to such restrictions on transfer and other terms and conditions as the Committee may establish. Performance units and performance shares that become payable in accordance with their terms and conditions may be settled in cash, shares of common stock, or a combination of cash and shares, as determined by the Committee. Performance shares and performance units may be issued to eligible participants, either alone or in combination with other awards made under the Plan. The Committee will determine the performance goals and performance period.

***Other Stock-Based Awards***

The Committee may grant other types of equity-based or equity-related awards not otherwise described by the terms of the Plan in such amounts and subject to such terms and conditions as the Committee may determine.

***Dividend Equivalents***

The Committee may grant any participant dividend equivalents based on the dividends declared on shares of common stock that are subject to any award other than options or stock appreciation rights, to be credited as of dividend payment dates, during the period between the date the award is granted and the date the award is exercised, vests or expires, as determined by the Committee. Such dividend equivalents will be converted to cash or additional shares of common stock by such formula and at such time and subject to such limitations as may be determined by the Committee. Notwithstanding the foregoing, dividend equivalents that relate to awards that vest in whole or in part subject to performance goals or conditions shall, to the extent made available under the terms of the awards, be subject to the same performance goals or conditions as the underlying award.

***Deferred Payments***

No deferral of compensation (as defined under Code Section 409A) is intended under the Plan. However, the Committee may permit deferrals of compensation pursuant to the terms of a participant's award agreement, a separate plan or a subplan which meets the requirements of Code Section 409A and any related Internal Revenue Service guidance or regulation.

***Qualifying Performance Criteria***

The performance goals upon which the payment or vesting of an award that is intended to qualify as performance-based compensation under Section 162(m) of the Code will be limited to the following performance measures: (a) net earnings or net income (before or after taxes); (b) earnings per share; (c) net sales or revenue growth; (d) net operating profit; (e) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue); (f) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment); (g) earnings before or after taxes, interest, depreciation, and/or amortization; (h) gross or operating margins; (i) productivity ratios; (j) share price (including, but not limited to, growth measures and total stockholder return); (k) expense targets; (l) margins; (m) operating efficiency; (n) market share; (o) customer satisfaction; (p) working capital targets; and (q) economic value added or EVA (net operating profit after tax minus the sum of capital multiplied by the cost of capital). Any such performance measures may be used to measure the performance of the Company, a subsidiary, and/or an associate as a whole or any business unit of the Company, a subsidiary, and/or an associate or any combination thereof, annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to a previous years' result as the Committee may deem appropriate, or any of the performance measures as compared to the performance of a group or comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or the Company may select performance measure (j) as compared to various stock market indices. The Committee has the

authority to provide for accelerated vesting of any award based on the achievement of performance goals pursuant to the performance measures.

The Committee may provide in any such award that any evaluation of performance may include or exclude any of the following events that occurs during a performance period: (a) asset write-downs, (b) litigation or claim

---

judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (d) any reorganization and restructuring programs, (e) extraordinary nonrecurring items as described in applicable accounting provisions and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, (f) acquisitions or divestitures, and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect awards to covered employees (as defined pursuant to Section 162(m) of the Code), they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

Awards that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code may not be adjusted upward. The Committee has the discretion, however, to adjust such awards downward, either on a formula or discretionary basis or any combination, as the Committee may determine. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing performance measures described above without obtaining stockholder approval of such changes, the Committee will have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant awards that do not qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on performance measures other than those set forth above.

***Amendment and Termination***

The Committee may terminate or amend the Plan at any time, provided, however, that without prior approval of the Company's stockholders and except with respect to adjustment as described in the Plan, the option exercise price of outstanding options or the grant price of outstanding stock appreciation rights issued under the Plan will not be reduced, at any time when the option exercise price or the grant price of outstanding stock appreciation rights is above the fair market value of a share, no alteration, amendment or modification shall provide that any such outstanding option or stock appreciation right be cancelled and re-granted or exchanged for either cash or a new award with a lower (or no) option exercise price or grant price, and no other action shall be taken with respect to an option or stock appreciation right that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the shares are listed. And no material amendment of the Plan may be made without stockholder approval if stockholder approval is required by law, regulation, or stock exchange rule. The Committee may make adjustments in the terms and conditions of, and the criteria included in, awards in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. Notwithstanding any provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan or an award agreement may adversely affect in any material way any award previously granted under the Plan without the written consent of the participant holding such award (except as necessary or advisable for the purpose of conforming the Plan or an award agreement to any present or future law).

