SOLICITATION OF PROXY

The accompanying proxy is solicited on behalf of the Board of Directors of Mexco Energy Corporation (the "Company" or "Mexco") for use at the Annual Meeting of Stockholders to be held at 10:00 a.m., Central Daylight Time, on Tuesday, September 14, 2010 at the Petroleum Club of Midland, 501 West Wall, Midland, Texas 79701 and at any adjournment or postponements thereof ("Annual Meeting"). In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegraph by officers, directors and other employees of the Company, who will not receive additional compensation for such services. The Company may also request brokerage houses, nominees, custodians and fiduciaries to forward the soliciting material to the beneficial owners of stock held of record and will reimburse such persons for forwarding such material. The Company will bear the cost of this solicitation of proxies. Such costs are expected to be nominal. Proxy solicitation will commence with the mailing of this Proxy Statement on or about July 31, 2010.

Any stockholder giving a proxy has the power to revoke the same at any time prior to its exercise by executing a subsequent proxy or by written notice to the Secretary of the Company or by attending the meeting and withdrawing the proxy.

PURPOSE OF MEETING

As stated in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, the business to be conducted and the matters to be considered and acted upon at the annual meeting are as follows:

1. Electing Directors of the Company;
2. Considering and voting upon a proposal to appoint Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2011; and
3. Considering all other matters as may properly come before the meeting.

VOTING RIGHTS

Right to Vote and Record Date

The voting securities of the Company consist solely of common stock, par value \$0.50 per share ("Common Stock").

The record date for stockholders entitled to notice of and to vote at the meeting is the close of business on July 22, 2010, at which time there were 1,922,366 shares of Common Stock entitled to vote at the meeting. Stockholders are entitled to one vote, in person or by proxy, for each share of Common Stock held in their name on the record date. A list of stockholders will be available at the meeting and at the Mexco's corporate office, 214 West Texas Avenue, Suite 1101, Midland, Texas 79701, for ten days before the meeting.

Quorum

Stockholders representing a majority of the Common Stock outstanding and entitled to vote must be present or represented by proxy to constitute a quorum. If a quorum should not be present, the Annual Meeting may be adjourned until a quorum is obtained.

Voting at the Annual Meeting

If your shares of Common Stock are registered directly with Computershare, Inc., you are a “record holder” and may vote in person at the meeting. If you hold your shares through a broker, bank or other nominee, your shares are held in “street name” and you are the “beneficial holder.” If you hold your shares in street name, in order to vote in person at the meeting, you must obtain a proxy from your broker, bank or other nominee.

Vote Required

All proposals other than election of directors will require the affirmative vote of a majority of the Common Stock present or represented by proxy at the meeting and entitled to vote thereon. Directors are elected by a majority of votes cast.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded from the vote and will have no effect. Broker non-votes and other limited proxies will have no effect on the outcome of the election of directors. Cumulative voting for directors is not authorized.

With regard to the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2011, an abstention will have the same effect as a vote against the proposal. Broker non-votes and other limited proxies will have no effect on the outcome of the vote with respect to such proposal.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining whether a quorum is present. For purposes of determining the outcome of any matter to be voted upon as to which the broker has indicated on the proxy that the broker does not have discretionary authority to vote, these shares will be treated as not present at the meeting and not entitled to vote with respect to that matter, even though those shares are considered to be present at the meeting for quorum purposes and may be entitled to vote on other matters. Abstentions, on the other hand, are considered to be present at the meeting and entitled to vote on the matter from which abstained.

If the enclosed Proxy is properly executed and returned prior to the Annual Meeting, the shares represented thereby will be voted as specified therein. IF A STOCKHOLDER DOES NOT SPECIFY OTHERWISE ON THE RETURNED PROXY, THE SHARES REPRESENTED BY THE STOCKHOLDER'S PROXY WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED BELOW UNDER "ELECTION OF DIRECTORS", FOR THE APPOINTMENT OF GRANT THORNTON LLP AND ON SUCH OTHER BUSINESS AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

Important Voting Information

If you hold your shares through a broker, bank or other financial institution, the U.S. Securities and Exchange Commission ("SEC") has approved a rule that changes the manner in which your vote in the election of directors will be handled at our upcoming 2010 Annual Meeting. Stockholders who hold shares of our Common Stock through a broker, bank or other financial institution receive proxy materials before each shareholder meeting. In the past, if you did not transmit voting instructions before the shareholder meeting, your broker was allowed to vote on your behalf on the election of directors and other matters considered routine.

