**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On September 10, 2008, Nordson Corporation (the "Company") issued a press release announcing that it had committed to an operating margin improvement program. The program includes operational restructuring and non-production personnel reductions largely within targeted areas of the Company's Adhesive Dispensing and Industrial Coating & Automotive segments in North America and Europe. Actions will commence immediately and will be substantially completed by the end of fiscal 2009. The Company anticipates total savings in operating expenses of approximately \$30 million by 2010.

The Company estimates these actions will result in non-recurring severance and related charges totaling approximately \$20 of which approximately \$7 million will occur in the fourth quarter of fiscal year 2008. These estimated charges will reduce fourth quarter 2008 earnings by approximately \$0.13 per share. Of the \$20 million in charges, approximately \$15 to \$18 million is associated with cash expenditures for severance payments for voluntary and involuntary employee terminations. Other future cash expenditures attributed to the action are expected to be approximately \$2 to \$3 million.

The full text of the press release issued in connection with this announcement is attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference.