***Adjustments***

If the outstanding securities of the class then subject to the Plan are increased, decreased or exchanged or converted into cash, property or a different number or kind of securities, or if cash, property or securities are distributed in respect of those outstanding securities, in any case as a result of a reorganization, merger consolidation, recapitalization, restructuring, reclassification, extraordinary dividend or other distribution (other than regular, quarterly cash dividends), stock split, reverse stock split or the like, or if substantially all of the property and assets of the Company are sold, then, the Committee will make appropriate and proportionate adjustments in (a) the number, price (if applicable) and type of shares or other securities or cash or other property that may be subject to awards

previously granted under the Plan, (b) the maximum number and type of share or other securities or cash or other property that may be issued pursuant to awards thereafter granted under the Plan,

## **Table of Contents**

and (c) the maximum number of shares for which awards may be granted during any one fiscal year; provided, however, that no adjustment will be made to the number of shares that may be acquired pursuant to outstanding ISOs or the maximum number of shares with respect to which ISOs may be granted under the Plan to the extent the adjustment would result in those options being treated as other than ISOs.

### ***Assignment and Transferability***

Except for any permitted transfers (as defined in the Plan document) (not for value) to family members provided for in a participant's award agreement, each award granted under the Plan may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution, and each award generally will be exercisable only by the participant during his or her lifetime.

### ***Effective Date and Termination of the Plan***

The Plan originally became effective as of May 3, 2005. The Plan, as amended and restated, became effective October 6, 2008. No awards will be made under the Plan after May 3, 2015, unless the proposed amendments to the Plan are adopted. If the proposed amendments to the Plan are adopted, the date for awards made under the Plan will be extended to April 22, 2024.

### ***Federal Income Tax Treatment***

The following discussion of the federal income tax consequences of the Plan is intended to be a summary of applicable federal law as currently in effect. It should not be taken as tax advice by Plan participants, who are urged to consult their individual tax advisors.

### ***Stock Options***

The grant of a stock option will have no tax consequences to a participant or the Company. In general, when a participant exercises an ISO, the participant will not recognize income, and the Company will not be entitled to a tax deduction. However, the excess of the acquired ISO shares' fair market value on the exercise date over the exercise price will be included in the participant's income for purposes of the alternative minimum tax. In general, if a participant exercises an ISO more than three months after terminating his or her employment with the Company or a subsidiary, the stock option will be treated for tax purposes as a NQSO, as described below.

In general, upon exercising a NQSO, a participant will recognize ordinary income equal to the excess of the acquired shares' fair market value on the exercise date over the exercise price. The Company will be entitled to a tax deduction for the same amount.

When a participant disposes of shares acquired under an ISO, the participant will have a capital gain or loss equal to the difference between the exercise price and the amount realized by the participant on the disposition of the shares. However, if the participant fails to hold ISO shares for more than one year after exercising the stock option and for more than two years after the grant of the option, the portion of any gain realized by the participant upon the disposition of the shares that does not exceed the excess of the fair market value of the shares on the exercise date over the exercise price generally will be treated as ordinary income, and the Company generally will be entitled to a tax deduction for the same amount. The balance of any gain or any loss will be treated as a capital gain or loss, as applicable.

When a participant sells any shares acquired under a NQSO or any other award other than an ISO, the participant will recognize capital gain or loss equal to the difference between the amount realized on the disposition of the shares and the employee's basis in the shares. In general, the participant's basis in any such shares will be equal to the amount of ordinary income recognized in connection with the receipt of the shares plus any amount paid for the shares.

---

**Table of Contents*****Other Awards***

With respect to other awards that are settled either in cash or in shares that are transferable or are not subject to a substantial risk of forfeiture, the participant will recognize ordinary income equal to the excess of (a) the cash or the fair market value of any shares received (determined as of the date of settlement) over (b) the amount, if any, paid for the shares by the participant. The Company generally will be entitled to a tax deduction in the same amount. If the shares are nontransferable and subject to a substantial risk of forfeiture, the participant generally will not recognize income (and the Company will not become entitled to a tax deduction) until the shares become transferable or not subject to a substantial risk of forfeiture (whichever occurs first), and the amount of income (or deduction) will be equal to the excess of (i) the fair market value of the shares on the date income is recognized over (ii) the amount, if any, paid for the shares by the participant.

