PROXY STATEMENT
FEBRUARY 23, 2005

This proxy statement is furnished in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders of Ameron International Corporation (Ameron or the Company) to be held at the time and place and for the purposes set forth in the foregoing Notice of Annual Meeting of Stockholders (Annual Meeting). This proxy statement and the proxy card included herewith were first sent to stockholders on or about February 23, 2005.

Please sign, date and return the enclosed proxy card to ensure that your shares are voted. The proxy may be revoked at any time prior to exercise thereof but if not revoked will be voted. A proxy can be revoked by filing with the Secretary of the Company either an instrument revoking the proxy or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Each proxy will be voted as instructed, and if no instruction is given will be voted FOR the election of the two nominees for director named below and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as independent public accountants of the Company. The named proxies may vote in their discretion upon such other matters as may properly come before the Annual Meeting.

The record date for the determination of stockholders entitled to vote at the Annual Meeting is February 8, 2005. On such date, there were issued, outstanding and entitled to vote at the Annual Meeting, 8,425,871 shares of Common Stock of the Company (the Common Stock). Every stockholder is entitled to one vote for each share of Common Stock registered in his or her name at the close of business on the record date, except that stockholders may cumulate their votes in the election of directors. See Election of Directors. Common Stock is the only class of voting stock outstanding.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the outstanding shares of Common Stock shall constitute a quorum for the transaction of business. Both abstentions and broker non-votes shall be counted for the purposes of the determination of the presence or absence of a quorum at the Annual Meeting. However, for the purposes of the election of directors and the ratification of the selection of PricewaterhouseCoopers LLP as independent public accountants, neither abstentions nor broker non-votes will be counted as votes cast on such matters.

Assuming a quorum is present in person or by proxy at the Annual Meeting, the two nominees receiving the greatest number of votes cast will be elected directors. The ratification of the selection of PricewaterhouseCoopers LLP as independent public accountants will require the affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote.

ELECTION OF DIRECTORS
(PROXY ITEM 1)

As of the date of this Proxy Statement, the Bylaws of the Company provide that the Board of Directors of Ameron (the Board) be composed of nine directors, divided into three classes. However, due to the retirement of one current director and the decision of a second director not to stand for re-election for personal reasons, the Board has taken action to amend the bylaws of the Company to reduce the size of the Board to seven (7) directors effective the date of the upcoming Annual Meeting. Directors are elected for three-year terms, and one class is elected at each Annual Meeting.

Two directors are to be elected at the 2005 Annual Meeting. James S. Marlen was elected to his present term of office as a Class I director at the Company s 2002 Annual Meeting. David Davenport joined Ameron in

December 2002 as a Class I director. Class I directors will hold office until the Annual Meeting in 2008 or until their respective successors have been elected and qualified. Both of the nominees have consented to being named herein and to serve if elected. In the event that either of the nominees should become unavailable prior to the Annual Meeting, proxies in the enclosed form will be voted for a substitute nominee or nominees designated by the Board of Directors, or the Board, at its option, may reduce the number of directors to constitute the entire Board.

Stockholders have cumulative voting rights with respect to the election of directors. Cumulative voting rights entitle a stockholder to give one nominee as many votes as is equal to the number of directors to be elected multiplied by the number of shares owned by the stockholder, or to distribute such votes to one or more nominees, as the stockholder determines. Unless a stockholder indicates otherwise on the proxy card, if a stockholder votes FOR all nominees, the proxies will allocate such stockholder s votes equally among the nominees listed above; if a stockholder withholds authority to vote for any nominee or nominees, the proxies will allocate such person s votes equally among the nominees listed above except those for whom the stockholder withholds authority to vote.

Nominating & Corporate Governance Committee Two meetings held during 2004

Members:
Terry L. Haines, *Chairman*
John F. King
John E. Peppercorn
Dennis C. Poulsen

The Nominating & Corporate Governance Committee is governed by a charter. A more detailed description of the functions of the Nominating & Corporate Governance Committee can be found in the Nominating & Corporate Governance Charter, as amended, copy of which can be found at the Company s website www.ameron.com. The Nominating & Corporate Governance Committee identifies, reviews and recommends qualified candidates to be elected or re-elected to the Board and to be appointed to serve on various committees, reviews procedures and policies of the Board, and oversees the structure, composition and functioning of the Board. All members of the Nominating & Corporate Governance Committee are independent as required by the Nominating & Corporate Governance Committee Charter.

