Beneficial holders who own their shares through a broker, trustee or other nominee and who share an address with another such beneficial owner are only being sent one set of proxy materials, unless such holders have provided contrary instructions. Voting Information

6. What items of business will be voted on at the Annual Meeting?

The items of business scheduled to be voted on are:

• Election of eight directors (Proposal 1);

• Re-appointment of KPMG LLP as our independent registered public accounting firm for the ensuing year and the authorization of our Board to fix KPMG LLP’s remuneration (Proposal 2);

• Advisory vote to approve the compensation of our named executive officers (Proposal 3); and

• Transaction of such other business as may properly come before the meeting or any adjournment thereof.

7. How does the Board recommend that I vote?

Our Board recommends that you vote:

• “FOR” each of the nominees for election to the Board (Proposal 1);

• “FOR” the re-appointment of KPMG LLP as our independent registered public accounting firm for the ensuing year and the authorization of our Board to fix its remuneration (Proposal 2); and

• “FOR” the advisory vote to approve the compensation of our named executive officers (Proposal 3).

8. What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a broker, trustee or other nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

•

Shareholder of Record - If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the “shareholder of record.” As the shareholder of record, you have the right to grant your voting proxy directly to Thompson Creek or to a third party, or to vote in person at the Annual Meeting.

Beneficial Owner - If your shares are held in a brokerage account, by a trustee or by another nominee, you are considered the “beneficial owner” of those shares. As the beneficial owner of those shares, you have the right to direct your broker, trustee or nominee how to vote and you also are invited to attend the Annual Meeting. However, because a beneficial owner is not the shareholder of record, you will not be entitled to vote your beneficially-owned shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

9. What shares can I vote?

Each holder of shares of our common stock issued and outstanding as of the close of business on the Record Date is entitled to cast one vote per share on all items being voted upon at the Annual Meeting. You may vote all shares owned by you as of this time, including (1) shares held directly in your name as the shareholder of record, and (2) shares held for you as the beneficial owner through a broker, trustee or other nominee. On the Record Date, there were approximately 222,782,042 shares of common stock issued and outstanding.

10. How can I vote my shares in person at the Annual Meeting?

Shares held in your name as the shareholder of record may be voted in person at the Annual Meeting.

Shares for which you are the beneficial owner but not the shareholder of record may be voted in person at the Annual Meeting only if you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy as described below so that your vote will be counted if you later decide not to attend the meeting.

11. How can I vote my shares without attending the Annual Meeting?

If you are a shareholder of record, you may vote by mail or on the Internet, in each case by proxy, all as further described below.

By Mail - In order to vote by mail, you must complete, sign and date the proxy card or voting information card and return it to TMX Equity Transfer Services in the envelope provided, or return it to our principal office at 26 West Dry Creek Circle, Suite 810, Littleton, CO 80120, Attention: Corporate Secretary. The persons named as proxy holders in the proxy card or voting information card are officers and directors of the Company. If you want to appoint some other person to serve as your proxy holder to cast your vote at the Annual Meeting, you may do so and the person need not be a shareholder. If you wish to do so, you should insert the other person's name in the blank space provided in the enclosed form of proxy or voting information card. If you return your signed proxy card or voting information card but do not indicate your voting preferences, the persons named in the proxy card or voting information card as proxy holders will vote the shares represented by that proxy as recommended by our Board.

On the Internet - Instructions are included with the proxy card or voting information card that indicate whether the way your shares are held permits you to vote over the Internet and how to vote using such alternate means.

Each record holder of our common stock who does not expect to be present at the Annual Meeting or who plans to attend but who does not wish to vote in person is urged to fill in, date and sign the enclosed proxy or voting information card and return it promptly in the enclosed return envelope or vote on the Internet.

If you are the beneficial owner of shares held through a broker, trustee or other nominee, please follow the voting instructions provided by your broker, trustee or other nominee.

12. What is the deadline for voting my shares?

If you hold shares as a shareholder of record, your vote by proxy must be received in each case by 10:00 a.m. (Mountain Time) on June 22, 2016, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned meeting.

If you are the beneficial owner of shares held through a broker, trustee or other nominee, please follow the voting instructions provided by your broker, trustee or other nominee.

13. May I change my vote?

Yes. If you are the shareholder of record, you may change your vote by submitting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice to us at our principal office at the address set forth in Question 11 above that you wish to revoke a proxy that has already been submitted at any time up to and including the last business day preceding the day of the Annual Meeting, or by notifying the Chair of the Annual Meeting on the day of the meeting that you wish to revoke a proxy that has already been submitted.

If you are the beneficial owner of shares held through a broker, trustee or other nominee, you may change your vote by submitting new voting instructions to your broker, trustee or nominee according to the instructions provided by your broker, trustee or nominee or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending and voting in person at the Annual Meeting.

14. How are votes counted? What is the voting requirement to approve each of the proposals?

Proposal 1 - Election of Directors. In the election of directors, you may vote "FOR" each of the nominees, or you may indicate that authority to vote for any nominee is "WITHHELD." The eight nominees for director receiving the highest number of "FOR" votes cast in person or by proxy at the Annual Meeting will be elected.

If the number of shares "WITHHELD" with respect to an incumbent director exceeds the number of shares voted in favor of that nominee then, under the Board of Directors' Voting Policy, the nominee will be considered not to have received the support of shareholders (even though duly elected as a matter of corporate law). As soon as possible consistent with an orderly transition, but in any event within 90 days, following certification of the shareholder vote, our Board will accept the director's resignation. In accordance with our Board of Directors' Voting Policy, our Board will nominate for election or re-election as a director in uncontested elections only candidates who agree to tender an irrevocable resignation that will be effective upon acceptance by our Board promptly following their failure to receive more votes in favor than withheld for election or re-election at the next meeting at which they would face election or re-election. In addition, our Board will fill director vacancies and new directorships only with candidates who agree to tender the same form of resignation.

Brokers do not have discretionary authority to vote shares with respect to the election of director nominees in an uncontested election without direction from the beneficial owner (i.e. "broker non-votes"). Broker non-votes are not counted as votes "FOR" or "WITHHELD" with respect to the election of directors. Therefore, a broker non-vote will have no effect in determining whether Proposal 1 has been approved by the shareholders.

We have adopted advance notice provisions in our Restated Articles of Continuance. These guidelines provide that only persons who are nominated in accordance with our Restated Articles of Continuance shall be eligible for election as directors of the Company. As we did not receive any nominations within the time periods set out in the Restated Articles of Continuance, the only persons eligible for nomination as directors at the meeting are the eight nominees set out in this proxy statement.

Proposal 2 - Re-Appointment of KPMG LLP as our Independent Registered Public Accounting Firm. With respect to the proposed re-appointment of KPMG LLP as our independent registered public accounting firm for the ensuing year and authorization of our Board to fix its remuneration, you may vote "FOR," "AGAINST" or "ABSTAIN." The affirmative vote of the holders of a majority of the votes cast, either in person or by proxy, at the Annual Meeting will be required for the approval of this proposal. Abstentions are not counted as votes "FOR" or "AGAINST" this proposal and will have no effect in determining whether this proposal has been approved by our shareholders.

Proposal 3 - Advisory Vote to Approve the Compensation of our Named Executive Officers. You may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to the approval, on an advisory basis, of the compensation of our named executive officers. The affirmative vote of the holders of a majority of the votes cast, either in person or by proxy, at the Annual Meeting will be required for the approval of this proposal. Abstentions and, if applicable, broker non-votes, are not counted as votes “FOR” or “AGAINST” this proposal. Therefore, an abstention or a broker non-vote will have no effect in determining whether this proposal has been approved by our stockholders. Because your vote on this proposal is advisory, it will not be binding on us, the Board, or the Compensation Committee.

15. Is cumulative voting permitted for the election of directors?

No, you may not cumulate your vote in the election of directors.

16. What happens if additional matters are presented at the Annual Meeting?

Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the directors and officers of the Company named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. If for any reason any nominee named in this proxy statement is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by the Board.

17. Who will count the votes at the Annual Meeting?

Our Board has appointed TMX Equity Transfer Services, our transfer agent and registrar, to serve as scrutineer to tabulate and certify the votes at the Annual Meeting.

