Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on May 15, 2018.

We have elected to take advantage of Securities and Exchange Commission ("SEC") rules that allow us to furnish proxy materials to certain stockholders on the Internet. Instead of receiving paper copies of our proxy materials in the mail, shareholders will receive a Notice of Internet Availability of Proxy Materials ("Notice") which provides an internet website address where shareholders can access electronic copies of proxy materials and vote. This website also has instructions for voting by telephone and for requesting paper copies of the proxy materials and proxy card. The Company's 2018 proxy statement, proxy card and Annual Report for fiscal year 2017 are available online at www.investorvote.com/MVBF. We encourage you to access and review such materials before voting. Directions to the Annual Meeting where you may vote in person can be found at: www.investorvote.com/MVBF.

Your vote is very important to us. Whether or not you expect to attend the Annual Meeting, we urge you to consider the proxy statement carefully and to promptly vote your shares.

PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
May 15, 2018

This proxy statement is furnished in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting") of MVB Financial Corp. ("MVB" or the "Company") to be held on May 15, 2018, at the time and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. A copy of this proxy statement, the proxy card and our Annual Report for fiscal year 2017 (collectively, the "Proxy Materials") can be found at the web address www.investorvote.com/MVBF. We first made available these Proxy Materials to our shareholders on or about April 2, 2018.

The Securities and Exchange Commission (the "SEC") has adopted a "Notice and Access" rule that allows companies to deliver a Notice of Internet Availability of Proxy Materials (the "Notice") to shareholders in lieu of a paper copy of the Proxy Materials. The Notice provides instructions as to how shares can be voted. Shares must be voted either by telephone, internet or by completing and returning a proxy card. Shares cannot be voted by marking, writing on and/or returning the Notice. Any Notices that are returned will not be counted as votes. Instructions for requesting a paper copy of the Proxy Materials are set forth on the Notice.

Solicitation of Proxies

The solicitation of proxies is made by MVB's Board of Directors. These proxies enable shareholders to vote on all matters that are scheduled to come before the meeting. If a proxy is submitted where a vote is not indicated, the proxy will be voted "FOR" all of the proposals to be submitted to the vote of shareholders described in the Notice of Annual Meeting and this Proxy Statement. Other than the matters listed in the Notice of Annual Meeting of Shareholders, the Board knows of no additional matters that will be presented for consideration at the Annual Meeting.

The expenses of the solicitation of proxies will be paid by MVB. In addition to this solicitation by mail, directors, officers and employees of MVB or one or more of its subsidiaries – MVB Bank, Inc. ("MVB Bank"), Potomac Mortgage Group, Inc., which does business as MVB Mortgage ("MVB Mortgage"), MVB Insurance, LLC and MVB Community Development Corp. ("MVB CDC") may solicit proxies personally or by telephone, although no person will be specifically engaged for that purpose.

Voting Without Attending Annual Meeting

If you are the shareholder of record with respect to your shares, you can vote your shares without attending the Annual Meeting by submitting your proxy through either of the following methods:

By Internet - You can vote via the Internet at www.investorvote.com/MVBF. Your identification numbers for Internet voting are on the Notice, and voting is available 24 hours a day. Those numbers can also be found on your proxy card if you requested a paper copy of the Proxy Materials.

By Telephone - 1-800-652-VOTE (8683). You can vote via the telephone by using any touch-tone telephone to transmit your voting instructions up until 11:59 p.m. Eastern Time, on May 14, 2018. Have your proxy card in hand when you call and then follow the instructions

By Mail - Complete, sign and date the proxy card that will be mailed to you if you have requested a paper copy of the Proxy Materials. Return it to the Company in the postage prepaid envelope that will be included in the mailing.

If your proxy is submitted via the Internet, telephone or mail (and your proxy is not later revoked), your shares will be voted in accordance with your instructions as indicated in the proxy. If, however, you do not indicate the manner in which your shares should be voted in your proxy, your shares will be voted in accordance with the recommendations of the Board as set forth in this proxy statement.

If you are the beneficial owner of your shares, you can vote your shares without attending the Annual Meeting by following the directions contained in the voting instruction card sent to you by your stockbroker, bank or other nominee. Typically, voting instruction cards allow you to direct the voting of your shares by returning the voting instruction card by mail or by submitting your directions

via the Internet or by telephone. Your stockbroker, bank or other nominee is required to vote your shares according to the directions you have given.

Voting in Person

Shares held in your name as the stockholder of record on the record date may be voted in person at the Annual Meeting. Shares for which you are the beneficial owner but not the shareholder of record may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, trustee, or other nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you vote by proxy as described above so that your vote will be counted if you later decide not to attend the Annual Meeting. The vote you cast in person will supersede any previous votes that you may have submitted, whether by Internet, telephone, or mail.

Revocability of Proxies

A shareholder executing the proxy may revoke it at any time before it is voted:

- By notifying MVB representatives, Larry F. Mazza or Lisa J. McCormick, in person
- by giving written notice to MVB. The revocation should be delivered to:
Lisa J. McCormick, Corporate Secretary,
301 Virginia Avenue, Fairmont, WV 26554;
- by submitting to MVB a subsequently dated proxy; or
- by attending the meeting and withdrawing the proxy before it is voted at the meeting.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting:

The Proxy Materials are available at www.investorvote.com/MVBF. Enter the 12-digit control number located on the Notice or proxy card to access the Proxy Materials.

Eligibility of Stock for Voting Purposes

Pursuant to the Bylaws of MVB, the Board of Directors has fixed March 21, 2018, as the record date (the "Record Date") for the purpose of determining the shareholders entitled to notice of, and to vote at, the meeting or any adjournment thereof, and only shareholders of record at the close of business on that date are entitled to such notice and to vote at such meeting or any adjournment thereof.

Each share of MVB common stock has one vote on each matter. As of the Record Date, there were 10,589,704 shares of MVB common stock issued, held by approximately 1,057 active holders of record. In addition to shareholders of record of MVB's common stock, beneficial owners of shares held in street name as of the Record Date can vote. There are 20 million shares of common stock authorized.

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote your shares in their discretion on "routine" matters but cannot vote on "non-routine" matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

The ratification of the appointment of Dixon Hughes Goodman LLP as MVB's independent registered accounting firm for 2018 (Proposal No. 3) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected in connection with Proposal No. 3.

Each of the other proposals, including the election of directors (Proposal No. 1) and the proposal to approve a non-binding advisory proposal on the compensation of the Named Executive Officers, (Proposal No. 2), are considered non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore, broker non-votes may exist in connection with Proposals No. 1 and No. 2.

The principal holders of MVB Common Stock are discussed under the section of this Proxy Statement entitled, "Principal Holders of Voting Securities."

Quorum Requirement

A majority of the outstanding shares of the Company entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. If less than a majority of the outstanding shares are represented at a meeting, a majority of the shares so represented may adjourn the meeting from time to time without further notice. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. The shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum. Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present.

Voting Requirements

Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with each proposal. Approval of nominees is by plurality and approval of other proposals is by affirmative vote of the majority of the votes cast. An affirmative vote of at least a majority of shares necessary to constitute a quorum is also required.

