Item 7.01 Regulation FD Disclosure.

Item 7.01. Regulation FD Disclosure.

The following information is being furnished, not filed. Therefore, it may not be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

On January 28, 2008, we issued a press release regarding declaration of a dividend and regarding the likelihood of our filing our Annual Report on Form 10-K for the year ended December 31, 2006, as well as the effect of our not filing that Form 10-K by March 3, 2008 on the eligibility of our shares for trading on the New York Stock Exchange. That press release is an Exhibit to this Report on Form 8-K.

The press release discusses the pending restatement of our audited financial statements for the year ended December 31, 2005 and 2004. That restatement has not been completed; however, we expect that the restatement will reflect the following changes to our accounting policies:

- Inclusion in our consolidated financial statements of approximately 200 variable interest entities of which we are deemed the primary beneficiary even though we own only small minority equity interests. The impact of consolidating previously unconsolidated ventures results in a substantial increase in the total assets on our balance sheet, in which we have a minor ownership interest. The net income impact may be negatively affected by (i) inclusion of our share of losses of the consolidated entities, to the extent such losses are in excess of our general partner investments in those entities and (ii) inclusion of any amount by which the limited partners' shares of losses of consolidated entities exceeds their equity in those entities.
- Changes in the way we recognize revenue for our low income housing tax credit business, the largest impact of which is the deferral of revenue (syndication fees and asset management fees) related to guaranteed funds. In addition, the consolidation of these entities results in our eliminating asset management and guarantee fees, which we previously had recognized as a separate revenue item, and reflecting them instead as a component of the net income that results from the consolidation of these funds.
- Changes in the way we account for loans, including the fair value of our held-for-sale loans we used in determining the lower of cost or market value of these loans, changes in the way we determine which held-for-investment loans are impaired and the amount of the impairment, and changes in the recognition of loan origination costs.
- Changes with respect to our accounting for derivatives, including recognizing additional types of contracts as derivatives that must be marked to market, and other changes that affect the timing of profit and loss recognition.
- Recognition of additional guarantee obligations as liabilities and changing the way some recourse obligations are amortized to income.
- Changes to the estimated fair values of some of our bonds, derivatives, mortgage servicing rights and guarantee obligations, including increasing the value of some servicing rights we obtained through acquisitions or retained when loans were sold, which reduces the future income we will recognize with regard to those servicing rights.
- Other changes in accounting relating to bonds, mortgage servicing rights, equity investments, equipment, leases, including changes to the amortization and depreciation with regard to certain assets. In addition, we corrected our purchase accounting on some acquisitions, determination of our share of earnings and losses on investments accounted for under the equity method, and manner and timing of recognition of expenses with regard to share based compensation awards (none of which involved option backdating).

Because neither the restatement nor the audit of our restated financial statements has been completed, it is possible that there will be additional changes as a result of the restatement. The changes as a result of the restatement will affect our financial statements for the year ended December 31, 2006 and subsequent years, as well as the financial statements that are being restated.