18. Who will bear the cost of soliciting votes for the Annual Meeting?

We are making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing the notices and these proxy materials and soliciting votes. In addition to the mailing of the notice and these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to shareholders.

19. Where can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and publish the final voting results in a Report of Voting Results to be filed on SEDAR and in a Current Report on Form 8-K to be filed with the SEC, each within four business days after the Annual Meeting. In accordance with Toronto Stock Exchange (“TSX”) policies, following the Annual Meeting, we will promptly issue a news release disclosing the detailed voting results for the election of each director.

20. What if I have questions for Thompson Creek’s transfer agent?

Please contact Thompson Creek’s transfer agent, at the phone number, mailing address or email address listed below, with questions concerning stock certificates, transfer of ownership or other matters pertaining to your stock account.

CORPORATE GOVERNANCE AND BOARD MATTERS

Role of Our Board of Directors

The mandate of our Board is to supervise the management of our business and affairs and to act with a view towards our best interests, including managing our assets and promoting growth for the benefit of our shareholders. In discharging its mandate, our Board has the following specific responsibilities, among others:

• The assignment to the various committees of directors the general responsibility for developing our approach to:

Our Board discharges its responsibilities directly and through its committees, as further discussed below.

A copy of our Corporate Governance Guidelines, which sets out the Board's mandate, its responsibilities and the duties of its members, can be found on our website at www.thompsoncreekmetals.com under "Company - Corporate Governance."

Director Independence

The Board has determined that the following directors, comprising all of our non-employee directors and representing a majority of the Board, are "independent" under the listing standards of the TSX and the New York Stock Exchange ("NYSE"), the SEC and Canadian securities regulations, and our Independence Guidelines: Mr. Arsenault, Ms. Banducci, Mr. Drover, Mr. Freer, Mr. Geyer, Ms. Giardini, and Mr. Haddon. Mr. Perron was determined not to be independent as he is an officer of our Company. In order to assist the Board in making its determinations, the Board has adopted Independence Guidelines as part of our Corporate Governance Guidelines, which are available on our website at www.thompsoncreekmetals.com under "Company - Corporate Governance." These Independence Guidelines identify, among other things, material business, charitable, familial and other relationships that could interfere with a director's ability to exercise independent judgment. If there is a relationship between us and a director that is not directly addressed by the Independence Guidelines, our Corporate Governance Guidelines provide that the determination regarding whether such director is independent will be made by the other members of our Board who are independent.

To facilitate the functioning of our Board independently of management, we have implemented the following structures and processes:

• We have an independent Chair of the Board;

• There are no current or former members of management on our Board other than Mr. Perron, our Chief Executive Officer;

• When appropriate, members of management, including our Chief Executive Officer, are not present for the discussion and determination of certain matters at meetings of our Board;

• Under our Restated Articles of Continuance, any two directors may call a meeting of the Board;

• Our Chief Executive Officer's compensation is considered, in his absence, by the Compensation Committee at least once a year and approved by our Board in an executive session; and

• In addition to the standing committees of our Board, independent committees are appointed from time to time, when appropriate.

Board Leadership Structure

Timothy J. Haddon, an independent director, has served as Chair of our Board since October 2013. Prior to his appointment as Chair, he served as Lead Director since December 2007. The Board believes that it is in the best interests of our Company and our shareholders to have an independent director lead our Board at this time.

The Chair of the Board position demands an individual with strong leadership skills and a comprehensive knowledge of our Company. Our Board believes it should appoint the best person for the job in this position, regardless of whether such person is someone who is currently serving, or has previously served, as one of our executive officers. However, we note that Mr. Haddon is not currently, and has not previously served, as an executive officer of the

Company. Our Board reaffirms the appointment of our Chair of the Board on an annual basis.

Our Chair is designated by the Board to act as a leader of the Board and enhance and protect, with the committees of the Board, the independence of the Board. The Chair's duties and responsibilities include:

• Presiding at Board meetings;

• Providing leadership to the Board to enhance the Board's effectiveness, including:

Ensuring that the responsibilities of the Board are well understood by both the Board and management, and that the boundaries between Board and management responsibilities are clearly understood and

respected to facilitate independent functioning and maintain an effective relationship between the Board and management;

Ensuring that the Board works together as a cohesive team with open communication;

Ensuring that the resources available to the Board (in particular timely and relevant information) are adequate to support its work;

Ensuring that a process is in place by which the effectiveness of the Board and its committees (including size and composition) is assessed at least annually; and

Ensuring that a process is in place by which the contribution of individual directors to the effectiveness of the Board and committees is assessed at least annually;

Ensuring the proper functioning of the Board as it relates to:

Developing agendas for Board meetings;

Ensuring that proper procedures are in place to enable the Board to conduct its work effectively and efficiently, including with respect to committee structure and composition, scheduling and management of meetings;

Ensuring meetings are appropriate in terms of frequency, length and content; and

Ensuring that, where functions are delegated to appropriate committees, the functions are carried out and results are reported to the Board;

Acting as the primary internal spokesperson for the Board, ensuring that management is aware of concerns of the Board, shareholders, other stakeholders and the public;

If requested by shareholders, ensuring that he or she is available, when appropriate, for consultation and direct communication;

Ensuring that management strategies, plans and performance are appropriately represented to the Board; and

Acting as the primary contact for the Chief Executive Officer with the Board, and working with the Chief Executive Officer to ensure that relationships between the Board and management are conducted in a professional and constructive manner.

Our Board believes that our current leadership structure and composition of our Board protect shareholder interests and provide adequate independent oversight, while also providing outstanding leadership and direction for our Board and management. More than a majority of our current directors are "independent" under TSX and NYSE standards, as more fully described above. The independent directors meet separately in an executive session from our management at each Board meeting and are very active in the oversight of our Company. Each independent director has the ability to add items to the agenda for Board meetings or raise subjects for discussion that are not on the agenda for that meeting. In addition, our Board and each committee of our Board has complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate.

Board Structure and Committee Composition

Our Board currently consists of eight directors and the following four standing committees: (1) Audit Committee, (2) Compensation Committee, (3) Corporate Governance and Nominating Committee, and (4) Safety, Health and Environment Committee.

Each committee of the Board is composed entirely of non-employee directors determined to be "independent" under the listing standards of the TSX and NYSE, SEC and Canadian securities regulations, and our Corporate Governance Guidelines, and each reports directly to our Board. Under their written charters adopted by the Board, each of the committees is authorized and assured of appropriate funding to retain and consult with external advisors, consultants and counsel. All of the committee

charters and our Corporate Governance Guidelines are available on Thompson Creek's website at www.thompsoncreekmetals.com under "Company - Corporate Governance."

During 2015, the Board held nine meetings, and the independent directors met separately at each of the Board meetings. During 2015, each of our directors attended at least 75% of the meetings of the Board and Board committees on which he or she served. We encourage our directors to attend our annual meeting of shareholders. All of our directors attended our 2015 annual and special meeting of shareholders in person, except for Mr. Drover, who was appointed to the Board after the 2015 annual and special meeting of shareholders.

The following table shows the directors who are currently members or the chair of each of the standing Board committees:

The Audit Committee's primary function is to assist the Board with the oversight of:

- The integrity of the Company's financial statements;

- The performance of the Company's internal audit function and independent registered public accounting firm.

The Audit Committee's primary duties and responsibilities include:

Overseeing the engagement of our independent registered public accounting firm, including reviewing and approving the terms of the engagement of the independent registered public accounting firm and pre-approving all permitted non-audit services to be performed by the independent registered public accounting firm;

Overseeing attest engagements by the Company of other registered public accounting firms;

Overseeing the Company's financial reporting and auditing.

The Board has determined that each of Mr. Arsenault, Mr. Freer and Ms. Banducci is independent within the meaning of independence for directors and audit committee members under the listing standards of the TSX and NYSE and the SEC and Canadian securities regulations. The Board has also determined that each of Mr. Arsenault, Mr. Freer and Ms. Banducci is an “audit committee financial expert” as defined by the SEC rules. The Audit Committee met five times in 2015.

The report of the Audit Committee is set forth below in the section titled “Audit Committee Report.”

