LETTER TO SHAREOWNERS
FROM OUR BOARD OF DIRECTORS

**“As we go about our duties as Directors of this Company,
we remain fully accountable to you, the shareowners.”**

Dear Fellow Shareowner:

We first want to thank you for your investment in The Coca-Cola Company and also for the confidence you put in this Board to oversee your interests in this business.

Last year in this letter, we talked about key developments around the critical refocusing of the Company’s core business model. Our Board remains highly engaged in this important work to reorganize our business and we, along with management, are optimistic about the future.

Our Board will continue to take seriously our role in the oversight of the long-term business strategy, which is the best path to enable our goal of long-term value creation for you, the shareowners.

2017 was a pivotal year for the Company, and significant milestones were achieved. The Company, along with its bottling partners, completed the bottler refranchising process in the U.S. and China. This was an important accomplishment, and the Coca-Cola system is now better

positioned than ever to create growth. The Board also stewarded a successful leadership succession plan with the transition to our new CEO, James Quincey, who is executing his vision as we continue to evolve to a total beverage company.

We are pleased to report that the Compensation Committee of the Board has overseen a comprehensive review of our compensation strategy and programs. We fully appreciate that the Company's incentive and reward programs are integral to achieving our success. As we've refocused our business model, we have evolved our compensation strategy to better align our compensation programs with our growth strategy. We encourage you to review details of the design, which is discussed in the Message from the Compensation Committee beginning on [page 46](#).

We also know that refreshing the Board is a priority for our shareowners. It has been a priority for this Board as well. We seek to ensure that the Board is comprised of high-integrity, highly capable Directors who are equipped to oversee the success of the business and effectively represent the interests of shareowners. We believe this is a well-functioning Board, and it will continue to evolve, as it has done over the last several years.

This year, we have nominated for election at the upcoming meeting two new Director candidates: Caroline Tsay and Christopher Davis. Caroline is CEO of Compute Software, Inc. and Christopher is Chairman of Davis Selected Advisers-NY, Inc. The nominations of Caroline and Christopher are in accordance with our ongoing and long-term succession planning for the Board.

We encourage you to review the qualifications, skills and experience of all of the Director nominees beginning on [page 18](#).

Finally, please know that as we go about our duties as Directors of this Company, we remain fully accountable to you, the shareowners. Ultimately, we believe that accountability to shareowners is integral to our success.

In that spirit, for many years we have conducted a robust engagement program throughout the year, listening to shareowners and considering these viewpoints as we make decisions in the boardroom.

As always, thank you for the confidence that you have placed in us.

Q&A WITH OUR PRESIDENT AND
CHIEF EXECUTIVE OFFICER

“We offer beverages for life’s everyday moments. Together with our bottling partners, we’re focusing on people’s evolving tastes and preferences by giving them more of the drinks they want.”

James Quincey

President and Chief Executive Officer
The Coca-Cola Company

How would you rate The Coca-Cola Company’s performance in 2017?

I was pleased with our accomplishments and results in 2017. We made significant changes and continued to transform to a total beverage company. We continued to gain global value share, and we achieved or exceeded the guidance we gave at the beginning of the year. We saw solid growth in developed markets, particularly in Europe and North America. Our China business built momentum in 2017, even as we restructured our bottling system there. Other emerging markets were more challenging, especially in the first half of the year, but we saw improvement in key markets like India, Argentina and Brazil as we moved into the second half. We also expanded our consumer-centric product portfolio, as we brought to market more than 500 new products. We entered the fast-growing U.S. ready-to-drink coffee category and had a successful global roll-out of *Coke Zero Sugar* in 20 markets. We also continued strategic actions to re-energize our system for future growth. Over the last few years, we have been returning ownership of our Company-owned bottling operations to independent companies around the world. In 2017, we achieved major milestones, as we completed these efforts in the U.S. and China. I am proud that we accomplished this growth while driving significant change at the Company. We implemented a new operating model designed to enable an accountable, performance-driven growth culture that we believe will result in greater returns for our

shareowners. This included making significant changes to our leadership team, corporate structure, incentive metrics and compensation philosophy. We also implemented new digital platforms to support our leaner operating environment and improve the employee experience. Ultimately, all of these strategic and tactical changes mean something very important. We assertively shifted our culture – the way we operate, the way we look at growth opportunities and the way we engage with our bottling system. I am excited about 2018. We know we have more work to do, but we are encouraged that 2018 will be even stronger.

Can you talk about the concept of Beverages for Life and the new direction in which you are taking the Company?

Beverages for Life reflects how we're continuing to grow as a total beverage company. We offer beverages for life's everyday moments. Together with our bottling partners, we're focusing on people's evolving tastes and preferences by giving them more of the drinks they want. That's how we will become a larger part of the eight beverages a day people drink. It takes the right leadership and culture to make this kind of change work, and we have the right team in place to be successful.

2018 Proxy Statement 4

[Back to Contents](#)

As the new CEO, what is the type of culture you are trying to create at The Coca-Cola Company?

A culture where smart, curious people have the trust and tools they need to take informed risks and grow our business more quickly. It's as simple as that. That means being more nimble, learning from mistakes and adapting as we go.

There are four behaviors we're embedding across the Company to help adopt this growth mindset: (1) being curious about our consumers, customers and the outside world; (2) being inclusive – bringing in diverse ideas from inside and outside the Company; (3) ensuring our associates feel empowered and are proactive in putting good ideas into action; and (4) working faster, being more experimental and less afraid to fail through iterative versions 1.0, 2.0 and 3.0. We set the tone at the executive leadership team level and expect everyone at every level to contribute. For example, we must be willing to take a “progress over perfection” mindset as we pilot new things, be willing to learn from our mistakes and pivot as necessary. As leaders, it's up to us to model this behavior with our teams every day.

We're also committed to a workplace where all employees are respected and feel supported, which will help all of us be successful. Treating people with respect continues to be at the core of our values and standards. We do not tolerate workplace discrimination or harassment at our Company.

As a relatively new member of the Board, do you feel confident that the Board is composed of the right Directors with the right skill sets to effectively represent the Company's interests?

I know that keeping the Board refreshed is a priority for our shareowners. I was elected to the Board nearly a year ago and have already seen the Board demonstrate a commitment to cultivating a highly capable and diverse group of Directors. Our Board has evolved very positively over the last few years on key shareowner issues, and I am confident that under Muhtar's and Sam's leadership, our Directors will continue to be well-equipped to represent the interests of our shareowners.

The Company talks about creating value for the communities where it does business. How can the Company make a difference through its sustainability initiatives?

This is a very important topic to me personally. I believe our social license to operate is a privilege, not a right. Today's consumers care about social and environmental impacts, and many are willing to spend more on products and services from companies that are committed to making a positive impact. These same consumers expect us to be responsible corporate citizens that positively impact their local communities.

Yes, we must grow. But we must grow with conscience.

Everywhere we operate, we do so at the pleasure of the communities we serve. We will always strive to create a positive impact and provide meaningful solutions. We understand that our social license to operate must be earned day in and day out. Sustainability is essential for our planet, our communities, our business and, ultimately, our shareowners.

Investor interest in sustainability continues to increase. A new generation of investors is putting money to work with purpose and in ways that make a difference. As we talk to our investors, many say they want to see clear links between sustainability and our overall business strategy. We have a good story to tell and have made the business case for sustainability.

You've seen this with our water replenishment initiative, and you're starting to see it with our new global packaging vision, World Without Waste, where our goal is to help collect and recycle a bottle or can for every one we sell by 2030.

Finally, what is your favorite Company beverage?

One reason I love the idea of Beverages for Life is that I am, personally, a great example as a consumer. I drink juice in the morning – *Simply* if I'm in the U.S., *innocent* if I'm back in the UK, or *Del Valle* if I'm visiting Mexico. I drink *smartwater* throughout the day, and I have been drinking *Coke Zero Sugar* daily for a long time.

NOTICE OF 2018

ANNUAL MEETING OF SHAREOWNERS

When: Wednesday, April 25, 2018, 8:30 a.m., local time

Where: World of Coca-Cola, 121 Baker Street NW, Atlanta, Georgia 30313

We are pleased to invite you to join our Board of Directors and senior leadership at The Coca-Cola Company's 2018 Annual Meeting of Shareowners.

Items of Business:

1. To elect the 16 Director nominees identified in the accompanying proxy statement to serve until the 2019 Annual Meeting of Shareowners. (Item 1)
2. To hold an advisory vote to approve executive compensation. (Item 2)
3. To ratify the appointment of Ernst & Young LLP as Independent Auditors of the Company to serve for the 2018 fiscal year. (Item 3)
4. To transact such other business as may properly come before the meeting and at any adjournments or postponements of the meeting.

Record Date:

The Board of Directors set February 26, 2018 as the record date for the meeting. This means that our shareowners as of the close of business on that date are entitled to receive this notice of the meeting and vote at the meeting and any adjournments or postponements of the meeting. On the record date, there were 4,264,499,492 shares of common stock of The Coca-Cola Company (the "Company") issued and outstanding and entitled to vote at the meeting.

Important Meeting Information:

If you plan to attend the 2018 Annual Meeting in person, you must register in advance. See question 23 on page 94 for information about the location, format and how to register to attend the meeting.

We will provide free admission to World of Coca-Cola to Annual Meeting attendees and other shareowners on April 25, 2018 (after the conclusion of the Annual Meeting). See question 28 on page 95 for how to gain admission.

Audiocast of the 2018 Annual Meeting:

If you are unable to attend the meeting in person, you can listen to a live audiocast of the meeting by visiting the 2018 Annual Meeting page of the Company's website, at www.coca-colacompany.com/investors/annual-meeting-of-shareowners. On the website, you can also vote through the Internet, access the proxy materials, submit questions in advance and learn more about our Company.

2017 PERFORMANCE AT A GLANCE

In 2017, we began transforming the culture of the organization to be more nimble and entrepreneurial. We made significant progress on our five strategic initiatives: accelerating growth of a leading consumer-centric brand portfolio; driving revenue growth; strengthening our system's value creation advantage; digitizing the enterprise; and unlocking the power of our people.

2017 ACHIEVEMENTS

Executed leadership succession plan and transitioned to a new CEO

Diversified our growing portfolio through strategic investments, including *Topo Chico*, a sparkling water brand in the U.S., and *AdeS*, a plant-based beverage brand in Latin America

Implemented new operating model to support faster growth and empower field operations to act with more speed and independence

Continued focus on driving revenue growth, led by North America, which grew net operating revenues by 4%

Refined and simplified our incentive metrics for 2018 to better align with our growth performance and shareowner value creation while providing a better line of sight for employees into what they can affect

Expanded our operating margin driven by productivity initiatives and refranchising

Introduced 500+ new products into the market worldwide, including the successful global roll-out of *Coke Zero Sugar* in 20 markets

Announced incremental \$800 million in productivity savings through 2019

Entered the fast-growing U.S. ready-to-drink coffee category in February 2017 and gained value share for the full year

Completed the refranchising of Company-owned bottling operations in the U.S. and China

The chart also compares the total shareowner return on the Company’s Common Stock to the same investment in the S&P 500 Index and the Company’s 2017 compensation comparator group (see [page 61](#)) over the same period, with dividends reinvested quarterly. Includes the Company’s 2017 compensation comparator group for the five-year period whether or not a company was included in the group for the entire period. For foreign companies included in the comparator group, market value has been converted to U.S. dollars and excludes the impact of currency. Market returns are weighted by relative market capitalization and are adjusted for spin-offs and special dividends.

KEY LINKAGES BETWEEN PAY AND PERFORMANCE

In the context of our compensation programs, we assess Company performance in two primary ways:

1. the Company's operating performance, including results against long-term growth targets; and
2. return to shareowners over time, both on an absolute basis and relative to other companies.

In addition to Company performance, we evaluate individual performance when making compensation decisions.

Our compensation plans are designed to link pay and performance. As reflected above, 2017 was a pivotal year for the Company as we executed our leadership succession plan and transitioned to a new Chief Executive Officer, made progress on transforming the culture of our organization and announced changes to our talent and compensation philosophy. As we continued to evolve into a total beverage company, the Company achieved or exceeded its full-year guidance and accomplished major milestones in strengthening the system and returning to a capital-light organization, including a fully refranchised bottling system in the U.S.

When evaluating pay reported in the 2017 Summary Compensation Table against Company performance, it is important to consider the timing of compensation decisions and which performance period informs each of the annual and long-term incentive awards. For instance:

annual incentive awards reported for 2017 were decided in February 2018 and reflect Company and individual performance in 2017 (see [page 56](#)); and

long-term incentive awards reported for 2017 were granted in February 2017 and reflect Company and individual performance in 2016 (see [page 57](#)).

The following highlights linkages between pay and Company performance over the last four years:

• •

COMPENSATION PROGRAM ENHANCEMENTS FOR 2018

We continue to make important enhancements to our compensation programs to continue to strengthen the link between compensation and the Company's growth and talent strategies as well as the long-term interests of our shareowners. Over the last year, the Company focused on designing refreshed compensation programs for 2018 and thereafter. We:

Revised the annual incentive plan so that a percentage of all participants' awards will be based on total Company results.

Refined performance metrics for the annual incentive plan to better align with our growth strategy, focusing on net operating revenue and operating income and no longer including unit case volume.

Retained the relative total shareowner return modifier to performance-based equity compensation awards for executives to further tie awards to long-term shareowner value.

Refined performance metrics for performance-based equity compensation, focusing on net operating revenue, earnings per share and free cash flow.

Reduced the maximum payout for the executive annual incentive plan from 250% to 200% for 2018 and thereafter.

Introduced scorecards for our most senior leaders that identify the categories on which they will be assessed.

Added minimum threshold amounts to performance metrics that must be achieved in order for an executive to receive a payout from the annual incentive plan.

2017 COMPENSATION

Set forth below is the 2017 compensation for each Named Executive Officer as determined under Securities and Exchange Commission ("SEC") rules. See the 2017 Summary Compensation Table and the accompanying notes to the table beginning on [page 65](#) for more information.

In order to show the effect that the year-over-year change in pension value had on total compensation, as determined under applicable SEC rules, we have included an additional column to show total compensation minus the change in pension value. The amounts reported in the Total Without Change in Pension Value column may differ substantially from the amounts reported in the Total column required under SEC rules and are not a substitute for total compensation.

1
Pension values may fluctuate significantly from year to year depending on a number of factors, including age, years of service, average annual earnings and the assumptions used to determine the present value, such as the discount rate. For 2017, the discount rate assumption used to determine the actuarial present value of accumulated pension benefits, as

required by SEC rules, was lower than in 2016. For Mr. Kent, this lower discount rate assumption was a significant reason for the increase in pension value.

2

Total Without Change in Pension Value represents total compensation, as determined under applicable SEC rules, minus the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column (but including the nonqualified deferred compensation earnings reported in that column, if any).

3

In addition to serving as Chairman of the Board, Mr. Kent served as Chief Executive Officer through April 30, 2017.

4

Mr. Quincey served as President and Chief Operating Officer through April 30, 2017. Mr. Quincey succeeded Mr. Kent as Chief Executive Officer effective May 1, 2017.

GOVERNANCE

Message from Sam Nunn, Lead Independent Director

During this time of change and transition for our Company, I am grateful for the trust you place in me as your Lead Independent Director. Now in my fourth year, I continue to be pleased with what this Board is accomplishing in working with management toward the common goal of long-term value creation for our shareowners. I would like to share some of the steps your Board has undertaken in the past year.

“I continue to be pleased with what this Board is accomplishing in working with management toward the common goal of long-term value creation for our shareowners.”

In our ongoing role overseeing the Company’s long-term business strategy, our Board continued giving overall guidance for the Company’s business transformation to a total beverage company.

For our Board, the most important part of the business transformation is ensuring an orderly and seamless management succession. In December 2016, we announced our intention to have James Quincey succeed Muhtar Kent as CEO. This change took place on May 1, 2017. The Board’s confidence in James as the Company’s long-term leader has been continually reinforced, as has our confidence in the very capable management team James has put in place.

We continue to believe that in order to do our jobs effectively as Directors, we must understand what our shareowners think. Through our year-round shareowner engagement program, we spend a great deal of time discussing the feedback received from shareowners about an array of issues. Over the years our Board has maintained a commitment to good governance practices, and we have made significant progress against key benchmarks that our investors have indicated are important to them. Some of these include the annual “say on pay” advisory vote; a robust director evaluation process; a proxy access right; a shareowner right to call special meetings and a long-standing commitment and focus on sustainability tied to our business strategy.

Perhaps one of the most important governance exercises we undertake is ensuring that this Board is comprised of high-integrity, highly capable Directors, equipped to oversee the business and represent the interests of shareowners. We are proud of our Board. We are a well-functioning group of Directors who possess the right mix of perspectives, skills and experiences to work closely with management to help this business succeed. We are pleased to nominate two outstanding new Director candidates for election at the upcoming April meeting: Caroline Tsay and Christopher Davis.

As we think about Board composition, the factors and variables we consider are many. We have had a particular focus on gender diversity. Women make up 31% of our Board nominees, and two women are chairs of two important committees. Muhtar, the rest of the Board and I are committed to continuing to increase these numbers.

Finally, we assure you, our shareowners, that we will continue to seek feedback and make every effort to effectively represent your interests. Our goal is to give shareowners a better line of sight into the boardroom and input into the decisions we make.

Thank you for your support and for your interest and investment in this Company.

Sam Nunn

ITEM 1 - ELECTION OF DIRECTORS

What am I voting on?

Shareowners are being asked to elect 16 Director nominees for a one-year term.

Voting recommendation:

FOR the election of each Director nominee. The Board and the Committee on Directors and Corporate Governance believe the 16 Director nominees possess the necessary qualifications and experiences to provide quality advice and counsel to the Company's management and effectively oversee the business and the long-term interests of shareowners.

Board Composition and Refreshment

Ensuring the Board is composed of Directors who bring diverse viewpoints and perspectives, exhibit a variety of skills, professional experience and backgrounds, and effectively represent the long-term interests of shareowners, is a top priority of the Board and the Committee on Directors and Corporate Governance. The Board and the Committee on Directors and Corporate Governance believe that new perspectives and ideas are critical to a forward-looking and strategic Board as is the ability to benefit from the valuable experience and familiarity that longer-serving Directors bring.

When recommending to the Board the slate of Director nominees for election at the Annual Meeting of Shareowners, the Committee on Directors and Corporate Governance strives to maintain an appropriate balance of tenure, turnover, diversity and skills on the Board. The Committee focuses on this through an ongoing, year-round process, which includes the annual Board evaluation process described below.

Board Refreshment

Under Muhtar Kent's leadership of the Board since 2009

Ten new Directors elected through 2017

Two new Director nominees for the 2018 Annual Meeting

Full rotation of Board committee chairs

New Lead Independent Director elected

Expanded qualifications and diversity, including the number of women Directors, represented on the Board

Board Membership Criteria

The Board and the Committee on Directors and Corporate Governance believe there are general qualifications that all Directors must exhibit and other key qualifications and experience that should be represented on the Board as a whole, but not necessarily by each individual Director.

Qualifications Required of All Directors

The Board and the Committee on Directors and Corporate Governance require that each Director be a recognized person of high integrity with a proven record of success in his or her field and have the ability to devote the time and effort necessary to fulfill his or her responsibilities to the Company. Each Director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition, the Board conducts interviews of potential Director candidates to assess intangible qualities, including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership. Diversity is important because the Board believes that a variety of points of view contribute to a more effective decision-making process. When recommending Director nominees for election by shareowners, the Board and the Committee on Directors and Corporate Governance focus on how the experience and skill set of each Director nominee complements those of fellow Director nominees to create a balanced Board with diverse viewpoints and deep expertise.

Key Qualifications and Experience to be Represented on the Board

The Board has identified key qualifications and experience that are important to be represented on the Board as a whole, in light of the Company's business strategy and expected future business needs. The table below summarizes how these key qualifications and experience are linked to our Company's business.

[Back to Contents](#)

Linking Business Characteristics with Key Qualifications and Experience Represented on the Board

Evaluation Components – Board, Committees, Directors

Under the leadership of the Lead Independent Director, the Committee on Directors and Corporate Governance oversees the Board’s annual evaluation process focused on three components: (1) the Board, (2) Board committees and (3) individual Directors. In addition, the Committee on Directors and Corporate Governance regularly discusses Board composition and effectiveness during its committee meetings.

Evaluation Components

The Board conducts an annual self-evaluation

Each committee conducts an annual self-evaluation

Each Director evaluates the Board and the committees on which he or she serves, as well as each other Director

Multi-Step Evaluation Process

The Committee on Directors and Corporate Governance periodically reviews the format of the evaluation process, including whether to utilize a third-party facilitator, to ensure that actionable feedback is solicited on the operation and effectiveness of the Board, Board committees and Director performance. In 2017, the evaluation process included the steps described below:

Questionnaire Directors provide feedback regarding: •Board composition and structure •Meetings and materials •Board interaction with management •Effectiveness of the Board Committee Chairs Meet Committee chairs meet to provide feedback and input prior to the annual Board closed selfevaluation sessions. One-on-One Discussions with Lead Independent Director The Lead Independent Director conducts separate one-on-one sessions with each Director to review the results of the questionnaire, as well as to discuss any additional feedback or perspectives.

Committee/Board Closed Sessions Each committee and the full Board conduct separate closed selfassessment sessions. The results of the questionnaire, the Lead Independent Director sessions, the committee self-assessments and other feedback are discussed by the Board. Feedback Incorporated Based on evaluation results, changes in practices or procedures are considered and implemented, as appropriate.

[Back to Contents](#)

Incorporation of Feedback

Our multi-step evaluation process generates robust comments and discussion at all levels of the Board, including with respect to Board composition and processes. These evaluation results have led to changes designed to increase Board effectiveness and efficiency. For example, over the last few years, enhancements have been made regarding meeting materials, the structure of the Board, committee and executive session discussions, the Board evaluation process and providing Directors with more opportunities for continuing education and to have hands-on experiences with our business, senior leaders and emerging talent around the world.

Director Nominee Selection Process

The Committee on Directors and Corporate Governance is responsible for recommending to the Board a slate of nominees for election at each Annual Meeting of Shareowners. Nominees may be suggested by Directors, members of management, shareowners or, in some cases, by a third-party firm.

The Committee on Directors and Corporate Governance considers a wide range of factors when assessing potential Director nominees. This assessment includes a review of the potential nominee's judgment, experience, independence, understanding of the Company's business or other related industries and such other factors as the Committee concludes are pertinent in light of the current needs of the Board. A potential nominee's qualifications are considered to determine whether they meet the qualifications required of all Directors and the key qualifications and experience to be represented on the Board, as described above. Further, the Committee on Directors and Corporate Governance assesses how each potential nominee would impact the skills and experience represented on the Board as a whole in the context of the Board's overall composition and the Company's current and future needs.

Shareowner-Recommended Director Candidates

Shareowners who would like the Committee on Directors and Corporate Governance to consider their recommendations for nominees for the position of Director should submit their recommendations in writing by mail to the Committee on Directors and Corporate Governance in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com. Recommendations by shareowners that are made in accordance with these procedures will receive the same consideration by the Committee on Directors and Corporate Governance as other suggested nominees.

Shareowner-Nominated Director Candidates

In 2015, our Board adopted a "Proxy Access for Director Nominations" bylaw after engaging with a number of our shareowners to understand their views on the desirability of proxy access and the appropriate proxy access structure for the Company. The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company's outstanding Common Stock continuously for at least three years to nominate and include in the Company's proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws. See [question 33](#) on [page 97](#) for more information.

Annual Elections of Directors; Majority Voting Standard

Directors are elected each year, at the Annual Meeting of Shareowners, to hold office until the next annual meeting and until their successors are elected and qualified. Because term limits may cause the loss of experience and expertise

important to the optimal operation of the Board, there are no limits on the number of terms a Director may serve. However, the Committee on Directors and Corporate Governance evaluates the qualifications and performance of each incumbent Director before recommending the nomination of that Director for an additional term.

In addition, pursuant to our Corporate Governance Guidelines, Directors whose job responsibilities change or who reach the age of 74 are asked to submit a letter of resignation to the Board. These letters are considered by the Board and, if applicable, annually thereafter.

Our By-Laws provide that, in an election of Directors where the number of nominees does not exceed the number of Directors to be elected, each Director must receive the majority of the votes cast with respect to that Director. If a Director does not receive a majority vote, he or she has agreed that he or she would submit a letter of resignation to the Board. The Committee on Directors and Corporate Governance would make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board would act on the resignation taking into account the recommendation of the Committee on Directors and Corporate Governance, which would include consideration of the vote and any relevant input from shareowners. The Board would publicly disclose its decision and its rationale within 100 days of the certification of the election results. The Director who tenders his or her resignation would not participate in the decisions of the Committee on Directors and Corporate Governance or the Board that concern the resignation.

