A) Rules for Profit Retention				
	Legal Reserve			
	<p>Allocation of a portion of net profit to the legal reserve is determined by Article 193 of Law No. 6,404/76 in order to ensure the integrity of share capital, and may be used only to offset losses or increase capital. Five percent (5%) of the period's net profit, before any other use, will be allocated to the legal reserve, which must not exceed twenty percent (20%) of share capital.</p> <p>There is no requirement to allocate to the legal reserve in a year in which the balance of this reserve, plus capital reserves as per §1 of Article 182, exceeds thirty percent (30%) of share capital.</p>			
	Statutory Reserves			
	<p>Article 194 of Law No. 6,404/76 which governs the creation of statutory reserves states that the bylaws of the company may establish reserves on condition that in each case:</p> <ul style="list-style-type: none"> - criteria are set to determine the annual portion of net profits that will be allocated to the statutory reserve; and - the maximum amount of the reserve is stated. <p>Pursuant to the legislation, Article 28 of the Bylaws, states that after all statutory allocations have been made, a proposal for the allocation or use of any net income remaining shall be made by the executive board, to be approved by the board of directors and decided by General Meeting, and such income may be allocated one hundred percent (100%) to "Income Reserves – Statutory" in order to maintain an operational margin consistent with the development of the Company's active operations up to the limit of ninety-five percent (95%) of paid-up share capital.</p> <p>If the board's proposal for use of net income from the period contains provision for distributing dividends and/or payment of interest on own capital in an amount greater than the mandatory dividend pursuant to Article 27, item III of the bylaws, and/or retained earnings under Article 196 of Law No. 6,404/76, the balance of net income for making this reserve will be determined after deducting these allocations in full.</p>

B) Rules for distribution of dividends				
	<p>With the introduction of Law No. 9,249/95, which came into force on January 1, 1996, companies may pay interest on own capital to their shareholders, to be imputed, net of income tax at source, to the</p>			

amount of the minimum mandatory dividend.

Minimum Mandatory Dividend

Pursuant to item III of Article 27 of Bradesco's Bylaws, shareholders are assured thirty percent (30%) of net income, each year, as a minimum mandatory dividend, adjusted for any decrease or increase of the amounts specified in items I, II and III of Article 202 of Law No. 6,404/76 (Law of Joint Stock Corporations).

Thus the minimum of thirty percent (30%) stipulated in the bylaws is greater than the minimum of twenty-five percent (25%) set forth in §2 of Article 202 of Law No. 6,404/76.

Shareholders Holding Preferred Shares

Preferred shares confer on their holders dividends ten percent (10%) higher than those paid on common shares (item "b", §2, Article 6 of the Bylaws).

Reinvestment of Dividends or Interest on Own Capital

Reinvestment of dividends or interest on own capital is a product that enables a shareholder and account holder registered with Bradesco Corretora (brokerage), personal or corporate, to invest the amount received and credited to current account in new shares (currently only for preferred shares), thereby increasing their shareholding.

Shareholders have the option of reinvesting monthly and/or special (supplementary or intermediate) dividends. There is no upper limit for reinvesting and the minimum must be enough to purchase at least one (1) share.

C) Periodicity of dividend distributions

Bradesco has distributed dividends monthly since 1970, and became the first Brazilian financial institution to adopt this practice.

Interim Dividends

The Executive Board, on approval of the Board of Directors, is authorized to declare and pay out interim dividends, semiannual or monthly, from

existing earnings, or profit reserve accounts (§1, Article 27 of the bylaws).

It may also authorize payment of Interest on Own Capital in total or partial substitution of interim dividends (§2, Article 27 of the Bylaws).

Monthly Payment of Interest on Own Capital

For the purposes set forth in Article 205 of Law No. 6,404/76, beneficiaries are shareholders registered with the Company on declaration dates, which are on the first day of each month.

Payments are made on the first business day of the following month, as monthly advances on the mandatory dividend by crediting the account informed by the shareholder or made available to the Company.

D) Any restrictions on dividend payments imposed by special laws or regulations applicable to the issuer, as well as contracts, court decisions, administrative or arbitration court rulings

There are no restrictions on the distribution of dividends.

4. Risk factors

4.1 - Description of risk factors

Macroeconomic risks

Our business and results of operations are materially affected by conditions in the global financial markets.

There has been extreme volatility in the global capital and credit markets since 2008. This volatility has resulted in reduced liquidity and increased credit risk premiums for many market participants, in addition to a reduction in the availability and/or increased costs of financing, both for financial institutions and their customers. Increasing or high interest rates and/or widening credit spreads have created a less favorable environment for most of our businesses and may impair the ability of some of our customers to repay debt that they owe to us, and reduce our flexibility in planning for, or reacting to, changes in its operations and the financial industry overall. Accordingly, even though the Brazilian and global economies started to recover since the first half of 2009, our results of operations are likely to continue to be affected by conditions in the global financial markets as long as they remain volatile and subject to disruption and uncertainty.

The Brazilian government exercises influence over the Brazilian economy, and Brazilian political and economic conditions have a direct impact on our business.

Our financial condition and results of operations are substantially dependent on Brazil's economy, which in the past has been characterized by frequent and occasionally drastic intervention by the Brazilian government and volatile economic cycles.

In the past, the Brazilian government has often changed monetary, fiscal, taxation and other policies to influence the course of Brazil's economy. We have no control over, and cannot predict, what measures or policies the Brazilian government may take in response to the current or future Brazilian economic situation or how Brazilian government intervention and government policies will affect the Brazilian economy and, both directly and indirectly, our operations and revenues.

Our operations, financial condition and the market price of our preferred and common shares may be adversely affected by changes in policy involving exchange controls, tax and other matters, as well as factors such as:

- exchange rates fluctuations;
- base interest rate fluctuations;
- domestic economic growth;

- political, social or economic instability;
- monetary policies;
- tax policy and changes in tax regimes;
- exchange controls policies;
- liquidity of domestic financial, capital and credit markets;
- our customers' capacity to meet their other obligations with us;
- decreases in wage and income levels;
- increases in unemployment rates;
- macroprudential measures;
- inflation; and
- other political, diplomatic, social and economic developments within and outside of Brazil that affect the country.

2012 was marked by a slower than expected economic recovery in Brazil, despite the number of stimuli in place since 2011. This was largely influenced by the global financial markets crisis, which had a substantial impact on industrial production and business confidence. Furthermore, exceptional factors, such as the drought in the South and Northeast of Brazil in early 2012, affected the agricultural output in those regions and negatively impacted GDP growth in 2012. However, the adoption of new fiscal incentives, the continuing reduction in interest rates and currency depreciation provided for a gradual improvement in the domestic economy in the second half of 2012.

Currency exchange variations may have an adverse effect on the Brazilian economy and on our results and financial condition.

Our business is impacted by fluctuations in the value of the real. Since October 2002, and more intensively since June 2004, the real has gained value against the dollar, with rare moments of depreciation (reaching R\$1.5593 per US\$1.00 on August 1, 2008). In 2009, the real was again appreciating against the U.S. dollar (reaching R\$1.7412/US\$1.00 at the end of the year). In 2010, the real continued to appreciate against the U.S. dollar to reach R\$1.6662/US\$1.00 at the end of the year. In 2011, the exchange rate continued to fall until the middle of the year, reaching a nominal level of R\$1.5345 per U.S. dollar on July 26, 2011. Since then, due to the deterioration of global economic conditions and the decision of the Central Bank Committee on Monetary Policy or “COPOM” in August (in which the previous cycle of monetary tightening was reversed) the real began to depreciate and ended 2011 at R\$1.8758 per U.S. dollar. In 2012, reflecting persisting risk aversion in the international markets and the continuing reduction in interest rates in Brazil throughout the first half of 2012, the real maintained a weakening trend, reaching R\$2.0904 per U.S. dollar on June 28, 2012. The exchange rate remained fairly stable during the remainder of the year, ending 2012 at R\$2.0435 per U.S. dollar.

As of December 31, 2012, the net balance of our assets and liabilities denominated in, or indexed to, foreign currencies (primarily U.S. dollars) was 2.6% of our total assets. When the Brazilian currency is devalued or if it depreciates, we incur losses on our liabilities denominated in, or indexed to, foreign currencies, such as our U.S. dollar denominated long term debt and foreign currency loans, and experience gains on our monetary assets denominated in or indexed to foreign currencies, as the liabilities and assets are translated into reais. Therefore, if our liabilities denominated in, or indexed to, foreign currencies significantly exceed our monetary assets denominated in, or indexed to, foreign currencies, including any financial instruments entered into for hedging purposes, a large devaluation or depreciation of the Brazilian currency could materially and adversely affect our financial results and the market price of our preferred and common shares, even if the value of the liabilities has not changed in their original currency. In addition, our lending operations depend significantly on our capacity to match the cost of funds indexed to the U.S. dollar with the rates charged to our customers. A significant devaluation or depreciation of the U.S. dollar may affect our ability to attract customers on such terms or to charge rates indexed to the U.S. dollar.

Conversely, when the Brazilian currency appreciates, we incur losses on our monetary assets denominated in, or indexed to, foreign currencies, such as the U.S. dollar, and experience decreases in our liabilities denominated in, or indexed to, foreign currencies, as the liabilities and assets are translated into reais. Therefore, if our monetary assets denominated in, or indexed to, foreign currencies significantly exceed our liabilities denominated in, or indexed to, foreign currencies, including any financial instruments entered into for hedging purposes, a large appreciation of the Brazilian currency could materially and adversely affect our financial results even if the value of the monetary assets has not changed in their original currency.

If Brazil experiences substantial inflation in the future, our revenues and our ability to access foreign financial markets may be reduced.

Brazil has, in the past, experienced extremely high rates of inflation. Brazil's rates of inflation, as measured by the General Price Index – Domestic Availability or “IGP-DI” (Índice Geral de Preços Disponibilidade Interna), reached 11.3%, 5.0% and 8.1% in 2010, 2011 and 2012, respectively. Inflation and governmental measures to combat inflation, which have in the past had significant negative effects on the Brazilian

economy and contributed to increased economic uncertainty in Brazil and heightened volatility in the Brazilian securities markets, may have an adverse effect on us.

Notwithstanding the monetary stability achieved in mid-1990's, which became stronger after 1999 upon the adoption of inflation target regime, inflation memory and potentiality remain present.

Government measures to combat inflation have often included maintaining a tight monetary policy with high interest rates, thereby restricting the availability of credit and reducing economic growth. As a result, interest rates have fluctuated significantly. Increases in the base interest rate set by the COPOM (SELIC) may have an adverse effect on us by reducing demand for our credit, and increasing our cost of funds, domestic debt expense and the risk of customer default. Decreases in the base interest rate may also have an adverse effect on us by decreasing the interest income we earn on our interest-earning assets and lowering our revenues and margins.

4. Risk factors

Future Brazilian government actions, including the imposition of more taxes, intervention in the foreign exchange market and actions to adjust or fix the value of the real, as well as any GDP growth beyond expected levels may trigger increases in inflation. If Brazil experiences fluctuations in rates of inflation in the future, our costs and net margins may be affected and, if investor confidence lags, the price of our securities may fall. Inflationary pressures may also affect our ability to access foreign financial markets and may lead to counter-inflationary policies that may have an adverse effect on our business, financial condition, results of operations and the market value of our preferred and common shares.

Changes in base interest rates by the COPOM may materially adversely affect our margins and results of operations.

The COPOM establishes the base interest rates for the Brazilian banking system (SELIC). The base interest rate was 10.75%, 11.0% and 7.25% per annum as of December 31, 2010, 2011 and 2012, respectively. Changes in the base interest rate may adversely affect our results of operations because:

- high base interest rates increase our domestic debt expense and may increase the likelihood of customer defaults; and
- low base interest rates may diminish our interest income.

The COPOM adjusts the basic interest rate in order to manage aspects of the Brazilian economy, including the protection of reserves and capital flows. We have no control over the basic interest rates set by the COPOM or how often such rates are adjusted.

Developments and the perception of risk in Brazil and other countries, especially emerging market countries, may adversely affect the market price of Brazilian securities, including our preferred and common shares.

The market value of securities of Brazilian companies is affected to varying degrees by economic and market conditions in other countries, including other Latin American and emerging market countries. Although economic conditions in these countries may differ significantly from economic conditions in Brazil, investors' reactions to developments in these other countries may have an adverse effect on the market value of securities of Brazilian issuers. Crises in other emerging market countries may diminish investor interest in securities of Brazilian issuers, including ours, which could adversely affect the market price of our preferred and common shares.

The recent global financial crisis has had significant consequences worldwide, including Brazil, such as capital markets volatility, unavailability of credit, higher interest rates, a general slowdown of the world economy, volatile exchange rates and inflationary pressure, among others, which had, and may continue to have in the future, directly or indirectly, an adverse effect on our business, financial condition, results of operations, the market price of securities of Brazilian issuers, including ours, and our ability to finance our operations.

Risks relating to Bradesco and the Brazilian banking industry

We may experience increases in our level of past due loans as our loans and advances portfolio becomes more seasoned.

Our loans and advances portfolio has grown substantially since 2004, primarily as a result of the expansion of the Brazilian economy. Any corresponding increase in our level of non-performing loans and advances may lag behind the rate of loan growth, as loans typically do not become due within a short period of time after their origination. Levels of past due loans are higher among our individual customers than our corporate customers. From 2010 to 2012, our portfolio of loans and advances to customers increased by 28.4% and our level of impairment of loans and advances increased by 30.5%, basically driven by increases in the number of individual customers.

Beginning in mid-2008, weakening economic conditions in Brazil impacted particularly our individual customers as unemployment rates in Brazil began to rise and led to increases in our level of delinquency ratios. This trend worsened in 2009. In 2010, as a result of the improvement in Brazilian economic conditions, we experienced a decrease in our delinquency ratios, which led to a slight decrease in our impairment. In 2011, delinquency ratios showed a slight increase when compared to 2010. This increase continued during 2012, as a result of higher default rates, mostly for operations with individuals and SMEs (small and medium enterprises). In 2012, our impairment of loans and advances increased 13.5% compared to 2011, while our portfolio of loans and advances to customers grew by 9.9% over that same period.

4. Risk factors

Rapid loan growth may also reduce our ratio of non-performing loans to total loans until growth slows or the portfolio becomes more seasoned. Adverse economic conditions and a slower growth rate for our loans and advances to customers may result in increases in our impairment of loans and advances, charge-offs and our ratio of non-performing loans and advances to total loans and advances, which may have an adverse effect on our business, financial condition and results of operations.

Adverse conditions in the credit and capital markets may adversely affect our ability to access funding in a cost effective and/or timely manner.

Recent volatility and uncertainties in the credit and capital markets have generally decreased liquidity, with increased costs of funding for financial institutions and corporations. These conditions may impact our ability to replace, in a cost effective and/or timely manner, maturing liabilities and/or access funding to execute our growth strategy. If we are forced to delay raising capital or pay unattractive interest rates in order to obtain capital, our financial condition and results of operations may be adversely affected.

The increasingly competitive environment in the Brazilian bank and insurance industries may negatively affect our business prospects.

The markets for financial, banking and insurance services in Brazil are highly competitive. We face significant competition in all of our principal areas of operation from other large Brazilian and international banks and insurance companies, public and private.

Competition has increased as a result of recent consolidations among financial institutions in Brazil and as a result of regulations by the National Monetary Committee (Conselho Monetário Nacional), or “CMN” that facilitate customers' ability to switch business between banks. The increased competition may materially and adversely affect us by, among other things, limiting our ability to retain our existing consumer base, increase our customer base and expand our operations, reducing our profit margins on banking and other services and products we offer, and limiting investment opportunities to some extent.

Additionally, Brazilian regulations raise limited barriers to market entry and do not differentiate between local or foreign commercial and investment banks and insurance companies. As a result, the presence of foreign banks and insurance companies in Brazil, some of which have greater resources than us, has grown and competition both in the banking and insurance sectors generally and in markets for specific products has increased. The privatization of publicly owned banks has also made the Brazilian markets for banking and other financial services more competitive.

The increased competition may negatively affect our business results and prospects by, among other things:

- limiting our ability to increase our customer base and expand our operations;
- reducing our profit margins on the banking, insurance, leasing and other services and products offered by us; and

- increasing competition for foreign investment opportunities.

Losses on our investments in financial assets may have a significant impact on our results of operations and are not predictable.

The value of certain of our investments in financial assets may decline significantly due to volatile financial markets and may fluctuate over short periods of time. As of December 31, 2012, investments in financial assets represented 24.1% of our assets, and realized investment gains and losses have had and will continue to have a significant impact on the results of our operations. The amounts of such gains and losses, which we record when investments in financial assets are sold, or in certain limited circumstances where they are marked to market or recognized at fair value, may fluctuate considerably from period to period. The level of fluctuation depends, in part, upon the market value of the financial assets, which in turn may vary considerably, and our investment policies. We cannot predict the amount of realized gain or loss for any future period, and our management believes that variations from period to period have no practical analytical value. Furthermore, any gains on our investment portfolio may not continue to contribute to net income at levels consistent with recent periods or at all, and we may not successfully realize the appreciation now existing in our consolidated investment portfolio or any portion thereof.

We may incur losses associated with counterparty exposures.

We face the possibility that a counterparty will be unable to honor its contractual obligations. These counterparties may default on their obligations due to bankruptcy, lack of liquidity, operational failure or other reasons. This risk may arise, for example, from entering into swap or other derivative contracts under which counterparties have obligations to make payments to us; executing currency or other trades that fail to settle at the required time due to non-delivery by the counterparty or systems failure by clearing agents, exchanges, clearing houses or other financial intermediaries. Such counterparty risk is more acute in complex markets where the risk of failure of counterparties is higher.

Our trading activities and derivatives transactions may produce material losses.

We engage in the trading of securities, buying debt and equity securities principally to sell them in the near term with the objective of generating profits on short-term differences in price. These investments could expose us to the possibility of material financial losses in the future, as securities are subject to fluctuations in value, which may generate losses. In addition, we enter into derivatives transactions to manage our exposure to interest rate and exchange rate risk. Such derivatives transactions are designed to protect us against increases in exchange rates or interest rates or against decreases in such rates, but not both. If we have entered into derivatives transactions to protect against, for example, decreases in the value of the real or in interest rates and the real instead increases in value or interest rates increase, we may incur financial losses. Such losses could materially and adversely affect our future results of operations and cash flow.

The Brazilian government regulates the operations of Brazilian financial institutions and insurance companies, and changes in existing laws and regulations or the imposition of new laws and regulations may negatively affect our operations and revenues.

Brazilian banks and insurance companies, including our banking and insurance operations, are subject to extensive and continuous regulatory review by the Brazilian government. We have no control over government regulations, which govern all facets of our operations, including the imposition of:

- minimum capital requirements;
- compulsory deposit/reserve requirements;
- investment requirements in fixed assets;
- lending limits and other credit restrictions;
- accounting and statistical requirements;
- solvency margins;

- minimum coverage; and
- mandatory provisioning policies.

The regulatory structure governing Brazilian banks and insurance companies is continuously evolving. Existing laws and regulations could be amended, the manner in which laws and regulations are enforced or interpreted could change, and new laws or regulations could be adopted. Such changes could materially adversely affect our operations and our revenues.

In particular, the Brazilian government has historically enacted regulations affecting financial institutions in an effort to implement its economic policies. These regulations are intended to control the availability of credit and reduce or increase consumption in Brazil. These changes may adversely affect us because our returns on compulsory deposits are lower than those we obtain on our other investments.

A majority of our common shares are held by one shareholder, whose interests may conflict with our other investors' interests.

As of December 31, 2012, Fundação Bradesco directly and indirectly held 56.5% of our common shares. As a result, Fundação Bradesco has the power, among other things, to prevent a change in control of our company, even if a transaction of that nature would be beneficial to our other shareholders, as well as to approve related party transactions or corporate reorganizations. Under the terms of Fundação Bradesco's Bylaws, members of our Board of Executive Officers, or of our Statutory Board, and departmental officers that have been working at the Organization for more than ten years serve as members of the Board of Trustees of Fundação Bradesco. The Board of Trustees has no other members. Decisions in relation to our policy towards acquisitions, divestitures, financings or other transactions could be made by Fundação Bradesco which may be contrary to the interests of holders of common shares, and which may have a negative impact on the interests of holders of common shares.

Changes in regulations regarding reserve and compulsory deposit requirements and taxes may reduce operating margins.

The Central Bank has periodically changed the level of compulsory deposits that financial institutions in Brazil are required to maintain with the Central Bank.

In May 2012 the Central Bank changed the rules related to the reserve requirement amounts, enabling the deduction of the balance of loan operations for financing and leasing of automobiles and light commercial vehicles from the amount of compulsory deposits to be reserved, as a way to encourage the granting of financing for acquisition of these assets. In June, September and November 2012, the rules related to the payment of reserve requirement were again changed, aiming at adjusting the criterion for defining the amount subject to reserve requirement and additional liabilities, as well as for remunerating the reserve account and the criteria applicable to the eligibility of institutions in order to deduct amounts subject to the reserve requirement.

In December 2012 the Central Bank established the possibility of deducting demand amounts subject to the reserve requirement in certain specified circumstances, as a way to encourage banks to grant credit for the acquisition of certain assets.

Compulsory deposits generally yield lower returns than our other investments and deposits because:

- a portion of our compulsory deposits do not bear interest;
- a portion of our compulsory deposits must be held in Brazilian government securities; and
- a portion of our compulsory deposits must finance a federal housing program, the Brazilian rural sector, low income customers and small enterprises under a program referred to as a "microcredit program."

As of December 31, 2012, our compulsory deposits in connection with demand, savings and time deposits and additional compulsory deposits were R\$47.9 billion. Reserve requirements have been used by the Central Bank to control liquidity as part of monetary policy in the past, and we have no control over their imposition. Any increase in the compulsory deposit requirements may reduce our ability to lend funds and to make other investments and, as a result, may adversely affect us.

Changes in taxes and other fiscal assessments may adversely affect us.

The Brazilian government regularly enacts reforms to the tax and other assessment regimes to which we and our customers are subject. Such reforms include changes in the rate of assessments and, occasionally, enactment of temporary taxes, the proceeds of which are earmarked for designated governmental purposes. The effects of these changes and any other changes that result from enactment of additional tax reforms have not been, and cannot be, quantified and there can be no assurance that these reforms will not, once implemented, have an adverse effect upon our business. Furthermore, such changes may produce uncertainty in the financial system, increasing the cost of borrowing and contributing to the increase in our non-performing portfolio of loans and advances.

The Brazilian constitution used to establish a ceiling on loan interest rates, including bank loan interest rates, and the impact of the subsequent legislation regulating the subject is uncertain.

Article 192 of the Brazilian Constitution, enacted in 1988, established a 12% per annum ceiling on bank loan interest rates. However, since the enactment of the Constitution, this rate had not been enforced, as the regulation regarding the ceiling was pending. The understanding that this ceiling is not yet in force has been recently confirmed by Binding Precedent No. 7, a final binding decision enacted in 2008 by the Brazilian Supreme Court in accordance with such Court's prior understanding on this matter. Since 1988, several attempts were made to regulate the limitation on loan interest, and especially bank loan interest rates, but none of them were implemented nor have been confirmed by Brazilian superior courts.

4. Risk factors

On May 29, 2003, Constitutional Amendment No. 40 (“EC 40/03”) was enacted and revoked all subsections and paragraphs of Article 192 of the Brazilian constitution. This amendment allows the Brazilian Financial System, to be regulated by specific laws for each sector of the system rather than by a single law relating to the system as a whole.

With the enactment of the new Civil Code (or Law No. 10,406/02), as amended, unless the parties to a loan have agreed to use a different rate, in principle the interest rate ceiling has been related to the base rate charged by the National Treasury. Today, that basic interest rate is the Special Settlement and Custody System rate known as “SELIC,” which is a basic interest rate established by the Monetary Policy Committee of the Central Bank (“COPOM”) that, in March 2013, was 7.25% per annum. However, there is presently some uncertainty as to whether the base interest rate would be the SELIC rate or the 12% per annum interest rate established in the Brazilian Tax Code should apply.

The impact of EC 40/03 and the provisions of the New Civil Code are uncertain at this time but any substantial increase or decrease in the interest rate ceiling could have a material effect on the financial condition, results of operations or prospects of Brazilian financial institutions, including us.

Additionally, certain Brazilian courts have issued decisions in the past limiting interest rates on consumer financing transactions that are considered abusive or excessively onerous in comparison with market practice. Brazilian courts’ future decisions as well as changes in legislation and regulations restricting interest rates charged by financial institutions could have an adverse effect on our business.

Our losses in connection with insurance claims may vary from time to time and differences between the losses from actual claims and underwriting and reserving assumptions may have an adverse effect on us.

The results of our operations significantly depend upon the extent to which our actual claims are consistent with the assumptions we used to assess our potential future policy and claim liabilities and to price our insurance products. We seek to limit our responsibility and price our insurance products based on the expected payout of benefits, calculated using several factors, such as: assumptions for investment returns, mortality and morbidity, expenses, persistency, and certain macroeconomic factors, such as inflation and interest rates. These assumptions may deviate from our prior experience, including due to factors beyond our control such as natural disasters (floods, explosions and fires) and man-made disasters (riots, gang or terrorist attacks) or changes in mortality and morbidity rates as a result of advances in medical technology and longevity, among others. Therefore, we cannot determine precisely the amounts that we will ultimately pay to settle these liabilities, when these payments will need to be made, or whether the assets supporting our policy liabilities, together with future premiums and contributions, will be sufficient for payment of these liabilities. These amounts may vary from the estimated amounts, particularly when those payments do not occur until well in the future, which is the case with certain of our life insurance products. To the extent that actual claims experience is less favorable than the underlying assumptions used in establishing such liabilities, we may be required to increase our provisions, which may have an adverse effect on our cash flow.

If our actual losses exceed our provisions on risks that we underwrite, we could be adversely affected.

Our results of operations and financial condition depend upon our ability to accurately assess the actual losses associated with the risks that we underwrite. Our current provisions are based on estimates that rely on then-available information and that involve a number of features including recent loss experience, current economic conditions, internal risk rating, actuarial and statistical projections of our expectations of the cost of the ultimate settlement of claims, such as estimates of future trends in claims severity and frequency, judicial theories of liability, the levels of and/or timing of receipt or payment of premiums and rates of retirement, mortality, morbidity and persistency, among others. Accordingly, the establishment of provisions is inherently uncertain and our actual losses usually deviate, sometimes substantially, from such estimates. Deviations occur for a variety of reasons. For example, if we record our impairment of loans and advances based on estimates of incurred losses, it might not be sufficient to cover losses; an increased number of claims; or our costs could be higher than the costs we estimated. If actual losses materially exceed our provisions, we could be adversely affected.

We are jointly liable for claims of our customers if our reinsurers fail to meet their obligations under the reinsurance contracts.

21– Reference Form – 2013

4. Risk factors

The purchase of reinsurance does not hold us harmless against our liability towards our customers if the reinsurer fails to meet its obligations under the reinsurance contracts. As a result, reinsurers' insolvency or failure to make timely payments under these contracts could have an adverse effect on us, given that we remain responsible before our policyholders.

Our strategy of marketing and expanding internet banking in Brazil could be badly received or more expensive than lucrative.

We have aggressively pursued the use of the internet for providing banking and other services to our customers, and we expect to continue to do so. However, the market for our internet products is rapidly evolving and is becoming increasingly competitive. We cannot predict whether, or how fast, this market will grow. Moreover, if we fail to adapt effectively to growth and change in the internet market and technology, our business, competitiveness, or results of operations could be adversely affected.

The internet may prove not to be a viable Brazilian commercial marketplace for a number of reasons, including a lack of acceptable security technologies, potentially inadequate development of the necessary infrastructure, the lack of necessary development and commercialization of performance improvements, or a perceived unreliability of our systems by our customers.

A failure in, or breach of, our operational or security systems could temporarily interrupt our businesses, increasing our costs and causing losses.

Although we have high profile information security controls, and continue to invest in the infrastructure, operations and crisis management in place, our business, financial, accounting, data processing systems or other operating systems and facilities may stop operating properly for a limited period of time or become temporarily disabled or damaged as a result of a number of factors including events that are wholly or partially beyond our control, such as: electrical or telecommunications outages; breakdowns, systems failures or other events affecting third parties with which we do business or that facilitate our business activities, including exchanges, clearing houses, financial intermediaries or vendors that provide services; events arising from local and larger-scale political or social matters and cyber attacks.

Cyber attacks and temporary interruptions or failures in the physical infrastructure or operating systems that support our businesses and customers, could result in customer attrition, regulatory fines, penalties or intervention, reimbursement or other compensation costs.

4.2 - Comments on expected alterations of exposure to risk factors

No reduction or increase in the issuer's exposure is expected in relation to risks mentioned in item 4.1.

4.3 - Non-confidential significant judicial, administrative or arbitration proceedings

In terms of assessing materiality, Bradesco has found that there are no cases that could materially damage its image or pose legal risks. Cases relating to this item were obtained from a materiality of R\$485 million, which represents 0.5% of the issuer's capital base (R\$96,934 million). Therefore, we selected cases whose financial impacts exceed this material amount. Any differences between the cases shown below and the values shown in Notes refer to processes that individually involve amounts below the level we consider material.

Bradesco is a party in judicial proceedings involving labor, civil-liability and tax claims arising in the normal course of its business.

Provisions were made taking into account: the opinion of legal advisors, the nature of the actions, similarity with previous cases, complexity and positioning of the courts, whenever loss is rated "probable."

Management believes that provision is sufficient to cover any losses arising from these cases.

Liabilities related to legal obligation currently in litigation is maintained until as case is conclusively won, which means favorable legal decisions that may no longer be appealed, or falls due to prescription.

Labor claims

These are legal proceedings brought by former employees and third parties to claim indemnities, in particular the payment of overtime, in light of the interpretation of Article 224 of the Labor Law (CLT). In cases in which judicial deposit is required to guarantee the execution, the amount of the labor contingency is made presuming loss of these deposits. For the other cases, provision is based on the average value of payments made in cases judged in the last 12 months.

Actually, overtime is controlled by an "electronic timecard system" and paid in the regular course of the employment agreement, and therefore the shares from former employees of the Organization have no relevant prices.

On December 31, 2012, our provision for labor-claim related liabilities rated "probable" reached R\$2,491,257 thousand.

There are no individually material cases based on the above-mentioned criterion.

Civil claims

These claims for moral and property damages mostly relate to protests for non-payment, returned checks, debtor details recorded in credit restriction databases, and repayment of amounts reduced by inflation rate adjustments resulting from economic plans. These actions are controlled individually through our computerized system and provisioned whenever loss is rated "probable", based on the opinions of legal advisors, the nature of actions, similarity with previous cases, complexity and positioning of the courts.

Most of these actions involve petty claims courts, or Special Civil Courts (JECs), in which claims are limited to 40 times the minimum wage, and are not events that could significantly impact the Organization's financial result.

Note the existence of a substantial number of legal actions claiming reimbursement of amounts adjusted by inflation indices when balances held in savings accounts were reduced under economic plans as part of federal government economic policy for combating inflation in the past. Although the Organization complied with the legislation in force at the time, these cases are being provisioned in light of the actions notified so far and the corresponding perspective of loss analyzed from the point of view the current jurisprudence of the Higher Court of Justice (STJ).

Two points should be noted in relation to litigation concerning economic plans: a) there is no significant potential liability, since the right to new claims has been prescribed; and b) the Supreme Court (STF) suspended analysis of all appeals lodged until its final ruling.

On December 31, 2012, our provision for liabilities relating to civil-law actions rated "probable" reached R\$3,715,712 thousand.

4. Risk factors

There are no individually material cases based on the above-mentioned criterion.

Note that repetitive or related civil liability cases based on similar facts or causes, which are considered material as a whole, are listed in item 4.6.

Fiscal and social security obligations

Bradesco Organization has been disputing at judicial level the conformity of some taxes and duties to the laws and federal constitution.

On December 31, 2012, our provision for tax and social security contingencies totaled R\$14,840,224 thousand.

Based on our assessment of materiality, the cases shown below involve tax and social security issues and the chances of losing were rated "remote or possible":

On 11.14.2005 an injunction was obtained authorizing the collection of the COFINS related to October 2005 and thereafter, according to LC No. 70/91, moving away from the applicability of Law No. 9,718/98.

On 10.03.2008 the favorable ruling was published, recognizing the non-enforceability of the COFINS in the terms of paragraph 1 of the article 3 of Law No. 9,718/98, where it is due on the calculation basis in the terms of LC No. 70/91.

On 01/11/2010 the judgement was delivered by TRF 3ª Região, partially upholding the appeal of the Federal Government and requesting the referral officer to exempt the company from the COFINS collection in the terms of paragraph 1 of art. 3 of Law No. 9,718/98, however calculated on the income earned as a result of the execution of its activities, including the financial mediation. An extraordinary appeal has been lodged in a Protective Order envisaging the suspension of the enforceability of the tax credit until

f. principal facts	In July 2006 the company obtained a final decision, where the right to calculate and collect the COFINS on the effective turnover has been recognized, understood as the income earned with the sales of merchandise, merchandise and services, and services of any nature, in the terms of article 2 of LC No. 70/91. Despite the favorable decision to the company, in Feb/ 2010 PGFN decided to transfer the amount to the tax authorities as payment of the income tax for part of the period discussed, whose plea was deferred by the judge on 10/27/2009. Against this deferment, on 11/24/2009 the company filed a Bill of Review which granted a suspension on 11/26/2009 and the appeal given on 12/04/2009. The Federal Treasury filed Special and Extraordinary Appeals against that decision, both of which were dismissed. The Federal Treasury filed an Appeal, which was challenged by the company. Both are waiting for distribution.

Administrative Procedure No. 16327.000190/2011-83 – Credit of COFINS resulting from the success in AO 2006.61.00.003422-0 (expansion of the calculation basis – Law No. 9,718/98), whose qualification was denied by the RFB in 2011, however the compensation also made in 2011 was undeferred.

After being judged as favorable, in the ordinary proceedings, on 06/30/2011 the company filed a request for credit qualification, which was deferred on 08/22/2011. Therefore, the company started using the credit recognized by the RFB, however on 12/14/2011 the company was informed of the decision that denied the compensations made. With this undeferment, the company presented a manifestation of non-conformity which is waiting to be judged by the DRJ. With the presentation of the manifestation of non-conformity against the decision, the collection of the amounts involved have been suspended.

g. chance of losing (probable, possible or remote)

Remote

If the proceedings at the administrative level end in a loss, the case will go to the courts, where the prospects of loss is also remote given the factual and legal grounds involved.

h. analysis of impact if case is lost

In the remote hypothesis of loss after any future legal proceedings, the amount involved will have to be paid, which will sensitize the period's earnings.

i. amount provisioned (if applicable)

There is no contingency provision, since the prospect of losing the case is remote.

Remote

If the case is lost in the administrative sphere, it will be discussed in court, where there is a good chance of success due to the grounds of fact and of right involved.

h. analysis of impact if case is lost

In the hypothesis of loss after any future legal proceedings, the amount involved will have to be paid, which will sensitize the period's earnings.

i. amount provisioned (if applicable)

There is no contingency provision, since the prospect of losing the case is remote.

4. Risk factors

Below, we highlight cases no longer included in this item, compared with the 2012 Reference Form (base date 12/31/2011), and the reasons for their exclusion:

- **Legal Proceedings No. MS 2005.61.00.026014-8** – Proceeding where there is a plea to calculate and collect the Cofins, as per October 2005, on the effective turnover, whose concept is stated in Article 2 of LC No. 70/91, moving away from the unconstitutional expansion of the calculation basis intended by paragraph 1 of Article 3 of Law No. 9,718/98.

Date brought: 11/14/2005.

Case excluded for not reaching the criterion used for materiality.

- **Administrative Procedure No. 16327.721663/2011-80** – Fine of IRPJ and CSLL related to the gloss of expense of premium amortization in the sale of the investment.

Date brought: 12/07/2011.

Case excluded for not reaching the criterion used for materiality.

4.4 - Non-confidential judicial, administrative or arbitration proceedings in which the other parties are managers, former managers, controllers, former controllers, or investors

We are not involved in any case covered by the conditions mentioned in item 4.4.

4.5 - Significant confidential cases

We are not involved in any case covered by the conditions mentioned in item 4.5.

4.6 - Repeated or related significant and non-confidential judicial, administrative or arbitration proceedings, as a whole

Civil liability action in which customers who had amounts invested in savings accounts when government economic plans were introduced (“Bresser Plan,” “Summer Plan” and the “Collor Plan”) claim that they were adversely affected by altered indices used to adjust savings.

a) amounts involved: R\$1,650,730,073.28

b) amount provisioned (if applicable): R\$1,650,730,073.28

c) practice of the issuer or its subsidiary that gave rise to this contingency: Like all the other financial institutions, the issuer complied with legislative programs designed to control inflation in 1987, 1989 and 1999, which were known as the "Bresser Plan," "Summer Plan" and "Collor Plan" respectively. These "Plans" modified indices used for inflation adjustment of amounts in savings accounts. Now, some 20 years

later, account holders alleging losses due to these alterations are asking the courts to order financial institutions to use the previous indices.

Individually none of these cases involve significant amounts.

4.7 - Other material contingencies

There are no significant contingencies other than those covered in previous items.

4.8 - Rules of the country of origin or country in which securities are custodied

Not applicable as Bradesco is not classed as a foreign issuer.

5. Market risk

5.1 - Description of principal market risks

Bradesco is exposed to market risks inherent to its business, such as currency risk and interest rate risk, since its role as financial intermediary involves borrowing and lending/financing using various types of indexers.

As good governance practice for its risk management, Bradesco has an ongoing process for managing its positions, which includes control of all positions exposed to market risk using measures consistent with best practices internationally and the New Capital Accord – Basel II. There is an area monitoring and controlling limits for market risk exposure independently of trading business areas.

Proposed risk limits are validated by specific business committees and ratified by the Risk and Capital Allocation Integrated Management committee, to be submitted for approval by the Board of Directors, depending on the characteristics of transactions, which are separated into the following portfolios:

Trading Portfolio: consists of all transactions with financial instruments, including derivatives, held with the intention of trading or to hedge other trading portfolio assets, and not subject to restrictions on their tradability. Operations remaining for negotiation are those related to resale, acquisition of benefits from effective or expected price changes, or arbitration.

Banking Portfolio: transactions not classified in the Trading Portfolio. Consist of structural transactions derived from the Organization's different lines of business and its respective hedging transactions.

Market Risk Measurement Models

Market risk is measured and controlled using methodologies that are adequate to each situation, such as *Value at Risk (VaR)*, *Economic Value Equity (EVE)*, stress testing and sensitivity analysis, in addition to limits of management of results and financial exposure.

Trading Portfolio and Banking Portfolio Equity Risk

Although controlled separately, risks relating to the Trading and Banking portfolio equity positions are measured using the Delta-Normal VaR methodology, adjusted by Gamma and Vega risks from option operations, for one-day horizons, with a confidence level of 99%, and volatility and correlation levels are calculated using statistical methods that give higher weightings to recent returns.

The Trading Portfolio risk is also controlled by stress testing to quantify the negative impact of economic shocks and events that are financially unfavorable for our positions. Analysis uses stress scenarios prepared by our Market Risk and Economic units, based on historical and prospective data for risk factors affecting Trading Portfolio positions.

Banking Portfolio – Interest Rate Risk

Measurement and control of interest rate risk for the Banking portfolio uses EVE methodology, which measures economic impact on positions arising from scenarios prepared by our Economics units, which chart any positive or negative changes in yield curves affecting our investments and funding efforts.

EVE methodology consists of re-pricing the portfolio subject to interest-rate variation taking into account increases or decreases in the rates used for calculating present value and total tenor/expiration of assets and liabilities. On this basis, the portfolio's economic value is calculated for interest rates on the date of the analysis and for scenarios projected over a one-year horizon. Any difference between the values obtained for the portfolio will be the EVE, or interest-rate risk attributed to the portfolio.

Evolution of Exposure to Risk

This section shows the evolution of Trading portfolio's VaR and stress analysis. Finally, we show the data from sensitivity testing as per the criteria defined in CVM Instruction No. 475/08.

VaR Internal Model – Trading Portfolio

The total value at risk at the end of 2012 showed an increase compared to 2011, as shown in the table below:

Risk Factors	Dec12	R\$ thousand
		Dec11
Fixed	94,956	34,963

VaR at mid year	189,445	81,133
VaR year low	82,476	19,749
VaR year high	540,027	241,081

Stress Analysis – Trading Portfolio

To estimate any loss not covered by VaR, the organization conducts daily assessments of any impacts on positions in stress scenarios for 20-day horizons. Taking into account the effect of diversification across risk factors, the estimated medium possibility of loss in stress situations would be R\$1,388 million in December 2012, while estimated maximum loss would be R\$2,489 million.

	With diversification (with stress situation)		Without diversification (without stress situation)	
	Dec12	Dec11	Dec12	Dec11

Year high	2,489,434	2,267,302	3,346,254	2,813,747

Sensitivity analysis

The Trading portfolio is also monitored by daily sensitivity analysis, which measures the effect of varying market curves and prices on our positions. In addition, we run a quarterly sensitivity analysis of our financial

exposure (*Trading* and *Banking* portfolios) in compliance with CVM Instruction No. 475/08. However, note that the impacts of the *Banking* portfolio's financial exposure (particularly the interest rate and price indices factors) do not necessarily represent potential accounting losses for the Organization. This is because some *Banking* portfolio loans are financed by sight deposits and/or savings, which are natural hedges against any interest-rate fluctuations; interest-rate fluctuations do not have a material impact on our earnings, since securities are intended to be held to maturity.

The sensitivity analysis shown below applies exclusively to the *Trading* portfolio and shows exposures that may have significant impacts on the Organization's results. Note that the results show impacts for each scenario in a static portfolio position. Given the dynamic nature of the market, these positions are continuously changing and do not necessarily reflect the position here stated. In addition, as mentioned previously, the Bank is continuously managing market risk, and constantly analyzing the market's dynamism to find ways of mitigating/minimizing associated risks in accordance with strategy determined by Senior Management. Therefore, in cases of signs of deterioration of a certain position, we take proactive initiatives to minimize possible negative impacts and maximize risk-return ratios for the Organization.

Sensitivity analyses were performed using scenarios prepared for the respective dates, in all cases using market information data for the periods and scenarios that would adversely affect our positions.

Scenario 1: Based on market information (BM&FBovespa, Anbima, etc.), shocks were applied for a 1 basis point interest rate hike and 1% price variation. For example: in the scenario applied to positions as of 12.31.2012, the dollar was quoted at R\$2.06. For the interest-rate scenario, the 1-year fixed rate applied to positions as of 12.31.2012 was 7.15% per annum.

Scenario 2: 25% shocks were determined based on the market. For example: in the scenario applied to positions as of 12.31.2012, the dollar was quoted at R\$2.55. For the interest-rate scenario, the 1-year fixed rate applied to positions as of 12.31.2012 was 8.92% per annum. The scenarios for the other risk factors also accounts for 25% shocks in their yield curves or prices.

Scenario 3: 50% shocks were determined based on the market. For example: in the scenario applied to positions as of 12.31.2012, the dollar was quoted at R\$3.06. For the interest-rate scenario, the 1-year fixed rate applied to positions as of 12.31.2012 was 10.71% per annum. The scenarios for the other risk factors also accounts for 50% shocks in their yield curves or prices.

5.2 - Description of market risk management policy

a) risks for which hedging is sought

The Treasury Department is the only unit in the Organization with a mandate to assume risks in the Trading Portfolio. In addition, Treasury is responsible for decisions to mitigate risk in the financial conglomerate's commercial portfolio, which involves volatility, currency, liquidity, share price and interest rate risk.

All Organization's exposures to market risk are admitted up to the limits established by the Board of Directors, which are reviewed at least annually.

b) asset protection strategy (hedging)

The Organization's Treasury has a hedging policy determining that its hedging transactions must necessarily cancel out or mitigate risks of mismatch in quantities, terms, currencies and indexes, and be within the limits of risk exposure approved by the Board of Directors.

c) instruments used for asset protection (hedging)

Given the characteristics of its business and its international operations, the Organization uses a number of financial instruments for hedging, including trading in securities issued by governments or private companies, as well as exchange-traded or OTC derivatives.

d) Parameters used for managing these risks

Proposed risk limits are validated by specific business committees and ratified by the Risk and Capital Allocation Integrated Management committee, then submitted for approval by the Board of Directors, depending on the characteristics of Trading and Banking portfolio transactions.

The Integrated Risk Control Department acts separately from business management to monitor compliance with limits set and produces management reports to control positions that are sent to business areas and Senior Management, in addition to weekly reports and periodic presentations to the Board of Directors.

The following Trading Portfolio limits are monitored:

- Risk;
- Stress;
- Result; and
- Financial Exposure.

The following Banking Portfolio limits are monitored:

- Interest Rate Risk; and
- Stock Portfolio.

In addition to the above-mentioned limits, there are specific limits for each Treasury Department trader.

e) whether issuer trades in financial instruments for purposes other than asset protection (hedging) and what these purposes are

As part of its proposal as a financial institution, the Organization meets customer demand for *swaps*, term and other transactions, as well as proprietary treasury trades within the limits of market risk exposure set by the Board of Directors.

f) organizational structure for controlling risk management

Market risk management process is carried out in a corporate, centralized and independent way. That process involves several areas with specific duties in market risk measurement and control, what has allowed the Organization to be the first BACEN-authorized financial institution in the country to use its internal market risk models as from January 2013, which had already been used by its management to estimate the statutory capital. The management process approved by the Board of Directors is also revalidated every year by the Board of Directors and its Committees.

The Integrated Risk Control Department's mission is to foster and facilitate control of the Organization's risk and capital allocation activities independently, consistently, and transparently on an integrated basis, and it has the responsibility to:

- Propose methods for measuring risks;
- Detect, calculate, and report risks;
- Control calculated risks in relation to limits set;
- Calculate capital allocation; and
- Propose and decide policies and revisions, rules and procedures relating to market and liquidity risk management.

Macro-process for market risk management

- (1) Planning, Budget and Control Department (“DPOC”);
- (2) Integrated Risk Control Department (“DCIR”);
- (3) Internal Controls and Compliance Department (“DCIC”);
- (4) General Accounting Department (“DCG”);
- (5) Market Relations Department (“DRM”);
- (6) Economic Research and Studies Department (“DEPEC”); and

(7) Organization and Methods Department (“DOM”).

5. Market risk

The market risk is monitored by meetings of the Treasury's Executive Committees, and Market and Liquidity Risk management departments. In addition, monitoring is also carried out by the Integrated Risk Management and Capital Allocation Committee, which is also responsible for holding special meetings to review positions and situations in which risk exposure limits may be exceeded, thus prompting the Board to take measures and adopt strategies for validation as required.

The Integrated Risk Management and Capital Allocation Committee have the following responsibilities:

- ensure compliance with the Organization's risk management policies;
- ensure the efficacy of the risk management process;
- adopt exposure limits by type of risk, depending on risk appetite approved by the Board of Directors;
- validate and submit to the Board of Directors:

- I. policies for risk and capital management;
- II. proposals for risk appetite and exposure limits by type of risks; and
- III. the results of reviews of risk and capital management policies and structures at intervals stated in regulations, or more often;

- report to the Board of Directors on risk management, capital requirements and adequacy, any material alterations of strategies adopted, and the status of business continuity plans;
- be informed of internal and external audit reports pertaining to risk management and results relating to Independent Model Validation;
- regularly inform the Board of Directors of the Committee's activities;
- review and propose to the Board of Directors updates to the Risk Management Executive Committee's rules and regulations when necessary; and
- provide the Board of Directors with comprehensive and integrated overviews of risks and their impacts on capital.

Market and Liquidity Risk Executive Committee has the following responsibilities:

- ensure compliance with the Organization's Risk Management and Market Liquidity policies;
- ensure the efficacy of market and liquidity risk management processes in the ambit of the Organization;
- adopt and revise, in relation to management of market and liquidity risks:

- I. definitions, criteria and tools; and
- II. measure(s) adopted for statistics, econometrics, and mathematical modeling methods;

- evaluate and submit policy structure, roles, responsibilities and procedures of the dependencies involved in market and liquidity risk management for validation by Bradesco's Integrated Risk Management and Capital Allocation Committee, as well as reviews conducted annually or more often;
- validate results from backtesting models and other matters deemed pertinent;
- establish conditions for review works by the validation area separately from models from Internal Control and Compliance Department – DCIC, and by internal and independent audits; and
- delegate responsibilities to technical committees involved in market and liquidity risk management.

Finally, the Treasury Executive Committee's responsibilities are:

- reporting and monitoring performance, behavior and risks of different portfolios and benchmarks maintained by the Organization, including liquidity reserves;
- defining Treasury's strategies to optimize results, based on analyzing political-economic scenarios locally and internationally;
- validating proposed risk exposure tolerance limits for Treasury to be submitted for approval by the Integrated Risk Management and Capital Allocation Committee;
- validating proposed liquidity policy, to be subject to approval by the Integrated Risk Management and Capital Allocation Committee;
- holding special meetings to review positions and situations in which risk exposure and tolerance limits are exceeded; and
- discuss and decide in relation to new products traded on financial markets.

g) adequacy of operational structure and internal controls for verifying the effectiveness of policy adopted

The Organization has its specific Internal Controls and Compliance Department (locally DCIC) which is segregated from those running trading business and corporate risk management, and runs a unit focusing on internal controls and compliance. This department also has a unit tasked with independently validating models and gauging the adherence and adequacy of models used for risk management. Additionally, all the Organization's departments and companies have persons responsible for introducing, appraising and deploying controls, and applicable adherence tests.

There is also the General Inspection Department, which is responsible for the Organization's internal auditing.

