EXPLANATORY NOTE

This Post-Effective Amendment No. 3 (this Post-Effective Amendment No. 3) to the Registration Statement on Form F-3 (Registration No. 333-211545) (the Registration Statement) of Seaspan Corporation (Seaspan) is being filed in response to a comment letter from the U.S. Securities and Exchange Commission (the SEC) in regard to Post-Effective Amendment No. 2 to the Registration Statement, filed with the SEC on March 7, 2017 (Post-Effective Amendment No. 2).

Post-Effective Amendment No. 2 was filed for the purpose of, among other things, amending the Registration Statement to convert it from a Form F-3ASR (automatic shelf registration statement) to a Form F-3 (non-automatic shelf registration statement) because Seaspan no longer was a well-known seasoned issuer (as such term is defined in Rule 405 under the U.S. Securities Act of 1933, as amended) upon the filing of its Annual Report on Form 20-F for the year ended December 31, 2016, which occurred on March 6, 2017. The only changes effected by this Post-Effective Amendment No. 3 are to (1) clarify that all filings filed under the U.S. Securities Exchange Act of 1934, as amended, after the date of this Post-Effective Amendment No. 3 and prior to its effectiveness are incorporated by reference and specifically incorporate by reference Seaspan s Reports on Form 6-K filed with the SEC on March 15, 2017 and April 10, 2017 (excluding Exhibit 99.1), (2) file as Exhibit 23.1 the consent of KPMG LLP, Seaspan s independent registered public accounting firm, (3) add a discussion of material tax considerations, (4) file as Exhibits 8.1, 8.2 and 8.3 opinions of Perkins Coie LLP, Reeder & Simpson, P.C. and Blake, Cassels & Graydon LLP relating to tax matters (and the related consents) and (5) update the information contained in Post-Effective Amendment No. 2.

No additional securities are being registered by this Post-Effective Amendment No. 3. All applicable filing fees were paid at the time of the filing of Post-Effective Amendment No. 1 to the Registration Statement.

FORWARD-LOOKING INFORMATION

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. This Act provides a safe harbor for forward-looking statements to encourage companies to provide prospective information about themselves so long as they identify these statements as forward-looking and provide meaningful cautionary statements identifying important factors that could cause actual results to differ from the projected results. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. They often include words such as anticipate, believe, continue, could, estimate, projects, forecasts, potential, intend, may, might, plan, predict, seek, should or will, or the negative of those terms, or comparable terms. These forward-looking statements are all based on currently available operating, financial and competitive information and are subject to various risks and uncertainties. Our actual future results and trends may differ materially depending on a variety of factors, including, but not limited to, the risks and uncertainties discussed under the sections entitled Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual reports on Form 20-F and any reports on Form 6-K incorporated herein by reference.

Any or all of our forward-looking statements in this prospectus, any prospectus supplement and the documents incorporated by reference herein and therein may turn out to be inaccurate. Incorrect assumptions we might make and known or unknown risks and uncertainties may affect the accuracy of our forward-looking statements. Forward-looking statements reflect our current expectations or forecasts of future events or results and are inherently uncertain, and accordingly, you should not place undue reliance on forward-looking statements.

Although we believe that the expectations and forecasts reflected in the forward-looking statements are reasonable, we cannot guarantee future results, performance, or achievements. Consequently, no forward-looking statement can be guaranteed and future events and actual or suggested results may differ materially. We expressly disclaim any obligation to publicly update any forward-looking statements, whether as a result of new information, future events, or otherwise. You are advised, however, to consult any further disclosures we make in our annual reports on Form 20-F and any reports on Form 6-K that we incorporate herein by reference, as well as in any prospectus supplement relating to this prospectus and other public filings with the Commission.

Table of Contents

**RATIO OF EARNINGS TO FIXED CHARGES AND
TO FIXED CHARGES AND PREFERENCE DIVIDENDS**

The following table sets forth our ratio of earnings to (a) fixed charges and (b) fixed charges and preference dividends for the periods presented:

	Year Ended December 31,				
	2016	2015	2014	2013	2012
Ratio of earnings to fixed charges ⁽¹⁾	(2)	2.5	2.1	4.7	2.4
Ratio of earnings to fixed charges and preference dividends ⁽¹⁾	(2)	1.8	1.5	3.2	1.7
Dollar amount (in thousands) of deficiency in earnings to fixed charges	142,850				
Dollar amount (in thousands) of deficiency in earnings to fixed charges and preference dividends	196,935				

- (1) For purposes of calculating the ratios of consolidated earnings to fixed charges and to fixed charges and preference dividends:

earnings consist of pre-tax income from continuing operations prepared under U.S. GAAP (which includes non-cash unrealized gains and losses on derivative financial instruments) plus fixed charges, net of capitalized interest and capitalized amortization of deferred financing fees;

fixed charges represent interest incurred (whether expensed or capitalized) and amortization of deferred financing costs (whether expensed or capitalized) and accretion of discount; and

preference dividends refers to the amount of pre-tax earnings that is required to pay the cash dividends on outstanding preference securities and is computed as the amount of (a) the dividend divided by (b) the result of 1 minus the effective income tax rate applicable to continuing operations.

The ratios of earnings to fixed charges and to fixed charges and preference dividends are ratios that we are required to present in this prospectus and have been calculated in accordance with Commission rules and regulations. These ratios have no application to our credit and lease facilities and preferred shares and we believe they are not ratios generally used by investors to evaluate our overall operating performance.

- (2) The ratio of earnings to fixed charges or to fixed charges and preference dividends for this period was less than 1.0X.

Our Class A common shares are our only outstanding class of common shares.

Dividends

Under our articles of incorporation, our Class A common shareholders may receive quarterly dividends. Declaration and payment of any dividend is subject to the discretion of our board of directors. The time and amount of dividends will depend upon our financial condition, our operations, our cash requirements and availability, debt repayment obligations, capital expenditure needs, restrictions in our debt instruments and our preferred shares, industry trends, the provisions of Marshall Islands law affecting the payment of distributions to shareholders and other factors. The Marshall Islands Business Corporations Act generally prohibits the payment of dividends other than from paid-in capital in excess of par value and our earnings or while we are insolvent or would be rendered insolvent on paying the dividend.

Voting

The Class A common shares each have one vote. A majority of the Class A common shares constitutes a quorum at meetings of the shareholders.

Preferred Stock

Our articles of incorporation authorize our board of directors to establish one or more series of preferred shares and to determine, with respect to any series of preferred shares, the terms and rights of that series, including, among other things:

the designation of the series;

the number of shares in the series;

the dividend terms and conditions of the series;

any redemption rights of, or sinking fund for, the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;

whether the shares of the series will be convertible into any other security of our company or any other corporation, and, if so, the terms and conditions upon which the conversion may be made;

Series D Preferred Shares

In December 2012, we issued 3,105,000 of our 7.95% Series D Cumulative Redeemable Perpetual Preferred Shares. In November 2013, we issued an additional 2,000,000 Series D preferred shares. The liquidation preference of the Series D preferred shares is \$25.00 per share. The shares are redeemable by us at any time on or after January 30, 2018. The shares carry an annual dividend rate of 7.95% per \$25.00 of liquidation preference per share. The Series D preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series E, Series F, Series G and Series H preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series D preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and pari passu with the Series E, Series F, Series G and Series H preferred shares. Upon any liquidation or dissolution of us, holders of the Series D preferred shares and pari passu preferred shares with respect to liquidation (including the Series E, Series F, Series G and Series H preferred shares) will generally be entitled to receive the cash value of the liquidation preference of the Series D preferred shares or the pari passu preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares. The Series D preferred shares are not convertible into common shares or other of our securities, do not have exchange rights and are not entitled to any preemptive or similar rights. The Statement of Designation for the Series D preferred shares includes a restrictive covenant that we shall not permit the Net Worth to Preferred Stock Ratio (as defined therein) to be less than or equal to 1.00. For a detailed description of the Series D preferred shares, including a detailed description of the net worth covenant, please read the description of our Series D preferred shares as set forth in our registration statement on Form 8-A filed on December 13, 2012, including any subsequent amendments or reports filed for the purpose of updating such descriptions, incorporated by reference in this prospectus.