Effective January 1, 2010, your broker is no longer permitted to vote on your behalf on the election of directors unless you provide specific instructions by completing and returning the enclosed proxy. For your vote to be counted, you now will need to communicate your voting decisions to your broker, bank or other financial institution before the date of the shareholder meeting.

Voting your shares is important to ensure that you have a say in the governance of the Company. Please review the proxy materials and follow the instructions on the proxy to vote your shares.

If you have any questions about this new rule or the proxy voting process in general, please contact the broker, bank or financial institution where you hold your shares. The SEC also has a web site (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a stockholder.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board has responsibility for establishing broad corporate policies and for overall performance and direction of the Company. The Board is elected by the Stockholders to oversee their interest in the long-term health and the overall success of the Company's business and its financial strength. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with the Stockholders. The Board selects and oversees the members of senior management, who are charged by the Board with conducting the business of the Company. Members of the Board stay informed of the Company's business by participating in Board and committee meetings, by reviewing analyses and reports sent to them regularly, and through discussions with the Chief Executive Officer and Chief Financial Officer. During fiscal year ended March 31, 2010, the Board of Directors held four meetings. No member of the Board attended less than 75% of the fiscal 2010 meetings held while serving as a director.

Mr. Graham has been Mexco's Chairman of the Board since 1997 and Mr. Taylor has been the Company's President and Chief Executive Officer since 1983. The Company believes that Messrs. Graham and Taylor's combined services in these roles create a strong leadership for the Board and the Company. This leadership structure demonstrates to the

Company's employees and Stockholders and those with whom Mexco does business that the Company is under strong leadership. We do not have a lead independent director as we believe the oversight provided by all of the Board's independent directors and the work of the Board's committees provide effective oversight of the Company's strategic plans and operations. We believe having one person serve as Chairman and one person serve as Chief Executive Officer is in the best interests of the Company and our Stockholders at this time.

The Company's management is responsible for defining the various risks facing the company, formulating risk management policies and procedures and managing the Mexco's risk exposure. The Board's responsibility is to monitor the Company's risk management processes by informing itself concerning the Company's material risks and evaluating whether management has reasonable controls in place to address the material risks. The Audit Committee described below is primarily responsible for monitoring management's responsibility in the area of risk oversight. Accordingly, management regularly reports to the Audit Committee on risk management. The Audit Committee, in turn, reports on the matters discussed at the committee level to the full board. The Audit Committee and the full board focus on the material risks facing the Company to assess whether management has reasonable controls in place to address these risks. The Board believes this division of responsibilities provides an effective and efficient approach for addressing risk management.

The Board of Directors has established the following standing committees: audit, compensation and nominating. In accordance with Section 121A of the American Stock Exchange rules and the Exchange Act, the Board must affirmatively determine the independence of each director. The Board has determined each of the following directors to be an "independent director" as such term is defined in said rules: Thomas Graham, Jr., Arden R. Grover, Paul G. Hines and Jack D. Ladd. In this proxy statement these four directors are referred to individually as an "Independent Director" and collectively as the "Independent Directors." The Board is comprised of a majority of Independent Directors and the Audit Committee, the Compensation Committee and the Nominating Committee are comprised entirely of Independent Directors.