[Back to Contents](#)

2018 Director Nominees

Our By-Laws provide that the number of Directors shall be determined by the Board, which has set the number at 16. Upon the recommendation of the Committee on Directors and Corporate Governance, the Board has nominated each of Herbert A. Allen, Ronald W. Allen, Marc Bolland, Ana Botín, Richard M. Daley, Christopher C. Davis, Barry Diller, Helene D. Gayle, Alexis M. Herman, Muhtar Kent, Robert A. Kotick, Maria Elena Lagomasino, Sam Nunn, James Quincey, Caroline J. Tsay and David B. Weinberg for election as a Director. All of the nominees are independent under New York Stock Exchange (“NYSE”) corporate governance rules, except Herbert A. Allen, Muhtar Kent and James Quincey. See Director Independence and Related Person Transactions beginning on [page 38](#).

Each of the Director nominees currently serves on the Board and was elected by the shareowners at the 2017 Annual Meeting of Shareowners, except for Ms. Tsay and Mr. Davis, each of whom was nominated by the Board in February 2018 to stand for election at the 2018 Annual Meeting of Shareowners. Ms. Tsay and Mr. Davis were identified as potential Directors by the Committee on Directors and Corporate Governance, who determined that each was qualified under the Committee’s criteria. If elected, each nominee will hold office until the 2019 Annual Meeting of Shareowners and until his or her successor is elected and qualified. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Directors.

Included in each Director nominee’s biography below is a description of select key qualifications and experience of such nominee based on the qualifications described above. The Board and the Committee on Directors and Corporate Governance believe that the combination of the various qualifications and experiences of the Director nominees would contribute to an effective and well-functioning Board and that, individually and as a whole, the Director nominees possess the necessary qualifications to provide effective oversight of the business and quality advice and counsel to the Company’s management.

The Board of Directors recommends a vote FOR the election of each of the Director nominees.

BOARD AND COMMITTEE GOVERNANCE

Role of the Board

The Board is elected by the shareowners to oversee their interests in the long-term health and overall success of the Company’s business and financial strength. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with the shareowners. The Board oversees the proper safeguarding of the assets of the Company, the maintenance of appropriate financial and other internal controls and the Company’s compliance with applicable laws and regulations and proper governance. The Board selects the Chief Executive Officer and oversees the members of senior management, who are charged by the Board with conducting the business of the Company.

Succession Planning

The Board oversees succession planning and talent development for senior executive positions.

The Management Development Committee, which meets regularly and reports back to the Board, has primary responsibility for developing succession plans for the CEO position.

is charged with executing business strategy and provides regular performance updates to the Board.

The CEO is charged with preparing, and reviewing with the Management Development Committee, talent development plans for senior executives and their potential successors.

Oversight of Strategy

Strategic planning and oversight of the Company's business strategy is a key responsibility of the Board. The Board believes that overseeing and monitoring strategy is a continuous process and takes a multilayered approach in exercising its duties. The Board dedicates one meeting each year to focus on business strategy, and elements of strategy are addressed in every Board meeting and embedded in the work of Board committees. This ongoing effort enables the Board to focus on Company performance over the short, intermediate and long term, as well as the quality of operations. In addition to financial and operational performance, non-financial measures, including sustainability goals, are discussed regularly by the Board and Board committees.

While the Board and its committees oversee strategic planning, Company management is charged with executing the business strategy. To monitor performance against the Company's strategic goals, the Board receives regular updates and actively engages in dialogue with our Company's senior leaders. These boardroom discussions are enhanced with "hands-on" experiences, such as market visits, which provide Directors an opportunity to see strategy execution first hand.

The Board's oversight and management's execution of business strategy are viewed with a long-term mindset and a focus on assessing both opportunities for and potential risks to the Company.

Oversight of Risk

Inherent in the Board's responsibilities is an understanding and oversight of the various risks facing the Company. The Board does not view risk in isolation. Risks are considered in virtually every business decision. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk taking is essential for the Company to be competitive on a global basis and to achieve the Company's long-term strategic objectives. Effective risk oversight is an important priority of the Board. The Board has implemented a risk governance framework designed to:

understand critical risks in the Company's business and strategy;

allocate responsibilities for risk oversight among the full Board and its committees;

evaluate the Company's risk management processes and whether they are functioning adequately;

facilitate open communication between management and Directors; and

foster an appropriate culture of integrity and risk awareness.

The Company believes that its Board leadership structure supports the risk oversight function of the Board. The Board implements its risk oversight function both as a whole and through delegation to Board committees, which meet regularly and report back to the Board. The Board Committees section beginning on [page 30](#) includes a summary of the risk oversight focus area of the committees.

While the Board and its committees oversee risk management, Company management is charged with managing risk. The Company has robust internal processes and an effective internal control environment that facilitate the identification and management of risks and regular communication with the Board. These include an enterprise risk management program, a Risk Council and Risk Steering Committee, regular internal management Disclosure Committee meetings, Codes of Business Conduct, robust product quality standards and processes, a strong Legal Department and Ethics and Compliance Office, and a comprehensive internal and external audit process. The Board and the Audit Committee monitor and oversee the evaluation of the effectiveness of the internal controls and the risk management program. Management communicates routinely with the Board, Board committees and individual Directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

To learn more about risks facing the Company, you can review the factors included in Part I, “Item 1A. Risk Factors” in the Annual Report on Form 10-K for the year ended December 31, 2017 (the “Form 10-K”). The risks described in the Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known or that may currently be deemed to be immaterial also may materially adversely affect the Company’s business, financial condition or results of operations in future periods.

Management Development and Succession Planning

The Board believes that one of its primary responsibilities is to oversee the development and retention of senior management talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer and other members of senior management. The Management Development Committee, together with the Chief Executive Officer, regularly reviews senior management talent, including readiness to take on additional leadership roles and developmental opportunities needed to prepare senior leaders for greater responsibilities. In addition, the Management Development Committee regularly discusses recommendations and evaluations from the Chief Executive Officer as to potential successors to fill such senior positions. The Chief Executive Officer also provides a regular review to the Management Development Committee assessing the members of the executive leadership team and his or her potential to succeed him. This review includes a discussion about development plans for senior leaders to help prepare them for future succession and contingency plans in the event the Chief Executive Officer is unable to serve for any reason (including death or disability). While the Management Development Committee has the primary responsibility to develop succession plans for the Chief Executive Officer position, it regularly reports to the Board and decisions are made at the Board level.

Board Leadership Structure

The Company’s governance framework provides the Board with the flexibility to select the appropriate Board leadership structure for the Company. In making leadership structure determinations, the Board considers many

factors, including the specific needs of the business and what is in the best interests of the Company's shareowners.

Having the flexibility to select the appropriate structure based on the specific needs of the business is critical, and it is part of the judgment the Board believes it should exercise. The Board understands that Board leadership structure is an important topic for many shareowners, and the Board takes shareowner feedback into account when making determinations around Board leadership structure.

Leadership Structure – Details and Rationale

Our current Board leadership structure is comprised of a Chairman of the Board, who is not independent, a Chief Executive Officer, a Lead Independent Director, Board committees led primarily by independent Directors and active engagement by all Directors. The totality of the work of the Board is spread through our committee structure, and this structure ensures strong, independent leadership by a majority of Directors.

As part of each regularly scheduled Board meeting, the non-employee Directors meet in executive session without the Chief Executive Officer or Chairman of the Board present. These meetings allow non-employee Directors to discuss issues of importance to the Company, including the business and affairs of the Company as well as matters concerning management, without any member of management present.

The duties and responsibilities of the Chairman of the Board, the Lead Independent Director and the Chief Executive Officer are described in the table below and are set forth in the Company's By-Laws and Corporate Governance Guidelines.

We have historically combined the roles of Chairman of the Board and Chief Executive Officer, and our Board has been satisfied that a combined Chairman and Chief Executive Officer structure has served our shareowners well over time. Under our current governance structure, the Board has the flexibility to ensure the appropriate Board leadership structure based on the specific needs of the business at the time.

[Back to Contents](#)

In December 2016, the Board decided to split the roles when it appointed James Quincey to succeed Muhtar Kent as Chief Executive Officer. In order to facilitate an orderly succession plan, effective May 1, 2017, Mr. Kent was appointed to continue as Chairman of the Board, with primary responsibility for leading the Board, and Mr. Quincey assumed the role of Chief Executive Officer, with complete accountability for the Company's strategic direction and operations. Mr. Quincey was also elected as a Director at the 2017 Annual Meeting, and Sam Nunn was reappointed by the Board to serve as the Lead Independent Director.

Consistent with our commitment to good corporate governance practices, at least one executive session of the non-employee Directors each year will include a review of the Board's leadership structure and consideration of whether the position of Chairman of the Board should be held by the Chief Executive Officer. In February 2018, the Committee on Directors and Corporate Governance evaluated the current Board leadership structure and recommended that the Board continue with the current structure, noting the success of the partnership between Mr. Quincey and Mr. Kent in executing Board-aligned strategies in what continues to be a critical time during the transformation of the Company. The Board will continue to periodically evaluate the Board leadership structure to ensure that the Board's structure is appropriate in light of the needs of the business.

ADDITIONAL GOVERNANCE MATTERS

Shareowner Engagement

Our Board believes that shareowners should have line of sight into decisions made in the boardroom. We do this by making a full-time effort of building relationships and trust over time with our shareowners. We have for some time cultivated meaningful and value-added relationships with our shareowners through an engagement program that is management-led and overseen by the Board.

Shareowner Engagement

Our longstanding commitment to shareowner engagement includes:

An engagement program that is management-led and overseen by the Board

Dedicated resources to actively engage with shareowners on a variety of topics throughout the year

Engagements designed to address questions and concerns, seek input and provide perspective on Company policies and practices

Feedback provided to the Board on a regular basis and reflected in enhancements to policies and practices

The Board long ago established dedicated resources to actively engage with shareowners. The Company engages with shareowners on a variety of topics throughout the year to ensure we are addressing questions and concerns, to seek input and to provide perspective on Company policies and practices.

Shareowner feedback from this engagement is considered by the Board and reflected in enhancements to policies and practices. One recent example is our adoption of a proxy access bylaw, which the Board adopted following several months of thoughtful discussions with shareowners.

In addition to direct engagement, the Company has instituted a number of complementary mechanisms that allow shareowners to effectively communicate a point of view with the Board, including:

the annual election of Directors and a majority vote standard (see [page 17](#));

the annual advisory vote to approve executive compensation (see [page 45](#));

our commitment to thoughtfully consider shareowner proposals submitted to the Company (see [page 97](#));

the ability to attend and voice opinions at the Annual Meeting of Shareowners (see [page 94](#));

our dedicated 2018 Annual Meeting page on our Company website (see [page 95](#));

the ability to direct communications to individual Directors or the entire Board (see [page 96](#));

adoption of a proxy access bylaw (see [page 17](#)); and

a quarterly newsletter for our shareowners (see www.coca-colacompany.com/shareowner-newsletter-signup).

Public Policy Engagement

We participate in public policy discussions on issues related to our industry and business priorities, our more than 700,000 system associates, our shareowners and the communities we serve.

In the U.S., our Company and our affiliated political action committees comply with applicable laws and other requirements regarding contributions to political organizations; candidates for federal, state and local public office; ballot measure campaigns; political action committees; and trade associations. We engage with these organizations and individuals to make our views clear and uphold our commitment to help support the communities in which we operate. We base our U.S. political contributions on many considerations, supporting candidates whose priorities align with those of our Company when it comes to core issues that affect our business.

The Public Issues and Diversity Review Committee of our Board of Directors reviews our advocacy efforts, including political contributions. See [page 32](#) for more information about the Public Issues and Diversity Review Committee. Additional information about our public policy engagement efforts, including our political contributions policy and a report of U.S. political contributions from our Company and from associate-funded programs, which include The Coca-Cola Company Nonpartisan Committee for Good Government and various other state political action committees, can be viewed on our Company website, www.coca-colacompany.com, by clicking on “Investors” and then “Public Policy Engagement.”

Sustainability

We are committed to integrating sustainability into our everyday actions to help create value for shareowners and the communities in which we operate. We recognize that the sustainability of our business is directly linked to the sustainability of the communities we serve. In everything we do, we aim to strengthen the foundations of our business and communities so all can thrive long

[Back to Contents](#)

into the future. Our approach to sustainability is guided by our vision to create social value and make a positive difference in the world, by building stronger communities and working to protect the environment. Working collaboratively with our bottling partners, we share best practices and knowledge to build business resiliency and better manage water resources. We work with partners at every stage of our value chain, from ingredient sourcing to packaging recovery. We strive to grow with conscience, add value across our system and help bring opportunities to every corner of the world; and we have an ongoing focus on enabling the economic empowerment of women along the way.

The Public Issues and Diversity Review Committee of our Board of Directors reviews the nature and scope of the Company's sustainability goals and the Company's progress toward achieving those goals. The Committee also receives, at least annually, presentations by the Chief Sustainability Officer, and others as required, related to the accomplishment of the Company's sustainability goals. See page 32 for more information about the Public Issues and Diversity Review Committee.

In addition, our pay-for-performance philosophy awards executives in a way that motivates them to operate the Company's business in a profitable and sustainable manner.

To learn more about the Company's sustainability efforts, including our comprehensive sustainability commitments, please view our current Sustainability Report on the Company's website, by visiting www.coca-colacompany.com/sustainability.

Special Meeting of Shareowners

Our By-Laws provide that a special meeting of shareowners may be called by the Chairman of the Board, the Chief Executive Officer, a majority of our Board or the Secretary, if appropriately requested by a person (or group of persons) beneficially owning at least a 25% "net long position" of the Company's Common Stock. A shareowner's "net long position" is generally defined as the amount of Common Stock in which the shareowner holds a positive (also known as "long") economic interest, reduced by the amount of Common Stock in which the shareowner holds a negative (also known as "short") economic interest.

Anti-Hedging, Anti-Short Sale and Anti-Pledging Policies

The Company's anti-hedging policy prohibits Directors, the Company's executive officers and other designated employees from purchasing any financial instrument that is designed to hedge or offset any decrease in the market value of the Company's Common Stock, including prepaid variable forward contracts, equity swaps, collars and exchange funds. Directors, the Company's executive officers and other designated employees are also prohibited from engaging in short sales related to the Company's Common Stock. All other employees are discouraged from entering into hedging transactions and engaging in short sales related to Common Stock.

The Company's anti-pledging policy discourages any pledging of the Company's Common Stock, including holding Common Stock in a margin account. In addition, Directors and the Company's executive officers are required to obtain pre-approval from the Company's General Counsel before pledging shares of Common Stock. Such approval will be granted only if the individual can clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities.

Codes of Business Conduct

The Company has adopted a Code of Business Conduct for Non-Employee Directors. In addition, the Company has adopted a Code of Business Conduct, which was relaunched in February 2018, that is applicable to the Company's employees, including the Named Executive Officers. Our associates, bottling partners, suppliers, customers and consumers can ask questions about our Code and other ethics and compliance issues, or report potential violations, through EthicsLine, a global Internet and telephone information and reporting service. The Codes of Business Conduct and information about EthicsLine are available on the Company's website at www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance" and then "Code of Business Conduct." In the event the Company amends or waives any of the provisions of the Code of Business Conduct applicable to our principal executive officer, principal financial officer or controller that relates to any element of the definition of "code of ethics" enumerated in Item 406(b) of Regulation S-K under the 1934 Act, the Company intends to disclose these actions on the Company's website.

Communicate with the Board

The Board has established a process to facilitate communication by shareowners and other interested parties with Directors. Communications can be addressed to Directors in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com.

Communications may be distributed to all Directors, or to any individual Director, as appropriate. At the direction of the Board, all mail received may be opened and screened for security purposes. In addition, items that are unrelated to the duties and responsibilities of the Board shall not be distributed. Such items include, but are not limited to:

spam;

junk mail and mass mailings;

product complaints or inquiries;

new product suggestions;

resumes and other forms of job inquiries;

surveys; and

business solicitations or advertisements.

In addition, material that is trivial, obscene, unduly hostile, threatening or illegal or similarly unsuitable items will be excluded; however, any communication that is excluded will be made available to any independent, non-employee Director upon request.

To answer the many questions we receive about our Company and our products, we offer detailed information about common areas of interest on the "Contact Us" page of our website, www.coca-colacompany.com/contact-us.

DIRECTOR COMPENSATION

The Committee on Directors and Corporate Governance is responsible for reviewing and making recommendations to the Board regarding all matters pertaining to compensation paid to Directors for Board, committee and committee chair services. Under the Committee on Directors and Corporate Governance's charter, the Committee is authorized to engage consultants or advisors in connection with its review and analysis of Director compensation, although it did not engage any consultants or advisors in 2017. Directors who also serve as employees of the Company do not receive payment for service as Directors.

In making non-employee Director compensation recommendations, the Committee on Directors and Corporate Governance takes various factors into consideration, including, but not limited to, the responsibilities of Directors generally, as well as committee chairs, and the form and amount of compensation paid to Directors by comparable companies. The Board reviews the recommendations of the Committee on Directors and Corporate Governance and determines the form and amount of Director compensation.

Director compensation is provided under The Coca-Cola Company Directors' Plan effective January 1, 2013 (the "Directors' Plan"), which is described further below. The Committee on Directors and Corporate Governance and the Board believe that the Directors' Plan:

ties the majority of Directors' compensation to shareowner interests because the value of share units fluctuates up or down depending on the stock price;

focuses on the long term, since the share units are not paid until after the Director leaves the Board; and

is equitable based on the work required of Directors serving an entity of the Company's size and scope.

2017 Annual Compensation

In 2017, the Committee on Directors and Corporate Governance undertook a review of the compensation paid to our Directors relative to the Company's comparator group (see [page 61](#)) and other publicly available information. Based on this review, the Committee on Directors and Corporate Governance recommended, and the Board agreed, that no changes should be made to Director compensation in 2017. There have been no increases in compensation paid to our Directors since 2013. Under the Directors' Plan, 2017 annual compensation to non-employee Directors consisted of \$50,000 paid in cash in quarterly installments and \$200,000 credited in deferred share units. Non-employee Directors have the option of deferring all or a portion of their cash compensation into share units that are paid out in cash after leaving the Board. The number of share units awarded to non-employee Directors is equal to the number of shares of Common Stock that could be purchased on the open market for \$200,000 on April 1 (or the immediately preceding business day if

[Back to Contents](#)

April 1 is not a business day). Share units do not have voting rights but are credited with hypothetical dividends that are reinvested in additional units to the extent dividends on Common Stock are received by shareowners. Share units will be paid out in cash on the later of (i) January 15 of the year following the year in which the Director leaves the Board and (ii) six months after the Director leaves the Board. Directors may elect to take their payout in a lump sum or in up to five annual installments.

In addition, each non-employee Director who served as a committee chair in 2017 received an additional \$20,000 in cash.

Directors do not receive fees for attending Board or committee meetings. Non-employee Directors are reimbursed for reasonable expenses incurred in connection with Board-related activities.

The following table details the total compensation of the Company's non-employee Directors for the year ended December 31, 2017.

James Quincey and Muhtar Kent are Company employees and therefore receive no compensation under the Directors' Plan.

2

Mr. Buffett did not stand for election at the 2017 Annual Meeting of Shareowners. Therefore, the information above reflects his service on the Board through April 25, 2017.

Fees Earned or Paid in Cash (Column (b))

The amounts reported in the Fees Earned or Paid in Cash column reflect the cash fees earned by each non-employee Director in 2017, whether or not such fees were deferred. In addition to the \$50,000 annual cash fees, each of Mses. Herman and Lagomasino, and Messrs. H. Allen, R. Allen, Diller and Nunn received an additional \$20,000 for service as a committee chair.

Ms. Botín and Messrs. Daley, Kotick and Weinberg each deferred their 2017 cash compensation into 1,175 share units. Ms. Lagomasino and Messrs. R. Allen, Diller and Nunn each deferred their 2017 cash compensation into 1,646 share units. The number of share units is equal to the number of shares of Common Stock that could be purchased for the deferred amount based on the average of the high and low prices of a share of Common Stock on March 31, 2017.

Stock Awards (Column (c))

The amounts reported in the Stock Awards column reflect the grant date fair value associated with each non-employee Director's share units that are required to be deferred under the Directors' Plan, calculated in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards Codification 718, Compensation—Stock Compensation ("ASC Topic 718").

The table below shows the number of outstanding share units held by each non-employee Director, and Mr. Buffett, who served on the Board for a portion of 2017, as of December 29, 2017, the last trading day of the year.

Mr. Nunn	151,344
Mr. Weinberg	17,252
All Other Compensation (Column (g))	

As described further below, the amounts reported in the All Other Compensation column reflect, where applicable, Company matching gifts to nonprofit organizations, medical and dental insurance, the costs of Company products provided to Directors without charge, certain amenities and gifts provided to Directors in a connection with a Board meeting and a global system meeting, and the premiums for life insurance (including accidental death and dismemberment and business travel accident coverage). In addition, infrequently, spouses and guests of Directors may ride along on Company aircraft for personal reasons when the aircraft is already going to a specific destination for a business reason, which has minimal incremental cost to the Company. When this occurs, a nominal amount is included in the All Other Compensation column. In addition, income is imputed to the Director for income tax purposes and the Director is not provided a tax reimbursement.

Perquisites and Other Personal Benefits

The Directors are eligible to participate in the Company's matching gifts program, which is the same program available to all U.S.-based employees and retirees. In 2017, this program matched up to \$10,000 of charitable contributions on a two-for-one basis to tax-exempt arts, cultural, environmental and educational organizations. The amounts paid by the Company to match gifts made by the non-employee Directors in 2017 under this program are set forth in the table below. The total cost of matching contributions on behalf of the non-employee Directors for 2017 gifts was \$22,000.

Name	Matching Gifts
Mr. R. Allen	\$ 2,000
Mr. Nunn	20,000

For Directors who elected coverage prior to 2006 (Mr. Nunn), the Company provides medical and dental coverage on the same terms and at the same cost as available to U.S. Company employees. This coverage was discontinued in 2006 for all other Directors. The total cost for this health coverage in 2017 was \$11,561.

To help expand the Directors' knowledge of the Company's products, the Company provides certain products to Directors' offices without charge. The total cost incurred by the Company in 2017 for products provided to non-employee Directors was \$40,897.

In connection with a Board meeting and a global system meeting, Directors received certain amenities and gifts, the total cost of which was \$2,656.

Insurance Premiums

For Directors who elected coverage prior to 2006, the Company provides life insurance coverage, which includes \$30,000 term life insurance and \$100,000 group accidental death and dismemberment insurance. This coverage was discontinued in 2006 for all other Directors. The Company cost for this insurance for participating non-employee Directors is set forth in the table below. The total cost for these insurance benefits to the participating non-employee Directors in 2017 was \$2,158.

Name	Life Insurance Premiums
Mr. R. Allen	\$ 738
Mr. Diller	682
Mr. Nunn	738

Business travel accident insurance coverage of \$200,000 is provided to all non-employee Directors while traveling on Company business, at a Company cost of \$1 per Director per year.

DIRECTOR INDEPENDENCE AND RELATED PERSON TRANSACTIONS

Independence Determinations

Under the corporate governance listing standards of the NYSE and the Company's Corporate Governance Guidelines, the Board must consist of a majority of independent Directors. In making independence determinations, the Board observes NYSE and SEC criteria and considers all relevant facts and circumstances. Under NYSE corporate governance listing standards, to be considered independent:

the Director must not have a disqualifying relationship, as defined in the NYSE standards; and

the Board must affirmatively determine that the Director otherwise has no material relationship with the Company directly, or as an officer, shareowner or partner of an organization that has a relationship with the Company. To aid in the Director independence assessment process, the Board has adopted categorical standards that identify categories of relationships that the Board has determined would not affect a Director's independence. These categorical standards, which are part of the Company's Corporate Governance Guidelines, are described below.

Categorical Standards

The following will not be considered material relationships that would impair a Director's independence:

Immaterial Sales/Purchases	The Director is an executive officer or employee or any member of his or her immediate family is an executive officer of any other organization that does business with the Company and the annual sales to, or purchases from, the Company are less than \$1 million or 1% of the consolidated gross revenues of such organization, whichever is more.
Immaterial Indebtedness	The Director or any member of his or her immediate family is an executive officer of any other organization which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than \$1 million or 1% of the total consolidated assets of the organization on which the Director or any member of his or her immediate family serves as an executive officer, whichever is more.
Immaterial Position	The Director is a director or trustee, but not an executive officer, or any member of his or her immediate family is a director, trustee or employee, but not an executive officer, of any other organization (other than the Company's outside auditing firm) that does business with, or receives donations from, the Company.
Immaterial Ownership	The Director or any member of his or her immediate family holds a less than 10% interest in any other organization that has a relationship with the Company.
Immaterial Nonprofit Relationship	The Director or any member of his or her immediate family serves as an executive officer of a charitable or educational organization which receives contributions from the Company in a single fiscal year of less than \$1 million or 2% of that organization's consolidated gross revenues, whichever is more.

In addition, when determining Director independence, the Board does not consider transactions:

with entities for which a Director or an immediate family member served only as a director or trustee;

of less than \$120,000; and

with entities in which the Director's or an immediate family member's only interest is a less than 10% ownership interest.

