**ITEM 8.01 Other Events.**

On June 26, 2007, Resource Capital Corp. (“RCC”) closed its second commercial real estate collateralized debt obligation (“CDO”) for \$500.0 million including amounts retained by RCC. Resource Real Estate Funding CDO 2007-1, Ltd. (“RREF CDO-II”) sold to investors \$390.0 million of non-recourse notes in nine tranches rated from AAA through A- and BBB. RREF CDO-II includes investor commitments to purchase up to \$50.0 million of additional notes to fund future advances, if any, that are permitted under some of the commercial real estate loans in the RREF collateral pool. The stated maturity date for the notes is September 2046; the notes may be called at RCC's option after July 2010. The notes bear interest at a weighted-average rate of one month London Interbank Offered Rate plus approximately 0.57% (before the amortization of debt issuance costs) and have a weighted-average life of 5.99 years. RCC retained an investment in RREF CDO-II of \$110.0 million, or 22%, consisting of preference shares, non-investment grade notes, and BBB+ and BBB- notes. The issuance is backed by a portfolio of commercial real estate mortgage and mezzanine loans originated by Resource Real Estate, Inc. on behalf of RCC. The underlying properties consist of office, retail, multifamily, hotel, as well as other commercial real estate assets. RCC used the proceeds from this financing primarily to pay down related repurchase agreement facilities.