Series E Preferred Shares

In February 2014, we issued 5,400,000 of our 8.25% Series E Cumulative Redeemable Perpetual Preferred Shares. The liquidation preference of the Series E preferred shares is \$25.00 per share. The shares are redeemable by us at any time on or after February 13, 2019. The shares carry an annual dividend rate of 8.25% per \$25.00 of liquidation preference per share. The Series E preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series D, Series F, Series G and Series H preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series E preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and pari passu with the Series D, Series F, Series G and Series H preferred shares. Upon any liquidation or dissolution of us, holders of the Series E preferred shares and pari passu preferred shares with respect to liquidation (including the Series D, Series F, Series G and Series H preferred shares) will generally be entitled to receive the cash value of the liquidation preference of the Series E preferred shares or the pari passu preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares. The Series E preferred shares are not convertible into common shares or other of our securities, do not have exchange rights and are not entitled to any preemptive or similar rights. The Statement of Designation for the Series E preferred shares includes a restrictive covenant that we shall not permit the Net Worth to Preferred Stock Ratio (as defined therein) to be less than or equal

to 1.00. For a detailed description of the Series E preferred shares, including a detailed description of the net worth covenant, please read the description of our Series E preferred shares as set forth in our registration statement on Form 8-A filed on February 13, 2014, including any subsequent amendments or reports filed for the purpose of updating such descriptions, incorporated by reference in this prospectus.

Table of Contents***Series F Preferred Shares***

In May 2016, we issued 5,600,000 of our 6.95% Series F Cumulative Convertible Perpetual Preferred Shares. The liquidation preference of the Series F preferred shares is \$25.00 per share. The shares carry an initial annual dividend rate of 6.95% per \$25.00 of liquidation preference per share. The Series F preferred shares are redeemable, at our option, at any time after the fifth anniversary of the initial issuance date of the shares, at a price equal to the liquidation preference per share plus any accumulated and unpaid dividends to the redemption date. If Series F preferred shares remain outstanding beyond the fifth anniversary date, the annual dividend rate will increase by 1% on such date and on each anniversary date thereafter, to a maximum of 10.5% after the ninth anniversary date. If we do not acquire all of the membership interests in Greater China Intermodal Investments LLC, or *GCI*, which is our investment partnership, or all or substantially all of the assets of *GCI* by December 31, 2017, the annual dividend rate will increase to 10.5% beginning January 1, 2018 and the shares will become redeemable at our option at any time on or after that date. The Series F preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series D, Series E, Series G and Series H preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series F preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and *pari passu* with the Series D, Series E, Series G and Series H preferred shares. Upon any liquidation or dissolution of us, holders of the Series F preferred shares and *pari passu* preferred shares with respect to liquidation (including the Series D, Series E, Series G and Series H preferred shares) will generally be entitled to receive the cash value of the liquidation preference of the Series F preferred shares or the *pari passu* preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares.

The holders of outstanding Series F Preferred Share generally are entitled to vote together with the holders of our Class A common shares, as a single class, on all matters submitted for a vote of holders of our common shares. For purposes of these voting rights, each holder of Series F Preferred Share is entitled to one vote for each common share issuable upon conversion of such holder's Series F preferred shares. The holders of Series F preferred shares also have rights relating to, among other things, the issuance by us of additional parity equity securities or any senior equity securities. The holders of Series F preferred shares may convert, in whole or in part, their Series F preferred shares into Class A common shares. The number of shares of our common stock to be issued upon any conversion of the Series F preferred shares will be determined by dividing (a) an amount equal to \$25.00 per Series F Preferred Share plus all accumulated and unpaid dividends to the conversion date, whether or not declared, by (b) the conversion price in effect at the time of the conversion. The initial conversion price is \$18.00 per Series F Preferred Share, and is subject to appropriate adjustment for common stock dividends, splits, combinations, reclassifications or similar events relating to our Class A common shares. Subject to certain exceptions, the holders of Series F preferred shares have the general right to purchase a pro rata portion of any of our Class A common shares or of any preferred stock with general voting rights that we may issue or sell. We have agreed to register with the Commission the Class A common shares issuable upon conversion of the Series F preferred shares.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities (any of which may be senior or subordinated and convertible or not convertible) from time to time in one or more series, under an indenture to be dated as of a date on or prior to our initial issuance of the debt securities. The following description of debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. Our senior debt securities would be issued under a senior indenture, and our subordinated debt securities would be issued under a subordinated indenture. The senior or subordinated indenture for debt securities and any convertible debt securities, forms of which are included as exhibits to the registration statement of which this prospectus is a part, will be executed at the time we issue applicable debt securities. Any supplemental indentures will be filed with the Commission on a Form 6-K or by a post-effective amendment to the registration statement of which this prospectus is a part.

All of the indentures are sometimes referred to in this prospectus collectively as the *Indentures* and each, individually, as an *Indenture*. The particular terms of the debt securities offered by any prospectus supplement, and the extent to which the general provisions described below may apply to the offered debt securities, will be described in the applicable prospectus supplement. The Indentures will be qualified under the Trust Indenture Act of 1939, as amended, or the *Trust Indenture Act*. The terms of the debt securities will include those stated in the Indentures and those made part of the Indentures by reference to the Trust Indenture Act.

Our statements below relating to the debt securities and the Indentures are summaries of their anticipated provisions, are not complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable Indenture and any applicable United States federal income tax considerations as well as any applicable modifications of or additions to the general terms described below in the applicable prospectus supplement or supplemental indenture.

General

The provisions of the Indentures do not limit the aggregate principal amount of debt securities which may be issued thereunder. Unless otherwise provided in a prospectus supplement and an applicable supplemental indenture, any senior debt securities will be our direct, unsecured and unsubordinated general obligations and will have the same rank in liquidation as all of our other unsecured and unsubordinated debt, and the subordinated debt securities will be our unsecured obligations, subordinated in right of payment to the prior payment in full of all of our senior indebtedness with respect to such series, as described in the applicable prospectus supplement. Any debt securities may be convertible into common shares.

We may issue the debt securities as original issue discount securities, which will be offered and sold at a substantial discount below their stated principal amount. The prospectus supplement relating to any original issue discount securities will describe United States federal income tax consequences and other special considerations applicable to them. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

In addition, the specific financial, legal and other terms particular to a series of debt securities will be described in the prospectus supplement and any pricing supplement relating to the series. Consolidation, Merger and Sale of Assets

The terms of the Indentures in the forms initially filed as exhibits to the registration statement of which this prospectus is a part provide that we may not consolidate with or merge with or into, any other person or sell, assign, convey, transfer, lease our properties and assets as an entirety or substantially as an entirety to any person, unless:

the successor person is a corporation organized and existing under the laws of the Marshall Islands, the United States, any state of the United States or the District of Columbia and expressly assumes by supplemental indenture all of our obligations under the debt securities and the applicable Indenture;

immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing; and

other conditions specified in the applicable Indenture are met.