The Board, through its Committee on Directors and Corporate Governance, annually reviews all relevant business relationships any Director nominee and any person who served as a Director during 2017 may have with the Company. As a result of its annual review, the Board has determined that none of the following Director nominees has a material relationship with the Company and, as a result, such Director nominees are independent: Ronald W. Allen, Marc Bolland, Ana Botín, Richard M. Daley, Christopher C. Davis, Barry Diller, Helene D. Gayle, Alexis M. Herman, Robert A. Kotick, Maria Elena Lagomasino, Sam Nunn, Caroline J. Tsay and David B. Weinberg. In addition, the Board determined that Howard G. Buffett, who served as a Director for a portion of 2017, was independent. None of the Directors who were determined to be independent had any relationships that were outside the categorical standards identified above.

Muhtar Kent is Chairman of the Board and also served as the Company's Chief Executive Officer through April 30, 2017 and therefore is not an independent Director. James Quincey has served as the Company's President and Chief Executive Officer since May 1, 2017 and therefore is not an independent Director. Even though Herbert A. Allen is not currently determined to be independent, he contributes greatly to the Board and the Company through his wealth of experience, expertise and judgment.

2018 Proxy Statement **38**

[Back to Contents](#)

All of the Directors who serve as members of the Audit Committee, Compensation Committee and Committee on Directors and Corporate Governance are independent as required by the NYSE corporate governance rules. Under these rules, Audit Committee members also satisfy the separate SEC independence requirements, and the Compensation Committee members satisfy the additional NYSE independence requirements.

The table below summarizes the relationships that were considered in connection with the independence determinations. None of the transactions described below were considered material relationships that impacted the applicable Director's independence.

Director	Categorical Standard	Description of Relationship
Ana Botín	Immaterial Sales/Purchases	The Board examined the Company's relationship with Banco Santander, S.A. where Ana Botín, one of our Directors, is Executive Chair. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of Banco Santander, S.A., (ii) the Company's investment of excess cash with Banco Santander, S.A. in the ordinary course of business generated market rate interest returns and the payments to Banco Santander, S.A. were for underwriting and other banking services in the ordinary course of business and (iii) the Company has had a relationship with Banco Santander, S.A. for many years prior to Ms. Botín's service as a Director of the Company.
Howard G. Buffett	Immaterial Sales/Purchases	The Board examined the Company's relationship with Berkshire Hathaway Inc. ("Berkshire Hathaway") and its subsidiaries and affiliates. Howard G. Buffett is a Director of Berkshire Hathaway and his father, Warren E. Buffett, is the Chairman of the Board, Chief Executive Officer and major stockholder of Berkshire Hathaway. This relationship is described beginning on page 40 . The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of Berkshire Hathaway; (ii) the payments made and received were for various products and services in the ordinary course of business; and (iii) the Company has had a relationship with most of these entities for many years prior to when they were owned by Berkshire Hathaway and prior to Mr. Buffett's service as a Director of the Company.
Barry Diller	Immaterial Sales/Purchases	The Board examined payments made by the Company to IAC/InterActiveCorp and its subsidiaries ("IAC") where Barry Diller, one of our Directors, is Chairman of the Board and Senior Executive. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of IAC; (ii) the payments were for online advertising and digital media promotions in the ordinary course of business; and (iii) the Company has had a relationship with IAC's predecessor companies for many years prior to Mr. Diller's service as a Director of the Company.

Related Person Transaction Policy and Process

A "Related Person Transaction" is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and, as relates to Directors or shareowners who have an ownership interest in the Company of more than 5%, the amount involved exceeds \$120,000, and in which any Related Person (defined below) had, has or will have a direct or indirect material interest. Under Company policy, there is no threshold amount applicable to executive officers with regard to Related Person Transactions.

A “Related Person” means:

any person who is, or at any time during the applicable period was, a Director of the Company or a nominee for Director or an executive officer;

any person who is known to the Company to be the beneficial owner of more than 5% of the outstanding Common Stock;

any immediate family member of any of the persons referenced in the preceding two bullets, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock, and any person (other than a tenant or employee) sharing the household of such Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock; and

any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

In general, the Company will enter into or ratify Related Person Transactions only when the Board, acting through the Committee on Directors and Corporate Governance, determines that the Related Person Transaction is reasonable and fair to the Company. When considering whether a Related Person Transaction is reasonable and fair to the Company, the Committee considers, among other things, the evaluation of the transaction by employees directly involved and the recommendation of the Chief Financial Officer. In addition, any Related Person Transaction involving an executive officer must be pre-approved by the Chief Executive Officer and any Related Person Transaction involving the Chief Executive Officer or a beneficial owner of more than 5% of the outstanding Common Stock must be submitted to the Audit Committee for approval.

Many transactions that constitute Related Person Transactions are ongoing, and some arrangements predate any relationship with the Director or predate the Director’s relationship with the Company. When a transaction is ongoing, any amendments or changes are reviewed, and the transaction is reviewed annually for reasonableness and fairness to the Company.

2018 Proxy Statement **39**

[Back to Contents](#)

Identifying possible Related Person Transactions involves the following procedures:

Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock are asked to complete customary annual questionnaires.

Directors and Director nominees are required to annually verify and update information about (i) where the Director is an employee, director or executive officer; (ii) each entity where an immediate family member of a Director is an executive officer; (iii) each firm, corporation or other entity in which the Director or an immediate family member is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and (iv) each charitable or educational organization where the Director or an immediate family member is an employee, executive officer, director or trustee.

When the Company receives the requested information from its Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock, the Company compiles a list of all persons and entities, including all subsidiaries of the entities identified, that may give rise to a Related Person Transaction. The Office of the Secretary reviews the updated list and expands the list if necessary, based on a review of SEC filings, Internet searches and applicable websites.

For 2017, the list of approximately 3,900 persons and entities was distributed within the Company to identify any potential transactions. This list was also sent to each of the Company's approximately 400 accounting locations to be compared to payments and receipts. All ongoing transactions, along with payment and receipt information, were compiled for each person and entity. The information was reviewed and relevant information was presented to the Committee on Directors and Corporate Governance or the Audit Committee, as applicable.

Details regarding Related Person Transactions are included in the charters for the Committee on Directors and Corporate Governance and the Audit Committee and in our Codes of Business Conduct. These documents can be found on the Company's website, www.coca-colacompany.com, by clicking on "Investors" and then clicking on "Corporate Governance."

Certain Related Person Transactions

The Board, acting through the Committee on Directors and Corporate Governance, believes that the following related person transactions are reasonable and fair to the Company.

Herbert A. Allen. Herbert A. Allen, one of our Directors, is President, Chief Executive Officer and a Director of Allen & Company Incorporated ("ACI") and a principal shareowner of ACI's parent. ACI is an indirect equity holder of Allen & Company LLC ("ACL").

ACI has leased and subleased office space since 1977 in a building owned by one of our subsidiaries and located in New York City. ACI was a tenant prior to the subsidiary's acquisition of the building. In June 2005, ACI assigned the lease and sublease to ACL. In November 2015, the lease was renewed for a term of approximately 18 years. In 2017, ACL paid approximately \$6.4 million in rent and related expenses. In the opinion of management, the terms of the lease are fair and reasonable and as favorable to the Company as those that could have been obtained from unrelated third parties at the time of the execution of the lease.

Howard G. Buffett and Berkshire Hathaway. The father of Howard G. Buffett, who served as a Director of the Company for a portion of 2017, is Warren E. Buffett, Chairman of the Board, Chief Executive Officer and major

stockholder of Berkshire Hathaway. Berkshire Hathaway's holdings constituted 9.38% of the Company's outstanding Common Stock as of February 26, 2018.

Burlington Northern Santa Fe, LLC ("BNSF") is a wholly owned subsidiary of Berkshire Hathaway. In 2017, the Company paid BNSF approximately \$204,000 in demurrage fees in the ordinary course of business.

Business Wire, Inc. ("Business Wire") is a wholly owned subsidiary of Berkshire Hathaway. In July 2015, the Company and Business Wire entered into a new three-year services agreement under which Business Wire disseminates news releases for the Company. In 2017, the Company paid approximately \$169,000 to Business Wire in the ordinary course of business. This business relationship was in place prior to Berkshire Hathaway's acquisition of Business Wire in 2006.

FlightSafety International Inc. ("FlightSafety") is a wholly owned subsidiary of Berkshire Hathaway. In 2014, the Company entered into a new five-year agreement with FlightSafety to provide pilot training services to the Company and a new three-year agreement with FlightSafety to provide flight attendant and mechanic training services to the Company. In 2016, the Company entered into a new three-year agreement with FlightSafety to provide flight attendant and mechanic training services to the Company, which replaced the previous three-year agreement. In 2017, the Company paid FlightSafety approximately \$569,000 for training services in the ordinary course of business.

International Dairy Queen, Inc. ("IDQ") is a wholly owned subsidiary of Berkshire Hathaway. In 2017, IDQ and its subsidiaries received promotional and marketing incentives from the Company totaling approximately \$1.7 million in the ordinary course of business. This business relationship was in place for many years prior to Berkshire Hathaway's acquisition of IDQ.

McLane Company, Inc. ("McLane") is a wholly owned subsidiary of Berkshire Hathaway. In 2017, McLane and its subsidiaries paid approximately \$914 million to the Company to purchase fountain syrup and other products in the ordinary course of business. Also in 2017, McLane and its subsidiaries received from the Company approximately \$17 million in agency commissions, marketing payments and other fees relating to the sale of the Company's products to customers in the ordinary course of business. This business relationship was in place for many years prior to Berkshire Hathaway's acquisition of McLane in 2003.

Marmon Holdings, Inc. ("Marmon") is a wholly owned subsidiary of Berkshire Hathaway. In January 2014, Marmon acquired Cornelius, Inc., Display Technologies, LLC and 3Wire Group, Inc. In 2017, the Company paid Cornelius, Inc. approximately \$5.1 million for fountain equipment under a 2006 master agreement, which is renewed on an annual basis. In 2017, the Company paid Display Technologies, LLC approximately \$2.3 million for shelving for in-store promotional

programs under a three-year supply agreement entered into in February 2014. The term of this agreement was extended to December 31, 2017. In 2017, the Company paid 3Wire Group, Inc. approximately \$14 million for fountain equipment parts under a 2005 master agreement, which is renewed on an annual basis. These business relationships were in place for many years prior to Marmon's acquisition of these three entities and all payments were made in the ordinary course of business.

XTRA Lease LLC ("XTRA") is a wholly owned subsidiary of Berkshire Hathaway. In 2017, the Company paid XTRA approximately \$267,000 for the rental of trailers used to transport and store finished product in the ordinary course of business under the terms of a national account agreement with XTRA.

Berkshire Hathaway holds a significant equity interest in American Express Company (together with its subsidiaries, "American Express"). In 2013, the Company and American Express entered into a new five-year agreement under which American Express provides global credit card services to the Company. In 2017, American Express paid the Company approximately \$1.3 million in rebates and incentives under the terms of the agreement and in the ordinary course of business.

Berkshire Hathaway holds a significant equity interest in Moody's Corporation ("Moody's"). In 2012, the Company and a subsidiary of Moody's entered into a two-year agreement for rating services related to the Company's commercial paper programs and debt offerings, which was renewed in 2015 for an additional two-year period. In 2017, the Company paid a subsidiary of Moody's fees of approximately \$1.5 million for rating services.

Berkshire Hathaway held a significant equity interest in Wells Fargo & Company (together with its subsidiaries, "Wells Fargo") during a portion of 2017. In 2017, the Company paid Wells Fargo approximately \$953,000 for commercial banking and equipment leasing services in the ordinary course of business.

In the opinion of management, all of the relationships between the Company and the entities affiliated with Berkshire Hathaway described above are fair and reasonable and as favorable to the Company as those that could have been obtained from unrelated third parties.

COMPENSATION

ITEM 2 - ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

What am I voting on?

Shareowners are being asked to approve, on an advisory basis, the compensation of the Named Executive Officers as described in the Compensation Discussion and Analysis beginning on [page 46](#) and the Compensation Tables beginning on [page 65](#).

Voting recommendation:

FOR the advisory vote to approve executive compensation. The Compensation Committee takes very seriously its role in the governance of the Company's compensation programs and values thoughtful input from shareowners. The Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

The Company seeks a non-binding advisory vote from its shareowners to approve the compensation of its Named Executive Officers as described in the Compensation Discussion and Analysis beginning on [page 46](#) and the Compensation Tables beginning on [page 65](#).

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis and Compensation Tables sections. Over the last several years, we have made several key enhancements to our compensation programs to continue to improve the link between compensation and the Company's business and talent strategies as well as the long-term interests of our shareowners.

The Board recommends that shareowners vote FOR the following resolution:

“RESOLVED, that the shareowners approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Compensation Tables and the related narrative.”

Because your vote is advisory, it will not be binding upon the Board. However, the Board values shareowners' opinions, and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions. The Board has adopted a policy of providing for annual advisory votes from shareowners on executive compensation. The next such vote will occur at the 2019 Annual Meeting of Shareowners.

The Board of Directors recommends a vote FOR the advisory vote to approve executive compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Message from the Compensation Committee

2017 was a pivotal year for our Company, and we look different today than we did just one year ago. In addition to completing the refranchising of our bottling operations in the U.S. and China, we executed our leadership succession plan and transitioned to a new Chief Executive Officer, James Quincey, who announced his vision for the Company, as we continue to evolve to a total beverage company. Our growth strategy centers around a new operating model: where increased responsibility is placed on our local business units to accelerate performance; where we leverage new technologies to digitize our enterprise, externally—with customers and consumers—and internally to increase efficiency and productivity; where our corporate center is leaner and more agile, with our focus reoriented to key strategic initiatives, policy and governance; where we unlock the power of our people to drive growth; and where we deepen our enabling services to improve employee engagement. We also strengthened our long-standing link between the sustainability of our business and the sustainability of the communities we serve.

This new operating model is designed to enable an accountable, performance-driven growth culture—one with fewer employees, who are externally focused, empowered, fast and willing to take informed risks that will result in greater return for our shareowners. In short, we are focused on accelerating our transformation to a high-performing growth business.

Because the Company's talent, incentive and reward programs are integral to achieving our growth strategy, in 2017 we undertook a comprehensive review of our compensation programs to ensure a continued focus on driving business growth and our desired high-performance culture. During the year-long review process, the Company asked for feedback from over 1,100 employees around the world, listened to feedback from you, our shareowners, reviewed external market data and researched the correlation between performance metrics and shareowner return over the past six years. As a result, three key focus areas for our compensation design emerged as we looked to refine our compensation and talent strategy for 2018 and future years:

Growth: Motivate and reward growth;

Differentiation and segmentation: Invest in our top contributors and those with the greatest potential to drive future growth, giving everyone the opportunity to contribute and reach their full potential, while balancing our ability to attract and retain key talent; and

Simplicity and transparency: Provide simplicity and a better line of sight for employees while also focusing on key growth metrics and driving long-term shareowner value.

Consequently, beginning in 2018, annual incentive plan performance metrics will be divided equally between net operating revenue and operating income, and the long-term incentive plan performance metrics will be divided equally among net operating revenue, earnings per share and free cash flow. All participants in the annual and long-term incentive plans will be measured in part against the performance of the total Company, rather than just their operating unit or function, to ensure that everyone is invested in the total growth of the Company and is focused on its

long-term success. We believe these metrics have a strong correlation to shareowner value, are easy to understand and will drive and reward growth behaviors and actions. We will continue to have a standing meeting each year dedicated to test the robustness and rigor of our incentive metrics and to drive our programs to adhere to our equity stewardship guidelines.

Progress toward non-financial goals that are critical to our business and reflect our commitment to sustainability also adds value for our shareowners and other stakeholders. However, we listened to shareowners regarding the level of discretion that was exercised in the executive annual incentive plan in past years and developed scorecards for our most senior executives that identify the categories on which they will be assessed for the 2018 performance year and thereafter. We will continue to develop more rigor around setting and assessing non-financial goals. We also reduced the maximum payout, and added a minimum threshold of performance that must be achieved before any payout is earned, under the executive annual incentive plan for 2018 and thereafter.

You will see in the rest of this Compensation Discussion and Analysis the details of our compensation programs, including the specific decisions we made for the 2017 Named Executive Officers and the rationale for them. We remain committed to listening to your feedback as we continue to evaluate and refine the Company's compensation programs.

Compensation Program Enhancements for 2018

We continue to make important enhancements to our compensation programs in order to further strengthen the link between compensation and the Company's growth and talent strategies as well as the long-term interests of our shareowners. Over the last year, the Company focused on designing refreshed compensation programs for 2018 and thereafter. We:

Revised the annual incentive plan so that a percentage of all participants' awards will be based on total Company results. Reduced the maximum payout for the executive annual incentive plan from 250% to 200% for 2018 and thereafter. Retained the relative total shareowner return modifier to performance-based equity compensation awards for executives to further tie awards to long-term shareowner value. Refined performance metrics for performance-based equity compensation, focusing on net operating revenue, earnings per share and free cash flow. Refined performance metrics for the annual incentive plan to better align with our growth strategy, focusing on net operating revenue and operating income and no longer including unit case volume. Introduced scorecards for our most senior leaders that identify the categories on which they will be assessed. Added minimum threshold amounts to performance metrics that must be achieved in order for an executive to receive a payout from the annual incentive plan.

Checklist of Compensation Practices

What We Do

Vast majority of pay is performance-based and not guaranteed

Align pay and performance

Engage in a rigorous target-setting process for incentive metrics

Adhere to Equity Stewardship Guidelines

Apply share ownership and share retention policies

What We Don't Do

Generally, do not utilize employment contracts (unless required by law)

No dividends or dividend equivalents on unearned PSUs

No repricing of underwater stock options

No tax gross-ups for personal aircraft use or financial planning

Provide limited perquisites with sound business rationale

No special change in control severance provisions for executive officers

Include “double-trigger” change in control provisions in equity awards

No tax gross-ups related to change in control

Prohibit hedging and short sales by executive officers and Directors

Discourage pledging of Company stock and require pre-approval

Regularly assess the risk-reward balance of our compensation programs in order to mitigate undue risks in our programs

Include clawback provisions in our key compensation programs

2017 Performance at a Glance

In 2017, we began transforming the culture of the organization to be more nimble and entrepreneurial. We made significant progress on our five strategic initiatives: accelerating growth of a leading consumer-centric brand portfolio; driving revenue growth; strengthening our system's value creation advantage; digitizing the enterprise; and unlocking the power of our people.

2017 ACHIEVEMENTS

Executed leadership succession plan and transitioned to a new CEO

Diversified our growing portfolio through strategic investments, including *Topo Chico*, a sparkling water brand in the U.S., and *AdeS*, a plant-based beverage brand in Latin America

Implemented new operating model to support faster growth and empower field operations to act with more speed and independence

Continued focus on driving revenue growth, led by North America, which grew net operating revenues by 4%

Refined and simplified our incentive metrics for 2018 to better align with our growth performance and shareowner value creation while providing a better line of sight for employees into what they can affect

Expanded our operating margin driven by productivity initiatives and refranchising

Introduced 500+ new products into the market worldwide, including the successful global roll-out of *Coke Zero Sugar* in 20 markets

Announced incremental \$800 million in productivity savings through 2019

Entered the fast-growing U.S. ready-to-drink coffee category in February 2017 and gained value share for the fullbottling operations in the U.S. and China year

Completed the refranchising of Company-owned

Our Compensation Philosophy

While we consider a number of factors in our pay decisions, we are guided by three core principles:

- 1. Pay for Performance.** The great majority of pay for executives should be at-risk and performance-based with metrics aligned to the Company's short-term and long-term financial results and business strategy and with a clear connection to each employee's individual contribution and to increased value for our shareowners.
- 2. Maintain programs that will attract, engage and retain critical talent and drive future growth.** Our compensation programs should be designed to invest in and reward talent with the greatest potential to drive the long-term growth of our Company, while holding employees accountable to the Company's strategy and values.
- 3. Consider the Coca-Cola system.** Our employees are required to operate and have influence in the context of our broad and complex global Coca-Cola system, which includes our independent bottling partners around the globe. While the Company had \$35.4 billion in reported net operating revenue in 2017, the Coca-Cola system generates more than \$100 billion in revenues, operates in over 200 countries and employs more than 700,000 people. Our executives and employees must not only manage our business but also support our bottlers and other partners. This alignment and a shared vision of success are critical to drive long-term growth.

Key Linkages between Pay and Company Performance

In the context of our compensation programs, we assess Company performance in two primary ways:

- 1.** The Company's operating performance, including results against long-term growth targets; and
- 2.** Return to shareowners over time, both on an absolute basis and relative to other companies.

In addition to Company performance, we evaluate individual performance when making compensation decisions.

Our compensation plans are designed to link pay and performance. As reflected above, 2017 was a pivotal year for the Company as we executed our leadership succession plan and transitioned to a new Chief Executive Officer, made progress on transforming the culture of our organization and announced changes to our talent and compensation philosophy. As we continued to evolve into a total beverage company, the Company achieved or exceeded its full-year guidance and accomplished major milestones in strengthening the system and returning to a capital-light organization, including a fully refranchised bottling system in the U.S.

When evaluating pay reported in the 2017 Summary Compensation Table against Company performance, it is important to consider the timing of compensation decisions and which performance period informs each of the annual and long-term incentive awards. For instance:

annual incentive awards reported for 2017 were decided in February 2018 and reflect Company and individual performance in 2017 (see [page 56](#)); and

long-term incentive awards reported for 2017 were granted in February 2017 and reflect Company and individual performance in 2016 (see [page 57](#)).

The following highlights linkages between pay and Company performance over the last four years:

• •

Compensation Decisions for Named Executive Officers

The 2017 compensation decisions were approved for our Named Executive Officers based on Company and individual performance.

Chief Executive Officer

James Quincey

President and Chief Executive Officer*

2017 Performance Highlights:

KEY ACCOMPLISHMENTS

LEADERSHIP

Continued the transformation of the Company to focus on a new growth strategy, which includes the consumer-centric Beverages for Life approach of evolving to a total beverage company.

Built a leadership team to support the Company's new growth strategy.

Elevated the Chief Innovation Officer position and, for the first time at the Company, appointed a Chief Growth Officer, which resulted in a broader and deeper approach to portfolio development built on a brand framework of explorer (emerging brand experimentation), challenger (potential future category leaders), and leader (established brands managed to maximize long-term profit).

Led the Company's development of its new World Without Waste plan in 2017, which was unveiled in early 2018. One of the Company's goals is to help collect and recycle a bottle or can for every one it sells by 2030, bringing back the equivalent of 100% of its packaging.

Announced that the Company supports the current recommendation by several leading health authorities, including the World Health Organization, that people should limit their intake of added sugar to no more than 10% of their total energy/ calorie consumption per day. To help consumers make progress toward this goal, the Company is reducing the sugar in its beverages, reducing package sizes, launching new beverages with less added sugar and using marketing efforts to make people more aware of low and no-sugar options.

OPERATIONAL

Announced an incremental \$800 million in productivity savings through 2019.

Led the Company to expand its consumer-centric product portfolio, with a continued focus on value over volume, which included the launch of more than 500 products around the world, including many low- and no-calorie options.

Expanded the Company's portfolio, including entering the fast-growing U.S. ready-to-drink coffee category, introducing two U.S. brands, *Honest* and *smartwater*, into multiple international markets, and successfully launching the global roll-out of *Coke Zero Sugar* in 20 markets.

Provided system leadership to support continued refranchising efforts in North America, Africa, China and Latin America.

PEOPLE AND CULTURE

Introduced a new operating model designed to accelerate performance, increase efficiency and productivity, drive growth and improve employee engagement.

Drove the design and implementation of a new compensation strategy to align total employee rewards to the growth strategy of the Company.

Led efforts to change the Company's culture to emphasize speed, agility, accountability and a test-and-learn approach.

Compensation Decisions:

Chairman of the Board and Former Chief Executive Officer

Muhtar Kent

Chairman of the Board and Former Chief Executive Officer*

2017 Performance Highlights:

In 2017, Mr. Kent served as Chairman of the Board and Chief Executive Officer through April 30, 2017. He continued as Chairman when Mr. Quincey became Chief Executive Officer on May 1, 2017. Before this change, Mr. Kent worked to build a strong foundation and created processes to ensure a smooth, seamless and well-executed transition. He provided guidance to Mr. Quincey and worked closely with the Board on the Company's growth strategy and redesigned operating model. The Company continued to make strong progress on its refranchising plans. The Company and its bottling partners in Latin America also closed the acquisition of Unilever's *AdeS* plant-based beverage business, expanding the Company's portfolio of functional drinks in the region. Under Mr. Kent's leadership, the Company and its global bottling partners reported 133% estimated water replenishment in 2017, with the Company being the first Fortune 500 company to replenish the equivalent of all of the water it uses globally. Mr. Kent continued his strong leadership in accelerating the development of diverse leadership talent, and he continued to be the executive sponsor of the Women's Leadership Council. By mid-year 2017, the Company's 5by20 program had empowered more than 1.9 million women in 66 countries, up from 1.75 million women and 64 countries by the end of 2016.

As Chairman, Mr. Kent continued to lead the Board and actively engaged Directors and committee chairs in all aspects of the business. Mr. Kent led an orderly and well-defined process for selecting two new Directors to stand for election to the Board at the 2018 Annual Meeting: Caroline Tsay and Christopher Davis. In doing so, Mr. Kent reinforced his commitment to gender diversity on the Board. Mr. Kent also ensured that the Board has a broad outlook on the Company's talent pipeline and encouraged ongoing education of the Company's Directors by facilitating market visits and meetings with management in the field to deepen Directors' understanding of the business. Mr. Kent continued to represent the Company externally with key stakeholders.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Effective May 1, 2017, when Mr. Kent continued as Chairman of the Board, his base salary was reduced to \$1,000,000. Mr. Kent did not receive an annual

increase for 2018.

