PROXY STATEMENT

Annual Meeting of Shareholders

to be held on May 6, 2016

ABOUT THE MEETING

What You Are Voting On

Proxies are being solicited by the Board of Directors for purposes of voting on the following proposals and any other business properly brought before the meeting:

Proposal 1: Election of the eleven directors named in this proxy statement, each for a one-year term and until their respective successors are elected and qualified.

Proposal 2: Ratification of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2016.

Proposal 3: Advisory vote on the compensation of our named executive officers.

Proposal 4: Advisory vote on the frequency of a shareholder vote on the compensation of our named executive officers.

Who is Entitled to Vote

Shareholders of Owens & Minor, Inc. (the "Company" or "Owens & Minor") as of the close of business on March 11, 2016 (the "Record Date") are entitled to vote. Each share of the Company's common stock ("Common Stock") is entitled to one vote. As of March 11, 2016, 62,850,382 shares of Common Stock were issued and outstanding.

How to Vote

You can vote by the Internet, by telephone or by mail.

By Internet. You may vote by the Internet by following the specific instructions on the Notice of Internet Availability of Proxy Materials. Shareholders who have requested a paper copy of a proxy card by mail may submit proxies over the Internet by following the instructions on the proxy card. **We encourage you to vote via the Internet.** If your shares are held by your bank or broker in street name, please refer to the instruction form that you receive from your bank or broker or contact your bank or broker to determine whether you will be able to vote by the Internet.

please refer to the instruction form that you receive from your bank or broker or contact your bank or broker to determine whether you will be able to vote by telephone.

Table of Contents

By Mail. Shareholders who have requested a paper copy of a proxy card by mail may submit proxies by completing, signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided.

However you choose to vote, you may revoke a proxy prior to the meeting by (1) submitting a subsequently dated proxy by any of the methods described above, (2) giving notice in writing to the Corporate Secretary of the Company or (3) voting in person at the meeting (attendance at the meeting will not itself revoke a proxy).

What Happens if You Do Not Make Selections on Your Proxy

If your proxy contains specific voting instructions, those instructions will be followed. However, if you sign and return your proxy card by mail or submit your proxy by telephone or via the Internet without making a selection on one or more proposals, you give authority to the individuals designated on the proxy card to vote on the proposal(s) for which you have not made specific selections or given instructions and any other matter that may arise at the meeting. If no specific selection is made or instructions given, it is intended that all proxies that are signed and returned or submitted via telephone or Internet will be voted FOR the election of all nominees for director, FOR the ratification of KPMG LLP as our independent registered public accounting firm in 2016, FOR the approval, on an advisory basis, of the compensation of our named executive officers (together, the NEOs, and, individually, an NEO) and FOR the approval, on an advisory basis, of conducting an advisory vote on the compensation of our NEOs every year.

Whether Your Shares Will be Voted if You Don't Provide Your Proxy

Whether your shares will be voted if you do not provide your proxy depends on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, and you do not provide your proxy, your shares will not be represented at the meeting, will not count toward the quorum requirement, which is explained below, and will not be voted.

If you own your shares of Common Stock in street name, your shares may be voted even if you do not provide your broker with voting instructions. Brokers have the authority under New York Stock Exchange (NYSE) rules to vote shares for which their beneficial owner customers do not provide voting instructions on certain routine matters. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote.

The Company believes that only the proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2016 is a routine matter for which brokerage firms will have discretionary voting power if you do not give voting instructions with respect to this proposal. The proposal to elect directors as well as the proposals to approve, on an advisory basis, the compensation of our NEOs and the frequency of this advisory vote, are non-routine matters for which brokerage firms will not have discretionary voting power and for which specific voting instructions from their customers are required. As a result, brokerage firms will not be allowed to vote on these non-routine matters on behalf of their customers if the customers do not return specific voting instructions.

What Constitutes a Quorum

A majority of the outstanding shares of Common Stock present or represented by proxy constitutes a quorum. A quorum is required to conduct the annual meeting. If you vote your proxy, you will be considered part of the quorum. Abstentions and shares held by brokers or banks in street name (broker shares) that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

Table of Contents

The Vote Required to Approve Each Item

Election of Directors. The affirmative vote of a majority of the votes cast at the meeting is required for the election of each director. A majority of votes cast means that the number of votes cast FOR a nominee's election must exceed the number of votes cast AGAINST that nominee's election. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the results of this vote.

Ratification of Appointment of KPMG LLP. The appointment of KPMG LLP will be ratified if the votes cast FOR this proposal exceed the number of votes cast AGAINST this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Advisory Vote on Executive Compensation. The compensation of our executive officers named in the Summary Compensation Table will be approved on an advisory basis if the votes cast FOR this proposal exceed the number of votes cast AGAINST this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Advisory Vote on Frequency of Vote on Executive Compensation. Under Virginia law, other than the election of directors, action on a matter is approved if the votes cast for the matter exceed the votes cast against the matter, unless our articles of incorporation or Virginia law require a greater number of affirmative votes. However, because of the nature of this proposal, the advisory vote regarding the frequency (i.e., every year, every two years or every three years) of the shareholder advisory vote on the compensation of our NEOs receiving the greatest number of votes cast (i.e., a plurality) will be considered the frequency recommended by shareholders.

How to Obtain a Paper Copy of the Proxy Materials

Shareholders will find instructions about how to obtain a paper copy of the proxy materials on the notice they received in the mail about the Internet availability of proxy materials.

What it Means if You Get More Than One Notice about the Internet Availability of Proxy Materials

Your shares are probably registered differently or are held in more than one account. Please vote all proxies to ensure that all your shares are voted. Also, please have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, Computershare, Inc., at 1-866-252-0358.

Costs of Soliciting Proxies

Owens & Minor will pay all costs of this proxy solicitation. The Company has retained Georgeson, LLC to aid in the distribution and solicitation of proxies for approximately \$6,000 plus expenses. The Company will reimburse brokers and other custodians, nominees and fiduciaries for their expenses in forwarding proxy and solicitation materials.

CORPORATE GOVERNANCE

General. The Company is managed under the direction of the Board of Directors, which has adopted Corporate Governance Guidelines to set forth certain corporate governance practices. Each year, we review our corporate governance policies and practices relative to applicable laws, including the Dodd-Frank Wall Street Reform Act and the Sarbanes-Oxley Act of 2002 and rules promulgated thereunder or adopted by the Securities and Exchange Commission (SEC) and the NYSE, the exchange on which the Common Stock is listed, as well as the policies and practices recommended by groups and authorities active in corporate governance.

Corporate Governance Materials. The Company's Bylaws, Corporate Governance Guidelines, Code of Honor and the charters of the Audit, Compensation & Benefits, and Governance & Nominating Committees are

Table of Contents

available on our website at <http://www.owens-minor.com> under Corporate Governance. The information available on, or that can be accessed through, our website is not a part of, or incorporated by reference into, this proxy statement.

Code of Honor. The Board of Directors has adopted a Code of Honor that is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer, as well as the members of the Board of Directors. We intend to post any amendments to or waivers from our Code of Honor (to the extent applicable to the Company's principal executive officer, principal financial officer, principal accounting officer, any other executive officer or any director) on our website.

Director Independence. The Board of Directors has determined that the following Board members and/or nominees are independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines: Stuart M. Essig, John W. Gerdelman, Lemuel E. Lewis, Martha H. Marsh, Eddie N. Moore, Jr., James E. Rogers, David S. Simmons, Robert C. Sledd and Anne Marie Whittemore. To assist it in making determinations of independence, the Board has adopted categorical standards which are included in the Company's Corporate Governance Guidelines available on our website at <http://www.owens-minor.com> under Corporate Governance. The Board has determined that all directors and/or nominees identified as independent in this proxy statement meet these standards.

Structure and Leadership of the Board. The Board of Directors has no policy with respect to the separation of the offices of Chairman of the Board and the Chief Executive Officer. Instead, the Board believes that it is in the best interests of the Company for this determination to be made as part of the succession planning process when it selects a new Chief Executive Officer. During 2015, each of Mr. Phipps and Mr. Bierman served part of the year as President & Chief Executive Officer while Craig R. Smith, our former Chief Executive Officer until he stepped down in 2014, continued to serve as Executive Chairman and, effective August 1, 2015, as non-executive Chairman of the Board. The Board believes that maintaining Mr. Smith as Chairman of the Board is in the best interests of the Company because it preserves continuity in the operation of the Board, continues to promote our unique corporate culture and provides a strong source of institutional knowledge and history of operations of the Company. The Board believes that the separation of the Chairman and Chief Executive Officer roles also currently serves the best interests of the Company by allowing a seasoned former CEO of the Company to lead the board while our current CEO focuses on the Company's day-to-day operations and the implementation of strategic initiatives. Our Corporate Governance Guidelines also provide for the annual election of an independent lead director to, among other things, preside at board meetings in the absence of the Chairman, preside at meetings of the independent directors and advise the Chairman and the board committee chairmen with respect to agendas and information requirements relating to the Board and committee meetings. The Board believes that the independent lead director enhances communications between board members (including the Chairman) and committees as well as the overall functioning of the Board's leadership.

Majority Vote Requirement for Election of Directors. The Company's Bylaws and Corporate Governance Guidelines provide for the election of directors by majority vote in uncontested elections. Under the Company's Corporate Governance Guidelines, with respect to director nominations, the Board will only nominate those incumbent directors who submit irrevocable resignations effective upon the failure of such director nominee to receive the required vote for re-election and Board's acceptance of such resignation. In the event an incumbent director fails to receive a majority of the votes cast, the Governance & Nominating Committee (or such other committee designated by the Board) will make a recommendation to the Board as to whether to accept or reject the resignation. The Board must act on the resignation, taking into account the Governance & Nominating Committee's recommendation, and publicly disclose its decision regarding the resignation, including, if applicable, its rationale for rejecting a resignation, in a press release and an appropriate disclosure with the SEC within 90 days following certification of the election results. The Governance & Nominating Committee in making its recommendation, and the Board in making its decision, may each consider any factors or other information that it considers appropriate and relevant.