The table below shows the current membership of each committee of the Board and the number of meetings each committee held in fiscal 2010:

Director	Audit	Compensation	Nominating
Thomas R. Craddick			
Thomas Graham, Jr.	X	X	X
Arden R. Grover	X	X	Chair

2010 Meetings	4	2	1

Audit Committee. The Audit Committee is a standing committee of the Board of Directors and currently consists of Messrs. Ladd, Grover and Graham, all of whom are Independent Directors. The Board of Directors has determined that Mr. Hines, who as of April 1, 2010 serves as the Chairman of the Audit Committee, is an "audit committee financial expert" (as that term is defined under the applicable SEC rules and regulations) based on the Board's qualitative assessment of Mr. Hines' level of knowledge, experience (as described above) and formal education. The functions of the Audit Committee are to determine whether management has established internal controls which are sound, adequate and working effectively; to ascertain whether the Company's assets are verified and safeguarded; to review and approve external audits; to review audit fees and appointment of the Company's independent public accountants; and to review non-audit services provided by the independent public accountants. The Audit Committee held four meetings during fiscal year ended March 31, 2010. All members of the Audit Committee attended these meetings in person or telephonically except one member was absent from one meeting. The Audit Committee operates under a written charter adopted by the Board of Directors in fiscal 2004. The charter is posted on the Company's website at www.mexcoenergy.com in the "Corporate Governance" area of the "Investor Relations" section. The report of the Audit Committee for fiscal year 2010 is included in this proxy statement on page 17.

Compensation Committee. The Compensation Committee is a standing committee of the Board of Directors and currently consists of Messrs. Ladd, Chairman, Graham and Grover, all of whom are Independent Directors. The

primary function of the Compensation Committee is to determine compensation for the officers of the Company that is competitive and enables the Company to motivate and retain the talent needed to lead and grow the Company's business. The Compensation Committee held two meetings during the fiscal year ended March 31, 2010. All members of the Compensation Committee attended such meetings in person or telephonically. The Compensation Committee currently operates under a written charter adopted and approved by the Board of Directors as of June 15, 2005. The charter is posted on the Company's website at www.mexcoenergy.com in the "Corporate Governance" area of the "Investor Relations" section. The report of the Compensation Committee for fiscal year 2010 is included in this proxy statement on page 13.

Nominating Committee. The Nominating Committee is a standing committee of the Board of Directors and currently consists of Messrs. Grover, Chairman, Ladd and Graham, all of whom are Independent Directors. The Nominating Committee held one meeting during the fiscal year ended March 31, 2010, at which all members of the Nominating Committee were present in person or telephonically. The primary function of the Nominating Committee is to determine the slate of Director nominees for election to the Company’s Board of Directors. The Nominating Committee considers candidates recommended by security holders, directors, officers and outside sources and considers criteria such as business experience, ethical standards and personal qualifications in evaluating all such nominees. The Nominating Committee does not have a specific policy as to considering diversity in identifying nominees for director, however seeking to build a board with diversity of experience and skills is one of the other criteria that may be deemed relevant in its evaluation. Stockholders who wish to have their nominees for election to the Board of Directors considered by the Nominating Committee may submit such nomination to the Secretary of the Company for receipt not less than 80 days prior to the date of the next Annual Meeting of stockholders and include (i) the name and address of the stockholder making the nomination, (ii) information regarding such nominee as would be required to be included in the proxy statement, (iii) a representation of the stockholder, and the stockholder’s intent to appear in person or by proxy at the meeting to propose such nomination, and (iv) the written consent of the nominee to serve as a director if so elected. The Nominating Committee currently operates under a written charter adopted and approved by the Board of Directors as of June 15, 2005. The charter is posted on the Company’s website at www.mexcoenergy.com in the “Corporate Governance” area of the “Investor Relations” section.

EMPLOYEE INCENTIVE STOCK PLANS

The Company has had three equity compensation plans: the 1997 Employee Incentive Stock Plan (the “1997 Plan”), the 2004 Employee Incentive Stock Plan (the “2004 Plan”) and the 2009 Employee Incentive Stock Plan (the “2009 Plan”) (collectively, the “Stock Plans”).

