Item 8.01 Other Events.

Employee Retirement Income Security Act Class Action

On March 1, 2006, CMS Energy Corporation ("CMS Energy") and Consumers Energy Company ("Consumers") reached an agreement, subject to court and independent fiduciary approval, to settle two consolidated lawsuits filed in 2002 in the United States District Court for the Eastern District of Michigan as putative class actions on behalf of participants and beneficiaries of CMS Energy's Employees' Savings Plan (the "Plan") who participated in the Plan between August 3, 2000 and December 27, 2004. CMS Energy, Consumers, CMS Marketing, Services and Trading Company, now known as CMS Energy Resource Management Company ("CMS MST") and certain officers and directors are defendants in the lawsuits. Plaintiffs allege breaches of fiduciary duties under the Employee Retirement Income Security Act and seek restitution on behalf of the Plan with respect to a decline in value of the shares of CMS Energy Common Stock held in the Plan. The settlement agreement among the plaintiffs and the defendants requires a \$28 million cash payment that will be paid by CMS Energy's primary insurer and will be used to pay Plan participants and beneficiaries for alleged losses, as well as any legal fees and expenses awarded to plaintiffs' attorneys. In addition, CMS Energy agreed to enhance fiduciary education and training, improve discussion of investment diversification with Plan participants and not prevent, for a period of four years, Plan participants from selling CMS Energy Common Stock held in the Plan.

Gas Index Price Reporting Litigation

On February 28, 2006, CMS MST and CMS Field Services, a former subsidiary of CMS Energy that was sold to Cantera Natural Gas, LLC and for which CMS Energy has indemnification obligations, ("CMS Field Services") reached an agreement, subject to court approval, to settle a consolidated class action lawsuit filed in the United States District Court for the Southern District of New York. Cornerstone Propane Partners, L.P. filed the original complaint in August 2003 as a putative class action and it was later consolidated with two similar complaints filed by other plaintiffs. The amended, consolidated complaint, filed in January 2004, alleged that false natural gas price reporting by the defendants manipulated the prices of New York Mercantile Exchange natural gas futures and options. The complaint contained two counts under the Commodity Exchange Act, one for manipulation and one for aiding and abetting violations. The settlement agreement among the plaintiffs, CMS MST and CMS Field Services requires a \$6.975 million cash payment that CMS MST is responsible to pay. The payment will be made into a settlement fund that will be used to pay the class members as well as any legal fees awarded to plaintiffs' attorneys. CMS Energy established a reserve for this amount in the fourth quarter of 2005.