Upon any consolidation, merger, sale, assignment, conveyance, transfer or lease of the properties and assets of the Company in accordance with the foregoing provisions, the successor person formed by such consolidation or into which we are merged or to which such sale, assignment, conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the applicable Indenture; and thereafter, except in the case of a lease, the Company shall be released from all obligations and covenants under the applicable Indenture and the debt securities.

Events of Default

The terms of the Indentures in the forms initially filed as exhibits to the registration statement of which this prospectus is a part provide that the debt securities are subject to the following events of default:

- (1) failure to pay principal of or any premium when due;
- (2) failure to pay any interest when due, continued for 30 days;
- (3) failure to perform any of our other covenants in the applicable Indenture, continued for 60 days after written notice has been given by the trustee, or the holders of at least 25% in principal amount of the outstanding debt securities, as provided in the applicable Indenture;
- (4) any debt of the Company is not paid within any applicable grace period after final maturity or is accelerated by its holders because of a default and the total amount of such debt unpaid or accelerated exceeds \$50.0 million;

(5) any judgment or decree for the payment of money in excess of \$50.0 million is entered against us and remains outstanding for a period of 90 consecutive days following entry of such judgment and is not discharged, waived or stayed; and

(6) certain events of bankruptcy, insolvency or reorganization affecting us.

If an event of default, other than an event of default described in clause (6) above, occurs and is continuing, either the trustee under the applicable Indenture or the holders of at least 25% in aggregate principal amount of the outstanding debt securities may declare the principal amount of the debt securities to be due and payable immediately. If an event of default described in clause (6) above occurs, the principal amount of the debt securities and accrued and unpaid interest, if any, will automatically become immediately due and payable.

After any such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the debt securities may, under certain circumstances, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal and any premium, interest or any additional amounts, or *Additional Amounts*, which are required under the applicable Indenture or the debt securities to be paid by the Company, in each case which have become due as a result of such acceleration, have been cured or waived.

Table of Contents

Notwithstanding the foregoing, if we so elect by notice to all holders of record of debt securities and the trustee and paying agent of such election on or before the close of business on the fifth business day prior to the date on which an event of default described below would otherwise occur, the sole remedy under the each Indenture for an event of default relating to (i) our failure to file with the trustee pursuant to Section 314(a)(1) of the Trust Indenture Act any documents or reports that we are required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act or (ii) the failure to comply with our annual and quarterly reporting obligations to the trustee and the Commission will, after the occurrence of such an event of default, consist exclusively of the right to receive additional interest on the debt securities at an annual rate equal to (i) 0.25% per annum of the outstanding principal amount of the debt securities for each day during the 90-day period beginning on, and including, the date on which such event of default first occurs and on which such event of default is continuing; and (ii) 0.50% per annum of the outstanding principal amount of the debt securities for each day during the 90-day period beginning on, and including, the 91st day following the date on which such event of default first occurs and on which such event of default is continuing. This additional interest will be payable in arrears on the same dates and in the same manner as regular interest on the debt securities. On the 181st day after such event of default first occurs (if not waived or cured prior to such 181st day), such additional interest will cease to accrue and the debt securities will be subject to acceleration as provided above. In the event we do not elect to pay the additional interest upon an event of default in accordance with this paragraph, the debt securities will be subject to acceleration as provided above. The provisions of the Indentures described in this paragraph will not affect the rights of holders of debt securities in the event of the occurrence of any other events of default.

The trustee will not be obligated to exercise any of its rights or powers at the request of the holders unless the holders have offered to the trustee indemnity or security reasonably satisfactory to it against any loss, liability or expense. Subject to the applicable Indenture, applicable law and the trustee's indemnification, the holders of a majority in aggregate principal amount of the outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities. In the event an event of default has occurred and is continuing, the trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The trustee, however, may refuse to follow any direction that conflicts with law or the applicable Indenture or that the trustee determines is unduly prejudicial to the rights of any other holder.

No holder will have any right to institute any proceeding under the applicable Indenture, or for the appointment of a receiver or a trustee, or for any other remedy under the applicable Indenture unless:

the holder has previously given the trustee written notice of a continuing event of default;

the holders of not less than 25% in aggregate principal amount of the debt securities then outstanding have made a written request and have offered indemnity reasonably satisfactory to the trustee to institute such proceeding as trustee;

such holder has offered to the trustee such indemnity as is reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; and

the trustee has failed to institute such proceeding within 60 days after such notice, request and offer and has not received from the holders of a majority in aggregate principal amount of the debt securities then outstanding a direction inconsistent with such request within 60 days after such notice, request and offer. However, the above limitations do not apply to a suit instituted by a holder for the enforcement of payment of the principal of, interest on and any Additional Amounts with respect any debt security on or after the applicable due date in accordance with the applicable Indenture.

Table of Contents

Generally, the holders of not less than a majority of the aggregate principal amount of outstanding debt securities may waive any default or event of default unless:

we fail to pay the principal of, any interest on or any Additional Amounts with respect to any debt security when due; or

we fail to comply with any of the provisions of the applicable Indenture that would require the consent of the holder of each outstanding debt security affected.

The Indentures provide that within 90 days after the trustee receives written notice of a default, the trustee shall transmit by mail to all holders, notice of such default hereunder, unless such default shall have been cured or waived. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as the trustee in good faith determines that withholding notice is in the best interest of the holders. In addition, we are required to deliver to the trustee (i) within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year and whether we, to the officers' knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the applicable Indenture and (ii) within 30 days after the occurrence thereof, written notice of any events that would constitute defaults, their status and what action we are taking or propose to take in respect thereof.

Each holder shall have the right to receive payment or delivery, as the case may be, of:

the principal of;

Any premium and accrued and unpaid interest, if any, on; and

Additional Amounts, if any, on its debt securities, on or after the respective due dates expressed or provided for in the applicable Indenture, or to institute suit for the enforcement of any such payment or delivery, as the case may be, and such right to receive such payment or delivery, as the case may be, on or after such respective dates shall not be impaired or affected without the consent of such holder.

Modification and Waiver

We and the trustee may amend or supplement the Indentures with respect to the debt securities with the consent (including consents obtained in connection with any tender offer or exchange offer) of the holders of a majority in aggregate principal amount of the outstanding debt securities. In addition, the holders of a majority in aggregate principal amount of the outstanding debt securities may waive our compliance in any instance with any provision of the applicable Indenture without notice to the other holders of debt securities. However, no amendment, supplement or waiver may be made without the consent of each holder of outstanding debt securities affected thereby if such amendment, supplement or waiver would:

change the stated maturity of the principal of, or any premium or installment of interest on or any Additional Amounts with respect to the debt securities;

reduce the principal amount of or interest on the debt securities or any Additional Amounts with respect thereto;

change the currency of payment of principal of, any premium or interest on or any Additional Amounts with respect to the debt securities or change any debt security's place of payment;

reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required for any such supplemental indenture or waiver, provided for in the applicable Indenture, or reduce the requirements for quorum or voting;

impair the right of any holder to receive payment of principal of and interest on such holder's debt securities on or after the due dates therefor or to institute suit for the enforcement of any payment on, or with respect to, the debt securities;

Table of Contents

impair the right to convert or exchange any debt security into or for securities of the Company or other securities, cash or property in accordance with the debt security's terms;

change the ranking of the debt securities;

change our obligation to pay Additional Amounts on any debt security; or

modify provisions with respect to modification, amendment or waiver (including waiver of events of default), except to increase the percentage required for modification, amendment or waiver or to provide for consent of each affected holder of the debt securities.