The Board of Directors met a total of five times in 2004, and all directors attended at least 75% of the aggregate number of meetings of the Board and Board committees on which they served for the period in which they served.

Non-management directors meet regularly in executive sessions without management and preside over non-management meetings in rotating order by seniority determined by length of Board service. Non-management directors are all those directors who are not Company officers.

All directors attended last year s Annual Meeting. Although the Company does not have a formal policy regarding attendance by directors at Annual Meetings, all directors are strongly encouraged to attend.

Director Nomination Process

The Board of Directors is responsible for selecting nominees for election to the Board by the stockholders. The Nominating & Corporate Governance Committee recommends to the Board candidates for election or reelection to the Board. The Nominating & Corporate Governance Committee makes its recommendations based on the needs of the Board as determined by periodic evaluations of the Board s performance and composition, as well as the individual strengths and weaknesses of the candidates. The candidates are selected from qualified candidates recommended by the Board, the Nominating & Corporate Governance Committee or any other reliable source, including stockholders. In general, the Company seeks as directors, individuals with substantial management experience who possess the highest personal values, judgment and integrity, an understanding of the

environment in which the Company does business, and diverse experience in the key business, financial and other challenges that face a substantial U.S. corporation. Stockholders may submit written recommendations for nominees directly to the Chairman of the Nominating & Corporate Governance Committee in care of the Secretary of the Company at the address of the Company s headquarters.

The Bylaws of the Company provide that only persons who are nominated in accordance with the procedures set forth in Section 3.15 of the Bylaws shall be eligible for election as Director at the Annual Meeting. Nominations of candidates for election to the Board of Directors of the Company at any Annual Meeting may be made only by or at the direction of the Board of Directors or by a stockholder entitled to vote at such Annual Meeting. All such nominations, except those made by or at the direction of the Board of Directors, shall be made pursuant to timely notice in writing to the Secretary of the Company of the stockholder s intention to make such nomination. To be timely, any such notice must be received at the principal office of the Company not less than sixty (60) and not more than one hundred twenty (120) days prior to the date of such Annual Meeting; provided, however, that in the ev ent that the first public disclosure (whether by mailing of a notice to stockholders, press release or otherwise) of the date of such Annual Meeting is made less than sixty-five (65) days prior to the date of such Annual Meeting, notice by the stockholder will be timely if received not later than the close of business on the tenth day following the day on which such first public disclosure was made. Such stockholder s notice with respect to a proposed nomination shall set forth (i) the name, age, business and residence address and principal occupation or employment of such nominee proposed in such notice; (ii) the name and address of the stockholder giving the notice as the same appears in the Company stock register; (iii) the number of shares of capital stock of the Company which are beneficially owned by each such nominee and by such stockholder; and (iv) such other information concerning each such nominee as would be required, under the rules of the Securities and Exchange Commission, to be dis closed in a proxy statement soliciting proxies for the election of such nominee. Such notice must also include a signed consent of each such nominee to serve as a director of the Company, if elected.

Compensation of Directors and Retirement Policies

Directors who are not officers or employees of the Company receive an annual retainer of $33,000 plus $2,200 for each Board meeting attended. For meetings of committees of the Board of Directors, a fee of $1,500 per meeting is paid. The fee is paid to each director who attends and actively participates. In addition, chairmen of the Audit and the Compensation Committees receive an annual retainer of $5,000 and chairmen of the Finance and the Nominating & Corporate Governance Committees receive an annual retainer of $1,000. Directors are available for consultation at any time by Management and normally receive no additional compensation for such consultation. In June 2004, John

F. King, John E. Peppercorn, J. Michael Hagan and Terry L. Haines, the chairmen of the Company s Audit, Compensation, Finance and Nominating & Corporate Governance committees, respectively, attended a consul ting meeting with Management to discuss the possible termination of the Company s supplemental executive retirement plan and the executive deferral plan. A meeting fee of $2,200 was paid to each of the Board committee chairmen attending such meeting.

