Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

Ivanhoe Energy Inc. (the “Company”) announced that the Company has entered into an agreement with founder Robert Friedland dated February 10, 2015 to provide the Company with a further US\$2.37 million (approximately C\$3.0 million) secured bridge loan.

The new funds to be received from Mr. Friedland are in addition to the US\$2.2 million (approximately C\$2.8 million) secured bridge loan provided by Mr. Friedland in October 2014, details of which are contained in the Company’s October 10, 2014 news release, and an additional US\$540,000 secured bridge loan in December 2014, details of which are contained in the Company’s December 30, 2014 news release, and brings the principal amount of Mr. Friedland’s secured bridge loan to US\$5.11 million.

All of the loan will be used to satisfy the Company’s current obligations, including significant statutory severance payments in Ecuador and to reduce the Company’s trade payables.

The Company expects that its severance obligations in Ecuador will total approximately US\$883,000. These severance obligations are recorded with the Ministry of Labor and their payment is mandatory. Other obligations in Ecuador amounting to US\$277,000 include government fees for terminating the Specific Services Contract as well as costs associated with completing studies for government environmental audits required for the Company to fulfill its obligations under the termination agreement for the Specific Services Contract. In addition, the Company will make total payments of approximately US\$1.2 million to companies controlled by Mr. Friedland for unsecured trade payables that are in arrears dating back to April 2014. These affiliated companies provided aircraft and capital markets advisory services to the Company during 2014.

The bridge loan bears interest at the rate of 10% per annum, with a maturity of six months from the initial date of advance on October 10, 2014. Mr. Friedland’s loan is secured by a first charge against the assets of the Company, with the exception of all assets and subsidiaries of Ivanhoe Energy Latin America.