Broker non-votes and abstentions have no impact on approval of directors as directors are elected by a plurality of votes cast. Each of Proposal Nos. 2 and 3 require an affirmative vote of the majority of the votes cast. In voting for Proposal Nos. 2 and 3, shares may be voted "FOR" or "AGAINST" or "ABSTAIN". A broker non-vote will not be treated as entitled to vote for approval of Proposal Nos. 2 and 3 and will generally have no impact on such proposals. In order to minimize the number of broker non-votes, MVB encourages you to provide voting instructions on each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice and the voting instruction form.

PURPOSES OF MEETING

1. ELECTION OF DIRECTORS

General

The Bylaws of MVB currently provide for a Board of Directors composed of five (5) to twenty-five (25) members. The Board currently consists of ten (10) members.

Directors are elected by a plurality of the votes cast. Therefore, a vote withheld may not affect the outcome of the election. As required by West Virginia law, each share is entitled to one vote per nominee, unless a shareholder requests cumulative voting for directors at least 48 hours before the meeting. If a shareholder properly requests cumulative voting for directors, then each MVB shareholder will have the right to vote the number of shares owned by that shareholder for as many persons as there are directors to be elected, or to cumulate such shares and give one candidate a number of votes equal to the number of directors multiplied by the number of shares owned, or to distribute them on the same principle among as many candidates as the shareholder sees fit. If any shares are voted cumulatively for the election of directors, the proxies, unless otherwise directed, shall have full discretion and authority to cumulate their votes and vote for less than all such nominees. For all other purposes, each share is entitled to one vote.

The MVB Articles of Incorporation provide for staggered terms for directors. The four individuals up for election at the Annual Meeting and identified below represent the nominees to the Board of Directors for a term to expire in 2021. All four individuals will be elected for a three-year term. Following the election of the four nominees referenced below, MVB will have three classes of directors, all consisting of three board members, except for the class standing for election at the Annual Meeting, whose term expires in 2021, which class will have four board members.

There are no family relationships among the directors, director nominees or executive officers of MVB or the Bank.

Other than previously disclosed, no MVB Board member has been a member of the board of another public company during the past five years.

The Board of Directors of MVB met nineteen (19) times and the Board of Directors of MVB Bank met eighteen (18) times during 2017. All current directors attended 75% or more of the meetings held by the Board of Directors and committees thereof in which the director is a member.

In order to meet their responsibilities, directors are expected to attend board and committee meetings, as well as the annual meeting of shareholders. All directors attended the 2017 Annual Meeting of Shareholders, except for Directors Alvarez and Ebert.

Leadership Structure of the Board

The Board Chair, Vice Chair, and President & Chief Executive Officer ("CEO") are three separate individuals. Throughout MVB's history, this has been the leadership model. The CEO is responsible for the day-to-day operations and performance of MVB. The Chair and Vice Chair are involved in presiding over Board meetings, matters of governance, and corporate oversight. The Chair and Vice Chair also focus on monitoring the effectiveness of the CEO in implementing MVB's corporate strategy and ensuring that the directors receive sufficient information, on a timely basis, to provide proper risk oversight.

The committee structure of MVB is such that the committees are responsible for and review the areas of greatest risk to MVB. Each is chaired by an independent director. MVB staff members provide support to the respective Chairs of each committee in providing requested information necessary for each committee to provide appropriate oversight.

Committees of the Board

The MVB Board of Directors has a number of standing committees as described below.

Audit / ERM Committee. Composed of James J. Cava, Jr. (Chair), John W. Ebert, Gary A. LeDonne, and Dr. Kelly R. Nelson. The purpose of the Audit / ERM Committee is to: (i) monitor the integrity of the financial reporting process, systems of internal controls and financial statements and reports of MVB; (ii) be directly responsible for the appointment, compensation and oversight of the independent auditor employed by MVB for the purpose of preparing or issuing an audit report or related work; (iii) be responsible for the appointment, compensation and oversight of the internal auditor; (iv) assist the Board of Directors in monitoring compliance by MVB with legal and regulatory

requirements, including holding company, banking, mortgage and insurance regulations and the Sarbanes-Oxley Act of 2002; (v) oversee management corrective actions when such needs have been identified; (vi) oversee MVB's whistleblower policy; (vii) oversee MVB's risk management program for effectiveness and ensure that the Board of Directors incorporates the appropriate risk management processes in its activities; and (viii) report to the Board of Directors on these matters.

The Board of Directors of MVB has designated Gary A. LeDonne as an individual who is considered to be an audit committee financial expert. Mr. LeDonne has been identified as meeting the guidelines set forth by Section 407 of the Sarbanes-Oxley Act of 2002, for an audit committee financial expert. All members of the Board of Directors are successful business owners or organization leaders and have knowledge of the requirements to run such a successful business.

The Audit / ERM Committee met fourteen (14) times in 2017. The Committee meets with representatives of Crowe Horwath LLP, who are responsible for the internal audit function of MVB, and Dixon Hughes Goodman LLP, who are responsible for the annual

certified audit, as well as with the members of the regulatory authorities upon completion of their examinations of MVB Bank or MVB. During these meetings, the active management of MVB Bank or MVB, including CEO Mazza and CFO Robinson, may be asked to leave the room to provide comfort of questioners and responders.

In the opinion of MVB's Board of Directors, none of the Board of Directors, except for Directors Dean and Mazza, has a relationship with MVB that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. None of them are or have for the past three years been employees of MVB, except for Directors Dean and Mazza and none of their immediate family members are or have for the past three years been executive officers of MVB or MVB Bank. In the opinion of MVB and its Board of Directors, the entire Board of Directors, except for Directors Dean and Mazza are "independent directors," as that term is defined in Rule 5605(a)(2) of the Nasdaq Marketplace Rules. The Audit Committee Charter was amended and approved by the Board of Directors on September 19, 2017 and a copy of the amended Charter is attached as Exhibit A to this proxy statement.

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited financial statements for the year ended 2017 with management. The Audit Committee has also discussed the audited financial statements with Dixon Hughes Goodman LLP, MVB's independent accountants, as well as the matters required to be discussed by Public Company Accounting Oversight Board (United States) (the "PCAOB") Auditing Standard No. 1301 (Communication with Audit Committees) and SEC rules. The Audit Committee has received the written disclosures and the letter from Dixon Hughes Goodman LLP, required by applicable requirements of the PCAOB regarding the independent accountant's communications, and has discussed with Dixon Hughes Goodman LLP the independent accountants' independence. Based on this, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in MVB's Annual Report on Form 10-K for the year ended 2017 and filed with the Securities and Exchange Commission.

Submitted by the Audit Committee:

James J. Cava, Jr., Chair

John W. Ebert

Gary A. LeDonne

Dr. Kelly R. Nelson

This report shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, unless MVB specifically incorporates this report by reference. It will not otherwise be filed under such Acts.

Finance Committee. Composed of David B. Alvarez, James J. Cava, Jr., John W. Ebert (Chair), Daniel W. Holt, Gary A. LeDonne, and J. Christopher Pallotta. The purpose of the Committee is to help assure that MVB fulfills the responsibilities for effective board governance of MVB and its subsidiaries by providing oversight and guidance regarding finance, budget, and facilities matters and to make recommendations, as appropriate and warranted. The Committee reports the results from these meetings to the Board of Directors. The Finance Committee met eight (8) times in 2017.