Annual Incentive: \$1,800,000, comprised of \$1,600,000 from applying the Company Performance Factor (80% for 2017) under the plan formula and \$200,000 for individual performance (see [page 56](#)). The individual performance amount was determined based on the 2017 performance highlights described above.

Long-Term Incentive: Mr. Kent received a long-term incentive grant in February 2017 valued at \$8,734,498, split into 2/3 performance share units and 1/3 stock options.

* In addition to serving as Chairman of the Board, Mr. Kent served as Chief Executive Officer through April 30, 2017.

Chief Financial Officer

Kathy N. Waller

Executive Vice President, Chief Financial Officer and President, Enabling Services*

2017 Performance Highlights:

Ms. Waller continued her strong leadership of the Global Finance function in 2017, delivering high standards of excellence in financial reporting and analysis, governance and controls and value creation. Under Ms. Waller's leadership, the Finance organization continued to create value through strong management of cash and capital, including sound global M&A investments; support of the North America refranchising initiative; and driving efficiency and standardization within the core financial activities. In May 2017, Ms. Waller assumed new responsibilities to include the management of Global Technical, Aviation and Integrated Services. The newly created Integrated Services organization consolidates functional support processes, including Human Resources, Finance, Procurement and other service-related activities for managing the business and for supporting associates around the world. This structure created the opportunity to simplify, standardize and automate work processes. Ms. Waller launched a multi-year initiative to upgrade and refresh core financial and information systems that will generate additional productivity and efficiency. She continued strong people and leadership development across the Company, with a focus on attracting and retaining talented associates and developing women and diverse talent for leadership roles.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Effective May 1, 2017, when Ms. Waller assumed additional responsibilities as President, Enabling Services, her base salary was increased to \$850,000. Ms. Waller did not receive an annual increase for 2018.

Annual Incentive: \$956,250, comprised of \$850,000 from applying the Company Performance Factor (80% for 2017) under the plan formula and \$106,250 for individual performance (see [page 56](#)). The individual performance amount was determined based on the 2017 performance highlights described above.

Long-Term Incentive: Ms. Waller received a long-term incentive grant in February 2017 valued at \$2,827,806, split into 2/3 performance share units and 1/3 stock options.

* In addition to serving as Executive Vice President and Chief Financial Officer, Ms. Waller assumed the role of President, Enabling Services effective May 1, 2017.

Other Named Executive Officers

Marcos de Quinto

Former Executive Vice President and Chief Marketing Officer*

2017 Performance Highlights:

Mr. de Quinto was the Chief Marketing Officer until May 1, 2017, when he transitioned into a new strategic consulting role advising the Company's executive leadership. Mr. de Quinto provided direction to continue to build the Company's worldwide marketing capabilities and portfolio of brands while improving productivity. He led the completion of the Company's roll-out plan for the Coca-Cola "one brand" strategy and the "Taste the Feeling" campaign. Mr. de Quinto was instrumental in leading the relaunch of the *Fanta* brand, which included new positioning, product formulas, packaging, a new campaign and integrated marketing communications work. Mr. de Quinto also continued to lead key initiatives to accelerate the development of talent and differentiating capabilities across the Global Marketing function, as well as initiatives relating to innovative agency management and compensation models.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Mr. de Quinto will be retiring from the Company on August 31, 2018.

Annual Incentive: \$573,566, determined by applying the Company Performance Factor (80% for 2017) under the plan formula (see [page 56](#)).

Long-Term Incentive: Mr. de Quinto received a long-term incentive grant in February 2017 valued at \$3,097,112, split into 2/3 performance share units and 1/3 stock options.

* Mr. de Quinto served as Executive Vice President and Chief Marketing Officer through April 30, 2017, when he transitioned to Senior Creative Advisor.

J. Alexander M. Douglas, Jr.

Executive Vice President and President, Coca-Cola North America

2017 Performance Highlights:

Under Mr. Douglas' leadership, Coca-Cola North America continued to deliver solid operational and financial results in 2017. The Company completed the transformation of the Company's franchise bottling system in the U.S. to realign the economic model between the Company and its bottlers to accelerate local investment and growth. As stewards of the Company's largest refranchising initiative, Mr. Douglas and his team managed the transition of more than 55,000 employees, more than 50 production facilities and 1.3 billion physical cases of volume from Company to independent franchise ownership over the course of four years. Coca-Cola North America also continued to reinvigorate value growth in sparkling soft drinks while expanding its total beverage portfolio with a focus on growing value across an increasingly wide variety of products and packages, including growth of our value-added dairy portfolio and the launch of ready-to-drink coffee, driving significant expansion in the coffee category. Coca-Cola North America gained value share in total nonalcoholic ready-to-drink beverages in 2017.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Mr. Douglas retired from the Company on March 1, 2018.

Annual Incentive: \$723,445, determined by applying the Company Performance Factor (80% for 2017) under the plan formula (see [page 56](#)).

Long-Term Incentive: Mr. Douglas received a long-term incentive grant in February 2017 valued at \$2,401,982, split into 2/3 performance share units and 1/3 stock options.

Irrial Finan

Executive Vice President and President, Bottling Investments Group

2017 Performance Highlights:

Mr. Finan's continued leadership of the Bottling Investments Group ("BIG") contributed to the Company's strong performance in 2017. He led the BIG team in accelerating the bottler refranchising strategy with the sale of BIG's former China bottling operations and the completion of the refranchising of the Company-owned bottling operations in the U.S. He helped shape the future of bottling operations in Japan and Europe by representing the Company on the boards of Coca-Cola East Japan and Coca-Cola European Partners. In southwest Asia, he led the building of a new facility in Bangladesh and returned the India bottler to growth in the latter half of the year. Mr. Finan continued to invest in people development, increasing the ethnic and gender diversity of his senior leadership team.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Mr. Finan will be retiring from the Company on March 31, 2018.

Annual Incentive: \$1,097,723, determined by applying the Company Performance Factor (80% for 2017) under the plan formula (see [page 56](#)).

Long-Term Incentive: Mr. Finan received a long-term incentive grant in February 2017 valued at \$3,457,427, split into 2/3 performance share units and 1/3 stock options.

Brian J. Smith

Executive Vice President and President, Europe, Middle East and Africa Group

2017 Performance Highlights:

Mr. Smith's first full year of leading the Europe, Middle East and Africa Group resulted in strong performance across multiple markets. Following the creation of Coca-Cola European Partners and Coca-Cola Beverages Africa, Mr. Smith led the bottlers to reinvest a portion of their scale synergies in enhanced competitive advantages, including increased sales force, new revenue growth management capabilities, more coolers and expanded production capacity. Similarly, Mr. Smith led initiatives to strengthen the Company's brand portfolio, such as the relaunch of *Coke Zero Sugar*, product reformulations and portion-control packs to renew sparkling soft drink growth and disciplined expansion across other beverage categories, through differentiated global and regional brands, innovation and higher value business models. Mr. Smith focused on leadership development increasing the ethnic and gender makeup of his operating leadership team. Finally, Mr. Smith progressed on the Company's sustainability agenda, highlighted by the joint announcement with Coca-Cola European Partners of the Company's goal to double the amount of recycled plastic used in its bottles in Western Europe to 50%+ by 2020.

Compensation Decisions:

Base Salary: No executive officer received an annual merit increase for 2017. Mr. Smith did not receive an annual increase for 2018.

Annual Incentive: \$731,250, comprised of \$650,000 from applying the Company Performance Factor (80% for 2017) under the plan formula and \$81,250 for individual performance (see [page 56](#)). The individual performance amount was determined based on the 2017 performance highlights described above.

Long-Term Incentive: Mr. Smith received a long-term incentive grant in February 2017 valued at \$2,401,982, split into 2/3 performance share units and 1/3 stock options.

Base Salary

Base salary is fixed cash compensation. Salary is reviewed annually and adjusted when appropriate based on market competitiveness. Increases are not automatic or guaranteed.

Base salary is delivered in return for the day-to-day job performed, as well as scope of responsibility, leadership skills and experience and is not intended primarily to reward performance.

Market competitive base salaries help attract and retain executive talent.

Annual and Long-Term Incentives

IMPORTANT FACTS ABOUT OUR INCENTIVE TARGETS

Choice of Incentive Metrics

The key financial metrics in our incentive plans for 2017 (net operating revenue, profit before tax, unit case volume and economic profit growth) drive long-term value creation. During the 2017 review of our compensation programs, we further refined the performance metrics for 2018 to align with our new growth strategy, focusing solely on net operating revenue and operating income for the annual incentive plan and net operating revenue, earnings per share and free cash flow for long-term performance-based awards.

We make certain adjustments when calculating results, such as for the impact of foreign currency exchange rates, changes in financial accounting reporting regulations and costs and other financial implications associated with corporate transactions.

Rigor of Incentive Metrics

In 2017, we continued to enhance the target-setting process to test the robustness of our already strong incentive targets and performance curve setting.

The setting of our performance payout curves considered the following:

—

Our targets are currency neutral because incentive targets should measure the underlying results of the business, and business leaders should be encouraged to make decisions that drive long-term sustainable growth rather than to address short-term currency fluctuations or items impacting comparability. This philosophy has been in place for several years, and we review this issue regularly, as it is an important concern for global companies like ours with significant exposure to foreign currency exchange rate fluctuations.

Performance levels necessary to achieve our long-term goals and deliver superior shareowner returns.

–

The likelihood of achieving various levels of performance based on historical results over a ten-year period.

–

Metrics, program designs and results at companies in our comparator group.

–

Performance relative to our comparator companies.

The Compensation Committee continues to have an additional standing meeting each year to devote more time to this important process.

Annual Incentive Compensation

Overview

Annual incentives are determined under the Performance Incentive Plan of The Coca-Cola Company (the “Performance Incentive Plan”). In 2017, approximately 14,000 employees participated in the Performance Incentive Plan.

Awards for executive officers are determined based on a formula with predetermined financial measures aligned with the Company’s long-term growth metrics (“Company Performance Factor”), as well as the executive’s individual performance (“Individual Performance Amount”).

For 2017, the financial measures were profit before tax, net operating revenue and unit case volume.

See 2017 Compensation Decisions for Named Executive Officers beginning on [page 50](#) for details of the 2017 annual incentives paid to the Named Executive Officers.

2017 Annual Incentive Formula

$$\text{Base Salary} \times \text{Target Percentage} \times \text{Company Performance Factor} + \text{Individual Performance Amount} = \text{Annual Incentive Amount}^*$$

*

The annual incentive plan includes a pool funding feature intended to allow the awards to Named Executive Officers to meet the requirements for tax deductibility under Section 162(m) of the Tax Code for 2017. The maximum pool that can be used to pay annual incentives to Named Executive Officers is 0.40% of the Company’s comparable income before income taxes, and there is an additional cap of 0.15% of comparable income before income taxes for the Chief Executive Officer. The Compensation Committee does not expect to award the full amount authorized by this pool funding, and the amounts awarded for 2017 are well below these maximums.

2017 Named Executive Officer Target Annual Incentive

Name	Base	Target (%)	Target
	Salary (12/31/2017)		Incentive (\$)
Mr. Kent	\$ 1,000,000	200%	\$ 2,000,000
Mr. Quincey*	\$ 1,300,000	192%	\$ 2,493,150
Ms. Waller	\$ 850,000	125%	\$ 1,062,500
Mr. de Quinto*	\$ 784,088	91%	\$ 716,958
Mr. Douglas	\$ 723,445	125%	\$ 904,306
Mr. Finan	\$ 914,769	150%	\$ 1,372,154
Mr. Smith	\$ 650,000	125%	\$ 812,500

*

The targets for Mr. Quincey and Mr. de Quinto are prorated based on the time spent in their respective positions through April 30, 2017, and the time spent in their respective positions through December 31, 2017. Mr. Quincey's target was 175% through April 30, 2017, and 200% thereafter. Mr. de Quinto's target was 125% through April 30, 2017, and 75% thereafter.

Company Performance Factor

Targets are informed by our long-term growth target ranges and our annual business plan. Targets are designed to be challenging but achievable.

Actual results (rounded to the nearest half percent) are compared to the target, and then the percentage achieved is weighted to determine the final Company Performance Factor.

For 2017, the payout curve is linear from 0% to 200% of the target. The maximum payout is 200% of the target and set to be difficult to achieve. For example, to achieve the maximum payout for net operating revenue growth, the Company would have had to achieve 8% growth in the year.

2017 Targets and Results

Performance Metric*	Target	Actual Performance	Result (% of the Target Achieved)	Weighting	Weighted Result
Profit Before Tax Growth	7.0 %	8.5%	121%	50%	61%
Net Operating Revenue Growth	4.0 %	3.0%	75%	25%	19%
Unit Case Volume Growth	1.5 %	0.0%	0%	25%	0%
Company Performance Factor					80%

*

Profit before tax growth and net operating revenue growth are calculated after adjusting for the impact of currency and certain items impacting comparability. These measures differ from profit before tax and net operating revenue reported under GAAP, primarily due to the impact of currency, asset impairments/restructuring, productivity and reinvestment program, net charges by equity investees, transaction gains/losses and other items. In addition, these measures are calculated after adjusting for the impact of structural items. Structural items generally refer to acquisitions or dispositions of bottling and distribution operations and consolidation or deconsolidation of bottling and distribution entities for accounting purposes. Using these adjusted measures of profit before tax growth and net operating revenue growth is appropriate because it provides a more consistent comparison against the prior year.

Individual Performance Amounts

For the Named Executive Officers, consideration is given for contributions to overall Company results and business/operating unit goals; contributions toward strategic initiatives, including the areas of People, Planet, Productivity, Partners, Portfolio and Profit; and other priorities, including the individual contributions toward the new operating model and accelerating the Company's transformation to a high-performing growth business. An Individual Performance Amount may be awarded based on an assessment of an executive's individual performance throughout the year. The maximum percentage of an individual's target award that could be awarded for individual performance in 2017 was 50%, and no Named Executive Officer received an Individual Performance Amount exceeding 15% of his or her target award in 2017. See 2017 Compensation Decisions for Named Executive Officers beginning on [page 50](#).

Long-Term Incentive Compensation

Overview

The Company grants long-term incentive compensation to reward performance over the longer term and align the interests of employees with shareowners. The majority of these awards are performance-based. In 2017, annual long-term incentive awards were equity-based for Named Executive Officers and other senior executives and leaders, and cash-based for other eligible employees. In 2017, approximately 6,600 employees received long-term incentive compensation during the annual grant in February, of which approximately 650 employees received equity awards.

Annual long-term incentive awards are made in February of each year.

A limited number of other awards may be granted throughout the year in exceptional cases.

See 2017 Compensation Decisions for Named Executive Officers beginning on [page 50](#) for details of the 2017 long-term equity awards granted to Named Executive Officers.

All equity awards are subject to our Equity Stewardship Guidelines implemented in 2014. An update regarding our 2017 progress against these guidelines is included below under Equity Stewardship Guidelines and Scorecard.

Long-Term Incentive Annual Awards: Amounts and Performance Measures

The Compensation Committee sets award ranges for long-term incentive compensation for each job grade at the senior executive levels. In 2017, the ranges were informed by surveys of our comparator group's and similar companies' pay practices. The Compensation Committee does not target a specific percentile ranking against our comparator group and may grant long-term incentive awards at the higher end of the range for a variety of factors, including individual performance and potential and to reflect support of the larger Coca-Cola system. In 2017, the actual grant value of long-term incentive compensation awarded within such ranges was individually determined at the discretion of the Compensation Committee. Consideration was given to the individual's skills, experience and future potential, as well as the individual's and Company's performance in the prior year.

Once the value of the long-term incentive award is determined, the Compensation Committee grants a portion of the award in stock options and a portion in PSUs. When determining the number of stock options awarded, a Black-Scholes value is first calculated and a floor and ceiling are applied based on a 30-day average stock price. This stock option "guardrail" increases predictability, helps manage the burn rate commitment and is intended to mitigate against excessively high and low Black-Scholes values. For stock option grants in 2017, the low end of our guardrail was used, which valued options at 20% of the 30-day average stock price. This resulted in fewer stock options being

granted than the pure Black-Scholes model would have suggested. PSUs are valued based on a 30-day average stock price for purposes of determining target award values.

Due to the rules for how the grant date fair value of long-term incentive awards must be calculated for accounting purposes, the 2017 Summary Compensation Table may not reflect the same stock option and PSU values described above.

How PSU Targets Were Determined

For 2017, performance measures for the annual PSU awards were growth in economic profit and growth in net operating revenue. Economic profit is net operating profit after tax less the cost of capital used in the business, after adjusting for the impact of structural changes that are significant to the Company as a whole, accounting changes and certain other items impacting comparability.

Performance targets for growth in these metrics were derived from the three-year business plan and then set by the Compensation Committee after a detailed review, which included conducting probability analyses, benchmarking performance and evaluating the practices of comparator companies. Participants receive 35% of the award at the threshold level of achievement, 100% of the award at the target level and 150% of the award at the maximum level, prior to application of the total shareowner return multiplier. With the total shareowner return multiplier, payouts can range from 0% to 187.5%.

Performance Share Units: Relative Total Shareowner Return Modifier and Status of Programs

Relative Total Shareowner Return Modifier

PSU awards include a total shareowner return modifier to further link awards to shareowner value creation.

The number of shares earned from PSU awards will be reduced or increased if total shareowner return over the three-year performance period relative to our compensation comparator group (see [page 61](#)) falls outside of a defined range. Specifically, after the performance results are certified, the award will be modified up or down as follows:

If total shareowner return over the three-year performance period is:	Then:
At or above the 75 th percentile of the comparator group	The award will be increased 25%
At or above the 25 th and below the 75 th percentile of our comparator group	No change to the award
Below the 25 th percentile of our comparator group	The award will be decreased 25%

Status of Annual PSU Programs

Performance Period	Performance Measure	Threshold, Target and Maximum Performance Levels	Status
			Results were certified in February 2017.
2014-2016 ^{1,3}	Compound annual growth in economic profit	Threshold = 6.9% Target = 8.9% Maximum = 10.9%	Economic profit growth was at the maximum level, and the relative total shareowner return modifier was not triggered up or down, as total shareowner return was above the 25 th percentile and below the 75 th percentile. Final payout was certified at 150%, which was driven by effective management of currency neutral operating results and capital. The shares earned were subject to an additional holding period through February 2018.
2015-2017 ^{2,3}	70% compound annual growth in economic profit	Threshold = 4.5% Target = 7.1% Maximum = 9.1%	Results were certified in February 2018.
	30% net operating revenue growth ⁴	Threshold = 1.1% Target = 4.0% Maximum = 5.9%	Economic profit growth was at the maximum level, and net operating revenue growth was below the target level for total company performance. The relative total shareowner return modifier was not triggered up or down, as total shareowner return was above the 25 th percentile and below the 75 th percentile. Final payout was certified at 131% for total company performance, which was primarily driven by effective management of currency neutral operating profit results and capital.

		The shares earned are subject to an additional holding period through February 2019.
	Threshold = 3.9%	
2016-2018 ^{2,3}	70% compound annual growth in economic profit	Through December 31, 2017, payout is projected near the target level. Company performance over the remaining year of the performance period will determine the number of shares earned, if any.
	Target = 7.9%

Participants receive 35% of the award at the threshold level, 100% of the award at the target level and 150% of the award at the maximum level. Results are rounded and the number of shares is extrapolated on a linear basis between performance levels.

3
The calculation of economic profit growth for the 2014-2016 and 2015-2017 periods was adjusted, and the 2016-2018 and 2017-2019 periods will be adjusted, to exclude items impacting comparability and to exclude structural items that are significant to the Company as a whole including the refranchising of bottling territories in North America. For all of these periods, economic profit growth is calculated on a currency neutral basis.

4
The 2015-2017 PSU program provides for net operating revenue growth to be based on three one-year comparable currency neutral net operating revenue growth targets tied to total Company or group/business unit results, as applicable. The net operating revenue growth target for the 2015-2017 PSU program included in the table above is the one-year 2017 total Company target. The 2016-2018 and 2017-2019 PSU programs provide for comparable currency neutral net operating revenue growth to be based on a three-year compound annual growth target tied to total

Company results. This measure differs from net operating revenue growth reported under GAAP, primarily due to the impact of currency and items impacting comparability. In addition, the calculation of comparable currency neutral net operating revenue growth for the 2015, 2016 and 2017 periods was adjusted, and the 2016-2018 and 2017-2019 periods will be adjusted, to exclude structural items that are significant to the Company as a whole including the refranchising of bottling territories in North America.

Other Long-Term Incentive Awards

The vast majority of equity awards are made as part of the annual long-term incentive grants in February of each year. During the year, a limited number of additional equity awards may be granted, either as time-based restricted stock units or performance-based awards.

For 2017, time-based restricted stock units were typically used for critical retention situations, make-whole awards for newly hired employees who forfeited equity awards at a prior employer, awards when employees return to the Company from bottlers, special recognition, promotions or when other forms of awards are not available for legal or tax reasons.

From time to time, we establish additional performance-based programs related to specific performance goals to motivate and reward for specific initiatives.

No Named Executive Officer received such awards in 2017.

Equity Stewardship Guidelines and Scorecard

In 2014, we adopted Equity Stewardship Guidelines, which specify how we will use long-term equity compensation. The Equity Stewardship Guidelines can be viewed on the Company's website at www.coca-colacompany.com/equity-stewardship-guidelines.

Primary features of the Equity Stewardship Guidelines include:

A burn rate commitment of 0.8% in 2015 and an average of 0.4% thereafter, which makes availability of shares used for equity awards more certain.

Increased transparency by providing an Equity Scorecard.

Commitment to continue share repurchases with 100% of proceeds from the exercise of stock options as needed to reduce potential dilution.

The Equity Scorecard below provides information for 2017:

The annual equity awards represent the vast majority of equity awards granted during the year.

Overhang primarily includes outstanding awards granted under plans ("Prior Plans") in place prior to adoption of The Coca-Cola Company 2014 Equity Plan, as amended (the "2014 Equity Plan"). Awards from Prior Plans that expire or are forfeited will not be issued or available for future issuance. Overhang will decline each year as equity awards are exercised or realized, and as awards from Prior Plans expire or are forfeited.

In the Equity Scorecard, actual dilution is how much the equity issued to employees reduces the value of existing shares. Actual dilution is expected to continue to be less than 1% per year going forward, because 100% of the proceeds received from employee stock option exercises are used to repurchase shares and our burn rate is below 1%. The Company repurchases additional shares through its share repurchase program, which resulted in a decrease in Common Stock outstanding in 2017.

EQUITY SCORECARD

Description	2017
-------------	------

	Maximum burn rate of 0.8% in 2015 and a maximum average burn rate of 0.4% for the remaining life of the 2014 Equity Plan.			
Burn Rate Commitment			0.40%	
	The total number of shares underlying equity awards granted in the year, as a percentage of Common Stock outstanding.		0.35%	
Actual Burn Rate				
	The total number of shares underlying equity awards already granted plus those available for future grants, as a percentage of Common Stock outstanding.	Prior Plans	2014 Plan	Equity Total
Overhang				
	With Equity Stewardship Guidelines ¹	3.66%	4.70%	8.36%
	A measure of how much the equity issued to employees reduces the value of existing shares. ²		0.38%	
Actual Dilution				

1

With the burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares estimated to be used is 200 million (based on Common Stock outstanding decreasing by 1% each year).

2

Calculated by dividing the number of net shares issued to employees during the year by the average number of shares of Common Stock outstanding. The number of net shares issued represents the difference between the total number of shares issued and the number of shares repurchased solely using proceeds from employee stock option exercises. Does not include additional share repurchases which further mitigate dilution.

How We Make Compensation Decisions

Shareowner Engagement and Results of 2017 Advisory Vote on Executive Compensation

The Company has a long-standing shareowner outreach program and routinely interacts with shareowners on a number of matters (see [page 33](#)).

At the 2017 Annual Meeting of Shareowners, approximately 75% of the votes cast were in favor of the advisory vote to approve executive compensation. This is not the result that the Company was striving for. The Company recognized that it needed to take a critical look at some of its programs and, as a result, conducted an exhaustive review of its programs and listened to feedback received from shareowners. The 2018 plan design changes include adjustments to address the primary shareowner concern—the level of discretion exercised in the executive annual incentive plan in past years—through the introduction of scorecards for our most senior executives that identify the categories on which they will be evaluated for the 2018 performance year and in future years.

At the 2018 Annual Meeting of Shareowners, we are again holding an advisory vote to approve executive compensation (see [page 45](#)) and will continue to consider the results of the advisory vote and engage with our shareowners.

Decision-Making Process and Role of Executive Officers

The Compensation Committee reviews and discusses the Board's evaluation of the Chairman and the Chief Executive Officer and makes preliminary determinations about their base salary, annual incentive and long-term equity compensation. The Compensation Committee then discusses the compensation recommendations with the full Board, and the Compensation Committee approves final compensation decisions after this discussion.