***Company Deduction and Section 162(m)***

Internal Revenue Code Section 162(m) denies a deduction by the Company for certain compensation in excess of \$1 million per year paid to the chief executive officer or any of the three most highly compensated executive officers other than the chief executive officer and the chief financial officer. Compensation realized with respect to stock options and SARs, including upon exercise of a SAR or a NQSO or upon a disqualifying disposition of an ISO may be excluded from this deduction limit if it satisfies certain requirements, including a requirement that the Plan be approved by our stockholders. In addition, other awards under the Plan may be excluded from this deduction limit if they are conditioned on the achievement of one or more performance measures (see *Qualifying Performance Criteria* above) that have been approved by our stockholders. Approval of this Proposal by our stockholders at the 2014 Annual Meeting will constitute approval of these performance measures. The rules and regulations promulgated under Section 162(m) are complicated and subject to change from time to time, sometimes with retroactive effect. In addition, a number of requirements must be met in order for particular compensation to so qualify. As such, there can be no assurance that any compensation awarded or paid under the Plan will be deductible under all circumstances.

***New Plan Benefits***

The benefits that will be awarded or paid in the future under the Plan are not currently determinable. Such awards are within the discretion of the Committee, and the Committee has not determined future awards or who might receive them. Information about awards granted in fiscal year 2013 under the Plan to the Company's named executive officers can be found in the table under the heading *Grants of Plan-Based Awards* above. As of April 10, 2014, the closing price of a share of the Company's common stock was \$24.08.

Plan or any Award Agreement complies with applicable law, regulations and listing requirements and so as to avoid unanticipated consequences or address unanticipated events (including any temporary closure of the stock exchange on which the Company's Shares are listed, disruption of communications or natural catastrophe), or adopting modifications and amendments to this Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries and other jurisdictions in which the Company, its Associates, and/or its Subsidiaries operate.

Moreover, if the Option Price of any Option granted under this Plan or the tax withholding requirements with respect to any Award granted under this Plan are satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of Shares available for delivery under this Plan. **4.4 Adjustments in Authorized Shares.** If the outstanding securities of the class then subject to this Plan are increased, decreased or exchanged for or converted into cash, property or a different number or kind of securities, or if cash, property or securities are distributed in respect of those outstanding securities, in any case as a result of a reorganization, merger consolidation, recapitalization, restructuring, reclassification, extraordinary dividend or other distribution (other than regular, quarterly cash dividends), stock split, reverse stock split or the like, or if substantially all of the property and assets of the Company are sold, then, the Committee shall make appropriate and proportionate adjustments in (a) the number, price (if applicable) and type of shares or other securities or cash or other property that may be subject to Awards previously granted under this Plan, (b) the maximum number and type of shares or other securities or cash or other property that may be issued pursuant to Awards thereafter granted under this Plan, and (c) the maximum number of Shares for which Awards may be granted during any one Plan Year; provided, however, that no adjustment may be made to the number of Shares that may be acquired pursuant to outstanding Incentive Stock Options or the maximum number of Shares with respect to which Incentive Stock Options may be granted under this Plan to the extent the adjustment would result in those options being treated as other than Incentive Stock Options. Notwithstanding anything in this Section 4.4 to the contrary, an adjustment to an Option or SAR under this Section 4.4 shall be made in a manner that will not result in the grant of a new Option or SAR under Section 409A of the Code.

Subject to Section 16.3 and Article 12, the Committee, in its sole discretion, may also make appropriate adjustments in the terms of any Awards under this Plan to reflect or related to such changes or distributions and to modify any other terms of outstanding Awards, including modifications of performance goals and changes in the length of Performance Periods. Subject to Section 16.3, the determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

Subject to the provisions of Article 16 and notwithstanding anything else herein to the contrary, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate (including, but not limited to, a conversion of equity awards into Awards under this Plan in a manner consistent with applicable regulations), subject to compliance with the rules under Code Sections 422 and 424, as and where applicable.

**Article 5. Eligibility and Participation**

**5.1 Eligibility.** Individuals eligible to participate in this Plan include all Employees, Directors and Independent Marketing Agents, in each case, to the extent permissible under Form S-8 under the Securities Act of 1933, as amended from time to time.

**5.2 Actual Participation.** Subject to the provisions of this Plan, the Committee may, from time to time, select from all eligible individuals, those individuals to whom Awards shall be granted and shall determine, in its sole discretion, the nature of, any and all terms permissible by law, and the amount of each Award.

