The Board of each Target Fund and certain other Nuveen funds have approved a series of proposals that are intended to benefit shareholders in a number of ways by streamlining Nuveen's equity option product line. The proposals included the Reorganization of the Target Fund(s) into the Acquiring Fund. Nuveen recommended the proposed product restructuring in order to simplify and more clearly delineate the investment strategies of its equity option strategy funds. The Boards considered information provided by Nuveen on the potential benefits of the proposals which included: (i) reduced fees and expenses as a result of economies of scale from a larger combined fund; (ii) better liquidity and reduced trading costs from the greater share volume of the combined fund; and (iii) stronger

demand from a simplified, differentiated product set which may lead to narrower discounts over time. Accordingly, each Board has determined that the Reorganization would be in the best interests of its fund.
