**SUBJECT:** Tivity Health to Acquire Nutrisystem

Dear [NAME],

I'm pleased to share some very exciting news. Tivity Health recently announced that it has entered into an agreement to acquire Nutrisystem, a leading provider of weight management products and services. A link to our press release is available here [INSERT LINK TO PRESS RELEASE].

The acquisition of Nutrisystem is a transformational next step in Tivity Health's evolution, as we expand our healthy lifestyle brand portfolio. As you may know, Nutrisystem is a leader in the weight-loss industry and has helped millions of people lose weight over the past 45 years. Tivity Health and Nutrisystem share a common strategic vision, mission and culture. Both companies have successful and complementary portfolios of leading brands with dedicated consumer and member followings, and our combined platform will increase awareness and member enrollment and engagement across all consumer audiences — driving even more people to your locations.

Tivity Health will be unique in offering, at scale, an integrated portfolio of fitness, nutrition and social engagement solutions to support overall health and wellness. Through this expanded portfolio, we will be better positioned to address weight management — a major factor contributing to many chronic diseases. The diversification of Tivity Health's solutions portfolio and increased scale will benefit you, our health plans, and our members and consumers — as these offerings will make Tivity Health well equipped to lower medical costs and improve people's lives by better managing *calories in and calories out* and supporting healthier lifestyles.

Many of the most common chronic conditions afflicting Americans today are associated with weight management, nutrition and physical fitness, and addressing both *calories in and calories out* is an important part of helping alleviate those conditions. Today, Tivity Health manages calories out with our SilverSneakers®, Prime® Fitness and flip50 programs, and Nutrisystem manages calories in with its weight loss solutions. We believe that combining our two companies will create entirely new value propositions for our health plans, members and consumers, and most importantly, you — our valued fitness partners.

This announcement is just the first step in the process. We expect to complete the transaction in the first quarter of 2019, pending regulatory and other customary approvals. Until that time, it is business as usual. Tivity Health and Nutrisystem will continue to operate as independent entities, and your existing agreements with Tivity Health and contacts at our company will remain the same. Rest assured that supporting your success and continuing to collaborate with you to introduce new products and services, increase engagement, and improve member experiences and drive enrollment will continue to be our top priorities.

Should you have any questions about this announcement, please don't hesitate to reach out. As always, thank you for your confidence in Tivity Health, and we look forward to continuing our business partnership.

Sincerely,

[NAME]