5.3 - Significant alterations of principal market risks

In relation to risk management policy, an annual review is conducted by the Board of Directors, and it has not been materially altered in the period.

As shown in item 5.1, there were no alterations in means used for mitigating risks, thus upholding the institution's conservative profile. The bank's risk levels have historically been related to the yield curve of both nominal and real interest rates.

Bradesco forwards daily reports to the Central Bank showing the market risk of its trading portfolio, with its exposures to foreign currency and commodities. In this case, the reported risk is calculated based on the standard model established by the Central Bank and on the internal model as from January 2013, and is used to measure the regulatory capital the Organization must hold to support risks involved in its activities. Therefore, like other financial institutions, the Bradesco Organization operates in accordance with Central Bank rules, and its risks are subject to the Basel index, which determines an institution's maximum leverage depending on its reference equity.

5.4 - Other material information

Bradesco supplies weekly reports to its Senior Management, its Board of Directors and the Central Bank of Brazil showing interest rate risk for its Banking Portfolio, which include all the financial conglomerate's companies.

6.3 - Brief history

Banco Bradesco S.A. was founded in 1943 as a commercial bank under the name of Banco Brasileiro de Descontos S.A. In 1948, we embarked on a period of intensive growth to become the largest private-sector commercial bank in Brazil by the late 1960s. We expanded our activities all over Brazil in the 1970s, and gained new urban and rural markets.

In 1988, as authorized by the Central Bank of Brazil, Bradesco was reorganized as a "multiple bank" or "universal bank;" the housing finance company was absorbed in order to operate commercial and real estate portfolios, and its business name was altered to Bradesco S.A. – Banco Comercial e de Crédito Imobiliário and on 01.13.1989, it was again changed to Banco Bradesco S.A.

In 1989, the company known as Financiadora Bradesco S.A. Crédito, Financiamento e Investimentos altered its business name and its business purpose, which led to the Central Bank of Brazil canceling its authorization to operate as a financial institution, and its Credit, Financing and Investment Portfolio was then constituted, and in 1992 Banco Bradesco de Investimento S.A. (BBI) was absorbed by Bradesco, when the Investment Portfolio was assembled.

We are one of Brazil's largest private-sector banks in terms of total assets. We provide a wide range of banking products and financial services in Brazil and internationally for individuals and business (small, mid-size and large companies). We have the most extensive private sector branch and service network in Brazil, allowing us to reach a diverse customer base. Our products and services include banking transactions such as: making loans and accepting deposits, issuing credit cards, managing groups of consumers buying durables by installment (known locally as "consortiums"), insurance, certificated savings plans with prize draws, leasing, collection and payment processing, private pension plans, asset management, and broker and dealer services for financial securities.

7. Issuer Business Activities

7.1 - Description of the business activities of the issuer and its subsidiaries

We were founded in 1943 as a commercial bank under the name "Banco Brasileiro de Descontos S.A." In 1948, we began a period of aggressive expansion, which led to our becoming the largest private sector (non government controlled) commercial bank in Brazil by the end of the 1960s. We expanded our activities nationwide during the 1970s and conquered urban and rural markets in Brazil. In 1988 we merged with our real estate finance, investment bank and consumer credit subsidiaries to become a multiple service bank and changed our name to Banco Bradesco S.A.

We are currently one of the largest banks in Brazil in terms of total assets. We offer a wide range of banking and financial products and services in Brazil and abroad to individuals, large, mid sized and small companies and major local and international corporations and institutions. We have the most extensive private sector branch and service network in Brazil, allowing us to reach a diverse customer base. Our products and services encompass banking operations such as loans and advances and deposit taking, credit card issuance, purchasing consortiums, insurance, leasing, payment collection and processing, pension plans, asset management and brokerage services.

We operate and manage our business through two operational segments: (i) the banking segment and (ii) the insurance, pension and capitalization bonds segment.

Our segments are managed on the basis of the types of products and services offered and their related customer bases.

In our bank segment, we offer a range of bank products and services to our customers, including deposit, loan and advance operations, debt and credit cards and capital market services through our extensive distribution network. In our insurance, social security and capitalization segment, we offer to our customers a range of products and services including life, health, accident, automotive and property insurance; individual and corporate pension plans, as well as capitalization bonds, through our extensive distribution network.

The Organization was originally registered with the "BM&FBovespa" (São Paulo Stock Exchange) and subsequently with the "NYSE" (New York Stock Exchange).

7.2 - Information on operational segments

a) products and services marketed

We operate through two principal operating segments: (i) the banking segment and (ii) the insurance, pension plans and capitalization bonds segment. The following diagram shows the main elements of the business segments:

Banking

We have a diverse customer base that includes individuals and small, mid-sized and large companies in Brazil. Historically, we have cultivated a stronger presence among the broadest segment of the Brazilian market, middle- and low-income individuals.

We have a segmented customer base and we offer the following range of banking products and services in order to meet the needs of each segment:

- deposit-taking with customers, including checking accounts, savings accounts and time deposits;
- loans and advances (individuals and companies, real estate financing, microcredit, onlending BNDES funds, rural credit, leasing, among others);
- credit cards, debit cards and pre-paid cards;
- management of receipts and payments;
- asset management;
- services related to capital markets and investment banking activities;
- intermediation and trading services;
- custody, depositary and controllership services;
- international banking services; and
- purchasing consortiums.

7. Issuer Business Activities

Insurance, pension plans and capitalization bonds

We offer insurance products through a number of different entities, which we refer to collectively as Grupo Bradesco Seguros. Grupo Bradesco is the largest insurer group in Brazil by total revenues and technical provisions, according to data published by SUSEP and ANS. The group provides a wide range of insurance products for both individuals and corporate customers. Products include health, life, personal accident, automobile and other assets.

b) the segment's revenue and its share of the issuer's net revenues

The following segment information was compiled from reports forwarded to Management to assess performance and take decisions on the allocation of funds for investment and other purposes. Management uses different types of data, including financial data, related to accounting practices adopted in Brazil, and non-financial data measured on different bases.

The segment's key assumptions for its revenues and expenses include the following: (i) cash surpluses held by the insurance, pensions and capitalization bonds businesses, which are included in this segment, resulting in increased net interest income; (ii) salaries and benefits and administrative costs included in the insurance, pensions and capitalization bonds segment, which consist solely of costs directly related to these operations; and (iii) costs incurred in the banking segment for our branch infrastructure and other overheads that are not allocated.

7.3 - Information on products and services relating to the operational segments

a) Characteristics of the product process

We present below some characteristics of the main products and services of Banco Bradesco.

Banking

Deposit-taking

We offer a variety of deposit products and services to our customers through our branches, including:

- Non-interest-bearing checking accounts, such as:
- **Easy Account** (*Conta Fácil*) – customers have a checking account and a savings account under the same bank account number, using the same card for both accounts;
- **Click Account** (*Click Conta*) – no-fee checking account for minors (from 11 to 17 years old), with exclusive website and debit card, automatic pocket money service and free online courses, among other benefits;
- **Academic Account** (*Conta Universitária*) – low fee checking account for college students, with subsidized credit conditions, exclusive website and free online courses, among other benefits; and
- **Cell Phone Bonus Account** (*Conta Bônus Celular*) – monthly checking account fees are awarded as bonus for the customers' prepaid cell phone.
- Traditional savings accounts, which currently earn the Brazilian reference rate, or *taxa referencial*, known as the "TR," plus 6.2% annual interest in the case the SELIC rate is higher than 8.5% *per annum* or TR plus 70% of the SELIC rate if the SELIC rate is lower than 8.5% *per annum*;
- Time deposits, which are represented by Bank Deposit Certificates (*certificados de depósito bancário* – or "CDBs"), and earn interest at a fixed or floating rate; and
- Deposits exclusively from financial institutions, which are represented by Interbank Deposit Certificates (*certificados de depósito interbancário* – or "CDIs"), and earn the interbank deposit rate.

As of December 31, 2012, we had 25.7 million checking account holders, 24.2 million of which were individual account holders and 1.5 million corporate account holders. As of the same date, we had 48.6 million savings accounts. In the same period, our deposits (excluding deposits from financial institutions)

totaled R\$210.7 billion and we had a 13.9% share of the Brazilian savings deposit market, according to the latest information available at the Central Bank in December 2012.

We offer our customers certain additional services, such as:

- "Identified deposits," which allow our customers to identify deposits made in favor of a third party by using a personal identification number; and
- Real-time "banking transfers" from a checking or savings account to another checking or savings account, including accounts at other banks.

Loans and advances to customers

Our loans and advances to customers, mostly consumer credit, corporate and agricultural-sector loans, totaled R\$289.7 billion as of December 31, 2012.

Loans and advances to consumers

Our significant volume of individual loans enables us to avoid concentration on any individual loans on the performance of our portfolio and helps build customer loyalty. They consist primarily of:

- short-term loans, extended through our branches to checking account holders and, within certain limits, through our ATM network. These short-term loans are on average repaid in four months with an average interest rate of 6.6% per month as of December 31, 2012;

7. Issuer Business Activities

- vehicle financings are on average repaid in 15 months with an average interest rate of 1.3% per month as of December 31, 2012; and
- overdraft loans on checking accounts (or "Cheque Especial"), which are on average repaid in one month, at interest rates varying from 8.1% to 8.8% per month as of December 31, 2012.

We also provide revolving credit facilities and traditional term loans. As of December 31, 2012, we had outstanding advances, vehicle financings, consumer loans and revolving credit totaling R\$69.1 billion, or 23.9% of our portfolio of loans and advances as of that date. On the basis of loans outstanding on that date, we had a 12.9% share of the Brazilian consumer loan market, according to information published by the Central Bank.

Banco Bradesco Financiamentos ("Bradesco Financiamentos") offers direct-to-consumer credit and leasing for the acquisition of vehicles and payroll-deductible loans to the public and private sectors in Brazil.

Together with BF Promotora de Vendas Ltda. ("BF Promotora"), under the "Bradesco Financiamentos" brand, we offer financing and/or leasing for vehicles through our extensive network of correspondents in Brazil, which includes retailers and dealers of light vehicles, trucks and motorcycles.

Under the "Bradesco Promotora" brand, we offer payroll-deductible loans to social security retirees and pensioners, public-sector employees, military personnel and private-sector companies sponsoring plans, and other aggregated products (insurance, capitalization bonds, cards, purchasing consortiums, and others).

Real estate financing

As of December 31, 2012, we had 69,857 outstanding real estate loans. Among the facilities the production of which was financed to construction and incorporation companies by financial entities, we accounted for a participation of 35.1%, according to data made available by the Central Bank. As of December 31, 2012, the aggregate outstanding amount of our real estate loans amounted to R\$22.3 billion, representing 7.7% of our portfolio of loans and advances.

Real estate financing is made through the Housing Finance System – SFH (*Sistema Financeiro Habitacional*), by the Housing Mortgage Portfolio – CHH (*Carteira Hipotecária Habitacional*) or by the Commercial Mortgage Portfolio –CHC (*Carteira Hipotecária Comercial*). Loans from SFH or CHH feature variable-installment repayments and annual interest rates ranging from 8.9% to 11.0% plus TR, or 13.0% from CHC.

Residential SFH and CHH loans are to be repaid within 30 years and commercial loans within 10 years.

Our individual loans made for construction purposes are repaid within 360 months, with 24 months to completion of construction, a two-month grace period and the remainder for repaying the loan. Payments are made at the interest rate of 10.5% *per annum* plus TR variation for real estate falling into the SFH rules, or interest rates of 11.0% *per annum* plus TR variation for real estate falling into the CHH.

We also extend corporate financing for builders under the SFH. These loans are for construction purposes and typically specify 36 months for completion of construction work and repayments starting within 36 months after official registration of the building. These loans are charged the TR plus an annual interest

rate of 12 to 13% during the construction stage for SFH loans, and TR plus an annual interest rate of 14% for CHH loans.

Central Bank regulations require us to provide real estate financing in the amount of at least 65% of the balance of our savings accounts. In addition to real estate financing, mortgage notes, charged-off real estate financing, and other financings can be used to satisfy this requirement. We generally do not finance more than 80% of the purchase price or the market value of a property, whichever is lower.

In November and December 2012, the Central Bank authorized and defined the conditions for the issuance of real estate credit notes through Investment banks.

51– Reference Form – 2013

Microcredit

We extend microcredit to low-income individuals and small companies, in accordance with Central Bank regulations requiring banks to use 2% of their cash deposits to provide microcredit loans. We started providing microcredit loans in August 2003. As of December 31, 2012, we had 83,778 microcredit loans outstanding, totaling R\$80.3 million.

In accordance with Central Bank regulations, most microcredit loans are charged at a maximum effective interest rate of 2% per month. However, microcredit loans for certain types of business or specific production have a maximum effective interest rate of 4% per month. The CMN requires that the maximum amount loaned to a borrower be limited to (i) R\$2,000 for individuals in general, (ii) R\$5,000 for individuals developing certain professional, commercial or industrial activities or for micro companies, and (iii) R\$40,000 for microcredit loans in certain segments. In addition, microcredit loans must be not for less than 120 days, and the origination fee must be 2.0% to 3.0% of the loan value.

BNDES onlending

The Brazilian government has a program to provide government-funded long-term loans with below-market interest rates to sectors of the economy that it has targeted for development. We borrow funds under this program from either (i) BNDES, the federal government's development bank, or (ii) *Agência Especial de Financiamento Industrial* (Finame), or "Finame," the equipment financing subsidiary of BNDES. We then on-lend these funds to borrowers in targeted sectors of the economy. We determine the spread on the loans based on the borrowers' credit. Although we bear the risk for these BNDES and Finame onlending transactions, they are always secured.

According to BNDES, we disbursed R\$12.4 billion, 67.6% of which was loaned to micro, small and medium-sized companies in 2012. Our BNDES onlending portfolio totaled R\$35.7 billion as of December 31, 2012, and accounted for 12.3% of our portfolio of loans and advances at that date.

Other local commercial loans

We provide traditional loans for the ongoing needs of our corporate customers. We had R\$91.1 billion of outstanding other local commercial loans, accounting for 31.4% of our portfolio of loans and advances as of December 31, 2012. We offer a range of loans to our Brazilian corporate customers, including:

- short-term loans of 29 days or less;
- working capital loans to cover our customers' cash needs;
- guaranteed checking accounts and corporate overdraft loans;
- discounting trade receivables, promissory notes, checks, credit card and supplier receivables, and a number of other receivables;

- financing for purchase and sale of goods and services;
- corporate real estate financing;
- investment lines for acquisition of assets and machinery; and
- guarantees.

These lending products generally bear an interest rate of 0.8% to 8.3% per month.

Rural loans

We extend loans to the agricultural sector by financing demand deposits, BNDES onlendings and our own funds, in accordance with Central Bank regulations. As of December 31, 2012, we had R\$11.6 billion in outstanding rural loans, representing 4.0% of our portfolio of loans and advances. In accordance with Central Bank regulations, loans arising from compulsory deposits are paid a fixed rate. The annual fixed rate was 5.5% as of December 31, 2012. Repayment of these loans generally coincides with agricultural harvest and principal is due when a crop is sold, except for BNDES onlending for rural investment which is repaid within five years with repayments on a semi-annual or annual basis. As security for such loans, we generally obtain a mortgage on the land where the agricultural activities being financed are conducted.

7. Issuer Business Activities

Since July 2012, Central Bank regulations require us to use at least 34% of our checking account deposits to provide loans to the agricultural sector. If we do not reach 34%, we must deposit the unused amount in a non-interest-bearing account with the Central Bank.

Leasing

According to ABEL, as of December 31, 2012, our leasing companies were among the sector leaders, with a 19.5% market share. According to this source, the aggregate discounted present value of the leasing portfolios in Brazil as of December 31, 2012 was R\$41.3 billion.

As of December 31, 2012, we had 319,721 outstanding leasing agreements totaling R\$8.0 billion, representing 2.8% of our portfolio of loans and advances.

The Brazilian leasing market is dominated by large banks and both domestic- and foreign-owned companies affiliated with vehicle manufacturers. Brazilian lease contracts generally relate to motor vehicles, computers, industrial machinery and other equipment.

Most of our leases are financial (as opposed to operational). Our leasing operations primarily involve the leasing of trucks, cranes, aircraft and heavy machinery. As of December 31, 2012, 66.8% of our outstanding leases were vehicle leases, compared with 56.7% in the Brazilian leasing market as a whole.

We conduct our leasing operations through our primary leasing subsidiary, Bradesco Leasing and also through Bradesco Financiamentos.

We obtain funding for our leasing operations primarily by issuing debentures and other securities in the domestic market.

As of December 31, 2012, Bradesco Leasing had R\$67.7 billion of debentures outstanding in the domestic market. These debentures will mature in 2028 and bear monthly interests at the CDI rate.

Terms of leasing agreements

Financial leases represent a source of medium and long-term financing for Brazilian customers. Under Brazilian law, the minimum term of financial leasing contracts is 24 months for transactions relating to products whose average life of five years or less, and 36 months for transactions for those with an average useful life of five years or more. There is no legal maximum term for leasing contracts. As of December 31, 2012, the remaining average maturity of contracts in our lease portfolio was approximately 51 months.

Credit cards

In 1968, Bradesco was the first bank to issue credit cards in Brazil, and as of December 31, 2012, we were one of Brazil's largest card issuers with a base of 93.1 million credit and private-label cards. We offer Visa,

American Express, Elo, MasterCard credit and private label cards, which are accepted in over 200 countries.

We signed an agreement with Claro (mobile network operator) to operate in the mobile payment segment (M-Payment). Among other initiatives, we and Claro launched the virtual wallet (prepaid card operated via mobile phone) and the use of NFC (Near Field Communication) technology in transactions via mobile phone. In December 2012, we started to issue debit cards with NFC technology for the Prime Segment customers, in addition to announcing the development of the same NFC technology for mobile phones.

We earn revenues from our credit card operations through:

- fees on purchases carried out in commercial establishments;
- issuance fees and annual fees;
- interest on credit card balances;
- interest and fees on cash withdrawals through ATMs; and
- interest on cash advances to cover future payments owed to establishments that accept credit cards.

7. Issuer Business Activities

We offer our customers the most complete line of credit cards and related services, including:

- cards issued for use restricted to Brazil;
- credit cards accepted nationwide and internationally;
- credit cards directed toward high net worth customers, such as Gold, Platinum and Infinite/Black from Visa, American Express and MasterCard brands;
- cards that combine credit and debit features in a single card, which may be used for traditional banking transactions and shopping;
- corporate credit cards accepted nationwide and internationally;
- co-branded credit cards, which we offer through partnerships with companies;
- "affinity" credit cards, which we offer through associations, such as sport clubs and non-governmental organizations;
- "CredMais" credit cards for employees of our payroll processing customers, which have more attractive revolving credit fees, and "CredMais INSS" credit cards for INSS pensioners and other beneficiaries with lower financing interest rates;
- private label credit cards, which we only offer to customers of retailers, designed to increase business and build customer loyalty for the corresponding retailer, which may or may not have a restriction on making purchases elsewhere;
- "CPB" and "EBTA," virtual cards for corporate customers with the management and control of airline ticket expenses;
- Bradesco's card for transportation companies, shippers, risk management companies and truck drivers, with both prepaid and debit card functionalities;
- "Contactless," which enable customers to simply place the card next a scanner to make a payment;
- "MoneyCard – Visa Travel Money and Global Travel Card" are prepaid international cards designed for foreign currency transactions, which target international travel;
- "Agrocard Bradesco" – created for farmers and combines the features of a credit card and a debit card. Holders of these cards can use them to buy farm products in stores authorized by Cielo;
- "Corporate Mastercard Black card" – created for executives offering exclusive services including Priority Pass, which provides access to more than 600 VIP lounges in airports, and Showpass, which facilitates the purchase of theatre tickets and promotions through Plataforma Black;
- "Prepax Presente prepaid cards" – issued by Alelo, a modern, practical and safe alternative for gifts in weddings, birthdays and graduations, among other events. The purchaser establishes the credit amount and is given the option of selecting a commemorative theme or customizing the card with a personal

image;

- “Elo Food, Meal and Christmas Meal benefit cards” – in addition to reducing operating costs, the value proposal of this business is to enhance the efficiency of payment means, with 100% of virtual transactions, by offering more security and convenience to companies and workers; and
- Utility Bills and Taxes Payment Services (via bar code) by way of the credit card option, in the internet banking channel. With this service, customers have up to 40 days to concentrate the payment of bills on a single date and also generate points/credits to the Rewards Programs they have with their Bradesco Cards.

As of December 31, 2012, we had more than 62 partners with whom we offered co-branded, affinity and private label/hybrid credit cards. These relationships have allowed us to integrate our relationships with our customers and offer our credit card customers banking products, such as financing and insurance.

Debit cards

We first issued debit cards in 1981 under the name "*Bradesco Instantâneo*." In 1999, we started converting all of our *Bradesco Instantâneo* debit cards into new cards called "*Bradesco Visa Electron*." Bradesco debit cardholders can use them to purchase goods and services at establishments or make withdrawals through our self-service network in Brazil or the "Plus" network worldwide. Purchase amounts are debited to the cardholder's Bradesco account, thus eliminating the inconvenience and bureaucracy of writing checks.

Management of receipts and payments

In order to meet the cash management needs of our customers in both public and private sectors, we offer many electronic solutions for receipt and payment management, supported by a vast network of branches, bank correspondents and electronic channels, all of which aim to improve speed and security for customer data and transactions.

These solutions include: (i) collection and payment services and (ii) online resource management enabling our customers to pay suppliers, salaries, and taxes and other levies to governmental or public entities.

These solutions, which can also be customized, facilitate our customers' day-to-day tasks and help to generate more business.

We also earn revenues from fees and investments related to collection and payment processing services and, also by funds in transit received up to its availability to the related recipients.

Global cash management

Global Cash Management aims at structuring solutions to foreign companies operating in the Brazilian market and Brazilian companies making business in the international market. By way of customized solutions, partnerships with international banks and access to the SWIFT network, we offer products and services for carrying out the cash management of these companies.

Solutions for receipts and payments

In 2012, we processed 857 million receipts through our collection system, checks custody service, identified deposits and credit orders via our teleprocessing system (credit order by teleprocessing or OCT), which was 8.6% more than in the same period of 2011.

In 2012 the volume processed through virtual means (Pag-For Bradesco, Net Empresa and Online Tax Payment) was 545 million documents, which represented a 20.9% increase as compared to the same period of 2011.

Production chain solutions

The Production Chain area seeks to search for customized solutions for our customers, tailored to the characteristics of each sector and economic activity. The purpose of this operation is to facilitate the relationship and interconnection among all production chain elements – anchor companies, their customers, suppliers, distributors, service providers, and employees, among others. Accordingly, it is possible to expand the customer base, increase business volume and strengthen the customer's loyalty to the Bank, by way of structured and driven actions.

Franchising solutions

The Franchising area seeks to search for customized solutions driven to the characteristics and needs of the Brazilian franchising sector (franchisers and franchisees). The purpose of this operation is the centralized servicing to all franchisees of the networks accredited to the Bank, thus improving the number of customers and the business volume in this significant sector of the Brazilian economy.

Public authority solutions

Public administration also requires agility and technology in its everyday activities. We have a business area specifically to serve this market, which offers specialized services to entities and bodies of the Executive, Legislative and Judiciary branches at federal, state and municipal levels, in addition to independent governmental agencies, public foundations, state-owned and mixed companies, the armed forces (army, navy and air force) and the auxiliary forces (federal and state police forces) and notary officers and registrars, identifying business opportunities and structuring customized solutions.

Our exclusive website developed for these customers (www.bradescopoderpublico.com.br) poses corporate solutions for federal, state and municipal governments for payments, receipts, human resources and treasury services, meeting the needs and expectations of the Executive, Legislative and Judiciary branches. The portal also features exclusive facilities for public employees and the military showing all of our products and services for these customers.

The relationship works through exclusive service platforms located nationwide, with specialized relationship managers to provide services to these customers.

In 2012 the Bank took part in bidding processes sponsored by the Brazilian Government and was successful in over 90% of these processes. Furthermore, we became leaders in payments of INSS (Social Security National Service) benefits, with approximately 7.3 million retirees and pensioners.

Asset management

We administer and manage assets by way of:

Real estate financing

- mutual funds;
- individual and corporate investment portfolios;
- pension funds, including assets guaranteeing the technical provisions of *Bradesco Vida e Previdência*;
- insurance companies, including assets guaranteeing the technical provisions of *Bradesco Seguros*; and
- Receivable funds (FIDCs –*Fundos de Investimento em Direitos Creditórios*), FIIs (Real Estate Investment Funds) and private equity funds (FIPs –*Fundos de Investimento em Participações*).

On December 31, 2012, we managed 1,373 funds and 231 portfolios, providing services to 3.2 million investors. These funds comprise a wide group of fixed-income, non-fixed income and multimarket funds, among others.

The following tables show our portfolio of assets under management by number of investors, and number of investment funds and managed portfolios for each period.

Structured operations

Bradesco BBI develops structures and solutions to its customers, in terms of financing, by using a number of funding tools by companies, including those involving securitization. Additionally, Bradesco BBI stands out in the acquisition finance segment. Notable examples include the financing by Cosan to acquire Comgás in the amount of R\$3.3 billion, and the financing by Intercement to acquire Cimpor in the amount of R\$1.5 billion.

57– Reference Form – 2013

In 2012, it held outstanding positions in the ranking published by ANBIMA, in securitization and the issuance of real estate receivables certificates (CRI), when it structured 13 CRIs, in the amount of R\$1.3 billion.

Bradesco also coordinated two significant offerings of real estate funds in the capital market, the “BB Progressivo II Fundo de Investimento Imobiliário” and the “FII BTG Pactual Corporate Office Fund” in the amount of R\$3.6 billion.

Mergers and acquisitions

Bradesco BBI provides financial advisory services in Brazil and abroad, to Brazilian and foreign customers in mergers, acquisitions, sales of companies and assets, private placement, incorporation of joint ventures, financial and corporate restructurings and privatizations. In 2012 Bradesco BBI consolidated its position as one of main banks in the M&A segment in Brazil, ranking 2nd among the banks which most provide advisory services to mergers and acquisitions in Brazil, according to ANBIMA.

Project finance

Bradesco BBI offers financial advisory and structuring services to Project and Corporate Finance projects. Bradesco BBI has excellent relationships with various development agencies such as Banco Nacional de Desenvolvimento (“BNDES”), Banco Interamericano de Desenvolvimento (“BID”) and International Finance Corporation (“IFC”), also searching for solutions through credit and capital markets in the local and foreign segments.

Bradesco BBI operates in power generation and transmission sectors, port complexes, mining operations, logistics, in addition to oil and gas. In 2012 Bradesco BBI took part in the financial advisory and structuring of over 30 projects, which totaled approximately R\$60 billion in investments.

Intermediation and trading services

Bradesco S.A. CTVM (or “Bradesco Corretora”) trades stocks, options, stock lending, public offerings and forwards. It also offers a wide range of products such as Brazilian government securities (under the *Tesouro Direto* program), BM&F trading and real estate funds, which are tailored to the needs of high net-worth individuals, major corporations and institutional investors.

In 2012, Bradesco Corretora traded more than R\$86.0 billion in the BM&FBOVESPA equities market and the exchange ranked it 15th in Brazil in terms of total trading volume.

In addition, in the same period, Bradesco Corretora traded 27,412,044 futures, swaps and options totaling R\$2,595.0 billion on the BM&FBOVESPA. According to the BM&FBOVESPA, in 2012, Bradesco Corretora

ranked 9th in the Brazilian market, in terms of the number of options, futures and swaps contracts executed.

With more than 40 years of tradition and efficiency in capital markets, Bradesco Corretora was also the first in the market to provide its customers with DMA-Direct Market Access. DMA is an innovative computer order routing service that enables investors to buy or sell assets directly in BM&FBovespa's market, with all convenience and security, without leaving home or the office.

In 2012, BM&FBOVESPA, through its Operational Qualification Program, awarded the five Qualification Seals (Agro Broker, Carrying Broker, Execution Broker, Retail Broker and Web Broker) to Bradesco Corretora, indicating excellence in futures transactions.

Bradesco Corretora offers its customers the possibility to trade securities on the Internet through its "Home Broker" service. In 2012, "Home Broker" trading totaled R\$10.5 billion, or 1.9% of all Internet transactions on BM&FBovespa, and Bradesco Corretora was the 15th largest Internet trader in the Brazilian market.

7. Issuer Business Activities

Bradesco Corretora offers its customers a full range of services in investment analysis with coverage of the main sectors and companies of the Brazilian market. With a team of 29 analysts, it is composed of sector specialists (senior and assistant analysts), who fairly disclose their opinions to the customers by way of follow-up reports and instruction guides, with a wide range of projections and comparison multiples. Bradesco Corretora also has a team of its own economists dedicated to the customers' specific demands, focused on the stock market. Over 700 reports, in English and Portuguese, are monthly forwarded to the most important investors domiciled in Brazil, the United States, Europe and Asia.

Through Bradesco Corretora's "Share Rooms Project," our customers have access to professionals that are able to advise on investing in the BM&FBOVESPA. Our constantly-expanding network of share rooms currently consists of 15 share rooms located throughout Brazil. This means that Bradesco Corretora provides direct customer service and closer relations with customers, training and certifying employees for a range of operations. This channel is very profitable and enjoys a high-level of take-up from investors, making for closer relations with our network of branches as loyal customers concentrate their funds with us.

Bradesco Corretora also offers its services as a representative of non-resident investors for transactions in the financial and capital markets, in accordance with CMN Resolution No. 2,689/00, which we refer to as "Resolution No. 2,689/00."

Custody, depositary and controllership services

In 2012, we were one of the main providers of capital market services and retained leadership in the domestic asset custody market, according to the ANBIMA ranking. Our modern infrastructure and specialized team offer a broad range of services such as: asset registration (shares, BDR - Brazilian Depositary Receipts, investment fund shares, Certificates of Real Estate Receivables or CRIs, and debentures); qualified custody for securities; custody of shares underlying Depositary Receipts (DRs); controllership services for investment funds ("CVM Instruction No. 409" Funds and Structured Funds) and managed portfolios; trustee and management services for investment funds; offshore funds; custody and representation for foreign investors; agent bank; depositary (escrow account - trustee) and clearing agent.

We submit our processes to the Quality Management System ISO 9001:2008 and GoodPriv@cy certifications. Bradesco Custódia alone has 10 quality related and three protection and data privacy certifications.

As of December 31, 2012, Bradesco Custódia offered:

Our international transactions are coordinated by our foreign exchange department in Brazil with support from 29 operational units specializing in foreign exchange businesses located at major exporting and importing areas nationwide.

Foreign branches and subsidiaries

Our foreign branches and subsidiaries are principally engaged in trade finance for Brazilian companies. Bradesco Europe also provides additional services to the private banking segment. With the exception of Bradesco Services Japan and Bradesco Trade Services, our branches abroad are allowed to receive deposits in foreign currency from corporate and individual customers and extend financing to Brazilian and non-Brazilian customers. Total assets of the foreign branches, excluding transactions between related parties, were R\$122.1 billion, as of December 31, 2012, denominated in currencies other than the *real*.

Funding required for import and export finance is mainly obtained from the international financial community, through credit lines granted by correspondent banks abroad. As an additional source of funding, we issued debt securities in international capital markets which amounted to US\$15.4 billion in 2012.

Bradesco Argentina – To expand our operations in Latin America, in December 1999, we established our subsidiary in Argentina, Bradesco Argentina, the general purpose of which is to extend financing, largely to Brazilian companies established locally and, to a lesser extent, to Argentinean companies doing business with Brazil. In order to start its operations, we capitalized that subsidiary with R\$54.0 million from March 1998 to February 1999, and a further R\$27.2 million in May 2007. In October 2011, we made another

capital injection in the amount of R\$70.1 million. As of December 31, 2012, Bradesco Argentina recorded R\$154.5 million of total assets.

Bradesco Europe (Bradesco Luxembourg's current business name) – In April 2002, we acquired full control of Banque Banespa International S.A. in Luxembourg and changed its name to Banco Bradesco Luxembourg S.A. In September 2003, Mercantil Luxembourg was merged into Banco Bradesco Luxembourg and the surviving entity was named Banco Bradesco Luxembourg. In January 2011, we made a capital injection of US\$200 million. As of December 31, 2012, its total assets were R\$4.4 billion.

Bradesco Services Japan – In October 2001, we incorporated Bradesco Services Japan to provide support and specialized services to the Brazilian community in Japan, including remittances to Brazil and advice regarding investments within Brazil. As of December 31, 2012, its assets totaled over R\$1.5 million.

Bradesco Trade Services – A non-financial institution and a subsidiary of our branch in the Cayman Islands, which we incorporated in Hong Kong in January 2007, in partnership with the local Standard Chartered Bank.

Bradesco Securities (U.S., U.K. and H.K.) - Bradesco Securities, our wholly owned subsidiary, is a broker dealer in the United States, England and Hong Kong:

- The focus of Bradesco Securities U.S. is on facilitating the purchase and sale of shares, primarily in the form of ADRs and common shares ADRs. It is also an authorized dealer in bonds, commercial paper and deposit certificates, among other securities, and may provide investment advisory services. Currently, we act as custodian for 21 ADR programs of Brazilian companies traded on the New York Stock Exchange. As of December 31, 2012, Bradesco Securities U.S. had assets of R\$58.7 million;

7. Issuer Business Activities

- Bradesco Securities U.K. focuses on the intermediation of equities and fixed income operations in the primary and secondary markets for companies needing to access international capital markets; it also operates in the distribution of BRAM (Bradesco Asset Management) funds in the European market. On December 31, 2012, Bradesco Securities U.K. had assets of R\$16.2 million; and
- Bradesco Securities H.K. focuses on the trading of ADRs and public and private securities issued by Brazilian companies to global institutional investors. On December 31, 2012, Bradesco Securities H.K. had assets of R\$9.1 million.

Cidade Capital Markets - In February 2002, Bradesco acquired Cidade Capital Markets in Grand Cayman, due to the acquisition of its controller in Brazil, Banco Cidade. As of December 31, 2012, Cidade Capital Markets had R\$79.9 million in assets.

Bradesco North América LLC - was incorporated in August 2011 and will be used as a holding company focused on Bradesco's investments in non-bank businesses in the United States. As of December 31, 2012, its total assets was R\$7.3 million.

Banking operations in the United States

In January 2004, the United States Federal Reserve Bank authorized us to operate as a financial controlling company in the United States. As a result, we may do business in the United States directly or through a subsidiary, and, among other lines, may sell insurance products and certificates of deposit, provide underwriting services, act as advisors on private placements, provide portfolio management and merchant banking services and manage mutual fund portfolios.

Import and export finance

Our Brazilian foreign-trade related business consists of export and import finance.

We provide foreign currency payments directly to foreign exporters on behalf of Brazilian importers, which are linked to the receipt of local currency payments by the importers. In export finance, exporters obtain advances in *reais* on closing an export forex contract for future receipt of foreign currency on the contract due date. Export finance arrangements prior to shipment of goods are known locally as Advances on Exchange Contracts or "ACCs," and the sums advanced are used to manufacture goods or provide services for export. If advances are paid after goods or services have been delivered, they are referred to as Advances on Export Contracts, or "ACEs."

Other types of export finance include export prepayments, onlendings from BNDES-EXIM funds, export credit notes and bills (referred to locally as "NCEs" and "CCEs"), and the PROEX rate equalization program.

Our foreign trade portfolio is funded primarily by credit lines from correspondent banks. We maintain relations with various American, European, Asian and Latin American financial institutions for this purpose, using our network of approximately 1,000 correspondent banks abroad, 74 of which extended lines of credit

as of December 31, 2012.

As of December 31, 2012, our international unit had a balance of R\$28.0 billion in export financing and R\$8.2 billion in import financing and international finance. The volume of our foreign exchange contracts for exports reached US\$45.2 billion in 2012. In the same period, the volume of our foreign exchange contracts for imports reached US\$35.2 billion. In 2012, based on Central Bank data, we reached a 19.2% market share of trade finance for Brazilian exports and 16.4% for imports.

Foreign exchange products

In addition to import and export finance, our customers have access to a range of services and foreign exchange products such as:

- cash holding in other countries;
- collecting import and export receivables;
- cashing checks denominated in foreign currency;
- foreign loans to customers (Decree-Law No. 4,131/62);
- service agreements – receiving funds from individuals abroad via money orders;
- prepaid cards with foreign currency (individuals);
- structured foreign currency transactions through our foreign units; and
- international financial clearance certificate.

Purchasing consortiums

In Brazil, persons or entities that wish to acquire certain goods may set up a group known as a "consortium," in which members pool their resources to facilitate the purchase of certain consumer goods. The purpose of a consortium is solely the acquisition of goods, as Brazilian law prohibits the formation of consortia for investment purposes.

Our purchasing consortium company (Bradesco Consórcios) manages plans for groups of purchasers buying real estate, automobiles and trucks or tractors. In 2003, our subsidiary Bradesco Consórcios initiated the sale of consortium quotas, to our customers. According to the Central Bank, in 2004, Bradesco Consórcios became the leader in the real estate segment and, in December 2004, it also became the leader in the automobile segment. In 2008, Bradesco Consórcios became the leader in the truck and tractor segment. As of December 31, 2012, Bradesco Consórcios registered total sales of over 736,202 active quotas in the three segments, with total revenues of over R\$29.7 billion and net income of R\$387.7 million.

Insurance, Pension Plans and Capitalization Bonds

Life and personal accident insurance

Real estate financing

We offer life and personal accident insurance, as well as insurance against miscellaneous events, such as job loss, through our subsidiary Bradesco Vida e Previdência. As of December 31, 2012, there were 23.5 million life insurance policyholders.

Health insurance

The health insurance policies cover medical/hospital expenses. We offer health insurance policies through Bradesco Saúde and its subsidiaries for small, medium or large companies wishing to provide benefits for their staff.

On December 31, 2012, Bradesco Saúde and its subsidiary Mediservice Administradora de Planos de Saúde S.A (“Mediservice”) had more than 3.9 million beneficiaries covered by company plans and individual/family plans. Approximately 57 thousand companies in Brazil pay into plans provided by Bradesco Saúde and its subsidiaries, including 50 of the top 100.

Bradesco Saúde currently has one of the largest networks of providers of health services in Brazil. As of December 31, 2012, it included 9,475 laboratories, 12,163 specialized clinics, 14,445 physicians, 2,552 hospitals located throughout the country.

Automobiles, property/casualty and liability insurance

62– Reference Form – 2013

7. Issuer Business Activities

We provide automobile, property/casualty and liability insurance through our subsidiary Bradesco Auto/RE. Our automobile insurance covers losses arising for vehicle theft, damage to the passenger and third-party injury. Retail property/casualty insurance is for individuals, particularly those with residential and/or equipment related risks and small- and medium-sized companies whose assets are covered by multi-risk business insurance.

Of the mass property/casualty lines for individuals, our residential note ("Bilhete Residencial") is a relatively affordable and highly profitable product. For corporate customers, Bradesco Auto/RE offers Bradesco Seguro Empresarial (business insurance), which is adapted to meet our customers' and business needs. For corporate property/casualty and liability insurance, Bradesco Auto/RE has an exclusive highly specialized team that provides large business groups with services and products tailor-made to the specific needs of each policyholder. Top sellers in this segment are insurance policies for transportation, engineering, operational and oil risks.

As of December 31, 2012, Bradesco Auto/RE had 1.6 million insured automobiles and 2.3 million property/casualty policies and notes, making it one of Brazil's main insurers.

Pension plans

We have managed individual and corporate pension plans since 1981 through our wholly-owned subsidiary Bradesco Vida e Previdência, which is now the leading pension plan manager in Brazil, as measured by pension plan contributions, investment portfolio and technical provisions, based on information published by Fenaprevi and SUSEP.

Bradesco Vida e Previdência offers and manages a range of individual and group pension plans. Our largest individual plans in terms of contributions known as VGBL and PGBL are exempted from withholding taxes on income generated by the fund portfolio.

As of December 31, 2012, Bradesco Vida e Previdência accounted for 29.6% of the pension plan and VGBL market in terms of contributions, according to Fenaprevi. Also according to the same source, managed pension funds accounted for 29.5% of VGBL, 26.9% of PGBL and 39.0% of traditional pension plans in Brazil. As of December 31, 2012, Bradesco Vida e Previdência accounted for 33.4% of all supplementary pension plan assets under management, 31.0% of VGBL, 23.9% of PGBL and 55.7% of traditional pension plans, according to Fenaprevi.

Brazilian law currently permits the existence of both "open" and "closed" private pension entities. "Open" private pension entities are those available to all individuals and legal entities wishing to join a benefit plan by making regular contributions. "Closed" private pension entities are those available to discrete groups of people such as employees of a specific company or a group of companies in the same sector, professionals in the same field, or members of a union. Private pension entities grant benefits on the basis of periodic contributions from their members, or their employers, or both.

We manage pension and VGBL plans covering more than 2.3 million participants, 63.7% of whom have individual plans, and the remainder individuals covered by company plans. The company's plans account for approximately 36.3% of our technical reserves.

Under VGBL, PGBL and FAPI plans, participants are allowed to make contributions either in installments or in lump-sum payments. Participants in pension plans may deduct the amounts contributed to PGBL up to 12% of the participant's taxable income when making their annual tax declaration. Under current legislation, redemptions and benefits are subject to withholding tax. VGBL plan participants may not deduct their contributions when declaring income tax. At the time of redemption, or when benefits are paid out, tax will be levied on these benefits, pursuant to current legislation.

VGBL and PGBL plans, and individual retirement fund plans (referred to as "FAPI") may be acquired by companies in Brazil for the benefit of their employees. In 2012, Bradesco Vida e Previdência managed R\$65.0 billion in VGBL and R\$17.9 billion in PGBL plans. Bradesco Vida e Previdência also managed R\$30.1 billion in pension plans.

Bradesco Vida e Previdência also offers pension plans for corporate customers that are in most cases negotiated and adapted to specific needs of the corporate customer.

Bradesco Vida e Previdência earns revenues primarily from:

- Pension and PGBL plan contributions, life insurance and personal accidents premiums and VGBL premiums;

- Revenues from management fees charged participants in accordance with mathematical provisions; and
- Financial income.

Capitalization bonds

Bradesco Capitalização offers its customers capitalization bonds with the option of a lump-sum or monthly contributions. Plans vary in value (from R\$8 to R\$50,000), form of payment, contribution period, and periodicity of draws for cash prizes of up to R\$2.0 million (gross premiums). Customers' contributions earn interest at a rate of TR plus 0.5% per month over the value of the mathematical provision. Capitalization bonds may be redeemed after a 12-month grace period. As of December 31, 2012, we had around 8.2 million "traditional" capitalization bonds and around 13.7 million incentive capitalization bonds. Given that the purpose of the incentive capitalization bonds is to add value to the products of a partner company or even to provide an incentive for its customer to avoid delinquency, the plans are for short terms and grace periods with low unit sales value. As of December 31, 2012, Bradesco Capitalização had approximately 21.9 million capitalization bonds and 3.5 million customers.

Bradesco Capitalização is the first and only Brazilian capitalization bonds company to be awarded "ISO" certification. In 2009, it was certified "ISO 9001:2008" for the scope of management of capitalization bonds. This certification, awarded by Fundação Vanzolini, attests to the quality of its internal processes and confirms the principle seen in the origin of Bradesco's plans: good products and services and continuous improvement.

Bradesco Capitalização is the only company in the sector holding "brAAA" grade, which is the highest ranking at national level assigned by Standard & Poor's Credit Rating Agency. This rating was reaffirmed, with a stable outlook, in the report issued by the S&P in November 2011. The robust level of financial and property protection Bradesco assures its customers contributed to this result.

b) Characteristics of the distribution process

Distribution channels

Our branch network is complemented by other distribution channels such as points of service, banking correspondents, ATMs, telephone banking services, and Internet and mobile banking. In introducing new distribution systems, we have focused on enhancing our security as well as increasing efficiency.

By the end of 2012, we had 4,686 branches, 5,237 points of banking services and 43,053 banking correspondents (Bradesco Expresso) and 3,809 points of service outside of our own ATM network.

For information on our international branches as of December 31, 2012, see "International banking services."

Other distribution channels

***Bradesco Dia & Noite* Digital channels**

The Bradesco Dia & Noite digital channels offer mobility and independence to customers so that they may expand their businesses with the Bank.

We aim to make the banking experience even more convenient, fast and safe. In addition to the traditional service channels, such as Self-Service, “Fone Fácil” (easy phone) and internet banking, customers and users have access to us via Bradesco Celular (mobile banking).

People with disabilities and reduced mobility have access to internet banking services for the visually impaired; personalized service for the hearing impaired using digital language at *Fone Fácil, Bradesco*

Celular for the visually impaired; visual mouse for motor disabled people; and ATM access for customers with visual and physical disabilities.

65– Reference Form – 2013

We are present on social networks, through which we monitor our brand, products and services, provide services and interact with users. We were the first bank to develop a Facebook access application, which enables making inquiries, payments, transfers and request of personal loans while navigating on the social network.

Bradesco Celular (Mobile banking)

We were the first to use mobile banking. Through this channel the customer can check bank balances and statements, make payments, recharge prepaid mobile phones, make transfers, get loans, obtain quotes and follow stock purchase and sale orders, among other things. Our website www.bradescocelular.com.br provides detailed information on products and services. In 2012, 381.4 million transactions were carried out via Bradesco Celular.

Additionally, Bradesco Celular also provides the following services:

- **Bradesco Direct Recharge:** a service that enables recharging prepaid mobile phones with just a single call from the device itself, even if there are no credits available for making calls. This feature is currently available for mobile phone users who are registered customers of Brazilian mobile phone network operators, Vivo and Claro;
- **Making payments via SMS:** previously-registered customers receive messages to schedule payments in advance or make payments with their banking collection forms registered with the DDA or utility bills, by simply answering a SMS;
- **InfoCelular (information on mobile phones):** with this feature, our registered customers quickly and safely receive SMS messages reporting on banking transactions for their account in accordance with the period and amount they designate;
- **Bradesco Net Empresa Celular (Bradesco Net Company Mobile Banking):** made available for corporate customers using mobile phones to check bank balances and authorize transactions;
- **Bradesco Mobile Bonus Account:** in addition to providing access to a number of financial services, this package contains a feature that allows certain amounts to be converted into credits with specified mobile phone providers; and
- **Token embedded in the mobile device:** an innovative and pioneer service in the market, it is an additional convenience option for the customer to authenticate any transaction carried out on the device and other digital channels.

Internet

In 2011 we introduced more than 50 innovations. Notable examples include an “A” key for Quick Access, an Intelligent Payment feature which automatically recognizes the intended type of payment through a bar code, and a search box located on all pages.

Bradesco Portal has 65 institutional sites (information on us, detailing our products and services, guidelines on security, disclosure of social and environmental actions, and periodic publications for investors, among others) and 33 transaction sites (for making banking transactions).

In 2012 our customers, both individual and corporate, carried out 3.6 billion online transactions.

Our corporate customers can use Bradesco Net Empresa. With this feature, a corporate customer may carry out online banking transactions and transfers, quickly and safely.

Self-service network

Our self-service network has 34,859 ATMs strategically distributed across Brazil, providing quick and convenient access to products and services. In addition to Bradesco's ATMs, customers can access the pooled network of 12,975 Banco24Horas machines to effect transactions such as cash withdrawals, statements, balance status queries, loans, payments of payment voucher and transfers.

Our self-service network and Banco24horas ATMs executed 2.1 billion transactions in 2012.

Bradesco is a pioneer in Brazil in the use of biometric reading system, which identifies customers and authenticates ATM transactions through a sensor/invisible light beam capturing the image of the vascular pattern of the palm of the hand. This technology enables our customers to use only biometry and their card to check accounts and carry out transactions, without the need to type in a six-figure password, thus making services faster and easier, in addition to being one of the world's most advanced security technologies. This technology is available on 32,731 machines of the Bradesco Self-Service Network and 5,742 machines of the Banco24Horas Network.

7. Issuer Business Activities

Bradesco is the only bank accredited with INSS (Social Security National Service) to carry out the “proof of life” of customers benefitting from INSS benefits, with the automatic use of biometrics, without the need to go to the cashiers and submit a document, therefore expediting customer service.

Telephone services – *Fone Fácil*

Bradesco Easy Phone is a telephone-based bank for the customer, focused on business and financial operations. The customized service system, with financial experts and virtual servicing, make Fone Fácil one of the most efficient service channels and we have one of the most awarded banking relationship centers in Brazil, which is available to customers on a 24/7 basis.

Through this channel, the customer may acquire products, obtain information on their account, credit card, social security benefits, capitalization bonds and carry out a number of transactions, such as: checking account balances, bank statements, payments, transfers, credit transactions, investments, registering with the Bradesco Token into the mobile device, registering and disabling a four-digit password, cancellation and reissuing of cards, among other services.

In addition to the customized digital service, customers have access, through a number of specific numbers, to several telephone service centers, the main of which are as follows: internet banking, Net Empresa, Consortium, Social Security, Bradesco Financing and *Alô Bradesco* (hello Bradesco).

During 2012, 370.5 million calls were registered, and 490.8 million transactions completed.

Banking units in retail chains

We have also entered into partnership agreements with retail chains, supermarkets, drug stores, grocery stores, and other retailers, to provide correspondent banking services (mostly to pay bills, withdraw cash from checking and savings accounts, and receive pension payments). These offices are staffed by employees of our business partners, but all credit decisions are made by our employees.

ii) competitive conditions in markets

Real estate financing

We face significant competition in all of our principal areas of operation, since the Brazilian financial and banking services market are highly competitive and have been through an intensive consolidation process in the past few years.