Compensation Committee

The Compensation Committee’s primary duties and responsibilities include:

- Reviewing, approving and recommending to the Board the base salary, bonus, equity and other benefits for, and any change of control packages for, our Chief Executive Officer and the other members of the senior management team;

- Reviewing and reporting on risks arising from our compensation policies and practices; and
- Overseeing all matters relating to shareholder approval of executive compensation, including the frequency of such votes.

In 2015, the Compensation Committee utilized Mercer (US) Inc. (“Mercer”), an international executive compensation firm, as its independent executive compensation consultant. Mercer was engaged directly by the Compensation Committee and neither Mercer nor its affiliates provided any other services to the Company or our management. The Compensation Committee assessed whether any conflicts of interest existed between Mercer and the Company or any of the members of the Committee and determined that there were none. A representative of Mercer attended portions of certain meetings of the Compensation Committee in 2015 and provided advice to the Committee with respect to the Company’s peer group, how the Committee should position its compensation in relation to its peers, optimum compensation mix, and proposed allocations among fixed and variable, and long-term and short-term, compensation. The Compensation Committee considered the information presented by Mercer, but all decisions regarding the compensation of our executive officers were made by the Compensation Committee independent of Mercer. The Compensation Committee periodically seeks input from Mercer on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. Mercer also provides general observations on the Company’s compensation program.

Our Compensation Committee is comprised entirely of non-employee directors as such term is defined under Rule 16b-3 of the Exchange Act, and “outside directors,” as such term is defined under Section 162(m) of the Internal Revenue Code of 1986, or the Code, or any successor provision, and all of the members of the Committee are

independent within the meaning of the NYSE listing standards of independence for directors and compensation committee members. The Compensation Committee met five times in 2015.

We refer you to the section of this proxy statement titled “Compensation Discussion and Analysis” for discussion of our Compensation Committee’s role in determining compensation for our executive officers.

Compensation Committee Interlocks and Insider Participation

None of our Compensation Committee members (i) has ever been an officer or employee of our Company, (ii) is or was a participant in a related person transaction in 2015 (see “Related Person Transactions” below for a description of our the policy on related person transactions) or (iii) is an executive officer of another entity at which one of our executive officers serves on board of directors.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee’s primary duties and responsibilities include:

- Assessing the effectiveness of our Board as a whole, the committees of our Board and the contribution of individual members;

The Corporate Governance and Nominating Committee is comprised entirely of independent directors within the meaning of the NYSE listing standards. The Corporate Governance and Nominating Committee met two times in 2015.

Safety, Health and Environment Committee

Our Safety, Health and Environment Committee is charged with assisting our Board in its oversight of safety, health and environmental matters and other technical matters, including overseeing the development and implementation of appropriate policies, procedures and practices relating to safety, health and the environment, reviewing the performance of the Company with respect to such matters, and overseeing and reviewing the Company’s determination of reserves and resources. In particular, our Safety, Health and Environment Committee's authorities and responsibilities include:

- Reviewing the Company's audit plans in the areas of safety, health and environment and reviewing periodic status reports on such audits and recommendations therein;

• Making periodic visits to our operating sites to observe practices and discuss issues in the areas of safety, health and environment;

• Reviewing the qualifications of staff in leadership positions in the areas of safety, health and environment and meeting privately with such staff periodically;

• Monitoring evolving laws and regulations in the areas of safety, health and environment; and

• Reporting on the Committee's findings in the above areas to the Board on a regular basis.

The Safety, Health and Environment Committee met three times in 2015.

Executive Sessions

During 2015, the independent directors met in executive sessions without members of management at each of their regularly-scheduled Board meetings. Each session was chaired by Mr. Haddon, as Chair. During 2015, each of the Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee and Safety, Health and Environment Committee met in executive sessions without members of management present at the majority of their meetings. Any independent director may request that an additional executive session be scheduled.

Voting at Meeting

Pursuant to our Restated Articles of Continuance, matters to be voted on at any meeting of directors are to be decided by a majority of votes and, in the case of an equality of votes, our Chair does not have a second or casting vote.

Board Assessments

Our Board self-evaluates its effectiveness and functioning on an annual basis. Evaluation questionnaires are completed and returned to the Chair. The Chair reviews the completed questionnaires, discusses the comments with the directors and reports to our Corporate Governance and Nominating Committee and our Board on the evaluation process and the comments received in such questionnaires. These questionnaires are used to assess the effectiveness of our Board, the Chair, the committees of our Board and the individual directors and to recommend any improvements in our Board and committee procedures. In addition, each standing committee annually self-evaluates its effectiveness via evaluation questionnaires that are completed by the committee members, collated by the Corporate Secretary, and reviewed and discussed by each committee and by the Corporate Governance and Nominating Committee.

Orientation and Continuing Education

Our Corporate Governance and Nominating Committee is responsible for ensuring that new directors are provided with an orientation and education program which includes written information about the duties and obligations of directors, our business and operations, documents from recent Board and committee meetings, and opportunities for meetings and discussion with senior management and other directors.

Our Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. To facilitate ongoing education of our directors, our Board or our Corporate Governance and Nominating Committee, with the assistance of senior management, will:

- (i) periodically canvas the directors to determine their training and education needs and interests;
- (ii) arrange ongoing visitation by directors to our facilities and operations;

(iii) arrange the funding for the attendance of directors at seminars or conferences of interest and relevance to their position as a director of our Company; and

(iv) encourage and facilitate presentations by outside experts to our Board or committees on matters of particular importance or emerging significance.

Board of Directors' Role in Risk Oversight

Management of risk is the direct responsibility of our Chief Executive Officer and senior leadership team. Our Board has oversight responsibility, focusing on the adequacy of our risk mitigation processes and efforts. The Board administers its risk oversight function by regularly reviewing with management the risks inherent to our business and to our business strategy, their potential impacts on us, and our risk management decisions, practices, and activities (both short-term and long-term). In addition to an ongoing compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations.

While the Board has primary responsibility for overseeing risk management, each of the Board committees also considers risk within its area of responsibility. The Audit Committee regularly reviews and discusses with management, the independent auditor and the internal audit function, the Company's financial and information technology risk exposures, and assesses the policies and processes management has implemented to monitor and control such exposures. The Compensation Committee assists in the oversight of risks related to human capital and regularly reviews and discusses such risks with management, including executive compensation risks, risks relating to compensation of employees generally and risks relating to the recruitment and retention of employees. The Corporate Governance and Nominating Committee regularly reviews and discusses with management employee succession risks. The Safety, Health and Environment Committee assists in the oversight of risks relating to safety, health and the environment and reviews and discusses such risks with management and site personnel on a regular basis.

Compensation Risk Assessment

As part of its oversight of our compensation programs, our Compensation Committee analyzes the impact of our compensation processes, policies and programs on our risk profile. In 2015, our Compensation Committee reviewed our material compensation policies and procedures, including the incentives that they create and factors that may reduce or mitigate the likelihood of risk taking, to determine whether the policies and procedures encourage unnecessary or excessive risk taking. The Committee determined that our compensation programs and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Overall, we believe that our programs generally contain a balance of fixed and variable features and short- and long-term incentives, as well as reasonable metrics and performance-based goals. We believe that these factors, combined with effective management oversight, operate to mitigate risk and reduce the likelihood of employees engaging in excessive risk-taking behavior with respect to the compensation-related aspects of their jobs. See the section below entitled "Executive Compensation - Compensation Discussion and Analysis - Other Aspects of Our Compensation Program - Risk Management Considerations" for more details regarding the Compensation Committee's analysis of how our executive compensation program is designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk-taking.

Nomination of Directors

Our Corporate Governance and Nominating Committee is responsible for identifying, evaluating and recruiting nominees for director positions. The Corporate Governance and Nominating Committee, in consultation with the Chair, regularly assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Corporate Governance and Nominating Committee considers various potential candidates for nomination as a director. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current Board members, professional search firms, shareholders or other persons.

The process by which our Corporate Governance and Nominating Committee anticipates that it will identify and evaluate new candidates is through the development of a long-term plan for Board composition that takes into

consideration the following:

(i) the independence of each director;

(ii) the competencies and skills our Board, as a whole, should possess, such as financial literacy, integrity and accountability; mining industry experience; the ability to engage in informed judgment; excellent governance, strategic business development, and communications skills; and the ability to work effectively as a team;

(iii) the current strengths, skills and experience represented by each director, as well as each director's personality and other qualities as they affect Board dynamics; and

(iv) the strategic direction of our Company.