**Article 6. Stock Options**

**6.1 Grant of Options.** Subject to the terms and provisions of this Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, in

its sole discretion; provided that ISOs may be granted only to eligible Employees of the Company or of any parent or subsidiary corporation (as permitted under Code Sections 422 and 424).

**6.2 Award Agreement.** Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the maximum duration of the Option, the number of Shares to which the Option

pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of this Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or an NQSO.

**6.3 Option Price.** The Option Price for each grant of an Option under this Plan shall be determined by the Committee in its sole discretion and shall be specified in the Award Agreement; provided, however, the Option Price on the date of grant must be at least equal to one hundred percent (100%) of the FMV of the Shares as determined on the date of grant. Notwithstanding the foregoing, the price at which shares of stock may be purchased under an ISO granted to a Participant who is a ten-percent owner shall not be less than one hundred ten percent (110%) of the FMV of the Shares as determined on the date of grant. For this purpose, a ten-percent owner shall mean a person who, at the time the ISO is granted, owns stock with more than ten percent (10%) of the total combined voting power of all classes of stock of the Company.

**6.4 Term of Options.** Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10<sup>th</sup>) anniversary date of its grant. Notwithstanding the foregoing, the period during which an ISO may be exercised by a ten percent owner shall expire not later than five years from the date the ISO is granted.

**6.5 Exercise of Options.** Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

**6.6 Payment.** Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Option Price. The Option Price of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the Option Price; (c) a cashless exercise (broker-assisted exercise) through a same day sale commitment; (d) by a combination of (a), (b), and (c); or (e) any other method approved or accepted by the Committee in its sole discretion.

Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of any applicable tax withholding), the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

**6.7 Restrictions on Share Transferability.** The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

**6.8 Termination of Employment.** Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company, its Associates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

**6.9 Notification of Disqualifying Disposition.** If any Participant shall make any disposition of Shares issued pursuant to the exercise of an ISO under the circumstances described in Code Section 421(b) (relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

**Article 7. Stock Appreciation Rights**

**7.1 Grant of SARs.** Subject to the terms and conditions of this Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of this Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of this Plan, in determining the terms and conditions pertaining to such SARs.

The Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement; provided, however, the Grant Price on the date of grant must be at least equal to one hundred percent (100%) of the FMV of the Shares as determined on the date of grant. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

**7.2 SAR Agreement.** Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

**7.3 Term of SAR.** The term of an SAR granted under this Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10<sup>th</sup>) anniversary date of its grant.

**7.4 Exercise of Freestanding SARs.** Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes.

**7.5 Exercise of Tandem SARs.** Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the excess of the Fair Market Value of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Option Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the Option Price of the ISO.

**7.6 Settlement of SAR Amount.** Subject to Section 19.11 herein, upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company of Shares in an amount determined by multiplying:

- (a) The excess of the Fair Market Value of a Share on the date of exercise over the Grant Price, less applicable tax withholding; by

(b) The number of Shares with respect to which the SAR is exercised.

**7.7 Termination of Employment.** Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with or provision of services to the Company, its Associates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to this Plan, and may reflect distinctions based on the reasons for termination.

Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

**8.2 Restricted Stock or Restricted Stock Unit Agreement.** Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

**8.3 Other Restrictions.** The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to this Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, restrictions under applicable laws or under the requirements of any stock exchange or market upon which such Shares are listed or traded, and/or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse (including satisfaction of any applicable tax withholding obligations), and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

**8.4 Certificate Legend.** In addition to any legends placed on certificates pursuant to Section 8.3, each certificate representing Shares of Restricted Stock granted pursuant to this Plan may bear a legend such as the following or as otherwise determined by the Committee in its sole discretion:

rights in respect of their Shares of Restricted Stock, to the extent made available under the terms of the Awards granting the Shares of the Restricted Stock, and may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights at any time with respect to any Restricted Stock Units granted hereunder. Notwithstanding the foregoing, dividends and/or dividend equivalents that relate to Awards that vest in whole or in part subject to performance goals or conditions shall, to the extent made available under the terms of the Awards, be subject to the same performance goals or conditions as the underlying Award.

**9.2 Value of Performance Units/Performance Shares.** Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the date of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the value and/or number of Performance Units/Performance Shares that will be paid out to the Participant.