68– Reference Form – 2013

7. Issuer Business Activities

As of December 31, 2012, publicly owned financial institutions held 44.4% of the National Financial System's assets, followed by private sector locally owned financial institutions (taking into consideration financial conglomerates) with a 39.1% share and foreign-controlled financial institutions, with a 16.5% share.

Public-sector financial institutions play an important role in the banking sector in Brazil. Essentially, they operate within the same legal and regulatory framework as private-sector financial institutions, except that certain banking transactions involving public entities must be made exclusively through public-sector financial institutions (including, but not limited to, depositing federal government funds or judicial deposits).

As of December 31, 2012, according to Central Bank data, there were 178 financial conglomerates providing a wide full range of services including: (i) 137 multiple banks; (ii) 22 commercial banks; (iii) 14 investment banks; (iv) 4 development banks; and (v) 1 savings bank (namely Caixa Econômica Federal). For further information on risks related to competition, see "Item 3.D. Risk Factors-Risks Relating to Bradesco and the Brazilian banking industry-The increasingly competitive environment in the banking and insurance segments in Brazil may negatively affect the prospects of our business."

It should be noted that, on April 26, 2012, Circular No. 3,590 was issued, determining that the following transactions should be analyzed by the Central Bank with respect to their effects on competition, notwithstanding the review related to the stability of the financial system: (a) transfer of ownership control; (b) takeover; (c) merger; (d) business transfer; and (e) other means of business concentration. In August 2012 the National Monetary Council ("CMN") set out new requirements and procedures for incorporation, authorization for operations, cancellation of authorization, changes of control, corporate restructurings and conditions for exercising positions in statutory or contractual bodies.

Credit cards

The Brazilian credit card market is highly competitive, with approximately 203.0 million credit cards issued as of December 31, 2012, according to ABECS. Our primary competitors are Banco do Brasil, Itaú Unibanco, and Santander Brasil. Management believes that the primary competitive factors in this area are interest rates, annual fees, card distribution network and benefits offered.

Leasing

In general, the Brazilian leasing market is dominated by companies affiliated with vehicle and equipment producers and large banks. We currently enjoy certain competitive advantages, as we have a larger service network than any of our private sector competitors.

Asset management

The asset management sector in Brazil ended 2012 with R\$2.2 trillion in assets, a nominal growth of 15.4% as compared to 2011, according to ANBIMA. This increase was largely the result of assets revaluations

and, to a lesser extent:

- the net funding of R\$21.0 billion in multimarket funds, mostly in view of the creation of exclusive funds, and the positive funding in fixed income funds of approximately R\$9.3 billion;
- the large inflow of funds into private supplementary pension plan funds, which ended 2012 with a positive balance of R\$35.0 billion in net funding; and
- the consolidation of the market of funds in structured investments, and noteworthy was the real estate funds, which ended December with Shareholders' Equity of R\$40.0 billion.

The Organization accounted for 19.4% of the asset management market in Brazil in December 2012 (ANBIMA). BRAM, one of the leaders in asset management, accounted for a 12.7% share of this market (ANBIMA).

The data provided by ANBIMA also indicate that the Organization was the leader in funding of managed assets in 2012 (R\$28.7 billion), and BRAM led the funding of managed funds in the same year (R\$28.9 billion). In the asset management segment, BRAM's main competitors are Banco do Brasil and Itaú Unibanco.

BRAM's competition strategy is to develop new alternative strategy products and to reaffirm its leadership in fixed income and equities management, supporting the portfolio managers' experience and success with a fundamental approach built from a strong team of analysts and an independent team of macroeconomists.

69– Reference Form – 2013

In 2012 among the new products launched by BRAM are the “BDRs Tier I Funds,” intended for investors willing to invest in US companies’ shares, and “Quantitative Funds,” whose management strategies also benefit from statistical models and filters. Additionally, products with strategies on commodities were created, opening new frontiers for customers’ diversification of investments, as well as long-term hedged capital strategies, by which the investor may enjoy a possible stock exchange upward move without risking the invested capital.

In the international area, BRAM expanded its group of funds in Luxembourg – called “Bradesco Global Funds” – with the addition of two new funds: the “Short Duration and the Latin America Equity funds.” The Short Duration fund is aimed at obtaining returns higher than those of the Money Market funds, with low risk. The Latin America Equity fund invests in shares of companies in Latin America, including Mexico, Chile, Peru, Colombia and Brazil. Accordingly, the group is consolidated with the offering of six funds, with the “Small Cap” fund been granted the highest rating (five stars) from Morningstar.

Insurance, pension plans and capitalization bonds

Insurance sector

As of December 31, 2012, Grupo Bradesco de Seguros e Previdência, the leading insurance company in the Brazilian market with a 24.8% market share faced increased competition from a number of Brazilian and multinational corporations in all types of insurance segments.

Our principal competitors are Grupo Segurador Banco do Brasil and Mapfre, Itaú Unibanco Seguros S.A., Sul América Cia. Nacional de Seguros, Porto Seguros Cia. de Seguros Gerais, Caixa Seguros, Zurich Santander Previdência S.A. and HSBC Seguros, which account for a combined total of approximately 57.1% of all premiums generated in the market, as reported by SUSEP.

Although nationwide companies underwrite the majority most insurance business, we also face competition from local and regional companies in the health insurance segment.

Competition in the Brazilian insurance industry changed in the past few years as foreign companies started to form joint ventures with Brazilian insurance companies with more experience in the local market.

We believe that the principal competitive factors in this area are prices, financial stability, name recognition and services. At the branch level, we believe competition is primarily based on the level of services, including the handling of claims, level of automation and development of long-term relationships with customers. Our ability to distribute insurance products through our branch network gives us a competitive advantage over most other insurance companies because we benefit from cost savings and marketing synergies.

Pension plan sector

The monetary stabilization brought by the Real Plan stimulated the pension plan sector and the Brazilian market attracted new international players. Bradesco Vida e Previdência is currently the pension plan market leader with 29.6% of total contributions in the sector, according to SUSEP. We believe that the Bradesco brand name, together with our extensive branch network, strategy, our record of being in the forefront and our product innovation, are our competitive advantages.

Capitalization bonds sector

As of December 31, 2012, Bradesco Capitalização was the second in the industry ranking with 23.1% of revenues from capitalization bonds and 24.2% in terms of technical provisions, according to SUSEP. Our principal competitors in the capitalization bonds sector are: Brasilcap Capitalização S.A., Itaú Unibanco Capitalização S.A., Sul America Capitalização, Caixa Capitalização S.A., Zurich, Santander Capitalização S.A., Aplub Capitalização and Icatu Seguros. The principal competitive factors in this industry are offering low-cost products with more frequent prize draws, security, financial stability and brand recognition.

d) Seasonality

Due to the specific characteristics of some products and services of the issuer, such as consumer finance segment, particularly credit card, in general, they are impacted by the effect of seasonality at certain periods or circumstances, such as final year. Other factors such as number of weekdays in the month, holidays, vacation periods, tax payments or receive of 13th bonus, can influence products and services such as loans, use of credit cards and/or demand for investments. It is noteworthy that despite this influence, these factors have no significant impact on the income of the issuer.

e) Main raw materials, stating:**i) description of relationships with suppliers, including whether they are subject to governmental control or regulation, with agencies and applicable legislation:**

Bradesco hires suppliers and establish business relationships with partners that operate with ethical standards compatible with the Organization, through a strict selection process and not negotiate with those who, verifiably, disrespect the provision of its Code of Ethical Conduct, and also guided its business relationship by the Sectorial Code of Ethical Conduct for the Purchasing Professional.

The Bank also has a program relationship with strategic suppliers to discuss about revaluation of the supply chain of the total acquisition cost, optimization of products, innovation and sustainability. There are regular meetings with executives of the Bank and suppliers, which established objectives and monitoring the results of actions taken.

ii) Any dependence on a small number of suppliers:

Not applicable. Bradesco has no dependence on suppliers to perform its activities.

iii) Possible volatility affecting its prices:

The prices volatility, as resources for loans, interest rates charged on products, among others, rely on macroeconomic conditions and market rates.

If there is expected growth rate of inflation, the Central Bank may increase the base interest rate, increasing, consequently, interest rates for loans. Another factor that can enhance loans is the increase in delinquency rate for customers. Moreover, variations in tax rates on loans also make these operations more expensive.

7.4 - Customers accounting for more than 10% of total net revenues

Bradesco does not have any customers that account for more than 10% of the institution's total net revenues.

7.5 - Material effects of state regulation for the business**a) need of governmental for the exercise of activities and historical relation with the public administration in order to obtain such authorizations**

The basic institutional framework of the Brazilian Financial System was established in 1964 by Law No. 4,595/64, known as the "Banking Reform Law." The Banking Reform Law dealt with monetary, banking and credit policies and institutions, and created the (CMN).

Principal regulatory agencies**CMN**

CMN is responsible for overall supervision of monetary, credit, budgetary, fiscal and public debt policies. CMN has the following functions:

- regulating lending by Brazilian financial institutions;
- regulating Brazilian currency issue;
- supervising Brazil's reserves of gold and foreign exchange;
- determining saving, foreign exchange and investment policies in Brazil; and
- regulating capital markets in Brazil.

71– Reference Form – 2013

In December 2006, CMN asked the CVM to devise a new "Risk-Based Supervision System" in order to: (i) identify risks to which the market is exposed; (ii) rank these risks in order of severity; (iii) establish mechanisms for mitigating these risks and the losses they might cause; and (iv) control and monitor the occurrence of risk events. Among other effects, this system provides for a fast-track reviewing process for the issuance of securities.

Central Bank

The Central Bank is responsible for:

- implementing currency and credit policies established by the CMN;
- regulating and supervising public and private sector Brazilian financial institutions;
- controlling and monitoring the flow of foreign currency to and from Brazil; and
- overseeing the Brazilian financial markets.

The Central Bank's chairperson is appointed by the president of Brazil for an indefinite term of office, subject to approval by the Brazilian senate.

The Central Bank supervises financial institutions by:

- setting minimum capital requirements, compulsory reserve requirements and operational limits;
- authorizing corporate documents, capital increases, acquisition of interest in new companies and the establishment or transfer of principal places of business or branches (in Brazil or abroad);
- authorizing changes in shareholder control of financial institutions;
- requiring the submission of annual and semiannual audited financial statements, quarterly revised financial statements and monthly unaudited financial statements; and
- requiring full disclosure of loans and advances and foreign exchange transactions, import and export transactions and other directly related economic activities.

CVM

The CVM is responsible for regulating the Brazilian securities markets in accordance with securities and capital-market policies established by CMN.

The CVM is responsible for the supervision and regulation of equity funds. In addition, since November 2004, the CVM has had authority to regulate and supervise fixed-income asset funds.

Banking regulations

Principal limitations and restrictions on activities of financial institutions

Under applicable laws and regulations, a financial institution operating in Brazil:

- may not operate without the prior approval of the Central Bank and in the case of foreign banks, authorization by presidential decree;
- may not invest in the equity of any other company beyond regulatory limits;
- may not lend more than 25.0% of its reference equity to any single person or group;
- may not own real estate, except for its own use; and
- may not lend to or provide guarantees for:
 - any individual that controls the institution or holds, directly or indirectly, more than 10.0% of its share capital;
 - any entity that controls the institution or with which it is under common control, or any officer, director or member of the Fiscal Council and Committee for Audit of such entity, or any immediate family member of such individuals;
 - any entity that, directly or indirectly, holds more than 10.0% of its shares (with certain exceptions);

- any entity that it controls or of which it directly or indirectly holds more than 10.0% of the share capital;
- any entity whose executive board consists of the same or substantially the same members as its Institution's executive board; or
- its executive officers and directors (including their immediate families) or any company controlled by its executive officers and directors or their immediate families or in which any of them, directly or indirectly, holds more than 10.0% of share capital.

The restrictions with respect to related party transactions do not apply to transactions entered into by financial institutions in the interbank market.

Capital adequacy and leverage

Brazilian financial institutions are subject to capital measurement and standards based on a weighted risk-asset ratio. The parameters of this methodology resemble the international framework for minimum capital measurements adopted for the Basel Accord. The Basel Accord requires banks to have a capital to risk-weighted assets ratio of at least 8.0%. At least half of total capital must consist of Tier I capital. Tier I, or core, capital corresponds to equity less certain intangibles. Tier II capital includes asset revaluation reserves, and contingency reserves and subordinated debt, subject to certain restrictions. Tier II capital must not exceed Tier I capital.

CMN requirements differ from the Basel Accord in some respects. Among other differences, the CMN:

- requires minimum capital of 11.0% of risk-weighted assets;
- does not permit contingency reserves to be considered as capital;
- requires fixed assets in excess of limits imposed by the Central Bank to be deducted from capital;
- requires additional capital in relation to off-balance-sheet interest rate and foreign currency swap transactions and for certain loans and advances utilizing third party funds;
- when determining equity, financial institutions may deduct costs, including taxes, incurred in connection with swap transactions used to hedge short positions associated with investments outside Brazil; and
- assigns different risk weightings to certain assets and credit conversion values, including a risk weighting of 300.0% on deferred tax assets for tax loss carryforwards of income and social contribution taxes but not for those arising from other temporary differences which have a weighting of 100.0%.

In October 2009, the Central Bank reduced minimum capital requirements from 11% to 5.5% on loans to micro and small companies that are backed by one of the two guarantee funds created by the government in 2009 with a R\$4 billion budget. For further details see "Item 5.B. Liquidity and Capital Resources-Capital Compliance with capital requirements."

Financial institutions are also required to maintain their shareholders' equity at a certain level. A financial institution's Reference Equity is the sum of its Tier I and Tier II capital and is used to determine its

operational limits. For purposes of CMN adjustments, financial institutions may deduct costs, including taxes, incurred in connection with swap transactions to hedge short positions associated with investments abroad. In July 2008, the Central Bank issued certain rules to include the operational risk of financial institutions amongst the factors to be considered in the calculation of reference equity. In December 2009, the Central Bank established a single indicator for calculating the portion of capital to be maintained by financial institutions to cover, when needed, the operational risk for a non-financial company belonging to the conglomerate. In June 2010, the Central Bank issued rules amending the formula used to calculate required reference equity, which in practice led to higher levels of net equity being required of financial institutions and this will be in force as of 2012. The Central Bank says the purposes of this change include bolstering the robustness of financial institutions in terms of their ability to weather a global crisis. In February 2011, the Central Bank issued guidelines and a timetable for implementing the recommendations of the Basel Committee on Banking Supervision concerning capital structure and liquidity requirements (Basel III), including an initial timetable to implement recommendations regarding liquidity requirements.

As Brazilian capital requirements tend to be more conservative than international requirements, we believe that the implementation of Basel III will be less onerous in Brazil. In accordance with the draft rules that the Central Bank submitted to public consultation in February 2012, Brazil will follow the agreed–international schedule for the gradual adoption of capital definitions and requirements over the coming years. The schedule that was originally proposed by the Central Bank to have effect from January 2013 until January 1, 2019, but in March 2013, CMN Resolutions No. 4,192/13, No. 4,193/13, No. 4,194/13 and No. 4,195/13 changed this timeline, so that it will become effective on October 2013, with the same end date. Following international recommendations, and in line with current practices, the minimum capital level will be stated as a percentage of risk weighted assets. The draft rule proposes three independent requirements to be met by financial institutions: (i) Principal Capital, consisting mainly of stocks, shares and retained earnings; (ii) Tier I Capital, consisting of principal capital plus other instruments capable of absorbing losses when the institution is a going concern; and (iii) Reference Equity, consisting of Tier I Capital and other instruments to absorb losses in the case of an institution in liquidation.

7. Issuer Business Activities

In addition, the standard being discussed is also likely to include Additional Principal Capital, which will act as the prudential buffer or "cushion" referred to in Basel III. By the end of the transitional period, in 2019, Additional Principal Capital will have to be 2.5 - 5% of risk weighted assets. The amount will be determined by the Central Bank depending on economic conditions. Under normal market conditions, financial institutions are expected to hold surplus capital in relation to minimum requirements in an amount exceeding Additional Principal Capital as defined. Failure to comply with Additional Principal Capital rules will lead to restrictions affecting distribution of bonuses, profit sharing and compensation incentives associated with performance of managers of institutions.

Financial institutions, except for credit cooperatives, must keep consolidated accounting records (for calculating their capital requirements) of their investments in companies whenever they hold, directly or indirectly, individually or together with partners, a controlling interest in the investee companies. If their interest does not result in control of a company, financial institutions may choose to recognize the interest as equity in the earnings of unconsolidated companies instead of consolidating such interests.

Under certain conditions and within certain limits, financial institutions may include subordinated debt when determining their capital requirements in order to calculate their operational limits, *provided that* this subordinated debt complies with the following requirements:

- it must be previously approved by the Central Bank;
- it must not be secured by any type of guarantee;
- its payment must be subordinated to the payment of other liabilities of the issuer in the event of dissolution;
- it cannot be redeemed by act of the holder;
- it must have a clause allowing postponement of the payment of interest or redemption if this would cause the issuer to fail to comply with minimum levels of reference equity or other operational requirements;
- it must be nominative if issued in Brazil, and if issued abroad may be in any other form permitted by local legislation;
- if issued abroad, it must contain a clause for elected jurisdiction;
- it must have a minimum term of five years before redemption or amortization;
- it must be paid in cash; and
- its payment cannot be secured by any type of insurance any instrument that requires or permits payments between the issuer and the borrowing institution or that affects the subordinated status of the debt.

Brazilian financial institutions may elect to calculate their capital requirements on either a consolidated or an unconsolidated basis.

In June 2011, the CMN determined that financial institutions and other Central Bank authorized institutions required to calculate Reference Equity requirements must implement a capital management structure compatible with the nature of their operations, complexity of products, services offered, and the scale of their risk exposure.

Additionally, in September 2011, the CMN issued a rule which states that the Central Bank may undertake a discretionary assessment of the circumstances in each case and require a series of preventive prudential measures to be taken if it finds situations that compromise or may compromise the proper functioning of the Financial System or its institutions, or other Central Bank authorized institutions.

74– Reference Form – 2013

In November 2012 the Central Bank issued a notice guiding on the procedures for calculating Required Reference Equity.

Risk Weighting

By way of Circular No. 3,644, of March 4, 2013, the Central Bank consolidated the risk weighted factors to be applied to different exposures for purposes of calculating the capital requirement through a standardized approach. According to this standard, the following factors, in summary, should be applied:

(i) 0% of exposures of (a) amounts held in cash, in local currency; (b) amounts held in kind, in the foreign currencies, subject to certain requirements; (c) investments in gold, financial assets and foreign exchange instruments, as well as exposure to the underlying asset represented by the gold, financial assets and foreign exchange instruments; (d) operations with the National Treasury and the Central Bank, as well as securities issued by them, subject to certain requirements; (e) transactions with certain multilateral and Multilateral Development Entities (MDE), credit limits; and (f) advances from FGC contributions;

(ii) 2% of exposures of transactions to be settled in settlement systems from chambers or providers of clearing and settlement services, with the chamber or service provider acting as a central counterparty, which meets certain characteristics;

(iii) 20% of exposures of (a) bank demand deposits in local currency; (b) bank demand deposits in foreign currency, subject to certain requirements; (c) rights arising from the novation of the debt of the Salary Variations Compensation Fund (FCVS); (d) operations with maturities of less than three months, in local currency, with financial institutions and other institutions authorized to operate by the Central Bank, subject to certain requirements; (e) securities, subject to certain requirements; (f) loan operations maturing within three months, in local currency, carried out with chambers or providers of clearing and settlement services; (g) loan operations maturing within three months, in local currency, carried out in chambers or service providers of clearing and settlement services based abroad and subject to regulation consistent with the principles established by the Payment and Settlement Systems Committee (CPSS) and the International Organization from Securities Commissions (IOSCO); (h) rights representing certain operations of cooperatives; (i) transactions with central governments of foreign countries and their central banks as well as securities issued by them, subject to certain requirements; and (j) operations with maturities of less than three months, carried out with financial institutions based in the countries addressed in item "g" hereof, subject to certain requirements;

(iv) 35% of exposures related to financing for the purchase of new or used residential property, secured by liens on the financed property, whose contracted value is up to 80% of the appraised value of the guarantee the date the credit is granted;

(v) 50% of exposures of (a) transactions with financial and other institutions authorized to operate by the Central Bank, for which financial statements are not prepared on a consolidated basis, subject to certain requirements; (b) transactions with financial institutions based in countries in which events, such as the suspension of payment obligation on the external unilateral change of contractual terms relating to the payment of external obligations, among others, have not been verified in the last five years; (c) loan operations carried out with chambers or providers of clearing and settlement services deemed as systemically important under regulations in force, with maturity over three months; (d) loan operations

carried out with chambers or providers of clearing and settlement services based abroad and subject to regulation consistent with the principles established by CPSS and IOSCO, with maturity over three months; (e) loans secured by liens on new or used residential property, whose contracted value is up to 50% of the appraised value of the guarantee, on the credit grant date; (f) financing for the purchase of new or used residential property, secured by a first-degree mortgage, residential property, new or used, whose contract value is up to 80% of the appraised value of the guarantee on the credit grant date; (g) financing for the construction of buildings, secured by liens or first-degree mortgages, provided that the assets for appropriation method is adopted; and (h) loans granted to the FGC;

(vi) except for those in which there is a specific risk-weighted factor, 75% of exposures related to (a) operations that have as counterparty a legal entity whose assets portfolio total balance in the Brazilian financial system is over one hundred million reais (R\$100,000,000.00) and in which the assets portfolio with the counterparty is lower than 10% of the respective reference equity, subject to certain checking requirements; and (b) retail operations, that is, that have as counterparty an individual or small legal entity, assume the format of a financial tool intended for the counterparties mentioned in item "a" above, have a total current exposure with the one and same counterparty lower than 0.2% of the retail exposure amount, and have total current exposures with the one and same counterparty lower than six hundred thousand reais (R\$600,000.00), subject to certain requirements;

- (vii)** 100% of exposures for which there is no Risk-Weighted Factor established by the Central Bank;
- (viii)** 150% of exposures contracted with individuals, except for (a) personnel credit not related to payroll loans, with or without a specific destination with term over 36 months, subject to certain requirements; (b) payroll loans taken out or renegotiated with contractual term over 60 months, subject to certain requirements; (c) financing for acquisition of automotive vehicle, with contractual term over 60 months; (d) financial leasing of automotive vehicle, with contractual term over 60 months; and (e) a loan for financing an unrelated credit-card debt, with the repayment of the card invoice scheduled by way of a payroll loan, in which the agreement sets forth conditions that do not assure the debt settlement in a term of up to 36 months by way of discounts in payroll. This risk-weighted factor does not apply to rural loans, financing with funds from onlending of funds or special programs of the Federal Government, or those which subject is the automotive vehicle with loads of up to two tons, subject to certain requirements;
- (ix)** 300% of exposures of (a) personal loans without a specific destination with contractual term over 60 months, excluding payroll loans, taken out or negotiated with individuals, subject to certain requirements; and (b) deferred tax assets arising from income tax and social contribution tax loss carry-forwards on net income, pursuant to regulation in force; and
- (x)** 1,250% of exposures related to (a) acquisition of FIDCs subordinated class units and other investment funds, acquired from March 7, 2013; (b) acquisition of subordinated class of securitization bonds, acquired from March 7, 2013; and (c) interest in funds of guarantee of settlement of settlement systems of chambers or providers of clearing and settlement services.

Reserve requirements

The Central Bank periodically sets compulsory reserve and related requirements for Brazilian financial institutions. The Central Bank uses reserve requirements as a mechanism to control liquidity in the Brazilian Financial System. Historically, the reserves against demand deposits, savings deposits and time deposits have accounted for almost all amounts required to be deposited with the Central Bank. In December 2010, the Central Bank raised compulsory deposit and reserve requirements, and reduced any deductions applicable. In addition, the Central Bank introduced higher compulsory deposits and reserve requirements for savings, demand, and time deposits. Some of these rules were amended by the Central Bank in March 2011. In July 2011, the CMN consolidated and redefined rules for compulsory deposit requirements against short positions in foreign currency.

In December 2011, the Central Bank approved a circular consolidating and redefining certain rules for compulsory reserve requirements for time deposits. The main change was the inclusion of Brazilian Treasuries in the list of assets eligible for deduction from compulsory reserves for time deposits. Some provisions relating to compulsory reserve requirements against time deposits were again amended by the Central Bank in February, May, September, November and December 2012.

The total consolidated exposure of a financial institution in foreign currencies and gold cannot exceed 30.0% of its reference equity. In addition, if its exposure is greater than 5.0% of its adjusted net worth, the financial institution must hold additional capital at least equivalent to 100.0% of its exposure. Since July 2, 2007, the amount internationally offset in opposite exposures (purchases and sales) in Brazil and abroad by institutions of the same conglomerate is required to be added to the respective conglomerate's net

consolidated exposure.

In the past, the Central Bank has imposed restrictions on other types of financial transactions. These compulsory deposit requirements are no longer in effect, but they may be re-imposed in the future, or similar restrictions may be instituted. At the beginning of 2008, the Central Bank determined a new compulsory deposit requirement relating to deposits of leasing companies. Our leasing company invests most of its cash available for immediate investment in interbank deposit accounts with us.

Asset composition requirements

Brazilian financial institutions may not allocate more than 25.0% of their reference equity to loans and advances (including guarantees) to the same customer (including customer's parent, affiliates and subsidiaries) or to securities from any issuer. They may not either act as underwriters (excluding best efforts underwriting) of securities issued by any one issuer representing more than 25.0% of their reference equity.

76– Reference Form – 2013

7. Issuer Business Activities

Permanent assets (defined as property and equipment other than commercial leasing operations, unconsolidated investments and deferred assets) of Brazilian financial institutions may not exceed 50.0% of their reference equity.

CMN issued rules in October 2008 requiring financial institutions to record: (i) rights on assets used for maintaining the institution's activities, including rights resulting from transactions that have transferred the benefit, risks and control of these assets to the institution, except for those covered by leasing agreements, in fixed assets; and (ii) restructuring expenses that effectively result in an increase in income of more than one fiscal year and do not constitute merely a reduction in costs or greater operational efficiency, in deferred assets. A subsequent rule further defined intangible assets, such as vested rights on non-material assets used for maintaining the institution's activities, including those corresponding to payroll services, income, salary, wages and retirement and pension payments, among others.

As of January 2012, a rule issued by the CMN came into effect in line with IASB, which states different accounting criteria in cases of assignment of receivables or other financial assets depending on whether or not there is retention or transfer of risks and benefits in conjunction with the assigned asset.

In July 2011, the CMN published a rule requiring registration of assigned receivables and financial settlement of assets authorized by the Central Bank.

Repurchase transactions

Repurchase transactions are subject to operational capital limits based on the financial institution's equity, as adjusted in accordance with Central Bank regulations. A financial institution may only hold repurchase transactions in an amount up to 30 times its reference equity. Within that limit, repurchase operations involving private securities may not exceed five times the amount of the financial institution's reference equity. Limits on repurchase operations involving securities backed by Brazilian governmental authorities vary in accordance with the type of security involved in the transaction and the perceived risk of the issuer as established by the Central Bank.

Onlending of funds borrowed abroad

Financial institutions and leasing companies are permitted to borrow foreign currency-denominated funds in the international markets (through direct loans or the issuance of debt securities) in order to on-lend such funds in Brazil. These onlendings take the form of loans denominated in *reais* but indexed to the U.S. dollar. The terms of the onlending transaction must mirror the terms of the original transaction. The interest rate charged on the underlying foreign loan must also conform to international market practices. In addition to the original cost of the transaction, the financial institution may charge onlending commission only.

Furthermore, the amount of any loan in foreign currency should be limited to the sum of foreign transactions undertaken by the financial institution to which loan funds are to be directed. Lastly, pursuant to the Central Bank's Circular No. 3,434/09, the total of loans and advances made against these funds

must be delivered to the Central Bank as collateral, as a condition for the release of the amount to the financial institution.

Foreign currency position

Transactions in Brazil involving the sale and purchase of foreign currency may be conducted only by institutions authorized by the Central Bank to operate in the foreign exchange market.

As of March 2005, the previously existing "Commercial" and "Floating" markets were unified under a single foreign currency exchange regime (the "Exchange Market"), in which all foreign exchange currency transactions are concentrated. The unified Exchange Market provides for settlement in foreign currency of any commitments in *reais* contracted between individuals and/or legal entities resident in Brazil and individuals or legal entities resident abroad, by submitting the relevant documentation.

Access to the Exchange Market may be granted by the Central Bank to multiple banks, commercial banks, investment banks, development banks, savings and loans entities, foreign exchange banks, development agencies, financing and investment associations, brokerage firms, securities dealers and currency-broker firms. Some foreign-exchange transactions may also be carried out by travel agencies and tourist hospitality organizations accepting foreign currency. The Central Bank currently does not impose limits on long positions in forex (*i.e.*, in which the aggregate amount of foreign currency purchases exceeds sales) of banks authorized to operate in the Exchange Market. As of December 2005, the Central Bank no longer limited short positions in forex (*i.e.*, in which the aggregate amount of foreign currency purchases is less than sales) for banks authorized to operate in the Exchange Market.

7. Issuer Business Activities

In March 2010, the Central Bank continued with the process of simplifying foreign exchange rules by consolidating existing rules and revoking others. These changes were designed to provide further transparency and standards for cross-border foreign exchange transactions, and may be divided into three main categories:

- (i) Consolidation of rules for foreign capital: registration of foreign direct investment, foreign credits, royalties, transfer of technology and leasing. Financial transfers from and to foreign countries will follow the general rules applicable to the Brazilian foreign exchange market, including the principles of legality, economic rationale and supporting documentation. These rules were amended several times in 2011. Additionally, the need for specific authorizations or prior statements from the Central Bank has been eliminated and there is no need to provide information that the Central Bank may obtain elsewhere;
- (ii) Rules for sale of depositary receipts abroad: companies that issue depositary receipts have the option of keeping the proceeds abroad. This option, however, does not apply to financial institutions. Therefore, our procedures in this respect remain unchanged; and
- (iii) Simplification of foreign exchange rules: several changes have been implemented to boost competition in the international transfer of funds and offer of banking services.

Pursuant to CMN regulations of November 2011, the investment abroad of available funds in foreign currency must be limited to (i) securities issued by the Brazilian government; (ii) sovereign debt issued by foreign governments; (iii) securities issued by financial institutions, or entities under their responsibility; and (iv) time deposits in financial institutions. In February 2011, the Central Bank adopted new rules for investments by Brazilian entities or individuals in non-Brazilian companies. For the purposes of this rule, foreign currency holdings includes: (i) the institution's own foreign currency position; (ii) foreign currency balances in current accounts in Brazil, that have been opened and transacted in accordance with laws and regulations; and (iii) the institution's other foreign currency held in foreign accounts, including funds received to pay for Brazilian exports.

The rules addressing the foreign exchange market were again amended in April, May, June, August and December 2012.

Registration of cross-border derivatives and hedging transactions and information on derivatives

In December 2009, the Central Bank issued specific rules that became effective on February 1, 2010, requiring Brazilian financial institutions to register their cross-border derivative transactions with a clearing house regulated by the Central Bank and by the CVM. Specifically, cross-border derivative transactions must: (i) be registered within two business days; and (ii) cover details of underlying assets, values, currencies involved, terms, counterparties, means of settlement and parameters used.

In February 2010, registration rules were extended to cover hedging transactions in foreign OTC markets or exchanges.

In November 2010, to facilitate management of derivatives-related risk incurred by financial institutions, the CVM stipulated that market participants should create mechanisms in order to share information on derivatives contracts traded or registered in their systems, subject to banking confidentiality rules.

Treatment of loans and advances

According to the Central Bank, financial institutions are required to classify their loans and advances into nine categories, ranging from AA to H, based on their risk. These credit classifications are determined in accordance with Central Bank criteria relating to:

- the conditions of the debtor and the guarantor, such as their economic and financial situation, level of indebtedness, capacity for generating profits, cash flow, delay in payments, contingencies and credit limits; and
- the conditions of the transaction, such as its nature and purpose, the type, the level of liquidity, the sufficiency of the collateral and the total amount of the credit.

the case of corporate borrowers, the nine categories that we use are as follows:

Rating	Our Classification	Bradesco Concept
AA	Excellent	First tier large company or group, with a long track record, market leadership and excellent economic and financial concept and positioning.
A	Very Good	Large company or group with sound economic and financial position that is active in markets with good prospects and/or potential for expansion.
B	Good	Company or group, regardless of size, with good economic and financial positioning.
C	Acceptable	Company or group with a satisfactory economic and financial situation but with performance subject to economic variations.
D	Fair	Company or group with economic and financial positioning in decline or unsatisfactory accounting information, under risk management.

A loan and advance operation may be upgraded if it has credit support or downgraded if in default.

Doubtful loans are classified according to the loss perspective, as shown below:

Rating	Bradesco Classification
E	Deficient
F	Bad
G	Critical
H	Uncollectible

A similar nine-category ranking system exists for transactions with individuals. We grade credit based on data including the individual's income, net worth and credit history, as well as other personal data.

Financial institutions should maintain a credit risk management structure compatible with the nature of their transactions and with the complexity of products and services offered, which should also be proportional to the institution's credit risk exposure.

For regulatory purposes, financial institutions are required to classify the level of risk of their loan operations according to Central Bank criteria, taking into consideration both the borrower and guarantors' characteristics and the nature and value of the operation, among others, in order to identify potential provision for loan losses.

This risk evaluation must be reviewed at least every six months for loans extended to a single customer or economic group whose aggregate loan amount exceeds 5.0% of the financial institution's reference equity, and once every 12 months for all loan operations, with certain exceptions.

Past due loans must be reviewed monthly. For this type of loan, regulatory provisions set the following maximum risk classifications:

Number of Days Past Due ⁽¹⁾	Maximum Classification
15 to 30 days	B
31 to 60 days	C
61 to 90 days	D
91 to 120 days	E
121 to 150 days	F
151 to 180 days	G
More than 180 days	H

⁽¹⁾ These time periods are doubled in the case of loans with maturities in excess of 36 months.

Financial institutions are required to determine, whether any loans must be reclassified as a result of these maximum classifications. If so, they must adjust their regulated accounting provisions accordingly.

The regulations specify a minimum provision for each category of loan, which is measured as a percentage of the total amount of the loan and advance operation, as follows:

79– Reference Form – 2013

7. Issuer Business Activities

Classification of Loan	Minimum Provision %
AA	-
A	0.5
B	1.0
C	3.0
D	10.0
E	30.0
F	50.0
G	70.0
H ⁽¹⁾	100.0

⁽¹⁾ Banks must write off any loan six months after its initial classification as an H loan.

Loans and advances of up to R\$50,000 may be classified by the method used by the financial institution itself or the arrears criteria described above.

Financial institutions must make their lending and loan classification policies available to the Central Bank and to their independent accountants. They are also required to submit information relating to their loan portfolio to the Central Bank, together with their financial statements. This information must include:

- a breakdown of the business activities and nature of borrowers;
- maturities of their loans;
- amounts of rescheduled, written-off and recovered loans;
- loan portfolio diversification by the loan classification; and
- non-performing loans.

The Central Bank requires authorized financial institutions to compile and submit their loans and advances portfolio data in accordance with several requirements. The Central Bank may allow discrepancies in these statements of up to 5.0% per risk level and 2.5% in the reconciled total.

Exclusivity in loans and advances to customers

In January 2011, Central Bank Circular No. 3,522/11 prohibited financial institutions that provide services and loan transactions from entering into agreements, contracts or other arrangements that prevent or restrict the ability of their customers to access loans and advances offered by other institutions, including payroll-deductible loans. The purpose of this rule is to increase competition among credit providers and prevent exclusivity agreements between state-owned banks and government bodies with respect to payroll-deductible loans. While there is some uncertainty as to whether the new rules affect existing contracts, all new contracts are covered by the new regulations, allowing market competition and enabling employees in the public and private sectors to obtain payroll-deductible loans from any authorized financial institution.

Brazilian clearing system

The Brazilian clearing system was regulated and restructured under legislation enacted in 2001. These regulations are intended to streamline the system by adopting multilateral clearing and boost security and solidity by reducing systemic default risk and financial institutions' credit and liquidity risks.

The subsystems in the Brazilian clearing system are responsible for maintaining security mechanisms and rules for controlling risks and contingencies, loss sharing among market participants and direct execution of custody positions of contracts and collateral by participants. In addition, clearing houses and settlement service providers, as important components to the system, set aside a portion of their assets as an additional guarantee for settlement of transactions.

Currently, responsibility for settlement of a transaction has been assigned to the clearinghouses or service providers responsible for it. Once a financial transaction has been submitted for clearing and settlement, it generally becomes the obligation of the relevant clearinghouse and/or settlement service provider to clear and settle, and it is no longer subject to the risk of bankruptcy or insolvency on the part of the market participant that submitted it for clearing and settlement.

Financial institutions and other institutions authorized by the Central Bank are also required under the new rules to create mechanisms to identify and avoid liquidity risks, in accordance with certain procedures established by the Central Bank. Under these procedures, institutions are required to:

- maintain and document criteria for measuring liquidity risks and risk management procedures;
- analyze economic and financial data to evaluate the impact of different market scenarios on the institution's liquidity and cash flow;
- prepare reports to enable the institution to monitor liquidity risks;
- identify and evaluate mechanisms for unwinding positions that could threaten the institution economically or financially and for obtaining the resources necessary to carry out such unwinds;
- adopt system controls and test them periodically;
- promptly provide the institution's management information and analysis for any liquidity risk identified, including any conclusions or measures taken; and
- develop contingency plans for handling liquidity crisis situations.

Financial institutions were positively affected by the restructuring of the Brazilian clearing system. Under the old system, in which transactions were processed at the end of the day, an institution could carry a balance, positive or negative, a situation which is no longer allowed. Payments must now be processed in real time, and the amounts over R\$5,000 must be processed by electronic transfers between institutions with immediately available funds. If a transaction is made using checks, an additional bank fee will be charged.

After a period of tests and gradual implementation, the new Brazilian clearing system started operating in April 2002. The Central Bank and CVM have the power to regulate and supervise the Brazilian payment and clearing system.

Liquidation of financial institutions

In February 2005, the "New Bankruptcy Law" was approved, replacing the previous legislation that had been in effect since 1945. The main goal of the "New Bankruptcy Law" is to avoid viable companies being unable to honor their debt obligations. The New Bankruptcy Law seeks to do this by providing greater flexibility in plan reorganization strategies while giving creditors more guarantees. It also seeks to improve creditors' ability to recover through the judiciary system by promoting an agreement between the company and a commission comprised of creditors. The New Bankruptcy Law is not currently applicable to financial institutions, and, accordingly, Law No. 6,024/74 governing intervention in and administrative liquidation of financial institutions is still applicable to us.

Intervention

The Central Bank will intervene in the operations and management of any financial institution not controlled by the federal government if the institution:

- suffers losses due to mismanagement, putting creditors at risk;
- repeatedly violates banking regulations; or
- is insolvent.

Intervention may also be ordered upon the request of a financial institution's management.

Intervention may not exceed 12 months. During the intervention period, the institution's liabilities are suspended in relation to overdue obligations, maturity dates for pending obligations contracted prior to intervention, and liabilities for deposits in the institution existing on the date intervention was ordered.

Administrative liquidation

The Central Bank will liquidate a financial institution if:

- the institution's economic or financial situation is at risk, particularly when the institution ceases to meet its obligations as they fall due, or upon the occurrence of an event that could indicate a state of bankruptcy;

81– Reference Form – 2013

- management commits a material violation of banking laws, regulations or rulings;
- the institution suffers a loss which subjects its unsecured creditors to severe risk; or
- if, upon revocation of the authorization to operate, the institution does not initiate ordinary liquidation proceedings within 90 days, or, if initiated, the Central Bank determines that the pace of the liquidation may impair the institution's creditors.

As a consequence of administrative liquidation:

- lawsuits pleading claims on the assets of the institution are suspended;
- the institution's obligations are accelerated;
- the institution may not comply with any liquidated damage clause contained in unilateral contracts;
- interest does not accrue against the institution until its liabilities are paid in full; and
- the statute of limitations with respect to the institution's obligations is tolled.

Temporary special administration regime

The temporary special administration regime, known as "RAET," is a less severe form of Central Bank intervention in financial institutions, which allows institutions to continue to operate normally. RAET may be ordered in the case of an institution that:

- repeatedly makes transactions contravening economic or financial policies under federal law;
- faces a shortage of assets;
- fails to comply with compulsory reserves rules;
- has reckless or fraudulent management; or
- has operations or circumstances requiring an intervention.

The adjudication of RAET does not affect the regular course of the institution's business operations, which are allowed to continue as normal, with the institution being allowed to perform all operations to which it is authorized, enabling the maintenance of the relationship with institution's creditors and debtors. There is no change in its undertakings with third parties, or with respect to its debts, which continue to mature in the originally contracted terms.

Repayment of creditors in liquidation

In the case of liquidation of a financial institution, employees' wages, indemnities and tax claims have the highest priority among claims against the bankrupt institution. In November 1995, the Central Bank created the *Fundo Garantidor de Créditos* - FGC (or Deposit Guarantee Fund) to guarantee the payment of funds deposited with financial institutions in case of intervention, administrative liquidation, bankruptcy, or other state of insolvency. Members of the FGC are financial institutions that accept demand, time and savings deposits as well as savings and loans associations. The FGC is funded principally by mandatory contributions from all Brazilian financial institutions accepting deposits from customers.

The FGC is a deposit insurance system that guarantees a certain maximum amount of deposits and certain credit instruments held by a customer against a financial institution (or against member financial institutions of the same financial group). The liability of the participating institutions is limited to the amount of their contributions to the FGC, with the exception that in limited circumstances, if FGC payments are insufficient to cover insured losses, the participating institutions may be asked for extraordinary contributions and advances. The payment of unsecured credit and customer deposits not payable under the FGC is subject to the prior payment of all secured credits and other credits to which specific laws may grant special privileges.

In December 2010, the CMN increased the maximum amount of the guarantee provided by the FGC from R\$60,000 to R\$70,000. Since 2006, it reduced the ordinary monthly FGC contribution from 0.025% to 0.0125% of the balance held in bank accounts covered by FGC insurance.

In December 2010, Brazilian Central Bank issued Resolution No. 3,931/10 with new rules for taking time deposits with a special guarantee from the FGC. Under these rules, the maximum value of the balance

of such deposits is limited to the greater of the following (with a maximum of R\$5 billion): (i) the equivalent of twice the reference equity, calculated on the base date June 30 earning interest monthly at the SELIC rate; (ii) the equivalent of twice the reference equity, calculated on December 31, 2008, earning interest monthly at the SELIC rate as of May 1, 2009; and (iii) the equivalent of the sum of balances in time deposits plus balances of bills of exchange held in the bank on June 30, 2008, earning interest monthly at the SELIC rate as of May 1, 2009.

The same rule reduced the limit on taking time deposits with special FGC guarantees on the following schedule: (i) twenty percent (20%) from January 1, 2012; (ii) forty percent (40%) from January 1, 2013; (iii) sixty percent (60%) from January 1, 2014; (iv) eighty percent (80%) from January 1, 2015; and (v) one hundred percent (100%) from January 1, 2016.

In May 2012 Resolution No. 4,087/12 was issued, amending and consolidating the rules addressing the FGC bylaws and regulation. This Resolution was later amended by Resolution No. 4,115/12. In June 2012 the provisions related to the calculation basis and payment of common contributions by the FGC-associated institutions was amended.

Internal compliance procedures

All financial institutions must have in place internal policies and procedures to control:

- their activities;
- their financial, operational and management information systems; and
- their compliance with all applicable regulations.

The Executive Board of a financial institution is responsible for implementing an effective structure for internal controls by defining responsibilities and control procedures and establishing corresponding goals and procedures at all levels of the institution. The Executive Board is also responsible for verifying compliance with all internal procedures.

Our Bylaws include a provision for an internal controls and compliance committee composed of up to 12 members appointed by our Board of Directors.

Restrictions on foreign banks and foreign investment

The Brazilian Constitution prohibits foreign financial institutions from establishing new branches in Brazil, except when duly authorized by the Brazilian government. A foreign bank duly authorized to operate in Brazil through a branch or a subsidiary is subject to the same rules, regulations and requirements that are applicable to any other Brazilian financial institution.

The Brazilian Constitution permits foreign individuals or companies to invest in the voting shares of Brazilian financial institutions only if they have specific authorization from the Brazilian government. However, foreign investors without specific authorization may acquire publicly traded non-voting shares of Brazilian financial institutions or depositary receipts representing non-voting shares offered abroad. Any investment in common shares would depend on government authorization. In January 2012, the Central Bank authorized Bradesco to create an ADR program for its common shares in the U.S. market. As part of this authorization, the Central Bank increased the limit of foreign interest in Bradesco's capital stock from the current 14% to 30%.

Anti-money laundering regulations, banking secrecy and financial transactions linked to terrorism

Under Brazilian anti-money laundering rules, which the Central Bank consolidated in July 2009 through Circular No. 3,461/09, and subsequently in December 2010, through Circular No. 3,517/10, as amended by Circular No. 3,583/12, financial institutions must:

- keep up-to-date records regarding their customers;
- maintain internal controls and records;
- record transactions involving Brazilian and foreign currency, securities, metals or any other asset which may be converted into money;
- keep records of transactions that exceed R\$10,000 in a calendar month or reveal a pattern of activity that suggests a scheme to avoid identification;

7. Issuer Business Activities

- keep records of all check transactions; and
- keep records and inform the Central Bank of any cash deposits or cash withdrawals in amounts above R\$100,000.

The financial institution must review transactions or proposals whose characteristics may indicate the existence of a crime and inform the Central Bank of the proposed or executed transaction. Records of transactions involving currency or any asset convertible to money, records of transactions that exceed R\$10,000 in a calendar month, and records of check transactions must be kept for at least five years, unless the bank is notified that a CVM investigation is underway, in which case the five-year obligation may be extended. Pursuant to Circular No. 3,641/08, financial institutions must implement control policies and internal procedures. The policies must: (i) specify in an internal document the responsibilities of each of the organization's hierarchical levels; (ii) include the collection and registration of timely information about customers that makes it possible to identify the risks of occurrence of these crimes; (iii) define the criteria and procedures for selecting, training and monitoring the economic-financial status of the institution's employees; (iv) include a prior analysis of new products and services from the perspective of preventing these crimes; (v) be approved by the Board of Directors; and (vi) be broadly circulated internally. Current legislation allows us to develop internal procedures designed to identify any financial transactions or services that present a low level of risk of being used for money laundering or terrorist financing, which are exempted from the requirement to obtain customers' registration details. The procedures described herein shall be observed by our branches and subsidiaries in Brazil and abroad.

Along with these policies, Circular No. 3,641/08 also establishes additional norms related to keeping registration information up-to-date, keeping records of politically exposed individuals, records of the beginning or continuation of business relations, records of financial services and transactions, records of deposits and clearance of checks deposited in other financial institutions, the use of fund transfer instruments, pre-paid card registrations, transfers of over R\$100,000 in cash, and other transactions that require special attention.

Likewise, Circular No. 3,642/08 defined rules to combat money laundering in international transfers, including more detailed operational information requirements for payment orders, such as the name and identification document of the parties involved, address and bank account when applicable. Financial institutions shall also adopt measures to obtain information about methods and practices used by their correspondents abroad so as to prevent money laundering and terrorist financing practices, and report to government authorities whenever transactions with these characteristics are detected.

Brazilian regulations list a number of potential money-laundering transaction characteristics, such as: transactions involving amounts that are incompatible with the professional, equity and/or earnings condition of the involved parties; operations evidencing default on behalf of third parties; transactions intended to create loss or gain with no economic grounds; transactions from or to countries or territories that do not apply the recommendations sufficiently or do not cooperate with the Brazilian financial activity control agencies; transactions paid in cash; transactions the complexity and risk level of which are inconsistent with the customer's technical qualification; and transactions involving non-resident parties, trustees and companies, private banking customers and politically exposed individuals.

The CVM directed special attention to politically exposed individuals through Instruction No. 463/08 and consolidated in Circular No. 3,641/08, which refer to individuals politically exposed who hold or held prominent public positions in Brazil or abroad during the past five years and their relatives and representatives. Such individuals include heads of state and government, senior politicians and civil servants, judges or high-ranking military officers, and leaders of state controlled enterprises companies or political parties, among others. Financial institutions are required to adopt certain mechanisms in order to: (i) identify the final beneficiaries of each transaction; (ii) identify whether these politically exposed individuals are involved; (iii) monitor financial transactions involving politically exposed individuals; and (iv) pay special attention to people from countries with which Brazil maintains a high number of business and financial transactions, shared borders or ethnic, linguistic or political relations.

In addition, this CVM regulation contains special provisions to control and prevent the flow of funds derived from, or for financing, terrorist activities.

Also regarding the control of politically exposed individuals' activities and in light of the 2010 Brazilian elections for President, Governors, Senators, Federal and State Representatives, in March 2010, the Central Bank enacted rules that specifically address the opening, transacting with and closing of demand accounts for funds related to financing the 2010 election campaign. Those rules seek to avoid irregular use of said funds and illegal donations.

Financial institutions must maintain the secrecy of their banking operations and services provided to their customers. Certain exceptions apply to this obligation, however, such as: the sharing of information on

credit history, criminal activity and violation of bank regulations, or disclosure of information authorized by interested parties. Banking secrecy may also be breached by court order when necessary for the investigation of any illegal act. On June 9, 2011 Law No. 12,414 was enacted, governing the set up and consultation of data with default information on individuals and companies, in order to set up a history of credit. The provision of information by financial institutions was regulated by Resolution No. 4,172 of December 20, 2012.

Government officials and auditors from the Brazilian Federal Revenue Service may also inspect an institution's documents, books and financial records in certain circumstances.