Nominating and Corporate Governance ("Governance") Committee. Composed of Stephen R. Brooks, John W. Ebert, Daniel W. Holt, and Dr. Kelly R. Nelson (Chair). The purpose of the Committee is to help assure that MVB fulfills the responsibilities for effective board governance of MVB and its subsidiaries by: (i) helping MVB to create and maintain an appropriate board and committee structure; (ii) assessing the skills, experience, and backgrounds necessary to effectively staff MVB boards and committees; (iii) overseeing the development and updating of governance and ethics policies for MVB; (iv) leading MVB in periodic assessments of the operation of MVB boards

and committees and the contributions of the members; (v) and monitoring of the implementation of MVB governance policies and practices. The Committee reports the results from these meetings to the Board of Directors. The Committee met seven (7) times in 2017. The Governance Committee Charter was approved by the Board of Directors January 16, 2018 and a copy of the Charter is attached as Exhibit C to this proxy statement.

For reference, the Board of Directors believes that candidates for director should have certain minimum qualifications, including:

• Directors should be of the highest ethical character.

• Directors should have excellent personal and professional reputations.

• Directors should be accomplished in their professions or careers.

• Directors should be able to read and understand financial statements and either have knowledge of, or the ability and willingness to learn, financial institution law.

Directors should have relevant experience and expertise to evaluate financial data and provide direction and advice to the chief executive officer and the ability to exercise sound business judgment.

Directors must be willing and able to expend the time to attend meetings of the Board of Directors of MVB and to serve on Board committees.

The Board of Directors will consider whether a nominee is independent, as legally defined. In addition, directors should avoid the appearance of any conflict and should be independent of any particular constituency and be able to serve all shareholders of MVB.

Directors must be acceptable to MVB's and the Bank's regulatory agencies, including the Federal Reserve Board, the Federal Deposit Insurance Corporation and the West Virginia Division of Financial Institutions and must not be under any legal disability which prevents them from serving on the Board of Directors or participating in the affairs of a financial institution.

Directors must own or acquire sufficient capital stock to satisfy the requirements of West Virginia law, the Bylaws of MVB and share ownership guidelines as established by MVB.

Directors must be at least 21 years of age.

The Board of Directors of MVB reserves the right to modify these minimum qualifications from time to time, except where the qualifications are required by the laws relating to financial institutions.

The Board of Directors does not maintain a formal diversity policy with respect to the identification or selection of directors for nomination to the Board of Directors. Diversity is just one of many factors the Governance Committee considers in the identification and selection of director nominees. The Board defines diversity broadly to include differences in race, gender, ethnicity, age, viewpoint, professional experience, educational background, skills, and other personal attributes that can foster board heterogeneity in order to encourage and maintain board effectiveness. While diversity and variety of experiences and viewpoints represented on the board should always be considered, a director nominee should not be chosen nor excluded solely or largely because of race, color, gender, national origin or sexual orientation or identity. In selecting a director nominee, the Governance Committee focuses on skills, expertise or background that would complement the existing board, recognizing that MVB's businesses and operations are regional in nature. The majority of our directors are or have been residents of our primary markets - North Central West Virginia, Eastern West Virginia, or Northern Virginia. Our directors come from diverse backgrounds including the financial, industrial, professional, and retail areas and information technology.

The process of the Governance Committee for identifying and evaluating nominees is as follows. In the case of incumbent directors whose terms are set to expire, the Governance Committee considers the directors' overall service to MVB or MVB Bank during their term, including such factors as the number of meetings attended, the level of participation, quality of performance and any transactions between such directors and MVB and MVB Bank. The Committee also reviews the payment history of loans, if any, made to such directors by MVB Bank to ensure that the directors are not chronically delinquent and in default. The Committee considers whether any transactions between the directors and MVB Bank have been criticized by any banking regulatory agency or MVB Bank's external auditors and whether corrective action, if required, has been taken and was sufficient. The Committee also confirms that such directors remain eligible to serve on the Board of Directors of a financial institution under federal and state law. For new director candidates, the Committee uses its network of contacts in MVB's market area to compile a list of potential candidates. The Committee then meets to discuss each candidate and whether he or she meets the criteria set forth above. The Committee then discusses each candidate's qualifications and chooses a candidate by majority vote.

The Board of Directors will consider director candidates recommended by stockholders for nomination by the Governance Committee, provided that the recommendations are received at least 120 days before the next annual meeting of shareholders. In addition, the procedures set forth below must be followed by stockholders for submitting nominations for director to the shareholders. The Board of Directors does not intend to alter the manner in which it evaluates candidates, regardless of whether or not the candidate was recommended or nominated by a shareholder.

MVB's Bylaws provide that nominations for election to the Board of Directors must be made by a shareholder in writing delivered or mailed to the President not less than 14 days nor more than 50 days prior to the meeting called for the election of directors; provided, however, that if less than 21 days notice of the meeting is given to shareholders, the nominations must be mailed or delivered to the president not later than the close of business on the seventh day following the day on which the notice of meeting was mailed. The notice of nomination must contain the following information, to the extent known:

- Name and address of proposed nominee(s);
- Principal occupation of nominee(s);
- Total shares to be voted for each nominee;
- Name and address of notifying shareholder; and
- Number of shares owned by notifying shareholder.

Nominations not made in accordance with these requirements may be disregarded by the chairman of the meeting and in such case the votes cast for each such nominee will likewise be disregarded. All nominees for election at the meeting are incumbent directors or directors of MVB subsidiaries and are included as nominees in this Proxy Statement. No shareholder recommendations or nominations have been made for election at the 2018 Annual Meeting.

Human Resources & Compensation Committee. Composed of Stephen R. Brooks, James J. Cava, Jr., Gary A. LeDonne (Chair) and Dr. Kelly R. Nelson. The purpose of this Committee is to: (i) attend to all human resources issues that come before the Board of Directors; (ii) review and set CEO compensation; (iii) conduct an annual CEO performance evaluation and goal setting process; (iv) oversee succession planning, both emergency and future leadership; (v) approve senior management salaries; and (vi) establish the compensation for the individuals that serve on the Board of Directors. The Human Resources & Compensation Committee (the "Compensation Committee") reports the results from these meetings to the Board of Directors. The Compensation Committee met fourteen (14) times in 2017. The Compensation Committee Charter was amended and approved by the Board of Directors on March 20, 2017 and a copy of the Charter is attached as Exhibit B to this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The following Compensation Discussion and Analysis ("CD&A") describes the philosophy, objectives, and structure of MVB's 2017 executive compensation program. This includes discussion and background information regarding the compensation of CEO, CFO, and other named executive officers ("NEOs").

This CD&A is intended to be read in conjunction with the tables and accompanying footnotes and narrative disclosure which immediately follow this section, which provide further historical compensation information.

The following executive officers constituted MVB's Named Executive Officers ("NEOs") in the past fiscal year:

Larry F. Mazza President and Chief Executive Officer
Donald T. Robinson EVP, Chief Financial Officer
H. Edward Dean III CEO, MVB Mortgage

David A. Jones SVP, Chief Risk Officer
John T. Schirripa EVP, Chief Commercial Lending Officer

Executive Summary

Overall, the Board of Directors believes that MVB's compensation program is effective in aligning the compensation of executive officers with the long-term interests of MVB shareholders. Incentive compensation programs consist of a blend of annual performance and time-based compensation, and are structured to preclude excessive and unnecessary risk-taking, and utilize performance metrics established in advance based on an annual budget and business planning process. MVB's incentive plans also contain caps or limits

on the amounts that can be awarded. Clawback policies are also imposed on all compensation awards, so that awards or payments are adjusted or recovered if the performance measures supporting such an award are subsequently restated or otherwise adjusted to levels which do not support the award or payment.