We and the trustee may amend or supplement the Indentures or the debt securities without notice to, or the consent of, the holders of the debt securities to, among other things:

cure any ambiguity, omission, defect or inconsistency that does not adversely affect the rights of any holder of the debt securities in any material respect;

provide for the assumption by a successor corporation of our obligations under an Indenture;

secure the debt securities;

add to our covenants for the benefit of the holders or surrender any right or power conferred upon us; or

make any change that does not adversely affect the rights of any holder.

The consent of the holders is not necessary under the Indentures to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under an Indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, will not impair or affect the validity of the amendment.

Satisfaction and Discharge

We may satisfy and discharge our obligations under the Indentures by delivering to the trustee for cancellation all outstanding debt securities or depositing with the trustee or delivering to the holders, as applicable, after all outstanding debt securities have become due and payable, or will become due and payable at their stated maturity within one year, cash sufficient to pay and discharge the entire indebtedness all of the outstanding debt securities and all other sums payable under the applicable Indenture by us. Such discharge is subject to terms contained in the applicable Indenture.

Defeasance

We may terminate at any time all our obligations with respect to the debt securities and the Indentures, which we refer to as legal defeasance, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the debt securities, to replace mutilated, destroyed, lost or stolen debt securities and to maintain a registrar and paying agent in respect of the debt securities. We may also terminate at any time certain of our covenants with respect to the debt securities, which we refer to as covenant defeasance. We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the debt securities, payment of the debt securities may not be accelerated because of an event of default with respect thereto. If we exercise the covenant defeasance option with respect to the debt securities, payment of the debt securities may not be accelerated because of an event of default specified in clause (3) in Events of Default above.

Table of Contents

The legal defeasance option or the covenant defeasance option with respect to the debt securities may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. government obligations or a combination thereof for the payment of principal of (and premium, if any) and interest and Additional Amounts, if any, on the debt securities to maturity,
- (2) such legal defeasance or covenant defeasance does not constitute a default under the applicable Indenture or any other material agreement or instrument binding us,
- (3) no default or event of default has occurred and is continuing on the date of such deposit and, with respect to legal defeasance only, at any time during the period ending on the 123rd day after the date of such deposit (other than, if applicable, a default or event of default with respect to the debt securities resulting from the borrowing of funds to be applied to such deposits),
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel stating that we have received from the Internal Revenue Service, or the *IRS*, a letter ruling, or there has been published by the *IRS* a Revenue Ruling, or since the date of the applicable Indenture, there has been a change in the applicable U.S. Federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such legal defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred,
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred,
- (6) we deliver to the trustee an opinion of counsel to the effect that, after the 123rd day after the date of deposit, all money and U.S. government obligations (or other property as may be provided pursuant to the terms of the applicable Indenture) (including the proceeds thereof) deposited or caused to be deposited with the trustee (or other qualifying trustee) to be held in trust will not be subject to any case or proceeding (whether voluntary or involuntary) in respect of the Company under any U.S. federal or state bankruptcy, insolvency, reorganization or other similar law, or any decree or order for relief in respect of the Company issued in connection therewith, and
- (7) we deliver to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the debt securities have been complied with as required by the

applicable Indenture.

Transfer and Exchange

We will maintain an office in New York City where the debt securities may be presented for registration of transfer or exchange. This office will initially be an office or agency of the trustee. No service charge will be imposed by us, the trustee or the registrar for any registration of transfer or exchange of debt securities, but any tax or similar governmental charge required by law or permitted by the applicable Indenture because a holder requests any shares to be issued in a name other than such holder's name will be paid by such holder. We are not required to transfer or exchange any note surrendered for purchase except for any portion of that note not being purchased.

Table of Contents

We reserve the right to:

vary or terminate the appointment of the security registrar or paying agent;

appoint additional paying agents; or

approve any change in the office through which any security registrar or any paying agent acts.

Payment and Paying Agents

Payments in respect of the principal and interest on global notes registered in the name of The Depository Trust Company, or *DTC*, or its nominee will be payable to DTC or its nominee, as the case may be, in its capacity as the registered holder under the applicable Indenture. In the case of certificated debt securities, payments will be made in U.S. dollars at the office of the trustee or, at our option, by check mailed to the holder's registered address. We will make any required interest payments to the person in whose name each note is registered at the close of business on the record date for the interest payment.

We may at any time designate a paying agent or additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Subject to the requirements of any applicable abandoned property laws, the trustee and paying agent shall pay to us upon written request any money held by them for payments on the debt securities that remain unclaimed for two years after the date upon which that payment has become due. After payment to us, holders entitled to the money must look to us for payment. In that case, all liability of the trustee or paying agent with respect to that money will cease.

Governing Law

The Indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of laws.

Concerning the Trustee

We will enter into the Indentures with a trustee identified in the relevant prospectus supplement that is also qualified to act under the Trust Indenture Act and with any other trustee chosen by us and appointed in a supplemental indenture for a particular series of debt securities. We may maintain a banking relationship in the ordinary course of business with our trustee and one or more of its affiliates.

The trustee, in its individual and any other capacity, may make loans to, accept deposits from, and perform services for us as if it were not the trustee; however, if it acquires any conflicting interest, it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

We may issue warrants for the purchase of debt securities, common shares, preferred shares or other securities. Warrants may be issued independently or together with debt securities, common shares, preferred shares or other securities offered by any prospectus supplement and may be attached to or separate from any such offered securities. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders of warrants or beneficial owners of warrants. DESCRIPTION OF UNITS

We may issue units comprised of two or more of debt securities, common shares, preferred shares, warrants and other securities in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. As a result, the holder of a unit will have the rights and obligations of a holder of each included security. Each unit will be issued under a separate unit agreement to be entered into between us and, at our discretion, a bank or trust company, as unit agent, all as will be set forth in the prospectus supplement relating to the particular issue of units. The unit agent, if any, will act solely as our agent in connection with the units and will not assume any obligation or relationship of agency or trust for or with any holders of units or beneficial owners of units. The summary of the terms of the units contained in this prospectus is not complete and is subject to, and is qualified in its entirety to, all provisions of the applicable unit agreement. Reference is made to the prospectus supplement relating to the particular issue of units offered pursuant to such prospectus supplement for the terms of and information relating to such units, including, where applicable:

the specific designation and terms of the units and of the securities comprising the units, and the number of such securities comprising each unit;

the price or prices at which such units will be issued and the currency in which such price or prices are payable;

whether the units are to be sold separately or with other securities;

whether the units will be issued in definitive or global form or in any combination of these forms;

any applicable material Marshall Islands and U.S. federal income tax consequences;

the identity of the units agent for the units and of any other depositaries, execution or paying agents, transfer agents, registrars or other agents;

the proposed listing, if any, of the units or any securities comprising the units on any securities exchange;

the designation and terms of any equity securities or warrants included in the units;

the designation, aggregate principal amount, currency and terms of any debt securities included in the units;

if applicable, the date from and after which any units and the securities comprising the units will be separately transferable;

information with respect to book-entry procedures, if any; and

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of material United States federal income tax considerations that may be relevant to prospective holders of our shares, unless otherwise noted in the following discussion, is the opinion of Perkins Coie LLP, our U.S. counsel, insofar as it relates to matters of U.S. federal income tax law and legal conclusions with respect to those matters. The opinion of our counsel is dependent on the accuracy of representations made by us to them, including descriptions of our operations contained herein.