17

In addition, while the Company does not have a written Board diversity policy, our Board has specified that the value of diversity on our Board should be considered by our Corporate Governance and Nominating Committee in the director identification and nomination process. We seek nominees with a broad diversity of experience, professions, background, skills and personal characteristics. Our Corporate Governance and Nominating Committee may also, from time to time, identify particular characteristics to look for in a candidate in order to balance the skills and characteristics of our Board. Our Corporate Governance and Nominating Committee may modify these criteria, from time to time, and adopt special criteria to attract exceptional candidates to meet our specific needs.

Our Corporate Governance and Nominating Committee will consider recommendations from shareholders of potential candidates for nomination as director. Recommendations should be made in writing, include the candidate's written consent to be nominated and to serve, and provide sufficient background information on the candidate to enable our Corporate Governance and Nominating Committee to properly assess the candidate's qualifications. Recommendations should be addressed to our Corporate Secretary at our principal office. The process for evaluating potential candidates recommended by shareholders and derived from other sources is substantially the same.

Our shareholders may also nominate an individual for election as a director of the Company by following the timing and notice requirements set forth in the advance notice provision included in our Restated Articles of Continuance.

Gender Diversity and Board Renewal Practices

In accordance with Canadian securities laws, TSX-listed companies are required to disclose certain information in their annual proxy statements relating to their gender diversity and board renewal practices.

The Company has not adopted a written policy relating to the identification and nomination of women directors, as it currently believes its practices and policies adequately address this issue; however, the Board does consider the level of representation of women on the Board in identifying and nominating candidates for election or re-election. In 2014, the Corporate Governance and Nominating Committee and the Board explicitly identified the need for increased gender diversity on the Board, and, as a direct result thereof, limited their search for a replacement for our retiring director to women nominees who had certain other strengths, skills and experience that the Committee and the Board believed would enable the Board to best guide the long-term strategy and business operations of the Company. This resulted in the appointment of a woman as director, and, following this appointment, two of the Company's eight Board members are women (representing approximately 25%). The Company also considers the level of representation of women in executive officer positions when making executive officer appointments, and one of the Company's four executive officers are women (representing 25%). The Company believes in the value of gender diversity on both the Board and in senior management, and although it has not set specific quotas or targets, it believes that its assessment process and current practices adequately address this issue.

The Company has adopted term limits for members of the Board. As set forth in the Company's Corporate Governance Guidelines, each non-management director may serve a maximum term of 10 years from the date of his or her election as a director by the shareholders of the Company. For non-management directors elected prior to May 6, 2010 (the effective date of the term limit guideline), the maximum ten-year term ends on the next annual meeting following the tenth anniversary of the director's initial election as a director by the shareholders of the Company. The Board may request that any director remain on the Board beyond such ten-year term. None of our current Board members have served as a director for longer than the applicable term limit. The average term of service by our current non-management Board members is approximately 6.6 years.

The Board has also adopted a retirement policy under which the retirement age for directors has been set at 72 years. The Board may nominate a director for re-election after reaching 72 if the Board considers such nomination to be in the best interests of the Company. No current members of the Board are age 72 or older.

Corporate Governance Materials

We spend a considerable amount of time and effort reviewing and enhancing our corporate governance policies and practices. This includes comparing our current policies and practices to policies and practices suggested by authorities active in corporate governance and the policies and practices of other public companies. Based upon this review, we periodically adopt certain changes that our Board believes are the best corporate governance policies and practices for us. We also adopt changes, as appropriate, to comply with any rule changes made by the SEC, the NYSE, the TSX and applicable Canadian regulatory authorities. We believe that our current policies and procedures form the foundation for an open relationship among colleagues that contributes to good business conduct, as well as the high integrity level of our employees.

We have adopted a Code of Conduct and Ethics (the “Code of Ethics”) for our directors, officers and employees. The Code of Ethics is intended to document the principles of conduct and ethics to be followed by our Company and our employees, officers and directors. Its purpose is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest. Our Board has responsibility for monitoring compliance with the Code of Ethics by ensuring all directors, officers and employees receive and become thoroughly familiar with the Code of Ethics and acknowledge their support and understanding of the Code of Ethics. We encourage our employees to report any non-compliance with the Code of Ethics to a supervisor, designated management representatives, our General Counsel or the Chair of our Audit Committee. We have also established a telephone hotline and a website portal through which our employees may report non-compliance with our Code of Ethics on a confidential and anonymous basis, as described in more detail below. A copy of the Code of Ethics may be accessed on our website at www.thompsoncreekmetals.com under “Corporate - Corporate Governance - Code of Conduct and Ethics.” We will disclose any future amendments to, or waivers from, certain provisions of our Code of Ethics on our website following such amendment or waiver.

We have adopted a whistleblower policy which allows our directors, officers and employees who feel that a violation of the Code of Ethics has occurred, or who have concerns regarding financial statement disclosure issues, accounting, internal accounting controls, auditing or other matters, to report such violation or concerns on a confidential and anonymous basis via a dedicated telephone hotline or website portal to an independent reporting firm. All complaints or reports to such independent reporting firm are forwarded to the Chair of the Audit Committee and the General Counsel of the Company. Such reporting may also be made to the Chair of our Audit Committee in writing. Once received, our Audit Committee investigates each matter so reported and takes corrective and disciplinary action, if appropriate.

Shareholders can view our Corporate Governance Guidelines, the Charters of each of our standing Board committees and our Code of Ethics on our website at www.thompsoncreekmetals.com under "Company - Corporate Governance." Any shareholder may also obtain a printed copy of these documents, as well as copies of our constating documents, without charge upon request to the Corporate Secretary at our principal address.

Board Policy Regarding Voting for Directors

Pursuant to our Board of Directors’ Voting Policy, our Board will nominate for election or re-election as a director in uncontested elections only candidates who agree to tender, promptly following their failure to receive the required vote for election or re-election at the next meeting at which they would face election or re-election, an irrevocable resignation that will be effective upon acceptance by our Board. In addition, our Board will fill director vacancies and new directorships only with candidates who agree to tender the same form of resignation, promptly following their appointment to our Board.

If the number of votes “WITHHELD” with respect to an incumbent director exceeds the number of shares voted "FOR" that nominee, then, under the Board of Directors' Voting Policy, the nominee will be considered not to have received the support of shareholders (even though duly elected as a matter of corporate law). As soon as possible consistent with an orderly transition, but in any event within 90 days, following certification of the shareholder vote, our Board will accept the director's resignation.

Subject to any corporate law restrictions, the Board may leave the resultant vacancy unfilled until the next annual meeting of shareholders. It may also fill the vacancy through the appointment of a new director or it may call a special meeting of shareholders at which there will be presented nominee(s) to fill the vacant position or positions.

The Board of Directors’ Voting Policy does not apply in the case of a contested election (where nominees other than the slate supported by the Board have been proposed).

Communication with the Board

Shareholders, employees and other interested parties may contact the Board, our independent directors as a group, or any of our Directors (including the Chair of the Board) by writing to them care of Corporate Secretary, Thompson Creek Metals Company Inc., 26 West Dry Creek Circle, Suite 810, Littleton, Colorado 80120. The Corporate Secretary will review all such correspondence, organize it for review by the Board or individual directors, as appropriate, and forward it to the full Board or to individual directors, as appropriate. Certain items that are unrelated to the Board's duties may not be forwarded to the Board.

The Chair of the Board was entitled to receive an additional retainer of \$80,000 per year. All such directors' fees were paid quarterly in arrears.

Each of our non-employee directors typically receives a grant of stock options when he or she becomes a director, and beginning in 2010 and in each year thereafter until 2016, each also received an annual grant of RSUs. In February 2015, each

20

non-employee director received a grant of RSUs valued at approximately \$118,110 that fully vested on May 7, 2016, the one-year anniversary of our 2015 annual meeting of shareholders. Mr. Drover received a prorated amount of RSUs, as he joined our Board in May 2015.

Each of our directors is also entitled to reimbursement by us for all reasonable travel expenses incurred in connection with Board or Board committee meetings.

Directors who are also our employees or employees of any of our affiliates do not receive any compensation for their services as a director. Accordingly, Mr. Perron is not compensated for his service as a director.