In October 2008, the Central Bank broadened the reach of its rules for controlling financial transactions related to terrorism, so that operations carried out on behalf of, services provided to, or access to funds, other financial assets or economic resources belonging to or directly or indirectly controlled by, the following individuals or entities were required to be immediately reported to the Central Bank: (i) members of the Al-Qaeda organization, members of the Taliban and other individuals, groups, companies or entities connected with them; (ii) the former government of Iraq or its agencies or companies located outside of Iraq, as well as funds or other financial assets that might have been withdrawn from Iraq or acquired by Saddam Hussein or by other former Iraqi government senior officials or by the closest members of their families, including companies owned by, or directly or indirectly controlled by them or by individuals under their management; and (iii) individuals perpetrating or attempting to perpetrate terrorist actions or who take part in or facilitate such acts, entities owned or directly or indirectly controlled by such individuals, as well as by individuals and entities acting on their behalf or under their command.

On July 9, 2012 Law No. 12,683/12 came into force, amending Law No. 9,613/98, and toughened the rules on money laundering offenses. According to the new law, any offense or misdemeanor – and not only serious offenses, such as drug traffic and terrorism – may be deemed as a precedent to the money laundering offense. Additionally, the law expands, to a great extent, the list of individuals and companies obliged to report transactions to COAF (Controlling Council of Financial Activities), including, among them, companies providing advisory or consulting services to operations in the financial and capital markets, under the penalty of fines of up to R\$20 million.

Change of independent accounting firm

Under Brazilian regulations, all financial institutions must:

- be audited by an independent accounting firm; and
- the specialist in charge, director, manager or audit team supervisor must be periodically replaced without the need to change the independent auditor firm itself. Rotation must take place after five fiscal years at most and replaced professionals may be reintegrated three years later. Terms of responsible specialists, directors, managers or audit team supervisors begin on the day the team begins work on the audit.

Each independent accounting firm must immediately inform the Central Bank any event that may materially adversely affect the relevant financial institution's status.

In March 2002, an amendment to the Brazilian Corporate Law gave the members of our Board of Directors veto rights over the appointment or removal of our independent accounting firm.

Auditing requirements

Because we are a financial institution registered with the local stock exchange, we are obliged to have our financial statements audited every six months in accordance with generally accepted accounting principles adopted in Brazil. Quarterly financial information filed with the CVM is subject to review by our independent accountants.

In January 2003, the CVM enacted regulations requiring audited entities to disclose information relating to their independent accounting firm's non-auditing services provided to the entity whenever such services accounted for more than 5.0% of the amount paid to the external auditors.

The independent auditors must also declare to the audited company's management that their providing these services does not affect the independence and objectivity required for external auditing services.

In May 2003, the CMN enacted new auditing regulations applicable to all Brazilian financial institutions; which were revised in November 2003, January and May 2004 and December 2005. Under these regulations, we are required to appoint a member of our management to be responsible for monitoring and supervising compliance with the accounting and auditing requirements set forth in the legislation.

Pursuant to this regulation, financial institutions having reference equity of more than R\$1.0 billion, managing third party assets of at least R\$1.0 billion or having an aggregate amount of third party deposits of over R\$5.0 billion are also required to create a Committee for Audit consisting of independent members. The number of members, their appointment and removal criteria, their term of office and their responsibilities must be specified in the institutions' bylaws. Our Committee for Audit has been fully operational since July 1, 2004. The Committee for Audit is responsible for recommending to management which independent accounting firm to engage, reviewing the company's financial statements, including the notes thereto, and the auditors' opinion prior to public release, evaluating the effectiveness of the auditing services provided and internal compliance procedures, assessing management's compliance with the recommendations made by the independent accounting firm, among other matters. Our Bylaws were revised in December 2003 to stipulate the existence of a Committee for Audit. In May 2004, our Board of Directors approved the internal regulations for the Committee for Audit and appointed its first members. In October 2006, the CMN enacted stricter requirements to be followed by the members of the Committee for Audit.

Since July 2004, we are required to publish a semi-annual Committee for Audit report together with our financial statements. Our Committee for Audit 's first report was issued together with our financial statements for the second half of 2004.

In September 2009, the Central Bank issued rules setting criteria for auditors on the latter's preparation of reports on the quality and compliance of the internal controls systems, and on non-compliance with legal and regulatory provisions. These norms, amended in January 2010, state that in addition to their regular auditing functions, auditors must assess the following items: (i) control environment; (ii) risk identification and assessment; (iii) controls adopted; (iv) information and communication policies; (v) forms of monitoring and improvement; and (vi) deficiencies identified.

Regulation of operations in other jurisdictions

We have branches and subsidiaries in several other jurisdictions, such as New York, London, Buenos Aires, Tokyo, the Cayman Islands, Hong Kong, Mexico and Luxembourg. The Central Bank supervises Brazilian financial institutions' foreign branches, subsidiaries and corporate properties, and prior approval from the Central Bank is necessary to establish any new branch, subsidiary or representative office or to acquire or increase any interest in any company abroad. In any case, the subsidiaries activities' should be complementary or related to our own principal activities. In most cases, we have had to obtain governmental approvals from local central banks and monetary authorities in foreign jurisdictions before commencing business. In all cases, we are subject to supervision by local authorities.

Asset management regulation

Asset management is regulated by the CMN and the CVM.

In August 2004, the CVM issued Rule No. 409/04 consolidating all previous regulations applicable to fixed-income asset funds and equity mutual funds. Prior to this ruling, fixed-income asset funds were regulated by the Central Bank, and equity mutual funds were regulated by the CVM.

CVM Rule No. 409/04 became effective on November 22, 2004. Since then, all new funds created are subject to its rules, while previously existing funds had until January 31, 2005 to adapt to the new regulations.

Pursuant to CVM limits and our Bylaws, our investment funds must keep their assets invested in securities and types of trades available in the financial and capital markets.

Securities and all other financial assets in the investment fund's portfolio must be registered directly with specific custody deposit accounts opened in the name of the fund except for open investment funds quotas. Such accounts must be held in registration and clearance systems authorized by the Central Bank, or certain custody institutions authorized by the CVM.

In addition to the limitations specified in each financial investment fund's Bylaws, they may not:

- invest more than ten per cent (10.0%) of their net assets in securities of a single issuer, if that issuer is (i) a publicly-held non-financial institution, or (ii) a federal, state, or municipal entity or (iii) another investment fund, except for equity funds;
- more than twenty percent (20.0%) of their net assets in securities issued by the same financial institution (including the fund administrator);
- invest more than five percent (5.0%) of their net assets if the issuer is an individual or corporate entity that is not a publicly-held company or financial institution authorized to operate by the Central Bank; and
- in the case of investment funds or fixed-income and multimarket participation funds, more

7. Issuer Business Activities

than ten percent (10.0%) of their net assets in real estate investment funds, receivables investment funds or credit rights participation funds.

There are no limits when the issuer is the federal government. For the purposes of these limits, the same issuer means the parent company, companies directly or indirectly controlled by the parent and its affiliates, or companies under common control with the issuer.

Depending on the composition of their assets, investment funds and funds of funds are classified as follows:

- Short-term funds – these funds invest exclusively in public, federal or private bonds pegged to the SELIC rate or another interest rate, or to price indices, and have a maximum maturity of 375 days and an average portfolio period of less than 60 days. Short-term funds may use derivatives only to hedge their portfolios and may enter into repo agreements backed by federal government bonds;
- Referenced funds – their name must state their benchmark indicator on which the financial asset structure of their portfolio is based (1) at least 80.0% of their net assets, separately or together, must be invested in (a) bonds issued by the Brazilian National Treasury and/or the Central Bank or (b) fixed-income securities from low credit-risk issuers; (2) they stipulate that at least 95.0% of their portfolio must be composed of financial assets that directly or indirectly track the variation of a specified performance indicator (benchmark); and (3) they may use derivatives only for hedging cash positions, limited to the amount of the latter;
- Fixed-income funds – These funds have at least 80.0% of their asset portfolios directly related to fixed-income assets or synthesized through derivatives;
- Equity funds – These funds have at least 67.0% of their portfolio invested in shares listed and traded on exchange or in organized over the counter markets;
- Forex funds – These funds have at least 80.0% of their portfolio invested in derivatives or other funds comprised of derivatives which hedge foreign currency prices;
- Foreign-debt funds – These funds have at least 80.0% of their net assets invested in Brazilian foreign-debt bonds issued by the federal government, and the remaining 20.0% in other debt securities transacted in the international market; and
- Money market funds – These funds must have an investment policy that involves several risk factors, without a commitment to concentration in any particular factor or in factors differing from the other classes stipulated in the classifications of the funds listed above.

Qualified investor funds require a minimum investment of R\$1 million per investor and are subject to concentration limitations per issuer or per type of asset (while obeying the investment parameters for type of fund as described above), as long as this is stated in their bylaws.

In addition, CVM Instruction No. 409/04 states that funds may hold financial assets traded abroad in their portfolios as follows: (i) for foreign-debt funds and qualified investor funds that stipulate this possibility, there is no limit; (ii) for multimarket funds, up to 20% of net assets; and (iii) for other funds, up to 10% of net assets.

Regulation of brokers and dealers

Broker and dealer firms are part of the National Financial System and are subject to CMN, Central Bank and CVM regulation and supervision. Brokerage and distribution firms must be authorized by the Central Bank and are the only institutions in Brazil authorized to trade on Brazil's stock exchanges and commodities and futures exchanges. Both brokers and dealers may act as underwriters for public placement of securities and engage in the brokerage of foreign currency in any exchange market.

Brokers must observe BM&FBOVESPA rules of conduct previously approved by the CVM, and must designate an executive officer responsible for observance of these rules.

Broker and dealer firms may not:

- with few exceptions, execute transactions that may be characterized as the granting loans to their customers, including the assignment of rights;
- collect commissions from their customers related to transactions of securities during the primary distribution;

87 – Reference Form – 2013

7. Issuer Business Activities

- acquire assets, including real estate properties, which are not for their own utilization; or
- obtain loans from financial institutions, except for: (i) loans for the acquisition of goods for use in connection with the firm's corporate purpose; or (ii) loans for amounts not more than twice the firm's net assets.

Broker and dealer firms' employees, managers, partners, controlling entities and subsidiaries may trade securities on their own account only through the broker they are related to.

Leasing regulation

The basic legal framework governing leasing transactions is established by Law No. 6,099/74, as amended (the "Leasing Law") and related regulations issued periodically by the CMN. The Leasing Law provides general guidelines for the incorporation of leasing companies and the business activities they may undertake. The CMN, as regulator of the Financial System, is responsible for issuing Leasing Law related regulations and overseeing transactions made by leasing companies. Laws and regulations issued by the Central Bank for financial institutions in general, such as reporting requirements, capital adequacy and leverage regulations asset composition limits and treatment of doubtful loans, are also applicable to leasing companies.

Insurance regulation

Brazilian insurance business is regulated by Decree Law No. 73/66, as amended, which created two regulatory agencies, the National Private Insurance Council, or "CNSP," and SUSEP. SUSEP is responsible for implementing and overseeing CNSP's policies and ensuring compliance with such policies by insurance companies, insurance brokers and insured individuals. Insurance companies require government approval to operate, as well as specific approval from SUSEP to offer each of their products. Insurance companies may subscribe policies only through qualified brokers.

Insurance companies must set aside reserves in accordance with CNSP criteria. Investments covering these reserves must be diversified and meet certain liquidity criteria, rules for which were consolidated by CNSP Resolution No. 226/10 solvency and security criteria. Insurance companies may invest a substantial portion of their assets in securities. As a result, insurance companies are major investors in the Brazilian financial markets and are subject to CMN rules and conditions for their investments and coverage of technical reserves.

Insurance companies may not, among other activities:

- act as financial institutions by lending or providing guarantees;
- trade in securities (subject to exceptions); or
- invest outside of Brazil without specific permission from the authorities.

Insurance companies must operate within certain retention limits approved by SUSEP pursuant to CNSP rules. These rules reflect the economic and financial situation of insurance companies and the conditions of

their portfolios. Insurers must also meet certain capital requirements consolidated by SUSEP Resolution No. 227/10.

In January 2007, Complementary Law No. 126/07 created a new policy for reinsurance (whereby underwriters obtain secondary insurance for the risks that they are insuring), retrocession and intermediation in Brazil. In practical terms, this law ended IRB's monopoly in reinsurance and retrocession with regulatory duties and activities originally attributed to IRB transferred to CNSP and SUSEP.

Under Complementary Law No. 126/07, the ceding party (local insurer or reinsurer) must offer local reinsurers preference when contracting reinsurance or retrocession to the extent of the following percentages of risks ceded: (i) 60% in the first three years as of January 16, 2007; and (ii) 40% in subsequent years. Under SUSEP Resolution No. 225/10, insurance companies must have contracts with local reinsurers for at least 40% of ceded reinsurance in facultative or automatic contracts. The new rule will apply to existing automatic contracts upon renewal or as of March 31, 2012, whichever is earlier.

The new law also places more severe restrictions on ceding risk to foreign reinsurance companies and contracting of insurance abroad. Insurance companies must reinsure amounts exceeding their retention limits. Insurance companies must also file unaudited monthly and audited quarterly, semiannual and annual reports with SUSEP.

7. Issuer Business Activities

CNSP Resolution No. 232/11 established that the local insurance or reinsurance company may not transfer to affiliates or companies of the same financial conglomerate based abroad more than 20% of the Premium related to each coverage contracted. That ceiling shall not apply to guarantee, export credit and nuclear risks, for which insurance assignment or retrocession to affiliates or companies of the same financial conglomerate based abroad are allowed, taking into account the other legal and statutory requirements.

Insurance companies are exempt from ordinary financial liquidation procedures in case of bankruptcy, and instead follow a special procedure administered by SUSEP, under CNSP Resolution No. 227/10. Financial liquidation may be either voluntary or compulsory. The Minister of Finance undertakes compulsory dissolutions of insurance companies.

As was already the case in relation to entities subject to CMN, SUSEP issued rules in December 2008 with specific internal controls for preventing and fighting money laundering crimes. These rules include a series of provisions on notifying proposed transactions with politically exposed individuals and suppression of terrorist financing activities. These rules were amended and consolidated by Circular No. 445/12.

There is currently no restriction on foreign investment in insurance companies.

Health insurance

Private health insurance and health plans are currently regulated by Law No. 9,656/98, as amended, which we refer to as the "Health Insurance Law," containing general provisions applicable to health insurance companies and the general terms and conditions of agreements entered into between health insurance companies and their customers. The Health Insurance Law establishes, among other things:

- mandatory coverage of certain expenses, such as those arising from preexisting conditions;
- prior conditions for admission to a plan;
- the geographical area covered by each insurance policy; and
- the pricing criteria plans may use.

The ANS is responsible for regulating and supervising supplemental health services provided by health insurance companies pursuant to directives set forth by the Supplemental Health Council (*Conselho de Saúde Suplementar*).

Until 2002, SUSEP had authority over insurance companies, which were authorized to offer private health plans. Since 2002, pursuant to ANS regulations and supervision, only operators of private health plans may offer such plans. We created Bradesco Saúde in 1999 to fulfill this requirement.

Private pension plans

Real estate financing

Open pension plans are subject, for purposes of inspection and control, to the authority of the CNSP and the SUSEP, which are under the regulatory authority of the Ministry of Finance. The CMN, CVM and Central Bank may also issue regulations pertaining to private pension plans, particularly related to assets guaranteeing technical reserves.

Private pension entities must set aside reserves and technical provisions as collateral for their liabilities.

Open pension plans and insurance companies have been allowed to create, trade and operate investment funds with segregated assets since January 2006. Notwithstanding the above, certain provisions of Law No. 11,196/05 will only become effective when SUSEP and CVM issue regulatory texts. In September 2007, CVM issued Instruction No. 459, which addresses the set up, management, operation and disclosure of information on investment funds exclusively related to supplementary pension fund plans. In January 2013, the CMN determined new rules to govern the application of reserves, provisions and funds of insurance companies, capitalization companies and open supplementary pension fund entities.

Regulation of Internet and electronic commerce

The Brazilian Congress has not enacted any specific legislation regulating electronic commerce. Accordingly, electronic commerce remains subject to existing laws and regulation on ordinary commerce and business transactions.

There are currently several bills dealing with Internet and electronic commerce regulation in the Brazilian congress. The proposed legislation, if enacted, would recognize the legal effect, validity and enforceability of information in the form of electronic messages, allowing parties to enter into an agreement and make or accept an offer through electronic messages.

7. Issuer Business Activities

The CVM approved new regulations on Internet brokerage activities, which may be carried out only by registered companies. Brokers' web pages must contain details of their systems, fees, security and procedures for executing orders. They must also contain information about how the market functions generally and the risks involved with each type of investment offered.

Brokers that carry out transactions over the Internet must guarantee the security and operability of their systems, which must be audited at least twice a year.

Taxation

IOF (Tax on Financial Transactions)

Tax on Financial Transactions (*Imposto Sobre Operações Financeiras*, or IOF) is a tax on loans and advances, foreign exchange transactions, insurance and trading in securities. The Minister of Finance sets the rate of the IOF subject to a 25.0% ceiling. Although the taxpayer is the one conducting the financial transaction subject to taxation, the tax is collected by the financial institution involved.

IOF is levied on the following main types of transactions: (i) foreign exchange transactions; (ii) bonds and securities transactions; (iii) loan transactions; and (iv) insurance transactions.

IOF on foreign exchange transactions

IOF may be levied on a variety of forex transactions, including the conversion of Brazilian currency into any foreign currency for the payment of dividends and repatriation of capital invested in our ADSs and common share ADSs. The general IOF rate on forex transactions is 0.38%, but 0% on forex transactions of an interbank nature or for the payment of dividends and interest on equity to foreign investors. IOF is also 0% for converting incoming funds or funds leaving the country since October 2008 in the form of foreign borrowing or financing.

Since March 2012, the tax rate on forex transactions settled by foreign investors' funds entering Brazil, including those doing so through simultaneous transactions related to foreign loans subject to registration with the Central Bank, is 6% for currency loans with repayment terms of less than 1,800 days, including both direct loans and those related to the issue of bonds in the international markets. If the repayment term of the loan is higher than 1,800 days the IOF rate is reduced to 0%.

As of October 2010, the IOF rate on forex transactions for foreign investors in the Brazilian financial and capital markets was raised from 0% to 2%. The remittance of the investment abroad is also subject to 0% of IOF.

There are several exceptions to the general rate of 6% above-mentioned, in which case the IOF rate is 0%:

(i) transfer of external resources for application in Brazil in equities on the stock exchange or futures and commodities exchange, except for derivative transactions that result in predetermined returns;

(ii) entry of funds in Brazil for acquisition of shares in public offerings registered or exempt from registration by CVM or for subscription of shares, provided that, in both cases, the issuing companies must be registered for trading of shares on stock exchanges;

(iii) entry of funds in Brazil for acquisition of shares in equity funds, venture capital funds and investment funds in shares of these funds, established as authorized by the CVM;

(iv) settlement of simultaneous foreign exchange transactions, entered into from January, 2011, for the purpose of funds entering due to cancellation of depositary receipts, for investment in shares traded on exchange;

(v) settlement of simultaneous foreign exchange transactions, entered into from January 1, 2011, for funds entering Brazil arising from altered arrangements for foreign investors, direct investment, investment in shares traded on exchanges;

(vi) settlement of foreign exchange transactions contracted by foreign investors for the acquisition of bond or securities issued in accordance with Articles 1 and 3 of Law No. 12,431/11; and

(vii) settlement of exchange transactions contracted by foreign investors, including through simultaneous transactions, related to foreign transfers of funds for application in Brazil in certificate deposit of securities, named Brazilian Depositary Receipts – BDR, as regulated by CVM.

In March 2011, Decree No. 7,454/11 increased the IOF rate on currency exchange transactions from 2.38% to 6.38% for payments made by credit card administrators or commercial or multiple banks acting as card issuers, when such amounts arise from the purchase of goods and services abroad by their cardholders.

The IOF rate is 0% for foreign exchange rate transactions related to revenues entering Brazil from exports of goods and services.

IOF on bonds or securities transactions

IOF rate may also be charged on issues of securities, including transactions on Brazilian stock, futures or commodities exchanges. The IOF rate levied on common or preferred share transactions in general is currently 0%. The Minister of Finance, however, has the legal authority to raise the rate to a maximum of 1.5% per day of the amount of taxable transactions during the period in which the investor holds securities, but only to the extent of gains made on the transaction, and not retrospectively.

In November 2009, the Brazilian government made use of its prerogative to raise the IOF rate from 0% to 1.5% on transactions assigning shares of any type (including preferred shares) traded on a stock exchange in Brazil, with the specific purpose of backing an ADS issue.

On September 2011, IOF was levied on transactions involving derivative contracts. The tax rate is 1% on the national amount, adjusted in the acquisition, sale or maturity of financial derivative contracts entered into in Brazil that, individually, result in an increase of the sold foreign exchange exposure or reduction of the purchased foreign exchange exposure.

The legislation allows for some deductions from the calculation basis, such as: (i) the sum of the national value adjusted by the acquisition, sale or maturity of financial derivative contracts entered into in Brazil, on the day, and that, individually, results in an increase of the purchased foreign exchange exposure or reduction of the sold foreign exchange exposure, (ii) the adjusted net foreign exchange exposure purchased, obtained on the previous business day, and (iii) the reduction of the net foreign exchange exposure sold and the increase of the net foreign exchange exposure purchased compared to the previous business day, not resulting from acquisitions, sales or maturities of financial derivatives contracts.

The new legislation also establishes several specific concepts related to the levy of IOF on derivative contracts. One is the concept of "national value set," which corresponds to the reference value of the contract – national value – multiplied by the price change of the derivative compared to the price change of foreign currency, noting that in the case of acquisition, sale or partial maturity, the adjusted national amount will be calculated proportionately.

IOF is also charged on gains from transactions with terms of up to 30 days for sale, assignment, repurchase or renewal of fixed-income securities such as redemption of shares in financial investment funds, equity funds or investment clubs. For more information on financial investment funds and equity funds. The maximum rate of IOF payable in such cases is 1.0% per day and decreases with the duration of the transactions, reaching zero for transactions with maturities of at least 30 days, except that the rate is

currently 0% for the following types of transactions:

- transactions carried out by financial institutions and other institutions authorized by the Central Bank as principals;
- portfolio transactions carried out by mutual funds or investment clubs;
- transactions in equity markets, including stock, futures and commodities exchanges and similar entities;
- redemptions of shares in equity funds, noting that in case the investor redeems the shares before completing the grace period for credit income, the rate is 0.5% per day over the surrender value of shares in equity funds;
- Certificates of Agribusiness Credit Rights – CDCA, with Letter of Agribusiness Credit – LCA, and with Certificate of Agribusiness Receivables – CRA, established by Article 23 of Law No. 11,076/04; and
- debentures pursuant to Article 52 of Law No. 6,404/76, with Real Estate Receivables Certificates mentioned in Article 6 of Law No. 9,514/97, and with Financial Letters mentioned in Article 37 of Law No.12,249/10.

91– Reference Form – 2013

IOF on loans transactions

IOF is levied on all types of domestic loans, including overdrafts, at a daily rate of 0.0041% applicable to legal entities. For individual taxpayers, the daily rate has been 0.0068% since December 2011. This IOF rate will be charged on principal available to borrowers, but for cases in which the amount of principal is not predetermined, in addition to the IOF levied on principal, there will be additional IOF at the same rate levied on interest and other charges, so that the calculation base will comprise the sum of daily outstanding debt balances calculated on the last day of each month. In cases in which the IOF calculation base is not the sum of outstanding debt balances, IOF shall not exceed the amount resulting from applying the daily rate to each amount of principal stipulated for the transaction, multiplied by 365 days, plus an additional rate of 0.38% even if the loan is to be repaid by installment. In any case, IOF is subject to a maximum daily rate of 1.5% on the amount loaned. Furthermore, since January 2008, loans and advances have been subject to IOF in the form of an additional rate of 0.38% irrespective of the repayment period or whether the borrower is an individual or a legal entity.

IOF on insurance transactions

IOF tax is levied on insurance transactions at a rate of:

- 0%, in the case of reinsurance or mandatory insurance pertaining to housing finance provided by an agent of the housing finance system, export transactions, international transportation of goods, aviation insurance or premiums designated to fund life insurance plans containing life coverage;
- 0.38% of premiums paid, in the case of life insurance and similar policies, for personal or workplace accidents, including mandatory insurance for personal injuries caused by vehicles or ships or cargo to persons transported or others;
- 2.38% private health insurance business; and
- 7.38% of premiums paid, in the case of other segments of insurance.

Income and social contribution taxes on profits

Federal taxes on company income include two components, income tax known as "IRPJ" and tax on net profits, known as "Social Contribution" or "CSLL." Current year and deferred income tax charges are calculated based on a rate of 15.0% plus a surcharge of 10.0% on taxable income exceeding R\$240,000. Considering the above, the IRPJ is assessed at a combined rate of 25.0% of adjusted net income. Current year and deferred social contribution tax is calculated based on a general rate of 9.0% of adjusted net income. However, since May 2008, financial institutions and affiliated companies have been taxed at a rate of 15.0%.

Companies are taxed based on their worldwide income rather than income produced solely in Brazil. As a result, profits, capital gains and other income obtained abroad by Brazilian entities are computed in the determination of their taxable profits. A Brazilian entity is allowed to offset income tax paid abroad against

tax on the same income due in Brazil (i) under double taxation agreements (ii) up to the amount of Brazilian income taxes charged on the same income, if there is reciprocal treatment between Brazil and the country where the profit or gain was obtained, as is the case with the United States. Profits computed at the end of each year by an offshore entity which is a branch, subsidiary or affiliate of a Brazilian entity are regarded as available to the Brazilian entity and therefore subject to income tax in Brazil.

Profits or dividends generated and paid by Brazilian entities since 1996 are not subject to withholding income tax, nor are they included in the calculation of income tax for corporates or individual beneficiaries domiciled in Brazil or abroad.

Since payment of dividends is not tax deductible for the corporation distributing them, Brazilian legislation allows an alternative means of compensating shareholders in the form of "interest on equity" which may be deducted from taxable income. This deduction is limited to the product of (i) the *pro rata die* variation of the long-term interest rate announced by the Brazilian government, known as the "TJLP," times (ii) the corporation's equity calculated in accordance with accounting practices adopted in Brazil, not exceeding:

- 50.0% of net income (before the above distribution and any deductions for income taxes) for the year in respect of which the payment is made, in accordance with accounting practices adopted in Brazil; or
- 50.0% of retained earnings for the year prior to the year in which payment is made, in accordance with generally accepted accounting principles in Brazil.

7. Issuer Business Activities

Distributions of interest on equity paid to holders of shares, including payments to the depository bank in respect of shares underlying ADSs or common shares ADSs, are subject to Brazilian withholding tax at a rate of 15.0%, except for payments to: (i) persons exempt and immune from tax in Brazil or (ii) persons situated in tax havens in which case, payments are subject to income tax at a rate of 25.0%.

Tax losses of Brazilian companies accrued in prior years may offset income from future years up to 30.0% of annual taxable income.

Gains realized by persons resident in Brazil on any disposition of common or preferred shares in Brazilian stock exchanges or similar markets are generally taxed at the following rates:

- 20.0% if the transaction is "day-trade" on a stock exchange; or
- 15.0% for all other transactions.

In addition, persons resident in Brazil who trade on an exchange, or in commodities, futures or similar markets, except for day-trades, are subject to a withholding income tax of 0.005% as follows:

- in the futures market, the sum of the daily adjustments, if positive, determined when closing out the position, in advance or on the settlement date;
- in the options market, the result, if positive, of the sum of the premiums paid and received on the same day;
- for forward contracts, which provide for delivery of the assets on a set date, the difference, if positive, between the forward price and cash price on delivery date;
- with respect to forward contracts for financial settlement, the settlement amount as specified by the contract; and
- for the spot market, the sale value of shares, gold, financial assets or other securities traded therein.

This taxation system was created in order to facilitate the Brazilian tax authority's supervision of transactions in the financial and capital markets. Withholding income taxes as mentioned above may be (i) deducted from income tax levied on net monthly gains; (ii) offset with tax due in subsequent months; (iii) offset in annual income tax declaration of adjustment (if there is withheld tax to be returned); or (iv) offset with the outstanding withholding income tax due on capital gains from the sale of shares.

Brazilian residents day-trading on stock, commodities or futures exchanges, or similar markets, are also subject to an additional withholding tax similar to the described above, at a rate of 1%. This tax may also be (i) deducted from the income tax levied on net monthly profit or (ii) offset with income tax due in following months (if there is any withheld tax accounted for in the balance).

Gains on disposition of shares in Brazil by investors who reside in a jurisdiction deemed to be a "tax haven" under Brazilian law (any country that (i) does not charge income tax, (ii) charges income tax at a rate of less than 20.0% or (iii) a country whose corporate law opposes confidentiality on ownership of corporate

entities) are subject to the same rates applicable to holders resident in Brazil, as previously described.

Gains obtained on disposition of shares in Brazil by holders who are resident overseas, in a country that, according to Brazilian laws, is not deemed a tax haven, are exempted from Brazilian tax if:

- proceeds obtained from the disposition of shares were remitted from Brazil within five business days of the cancellation of the ADSs or common share ADSs, which were represented by the shares sold; or
- the foreign investment in shares is registered with the Central Bank pursuant to CMN Resolution No. 2,689/00.

Otherwise, the same treatment afforded to residents in Brazil will be applicable.

There is zero income tax rate on income from transactions involving Brazilian government bonds purchased as of February 2006, except those for which buyers enter into resell agreements under CMN rules and conditions. This zero income tax rate is also applicable to income of non-residents that invest in shares of investment funds exclusively for non-resident investors, if their portfolio is at least, 98% government bonds. This zero tax rate is not applicable if the beneficiary is resident or domiciled in a country deemed a tax haven.

The income tax rate is also zero, under certain conditions, on income from investments in private equity investment funds, investment funds in quotas of private equity investment funds and emerging markets investment funds if income is paid, credited, delivered or remitted to individual or collective

7. Issuer Business Activities

beneficiaries resident or domiciled abroad (except tax havens), whose investments in Brazil are in compliance with CMN regulations and conditions. These funds must comply with CVM regulations on limits for portfolio composition, diversification and investment rules in order to benefit from the zero income tax rate.

Income of Brazilian residents from redemption, sale or amortization of shares in investment funds, private equity funds, funds of funds and emerging markets investment funds, including income resulting from liquidation of the fund, is subject to an income tax rate of 15% on the positive difference between redemption or sale value and acquisition cost.

In December 2008, the Brazilian government created the Transition Tax Regime ("RTT") to neutralize the impact of the new accounting methods and criteria introduced in December 2008, as part of Brazil's adoption of international accounting rules. The adoption of RTT which, will be in force until the law governing the tax effects of the new accounting methods and criteria becomes effective, was optional for 2008 and 2009 but became mandatory in 2010 fiscal year, including for purposes of determining the social contribution, PIS and Cofins. We have elected to adopt the RTT from the 2008 fiscal year.

In June 2010, legislation introduced thin capitalization rules, and limited deduction for interest paid or credited by a Brazilian company to (i) an addressee domiciled abroad, whether or not holding equity interest in the company paying, and (ii) an addressee resident, domiciled or incorporated in a tax haven or locality with a low or privileged tax regime.

In cases where the creditor is a related party domiciled abroad and holds an equity interest in the Brazilian company making a payment, debt may not exceed the equivalent to twice such shareholders' interest in the total equity of the Brazilian company. In case of a related party with no shareholding interest, the limit will be equivalent to twice the total shareholders' equity of the Brazilian company resident in Brazil. If there is more than one creditor, total debt owed foreign companies may not exceed the equivalent of twice the total value of the interests of all the related parties in the shareholders' equity of the company resident in Brazil. If the debt is exclusively related to foreign companies that have no ownership interest in the Brazilian company, the overall limit is twice the shareholders' equity of the Brazilian company. If the creditor is domiciled in a low tax jurisdiction the debt amount may not exceed 30.0% of the shareholders' equity of the Brazilian company. Any amounts exceeding the limits above such limit may not be deducted for purposes of withholding income and social contributions taxes.

Also beginning in June 2010, tax deductions for any payment to a beneficiary resident or domiciled in a country considered a tax haven became subject to the following requirements in addition to others already stipulated in the legislation: (i) identification of the actual beneficiary of the person domiciled abroad; (ii) proof of the ability of the person located abroad to complete the transaction; and (iii) documented proof of payment of the respective price and of receipt of the assets, rights, or utilization of service.

In November 2010, the Brazilian tax authorities issued a normative instruction altering the tax treatment applicable to variation in the monetary value of taxpayers' credit rights and obligations due to varying exchange rates. Under this new instrument, as of the 2011 calendar year, the election of tax regime for taxation of exchange-rate variations (i) may only be exercised in January of each calendar year and (ii) may only be altered during the fiscal year if there is "material variation in the exchange rate," as published by a Finance Ministry directive.

PIS and Cofins

Two federal taxes are imposed on the gross revenues of corporate entities: PIS and Cofins. Nonetheless, many revenues, such as dividends, equity earnings from unconsolidated companies, revenues from the sale of fixed assets and export revenues paid in foreign currency are not included in the calculation base for PIS and Cofins. Revenues earned by corporations domiciled in Brazil are subject to PIS and Cofins taxes corresponding to interest on equity.

Brazilian legislation authorizes certain adjustments to the calculation base of those taxes depending on the business segment and on other aspects.

Between 2002 and 2003, the Brazilian government implemented a non-cumulative collection system of PIS and Cofins taxes, allowing taxpayers to deduct from their calculation basis credits originating from certain transactions. In order to offset these credits, the rates of both PIS and Cofins were substantially increased. Subsequent to the changes made to PIS and Cofins, as of May 2004, both taxes are applicable on imports of goods and services when the taxpayer is the importing company domiciled in Brazil.

As of August 2004, PIS and Cofins rates were eliminated for financial income earned by companies subject to the non-cumulative applicability of these taxes. However, taxes charged on payments of interest on equity were maintained.

Certain economic activities are expressly excluded from the non-cumulative collection system of PIS

and Cofins. Financial institutions remain subject to PIS and Cofins according to the "cumulative" method, which does not allow any credits to be discounted.

PIS is charged based on the total revenue generated by entities and is charged at a rate of 0.65% in the case of financial and similar institutions.

Before February 1999, we were not a Cofins taxpayer. In February 1999, Cofins was imposed on our gross revenues at a rate of 3.0%. After September 2003, this tax rate was increased to 4.0% for financial and similar institutions. The calculation base for Cofins is the same as that for PIS.

In July 2010, the Brazilian tax authorities introduced digital tax records for PIS and Cofins taxes. Under the new rule, financial and similar institutions must keep digital records for PIS and Cofins taxes relating to taxable events occurring as of January 2012.

b) issuer environmental policy and costs incurred for compliance with environmental regulation, and other environmental practices if applicable, including adherence to international standards of environmental protection

Bradesco's corporate sustainability policy includes the commitment to adopt responsible lending policies and procedures and to adopt action plans for projects that may involve environmental risk.

Additionally, the Organization's credit standards and procedures cover management of environmental risk and require all applications for loans, regardless of their type or purpose, to be appraised from the point of view of environmental risk. As part of these rules, there are alert and restriction notices listing high-risk sectors and situations, which require stricter appraisal before lending, as well as 69 business activities that require critical analysis from the socioenvironmental point of view.

Bradesco has been a signatory to the Equator Principles since 2004 and applies IFC social and environmental criteria to project finance for new projects and / or extensions involving sums of US\$ 10 million or more, as well as other types of lending for new projects and / or extensions involving US\$ 50 million or more.

The Organization has two areas specializing in the analysis and management of environmental risk. The Credit Department's Environmental Risk Analysis area undertakes risk analysis and produces reports, in order to assist the Executive Committee, or any other decision making body, and to make recommendations to the areas responsible for continuing to lend.

Record restrictions are established to comprise customers included in lists related to interdicted areas disclosed by IBAMA, and contaminated areas disclosed by environmental authorities of São Paulo (CETESB), Rio de Janeiro (INEA) and Minas Gerais (FEAM), as well in "black list" of the Ministry of Labor and Employment, for alleged use of child and slave labor; also, information provided by customers upon the completion of the sector-related *check list* is also used.

Once finance has been approved, the Investor Relations department's Project Management and Environmental Monitoring area begins to act together with other areas involved in lending to coordinate the inclusion of socioenvironmental obligations in financing agreements, and to monitor compliance through full repayment of debt.

With respect to investments, in 2010 Bradesco Asset Management (BRAM) adhered to UNPRI (United Nations Principles for Responsible Investments) and, in line with its strategy, Bradesco signed in 2011 the Declaration of United Nations Environment Programme - Finance Initiative (UNEP-FI), thus reasserting its commitment to the integration of socioenvironmental matters to business decisions.

The UNEP-FI platform was developed by the United Nations Program for the Environment especially for financial institutions committed to sustainable finance. Over 200 UNEP-FI signatory banks and insurance companies comprise an important forum disseminating best practices for the industry.

Through its membership of the Brazilian Federation of Banks (FEBRABAN), Bradesco is a signatory to the Ministry for the Environment's Green Protocol implementing a shared sustainability agenda for the Brazilian banking industry. The initiative encourages banks to engage with the Ministry for the Environment.

We also take part in discussions in the context of Equator Principles signatory banks on the updating of this commitment, which are held with the involvement of NGOs, customers, industry associations and consultants worldwide.

10. Directors' Comments

10.1 - General financial and equity conditions

a) general financial and equity conditions

Bradesco Directors understand that the Bank has all general financial and equity conditions to ensure the performance of its obligations and the strategy for business expansion both in the short and long term.

Bradesco Directors' analysis is based on the information from the financial statements for the last three corporate years, as shown below:

2012

The year of 2012 showed a strongly challenging scenario. It is important that changes perceived in the financial system as a result of the period crossed by the sector over the last years are evaluated. As a result, institutions have intensified their attention to operation flow, while expanding the range of general services offered to customers.

In mid-2012, the world's major central banks, in an unprecedented and aggressive way renewed or increased their commitment to providing liquidity to the market, what contributed significantly to reduce the risks of extreme events in the international scenario. On the other side, the need of fiscal adjustments in USA and Europe has maintained a downward bias for global growth in 2013.

Brazil is not immune to that global context, in spite of advances in macroeconomic foundations over the last recent years. However, the Country now starts to reap the fruits of its greater margin of countercyclical strategy as compared to other nations. The several incentive actions adopted over the last months are already having the expected results as far as economic activity recovery is concerned, while some significant steps have been taken to improve infrastructure, adjust tax distortions, and increase the productive sector efficiency, which are significant factors to increase economy growth.

Notwithstanding the Country's incontestable export vocation, the major economic activity performance driver has been and will continue to be the domestic demand, in particular the family consumption and investments, which are benefiting of the upcoming sport events over the next three years. In this context and taking into account the continuous social mobility process and the preparation of national institutions for the rules governing the capital structure and limitations to be implemented as from 2013, perspectives for the Brazilian banking system remain favorable.

In Bradesco Organization, among the significant events in the period, the following stand out:

- **on March 5, the start of operation of the subsidiary Bradesco Securities Hong Kong Limited, in Hong Kong, China**, focused on the identification of opportunities and distribution of fixed and variable-income products. As such, Bradesco expands its international distribution channels and strengthens its contact with global investors operating in that market, in addition to giving access to a new

base of institutional investors;

- **on March 7, increase of 10% in the amount of Monthly Dividends paid for each share to shareholders, as from May 2012**, in conformity with the Monthly Remuneration System, from R\$0.014541175 to R\$0.015995293 per common share, and from R\$0.015995293 to R\$0.017594822 per preferred share. **On June 20**, the Board of Directors approved the **payment of Monthly Interest on Own Capital, to replace the Monthly Dividends**, as from August 2012;
- **on March 13, start of operations with ADRs – American Depositary Receipts guaranteed by common shares in New York Stock Exchange, USA**. This Program meets the demand of institutional investors, including international investment funds, under which Bradesco preferred and common shares start to be negotiated in that country;
- **on August 30, opening of Bradesco Next – the bank of the future**—a forefront space for presentation and trial of new technologies, products and services for customers;
- **on September 13, Bradesco was again selected to join the Dow Jones Sustainability World Index**, which is a selected list in New York Stock Exchange comprising the companies with the best practices for sustainable development;

- **on November 14, Bradesco nominative common shares were selected to integrate the MSCI Brasil Index**, a leading provider of tools to support investment decisions, effective as from December 2012; and

- **on November 30, Bradesco was again selected to join the Business Sustainability Index (ISE) of BM&FBOVESPA**, which reflects the return of a portfolio composed of shares of those companies that achieved the best performance in all factors that measure business sustainability.

Net income attributed to controllers was R\$11.292 billion in the year, corresponding to 18.1% annualized return on average shareholders' equity. Annualized return on average total assets was 1.5%. Consolidated Shareholders' Equity attributed to the controlling shareholders amounted to R\$71.138 billion and total assets stood at R\$801.187 billion.

Credit Operations and Fund Raising and Management

Bradesco maintains, among the basic guidelines of its strategy, credit democratization and, through its diversified offers and more attractive interest rates, has increasingly boosted its volume of loans made directly or in partnership with other agents in the market, and other lines of credit for individual customers, such as paycheck-backed loans, through its extensive Branches Network, Points of Service, Sales Promoters and the Customer Service Center 0800 call Loans.

Details of performance on our loans and our sources of funding are shown below:

- R\$269.652 billion was the end-year balance of Loans and Advances to Customers, net of provision for losses, showing evolution of 9.7% in the period, highlighting the following products: Working Capital, BNDES/Finame onlendings, Vehicles - CDC, Personal Loans and Export Finance;
- R\$220.826 billion in deposits from financial institutions, including: Demand deposits, Interbranch accounts, Money market funding and Borrowings and Onlending obligations showed an increase of 8.1% on 2011;
- R\$210.771 billion in deposits from customer, comprising: Demand Deposits, Savings Accounts, Time Deposits and Other Deposits, with a 2.6% decrease on the previous year;
- R\$118.769 billion in Technical Provisions for Insurance and Pension Plans, showing an increase of 19.8% over the previous year;
- R\$34.852 billion of Subordinated Debts, being R\$26.045 billion issued in the country and R\$8.807 billion issued abroad, increasing by 29.5% over 2011; and
- R\$51.552 billion of Funds for Issuance of Bonds, being R\$37.171 billion issued in the country and R\$14.381 billion issued abroad, increasing by 23.8% over the previous year, with emphasis on the increase of R\$6.3 billion in euronotes.

Bradesco's market value on December 31, 2012 was R\$131.908 billion. Prices of Bradesco common and preferred shares increased by 34.2% and 14.4%, respectively, in 2012 against 2011, taking the last quotation each year, adjusted for corporate events, except for distribution of earnings. Note that the Ibovespa stock index rose 7.4% over the same period.

2011

In 2011, the real depreciated by 12.6% in relation to the US dollar, reaching R\$1.8758 per US\$1.00 on December 31, 2011 as compared to R\$1.6662 per US\$1.00 on December 31, 2010. The Central Bank increases the basic interest rate from 10.75% in December 2010 to 11.00% in December 2011.

At the end of the year of 2011, the global economic scenario remained characterized by signs of deceleration and existence of risks, especially in developed countries. Evidences of accommodation in American economy have been quickly counteracted by political efforts on the eve of 2012 presidential elections. In Europe, the experiment of a monetary and customs alliance that has not developed toward a political and fiscal alliance may require a greater effort of certain governments to address current constraints.

Being involved in the unprecedented and rising trend toward transparency that has characterized developed nations over the last few decades, at the same time favored by it, developing countries have been able to take appropriate preventive measures in good time to avoid the mistakes presumably made by the former, thus enabling faster and less painful adjustment for their exchange rate, fiscal and monetary policies.

Under such a scenario that has partly affected the more optimistic forecasts prevailing in the beginning of 2011, it is possible to make a relatively calm consideration of Brazil performance and potential in socioeconomic area. Having reached the historic milestone of over 50% of its population becoming middle

class, Brazil's domestic market has been a powerful aid to maintain growth in the 2011/2012 biennium, although not as fast as in 2010. On the other hand, the world recognition of the full development of its democratic regime, freedom of speech, Law independence, and consumption expansion, has transformed Brazil in a preferential destination for direct foreign investments.

Among the most significant events of 2011 for Bradesco, the following stand out: a) we opened 1,009 new branches, taking our total number of branches and points of service to 9,063 all over Brazil, showing the wide coverage and robustness of our structure, our confidence in Brazil, and our determination to invest; b) we acquired shareholder control of Banco do Estado do Rio de Janeiro S.A. (BERJ), which enabled Bradesco to provide payroll services for state government employees, and mobilized our teams all over the country, to turn the registration of 400,000 new accounts into great momentum to expand the Bank's business in the state; c) the incorporation of BSP Empreendimentos Imobiliários S.A., a subsidiary of the Bank, in order to consolidate management of the Bradesco Organization's real estate assets, with a portfolio of 840 properties. Other highlights in terms of recognition: a) Bradesco continued listing on the NYSE's Dow Jones Sustainability Index; b) BM&FBOVESPA's Corporate Sustainability Index; and c) reputable consultants recognized "Bradesco" as Brazil's most valuable brand. Also significant was August's 10% increase in the value of the monthly dividends paid out by the Bank.

Net income attributed to controllers was R\$10.958 billion in the year, corresponding to 20.9% annualized return on average shareholders' equity. Annualized return on average total assets was 1.7%. Consolidated Shareholders' Equity attributed to the controlling shareholders amounted to R\$59.139 billion and total assets stood at R\$722.087 billion.

Loan operations

Bradesco's commitment to democratized access to credit through its diversified offering has increasingly boosted its volume of loans made directly or in partnership with other agents in the market, and other lines of credit for individual customers, such as loans repaid from payroll deductions, through its extensive Branches Network, Points of Service and the Customer Service Center 0800 call Loans.

Funding and Asset Management

Details of performance on our loans and our sources of funding are shown below:

- R\$245.875 billion was the end-year balance of Loans and Advances to Customers, net of provision for losses, showing evolution of 16.9% in the period, highlighting the following products: Working Capital, BNDES/Finame onlendings, Vehicles - CDC, Personal Loans and Housing Finance;
- R\$204.290 billion in deposits from financial institutions, including: Demand deposits, Interbranch accounts, Money market funding and Borrowings and Onlending obligations showed an increase of 18.8% on 2010;
- R\$216.321 billion in deposits from customer, comprising: Demand Deposits, Savings Accounts, Time Deposits and Other Deposits, with a 12.4% increase on the previous year;

- R\$99.112 billion in Technical Provisions for Insurance and Pension Plans, showing an increase of 18.7% over the previous year;
- R\$26.910 billion of Subordinated Debts, being R\$20.506 billion issued in the country and R\$6.404 billion issued abroad, increasing by 2.3% over 2010; and
- R\$41.631 billion in funds from securities issued, of which R\$33.094 billion were issued in Brazil and R\$8.537 billion abroad, showing an increase of 133.8% on the previous year, highlighting the R\$19.3 billion increase in financial notes issues.

Bradesco's market value on December 31, 2011 was R\$106.971 billion. Bradesco's common and preferred stock posted falls of 1.6% and 5.8% respectively in 2011 against 2010, taking the last quotation each year, adjusted for corporate events, except for distribution of earnings. Note that the Ibovespa stock index fell 18.1% over the same period.

2010

In 2010, the Brazilian Real appreciated 4.3% against the US dollar, reaching R\$1.6662 per US\$1.00 on December 31, 2010 compared to R\$1.7412 per US\$1.00 on December 31, 2009. The Central Bank increased the interest rate from 8.75% in December, 2009 to 10.75% in December, 2010.

The year 2010 was marked by the world economic growth though at a moderate pace and uneven across countries. If, on one hand, some developed countries will still have to overcome some difficulties generated by economic destabilization occurred in 2008/2009, on the other hand, there remains the clear perception that this scenario opens new opportunities for emerging countries, in particular for countries like Brazil, where the democratic environment is consolidated and the business sector has achieved a capacity consistent with such new challenges.

In spite of many challenges linked to long-term growth, Bradesco is prudently optimistic on perspectives for the next years. The Brazilian economy since the end of 2009 returned to presenting a solid basis for renewed growth, which was confirmed at the closing of 2010 marked by a robust expansion in GDP that reached the highest level recorded since 1985.

Politically speaking, 2010 was a year in which the full exercise of citizenship unveiled a democratic system with very deep roots, solidifying the freedoms of expression and of choice as the expected framework.

The advances have occurred not only with economic metrics, but also in social indicators. The improvements in people's quality of life have been encouraging, especially in spending power, which are achievements that have brought most of the population into the middle class, a significant statistic in the country's history.

Among the most significant events of 2010, the following stand out: a) the expressive volume of credit operations that increased by 19.3% over 2009, and the recovery of overdue credits, which increased by 57.9% over the previous year; b) the expansion of Customer Service Network operating in all Brazilian municipalities through the opening of 178 new Branches; c) the reorganization of facilities abroad to meet properly the demands of the international market; d) Bradesco's presence as the leading coordinator of Petrobras capitalization process, the greatest operation of the kind in Brazilian and world stock markets; e) the acquisition of the whole capital stock of Ibi Services in Mexico, in which partnership with local C&A was part of the deal; f) partnership with Banco do Brasil and Caixa Econômica Federal for creation and management of a Brazilian card brand - ELO; g) Bradesco's permanence in the Dow Jones Sustainability World Index and in the Corporate Sustainability Index - ISE; and h) from a socioenvironmental liability standpoint, the launch of the Corporate Code of Ethics of Bradesco Organization in Braille.