This discussion is based upon the provisions of the Internal Revenue Code of 1986, as amended, or the *Code*, applicable U.S. Treasury Regulations promulgated thereunder, legislative history, judicial authority and administrative interpretations, as of the date of this Post-Effective Amendment, all of which are subject to change, possibly with retroactive effect, or are subject to different interpretations. Changes in these authorities may cause the U.S. federal income tax considerations to vary substantially from those described below.

This discussion applies only to beneficial owners of our shares that own the shares as capital assets (generally, for investment purposes) and does not comment on all aspects of U.S. federal income taxation that may be important to certain shareholders in light of their particular circumstances, such as shareholders subject to special tax rules (e.g., financial institutions, regulated investment companies, real estate investment trusts, insurance companies, traders in securities that have elected the mark-to-market method of accounting for their securities, persons liable for alternative minimum tax, broker-dealers, tax-exempt organizations, or former citizens or long-term residents of the United States) or shareholders that will hold our shares as part of a straddle, hedge, conversion, constructive sale or other integrated transaction for U.S. federal income tax purposes, all of whom may be subject to U.S. federal income tax rules that differ significantly from those summarized below. If a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our shares, the tax treatment of its partners generally will depend upon the status of the partner and the activities of the partnership. Partners in partnerships holding our shares should consult their own tax advisors to determine the appropriate tax treatment of the partnership's ownership of our shares.

No ruling has been requested from the IRS regarding any matter affecting us or our shareholders. Instead, we will rely on the opinion of Perkins Coie LLP. Unlike a ruling, an opinion of counsel represents only that counsel's legal judgment and does not bind the IRS or the courts. Accordingly, the opinion and statements made herein may not be sustained by a court if contested by the IRS.

This discussion does not address any U.S. estate, gift or alternative minimum tax considerations or tax considerations arising under the laws of any state, local or non-U.S. jurisdiction. Shareholders are urged to consult their own tax advisors regarding the U.S. federal, state, local, non-U.S. and other tax consequences of owning and disposing of our shares.

U.S. Federal Income Taxation of U.S. Holders

As used herein, the term U.S. Holder means a beneficial owner of our shares that is, for U.S. federal income tax purposes: (a) a U.S. citizen or U.S. resident alien, or a U.S. Individual Holder; (b) a corporation, or other entity taxable as a corporation, that was created or organized under the laws of the United States, any state thereof, or the District of Columbia; (c) an estate whose income is subject to U.S. federal income taxation regardless of its source; or (d) a trust that either is subject to the supervision of a court within the United States and has one or more U.S. persons with authority to control all of its substantial decisions or has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

Distributions

Subject to the discussion of passive foreign investment companies, or *PFICs*, below, any distributions made by us to a U.S. Holder generally will constitute dividends, which may be taxable as ordinary income or qualified

Table of Contents

dividend income as described in more detail below, to the extent of our current and accumulated earnings and profits allocated to the U.S. Holder's shares, as determined under U.S. federal income tax principles. Distributions in excess of our current and accumulated earnings and profits allocated to the U.S. Holder's shares will be treated first as a nontaxable return of capital to the extent of the U.S. Holder's tax basis in our shares and thereafter as capital gain, which will be either long-term or short-term capital gain depending upon whether the U.S. Holder has held the shares for more than one year. U.S. Holders that are corporations generally will not be entitled to claim a dividends received deduction with respect to any distributions they receive from us. For purposes of computing allowable foreign tax credits for U.S. federal income tax purposes, dividends received with respect to our shares will be treated as foreign source income and generally will be treated as passive category income.

Under current law, subject to holding-period requirements and certain other limitations, dividends received with respect to our publicly traded shares by a U.S. Holder who is an individual, trust or estate, or a Non-Corporate U.S. Holder, generally will be treated as qualified dividend income that is taxable to such Non-Corporate U.S. Holder at preferential capital gain tax rates (provided we are not classified as a PFIC for the taxable year during which the dividend is paid or the immediately preceding taxable year).

Special rules may apply to any extraordinary dividend paid by us. Generally, an extraordinary dividend is a dividend with respect to a share that is equal to or in excess of 10% of a common shareholder's, or 5% of a preferred shareholder's, adjusted tax basis (or fair market value upon the shareholder's election) in such share. In addition, extraordinary dividends include dividends received within a one year period that, in the aggregate, equal or exceed 20% of a shareholder's adjusted tax basis (or fair market value). If we pay an extraordinary dividend on our shares that is treated as qualified dividend income, then any loss recognized by a Non-Corporate U.S. Holder from the sale or exchange of such shares will be treated as long-term capital loss to the extent of the amount of such dividend.

Sale, Exchange or Other Disposition of Our Shares

Subject to the discussion of PFICs, below, a U.S. Holder generally will recognize capital gain or loss upon a sale, exchange or other disposition of our shares in an amount equal to the difference between the amount realized by the U.S. Holder from such sale, exchange or other disposition and the U.S. Holder's tax basis in such shares.

Subject to the discussion of extraordinary dividends above, gain or loss recognized upon a sale, exchange or other disposition of our shares generally will be treated as (a) long-term capital gain or loss if the U.S. Holder's holding period is greater than one year at the time of the sale, exchange or other disposition, or short-term capital gain or loss otherwise and (b) U.S. source income or loss, as applicable, for foreign tax credit purposes. Non-Corporate U.S. Holders may be eligible for preferential rates of U.S. federal income tax in respect of long-term capital gains. A U.S. Holder's ability to deduct capital losses is subject to certain limitations.

Consequences of CFC Classification

If CFC Shareholders (generally, U.S. Holders who each own, directly, indirectly or constructively, 10% or more of the total combined voting power of all classes of our outstanding shares entitled to vote) own directly, indirectly or constructively more than 50% of either the total combined voting power of all classes of our outstanding shares entitled to vote or the total value of all of our outstanding shares, we generally would be treated as a controlled foreign corporation, or a CFC. We were treated as a CFC in 2016, and we believe that we will be treated as a CFC in 2017. It is unclear whether we would be treated as a CFC in future years.

CFC Shareholders are treated as receiving current distributions of their respective share of certain income of the CFC without regard to any actual distributions. In addition, CFC Shareholders are subject to certain burdensome U.S.

federal income tax and administrative requirements, but generally are not also subject to the

Table of Contents

requirements generally applicable to shareholders of a PFIC (as discussed below). In addition, a person who is or has been a CFC Shareholder may recognize ordinary income on the disposition of shares of the CFC. U.S. persons who may obtain a substantial interest in us should consider the potential implications of being treated as a CFC Shareholder. The U.S. federal income tax consequences to U.S. Holders who are not CFC Shareholders would not change if we are a CFC.