Non-Employee Director Stock Ownership Guidelines

Under our stock ownership guidelines, each non-employee director is required to accumulate, within five years of election to the Board, shares of our common stock equal in value to at least three times the amount of his or her annual cash retainer. Unvested restricted stock units count towards satisfaction of these minimum ownership requirements, but unexercised stock options and unvested performance share units do not. As of December 31, 2015, each of our directors was in compliance with our stock ownership guidelines. Please see the section below entitled “Executive Compensation - Stock Ownership Guidelines” for a description of the stock ownership guidelines that apply to our executive officers.

Changes to 2016 Director Compensation

On March 31, 2016, the Board approved certain amendments to our director compensation program, effective January 1, 2016. As amended, each of our non-employee directors is entitled to receive an annual retainer fee of \$125,000 (\$85,000 of which effectively replaces the annual grant of RSUs for 2016), payable in advance on a quarterly basis, and a \$5,000 advance payment each month to cover meeting fees (which remain at \$1,500 per Board or Board committee meeting attended) and any reasonable travel expenses for such month. The Chair of the Board is entitled to receive an additional annual retainer of \$120,000 for 2016, payable in advance on a quarterly basis. No changes were made with respect to the additional retainers payable to each of the Chairs of the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, and the Safety, Health and Environment Committee, except that such annual retainers are payable in advance on a quarterly basis. None of our non-employee directors will receive a grant of RSUs in 2016.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS, DIRECTORS AND MANAGEMENT AND SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Security Ownership of Certain Beneficial Owners, Directors and Management

The following table sets forth information concerning the beneficial ownership of our common stock by (a) each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our common stock, (b) our directors, (c) our named executive officers set forth in the Summary Compensation Table above, and (d) all of our directors and executive officers as a group, in each case as of May 9, 2016. Percentage ownership calculations for beneficial ownership are based on 222,475,350 shares outstanding at the close of business on May 9, 2016. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed shares of common stock subject to (i) options held by that person that are currently exercisable or exercisable within 60 days of May 9, 2016 or (ii) RSUs that will vest and settle within 60 days of May 9, 2016, to be outstanding. Executive officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. RELATED PERSON TRANSACTIONS

Related Person Transaction Policies and Procedures

The Board has adopted a written policy for approval of any transaction or series of transactions exceeding \$120,000 between the Company and our directors, executive officers, beneficial owners of more than 5% of our common stock, and their respective immediate family members (each, a “related person”).

The policy provides that the Corporate Governance and Nominating Committee reviews certain transactions subject to the policy and decides whether or not to approve or ratify those transactions. In doing so, the Corporate Governance and Nominating Committee determines whether the transaction is in the best interests of the Company. In making that determination, the Corporate Governance and Nominating Committee takes into account, among other factors it deems appropriate:

- The extent of the related person's interest in the transaction;
- Whether the transaction is on terms generally available to an unaffiliated third party under the same or similar circumstances;
- The benefits to the Company;
- The impact or potential impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, 10% shareholder or executive officer;
- The availability of other sources for comparable products or services; and
- The terms of the transaction.

In the event Company management determines that it is impractical or undesirable to wait until a meeting of the Corporate Governance and Nominating Committee to consummate a related person transaction, the Chair of the Corporate Governance and Nominating Committee may approve such transaction in accordance with the policy (or, if the transaction relates to the Chair of the Corporate Governance and Nominating Committee, the Chair of the Audit Committee). A summary of any transactions so pre-approved is provided to the full Corporate Governance and Nominating Committee for its review at its next regularly scheduled meeting.

The Corporate Governance and Nominating Committee has adopted standing pre-approvals under the policy for the following transactions, even if the amount involved will exceed \$120,000:

- Executive officer compensation;
- Director compensation;
- Transactions with another company where the related person's relationship is only as a non-executive employee, director, or beneficial holder of less than 10% of the other company's shares, and the transaction does not exceed the greater of \$500,000 or 2% of the other company's annual revenues;
- Contributions by the Company to charitable organizations where the related person is a non-executive employee or director and the contribution does not exceed the lesser of \$500,000 or 2% of the charitable organization's annual receipts;
- Transactions where the related person's only interest is as a holder of Company stock and all holders received proportional benefits (such as the payment of regular quarterly dividends); and
- Transactions involving competitive bids.

A summary of any new transaction covered by the standing pre-approvals described above is provided to the Corporate Governance and Nominating Committee for its review at its next regularly scheduled meeting.

Related Person Transactions

During 2015, there were no transactions between the Company and any related persons in which the amount involved exceeded \$120,000, and there are no such transactions currently proposed.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (“CD&A”) is designed to provide our shareholders and investors with an understanding of our executive compensation program and to discuss the compensation earned in 2015 by our named executive officers. Our named executive officers for 2015 included our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer, and the three other most highly compensated executive officers, as named below. Effective January 15, 2016, Wendy Cassity resigned as our Vice President, General Counsel and Secretary.

• Jacques Perron, President, Chief Executive Officer and Director;
• Pamela L. Saxton, Executive Vice President and Chief Financial Officer;
• Mark A. Wilson, Executive Vice President and Chief Commercial Officer;
• Wendy Cassity, Former Vice President, General Counsel and Secretary; and
• Geoffrey Ramey, Vice President, Human Resources and HR Systems.

2015 Business Overview and Highlights

Fiscal year 2015 was a challenging year for the mining industry and our company, with sharp declines in commodity prices, lack of investor interest in the resource sector, and instability in the global financial markets.

Due to steep declines in the molybdenum price, at the end of 2014, we suspended operations at our molybdenum mines, took a number of cost-cutting measures, including the layoff of valuable employees, and wrote off inventory and assets in our molybdenum business. The shutdown of our molybdenum mines resulted in a 38.8% decrease in revenues for fiscal year 2015, as compared to fiscal year 2014.

Declines in the prices of copper and gold throughout 2015 adversely affected the average realized sales prices of our products, which largely offset the increases in our sales of payable copper and payable gold from 2014. As a result, our copper-gold revenues only increased by approximately 3% in 2015, as compared to 2014, despite increases of payable copper and gold production year over year.

The declining commodities prices and uncertainty as to when such prices might recover, the instability of the global financial markets, and economic slowdowns in China and Europe, created uncertainty among investors in the mining industry, and many mining stocks declined in 2015. Our stock price, as reported on both the NYSE and the TSX, fell below \$1.00 per share in the second quarter of 2015 and continued to decline thereafter.

The significant declines in copper prices in 2015 and the ongoing weakness in the base metals market adversely affects our forecasted ability to generate sufficient cash flow from operations to fully repay our outstanding senior notes when they come due beginning in 2017, and, as a result, our credit quality and long-term liquidity have been adversely affected, and our share price has been further depressed.

We cannot control metals prices or global market conditions, but we can control our safety performance, operational performance, operating costs, and capital expenditures. Therefore, we focused our executive compensation programs in 2015 on those performance metrics that we can control.

Amid a challenging market environment, our Company, led by our named executive officers, accomplished the following in 2015:

• We kicked off a Company-wide Safety and Leadership Initiative, which had a positive impact on our safety performance. For 2015, our Company All Incident Recordable Rate (“AIRR”) was 0.67, compared to 2.46 in 2014. In

addition, our 2015 AIRR was significantly better than the industry average of 2.01 for the Mining Association of British Columbia Index and 1.82 for the U.S. Surface Metals and Mining Index.

- Our primary focus during 2015 was to complete the ramp-up of Mount Milligan and meet our production and cash cost guidance. At year-end 2015, we achieved average daily mill throughput of 60,000 tonnes per day. For 2015, we produced 71.4 million pounds of payable copper and 218,081 ounces of payable gold. Our copper and gold production met our production guidance of 70 to 80 million pounds of copper and 210 to 220 thousand ounces of gold. In addition, we achieved average unit cash costs on a bi-product basis of \$0.55 per pound of

copper produced, which was at the low end of our cash cost guidance of \$0.55 to \$0.75 per pound of copper produced.

In 2015, we transformed our business strategy for molybdenum to maximize the location and efficiency of our Langeloth metallurgical facility ("Langeloth"). Langeloth primarily operates as one of the world's largest toll conversion plants and its quality products are recognized around the world. Cash flows from the Langeloth operation are expected to substantially cover the annual costs of care and maintenance at our two molybdenum mines, enabling us to retain the optionality of the mines.