Net income attributed to controllers was R\$9.940 billion in the year, corresponding to 22.3% annualized return on average shareholders' equity. Annualized return on average total assets at 1.8% was unchanged compared to previous year. Consolidated Shareholders' Equity attributed to controlling shareholders amounted to R\$51.051 billion and total assets stood at R\$602.954 billion.

Loan operations

Bradesco is working to democratize access to credit by continuously expanding and diversifying its offer, thus raising its volume of operations, including through direct financing and partnerships with market agents, as well as individual lines, such as payroll-deductible loans through its extensive Branches Network, Points of Service and Banco Postal, and the Customer Service Center 0800 Loans.

Funding and Asset Management

Details of performance of our loans and our sources of funding are shown below:

- R\$210.280 billion was the end-year balance of Loans and Advances to Customers, net of provision for losses, showing evolution of 20.7% in the period, highlighting the following products: Working Capital, BNDES/Finame onlendings, Vehicles - CDC, Personal Loans, Credit Card, and Housing Finance;
- R\$171.921 billion in deposits from financial institutions, including: Demand deposits, Interbranch accounts, Money market funding and Borrowings and Onlending obligations showed an increase of 43.2% on 2009;
- R\$192.476 billion in deposits from customer, comprising: Demand Deposits, Savings Accounts, Time Deposits and Other Deposits, with a 13.3% increase on the previous year;

I) Basel Index

Brazilian financial institutions are subject to methodology for capital metrics and levels based on a risk-weighted asset index. The parameters of this methodology resemble the international framework for minimum capital measurements adopted for the Basel Accord. In Brazil, Bacen requires banks to have a minimum capital ratio in relation to total weighted assets of 11.0%, using definitions and calculations of reference equity for purposes of verifying compliance with its operational limits pursuant to Central Bank Resolutions Nos. 3,444/07 and 3,490/07 of the National Monetary Committee (CMN).

In December 2012, Bradesco's Reference Equity reached R\$96.933 million, against a Required Reference Equity of R\$66.057 million, thus making for a capital margin of R\$30.876 million. Most of the requirement was due to the credit risk portion (local acronym PEPR), which accounted for 83.8% of risk-weighted assets, reflecting partially the expansion of lending.

On an annual comparison basis, Basel Index increased by 1.0 p.p. from 15.1% in December 2011 to 16.1% in December 2012, mainly due to: (i) eligibility of Subordinated Debt to compose Tier II, in the amount of R\$12,695 million; (ii) increase of 26.0% in net worth, basically due to the effect of increased price of some securities formerly classified as “Maintained to Maturity” and moved to the category “Available for Sale,” due to the adoption of CPC’s 38 and 40 by the Insurance Group; and partly offset: (iii) by the increase of 26.6% in risk-weighted assets.

It is worth mentioning that in December 2012, R\$26,638 million of the total subordinated debt were used in the calculation of the Basel Index, given the respective maturity.

In December 2011, Bradesco’s Reference Equity reached R\$71,476 million, against a Required Reference Equity of R\$52,159 million, thus making for a capital margin of R\$19,317 million. Most of the requirement was due to the credit risk portion (local acronym PEPR), which accounted for 90.9% of risk-weighted assets, reflecting partially the expansion of lending.

The Basel ratio rose 0.4 p.p. from 14.7% in December 2010 to 15.1% in December 2011, impacted mainly by (i) subordinated financial notes (Letras Financeiras) counted as Tier II capital, in the amount of R\$9,402 billion, and (ii) Central Bank of Brazil's Circular No. 3,563/11 lowering capital requirements for certain lending and leasing transactions (revoking Circular No. 3,515/10) and shares of investment funds for open pension plans (local acronyms PGBL and VGBL) as of November 2011.

It is worth mentioning that in December 2011, R\$15,630 million of the total subordinated debt were used in the calculation of the Basel Index, given the respective maturity.

In December 2010, Bradesco's Reference Equity reached R\$56,147 million, against a Required Reference Equity of R\$41,892 million, thus making for a capital margin of R\$14,255 million. Most of the requirement was due to the credit risk portion (local acronym PEPR), which accounted for 93% of risk-weighted assets, reflecting mainly expansion of lending.

The Basel Index ended the period at 14.7%, thus showing a fall of 3.1 p.p. against December 2009, primarily due to: (i) the exclusion of R\$3.0 billion of additional provisions in response to Central Bank Resolution No. 3,825/09, which revoked Central Bank Resolution No. 3,674/08, which allowed full additional provisions for doubtful accounts in the calculation of Tier I Reference Equity; and (ii) the R\$4.9 billion reduction due to maturing subordinated debt and escalation of these debts in the last 5 years, which was offset by R\$2.0 billion of new foreign debt eligible as Tier II capital.

It is worth mentioning that in December 2010, R\$8,051 million of the total subordinated debt were used in the calculation of the Basel Index, given the respective maturity.

(1) It does not consider the employees' profit sharing (PLR) amounting to R\$1,017 million in 2012, R\$930 million in 2011 and R\$796 million in 2010. Total Personnel Expenses amounts to R\$11,656 million in 2012, R\$11,151 million in 2011 and R\$8,794 million in 2010;

(2) IEO = (Personnel expenses – Profit sharing + Administrative expenses) / (Net interest income + Net fee and commission income + Income from insurance and pension plans + Equity in the earnings of associates + Other operating revenues – Other operating expenses; and

(3) Operational Coverage Ratio = (Net fee and commission income) / (Administrative expenses + Personnel expenses).

Operating Efficiency Ratio (OER)

By comparing the year of 2012 to the year of 2011, we note a 2.9 p.p. increase in the operational efficiency rate, which reflects basically: (i) higher revenues from services provided and commissions, which were influenced by the increase in average business volume; and (ii) control of administrative and personnel expenses, which remained practically stable in spite of the strong organic growth recorded in the period.

A 2011-2010 comparison shows a 2.7 p.p. increase in the ratio, which primarily reflected a faster pace of organic growth, particularly in the second half of 2011, impacting personnel and administrative expenses due to 11,030 new points of service, in particular 1,009 new branches.

Operating Coverage

In 2012, operational coverage rate increased by 6.5 p.p. over the previous year, reflecting basically the increase of revenues from services provided and commissions combined with the continuous efforts to control expenses, including the actions of our Efficiency Committee in the period.

Comparing 2011 to 2010, operational coverage ratio fell by 2.7 p.p. reflecting: (i) higher personnel and administrative expenses, basically due to: (a) the impact of collective bargaining; and (b) higher expenses incurred, partly due to growth of business and points of service, in particular the faster pace of organic growth that led to 11,030 new points of service and in particular new 1,009 branches in the period; which was partly offset by: (ii) evolution of revenues from services and commissions.

III) Loans and advances to customers

Loans and advances to customers are classified as:

- Not overdue and not impaired;
- Overdue, but not impaired; and
- Reduction to recoverable amount, which includes loans and advances classified as impaired and loans and advances that are individually assessed for loss.

The Organization's loans and advances to customers are classified as impaired if they: (a) are overdue for more than 90 days, (b) have incurred losses, (c) have been renegotiated in a way to grant the borrower a right that normally would not be considered, (d) have been reclassified to high-risk levels, and/or (e) have been subject to bankruptcy events (order of bankruptcy or application for, grant or homologation of judicial or extrajudicial recovery).

(*) Proportion of total loans and advances to clients.

The improvement recorded in the portfolio of loans and advances to customers, by comparing both 2012 to 2011 and 2011 to 2010, is evidenced by the increase of credits not overdue or subject to losses from the reduction to their recoverable amount, which increased by 10.0% and 17.4% respectively, thus increasing their representativeness to 87.7% in 2012.

In addition, it should be highlighted as a positive factor the maintenance: (i) of representativeness of loss due to the reduction to the recoverable amount over the last 3 corporate years at an average of 6.8%; and (ii) of the portfolio, due to the reduction to the recoverable amount, at an average representativeness of 10.0% on the portfolio.

Loans and advances to customers not overdue or subject to impairment

Loans and advances to customers classified as not overdue or subject to impairment reached R\$253.9 billion in December 2012. The proportion of these transaction classified as low risk remained at 98% for the last three years, showing that credit rating policies, processes and tools used by the organization were adequate and consistent.

Loans and advances to customers overdue but not subject to impairment

The table below shows a breakdown by days overdue of loans and advances not marked as impaired in the collective analysis or subject to impairment by individual analysis.

For the purposes of this analysis, an asset is considered as being in arrears and included in the table when any payment is late or is not made strictly pursuant to contractual terms. The amount included in the category refers to the total financial asset, meaning not the overdue payment alone, but the contractual amount plus interest.

Non-Individually significant loans and advances to customers, such as retail operations that have not been classified as impaired, are being shown in this category.

Individually significant loans and advances may be shown in this category if individual analysis did not identify a need to record individual impairment loss and are therefore directed to collective loss analysis.

In 2012, loans and advances subject to impairment totaled R\$28.9 billion and maintained a representativeness of 10.0% of the total portfolio of loans and advances to customers, like in the previous year. In 2011, such loans amounted to R\$26.3 billion and accounted for 10.0% of the total portfolio, as compared to 10.2% in the same period of 2010.

Lower ratios of these credits to total portfolio and, impairment to total lending reflect improvement across the entire credit cycle, as mentioned above.

b) capital structure and possibility of shares or fund shares being redeemed, stating: i) cases of redemption and ii) formula for calculating redemption value

By analyzing the table below, Bradesco Directors understand that the Bank's current capital structure is adequate and consistent with its business expansion strategy. The major source of financing of its operations is third party's capital.

There are no ways of redeeming the company's shares other than those legally stipulated.

c) capacity to pay financial commitments

Bradesco has full ability to pay all its financial commitments, because it reviews daily its asset and liability management policy to ensure sufficient liquidity to honor withdrawals, deposits, repay other obligations at maturity, extend loans or other forms of credit to its customers and meet its own needs of working capital for investment. The following table presents our consolidated balance sheet by maturity.

Deposits

Deposits are our most important source of funding. Our deposits balance over these years progressed in the following manner:

- In December 2012, balance of deposits recorded a reduction of 2.6% as compared to December 2011, mainly due to: (i) reduction in time deposits; and partly offset: (ii) by the greater volume of savings and sight deposits; and
- In December 2011, the balance of our deposits increased approximately 12.4% as compared to December 2010, mainly due to increased funding volume in the form of time and saving deposits.

Deposits accounted for approximately 62% of all obligations in December 2012. Our deposits consist primarily of real-denominated, interest-bearing time and savings deposits and real-denominated, non-interest-bearing demand deposits. The R\$14,534 million increase in the balance of our savings and demand deposits between 2012 and 2011 was due primarily to: (i) the net evolution of 5.2 million new savings accounts; (ii) the net increase of 583,000 new current accounts; and (iii) increased funding volume from institutional investors and the branch network, respectively as well as updating the deposit portfolio.

With respect to time deposits, a reduction of R\$20,084 million, or 16.2% was recorded, caused mainly by: (a) new business opportunities offered to customers; and (b) migration of funds to other investment sources, such as Financial Notes and Debentures, which resulted in the increase of average fund raising terms, which offset the increase of new raised volumes and the update of deposit portfolio.

Borrowing and Onlending

In 2012, balance of Loans and On-lending Operations recorded a reduction of 17.0%, or R\$9,061 million, in relation to 2011, to R\$44,186 million. That decrease in the comparative period was basically due to the reduction of R\$9,171 million in loans and on-lending operations denominated in and/or indexed to foreign currency, the balance of which decreased from R\$17,340 million in December 2011 to R\$8,169 million in

December 2012, mainly due to: (a) settlement of operations; and partly offset by: (b) positive exchange variation of 8.9% in the period.

Comparing 2011 against 2010, growth was due primarily to a rising volume of loans and onlending in Brazil through Finame and BNDES.

Funds from Issuance of Securities

By comparing December 2012 to the same period of the previous year, the increase of 23.8%, or R\$9,921 million, derived basically from: (i) the increase of volumes of operations with bonds issued abroad amounting to R\$5,844 million, which reflected the new issuances in the period and the positive exchange variation of 8.9%; (ii) the increase in operations with Housing Credit Notes in the amount of R\$2,086 million; (iii) the greater volume of operations with Agribusiness Credit Notes in the amount of R\$1,355 million; (iv) new issuances of Financial Notes, the balance of which increased by R\$1,119 million; and partly offset by: (v) reduction of R\$483 million in the balance of Mortgage Notes.

Comparing December 2011 to December 2010, the growth of 133.8% or R\$23,821 million in funds from securities issued was primarily from: (i) new issues of financial notes (Letras Financeiras), the balance

10. Directors' Comments

of which rose by R\$19,300 million, from R\$7,801 million in December 2010 to R\$27,101 million in December 2011; (ii) a R\$3,026 million increase in the volume of transactions in securities issued abroad, reflecting a favorable positive exchange rate variation and new issues placed in the period; (iii) a R\$1,367 million increase in real estate credit notes transactions; (iv) a R\$839 million increase in the volume of Agribusiness notes of credit; and partly offset by: (v) a reduction of R\$743 million in the balance of debentures, due to their maturing.

Subordinated debt

In December 2012, Bradesco Subordinated Debts amounted to R\$34,852 million (R\$8,807 million abroad and R\$26,045 million in Brazil), representing an increase of 29.5%, or R\$7,942 million, over the same period of 2011. In the 12-month period, R\$19,837 million of Subordinated Debts were issued.

In December 2011, Bradesco's Subordinated Debt totaled R\$26,910 million (R\$6,404 million abroad and R\$20,506 million in Brazil). In this period, R\$9,626 million of Subordinated Debt was issued.

In December 2010, Bradesco's Subordinated Debt totaled R\$26,315 million (R\$5,079 million abroad and R\$21,236 million in Brazil). Issuance of subordinated notes in August 2010, in the amount of US\$1.1 billion, stands out.

e) financing sources for working capital and investments in non-current assets that it intends to use to cover liquidity deficits

Bradesco Directors inform that, as financing sources for working capital and investment in non-current assets used to cover liquidity deficiencies, the Company may use the following resources: (i) Deposit Raising; (ii) Issuance of Debentures; (iii) Loans; (iv) Issuance of Bonds; and (v) Capital Contribution by controlling shareholders. Note that Bradesco Conglomerate's Treasury Department acts as a support center for our business segments by managing funding and liquidity positions and executing investment objectives in accordance with asset and liability management policies. It is also responsible for setting the rates for our products, including interfinancial rates. The treasury department covers any funding shortfall through borrowing in the interbank market, investing any surpluses in liquid instruments in the interbank market.

In some limited circumstances we may obtain emergency funds from the Central Bank of Brazil through a transaction referred to as “discount.” A discount is a loan from the Central Bank of Brazil to a financial institution, that loan being guaranteed by Federal Government securities owned by the financial institution. The amount of Federal Government securities held by the financial institution as trading securities limits the amount of discount transactions. Bradesco did not enter into discount transactions for liquidity purposes.

f) indebtedness levels and characteristics of related debts, also describing: i) relevant loan and financing contracts; ii) other long-term relationships with financial institutions; iii) level of subordination among debts; iv) any restrictions binding the issuer, in particular in relation to limits on indebtedness and new debt, distribution of dividends, disposal of assets, issue of new securities, and transfer of controlling interest.

There are no loans or financing or long-term relationships with financial institutions that we consider relevant to Bradesco.

Financial institutions are subject to operational limits established by the National Monetary Council (CMN) and the Central Bank of Brazil to operate according to the provisions of regulation in force, in particular Law No. 4,595/64, which instituted the National Financial System.

Among such established limits, the following stand out (i) Reference Net Worth consistent with the risks of their activity, (ii) constitution of fixed assets, which limits to 50% of Reference Equity the total funds recorded in Permanent Assets, (iii) exposure per customer, which is limited to 25% of the Reference Equity, (iv) exposure in gold, foreign currency and operations subject to exchange variation, limited to 30% of the Reference Equity, and (v) maximum limits of paid-up capital and shareholders' equity to operate.

Rules also restrict the financial institution from making such operations, as (i) grant of loans or advances to related companies, managers and their relatives, and (ii) acquisition of new properties not intended for their own use.

g) limits for use of contracted financing

There are no limits on use of funds already contracted.

h) significant changes to each item of financial statements

Directors understand that the Bank has all general financial and equity conditions to ensure the performance of its obligations and the strategy for business expansion.

Below, we present the comments on items that the Directors consider important and relevant, as evidenced in the Balance Sheet and Statement of Income.

Cash and cash equivalents with banks							

In 2012, balance of cash and cash equivalents with banks amount to R\$59,993 million, decreasing by R\$33,785 million, or 36.0%, in relation to the previous year. That reduction reflects basically the reduction of compulsory deposits and funds available in local currency.

In 2011, the R\$12,818 million increase was due primarily to a R\$6,014 million increase in compulsory deposits, as well as R\$4,623 million an increase in foreign currency.

116 – Reference Form – 2013

Financial assets held for trading

In 2012, financial assets for trading amounted to R\$111,840 million, showing an increase of 15.8% on the previous year. That increase derived basically from the increase of R\$11,769 million in the portfolio of bonds and shares issued by non-financial companies, and the increase of R\$7,662 million in the portfolio of bonds issued by financial institutions.

In 2011, financial assets for trading amounted to R\$96,597 million, showing an increase of 28.4% on the previous year. This growth resulted primarily from a R\$7,892 million increase in the Brazilian government bond portfolio and a R\$6,039 million increase in the portfolio of stocks and bonds issued by financial institutions.

Assets assigned as guarantee

In a comparison between the years of 2012 and 2011, the 9.3% increase resulted basically from the increase of interfinancial liquidity operations partly offset by the reduction in the portfolio of Brazilian public bonds given in guarantee.

Comparing 2011 to 2010, the increase of 21.9% reflects growth in the portfolio of Brazilian government bonds assigned as collateral.

Loans and advances to financial institutions

In a comparison between the years of 2012 and 2011, there was an increase of R\$20,157 million, 27.7%, in loans and advances to financial institutions, mainly due to the increase of R\$26,881 million in investments in committed operations from R\$41,787 million to R\$68,668 million.

Comparing 2011 to 2010, the increase in loans and advances to financial institutions was mainly due to the R\$4,604 million increase in investments in federal funds sold and securities purchased under agreements to resell, which rose from R\$37,183 million to R\$41,787 million.

Loans and advances to customers, net of provision for losses

In 2012, loans and advances to customers accounted for 33.7% of our total assets (2011 – 34.1% and 2010 – 34.9%).

Comparing 2012 to 2011, the evolution of 9.7%, or R\$23,777 million, was due primarily to increased volume of operations, highlighting the following products: (i) personal credit; (ii) housing finance; (iii) working capital; (iv); vehicles - CDC; (v) credit card; and (vi) export financing.

Comparing 2011 to 2010, the evolution of 16.9% relates primarily to increased volume of operations, highlighting the following products: (i) working capital; (ii) BNDES/Finame onlendings; (iii) vehicles - CDC; (iv) personal credit; (v) credit card; and (ii) housing finance.

Technical reserves for insurance and pensions

In 2012, balance of technical provisions for insurance and social security amounted to R\$118,769 million, increasing by R\$19,657 million in relation to the previous year. This performance was mainly due to growth of the VGBL, PGBL and Health products.

In 2011, the R\$99,112 million balance of technical provisions for insurance and pension plans was mainly due to the R\$10,446 million increase in the VGBL product.

We also note that the main funding sources: (i) Deposits; (ii) Debentures; (iii) Borrowings and onlendings; (iv) Funds from securities issued; and (v) Subordinated Debt, are being commented in item 10.1 d.

Statement of Income

For a better understanding of major impacts that have affected our results (revenues and expenses), below are the consolidated financial statements for the years ended on December 31, 2012, 2011 and 2010, which were prepared in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB).

10. Directors' Comments

Return on average equity (ROAE) reached 18.1%, while Return on Average Assets (ROAA) for the year was 1.5%.

In 2011, Net Income reached R\$11,089 million, corresponding to an increase of 10.3%, or R\$1,037 million, over the previous year. Net Income attributed to controllers was R\$10,958 million and up 10.2% on the same period of the previous year.

Return on average equity (ROAE) reached 20.9%, while Return on Average Assets (ROAA) for the year was 1.7%.

Next, we comment on the main line items that influenced results when comparing the years ended on December 31, 2012, 2011 and 2010:

Net interest income

In 2012, our net interest income increased by 22.1% in relation to 2011, from R\$35,611 million to R\$43,493 million. That increase is mainly related to the increase of: (i) the average interest rate from 6.2% in 2011 to 6.7% in 2012, affecting positively the result in R\$4,178 million, mainly due to the 3.2 p.p. reduction in the average interbank interest rate from 11.6% in 2011 to 8.4% in 2012; and (ii) the average business volume, which contributed R\$3,704 million, reflecting the 13.1% increase in the average balance of interest-yielding assets, which increased our revenues by R\$10,005 million, with emphasis on the increase of: (a) 11.9% in the average balance of loans and advances to customers; (b) 25.2% in the average balance of assets given as guarantee; and (c) 99.5% in the average balance of assets available for sale.

Net interest income in 2011 totaled R\$35,611 million, showing an increase of R\$2,840 million (8.7%) on 2010 due to the following factors: (i) R\$7,701 million growth in interest and similar income from loans and leases, reflecting 16.9% growth in loans to customers, (ii) R\$3,243 million evolution in revenue from compulsory deposits; and partly offset by: (iii) a R\$4,016 million increase in interest expenses arising from federal funds purchased and securities sold under agreements to repurchase; and (iv) a R\$4,925 million increase in borrowings and onlendings.

Fee and commission income

In 2012, revenues from services and commissions amounted to R\$12,841 million, increasing by R\$1,973 million in relation to the same period of the previous year, mainly due to: (i) the increase of R\$580 million in the credit card segment, as a result of the increase of the card/customer base; (ii) the increase of R\$458 million in revenues from current account as a result of increase of business and account holder base, where 583,000 new accounts were recorded in the period; (iii) the increase of R\$162 million, or 26.3%, in revenues from guarantees granted; (iv) the increase of R\$104 million in revenues from collection; and (v) the increase of R\$87 million in revenues from consortium management.

Revenues from services and commissions in 2011 showed an increase of R\$1,447 million, primarily due to: (i) the credit card segment performing well, with its growing customer base; (ii) higher current account revenues reflecting growth in business and the customer base for current accounts, which showed net evolution of about 2.0 million new accounts in the period, and (iii) higher revenues from collection.

Net gain / (loss) on financial assets / liabilities for trading

In 2012, net income from financial assets/liabilities for negotiation amounted to R\$2,110 million, increasing by R\$2,718 million in relation to the previous year, reflecting basically the higher result from fixed and variable-income bonds.

In 2011, net loss on financial assets/liabilities held for trading reached R\$608 million, while in 2010, there was a R\$2,213 million gain. The variation was due to weaker results from derivatives used to hedge foreign investments.

Net gains (losses) of foreign exchange operations

Variations recorded between the years of 2012 and 2011 and between the years of 2011 and 2010 were basically due to the exchange variation that affected our investments linked to foreign currency.

Income from insurance and pension plans

In 2012, the reduction of 54.1% recorded in the result of insurance and social security was substantially due to: (i) increase in expenses from variations of technical provisions for insurance and social security in the amount of R\$5,114 million, derived basically from: (a) the increase of 19.8% in the average volume of technical provisions for insurance and social security in light of the greater volume of business; and (b) the constitution of an additional technical provision derived from the adoption of a lower real interest rate for its respective calculation; (ii) the increase of R\$1,955 million in retained claims mainly derived from: (a) the increase of notified damages in the amount of R\$1,336 million; and (b) variations of IBNR provision in the amount of R\$721 million; partly offset by: (iii) the increase of R\$5,763 million in premiums issued.

In 2011, the "result of insurance and pension plans" line showed evolution of 19.3%, due to: (i) an increase of 22.7% or R\$6,521 million in written premiums and pension plan contributions, which reached R\$35,198 million, partly offset by: (ii) increased variation in technical provisions, in the amount of R\$3,940 million; and (iii) increase in retained claims, amounting to R\$1,591 million.

Losses due to impairment of loans and advances

The 38.7% evolution in net impairment losses on loans and advances was related to: (i) the increase of 9.9% in loans and advances to customers with reduction to the recoverable amount, which reflected basically the slow recovery of the world economic scenario; and (ii) the increased default.

Comparing 2011 to 2010, the 44.1% evolution in net impairment losses on loans and advances was related to: (i) growth in our loans and advances to customers, showing evolution of 16.8% in 2011; and (ii) 14.4% evolution in impaired transactions reflecting primarily the deteriorating global economic scenario.

Personnel Expenses

In 2012, there was an increase of R\$505 million in relation to 2011, mainly due to the increase of expenses related to salaries, benefits and payroll charges, which were affected by: (i) the increase of salaries, according to collective bargaining agreements in 2011 and 2012; and (ii) net increase of the staff concentrated in the 2nd half of 2011 derived from the organic growth.

In 2011, there was a R\$2,357 million increase on 2010, mainly related to: (i) increased expenses for salaries, social contribution, and benefits, impacted by higher salary levels, (ii) a net increase in our 9,436 head count; (iii) higher expenses for our profit sharing program for management and staff; and (iv) higher costs of provisions for labor claims.

Administrative Expenses

Comparing 2012 to 2011, the increase of 3.7% was due primarily to increased expenses for: (i) increase of business and service volume in the period; (ii) agreement adjustments; (iii) expenses related to organic growth as from the 2nd half of 2011, which led to the expansion of 9,196 call centers, partly offset by lower

expenses related to: (iv) third parties' services mainly related to the end of partnership with Brazilian Post Office and Telegraph Company – ECT in December 2011 (Postal Bank); and (v) advertisement and publicity.

Comparing 2011 to 2010, the increase of 17.6% was due primarily to increased expenses for: (i) outsourced services, primarily variable expenses related to sales/business or trading volume (e.g. banking corresponding, Call Center, etc.); (ii) contractual adjustments; and (iii) accelerated organic growth in the period, in particular 1,009 new branches opened.

Other operating income/(expenses)

In 2012, a R\$3,670 million increase in other expenses net of other operating revenues was due mainly to: (i) inclusion in 2012 of expenses related to the analysis of assets recovery – impairment; (ii) income from reimbursable fiscal credits from beneficial acquisition of BERJ included in the year of 2011; partly offset by: (iii) income from the disposal of Serasa shares in the amount of R\$793 million.

In 2011, other expenses net of other operating revenues showed a fall of R\$1,144 million due primarily to: (i) revenue from taxes to be offset in the amount of R\$2,912 million; partly offset by: (ii) provisioning for tax risk amounting to R\$786 million; and (iii) higher tax expenses in the amount of R\$521 million.

Tax Income and social contribution

Income tax (IR) and social contribution (CSLL) expense rose from R\$3,594 million in 2011 to R\$4,151 million in 2012. This variation was due principally to: (i) the increase of taxable income from R\$14,683 million in 2011 to R\$15,502 million in 2012; and (ii) the greater fiscal benefit resulted from the distribution of interest on own capital to shareholders, which increased from R\$1,174 million in 2011 to R\$1,305 million in 2012.

As a percentage of our result before income tax and social contribution, the effective tax rate rose from an expense of 24.5% in 2011 to an expense of 26.8% in 2012.

Income tax (IR) and social contribution (CSLL) expense fell from R\$5,272 million in 2010 to R\$3,594 million in 2011. This variation was due principally to: (i) lower taxable income due to the US dollar's appreciation against the Brazilian real impacting our foreign borrowing; (ii) non-deductible expenses and non-taxable exchange-rate gains on foreign investment, which generated a positive adjustment of R\$528 million in 2011 against a negative adjustment of R\$657 million in 2010; and (iii) higher tax benefit obtained on distribution to shareholders of interest on shareholders' equity, which rose from R\$986 million in 2010 to R\$1,174 million in 2011.

As a percentage of our result before income tax and social contribution, the effective tax rate rose from an expense of 34.4% in 2010 to an expense of 24.5% in 2011.

10.2 - Operating and financial income**Directors should comment:****a) results of issuer's operations, in particular:****i) description of any major components of revenue;**

We highlight below our main operating income that increased by R\$8,401 million, or 6.6%, in the comparison between 2012 and 2011, mainly impacted by the increase of: (i) income from retained insurance and pension plan premiums; (ii) income from credit and leasing operations; (iii) result from operations with financial assets; and (iv) income from services and commissions. By comparing the year of 2011 to the year of 2010, revenues increased by 26.3%, with emphasis on: (i) income from credit and leasing operations; (ii) income from retained insurance and pension plan premiums; and (iii) result from operations with financial assets.

By comparing the balances in 2012 and 2011, loans and advances to customers increased by 9.9%, where the types that most contributed to that increase were: (i) personal credit; (ii) housing finance; (iii) working capital; and (iv) vehicles - CDC.

Between 2010 and 2011, balances of credit and leasing operations increased by 16.8%, with emphasis on the following products: (i) working capital; (ii) BNDES/Finame onlendings; (iii) housing finance; and (iv) vehicles - CDC.

Loans and advances to financial institutions

The revenue reduction of 26.0% between 2011 and 2012 reflected basically the reduction of the average rate of operations from 12.1% to 8.6%. With respect to the comparison between 2011 and 2010, the increase of 51.7% is related to the increase of: (i) the average rate from 9.4% to 12.1%; and (ii) the average volume that increased by 4.4%.

Result of Financial Assets (Operations with Securities)

By comparing the years of 2012, 2011 and 2010, variations recorded in revenues from Operations with Securities refer to the higher volume of operations with fixed-income securities.

Result of Compulsory Investments

By comparing the balances in 2012 and 2011, the revenue reduction of 37.7% derived basically from the decrease of: (i) 16.2% in the balance of time deposits; and (ii) interest rates (Selic).

By comparing the balances in 2011 and 2010, the revenue increase of 113.0% derived basically from: (i) the increase of 21.5% and 11.6%, in time deposit and savings deposit balances, respectively; and (ii) macroprudential actions adopted by the Central Bank of Brazil.

Income from Retained Insurance Premiums, Pension and Capitalization Plans and Services Provided

With respect to variations in income from retained insurance premiums, pension and capitalization plans, and services provided, comments are included in item 10.1.h.

ii) factors that materially affected the operating results.

Directors state that no factors occurred to affect substantially the company's operating results in the last corporate years, other than those described in item 10.1.h and 10.2.a.-i.

b) variations in income from price changes, foreign exchange rates, inflation, changes in volumes and introduction of new products and services

Directors inform that there were no significant variations in the issuer's financial revenues or income attributable to changing prices of our main inputs and products, exchange rates, inflation, altered volumes or the introduction of new products and services for the years ended on December 31, 2012, 2011 and 2010.

c) impact of inflation, variation of prices of main inputs and products, and foreign exchange and interest rates on the issuer's operating income and financial income

During periods of high interest rates, our financial income increases because the interest rates on our interest-earning assets are higher too. At the same time, we incur higher financial expenses since interest rates on interest-bearing liabilities are also higher. Changes in volumes of our assets and liabilities that incur interest also affect our revenues and expenses. For example, an increase in our interest income attributable to higher interest rates may be offset by a reduction in the volume of our outstanding loans.

Additionally, in the event of the Brazilian real depreciating, we: (i) incur losses on our liabilities denominated in/or indexed to, foreign currencies, such as our long-term debt denominated in dollars and foreign currency borrowings to the extent that the cost in Brazilian reais if the related financial expense is higher; and (ii) gains in our assets denominated in, or indexed to, foreign currencies, such as our dollar-indexed securities and loans, as the income from such assets as measured in reais increases. Conversely, when the Brazilian real appreciates: (i) incur losses on assets denominated in/or indexed to foreign currencies; and (ii) incur gains on our liabilities denominated in/or indexed to foreign currencies.

In 2012, our net interest income increased by 22.1% in relation to 2011, from R\$35,611 million to R\$43,493 million. That increase is mainly related to the increase of: (i) the average interest rate from 6.2% in 2011 to 6.7% in 2012, affecting positively the result in R\$4,178 million, mainly due to the 3.2 p.p. reduction in the average interbank interest rate from 11.6% in 2011 to 8.4% in 2012; and (ii) the average business volume, which contributed R\$3,704 million, reflecting the 13.1% increase in the average balance of interest-yielding assets, which increased our revenues by R\$10,005 million, with emphasis on the increase of: (a) 11.9% in the average balance of loans and advances to customers; (b) 25.2% in the average balance of assets given as guarantee; and (c) 99.5% in the average balance of assets available for sale.

In 2011, result of operations subject to interest increased by 8.7%, from R\$32,771 million in 2010 to R\$35,611 million in 2011. The increase of R\$2,840 million in the result of operations subject to interest derived basically from the increase of business volume, with emphasis on "Credit" and "Fund Raising." It should be pointed out that interest rate (CDI) increased from 9.8% in 2010 to 11.6% in 2011, having that increased resulted in higher gains in "Fund Raising" margins.

10.3 - Events with significant effects (occurred and expected) on financial statements

Directors should comment on material effects that the events below have caused or are expected to cause for the issuer's financial statements and results:

a) introduction or sale of operating segment

In the period, there was no introduction or disposal of operating segment.

b) creation, acquisition or sale of equity interest

In Bradesco Organization, among the significant events in the period, the following stand out:

- On March 2012, Bradesco started the operations of the subsidiary Bradesco Securities Hong Kong Limited, in Hong Kong, China, focused on the identification of opportunities and distribution of fixed and variable-income products. As such, Bradesco expands its international distribution channels and strengthens its contact with global investors operating strongly in that market, in addition to giving access to a new base of institutional investors.

c) unusual event or operations

There were no unusual events or transactions involving the issuer in the period that caused or are expected to cause significant impacts on its results.

10.4 - Significant changes in accounting practices – Reservation and emphases in the auditor's opinion**Directors should comment:****a) significant changes in accounting practices**

Complying with Central Bank of Brazil (BCB) and National Monetary Council (CMN) requirements for financial institutions to introduce international financial reporting standards (IFRS), these institutions started to prepare IFRS financial statements in 2010. This requirement is in addition to the official financial statements required by Brazilian authorities, which are prepared in accordance with other requirements issued by the Central Bank, the CMN, and the Brazilian Securities and Exchange Commission (CVM), as applicable.

IFRSs issued in English by the International Accounting Standards Board (IASB) are translated into Portuguese by the Institute of Independent Auditors of Brazil (Ibracon).

The first set of IFRS financial statements was for the base date of 12/31/2010 and did not note any significant change in IFRS accounting practices, since this was the first reporting period of their use.

The second set of IFRS financial statements, base date 12/31/2011, was issued in the first quarter of 2012. This one, on the base date of 12/31/2012, is the third set of financial statements under IFRS. Comparing the 2012 IFRS financial statements with the 2011 and 2010 financial statements, also IFRS, there were no significant changes in accounting practices.

b) significant effects of changes in accounting practices

In 2012, 2011 and 2010, as mentioned above, there were no significant changes to IFRS accounting practices or any significant effects on our accounting practices.

Additionally, some comments on significant adjustments between accounting practices used by Bradesco in BACEN GAAP (Cosif) are shown below, as compared to IASB rules (IFRS):

1. Consolidation

Under BACEN GAAP, holdings in jointly controlled companies (usually represented by interests of 20% to 50%) are proportionally consolidated in the Organization's financial statements. In compliance with Central Bank of Brazil rules, exclusive investment funds are not consolidated.

For IFRS purposes, some participation in companies considered of shared control in BACEN GAAP, for lacking IRFS support, have been treated by the equity method and therefore have not been considered in the consolidation of financial statements, while the exclusive investment funds have been consolidated.

2. Effects of hyperinflation on non-monetary assets and liabilities

Until June 30, 1997, Brazil was considered a hyperinflationary economy, but for BACEN GAAP purposes, financial statements denominated in constant purchasing power currency were required only until December 31, 1995, and indexation of financial statements was discontinued as of January 1, 1996.

For IFRS purposes, the effects of adjusting or correcting non-monetary assets until June 30, 1997 were recognized in financial statements as required by IAS 29 – Financial Reporting in Hyperinflationary Economies.

3. Business combinations

Under BACEN GAAP, there is no specific statement on the subject of business combinations for financial institutions. Only assets and liabilities recognized in the opening balance of the acquired entity are recognized by the purchasing entity and the goodwill premium or discount paid or granted on acquisitions corresponds to the difference between the amount paid by the acquirer and the book value of assets and liabilities recognized in the acquired entity. Shares or debt issued as payment for acquisition of entities are recognized at their values when issued on the date of the business combination. Goodwill premiums arising from business combinations are amortized over 20 years.

For acquisitions made from September 1, 2008, for IFRS purposes, the Organization recognized identifiable assets and liabilities arising from business combinations at fair value. The shares issued by the Organization in business combinations are recognized at fair value on the date of transfer of control. Other assets given in payment were also measured at fair value. Goodwill premium recognized in the business combination is tested annually for impairment as required by IAS 38 – Intangible Assets.

4. Adjustment to fair value of financial assets – equity securities

Under BACEN GAAP, certain investments in companies in which the Organization does not have influence over Management, were classified in “permanent assets”, at historical cost of acquisition.

For IFRS purposes, due to the absence of influence over management, these holdings on shares were been designated in the “available for sale” category at fair value on the date of transition to IFRSs, with the corresponding gain or loss recognized in the reserve account in shareholders’ equity headed – “Other comprehensive income,” net of tax effects.

5. Reversal of hedge accounting

Under BACEN GAAP, the Organization designated certain derivatives as hedging instruments, which were classified as cash flow “*hedges*” with the corresponding effective portion of gains and losses recorded net of tax effects, in a separate account in shareholders’ equity and the non-effective portion in the result.

For IFRS purposes, these instruments were not designated as hedges since they do not qualify for hedge accounting under IAS 39, therefore the effective portion recognized in shareholders’ equity in BACEN GAAP was reversed on the transition date to be recognized against retained earnings.

6. Deferral of fees for financial services and direct costs

Under BACEN GAAP, for certain financial assets, in particular loans and receivables, the Organization recognizes fees charged for financial services, as well as a share of related direct costs, in the result at the time of originating these financial assets. Direct costs relating to commissions paid retailers and resellers are recognized under “Other Assets - Prepaid expenses” and recognized in the result by the terms of the corresponding contracts.

For IFRS purposes, fees charged for financial services, and direct costs related to origination of these financial assets are deferred and recognized as an adjustment to the effective interest rate. Direct costs relating to commissions paid to retailers and resellers are part of the effective interest rate and recognized in the balance of loans and receivables.

7. Provision for sureties and guarantees to third parties

In BACEN GAAP, sureties and guarantees to third parties are controlled by compensation accounts. For the purposes of IFRS, the Organization applies IAS 37.

8. Impairment of loans and receivables

Under BACEN GAAP, recognition of provision for doubtful debt is based on analysis of realization risk of loans in an amount sufficient to cover possible losses, pursuant requirements stated in CMN Resolution No. 2,682/99, which includes certain regulatory parameters.

For IFRS purposes, provision for credit losses was established by the incurred loss, according to IAS 39.

9. Deferred Income Tax and Social Contribution on IFRS adjustments

Income tax and social contribution taxes were recognized on differences between BACEN GAAP and IFRS.

c) reservations and emphases in the auditor's opinion

There were no reservations or emphases in the independent auditors report.

10.5 - Critical accounting policies

Directors should indicate and comment on critical accounting policies adopted by the issuer, exploring in particular accounting estimates made by management on matters that are uncertain and relevant to the description of the financial position and results, which require subjective or complex judgments, such as: provisions, contingencies, revenue recognition, tax credits, long-lived assets, useful life of non-current assets, pension plans, adjustments to foreign currency conversion, environmental remediation costs, impairment testing criteria for assets and financial instruments.

Use of estimates

When submitting financial statements, our Management makes estimates and determines assumptions for useful lives of certain non-financial assets and to ascertain whether there is impairment of an asset or specific group of assets. Estimates are by nature based on judgment and available information. Actual results may differ from estimates.

Our significant accounting policies are described in the notes to Consolidated Financial Statements. The following discussion describes areas requiring more judgment or involving a higher degree of complexity for the application of accounting policies that currently affect our financial condition and results of operations. Accounting estimates that we make in these contexts involve making assumptions about highly uncertain matters. In each case, different estimates, or changing estimates between periods, could have had a significant impact on our financial condition or results of operations as shown in our financial statements.

Impairment of loans and advances

At the end of each period, loss on loans and receivables is adjusted based on an analysis of our portfolio, including estimated losses on loans and receivables.

The determination of impairment of loans and receivables requires, by its nature, judgments and assumptions relating to the loans and receivables portfolio on both an individual basis and on the basis of specific product portfolios. When analyzing the portfolio as a whole, several factors may affect an estimate of the likely scale of losses, depending on the methodology used to measure historical default rates and the historical period taken for these measurements.

Additional factors that may affect determination of impairment of loans and receivables include:

- general economic conditions and conditions in the relevant sector;
- previous experience with the debtor or the relevant economy sector, including the recent experience of losses;
- credit quality trends;
- values loan securities;

- volume, composition and growth of the loans and receivables portfolio;
- the Brazilian government's monetary policy; and
- any delays in receiving information necessary to evaluate loans and receivables or confirm existing impairment.

The Organization uses models to analyze the loans and receivables portfolios and determine impairment. Statistical factors are used to show losses and other risk indicators for groups of loans and receivables with similar risk characteristics to achieve an estimate of losses incurred by the portfolio and calculate the models. Although models are often monitored and reviewed, by their nature, they depend on judgments made in relation to information and/or forecasts. The economy's volatility is one of the factors that may lead to greater uncertainty in our models than one would expect in more stable macroeconomic environments. Therefore, our impairment of loans and receivables may not be indicative of actual future losses.

For sensitivity analysis purposes, we ran a simulation to assess the impact of higher probability of default (PD) on impairment. The simulation showed that an increase of 10.0% in probability of default on December 31, 2012 could increase the amount impairment by approximately R\$243 million. This sensitivity analysis is hypothetical and has the sole purpose of illustrating the impact that delinquency has on the determination of impairment loss.

10. Directors' Comments

The process used to determine the level of impairment requires estimates, assumptions and use of judgment, so actual results from losses in the period shown in subsequent periods may differ from those calculated in accordance with said estimates and assumptions.

Fair value of financial instruments

Financial instruments recorded at fair value in our consolidated financial statements largely consist of financial assets held for trading, including derivatives and financial assets classified as available for sale. The fair value of a financial instrument is the amount for which it could be traded in a normal transaction between parties informed of the matter and free of favoritism.

These financial instruments are ranked based on the lowest level of information that is significant for measuring fair value. For instruments classified as Level 3, we have to use a significant amount of our own judgment to measure fair market value. We base our judgment calls on our knowledge and observations of the markets for individual assets and liabilities and these judgments may vary with market conditions. On using our judgment, we analyze a series of third-party prices and transaction volumes to understand and assess the extent of available market benchmarks and the judgment or modeling required in processes with parties. Based on these factors, we determine whether fair values are observable in active markets, or whether the markets are inactive.

Fair values of financial assets held for trading and available for sale are based mainly on active markets in which prices are based on direct quotes from the market, observed transactions or market prices for similar assets. Liquidity is a significant factor in determining fair values of financial assets held for trading and available for sale. Illiquidity situations are usually generated by the market's perception of the uncertainty of credit in relation to a single company or a specific sector of the market. In these circumstances, financial assets are classified as Level 3 in the valuation hierarchy, since fair value is determined based on unobservable data supported by limited information available in the market and that are relevant to evaluate the fair value of the assets, as well as other factors that require Management to exercise significant judgment or make estimates. On December 31, 2012, R\$36.9 billion or 19.1% of financial assets held for trading and available for sale are classified as Level 3 fair value.

Exchange-traded derivatives valued using prices quoted are classified in Level 1 of the valuation hierarchy. However, not many classes of derivative contracts are listed on exchange. Therefore, most of our derivative positions are determined using quantitative models, which require the use of multiple data, including interest rates, prices and indices to generate continuing earnings, or price curves and volatility factors, including maturity. These data are used to assess the value of a position. Most market data are observable and may be obtained in particular from the BM&FBovespa and the secondary market. On December 31, 2012, the net fair value of our derivative assets and liabilities classified as Level 3 was R\$18.5 million.

The imprecise nature of estimating non-observable market data may impact amounts of revenues or losses recognized for a particular position. In addition, although we believe our valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments may result in a different estimated fair value on reporting date.

Impairment of financial assets available for sale

Periodically, we assess the existence of impairment of financial assets available for sale if there is a prolonged or significant fall in their fair value. Determining prolonged or significant impairment requires judgment, which assesses the normal volatility of asset prices among other factors.

In addition, valuations are made using market prices or valuation models that require the use of certain assumptions or judgments to estimate fair value.

Classification of securities

Classification of securities as financial assets held for trading, available for sale and held to maturity is based on Management's intention to hold or trade these securities on the date of their acquisition. Accounting treatment of securities held by us shall depend on our classification. Circumstantial changes may alter our strategy in relation to a specific security, which would require transfer between categories.

Impairment of goodwill premium

Every year at least, the Organization determines whether the current book value of goodwill premium has been impaired. The first step in the process is identifying independent cash generating units and their allocations of goodwill premium. The book value of the unit, including allocated goodwill premium, is compared to value in use to determine whether there is impairment or not. If usage value of a cash generating unit is lower than its book value, the book value of premium will be reduced. Detailed calculations may be required to cover changes in the market in which a business operates (e.g. competition and regulatory changes). Calculations are based on discounted cash flows before tax at an interest rate adjusted by appropriate risk for the operational unit; in both cases determining these values requires the use of judgment. Although predictions are compared to current performance and external economic data, expected cash flows will of course reflect the Organization's outlook for future performance.

10. Directors' Comments**Taxes on profits**

Determination of income tax and social contribution amount is complex, and our evaluation is focused on the analysis of deferred taxes on assets and liabilities and payable income tax. In general, our assessment requires us to estimate future values of current and deferred income tax. Our assessment of the possibility of realizing deferred tax is subjective and involves assessments and assumptions that are inherently uncertain. Realization of deferred assets is subject to changes in future interest rates and developments of our strategies. Support for our judgments and assumptions may change over time as a result of unanticipated events or circumstances that affect determination of our tax liability.

Significant judgment is required to determine whether an income tax position is likely to be sustained on examination, even after the outcome of any administrative or judicial proceeding based on technical merits. Judgment is also required to determine the value of a benefit eligible for recognition in our consolidated financial statements.

Additionally, we monitor interpretation of tax legislation and decisions made by tax authorities and courts, in order to adjust any previous judgment as to accrued income tax. This monitoring may also arise from our income tax planning, or settlement of income tax disputes, and may be significant for our operating results in any period.

Technical reserves for insurance and pensions

Technical provisions for insurance and pensions are liabilities for amounts we estimate will be due to our policyholders and plan participants in the future. Management uses a certain degree of judgment to decide the method of calculating technical provision. Future benefits agreed in contracts include liabilities for retirement, pension, individual and group life insurance, health insurance and accident insurance, among others.

These benefits are computed using actuarial hypotheses for mortality rates, incapacity, cancellations, interest rates, inflation and expenses. Such actuarial hypotheses are based on our experience and are periodically reviewed to the industry standards, with the objective of ensuring actuarial credibility. For long-term insurance agreements, when the actuarial hypotheses in a specific agreement or group of agreements are fulfilled, they will not be changed during the validity time of the policy. However, significant changes to experience or hypotheses may require us to make a provision for future losses expected for a certain product, and make provisions for premium shortage. Provisions for premium shortage may also be made for short-term agreements in order to cover expected future losses. Benefits and claims stated in agreements include provisions for claims incurred but not reported, in health, damages and life insurance.

We recognize the claims occurred during the period of effectiveness of our insured's policies. However, costs of claims occurred in a specific period will not be clearly recognized until we receive, process and pay such claims. We determine the liability amount through actuarial methods based on history of claim payments to determine our estimate of claim liabilities. Methods to determine such estimates and establish the technical provisions are reviewed and updated on a regular basis. The resulting adjustments are recognized in earnings for the respective period.

For the purposes of sensitivity analysis with respect to damage, life and health insurance, we estimate the impact of an increase and reduction of risks. In that estimate, an increase (1%) or reduction (1%) in risks over the last 12 months from the calculation base date would represent an impact of

R\$89 million of expense or income, respectively, on the result and shareholders' equity after taxes and contributions.

For certain products offered, such as pension plans, participants go through two distinct stages within the contract: one of accumulating assets and the other of enjoying benefits. During the accumulation stage, technical provisions increase as contributions are received and interest is credited (based on contractual provisions) and reduced by benefits and redemptions paid at the participants' discretion and according to contract clauses. If the provisions are insufficient to honor future commitments, a provision is made for insufficient contributions.

The main actuarial hypotheses used on determining liability for future pension plan benefits under contracts are mortality, disability, cancellation, retirement, interest rate, inflation and expenses.

131 – Reference Form – 2013

10. Directors' Comments

These actuarial hypotheses are made at the time a policy is written in order to estimate the experience of the period in which benefits will be payable under the agreement.

For sensitivity analysis purposes, we assessed the impact on results and shareholders' equity after taxes and contributions arising from lower interest rates and increased longevity of beneficiaries. In this assessment, a decrease of 5% in interest rates would lead to a R\$324 million reduction in result and shareholders' equity after taxes and contributions. Increase of 0.002% in beneficiaries' longevity would represent a negative impact of R\$128 million on the result and shareholders' equity after taxes and contributions.

10.6 - Internal controls relating to preparation of financial statements – Levels of efficiency and deficiency and recommendations in the auditor's report

In relation to internal controls used to ensure that reliable financial statements are prepared, the directors should comment:

a) the level of efficiency of such controls, indicating eventual deficiencies and actions taken to correct them

The effectiveness of the Organization's internal controls is based on people, processes and technology. In this context, our skilled professional staff is working exclusively with previously determined and implemented processes using appropriate technology for business needs.