PFIC Status and Significant Tax Consequences

Special and adverse U.S. federal income tax rules apply to a U.S. Holder that holds stock in a non-U.S. entity treated as a corporation and classified as a PFIC for U.S. federal income tax purposes. In general, we will be treated as a PFIC for any taxable year in which either (a) at least 75% of our gross income (including the gross income of certain of our subsidiaries) consists of passive income or (b) at least 50% of the average value of our assets (including the assets of certain of our subsidiaries) is attributable to assets that produce, or are held for the production of, passive income. For purposes of these tests, passive income includes dividends, interest, gains from the sale or exchange of investment property and rents and royalties (other than rents and royalties that are received from unrelated parties in connection with the active conduct of a trade or business) but does not include income derived from the performance of services.

There are legal uncertainties involved in determining whether the income derived from our time chartering activities constitutes rental income or income derived from the performance of services, including legal uncertainties arising from the decision in *Tidewater Inc. v. United States*, 565 F.3d 299 (5th Cir. 2009), which held that income derived from certain time chartering activities should be treated as rental income rather than services income for purposes of a foreign sales corporation provision of the Code. However, the IRS stated in an Action on Decision (AOD 2010-01) that it disagrees with, and will not acquiesce to, the way that the rental versus services framework was applied to the facts in the Tidewater decision, and in its discussion stated that the time charters at issue in Tidewater would be treated as producing services income for PFIC purposes. The IRS's statement with respect to Tidewater cannot be relied upon or otherwise cited as precedent by taxpayers. Consequently, in the absence of any binding legal authority specifically relating to the statutory provisions governing PFICs, there can be no assurance that the IRS or a court would not follow the Tidewater decision in interpreting the PFIC provisions of the Code. Nevertheless, based on the current composition of our assets and operations (and that of our subsidiaries), we intend to take the position that we are not now and have never been a PFIC, and our counsel, Perkins Coie LLP, is of the opinion that we should not be a PFIC based on applicable law, including the Code, legislative history, published revenue rulings and court decisions and representations we have made to them regarding the composition of our assets, the source of our income and the nature of our activities and other operations following this offering, including:

all time charters we have entered into are similar in all material respects to those we have provided to Perkins Coie LLP;

the income from our chartering activities with CSCL Asia, COSCON, MOL, K-Line and Yang Ming Marine will be greater than 25% of our total gross income at all relevant times;

the gross value of our vessels chartered to CSCL Asia, COSCON, MOL, K-Line and Yang Ming Marine will exceed the gross value of all other assets we own at all relevant times;

the estimated useful life of each of our vessels subject to a time charter will be 30 years from the date of delivery under the charter; and

the total payments due to us under the charters are substantially in excess of the bareboat charter rate for comparable vessels in effect at the time the time charters were executed.

An opinion of counsel represents only that counsel's best legal judgment and does not bind the IRS or the courts. Accordingly, the opinion of Perkins Coie LLP may not be sustained by a court if contested by the IRS. Further, although we intend to conduct our affairs in a manner to avoid being classified as a PFIC with respect to

Table of Contents

any taxable year, there can be no assurance that the nature of our operations, and therefore the composition of our income and assets, will remain the same in the future. Moreover, the market value of our stock may be treated as reflecting the value of our assets at any given time. Therefore, a decline in the market value of our stock (which is not within our control) may impact the determination of whether we are a PFIC. Because our status as a PFIC for any taxable year will not be determinable until after the end of the taxable year, there can be no assurance that we will not be considered a PFIC for the current or any future taxable year.

As discussed more fully below, if we were to be treated as a PFIC for any taxable year, a U.S. Holder generally would be subject to one of three different U.S. income tax regimes, depending on whether the U.S. Holder makes certain elections.

Taxation of U.S. Holders Making a Timely QEF Election

If we were classified as a PFIC for a taxable year, a U.S. Holder making a timely election to treat us as a Qualified Electing Fund for U.S. tax purposes, or a *QEF Election*, would be required to report its pro rata share of our ordinary earnings and our net capital gain, if any, for our taxable year that ends with or within the U.S. Holder's taxable year regardless of whether the U.S. Holder received distributions from us in that year. Such income inclusions would not be eligible for the preferential tax rates applicable to qualified dividend income. The U.S. Holder's adjusted tax basis in our shares would be increased to reflect taxed but undistributed earnings and profits, and distributions of earnings and profits that had previously been taxed would not be taxed again when distributed but would result in a corresponding reduction in the U.S. Holder's adjusted tax basis in our shares. The U.S. Holder generally would recognize capital gain or loss on the sale, exchange or other disposition of our shares. A U.S. Holder would not, however, be entitled to a deduction for its pro-rata share of any losses that we incurred with respect to any year.

A U.S. Holder would make a QEF Election with respect to any year that we are a PFIC by filing IRS Form 8621 with its U.S. federal income tax return and complying with all other applicable filing requirements. However, a U.S. Holder's QEF Election will not be effective unless we annually provide the U.S. Holder with certain information concerning our income and gain, calculated in accordance with the Code, to be included with the U.S. Holder's U.S. federal income tax return. We have not provided our U.S. Holders with such information in prior taxable years and do not intend to provide such information in the current taxable year. Accordingly, you will not be able to make an effective QEF Election at this time. If, contrary to our expectations, we determine that we are or expect to be a PFIC for any taxable year, we will provide U.S. Holders with the information necessary to make an effective QEF Election with respect to our shares.

Taxation of U.S. Holders Making a Mark-to-Market Election

Alternatively, if we were to be treated as a PFIC for any taxable year and, as we believe, our publicly traded shares are treated as marketable stock, then a U.S. Holder of our publicly traded shares would be allowed to make a mark-to-market election with respect to such shares, provided the U.S. Holder completes and files IRS Form 8621 in accordance with the relevant instructions. If that election is made, the U.S. Holder generally would include as ordinary income in each taxable year the excess, if any, of the fair market value of such shares at the end of the taxable year over the U.S. Holder's adjusted tax basis in such shares. The U.S. Holder also would be permitted an ordinary loss in respect of the excess, if any, of the U.S. Holder's adjusted tax basis in such shares over the fair market value thereof at the end of the taxable year (but only to the extent of the net amount previously included in income as a result of the mark-to-market election). The U.S. Holder's tax basis in such shares would be adjusted to reflect any such income or loss recognized. Gain realized on the sale, exchange or other disposition of such shares would be treated as ordinary income, and any loss realized on the sale, exchange or other disposition of such shares would be treated as ordinary loss to the extent that such loss does not exceed the net mark-to-market gains previously included in income by the

U.S. Holder. Because the mark-to-market election only applies to marketable stock, however, it would not apply to a U.S. Holder's indirect interest in any of our subsidiaries that were also determined to be PFICs.

Table of Contents

Taxation of U.S. Holders Not Making a Timely QEF Election or Mark-to-Market Election

Finally, if we were to be treated as a PFIC for any taxable year and if a U.S. Holder did not make either a QEF Election or a mark-to-market election for that year, the U.S. Holder would be subject to special rules resulting in increased tax liability with respect to (a) any excess distribution (*i.e.*, the portion of any distributions received by the U.S. Holder on our shares in a taxable year in excess of 125% of the average annual distributions received by the U.S. Holder in the three preceding taxable years, or, if shorter, the U.S. Holder's holding period for our shares) and (b) any gain realized on the sale, exchange or other disposition of our shares. Under these special rules:

the excess distribution or gain would be allocated ratably over the U.S. Holder's aggregate holding period for our shares;

the amount allocated to the current taxable year and any taxable year prior to the year we were first treated as a PFIC with respect to the U.S. Holder would be taxed as ordinary income in the current taxable year;

the amount allocated to each other taxable year would be subject to tax at the highest rate of tax in effect for the applicable class of taxpayers for that year; and

an interest charge for the deemed deferral benefit would be imposed with respect to the resulting tax attributable to each such other taxable year.