For other Named Executive Officers, the Chief Executive Officer considers performance and makes individual recommendations to the Compensation Committee on base salary, annual incentive and long-term equity compensation. The Compensation Committee reviews, discusses, modifies and approves, as appropriate, these compensation recommendations.

The Compensation Committee uses several resources and tools, including competitive market information and “tally sheets,” which quantify each of the compensation elements as well as accumulated outstanding long-term equity awards and deferred compensation.

Compensation Comparator Group

We use a comparator group of companies when making certain compensation decisions. The comparator group is used as a reference point, but compensation paid at other companies is not the primary factor in the decision-making process. As noted above, our employees operate in the much larger Coca-Cola system but, when comparing size with comparator companies, we utilize only the net operating revenue and market capitalization of The Coca-Cola Company.

We routinely review the selection criteria and companies in our comparator group. In 2015, our Compensation Committee approved changes effective for 2016 and 2017 on criteria as well as updates to the companies. We will review the comparator group again in 2018.

The table below shows our criteria on how the comparator group was chosen and how it is used.

How the Comparator Group Was Chosen

Comparable size based on net operating revenue and market capitalization.

Major global presence with sales and operations outside of the U.S.

Large consumer products business.

Market-leading brands or category positions as defined by Interbrand.

Financially strong companies.

Available compensation data.

How We Use the Comparator Group*

As an input in developing base salary ranges, annual incentive targets and long-term incentive award ranges.

To evaluate share utilization by reviewing overhang levels and annual run rate.

To benchmark the form and mix of equity awarded to employees.

To benchmark share ownership guidelines.

To assess the competitiveness of total direct compensation awarded to senior executives.

To assess talent and recruitment practices.

To compare Company performance and validate whether executive compensation programs are aligned with Company performance.

As an input in designing compensation plans, benefits and perquisites.

** Since some of the comparator group companies are not U.S.-based, a subgroup of the companies may be used for some of these purposes when data is not publicly available for the foreign companies.*

[Back to Contents](#)

The comparator group for 2017 was:

AT&T Inc.	Nestlé S.A.
Colgate-Palmolive Company	NIKE, Inc.
Danone	PepsiCo, Inc.
General Mills, Inc.	Philip Morris International Inc.
International Business Machines Corporation	Pfizer, Inc.
Johnson & Johnson	The Procter & Gamble Company
Kimberly-Clark Corporation	Unilever PLC
McDonald's Corporation	Wal-Mart Stores, Inc.
Mondelēz International, Inc.	
Role of the Compensation Consultant	

In 2017, the Compensation Committee engaged Meridian Compensation Partners, LLC (“Meridian”) as its compensation consultant. The Compensation Committee did not engage any other advisor in 2017.

Meridian provided research, data analyses, survey information and design expertise in developing compensation programs for executives and incentive programs for eligible employees. Meridian kept the Compensation Committee apprised of regulatory developments and market trends related to executive compensation practices. Meridian does not determine or recommend the exact amount or form of executive compensation for any of the Named Executive Officers. A representative of Meridian attended meetings of the Compensation Committee.

In accordance with the Compensation Committee’s Independent Compensation Consultant Policy, prior to the retention of a compensation consultant (or any other external advisor), and annually thereafter, the Compensation Committee assesses the independence of the compensation consultant.

Under the Independent Compensation Consultant Policy, a consultant is considered independent if:

–

The individual consultant and any consulting firm or organization that employs the consultant is independent of the Company;

–

The individual consultant does not provide services or products of any kind to the Company or its affiliates or to their management, other than in its capacity as the Compensation Committee’s advisor; and

–

The consulting firm may not provide any other services to the Company without the prior written consent of the Compensation Committee Chair.

The Compensation Committee assessed Meridian’s independence under the Independent Compensation Consultant Policy, including considering the following factors specified in the NYSE listing standards: (i) the provision of other services by the consulting firm to the Company; (ii) the amount of fees paid as a percentage of the total revenue of the consulting firm; (iii) the policies and procedures of the consulting firm that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the consultant with a member of the Compensation Committee; (v) any stock of the Company owned by the consultant; and (vi) any business or personal relationship of the consultant or consulting firm with an executive officer of the Company. Meridian provided the Compensation Committee with confirmation of its independent status under the Independent Compensation Consultant Policy.

The Compensation Committee believes that Meridian is independent and there is no conflict of interest between Meridian and the Compensation Committee.

Risk Considerations

The Compensation Committee reviews the risks and rewards associated with the Company's compensation programs. The programs are designed with features that the Compensation Committee believes mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk taking over the short term and the long term.

Management and the Compensation Committee do not believe any of the Company's compensation programs create risks that are reasonably likely to have a material adverse impact on the Company.

In 2017, the Company conducted, and the Compensation Committee reviewed, a global risk assessment. The risk assessment included conducting a global inventory of incentive plans and programs and considered factors such as the plan metrics, number of participants, maximum payments and risk mitigation factors.

Additional Compensation Information

Share Ownership Guidelines

Share ownership guidelines align the executives' long-term financial interests with those of shareowners.

All Named Executive Officers meet or exceed their share ownership guidelines.

The ownership guidelines, which cover approximately 65 executives, are as follows:

Role	Value of Common Stock to be Owned*
Chairman	8 times base salary
Chief Executive Officer	8 times base salary
Operating Business Presidents	5 times base salary
Executive Vice Presidents and Group Presidents	4 times base salary
Other senior executives	2 times base salary
Business Unit Presidents below senior executive level	1 times base salary

*

Shares are valued based on the average closing price of Common Stock for the prior one-year period.

Stock options do not count toward the ownership guideline, and PSUs count only after the performance criteria have been met.

To ensure compliance with the guidelines, the Compensation Committee may direct that up to 50% of the annual cash incentive be withheld if an executive is not compliant. The Compensation Committee also may mandate the retention of 100% of net shares, after settlement of taxes and transaction fees, acquired pursuant to equity awards granted on or after January 1, 2009.

Share Retention Policy

In 2013, we adopted a Share Retention Policy requiring executive officers to retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of one year after exercise/release of shares or separation from the Company. This policy was in addition to existing share ownership guidelines.

In 2017, we reviewed our stock ownership guidelines and share retention policy and noted that in the external market the most common retention practice is to apply a hold only until the stock ownership requirement is met. In addition, the Company has had no issues with executive officers meeting their stock ownership objectives. Many of our executives retain more shares than are required under the stock ownership program.

Therefore, beginning with equity awards granted in October 2017, and in addition to the share ownership guidelines described above, executive officers who have not yet met their stock ownership objective must retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of the date on which the stock ownership objective is met or separation from the Company.

Limited exceptions apply for donations of stock to charities, educational institutions or family foundations and for sales or divisions of property in the case of divorce, disability or death. The Compensation Committee is authorized to grant waivers in exceptional circumstances.

Clawbacks

The Company's short-term and long-term performance compensation, including equity compensation, is subject to recoupment, or "clawback," in certain circumstances. These clawback provisions apply while an individual is employed and, if an employee separates from employment, the later of one year from separation and payment of the applicable compensation.

In addition to any clawbacks required by law, regulation or applicable listing standards, the clawback provisions allow the Company to recoup payments if an employee or former employee engages in certain prohibited activities, which include violation of any Company policy, including the Company's Code of Business Conduct, disclosing confidential information or trade secrets, accepting employment competing against the Company or soliciting Company employees.

Retirement and Benefit Plans

Named Executive Officers participate in the same retirement and benefit plans as the broader population of non-union employees, as applicable. These plans provide for basic retirement needs and serve as a safety net to protect against the financial catastrophes that can result from illness, disability or death.

Retirement plans generally include pension plans, retirement savings plans and deferred compensation plans. There are no special or enhanced pension formulas for Named Executive Officers. See the 2017 Pension Benefits table on [page 74](#) for the value of accumulated pension benefits for the Named Executive Officers.

Benefit plans generally include medical, dental and disability plans.

Perquisites and Other Personal Benefits

The table below summarizes and provides the business rationale for each of the perquisites and other personal benefits provided to the Named Executive Officers. For more information about these perquisites and other personal benefits, and their values, see the discussion beginning on [page 67](#).

Category	Description and Business Rationale
Aircraft Usage	To allow travel time of our Chief Executive Officer and Chairman to be used productively for the Company, for security purposes due to the high profile and global nature of our business and our highly symbolic and well-recognized brands, as well as to ensure availability to respond to business priorities from any location around the world.
Car and Driver	Provided where necessary for security and/or productivity reasons.
Security	To protect our employees given the global visibility of our brands and the extensive locations where we operate.
International Service Program	To promote global mobility and development opportunities for individuals working outside their home country.
Financial and Tax Planning	To address the complex tax and financial situations of a significant percentage of our senior executives with dual nationalities or work histories in a number of countries. Assists in compliance with local country laws.
Other	Executive physicals are made available to set the example for active healthy living.
Change in Control	

The Company has change in control provisions in its annual Performance Incentive Plan, its equity plans and some of its retirement plans in which the Named Executive Officers participate. As described beginning on [page 78](#), equity plans include “double-trigger” change in control provisions.

Change in control provisions apply equally to all plan participants. We have no special change in control agreements or arrangements with any of the Named Executive Officers and we do not provide a tax gross-up for any change in control situation.

The change in control provisions are intended to address the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners.

For a more detailed discussion of change in control provisions, see the Payments on Termination or Change in Control section beginning on [page 76](#).

Tax and Accounting Implications of Compensation

Section 162(m) of the Tax Code limits the deductibility of certain compensation to \$1 million per year for certain executive officers employed at year-end. While the Compensation Committee considers tax and accounting implications as one factor when considering executive compensation, they are not the only factors considered. Other important considerations outweigh tax or accounting considerations. In addition, the Compensation Committee reserves the right to establish compensation arrangements that may not be fully tax deductible under applicable tax laws.

The Company's annual and long-term incentive plans have been structured with the intent of being exempt from the deduction limitation of Section 162(m) by enabling the Compensation Committee to grant compensation that constitutes "qualified performance-based compensation" under Section 162(m) of the Tax Code, if the Compensation Committee determines to do so.

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for tax years beginning after December 31, 2017, such that compensation paid to our covered executive officers in

[Back to Contents](#)

excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. In 2017, all annual incentive payments to the Named Executive Officers were deducted.

Despite the Compensation Committee's efforts to structure the Company's annual and long-term incentive plans in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will.

Generally under GAAP, compensation is expensed as earned. Equity compensation is expensed in accordance with ASC Topic 718, which is generally over the vesting period.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Form 10-K.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised entirely of the three independent Directors listed above. No member of the Compensation Committee is a current, or during 2017 was a former, officer or employee of the Company or any of its subsidiaries. During 2017, no member of the Compensation Committee had a relationship that must be described under the SEC rules relating to disclosure of related person transactions. In 2017, none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on the Board or the Compensation Committee of the Company.

COMPENSATION TABLES

The following tables, narrative and footnotes discuss the compensation of (i) the Chairman of the Board, who also served as Chief Executive Officer through April 30, 2017; (ii) the Chief Executive Officer; (iii) the Chief Financial Officer; (iv) the three other most highly compensated executive officers during 2017; and (v) Marcos de Quinto who was an executive officer through April 30, 2017 and would have been one of the three other most highly compensated executive officers for 2017 but for the fact that he was not an executive officer as of December 31, 2017. These individuals are referred to as the Named Executive Officers.

In order to show the effect that the year-over-year change in pension value had on total compensation, as determined under applicable SEC rules, we have included an additional column to show total compensation minus the change in pension value. The amounts reported in the Total Without Change in Pension Value column may differ substantially from the amounts reported in the Total column required under SEC rules and are not a substitute for total compensation. Total Without Change in Pension Value represents total compensation, as determined under applicable SEC rules, minus the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column (but including the nonqualified deferred compensation earnings reported in that column, if any). The change in pension value is subject to many external variables, such as interest rates, that are not related to Company performance. Therefore, we do not believe a year-over-year change in pension value is helpful in evaluating compensation for comparative purposes and instead, believe shareowners may find the accumulated pension benefits in the 2017 Pension Benefits table on [page 74](#) a more useful calculation of the pension benefits provided to the Named Executive Officers.

2

In addition to serving as Chairman of the Board, Mr. Kent served as Chief Executive Officer through April 30, 2017.
2018 Proxy Statement **65**

3

Mr. Quincey was appointed President and Chief Operating Officer effective August 13, 2015 and served in this role through April 30, 2017. Prior to becoming President and Chief Operating Officer, compensation for Mr. Quincey was delivered in British pounds. In calculating the dollar equivalent for items that are not denominated in U.S. dollars, the Company converts each payment into dollars based on an average exchange rate. Mr. Quincey succeeded Mr. Kent as Chief Executive Officer effective May 1, 2017.

4

In addition to serving as Executive Vice President and Chief Financial Officer, Ms. Waller assumed the role of President, Enabling Services effective May 1, 2017.

5

Mr. de Quinto will be retiring from the Company on August 31, 2018. Mr. de Quinto served as Executive Vice President and Chief Marketing Officer through April 30, 2017, when he transitioned to Senior Creative Advisor.

6

Mr. Douglas retired from the Company on March 1, 2018.

7

Mr. Finan will be retiring from the Company on March 31, 2018.

8

Compensation for Mr. de Quinto is provided only for 2017 and 2016 because he was not a Named Executive Officer for 2015. Compensation for Mr. Smith is provided only for 2017 because he was not a Named Executive Officer for 2016 or 2015.

Salary (Column (c))

The amount in the Salary column represents the base salary earned by each of the Named Executive Officers in the applicable year.

Stock Awards (Column (e))

The amount in the Stock Awards column is the grant date fair value of stock awards determined pursuant to ASC Topic 718. For 2017, all of the stock awards reported in the Stock Awards column are PSUs granted under the 2014 Equity Plan, which pay in stock if predetermined performance metrics are met over a three-year period.

If a PSU's minimum performance measure is not met, no award is earned. If at least the minimum performance measure is attained, awards range from 35% to 150% of the target number of shares. In addition, the PSUs are subject to a relative total shareholder return ("TSR") modifier. The relative TSR modifier will reduce or increase the amount of shares earned by 25% if TSR over the three-year performance period relative to our compensation comparator group falls outside of a defined range. See page 58 for more information about the relative TSR modifier.

The amounts for 2017 in the table above reflect the value of the annual PSU grants at the target (or 100%) level. The table below provides the potential value of the 2017 annual PSU grants at the threshold, target and maximum levels. The metrics, targets and status of the outstanding PSU programs are described beginning on [page 58](#).

Pursuant to the relative TSR modifier on PSU awards, the amount of shares earned will be reduced or increased by 25% if TSR over the three-year performance period relative to our compensation comparator group (see [page 61](#)) falls outside of a defined range.

The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 12 to the Company's consolidated financial statements in the Form 10-K. To see the value actually received upon vesting of stock by the Named Executive Officers in 2017, refer to the 2017 Option Exercises and Stock Vested table on [page 73](#). Additional information on all outstanding stock awards is reflected in the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 71](#).

Option Awards (Column (f))

The amounts reported in the Option Awards column represent the grant date fair value of stock option awards granted under the 2014 Equity Plan to each of the Named Executive Officers, calculated in accordance with ASC Topic 718.

The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 12 to the Company's consolidated financial statements in the Form 10-K. To see the value actually received upon exercise of options by the Named Executive Officers in 2017, refer to the 2017 Option Exercises and Stock Vested table on [page 73](#). Additional information on all outstanding option awards is reflected in the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 71](#).

Non-Equity Incentive Plan Compensation (Column (g))

The amounts reported in the Non-Equity Incentive Plan Compensation column reflect the amounts earned by each Named Executive Officer under the Company's annual Performance Incentive Plan. The Annual Incentive Compensation section of the Compensation Discussion and Analysis, which begins on [page 56](#), describes how the 2017 Performance Incentive Plan awards to the Named Executive Officers were determined.

Change in Pension Value and Nonqualified Deferred Compensation Earnings (Column (h))

The amounts reported for each year in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are comprised of changes in the actuarial present value of the accumulated pension benefits of each of the Named Executive Officers under the applicable pension plan during such year.

Pension values may fluctuate significantly from year to year depending on a number of factors, including age, years of service, average annual earnings and the assumptions used to determine the present value, such as the discount rate. The assumptions used by the Company in calculating the change in pension value are described on [page 74](#). For 2017,

the discount rate assumption used to determine the actuarial present value of accumulated pension benefits was lower than in 2016. For Mr. Kent, this lower discount rate

2018 Proxy Statement **66**

[Back to Contents](#)

assumption was a significant reason for the increase in pension value in 2017. For 2015, \$0 was reported because there was a decrease of \$520,561 in the pension value.

The Company cautions that the values reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are theoretical as those amounts are calculated pursuant to SEC requirements and are based on assumptions used in preparing the Company's audited financial statements for the applicable fiscal years. The Company's retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The change in pension value from year to year as reported in the table is subject to market volatility and may not represent the value that a Named Executive Officer will actually accrue or receive under the Company's retirement plans during any given year.

None of the Named Executive Officers received above-market or preferential earnings (as these terms are defined by the SEC) on their nonqualified deferred compensation accounts.

The material provisions of the Company's retirement plans and deferred compensation plans in which the Named Executive Officers participate are described in the Summary of Plans in Annex B beginning on [page 98](#).

All Other Compensation (Column (i))

The amounts reported in the All Other Compensation column reflect, for each Named Executive Officer, the sum of (i) the incremental cost to the Company of all perquisites and other personal benefits, (ii) the amount of any tax reimbursements, (iii) the amounts contributed by the Company to applicable Company 401(k) and savings plans and (iv) the dollar value of life insurance premiums paid by the Company. Amounts contributed to Company 401(k) and savings plans are calculated on the same basis for all participants in the relevant plan, including the Named Executive Officers. The material provisions of the Company 401(k) and savings plans in which the Named Executive Officers participate are described in the Summary of Plans in Annex B beginning on [page 98](#).

The following table outlines those perquisites and other personal benefits and additional all other compensation required by SEC rules to be separately quantified for 2017. A dash indicates that the Named Executive Officer received the perquisite or personal benefit but the amount was not required to be disclosed under SEC rules. The narrative following the table describes all categories of perquisites and other personal benefits provided by the Company in 2017.

Aircraft Usage

The Company owns and operates business aircraft to allow employees to safely and efficiently travel for business purposes around the world. Given the Company's significant global presence, we believe it is a business imperative for senior leaders to be on the ground at our global operations. The Company aircraft allow employees to be far more productive than if commercial flights were utilized, as the aircraft provide a confidential and highly productive environment in which to conduct business without the schedule constraints imposed by commercial airline service.

The Company aircraft are made available to the Named Executive Officers for their personal use in the following situations:

The Company aircraft is the Board's strongly preferred method for all travel by Mr. Quincey, for both business and personal travel. This is for security purposes due to the high profile and global nature of our business and our highly symbolic and well-recognized brands, as well as to ensure that he can be immediately available to respond to business priorities from any location around the world. This arrangement also allows travel time to be used productively for the Company. Mr. Quincey and his immediate family traveling with him use the Company aircraft for a reasonable number of personal trips. Personal use of the Company aircraft results in imputed taxable income. Mr. Quincey is not provided a tax reimbursement for personal use of aircraft.

For the same reasons as Mr. Quincey, personal use of the Company aircraft is permitted for Mr. Kent as Chairman of the Board. Beginning with travel occurring after May 1, 2017, following Mr. Quincey's succession to Chief Executive Officer of the Company, Mr. Kent reimburses the Company for eligible routine personal travel, as permitted by the Federal Aviation Administration. The amount shown in the table above for Mr. Kent reflects the Company's incremental cost of personal use of the Company aircraft, reduced by the amounts reimbursed by Mr. Kent.

No other Named Executive Officer uses the Company aircraft for personal purposes except in extraordinary circumstances. The

[Back to Contents](#)

Company aircraft was not used for personal purposes by Named Executive Officers in 2017, other than Messrs. Kent and Quincey.

Infrequently, spouses and guests of Named Executive Officers ride along on the Company aircraft when the aircraft is already going to a specific destination for a business purpose. This use has minimal cost to the Company and, where applicable, a nominal amount is included in the All Other Compensation table above. Income is imputed to the Named Executive Officer for income tax purposes, but no tax reimbursement is provided since such persons are not traveling for a business purpose.

In determining the incremental cost to the Company of personal use of the Company aircraft, the Company calculates, for each aircraft, the direct variable operating costs on an hourly basis, including all costs that may vary by the hours flown. Items included in calculating this cost are as follows:

- aircraft fuel and oil;
- travel, lodging and other expenses for crew;
- prorated amount of repairs and maintenance;
- prorated amount of rental fee on airplane hangar;
- catering;
- logistics (landing fees, permits, etc.);
- telecommunication expenses and other supplies; and
- the amount, if any, of disallowed tax deductions associated with such use.

When the aircraft is already flying to a destination for business purposes, only the direct variable costs associated with the additional passenger (for example, catering) are included in determining the aggregate incremental cost to the Company. While it happens very rarely, if an aircraft flies empty before picking up or after dropping off a passenger flying for personal reasons, this “deadhead” segment would be included in the incremental cost.

Car and Driver

Mr. Kent is provided with a car and driver in the U.S. both for security purposes and to maximize his efficiency during business hours. When not being utilized by Mr. Kent, the car and driver are used for other Company business. However, the Company has included the entire cost of the car and driver, including all salary, benefits and related employment costs. A car and driver are made available to Mr. Kent in Turkey for security purposes. No other Named Executive Officer is provided with a car or driver.

Security

The Company provides a security program for Mr. Kent. This includes monitoring equipment at his homes and Company-paid security personnel. Upon becoming President and Chief Operating Officer in 2015, security upgrades were made to Mr. Quincey's residence and monitoring costs were incurred in 2017. No other Named Executive Officer is provided with Company-paid security, except where necessary when traveling overseas, and with respect to Mr. de Quinto, security services provided pursuant to his international service program benefits.

International Service Program Benefits

The Company provides benefits to globally mobile associates under various international service programs, the material provisions of which are described on [page 100](#). These programs are designed to relocate and support employees who are sent on an assignment outside of their home country. The purpose of the programs is to make sure that when the Company requests that an employee move outside his or her home country, economic considerations do not play a role. This helps the Company quickly meet its business needs around the world and develop its employees.

In connection with Mr. Quincey's appointment as President and Chief Operating Officer and to support his transition to Atlanta from the UK, Mr. Quincey received benefits under an international service program through April 30, 2017. Benefits related to his participation in the program and relocation to the U.S. were paid in 2017 and may be paid in future years.

Mr. de Quinto, a Spanish national, is provided with benefits under an international service program. In addition, he received additional benefits related to his relocation to the U.S.

Mr. Smith participated in an international service program through July 31, 2016 because he was a U.S. citizen based in Mexico. Currently, Mr. Smith is based in the U.S. and therefore no longer participates in the program. However, certain benefits related to his participation in the program and repatriation to the U.S. were paid in 2017 and may be paid in future years.

The costs to the Company in 2017 were as follows:

Name	Relocation	Security	Home Leave	Housing Allowance	Host Country Allowance	Tax Equalization ¹	Other Program Allowances
Mr. Quincey	\$ 0	\$ 0	\$ 0	\$ 55,620	\$ 2,490	\$ 331,052	\$ 160
Mr. de Quinto	0	199,142	9,300	198,503	7,755	972,198	237,807
Mr. Smith	9,734	0	0	0	0	78,718	0

1

The tax equalization amount may differ significantly from year to year due to differences in timing of payments and tax reporting years in various countries.

Financial and Tax Planning

The Company provides a taxable reimbursement to the Named Executive Officers for financial planning services, which may include tax preparation and estate planning services. No tax gross-ups are provided to the Named Executive Officers for this benefit.

Other Perquisites

The Company makes available executive physicals to executives, including the Named Executive Officers.

Additional All Other Compensation

Tax Reimbursement

The amounts reported in the table on [page 67](#) represent tax reimbursements for certain Named Executive Officers. All amounts for 2017 are related to business use of the Company aircraft. No Named Executive Officer is provided a tax reimbursement for personal use of aircraft, but Named Executive Officers are provided a tax reimbursement for taxes incurred when a spouse travels for business purposes. These taxes are incurred because of the Internal Revenue Service's extremely limited rules concerning business travel by spouses. It is sometimes necessary for spouses to accompany Named Executive Officers to business functions. In contrast to personal use, the Company does not believe an employee should pay personally when travel is required or important for business purposes.

To calculate taxable income, the Standard Industry Fare Level rates set by the Internal Revenue Service are used. Where a tax reimbursement is authorized, it is calculated using the highest marginal federal tax rate, applicable state rate and Medicare rates. The rate used to calculate taxable income has no relationship to the incremental cost to the Company associated with the use of the aircraft.

Company Contributions to Company 401(k) and Savings Plans

The Company makes matching contributions to Named Executive Officers who participate in applicable Company 401(k) or savings plans on the same terms and using the same formulas as other participating employees. In 2017, all Named Executive Officers except for Mr. de Quinto participated in the Company 401(k) Plan and Supplemental 401(k) Plan.