Business Highlights

The MVB Senior Management Team, working with the Board of Directors, developed the MVB 2018-2020 strategic plan – Reaching New Heights. This plan sets forth the goals, key strategies, and performance targets required to ensure that MVB achieves desired growth by 2020, while maintaining regulatory compliance and client service standards of excellence. Focusing on Reaching New Heights will not be without challenges from competition to the on-going regulatory mandates MVB must meet. MVB fiscal 2017 highlights include achievement of the following:

• Listing on the Nasdaq Capital Market®

• Loan Growth of 5% and Deposit Growth of 4.7% for 2017

• 3% increase in Net Interest Income for 2017

2017 Compensation Highlights / Recent Modifications

In 2017, executive pay reflected MVB's pay and performance alignment, as performance was not as strong as MVB had targeted. Further, to strengthen the pay and performance alignment, the Compensation Committee made several overall decisions regarding compensation in 2017 and in the first quarter of 2018 as described below (the following compensation related decisions are applicable to all NEO's except for Mr. Dean, who participates in a different plan applicable specifically to the mortgage industry):

• No base salary increases for 2017

MVB did not provide base salary increases to any NEO in 2017.

• No earned annual bonuses in 2017

Because MVB did not achieve its net income target for 2017, all NEOs received zero annual cash incentives, despite achievement versus other corporate and individual objectives. This is one example of how MVB's incentive plans align management interests with corporate performance as well as the interests of shareholders.

• New 2018 Annual Senior Executive Performance Incentive Plan

As disclosed in the Company's Current Report on Form 8-K filed with the SEC in February 2018, the Company has instituted a new annual incentive plan for executives. As part of this disclosure, the Company announced threshold, target, and maximum payout opportunities based on position. Additionally, all metrics were fully disclosed. For 2018, in addition to a Net Income threshold that must be met for any award to vest, there are four equally weighted metrics: Net Interest Margin, Noninterest-bearing Deposit Growth, Efficiency Ratio, and Non-Performing Loans/Total Loans.

• New 2018 Long-Term Incentive program

Following a re-evaluation of the long-term incentive plan, the Committee has chosen different equity vehicles for 2018 awards, including the introduction of time-based and performance-based Restricted Stock Units ("RSU") awards. The performance-based awards will vest based upon Return on Assets ("ROA") (50%) and relative Total Shareholder Return ("TSR") (50%) performance over a three-year period, with vested amounts ranging from 0% to 150% of target, depending on results. The time-vesting RSUs will vest solely based on continued service, following a 5-year cliff vesting schedule.

Components of MVB's Compensation Program

Base Salary	Base pay is used to maintain market competitiveness in attracting and retaining top talented executive officers. Base salaries are reviewed annually, and merit increases are awarded based on performance and in-line with a merit budget. Merit budgets are determined annually based on markets conditions and the success of the Company.
Short-Term Incentives	Short term incentives are tied directly to the Company's business results as well as individual performance. Awards are paid only when business performance is strong and goals are met.
Long-Term Incentives	Long-term equity awards incentivize executives to deliver long-term shareholder value, while also providing a retention vehicle for executive talent. In fiscal 2017, MVB granted stock options with a vesting period of five years and a term of ten years to the NEOs. For fiscal year 2018, MVB implemented a performance and time-based long-term incentive plan in which RSU performance awards vest based upon ROA (50%) and relative TSR (50%) performance over a three-year period and the time-based RSU awards with a 5-year cliff vesting schedule.

Compensation Governance Practices

MVB's pay-for-performance philosophy and compensation governance practices provide an appropriate framework to executives to achieve financial and strategic goals without encouraging them to take excessive risks in their business decisions. Some practices include:

- ü Pay-for-performance philosophy and culture
- ü Comprehensive clawback policy

What MVB Does ü Responsible use of shares under MVB's long-term incentive program

- ü Engage an independent compensation consultant
- ü Perform an annual risk assessment of the compensation programs

Say-on-Pay Vote Results

The Compensation Committee also considers the result of the most recent shareholder advisory vote on executive compensation. At the 2017 Annual Meeting, 94.8% of shareholders of MVB voting at the meeting approved the compensation of the named executive officers. In light of the high level of approval received in 2017, the conclusion was that no significant changes to compensation policies and practices were immediately warranted. However, MVB nevertheless implemented several improvements to the pay program, including changes to the long-term incentive plan and the peer group (see below), in relation to 2018 compensation practices.

Compensation Philosophy and Objectives

MVB's compensation programs are designed to provide competitive compensation and benefits to promote the interests of MVB and its shareholders while enabling us to attract and retain top-quality executive talent. MVB's compensation philosophy is built on five core compensation principles:

1) Pay for Performance

MVB philosophy is performance-based. The incentive plans are designed to drive and improve individual and business performance. Each plan requires measurable goals and objectives to be set, communicated, achieved, and audited prior to any award made. Those with unacceptable performance are not eligible for incentive awards or merit increases.

2) Sound Compensation Practices

All MVB compensation elements will comply with appropriate regulations and sound compensation practices, which neither pay excessive compensation nor encourage inappropriate risk-taking. All behavior must be consistent with MVB's vision, mission, and values.

3) Pay Structure

Various positions require different levels of skills, knowledge, and personal attributes that drive different rates of pay and/or variable compensation opportunity. Geographic locations will also factor into the process. MVB has an established job structure and job evaluation process that provides a formal hierarchy of grades and salary ranges, and a means to determine

fairness in job placement within the structure. This pay structure guides us in providing internal equity amongst positions and ensures the maintenance of fairness in compensation practices across divisions of the organization.

4) Market Competitive Compensation

The “market” sets the framework for opportunity and the achievement drives the payout. The intent of the compensation philosophy is to maintain a competitive compensation program and attract and retain top talent across the organization.

5) Profitability Drives the Programs

Profitability and success are the key drivers in determining compensation opportunity. It is the responsibility of senior management to ensure plans provide a positive return to the Company and shareholders, in addition to appropriately rewarding contributions and successful performance.

Establishing Executive Compensation

Role of the Compensation Committee

The Compensation Committee’s process begins with establishing individual and corporate performance objectives by the second quarter of each calendar year. The Compensation Committee engages in an active dialogue with the CEO concerning strategic objectives and performance targets. The Compensation Committee also reviews the appropriateness of the financial measures used in incentive plans, the degree of difficulty in achieving performance targets, and appropriate risk levels. Corporate performance objectives typically are established based on a targeted return on assets and return on equity, as well as growth in earnings per share and individual goals for particular business units within MVB.

The Compensation Committee annually reviews the Compensation Committee Charter and all incentive plans used throughout MVB in all business lines. In this review of the incentive plans, the Compensation Committee determines whether the plans, individually or collectively, encourage excessive risk taking, that each of the plans has reasonable limits and caps, and that the overall structure of the incentive plans is aligned with the interests of the shareholders.