Table of Contents

The Board's Role in Risk Oversight. The Board of Directors currently administers its risk oversight function through the full Board and not through a separate risk committee of the Board. However, each of the Audit Committee, the Compensation & Benefits Committee and the Governance & Nominating Committee oversees the specific financial, compensation and governance risks, respectively, relating to its functions and responsibilities and reports on these matters to the full Board. The Board performs its risk oversight function through regular reporting by the Board committees as well as the officers and management-level personnel who supervise the day-to-day risk management activities of the Company.

Risk Assessment of Compensation Programs. With respect to our overall compensation programs, Company management reviews our compensation policies and practices each year to determine whether they create risks that are reasonably likely to have a material adverse effect on the Company. As part of this assessment and with assistance and guidance provided by independent compensation consultant Semler Brossy Consulting Group, LLC (Semler Brossy), we reviewed the design and features of our compensation and benefits programs and policies, potential risks that could be created by these programs and features of our programs and corporate governance policies that help to mitigate risk. Semler Brossy reviewed and discussed the results of the assessment with the Compensation & Benefits Committee. Based on this review and assessment, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

REPORT OF THE GOVERNANCE & NOMINATING COMMITTEE

The Governance & Nominating Committee is composed of five directors, all of whom are independent. The Governance & Nominating Committee met six times during 2015. Much of the Committee's time was devoted to CEO succession planning in preparation for the retirement plans of president and chief executive officer James Bierman. After a comprehensive search process, the Governance & Nominating Committee met in May to consider and recommend for approval by the Board, P. Cody Phipps, as the Company's next president and chief executive officer and as a member of the Board of Directors effective July 1, 2015. During the latter half of 2015, the committee also reviewed and recommended for Board approval several other changes in the executive management team as presented by Mr. Phipps. During 2015, the Governance & Nominating Committee also addressed several corporate governance matters, including appropriate compensation for Mr. Smith in his capacity as a non-executive chairman of the Board, review of its charter and the Corporate Governance Guidelines and a new format for the annual Board assessment process.

BOARD MEETINGS

The Board of Directors held seven meetings during 2015. All directors attended at least 75% of the meetings of the Board and committees on which they served. The Company's Corporate Governance Guidelines provide that, absent unusual or unforeseen circumstances, directors are expected to attend each annual meeting of shareholders. All directors attended the 2015 Annual Meeting of Shareholders.

Under the Company's Corporate Governance Guidelines, the independent directors meet in executive session after each regularly scheduled Board meeting. These meetings are chaired by a lead director who is elected annually by the non-management directors following each annual meeting of shareholders. Anne Marie Whittemore was elected in 2015 to serve as lead director and preside over these executive sessions. As lead director, Ms. Whittemore is also invited to participate in meetings of all Board committees but is permitted to vote only in meetings of committees of which she is a member. Shareholders and other interested parties may contact the lead director by following the procedures set forth in "Communications with the Board of Directors" on page 10 of this proxy statement.

COMMITTEES OF THE BOARD

The Board of Directors currently has the following committees, which the Board established to assist it with its responsibilities:

Audit Committee: Oversees (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualification and independence of the Company's independent registered public accounting firm, (iv) the performance of the Company's independent registered public accounting firm and internal audit functions and (v) issues involving the Company's ethical and legal compliance responsibilities. The Audit Committee has sole authority to appoint, retain, compensate, evaluate and terminate the Company's independent registered public accounting firm. The Board of Directors has determined that each of Lemuel E. Lewis and Eddie N. Moore, Jr. is an audit committee financial expert, as defined by SEC regulations and that each member of the Audit Committee is financially literate under NYSE listing standards. All members of the Audit Committee are independent as such term is defined under the enhanced independence standards for audit committees in the Securities Exchange Act of 1934 (the Exchange Act) and the rules thereunder as incorporated into the NYSE listing standards and under the Company's Corporate Governance Guidelines.

Compensation & Benefits Committee: Administers executive compensation programs, policies and practices. Advises the Board on salaries and compensation of the executive officers and makes other studies and recommendations concerning compensation and compensation policies. May delegate authority for day-to-day administration and interpretation of compensation plans to certain senior officers of the Company (other than for matters affecting executive officer compensation and benefits). For further information on this committee's processes and procedures, see "Compensation Discussion and Analysis" on page 21 of this proxy statement. All members of the Compensation & Benefits Committee are independent within the meaning of the enhanced NYSE listing standards and the Company's Corporate Governance Guidelines.

Governance & Nominating Committee: Considers and recommends nominees for election as directors and officers and nominees for each Board committee. Reviews and recommends changes to director compensation. Reviews and evaluates the procedures, practices and policies of the Board and its members and leads the Board in its annual self-review. Oversees the governance of the Company, including reviewing and recommending changes to the Corporate Governance Guidelines. Conducts succession planning for senior management. All members of the Governance & Nominating Committee are independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines.

Executive Committee: Exercises limited powers of the Board when the Board is not in session.

Table of Contents**DIRECTOR COMPENSATION**

The Governance & Nominating Committee reviews director compensation annually, and it is the responsibility of this committee to recommend to the Board of Directors any changes in director compensation. The Board of Directors makes the final determination with respect to director compensation. The Governance & Nominating Committee has the authority under its charter to retain outside consultants or advisors to assist it in gathering information and making decisions.

The Company uses a combination of cash and equity compensation to attract and retain qualified candidates to serve on its Board of Directors. In setting director compensation, the Company considers the commitment of time directors must make in performing their duties, the level of skills required by the Company of its Board members and the market competitiveness of its director compensation levels. The table below sets forth the schedule of fees paid to non-employee directors for their annual retainer and service in various capacities on Board committees and in Board leadership roles. Amounts deferred are invested in bookkeeping accounts that measure earnings and losses based on the performance of a particular investment. Directors may elect to defer their fees into the following two subaccounts: (i) an account based upon the price of the Common Stock and (ii) an account based upon the current interest rate of the Company's fixed income fund in its 401(k) plan. Director Candidate Recommendations and Nominations by Shareholders. The Governance & Nominating Committee charter provides that the Governance & Nominating Committee will consider director candidate recommendations by shareholders. Shareholders should submit any such recommendations to the Governance & Nominating Committee through the method described under Communications with the Board of Directors below. In addition, our Bylaws provide that any shareholder of record entitled to vote for the election of directors at the applicable meeting of shareholders may nominate directors by complying with the notice procedures set forth in the Bylaws and summarized in Shareholder Proposals on page 52 of this proxy statement.

Process for Identifying and Evaluating Director Candidates. The Governance & Nominating Committee evaluates all director candidates in accordance with the director qualification standards and the criteria described in our Corporate Governance Guidelines. These guidelines require the Governance & Nominating Committee on an annual basis to review and evaluate the requisite skills and characteristics of individual Board members and nominees as well as the composition of the Board as a whole. This assessment includes whether the member or candidate is independent and includes considerations of diversity, age, skills and experience in the context of the Board's needs. The goal of the Governance & Nominating Committee is to have a Board whose membership reflects a mix of diverse skill sets, technical expertise, educational and professional backgrounds, industry experiences and public service as well as perspectives of different genders and ethnicities. The Governance & Nominating Committee reviews its annual assessment with the Board each year and, as new member candidates are sought, attempts to maintain and enhance the level of diverse backgrounds and viewpoints of directors constituting the Board. As part of the Board's annual self-assessment process, the Board will consider the effectiveness of its overall composition and structure as well as its performance and functioning.

Our Bylaws provide that no director nominee can stand for election if, at the time of appointment or election, the nominee is over the age of 72. There are no differences in the manner in which the Governance & Nominating Committee evaluates director candidates based on whether the candidate is recommended by a shareholder. The Governance & Nominating Committee did not receive any nominations from any shareholders for the 2016 Annual Meeting.

Executive Transition

In early 2015, our President & Chief Executive Officer James L. Bierman announced that he wished to retire from his position, at which time our Board of Directors established a search committee chaired by our Lead Director and commenced an extensive search process with assistance from an outside executive search firm to identify a qualified successor. This process culminated in the selection and hiring of Mr. Phipps effective July 1, 2015. We believe that Mr. Phipps has the talent, experience and judgment to lead Owens & Minor in achieving continued growth and success in our mission as a global healthcare services company to connect the world of medical products to the point of care.

The compensation package for Mr. Phipps was negotiated on an arm's-length basis with leadership from our Compensation & Benefits Committee and guidance and support from our independent compensation consultant Semler Brossy, and outside legal counsel. Key features of Mr. Phipps' fiscal year 2015 compensation include the following (see Elements of Compensation on page 29 for more detail):

Owens & Minor's Compensation Philosophy and Goals

The fundamental principle underlying Owens & Minor's executive compensation program is that we pay for sustained performance, profitable growth and achievement of results. Our goal is to encourage high Company and individual performance within a framework that allows us to attract, retain and motivate our executives. Components of our executive compensation program are designed to create the appropriate balance between short- and long-term incentives and between fixed and at-risk compensation, to weigh cost against expected benefit and to align with the creation of shareholder value while providing market-competitive compensation packages that promote executive retention. These components include:

Annual cash incentives to drive critical business goals for each year.

Restricted stock and performance share grants to retain management and focus executives on longer- term financial performance and execution of our operational and strategic plans.

Reasonable but market-competitive base salaries so executives are not motivated to take excessive risks.

Retirement, severance and other benefits to attract executive talent and encourage retention.

Evolution of Compensation Program and Practices

We believe that our executive compensation program, structured to reward performance and create long-term shareholder value, has played a significant role over the past decade in effectively motivating and rewarding management to meet the challenges of our business and produce our many successes. Our compensation philosophy and practices continue to evolve into a more market-driven pay structure with lower fixed pay and more variable and performance-based pay in order to enhance the program's pay for performance orientation. One key step in this evolution was the Compensation & Benefit Committee's decision in 2012 to freeze further benefit accrual as well as participation of newly hired executives in the Company's Supplemental Executive Retirement Plan (SERP). Further discussion and disclosure of the Company's compensation policies and practices are included in the pages following this Executive Summary.

Table of Contents

Executive Compensation Practices

Our compensation programs and practices are designed to meet compensation best practices and to drive performance that creates long-term shareholder value.

WHAT WE DO

▫ **Pay for Performance.** We link pay to performance. A significant portion of our executives' potential total annual compensation, both cash and equity, is based on the achievement of objective, simple and transparent financial measures that are structured to enhance short-term and long-term performance.