The amounts reported in the table on [page 67](#) represent the following contributions in 2017:

Mr. Kent – \$9,450 to the 401(k) Plan and \$176,050 to the Supplemental 401(k) Plan.

Mr. Quincey – \$9,450 to the 401(k) Plan and \$20,883 to the Supplemental 401(k) Plan.

Ms. Waller – \$9,450 to the 401(k) Plan and \$56,178 to the Supplemental 401(k) Plan.

Mr. Douglas – \$9,450 to the 401(k) Plan and \$56,067 to the Supplemental 401(k) Plan.

Mr. Finan – \$9,450 to the 401(k) Plan and \$70,112 to the Supplemental 401(k) Plan.

Mr. Smith – \$9,450 to the 401(k) Plan and \$41,443 to the Supplemental 401(k) Plan.

In 2017, Mr. Quincey, through April 30, 2017, and Mr. de Quinto participated in the Mobile Employees Retirement Plan, which is included in the 2017 Pension Benefits table on [page 74](#).

Life Insurance Premiums

The Company provides life insurance to U.S.-based employees, including the Named Executive Officers. In 2017, this coverage was equal to the lesser of 1.5 times pay or \$2 million. The amounts reported in the table on [page 67](#) represent the premiums paid for this insurance by the Company.

Estimated Future Payouts Under Non-Equity Incentive Plan Awards (Annual Incentive)
(Columns (c), (d) and (e))

The amounts represent the possible awards under the annual Performance Incentive Plan as described beginning on [page 56](#). Actual payments under these awards were determined in February 2018, will be paid in March 2018 and are included in the Non-Equity Incentive Plan Compensation column (column (g)) of the 2017 Summary Compensation Table.

Estimated Future Payouts Under Equity Incentive Plan Awards (PSUs) (Columns (f),
(g) and (h))

The awards represent PSUs granted in February 2017. The performance period for the awards is from January 1, 2017 to December 31, 2019. The awards are subject to an additional holding period through February 2021 and a relative TSR modifier. The grant date fair value is included in the Stock Awards column (column (e)) of the 2017 Summary Compensation Table. For additional details of the PSU awards granted in 2017, see the discussion beginning on [page 57](#).

All Other Option Awards and Exercise Price of Option Awards (Stock Options) (Columns (j) and (k))

The awards represent stock options granted in February 2017. These options have a term of ten years from the grant date and vest 25% on the first, second, third and fourth anniversaries of the grant date. The exercise price of stock options is the average of the high and low price of Common Stock on the grant date.

1

For each person, the same years of service apply to both the TCCC Pension Plan and the TCCC Supplemental Pension Plan, which work in tandem.

2

In May 2017, Mr. Quincey stopped participating in an international service program and localized to the U.S. As a result, Mr. Quincey began participating again in the TCCC Pension Plan and TCCC Supplemental Pension Plan, and stopped accruing benefits in the Mobile Plan.

3

In July 2015, Mr. Finan stopped participating in an international service program. As a result, Mr. Finan began participating in the TCCC Pension Plan and TCCC Supplemental Pension Plan, and stopped accruing benefits under the Mobile Plan.

The Company provides retirement benefits from various plans to its employees, including the Named Executive Officers. Due to the Company's global operations, it maintains different plans to address different market conditions, various legal and tax requirements and different groups of employees.

In 2017, all Named Executive Officers except Mr. de Quinto participated in or had a benefit under The Coca-Cola Company Pension Plan (the “TCCC Pension Plan”) and The Coca-Cola Company Supplemental Pension Plan (the “TCCC Supplemental Pension Plan”). In 2017, Messrs. Quincey and de Quinto participated in the Mobile Employees Retirement Plan (the “Mobile Plan”). Mr. Finan has a benefit under the Mobile Plan for the period he was covered under an international service program. Additional details of these plans are described in the Summary of Plans in Annex B beginning on [page 98](#). The table above reflects the present value of benefits accrued by each of the Named Executive Officers from the applicable plans.

Compensation used for determining pension benefits under the TCCC Pension Plan, the TCCC Supplemental Pension Plan and the Mobile Plan generally includes only salary and short-term cash incentives. The amounts reflected for each plan represent the present value of the maximum benefit payable under the applicable plan. In some cases, the payments may be reduced for early retirement or by benefits paid by other Company-sponsored retirement plans, statutory payments or Social Security.

The Company generally does not grant additional years of benefit service, and no Named Executive Officer has been credited with additional years of benefit service.

The discount rate assumption used by the Company in calculating the present value of accumulated benefits was 3.63% for the TCCC Pension Plan and 3.60% for the TCCC Supplemental Pension Plan. Additional assumptions used by the Company in calculating the present value of accumulated benefits are incorporated herein by reference to Note 13 to the Company’s consolidated financial statements in the Form 10-K. The calculations assume that the Named Executive Officer continues to live at least until the earliest age at which an unreduced benefit is payable.

The Company’s retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The traditional pension benefit under the TCCC Supplemental Pension Plan is paid in the form of an annuity if the employee has reached at least age 55 with ten years of service at the time of his or her separation from the Company. Therefore, Ms. Waller and Messrs. Kent, Douglas and Smith are required to take the traditional pension benefit portion of their TCCC Supplemental Pension Plan benefit in the form of an annuity.

2017 Nonqualified Deferred Compensation

The following table provides information on the Named Executive Officers' participation in The Coca-Cola Company Deferred Compensation Plan (the "Deferred Compensation Plan") and the Supplemental 401(k) Plan, as applicable. These plans either allow eligible employees to defer part of their salary and annual incentive on a voluntary basis or make employees whole when the Company matching contribution is limited under the tax-qualified plan. The Company matching contribution under the Supplemental 401(k) Plan was provided at the same rate as the match in the 401(k) Plan. The Company does not match any additional voluntary deferrals.

Additional details of the Deferred Compensation Plan and the Supplemental 401(k) Plan are described in the Summary of Plans in Annex B beginning on [page 98](#).

Executive Contributions in Last Fiscal Year (Column (b))

Ms. Waller and Mr. Smith contributed to the Deferred Compensation Plan in 2017.

Registrant Contributions in Last Fiscal Year (Column (c))

All Company matching contributions shown are included in the “All Other Compensation” column of the 2017 Summary Compensation Table.

Aggregate Earnings in Last Fiscal Year (Column (d))

The earnings reflected in column (d) represent deemed investment earnings or losses from voluntary deferrals and Company contributions, as applicable. The Deferred Compensation Plan and the Supplemental 401(k) Plan do not guarantee a return on deferred amounts. For these plans, no amounts included in column (d) are reported in the 2017 Summary Compensation Table because the plans do not provide for above-market or preferential earnings.

Aggregate Balance at Last Fiscal Year-End (Column (f))

The amounts reflected in column (f) for Ms. Waller and Messrs. Kent, Douglas and Finan, with the exception of amounts reflected in columns (b), (c) and (d), if any, have been reported in prior Company proxy statements. For Messrs. Quincey and Smith, no portion of the amount in column (f) has been reported in prior Company proxy statements because Mr. Quincey reentered the Supplemental 401(k) Plan in 2017, and because Mr. Smith was not a Named Executive Officer prior to 2017.

PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

General

Most of the Company's plans and programs contain specific provisions detailing how payments are treated upon termination or change in control. The specific termination and change in control provisions under these plans, which are described below, apply to all participants in each plan. The termination scenarios described in this section include voluntary separation, involuntary separation, disability and death. For more information on the plans described below, see Summary of Plans in Annex B beginning on [page 98](#).

Named Executive Officer Retirements

As noted above, several of the Named Executive Officers departed or will be departing the Company in 2018. On March 1, 2018, Mr. Douglas retired from the Company. Upon retirement, Mr. Douglas received only the retirement and other benefits he was entitled to under the standard terms of the applicable Company programs. He did not receive any severance benefits.

On March 31, 2018, Mr. Finan will be retiring from the Company. As previously disclosed, in connection with his retirement, the Company and Mr. Finan entered into a Separation Agreement and Full and Complete Release Agreement on Trade Secrets and Confidentiality on December 7, 2017, which govern the terms of his retirement (the "Finan Separation Agreement"). Pursuant to the Finan Separation Agreement, among other things, Mr. Finan will receive severance benefits under the terms of The Coca-Cola Company Severance Pay Plan (the "TCCC Severance Plan") upon his retirement. If Mr. Finan remains employed through March 31, 2018, he will receive an annual incentive award for 2018, prorated for three months and payable in March 2019. Mr. Finan will not receive any further equity grants. All of Mr. Finan's outstanding equity incentive awards will be treated in accordance with the related equity plans and related agreements (see the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 71](#)). Mr. Finan's retirement benefits will consist of those benefits accrued and vested under the standard terms and conditions of the plans in which he participates (see 2017 Pension Benefits table beginning on [page 74](#)).

On August 31, 2018, Mr. de Quinto will be retiring from the Company. As previously disclosed, in connection with his retirement, the Company and Mr. de Quinto entered into a Separation Agreement and Full and Complete Release Agreement on Trade Secrets and Confidentiality on March 20, 2017, which govern the terms of his retirement (the "de Quinto Separation Agreement"). Pursuant to the de Quinto Separation Agreement, among other things, the Company will pay standard repatriation allowances for Mr. de Quinto to repatriate to Spain upon retirement if he chooses; Mr. de Quinto will continue to receive standard assignment-related allowances through his retirement date; and the Company made the annual payment for Mr. de Quinto's security in Spain for 2018. If Mr. de Quinto remains employed through August 31, 2018, he will receive an annual incentive award for 2018, prorated for eight months and payable in March 2019. Mr. de Quinto will not receive any further equity grants. All of Mr. de Quinto's outstanding equity incentive awards will be treated in accordance with the related equity plans and related agreements (see the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 71](#)). Mr. de Quinto's retirement benefits will consist of those benefits accrued and vested under the standard terms and conditions of the plans in which he participates (see 2017 Pension Benefits table beginning on [page 74](#)).

In accordance with the SEC's rules, the remainder of this section assumes that employment for each of Messrs. Douglas, Finan and de Quinto was terminated or a change of control of the Company occurred as of December 31, 2017 and does not take into account Mr. Douglas' retirement or the terms of the Finan and de Quinto Separation Agreements described above.

Change in Control

The change in control provisions in the various Company plans were adopted to mitigate the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners. Thus, the change in control provisions are designed with the intention of ensuring that employees are neither harmed nor given a windfall in the event of a change in control. The Company's plans generally provide that a change in control may occur upon (i) greater than a 20% change in ownership of the Company; (ii) a change of the majority of the Board within a two-year period; or (iii) certain merger and consolidation transactions. As described below, Company equity plans include "double-trigger" change in control provisions.

The Company does not have individual change in control agreements and no tax gross-up is provided for any taxes incurred as a result of a change in control payment. The Board can determine prior to the potential change in control that no change in control will be deemed to have occurred.

Severance Plan

All of the Named Executive Officers other than Mr. de Quinto are covered by the TCCC Severance Plan.

Termination, Death, Disability

Generally, benefits are payable under the TCCC Severance Plan when an employee is terminated involuntarily due to specific circumstances, such as an internal reorganization or position elimination. The maximum cash severance benefit under this plan is two years of base pay, payable as a lump sum. For Mr. de Quinto, if terminated involuntarily other than for cause, he is entitled to receive two times the amount of his base salary that exceeds \$750,000 at the time of separation.

Change in Control

There are no separate change in control provisions included in the TCCC Severance Plan.

Annual Incentive Plan

All of the Named Executive Officers participated in the annual Performance Incentive Plan in 2017.

Termination, Death, Disability

Generally, participants employed on December 31 are eligible to receive a cash incentive for the year, regardless of whether employment continues through the payment date. Employees who (i) terminate employment prior to December 31 who are at least 55 years of age with ten years of service; (ii) die; or (iii) move to an affiliate generally receive a prorated incentive based on actual Company performance and the portion of the year actually worked.

Change in Control

Upon a change in control, participants receive the target amount of the annual incentive after the end of the performance year. This amount is prorated if the participant leaves during the year.

Deferred Compensation Plans

All of the Named Executive Officers except Messrs. Quincey and de Quinto were eligible to participate in the Deferred Compensation Plan in 2017. However, not all chose to participate.

Termination, Death, Disability

Under the Deferred Compensation Plan, employees who terminate employment after age 50 with five years of service receive payments based on elections made at the time they elected to defer compensation. Other employees receive a lump sum after termination. Individuals who are designated as “specified employees” under Section 409A of the Tax Code may not receive payments for at least six months following termination of employment to the extent the amounts were deferred after January 1, 2005. There are no enhanced benefits payable under the Deferred Compensation Plan upon a participant’s death or disability.

Change in Control

Upon a change in control, any Company discretionary contributions to the Deferred Compensation Plan vest. No Named Executive Officers have received a Company discretionary contribution.

Equity Plans

All of the Named Executive Officers participated in the Company's equity plans in 2017.

Termination

The treatment of equity upon termination of employment depends on the reason for the termination and the employee's age and length of service at termination. The chart below details the termination provisions of the various equity award types.

Award Type	Separation Prior to Meeting Age/Service Requirement ¹	Separation After Meeting Age/Service Requirement ¹
Stock Options	Employees have six months to exercise vested options. Unvested options are forfeited.	All options held at least 12 months vest. Employees have the full remaining term to exercise the options.
Restricted Stock/ Restricted Stock Units	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met.	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met. Some grants vest upon meeting age and service requirements.
PSUs	All PSUs are forfeited if separation occurs prior to satisfaction of performance measures and holding requirements.	For grants held at least 12 months, the employee receives the same number of earned shares as active employees after the results are certified.

¹

The age and service requirement is generally age 60 with at least ten years of service. In 2012, the Compensation Committee approved a special equity program for employees who are at least age 50 with at least ten years of service and are involuntarily terminated. This program provides that (i) outstanding stock options held at least 12 months will not be forfeited and continue to vest for up to four years and (ii) outstanding PSUs held at least 12 months will not be forfeited and a prorated amount will be released after the results are certified. Executive officers are not eligible for this program without specific approval by the Compensation Committee. No Named Executive Officer has been made eligible for the program. Equity plans and award agreements were amended in February 2013 to apply these provisions to all grants beginning in 2013 for all eligible employees.

Death

If an employee dies, all options vest if the options have been accepted. The employee's estate has five years from the date of death to exercise the options. Restricted stock and restricted stock units vest and are released to the employee's estate. For PSUs, if death occurs during the performance period, the employee's estate receives a cash payment equal to the value of the target number of shares. For PSUs where performance has been certified, the employee's estate receives a cash payment based on the certified results within 90 days.

Disability

If an employee terminates employment because of disability, all options become nonforfeitable, and the employee has the full remaining term to exercise the options. Restricted stock and restricted stock units vest and are released to the employee. For PSUs in the performance period, the employee receives shares equal to the number of shares that the employee would have earned based on actual performance after the end of the performance period.

Change in Control

Beginning with awards in 2015, the treatment of equity upon a change in control is governed by the 2014 Equity Plan. Awards granted prior to 2015 were governed by applicable plans and agreements. The chart below details the double-trigger change in control provisions of the various equity award types if awards are assumed by the successor company. If awards are not assumed by the successor company, accelerated vesting generally occurs upon a change in control.

Award Type	Grants Prior to 2015	Grants Beginning in 2015
Stock Options	Options vest if an employee is terminated within two years following the change in control.	Options vest if an employee is terminated without cause within one year following the change in control.
Restricted Stock/ Restricted Stock Units	Shares vest if an employee is terminated within two years following the change in control.	Shares vest if an employee is terminated without cause within one year following the change in control. PSUs vest if an employee is terminated without cause within two years following the change in control (i) at the target level if the change in control occurs during the first half of the performance period and (ii) based on actual performance if the change in control occurs during the second half of the performance period. In each case, the final payout is prorated based on time worked in the performance period.
PSUs	PSUs vest at the target level if an employee is terminated within two years following the change in control.

Retirement and 401(k) Plans

All of the Named Executive Officers except Mr. de Quinto were participants in the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan and the Supplemental 401(k) Plan in 2017. Mr. de Quinto participated in the Mobile Plan in 2017, and Mr. Quincey participated in the Mobile Plan until May 1, 2017, when he was localized to the U.S. Mr. Quincey has a benefit under the Coca-Cola UK Stakeholder Pension Plan (the “UK Savings Plan”) related to a prior period of employment. Mr. de Quinto has a benefit under a retirement plan in Spain (the “Spanish Savings Plan”) related to a prior period of employment. Mr. Finan participated in the Mobile Plan until he was localized to the U.S. in 2015.

Termination, Death, Disability

No payments may be made under the TCCC Pension Plan or the TCCC Supplemental Pension Plan until an employee has separated from service and met eligibility requirements. Generally, no payments may be made under the 401(k) Plan, the Supplemental 401(k) Plan or the Mobile Plan until separation from service, except distributions may be taken from the 401(k) Plan after age 59½ and distributions related to mandatory tax payments may be made under the Mobile Plan, whether or not the employee has terminated employment.

Individuals who are designated as “specified employees” under Section 409A of the Tax Code, which include the U.S.-based Named Executive Officers, may not receive payments from the TCCC Supplemental Pension Plan, the Supplemental 401(k) Plan or the Mobile Plan for at least six months following termination of employment.

There are no enhanced benefits payable under the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan, the UK Savings Plan or the Spanish Savings Plan upon a participant’s death or disability.

Change in Control

The TCCC Pension Plan and the TCCC Supplemental Pension Plan contain change in control provisions that affect all participants equally, including the participating Named Executive Officers. These provisions provide an enhanced benefit to vested participants for benefits accrued under the defined benefit formula if certain conditions are met, including that the employee must actually leave the Company within two years of a change in control. A change in control has no effect on the cash balance portion of the TCCC Pension Plan and there are no additional credited years of service. Upon a change in control under the TCCC Pension Plan and the TCCC Supplemental Pension Plan, the earliest retirement age is reduced resulting in an enhanced benefit for participants who have not reached the earliest retirement age.

The 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan, the UK Savings Plan and the Spanish Savings Plan do not have special provisions for change in control.

Quantification of Payments upon Termination or Change in Control

The following table and footnotes describe the potential payments to the Named Executive Officers upon termination of employment or a change in control of the Company as of December 31, 2017. While Mr. Douglas retired on March 1, 2018, and Messrs. de Quinto and Finan will be retiring later in 2018, this section assumes the applicable triggering event occurred on December 31, 2017.

The table does not include:

compensation or benefits previously earned by the Named Executive Officers or equity awards that are fully vested;

the value of pension benefits that are disclosed in the 2017 Pension Benefits table beginning on page 74, except for any pension enhancement triggered by the event, if applicable;

the amounts payable under deferred compensation plans that are disclosed in the 2017 Nonqualified Deferred Compensation table on page 75; or

the value of any benefits (such as retiree health coverage, life insurance and disability coverage) provided on the same basis to substantially all other employees in the country in which the Named Executive Officer works.

1

Except upon a change in control, no amounts are included for the Performance Incentive Plan because the Named Executive Officers would be entitled to the same payment regardless of whether the event occurred. Upon a change in control, the target annual incentive amount is guaranteed (subject to proration if the participant leaves before the end of the year).

2

Represents the intrinsic value of the acceleration of vesting of any stock options that vest upon the event. Intrinsic value is the difference between the exercise price of the stock option and the closing price of Common Stock, which was \$45.88 on December 29, 2017, the last trading day of the year.

3

No amounts are included for the 2015-2017, 2016-2018 and 2017-2019 PSU programs for Voluntary Separation, Involuntary Separation and Disability because the PSUs remain subject to performance requirements even after the event. See [page 58](#) for the status of these PSU programs.

4

For Mr. Quincey, represents the value of a more favorable early retirement subsidy in the event of a change in control and subsequent termination. No other Named Executive Officer would receive a pension enhancement upon a change in control.

Voluntary Separation (Column (a))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Messrs. Kent, Finan and Smith because each has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. The amount included in “PSUs and Restricted Stock Units” for these Named Executive Officers reflects the value of the shares earned under the 2014-2016 PSU program. Ms. Waller and Messrs. Quincey, de Quinto and Douglas have not satisfied the age and service requirement for acceleration of any equity awards, and therefore, no additional payments would be triggered upon voluntary separation.

Involuntary Termination (Column (b))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Messrs. Kent, Finan and Smith because each has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Ms. Waller and Messrs. Quincey, de Quinto and Douglas because involuntary termination triggers continued vesting of equity awards granted beginning in 2013 after the age and service requirement has been met. The amount included in “PSUs and Restricted Stock Units” reflect the value of the shares earned under the 2014-2016 PSU program.

Death (Column (c))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because death triggers acceleration of vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares earned under the 2014-2016 PSU program; (ii) the value of the target number of shares granted under the 2015-2017, 2016-2018 and 2017-2019 PSU programs; and (iii) for Messrs. Quincey and Douglas, the value of time-based restricted stock units.

Disability (Column (d))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because termination of employment caused by disability triggers acceleration of vesting or continued vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares earned under the 2014-2016 PSU program and (ii) for Messrs. Quincey and Douglas, the value of time-based restricted stock units.

Change in Control (Column (e))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for all Named Executive Officers because a change in control triggers acceleration of vesting of certain equity awards. Since equity awards have double-trigger change in control provisions, the table above assumes that both a change in control and a subsequent termination of employment have occurred. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares earned under the 2014-2016 PSU program; (ii) the value of the number of shares granted under the 2015-2017 PSU program at the maximum award level; (iii) the value of the target number of shares granted under 2016-2018 and 2017-2019 PSU programs, but prorated for one and two years of the performance period, respectively; and (iv) for Messrs. Quincey and Douglas, the value of time-based restricted stock units.

Includes 172,618,005 shares issuable pursuant to outstanding options under the 2014 Equity Plan, The Coca-Cola Company 1999 Stock Option Plan, The Coca-Cola Company 2002 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan. The weighted-average exercise price of such options is \$35.02. Also includes 11,746,231 full-value awards of shares outstanding under the 2014 Equity Plan, 1989 Restricted Stock Award Plan and The Coca-Cola Company 1983 Restricted Stock Award Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. In connection with the acquisition (“CCE Transaction”) of the former North America business of Coca-Cola Enterprises Inc. (“CCE”), certain outstanding awards relating to CCE common stock granted under shareowner-approved CCE equity incentive plans were replaced with awards relating to the Company’s Common Stock. As a result, the table above includes 324,393 shares issuable pursuant to outstanding options under the Coca-Cola Enterprises Inc. 2007 Incentive Award Plan, which was assumed by the Company in connection with the CCE Transaction. The weighted-average exercise price of such options is \$12.86.

2

The weighted-average term of the outstanding options is 4.84 years.

3

Includes 413,491,461 shares that may be issued pursuant to future awards under the 2014 Equity Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. The 2014 Equity Plan uses a fungible share pool under which each share issued pursuant to an option reduces the number of shares available by one share, and each share issued pursuant to awards other than options reduces the number of shares available by five shares. See Long-Term Incentive

Compensation beginning on [page 57](#) for more information, including the Equity Stewardship Guidelines, which include a burn rate commitment. With this burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares that may be used is estimated not to exceed 200,000,000 (based on Common Stock outstanding decreasing by 1% each year). Also includes, 2,732,413 options which may be issued pursuant to future awards under The Coca-Cola Company 1999 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan and 236,842 shares of Common Stock that may be issued pursuant to the 1989 Restricted Stock Award Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. The maximum term of the options is ten years. Share units credited under the Supplemental 401(k) Plan and the Directors' Plan are not included in the table above since payouts under those plans are in cash.

The Company or its applicable subsidiary provides a matching contribution in Common Stock under various plans throughout the world. No shares are issued by the Company under any of these plans, and therefore these plans are not included in the table above. Shares are purchased on the open market by a third-party trustee. These plans are exempt from the shareowner approval requirements of the NYSE. These plans are as follows:

401(k) and Savings Plans (U.S.). There are several 401(k) and savings plans in the U.S. that include a Company matching contribution component, including the Company's primary plan, the 401(k) Plan. Under the 401(k) Plan, the Company matches employee contributions up to a maximum of 3.5% of an employee's compensation, subject to limits imposed by the Tax Code. Employees vest in the matching contributions over two years. Generally, employees may not withdraw the matching contributions until termination of employment. The other 401(k) and savings plans that include a Common Stock matching contribution component match employee contributions up to a maximum of between 3% to 6% of an employee's compensation, subject to limits imposed by the Tax Code, include vesting provisions of between two and three years and have similar withdrawal restrictions as the 401(k) Plan.

The Coca-Cola Export Corporation Employee Share Savings Scheme (UK). The company matches employee contributions to a maximum of £1,500 per year. The employee is vested in the matching contributions once a month when matching shares of Common Stock are purchased. However, the matching shares of Common Stock may not be withdrawn before a five-year holding period without adverse tax consequences.

Employees' Savings and Investment Plan of Coca-Cola Ltd. (Canada). After completing 12 months of employment and a specified minimum hours of service, the company matches 50% of an employee's contributions of 7% to 3.5% of eligible earnings, based on an employee's date of employment. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until termination of employment.