The Compensation Committee receives and reviews materials in advance of each meeting. These materials include information that management believes will be helpful to the Compensation Committee, as well as materials that the Compensation Committee has specifically requested. Depending on the agenda for the particular meeting, these materials may include:

- financial reports on year-to-date performance versus budget and compared to prior year performance;
- calculations and reports on levels of achievement of individual and corporate performance objectives;
- reports on MVB’s strategic objectives
- reports on MVB’s year over year performance and current year performance versus a peer group of companies;
- estimated grant date values of stock options (using the Black-Scholes valuation methodology);
- total compensation of the named executive officers, including base salary, cash incentives, equity awards and other compensation and any amounts payable to the executives upon voluntary or involuntary termination, early or normal retirement or following a change in control of MVB;
- information regarding compensation programs and compensation levels at study groups of companies identified by Management or through statistical comparisons compiled by Management using third party source information such as SNL Financial Executive Compensation Review; and
- publicly available independent survey reports related to employee and board compensation.

Role of Management

Management plays a significant role in the compensation setting process. The most significant aspects of management's role are:

- evaluating employee performance;
- establishing business performance targets and objectives for individual executives other than the NEOs; and
- recommending salary levels and option awards.

The CEO also participates in Compensation Committee meetings when requested to provide:

- background information regarding MVB's strategic objectives;
- performance evaluations of Senior Management (other than the CEO); and
- compensation recommendations on senior executive officers (other than himself).

Use of Outside Advisors

Pursuant to the authority granted to it in its charter, the Compensation Committee may engage an independent executive compensation consultant. Beginning in May 2017, McLagan, an Aon company, provided consulting services to the Compensation Committee, including advice on compensation philosophy, incentive plan design, executive job compensation analysis, and CD&A disclosure, among other compensation topics.

The Compensation Committee conducted a specific review of its relationship with McLagan in 2017 and determined that McLagan's work for the Compensation Committee did not raise any conflicts of interest, taking into account the independence factors set forth in applicable SEC and Nasdaq rules.

Risk Consideration

The Compensation Committee is responsible for establishing incentive plans for executive officers that achieve an appropriate balance between MVB's results and risk. The Compensation Committee recognizes that business in the financial industry inherently requires that MVB take on certain risks: in its lending activities, depository activities, and investing activities, as well as other facets of the organization. Upon due consideration of these items, the Compensation Committee believes that MVB incentive plans are designed in such a way as to encourage executives to take only prudent levels of risk in the pursuit of strong performance on behalf of shareholders. Furthermore, the Compensation Committee believes that MVB's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on its business or operations.

Compensation Competitive Analysis

Use of Peer Group

The Compensation Committee generally seeks to provide total targeted direct compensation that is competitive and, dependent on Company performance and other factors including size of assets and location. MVB adopts the position that annual compensation for all executive officers should be targeted to be above the 50th percentile of companies in MVB's peer group and should provide bonuses based on performance metrics established at the discretion of the Compensation Committee. MVB's talent acquisition strategy focuses on attracting and retaining executives with the experience and skills necessary to grow the organization. MVB executives have generally come from larger metropolitan areas and/or institutions that are significantly larger than MVB. In executing talent strategy, it is necessary to provide a base salary that exceeds the median of banks that are comparable to MVB's current asset size. Other elements of compensation are adjusted to recognize that base salaries are competitive.

2017 Peer Group

Based on a prior analysis conducted by Pearl Meyer & Partners, LLC, MVB used the following targeted banks as their peer group for 2017:

Cardinal Financial Corporation	MainSource Financial Group, Inc.	Fidelity Southern Corporation
Stock Yards Bancorp, Inc.	TriState Capital Holdings, Inc.	Peoples Bancorp, Inc.
Univest Corporation of PA	Independent Bank Corporation (MI)	Bryn Mawr Bank Corp.

2018 Peer Group

Based on the McLagan analysis, MVB has determined to use the following targeted banks as their peer group for 2018:

Bryn Mawr Bank Corp.	Peoples Bancorp Inc.	Stock Yards Bancorp Inc.
Financial Institutions Inc.	Peapack-Gladstone Financial	C&F Financial Corp.
Xenith Bankshares Inc.	CNB Financial Corp.	Arrow Financial Corp.
Farmers National Banc Corp.	WashingtonFirst Bankshares Inc.	Carolina Financial Corp.
Peoples Financial Services	Access National Corp.	Chemung Financial Corp.
Codorus Valley Bancorp Inc.	American National Bankshares	Premier Financial Bancorp Inc.
Southern First Bancshares Inc.	Penns Woods Bancorp Inc.	First United Corp.
LCNB Corp.	Howard Bancorp Inc.	Unity Bancorp Inc.
Evans Bancorp Inc.	First South Bancorp Inc.	Citizens Financial Services
Kentucky Bancshares Inc.	SB Financial Group Inc.	Entegra Financial

With McLagan's assistance, the Compensation Committee has reconfigured the peer group for fiscal 2018 compensation decisions. This new peer group consists of publicly traded banks that generally had assets between \$750 million and \$4 billion, revenues between \$40 million and \$200 million, 5-year Compound Annual Growth Rate greater than 5% (exception made for First United Corp), Return on Average Assets greater than 0% and consumer loans greater than 10% of loan portfolio.

Components of Executive Compensation

The principal components of MVB's executive compensation program are:

- Base salary;
- Annual cash incentive awards and
- Long-term incentives.

In addition to these principal components, MVB's compensation program also includes employment contracts, change in control agreements, a bank owned life insurance program, and other perquisites and benefits, each of which are discussed in this Compensation Discussion & Analysis with respect to the NEOs.

Base Salary

Base salary is a key element of executive compensation because it provides executives with a base level of monthly income. In determining base salaries, the Compensation Committee considers the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the executive, the executive's past performance, competitive salary practices at companies in the peer groups, internal pay equity and the tax deductibility of base salary.

The table below sets forth the annual base salaries for MVB NEOs for fiscal years 2016 & 2017:

Executive	2016	2017	% Change
	Base Salary	Base Salary	
Larry F. Mazza	\$625,000	\$625,000	0.0%
Donald T. Robinson	\$350,000	\$350,000	0.0%
H. Edward Dean III	\$500,000	\$500,000	0.0%
John T. Schirripa	\$265,000	\$265,000	0.0%
David A. Jones	\$250,000	\$250,000	0.0%

Annual Cash Incentive Awards

Annual incentive awards are an important part of MVB's overall executive compensation program. The purpose of the Annual Senior Executive Performance Incentive Plan (the "Plan") for MVB is to promote the interests of MVB and its shareholders by:

- Attracting and retaining executives of outstanding ability;
- Paying for performance in areas that drive short-term performance and long-term shareholder value creation;
- Enabling such individuals to participate in the growth and financial success of MVB;

Designing with awareness of regulatory and institutional investor guidelines, rules, and best practices.

2017 Annual Incentive Plan (“AIP”)

The AIP has been designed using industry best practices aligned with MVB’s strategic planning and performance benchmark targets. There are several components to the design with different criteria and weightings applied to ensure the goals are challenging yet achievable and that it is an effective incentive to garner high performance in all areas of MVB operations.

Key Criteria for Incentive Payout Activation

The following are set criteria that must be met fully for incentive payouts to be made:

Net Income Performance - No payout to any Named Executive will be made unless MVB’s annually established Net Income goal target is met or exceeded. Amounts in excess of the Net Income goal are split between the Company and the Plan participants, with 60% of Net Income of the goal being retained by the Company and 40% of the Net Income of the goal being used as the basis for determining potential AIP awards to the executive officers and other incentive plans at MVB.

