**Item 1.01. Entry into a Material Definitive Agreement.**

As previously disclosed, on January 31, 2018, Northern Oil and Gas, Inc. (the Company) entered into an exchange agreement (as amended, the Exchange Agreement) with holders (the Supporting Noteholders) of approximately \$497 million, or 71%, of the aggregate principal amount of the Company's outstanding 8.000% Senior Notes due 2020 (the Outstanding Notes), pursuant to which the Supporting Noteholders agreed to exchange all of the Outstanding Notes held by each such Supporting Noteholder for approximately \$155 million of the Company's common stock, par value \$0.001 (the Common Stock), and approximately \$344 million in aggregate principal amount of new 8.50% Senior Secured Second Lien Notes due 2023 (the Second Lien Notes) (such exchange, the Exchange Transaction).

On May 15, 2018 (the Closing Date), pursuant to the Exchange Agreement, the Company completed the Exchange Transaction and issued 103,249,915 shares of Common Stock and \$344.3 million of Second Lien Notes in exchange for the Outstanding Notes. As previously disclosed, and in connection with the Exchange Transaction, the Company and certain investors previously entered into subscription agreements (the Subscription Agreements) whereby such investors agreed to purchase up to \$52.0 million of Common Stock at \$1.50 per share. Pursuant to the Subscription Agreements, on the Closing Date, the Company issued 34,666,668 shares of Common Stock to such investors.

The Common Stock issued pursuant to the Exchange Agreement and the Subscription Agreements was offered and sold pursuant to the exemption provided by Section 4(a)(2) of the Securities Act. This offer was made by the Company to a limited number of persons, each of which is an accredited investor (within the meaning of Rule 501 promulgated under the Securities Act) or a qualified institutional buyer (as defined in Rule 144A under the Securities Act). The Company did not receive any cash proceeds from the issuance of Common Stock pursuant to the Exchange Agreement. The Company received \$52.0 million in proceeds from the sale of the Common Stock under the Subscription Agreements.

**Second Lien Notes and Indenture**

As of the Closing Date, the Company issued Second Lien Notes with an aggregate principal amount of \$344.3 million. The terms of the Second Lien Notes include those stated in the Indenture entered into by the Company and Wilmington Trust, National Association, as trustee (the Indenture), on the Closing Date.

The Second Lien Notes are the senior secured obligations of the Company and rank equal in right of payment to all existing and future senior indebtedness of the Company and its subsidiaries. The Second Lien Notes are secured by second priority security interests in substantially all assets of the Company, including, without limitation, liens on at least 95% of the present value of the Company's proven reserves and proved developed producing reserves, subject to the exceptions set forth in the Company's existing first lien facility and certain customary post-closing delivery periods. The Second Lien Notes will be guaranteed by all of the Company's direct and indirect subsidiaries that guarantee indebtedness under any other indebtedness for borrowed money of the Company or any of the Company's subsidiary guarantors.

Interest on the Second Lien Notes will accrue at a rate of 8.50% per annum payable in cash quarterly in arrears on January 1, April 1, July 1, and October 1 of each year. Beginning on July 1, 2018, the interest rate will be increased by 1.00% per annum, which increase shall be payable in kind (the PIK Component). Commencing with the fiscal quarter ending June 30, 2018, if the Company's total debt to EBITDAX ratio is (i) less than 3.00 to 1.00 as of the end of the fiscal quarter, the PIK Component shall cease accruing effective as of the next interest payment date, or (ii) greater than or equal to 3.00 to 1.00 as of the last day of such fiscal quarter or if the Company fails to deliver financial statements, the PIK Component shall continue to accrue (or, if then not accruing, automatically commence accruing as of the next interest payment date) and be payable quarterly. Additionally, if the Company incurs junior lien or unsecured debt with a cash interest rate in excess of 9.50%, the cash rate on the Second Lien Notes will be increased by such excess. Default interest will be payable in cash on demand at the then applicable interest rate plus 3.00% per annum. The Second Lien Notes will mature on May 15, 2023.