The 1997 Plan provided for distribution, 350,000 shares of authorized but unissued common stock of the Company. Awards, granted at the discretion of the Compensation Committee of the Board, included stock options and restricted stock. Stock options were incentive stock options or non-qualified stock options. The exercise price of each option was not to be less than the market price of the Company's stock on the date of grant. The maximum term of the options was ten years.

The 2004 Plan replaced, modified and extended the termination date of the 1997 Plan to September 14, 2009. The 2004 Plan provided for the award of stock options up to 375,000 shares of which 125,000 may be the subject of stock grants without restrictions and without payment by the recipient and stock awards of up to 125,000 shares with restrictions including payment for the shares and employment of not less than three years from the date of the award. The terms of the stock options were similar to those of the 1997 Plan except that the term of the options was five years from the date of grant. Although shares are remaining unissued under the 2004 Plan, these shares are no longer available with the adoption of the 2009 plan.

The 2009 Plan replaced the 1997 Plan and 2004 Plan. The 2009 Plan provides for the award of stock up to 200,000 shares and includes option awards as well as stock awards. Option awards are granted with restrictions including payment for the shares and employment of not less than three years from the date of the award. Stock awards are granted without restrictions and without payment by the recipient. Neither option awards nor stock awards may exceed 25,000 shares granted to any one individual in any fiscal year. The 2009 Plan expires ten years from the date of adoption.

According to our employee stock incentive plans, new shares will be issued upon the exercise of stock options and the Company can repurchase shares exercised under these plans. The plans also provide for the granting of stock awards. No stock awards were granted during fiscal 2010.

Restricted stock was to be granted with a condition to attain a specified goal. The purchase price was to be at least \$5.00 per share of restricted stock. The awards of restricted stock were to be accepted within sixty days and vest as determined by agreement. Holders of restricted stock were to have all rights of a shareholder of the Company. At March 31, 2010, no restricted stock had been granted under the Stock Plans.

The Company does not have any employment contracts or change of control agreements. However, the Stock Plans do permit accelerated vesting of stock awards as described below in “Potential Payments Upon a Change of Control or Termination”.

The following table summarizes certain information, as of March 31, 2010, relating to the Company’s Stock Plans. The Stock Plans were approved by Stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and monitoring adherence to our compensation philosophy. The Compensation Committee seeks to provide total compensation paid to our executive officers that is fair, reasonable and competitive.

In this compensation discussion and analysis, the “Named Executive Officers” are as follows:

Nicholas C. Taylor	President, Chief Executive Officer
Tamala L. McComic	Executive Vice President, Chief Financial Officer, Treasurer, Assistant Secretary
Donna Gail Yanko	Vice President, Secretary

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation for executive officers should be based upon the principle that compensation must be competitive to enable the Company to motivate and retain the talent needed to lead and make the Company grow, reward successful performance and closely align the interests of our executives with the Company. The ultimate objective of our compensation program is to improve stockholder value.

In setting compensation levels, the Compensation Committee evaluates both performance and overall compensation. The review of executive officers’ performance includes a mix of financial and non-financial measures. In addition to business results, employees are expected to uphold a commitment to integrity, maximize the development of each individual, and continue to improve the environmental quality of the Company’s services and operations.

In order to continue to attract and retain the best employees, the Compensation Committee believes the executive compensation packages provided to the Named Executive Officers should include both cash and stock-based

compensation.

The Compensation Committee has not retained a compensation consultant to review the compensation practices of the Company's peers or to advise the Compensation Committee on compensation matters.

10

Role of Chief Executive Officer in Compensation Decisions

On an annual basis, our Chief Executive Officer (“CEO”) reviews the performance of each of the other Named Executive Officers and, based on this review, makes recommendations to the Compensation Committee with respect to the compensation of the Named Executive Officers. The CEO considers internal pay equity issues, individual contribution and performance, competitive pressures and company performance in making his recommendations to the Compensation Committee. The Compensation Committee may accept or adjust such recommendations.