Corporate Performance - If the Net Income goal is achieved, the committee evaluates variously weighted corporate performance metrics to establish final bonuses for the NEOs.

Net Income Goal

MVB’s overall corporate goal is the Net Income goal for a given fiscal year. The Compensation Committee sets target performance measures based in part upon management’s confidential business plan and budget. The Net Income target value will be established as part of the annual strategic planning and performance benchmark activity. The MVB Board of Directors gives final approval to the pending year’s Net Income goal, which becomes the Net Income target goal for the Plan. Additionally, the Net Income goal for the calendar year may be further adjusted to reflect extraordinary events or circumstances affecting MVB or its business.

MVB’s 2017 Net Income goal was the basis for determining the overall incentive payout levels based on the following scale:

Performance Level Against Net Income Goal	Payout as Percent (%) of Target Incentive Opportunity
100%	0%
125%	25%
150%	50%
200%	100%

As shown in the above table, reaching 100% or falling short of the Net Income goal will result in no incentive payout for any Named Executive.

Corporate Performance Rating

A set of performance measurements, beyond the Net Income goal, is used in the Plan. Each NEO will have a series of selected performance metrics designated as part of his or her performance criteria to reach or exceed during the year. These metrics are based on MVB’s consolidated company performance: MVB, MVB Bank Inc. and MVB Mortgage. For each such performance metric, a weight will be assigned to equal 100% across the total metrics determined for the NEO. The following metrics and targets were set for 2017:

Metric	2017 Target	Actual 2017 Results
Net Interest Margin	3.15%	3.27%
Total Core Deposits	\$1,188,000,000	\$1,124,000,000
Efficiency Ratio	80%	83%
Non-Performing Loans	0.75%	0.88%

Fiscal 2017 Target Cash Bonus Opportunities and Earned Bonuses

As in prior years, the target annual cash bonus opportunities for MVB's NEOs were generally expressed as a percentage of their respective base salaries. At the beginning of fiscal 2017, the Committee decided to maintain the percentages for incumbent NEOs' target bonus opportunities. Due to the Company not achieving or exceeding the Net Income goal, no annual bonuses were paid to executives in 2017.

2018 Annual Incentive Plan

In February 2018, the Company announced a new Senior Executive Performance Incentive Plan which provides executives with annual cash incentive opportunities for 2018 performance. The ability to earn any award is contingent on the Company achieving a consolidated Net Income goal. The Net Income goal for the plan year is equal to the actual Net Income achieved in the prior year. In addition, in 2018, an executive also must attain an individual performance evaluation rating of at least "meets expectations" to be eligible to earn cash incentives.

Four goals were set, with equal weighting, all based on only MVB Bank Inc. performance:

2018 Metrics	Weighting	Threshold	Target	Maximum
Net Interest Margin	25%	3.28%	3.30%	3.39%
Noninterest Bearing Deposit Growth	25%	\$145,000,000	\$148,000,000	\$162,800,000
Efficiency Ratio	25%	62.5%	61.7%	58.5%
Non-Performing Loans/Total Loans	25%	0.80%	0.75%	0.60%

Executives will have target bonus opportunities, as a percentage of base salary, ranging from 25% to 50%, with the opportunity to earn 85% to 150% of that amount based on performance.

Long-Term Incentive Compensation

MVB's Compensation Committee believes that long-term incentive compensation is an important component of the compensation program because it has the effect of retaining and motivating executives, aligning executives' financial interests with the interests of shareholders, and rewarding the achievement of MVB's long-term strategic goals.

2017 Grants

Eligibility for an annual equity award and the size of the award is based on the discretion of executive management and the Board of Directors based on individual performance and meeting corporate performance measures. In 2017, the Compensation Committee granted stock options to MVB's executive officers to align their interests directly with the interests of shareholders. All but Mr. Dean's stock option grants have a five-year vesting period with an expiration life span of ten years. Mr. Dean's grant has a four-year vesting period with a ten-year expiration date.

In 2017, with the exception of Mr. Dean, MVB's NEOs received the following grants based on 2016 performance:

Executive	Stock Options (#)
Larry F. Mazza	50,000
Donald T. Robinson	25,000
H. Edward Dean III	102,000
John T. Schirripa	25,000
David A. Jones	15,000

2018 Long-Term Incentive Plan Redesign

Following a re-evaluation of the long-term incentive plan, the Compensation Committee has chosen different equity vehicles for 2018 awards, including the introduction of time-based and performance-based RSU awards. The performance-based awards will vest based upon ROA (50%) and relative TSR (50%) performance over a three-year period, with vested amounts ranging from 0% to 150% of target, depending on results. The time-vesting RSUs will vest solely based on continued service, following a 5-year cliff vesting schedule.

Additional Compensation Practices and Policies

Recoupment (“Clawback”) Policy

MVB has adopted a clawback policy for all compensation awards, so that awards or payments are adjusted or recovered if the performance measures supporting such an award are subsequently restated or otherwise adjusted to levels which do not support the award or payment.

Perquisites and Other Benefits

Executive officers participate in other employee benefit plans generally available to all employees on the same terms as similarly situated employees. These plans include medical, dental, group life insurance, and group disability programs, as well as health savings accounts for reimbursement of medical expenses.

Bank-Owned Life Insurance Program

In 1999, MVB implemented a bank-owned life insurance program which was primarily designed to offset the cost of certain employee benefit plans. The policies purchased are primarily general and hybrid. It is MVB’s intention to hold the insurance until the ultimate death of each insured. MVB addressed insurable interest requirements by offering the program only to officers, required their written consent to participate in the program, and irrevocably assigned a set death benefit for each insured to be paid to the insured’s beneficiary upon the death of the insured directly from MVB’s general accounts.

Specifically, the program insures approximately 39 current or former officers, at the level of vice president or higher, and two current directors. Each officer has consented to participate in the program. Each officer has also been irrevocably assigned a set death benefit in the policy proceeds on the employee’s life which is payable to the insured’s designated beneficiary upon the death of the insured. On average, the death benefit payable to MVB as a multiple of salary is approximately 5.5 times annual salary. All of the named executive officers, have such policies for the primary benefit of MVB against their lives, and only if such policies remain in force by MVB until their death, the Company would be the primary beneficiary.

Retirement 401(K) Plan

MVB maintains a defined contribution 401(k) retirement savings plan for all employees over the age of 21 years old. The 401(k) plan provides that each participant may contribute up to 100% of his or her pre-tax compensation or after-tax (Roth) deferral contribution amounts; up to a statutory limit of \$18,500. Participants who are at least 50 years old are also entitled to make “catch-up” contributions, which may be up to an additional \$6,000.

MVB matches 50% up to 5% of the participant’s total compensation on a per pay basis, subject to IRS limitations. Full-time employees and certain part-time Team Members are eligible to participate upon the first month following their first day of employment or having attained age 21, whichever is later. Under MVB’s 401(k) plan, each employee is fully vested in his or her deferred salary contributions. Employer contributions vest as per the 401(k) plan document. Employee and employer contributions are held and invested by the plan’s trustee.