The Company may redeem all or a portion of any of the Second Lien Notes at the following redemption prices during the following time periods (plus accrued and unpaid interest on the Second Lien Notes redeemed): (i) from and after May 15, 2018 until May 15, 2021, 104%, (ii) on and after May 15, 2021 until May 15, 2022, 102%, and (iii) on and after May 15, 2022, 100%; provided that any redemption of Second Lien Notes (or the acceleration of Second Lien Notes) prior to May 15, 2020 shall also be accompanied by a make whole premium. Subject to the terms of an intercreditor agreement, the Company is also required to offer to prepay the Second Lien Notes with 100% of the net cash proceeds of asset sales, casualty events and condemnations in excess of \$20 million not required to be used to pay down the loans under the Credit Agreement (as defined below), subject to customary exclusions and reinvestment provisions consistent with the Credit Agreement. Mandatory prepayment offers will be subject to payment of the make whole premium and redemption price set forth above, as applicable.

If a change of control occurs, the Company will be required to offer to repurchase the Second Lien Notes at the repurchase price of 101% of the principal amount of repurchased Second Lien Notes (subject to the prepayment provisions of the Credit Agreement).

The Second Lien Notes contain negative covenants that are based upon the negative covenants set forth in the Credit Agreement, taking into account differences to reflect the changed capital structure of the Company and the second lien nature of the Second Lien Notes, which negative covenants limit the Company's ability, among other things, to pay cash dividends, incur additional indebtedness, sell assets, enter into certain derivatives contracts, change the nature of its business or operations, merge, consolidate, make certain types of investments, amend the Credit Agreement and other debt documents, and incur any additional debt on a subordinated or junior basis to the Credit Agreement and on a senior basis to the Second Lien Notes, and require the outstanding principal amount of the Company's Outstanding Notes to be no more than \$30 million by March 1, 2020. The Second Lien Notes do not include any financial maintenance covenants.

The obligations of the Company under the Second Lien Notes may be accelerated upon the occurrence of an Event of Default (as such term is defined in the Indenture). Events of Default include customary events for a capital markets debt financing of this type, including, without limitation, payment defaults, the inaccuracy of representations and warranties, defaults in the performance of affirmative or negative covenants, defaults on other indebtedness of the Company or its subsidiaries (including an event of default under the Credit Agreement), bankruptcy or related defaults, defaults related to judgments and the occurrence of a Change of Control (as such term is defined in the Indenture).

The summary of the Indenture set forth in this Item 1.01 does not purport to be complete and is qualified in its entirety by reference to such agreement, a copy of which is being filed as Exhibit 4.1 hereto and is incorporated herein by reference.

### **TRT Governance Agreement**

In connection with the Exchange Transaction and on the Closing Date, the Company entered into an amended and restated letter agreement (the "TRT Governance Agreement") with Robert B. Rowling, Cresta Investments, LLC, Cresta Greenwood, LLC and TRT Holdings, Inc. If TRT owns an amount of shares equal to fewer than 5.0% of the outstanding Common Stock as of the Closing, TRT will not be entitled to any representation on the Board. Until the first date that (x) TRT owns shares equal to fewer than 20.0% of the outstanding Common Stock as of the Closing Date or (y) on or after the third anniversary of the Closing Date, TRT owns shares equal to fewer than 12.5% or more of the outstanding Common Stock, not less than one TRT-nominated director must be appointed to each committee of the Board (subject to the independence requirements of the NYSE American and the SEC).

Pursuant to the TRT Governance Agreement, during the period beginning on the Closing Date and continuing until and including the annual meeting of the Company to be held in calendar year 2020, TRT and Bahram Akradi are each generally prohibited from engaging in certain proxy solicitations (including regarding representation on the Board or any other proposal brought by the Company's shareholders).

The TRT Governance Agreement also provides that if TRT becomes the beneficial owner of forty percent or more of the Common Stock without approval from a committee of disinterested directors from the Board, then TRT may not, for a period of four years, engage in certain extraordinary transactions with the Company, including a merger, tender or exchange offer and certain purchases of securities and assets.

### **Registration Rights Agreements**

Under the terms of the TRT Governance Agreement, on the Closing Date, the Company entered into a registration rights agreement (the TRT Registration Rights Agreement) with TRT, pursuant to which the Company agreed to register all of the Common Stock held by TRT on the Closing Date, excluding shares of Common Stock that TRT received pursuant to the Exchange Transaction.