Additionally, for each year during which (a) a U.S. Holder owns shares, (b) we are a PFIC and (c) the total value of all PFIC stock that such U.S. Holder directly or indirectly owns exceeds certain thresholds, such U.S. Holder will be required to file IRS Form 8621 with its annual U.S. federal income tax return to report its ownership of our shares. In addition, if a U.S. Individual Holder is an individual who dies while owning our shares, such U.S. Individual Holder's successor generally would not receive a step-up in tax basis with respect to such shares.

U.S. Holders are urged to consult their own tax advisors regarding the PFIC rules, including the PFIC annual reporting requirement, as well as the applicability, availability and advisability of, and procedure for, making QEF Elections, mark-to-market elections and other available elections with respect to us, and the U.S. federal income tax consequences of making such elections.

Medicare Tax on Unearned Income

Certain Non-Corporate U.S. Holders are subject to a 3.8% tax on certain investment income, including dividends and gain from the sale or other disposition of our shares. Non-Corporate U.S. Holders should consult their tax advisors regarding the effect, if any, of this tax on their ownership and disposition of our shares.

U.S. Return Disclosure Requirements for U.S. Individual Holders

U.S. Individual Holders that hold certain specified foreign financial assets, including stock in a foreign corporation that is not held in an account maintained by a financial institution, with an aggregate value in excess of \$50,000 on the last day of a taxable year, or \$75,000 at any time during that taxable year, may be required to report such assets on IRS Form 8938 with their tax return for that taxable year. This reporting requirement does not apply to U.S. Individual

Holders who report their ownership of our shares under the PFIC annual reporting rules described above. Penalties apply for failure to properly complete and file IRS Form 8938. Investors are encouraged to consult with their own tax advisors regarding the possible application of this disclosure requirement to their investment in our shares.

Table of Contents

U.S. Federal Income Taxation of Non-U.S. Holders

A beneficial owner of our shares (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder is referred to herein as a non-U.S. Holder.

Distributions

In general, a non-U.S. Holder is not subject to U.S. federal income tax on distributions received from us with respect to our shares unless the distributions are effectively connected with the non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment that the non-U.S. Holder maintains in the United States). If a non-U.S. Holder is engaged in a U.S. trade or business and the distribution is deemed to be effectively connected to that trade or business, the non-U.S. Holder generally will be subject to U.S. federal income tax on that distribution in the same manner as if it were a U.S. Holder.

Sale, Exchange or Other Disposition of Our Shares

In general, a non-U.S. Holder is not subject to U.S. federal income tax on any gain resulting from the disposition of our shares unless (a) such gain is effectively connected with the non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment that the non-U.S. Holder maintains in the United States) or (b) the non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year in which those shares are disposed of (and certain other requirements are met). If a non-U.S. Holder is engaged in a U.S. trade or business and the disposition of shares is deemed to be effectively connected to that trade or business, the non-U.S. Holder generally will be subject to U.S. federal income tax on the resulting gain in the same manner as if it were a U.S. Holder.

Information Reporting and Backup Withholding

In general, payments of distributions with respect to, or the proceeds of a disposition of, our shares to a Non-Corporate U.S. Holder will be subject to information reporting requirements. These payments to a Non-Corporate U.S. Holder also may be subject to backup withholding if the Non-Corporate U.S. Holder:

fails to timely provide an accurate taxpayer identification number;

is notified by the IRS that it has failed to report all interest or distributions required to be shown on its U.S. federal income tax returns; or

in certain circumstances, fails to comply with applicable certification requirements.

Non-U.S. Holders may be required to establish their exemption from information reporting and backup withholding on payments made to them within the United States by certifying their status on an IRS Form W-8BEN, W-8BEN-E, W-8ECI or W-8IMY, as applicable.

Backup withholding is not an additional tax. Rather, a holder generally may obtain a credit for any amount withheld against its liability for U.S. federal income tax (and obtain a refund of any amounts withheld in excess of such liability) by accurately completing and timely filing a U.S. federal income tax return with the IRS.

NON-UNITED STATES TAX CONSIDERATIONS

Marshall Islands Tax Considerations

The following discussion is the opinion of Reeder & Simpson, P.C., our counsel as to matters of the laws of the Republic of the Marshall Islands, and the current laws of the Republic of the Marshall Islands applicable to persons who do not reside in, maintain offices in or engage in business in the Republic of the Marshall Islands.

Because we do not, and we do not expect that we will, conduct business or operations in the Republic of the Marshall Islands, and because all documentation related to this offering will be executed outside of the Republic of the Marshall Islands, under current Marshall Islands law you will not be subject to Marshall Islands taxation or withholding on distributions, including upon a return of capital, we make to you as a shareholder. In addition, you will not be subject to Marshall Islands stamp, capital gains or other taxes on the purchase, ownership or disposition of shares and you will not be required by the Republic of the Marshall Islands to file a tax return relating to the shares.

Each prospective shareholder is urged to consult its tax counsel or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including the Marshall Islands, of its investment in us. Further, it is the responsibility of each shareholder to file all state, local and non-U.S., as well as U.S. federal tax returns that may be required of it.

Canadian Federal Income Tax Considerations

The following discussion is the opinion of Blake, Cassels & Graydon LLP, our Canadian tax counsel, as to the material Canadian federal income tax consequences under the Income Tax Act (Canada), or the *Canada Tax Act*, as of the date of this prospectus, that we believe are relevant to prospective shareholders who may purchase our shares who are, at all relevant times, for the purposes of the Canada Tax Act and the Canada-United States Tax Convention 1980, or the *Canada-U.S. Treaty*, resident only in the United States who are qualifying persons for purposes of the Canada-U.S. Treaty and who deal at arm's length with us, or *U.S. Resident Holders*. This disclosure may not apply to United States limited liability companies; accordingly, such holders should consult their own tax advisors. The opinion of our counsel is dependent on the accuracy of representations made by us to them, including descriptions of our operations contained herein.

Subject to the assumptions below, under the Canada Tax Act no taxes on income (including taxable capital gains and withholding tax on dividends) are payable by U.S. Resident Holders in respect of the acquisition, holding or disposition of our shares. This opinion is based upon the assumptions that we are not a resident of Canada and such U.S. Resident Holders do not have, and have not had, for the purposes of the Canada-U.S. Treaty, a permanent establishment in Canada to which such shares pertain and, in addition, do not use or hold and are not deemed or considered to use or hold such shares in the course of carrying on a business in Canada. Based on the Canada Tax Act as currently enacted, we will not be resident in Canada in a particular taxation year if our principal business in that year is international shipping, all or substantially all of our gross revenue for that year consists of gross revenue from international shipping, and we were not granted articles of continuance in Canada before the end of that year. International shipping is defined as the operation of ships that are owned or leased by an operator and that are used primarily in transporting passengers or goods in international traffic and includes the chartering of ships, provided that one or more persons related to the operator (if the operator and each such person is a corporation), or persons or partnerships affiliated with the operator (in any other case), has complete possession, control and command of the ship. The leasing of a ship by a lessor to a lessee that has complete possession, control and command of the ship is excluded from the international shipping definition, unless the lessor or a corporation, trust or partnership affiliated with the lessor has an eligible interest in the lessee.