Establishing Executive Compensation

Consistent with our compensation objectives, the Compensation Committee has structured our annual and long-term incentive-based executive compensation to attract and retain the best talent, reward financial success and closely align executives’ interests with the Company’s interests. In setting the compensation, the Compensation Committee reviews total direct compensation for the Named Executive Officers, which includes salary, annual cash incentives and long-term equity incentives. The appropriate level and mix of incentive compensation is not based upon a formula, but is a subjective determination made by the Compensation Committee.

We do not have a policy of stock ownership requirements. In addition, we do not have any employment contracts or change of control agreements, although equity issued pursuant to our Stock Plans is subject to accelerated vesting as described below in “Potential Payments Upon a Change of Control or Termination”.

The Compensation Committee reviews compensation matters from time to time during the year. The Compensation Committee usually performs its annual review of officer salaries during the first quarter of each fiscal year.

Elements of Compensation

Element	Form of Compensation	Purpose
Base Salary	Cash	Provide competitive, fixed compensation to attract and retain executive talent.
Short-Term Incentive	Cash Bonus	Create a strong financial incentive for achieving financial success and for the competitive retention of executives.
Long-Term Incentive	Stock Options and Restricted Stock Grants	Provide incentives to strengthen alignment of executive team interests with Company interests, reward long-term achievement and promote executive retention.
Insurance Benefits	Eligibility to participate in the plan available to our employees, including major medical, dental, life and short-term disability plans.	Plan is part of broad-based employee benefits.

Competitive Considerations

We believe the competition for talented employees goes well beyond the industry to include oil and gas exploration and development companies and oilfield service companies. Many of the companies with whom we compete for top level talent are larger and have more financial resources than we do. Both our Compensation Committee and President and CEO consider known information regarding the compensation practices of likely competitors when reviewing and setting the compensation of the Named Executive Officers.

Insurance Benefits

We offer an insurance package to all eligible employees that includes major medical, dental and life insurance. The life insurance benefit provides for a maximum term payout of \$30,000. This package also provides for a short-term disability benefit with a maximum payout of \$200 per week for a term of up to 13 weeks.

Defined Benefit Plans and Other Arrangements

Long-term incentive compensation for executive officers is not included in the Company policy. Accordingly, no awards or payouts have been made. The Company has no retirement or pension plan except for its 1997, 2004 and 2009 Employee Incentive Stock Plans described above.

Potential Payments Upon a Change in Control or Termination

The Company does not have any employment contracts or change of control agreements. However, awards granted under the Stock Plans shall become immediately vested and fully exercisable and shall remain exercisable until the expiration of the award or in the event the participant should die before the expiration of the term of the award until the earlier of the expiration of the term of the award or two years following the date of the participant's death. Upon termination of employment, stock options held may be exercised to the extent such option was exercisable or in such accelerated basis as the Compensation Committee may determine.

If a change in control or termination of employment as described above were to have occurred as of March 31, 2010, stock options held by our Named Executive Officers would have automatically vested as follows: Ms. McComic – 7,500; Ms. Yanko – 1,250.

EXECUTIVE COMPENSATION

The compensation paid to the Named Executive Officers generally consists of base salaries, annual incentive bonus payments and awards under the Stock Plans. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Transactions with related persons are reviewed, approved or ratified in accordance with the policies and procedures set forth in the Company's Code of Ethics and Business Conduct. The Audit Committee, pursuant to the Audit Committee Charter, has the responsibility to review, assess and approve or disapprove conflicts of interest and related-party transactions to ensure compliance with the Code.

The Code provides that directors, officers, and employees must avoid situations that involve, or could appear to involve, "conflicts of interest" with regard to the Company's interest. Exceptions may only be made after review of fully disclosed information and approval of specific or general categories by senior management (in the case of employees) or the Board of Directors (in the case of officers or directors). Any employee, officer or director who becomes aware of a conflict or potential conflict of interest should bring the matter to the attention of appropriate personnel.