Employee Savings and Investment Plan of Coca-Cola Refreshments Canada Company (Canada). After one year of employment, the company matches 50% of a full-time employee's contributions of 2% to 6% (union) or 2% to 7% (non-union) of eligible earnings, up to a maximum of 3% or 3.5%, as applicable. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until termination of employment.

Employee Stockholding Program (Japan). The employee must be employed for at least three years in order to participate, and the company matches contributions up to 1.8% of an employee's annual base salary. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until the employee terminates from the company or the employee requests to terminate from the plan. Specific regulations apply for cases when employees request to terminate from the plan.

Share Savings Plan (Denmark). The company matches contributions up to 3% of an employee's salary. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn for ten years without tax liability.

The Company also sponsors employee share purchase plans in several jurisdictions outside the U.S. The Company does not grant or issue Common Stock pursuant to these plans, but does facilitate the acquisition of Common Stock by employees in a cost-efficient manner. These plans are not equity compensation plans.

PAY RATIO DISCLOSURE

Under Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, the Company is required to provide the ratio of the annual total compensation of Mr. Quincey, who has served as the Company's Chief Executive Officer since May 1, 2017, to the annual total compensation of the median employee of the Company (the "Pay Ratio Disclosure").

For 2017, the median annual total compensation of all employees of the Company and its consolidated subsidiaries (other than the Chief Executive Officer) was \$47,312. Mr. Quincey's annual total compensation for 2017 for purposes of the Pay Ratio Disclosure was \$10,874,694. Based on this information, for 2017, the ratio of the compensation of the Chief Executive Officer to the median annual total compensation of all other employees was estimated to be 230 to 1.

To identify, and to determine the annual total compensation of, the median employee, we used the following methodology:

We collected the payroll data of all employees globally, whether employed on a full-time, part-time, temporary or seasonal basis as of October 1, 2017.

We annualized the compensation of all permanent full-time and part-time employees who were hired by the Company and its consolidated subsidiaries between January 1 and October 1, 2017. We applied an exchange rate as of October 1, 2017, to convert all international currencies into U.S. dollars.

We used total base pay as of October 1, 2017, as our consistently applied compensation measure. We identified all employees within 5% of the median, and from this group used statistical sampling to select an employee as a reasonable representative of our median employee.

Using this methodology, we determined that the median employee was a non-exempt, full-time employee located in the U.S. with an annual total compensation of \$47,312 for 2017, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which includes base pay, overtime pay and the Company's matching contribution to that employee's 401(k) plan, as well as the change in pension value during 2017 under the TCCC Pension Plan.

Mr. Quincey served as Chief Executive Officer on October 1, 2017, the determination date of the median employee. Because Mr. Quincey did not serve as the Chief Executive Officer for the entirety of 2017, we elected to annualize the following components of his compensation for purposes of the Pay Ratio Disclosure as if he were the Chief Executive Officer for the full year ending December 31, 2017: base salary, annual incentive and aircraft usage, as well as the Company's matching contributions to Mr. Quincey in the 401(k) Plan and the Supplemental 401(k) Plan. No other adjustments were made to the remaining components of Mr. Quincey's annual total compensation as reported in the 2017 Summary Compensation Table. As a result of these annualizing adjustments, for purposes of the Pay Ratio Disclosure, Mr. Quincey's annual total compensation of \$10,874,694 for 2017 differs from the amount of \$10,582,230 reported for Mr. Quincey in the 2017 Summary Compensation Table (see [page 65](#)).

The Pay Ratio Disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the Pay Ratio Disclosure may not be comparable to the pay ratio reported by other companies.

AUDIT MATTERS

REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates under a written charter adopted by the Board that outlines its responsibilities and the practices it follows. You can view the charter on the Company's website, www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance," then "Board Committees & Charters." The Audit Committee reviews and assesses the adequacy of its charter at least annually and, when appropriate, recommends changes to the Board to reflect the evolving role of the Audit Committee.

The Audit Committee is composed of non-employee Directors who meet the independence and financial literacy requirements of the NYSE and additional, heightened independence criteria applicable to members of the Audit Committee under SEC and NYSE rules. The Board has designated Ronald W. Allen and David B. Weinberg as "Audit Committee financial experts" under the SEC rules.

Primary Responsibilities and 2017 Actions

The Audit Committee represents and assists the Board in fulfilling its oversight responsibility relating to the integrity of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function and the annual independent audit of the Company's financial statements. The Audit Committee oversees the Company's compliance with legal and regulatory requirements, the Independent Auditors' qualifications and independence, the performance of the Company's internal audit function and the Independent Auditors, the Company's ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs. The Audit Committee also generally oversees the Company's overall ERM program and has direct oversight over financial reporting and control and the Company's product integrity assurance and information technology security programs within the ERM framework. In addition, at the request of the Audit Committee, during some of its meetings the Audit Committee participates in educational sessions on accounting and financial control matters and on areas of the Company's operations, including some of the areas of risk it oversees.

In 2017, the Audit Committee held nine meetings. Meeting agendas are established by the Audit Committee Chair and the Chief of Internal Audit. During 2017, among other things, the Audit Committee:

met with the senior members of the Company's financial management team at each regularly scheduled meeting;

held separate private sessions, during its regularly scheduled meetings, with each of the Company's General Counsel, the Independent Auditors and the Chief of Internal Audit, at which candid discussions regarding financial management, legal, accounting, auditing and internal control issues took place;

continued its long-standing practice of having independent legal counsel, who regularly attends Audit Committee meetings;

met with the Chief Ethics and Compliance Officer to discuss the effectiveness of the Company's compliance program and regularly received status reports of compliance issues;

received periodic updates on management's process to assess the adequacy of the Company's system of internal control over financial reporting, the framework used to make the assessment and management's conclusions on the effectiveness of the Company's internal control over financial reporting;

discussed with the Independent Auditors the Company's internal control assessment process, management's assessment with respect thereto and the Independent Auditors' evaluation of the Company's system of internal control over financial reporting;

reviewed and discussed with management and the Independent Auditors the Company's earnings releases and Quarterly and Annual Reports on Form 10-Q and Form 10-K, respectively, prior to filing with the SEC;

reviewed the Company's internal audit plan and the performance of the Company's internal audit function;

reviewed with senior members of the Company's financial management team, the Independent Auditors and the Chief of Internal Audit the overall audit scope and plans, the results of internal and external audits, evaluations by management and the Independent Auditors of the Company's internal controls over financial reporting and the quality of the Company's financial reporting;

reviewed with management, including the Chief of Internal Audit and General Counsel, and the Independent Auditors, significant risks and exposures identified by management, the overall adequacy and effectiveness of the Company's legal, regulatory and ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs;

evaluated the performance of the Company's Independent Auditors and interviewed and had direct involvement in the selection of the new lead assurance engagement partner for 2018 and global coordinating partner for 2019, in connection with the mandated rotation of such positions;

received regular updates from management and discussed the Company's Lean Enterprise and Risk Tolerance initiatives; and

participated, with representatives of management and of the Independent Auditors, in educational sessions about topics requested by the Audit Committee.

Oversight of Independent Auditors

The Audit Committee engaged Ernst & Young LLP as our Independent Auditors for the year ended December 31, 2017. In its meetings with representatives of the Independent Auditors, the Audit Committee asks them to address, and discusses their responses to, several questions that the Audit Committee believes are particularly relevant to its oversight.

These questions include:

Are there any significant accounting judgments or estimates made by management in preparing the financial statements that would have been made differently had the Independent Auditors prepared and been responsible for the financial statements?

Based on the Independent Auditors' experience and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?

Based on the Independent Auditors' experience and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

The Audit Committee believes that using these questions to help focus its discussions with the Independent Auditors promotes a more meaningful dialogue that provides a basis for its oversight judgment.

The Audit Committee also discussed with the Independent Auditors those matters required to be discussed by the auditors with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee received the written disclosures and the letter from the Independent Auditors required by applicable requirements of the PCAOB regarding the Independent Auditors' communication with the Audit Committee concerning independence, and has discussed with the Independent Auditors their independence. The Audit Committee considered with the Independent Auditors whether the provision of non-audit services provided by them to the Company during 2017 was compatible with their independence.

2017 Audited Financial Statements

In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements and other reports, and of the Independent Auditors, who are engaged to audit and report on the consolidated financial statements of the Company and subsidiaries and the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and the Independent Auditors the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations and reviewed certifications prepared by the Chief Executive Officer and the Chief Financial Officer that the unaudited quarterly and audited consolidated financial statements of the Company fairly present, in all material respects, the financial condition, results of operations and cash flows of the Company, and have expressed to both management and the auditors their general preference for conservative policies when a range of accounting options is available.

In reliance on these reviews and discussions, and the reports of the Independent Auditors, the Audit Committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for filing with the SEC.

ITEM 3 -

RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS

What am I voting on?

Shareowners are being asked to ratify the appointment of Ernst & Young LLP, a registered public accounting firm, to serve as the Company's Independent Auditors for the fiscal year ending December 31, 2018. Although the Audit Committee has the sole authority to appoint the Independent Auditors, as a matter of good corporate governance, the Board submits its selection of the Independent Auditors to our shareowners for ratification. If the shareowners should not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment.

Voting recommendation:

FOR the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

The Audit Committee has the sole authority and responsibility to hire, evaluate and, where appropriate, replace the Company's Independent Auditors and, in its capacity as a committee of the Board, is directly responsible for the appointment, compensation and general oversight of the work of the Independent Auditors.

The Audit Committee has appointed Ernst & Young LLP ("EY") to serve as Independent Auditors for the fiscal year ending December 31, 2018. EY (including its predecessors) has served as the Company's Independent Auditors since 1921.

Annual Evaluation and Selection of Independent Auditors

The Audit Committee annually evaluates the performance of the Company's Independent Auditors, including the senior audit engagement team, and determines whether to reengage the current Independent Auditors or consider other audit firms. Factors considered by the Audit Committee in deciding whether to retain include:

EY's global capabilities;

EY's technical expertise and knowledge of the Company's global operations and industry;

the quality and candor of EY's communications with the Audit Committee and management;

EY's independence;

the quality and efficiency of the services provided by EY, including input from management on EY's performance and how effectively EY demonstrated its independent judgment, objectivity and professional skepticism;

external data on audit quality and performance, including recent PCAOB reports on EY and its peer firms; and

the appropriateness of EY's fees, EY's tenure as Independent Auditors, including the benefits of a longer tenure, and the controls and processes in place that help ensure EY's continued independence.

2018 Proxy Statement **86**

[Back to Contents](#)

Benefits of Longer Tenure Independence Controls

Enhanced audit quality – EY’s significant institutional knowledge and deep expertise of the Company’s global business, accounting policies and practices and internal control over financial reporting enhance audit quality.

Audit Committee oversight – Oversight includes regular private sessions with EY, discussion with EY about the scope of audit and business imperatives, a comprehensive annual evaluation when determining whether to reengage EY and direct involvement by the Audit Committee and its Chair in the selection of the new lead assurance engagement partner and new global coordinating partner in connection with the mandated rotation of these positions.

Competitive fees – Because of EY’s familiarity with the Company, audit and other fees are competitive with peer companies.

Limits on non-audit services – The Audit Committee pre-approves audit and permissible non-audit services provided by EY in accordance with its pre-approval policy.

Avoid costs associated with new auditor – Bringing on new Independent Auditors would be costly and require a significant time commitment, which could lead to management distractions.

EY’s internal independence process – EY conducts periodic internal reviews of its audit and other work, assesses the adequacy of partners and other personnel working on the Company’s account and rotates the lead assurance engagement partner, the global coordinating partner and other partners on the engagement consistent with independence requirements. A new lead assurance engagement partner will be appointed in 2018, and a new global coordinating partner will be appointed in 2019.

Strong regulatory framework – EY, as an independent registered public accounting firm, is subject to PCAOB inspections, “Big 4” peer reviews and PCAOB and SEC oversight.

Based on this evaluation, the Audit Committee and the Board believe that retaining EY to serve as Independent Auditors for the fiscal year ending December 31, 2018 is in the best interests of the Company and its shareowners.

Audit Fees and All Other Fees

The Audit Committee is responsible for approving the audit and permissible non-audit services provided by the Independent Auditors and the associated fees.

The following table shows the fees for audit and other services provided by EY for fiscal years 2017 and 2016.

2017 Fees	2016 Fees	Description
(In thousands)	(In thousands)	

Edgar Filing: COCA COLA CO - Form DEF 14A

Audit Fees	\$ 30,286	\$ 28,400	Includes fees associated with the annual audit and the audit of internal control over financial reporting, registration statements in 2017 and 2016, the reviews of the Company's Quarterly Reports on Form 10-Q, and statutory audits required internationally.
Audit-Related Fees	6,479	4,677	Fees for services that are reasonably related to the performance of the audit or review of financial statements and are not included in "Audit Fees." These services principally include due diligence in connection with acquisitions, carve-out audits, consultation on accounting and internal control matters, employee benefit plan audits, information systems audits and other attest services.
Tax Fees	5,514	4,519	Fees for tax services, including tax compliance, tax advice and tax planning.
All Other Fees	—	385	Fees for services that are not included in the above categories and primarily include capability framework services.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Independent Auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the Independent Auditors.

Under the policy, pre-approval is generally provided for work associated with the following:

registration statements under the Securities Act of 1933, as amended (for example, comfort letters or consents);

statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits;

due diligence work for potential acquisitions or dispositions;

attest services not required by statute or regulation;

adoption of new accounting pronouncements or auditing and disclosure requirements for financial or non-financial data and accounting or regulatory consultations;

internal control reviews and assistance with internal control reporting requirements;

review of information systems security and controls;

tax compliance, tax planning and related tax services, excluding any tax service prohibited by regulatory or other oversight authorities, expatriate and other individual tax services; and

assistance and consultation on questions raised by regulatory agencies.

For each proposed service, the Independent Auditors provide the Audit Committee with a description of the service and sufficient information to confirm the Independent Auditors determination that the provision of such service will not impair the Independent Auditors' independence.

The Audit Committee has approved in advance certain permitted services whose scope is routine across business units, including statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits.

Other Information

The Company has been advised by EY that neither the firm, nor any covered person of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of EY will be present at the 2018 Annual Meeting of Shareowners. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the Independent Auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the Annual Meeting of Shareowners.

The Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

ANNEX A - QUESTIONS AND ANSWERS

PROXY MATERIALS AND VOTING INFORMATION

1.

What is included in the proxy materials? What is a Proxy Statement and what is a proxy?

The proxy materials for our 2018 Annual Meeting of Shareowners include the Notice of Annual Meeting, this Proxy Statement and our Form 10-K. If you received a paper copy of these materials, the proxy materials also include a proxy card or voting instruction form.

A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy.

If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated three of our officers as proxies for the 2018 Annual Meeting. These three officers are James Quincey, Kathy N. Waller and Bernhard Goepelt.

The form of proxy and this Proxy Statement have been approved by the Board of Directors and are being provided to shareowners by the Board's authority.

2.

Why did I receive a "Notice Regarding the Availability of Proxy Materials" instead of a full set of proxy materials?

We are furnishing proxy materials to our shareowners primarily via "Notice and Access" delivery pursuant to SEC rules. On March 8, 2018, we mailed to our shareowners (other than those who previously requested a printed set) a "Notice Regarding the Availability of Proxy Materials" (the "notice") containing instructions on how to access the proxy materials via the Internet. Utilizing this method of proxy delivery expedites receipt of proxy materials by our shareowners, reduces the cost of producing and mailing the full set of proxy materials and helps us contribute to sustainable practices. If you receive a notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the notice instructs you on how to access the proxy materials and vote over the Internet. If you received a notice by mail and would like to receive paper copies of our proxy materials in the mail, you may follow the instructions in the notice for making this request. The notice also contains instructions on how you may request to receive an electronic copy of our proxy materials by e-mail.

3.

Why did I receive more than one notice, proxy card or voting instruction form?

If you received more than one notice, proxy card or voting instruction form, you own shares registered in different names or own shares held in more than one account. To ensure that all shares are voted, please vote each account over the Internet or by telephone, or sign and return by mail all proxy cards and voting instruction forms. If you would like to consolidate your accounts, please contact our transfer agent, Computershare Trust Company, N.A. ("Computershare"), at (888) 265-3747 for assistance. If you hold your shares through a bank, broker or other nominee, you should contact them directly and request consolidation.

4.

What is the difference between holding shares as a shareowner of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's registrar and transfer agent, Computershare, you are considered a shareowner of record with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the "beneficial owner" of those shares.

5.

What shares are included on the proxy card?

If you are a shareowner of record, you will receive only one notice or proxy card for all the shares of Common Stock you hold in certificate form, in book-entry form and in any Company benefit plan.

If you are a Company employee and hold shares of Common Stock in The Coca-Cola Company 401(k) Plan, the Caribbean Refrescos, Inc. Thrift Plan, any other of our U.S. 401(k) plans or a Canadian savings plan (the "Plans"), it is important that you direct the trustee(s) of the

[Back to Contents](#)

Plans how to vote your shares held in such Plans. If you do not vote your shares or specify your voting instructions on your proxy card, the trustee of the applicable Plan will vote your shares in the same proportion as the shares for which they have received voting instructions in accordance with the trustees' duties. **To allow sufficient time for voting by the trustee(s), your voting instructions must be received by April 20, 2018.**

If you are a beneficial owner (other than as a participant in a Plan set forth above), you will receive voting instruction information from the bank, broker or other nominee through which you own your shares of Common Stock.

6.

What are my voting choices for each of the proposals to be voted on at the 2018 Annual Meeting of Shareowners and what are the voting standards?

Proposal	Voting Choices and Board Recommendation	Voting Standard
	vote in favor of all nominees;	
	vote in favor of specific nominees;	
	vote against all nominees;	
Item 1: Election of Directors	vote against specific nominees;	Majority of votes cast
	abstain from voting with respect to all nominees; or	
	abstain from voting with respect to specific nominees.	
	The Board recommends a vote FOR each of the Director nominees.	
Item 2: Advisory Vote to Approve Executive Compensation	vote in favor of the advisory proposal;	Majority of votes cast

vote against the advisory proposal; or

abstain from voting on the advisory proposal.

The Board recommends a vote FOR the advisory vote to approve executive compensation.

vote in favor of the ratification;

Item 3: Ratification of the Appointment of Ernst & Young LLP as Independent Auditors

vote against the ratification; or

Majority of votes cast

abstain from voting on the ratification.

The Board recommends a vote FOR the ratification.

As an advisory vote, the proposal to approve executive compensation is not binding upon the Company. The Compensation Committee will consider the outcome of the vote when making future compensation decisions.

7.
What different methods can I use to vote?

See [page 6](#) for additional information about how to vote.

By Telephone or Internet. All shareowners of record can vote through the Internet, using the procedures and instructions described on the notice or proxy card, or by touchtone telephone within the U.S., U.S. territories and Canada, using the toll-free telephone number on the notice or proxy card. Beneficial owners may vote through the Internet or by telephone if their bank, broker or other nominee makes those methods available, in which case the bank, broker or other nominee will include the instructions with the proxy materials. The Internet and telephone voting procedures are designed to authenticate shareowners' identities, to allow shareowners to vote their shares and to confirm that their instructions have been recorded properly.

By Written Proxy. All shareowners of record can vote by written proxy card. If you are a shareowner of record and receive the notice, you may request a written proxy card by following the instructions included in the notice. If you are a beneficial owner, you may request a written proxy card or a voting instruction form from your bank, broker or other nominee.

In Person. All shareowners of record may vote in person at the meeting. Beneficial owners may also vote in person at the meeting if they have a legal proxy, as described in the response to question 10.

[Back to Contents](#)

8.

What if I am a shareowner of record and do not specify a choice for a matter when returning a proxy?

Shareowners should specify their choice for each matter on the proxy card. If no specific instructions are given on all matters, proxies which are signed and returned will be voted:

FOR the election of all Director nominees as set forth in this Proxy Statement;

FOR the advisory vote to approve executive compensation; and

FOR the proposal to ratify the appointment of Ernst & Young LLP as Independent Auditors.

9.

What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for vote.

Non-Discretionary Items. The election of Directors and the advisory vote to approve executive compensation are non-discretionary items and may not be voted on by brokers, banks or other nominees who have not received specific voting instructions from beneficial owners.

Discretionary Items. The ratification of the appointment of Ernst & Young LLP as Independent Auditors is a discretionary item. Generally, banks, brokers and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

10.

How can I vote at the 2018 Annual Meeting if I am a beneficial owner?

If you are a beneficial owner and want to vote your shares at the 2018 Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy. You will need to follow the procedures described in the response to [question 23](#) and then bring the legal proxy with you to the meeting and hand it in with a signed ballot that will be provided to you at the meeting. You will not be able to vote your shares at the meeting without a legal proxy. If you do not have a legal proxy, you can still attend the meeting by following the procedures described in the response to [question 23](#). However, you will not be able to vote your shares at the meeting. Accordingly, we encourage you to vote your shares in advance, even if you intend to attend the meeting.

Please note that if you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the meeting and vote in person or legally appoint another proxy to vote on your behalf.

11.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present, but will not be included in vote totals and will not affect the outcome of the vote.

12.

What can I do if I change my mind after I vote my shares?

Shareowners can revoke a previously delivered proxy prior to the completion of voting at the meeting by:

giving written notice to the Office of the Secretary of the Company;

delivering a later-dated proxy; or

voting in person at the meeting (if you are a beneficial owner, see the response to [question 10](#)).

[Back to Contents](#)

13.
Can I access the proxy materials on the Internet? How can I sign up for the electronic proxy delivery service?

The notice, Proxy Statement and Form 10-K are available at www.edocumentview.com/coca-cola. In addition, shareowners are able to access these documents on the 2018 Annual Meeting page of the Company's website at www.coca-colacompany.com/investors/annual-meeting-of-shareowners. Instead of receiving future copies of the notice or proxy materials by mail, shareowners of record and most beneficial owners can elect to receive an e-mail that will provide electronic links to these documents. Opting to receive your notice or proxy materials online will save us the cost of producing and mailing documents, help us contribute to sustainable practices, and also will give you an electronic link to the proxy voting site.

Electronic Shareowner Document Delivery

Electronic delivery offered since 2005.

The Company has a tree planted on behalf of each shareowner that signs up.

Over 380,000 trees planted on behalf of Company shareowners.

Shareowners of Record. If you vote on the Internet, simply follow the prompts for enrolling in the electronic shareowner document delivery service. You also may enroll in this service at any time in the future by going directly to www.computershare.com/coca-cola and following the instructions. As a thank you to each shareowner enrolling in electronic delivery, the Company will have a tree planted on the shareowner's behalf at no cost to the shareowner.

Beneficial Owners. If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information in the proxy materials provided to you by your bank, broker or other nominee regarding the availability of this service.

14.
Are votes confidential? Who counts the votes?

We will continue our long-standing practice of holding the votes of all shareowners in confidence from Directors, officers and employees except:

as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company;

in the case of a contested proxy solicitation;

if a shareowner makes a written comment on the proxy card or otherwise communicates his or her vote to management; or

to allow the independent inspectors of election to certify the results of the vote.

We also will continue, as we have for many years, to retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

15.

When will the Company announce the voting results?

We will announce the preliminary voting results at the 2018 Annual Meeting. The Company will report the final results on our website and in a Current Report on Form 8-K filed with the SEC.

16.

Does the Company have a policy about Directors' attendance at the Annual Meeting of Shareowners?

The Company does not have a policy about Directors' attendance at the Annual Meeting of Shareowners, but Directors are encouraged to attend. All Director nominees and Directors at the time, other than Mr. Buffett who did not seek reelection, attended the 2017 Annual Meeting of Shareowners.

[Back to Contents](#)

17.

How are proxies solicited and what is the cost?

We bear all expenses incurred in connection with the solicitation of proxies. We have engaged Alliance Advisers LLC to assist with the solicitation of proxies for an estimated fee of \$30,000 plus expenses. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of Common Stock.

Our Directors, officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

18.

What is householding?

As permitted by the 1934 Act, only one copy of the notice or proxy materials is being delivered to shareowners residing at the same address, unless the shareowners have notified the Company of their desire to receive multiple copies of the notice or proxy materials. This is known as “householding.”

The Company will promptly deliver, upon oral or written request, a separate copy of the notice or proxy materials to any shareowner residing at an address to which only one copy was mailed. Requests for additional copies should be directed to the Office of the Secretary as described in the response to [question 31](#). Shareowners of record residing at the same address and currently receiving multiple copies of the notice or proxy materials may contact our registrar and transfer agent, Computershare, to request that only a single copy of the notice or proxy materials be mailed in the future.

Contact Computershare by phone at (888) 265-3747 or by mail at P.O. Box 505005, Louisville, KY 40233.

Beneficial owners, as described in the response to [question 10](#), should contact their bank, broker or other nominee.

19.

What information from this Proxy Statement is incorporated by reference into certain Company SEC filings?

The Company has made previous filings under the Securities Act of 1933, as amended, and the 1934 Act that incorporate future filings, including this Proxy Statement, in whole or in part. However, the Report of the Compensation Committee and the Report of the Audit Committee shall not be incorporated by reference into any such filings.

20.

Will you make a list of shareowners entitled to vote at the 2018 Annual Meeting available?