▫ **Performance-Based Equity Awards.** At least half of our annual equity award grants are performance shares with multi-year performance requirements and an additional year of restricted vesting on earned shares.

▫ **Recoupment Policy.** We have in place a recoupment policy to recover from our executives' compensation paid under circumstances involving restatement of our financial statements due to misconduct.

▫ **Share Ownership Guidelines.** We have established stock ownership guidelines for our officers, and all of our NEOs meet or exceed the established ownership guidelines.

▫ **Limited Perquisites.** We tie perquisites to a legitimate business purpose and limit the value provided to executive officers.

▫ **Double-Triggered Change in Control Provisions.** Equity vesting and severance payments and benefits based on a change in control require termination of employment following the change in control.

▫ **Risk Mitigation.** We mitigate risks associated with compensation by establishing caps on incentive compensation, multiple performance targets for earning incentive compensation and ongoing processes to identify and manage risk. We do not believe our compensation program creates risks that are reasonably likely to have a material adverse impact on the Company, which we confirm annually through a risk assessment of incentive-based compensation.

▫ **Independent Compensation Consulting Firm.** The Compensation & Benefits Committee receives advice about its programs and practices from an independent consulting firm that provides no other services to the Company and has no conflicts of interest with respect to its work.

WHAT WE DON'T DO

x **No Employment Agreements.** While we agreed to an employment term sheet upon the hire of our new CEO, we do not otherwise have employment agreements with our NEOs.

x **No Hedging.** We prohibit our executive officers and directors from hedging against the economic ownership of Company stock.

x **No Pledging.** We strongly discourage our executive officers from pledging Company stock, and none of our NEOs currently has any such stock pledged.

x **No Re-pricing of Equity Awards.** Our stock plans do not permit the re-pricing of equity awards.

x **No Tax Gross-Ups.** We do not provide any tax gross-ups, including excise tax gross-ups on change in control severance payments and benefits.

Say-On-Pay Vote

In May 2015, our shareholders approved the compensation of our NEOs for 2014 in our say-on-pay advisory vote with 97.46% of votes cast in support of the program. Based on this support, the Compensation & Benefits Committee made no material changes to the general structure and philosophy behind our executive compensation program in 2015 but continues to evaluate our pay programs and practices to make sure they are both market competitive and equitable. At our upcoming 2016 Annual Meeting, our shareholders will provide an advisory vote on 2015 executive compensation, and the Compensation & Benefits Committee will continue to consider results from these advisory votes in setting executive compensation.

The Process for Setting Executive Compensation

The Company's executive compensation levels and programs are established, approved and administered by the Compensation & Benefits Committee, which is currently composed of four independent directors. The Compensation & Benefits Committee solicits the views of its independent outside consulting firm and senior management on incentive compensation and plan design issues. In addition, the Compensation & Benefits Committee evaluates the performance of our Chief Executive Officer on an annual basis jointly with the Governance & Nominating Committee, and the Chief Executive Officer provides performance evaluations of our other executive officers and recommendations as to their compensation levels.

Independent Advisor. The Compensation & Benefits Committee has the authority under its charter to retain independent consultants or advisors to assist it in gathering information and making decisions. Management may not engage any independent advisor retained by the Compensation & Benefits Committee to perform services without the prior approval of the committee, and no such engagement by management was undertaken in 2015. The Compensation & Benefits Committee also obtains information and assistance from the Company's Human Resources Department in evaluating and making decisions on executive compensation.

The Compensation & Benefits Committee continued to engage Semler Brossy in 2015 as its independent advisor to (1) provide recommendations in changes to our peer group; (2) provide guidance and advice in our search for a new President & CEO and the compensation package offered to Mr. Phipps; (3) analyze competitive levels of each element of compensation and total compensation for each of the NEOs relative to our peer group and industry trends; (4) provide information regarding executive compensation trends and regulatory changes and developments; (5) provide input on annual and long-term incentive design, particularly to address our current mix of SERP and non-SERP eligible officers; and (6) assist in conducting an annual risk assessment of O&M's compensation programs, policies and practices. The Compensation & Benefits Committee has analyzed whether the work of Semler Brossy has raised any conflict of interest and has concluded that the work of our advisor, including the individuals employed by our advisor who provide consulting services to the committee, has not created any conflict of interest. The Compensation & Benefits Committee also considered and confirmed the independence of legal advisors retained during 2015.

Factors Used to Determine Executive Compensation. Consistent with past years, the Compensation & Benefits Committee considered a variety of factors in making decisions regarding compensation for our NEOs in 2015. The primary factors were as follows:

Performance. Our policy is to provide executive officers with compensation opportunities that are based upon Company performance and their contribution to Company performance.

Mix of Short-Term and Long-Term Compensation. Because the successful operation of our business requires a long-term approach, one element of our executive compensation program is long-term compensation. Although we have never had specific policies on the percentage of total compensation that should be short-term versus long-term, we considered this relationship in determining the overall balance and reasonableness of our executives' total direct compensation packages. We believe that short-term compensation is necessary in conjunction with long-term compensation to provide remuneration for performance of the short-term goals or milestones that ultimately lead to achievement of our long-term objectives and strategic initiatives.

Table of Contents

Mix of Performance-Based Compensation. To create a strong link between pay and performance, a significant portion of compensation is based on the achievement of objective financial measures. We have no specific policies on the percentage of total compensation that should be performance-based, but consider this relationship in determining the overall balance and reasonableness of the executives' total direct compensation packages.

Impact and Mix of Cash vs. Non-Cash Compensation. We consider both the cost and the motivational value of the various components of compensation. Although we have no specific policies on the percentage of total compensation that should be cash versus equity, we consider this relationship in determining the overall balance and reasonableness of the executives' total direct compensation packages.

Peer Group Comparisons. Each year, we evaluate our compensation levels and programs through comparisons to available information for a group of peer companies selected by the Compensation & Benefits Committee (Peer Companies) based in part on recommendations from and analyses prepared by our compensation advisors. This evaluation helps us to assess whether our level and mix of executive pay is competitive and reasonable when compared to certain industry standards.

In general, the Peer Companies were selected after consideration of the following factors:

Quantitative Factors: revenue, net income, total assets, and/or market capitalization

Qualitative Factors: business model (health care distribution and companies from other distribution industries) and geography
Our Peer Companies include a mix of health care distribution and companies from other distribution industries in order to capture companies of comparable business model and size to us. The Compensation & Benefits Committee periodically reviews the peer group to ensure it remains appropriate and relevant as a market reference and modifies the peer group as necessary to reflect changes at Owens & Minor, among the peers or within the industry. The Compensation Committee reviewed and updated the peer group for 2015 based on the quantitative and qualitative factors above to ensure continued relevance of the Peer Companies. Based on this review, Nash Finch Company was removed because it recently had been acquired, and Thermo Fisher Scientific Inc. and W.W. Grainger, Inc. were removed given size and business match considerations. Omnicare, VWR, and WESCO International were added to the group based on comparability in terms of industry, revenue, net income and/or market capitalization. Relative to the Quantitative Factors of the Peer Companies, Owens & Minor generally ranks between the 25th percentile and median of the group. The Peer Companies used for 2015 consist of the following:

2015 Peer Companies

C.H. Robinson Worldwide, Inc.	Patterson Companies, Inc.
Con-Way, Inc. (1)	United Natural Foods, Inc.
Essendant Inc. (2)	VWR Corp. (4)
Genuine Parts Company	WESCO International (4)
Henry Schein, Inc.	WestRock (5)
JB Hunt Transport Services, Inc.	
Omnicare (3)	

- (1) Con-Way, Inc. was acquired by XPO Logistics Inc. on 10/30/2015.
- (2) Formerly, United Stationers Inc.
- (3) New to Peer Companies in 2015; acquired by CVS Health on 8/18/2015
- (4) New to Peer Companies in 2015
- (5) Formerly, Mead Westvaco Corp. (merged with RockTenn on 03/09/2015)

Table of Contents

Using the Peer Companies, Semler Brossy analyzed the compensation components and levels as reported for the NEOs of the Peer Companies and prepared a comparison of 2015 target total direct compensation and each element thereof to reported information for the Peer Companies. When the Compensation & Benefits Committee reviews data from the Peer Companies, they consider the 50th percentile of the group as a reference point, rather than a policy, for positioning target total compensation, and actual compensation may be above or below the target level based on performance. Data from the Peer Companies is one of a number of factors considered by the Compensation & Benefits Committee while determining each executive's pay. Other factors considered during this process include, but are not limited to, the executive's performance, internal equity of pay, general market competitiveness and whether or not the executive participates in the now-frozen SERP program. In the case of Mr. Phipps, the Compensation & Benefits Committee considered pay within the peer group and general industry marketplace, Mr. Phipps' compensation at his previous employer, the equity he was forfeiting at his previous employer, and an appropriate level of long-term staking that would invest him in the Company's future.

Tally Sheets. We also review total compensation levels for executive officers at least annually through the use of tally sheets that quantify each element of direct and indirect compensation provided to individual executives and the portion of the executive's total compensation represented by each element of compensation. This annual review of tally sheets also includes information on the value of executives' unexercised stock options (if any) and outstanding stock awards, as well as an evaluation of the payments and benefits that would be paid to executive officers in the event of termination of employment, including retirement or following a change in control of the Company. While providing additional context to us in making compensation decisions, the information from the tally sheets regarding unexercised stock options (if any), outstanding stock awards and termination payments and benefits generally does not affect our compensation decisions for the NEOs. This reflects our view that an executive's compensation level should be based on the Company's performance, the executive's performance and the executive's contribution to the Company's performance.

Total Program Cost. We consider the cost (including aggregate share usage and dilution) of the various components of our compensation program in evaluating the overall balance and reasonableness of our executives' total direct compensation packages.

Risk Considerations. In setting executive compensation, the Compensation & Benefits Committee reviews the various components of our program to consider whether they are appropriately structured to promote the achievement of our business goals without encouraging the taking of unnecessary risks. We believe that several elements of our program mitigate risks associated with performance-based compensation, including the following:

Limits on Incentive Compensation. Awards under our annual incentive program are capped at 200% of the executive's target award to protect against excessive short-term incentives, and the Compensation & Benefits Committee has discretion to reduce awards based on factors it deems appropriate, including whether officers took unnecessary risks.