Our Policy for Internal Controls and Compliance, and our Corporate Methodology, are properly formalized and aligned with the leading frameworks for controls, such as the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and Control Objectives for Information and Related Technology (COBIT), covering the Business and Technology aspects respectively, pursuant to Brazil's Monetary Council Resolution No. 2,554/98, the Public Company Accounting Oversight Board (PCAOB), and Sarbanes-Oxley Section 404.

Internal controls are developed by the various business areas managing the Organization's services, products and processes, and adherence tests are applied at the required intervals, and results reported to Bradesco's Audit and Internal Controls and Compliance Committees and to its Board of Directors. In cases of non-compliance, the appropriate corrective measures are taken and duly monitored.

These measures taken as a whole translate into enhanced quality for operational processes and dissemination of the importance of the culture of controls while ratifying improvements for corporate governance best practices.

As shown above, the Management evaluated the effectiveness of internal controls related to consolidated financial statements dated of December 31, 2012, and concluded with a reasonable level of assurance that internal controls are efficient and effective to ensure the information integrity, and that no significant deficiencies or material weaknesses have been identified.

b) deficiencies and recommendations on internal controls included in the independent auditor's report

In view of our stock of knowledge and the studies conducted by the independent auditor to assess our internal controls structure, designed to ensure the adequacy of Bradesco's financial statements, the auditor's report contains no faults or recommendations in relation to internal controls that could significantly affect our financial statements.

10.7 - Use of proceeds from public offerings for distribution and any deviations

If the issuer has made a public offering for distribution of securities, the directors should comment:

- a) how funds derived from the offering were used;**
- b) whether there were important deviations between the effective application of funds and the proposed application disclosed in leaflets on the respective distribution**
- c) if deviations occurred, the reasons for such deviations**

There was no public offering for distribution of securities in the 2012, 2011 and 2010 fiscal years.

10. Directors' Comments

10.8 - Material items not shown in financial statements

Directors should describe material items not shown in the issuer's financial statements, and state:

- a) assets and liabilities directly or indirectly held by the issuer, which are not included in the balance sheet (off-balance sheet items), such as: i) operational leases, assets and liabilities; ii) portfolios of written-off accounts receivable for which the entity has risks and responsibilities, indicating the respective liabilities; iii) forward purchase and sale agreements for products and services; iv) uncompleted construction contracts; v) contracts of future receipt of financing;
- b) other items omitted from the financial statements

No significant items were omitted from the accounting statements.

10.9 - Comments on material items not shown in financial statements

In relation to each of the items omitted from the financial statements referred to in item 10.8, the directors should comment:

- a) how such items change or may eventually change revenues, expenses, operating result, financial expenses or other items of the issuer's financial statements
- b) nature and purpose of operation
- c) nature and amount of obligations and rights generated for the issuer under the operation

No significant items were omitted from the accounting statements.

10.10 - Business Plan

Directors should state and comment the principal elements of the issuer's business, specifically exploring the following topics:

- a) investments, including: i) quantitative and qualitative description of investments in progress or expected; ii) sources of financing of investments; iii) existing disinvestments in progress or expected;

In 2012, Bradesco continued to invest in the expansion of its network, taking the total number of points of service to 68,917 (in addition to branches, this total includes: outlying points of services in municipalities not served by branches (local acronym PAs); ATMs (local acronym PAEs); ATMs outside our own network; the shared network of pooled ATMs; Bradesco Espresso POSs; Bradesco Sales Promotion, and foreign branches or subsidiaries).

We would highlight Bradesco Espresso's growth of 23.6% on the previous year to reach a total of 43,053 points of service by end-2012.

Funding for the above-mentioned investments was sourced from the Organization's own working capital, basically shareholders' equity.

133– Reference Form – 2013

Investments in Infrastructure, Information Technology and Telecommunication**2013**

Our estimated IT infrastructure investment for 2013 is about R\$4.8 billion, which is approximately 9.0% higher than 2012's (R\$4.4 billion). We would also highlight our plans to open 49 branches.

The following table shows the total amount invested over the last three years, including infrastructure (facilities, furniture and fixtures):

	R\$ million		
	2012	2011	2010
Infrastructure	718	1,087	716
Information Technology / Telecommunication	3,690	3,241	3,204
Total	4,408	4,328	3,920

b) if already disclosed, the acquisition of plants, equipment, patents or other assets likely to materially influence the issuer's production capacity should be indicated

No acquisitions of plant, equipment, patents or other assets that are likely to materially affect our production capacity have been disclosed.

c) new products and services, showing: i) description of ongoing researches already disclosed; ii) total expenses incurred by the issuer with researches for the development of new products or services; iii) projects at development stage and already disclosed; iv) total costs incurred by the issuer with the development of new products and services

There are no new significant products and services.

10.11 - Other factors material affecting operational performance

Comment on other factors materially affecting operational performance that have not been identified or commented in the other items in this section:

There are no other factors that have material influence on our operational performance that have not been mentioned in this section.

11. Projections

11.1 - Projections disclosed and underlying assumptions

The words "believe," "can," "may," "should," "seeks," "estimates," "continues," "anticipates," "intends," "expects," "potential" and similar words used in this section are used to identify forward looking estimates and perspectives. Forward looking projections and perspectives include information pertaining to results and projections, strategy, financing plans, competitive position, the industry context, potential growth opportunities, the effects of future regulation, and the effects of competition. These projections and perspectives refer only to the date on which they were made.

Given the risks and uncertainties described herein, such projections may not materialize and, therefore, do not provide any guarantee of future performance. In addition, Banco Bradesco's future results and performance may differ materially from those forecast in its estimates due to, but not limited to the risk factors listed in this Reference Form, many of which are beyond the Bank's ability to control or predict. Additionally, these estimates are based on assumptions that may not materialize. In light of these limitations and uncertainties, investors should not make their investment decisions based solely on forward looking estimates and perspectives posed in this Reference Form.

Note that projections and estimates used in this item have been compiled in accordance with accounting practices adopted in Brazil and applicable to institutions whose functioning is authorized by the Central Bank of Brazil.

a) Projection

Indicators used by market analysts to feed their forecasting models for Banco Bradesco's future results. Currently, the following indicators are disclosed:

	Indicators	Metric
Loan Portfolio ⁽¹⁾		Cumulative 12-month variation.
	Individuals	Cumulative 12-month variation.
	Legal Entities	Cumulative 12-month variation.
Financial margin ⁽²⁾		Percentage growth expected for period.
Services		Percentage growth expected for period.
Operational expenses ⁽³⁾		Percentage growth expected for period.
Insurance premiums		Estimated Operational Expenses include Personnel and Administrative Expenses.
		Percentage growth expected for period.

(1) Board credit portfolio;

(2) On the current criterion, Guidance for Financial Margin – Interest; and

(3) Personnel and administrative expenses.

b) Projected period and validity of projections

Banco Bradesco projections indicate values expected for the current year. On disclosing the results for each year (last quarter of each year), indicators expected for the following year are also stated. Projections are valid for the current year.

136– Reference Form – 2013

11.1 - Projections disclosed and underlying assumptions**c) Underlying assumptions for projections****Assumptions for the fiscal year 2013 that may be influenced by Management**

- Our Guidance covers contractual adjustments and costs reflecting growth in our business and the Organization's investment plan;
- Expansion of the Bradesco Group's service network;
- Estimates do not include new partnerships or acquisitions;
- Business growth and the Organization's strategy.

Assumptions for fiscal year 2013 beyond Management's control

- Maintenance of fundamentals of the current Macro-economic Policy;
- Resumption of growth worldwide;
- Alteration of the Selic interest rate by COPOM to control inflation. Inflation close to target midpoint;
- Evolution of credit market;
- Liquidity conditions catering for demand for credit;
- Regulatory changes affecting banking management.

d) Values of indicators estimated

Indicators	Projection 2013	2012	Pursuant 2011	2010
Loan Portfolio ⁽¹⁾	13% - 17%	11.5%	17.0%	23.0%

11.2 - Monitoring and alteration of projections disclosed

Projections and estimates used in this item have been compiled in accordance with accounting practices adopted in Brazil and applicable to institutions whose functioning has been authorized by the Central Bank of Brazil.

a) Alterations or substitutions of projections

Projections for 2013 cover the same indicators that were provided and monitored in 2012.

b) Projections for past periods – Estimated x Actual

Complying with CVM Instruction No. 480/09 data in this item, relating to projections for past periods require the disclosure of comparisons between projected and actual data. The following table shows projected and actual data for the financial years 2010, 2011, and 2012.

Projections for the corporate year of 2012

Indicators	Observed	Estimated
Loan Portfolio ⁽¹⁾	11.5%	14% - 18%
Individuals	8.2%	12% - 16%
Legal Entities	13.1%	14% - 18%
Small and Medium Companies	10.6%	16% - 20%
Large Companies	15.0%	13% - 17%
Products		
Vehicles	-2.3%	2% - 6%
Cards ⁽²⁾	12.0%	10% - 14%
Housing/real estate loans (origination)	R\$ 14.7 bi	R\$ 14 bi
Paycheck Loans	47.7%	26% - 30%
Financial margin ⁽³⁾	11.6%	10% - 14%
Services	15.0%	10% - 14%
Operational expenses ⁽⁴⁾	7.7%	8% - 12%
Insurance premiums	17.7%	15% - 19%

(1) Board credit portfolio;

(2) Does not include the portfolios “BNDES Cards” and “Discounts for prepaid receivables”;

(3) On the current criterion, Guidance for Financial Margin – Interest; and

(4) Personnel and administrative expenses.

138– Reference Form – 2013

Reasons for deviations from projections:

- **Individuals** – variation was basically due to the decrease of credits from other Banks and the maintenance of strategy to obtain credit growth by favoring the quality and control of default, in particular Car Financing.
- **Small and Medium Companies** – in this group, variation is basically explained by the low increase of “Discount,” “Working Capital” and “Special Operation” portfolios.
- **Paycheck Loans** – in this item, market development was beyond expectations, what combined with our commercial actions allowed us to win Market Share.
- **Vehicles** – the Organization maintained the option for portfolio quality in relation to Market Share gain.
- **Services** – variation was due to the greater “Underwriting” business volume; income from rents by the company Cielo, and card commissions.
- **Operational expenses** – reduction was due to actions by the Efficiency Committee that tried to control the costs and gain scale to reduce operating costs.

Projections for the corporate year of 2011

Indicators	Observed	Estimated
Loan Portfolio ⁽¹⁾	17.0%	15% - 19%
Individuals	11.0%	13% - 17%
Legal Entities	20.0%	16% - 20%
Small and Medium Companies	23.0%	20% - 24%

Cards ⁽²⁾	10.0%	9% - 13%
Housing/real estate loans (origination)	R\$ 14.9 bi	R\$ 14 bi
Paycheck Loans	29.0%	30% - 34%
Financial margin ⁽³⁾	20.0%	18% - 22%
Services	14.0%	10% - 14%
Operational expenses ⁽⁴⁾	17.0%	15% - 18%
Insurance premiums	21.0%	15% - 18%

(1) Board credit portfolio;

(2) Does not include the portfolios “BNDES Cards” and “Discounts for prepaid receivables”;

(3) On the current criterion, Guidance for Financial Margin – Interest; and

(4) Personnel and administrative expenses.

139– Reference Form – 2013

Reasons for deviations from projections:

- **Vehicles** – the variation seen in this group was due to the Organization's strategy of prioritizing portfolio margin and quality over gaining market share, thus affecting total lending to individuals.
- **Paycheck Loans** – on this item, although we have gained in terms of our market share, the market's evolution was slightly lower than expected.
- **Large Companies** – in this group, the variation seen was primarily due to forex lines growing well over expectations.
- **Insurance Premiums** – the variation seen was due to better than expected performance from the "Life and Pensions," "Health" and "Certificated Savings" products.

(1) Board credit portfolio;

(2) Does not include the portfolios "BNDES Cards" and "Discounts for prepaid receivables";

(3) On the current criterion, Guidance for Financial Margin – Interest; and

(4) Personnel and administrative expenses.

Reasons for deviations from projections:

- **Cards** →variation in this group was largely due to higher-than-expected levels of consumption as unemployment fell.
- **Real estate financing** →variation in this group reflected higher levels of income leading to more demand for properties.
- **Pay check loans** – positive variation in this item was due to synergy-boosting projects between Bradesco's branch network and Bradesco Promotora, especially in the pensioner loans (pay check deduction) portfolio, and also due to strong growth in consumption arising from lower levels of unemployment.
- **Services** →variation of this item reflected favorable performance from the credit card segment due to growth of the card base/customer base, the effects of changes in Cielo and Visavale equity holdings, and current account revenues.
- **Operational expenses** →variation in this indicator was due to: provision for profit sharing and legal actions involving labor claims; increased advertising and publicity expenses; organic growth with a consequent higher-than-projected increase in the number of points of service.

c) Projections for current periods

New projections for the current period were disclosed on 01.28.2013, as reported in item 11.1 of this Reference Form. It should be pointed out that such projections related to the corporate year of 2013, **shall remain valid until the date of the new presentation of this form.**

12. General Meeting and Management

12.1 - Description of management structure

Bradesco administrative structure is composed of the Board of Directors elected by the Shareholders' Meeting and the Executive Board elected by the Board of Directors.

In accordance with the Bylaws:

- the Board of Directors is composed of six (6) to nine (9) members elected by the General Meeting, provided that reelection is allowed;
- the Company's Board elected by the Board of Directors is composed of fifty-six (56) to one hundred and eight (108) members distributed over the following categories of positions: - Executive Directors: fifteen (15) to thirty-three (33) members, being one (1) Director-President; five (5) to ten (10) Vice Presidents; six (6) to fifteen (15) Managing Directors; and three (3) to seven (7) Deputy Directors; - Department Directors: twenty-seven (27) to forty-seven (47) members; - Directors: seven (7) to twelve (12) members; and Regional Directors: seven (7) to sixteen (16) members.

The term of the Board of Directors and Executive Board members shall be one (1) year and shall extend to the entrance into office of the new elected Management members.

The Bank administrative structure also includes five committees reporting to the Board of Directors (Committee for Audit, Remuneration Committee, Ethical Behavior Committee, Internal Control and Compliance Committee, and Integrated Risk and Capital Allocation Committee), in addition to other 28 executive committees.

a) duties of each body or committee:

1) Board of Directors:

- ensure that the Executive Board is at all times rigorously capable of carrying out its functions;

- i) devote considerable time to the Board's activities assuming commitments that lead to significant absorption of its functions, using every means in their power to provide good grounds for their contributions to Board meetings;
- j) if unable to attend meetings, be informed of all subjects raised and decisions taken;

12. General Meeting and Management

- k) remain constantly motivated, questioning and seeking innovations that contribute to the growth of the Company's business;
- l) be aware of the responsibility and challenges of the company, be familiar with its principal aspects and risks involved;
- m) be capable of teamwork, instilling in other members a philosophy of long-term vision and at the same time work for the preservation of the management continuity that is highly recommendable for the Company's stability, prosperity and security;
- n) constantly pursue best practices for corporate governance;
- o) have experience of managing crises and identifying and managing risks;
- p) avoid conflicts of interest with the Company; and
- q) maintain a relationship of total transparency and professionalism with the Executive Board and the Board of Director's advisory and supervisory bodies, with mutual explanations and information always available, to act independently and impartially, in all cases striving for the management and development of work to be focused on compliance with legislation and respect for ethical principles.

Procedures for Evaluating the Members of Executive Board:

Procedures for evaluating the performance of the CEO, conducted by the Board of Directors, in consonance with the Company's constant concern for proper conduct of corporate strategies, in particular:

1. Performance / Results – the Chief Executive Officer must:
 - a) make every effort to leverage growth of the Company's profits;
 - b) be aware of its responsibility and the challenges facing the Company, with in depth knowledge of its business;
 - c) maintain unity and harmony in conducting business;
 - d) have experience of managing crises and identifying and managing risks;
 - e) avoid conflicts of interest with the Company since targets set must be aligned with the strategic parameters set forth by the Board of Directors and comply with the Organization's corporate policy and culture, showing firm commitment to creating value for shareholders and advocating their interests; and
 - f) maintain constant concern for transparency in order to allow the use of more secure and efficient means for access to Company records easily, quickly and effectively for customers, shareholders, the market, and staff;

2. Performance of Shares / ADRs on Stock Exchanges in Brazil and Abroad – the CEO must make every effort to pursue the best results for shareholders, which essentially translates to higher prices for its Stock, payment of interest on its own capital and dividends, and equitable treatment for all. The relationship must be based on the Organization's ethical principles following applicable rules and legislation, ensuring protection of market information and absolute confidentiality of information that is not yet public knowledge, obtained through the position, that may interfere with share prices and influence market movement and/or investment decisions;
3. Market Penetration – the CEO must act actively formulating and implementing plans in relation to:
 - a) ways of growing the customer base and volume of transactions; and
 - b) market opportunities that may add value to the Company, including possible acquisitions, partnerships and operational agreements;
4. Policies Adopted: Corporate Governance, Sustainability and Human Resources – the CEO is committed to:
 - a) ensuring the Organization's perpetuity, incorporating social and environmental factors when defining its business and operations, creating products for the ambit of corporate sustainability;
 - b) keeping abreast of the main socio-environmental related demands in the market;
 - c) constantly enhancing Corporate Governance practices;
 - d) monitoring any issues that may have a significant impact on the Organization's image;
 - e) taking an ethical approach in all relationships, such as those with shareholders, customers, investors, the Central Bank of Brazil and other Government Agencies; and
 - f) acting fairly, in accordance with good principles in relation to employment, ensuring equal opportunities for hiring, professional development, evaluation, compensation and discipline of Directors and other members of staff.

12. General Meeting and Management

Other Directors:

The evaluation of other members of the Executive Board is conducted by the CEO and, as far as possible, should be based on the guidelines herein set forth and our organizational culture, in which the process of designating staff for other levels in the hierarchy depends on their showing outstanding merit in their field of work, considering factors such as competence, technical quality, interest and performance, and no event may be automatic or compulsory.

Procedures for Evaluating Committee Members:

The members of the Board of Directors are periodically evaluated by themselves, which consider the following aspects:

- a) fulfilling the attributions stated in the rules of the committee to which the member belongs;
- b) availability in terms of the time a committee member spends on the committee's work;
- c) commitment to developing reports;
- d) frequency of attending meetings and effectively taking part in them.

There is strong interaction between Committees and the Board of Directors at Bradesco. The number of committee sessions, as well as of their meetings with the Board of Directors and the different Departments, shows good relations between these bodies and the Board of Directors, as well as Senior Management's support for development activities. In addition, the presence of the members of the Board of Directors and the members of the Executive Board on Committees further facilitates relations between the bodies and their functioning, also facilitating the process of the Board of Directors' evaluation of committee members by observing the development of their activities and other aspects mentioned above.

The Committee for Audit's self-assessment is conducted by its own members, and considers subjects related to the involvement of committee members and different subjects and areas of the Bank, namely:

- a) financial statements;
- b) Internal Controls and Risk management;
- c) compliance and ethics;
- d) supervision of senior management and internal controls;
- e) relations with external auditors.

12.2 - Rules, policies and practices relating to general meetings

a) notification in good time

Bradesco provides all documentation related to General Meetings preferably 30 days in advance. In 2013, documents relating to the ordinary and extraordinary shareholders meeting held on 03.11.2013 were made available to the market on 02.06.2013.

b) competences

General Meetings called and officially started in accordance with legislation and bylaws have powers to decide on all business related to the Company's purpose and take decisions they deem appropriate for its defence and development. This subject is addressed in Chapter XI (Articles 121-137) of Law No. 6,404 of December 15, 1976.

Article 132 of Law No. 6,404/76 states that Business Corporations of the Joint Stock Companies format shall hold annual General Meetings within the first four (4) months following the end of the fiscal year, to address the following issues:

- i. take management accounts, examine, discuss, and vote on the financial statements;
- ii. decide on the use of net income for the year and distribution dividends; and
- iii. elect managers and members of the Fiscal Council.

12. General Meeting and Management

Extraordinary General Meetings must be called for other cases, such as amending bylaws, decisions involving transformation, consolidation, merger or split of the company, or its winding up and liquidation, appoint or dismiss liquidators, to examine their accounts, bundle or unbundle shares.

c) addresses (street or electronic) where the documents related to the general shareholders' meeting will be available to shareholders for analysis

Documents relating to General Meetings, such as Call Notices and Proposals of the Board of Directors, are available to shareholders at Bradesco's Shares and Custody Department, the Depository Financial Institution for the company's shares, in Cidade de Deus, Prédio Amarelo, Vila Yara, Osasco, state of São Paulo, and may also be seen at www.bradesco.com.br/ri – Corporate Governance/ Shareholders, or the BM&FBovespa and CVM websites.

d) identifying and managing conflicts of interest

As Law No. 6,404/76 states, shareholders should exercise voting rights in the interests of the company. Abusive voting refers to voting for the purpose of causing damage to the company or other shareholders, or to obtain undue advantage for voters themselves or for others, and which may lead to losses for the company or other shareholders.

During the meeting, shareholders whose interests are in conflict with the company's on specific points must report this immediately and refrain from taking part in discussion and voting on this item.

e) management's request for proxies to exercise voting rights

Bradesco's Management does not request voting proxies and shareholders may decide on their representation at General Meetings at their own discretion.

f) formalities necessary for the acceptance of shareholders' proxy documents, indicating whether the issuer accepts electronically authorized proxies

If shareholders are represented by proxies, the validity of powers of attorney must be examined before General Meetings begin. In order to hasten the process and facilitate the work of Meetings, at the shareholder's discretion, proof of ownership of shares with preferably up to two (2) business days before the date set for the General Meeting, the proxy must be deposited at the Company's principal offices at Banco Bradesco S.A. – General Secretariat – Corporate – Cidade de Deus and/or do Prédio Vermelho – Vila Yara – Osasco, state of São Paulo – CEP 06029-900. Copies of documentation may also be e-mailed to governancacorp@bradesco.com.br or faxed to 55 11 3684-4630 or 55 11 3683-2564.

Any proxies drafted in a foreign language must be translated into Portuguese and filed with the Registry of Deeds and Documents before forwarding to the Company.

g) maintaining Internet forums and pages to receive and share investors' comments on agendas for meetings

The following electronic channels are available for shareholders to send comments:

- governancacorp@bradesco.com.br

- investidores@bradesco.com.br

h) live video and/or audio broadcasts of meetings

Live video and/or audio broadcasts of Meetings are not available.

150– Reference Form – 2013

12. General Meeting and Management

i) procedures for allowing shareholders to formulate proposals for inclusion on the agenda

Notices calling the Company's General Meetings explicitly include numbered lists of all the matters to be discussed on the agenda, but other subjects that depend on a decision by the meeting may not be included.

If the Company receives proposals from formulated shareholders, they are evaluated by Management.

12.4 - Rules, policies and practices relating to the Board of Directors

a) frequency of meetings

The Board meets quarterly and may hold extraordinary meetings when necessary and called by the President or half of its current members, and minutes are written for each meeting.

b) if there are any provisions of the shareholders agreement that pose restrictions or conditions on the exercise of voting rights by members of the board of directors

There are no shareholder agreements.

c) rules for identifying and managing conflicts of interest

Law No. 6,404/76 bars managers from intervening in any corporate transaction in which they have conflicting interests with the company, or in related decisions taken by the other managers, and they must notify their impediment and have the nature and extent of their interest recorded in the minutes of the meeting of the Board of Directors or Executive Board.

Article 8 of the Internal Rules of Bradesco's Board of Directors identifies officer impediments that are characterized as conflicts of interest, namely:

- a) performing acts of liberality at the expense of the Company or other Bradesco companies;
- b) borrowing funds from the Company or its subsidiaries, or using the latter's assets for their own benefit;
- c) enjoying any type of advantage due to the position held;
- d) using business opportunities that they may learn of due to their position, for their own benefit or that of others, with or without prejudice to the Company;
- e) omission in the exercise or protection of the Company's rights;
- f) acquiring assets or rights known to be necessary to the Company, or that it intends to acquire, to be resold at a profit;

Bradesco's Ethical Conduct Code item 2.2. Principles, defines that a conflict of interest occurs when there is a possibility of a direct or indirect clash between the personal interests of employees and those of the organization that may undermine or improperly influence its fulfillment of its attributions and responsibilities. Interest is characterized by all and any material advantages in favour of the person themselves or others (relatives, friends, etc.) with whom they have or had personal, business or political relations. In the event of such conflicts, staff must report to their immediate superior for the latter to take a decision accordingly, in all cases safeguarding the assets of the Organization, its customers, shareholders, investors and other related parties.

In order to prevent conflicts of interest, Bradesco's Policy on Related Party Transactions consolidates the Company's procedures for the above mentioned transactions pursuant the rules issued by Regulatory Organizations, thus lending transparency to the process for our shareholders, investors and the market in general, and ensuring strict alignment with the Organization's interests in line with best practices for Corporate Governance. This Policy bars loans or advances to Directors and members of Advisory Councils or the Board, or Tax committees or similar bodies, or to their spouses; relatives to the second degree of kinship, for persons mentioned above; persons or entities holding more than ten percent (10%) of Bradesco capital unless specifically authorized by the Central Bank of Brazil, in each case, for transactions collateralized by effects resulting from the purchase and sale or attachment of goods within general limits set by the National Monetary Council; legal entities of which Bradesco holds more than ten percent (10%) of capital; and legal entities in whose capital more than ten percent (10%) is held by any Bradesco director or officer, or their spouses and relatives to the second degree.

Once identified, any person involved in a conflict of interest must be removed from the arrangements made to solve the issue, which is the responsibility of the Committee for Ethical Conduct, which shall:

- a) review any infractions and violations of corporate or industry Codes of Ethical Conduct, and/or Bradesco's Policies and Procedures, whether reported directly by the complainant or through the Organization's Dependencies;
- b) determine the measures necessary by issuing a report or opinion addressed to the competent Dependencies;
- c) ensuring that infractions and violations are followed by applicable disciplinary actions, regardless of the level of hierarchy concerned, without prejudice of applicable legal penalties;

- d) ensure that the Board of Directors is informed of issues that may significantly impact the Organization's image; and
- e) submit issues relating to Bradesco's Directors to the Board for appreciation.

3) Information on ABRASCA Open Company Self-Regulation and Good Practices Code:

ABRASCA Open Company Self-Regulation and Good Practices Code

On June 7, 2011, Banco Bradesco S.A. (Bradesco) has voluntarily adhered to ABRASCA (Brazilian Association of Open Companies) Open Company Self-Regulation and Good Practices Code, which is based on the best corporate governance practices prevailing in Brazil and abroad.

The Code, which may be accessed at ABRASCA website (www.abrasca.org.br), adopts an approach known as “apply or explain” that gives flexibility to Adhering Companies to decide not to apply one or more rules, provided that they explain the reasons for that decision.

In compliance with that Code, Bradesco informs that it applies all principles listed therein, provided that the application of rules set out in Chapters 1 and 11-14 is mandatory.

With respect to the rules included in Chapters 2-10 of the Code, which are to be applied or the reasons for their non-application must be explained, we provide Bradesco explanations related to those where adopted procedures are not in agreement with the Code:

Chapter 2 – Board of Directors

Item 2.3.2

We understand that the current lack of an independent director in the Board of Directors is offset by the experience and expertise of its other members. In addition, according to its closed career policy, the Bank gives priority, for the office of director, to former executives with many years of experience and ability to focus more skillfully on the guidelines for a strategic planning aligned to the Organization's mission. This model has shown good results, given to the fact that Bradesco performance is easily recognized by the market. However, we emphasize that the existence of independent directors is positively considered by the Bank, provided that it would add value to the institution and its shareholders.

12. General Meeting and Management

Item 2.4.3

Bradesco has five (5) committees that report to the Board of Directors, as follows: Committee for Audit, Remuneration Committee, Committee for Internal Controls and Compliance, Committee for Ethical Conduct and Committee for Integrated Risk Management and Capital Allocation. In all of them, only the Committee for Integrated Risk and Capital Allocation Management is not coordinated by a member of the Board of Directors, being currently coordinated by an Executive Vice-President.

However, as mentioned above, that Committee reports directly to the Board of Directors and intends to assist the Board in the performance of its duties related to the management and control of risks and capital.

The duties of that Committee include, without limitation:

- a) authorize exposure limits by type of risk, depending on risk appetite approved by the Board of Directors;
- b) validate and submit to the Board of Directors:
 - I - the policies involved in risk and capital management;
 - II - proposals for risk appetite and exposure limits by type of risks; and
 - III - the results of reviews of risk and capital management policies and structures at intervals stated in regulations, or more often;
- c) report to the Board of Directors on risk management, capital requirements and adequacy, any material alterations of strategies adopted, and the status of business continuity plans;
- d) regularly positioning the Board of Directors in relation to the Committee's activities.

The Committee meets at least quarterly.

Item 2.4.4

We understand that the absence of Independent Board Members is fully compensated by the Committee for Audit composition constituted according to legal provisions for its operation, which establishes the basic conditions for the position of Committee member, his/her level of report to the Board of Directors and especially to the Brazilian Central Bank.

Bradesco's Committee for Audit meets a legal requirement provided in Resolution No. 3,198 of the National Monetary Council, dated of May 27, 2004, which establishes that, in addition to the provisions of Resolution No. 3,041 of the National Monetary Council dated of November 28, 2002, which establishes the conditions for holding offices in statutory bodies of financial and other institutions authorized to operate by the

Brazilian Central Bank, the following are basic conditions to be a member of an committee for audit in listed companies:

a) not to be or have been over the last twelve months:

I - director of the institution of any of its affiliates;

II - employee of the institution of any of its affiliates;

III - technical officer, director, manager, supervisor or any other member with management duties of the team involved in the institution's audits matters;

IV - member of the fiscal council of the institution of any of its affiliates;

b) spouse or direct, collateral or in-law kin up to the second degree of any person mentioned in sub-item "a" above of items I and II;

c) receive no type of compensation from the institution of any of its affiliates, other than that related to its position of committee for audit member.

It also establishes that the Committee for Audit should report directly to the Board of Directors and that, if the committee for audit member of the institution is also a member of the board of directors of the institution of any of its affiliates, he/she shall have the right to opt for the compensation received from one of those positions.

Another aspect that must be highlighted is that the Committee for Audit is expected to prepare at the closing of semesters ended in June 30 and December 31 a document titled committee for audit report to remain available to the Brazilian Central Bank for five (5) years and contain, at least, the following information:

I - activities performed under its duties in the period;

12. General Meeting and Management

II - evaluation of the institution's internal control systems effectiveness, with emphasis on the compliance with Resolution No. 2,554, of September 24, 1998, evidencing all detected deficiencies;

III - description of recommendations made to the Executive Board, with emphasis on those that have not been followed and the respective reasons;

IV - evaluation of independent and internal audit effectiveness, including the determination of compliance with legal and regulatory provisions applicable to the institution, in addition to internal regulations and codes, and evidence of any detected deficiencies;

V - evaluation of the quality of financial statements related to the respective periods, with emphasis on the application of accounting practices adopted in Brazil and compliance with regulations issued by the Brazilian Central Bank, with evidence of any detected deficiencies.

Currently, Bradesco's Committee for Audit is composed of one (1) member of its Board of Directors acting in the capacity of Coordinator, who is remunerated only by his activities in said Board of Directors; one (1) member who is a former executive; and two (2) other members who currently have or previously had no relationship with Bradesco or its affiliates and are highly skilled professionals.

13. Management Compensation

13.1. - Description of the policy or compensation practice, including the non-statutory Executive Board

a) Objectives of the policy or practice of compensation

In 2012, Bradesco adapted its compensation policy for managers to reflect the objectives outlined by Resolution No. 3,921, of the National Monetary Council, of 11.25.2010, which resulted in the payment of part of the amount approved in the Annual Shareholders' Meeting, as variable compensation. Thus, these values are reflected, in this document, in items 13.2 - Total compensation of the Board of Directors, Statutory Board and Fiscal Council, title "Total compensation for the Fiscal Year on 12.31.2012 - Annual Values", and 13.3 - Variable compensation of the Board of Directors, Statutory Board and Fiscal Council, title "iv. value effectively recognized in the results of 2012."

Its policy aims:

- ensure that the compensation practice is in accordance with the law, rules and regulations that govern the matter, based on the Management's duties, which result from the positions they hold and functions they perform; time dedicated to their functions; in competence and professional reputation, in view of their experience and qualification; and in the value of their services in the market;
- to provide alignment between compensation practices for the Management and the Organization's interests, so that the decisions made are the best as possible, seeking to create value for its shareholders and investors; and
- to ensure that the compensation practice is related to objectives that seek the valuation of the Organization, not encouraging behaviors that increase the risk exposure above levels considered prudent for the strategies adopted short, medium and long term.

b) Composition of compensation, indicating:

i. description of the compensation elements and the objectives of each one of them

a) Board of Directors and Executive Board

The Management compensation consists of Fixed Compensation, represented by Monthly Fees fixed for the duration of their term, and any Variable Compensation awarded according to the criteria of multiple Monthly Fees, until the limit authorized by the Shareholders' Meeting or by the Management Bodies.

In addition, annually, a proposal is submitted for approval by the Shareholders' Meeting to fund the Open Complementary Pension Plan for Managers and Employees of Bradesco Organization, the amounts of which are shown in item 13.2 as post-employment benefits.

Pursuant to CVM Circular Letter CVM/SEP/No. 007/11, in item 13.2, for the years 2012, 2011 and 2010, we are indicating the amounts corresponding to INSS (social security) contributions paid by Bradesco and recognized in its results.

b) Fiscal Council

Compensation of the Members of the Fiscal Council shall be determined by the Shareholders' Meeting in which they are elected and it cannot be lower, for each member in office, to ten percent (10%) of the average compensation attributed to each Officer, without, under current legislation, the payment of benefits, expense account and of the Company's profit sharing.

c) Committee for Audit

The composition of the compensation of the Members of the Committee for Audit, with exception of one member that only receives compensation to participate in the Board of Directors, is 100% fees, and aims at rewarding the contribution of each member for acting on advising the Board of Directors in the

12. General Meeting and Management

performance of its attributions related to the follow up of the accounting practices adopted in the preparation of the Company's financial statements and of its subsidiaries, as well as in the process of appointing and evaluating the effectiveness of the independent audit.

Another important factor in the definition of the compensation is that the Committee's members must have high technical qualification so as to exercise their position and at least one of them must have proven knowledge in the areas of accounting and auditing of financial institutions which qualify him to exercise his function, proving the high degree of expertise required from them, including the regulatory bodies.

d) Remuneration Committee

The Remuneration Committee, defined in the Bylaws, shall be composed by members chosen among the members of the Company's Board of Directors, and also, as required by the Resolution No. 3,921 as of 11.25.2010, of the National Monetary Council, by one (1) member non-manager. The members of the Board of Directors and the member non-manager, when an employee of the Bradesco Organization, will not be compensated by hold the position of Member of the Remuneration Committee. While being a non-employee, when nominated, the Member will have its compensation set by the Board of Directors, according to the market parameters. No Manager of Bradesco Organization is remunerated for the performance of their duties in the Organization's Committees.

e) Other Committees

The members of the other committees are remunerated only for their duties which they perform in the management bodies or executive areas, in which they act at Bradesco Organization. No Manager of Bradesco Organization is remunerated for duties that they perform in the referred committees.

ii. the proportion of each component in the total compensation

The Management compensation is composed by Fixed Compensation, represented by Monthly Fees fixed according to the duration of his term, and possible Variable Compensation awarded according to the criteria of multiple Monthly Fees, until the limit authorized in the Shareholders' Meeting, or by the Management Bodies, as appropriate.

We highlight that the proportion/percentage of each element in the total compensation is not fixed, and it can be changed annually.

Fiscal Year ended in December 31, 2012	¹ Annual Fixed Compensation	² Variable Compensation	³ Benefit Post Employment	Total
---	---	---	---	--------------

Board of Directors	25.39%	30.00%	44.61%	100%
Executive Board	25.44%	29.54%	45.02%	100%
Fiscal Council	100%	0,00%	0,00%	100%
Committee for Audit				
(except one Committee member who is also a Board of Directors' member, and his compensation is calculated considering his Board of Directors' membership)	100%	0,00%	0,00%	100%

- 1) The proportion/percentage highlighted in the Fixed Annual Compensation column includes the value of the INSS (Social Security) recognized in the Company's results;
- 2) The proportion/percentage highlighted in the Variable Annual Compensation column includes the value of the INSS (Social Security) recognized in the Company's results; and
- 3) The amounts correspondent to post-employment benefits are related to the Open Complementary Pension Plan to the Managers and Employees of Bradesco Organization.

iii. methodology for calculating and adjusting each component of the compensation Board of Directors and Executive Board

Bradesco Organization comprises:

- Fixed Compensation or Monthly Fees: monthly fixed fees established for the period of the Manager's term.
- Variable Compensation: eventual amount, attributed to the Managers, in addition to the Fixed Compensation. It is important to highlight that the total of the Variable Compensation will be

12. General Meeting and Management

paid at a date to be defined by the Board of Directors, and 50% of the net value of the Variable Compensation will be allocated for the purchase of preferred shares, issued by Banco Bradesco S.A., which will be filed and unavailable ("Restricted Shares"). The Restricted Shares will become available in three (3) equal, annual and successive installments. The first installment will expire in the year subsequent, in relation to the date of payment.

- The Global Amount: includes the total compensation (fixed fees and any possible Variable Compensation).

To determine the global amount for compensation, the Bradesco Organization observes the following aspects:

1. The Bradesco Organization's Remuneration Committee: proposes to the Board of Directors the Global Amount for compensation (Monthly Fees and possible Variable Compensation) and the payment of the Variable Compensation limited to Global Amount, to be distributed to the Managers of each subsidiary of the Organization.

To define the Global Amount for compensation (monthly fees and possible Variable Compensation), the Remuneration Committee shall observe the following aspects:

- size and result of the company comparing to its competitors;
- domestic and international economic conditions, taking into consideration the past, present and future scenarios;
- internal and external factors that may affect the Organization's businesses (current and potential risks); and
- Organization's global performance, involving the income realized recurrent and the capacity to produce cash flows.

The Remuneration Committee will use other indicators when deem necessary and suitable. In addition, it will use studies, evaluations, surveys and other materials prepared by the technical areas, such as DEPEC (Department of Research and Economic Studies), DPOC (Department of Planning, Budget and Control), General Accounting, DCIC (Department of Internal Controls and Compliance), and DCIR (Department of Integrated Risk Control), besides other areas it deems appropriate.

2. Board of Directors: Organization's highest management body. It must evaluate the Remuneration Committee proposals and approve them, fully or with amendments it deems necessary, or reprove them, observing the following.

3. Annual Shareholder's Meeting/Quota Holders Meeting: the Annual Shareholders Meeting, of each Company of the Organization, must approve the Global Amount for the compensation of its respective Company, as well as the Quota Holders in the case of the respective Limited Companies.

After fulfilled all steps to determine and approve de Global Amount for compensation, it is incumbent on the corresponding Management Body of each one of Organization's company define the compensation of each one of its Managers, comprised by Monthly Fees and an possible Variable Compensation.

Committee for Audit

The process for calculate and adjust the Committee for Audit's compensation starts in the Remuneration Committee.

The Board of Directors, on its turn, evaluates the recommendations and proposals of this Committee and defines the amount of fees for each Committee's member.

iv. reasons that justify the composition of compensation

Bradesco Organization adopts the system of "Closed Career," hiring people, preferably, to the initial positions, developing and preparing these employees to hold higher positions, when available. So the executive positions are filled with trained professionals at own Organization and, therefore, reveal a consolidated personal career, focused on the Organization's goals, in medium and long terms.

At the same time the system of "Closed Career," and as a way to allow the utilization of its best professionals, the Bradesco Organization promotes a constant and rotational motion, shifting employees/Managers, especially those in positions of command of areas. The Bradesco Organization provides to the Manager, through the "Rotation of Duties," greater integration, experience, personal

12. General Meeting and Management

challenges and consolidation of career, being continuously monitored and evaluated for possible movements in the hierarchy.

Within this context, the Organization aims to ensure that the compensation practice complies with the law, rules and regulations that govern to the matter, based on (i) the Managers' responsibilities, taking into consideration the different positions they hold and the functions they perform; (ii) the time devoted to their duties; (iii) the competence and professional reputation, considering their experience and qualifications; and (iv) the value of its services in the market.

c) main performance indicators that are taken into consideration in determining each component of compensation

The uniformity in the treatment of work areas is one of the keys for the Organization's effectiveness, as a manner to inhibit the individualism, maintaining a good work environment favorable for teamwork.

The Organization maintains a collegiate management culture, in which all relevant decisions, business or administrative ones, are made by committees composed, primarily, by Managers.

Thus, even with the establishment of goals and objectives for all areas, individually, for purposes of compensation prevails the global performance of the Organization, making no segregation of area, if it is considered as area of business or support, technical or relationship.

The performance of Managers, considering the individual performances and of their respective areas, is accompanied by their respective superiors.

For the formal evaluation process, specific indicators are defined for areas and for individual assessment, as the functions of the Manager, taking into account the areas for business, controls, and other support areas.

For areas assessment, are considered, as a minimum, the following groups of indicators:

- a. main activity actions: are indicators that suggest the goals and objectives of the main activities of the area;
- b. actions focused on operational efficiency: are indicators that measure the operating efficiency, in order to maximize your results with minimum use of resources;
- c. actions directed to governance: are corporate indicators that measure exposure to risk, properly monitored by the responsible Area (Integrated Risk Control Department – DCIR), and of internal controls, properly monitored by the responsible Area (Department of Internal Controls and Compliance – DCIC);

d. actions directed to customer service: are indicators that assess the results/levels of satisfaction of internal customers or external; and

e. actions directed to environmental aspects: are indicators that assess the degree of compliance of the objectives of the area to environmental aspects.

For individual assessment, are considered, as a minimum, the following indicators:

a. partnership with customers: aims to evaluate the service quality standards and partnerships with internal or external clients;

b. quality of the products/services: aims to evaluate the quality standards of products/services rendered according to the area of the Manager evaluated;

c. leadership team: evaluates the team management process;

d. planning: assessing the ability to plan the activities of your area in the medium and long term;

e. overview: evaluates, mainly, the Managers' vision about future trends to meet the demands of the market; and

f. applies to the Board of Directors and its respective members, if suitable, the indicators listed above.

The performance evaluations of Managers in the areas of internal control and risk management should be based on the achievement of the objectives of their own functions and not specifically in the overall performance of the Organization. It is considered areas of internal control and risk management in the context of the Bradesco Organization the Department of Internal Controls and Compliance – DCIC, the

12. General Meeting and Management

Integrated Risk Control Department – DCIR, and the General Inspectorate Department – IGL, as well as the related areas of other companies of the Bradesco Organization.

d) how compensation is structured to reflect the evolution of performance indicators

It is up to the Board of Directors, after completion of all stages of definition and approval of the Global Amount, to set the value of the Fixed Compensation and, by consequence, any Variable Compensation of each of the Managers, in compliance with the following rules:

i. uniformity of compensation between members of the same hierarchy (office), or differentiation as a result of the time in that position, experience, academic background or other difference that the Board of Directors deems appropriate;

ii. part of the Global Amount approved will be distributed in fixed equal monthly installments during the term of office of the Manager, subject to the provisions above, called Monthly Fee;

iii. the remaining part of the Global Amount may be distributed as Variable Compensation, upon proposal of the Remuneration Committee, which shall comply, as a minimum, in addition to the scenarios set for the period, the performance (i) individual and unit of the business/area under the responsibility of the Manager; (ii) the performance of the Organization as a whole; and (iii) the relationship between these performances and the risks assumed, recording the result of these analyses in the minutes of meeting of the Body itself, covering the distribution proposal.

Based on the assessment and proposal of the Remuneration Committee, the Board of Directors shall define, if applicable, the amount of the Variable Compensation that will be paid to Managers, which will correspond to multiple equal Monthly Fee that each Manager is receiving at the date of the resolution for payment of Variable Compensation.

e) how the compensation policy or practice is in line with the issuer's short, medium and long term interests

In addition to the current legislation, in Bradesco Organization, to fix the Managers' Compensation, is taken into consideration the organizational culture, having as the main practices the "Rotation of Duties" in management positions, the adoption of the system of "Closed Career" for the ascension in functional and managing positions and the taking decisions, primarily by collegiate bodies.

It's a practice of Bradesco Organization to develop, continuously, its human resources, understanding that the personal and professional growth is the main motivation for its employees and managers. The system of "Closed Career" is the way to allow the use of its best professionals. The staff, in all levels, including the leadership, have absolute confidence in the possibility offered, to any employee, to ascend the Organization on its own merits, being possible for a bookkeeper to reach the position of Chief Executive Officer or President of the Board of Directors.

By force of this practice, consistently adopted over decades, is that the leadership positions, including in the Board of Directors, are held by people who began his career at Bradesco Organization.

In addition to this whole process of commitment of Managers, 50% of the net value of the Variable Compensation is for the acquisition of preferred shares issued by Banco Bradesco S.A., which will be recorded and unavailable ("Restricted Shares").

Restricted Shares will become available in three (3) equal, annual and successive installments, expiring the first installment in the subsequent year, counted from the first working day following the date of the beginning of his unavailability, subject to any adjustments in the event of a significant reduction of Recurring Profit Made or occurrence of negative result of the Company during the Period of Deferral.

For the establishment of the deferral of 50% described previously, in order to meet the provisions of Article 7 of the CMN (National Monetary Council) Resolution No. 3,921, the Organization takes into account the rotation of duties of the Managers mentioned, as well as the collegiate decision-making process through its various committees, with a consequent dilution of possible risks arising from its decisions. Thus, a single 50% of net amount of Variable Compensation, therefore above 40% provided for in Resolution, so as to balance the percentage of the deferred Variable Compensation at levels acceptable to all Managers.

12. General Meeting and Management

f) existence of compensation supported by subsidiaries, controlled or direct or indirect parent companies

Bradesco does not practice this type of compensation for the mentioned Bodies.

g) existence of any compensation or benefit related to the occurrence of certain corporate event, such as the sale of the corporate control of the issuer

Bradesco does not practice this type of compensation.

13.11 – Highest, lowest and the average individual compensation for the Board of Directors, Statutory Board and Fiscal Council

Reasons for not filling out table:

The Company's management and oversight bodies are staffed with professionals affiliated to the Brazilian Institute of Finance Executives ("IBEF") of Rio de Janeiro. On March 2, 2010, the IBEF obtained from the 5th Federal Court of the Rio de Janeiro Judicial District (lawsuit 20105101002888-5) an injunction worded as follows:

"Now, therefore, I grant the pleaded injunction, determining the suspension of the validity of sub-item 13.11 of attachment 24 of CVM Instruction No. 480, in relation to IBEF associates and, consequently, to the companies to which they are linked, prohibiting the application of any sanction on the affiliates or to the companies to which they are linked until the subsequent decision of this Court."

Said injunction was ratified by judgment of that Court, rendered on last May 17, judging from the request.

The reason for the suspension of the enforceability of disclosure of minimum, medium and maximum compensation of the members of the companies' management and oversight bodies is based on the preservation of individual rights to privacy and safety of the individual members of said statutory bodies.

In respect to these principles and the court decision, the Company will not disclose this information unless judicial determination in the opposite direction.

d) issuer exposure to labor claim liabilities and contingencies

Details of the issuer's exposure to labor claim liabilities and contingencies have no material relevance for Banco Bradesco as shown in item 4.3 of the Reference Form.

14.2 - Significant alterations – Human Resources

There has been no material alteration in relation to the numbers disclosed in item 14.1.

14.3 - Description of employee compensation policy**a) policy for salaries and variable compensation**

Bradesco as an Organization adopts a closed career system, in which new entrants always start at the bottom in career entry positions, and we prioritize recognizing employees with potential for achievement. Our Recruitment and Selection has a characteristic strategy involving great responsibility in relation to hiring, since hiring professionals that are right for the Organization is vital to career and succession dynamics. Bradesco prioritizes recognizing potential from the start with a focus on choice and selection, through skills shown and through selective processes designed to meet its needs.

Compensation practices for the Organization's employees are designed to recognize services rendered by these professionals, and to encourage them to find solutions for customer satisfaction and business growth.

Compensation consists of monthly salary, rewarding the contribution made by the performance of each employee, as well as any payments intended to recognize the contribution made by each one to the results and performance achieved by Bradesco.

The composition of monthly compensation for employees is 100% salary. There may be payments of bonus/profit-sharing depending on appraisal of organizational results achieved.

Evaluation by Results programs, when applied, are designed to recognize extra efforts made to procure results and based on quantitative and qualitative criteria, and on whether or not financial or non-financial targets are met at different levels: global, area of business, and individual. These programs are characterized by aligned and competitive appraisals in the market and by the fact of reaching and

surpassing targets for sustainable results.

Our organizational structure includes a specific Committee to deal with compensation issues, which has a permanent character and makes proposals to the Board of Directors for the Organization's compensation policies and guidelines, based on targets set by the Board of Directors for the Organization's performance.

Compensation practices adopted by the Organization are aligned with the Company's interests through constantly upholding policies and guidelines devised by the Remuneration Committee, whose analysis prioritizes shareholder returns.

b) benefits policy

Payment of benefits is based on the Organization's Human Resources Management policy.