We will make available a list of shareowners of record as of the record date for inspection by shareowners for any purpose germane to the meeting during normal business hours from April 11 through April 24, 2018, at One Coca-Cola Plaza, Atlanta, Georgia 30313. This list also will be available to shareowners for any such purpose at the meeting.

MEETING INFORMATION

21.

Do I have to register for the 2018 Annual Meeting to attend in person?

The 2018 Annual Meeting of Shareowners will be held at World of Coca-Cola in Atlanta, Georgia. The meeting starts at 8:30 a.m., local time, on April 25, 2018. If you plan to attend the meeting in person, you must be a shareowner as of February 26, 2018, the record date. **In addition, because space at World of Coca-Cola is limited, you must register in advance to attend the meeting in person.** In order to expedite your admission process, you must register for admission before 11:59 p.m. on Friday, April 20, 2018. Registration will be accepted on a first-come, first-served basis and may close prior to the registration cut-off date if room capacity is reached before 11:59 p.m. on April 20, 2018. See [question 23](#) for details on how to register in advance.

[Back to Contents](#)

22.

Will shareowners be provided free admission to World of Coca-Cola on the day of the 2018 Annual Meeting?

We are pleased to offer free admission for shareowners to World of Coca-Cola on April 25, 2018 after the 2018 Annual Meeting. Each shareowner may bring one guest to join them after the meeting. Guests will not be permitted to attend the meeting unless the guest is a shareowner of record and has properly registered for the meeting as described in [question 23](#).

You do not have to attend the 2018 Annual Meeting to gain free admission to World of Coca-Cola on April 25, 2018. See [question 28](#) for instructions on how to gain free admission.

23.

How do I attend the 2018 Annual Meeting in person?

The 2018 Annual Meeting will be held at World of Coca-Cola in Atlanta, Georgia on April 25, 2018, at 8.30 a.m., local time. **All attendees will need to register in advance and bring a valid photo ID to gain admission to the Annual Meeting.** Please note that cameras, sound or video recording equipment, cellular telephones, smartphones or other similar equipment, electronic devices, large bags, briefcases or packages will not be allowed in the meeting room. You will be required to enter through a security checkpoint before being granted access to the venue.

Attendance at the meeting is limited to shareowners as of the record date, February 26, 2018, or their authorized named representatives (see [question 25](#) for instructions on how to appoint an authorized named representative). Please note that seating is limited and registration will be accepted on a first-come, first-served basis. World of Coca-Cola is available to disabled persons and Communication Access Real-Time Transaction will be provided for the hearing impaired upon request.

If you are a shareowner of record, you may register to attend the meeting by accessing www.investorvote.com/coca-cola. On this site, shareowners of record will find instructions to register and print out the admission ticket. If you do not have access to the Internet, you may register by contacting Shareowner Services at (404) 676-2777. You will need the 15-digit control number included on your proxy card or notice to register.

If you are a beneficial shareowner and hold your shares through a bank, broker or other nominee, you may register to attend the meeting by accessing www.ProxyVote.com/register. On this site, beneficial shareowners will find instructions to register and print out the admission ticket. If you do not have access to the Internet or your control number is not recognized, you may register by contacting Shareowner Services at (404) 676-2777. You will need the 16-digit number included on your voter instruction form or notice to register. Please note that you will not be able to vote your shares at the meeting without a legal proxy (see [question 10](#) for details on voting with a legal proxy).

At the entrance to the meeting, we will verify your registration and request to see your admission ticket and a valid form of photo ID, such as a driver's license or passport.

Ensuring the meeting is safe and productive is our top priority. As such, failure to follow these admission procedures may result in being denied admission or being directed to view the meeting in an overflow room. Because seating in the meeting room is limited, and in order to be able to address security concerns, we reserve the right to direct attendees to listen to the meeting in an overflow room. In addition, failure to follow the meeting procedures may result in ejection from the meeting, being directed to listen to the meeting in an overflow room and/or being denied admission to this and future meetings.

If you have questions regarding admission to the 2018 Annual Meeting, please call Shareowner Services at (404) 676-2777.

24.

If I cannot attend the 2018 Annual Meeting in person, how can I listen on the Internet?

To listen to the live audiocast of the meeting, you can visit the 2018 Annual Meeting page of our website, www.coca-colacompany.com/investors/annual-meeting-of-shareowners. An archived copy of the audiocast will be available until June 2018.

25.

If I cannot attend in person, how can I appoint a legal representative to attend on my behalf?

If you are a shareowner as of the record date and intend to appoint an authorized named representative to attend the meeting on your behalf, you must send a written request for an admission ticket by regular mail to The Coca-Cola Company, Shareowner Services, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to shareownerservices@coca-cola.com. Requests for authorized named representatives to attend the meeting must be received no later than April 20, 2018.

Please include the following information when submitting your request:

1. your name, complete mailing address and e-mail address;

[Back to Contents](#)

2.

proof that you own shares of the Company as of February 26, 2018 (such as a copy of the portion of your voting instruction form showing your name and address, a bank or brokerage account statement or a letter from the bank, broker or other nominee holding your shares); and

3.

a signed authorization appointing such individual to be your authorized named representative at the meeting, which includes the name, address, telephone number and e-mail address of the authorized named representative.

Upon receipt of proper documentation, you and your named representative will receive confirmation that your named representative has been authorized. To gain admission to the meeting, the photo ID presented must match the documentation provided in item three above. We reserve the right to limit the number of representatives who may attend the meeting.

26.

What information is included on the 2018 Annual Meeting page of the Company's website?

The 2018 Annual Meeting page of our website allows our shareowners to (i) easily access the Company's proxy materials; (ii) vote through the Internet; (iii) submit questions in advance of the 2018 Annual Meeting; (iv) register to attend the 2018 Annual Meeting, (v) access the live audiocast of the meeting; (vi) learn more about free admission to World of Coca-Cola on April 25, 2018; and (vii) learn more about our Company. To submit a question in advance of the 2018 Annual Meeting, you must have your control number available, which can be found on your notice, proxy card or voting instruction form. Shareowners may access the 2018 Annual Meeting page of our website at www.coca-colacompany.com/investors/annual-meeting-of-shareowners.

27.

Could any additional proposals be raised at the 2018 Annual Meeting of Shareowners?

Management does not know of any items, other than those referred to in the accompanying Notice of Annual Meeting of Shareowners, which may properly come before the meeting or other matters incident to the conduct of the meeting. As to any other item or proposal that may properly come before the meeting, including voting on a proposal omitted from this Proxy Statement pursuant to the rules of the SEC, it is intended that proxies will be voted in accordance with the discretion of the proxy holders. See the response to [question 32](#) for how to submit a proposal for action at the 2019 Annual Meeting of Shareowners.

28.

What does a shareowner have to do to gain free admission to World of Coca-Cola on April 25, 2018?

We are pleased to provide shareowners (and one guest per shareowner) with free admission to join us at World of Coca-Cola on April 25, 2018, after the 2018 Annual Meeting. If you own shares jointly, each joint owner may bring a guest. **You may go to World of Coca-Cola on April 25, 2018, even if you do not attend the 2018 Annual Meeting.**

At World of Coca-Cola, shareowners will have a chance to experience the fascinating story of the world's most famous beverage brand in a dynamic, multimedia attraction, visit the vault containing the secret recipe, view more than 1,200 never-before-displayed artifacts, take a trip around the world in a thrilling 4-D movie experience, get a behind-the-scenes look at the bottling process, treat their taste buds with more than 100 beverages from around the

globe and learn more about our Company.

To gain free admission to World of Coca-Cola on April 25, 2018, shareowners must bring a valid photo ID and proof of stock ownership. Proof of ownership may include your proxy card, voting instruction form, meeting notice or brokerage statement.

Please note, you will be required to enter through a security checkpoint before being granted access to World of Coca-Cola.

Due to limited availability, only shareowners and their guests are eligible to obtain free admission to attend World of Coca-Cola on April 25, 2018. Authorized legal representatives will not receive free admission.

If you have questions regarding admission to World of Coca-Cola, please call (404) 676-5151 or 1-(800)-676-COKE (2653).

COMPANY DOCUMENTS, COMMUNICATIONS, SHAREOWNER PROPOSALS AND DIRECTOR NOMINEES

29.

How can I view or request copies of the Company's corporate documents and SEC filings, including the Annual Report on Form 10-K?

The Company's website contains the Company's Certificate of Incorporation, By-Laws, Corporate Governance Guidelines, Board Committee Charters, Codes of Business Conduct and the Company's SEC filings. To view these documents, go to www.coca-colacompany.com, click on "Investors" and click on "Corporate Governance." To view the Company's SEC filings, including Forms 3, 4 and 5 filed by the Company's Directors and executive officers, go to www.coca-colacompany.com, click on "Investors" and click on "SEC Filings."

We will promptly deliver free of charge, upon request, a copy of the Corporate Governance Guidelines, Board Committee Charters or Codes of Business Conduct to any shareowner requesting a copy. Requests should be directed to the Office of the Secretary as described in the response to [question 31](#).

The 2017 Annual Report on Form 10-K includes our financial statements for the year ended December 31, 2017. We have furnished the Form 10-K to all shareowners. The Form 10-K does not form any part of the material for the solicitation of proxies. We will promptly deliver free of charge, upon request, a copy of the Form 10-K to any shareowner requesting a copy. Requests should be directed to the Company's Consumer Interaction Center, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301.

30.

How can I communicate with the Company's Directors?

The Board has established a process to facilitate communication by shareowners and other interested parties with Directors. Communications can be addressed to Directors in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com.

Communications may be distributed to all Directors, or to any individual Director, as appropriate. At the direction of the Board, all mail received may be opened and screened for security purposes. In addition, items that are unrelated to the duties and responsibilities of the Board shall not be distributed. Such items include, but are not limited to:

spam;

junk mail and mass mailings;

product complaints or inquiries;

new product suggestions;

resumes and other forms of job inquiries;

surveys; and

business solicitations or advertisements.

In addition, material that is trivial, obscene, unduly hostile, threatening or illegal or similarly unsuitable items will be excluded; however, any communication that is excluded will be made available to any independent, non-employee Director upon request.

To answer the many questions we receive about our Company and our products, we offer detailed information about common areas of interest on our “Contact Us” page of our website, www.coca-colacompany.com/contact-us.

31.

What is the contact information for the Office of the Secretary?

Materials may be sent to the Office of the Secretary (i) by mail to the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or (ii) by e-mail to shareownerservices@coca-cola.com.

32.

What is the deadline to propose actions for consideration at the 2019 Annual Meeting of Shareowners?

Shareowners may present proper proposals for inclusion in our Proxy Statement and for consideration at the 2019 Annual Meeting of Shareowners by submitting their proposals in writing to the Company in a timely manner. Proposals should be addressed to the Office of the Secretary as specified in [question 31](#). For a shareowner proposal other than a Director nomination to be considered for inclusion in our Proxy Statement for our 2019 Annual Meeting of Shareowners, we must receive the written proposal on or before November 8, 2018. In addition, shareowner proposals must otherwise comply with the requirements of Rule 14a-8 promulgated under the 1934 Act.

Under certain circumstances, shareowners may also submit nominations for Directors for inclusion in our proxy materials by complying with the requirements in our By-Laws. For more information regarding proxy access, please see [question 33](#).

Our By-Laws also establish an advance notice procedure for shareowners who wish to present a proposal, including the nomination of Directors, before an annual meeting of shareowners, but do not intend for the proposal to be included in our proxy materials. Pursuant to our By-Laws, in order for business to be properly brought before an annual meeting by a shareowner, the shareowner must have complied with the notice procedures specified in our By-Laws and such business must be a proper matter for shareowner action under the Delaware General Corporation Law. To be timely for our 2019 Annual Meeting of Shareowners, we must receive the written notice on or before December 26, 2018. Such notice should be addressed to the Office of the Secretary as specified in [question 31](#).

In addition, the shareowner proponent, or a representative who is qualified under state law, must appear in person at the 2019 Annual Meeting of Shareowners to present such proposal or nomination.

33.

How do I nominate a Director using the proxy access provisions of the Company's By-Laws?

In September 2015, our Board adopted a "Proxy Access for Director Nominations" bylaw. The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company's outstanding Common Stock continuously for at least three years to nominate and include in the Company's proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws.

Pursuant to our By-Laws, to be timely for inclusion in the proxy materials for our 2019 Annual Meeting of Shareowners, we must receive a shareowner's notice to nominate a Director using the Company's proxy materials between October 9, 2018 and November 8, 2018. Such notice should be addressed to the Office of the Secretary as specified in [question 31](#). The notice must contain the information required by our By-Laws, and the shareowner(s) and nominee(s) must comply with the information and other requirements in our By-Laws relating to the inclusion of shareowner nominees in our proxy materials.

ANNEX B - SUMMARY OF PLANS

The following section provides information on Company-sponsored plans in 2017 in which the Named Executive Officers participated that are noted in the Compensation section.

Retirement Plans – Pension

TCCC Pension Plan. The TCCC Pension Plan is a broad-based tax-qualified defined benefit plan for substantially all U.S. non-union employees of the Company and its participating subsidiaries. A participant's benefit formula in the TCCC Pension Plan is dependent on when the participant was hired and whether they were employed by Coca-Cola Enterprises Inc. ("CCE") before the Company's acquisition of CCE's North American operations in 2010. The information below summarizes the provisions applicable to employees, including the participating Named Executive Officers, who were hired by the Company or its subsidiaries prior to 2010. There are no special or enhanced pension plans for the Named Executive Officers.

Vesting. For employees hired prior to January 1, 2010, the benefit vests after completing three years of service or attaining age 60 with one year of service.

Benefit Formula. Prior to 2010, all pension benefits were based on a percentage of the employee's final average compensation (the five highest consecutive years out of the last 11) up to the limit for each year as set by the Tax Code, multiplied by the employee's years of credited service. Effective January 1, 2010, participants began accruing a pension benefit under a new cash balance formula (known as the Part B benefit). Participants employed as of December 31, 2009 retained the pension benefit they accrued under the prior benefit calculation formula through December 31, 2009 (known as the Part A benefit) and were eligible for one or more special transition benefits. As a result, beginning in 2010, a participant's benefit was potentially based on two formulas, Part A (prior benefit calculation formula) plus Part B (new cash balance formula). Under the cash balance formula, the Company makes an annual pay credit allocation to each active participant's account on December 31, ranging from 3% to 8% of compensation, based on the participant's age. In addition, on December 31 of each year, the Company makes an annual interest credit allocation based on the value of the participant's account as of January 1 of the same year. Employees hired or rehired on or after January 1, 2012 accrue a pension benefit based on a different cash balance formula than described above.

The term "compensation" for determining the pension benefit generally includes salary, overtime, commissions and cash incentive awards, but excludes any amounts related to stock options, PSUs, restricted stock or restricted stock units. It also excludes deferred compensation and any extraordinary payments related to hiring or termination of employment.

Payment of Benefits. When benefits become payable upon separation from service, participants may choose between an annuity or a lump sum option. The TCCC Pension Plan provides for payment of a reduced benefit prior to normal retirement age and/or the current cash balance amount, as applicable.

Limitations on Benefits. In 2017, a participant could receive no more than \$215,000 annually from the TCCC Pension Plan and no compensation in excess of \$270,000 per year could be taken into account for calculating benefits under the TCCC Pension Plan.

TCCC Supplemental Pension Plan. Supplemental pension plans make employees whole when the Tax Code limits the benefit that otherwise would accrue under the applicable pension plan. The TCCC Supplemental Pension Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. Otherwise, electing to defer would reduce an employee's retirement benefits.

Vesting. Vesting and benefits under the TCCC Supplemental Pension Plan are calculated generally in the same manner as if the participant's otherwise eligible compensation or full annual benefit were able to be paid from the TCCC Pension Plan.

Payment of Benefits. Benefits become payable upon separation from service. The form of payment is dictated by the terms of the plan and the participant's age and years of service at the time of separation. The cash balance portion of the TCCC Supplemental Pension Plan is payable in a lump sum. The traditional pension benefit portion is paid as an annuity if the participant separates on or after the earliest retirement date (generally, age 55 with ten years of service). Otherwise, the traditional pension benefit portion is paid as a lump sum.

Mobile Plan. The Mobile Plan provides a retirement benefit to globally mobile associates. The Mobile Plan applies on the same terms to the general population of international service associates worldwide. Under the Mobile Plan, a globally mobile associate's account is credited with a monthly percentage of pay ("pay credit") and a defined rate of return ("interest credit"). The pay credit is generally 10% of pay, less any benefits provided by local retirement plans. Both pay credits and interest credits are immediately vested. A participant will continue to receive monthly interest credits for as long as participation in the plan continues, even if the associate is no longer on a global assignment. International service associates who participated in certain other plans were transitioned to the Mobile Plan as of December 31, 2011. Benefits accrued under such other plans were converted to an opening balance in the Mobile Plan as part of the transition.

Retirement Plans – 401(k) and Savings Plans

401(k) Plan. The 401(k) Plan is a broad-based tax-qualified defined contribution plan for most U.S. non-union employees of the Company. The Company matches participant contributions up to a maximum of 3.5% of the participant's compensation or the amount allowable under the limits imposed under the Tax Code, whichever is lower. The Company's matching contribution is initially invested in Common Stock, but participants may move the contribution to any other available investment option. Employees become 100% vested in Company matching contributions after two years. For 2017, compensation over \$270,000 could not be taken into account under the 401(k) Plan.

Supplemental 401(k) Plan. The Supplemental 401(k) Plan makes employees whole when the Tax Code limits the Company matching contributions that otherwise would be credited to them under the 401(k) Plan. The Supplemental 401(k) Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. The Company credits the employee with the Company matching contributions in hypothetical share units of Common Stock. The value of the accumulated share units, including dividend equivalents, is paid in cash after separation from service. Participants are immediately vested in their benefit. Employees are not permitted to make contributions to the Supplemental 401(k) Plan.

Spanish Savings Plan. The Spanish Savings Plan consists of a general plan and supplementary plans which are broad-based defined contribution plans that complement social security coverage provided in Spain for eligible employees. In the general plan, employees contribute according to their pensionable salary, in fixed percentages according to applicable legislation. The Company triples the employee's contribution to the general plan. Participation in the supplementary plans is optional and being active in the general plan is a requirement to contribute. Employees can choose to contribute to the supplementary plans from 1% to a maximum of 5% of their pensionable salary. The Company matches contributions to supplementary plans into an early retirement insurance policy. Vesting of these contributions occurs upon fulfillment of applicable social security early retirement rules, while still employed with the Company. Generally, under the Spanish Savings Plan, normal retirement age is 65 and benefits may not be drawn before age 60.

UK Savings Plan. The UK Savings Plan is a broad-based registered defined contribution plan in which the majority of employees in the UK participate. Plan participants must contribute a minimum of 2% of pensionable salary on which the Company contributes 2.5 times the employee's contribution up to a maximum Company contribution of 15% of the participant's pensionable salary. There are no limits to the amount of contributions that employees can make to their pension account; however, tax effectiveness of contributions is limited by both a lifetime allowance as well as an annual allowance. These amounts have changed frequently over recent years and continue to be subject to change. For the 2016/2017 tax year, the annual allowance was up to £40,000 and the lifetime allowance was £1 million. Generally, under the plan, normal retirement age is 65 and benefits may not be drawn before age 55.

Incentive Plans

Annual Incentive Plan. The Company maintains the Performance Incentive Plan for employees above a specified grade level. The Performance Incentive Plan provides an annual cash payment based on predetermined performance measures. The Compensation Committee may designate one or more performance measures from the list contained in the plan. Target annual incentives are established for each participant. Payments are generally made in March in the year following the applicable performance year. No participant may receive an annual payment greater than \$10 million. The Performance Incentive Plan is designed to satisfy the requirements of Section 162(m) of the Tax Code, but because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the

regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. See [page 53](#) for additional information about the Performance Incentive Plan.

Long-Term Incentive Plans. The Company maintains long-term incentive plans for employees above a specified grade level. The following types of awards may be granted under the plans, as designated by the Compensation Committee: (i) stock options; (ii) PSUs; (iii) restricted stock and restricted stock units; (iv) other performance awards, including performance cash awards and qualified performance-based awards under Section 162(m) of the Tax Code, payable in cash or Common Stock; (v) stock appreciation rights ("SARs"); and (vi) other stock-based awards. The Company currently has outstanding awards of stock options, PSUs, restricted stock, restricted stock units and performance cash awards, which are described below. See [page 57](#) for additional information about long-term incentive compensation.

Stock Options. Stock options give the holder the right to purchase shares of Common Stock at a specified price during specified time periods. The exercise price of an option may not be less than the fair market value of Common Stock on the grant date. The fair market value is the average of the high and low prices of Common Stock on the grant date. In certain foreign jurisdictions, the law requires additional restrictions on the calculation of the option price. The grants provide that stock options generally may not be exercised during the first 12 months after the grant date. Generally, options vest 25% on the first, second, third and fourth anniversaries of the grant date and have a term of ten years. The Company's current compensation programs include stock options as part of the annual long-term equity compensation awards made to eligible employees.

[Back to Contents](#)

Performance Share Units. PSUs provide an opportunity for employees to receive Common Stock if predetermined performance measures are met for a predefined performance period. PSUs generally are subject to an additional holding period. The Company's current compensation programs include PSUs as part of the annual long-term equity compensation awards made to eligible employees.

Restricted Stock and Restricted Stock Units. Restricted stock awards may be performance-based or time-based. Shares of stock are granted and transferred into the employee's name. Shares remain subject to forfeiture until the shares are released under the terms of the awards. Restricted stock unit awards may be performance-based or time-based and are settled in stock when all required criteria are met. Employees may or may not receive dividend equivalents during the term. Restricted stock and restricted stock units are not part of the annual long-term equity compensation awards made to eligible employees but may be awarded for limited purposes.

Performance Cash Awards. Performance cash awards provide an opportunity for employees to receive a cash award if predetermined performance measures are met for a predefined performance period. Performance cash awards generally are subject to an additional holding period. In connection with the Equity Stewardship Guidelines, in 2015, performance cash awards were incorporated into the annual long-term incentive program for eligible employees. Employees who receive performance cash awards do not receive equity awards as part of the annual long-term incentive program. No Named Executive Officers received performance cash awards.

Other Awards. While the 2014 Equity Plan provides the Compensation Committee discretion to grant different types of equity awards, including SARs and other stock-based awards such as unrestricted shares, no such awards have been or are expected to be granted.

Other Plans

Deferred Compensation Plan. The Deferred Compensation Plan is a nonqualified and unfunded deferred compensation program offered to approximately 620 U.S.-based Company employees in 2017. International service associates do not participate in the Deferred Compensation Plan. Eligible participants may defer up to 80% of base salary and up to 95% of their annual incentive. The Company has the benefit of full unrestricted use of all amounts deferred under the Deferred Compensation Plan until such amounts are required to be distributed to the plan participants. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. The Company does not match any employee deferral or guarantee a return. Participants' accounts may or may not appreciate and may depreciate depending on the performance of their deemed investment choices. None of the deemed investment choices provide returns at above-market or preferential rates. All deferrals are paid out in cash upon distribution. Participants may schedule a distribution during employment or may opt to receive their balance after separation from service. Participants who are considered "specified employees" under Section 409A of the Tax Code (generally, the top 50 highest paid executives) may not receive a post-termination distribution for at least six months following separation. On occasion, the Company may provide a one-time credit to the Deferred Compensation Plan to make up for benefits lost under various circumstances, such as benefits lost at a prior employer. The Company has not provided any such credits for any of the Named Executive Officers.

International Service Programs. International service program benefits generally include relocation expenses, a housing allowance (including certain housing expenses), a cost of living adjustment (a cash adjustment designed to provide equivalent purchasing power), certain cash allowances recognizing differences in living conditions in the host location, a home leave allowance and currency protection. The programs also provide tax preparation services and tax equalization, where applicable. There were approximately 550 participants in these programs in 2017.

TCCC Severance Plan. The TCCC Severance Plan provides cash severance benefits to eligible employees who are involuntarily terminated. Eligible employees include regular, non-union, non-manufacturing U.S. employees and international service associates. Generally, benefits are payable when an employee is terminated involuntarily due to specific circumstances such as an internal reorganization or position elimination. Benefits are not payable if the employee is offered a comparable position with the Company or one of its affiliates, is terminated for cause or has entered into a separate agreement. The benefit payable is determined based on job grade level, salary and/or length of service. The minimum benefit is eight weeks of base pay and the maximum benefit is two years of base pay.

ANNEX C - RECONCILIATION OF GAAP AND NON-GAAP FINANCIAL MEASURES

The Company reports its financial results in accordance with accounting principles generally accepted in the United States (“GAAP” or referred to herein as “reported”). However, management believes that certain non-GAAP financial measures provide users with additional meaningful financial information that should be considered when assessing our underlying business performance and trends. Management also uses these non-GAAP financial measures in making financial, operating, compensation and planning decisions and in evaluating the Company’s performance. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company’s reported results prepared in accordance with GAAP. Our non-GAAP financial measures do not represent a comprehensive basis of accounting.

For additional details regarding the reconciliation of GAAP and non-GAAP financial measures below, see the Company’s Current Report on Form 8-K filed with the SEC on February 16, 2018. This information is also available in the “Investors” section of the Company’s website, www.coca-colacompany.com.