Performance Metrics. We use a combination of financial performance metrics for our annual incentive program that emphasizes profitable and disciplined growth and requires responsible and risk-based decision-making by our executives.

Performance Shares/Long-Term Equity Awards. At least half of an executive's equity compensation each year consists of performance shares with a two-year performance cycle and an additional year of service-based vesting, which focuses management on sustaining the Company's longer-term performance. The other portion of an executive's equity compensation each year consists of restricted stock awards that vest over a period of at least three years and, accordingly, further encourages a focus on long-term performance.

Share Ownership Guidelines. Our share ownership guidelines ensure that our executives have a substantial stake tied to long-term holdings in Owens & Minor stock.

Recoupment Policy. Performance-based cash and equity compensation to our executive officers is subject to recoupment under circumstances involving misconduct that results in a restatement of our financial statements.

Table of Contents**Elements of Compensation**

In an effort to achieve the objectives identified above, our 2015 executive compensation framework consisted of the following elements as further described below:

Element	Description	Purpose
Base Salary	Fixed cash	Provides a fixed amount of cash compensation to allow us to recruit and retain key talent
Annual Incentives	Cash awarded annually for performance against revenue, income and qualitative performance factor	To motivate executive officers' performance in achieving our current-year business goals
Long-Term Incentives	Performance shares and restricted stock Performance shares are earned if the Company achieves return on average assets and adjusted diluted EPS metrics. Performance is measured over a 2-year period and, if earned, shares vest at the end of 3 years from date of award. Restricted stock vests 3 years from date of grant	Rewards performance that enhances shareholder value through the use of equity-based awards that link compensation to the value of our Common Stock and the achievement of multi-year performance goals; strengthens the alignment of management and shareholder interests by creating meaningful levels of Company stock ownership by management
Deferred Compensation Plan	Officers may defer salary and cash bonuses into a plan that provides for investment options similar to the Company's 401(k) plan.	Provides a tax efficient opportunity to save for retirement and to ensure that our executive compensation program remains competitive in the marketplace for key executive talent
Retirement/Post-Termination Compensation	Participation in Company's 401(k) plan and matching contributions similar to other teammates. SERP (frozen as of March 2012) available to legacy NEOs only (see Summary Compensation Table, Note 3).	Provides security for the future needs of the executives and their families

We believe that the elements of our executive compensation framework support short-term and long-term performance goals by providing our executive officers with an appropriate mix of compensation elements that include (1) fixed annual compensation, (2) target-based annual and long-term incentive compensation and (3) security for the future needs of the executives and their families in the form of retirement and termination benefits.

Table of Contents**Base Salary**

While we agreed to an employment term sheet upon the hire of our new CEO, our executive officers are otherwise employed on an at will basis and without employment agreements. We review base salaries each April.

In making base salary decisions in April 2015, the Compensation & Benefits Committee considered:

- (1) Individual attributes of each NEO (such as responsibilities, skills, leadership and experience),
- (2) Individual and overall Company performance levels,
- (3) The officer's expected future contributions to the Company, and
- (4) Overall market-competitiveness of the officer's base salary.

We also considered that the targeted average percentage salary increase for non-executive Company teammates was approximately 2.5% in 2015. In addition, we reviewed competitive comparisons prepared by Semler Brossy indicating that our base salary levels were generally above median versus the Peer Companies even though target total direct compensation was below the median. Based on the factors above, we gave each of the NEOs (other than Mr. Phipps and Mr. Bierman) a merit increase in base salary of 2.5%. We believed that these relatively modest increases in salary levels reflect the performance of each of the officers balanced against economic conditions, average salary increases being received by other Company teammates and the Company's above-median base salary levels relative to the Peer Companies. Mr. Phipps' 2015 base salary is consistent with market comparable information.

Name	2015 Base Salary	2015 Base Salary	Reason for Increase
	Amount	Increase Percentage	
P. Cody Phipps (1)	\$ 900,000	N/A	N/A
Richard A. Meier (2)	\$ 637,231	2.5% and 6.0%	Merit and Promotion
Erika T. Davis	\$ 517,523	2.5%	Merit
Charles C. Colpo	\$ 445,751	2.5%	Merit
Grace R. den Hartog	\$ 456,126	2.5%	Merit
James L. Bierman (3)	\$ 850,000	N/A	N/A

(1) Mr. Phipps joined the Company as President & Chief Executive Officer on July 1, 2015.

(2) Mr. Meier received a 2.5% merit increase in April 2015 and an additional 6.0% increase in base salary in connection with his appointment as President, International effective July 1, 2015.

(3) Mr. Bierman received a salary adjustment when he was promoted to President & Chief Executive Officer of the Company effective September 1, 2014 and was not eligible for a merit increase in April 2015.

Annual Incentives

We provide annual incentive opportunities to executive officers to motivate their performance in achieving our current-year business goals. Each year, we establish a business plan for the forthcoming year that includes financial, strategic and other goals for the Company and that is approved by the Board of Directors. Annual incentive goals for the executive officers are set based on the approved business plan (the Annual Incentive Program). These goals are weighted to reflect their relative importance and contribution to overall Company performance.

Table of Contents

For the 2015 Annual Incentive Program and consistent with past years, the Compensation & Benefits Committee set target annual incentive opportunities at 75% of base salary for the Chief Executive Officer (then Mr. Bierman) and 50% of base salary for each of the other NEOs, subject to the achievement of the Company's established performance goals.

As part of Mr. Phipps' compensation package in joining the Company as Chief Executive Officer, his target annual incentive opportunity was set at 125%. This target opportunity is higher than the Company's historical 75% of annual base salary target for the Chief Executive Officer position, reflecting a trend in our compensation practices to place more emphasis on performance-based compensation and bringing the target incentive opportunity for our CEO in line with market competitive incentive opportunities for CEOs. In addition, the Chief Executive Officer's higher Target Payout Amount relative to the other NEOs is intended to reflect the broader scope of his responsibilities and authority and his greater ability to impact the Company's performance. In consideration of the 2015 incentive opportunity that was foregone at Mr. Phipps' previous employer when Mr. Phipps joined the Company, Mr. Phipps received a guaranteed payment of a full Company target incentive payment for fiscal year 2015 equal to 125% of Mr. Phipps' 2015 base salary.

Effective July 1, 2015, the Committee also increased Mr. Meier's target annual incentive opportunity to 75% when he assumed the additional role of President, International to bring Mr. Meier's incentive opportunity more in line with industry peers and in accordance with our overall move towards establishing more competitive pay levels and pay mix. As a result, his target payout was 50% for six months of 2015 and 75% for six months of 2015 (for an average target incentive opportunity of 62.5% of base salary in 2015).

The performance metrics (Performance Metrics) established for determining the Target Payout Amount for the 2015 Annual Incentive Program were:

Company Net Revenue

Company Adjusted Diluted Earnings Per Share (EPS)

A Qualitative Performance Factor

In addition, none of the foregoing Performance Metrics could result in a payout unless the Company achieved an adjusted diluted EPS for 2015 of at least \$1.00 (the EPS Qualifier).

The Compensation & Benefits Committee selected, and the Board of Directors approved, the EPS Qualifier and each of the Performance Metrics, including the weights assigned to them and the target achievement levels in March 2015 based on discussions with and recommendations by senior management, the approved business plan for 2015 and the growth and operational improvements called for in our strategic plan. The specific financial Performance Metrics were selected because net revenue and EPS are the most critical performance areas for the Company and key indicators of successful growth and management. They also constitute simple, objective and transparent criteria by which to measure performance. The Compensation & Benefits Committee decided not to include in the 2015 Annual Incentive Program a return on assets metric historically included in our incentive programs because it believed return on assets is appropriately captured and measured in our long-term performance-based equity grants discussed below.

Originally introduced in 2014, the Compensation & Benefits Committee retained a Qualitative Performance Factor as a performance metric that, subject to meeting the EPS Qualifier, would allow a portion of any incentive compensation earned by the NEOs to be based on an overall assessment of the NEO's job performance relative to leadership, goal implementation, strategic focus, management skills and other factors. The Compensation & Benefits Committee believed it was important to include the Qualitative Performance Factor as a way to reward strong performance and leadership provided by management that may or may not have translated into achievement of other financial and operating targets during the year, but that were nonetheless important achievements believed to contribute to future value creation.

Table of Contents

The Compensation & Benefits Committee's goal in setting the target achievement levels was to provide management with challenging yet reasonably achievable goals that would lead the Company to meeting its 2015 business plan and position us to ultimately achieve the growth and improvement targets in our strategic plan without encouraging excessive risk-taking behavior. We believe that the use of two key financial performance metrics that reward profitable growth, as well as a qualitative performance metric to assess individual efforts and goal achievement, provides a balanced assessment of performance. The Compensation & Benefits Committee retains authority to reduce or eliminate incentive compensation, which allows the committee to make judgments as to compensation it believes is excessive in light of performance as well as to monitor and respond to any behavior that it believes could be detrimental to the Company.

The achievement levels for the financial Performance Metrics were structured to provide for a payout of 100% of the targeted award at target performance, with 200% payout at maximum performance and 25% payout at threshold performance. No amount would be payable in respect of any Performance Metrics for achievement below the Threshold Payout Amount or if the Company did not achieve the EPS Qualifier.

The table below sets forth (i) the three Performance Metrics, their respective weightings, achievement levels at threshold, target and maximum as well as actual results in 2015 for each financial Performance Metric and (ii) the EPS Qualifier and actual achievement level required for the payment of any incentive compensation under the Annual Incentive Program.

2015 Performance Metric Achievement Levels and Actual Results

Performance Metrics	Weighting	Threshold (1)	Target (1)	Maximum (1)	2015 Adjusted Results (2)	2015
		25%	100%	200%		Achievement
Company Adjusted Net Revenue (\$ thousands) (2)	30%	\$ 9,427,000	\$ 9,923,000	\$ 10,419,000	\$ 9,773,000	85%
Company Adjusted Diluted EPS (2)	50%	\$ 1.76	\$ 1.98	\$ 2.18	\$ 2.00	140%
Qualitative Performance Factor (3)	20%	N/A	N/A	N/A	See footnote (3)	See footnote (3)
EPS Qualifier for Receipt of Any Incentive Compensation Payout (2)	N/A	\$ 1.00	\$ 1.00	\$ 1.00	\$ 2.00	Yes

(1) For achievement levels above threshold but below target or above target but below maximum, payout amounts would be calculated based on a straight-line interpolation of the achievement level above threshold or target, as applicable.