We ended the year with a strong cash balance of approximately \$177 million.

Since the completion of the Mount Milligan Mine to December 31, 2015, we have repaid and retired 13% of our debt balance, or approximately \$134 million, including the net repayments of our capital lease obligations. During 2014 and 2015 we have repurchased a total of \$67.1 million of our bond obligations which will result in total future bond interest savings of \$16.3 million between 2016 through 2019.

During 2015, management focused on identifying potential solutions to address the Company's balance sheet and future liquidity issues. In November, we engaged Moelis & Company and BMO Capital Markets as advisors to assist our Board of Directors in evaluating strategic and financial alternatives available to the Company, including debt refinancing and restructuring, new capital transactions and asset sales.

Compensation Philosophy

Our core executive compensation philosophy is to:

- pay for performance by linking short- and long-term awards to pre-established and objective Company performance goals;

- tie executive compensation to the interests of our shareholders and the creation of shareholder value; and

- provide a competitive level of compensation that will attract and retain talented high-achievers.

Our Compensation Committee (the "Committee") designs our executive compensation program with these goals in mind and evaluates the effectiveness of our policies on an ongoing basis. Below is a summary of each of our compensation components, including our rationale for using each component and a description of how each aligns with our compensation philosophy:

Short-Term Compensation

Element of Compensation	Summary and Purpose of Element
Base Salary (Fixed)	Base salaries form an essential part of our executive compensation and ensure a fixed level of annual cash compensation.
Annual Performance-Based Cash Incentives (At-Risk)	Our annual cash incentive bonus plan is designed to provide performance-based awards to our executive officers, each of whose performance has a significant impact on the success of the Company. Bonus targets are established for each executive based on competitive market data and the position and experience of the executive. Payouts are determined based on the achievement of certain pre-established and objective Company performance goals and the individual performance of the executive. Annual bonuses reward our executives for achieving short-term goals that we believe are important to our long-term success and the creation of shareholder value.

Long-Term Compensation

Element of Compensation	Summary and Purpose of Element
Performance Share Units (At-Risk)	Performance share units are a variable, performance-based, component of compensation intended to create incentives for long-term performance and to further align the interests of executives with those of shareholders. Vesting of performance share units is tied to the achievement of long-term financial and/or operational Company goals.
Restricted Share Units (At-Risk)	Restricted share units are a variable component of compensation intended to create incentives for performance and further align the interests of executives with those of shareholders. Restricted share unit values increase or decrease in relation to our stock price.
Other Compensation	We offer company-matching in connection with our 401(k) plan, limited perquisites and other compensation from time to time to ensure that our executive compensation is competitive.

The following graph reflects the relationship of performance (at-risk) to fixed compensation with respect to our Chief Executive Officer, as well as our other named executive officers on an average basis, and illustrates the extent to which our executive compensation program pays for performance. For purposes of this graph, fixed compensation includes base salary, any guaranteed bonus and other fixed compensation, and at-risk compensation includes annual cash incentive awards and the grant date fair value of all stock and option awards granted in 2015.

In addition, the Committee regularly reviews realizable pay for its executives. The Committee recognizes realized pay as an important measure for pay-for-performance alignment because it demonstrates the value actually earned by our named executive officers. The following graph demonstrates the correlation between total compensation and realizable for our Chief Executive Officer in 2014 and 2015.

Target Compensation: Target compensation is calculated using our Chief Executive Officer's base salary, target annual incentive bonus, other cash compensation for such year, and stock awards, as disclosed in the Summary Compensation Table below.

Realized Compensation: Realized compensation is calculated using our Chief Executive Officer's actual earned base salary, actual earned annual incentive bonus, all other compensation as disclosed in the applicable Summary Compensation Table, and the value of all PSUs and RSUs that vested during the year (calculated by multiplying the number of shares vested by the closing price of our common stock on the vesting date) and the value of stock options exercised during the year (calculated by multiplying the number of options exercised by the difference between the exercise price and the closing price of our common stock on the exercise date).

During 2015, realized molybdenum, copper and gold prices declined significantly compared to 2014, our Thompson Creek molybdenum mine in Idaho ("TC Mine") was on care and maintenance, and our Endako molybdenum mine in British Columbia ("Endako Mine" or "Endako") was placed on care and maintenance mid-year, all of which adversely affected our financial performance, which had an adverse effect on total shareholder return and directly diminished the realized compensation of our Chief Executive Officer in 2015 compared to 2014. As described above, the performance goals for the Company and our named executive officers in 2015 were based on objectives that were within the Company's control, such as achievement of safety performance objectives, throughput at our operating mines, operational performance, operating costs and capital expenditures, among other things. In 2015, Mr. Perron led the Company in significantly improving our company-wide safety performance, completing the ramp-up and achieving design daily mill throughput at Mount Milligan Mine and transforming the molybdenum business to substantially cover care and maintenance costs of TC Mine and Endako Mine and to maintain future option value of those mines. In addition to these Company achievements, Mr. Perron exceeded his individual target performance metrics established by the Committee, which resulted in Mr. Perron receiving a performance-based cash bonus of 97% of his target for 2015. See "2015 Compensation Decisions-Cash Compensation-Annual Cash Incentive Bonuses" below for more information.

At our annual meeting of shareholders in May 2015, we held our annual advisory stockholder vote to approve the compensation of our named executive officers ("say-on-pay"). The compensation of our named executive officers reported in our 2015 proxy statement was approved by over 66% of the votes cast at the 2015 annual meeting. In order to align the executive compensation program with its pay for performance philosophy, the Committee changed its approach to our executive compensation practices in 2015 to focus on those performance metrics that are within the control of the Company and its management, and on those performance metrics that the Committee believes will lead to the future success of the Company. The Committee believes it has considered, and it will continue to consider, the outcome of our say-on-pay votes when reviewing the objectives of our program and making future compensation decisions for the named executive officers.

Role of the Compensation Committee

The Committee oversees our executive compensation program. Each Committee member is an independent non-employee director with significant experience in executive compensation matters. The Committee develops and approves the overall compensation package for our Chief Executive Officer and, with the additional assistance of our Chief Executive Officer, for each other named executive officer. Objective criteria are reviewed in detail, and the Committee exercises its discretion after such review in making decisions regarding executive compensation. We have a small group of executive officers, and the Committee's decisions regarding salary amounts, grant amounts (in the form of equity and cash awards and percentage allocations under the annual incentive plan) and total compensation mix reflect the Committee's views as to the scope of responsibilities of our executive officers and the Committee's subjective assessment of their respective impacts on our overall success.

In implementing and administering the Company's compensation philosophy, the Committee regularly:

- Evaluates the design and administration of each component of executive compensation;
- Reviews Company performance and the degree of attainment of pre-established performance goals;
- Reviews the overall individual performance of each executive officer;
- Considers executive compensation data provided by its independent executive compensation consultant to assess the competitiveness of the Company's compensation policies;
- Considers the results of the advisory "say-on-pay" vote of the Company's shareholders;
- Considers feedback received from our shareholders on our executive compensation program; and
- Approves or recommends executive compensation matters to the Board.

Role of our Compensation Consultant

To assist in its review and oversight of our executive compensation program, the Committee has retained Mercer (US) Inc., an international executive compensation consulting firm, as its independent executive compensation consultant. Mercer provides analyses and recommendations that inform the Committee's decisions, evaluates market data, provides updates on market trends and the regulatory environment as it relates to executive compensation, reviews and provides feedback on management proposals presented to the Committee related to executive compensation, and works with the Committee to strengthen the pay-for-performance relationship and alignment with shareholders. The Committee consults with Mercer regularly throughout the year. The Committee has assessed the independence of Mercer and concluded that no conflict of interest exists that would prevent Mercer from independently representing the Committee. Mercer was hired directly by the Committee and neither Mercer nor any of its affiliates has provided any other services to the Company or our executive officers.

Competitive Market Assessment

Each year, the Committee reviews compensation levels for our named executive officers as compared to a selected peer group and appropriate survey sources to help ensure that compensation to our named executive officers is competitive with compensation at other companies with whom we compete for talent and sufficient to retain and motivate our executives.