Table of Contents

The definition of international shipping was introduced following industry consultation, with the intent of providing shipping companies with flexibility in the manner in which they structure their intra-group chartering contracts. Based on our operations and our understanding of the foregoing intention of the definition of international shipping, we do not believe that we are, nor do we expect to be, resident in Canada for purposes of the Canada Tax Act, and we intend that our affairs will be conducted and operated in a manner such that we do not become a resident of Canada under the Canada Tax Act. However, if we were or become resident in Canada, we would be or become subject under the Canada Tax Act to Canadian income tax on our worldwide income and our non-Canadian resident shareholders would be or become subject to Canadian withholding tax on dividends paid in respect of our shares. Generally, a corporation that is not resident in Canada will be taxable in Canada on income it earns from carrying on a business in Canada and on gains from the disposition of property used in a business carried on in Canada. However, there are specific statutory exemptions under the Canada Tax Act that provide that income earned in Canada by a non-resident corporation from international shipping, and gains realized from the disposition of ships used principally in international traffic, are not included in the non-resident corporation's income for Canadian tax purposes where the corporation's country of residence grants substantially similar relief to a Canadian resident. A Canadian resident corporation that carries on an international shipping business, as described in the previous sentence, in the Republic of the Marshall Islands is exempt from income tax under the current laws of the Republic of the Marshall Islands.

Subject to the below assumption, we expect that we will qualify for these statutory exemptions under the Canada Tax Act. Based on our operations, we do not believe that we are, nor do we expect to be, carrying on a business in Canada for purposes of the Canada Tax Act other than a business that would provide us with these statutory exemptions from Canadian income tax. The foregoing is based upon the assumption that we are a resident of the Republic of the Marshall Islands. However, these statutory exemptions are contingent upon reciprocal treatment being provided under the laws of the Republic of the Marshall Islands. If in the future as a non-resident of Canada, we are carrying on a business in Canada that is not exempt from Canadian income tax, or these statutory exemptions are not accessible due to changes in the laws of the Republic of the Marshall Islands or otherwise, we would be subject to Canadian income tax on our non-exempt income earned in Canada which could reduce our earnings available for distribution to shareholders.

Please read Item 4. Information on the Company B. Business Overview Taxation of the Company Canadian Taxation in our Annual Report on Form 20-F for the year ended December 31, 2016 for a further discussion, separate from this opinion, of the tax consequences of us becoming a resident of Canada.

Each prospective shareholder is urged to consult its tax counsel or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including Canada, of its investment in us. Further, it is the responsibility of each shareholder to file all state, local and non-U.S., as well as U.S. federal tax returns that may be required of it.

PLAN OF DISTRIBUTION

We may sell our common shares, preferred shares, convertible preferred shares, debt securities, convertible debt securities, warrants, units and any combination of the foregoing from time to time on a continuous or delayed basis (a) to or through underwriters or dealers, (b) through agents, (c) directly to one or more purchasers or other persons or entities, (d) through a combination of these methods or (e) through other means.

We may enter into hedging transactions with respect to our securities. For example, we may:

enter into transactions involving short sales of securities by underwriters, brokers or dealers;

sell securities short and deliver the securities to close out short positions;

enter into option or other types of transactions that require us to deliver securities to an underwriter, broker or dealer, who will then resell or transfer the securities under this prospectus; or

loan or pledge securities to an underwriter, broker or dealer, who may sell the securities or, in the event of default, sell the pledged securities.

If underwriters are used to sell securities, we will enter into an underwriting agreement or similar agreement with them at the time of the sale to them. In that connection, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of securities for whom they may act as agent. Any such underwriter, dealer or agent may be deemed to be an underwriter within the meaning of the Securities Act.

The applicable prospectus supplement relating to securities will set forth, among other things:

the offering terms, including the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds to us from such sale;

any underwriting discounts, concessions, commissions and other items constituting compensation to underwriters, dealers or agents;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers; and

any securities exchanges on which the securities may be listed.

If underwriters or dealers are used in the sale, securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions in accordance with the rules of the New York Stock Exchange:

at a fixed price or prices that may be changed;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in an applicable prospectus supplement, the obligations of underwriters or dealers to purchase the securities will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the securities if any are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

Table of Contents

Securities may be sold directly by us from time to time, at prevailing market prices or otherwise. Securities may also be sold through agents designated by us from time to time, at prevailing market prices or otherwise. Any agent involved in the offer or sale of securities in respect of which this prospectus and a prospectus supplement is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers from certain specified institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commissions payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to be indemnified by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution by us to payments which they may be required to make. The terms and conditions of such indemnification will be described in an applicable prospectus supplement.

Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Any underwriters to whom securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any of the securities.

Certain persons participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. In connection with any such offering, the underwriters or agents, as the case may be, may purchase and sell the securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities and syndicate short positions involve the sale by the underwriters or agents, as the case may be, of a greater number of the securities than they are required to purchase from us in the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the securities sold for their account may be reclaimed by the syndicate if such securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market, and if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise. These activities will be described in more detail in the applicable prospectus supplement.

ENFORCEABILITY OF CIVIL LIABILITIES

We are a Marshall Islands corporation, and our principal executive offices are located outside of the United States in Hong Kong. A majority of our directors and officers and some of the experts named in this prospectus reside outside of the United States. In addition, a substantial portion of our assets and the assets of our directors, officers and experts are located outside of the United States. As a result, you may have difficulty serving legal process within the United States upon us or any of these persons. You may also have difficulty enforcing, both in and outside the United States, judgments you may obtain in U.S. courts against us or those persons in any action, including actions based upon the civil liability provisions of U.S. federal or state securities laws.

In addition, the courts of the Marshall Islands or Hong Kong may not (1) enter judgments in original actions brought in those courts predicated on U.S. federal or state securities laws or (2) recognize or enforce against us or any of our officers, directors or experts judgments of courts of the United States predicated on U.S. federal or state securities laws. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that, in the opinion of the Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents**PART II****INFORMATION NOT REQUIRED IN THE PROSPECTUS****Item 8. *Indemnification of Directors and Officers.***

The registrant's articles of incorporation provide that it must indemnify its directors and officers to the fullest extent authorized by law against expenses, judgments, fines and amounts paid in settlement. The registrant is also expressly authorized to advance certain expenses (including attorneys' fees and disbursements and court costs) to its directors and officers and carry directors' and officers' insurance providing indemnification for its directors, officers and certain employees for some liabilities.

The directors and officers of the registrant also may be indemnified against liability they may incur for serving in those capacities pursuant to liability insurance policies maintained by and indemnification arrangements with the registrant. In addition, the registrant has entered into separate indemnification agreements with some of its officers and directors.

Any underwriting agreement that has been or will be filed as an exhibit hereto or incorporated by reference herein contains or will contain provisions whereby the underwriter or underwriters agree to indemnify the registrant, its directors and certain officers and other persons against certain claims.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 10. *Undertakings.*

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered

(if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, *provided* that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Rule 3-19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the Form F-3.
- (5) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (a) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (b) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided*,

however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (6) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold

to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (a) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (b) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (c) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (d) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (7) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (8) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (9) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act of 1939.