(2) For purposes of the 2015 Annual Incentive Program, and in accordance with the terms of the program as approved by the Compensation & Benefits Committee, adjusted results for the applicable performance metrics as provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 were further adjusted to remove foreign currency translation impact and non-recurring CEO transition costs for purposes of calculating incentive compensation. Accordingly, payouts under the 2015 Annual Incentive Program were based on incentive plan-adjusted net revenue of \$9.825 billion and incentive plan-adjusted EPS of \$2.06.

(3) In determining achievement of the Qualitative Performance Factor for each NEO, the Compensation & Benefits Committee reviewed their accomplishments and contributions in producing 2015 results as well as in embracing and commencing implementation of the components of the business transformation agenda introduced by Mr. Phipps. Each NEO (other than Mr. Bierman who retired from his position as the Company's President & Chief Executive Officer effective July 1, 2015) received a payout of between 114% and 119% of target for the Qualitative Performance Factor.

Table of Contents

Based on the foregoing results, each NEO received the following payout under the 2015 Annual Incentive Program:

Name	2015 Incentive Payout as % of	
	2015 Incentive Payout Amount	Target
P. Cody Phipps (1)	\$ 1,342,125	119%
Richard A. Meier (2)	471,154	118%
Erika T. Davis	308,703	119%
Charles C. Colpo	265,892	119%
Grace R. den Hartog	272,080	119%
James L. Bierman (3)	608,813	96%

(1) Mr. Phipps was guaranteed a 2015 incentive payout at 100% of target, or \$1,125,000, as part of his offer of employment with the Company. The Compensation & Benefits Committee awarded Mr. Phipps an additional \$217,125 in incentive payout for a total payout of \$1,342,125 so that his payout reflected actual performance results of the Company on the 2015 Performance Metrics (including a payout based on 119% of the Qualitative Performance Factor).

(2) Mr. Meier's 2015 incentive payout is based on a 50% base salary target during the first six months of 2015 (\$188,462) and a 75% base salary target during the second six months of 2015 (\$282,692) for a total payout of \$471,154.

(3) Mr. Bierman's 2015 incentive payout is based on a 75% base salary target.

Long-Term Incentives

Our shareholder-approved 2015 Stock Incentive Plan permits us to award grants of non-qualified stock options, incentive stock options, stock awards, performance share awards, stock units and stock appreciation rights. Except in instances of initial executive hiring, job promotions and similar circumstances, we grant equity awards to executive officers one time each year. The Compensation & Benefits Committee's decision to grant equity-based awards is discretionary and largely determined by the Company's longer-term financial performance, strategic accomplishments and individual contributions. Equity award decisions may also be based upon outstanding individual performance, expected future performance, job promotions and the assumption of greater responsibility within the Company. We strive to maintain an appropriate balance between the aggregate number of shares used for equity grants (relative to the competitive landscape) and shareholder interests.

We make annual equity award grants to senior management in two forms: (1) restricted stock that vests after a three-year holding period during which the officer is continuously employed by the Company; and (2) performance share awards that are earned based on achievement of designated performance metrics over a two-year period followed by a one-year holding period during which the officer must remain in the Company's employ. We believe that the mix between these vehicles helps provide a balance between linking compensation to the achievement of multi-year performance goals and strengthening the alignment of management and shareholder interests by creating meaningful levels of Company stock ownership by management. The Company has not issued stock options to its officers since 2007.

In accordance with our standard practice, the grant of the 2015 annual equity awards was made at the first meeting of our Board in 2015 on February 5, 2015, a date that is scheduled more than one year in advance. The grant values are based on the closing price of the stock on the date of grant and the number of shares subject to the award.

When making 2015 long-term incentive equity award determinations, the Compensation & Benefits Committee focused on the Company's longer-term financial performance and balanced the need to align the

Table of Contents

NEOs' financial interests with those of shareholders against considerations regarding the affordability of equity grants, including aggregate share usage, dilution and accounting costs. We have historically been below median relative to the Peer Companies in our equity award grants to minimize share usage, dilution and accounting costs but are gradually evolving to increased long-term incentives (with more performance shares) relative to other elements of compensation in an effort to make our compensation program more performance-based and market driven.

As part of his compensation package in joining the Company as Chief Executive Officer, Mr. Phipps received a 2015 long-term incentive equity grant that was based on the same terms as restricted stock and performance share grants made to other executive officers in 2015 and represents a pro-rated amount of his ongoing target of \$4,000,000 for fiscal 2016 to account for his start date. The grant date fair value of the 2015 equity awards granted to Mr. Phipps detailed in the table below are reasonably consistent with market comparable information and reflects a trend in our compensation practices towards higher levels of performance-based and long-term compensation. In addition, Mr. Phipps received a special one-time sign-on award of restricted stock in 2015 when he joined the Company in consideration of, but not limited to, Mr. Phipps becoming the Company's Chief Executive Officer and of the value of equity at Mr. Phipps' previous employer that was foregone when he joined the Company. In aggregate, Mr. Phipps' long-term incentive opportunity was intended to provide a competitive annual opportunity aligned with long-term share performance and the interests of our shareholders.

Based on the foregoing considerations, the Compensation & Benefits Committee granted the following long-term incentive awards in 2015 having the indicated grant date fair values:

Name	2015 Long-Term Incentive Awards (1)		Special Award of Restricted Stock	Total
	Performance	Restricted		
	Shares (2)	Stock (3)		
Mr. Phipps (4)	\$ 1,000,008	\$ 1,000,008	\$ 5,000,006	\$ 7,000,022
Mr. Meier (5)	379,518	253,000	1,000,009	1,632,527
Ms. Davis	234,001	156,001		390,002
Mr. Colpo	234,001	156,001		390,002
Ms. den Hartog	234,001	156,001		390,002
Mr. Bierman	243,769	162,512		406,281

(1) The amounts shown are the aggregate grant date fair value of the awards computed in accordance with FASB ASC Topic 718 and, in the case of performance shares, are based on probable achievement at target levels.

(2) These performance shares generally require achievement by the Company of specific financial metrics (discussed below) for fiscal years 2015 and 2016 as a condition to issuance of the underlying shares of restricted stock (which, if earned, would vest on the third anniversary of the performance share award). Amounts in the table reflect the values if achieved at the target level.

(3) These shares of restricted stock vest three years from the date of grant based on the executive's continued employment with the Company.

(4) As agreed to at the time of hire, Mr. Phipps received \$1,000,008 in performance shares and \$1,000,008 in restricted stock awards on July 1, 2015 when he joined the Company as its President & Chief Executive Officer. Both grants were based on the same terms as the performance share and restricted stock awards made to the other executive officers in 2015. He also received an additional \$5,000,006 award of restricted stock on July 1, 2015, 20% of which vests on each of the first through fifth anniversary date from date of grant and provided he remains in the Company's employ.

Table of Contents

(5) Mr. Meier's restricted stock awards include a special one-time grant on June 1, 2015 of \$1,000,009, which vests 50% on June 1, 2016 and 50% on June 1, 2017, provided he remains in the Company's employ. The grant was made in anticipation of his assumption of the additional role of President, International and to recognize Mr. Meier's significant contributions in implementing operational and strategic initiatives in both our domestic and international segments, specifically related to integration and restructuring activities relative to recent acquisitions.

The table below shows the metrics, weights and performance levels established for the 2015 performance share awards.

2015 Performance Share Award Metrics

Performance Metric (1) (2)	Weight	Threshold	Target	Maximum
Return on Average Assets	50%	3.8%	4.4%	5.0%
Adjusted Diluted EPS	50%	\$1.76	\$2.10	\$2.26

(1) For achievement levels above threshold but below target, or above target but below maximum, share payout amounts would be calculated based on a straight line interpolation of the achievement level above threshold or target, respectively. There is no payout for achievement below threshold.

(2) The metrics are measured over the 2015 and 2016 calendar years relative to 2014 actual performance, and based on the applicable weights and achievement levels, if met, will result in the issuance of restricted stock to each officer.

Payouts on 2014 Performance Share Awards. Based on achievement by the Company of the two-year performance metrics under the Performance Share Awards granted in 2014 at 89% of target, the NEOs earned the indicated performance share awards that were issued in the form of restricted stock with an additional one-year vesting period.

Payouts on 2014 Performance Share Awards

Performance Metric	Weight	Target	Actual	Percentage
		100%	Achievement (1)	Achievement
Growth in Adjusted Consolidated Operating Earnings	50%	\$ 25,000,000	16,800,000	93%

Growth in Adjusted International Operating Earnings	20%	\$ 10,000,000	5,300,000	64%

(1) For purposes of the 2014 Performance Share Awards, and in accordance with the terms of the underlying agreements approved by the Compensation & Benefits Committee, adjusted results for the applicable performance metrics as provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 were further adjusted to remove foreign currency translation impact and non-recurring CEO transition costs for purposes of calculating achievement levels. Accordingly, shares earned under the 2014 Performance Share Awards were based on growth in these plan-adjusted operating earnings of \$22.3 million (Consolidated), \$15.1 million (Domestic) and \$7.1 million (International).

(1) A share of restricted Common Stock is issued for each Performance Share earned, which restricted stock has a one-year vesting period conditioned on the continued employment of the officer. Performance shares earned were based on an 89% of target achievement level.

(2) Mr. Phipps had not yet joined the company when the 2014 performance shares were granted.

Additional 2014 Performance Share Award for Mr. Bierman. Upon his promotion to Chief Executive Officer effective September 1, 2014, the Compensation & Benefits Committee made an additional performance share award to Mr. Bierman based on the following 2015 metrics and achievement levels. Based on 2015 results, the weighted performance metrics were achieved at 108% of target and resulted in the issuance to Mr. Bierman of 14,348 shares of restricted stock that vested immediately (based on the terms of the grant agreement for this award and Mr. Bierman's retirement).