For 2015, this analysis considered:

- i. compensation data from a public company peer group (described below);
- ii. Mercer's 2015 Mining Industry Compensation Survey; and
- iii. Global Governance Advisors 2015 Executive & Board Remuneration Report.

One of the primary ways the Committee evaluates our executive compensation arrangements relative to other companies is to compare the Company's practices to a comparable group of publicly-traded mining companies of similar size (as determined by annual revenue and market capitalization), complexity and scope of operations, and that are based in Canada and/or the United States. The composition of this peer group is reassessed annually in consultation with the Committee's independent executive compensation consultant. For 2015, the Company's peer group was revised from the previous year's peer group, as follows: (a) Mercator Minerals and Imperial Metals were removed because their respective annual revenues were too low; (b) Nevsun Resources and Dundee Precious Metals were removed because the locations of their respective mining operations were not comparable to those of the Company; (c) Centerra Gold Inc., Coeur Mining Inc., and Detour Gold Corp. were added to provide greater representation in the peer group of gold mining companies to reflect the Company's gold mining operations; and (d) Royal Gold Inc. was added to include a similarly sized U.S.-based company in the gold sector whose share price performance may be impacted by Mount Milligan's performance.

The following table sets forth the comparative group the Committee used in the determination of our overall executive compensation for 2015:

Comparative Company	12-Month Trailing Revenue @ Sept 2014 (US\$ millions)	Market Capitalization @ Nov 2014 (US\$ millions)	Total Assets @ Sept 2014 (US\$ millions)	Corporate Headquarters Location
Stillwater Mining Company	\$964	\$1,578	\$1,384	USA
Centerra Gold Inc	\$875	\$1,132	\$1,691	Canada
Pan American Silver Corp	\$782	\$1,418	\$2,673	Canada
New Gold Inc	\$736	\$2,023	\$4,251	Canada
Lundin Mining Corporation	\$695	\$3,375	\$4,487	Canada
Coeur Mining Inc	\$664	\$425	\$2,915	USA
Capstone Mining Corp	\$662	\$671	\$1,972	Canada
Detour Gold Corp	\$512	\$1,230	\$2,641	Canada
Hudbay Minerals Inc	\$502	\$1,778	\$4,929	Canada
Hecla Mining Co	\$493	\$867	\$2,252	USA
Molycorp Inc	\$483	\$242	\$2,961	USA
Taseko Mines Limited	\$357	\$289	\$883	Canada
Royal Gold Inc	\$250	\$4,127	\$2,893	USA
Thompson Creek Metals Company Inc	\$617	\$362	\$3,058	USA

The Committee considers this market data when setting target compensation and makes adjustments as needed to create greater alignment with the Company's compensation philosophy, to reflect unique circumstances at the Company and to reflect the skills, experience, contributions, performance and responsibility of the individual executive.

2015 Compensation Decisions

The principal components of our executive compensation for 2015 were base salaries, annual performance-based cash incentive bonuses and long-term incentive awards in the form of equity awards. The following graphs illustrate the component mix of compensation for our Chief Executive Officer, as well as for our other named executive officers on an average basis.

Below is a summary of each of our compensation components, including our rationale for using each component and a description of how each aligns with our compensation philosophy:

Cash Compensation

Base Salary. As reflected in the charts above, fixed compensation in the form of base salary represents approximately 21%-27% of our executive officers' total compensation for 2015, affirming our commitment to allocate more compensation to performance-based elements of our executive compensation program. Base salaries are provided as compensation for day-to-day responsibilities and services and provide a consistent cash flow to our named executive officers. The Committee reviews executive salaries annually and makes adjustments based on market data, the individual's executive position, scope of responsibility, tenure, experience, education, current year performance and expected future contribution to the Company.

The Committee increased base salaries for 2015 effective April 1 for each of our named executive officers. The base salaries of our named executive officers in 2015 are set forth below:

Named Executive Officer	2015 Base Salary	Increase Over 2014 Base Salary
Jacques Perron	\$600,000	9.09%
Pamela Saxton	\$370,000	7.22%
Mark Wilson	\$390,000	26.5%
Wendy Cassity	\$300,000	4.02%
Geoffrey Ramey	\$245,000	4.26%

The increases in 2015 base salaries compared to 2014 were based on the individual performance of each of our named executive officers in previous years, and the market competitive analysis of our peer companies in order to retain our executive officers during this difficult time in the mining industry. The increase in Mr. Wilson's 2015 base salary was made in connection with the execution of his amended and restated employment agreement, pursuant to which his previous retention arrangement was eliminated. Prior to 2015, Mr. Wilson's base salary had been set at a lower level due to the retention payments that he was eligible to receive under his previous employment agreement. When Mr. Wilson's retention arrangement was eliminated in March 2015, his base salary was increased accordingly to align his total compensation package with applicable market levels. See "Other Aspects of our Executive Compensation Program - Retention Arrangements" below for more information.

Annual Cash Incentive Bonuses. In keeping with the Company's performance-based compensation philosophy, annual cash incentive bonus payouts are tied to the achievement of specific Company performance targets and individual goals reviewed and approved by our Board of Directors, as described in more detail below, multiplied by a target percentage for each executive expressed as a percentage of base salary. The Committee establishes bonus targets and the Company and individual performance metrics each year in consultation with its independent executive compensation consultant and the full Board of Directors. In establishing these targets and metrics, the Committee considers short- and long-term financial and operational goals for the Company, competitive market data, desired market positioning and each executive's position, scope of responsibility and ability to impact Company performance, as applicable.

The annual performance bonus payout targets for our named executive officers for 2015 were as follows:

Named Executive Officer	Target as a percentage of base salary
Jacques Perron President and Chief Executive Officer	90%
Pamela Saxton Executive Vice President and Chief Financial Officer	60%
Mark Wilson Executive Vice President and Chief Commercial Officer	60%
Wendy Cassity ⁽¹⁾ Former Vice President, General Counsel and Secretary	50%
Geoffrey Ramey Vice President, Human Resources and HR Systems	50%

⁽¹⁾ Pursuant to the terms of the bonus plan, Ms. Cassity was not paid a bonus for 2015 performance due to her resignation from the Company prior to bonus approval and payment.

Company and individual performance weightings for our named executive officers for 2015 were as follows:
2015 Company and Individual Performance Weightings

	CEO	All Other NEOs
Company Performance	80%	80%
Individual Performance	20%	20%
Total	100%	100%

2015 Company Performance Metrics

In February 2015, the Committee and our Board reviewed and approved the 2015 annual cash incentive bonus plan and established the Company performance goals upon which the Company portion of the 2015 bonus payouts would be paid out. The Committee considered specific business objectives for 2015 and set the Company performance goals

for 2015.

As described above, the mining industry in recent years has been severely adversely affected by prevailing commodities prices and other factors outside the control of the Company. However, the Committee believes there are a number of performance objectives within the control of management that can lead to the Company's future success. In 2015, the Committee set performance objectives based on factors within the Company's control, such as our safety performance, throughput at Mount Milligan Mine, operational performance, operating costs and capital expenditures.

32

Related to one of our most important goals and in an effort to be a leader in safety among our peers, we launched a Company-wide Safety and Leadership Initiative, which combines behavior-based safety systems with the development of a safety-centric culture and safety leadership training. The initiative was first implemented at TC Mine in 2012 and resulted in improved safety performance. In 2015, we rolled out the initiative at our remaining sites, including the corporate office. As illustrated in the graph below, the result has been a dramatic improvement in safety performance with our Company-wide All Incident Reportable Rate ("AIRR") improving from 2.48 during 2013 to 0.67 during 2015. As safety is integral to our business, our Safety Index Score along with our AIRR were included as performance metrics in the calculation of annual incentive bonuses. The measurable results indicated a 110.7% and 200% performance achievement for the Safety Index Score and AIRR, respectively. These two metrics accounted for 15% of the company performance bonus payout calculation as well as the Safety Index Score comprising portions of each site-specific performance.

The table below sets forth the main categories of the Company performance objectives set by the Committee in 2015.