Employment Contracts

MVB and its subsidiaries provide certain executive officers with written employment contracts in order to secure the services of key talent within the highly competitive financial services industry. With the exception of Mr. Dean, these contracts are generally the same and are reviewed and updated annually if necessary. The non-competition provisions

in the agreements are intended to protect MVB from competitive disadvantage if one of MVB's named executive officers leaves MVB to work for a competitor.

The contracts provide for discharge for cause and terminate in the event of the death of the employee. If terminated by reason of the death of the employee, employee shall be paid when due and in accordance with MVB's normal payroll practices and relevant policies. If terminated without cause, the employee is entitled to a severance payment equal to a set number of months of the employee's base salary.

Although the employment contracts for each executive officer contain termination provisions which would permit salary continuation under certain circumstances in the event the contracts are terminated by MVB, the Change in Control Agreements, described in the succeeding section, contain provisions that, if the employee so elects, supersede and replace the termination benefits under an employee's employment contract in the event of a termination or severance of such an executive officer's employment subsequent

to a change in control. Thus, the employee can elect a termination payment only under one form of benefit, either under the employment contract or the Change in Control Agreement, and if the employee elects a benefit under the Change in Control Agreement, no termination benefit is payable under the employee's employment agreement.

The employment agreements with NEOs are described below under, "Employment Agreements and Change in Control."

Change in Control Agreements

MVB believes that Change in Control Agreements provide security for its employees and minimize distraction of employees in the event of a significant merger and acquisition scenario, allowing them to remain objective and focused on maximizing shareholder value. The Change in Control Agreements are reviewed and updated annually.

The Change in Control Agreements set forth certain terms and conditions upon the occurrence of a "change in control event." Absent a "change in control event," the Change in Control Agreements do not require MVB to retain the employees in its employ or to pay any specified level of compensation or benefits.

After a Change in Control (as defined below) an involuntary termination of employment without cause may occur under either of the following circumstances:

- a material diminution of the employee's authority, duties, or responsibilities, or
- a change in the geographic location at which the employee must perform the services rendered hereunder which is more than fifty (50) miles from the employee's then current location.

In such event, the employee would be entitled to a severance payment equal to a set number of months of the employee's base salary.

A "Change of Control" means either: (i) the acquisition, directly or indirectly, by any person, group of persons, or other organization of units at MVB, which, when added to any other units the beneficial ownership of which is held by such acquirer(s), shall result in ownership by any person(s), group of persons, or other organization, of greater than 50% of such units; or (ii) the occurrence of any merger, consolidation, exchange or reorganization to which MVB is a party and to which MVB (or any entity controlled thereby) is not a surviving entity, or the sale of all or substantially all of the assets of MVB. Provided, however, no Change of Control shall have occurred if, with respect to (i) or (ii) above, the acquirer, surviving entity or owner of the assets is MVB or one of its subsidiaries or affiliates.

During 2015, the Compensation Committee granted 30 awards, totaling 43,500 shares at exercise prices ranging from \$13.00 to \$15.00 per share. The expense to be recognized with respect to such awards will be amortized over the vesting period, beginning in 2016. During 2016, the Compensation Committee granted 54 awards, totaling 428,000 shares at exercise prices ranging from \$12.07 to \$13.25 per share. Retirement Plans

MVB provided a defined benefit retirement plan for all qualifying employees; however, the defined benefit plan has been frozen, and no service after May 31, 2014, is taken into consideration for determining a benefit. All qualifying employees actively employed on May 31, 2014, are 100% vested, but no subsequent vesting is contemplated. The plan provides for benefits based on the highest five consecutive years of earnings times 2 ½ times years of service. Normal retirement age is 65. All retiree benefits are calculated in the same manner. The benefits are summarized in the table below:

Employment Agreements and Change in Control

MVB has employment agreements with Messrs. Mazza, Robinson, and Dean.

Mazza has a written employment agreement with MVB, effective January 1, 2014 as amended on January 21, 2014, that can be renewed annually. Mazza's current salary is \$625,000 per year, payable in accordance with MVB's general payroll practices and is subject to future adjustment. Mazza continues to be eligible to participate in the MVB annual executive performance incentive plan. Mazza's employment may be terminated for cause, terminated without cause, terminated due to death or permanent disability, or constructively terminated in the event of a change in control, all subject to certain conditions and commitments, including, if termination without cause or constructive termination occurs, a severance payment of two years of the then current annual base salary, provided that a general release of claims is executed. Additionally, in the event Mazza is constructively terminated upon a change in control, he would be entitled to all compensation that would have been payable through the applicable term of employment. Upon any separation from the Company, Mazza would also be entitled to accrued salary, bonuses, vacation pay and reimbursement of appropriate business expenses. Mazza's employment agreement also includes provisions related to treatment of confidential information, the return of MVB's property in the event of a resignation or termination, non-solicitation and non-interference, and non-competition for one (1) year in West Virginia and also within 50 miles of a place of business of MVB or any MVB subsidiary. If Mr. Mazza's employment were terminated without cause as of December 31, 2017 he would have been entitled to receive a lump sum of \$1,250,000 from MVB and all stock options, totaling \$3,151,160, would immediately vest.

Robinson has a written employment agreement with MVB, effective January 1, 2016. Robinson's current salary is \$350,000 per year payable in accordance with MVB's general payroll practices and is subject to future adjustment. Robinson is eligible to participate in the MVB annual executive performance incentive plan. Robinson's employment may be terminated for cause, terminated without cause, terminated due to death or permanent disability, or

constructively terminated in the event of a change in control, all subject to certain conditions and commitments, including, if termination without cause or constructive termination occurs, a severance payment of one year of the then current annual base salary, provided that a general release of claims is executed. Upon separation from the Company, Mr. Robinson would also be entitled to accrued, but unpaid, salary and benefits. Robinson's employment agreement also includes provisions related to treatment of confidential information, the return of MVB's property in the event of a resignation or termination, non-solicitation and non-interference, and non-competition. During the term of this agreement and for one-year period following the effective date of the termination of this agreement, Robinson will not, directly or indirectly, individually or as an employee, joint venture, partner, agent, or independent contractor of any other person, provide or render services that are competitive with the services provided by Robinson thereunder at any location within 50 miles of Robinson's primary office. If Mr. Robinson's employment were terminated without cause as of December 31, 2017, he would have been entitled to receive a lump sum of \$350,000 from MVB and all stock options, totaling \$1,610,250, would immediately vest.

Dean has a written employment agreement with MVB and MVB Bank, effective as of December 20, 2012, which has thereafter been subsequently amended from time to time (as amended and supplemented from time to time, collectively referred to as the “Dean Employment Agreement”). Pursuant to the Dean Employment Agreement, Dean’s current term of employment is through December 31, 2020, at which time employment shall cease unless otherwise agreed, and effective January 1, 2018 his base compensation is set at an annual rate of \$575,000. Dean was also entitled to receive certain earn-out compensation for the period commencing on January 1, 2017 through December 31, 2017. Beginning January 1, 2018, Dean became entitled to receive a monthly cash payment equal to 9% of MVB Mortgage’s pre-tax income. On November 7, 2017, Dean was granted the option to purchase 100,000 shares of common stock of the Company at the purchase price of \$18.26 per share, vesting in four equal installments on each December 31 from 2017 through 2020.