Performance Share Metrics *	Weight	Threshold	Target	Maximum	Actual	
		(50%)	(100%)	(200%)	Achievement (1)	Percentage Achievement
2015 Adjusted Domestic Operating Earnings	50%	\$ 183,083	\$ 215,392	\$ 236,931	\$ 223,364	154%
2015 Adjusted International Operating Earnings	25%	\$ 6,383	\$ 7,660	\$ 8,511	\$ 3,899	0%
2015 Adjusted Medical Action Operating Earnings	25%	\$ 15,035	\$ 16,705	\$ 18,376	\$ 17,145	122%

* Amounts in thousands (except percentages)

(1) For purposes of Mr. Bierman's 2014 Performance Share Award, and in accordance with the terms of the underlying agreement approved by the Compensation & Benefits Committee, adjusted results for the applicable performance metrics as provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 were further adjusted to remove foreign currency translation impact and non-recurring CEO transition costs for purposes of calculating achievement levels. Accordingly, shares earned under this award were based on plan-adjusted operating earnings of \$227.0 million (Domestic), \$5.7 million (International) and \$17.1 million (Medical Action).

Common Stock Ownership Guidelines. We have established Common Stock ownership guidelines for our executive officers that are expected to be achieved and maintained. Under these guidelines, officers are given approximately five years to reach the full target ownership amount with interim targets to meet each year. As of December 31, 2015, each continuing NEO had achieved his or her applicable target ownership level. Because of the historical success of these guidelines in maintaining meaningful stock ownership levels among management, the Company has not imposed any further stock retention requirements on its executive officers in connection with stock option exercises or vesting of restricted stock.

The ownership guidelines are as follows:

Officer	Value of Common Stock
Chief Executive Officer	6.0 x Base Salary
President	3.0 x Base Salary
Executive Vice Presidents	2.0 x Base Salary
Senior Vice Presidents	1.5 x Base Salary
Vice Presidents, Regional Vice Presidents	1.0 x Base Salary

The Chief Executive Officer's higher ownership target reflects the larger portion of his total compensation represented by long-term incentive award value. Eligible holdings in meeting these targets include direct holdings, indirect holdings, shares held through Company plans such as the 401(k) plan and teammate stock purchase plan, and restricted stock holdings (but excluding any stock options).

Retirement/Post-Termination Compensation

Retirement Compensation

The Company believes that retirement compensation is an essential component of an overall market competitive total executive compensation package in that it provides security for the future needs of the executives and their families. The NEOs are entitled to participate in the Company's 401(k) plan and receive Company matching contributions in the same manner as other Company teammates.

The Company provides supplemental retirement benefits under a Supplemental Executive Retirement Plan (the SERP) for certain officers selected by the Compensation & Benefits Committee, including certain of the NEOs, as further described on page 44 of this proxy statement under Retirement Plans Supplemental Executive Retirement Plan. At the time of its implementation in 1991, the SERP was designed to be competitive relative to defined benefit pension plans offered by other companies and to reward officers who provided long-term service to the Company, thereby promoting retention of highly performing executive talent. In 2012, the Compensation & Benefits Committee amended the SERP to freeze both benefit levels and participants effective March 31, 2012, as part of an effort to make our overall executive compensation program more performance-based. Of the NEOs, Mr. Bierman, Ms. Davis, Mr. Colpo and Ms. den Hartog are participants in the SERP.

Deferred Compensation Plan

The Company has an Executive Deferred Compensation and Retirement Plan into which officers and other management-level personnel may defer salary and cash bonus. The purpose of the deferred plan is to provide security for current and future needs of the participants and their families by providing a tax efficient opportunity to save for retirement and to ensure that our compensation program remains competitive in the marketplace for key management talent. This plan provides for similar investment options as under our 401(k) plan. For participants in this plan, the Company matches a total of up to 5% of 401(k) and deferred compensation plan contributions combined; provided that the participant has first maximized contributions under the 401(k) plan.

Change in Control Agreements

The Company has entered into change in control agreements (CIC Agreements) with its officers, including each of the NEOs, as described on page 49 of this proxy statement under Potential Payments upon Termination or Change in Control Change in Control Agreements. The purpose of the CIC Agreements is to encourage key management personnel to remain with the Company and to help avoid distractions and conflicts of interest in the event of a potential or actual change in control of the Company so that executives will focus on a fair and impartial review of the acquisition proposal and the maximization of shareholder value despite the risk of losing their employment. The Compensation & Benefits Committee believes that the CIC Agreements help it to attract and retain key executive talent that could have other employment alternatives that may appear to be less risky absent these arrangements. The committee further believes that it has structured these agreements to be reasonable and to provide a temporary level of income protection to the executive in the event of employment loss due to a change in control.

The CIC Agreements do not provide for excise tax gross-up payments. In addition, the severance payment obligation under the CIC Agreements has a double trigger such that the payment of a severance benefit may only be made if there is a change of control and the officer's employment with the Company is terminated by the Company without cause or by the officer for good reason within 24 months after such change in control. We believe that this structure strikes an appropriate balance between the incentives and the executive hiring and retention effects described above, without providing these benefits to executives who continue to enjoy employment with an acquiring company in the event of a change of control transaction. Annually in connection with the review of executive compensation tally sheets, the Compensation & Benefits Committee reviews the severance amounts that would be payable to each NEO upon a change in control to ensure that the amounts are reasonable in light of the purpose of the agreements and relative to the marketplace generally. However, these amounts did not affect the committee's compensation decisions with regard to any specific element of our 2015 executive compensation program.

Table of Contents

Equity awards have the same double-trigger feature discussed above for accelerated vesting and exercisability, as applicable, in the event of a change in control. These same terms apply to the equity awards of all other teammates in the Company upon a change in control.

The CIC Agreements renew on a year-to-year basis unless terminated by the Company with a notice of non-renewal. As part of Mr. Phipps' offer of employment, the Company agreed that it would not give him a notice of non-renewal that would terminate his CIC Agreement during the first two years of his employment.

Severance Policy

We have a formal severance policy described on page 49 of this proxy statement under Potential Payments upon Termination or Change in Control Severance Policy that applies to all corporate officers who are involuntarily terminated without cause (or who resign at the request of the Company). We adopted this policy to promote management stability and provide consistent and fair treatment to our departing officers in circumstances where their performance does not constitute cause for employment termination. We believe the severance policy helps the Company attract and retain key executive talent that could have other employment alternatives that may appear to be less risky absent such a policy. The severance policy is designed to provide the officer with continued compensation and assistance for 18 months following dismissal in an effort to assist him or her in finding new employment and is conditioned upon the officer entering into a non-competition, non-solicitation and confidentiality agreement for the benefit of the Company.

Other Benefits

In addition to the components of compensation discussed above, we provide certain other limited benefits to executives, including the NEOs, to help maximize the time key executives are able to spend on the Company's business; to reward experience, expertise, responsibility, seniority, leadership qualities and advancement; and to ensure that our executive compensation program remains competitive in the marketplace for key executive talent. These other benefits consist of the following and are specifically disclosed by amount in note 4 to the Summary Compensation Table on page 40 of this proxy statement: funding of life insurance policy premiums (provides security for current and future needs of the executives and their families), automobile allowance or lease (ensures transportation for business travel needs, recognizing that the automobile may also be used for personal purposes), tax and financial planning and tax return preparation assistance (allows executives to concentrate on business matters rather than on personal financial planning), and annual physical and enhanced medical access (identifies and addresses medical issues and helps preserve the Company's investment in its executives by encouraging them to maintain healthy lifestyles and be proactive in addressing potential health issues). In addition, NEOs may participate in our health and welfare plans, 401(k) plan and teammate stock purchase plan on the same basis as other full-time teammates. Finally, except under limited and unusual circumstances, we only pay for executive travel on commercial or private aircraft when such travel is integrally and directly related to the performance of the executive's duties for the Company and is not personal in nature. We do not provide tax gross-ups on any income executives may realize as a result of the foregoing benefits.

Recoupment Policy

In an effort to mitigate any imprudent risk-taking behavior associated with incentive compensation, the Company has a policy that permits the recoupment of performance-based cash and equity compensation paid to executive officers. This compensation is recoverable from an executive officer if:

- (i) The payment or award was predicated upon the achievement of certain financial results that were subsequently the subject of a restatement of the Company's financial statements;
- (ii) The Board (or its designated Compensation & Benefits Committee) determines that the executive engaged in misconduct that caused or substantially caused the need for the restatement; and
- (iii) A lower payment would have been made to the executive officer based upon the restated financial results.

Table of Contents

If the foregoing conditions are met, as determined by the Board (or its designated committee), the Company, under terms of the applicable program or award agreements, will recover from the executive officer the amount by which his or her performance-based compensation for the relevant period exceeded the amount (if any) that would have been paid based on the restated financial results. The Board (or its designated committee) may take such further action as it deems necessary or appropriate to remedy the misconduct and prevent its recurrence. The recoupment policy currently will not apply to performance-based compensation after the second anniversary of the date on which such compensation was paid. We continue to monitor additional requirements that may be imposed pursuant to Section 304 under the Sarbanes-Oxley Act of 2002 and that would lead to modification of this policy to the extent required by the Dodd-Frank Act of 2010 and the related final rules of the SEC.

Hedging and Derivatives Trading Prohibition

The Company has policies that prohibit directors, officers and other teammates with access to confidential information of the Company from engaging in certain transactions relating to our common stock, including buying or selling options and short sales. We also prohibit these individuals from hedging the economic risk of ownership of our common stock and strongly discourage holding our stock in a margin account or pledging our stock as collateral for a loan.

Tax Considerations

Section 162(m) of the Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million paid annually to the NEOs other than the Chief Financial Officer. This law allows for certain exemptions to the deduction cap, including performance-based compensation as defined in the rules adopted under Section 162(m).

Although the Company prefers that its pay plans be performance-based and therefore eligible for compensation expense deductions, it also believes that, under certain circumstances, awarding compensation that is not tax deductible may better support the long-term goals of the Company and the interests of shareholders. In 2015, Mr. Phipps had compensation that was nondeductible because it exceeded the \$1 million allowance under Section 162(m).

REPORT OF THE COMPENSATION & BENEFITS COMMITTEE

The Compensation & Benefits Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this proxy statement. Based on this review and discussion, the committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

The actual value an NEO may receive for stock awards depends on market prices, and there can be no assurance that the amounts shown are the amounts that will be realized.