The Board of Directors has a policy establishing the mandatory retirement date of each member of the Board as the date of the Annual Meeting of the Company subsequent to the director s 72nd birthday.

Director Independence

All of the members of the Board of Directors of the Company have been determined to be independent within the meaning of the Company s Corporate Governance Guidelines, which provide that a majority of the members of the Board must meet the criteria for independence as required by the listing standards of the New York Stock Exchange, with the exception of James S. Marlen, the Chairman, President and Chief Executive Officer of the Company. These Guidelines can be found on Ameron s website located at www.ameron.com.

In making that determination, the Board applied standards established by the Company s Corporate Governance Guidelines, in addition to any relevant facts and circumstances.

Code of Business Conduct & Ethics

The Company has adopted a Code of Business Conduct & Ethics, which is designed to focus directors, officers and employees of the Company on areas of ethical risk, provide guidance to help recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and help foster a culture of honesty and accountability. Each director, officer and employee is required to comply with this Code, including the Company s principal executive officer, principal financial officer, principal accounting officer or controller, and other persons performing similar functions. This Code can be found on Ameron s website located at www.ameron.com, and the Company will disclose amendments to or waivers from provisions of this Code by posting such information on its website. Copies of each of the Company s Audit Committee Charter, Compensation Committee Charter, Nominating & C orporate Governance Committee Charter, Corporate Governance Guidelines and Code of Business Conduct & Ethics are available to stockholders upon written request to the Secretary of the Company at the Company s headquarters address.

PROPOSAL FOR RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS (PROXY ITEM 2)

The Board of Directors, upon recommendation of its Audit Committee, has appointed the firm of PricewaterhouseCoopers LLP, as independent public accountants to examine the Company s financial statements for its fiscal year ending November 30, 2005. This firm has no financial interest of any kind in the Company or its subsidiaries other than its work as the Company s independent public accountants. The firm has had no connection with the Company or its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A member of the firm of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to answer questions and to make a statement if he or she desires to do so. Effective May 21, 2003, the Company dismissed Deloitte & Touche LLP as its independent public accountants. The reports of Deloitte & Touche LLP on the Compa ny s financial statements for fiscal years 2002 and 2001 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. The decision to dismiss Deloitte & Touche was recommended by the Company s Audit Committee and approved by its Board of Directors. During fiscal years 2002 and 2001 and the subsequent interim period preceding Deloitte & Touche LLP s dismissal, there were no disagreements (as such term is defined in instruction 4 to Item 304 of Securities and Exchange Commission Regulation S-K) with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte & Touche LLP would have caused it to make reference to the subject matter of the disagreements(s) in connection with its report.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF THE FIRM OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY FOR 2005, AND THE ENCLOSED PROXY CARD WILL BE SO VOTED UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.

If the appointment is not ratified by a majority of the shares of Common Stock represented at the Annual Meeting on this proposal, the adverse vote will be considered as a directive to the Board of Directors to select other independent public accountants for the following year. However, because of the difficulty and expense of making any substitution so long after the beginning of the current year, it is contemplated that the appointment for the fiscal year ending November 30, 2005 will be permitted to stand unless the Board finds other good reason for making a change.

Employment and Change of Control Agreements

In January 2003, the Company entered into an Amended and Restated Employment Agreement with James S. Marlen for his continued employment as Chairman, President and Chief Executive Officer. The term of the agreement is automatically extended from day-to-day so that it always has a remaining term of three years and six months, or until Mr. Marlen attains age 67 1/2, if sooner. Under the terms of that agreement Mr. Marlen s annual base salary rate is subject to future merit increases based on annual reviews by the Board of Directors, with participation in the Company s Management Incentive Compensation Plan (MICP), its Key Executive Long-Term Cash Incentive Plan (LTIP), and other executive compensation and benefit plans. If Mr. Marlen is terminated without cause, he would be entitled to a severance benefit equal to his then current base salary plus the highest bon us received during the three and one-half years preceding termination (but not less than 100% of his annual base salary determined as of the date of termination) times a factor of 3.5. In addition, under the terms of the agreement, Mr. Marlen will be reimbursed for any excise taxes which might be imposed under Section 4999 of the Internal Revenue Code. In the event of his death or long-term disability while employed, or termination for reasons other than cause, all stock awards will become fully vested and he will become entitled to vested pension benefits plus three years of additional service credit. In the event of a change of control of the Company, all unvested stock grants and stock options granted to Mr. Marlen will automatically vest. In the event that he is terminated without cause, Mr. Marlen will also be entitled to continued health and medical benefits coverage at the same cost he would be paying at the time of termination.