12. General Meeting and Management

This management strategy conveys security and trust for employees, making the assumption that a good working environment based on respect, empathy, trust and security for employees and their families will have an effect on the quality of services provided. Therefore we have structured a benefit package that goes well beyond those legally stipulated, in order to provide employees and their dependents with security and comfort in responding to their basic needs, professional development, with loans under special conditions for the purchase of consumer goods and homes. The benefits shown below cover all employees irrespective of their working day (full- or part-time):

- Free Health Plan for all employees and their dependents, including non-traditional treatments such as correction of myopia, acupuncture, homeopathy, RPG, speech therapy, psychology, nutrition, heart valve, dialysis, organ transplants, and treatment of AIDS (with reimbursement of prescription drugs for the treatment of illness);
- Dental insurance for all employees and their dependents including preventative, surgical, restorative, endodontic, periodontal and prosthetic treatments;
- Supplementary retirement plan with the Bank contributing 50%;
- Group life and personal accident insurance at a subsidized cost. Retirees leaving the staff are given the option of remaining in the group of insured policyholders;
- Daily distribution of snacks at no cost amounting to an average daily supply of 136,467 snacks/day;
- Loans at subsidized rates for buying homes, vehicles, and personal computers, and for personal expenses;
- Social loans for emergencies, schooling, orthopaedic devices, funerals, psychologists, psychiatrists, speech therapists, and others;
- Social and psychological care for employees and dependents in emergencies, with 24/7 coverage;
- In order to supplement social and psychological care for employees and their dependents, Bradesco provided a new channel. Through an independent company founded by specialized professionals, a toll free number - 0800 Viva Bem (meaning "Live Well") - provides 100% confidential assistance with personal, professional, family and affective issues;
- For the states of São Paulo, Rio de Janeiro, Santa Catarina and Rio Grande do Sul we have special arrangements with the major drugstore chains enabling employees to buy medications at reduced prices;
- Influenza vaccine provided for all employees free of charge and at special prices for dependents;
- Health and dental insurance, as well as assistance with day care or other child care, with no age limit for employees' children with disabilities; and
- Facilities for employees shopping arrangements: a special online shopping channel operating through Bradesco's website, in which the Bank negotiates special discounts directly with suppliers of

various products. Employees also receive special offers by e-mail.

c) characteristics of stock-based compensation plans for non-manager employees, identifying:

The Organization does not have stock-based compensation for employees.

572– Reference Form – 2013

14.4 - Description of relations between issuer and trade unions

With regard to the relationship with labor unions, we recognize the right of all employees to free association and to be represented by their respective class union. Employees receive information about trade union association and may participate in collective negotiations through union meetings without any restrictions or discrimination.

Information on union activities is disclosed in notice boards, Union Journal available in our reception desks, and other internal communication vehicles. Labor unions are allowed to make annual association campaigns – we even provide a list of non-associated employees. We have a Union Relationship structure to allow a permanent channel for dialogue and interaction with representatives of trade union actions at national level, by receiving protests, clarifying doubts and promoting a relationship that is characterized by easy access, agility and proactivity between the parties.

We respect and comply with signed Collective Bargaining Agreements negotiated every year with the Organization and employees' representatives. All employees enjoy freedom of association, have union representation and are covered by collective bargaining agreements.

16.3 - Identification of measures taken to address conflicts of interest and demonstration of a strictly commutative character of conditions agreed or appropriate compensation payment

Transactions shown in item 16.2, and related parties involving controlling shareholders, subsidiaries and shared-control subsidiaries, are conducted on the basis of usual market values and fees under arm's length conditions, or with compensatory payment, and therefore do not generate any benefit or loss for either party.

Management has internal control structure to ensure that transactions are conducted under similar conditions to those that may be conducted with unrelated parties.

If there are violations of the provisions in item 16.1, cases will be forwarded to the Ethical Conduct Committee, which reports to the Board of Directors, and it will apply the appropriate penalties, and advise that such violations are offenses and that persons responsible will be subject to penalties under current legislation.

Criteria for setting issue price The issue price was set based on Paragraph 1, Article 170 of Law 6,404/76, predominantly the weighted average share price in the market, bearing in mind their high level of tradability. The purpose of setting it below market price was to leave room for the normal course of trading, while providing conditions for pricing subscription rights.

Edgar Filing: BANK BRADESCO - Form 6-K

The issue price was set at a 20% discount off the weighted average share price of common shares (R\$ 26.36 per share) and preferred shares (R\$ 33.79 per share) in the period from 08/23 to 11/18/2010, resulting in a weighted average price of R\$ 24.06. The above-mentioned discount was based on the Brazilian stock market's volatility and aimed to encourage all shareholders to adhere to the rights subscription.

Cash, by compensation with credits of Interest on Own Complementary Capital declared on 12/6/2010. In this

Period to be paid in case, the exercise of subscription rights to shares does not involve disbursement of new funds by shareholders registered with the Bank as of 12/06/2010, the proposed declaration of the aforementioned on own complementary capital.

18.8 – Public offerings of distribution made by the issuer or by third parties, including controllers and associated companies or subsidiaries, in relation to issuer's securities

In 2012, Bradesco Leasing made its 7th issuance of a single series of simple subordinated debentures non-convertible into shares for public distribution under the regime of best placement efforts, which was registered with CVM on October 17, 2012 under number CVM/SER/DEB/2012/023. Overall, 1,000,000,000 (one billion) debentures were issued with the face value of R\$ 10.00 (ten reais) each, amounting to R\$ 10,000,000,000.00 (ten billion reais) on October 15, 2012. 7th issuance debentures have a term of twenty (20) years from their issuance date, and are remunerated by the accumulated variation of 100% (one hundred per cent) of DI rate per a base year of two hundred and fifty-two (252) business days.

In 2011 there were no public offerings of distribution made by the issuer or by third parties, including controllers and associated companies or subsidiaries, in relation to issuer's securities.

On December 17, 2010, resolutions were submitted to shareholders to vote a capital increase with new share subscription, which were approved at the Extraordinary General Meeting of March 10, 2011, for a R\$ 1,500 million capital increase through the issue of 62,344,140 new shares, of which 31,172,072 were common and 31,172,068 preferred shares, at a price per share of R\$ 24.06. These transactions were approved by the Central Bank on March 18, 2011.

18.9 – Description of issuer’s public bids for other companies’ shares

On April 16, 2012, the CVM (Securities and Exchange Commission) approved a unified public tender offer for acquisition of common and preferred shares issued by Banco BERJ S.A. (BERJ) held by its minority shareholders. The total number of shares covered by the unified tender offering will be 623,256,094 common shares, representing 1.72% of BERJ's total capital and 738,664,623 preferred shares, representing 2.04% of BERJ's total capital. The unified public offering's purchase price will be R\$ 33.819280 per thousand common and preferred shares. The auction will adopt procedures to ensure Bradesco's right to raise the bid price during the unified public tender offer, and the new price will be extended to all shareholders that accepted previous bids. The auction took place on May 22, 2012.

For the periods of 2011 and 2010, there were no public offerings by the issuer, regarding shares issued by third parties.

G.I) Possibility of redemption:

The Notes shall not be subject to optional redemption by the issuer stated above, except under "Early Redemption for Taxation Reasons" below.

Early Redemption for Tax Reasons

The issuer may redeem the Notes in whole but not in part at a redemption price equal to 100% of the principal amount of Notes plus accrued interest on the agreed redemption date and any other amounts due noteholders under the terms of the Issue Indenture or Notes on notifying noteholders at least 30 days and at most to 60 days in advance, if:

- it be required, or may be required to pay Additional Amounts in excess of the Additional Amounts which it would have to pay if interest payments under the Notes were subject to withholding or deduction at a rate of 15% as a result of any alteration to generally applicable laws or regulations in a tax jurisdiction or any pertinent alteration in general to the application or official interpretation of said laws and tax regulations, in each case, occurring after the original issue date of any of the Notes;
- it cannot avoid through reasonable measures available to us, our obligation to pay such excess Additional Amounts; and
- the Central Bank has approved this redemption.

However, the issuer shall not redeem the Notes for tax reasons before the fifth anniversary of the notes' issue date unless the Central Bank grants permission to do so at an earlier date. No notice of redemption may be given more than 60 days in advance of the first date that it would be required to pay excess Additional Amounts if a payment relating to the Notes were due at that time. Before sending any notice of redemption as described above, the issuer shall deliver to the Trustee (1) a certificate stating that it is entitled to redeem the Notes under the Issue Indenture terms and stating the facts relating to the redemption and (2) a written legal counsel opinion stating that it is obligated to pay said excess Additional Amounts due to a change or amendment as described above, that it cannot avoid paying said excess Additional Amounts by taking measures available to it, and that all governmental approvals required for said redemption have been obtained and are in full force and effect, and specifying any approvals required but not obtained.

G.II) Formula for calculating redemption value:

Payment of principal of the Notes together with unpaid and accrued interest shall be made on the payment date to the person in whose name the Notes are registered at close of trading New York City time on the tenth business day before payment date. Notes need not be redeemed for payment of principal, interest or other amounts to be received, except for redemption or final payment of principal on maturity date.

Characteristics of securities

H.I) Maturity, including conditions for early maturity:

Maturity: 10/24/2013, unless maturity date is prorogued as detailed below.

Prorogation of maturity date

Although the stated expiration date of the Notes is 10/24/2013, the issuer may prorogue maturity date to April 24, 2015 and, within 30 days after the end of a currency inconvertibility/non-transfer event deliver a certificate stating that it has have sufficient funds in Brazilian reais at the reference exchange rate, or in dollars, to pay the principal amount of the Notes and other debt payable on the maturity date stated, and cannot make such payment on the Notes due to a currency inconvertibility/non-transfer event occurring and persisting as of said date, and that it has made reasonable efforts to convert and transfer such funds.

If the maturity date is prorogued, the maturity date stated shall be an interest payment date, and interest on the Notes at the Note Rate shall be payable on that date and on each interest payment date subsequent to the prorogued maturity date. If the maturity date is prorogued, the issuer shall notify noteholders within two business days of prorogation.

601– Reference Form – 2013

Early maturity events (event of default):

The following events shall each be an event of default under the terms of the Notes and Issue Indenture:

- our failing to make any payment of principal of any of the Notes, whether on maturity date, for redemption or otherwise, except due to a deferral of principal or a prorogation of maturity date described under "– Deferral of Interest and Principal" and "– Prorogation of Maturity Date;"
- our failing to make any interest payment or any payment of Additional Amounts under the Notes and the Issue Indenture, except due to deferred interest described under "– Deferral of Interest and Principal," and that non-payment persisting for 15 days, and the Trustee has not otherwise received those amounts from the insurer under the Insurance Policy, or otherwise; excepting that if the insurer recognizes that any interest payment is due and overdue from the insurer under the Insurance Policy, our lack of payment shall not constitute an event of default;
- a court or agency or supervisory authority in the Cayman Islands or Brazil (1) brings an action or judicial decision or sentence in order to obtain adjudication on the basis of any law of bankruptcy, insolvency, reorganization, readjustment of debt, rating of priority of assets and liabilities or similar law, or order our liquidation or dissolution of our business or the rule of our bankruptcy or insolvency, (2) issue a court ruling or decision that approves as properly filed against us for creditor composition (concordata) or adjustment or settlement under any applicable law except a creditor composition (concordata) permitted under the Issue Indenture, (3) proffers a sentence or court order appointing a receiver, liquidator, assignee, custodian, trustee, agent, sequestration agent or other similar official for us or for all or substantially all of our assets, and said proceedings, or judicial rulings or orders are not annulled, suspended and remain in effect for a period of 60 days, or (4) any event which, under the laws of Brazil or the Cayman Islands, has a similar effect to any of the above mentioned events;
- we bring an action or start proceedings voluntarily based on any applicable law of bankruptcy, insolvency, reorganization or other similar law, or any other action or proceeding filed for ruling our bankruptcy or insolvency, or we consent in our defence or otherwise, to issuance of a court verdict or decision in an action or proceedings based on any applicable law of bankruptcy, insolvency, reorganization or other similar law, in which we are the defendants, or with the filing of an action or proceedings for a ruling on our bankruptcy or dissolution or insolvency or any event which, under the laws of Brazil or the Cayman Islands, has a similar effect to any of the above mentioned events; or
- we submit Proof of Loss that would cause payment of compensation by the insurer under the Insurance Policy, in circumstances in which we were not entitled to submit Proof of Loss.

H.II) Interest:

H.V) Any restrictions imposed on the issuer in connection with:

- **distribution of dividends**

None.

- **disposal of certain assets**

Merger, absorption, assignment or transference:

Without the consent of noteholders owning at least 66 2/3% of the total principal of Notes outstanding, we shall not to merge or consolidate with any other person or convey or transfer substantially all our assets and property to any other person, unless, subsequently:

- the person formed by such consolidation or resulting from such merger or the person acquiring all or substantially all of our property and assets expressly assumes duly punctual payment of principal and interest on all Notes, and fulfillment or observance of each agreement of the Issue Indenture to be fulfilled or observed by us;
- immediately after the consummation of said transaction, no event of default or event which through notice, lapse of time or other conditions, become an event of default, has occurred and persisted and no agreement or obligation included in the Issue Indenture has been significantly violated; and
- the person formed by said consolidation or resulting from the merger or the person acquiring all or substantially all our assets and assets delivers to the Trustee a certificate from the officers and legal counsel's opinion each stating that the consolidation, merger, conveyance or transference and – if a supplementary Indenture relating to the transaction is required – the supplementary Issue Indenture are in compliance with the Issue Indenture and that all preceding conditions in the Issue Indenture relating to the transaction have been duly fulfilled.

- **new debts being assumed**

None.

- **issuing new securities**

None.

H.VI) Trustee, stating principal contractual terms:

The Bank of New York Trust Company (Cayman) Limited is the Trustee under the Issue Indenture.

The Indenture, document signed by the Bank and the Trustee, governs various rights and obligations of the parties in relation to note issues, such as: definitions of terms used, general and specific characteristics of the notes, conditions and criteria for redemption and repurchase of notes, commitments assumed by the issuer, definition of default events and instruments for their solution, noteholders' rights, amendments to the contract, satisfaction of terms and segregation of notes and subordination, among others. The most relevant terms in the Indenture are described in other items herein.

I) Conditions for altering rights assured by these securities:

We and the Trustee may not amend or waive any Note or Issue Indenture term or condition without obtaining prior written consent from the insurer.

We and the Trustee, without consent from noteholders, may modify the Issue Indenture for certain specified purposes, including, among others, to provide for the issuing of additional notes as described in "– Additional Notes," to remedy ambiguities, defects or inconsistencies, or include any other provisions in relation to matters or issues arising from the Issue Indenture, as long as said correction or additional provision does not adversely affect the interests of noteholders in any material aspect.

In addition, the Issue Indenture may be modified by us and the Trustee with the consent of holders owning a majority of the principal amount of Notes outstanding at the time. Nevertheless, without the consent of all holders of outstanding Notes affected by an alteration, no alteration may:

- alter the due date of any payment of principal or any portion of interest charges of any Note;
- reduce the principal amount or interest charges, or alter the method used to calculate the principal amount or interest payable on any date;
- alter any place of payment where principal or interest on Notes are to be paid;
- alter the currency in which principal or interest on Notes are to be paid;
- prejudice the noteholders' right to bring legal actions to enforce payment on maturity date or thereafter;
- modify the Issue Indenture's subordination provisions said a way as to adversely affect holders;
- reduce the percentage of the principal of outstanding Notes whose holders are required to consent to any alteration or waiver of any provision in the Issue Indenture or defaults under the Issue Indenture and their consequences; or
- modify provisions summarized in this paragraph, or Issue Indenture provisions relating to waiver of the right to execute the other party due to previous defaults, except to increase any percentage or determine that other Issue Indenture provisions may not be modified or waived without the consent of each noteholder affected by the modifications.

After an alteration described in the previous paragraph, we are obliged to mail notification to noteholders through the Trustee briefly describing the alteration. However, failure to send said notice to all noteholders, or error in the notification, shall not affect the validity of the alteration.

Cancellation

We may, at our discretion and at any time, with prior approval from the Central Bank cancel our obligations relating to the Notes through "cancellation by operation of law" or "contractual cancellation." In general, on cancellation by operation of law, we shall be deemed to have paid and settled all our debt under the Notes and honoured all our obligations under the Notes and the Issue Indenture except the following items, which will survive: (1) noteholders' rights to receive payments of principal and interest on Notes (including any Additional Amounts) when payments are due, (2) our obligations in relation to transfer and exchange of Notes, payment of Additional Amounts, maintaining a payments agent and registrar of the notes and other matters specified in the Issue Indenture and (3) the Trustee's rights, powers, obligations, duties and immunities.

In addition, through contractual cancellation, we may cancel our obligations under the obligations described in "– Certain Obligations" except the obligations described in "– Fulfillment of obligations under the Notes and Issue Indenture" and "– Use of Proceeds from Sale of Notes" and certain agreements relating to depositing amounts to pay principal and interest on the Notes, measures related to payment agents, the return of unclaimed amounts and other matters. After contractual cancellation, we may fail to fulfill any canceled obligation and the subordination provisions in the Indenture shall no longer be valid.

To exercise cancellation or contractual cancellation we must meet the following conditions:

- irrevocably deposit with the Trustee, in dollars or in US government obligations or any combination thereof, amounts that in the opinion of internationally recognized independent auditor firms are sufficient to pay and settle the principal and each portion of interest on the Notes under the terms of the Issue Indenture and Notes, Insurance Policy and Issuer's statement of consent;
- in the event of cancellation by operation of law, we must deliver to the Trustee a legal counsel's opinion stating that (1) we received a regulation from the Federal Revenue Department, or the Federal Revenue Department issued a regulation, or (2) since the date of the Issue Indenture, there has been an alteration in U.S. income tax legislation or its interpretation, in any case for which noteholders do not recognize income, gain or loss for United States income tax purposes as a result of said deposit, withholding and settlement and will be subject to income tax in the United States in the same amount, in the same way and at the same time they would be if said a deposit, withdrawal and settlement had not occurred, unless the Trustee has received written evidence that each noteholder is not subject to, or is exempt from, United States income tax;
- in the event of contractual cancellation, we must deliver to the Trustee a legal counsel's opinion stating that the noteholders will not recognize income, gain or loss for income tax in the United States as a result of said deposit and cancellation of commitment, and will be subject to United States income tax in the same amount, in the same way and at the same time as they would be if said deposit and contractual

cancellation had not occurred;

- no event of default or event which would become an event of default through notification, lapse of time or other conditions, has occurred and persist on the date of the deposit and in relation to bankruptcy, insolvency and other events described in the third and fourth items above under "– Events of Default" at any time during the period that ends on the 123rd day after the date of that deposit or, if longer, ending on the day after that period expires, preferably the longest applicable, relating to that filing;
- we must deliver to the Trustee a legal counsel's opinion stating that payment of the amounts deposited with the Trustee will not be subject to future taxes or other governmental charges applied by any Tax Jurisdiction, except where said related Additional Amounts have been deposited in trust with the Trustee;
- said cancellation does not result in any violation or breach of contract or other instrument to which we are a party or by which we are bound;
- said cancellation will mean that the trust resulting from that deposit constitutes an investment company as per the definition attributed by the 1940 U.S. Investment Company Act and amendments;

604– Reference Form – 2013

- we delivered a certificate and legal counsel's opinion stating that all conditions for revocation were met; and
- no default in payment of principal, premium, if any, or interest on any of the Other Obligations has occurred and continues, said Other Obligations have not become due in advance and no other event of default under those Other Obligations has occurred and continues in such a way as to allow early maturity of these obligations.

J) Other relevant characteristics:

Insurance Policy

An Insurance Policy has been issued to the Trustee for the benefit of noteholders. The Insurance Policy shall provide coverage in case of the issuer's inability to convert Brazilian reais to dollars in order to make a scheduled payment of interest charges under the terms of the Notes, or to transfer converted funds out of Brazil, or to use or control said funds, due to certain actions or omissions by the Brazilian government, or due to the fact of the Brazilian government not approving said actions or measures. The insurer's obligation in relation to payment of compensation under the Insurance Policy is limited to 18 months interest on the Notes and certain premium payments under the Insurance Policy and is subject to certain conditions, limitations and exclusions that could affect noteholders' ability to receive payments of Notes.

Reserve Account

On the Notes issue date, the Trustee shall open a separate trust account ("Reserve Account") at The Bank of New York Trust Company (Cayman) Limited, in its name and under its sole control for the benefit of the noteholders. The Reserve Account will initially be supplied with an amount equal to the initial premium refundable, of to six months interest charges on the Notes at the Note Rate.

If the funds held in the account for payment are insufficient to pay all accrued and unpaid interest due on any payment date, and the Trustee has received a Proof of Loss from the issuer, the Trustee shall withdraw the required amount from the Reserve Account in order to honour the issuer's obligations to pay interest under the Notes, unless the amounts may be required on this payment date under the Insurance Policy. The Trustee will transfer these funds on the applicable payment date.

G.I) Possibility of redemption:

The Notes shall not be subject to optional redemption by us except as stated above in "Early Redemption for Tax Reasons."

Early Redemption for Tax Reasons

We may redeem the Notes in whole but not in part at a redemption price equal to 100% of the principal amount of the Notes together with accrued interest through the date set for redemption, and any other amounts payable to noteholders under the terms of the Issue Indenture or the Notes, by notifying noteholders at least 30 days and at most 60 days in advance, if:

- we are compelled, or may be compelled to pay Additional Amounts in excess of the Additional Amounts that we would be required to pay if interest payments due the Notes were subject to withholding or deduction at a rate of 15% as a result of any generally applicable alteration to laws or regulations in a tax jurisdiction or any pertinent alteration in general to the official application or interpretation of said laws and Tax Regulations, in each case, occurring after the date of original issue of any of the Notes;

605– Reference Form – 2013

- we may not avoid, through reasonable measures available to us, our obligations to pay said excess Additional Amounts; and
- the Central Bank has approved this redemption.

However, we may not redeem the Notes for tax reasons before the fifth anniversary of the notes' issue date unless the Central Bank grants us permission to do so at an earlier date. No notice of redemption may be given more than 60 days in advance of the first date on which we would be obliged to pay excess Additional Amounts if a payment for the Notes were to be due at this time. Before sending any notice of redemption as described above, we shall deliver to the Trustee (1) a certificate stating that we have the right to redeem the Notes under the terms of the Issue Indenture and stating the facts relating to redemption and (2) a written opinion from attorneys stating that we are obliged to pay said excess Additional Amounts due to a change or alteration described above, that we cannot avoid paying said excess Additional Amounts by taking the measures available to us, and that all necessary governmental approvals required for said redemption have been obtained and are in full force and effect, specifying any approvals required that were not obtained.

G.II) Formula for calculating redemption value:

Payment of principal of the Notes together with unpaid and accrued interest shall be made on the payment date to the person in whose name the Notes are registered at close of trading New York City time on the tenth business day before payment date. Notes need not be delivered for payment of principal, interest or other amounts to be made, except for redemptions or final payments of principal on due date.

Characteristics of securities

H.I) Maturity, including conditions for early maturity:

Maturity: 04/15/2014, unless maturity date is prorogued.

Prorogation of maturity date

Although the stated maturity date of the Notes is April 15, 2014, we may prorogate the maturity date to the earlier of October 15, 2015 or 30 days after the date on which the currency inconvertibility/non-transferability event which prevented our honouring payment of our obligations under the Notes ended, if we submit a certificate stating that we have sufficient funds in Brazilian reais at the reference exchange rate or in Euros, to pay the principal amount of Notes and any other debt payable on the stated maturity date and we may not make said payment in relation to the Notes because of a currency

inconvertibility/non-transferability event, which occurred, and continues on said date, and that we have made reasonable efforts to convert and transfer said funds.

If the maturity date is prorogued, the maturity date stated shall be an interest payment date, and interest on the Notes at the Note Rate shall be payable on that date and on each interest payment date subsequent to the prorogued maturity date. If the maturity date is prorogued, we shall notify noteholders within two business days of prorogation.

Early maturity events (event of default):

Any of the following events shall be an event of default under the terms of the Notes and Issue Indenture:

- our failing to make any payment of principal of any of the Notes, whether on maturity date, for redemption or otherwise, except due to a deferral of principal or a prorogation of maturity date described under "– Deferral of Interest and Principal" and "– Prorogation of Maturity Date;"
- our failing to make any interest payment or any payment of Additional Amounts under the Notes and the Indenture, except when due to a deferral of interest described under "– Deferral of Interest and Principal," and this non-payment continues for 15 days, and the Trustee has not otherwise received those amounts from the insurer under the Insurance Policy, from the Reserve Account or otherwise; except that if the insurance company recognizes that an interest payment is due and payable by the insurer under the Insurance Policy, our lack of payment shall not constitute an event of default;
- a court or agency or supervisory authority in the Cayman Islands or Brazil (1) brings an action or proffers judicial decision or sentence in order to obtain adjudication on the basis of any law of bankruptcy, insolvency, reorganization, readjustment of debt, prioritizing assets and liabilities or similar law, or orders our liquidation or dissolution of our business or our declaration of bankruptcy or insolvency, (2) issues a ruling or court decision approving as properly filed against us an application for creditor composition (concordata) settlement, adjustment or composition under any applicable law except a creditor composition (concordata) permitted under the Issue Indenture, (3) issue a sentence or court order appointing a custodian, depositary, liquidator, assignee, sequestration agent or other similar official for us or for all or substantially all our assets, and said judicial proceedings, sentences or rulings are not annulled or suspended and remain in effect for a period of 60 days, or (4) any event that occurs which under the laws of Brazil or the Cayman Islands, has a similar effect to any of the above mentioned events;

- we bring an action or start proceedings voluntarily based on any applicable law of bankruptcy, insolvency, reorganization or other similar law, or any other action or proceeding filed for ruling our bankruptcy or insolvency, or we consent in our defence or otherwise, to issuance of a court verdict or decision in an action or proceedings based on any applicable law of bankruptcy, insolvency, reorganization or other similar law, in which we are the defendants, or with the filing of an action or proceedings for a ruling on our bankruptcy or dissolution or insolvency or any event which, under the laws of Brazil or the Cayman Islands, has a similar effect to any of the above mentioned events; or
- we submit Proof of Loss that would cause payment of compensation by the insurer under the Insurance Policy, in circumstances in which we were not entitled to submit Proof of Loss.

H.II) Interest:

H.V) Any restrictions imposed on the issuer in connection with:

- **distribution of dividends**

None.

- **disposal of certain assets**

Merger, absorption, assignment or transference:

Without the consent of noteholders that own at least 66 2/3% of the aggregate principal amount of outstanding Notes, we shall not merge or consolidate with any other person or convey or transfer all or substantially all our properties, assets and liabilities to any other person, unless, after this:

- the person formed by said consolidation or resulting from said merger or the person acquiring all or substantially all of our goods and assets, or all or substantially all of our properties, assets and liabilities, expressly assumes due and punctual payment of principal and interest on all Notes and performance or observance of every agreement of the Issue Indenture to be performed or observed by us;
- immediately after the consummation of said transaction, no event of default or event which through notice, lapse of time or other conditions, become an event of default, has occurred and persisted and no agreement or obligation included in the Issue Indenture has been significantly violated; and
- the person formed by said consolidation or resulting from the merger or the person acquiring all or substantially all of our property and assets, or all of the substantially all of our properties, assets and liabilities delivers to the Trustee an officers certificate and legal counsel's opinion each stating that the consolidation, merger, transfer or conveyance and – if a supplemental Issue Indenture for the transaction is required – the supplemental Issue Indenture conforms with the Issue Indenture and that all suspensive conditions in the Issue Indenture relating to the transaction have been adequately fulfilled.

H.VI) Trustee, stating principal contractual terms:

The Bank of New York Trust Company (Cayman) Limited is the Trustee under the Issue Indenture

The Issue Indenture, a document signed by the Bank and Trustee, governs various rights and obligations of the parties in relation to issuing the notes, such as: definitions of terms used, general and specific characteristics of the notes, conditions and criteria for redemption and repurchase of notes, commitments assumed by the issuer, definition of default events and instruments for their solution, noteholders' rights, amendments to the contract, satisfaction of terms and segregation of notes and subordination, among other items, and the most relevant terms contained in the Issue Indenture are described in the other items herein.

I) Conditions for altering rights assured by these securities:

Modification of Issue Indenture

We and the Trustee may not amend or waive any Note or Issue Indenture term or condition without obtaining prior written consent from the insurer.

We and the Trustee shall be able, without the consent of the noteholders, modify the Issue Indenture for certain specified purposes, including, among other things, stipulate issuance of Additional Notes as described under "– Additional Notes," to remedy ambiguities, defects or inconsistencies, or include any other provisions relating to matters or issues arising from the Issue Indenture, as long as this correction or additional provision shall not adversely affect noteholders' interests in any material respect.

In addition, the Issue Indenture may be modified by us and the Trustee with the consent of holders owning a majority of the principal amount of Notes outstanding at the time. Nevertheless, without the consent of all holders of outstanding Notes affected by an alteration, no alteration may:

- alter the due date of any payment of principal or any portion of interest charges of any Note;
- reduce the principal amount or interest charges, or alter the method used to calculate the principal amount or interest payable on any date;
- alter any place of payment at which principal or interest on the Notes is to be paid;

- alter the currency in which the principal or interest on the Notes shall be paid;
- prejudice the right of noteholders to bring legal actions to enforce the obligation to pay on maturity date or thereafter;
- modify the Issue Indenture's subordination provisions said a way as to adversely affect holders;
- reduce the percentage of the principal of outstanding Notes whose holders are required to consent to any alteration or waiver of any provision in the Issue Indenture or defaults under the Issue Indenture and their consequences; or
- modify provisions summarized in this paragraph, or Issue Indenture provisions relating to waiver previous defaults, except to increase any percentage or determine that other Issue Indenture provisions may not be modified or waived without the consent of each noteholder prejudiced by the modifications.

After an alteration described in the previous paragraph, we are obliged to mail notification to noteholders through the Trustee briefly describing the alteration. However, failure to send said notice to all noteholders, or error in the notification, shall not affect the validity of the alteration.

Cancellation

We may, at our discretion and at any time, with prior approval from the Central Bank cancel our obligations relating to the Notes through "cancellation by operation of law" or "contractual cancellation." In general, on cancellation by operation of law, we shall be deemed to have paid and settled all our debt under the Notes and honoured all our obligations under the Notes and the Issue Indenture except the following items, which will survive: (1) noteholders' rights to receive payments of principal and interest on Notes (including any Additional Amounts) when payments are due, (2) our obligations in relation to transfer and exchange of Notes, payment of Additional Amounts, maintaining a payments agent and registrar of the notes and other matters specified in the Issue Indenture and (3) the Trustee's rights, powers, obligations, duties and immunities.

In addition, through contractual cancellation, we may cancel our obligations under the obligations described in "– Certain Obligations" except the obligations described in "– Fulfillment of obligations under the Notes and Issue Indenture" and "– Use of Proceeds from Sale of Notes" and certain agreements relating to depositing amounts to pay principal and interest on the Notes, measures related to payment agents, the return of unclaimed amounts and other matters. After contractual cancellation, we may fail to fulfill any canceled obligation and the subordination provisions in the Indenture shall no longer be valid.

To exercise cancellation or contractual cancellation we must meet the following conditions:

- we must irrevocably deposit with the Trustee amounts in (i) Euro; or (ii) permitted investments (certain Euro-denominated obligations or repurchase agreements, as defined in the Issue Indenture); or (iii) a combination of the above in amounts that, in the opinion of internationally recognized independent auditor firms, are sufficient to pay and settle the principal and each portion of interest of the Notes (including any amounts payable to the Insurer under the Issue Indenture, the Insurance Policy and Supplementary Insurance Contract) under the terms of the Issue Indenture and the Notes, Insurance Policy and Supplementary Insurance Contract;
- no event of default or event which, by notice, lapse of time or other conditions, would become an event of default has occurred and continues on the deposit date and in relation to bankruptcy, insolvency and other events described in the third and fourth items above under "– Events of Default" at any time during the period ending on the 123rd day after the date of that deposit or, if longer, ending the day after that period expires, preferably the longest applicable, related to that deposit;
- we must deliver to the Trustee a legal counsel's opinion stating that payment of the amounts deposited in trust with the Trustee will not be subject to future taxes or other governmental charges levied by any Tax Jurisdiction, unless said related Additional Amounts have been deposited in trust with the Trustee;

- said cancellation does not mean the trust resulting from that deposit constituting an investment company as defined by the 1940 U.S. Investment Company Act) as amended;
- we have delivered a certificate and legal counsel's opinion stating that all conditions for revocation or cancellation were met; and
- no default in payment of principal, premium, if any, or interest on any of the Other Obligations has occurred and continues, said Other Obligations have not become due in advance and no other event of default under those Other Obligations has occurred and continues in such a way as to allow early maturity of these obligations.

J) Other relevant characteristics:

Insurance Policy

The insurer will issue the Insurance Policy to the Trustee for the benefit of noteholders. The Insurance Policy shall provide coverage in case of the issuer's inability to convert Brazilian reais to dollars in order to make a scheduled payment of interest charges under the terms of the Notes, or to transfer converted funds out of Brazil, or to use or control funds deposited in the Trustee's account due to certain actions or omissions by the Brazilian government. The insurer's obligation in relation to payment of compensation under the Insurance Policy is limited to 12 months interest on Notes and is subject to certain conditions, limitations and exclusions that could affect the ability of noteholders to receive payments from Notes. The Insurance Policy is issued to the Trustee for the benefit of noteholders.

Reserve Account

On the Closing Date, the Trustee shall open a separate trust account for the benefit of the noteholders ("Reserve Account") at The Bank of New York Trust Company (Cayman) Limited, in its name and under its sole control. The Reserve Account will initially be supplied with funds on the Notes' Closing Date in an amount equal to the payment of six months interest on the Notes at the Note Rate.

609– Reference Form – 2013

18. Securities

If the funds held in the payment account should be insufficient to pay all accrued and unpaid interest due on any payment date, and the Trustee has received a Proof of Loss from the issuer, as long as no Subordination Event has occurred and continues, the Trustee shall withdraw the necessary sum from the Reserve Account to honour the issuer's obligations to pay interest under the terms of the Notes, unless the amounts may be required on this payment date under the terms of the Insurance Policy. The Trustee will transfer these funds on the applicable payment date.

G.I) Possibility of redemption

The issuer shall not have the right to redeem all or part of the notes before their maturity date.

G.II) Formula for calculating redemption value:

Payment of principal of the Notes together with unpaid and accrued interest shall be made on the payment date to the person in whose name the Notes are registered at close of trading New York City time on the tenth business day before payment date. Notes need not be delivered for payment of principal, interest or other amounts to be made, except for redemptions or final payments of principal on due date.

Characteristics of securities**H.I) Maturity, including conditions for early maturity**

Maturity: 09/29/2019.

Early redemption:

Early Maturity Events (Default)

- the issuer does not make payment of the principal on any notes on maturity date, through redemption or otherwise, except due to a deferral of principal;
- the issuer fails to pay interest or pay additional amounts under the terms of the notes and Indenture except when due to a deferral of interest and said default continues for 15 days;
- a court or agency or supervisory authority in the Cayman Islands or Brazil (1) brings an action or proffers a judicial decision or sentence declaring bankruptcy under any law of bankruptcy, insolvency, recovery, debt readjustment, compulsory reorganization of assets and liabilities or similar law, or orders the issuer's liquidation or dissolution of its business or rules that the issuer is bankrupt or insolvent, or (2) issues a ruling or court decision approving as properly filed an application for reorganization of the issuer and creditor composition under any applicable law except a reorganization permitted under the Indenture, (3) issue a sentence or court order appointing a custodian, manager, liquidator, assignee, intervener or other similar authority for the issuer for all or substantially all its assets, and said judicial proceedings, sentences or rulings have not been annulled or have remained in full effect for 60 days, or (4) any event that occurs which under the laws of Brazil or the Cayman Islands, has a similar effect to the above mentioned events; or
- the issuer files for voluntary bankruptcy, or proceedings under any applicable law of bankruptcy, insolvency, reorganization or other similar law, or any other action or proceeding to be declared bankrupt or insolvent, or the issuer consent through response or otherwise, with the proffering of a ruling or sentence declaring bankruptcy in an involuntary action or proceeding under any applicable law of bankruptcy, insolvency, reorganization, intervention, liquidation or other similar law, or the commencement of any action or proceedings for bankruptcy or insolvency against the issuer or its dissolution or any event which, under the laws of Brazil or the Cayman Islands, has a similar effect to any of the above events.

If an event of default described in the third and fourth points above occurs and continues, the principal of all notes and interest due and unpaid on all notes will become immediately due and payable without any declaration or action by the trustee or any noteholders. However, the issuer will be required to make the payments described in this paragraph only after having been declared bankrupt or in liquidation or otherwise winding up, and such payments will be subject to subordination provisions specified in the Issue Indenture.

Merger, absorption, assignment or transference

Without the consent of holders of not less than 65 2/3% of the principal amount of notes outstanding, the issuer shall not agree to any consolidation or merger with any other person or convey or transfer all or substantially all of its property or assets or all or substantially all its property, assets and liabilities (including the notes issued under the Indenture) to any other person, unless thereafter:

- the person formed by such consolidation or with which the issuer has merged, or the person acquiring all or substantially all property and assets of the issuer or all or substantially all property, assets and liabilities of the issuer (including notes under the Indenture) expressly assume the due and punctual payment of principal and interest charges on all notes, and fulfillment and observance of all obligations in

the Indenture and notes to be fulfilled and observed by the issuer;

- immediately after the transaction comes into effect, no event of default or event which, through notice, lapse of time or other conditions would become an event of default, has occurred and persisted, and no obligations or agreements specified in the Indenture or in the notes have been significantly breached; and
- the person formed by said consolidation or with which the issuer has made a merger, or the person acquiring all or substantially all the issuer's property and assets, or all or substantially all the issuer's property and assets and liabilities (including notes issued under the Indenture) delivers to the Trustee a certificate from an officer and legal counsel's an opinion stating that the consolidation, merger, disposition or transfer, and if necessary a supplementary Indenture relating to the transaction, stating that said supplementary Indenture complies with the Indenture and that all suspensive conditions stipulated in the Indenture relating to the transaction have been fulfilled.

Additionally, the above conditions apply only if the issuer wishes to merge or consolidate with another entity or sell its assets substantially as a whole to another entity. The issuer need not meet those conditions if it signs other types of transactions, including any transaction in which it acquires shares or assets of another entity, or any transaction involving a change in control of the issuer, but in which there is no merger or consolidation, and any transaction in which the issuer sells less than substantially all its assets.

H.VI) The Trustee, stating the principal terms of the contract

The Bank of New York Mellon is the Trustee under the Issue Indenture.

The Issue Indenture, a document signed by the Bank and Trustee, governs various rights and obligations of the parties in relation to issuing the notes, such as: definitions of terms used, general and specific characteristics of the notes, conditions and criteria for redemption and repurchase of notes, commitments assumed by the issuer, definition of default events and instruments for their solution, noteholders' rights, amendments to the contract, satisfaction of terms and segregation of notes and subordination, among other items, and the most relevant terms contained in the Issue Indenture are described in the other items herein.

I) conditions for altering rights assured by these securities

Modifications that do not require approval

The issuer and the trustee may once, without prior consent from noteholders, modify terms and conditions of notes solely to meet the requirements of the Central Bank for the notes to be eligible as Tier 2 capital notes under CVM Resolution No. 3,444 and subsequent amendments. The issuer is not authorized to make any changes without the consent of noteholders if this change in any way affects the interest rate on notes, the cumulative nature of any interest payment due on amounts in arrears, the outstanding principal amount of the notes, their ratings, or their original maturity date.

The trustee will request the opinion of the issuer's Brazilian attorney describing modifications to terms and conditions of the notes required by the Central Bank for the notes to qualify as Tier 2 capital. On receiving the legal counsel's opinion, the issuer shall sign a ratified endorsement to the Indenture, a new note form and any other documents necessary to implement modifications required by the Central Bank.

The issuer and Trustee may also, without the consent of noteholders, modify the Indenture for certain specific purposes, including, among other things, to issue additional notes, correct ambiguities, inconsistencies or defects and include any other provisions referring to matters or issues arising from the Indenture, as long as said correction or provision added does not adversely affect the interests of noteholders in any material respect.

Modifications that require approval

In addition, the Indenture may be modified by the issuer and the Trustee with the consent of noteholders of a majority of the aggregate principal amount of notes then outstanding. However, without the consent of the holder of each outstanding note affected by a modification, no such modification may:

- alter the maturity of any payment of principal or interest on any portion of any note;
- reduce the principal amount or interest rate, or modify the method of calculating the principal amount or interest to be paid on any date;
- alter any place of payment at which principal or interest on the notes is to be paid;
- change the currency in which principal or interest on the notes is to be paid;
- prejudice the noteholders' right to bring an action to enforce any payment on due date or thereafter;
- modify the Indenture's subordination provisions in such a way as to adversely affect noteholders;
- reduce the percentage of the principal amount of outstanding notes for which noteholders' consent is required for any modification or waiver for observance of any Indenture provision or defaults and their consequences; or
- modify provisions summarized in this paragraph, or Issue Indenture provisions relating to waiver of the right to execute the other party due to previous defaults, except to increase any percentage or determine that other Issue Indenture provisions may not be modified or waived without the consent of each noteholder affected by the modifications.

After a modification described in the preceding paragraph, the issuer is required to submit, through the Trustee, a notice to holders briefly describing said alteration. However, the fact of not sending said notice to noteholders, or any error in the notice, will not affect the validity of the modification.

The Trustee may at any time, convene a noteholders meeting. The issuer or the holders of at least 10% of the aggregate principal of outstanding notes may call a meeting if the issuer or said holders have made a written request to the Trustee to call said a meeting and the Trustee fails to send notice calling the meeting within 20 days of receiving the request. Notices calling meetings shall include the time and place of meeting and a general description of the measure proposed to be taken at the meeting and shall be delivered not less than 30 days and not more than 60 days before the date of the meeting, except that all notices of meetings reconvened after adjournment shall be given not less than 10 days and not more than 60 days before the meeting date. At any meeting, the presence of noteholders owing an aggregate amount of the principal sufficient to take the measure for which the meeting was convened shall constitute a quorum. Any modifications or waivers to the Indenture or notes shall be final and binding on all noteholders whether or not they have given their consent (unless required under the Indenture) or were present at any duly convened meeting.

(2) Respectively, the funding of US\$ 1,100,000,000.00 and US\$ 500,000,000.00.

G.I) Possibility of redemption

The issuer is not entitled to redeem all or part of the notes before their maturity date, except as provided below in "Tax Event Redemption through."

Early Redemption through Tax Event

On any interest payment date, with prior approval from the Central Bank and any other governmental authority (if applicable), the notes may be redeemed after the occurrence of a Tax Event (term defined below). In the event of redemption after a Tax Event, the notes will be redeemed at redemption price equal to 100% of aggregate principal amount, plus accrued and unpaid interest, if any, until the date of such redemption, including any additional amounts.

In the case of a Tax Event, the issuer is obliged, before exercising the right of redemption, to deliver to the Trustee a written notice together with a certificate from the management of Banco Bradesco S.A. and a legal opinion from Brazilian attorney, in both cases confirming in a satisfactory manner for the Trustee, that it is entitled to exercise said right of redemption.

"Tax Event" means the determination by the issuer that, immediately before sending the appropriate notice on the date of payment of interest applicable, the issuer would be obliged, for reasons beyond its control, to pay Additional Amounts beyond the Additional Amounts that the issuer would be required to pay if interest payments on the notes were subject to withholding or deduction at a rate of (a) 15% in case of taxes levied in Brazil, (b) 25% in the case of taxes levied in Brazil on money paid to residents of countries in which they are exempt from income tax or subject to an income tax rate of 20% or less, or when the laws of that country restrict disclosure of (i) share ownership structure; or (ii) ownership of the investment; or (iii) beneficial ownership of income paid to non-resident persons pursuant to Law No. 9,779 of January 19, 1999, (c) 0% in case of any taxes levied in the Cayman Islands or (d) the tax rate in force in any other jurisdiction in which a payment agent is located on the date the issuer designates said paying agent, and if in each of these cases, the issuer is unable to avoid said circumstances through reasonable measures.

G.II) Formula for calculating redemption value:

H.VI) The trustee, stating the principal terms of the contract

The Bank of New York Mellon is the Trustee under the Issue Indenture.

The Issue Indenture, a document signed by the Bank and Trustee, governs various rights and obligations of the parties in relation to issuing the notes, such as: definitions of terms used, general and specific characteristics of the notes, conditions and criteria for redemption and repurchase of notes, commitments assumed by the issuer, definition of default events and instruments for their solution, noteholders' rights, amendments to the contract, satisfaction of terms and segregation of notes and subordination, among other items, and the most relevant terms contained in the Issue Indenture are described in the other items herein.

I) Conditions for altering rights assured by these securities

Modifications that do not require approval

The issuer and the trustee may once, without prior consent from noteholders, modify terms and conditions of notes solely to meet the requirements of the Central Bank for the notes to be eligible as Tier 2 capital notes under CVM Resolution No. 3,444 and subsequent amendments. The issuer is not authorized to make any changes without the consent of noteholders if this change in any way affects the interest rate on notes, the cumulative nature of any interest payment due on amounts in arrears, the outstanding principal amount of the notes, their ratings, or their original maturity date.

The trustee will request the opinion of the issuer's Brazilian attorney describing modifications to terms and conditions of the notes required by the Central Bank for the notes to qualify as Tier 2 capital. On receiving the legal counsel's opinion, the issuer shall sign a ratified endorsement to the Indenture, a new note form and any other documents necessary to implement modifications required by the Central Bank.

The issuer and Trustee may also, without the consent of noteholders, modify the Indenture for certain specific purposes, including, among other things, to issue additional notes, correct ambiguities, inconsistencies or defects and include any other provisions referring to matters or issues arising from the Indenture, as long as said correction or provision added does not adversely affect the interests of noteholders in any material respect.

Modifications that require approval

In addition, the Indenture may be modified by the issuer and the Trustee with the consent of noteholders of a majority of the aggregate principal amount of notes then outstanding. However, without the consent of the holder of each outstanding note affected by a modification, no such modification may:

- alter the maturity of any payment of principal or interest on any portion of any note;
- reduce the principal amount or interest rate, or modify the method of calculating the principal amount or interest to be paid on any date;
- alter any place of payment at which principal or interest on the notes is to be paid;
- change the currency in which principal or interest on the notes is to be paid;
- prejudice the noteholders' right to bring an action to enforce any payment on due date or thereafter;
- modify the Indenture's subordination provisions in such a way as to adversely affect noteholders;
- reduce the percentage of the principal amount of outstanding notes for which noteholders' consent is required for any modification or waiver for observance of any Indenture provision or defaults and their consequences; or
- modify provisions summarized in this paragraph, or Issue Indenture provisions relating to waiver of the right to execute the other party due to previous defaults, except to increase any percentage or determine that other Issue Indenture provisions may not be modified or waived without the consent of each noteholder affected by the modifications.

After a modification described in the preceding paragraph, the issuer is required to submit, through the Trustee, a notice to holders briefly describing said alteration. However, the fact of not sending said notice to noteholders, or any error in the notice, will not affect the validity of the modification.

The Trustee may at any time, convene a noteholders meeting. The issuer or the holders of at least 10% of the aggregate principal of outstanding notes may call a meeting if the issuer or said holders have made a written request to the Trustee to call said a meeting and the Trustee fails to send notice calling the meeting

within 20 days of receiving the request. Notices calling meetings shall include the time and place of meeting and a general description of the measure proposed to be taken at the meeting and shall be delivered not less than 30 days and not more than 60 days before the date of the meeting, except that all notices of meetings reconvened after adjournment shall be given not less than 10 days and not more than 60 days before the meeting date. At any meeting, the presence of noteholders owing an aggregate amount of the principal sufficient to take the measure for which the meeting was convened shall constitute a quorum. Any modifications or waivers to the Indenture or notes shall be final and binding on all noteholders whether or not they have given their consent (unless required under the Indenture) or were present at any duly convened meeting.

G.I) Possibility of Redemption

The issuer is not entitled to redeem all or part of the notes before their maturity date, except as provided below in "Tax Event Redemption through."

Early Redemption through Tax Event

On any interest payment date, with prior approval from the Central Bank and any other governmental authority (if applicable), the notes may be redeemed after the occurrence of a Tax Event (term defined below). In the event of redemption after a Tax Event, the notes will be redeemed at redemption price equal to 100% of aggregate principal amount, plus accrued and unpaid interest, if any, until the date of such redemption, including any additional amounts.

In the case of a Tax Event, the issuer is obliged, before exercising the right of redemption, to deliver to the Trustee a written notice together with a certificate from the management of Banco Bradesco S.A. and a legal opinion from Brazilian attorney, in both cases confirming in a satisfactory manner for the Trustee, that it is entitled to exercise said right of redemption.

"Tax Event" means the determination by the issuer that, immediately before sending the appropriate notice on the date of payment of interest applicable, the issuer would be obliged, for reasons beyond its control, to pay Additional Amounts beyond the Additional Amounts that the issuer would be required to pay if interest payments on the notes were subject to withholding or deduction at a rate of (a) 15% in case of taxes levied in Brazil, (b) 25% in the case of taxes levied in Brazil on money paid to residents of countries in which they are exempt from income tax or subject to an income tax rate of 20% or less, or when the laws of that country restrict disclosure of (i) share ownership structure; or (ii) ownership of the investment; or (iii) beneficial ownership of income paid to non-resident persons pursuant to Law No. 9,779 of January 19, 1999, (c) 0% in case of any taxes levied in the Cayman Islands or (d) the tax rate in force in any other jurisdiction in which a payment agent is located on the date the issuer designates said paying agent, and if in each of these cases, the issuer is unable to avoid said circumstances through reasonable measures.