A "conflict of interest" exists when a person's private interest interferes in any way with the interests of the Company. Conflicts of interest generally interfere with the person's effective and objective performance of his or her duties or responsibilities to the Company. The Code sets forth several examples of how conflicts of interest may arise, including when a director, officer or employee or members of their immediate family, receive improper personal benefits because of their position with the Company; the Company gives loans to, or guarantees obligations of directors, officers, employees or their immediate family members; or the director, officer, employee or their immediate family members use Company property or confidential information for personal use.

Each year we require all our directors, nominees for director and executive officers to complete and sign a questionnaire in connection with the solicitation of proxies for use at the Annual Meeting. The purpose of the questionnaire is to obtain information, including information regarding transactions with related persons, for inclusion in our Proxy Statement or Annual Report.

In addition, we annually review SEC filings made by beneficial owners of more than five percent of any class of our voting securities to determine whether information relating to transactions with such persons needs to be included in our Proxy Statement or Annual Report.

Based on these reviews, the Company discloses the following transactions:

The Company's majority stockholder and Chief Executive Officer, Nicholas C. Taylor, shares office expenditures with the Company.

A Family Limited Partnership of Thomas Craddick received from the Company, a finder's fee in kind, equal to 2.5% of the mineral interest purchased in the Newark East Field in Johnson County, Texas in October 2008. Thomas Craddick is a member of the board of directors and Company employee. Mr. Craddick invested his personal funds, on the same basis as an unrelated third party investor, in a 5.0% working interest in our well in Ward County, Texas. Effective January 1, 2010, we purchased for approximately \$78,000, Mr. Craddick's 5.0% working interest in this well. Mr. Craddick retained a .125% overriding royalty interest in this well.

On March 1, 2009, Jeff Smith, a geological consultant, entered into an amended agreement with the Company to provide geological consulting services for a fee of approximately \$5,000 per month plus expenses. In September 2009, this agreement was amended a second time to \$500 per month plus expenses for services rendered without prior written approval from the Company. This agreement was subsequently terminated in January 2010. Also as part of this agreement, Mr. Smith received a 0.25% overriding royalty interest in two wells in Loving County, Texas, a 1.0% overriding royalty interest in a well in Ward County, Texas and a .5% overriding royalty interest in a well in Reeves County, Texas. Mr. Smith invested his personal funds in a working interest in our wells in Reeves County, Texas (2.5% before payout and 1.875% after payout) and Ward County, Texas (2.0% before payout and 1.5% after payout), on a non-promoted basis.

PROPOSAL 2: RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected and the Board of Directors has approved Grant Thornton LLP for appointment as the independent registered public accounting firm for the Company for the fiscal year ending March 31, 2011, subject to ratification by the stockholders. Neither the Company's bylaws nor other governing documents or law require shareholder ratification of the selection of Grant Thornton as the Company's independent registered public accounting firm; however, the Company is submitting the selection of Grant Thornton to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may in its discretion direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Grant Thornton LLP served as the independent registered public accountants for the Company for the fiscal year ended March 31, 2010. A representative of that firm will not be present at the Annual Meeting, but will be available by telephone, and have an opportunity to make a statement if they desire to do so and respond to appropriate questions.

HOUSEHOLDING

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such beneficial stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to our corporate secretary at our principal executive office mailing address, P.O. Box 10502, Midland, Texas 79702, telephone number (432) 682-1119. We will deliver, promptly upon written or oral request to the corporate secretary, a separate copy of the 2010 Annual Report and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

Management knows of no other business which will be presented at the Annual Meeting other than as explained herein. The Board of Directors of the Company has approved a process for collecting, organizing and delivering all stockholder communications to each of its members. To contact all directors on the Board, all directors on a Board committee or an individual member or members of the Board of Directors, a stockholder may mail a written communication to: Mexco Energy Corporation, Attention: Assistant Secretary, P.O. Box 10502, Midland, Texas 79702. All communications received in the mail will be opened by the Company's Assistant Secretary for the purpose of determining whether the contents represent a message to the Board of Directors. The contents of stockholder communications to the Board of Directors will be promptly relayed to the appropriate members. The Company encourages all members of the Board of Directors to attend the Annual Meeting of stockholders.