(2) The amounts included in column (g) reflect cash awards to the NEOs under the Company's performance-based annual incentive programs for 2015, 2014 and 2013. SERP benefits were frozen effective March 31, 2012, and neither Mr. Phipps nor Mr. Meier participates in the SERP. For additional information on the Company's retirement plans, see "Retirement Plans" on page 44 of this proxy statement. No NEO received preferential or above-market earnings on deferred compensation.

(1) The amounts shown in column (c) reflect the minimum payment level under the Company's 2015 Annual Incentive Program if minimum performance conditions were met and represents 25% of the target payment level shown in column (d) which is based on meeting target performance conditions. The amount shown in column (e) is 200% of the target payment level and is based on meeting maximum performance conditions. These amounts are based upon the individual's 2015 salary and position (125% of base salary for Mr. Phipps, 62.5% of base salary for Mr. Meier, 75% of base salary for Mr. Bierman and 50% of base salary for the other NEOs). Payouts under the 2015 Annual Incentive Program are set forth in the Summary Compensation Table Non-Equity Incentive Plan Compensation on page 40 of this proxy statement.

(2) The amounts shown in column (f) reflect the minimum restricted stock award level under 2015 performance share grants if minimum performance conditions are met. The target restricted stock award level shown in column (g) is based on meeting target performance conditions and (h) is 200% of the target restricted stock award level and is based on meeting the maximum performance conditions. These restricted stock awards are based on the Company's achievement of return on average asset and adjusted EPS goals for 2015 and 2016 as discussed on page 33 of this proxy statement and, if earned, vest on the third anniversary of the performance share grant. Dividends are not paid on performance share grants unless and until the performance conditions are satisfied, resulting in the issuance of the underlying restricted stock.

Table of Contents

(3) The amounts shown in column (i) represent grants of restricted stock that vest one to five years from the date of grant based on the executive's continued employment with the Company. Dividends are paid on outstanding restricted stock grants at the same rate as for all shareholders of record.

(4) No stock options were granted by the Company in 2015.

(5) The amounts shown in column (l) are the grant date fair value of each individual equity award computed in accordance with FASB ASC Topic 718.

(2) The market value of the restricted shares was calculated based on \$35.98 per share, the closing price of the Company's Common Stock on December 31, 2015. Dividends are paid on outstanding shares of restricted stock at the same rate as paid to all shareholders of record.

(3) The amounts in column (i) represent the number of performance shares outstanding based on the achievement of the target level of performance conditions. The market value of the performance shares was calculated based on \$35.98 per share, the closing price of the Company's Common Stock on December 31, 2015. Dividends are not paid on performance shares unless and until the underlying performance conditions are achieved.

OPTION EXERCISES AND STOCK VESTED TABLE

The following table sets forth for each NEO information on stock option exercises and vesting of restricted stock on an aggregated basis during the year ended December 31, 2015.

(a) Name	Option Awards		Stock Awards

Grace R. den Hartog			5,633	\$ 190,621
James L. Bierman			12,090	\$ 415,386

(1) The value realized on exercise is computed as the difference between the market price of the underlying securities at exercise and the exercise price of the options.

(2) The value realized on vesting is computed by multiplying the number of shares vesting by the market price of the underlying shares on the vesting date.

RETIREMENT PLANS

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to certain officers, including Mr. Bierman, Mr. Colpo, Ms. Davis and Ms. den Hartog, under the SERP. Effective March 31, 2012, the Board of Directors amended the SERP to freeze benefit levels under the plan and participation by future executives. The SERP entitles participants who meet its age and service requirements to receive a specified percentage (60%) of the participant's average base monthly salary plus bonus for the highest consecutive five out of the last ten years preceding March 31, 2012. The SERP benefit to which a participant is entitled is reduced by any benefit payable under Social Security, defined benefit pension plans and the benefit attributable to certain Company contributions under the Company's 401(k) plan. The SERP provides for full benefits to participants who retire at or after the attainment of the age of 65 (or at or after the age of 62 with 20 years of service) and provides for reduced benefits to participants who retire between the ages of 55 and 64 if their age plus years of service to the Company equal at least 70. If a participant retires prior to age 65 (or prior to age 62 with 20 years of service), his or her otherwise applicable full retirement benefit is reduced by 0.333% for each month remaining from the date of retirement until the participant would reach age 65. SERP payments are made to an eligible participant until his or her death (and, following the participant's death, will continue to be made to the participant's beneficiary unless or until a total of 180 payments have been made under the SERP to either the participant or his or her beneficiary). Upon retirement, participants are no longer eligible to participate

in the Company's medical insurance or benefit plans (except as legally required under COBRA). In consideration for receiving benefits under the SERP, the participant must comply with a non-competition agreement during employment and for a period of five years following employment by the Company.

PENSION BENEFITS TABLE

The following table shows the actuarial present value of accumulated benefits payable to each of the NEOs as of December 31, 2015, including the number of years of service credited to each such NEO, under the SERP using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Benefits under the SERP are payable as a monthly annuity.

(a)	(b)	(c)	(d)	(e)

Grace R. den Hartog	SERP	13	4,005,162	0
James L. Bierman	SERP	9	5,373,288	0

(1) Ms. Davis, Mr. Colpo, Ms. den Hartog and Mr. Bierman are the NEOs who participate in the SERP. Annual benefits payable under the SERP upon retirement at normal retirement age for the participating NEOs are: Ms. Davis, \$253,312; Mr. Colpo, \$316,661; Ms. den Hartog, \$271,339; and Mr. Bierman, \$399,319. The calculation of present value of accumulated benefit assumes a discount rate of 4.00% and was based on the RP-2014 Mortality Table, MP-2015 Projection Scale. For a discussion of the assumptions used by the Company in calculating these amounts, see note 13 to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated herein by reference.

(2) Mr. Bierman retired from the Company effective December 26, 2015 and is eligible for 92% of his SERP benefit. Ms. den Hartog retired from the Company effective March 1, 2016 and is eligible for 96% of her SERP benefit. Mr. Colpo currently qualifies for 72% of his SERP benefit. Ms. Davis currently does not qualify for early retirement benefits under the SERP.

Following retirement, stock options and restricted stock awards continue to vest pursuant to the terms of the respective grants if, at the discretion of the Company, the officer continues to serve the Company as a director, in a consulting capacity or by entering into a non-solicitation and confidentiality agreement for the benefit of the Company. An officer is eligible following retirement to receive a portion of any performance shares earned based on achievement of the performance conditions pro-rated for the number of months worked during the performance period. Assuming continued service to the Company, each of the NEOs would receive the following estimated benefit due to continued vesting of equity awards if he or she had been eligible to and actually retired on December 31, 2015: Mr. Phipps, \$6,692,641; Mr. Meier, \$2,847,654; Ms. Davis, \$869,499; Mr. Colpo, \$562,247; Ms. den Hartog, \$734,867; and Mr. Bierman, \$2,801,342 (since Mr. Bierman retired on December 26, 2015, this figure represents his actual estimated benefit as of that date). This benefit is calculated based upon the number of shares subject to continued vesting multiplied by \$35.98, the closing price of the Company's Common Stock on December 31, 2015. Performance shares were valued based upon assumed performance at the target level.

Table of Contents**NONQUALIFIED DEFERRED COMPENSATION PLAN**

The Company maintains an Executive Deferred Compensation and Retirement Plan in which members of senior management and other management-level teammates are eligible to participate. This plan permits participants to defer base salary (up to 75%) and cash bonus (up to 100%) paid during a year for which a deferral election is made. This plan provides for similar investment options as under our 401(k) plan. The Company matches a total of up to 5% of combined 401(k) plan and deferred compensation plan contributions, provided that the participant has first maximized permitted contributions under the 401(k) plan. The following table sets forth information regarding contributions to, earnings on and total balances in the Executive Deferred Compensation plan for the NEOs in 2015.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table reflects the estimated potential compensation payable to each of the NEOs under the Company's compensation and benefit plans and arrangements in the event of termination of such executive's employment under various scenarios, including voluntary termination without cause, voluntary termination or involuntary termination with cause, termination following a change in control and termination due to disability or death. Benefits payable to the NEOs upon retirement are described under "Retirement Plans" beginning on page 44 of this proxy statement. The amounts shown are estimates of the amounts that would be paid out to the executives upon termination of their employment assuming that such termination was effective December 31, 2015.

(1) The amounts shown in the table do not include accrued salary and vacation payable through the date of the executive's employment termination or the distribution of any balances under the Executive Deferred Compensation Plan or the Company's 401(k) plan.

(2) See the discussion of the Company's severance policy below for information on benefits payable to the NEOs upon involuntary termination without cause. The calculation of cash severance is based on 1.5 multiplied by the sum of the NEO's base annual salary and the lower of average bonus paid or target bonus for the three calendar years prior to the date of employment termination.

(3) See the discussion of the Company's change in control agreements on page 49 for information on benefits payable to the NEOs upon a change in control. The calculation of cash severance is based on a lump sum payment of 2.99 multiplied by the sum of annual salary plus the average of the last three years' actual bonuses paid.

(4) A termination of employment due to death or disability entitles the NEOs to benefits under the Company's life insurance or disability plan, as applicable, available to salaried teammates generally. In addition and also as applicable to salaried employees generally who receive grants of stock options and restricted stock, upon termination of employment due to death, all stock options and shares of restricted stock immediately vest; and, upon termination of employment due to disability, unvested stock options are forfeited and shares of restricted stock vest on a pro rata basis. In addition, upon death, officers are entitled to receive performance shares that are actually earned based on achievement of performance conditions and, upon disability, a pro rata portion of any such shares earned relative to time worked during the performance period.

(5) If a participant's employment is terminated without cause or the participant resigns for good reason following a change in control, the SERP provides for a pro-rated benefit based on credited years of service relative to years of service remaining to the participant's earliest retirement eligibility date, which amount is reduced by 4% for each year that the participant is under age 65. The amounts in this column show the present value of any additional benefit to the participant relative to the present value of accumulated benefits shown in the Pension Benefits Table on page 45.

(6) The amounts in this column represent the estimated benefit to the NEO due to accelerated vesting of equity awards and are calculated based on the number of shares subject to accelerated vesting multiplied by \$35.98, the closing price of the Company's Common Stock on December 31, 2015. Any performance shares that vest are valued based upon assumed performance at the target level.