In September 1998, the Company entered into Agreements with Messrs. Javier Solis and Gary Wagner, Senior Vice President of Administration, Secretary and General Counsel and Senior Vice President, Chief Financial Officer, respectively. The terms of those agreements are automatically extended so that they always have a remaining term of two years. Under the terms of those agreements, their annual base salary rates are subject to future merit increases based on annual reviews by the Board of Directors. In the event of a change of control of the Company resulting in termination without cause within twelve months following such change of control, Messrs. Solis and Wagner would be entitled to a severance benefit equal to three times the sum of (a) the higher of the annual base salary at the time of termination without cause or their current base salary and (b) the average annual bonus earned for the two completed fiscal years immediately prior to such termination. They would also be entitled to a pro-rata portion of target incentive bonuses under the Company s annual and long-term management cash incentive plans. Such severance benefits are subject to reduction in order to comply with certain IRS regulations and limitations relating to change of control. In addition, all stock option awards would be become fully vested, and they would be entitled to continued health and medical benefits coverage at the same cost they would be paying at the time of termination.

In June 2000, the Company entered into an Agreement with James R. McLaughlin, Vice President, Treasurer and Controller. The term of that agreement is automatically extended so that it always has a remaining term of two years. Under the terms of that agreement, his annual base salary rate is subject to future merit increases based on annual reviews by the Board of Directors. In the event of a change of control of the company resulting in termination without cause within twelve months following such change of control, Mr. McLaughlin would be entitled to a severance benefit equal to two times the sum of (a)the higher of the annual base salary at the time of termination without cause or his current base salary and (b) the average annual bonus earned for the two completed fiscal years immediately prior to such termination. He would also be entitled to a pro-rata portion of

the target incentive bonus under the Company s annual and long-term management cash incentive plans. Such severance benefits are subject to reduction in order to comply with certain IRS regulations and limitations relating to change of control. In addition, all stock option awards would become fully vested, and he would be entitled to continued health and medical benefits coverage at the same cost he would be paying at the time of termination.

Long-Term Incentive Plan Awards

The Key Executive Long-Term Cash Incentive Plan (LTIP) was approved by the stockholders of the Company in March 2003. The purpose of this plan is to reward selected senior executives with above-average total pay for achieving and sustaining above-average long-term financial goals. Participants in the LTIP are eligible to receive cash incentive awards and grants of stock options based on the financial performance of the Company and its business units, after the end of each three-year performance cycle. The following table shows, for the named executive officers, the calculated future payouts, if any, under the LTIP for the three-year performance cycle which began in 2004. Threshold amounts are the minimum amounts payable under the LTIP provided that the minimum level of performance is achieved with respect to the pre-established performance objective, measured in terms of cumulative earnings per share for that three-year cycle. If such performance is not achieved, amounts paid would be zero.

PENSION PLANS

The following schedule shows the estimated annual benefit payable under the qualified Ameron Pension Plan (Salaried Section) at varying pay levels and years of service.

Final Avg. Annual Compensation	Years of Service(1)				
	10	15	20	25	30
$ 50,000	$ 6,968	$10,453	$13,937	$17,421	$ 20,905
100,000	16,718	25,078	33,437	41,796	50,155
150,000	26,468	39,703	52,937	66,171	79,405
200,000	36,218	54,328	72,437	90,546	108,655
205,000 or more	37,193	55,789	74,386	92,982	111,578

For purposes of the qualified Ameron Pension Plan, compensation is base monthly salary, exclusive of overtime, severance, bonuses, commissions or deferrals. The Internal Revenue Code limits the amount per year on which benefits are based and limits the aggregate amount of the annual pension which may be paid by an employer from a plan which is qualified under the Code for federal income tax purposes. As of February 1, 2005, the maximum compensation which may be considered under the qualified Ameron Pension Plan was $205,000. Benefits shown above are computed assuming payout is in the form of a straight life annuity. The schedule assumes retirement at age 65. Benefits are not subject to deduction for Social Security or other offset amounts.