**9.3 Earning of Performance Units/Performance Shares.** Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Units/Performance Shares shall be entitled to receive payout on the value and number of Performance Units/Performance Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved.

**9.4 Form and Timing of Payment of Performance Units/Performance Shares.** Payment of earned Performance Units/Performance Shares shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of this Plan, the Committee, in its sole discretion, may pay earned Performance Units/Performance Shares in the form of cash or in Shares (or in a combination thereof) equal to the value of the earned Performance Units/Performance Shares at the close of the applicable Performance Period, or as soon as practicable after the end of the Performance Period. Any Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

**9.5 Termination of Employment.** Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Performance Units and/or Performance Shares following termination of the Participant's employment with or provision of services to the Company, its Associates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards of Performance Units or Performance Shares issued pursuant to this Plan, and may reflect distinctions based on the reasons for termination.

## **Article 10. Other Stock-Based Awards**

**10.1 Other Stock-Based Awards.** The Committee may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine.

**10.2 Value of Other Stock-Based Awards.** Each Other Stock-Based Award shall be expressed in terms of Shares or units based on Shares, as determined by the Committee. **10.4 Termination of Employment.** The Committee shall determine the extent to which the Participant shall have the right to receive Other Stock-Based Awards following termination of the Participant's employment with or provision of services to the Company, its Associates, and/or its Subsidiaries, as the case may be. ## **Article 11. Transferability of Awards**

**11.1 Transferability of Incentive Stock Options.** No ISO granted under this Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under Article 6 shall be exercisable during his or her lifetime only by such Participant.

**11.2 All Other Awards.** Except for any Permitted Transfers provided for in a Participant's Award Agreement, which Permitted Transfers may be subject to additional restrictions determined by the Committee and as set forth in the Award Agreement, no other Award granted under this Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except with respect to interests in Awards which have been subject to a Permitted Transfer provided for in a Participant's Award Agreement, all Awards granted to a Participant under this Plan, as applicable, shall be exercisable during his or her lifetime only by such Participant. With respect to those Awards (other than ISOs), if any, that are subject to Permitted Transfers, references in this Plan to exercise or payment related to such Awards by or to the Participant shall be deemed to include, as determined by the Committee, the Participant's Family Members to whom such Permitted Transfers were made.

In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 12.1.

### **Article 13. Dividend Equivalents**

Any Participant selected by the Committee may be granted dividend equivalents based on the dividends declared on Shares that are subject to any Award other than Options or SARs, to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award is exercised, vests or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee. Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, its Associates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Associates, and/or its Subsidiaries.

- (a) Determine which Associates and Subsidiaries shall be covered by this Plan;
- (b) Determine which Employees and/or Directors or Independent Marketing Agents outside the United States are eligible to participate in this Plan;
- (c) Modify the terms and conditions of any Award granted to Employees and/or Directors or Independent Marketing Agents outside the United States to comply with applicable foreign laws;
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 19.8 by the Committee shall be attached to this Plan document as appendices; and

- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

**19.9 Uncertificated Shares.** To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

**19.10 Unfunded Plan.** Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or its Associates may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any person acquires a right to receive payments from the Company, its Subsidiaries, and/or its Associates under this Plan, such right

shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Associate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Associate, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

**19.11 No Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

**19.12 Retirement and Welfare Plans.** Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards may be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Subsidiary's or Associate's retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

**19.13 Deferred Compensation.** No deferral of compensation (as defined under Code Section 409A or guidance thereto) is intended under this Plan. However, the Committee may permit deferrals of compensation pursuant to the terms of a Participant's Award Agreement, a separate plan or a subplan which meets the requirements of Code Section 409A and any related guidance. Employees who are subject to Code Section 409A shall only be granted Awards under this Plan that meet the requirements of Code Section 409A or qualify for an exemption under Code Section 409A or any related guidance. Additionally, to the extent any Award is subject to Code Section 409A, notwithstanding any provision herein to the contrary, the Plan does not permit the acceleration of the time or schedule of any distribution related to such Award, except as permitted by Code Section 409A, the regulations thereunder, and/or the Secretary of the United States Treasury.

**19.14 Nonexclusivity of this Plan.** The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

**19.15 No Constraint on Corporate Action.** Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's or an Associate's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the right or power of the Company or a Subsidiary or an Associate to take any action which such entity deems to be necessary or appropriate.

**19.16 Governing Law.** The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Delaware, to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.