(7) Mr. Bierman retired from the Company effective December 26, 2015. Benefits to him in connection with his retirement are described in Retirement Plans on page 44 and Pension Benefits Table on page 45 of

Table of Contents

this proxy statement. In connection with Mr. Bierman's retirement, he signed a post-retirement non-solicitation and non-competition agreement which allows his shares of restricted stock to continue vesting according to their normal schedule. In addition, outstanding performance shares will continue to be earned to the extent underlying performance metrics are met.

Severance Policy. The Company has an officer severance policy that applies to corporate officers who are involuntarily terminated without cause (or who resign at the request of the Company) and that was designed to provide consistent and fair treatment of these departing officers. Receipt of payments under the severance policy is also conditioned upon the officer's agreement to certain non-competition and non-solicitation restrictive covenants for the term of the severance period and a general release of claims against the Company. The Company provides for the following under its officer severance policy:

Officer Position	Severance Amount	Severance Period	Other Benefits
CEO	1.5 x the sum of: Base Salary	18 months	Continuation of Medical/Dental/Vision Benefits during severance period
President	Base Salary		
Chief Operating Officer	The lower of average Bonus paid or Target Bonus for the three calendar years prior to date of employment termination		Up to six months of outplacement services
Executive Vice President			
Senior Vice President			
Vice President	1.0 x the sum of: Base Salary The lower of average Bonus paid or Target Bonus for the three calendar years prior to date of employment termination	12 months	Tax preparation and financial counseling services during severance period Continuation of Medical/Dental/Vision Benefits during severance period Up to six months of outplacement services

The severance policy does not address the disposition of outstanding stock options or stock awards upon involuntary termination without cause, which event is addressed under the applicable equity award agreement. In general, upon an involuntary termination without cause (or resignation at the request of the Company), (i) an officer's unvested stock options are forfeited and the vested stock options must be exercised within a period of one year from the date of employment termination, and (ii) a pro rata portion of the officer's restricted stock awards and earned performance share awards (as applicable) vests at the date of employment termination based on the number of months worked during the applicable vesting and/or performance period.

Change in Control Agreements. The Company has entered into CIC Agreements with the NEOs, the purpose of which is to encourage key management personnel to remain with the Company and to avoid distractions resulting from potential or actual changes in control of the Company.

The CIC Agreements provide for the payment of a severance benefit if the officer's employment with the Company is terminated within 24 months after a change in control unless such termination is (i) due to death or disability, (ii) by the Company for cause or (iii) by the officer other than in specified circumstances constituting good reason.

Termination of employment by the Company is for cause if it is because of the executive officer's (i) willful and continued failure to substantially perform his or her duties (other than due to incapacity, illness, etc.) or (ii) engaging in conduct demonstrably and materially injurious to the Company. Termination of employment by the executive officer is for good reason if it is because of (i) a material diminution in authority, duties or

Table of Contents

responsibilities; (ii) a material reduction in annual base salary, bonus opportunity or benefits; (iii) a relocation of place of employment by more than 35 miles or substantial increase in travel obligations; (iv) a failure to pay compensation due to the executive officer; or (v) certain other reasons defined in the plan.

A change in control is generally deemed to have occurred under the agreements:

- (i) if any person acquires 30% or more of the Company's voting securities (other than the Company or its affiliates);
- (ii) if the Company's directors as of the beginning or renewal date of the CIC Agreement (the Incumbent Board) cease to constitute a majority of the Board (unless the members' nominations or elections were approved by a majority of the Incumbent Board);
- (iii) upon the approval by shareholders of a merger or consolidation of the Company (or any subsidiary) other than (a) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent more than 50% of the voting power of the securities of the Company (or surviving entity) outstanding immediately after the merger or consolidation, or (b) a merger or consolidation effected to implement a recapitalization of the Company in which no person acquires more than 30% of the combined voting power of the Company's then-outstanding securities; or
- (iv) upon the approval by shareholders of a plan of liquidation or sale of substantially all of the Company's assets.

The Company's change in control agreements with its officers do not provide for or otherwise permit excise tax gross-up payments.

For the NEOs, the severance benefit includes the following:

- (i) a lump sum payment equal to 2.99 times the sum of the officer's annual base salary as of the date of termination or change in control (whichever is greater) plus average bonus for the three years preceding the date of termination or change in control (whichever is greater);
- (ii) a lump sum amount representing a pro rata portion of any incentive compensation earned by the executive through the date of termination, assuming achievement of performance goals at the target level;
- (iii) an amount equal to additional premiums for continued medical benefits under COBRA for two years and additional premiums for individual life insurance policies for two years (for officers receiving Company-provided life insurance); and
- (iv) all shares of restricted stock granted to the executive officer vest, all stock options vest and become immediately exercisable and all performance shares are awarded at the target level and become vested.

The foregoing severance benefit is reduced by the amount of any benefits payable under any other severance plan or arrangement of the Company.

In consideration for any benefits paid, the change in control agreements impose certain non-competition and non-solicitation restrictive covenants on the officers for a period of 12 months following employment termination and prohibit the disclosure and use of confidential Company information. Each agreement continues in effect through December 31, 2016. Each of Mr. Bierman's and Ms. den Hartog's CIC Agreements terminated upon their retirement from the Company.

PROPOSAL 3: ADVISORY SHAREHOLDER VOTE ON EXECUTIVE COMPENSATION

Shareholders have the opportunity to cast an advisory vote on the compensation of our NEOs as disclosed in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives shareholders the opportunity to approve, reject or abstain from voting with respect to our 2015 executive compensation programs and policies and the compensation paid to our NEOs. Although the vote is non-binding, we value your opinions and will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions. At the Company's 2011 annual meeting, the majority of our shareholders voted to advise us to include a say-on-pay proposal every year, and the Board of Directors determined that the Company will hold an advisory shareholder vote on executive compensation every year. This non-binding advisory vote on the frequency of say-on-pay proposals must be held at least once every six years but we included it as Proposal 4 below as a matter for consideration at the 2016 Annual Meeting.

As more fully discussed in the Compensation Discussion and Analysis section of this proxy statement beginning on page 21, the Company's goal for its executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for our success in the intensely competitive global healthcare supply services industry. We seek to accomplish this goal in a manner that rewards performance, is aligned with long-term shareholder interests and is consistent with sound compensation governance principles. The Compensation & Benefits Committee and the Board of Directors believe that the policies and procedures articulated in the CD&A are effective in implementing our compensation philosophy and in achieving our long-term goals and that the compensation of our NEOs in 2015 reflects and supports these compensation policies and procedures and reflects our foundational pay for performance principles.

Accordingly, the Board of Directors recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Proxy Statement for the 2016 Annual Meeting of Shareholders pursuant to the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

The Board of Directors recommends a vote FOR the foregoing resolution approving, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement.

PROPOSAL 4: ADVISORY VOTE ON FREQUENCY OF SHAREHOLDER VOTE ON EXECUTIVE COMPENSATION

As described in Proposal 3 above, the shareholders of Owens & Minor are being provided the opportunity to cast an advisory vote on our executive compensation program or a say on pay vote. This Proposal 4 provides shareholders the opportunity to cast an advisory vote on how often the Company should include a say on pay vote in its proxy materials for future shareholder meetings. This proposal is commonly referred to as a frequency or say-when-on-pay vote. Shareholders initially provided an advisory vote on say-when-on-pay in 2011, and we are required to allow shareholders to re-consider this frequency vote at least every six years. The Board of Directors determined to include the advisory vote on frequency as a proposal item at the 2016 Annual Meeting rather than waiting the full six years. Under this Proposal 4, shareholders may vote to have the say on pay vote every year, every two years or every three years. Although the vote is non-binding, we value your opinions and will consider the outcome of the vote in determining how frequently the Company conducts an advisory shareholder vote on its executive compensation.

In 2011, the Board of Directors recommended that the advisory say on pay vote be submitted for shareholder approval every year, and we recommend the continuance of an annual say on pay advisory vote. The Company believes that the say on pay advisory vote should be conducted every year (rather than every two or three years) so that shareholders may express their views on our executive compensation programs on an annual basis and, accordingly, provide us with continuing and timely feedback for consideration in making annual compensation decisions.

The Board of Directors unanimously recommends a vote to conduct an advisory vote on executive compensation every year .

CERTAIN RELATIONSHIPS AND TRANSACTIONS

The Company has not adopted written procedures for review of, or standards for approval of, related person transactions (as defined in Item 404 of Regulation S-K), but instead reviews these transactions on a case-by-case basis.

The Company employs the son of Mr. Smith, Executive Chairman of the Company, as General Manager of our Seattle-area distribution center. For 2015, Mr. Smith's son received salary and equity compensation totaling \$215,092.

SHAREHOLDER PROPOSALS

Under regulations of the SEC, any shareholder desiring to make a proposal to be acted upon at the 2017 Annual Meeting of Shareholders must present such proposal to our Corporate Secretary at the Company's principal office at 9120 Lockwood Boulevard, Mechanicsville, Virginia 23116 not later than November 23, 2016, in order for the proposal to be considered for inclusion in the Company's proxy statement. All shareholder proposals and director nominations must be submitted in accordance with and contain the information required by our Bylaws, which are available as described under Corporate Governance Corporate Governance Materials on page 3 of this proxy statement. The Company will determine whether to include properly submitted proposals in the proxy statement in accordance with the SEC's regulations governing the solicitation of proxies.

a description (including the names of any counterparties) of any agreement, arrangement or understanding with respect to such nomination between or among the shareholder or any other person on whose behalf the nomination is made and any of its affiliates or associates, and any others acting in concert with any of the foregoing;

a representation that the shareholder will notify the Company in writing of any changes to certain information provided above (as further specified in the Bylaws);

such other information regarding each nominee proposed by such shareholder as would be required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required to be disclosed, pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and

the written consent of the nominee to serve as a director if elected.

In order for a shareholder to bring other business before a shareholder meeting, timely notice must be received by the Company within the time limits described in the immediately preceding paragraph. The shareholder's notice must contain the information required by our Bylaws, including but not limited to:

the information described above with respect to the shareholder proposing such business;

a brief description of the business desired to be brought before the meeting, including the complete text of any resolutions to be presented at the annual meeting and the reasons for conducting such business at the annual meeting; and

The requirements found in our Bylaws are separate from the requirements a shareholder must meet to have a proposal included in the Company's proxy statement under the proxy rules.
