Questions & Answers with Randy Owen

[Randy]: Everybody plays a key part in this healthcare system and in the process. And everybody is an important part of what we've been able to do and in growing the business they are a very critical part of that. My name is Randy Owen and I am the COO and CFO of Envision Healthcare.

WHAT DO YOU LIKE ABOUT WORKING IN THE HEALTHCARE INDUSTRY?

[Randy]: Healthcare never stays the same. There is a lot of change, it is a huge part of this country's industry, has a huge impact obviously on on [sic] people's lives, so, I'm excited about that. Excited about the opportunities. Envision is grown dramatically, I've been involved with it since 1999. And it is it is [sic] never been stagnant, there is always something new, and so that is really the excitement, is is [sic] really dealing with national healthcare trends and where things are going, and and [sic] being a proactive part of that is really probably the most exciting part.

WHAT ARE THE ADVANTAGES OF PROVIDING OUT-OF-HOSPITAL CARE, OR AMBULATORY SERVICES?

[Randy]: Technology is allowing things to be done in a much different setting, in a much different environment than they were done in the past. And so that is a huge advancement from a clinical perspective. There are more and more procedures that can be done outside of the four walls of a hospital, and done in a more economic way. And so that really is, a real key part of where healthcare is going. A more effective way of treating patients and at a better cost.