Merger, absorption, assignment or transference

Without the consent of holders of not less than 66 2/3% of the principal amount of notes outstanding, the issuer shall not agree to any consolidation or merger with any other person or convey or transfer all or substantially all of its property or assets or all or substantially all its property, assets and liabilities (including the notes issued under the Indenture) to any other person, unless thereafter:

- the person formed by such consolidation or with which the issuer has merged, or the person acquiring all or substantially all property and assets of the issuer or all or substantially all property, assets and liabilities of the issuer (including notes under the Indenture) expressly assume the due and punctual payment of principal and interest charges on all notes, and fulfillment and observance of all obligations in the Indenture and notes to be fulfilled and observed by the issuer;
- immediately after the transaction comes into effect, no event of default or event which, through notice, lapse of time or other conditions would become an event of default, has occurred and persisted, and no obligations or agreements specified in the Indenture or in the notes have been significantly breached; and
- the person formed by said consolidation or with which the issuer has made a merger, or the person acquiring all or substantially all the issuer's property and assets, or all or substantially all the issuer's property and assets and liabilities (including notes issued under the Indenture) delivers to the Trustee a certificate from an officer and legal counsel's an opinion stating that the consolidation, merger, disposition or transfer, and if necessary a supplementary Indenture relating to the transaction, stating that said supplementary Indenture complies with the Indenture and that all suspensive conditions stipulated in the Indenture relating to the transaction have been fulfilled.

Additionally, the above conditions apply only if the issuer wishes to merge or consolidate with another entity or sell its assets substantially as a whole to another entity. The issuer need not meet those conditions if it signs other types of transactions, including any transaction in which it acquires shares or assets of another entity, or any transaction involving a change in control of the issuer, but in which there is no merger or consolidation, and any transaction in which the issuer sells less than substantially all its assets.

H.VI) The trustee, stating the principal terms of the contract

The Bank of New York Mellon is the Trustee under the Issue Indenture.

The Issue Indenture, a document signed by the Bank and Trustee, governs various rights and obligations of the parties in relation to issuing the notes, such as: definitions of terms used, general and specific characteristics of the notes, conditions and criteria for redemption and repurchase of notes, commitments assumed by the issuer, definition of default events and instruments for their solution, noteholders' rights, amendments to the contract, satisfaction of terms and segregation of notes and subordination, among other items, and the most relevant terms contained in the Issue Indenture are described in the other items herein.

I) Conditions for altering rights assured by these securities

Modifications that do not require approval

The issuer and the trustee may once, without prior consent from noteholders, modify terms and conditions of notes solely to meet the requirements of the Central Bank for the notes to be eligible as Tier 2 capital notes under CVM Resolution No. 3,444 and subsequent amendments. The issuer is not authorized to make any changes without the consent of noteholders if this change in any way affects the interest rate on notes, the cumulative nature of any interest payment due on amounts in arrears, the outstanding principal amount of the notes, their ratings, or their original maturity date.

The Trustee will request the opinion of the issuer's Brazilian attorney describing modifications to terms and conditions of the notes required by the Central Bank for the notes to qualify as Tier 2 capital. On receiving

the legal counsel's opinion, the issuer shall sign a ratified endorsement to the Indenture, a new note form and any other documents necessary to implement modifications required by the Central Bank.

The issuer and Trustee may also, without the consent of noteholders, modify the Indenture for certain specific purposes, including, among other things, to issue additional notes, correct ambiguities, inconsistencies or defects and include any other provisions referring to matters or issues arising from the Indenture, as long as said correction or provision added does not adversely affect the interests of noteholders in any material respect.

Modifications that require approval

In addition, the Indenture may be modified by the issuer and the Trustee with the consent of noteholders of a majority of the aggregate principal amount of notes then outstanding. However, without the consent of the holder of each outstanding note affected by a modification, no such modification may:

- alter the maturity of any payment of principal or interest on any portion of any note;
- reduce the principal amount or interest rate, or modify the method of calculating the principal amount or interest to be paid on any date;

- alter any place of payment at which principal or interest on the notes is to be paid;
- change the currency in which principal or interest on the notes is to be paid;
- prejudice the noteholders' right to bring an action to enforce any payment on due date or thereafter;
- modify the Indenture's subordination provisions in such a way as to adversely affect noteholders;
- reduce the percentage of the principal amount of outstanding notes for which noteholders' consent is required for any modification or waiver for observance of any Indenture provision or defaults and their consequences; or
- modify provisions summarized in this paragraph, or Issue Indenture provisions relating to waiver of the right to execute the other party due to previous defaults, except to increase any percentage or determine that other Issue Indenture provisions may not be modified or waived without the consent of each noteholder affected by the modifications.

After a modification described in the preceding paragraph, the issuer is required to submit, through the Trustee, a notice to holders briefly describing said alteration. However, the fact of not sending said notice to noteholders, or any error in the notice, will not affect the validity of the modification.

The Trustee may at any time, convene a noteholders meeting. The issuer or the holders of at least 10% of the aggregate principal of outstanding notes may call a meeting if the issuer or said holders have made a written request to the Trustee to call said a meeting and the Trustee fails to send notice calling the meeting within 20 days of receiving the request. Notices calling meetings shall include the time and place of meeting and a general description of the measure proposed to be taken at the meeting and shall be delivered not less than 30 days and not more than 60 days before the date of the meeting, except that all notices of meetings reconvened after adjournment shall be given not less than 10 days and not more than 60 days before the meeting date. At any meeting, the presence of noteholders owing an aggregate amount of the principal sufficient to take the measure for which the meeting was convened shall constitute a quorum. Any modifications or waivers to the Indenture or notes shall be final and binding on all noteholders whether or not they have given their consent (unless required under the Indenture) or were present at any duly convened meeting.

G.I) Possibility of Redemption

Anticipated Redemption for Tax-related Reasons

If, in relation to any Series of Notes, as a result of any alteration or amendment to the laws (or to any regulation or decree enacted in the terms of the laws therein) of Brazil, or when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, or when the Issuer is Bradesco New York Branch, under the laws of United States of America or of the State of New York, or any political subdivision or tax authority in or from Brazil or, according to the case, in or from the Cayman Islands, of the United States of America or from the State of New York which affect the taxation, or any other change in the official position related to the application or interpretation of such laws, regulations or decrees (including a decision by competent judgment), the alteration or amendment which is in force on the Date of Issue of such Notes, or after this date, or on any other date specified in the Definite Terms of the Notes, the Issuer is or becomes obliged to pay additional sums in addition to the additional sums that the Issuer is obliged to pay if the payment of interest of the Notes is subject to retention or deduction to a rate of 15 percent as a result of taxes, fees and subsidies and other governmental charges (the "**Minimum Level of Retention**"), the Issuer may (subject to prior approval of the Central Bank), at their discretion, and having sent notice of not less than forty five days and not more than seventy five days in advance (which terminates, in the case of Notes remunerated at the floating rate, on a day on which the interest should be paid) to the Holders of the Notes (advice that is irrevocable), redeem all (and not just some) of the pending Notes that comprise the relevant Series, to the Sum of the Anticipated Redemption (Subsidy), together with the accrued interest (if any) on them, however, as long as, the redemption advice is given before 90 days (or, in the case of Notes remunerated at the floating rate, a number of days that is equal to the total number of days occurring within the period of interest, in force, applicable to the Notes over 75 days) preceding the first date on which the Issuer would be obliged to pay the additional sums if a payment in relation to the Notes were overdue on the occasion. The Issuer will not have the right to redeem the Notes if they are obliged to pay additional sums that are inferior to the additional sums payable up to the Minimum Level of Retention. Notwithstanding the provisions above, the Issuer does not have the right to redeem the Notes, unless they have taken reasonable measures to avoid the obligation of paying the additional sums. If they choose to redeem the Notes, the Issuer will deliver to the Trustee a certificate signed by an authorized officer, declaring that the Issuer is authorized to redeem the Notes according to their terms, and the opinion of an independent solicitor of known reputation, attesting that the Issuer was or became obliged to pay an additional sum in addition to the additional sums that must be paid, up to the Minimum Level of Retention.

G.II) Formula for calculating redemption value:

The payment of the principal amount of the Notes, together with the provisioned unpaid interest, will be made on the payment date to the respective holders of the notes.

Characteristics of securities**H.I) Maturity, including conditions for early maturity:**

Maturity: 03/23/2015

Early Maturity Events (Defaults):

(i) the Issuer fails to pay any amount of the principal amount regarding the Notes in the term of Two Working Days from the maturity date for the payment of the amount, or fails to pay any amount of interest regarding the Notes in the term of five Working Days from the maturity date for the payment of the interest; or

(ii) (a) any Debt of the Issuer or any Subsidiary is not paid when default or (according to the case) within the grace period originally applicable; (b) if any Debt becomes (or may be declared) default and payable before the maturity date specified, in any other way except at the discretion of the Issuer or (according to the case) of the relevant Subsidiary or (as long as no other default event described has occurred) of any person with the right to such Debt; or (c) the Issuer or any other Subsidiary does not pay, when due, any sum payable by them in the terms of any Guarantee of any Debt; as long as the sum of the Debt mentioned in subparagraph (a) and/or subparagraph (b) above and/or the sum payable in the terms of any Guarantee mentioned in subparagraph (c) above, individually or in the aggregate, exceeds US\$ 25,000,000 (or its equivalent in any other currency or currencies); or

(iii) the Issuer fails to fulfill or observe appropriately any other relevant obligation or agreement regarding the pertinent Series of Notes, or any other additional payments or agreements contained in the Trust Deed, in the Payment Contract of the Agent or Notes, and such noncompliance persists during a period of 30 days after the occurrence; or

(iv) any declaration or guarantee relevant to the Issuer in the Dealer Contract or in the Issuer Contract or any other document formalized in relation to the Dealer Contract or to the Issuer Contract or to the issuing of Notes of the relevant Series, or any other series, are incorrect, incomplete or misleading in any relevant aspect when they are made; or

(vi) any governmental authorization necessary to fulfill any obligation of the Issuer in the terms of the Trust Deed, of the Payment Contract of Agent or Notes of the relevant Series, or if any of these is not signed or does not come into effect or does not remain valid and subsists; or

621– Reference Form – 2013

(vii) is or becomes illegal for the Issuer to fulfill or observe one or more of their obligations in the terms of any of the Notes of the relevant Series, or any of them; or

(viii) Banco Bradesco S.A., together with their consolidated subsidiaries, fails to conduct all or a substantial part of its business, or is in the imminence of doing so, except, in dealing with these subsidiaries, for the purposes of, and followed by a reconstruction, incorporation, reorganization, merger or consolidation; or

(ix) the Issuer or any other Relevant Subsidiary is (is, or is considered by law or by ruling) insolvent or bankrupt or incapable of paying their debts or stops, suspends or is in the imminence of stopping or suspending the payment of all or a significant part (or of a certain type) of their debts, or an intervener is designed for the Issuer, or the Brazilian Central Bank declares the extrajudicial liquidation of the Issuer in the terms of Brazilian Law No. 6,024 of March 13, 1974, and subsequent alterations, or any subsequent provisions of such laws; or

(x) if any event occurs which, according to the laws of Brazil, or, when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, has an analogous effect on the events stated in paragraph (v) above.

H.II) Interest:

4.1% p.a.

H.III) Guarantee, and if collateral description of asset:

No guarantee.

H.IV) In the absence of guarantee, whether receivable is subordinate or unsecured:

Unsecured credit.

H.V) Any restrictions imposed on the issuer in connection with:

- **distribution of dividends**

None.

- **disposal of certain assets**

The Issuer should not, without the written consent of the Holders of two thirds of the pending Notes, consolidate or merge with any other society or alienate or transfer, in a single transaction or series of transactions, all or substantially all of their assets to any other person, unless:

- (i)** the society formed by such a consolidation, or with which the Issuer has merged, or the person who acquires by alienation, or transfer, all or substantially all of the goods or assets of the Issuer (the “Successor Society”) is obliged to assume the payment due and promptly of the principal amount and the interest on the Notes and all the other obligations of the Issuer in the terms of the Trust Deed, and of the Payment Contract of the Agent and Notes;
- (ii)** immediately after the related transaction is in force, no Default Event referring to any Note has occurred and persists;
- (iii)** after any public announcement of a consolidation, merger, alienation or transfer, and in any form before the conclusion of the consolidation, merger, alienation or transfer, the Issuer should deliver to the Trustee (a) a certificate signed by two officers of the Issuer, declaring that the consolidation, merger, alienation or transfer is according to this Condition and that all the suspended conditions foreseen here in relation to this transaction (except the suspended condition in (ii) (above)) have been fulfilled, and (b) with the opinion of an independent solicitor of known reputation about the pertinent legal issues; and
- (iv)** the Successor Society should expressly agree to (a) indemnify each Holder of a Note or Coupon for any tax, subsidy or governmental charge applied at a later stage to the Holder uniquely as a result of such a consolidation, merger, alienation or transfer in relation to the payment of the principal amount of the Notes or (if the Notes are remunerated) of the interest on the Notes, and (b) pay any additional sums as necessary so that the net sums received by the Holders of Notes (and Coupons, if applicable), after the retention or deduction of any such tax, subsidy or any other governmental charge, are equal to the respective sums of the principal amount and (if the Notes are remunerated) of the interest that would have been received regarding the Notes (and Coupons, if applicable) had there not been a consolidation, merge, alienation or transfer.

No Successor Society has the right to redeem the Notes unless the Issuer has the right to redeem the Notes in similar circumstances.

In dealing with a consolidation, merger, alienation or transfer according to this Condition, the Successor Society should succeed the Issuer and replace them and may exercise every right and power of the Issuer in the terms of the Notes, with the same effect they would have had if in the Successor Society it had been designated as the issuer of the Notes in this instrument.

- **new debts being assumed**

The Issuer agrees that if any Note or Coupon remains pending (as defined in the Trust Deed), they do not create or allow the subsistence of any Guarantee and will not allow any Relevant Subsidiary to create or allow subsistence of any Guarantee over all or any part of their assets, current or future, to guarantee (i) any of their Public Foreign Debts; (ii) any Guarantees related to Public Foreign Debts; or (iii) Public Foreign Debts or any Guarantees related to Public Foreign Debts of any person without, in any case, at the same time or prior to this, guaranteeing the Notes equally and proportionately to the satisfaction of the Trustee, or granting another guarantee for the Notes as approved through Extraordinary Resolution of the Holders of the majority of the principal amount of the pending Notes. No provision expressed here will inhibit or prohibit the Issuer from granting collaterals without guarantees or guarantees of any kind, including contractual at the request, or on behalf, of their customers in favor of third parties as part of the normal course of business of the Issuer.

- **issuing new securities**

None.

H.VI) The trustee, stating the principal terms of the contract

The Bank of New York is the Trustee according to the Trust Deed.

The Trust Deed, document signed between the Bank and the Trustee, rules various rights and obligations of the parties regarding the issue of securities, like: definitions of terms used, general and specific characteristics of the securities, conditions and criteria for the redemption and repurchase of the bonds, commitments assumed by the issuer, definition of default events and instruments for their solution, rights of the security holders, amendments to the contract, satisfaction of the terms and segregation of the securities and subordination, among others. The services provided by the Trustee consist of the review of the documents issued, establishment of administrative and operational procedures of the accounts of the security holders; establishment of a deposit account regarding the issue; assistance to close the accounts; monitoring of the fulfillment of the Trust Deed; receipt and distribution of remittances and payments of the security holders.

I) Conditions for altering rights assured by these securities

Meetings of the holders of the Securities, Alteration, Renunciation and Substitution

The Trust Deed contains provisions (that will be efficient as if they were incorporated here) which establish the summons of the assemblies of Holders of Notes of any Series to discuss any issue that affects their interests, including (but not limited to) the alteration of the Terms and Conditions of the Notes or of the Trust Deed. An Extraordinary Resolution approved in any assembly of Holders of Notes of any Series will obligate all Holders of Notes of the Series, if they are present or not in the assembly, and all the Holders of Coupons related to the Notes of the Series.

The Trustee may agree, without the consent of the Holders of Notes or Coupons (if applicable) of any Series, to any alteration (subject to certain exceptions) to, or the renunciation of or the authorization of any noncompliance, or noncompliance proposed, of any Terms or Conditions of the Notes or any provisions of the Trust Deed which, according to the opinion of the Trustee, are not substantially prejudicial to the interests of the Holders of the Notes or Coupons, or any alteration of formal nature, secondary or technical, or performed to correct a manifested error. The Trustee may also determine any event that would constitute, or which in another way could constitute a Default Event, as long as, in the opinion of the Trustee, the event is not significantly prejudicial to the interests of the Holders of Notes or Coupons, if applicable, of the pertinent Series. Any such alteration, renunciation, authorization or determination will oblige the Holders of Notes and Coupons (if applicable) of the pertinent Series and (unless otherwise agreed by the Trustee) any such alteration will be informed to the Holders as soon as possible.

The Trust Deed contains provisions (that will be efficient as if they were incorporated here) which establish the summons of the assemblies of Holders of Notes of any Series to discuss any issue that affects their interests, including (but not limited to) the alteration of the Terms and Conditions of the Notes or of the Trust Deed. An Extraordinary Resolution approved in any assembly of Holders of Notes of any Series will obligate all Holders of Notes of the Series, if they are present or not in the assembly, and all the Holders of Coupons related to the Notes of the Series.

The Trustee may agree, without the consent of the Holders of Notes or Coupons (if applicable) of any Series, to any alteration (subject to certain exceptions) to, or the renunciation of or the authorization of any noncompliance, or noncompliance proposed, of any Terms or Conditions of the Notes or any provisions of the Trust Deed which, according to the opinion of the Trustee, are not substantially prejudicial to the interests of the Holders of the Notes or Coupons, or any alteration of formal nature, secondary or technical, or performed to correct a manifested error. The Trustee may also determine any event that would constitute, or which in another way could constitute a Default Event, as long as, in the opinion of the Trustee, the event is not significantly prejudicial to the interests of the Holders of Notes or Coupons, if applicable, of the pertinent Series. Any such alteration, renunciation, authorization or determination will

oblige the Holders of Notes and Coupons (if applicable) of the pertinent Series and (unless otherwise agreed by the Trustee) any such alteration will be informed to the Holders as soon as possible.

G.I) POSSIBILITY OF REDEMPTION

Anticipated Redemption for Tax-related Reasons

If, in relation to any Series of Notes, as a result of any alteration or amendment to the laws (or to any regulation or decree enacted in the terms of the laws therein) of Brazil, or when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, or when the Issuer is Bradesco New York Branch, under the laws of United States of America or of the State of New York, or any political subdivision or tax authority in or from Brazil or, according to the case, in or from the Cayman Islands, of the United States of America or from the State of New York which affect the taxation, or any other change in the official position related to the application or interpretation of such laws, regulations or decrees (including a decision by competent judgment), the alteration or amendment which is in force on the Date of Issue of such Notes, or after this date, or on any other date specified in the Definite Terms of the Notes, the Issuer is or becomes obliged to pay additional sums in addition to the additional sums that the Issuer is obliged to pay if the payment of interest of the Notes is subject to retention or deduction to a rate of 15 percent as a result of taxes, fees and subsidies and other governmental charges (the "**Minimum Level of Retention**"), the Issuer may (subject to prior approval of the Central Bank), at their discretion, and having sent notice of not less than forty five days and not more than seventy five days in advance (which terminates, in the case of Notes remunerated at the floating rate, on a day on which the interest should be paid) to the Holders of the Notes (advice that is irrevocable), redeem all (and not just some) of the pending Notes that comprise the relevant Series, to the Sum of the Anticipated Redemption (Subsidy), together with the accrued interest (if any) on them, however, as long as, the redemption advice is given before 90 days (or, in the case of Notes remunerated at the floating rate, a number of days that is equal to the total number of days occurring within the period of interest, in force, applicable to the Notes over 75 days) preceding the first date on which the Issuer would be obliged to pay the additional sums if a payment in relation to the Notes were overdue on the occasion. The Issuer will not have the right to redeem the Notes if they are obliged to pay additional sums that are inferior to the additional sums payable up to the Minimum Level of Retention.

Notwithstanding the provisions above, the Issuer does not have the right to redeem the Notes, unless they have taken reasonable measures to avoid the obligation of paying the additional sums. If they choose to redeem the Notes, the Issuer will deliver to the Trustee a certificate signed by an authorized officer, declaring that the Issuer is authorized to redeem the Notes according to their terms, and the opinion of an independent solicitor of known reputation, attesting that the Issuer was or became obliged to pay an additional sum in addition to the additional sums that must be paid, up to the Minimum Level of Retention.

G.II) Formula for calculating redemption value:

The payment of the principal amount of the Notes, together with the provisioned unpaid interest, will be made on the payment date to the respective holders of the notes.

Characteristics of securities

H.I) Maturity, including conditions for early maturity:

Maturity: 05/16/2016

Early Maturity Events (Defaults):

(i) the Issuer fails to pay any amount of the principal amount regarding the Notes in the term of Two Working Days from the maturity date for the payment of the amount, or fails to pay any amount of interest regarding the Notes in the term of five Working Days from the maturity date for the payment of the interest; or

(ii) any Debt of the Issuer or any Subsidiary is not paid when default or (according to the case) within the grace period originally applicable; (b) if any Debt becomes (or may be declared) default and payable before the maturity date specified, in any other way except at the discretion of the Issuer or (according to the case) of the relevant Subsidiary or (as long as no other default event described has occurred) of any person with the right to such Debt; or (c) the Issuer or any other Subsidiary does not pay, when due, any sum payable by them in the terms of any Guarantee of any Debt; as long as the sum of the Debt mentioned in subparagraph (a) and/or subparagraph (b) above and/or the sum

628– Reference Form – 2013

payable in the terms of any Guarantee mentioned in subparagraph (c) above, individually or in the aggregate, exceeds US\$ 25,000,000 (or its equivalent in any other currency or currencies); or

(iii) the Issuer fails to fulfill or observe appropriately any other relevant obligation or agreement regarding the pertinent Series of Notes, or any other additional payments or agreements contained in the Trust Deed, in the Payment Contract of the Agent or Notes, and such noncompliance persists during a period of 30 days after the occurrence; or

(iv) any declaration or guarantee relevant to the Issuer in the Dealer Contract or in the Issuer Contract or any other document formalized in relation to the Dealer Contract or to the Issuer Contract or to the issuing of Notes of the relevant Series, or any other series, are incorrect, incomplete or misleading in any relevant aspect when they are made; or

(v) the Issuer (a) is dissolved, (b) suspends the payment of their debts or does not or is incapable of honoring their debts on the maturity date, (c) files, in the measure allowed by the applicable law, for voluntary bankruptcy, lawsuits or any other proceedings to obtain any relief from the debt in the terms of any law that affects the rights of the creditors and which are similar to a law of bankruptcy or (d) consents, by means of response or in any other form, a request which is initiated against them for spontaneous bankruptcy or any other proceedings or process; or

(vi) any governmental authorization necessary to fulfill any obligation of the Issuer in the terms of the Trust Deed, of the Payment Contract of Agent or Notes of the relevant Series, or if any of these is not signed or does not come into effect or does not remain valid and subsists; or

(vii) is or becomes illegal for the Issuer to fulfill or observe one or more of their obligations in the terms of any of the Notes of the relevant Series, or any of them; or

(viii) Banco Bradesco S.A., together with their consolidated subsidiaries, fails to conduct all or a substantial part of its business, or is in the imminence of doing so, except, in dealing with these subsidiaries, for the purposes of, and followed by a reconstruction, incorporation, reorganization, merger or consolidation; or

(ix) the Issuer or any other Relevant Subsidiary is (is, or is considered by law or by ruling) insolvent or bankrupt or incapable of paying their debts or stops, suspends or is in the imminence of stopping or suspending the payment of all or a significant part (or of a certain type) of their debts, or an intervener is designed for the Issuer, or the Brazilian Central Bank declares the extrajudicial liquidation of the Issuer in the terms of Brazilian Law No. 6,024 of March 13, 1974, and subsequent alterations, or any subsequent provisions of such laws; or

(x) if any event occurs which, according to the laws of Brazil, or, when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, has an analogous effect on the events stated in paragraph (v) above.

H.II) Interest:

4.125% p.a.

H.III) Guarantee, and if collateral description of asset:

No guarantee.

H.IV) In the absence of guarantee, whether receivable is subordinate or unsecured:

Unsecured credit.

H.V) Any restrictions imposed on the issuer in connection with:

- **distribution of dividends**

None.

- **disposal of certain assets**

The Issuer should not, without the written consent of the Holders of two thirds of the pending Notes, consolidate or merge with any other society or alienate or transfer, in a single transaction or series of transactions, all or substantially all of their assets to any other person, unless:

(i) the society formed by such a consolidation, or with which the Issuer has merged, or the person who acquires by alienation, or transfer, all or substantially all of the goods or assets of the Issuer (the "Successor Society") is obliged to assume the payment due and promptly of the principal amount

and the interest on the Notes and all the other obligations of the Issuer in the terms of the Trust Deed, and of the Payment Contract of the Agent and Notes;

(ii) immediately after the related transaction is in force, no Default Event referring to any Note has occurred and persists;

(iii) after any public announcement of a consolidation, merger, alienation or transfer, and in any form before the conclusion of the consolidation, merger, alienation or transfer, the Issuer should deliver to the Trustee (a) a certificate signed by two officers of the Issuer, declaring that the consolidation, merger, alienation or transfer is according to this Condition and that all the suspended conditions foreseen here in relation to this transaction (except the suspended condition in (ii) (above)) have been fulfilled, and (b) with the opinion of an independent solicitor of known reputation about the pertinent legal issues; and

(iv) the Successor Society should expressly agree to (a) indemnify each Holder of a Note or Coupon for any tax, subsidy or governmental charge applied at a later stage to the Holder uniquely as a result of such a consolidation, merger, alienation or transfer in relation to the payment of the principal amount of the Notes or (if the Notes are remunerated) of the interest on the Notes, and (b) pay any additional sums as necessary so that the net sums received by the Holders of Notes (and Coupons, if applicable), after the retention or deduction of any such tax, subsidy or any other governmental charge, are equal to the respective sums of the principal amount and (if the Notes are remunerated) of the interest that would have been received regarding the Notes (and Coupons, if applicable) had there not been a consolidation, merge, alienation or transfer.

No Successor Society has the right to redeem the Notes unless the Issuer has the right to redeem the Notes in similar circumstances.

In dealing with a consolidation, merger, alienation or transfer according to this Condition, the Successor Society should succeed the Issuer and replace them and may exercise every right and power of the Issuer in the terms of the Notes, with the same effect they would have had if in the Successor Society it had been designated as the issuer of the Notes in this instrument.

- **new debts being assumed**

The Issuer agrees that if any Note or Coupon remains pending (as defined in the Trust Deed), they do not create or allow the subsistence of any Guarantee and will not allow any Relevant Subsidiary to create or allow subsistence of any Guarantee over all or any part of their assets, current or future, to guarantee (i) any of their Public Foreign Debts; (ii) any Guarantees related to Public Foreign Debts; or (iii) Public Foreign Debts or any Guarantees related to Public Foreign Debts of any person without, in any case, at the same time or prior to this, guaranteeing the Notes equally and proportionately to the satisfaction of the Trustee, or granting another guarantee for the Notes as approved through Extraordinary Resolution of the Holders of the majority of the principal amount of the pending Notes. No provision expressed here will inhibit or prohibit the Issuer from granting collaterals without guarantees or guarantees of any kind, including contractual at the request, or on behalf, of their customers in favor of third parties as part of the normal course of business of the Issuer.

- **issuing new securities**

None.

H.VI) The trustee, stating the principal terms of the contract

The Bank of New York is the Trustee according to the Trust Deed.

The Trust Deed, document signed between the Bank and the Trustee, rules various rights and obligations of the parties regarding the issue of securities, like: definitions of terms used, general and specific characteristics of the securities, conditions and criteria for the redemption and repurchase of the bonds, commitments assumed by the issuer, definition of default events and instruments for their solution, rights of the security holders, amendments to the contract, satisfaction of the terms and segregation of the securities and subordination, among others. The services provided by the Trustee consist of the review of the documents issued, establishment of administrative and operational procedures of the accounts of the security holders; establishment of a deposit account regarding the issue; assistance to close the accounts;

630– Reference Form – 2013

monitoring of the fulfillment of the Trust Deed; receipt and distribution of remittances and payments of the security holders.

I) Conditions for altering rights assured by these securities

Meetings of the holders of the Securities, Alteration, Renunciation and Substitution

The Trust Deed contains provisions (that will be efficient as if they were incorporated here) which establish the summons of the assemblies of Holders of Notes of any Series to discuss any issue that affects their interests, including (but not limited to) the alteration of the Terms and Conditions of the Notes or of the Trust Deed. An Extraordinary Resolution approved in any assembly of Holders of Notes of any Series will obligate all Holders of Notes of the Series, if they are present or not in the assembly, and all the Holders of Coupons related to the Notes of the Series.

The Trustee may agree, without the consent of the Holders of Notes or Coupons (if applicable) of any Series, to any alteration (subject to certain exceptions) to, or the renunciation of or the authorization of any noncompliance, or noncompliance proposed, of any Terms or Conditions of the Notes or any provisions of the Trust Deed which, according to the opinion of the Trustee, are not substantially prejudicial to the interests of the Holders of the Notes or Coupons, or any alteration of formal nature, secondary or technical, or performed to correct a manifested error. The Trustee may also determine any event that would constitute, or which in another way could constitute a Default Event, as long as, in the opinion of the Trustee, the event is not significantly prejudicial to the interests of the Holders of Notes or Coupons, if applicable, of the pertinent Series. Any such alteration, renunciation, authorization or determination will oblige the Holders of Notes and Coupons (if applicable) of the pertinent Series and (unless otherwise agreed by the Trustee) any such alteration will be informed to the Holders as soon as possible.

G.I) Possibility of redemption

Anticipated Redemption for Tax-related Reasons

If, in relation to any Series of Notes, as a result of any alteration or amendment to the laws (or to any regulation or decree enacted in the terms of the laws therein) of Brazil, or when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, or when the Issuer is Bradesco New York Branch, under the laws of United States of America or of the State of New York, or any political subdivision or tax authority in or from Brazil or, according to the case, in or from the Cayman Islands, of the United States of America or from the State of New York which affect the taxation, or any other change in the official position related to the application or interpretation of such laws, regulations or decrees (including a decision by competent judgment), the alteration or amendment which is in force on the Date of Issue of such Notes, or after this date, or on any other date specified in the Definite Terms of the Notes, the Issuer is or becomes obliged to pay additional sums in addition to the additional sums that the Issuer is obliged to pay if the payment of interest of the Notes is subject to retention or deduction to a rate of 15 percent as a result of taxes, fees and subsidies and other governmental charges (the "**Minimum Level of Retention**"), the Issuer may (subject to prior approval of the Central Bank), at their discretion, and having sent notice of not less than forty five days and not more than seventy five days in advance (which terminates, in the case of Notes remunerated at the floating rate, on a day on which the interest should be paid) to the Holders of the Notes (advice that is irrevocable), redeem all (and not just some) of the pending Notes that comprise the relevant Series, to the Sum of the Anticipated Redemption (Subsidy), together with the accrued interest (if any) on

them, however, as long as, the redemption advice is given before 90 days (or, in the case of Notes remunerated at the floating rate, a number of days that is equal to the total number of days occurring within the period of interest, in force, applicable to the Notes over 75 days) preceding the first date on which the Issuer would be obliged to pay the additional sums if a payment in relation to the Notes were overdue on the occasion. The Issuer will not have the right to redeem the Notes if they are obliged to pay additional sums that are inferior to the additional sums payable up to the Minimum Level of Retention.

Notwithstanding the provisions above, the Issuer does not have the right to redeem the Notes, unless they have taken reasonable measures to avoid the obligation of paying the additional sums. If they choose to redeem the Notes, the Issuer will deliver to the Trustee a certificate signed by an authorized officer, declaring that the Issuer is authorized to redeem the Notes according to their terms, and the opinion of an independent solicitor of known reputation, attesting that the Issuer was or became obliged to pay an additional sum in addition to the additional sums that must be paid, up to the Minimum Level of Retention.

G.II) Formula for calculating redemption value:

The payment of the principal amount of the Notes, together with the provisioned unpaid interest, will be made on the payment date to the respective holders of the notes.

(vi) any governmental authorization necessary to fulfill any obligation of the Issuer in the terms of the Trust Deed, of the Payment Contract of Agent or Notes of the relevant Series, or if any of these is not signed or does not come into effect or does not remain valid and subsists; or

(vii) is or becomes illegal for the Issuer to fulfill or observe one or more of their obligations in the terms of any of the Notes of the relevant Series, or any of them; or

(viii) Banco Bradesco S.A., together with their consolidated subsidiaries, fails to conduct all or a substantial part of its business, or is in the imminence of doing so, except, in dealing with these

subsidiaries, for the purposes of, and followed by a reconstruction, incorporation, reorganization, merger or consolidation; or

(ix) the Issuer or any other Relevant Subsidiary is (is, or is considered by law or by ruling) insolvent or bankrupt or incapable of paying their debts or stops, suspends or is in the imminence of stopping or suspending the payment of all or a significant part (or of a certain type) of their debts, or an intervener is designed for the Issuer, or the Brazilian Central Bank declares the extrajudicial liquidation of the Issuer in the terms of Brazilian Law No. 6,024 of March 13, 1974, and subsequent alterations, or any subsequent provisions of such laws; or

(x) if any event occurs which, according to the laws of Brazil, or, when the Issuer is Bradesco Grand Cayman Branch, under the laws of the Cayman Islands, has an analogous effect on the events stated in paragraph (v) above.

H.II) Interest:

3-month libor + 2.10% p.a.

H.III) Guarantee, and if collateral description of asset:

No guarantee.

H.IV) In the absence of guarantee, whether receivable is subordinate or unsecured:

Unsecured credit.

H.V) Any restrictions imposed on the issuer in connection with:

- **distribution of dividends**

None.

- **disposal of certain assets**

The Issuer should not, without the written consent of the Holders of two thirds of the pending Notes, consolidate or merge with any other society or alienate or transfer, in a single transaction or series of transactions, all or substantially all of their assets to any other person, unless:

(i) the society formed by such a consolidation, or with which the Issuer has merged, or the person who acquires by alienation, or transfer, all or substantially all of the goods or assets of the Issuer (the “Successor Society”) is obliged to assume the payment due and promptly of the principal amount and the interest on the Notes and all the other obligations of the Issuer in the terms of the Trust Deed, and of the Payment Contract of the Agent and Notes;

(ii) immediately after the related transaction is in force, no Default Event referring to any Note has occurred and persists;

(iii) after any public announcement of a consolidation, merger, alienation or transfer, and in any form before the conclusion of the consolidation, merger, alienation or transfer, the Issuer should deliver to the Trustee (a) a certificate signed by two officers of the Issuer, declaring that the consolidation, merger, alienation or transfer is according to this Condition and that all the suspended conditions foreseen here in relation to this transaction (except the suspended condition in (ii) (above)) have been fulfilled, and (b) with the opinion of an independent solicitor of known reputation about the pertinent legal issues; and

(iv) the Successor Society should expressly agree to (a) indemnify each Holder of a Note or Coupon for any tax, subsidy or governmental charge applied at a later stage to the Holder uniquely as a result of such a consolidation, merger, alienation or transfer in relation to the payment of the principal amount of the Notes or (if the Notes are remunerated) of the interest on the Notes, and (b) pay any additional sums as necessary so that the net sums received by the Holders of Notes (and Coupons, if applicable), after the retention or deduction of any such tax, subsidy or any other governmental charge, are equal to the respective sums of the principal amount and (if the Notes are remunerated) of the interest that would have been received regarding the Notes (and Coupons, if applicable) had there not been a consolidation, merge, alienation or transfer.

No Successor Society has the right to redeem the Notes unless the Issuer has the right to redeem the Notes in similar circumstances.

In dealing with a consolidation, merger, alienation or transfer according to this Condition, the Successor Society should succeed the Issuer and replace them and may exercise every right and power of the Issuer in the terms of the Notes, with the same effect they would have had if in the Successor Society it had been designated as the issuer of the Notes in this instrument.

- **new debts being assumed**

The Issuer agrees that if any Note or Coupon remains pending (as defined in the Trust Deed), they do not create or allow the subsistence of any Guarantee and will not allow any Relevant Subsidiary to create or allow subsistence of any Guarantee over all or any part of their assets, current or future, to guarantee (i) any of their Public Foreign Debts; (ii) any Guarantees related to Public Foreign Debts; or (iii) Public Foreign Debts or any Guarantees related to Public Foreign Debts of any person without, in any case, at the same time or prior to this, guaranteeing the Notes equally and proportionately to the satisfaction of the Trustee, or granting another guarantee for the Notes as approved through Extraordinary Resolution of the Holders of the majority of the principal amount of the pending Notes. No provision expressed here will inhibit or prohibit the Issuer from granting collaterals without guarantees or guarantees of any kind, including contractual at the request, or on behalf, of their customers in favor of third parties as part of the normal course of business of the Issuer.

- **issuing new securities**

None.

H.VI) The trustee, stating the principal terms of the contract

H.V) Any restrictions imposed on the issuer in connection with:

636– Reference Form – 2013

- **distribution of dividends**

None.

- **disposal of certain assets**

The Issuer should not, without the written consent of the Holders of two thirds of the pending Notes, consolidate or merge with any other society or alienate or transfer, in a single transaction or series of transactions, all or substantially all of their assets to any other person, unless:

(i) the society formed by such a consolidation, or with which the Issuer has merged, or the person who acquires by alienation, or transfer, all or substantially all of the goods or assets of the Issuer (the “Successor Society”) is obliged to assume the payment due and promptly of the principal amount and the interest on the Notes and all the other obligations of the Issuer in the terms of the Trust Deed, and of the Payment Contract of the Agent and Notes;

(ii) immediately after the related transaction is in force, no Default Event referring to any Note has occurred and persists;

(iii) after any public announcement of a consolidation, merger, alienation or transfer, and in any form before the conclusion of the consolidation, merger, alienation or transfer, the Issuer should deliver to the Trustee (a) a certificate signed by two officers of the Issuer, declaring that the consolidation, merger, alienation or transfer is according to this Condition and that all the suspended conditions foreseen here in relation to this transaction (except the suspended condition in (ii) (above)) have been fulfilled, and (b) with the opinion of an independent solicitor of known reputation about the pertinent legal issues; and

(iv) the Successor Society should expressly agree to (a) indemnify each Holder of a Note or Coupon for any tax, subsidy or governmental charge applied at a later stage to the Holder uniquely as a result of such a consolidation, merger, alienation or transfer in relation to the payment of the principal amount of the Notes or (if the Notes are remunerated) of the interest on the Notes, and (b) pay any additional sums as necessary so that the net sums received by the Holders of Notes (and Coupons, if applicable), after the retention or deduction of any such tax, subsidy or any other governmental charge, are equal to the respective sums of the principal amount and (if the Notes are remunerated) of the interest that would have been received regarding the Notes (and Coupons, if applicable) had there not been a consolidation, merge, alienation or transfer.

No Successor Society has the right to redeem the Notes unless the Issuer has the right to redeem the Notes in similar circumstances.

In dealing with a consolidation, merger, alienation or transfer according to this Condition, the Successor Society should succeed the Issuer and replace them and may exercise every right and power of the Issuer in the terms of the Notes, with the same effect they would have had if in the Successor Society it had been designated as the issuer of the Notes in this instrument.

- **new debts being assumed**

The Issuer agrees that if any Note or Coupon remains pending (as defined in the Trust Deed), they do not create or allow the subsistence of any Guarantee and will not allow any Relevant Subsidiary to create or allow subsistence of any Guarantee over all or any part of their assets, current or future, to guarantee (i) any of their Public Foreign Debts; (ii) any Guarantees related to Public Foreign Debts; or (iii) Public Foreign Debts or any Guarantees related to Public Foreign Debts of any person without, in any case, at the same time or prior to this, guaranteeing the Notes equally and proportionately to the satisfaction of the Trustee, or granting another guarantee for the Notes as approved through Extraordinary Resolution of the Holders of the majority of the principal amount of the pending Notes. No provision expressed here will inhibit or prohibit the Issuer from granting collaterals without guarantees or guarantees of any kind, including contractual at the request, or on behalf, of their customers in favor of third parties as part of the normal course of business of the Issuer.

- **issuing new securities**

None.

H.VI) The trustee, stating the principal terms of the contract

The Bank of New York is the Trustee according to the Trust Deed.

The Trust Deed, document signed between the Bank and the Trustee, rules various rights and obligations of the parties regarding the issue of securities, like: definitions of terms used, general and specific characteristics of the securities, conditions and criteria for the redemption and repurchase of the bonds, commitments assumed by the issuer, definition of default events and instruments for their solution, rights of the security holders, amendments to the contract, satisfaction of the terms and segregation of the securities and subordination, among others. The services provided by the Trustee consist of the review of the documents issued, establishment of administrative and operational procedures of the accounts of the security holders; establishment of a deposit account regarding the issue; assistance to close the accounts; monitoring of the fulfillment of the Trust Deed; receipt and distribution of remittances and payments of the security holders.

I) Conditions for altering rights assured by these securities**Meetings of the holders of the Securities, Alteration, Renunciation and Substitution**

The Trust Deed contains provisions (that will be efficient as if they were incorporated here) which establish the summons of the assemblies of Holders of Notes of any Series to discuss any issue that affects their interests, including (but not limited to) the alteration of the Terms and Conditions of the Notes or of the Trust Deed. An Extraordinary Resolution approved in any assembly of Holders of Notes of any Series will obligate all Holders of Notes of the Series, if they are present or not in the assembly, and all the Holders of Coupons related to the Notes of the Series.

The Trustee may agree, without the consent of the Holders of Notes or Coupons (if applicable) of any Series, to any alteration (subject to certain exceptions) to, or the renunciation of or the authorization of any noncompliance, or noncompliance proposed, of any Terms or Conditions of the Notes or any provisions of the Trust Deed which, according to the opinion of the Trustee, are not substantially prejudicial to the interests of the Holders of the Notes or Coupons, or any alteration of formal nature, secondary or technical, or performed to correct a manifested error. The Trustee may also determine any event that would constitute, or which in another way could constitute a Default Event, as long as, in the opinion of the Trustee, the event is not significantly prejudicial to the interests of the Holders of Notes or Coupons, if applicable, of the pertinent Series. Any such alteration, renunciation, authorization or determination will oblige the Holders of Notes and Coupons (if applicable) of the pertinent Series and (unless otherwise agreed by the Trustee) any such alteration will be informed to the Holders as soon as possible.

20. Trading policy

20.1 - Information on trading policy for securities

a) date approved

07/29/2002

b) related persons

The Policy for Trading in Securities Issued by Banco Bradesco S.A. applies to directly and indirectly Controlling Shareholders, members of its Board of Directors, Officers and Fiscal Council members, as well as members of any bodies carrying out technical or advisory duties created by statutory provision, and all those who know of information relating to material events or facts in the course of their duties or position with Bradesco or its related companies.

c) main characteristics

The Policy for Trading in Securities Issued by Banco Bradesco S.A., follows the guidelines of CVM Instruction No. 358 of January 3, 2002, in particular stating:

1. Officers and Directors and members of the Fiscal Council or any bodies having technical or advisory duties created by statutory provision, must inform Banco Bradesco S.A. of ownership and trades in securities issued by the company, its controlling companies or subsidiaries, provided that they are publicly listed companies;
2. Directly or indirectly Controlling Shareholders, and Shareholders that elect members of the Board of Directors or Fiscal Council, and any natural or legal person, or group of persons acting jointly or representing the same interest, must inform the company if they directly or indirectly own shares corresponding to five percent (5%) or more of the type or class of shares representing the capital of Banco Bradesco S.A.;
3. A person or group of persons representing the same interest and holding 5%, or more must inform the company whenever said holding increases by five percent (5%) of the type or class of shares of the share capital of Banco Bradesco S.A.;
4. The persons mentioned in item "2" above must report disposal or cancellation of shares or other

securities, or rights over the latter, whenever their holding in the type or class of securities in question reaches five percent (5%) of the total in this class or type of share, and whenever said holding is reduced by five percent (5%) of the total of the type or class of share;

5. Directly or indirectly Controlling Shareholders, members of the Board of Directors, Officers, Members of the Fiscal Council and of any technical or advisory bodies set up under its bylaws, and whosoever, owing to their position or function in Banco Bradesco S.A., its controlling company, subsidiaries or affiliates, knows of information relating to a material event or fact, must refrain from trading in certain restricted periods.

d) provisions for trading blackout periods and description of procedures adopted to monitor trading in such periods

The direct or indirect Controlling Shareholders, members of the Board of Directors, Officers, Members of the Fiscal Council and any technical or advisory bodies set up under bylaws, or anyone who has signed the term of adherence due to their position, job or duties at Banco Bradesco S.A., its controlling companies, subsidiaries or affiliates, who become aware of information relating to a material event or fact, must refrain from trading securities issued by the Company or referenced to them:

- a) prior to disclosure to the market of a material event or fact in the business of Bradesco S.A.;
- b) within fifteen (15) days of Banco Bradesco's disclosing its quarterly or annual reports (locally referred to by the acronyms ITR and DFP);
- c) if there is the intention of promoting a corporate merger, total or partial split, conversion, or reorganization; and
- d) in relation to the direct or indirect controlling shareholders, members of the Board of Directors and Officers, whenever there is an ongoing acquisition or disposal of Banco Bradesco S.A.'s own shares or those of its subsidiaries, affiliates or other companies under joint control, or if an option or mandate for this purpose has been granted, only on the dates on which the Company trades or inform the broker that it will trade its own shares.

At the beginning of each year and whenever there are alterations, all Company officers and directors are given a calendar specifying periods in which they will be barred from trading securities issued by the Company or securities referenced to them.

At the same time, quotations of securities issued by the Company are monitored in order to identify any variations that require investigation.

20.2 - Other material information

The prohibitions stipulated in item 20.1 also apply to:

- a) anyone cognizant of a material event or fact, and knowing that it has not yet been disclosed to the market, in particular persons who have a business, professional or confidential relationship with Banco Bradesco S.A., such as independent auditors, stock analysts, consultants and distribution system institutions, who must be informed of the materiality of such information by whoever provided it, must verify the situation in relation to disclosure before trading Banco Bradesco S.A. securities or its related securities;
- b) members of the Board of Directors and Officers leaving Banco Bradesco S.A.'s management before public disclosure of a business event or fact initiated during their period in management, to be extended for a period of 6 (six) months after their departure.

The stipulated prohibitions cease to have effect when Banco Bradesco S.A. discloses the material fact to the market, unless trading in the shares might affect the conditions of the above mentioned business to the detriment of Banco Bradesco S.A. or its shareholders.

Our Policy on Trading in Securities is an integral part of our Instrument of Policy for Disclosure of Material Facts and Trading in Securities, which is available on our website www.bradesco.com/ri - Governança Corporativa – Políticas [Corporate Governance – Policies], and is also available on the BM&FBovespa and CVM websites.

21. Disclosure policy

21.1 - Description of internal rules, regulations or procedures relating to disclosure

In the internal environment, Senior Management states that, although access to insider knowledge is inherent to the work of staff of the Company and related companies, use of such information for the benefit of themselves or others prior to disclosure to the market amounts to an illicit act and an affront to the Company's basic principles, such as responsibility, ethics, transparency, loyalty and good faith, and will subject an "insider" or other beneficiaries to civil liability, administrative and criminal penalties.

The following precautions are to be taken in the conduct of business:

- a) staff shall periodically reread the document named "Policies for Disclosure of Material Event or Fact and Trading in Securities", and its appendices "Memorandum of Adhesion" and "Codes of Ethical Conduct", all available on the corporate Internet, and encourage their team to do so;
- b) only those who must know should take part in transactions that may involve insider information;
- c) there must be full transparency for those involved, clearly showing the legal responsibility of each of them, warning them that the business being developed is confidential and should not be discussed even with their own family members or relatives;
- d) absolute secrecy must be kept in relation to details of insider information, irrespective of the media on which they are stored (paper or magnetic media); there must be restriction of any type of unauthorized access, and such information must not be transferred or sent to others through media that are not adequately protected; and
- e) subordinates who have access to insider information in the course of their business, and others who have similar access, such as independent auditors, lawyers, financial advisors and analysts, accountants, consultants and other entities in the stock distribution system, must sign and hand in a Memorandum of Adhesion to the document known as "Policies for Disclosure of Material Event or Fact and Trading in Securities."

21.2 - Description of disclosure policy for material event or fact and procedures for keeping undisclosed material information confidential

Disclosure of material events or facts is centralized, thus facilitating control over this information, in which those involved strictly adhere to the rules described in Item 21.1 above.

Policy for Disclosure of Relevant Act or Fact of Banco Bradesco S.A. is an integral part of the Instrument of Policies for Disclosure or Relevant Act and Fact and Negotiation of Securities issued by this Institution, the objective of which is to establish high behavior standards to be followed by Bradesco, its direct or indirect Controlling Shareholders, members of the Board of Directors, Officers, members of the Fiscal Council and any bodies performing technical or consulting duties created by statutory provisions, and anyone who, because of their office, duty or position in Bradesco, its controlling, affiliated companies and subsidiaries, is aware of information related to any Relevant Act of Fact, and, without prejudice to specific existing rules, are required to guide their behavior according to the following general principles:

1. consider their social responsibility especially to investors, people working for Bradesco, and to their respective communities;
2. make the best efforts in favor of market efficiency, so that competition among investors is based on the interpretation of disclosed information rather than on access to privileged;
3. be at all times aware of the fact that transparent, accurate and timely information constitutes the main instrument available to the public and in particular to Bradesco shareholders, to ensure them the indispensable equitable treatment; and
4. ensure that the disclosure of information on the Company's equity and financial situation is correct, complete and continuous.

That instrument was approved on 7/29/2002 and is available at www.bradesco.com/ri - Governança Corporativa - Políticas, and also available in BM&FBovespa and CVM websites, the basic guidelines of which is CVM Instruction No. 358, of January 3, 2002.