In prior years, the pension plan information reported in this section was combined with the Ameron Supplemental Executive Retirement Plan. In 2004, the Board of Directors approved the termination and payout of the Supplemental Executive Retirement Plan. All eligible named individuals in the foregoing Summary Compensation Table received a payout under this termination, as shown in the Summary Compensation Table. The information shown for final average annual compensation and years of service is significantly different than was shown in previous years due to the aforementioned termination of the Ameron Supplemental Executive Retirement Plan. The amounts shown in the above table reflect only those amounts payable under the qualified Ameron Pension Plan.

As of February 1, 2005, the estimated credited service for each of the named individuals in the foregoing Summary Compensation Table is:

	Credited Years Of Service(1)	
	Present	At Age 65
James S. Marlen	$11^{8}/_{12}$(2)	$12^{9}/_{12}$(2)
Javier Solis	$23^{4}/_{4}$	30
Gary Wagner	$19^{10}/_{12}$	30

Thomas P. Giese	30	30
James R. McLaughlin	$10^{4}/_{12}$	$19^{10}/_{12}$

(1) The maximum credit is 30 years.

(2) In previous years, the Credited Years of Service shown were higher due to the terms of Mr. Marlen s Employment Agreement. However, the years of service were only higher under the Ameron Supplemental Executive Retirement Plan, which the Board of Directors terminated in June 2004. The years of service which are shown above now apply only to the qualified Ameron Pension Plan. The Credited Years of Service shown above are the years allowed under the qualified Ameron Pension Plan.

The following report of the Compensation Committee and the Stock Price Performance Graph included in this proxy statement shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the Performance Graph by reference therein, and shall not be deemed soliciting material or otherwise deemed filed under either of such acts.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the Committee) is composed entirely of independent outside directors. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. The Committee, all of whose actions are subject to approval by the Board of Directors, is responsible for the proper administration of the Company s various compensation programs, including its salary policies, its Management Incentive Compensation Plan (MICP) (which comprises its annual bonus plan for management employees), its Key Executive Long-Term Cash Incentive Plan (LTIP) and its 2004 Stock Incentive Plan. On an annual basis the Committee reviews base salary ranges for the Company s various levels of management, approves annual salaries of officers, approves MICP and LTIP awards, administers the 2004 Stock Inc entive Plan and makes grants thereunder, and reviews with the Board in detail all aspects of compensation for all officers of the Company, including the Chief Executive Officer.

The executive compensation policy of the Company, which is endorsed by the Committee, is that the total compensation of all officers should be generally comparable to the total compensation being paid to similarly situated officers of other general diversified manufacturing companies with similar sales and industries in the U.S. but should be primarily based on individual performance, and that bonus compensation should be in the form of MICP and LTIP awards and stock-based awards which are contingent upon the performance of the Company as well as the individual contributions of each officer. Because of the inherent cyclical nature of some of the Company s businesses, and because a significant portion of its businesses are dependent on the timing of projects over which it has no control, the Committee does not believe that the base salary portion of compensation of the Company s office rs should be subject to annual fluctuations based solely on such effects.

In setting officer base salaries for 2004, the Committee made its own evaluation of the individual performance of those officers. In determining comparability of officer salaries to those of other similarly situated officers, members of the Committee review the results of compensation surveys provided by various compensation consulting firms of national reputation.

The MICP is based on the following measures: corporate performance, business unit performance and personal performance. The corporate performance measure is based on earnings per share and return on sales. The Committee believes that these factors are the primary determinant of share price over time. Because of the relatively low volume of trade of the Company s stock and therefore its susceptibility to volatility based on extraneous factors, the Committee does not believe that share price per se is necessarily a measure of corporate performance. Business unit performance measures are based primarily on return on assets. Personal performance measures are based on such qualitative factors as performance against objectives and plans, and organizational and management development.

