Item 8.01. Other Events.

As previously reported, on February 16, 2016, Acadia Healthcare Company, Inc. (Acadia or the Company) completed its acquisition of Priory Group No. 1 Limited (Priory). As a result of its acquisitions of Partnerships in Care and Priory, Acadia generates a significant portion of its income in British Pounds Sterling (GBP), while all of Acadia's debt is denominated in U.S. dollars.

In May 2016, Acadia entered into multiple cross currency swap agreements with an aggregate notional amount of \$650.0 million to manage foreign currency exchange risk by effectively converting a portion of its fixed-rate U.S. dollar denominated senior notes, including the semi-annual interest payments thereunder, to fixed-rate, GBP-denominated debt. The senior notes effectively converted include \$150.0 million aggregate principal amount of 6.125% Senior Notes due 2021, \$300.0 million aggregate principal amount of 5.125% Senior Notes due 2022 and \$200.0 million aggregate principal amount of 5.625% Senior Notes due 2023. During the term of the swap agreements, the Company will receive semi-annual interest payments based in U.S. dollars from the counterparties based on U.S. dollar fixed interest rates, and the Company will make semi-annual interest payments based in GBP to the counterparties based on GBP fixed interest rates. The interest rates applicable to the GBP interest payments are substantially the same as the interest rates in place for the existing U.S. dollar-denominated debt. At maturity, the Company will repay the principal amounts listed above in GBP and receive the principal amount in U.S. dollars.

The Company has designated the cross currency swap agreements as qualifying hedging instruments and is accounting for these as net investment hedges. The gains and losses resulting from fair value adjustments to the cross currency swap agreements will be recorded in accumulated other comprehensive income to the extent that the swaps are effective in hedging the designated risk. Cash flows related to the cross currency swaps will be included in operating activities on the consolidated statements of cash flows.