The Dean Employment Agreement also allows for his participation in a Supplemental Executive Retirement Plan (“SERP”), to take effect on December 31, 2017. Under the SERP, if Dean completes three years of continuous employment with MVB Mortgage prior to his retirement date (which shall be no earlier than the date he attains age 55), he will, upon retirement, be entitled to received \$1.8 million (the “Retirement Benefit”), payable in 180 equal consecutive monthly installments of \$10,000. In the event Dean is deceased prior to his retirement, the Retirement Benefit will fully vest and shall be payable to Dean’s beneficiary. Should Dean become deceased after his retirement, the remaining balance of the Retirement Benefit will fully vest and become payable to Dean’s beneficiary. If Dean is terminated without Cause or due to Disability, or if Dean terminates his employment for Good Reason (as each such term is defined in the SERP), the Retirement Benefit shall immediately vest. If Dean is terminated for Cause, he will not be entitled to the Retirement Benefit. Pursuant to the SERP, Dean also entered into a Confidentiality, Non-Competition and Non-Solicitation Agreement, containing non-solicitation and non-competition covenants throughout the 24-month period following his employment termination.

Dean’s employment may be terminated for cause, terminated without cause, terminated due to death or permanent disability, or constructively terminated in the event of a change in control, all subject to certain conditions and commitments. If Dean’s employment is terminated without cause, or terminated by Dean for a good reason, as defined under the agreement (including after a change of control) Dean would be entitled to: receive 18 months’ compensation, all stock options possessed by Dean would immediately vest; and he would receive payments for health insurance premiums for the maximum time provided under COBRA plus an additional six months. If employment terminates due to death or disability, Mr. Dean, or his estate, shall receive an amount equal to that amount shown on Mr. Dean’s Form W-2 for the previous fiscal year. The agreement also provides that, on termination without cause, or termination by Mr. Dean without good reason, as defined in the agreement, Dean will not compete with, or solicit customers or employees of MVB or PMG for a period of 18 months within the counties in which MVB, MVB Bank, and MVB Mortgage operate. If Mr. Dean’s employment were terminated without cause as of December 31, 2017, he would be entitled to receive a lump sum of \$1,623,763 from MVB and its subsidiaries under this agreement. Further, all stock options, totaling \$381,000, would immediately vest.

CEO Pay Ratio

In compliance with Item 402(u) of Regulation S-K, MVB is providing the following pay ratio information with respect to its last completed fiscal year. MVB believes the pay ratio information provided below is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K:

For fiscal 2017, MVB’s last completed fiscal year:

- the median of the annual total compensation of all employees at MVB (other than CEO Larry Mazza), was \$58,054; and
- the annual total compensation of Larry F. Mazza, MVB’s CEO was \$905,977.

Based on this information, the ratio for 2017 of the annual total compensation of MVB's President & CEO to the median of the annual total compensation of all employees is 15.6 to 1. MVB completed the following steps to identify the median of the annual total compensation of all employees and to determine the annual total compensation of the median employee and CEO:

As of October 1, 2017, MVB's employee population consisted of approximately 390 individuals, including any full-time or part-time employed on that date. This date was selected because it allowed us to identify employees in a reasonably efficient manner using payroll data.

To find the median of the annual total compensation of all employees (other than CEO), MVB used wages from payroll records as reported to the Internal Revenue Service on Form W-2 for fiscal 2017. In making this determination, MVB annualized the compensation of full-time and part-time permanent employees who were employed on October 1, 2017 but did not work for us the entire year. No full-time equivalent adjustments were made for part-time and newly hired employees.

MVB identified the median employee using this compensation measure and methodology, which was consistently applied to all employees included in the calculation.

After identifying the median employee, MVB added together all of the elements of such employee's compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$58,084.

With respect to the annual total compensation of the CEO, MVB used the amount reported in the "Total" column of 2017 Summary Compensation Table.

Director Compensation

In 2017, members of the Boards of MVB and its subsidiaries received a fee of \$300 for each board meeting attended and a fee of \$300 for each committee meeting they attended, with the exception of members of the Audit Committee who received \$350 for each meeting attended of that committee.

An annual retainer fee of \$10,000 was paid to each MVB Financial Corp. director, \$7,000 paid to each MVB Bank director, and \$1,500 paid to each MVB Mortgage director as well as the following chair retainer fees for Board and Committee Chairs: \$40,000 MVB Board; \$25,000 Audit Committee; \$12,500 Finance Committee; \$12,500 Governance Committee; \$5,000 Asset and Liability Committee (ALCO Committee) (of MVB Bank); \$15,000 Compensation Committee; \$2,000 Loan Review Committee (of MVB Bank).

Certain Transactions with Directors, Officers and Their Associates

MVB and MVB Bank have, and expect to continue to have, banking and other transactions in the ordinary course of business with its directors and officers and their affiliates, including members of their families or corporations, partnerships or other organizations in which officers or directors have a controlling interest, on substantially the same terms (including documentation, price, interest rates, and collateral, repayment and amortization schedules and default provisions) as those prevailing at the time for comparable transactions with unrelated parties. All of these transactions were made on substantially the same terms (including interest rates, collateral and repayment terms on loans) as comparable transactions with non-affiliated persons. MVB's management believes that these transactions did not

involve more than the normal business risk of collection or include any unfavorable features. All related-party transactions require approval from the Board of Directors of MVB.

2. NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

MVB is providing shareholders with a non-binding advisory vote on compensation programs for our Named Executive Officers listed in the table entitled “Summary Compensation Table” (sometimes referred to as “say on pay”). Accordingly, you may vote on the following resolution at the 2018 annual meeting:

“Resolved, that the shareholders approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as disclosed in the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement.”

This vote is advisory in nature and therefore, is non-binding. The Board of Directors and the Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

At the Annual Meeting of Shareholders held on May 21, 2013, a majority of the votes of the Company’s shareholders was cast in favor of holding an annual, non-binding advisory vote on executive compensation. In light of this result, and other factors considered by the Board of Directors of the Company, the Board of Directors has determined that the Company will hold an annual non-binding advisory vote on the compensation of its named executive officers, until the next required vote on the frequency of the advisory vote on executive compensation occurs, or until the Board of Directors of the Company determines that holding such vote with a different frequency is in the best interests of the Company. The next non-binding advisory vote regarding such frequency will be held no later than the Company’s 2019 Annual Meeting of Shareholders.

The Management of MVB and Board of Directors unanimously recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure.

The proxy will be voted "FOR" the approval of executive compensation, unless otherwise directed.

All Other Fees	9,100	147,490	28,500

¹ Audit fees consist of fees for professional services rendered for the audit of the Company’s consolidated financial statements, review of consolidated financial statements included in the Company’s quarterly reports, and for services normally provided by the independent auditor in connection with statutory and regulatory filings or engagements.

The Audit Committee has considered whether Dixon Hughes Goodman LLP has maintained its independence during the fiscal year ended 2017. The Audit Committee requires that the Audit Committee pre-approve all audit and non-audit services to be provided to MVB by the independent accountants, except for cumulative expenditures not to

exceed \$5,000. Further, the pre-approval policies may be waived, with respect to the provision of any non-audit services, consistent with the exceptions for federal securities laws. The Audit Committee did not waive the pre-approval requirement of any other services during 2017, 2016, or 2015.

The Audit Committee proposes that Dixon Hughes Goodman LLP will examine and audit the financial statements of MVB for 2018.