Cash awards under the LTIP for the 2002-2004 performance cycle, which appear in the Summary Compensation Table, were formula-based and were earned based on the Company s successful performance in excess of specific plan thresholds, measured in terms of its cumulative earnings per share, return on assets and return on equity for that three-year cycle. The determination of cash payouts, if any, under the LTIP for the fiscal years, 2003-2005, 2004-2006 and 2005-2007 performance cycles will not be made until after the end of the 2005, 2006 and 2007 fiscal years, respectively. For those performance cycles, the Company s financial performance will continue to be measured based on cumulative earnings per share, with return on assets and return on equity thresholds.

The current annual base salary of $790,000 for Mr. Marlen was set in January 2005. That base salary was established based on comparability of compensation being paid to other similarly situated officers of general diversified, multinational manufacturing companies. That base salary is scheduled to be reviewed again by the Committee in January 2006. A bonus award of $900,000 was approved for payment to Mr. Marlen under the MICP with respect to fiscal 2004 based on the Company s performance against various financial goals established by the Committee, including earnings per share and return on sales, as well as a continuing very favorable assessment by the Board of Mr. Marlen s individual performance and leadership. Such MICP award, taking into account the financial performance of the Company versus targets, is in line with the average of bonus awards paid to chief executive officers of general diversified, multinational manufacturing companies in the U.S. as reported by various compensation consulting firms of national reputation.

The Committee has reviewed the total compensation components for each of the five highest paid officers for 2004 and has determined that in its opinion, the total compensation components of all officers are reasonable in view of the Company s consolidated performance and the contribution of those officers to that performance.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is composed entirely of independent directors. Its composition meets the membership requirements described in the Audit Committee Charter. The purposes, duties and responsibilities of the Audit Committee are described in the Audit Committee Charter, copy of which is available on the Company s website located at www.ameron.com.

With respect to the Company s fiscal year ended November 30, 2004, the Audit Committee: (a) has reviewed and discussed with management and PricewaterhouseCoopers LLP, the Company s independent public accountants, the audited financial statements for fiscal 2004; (b) has discussed with the independent public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees); (c) has received from the independent public accountants the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with them their independence from the Company and its management; and (d) has considered whether the independent public accountants provision of the non-audit services which are described below under the caption All Other Fees is compat ible with the independent public accountants independence.

In reliance on the reviews and discussions referred to above, the Audit Committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company s Annual Report on SEC Form 10-K for the year ended November 30, 2004 for filing with the Securities and Exchange Commission (SEC).

Audit and Non-Audit Fees

The following table presents the aggregate fees billed to date by the Company s then current principal accountant for services provided to the Company for fiscal years 2003 and 2004.

	2003(4)	2004(4)
Audit Fees (1)	$1,207,000	$1,513,000
Audit-Related Fees (2)	42,000	67,000
Tax Fees (3)	943,000	317,000

Audit Fees also consisted of additional audit work performed for internal control management certification and attestation pursuant to Section 404 of Sarbanes-Oxley Act of 2002 (Sarbox 404). For fiscal year 2004, the fees associated with such Sarbox 404 audit work totaled $951,000. Not included above are significant additional Audit Fees, including fees related to Sarbox 404 audit work for 2004 which is expected to be billed after the date of this report.

(2) Audit-Related Fees consisted primarily of fees paid for accounting and auditing consultation services and audits of the Company s employee benefit plans.

Of the Tax Fees for 2003, approximately $494,000 (or approximately 62%) were incurred prior to the adoption of the Audit Committee s current approval policy and, therefore, were not approved by the Audit Committee.

The Audit Committee approves in advance, all audit services, audit-related services and tax-related services provided by the Company s independent public accountants. Pursuant to the pre-approval policy adopted by the Board of Directors in 2003, the Audit Committee also approves all other services provided by the independent public accountants in advance on a case-by-case basis. All engagements of the independent public accountants in 2003, subsequent to the implementation of the policy outlined above, were pre-approved pursuant to the policy.