Metric	Payout ⁽¹⁾	Weighting	Weighted Payout
Safety Index Score	110.7%	10%	11.1%
Safety AIRR ⁽²⁾	200%	5%	10.0%
Mount Milligan ⁽³⁾	71.7%	65.0%	46.6%
Langeloth	63%	15%	9.4%
TC Mine	157.5%	2.5%	3.9%
Endako	30.2%	2.5%	0.8%

Company Performance Score 81.8%

(1) Represents payout percentage of target based on actual performance.

(2) Reflects Company safety performance as measured by All Incident Recordable Rate (AIRR).

(3) Mount Milligan Performance Metrics and Calculation shown in the table below.

Performance at Mount Milligan, our principal operating asset, comprised 65% of the Company performance bonus payout calculation. The table below sets forth the specific performance objectives for Mount Milligan set by the Committee and the Board in 2015, along with the calculation of the payouts with respect to each performance metric.

Site Specific Objectives ⁽²⁾	10%	—	100	200	66	66%

(1) Represents payout percentage of target based on actual performance.

(2) Site Specific Objectives for Mount Milligan in 2015 included activities relating to environmental compliance, tailings dam activities, inventory management, corporate responsibility matters, and employee relations.

If the Company achieved its targeted performance for a given metric, the payout percentage for that metric would be 100%. The maximum payout percentage for any metric was 200%. If the minimum amounts were not achieved for a particular metric (the "threshold"), no amount was to be paid for that metric. Payout percentages are pro-rated for performance between the threshold and the target, and the target and the stretch, performance levels. The payout percentage for each metric was given a particular weighting within the overall Company performance target, and based on such payout percentages and weightings, the Company payout factor was 81.8%.

To calculate the portion of the incentive bonus tied to Company performance received by each named executive officer, the bonus payout target for each executive was multiplied by the weighting of Company performance on the cash incentive bonus (80%, in the case of the Chief Executive Officer and each of the other named executive officers). This amount was subsequently multiplied by 81.8%, the Company payout factor calculated above. As a result, approximately 65% of the target incentive bonus for our Chief Executive Officer and each of the other named executive officers was paid out as part of the Company performance calculation.

2015 Individual Performance Metrics

In 2015, 20% of the target incentive bonus for our Chief Executive Officer and all other named executive officers was tied to the achievement of individual goals reviewed and approved by the Committee. The Committee believes that tying some portion of the incentive bonus to individual goals aligns personal performance with strategic objectives that will support the long-term sustainability and performance of the Company. Individual performance metrics for 2015 were approved by the Committee in February 2015.

In February 2016, the Committee reviewed, in an executive session without management, the 2015 performance goals for the Chief Executive Officer and assessed his accomplishments. Mr. Perron's individual performance objectives for 2015 included goals relating to providing direction for safety performance, balance sheet management, increasing efficiencies to streamline the organization, succession planning for the senior leadership team, and developing the Company's molybdenum business plan. The Committee also reviewed the 2015 performance goals and individual performance assessments, together with Mr. Perron's recommended payouts for each, for the other named executive officers. For our named executive officers, individual performance objectives for 2015 included certain goals and objectives tied to operational performance and other Company initiatives and strategies applicable to each executive's area of responsibility. The Committee also reserves the right to use its discretion in determining final payouts for the individual portion of the annual performance bonus. Based on the Committee's review, for the individual portion of the 2015 performance bonus for all 2015 named executive officers, the Committee approved calculations ranging

from 115% to 130% of target.

2015 Performance Bonus Payouts

The chart below shows the target bonus and final bonus amount for each of our named executive officers for 2015:

Named Executive Officer	2015 Target Bonus ⁽¹⁾	Final 2015 Bonus Payout	Bonus Payment as a Percentage of Target
Jacques Perron	\$528,750	\$515,376	97%
Pamela L. Saxton	\$218,265	\$196,000	90%
Mark Wilson	\$221,745	\$214,000	97%
Wendy Cassity ⁽²⁾	\$148,550	\$—	—%
Geoffrey Ramey	\$121,250	\$110,000	91%

⁽¹⁾ Target bonus is calculated by multiplying the prorated annual salary by each executives' performance payout target percentage.

⁽²⁾ Ms. Cassity's employment with the Company terminated in January 2016. Pursuant to the terms of the performance bonus plan, Ms. Cassity was not paid a bonus for 2015 performance due to her resignation prior to bonus approval and payment.

Long-Term Incentive Plan Compensation

2015 Annual PSU and RSU Grants. In February 2015, our named executive officers received annual equity awards in the form of restricted share units ("RSUs") and performance share units ("PSUs") under our Amended and Restated 2010 Long-Term Incentive Plan (the "LTIP"). The Committee recommends such awards, and the Board approves them. The number of units granted to each named executive officer was based on the volume-weighted average trading price of shares of our common stock on the TSX for the 30 completed trading days immediately preceding the grant date, converted at the average noon exchange rate quoted by the Bank of Canada on the grant date. Of the total number of units granted, 75% was granted in the form of PSUs, with metrics tied to long-term Company performance, and the remaining 25% was granted in the form of time-based RSUs. The high proportion of performance-based rewards reflects the Committee's commitment to our pay-for-performance philosophy. The time-based awards facilitate retention, which is also an important goal of our executive compensation program. The target PSU and RSU grants for our named executive officers for 2015 were as follows:

2015 Stock-Based Long-Term Incentive Payout Target	Target of grant value as a percentage of base salary
Jacques Perron	200%
Pamela L. Saxton	150%
Mark Wilson	150%
Wendy Cassity	150%
Geoffrey Ramey	150%

2014 and 2015 PSU Performance Metrics. In 2014, the Committee reviewed historical performance metrics for PSU grants, discussed the performance-based long-term equity incentives used by peer companies, and considered the Company's business strategy and priorities going forward. Based on these discussions, the Committee decided to revise the performance metrics for any PSU grants made 2014 onward but retain the three-year measurement period, with cliff vesting at the end of the three-year period, used for prior grants.

The performance metrics for the 2014 PSU grants are as follows:

• Total shareholder return relative to the S&P TSX Global Base Metals Index (60% weighting); and
Aggregate "cash generated by (used in) operating activities" less aggregate "capital expenditures" for 2014 through 2016, as reflected in Statements of Cash Flows included in the Company's Annual Reports on Form 10-K for such fiscal years (40% weighting).

The performance metrics for the 2015 PSU grants are as follows:

• Total shareholder return relative to the S&P TSX Global Base Metals Index (60% weighting); and
Aggregate "cash generated by (used in) operating activities" for 2015 through 2017, as reflected in Statements of Cash Flows included in the Company's Annual Reports on Form 10-K for such fiscal years (40% weighting).

The S&P/TSX Global Base Metals Index is designed to provide investors an index of global securities involved in the production or extraction of base metals. The index is a subset of the S&P/TSX Global Mining Index. We believe these changes more closely tie our performance based compensation to the Company's current business objectives.

PSUs granted in 2014 vest according to relative total shareholder return as set forth below:

Level of Performance	Relative TSR Performance Percentage	Vesting
Stretch	150% or greater	200% of Target
Target	100%	Target Units
Threshold	50% or below	0

PSUs granted in 2014 vest in connection with the Cash Flow From Operations performance metric as set forth below:

Level of Performance	Cash Flow From Operations	Vesting
Stretch	\$450 million or greater	200% of Target
Target	\$350 million	Target Units
Threshold	\$250 million or below	0

PSUs granted in 2015 vest according to relative total shareholder return as set forth below:

Level of Performance	Relative TSR Performance Percentage	Vesting
Stretch	150% or greater	200% of Target
Target	100%	Target Units
Threshold	50% or below	0

PSUs granted in 2015 vest in connection with the Cash Flow From Operations performance metric as set forth below:

Level of Performance	Cash Flow From Operations	Vesting
Stretch	\$200 million or greater	200% of Target
Target	\$150 million	Target Units
Threshold	\$100 million or below	0

Payout amounts are pro-rated for performance between the threshold and the target, and the target and the stretch, performance levels.

2015 RSU Grants. Our named executive officers were granted RSUs in 2013, 2014 and 2015. RSUs granted before 2014 vest ratably over three years commencing on the grant date and RSUs granted in 2014 and 2015 vest ratably over three years commencing on the first anniversary of the grant date. The Committee believes that awarding some portion of equity compensation in the form of time vested RSUs encourages retention. More importantly, considered together with our stock ownership guidelines, ensures that our executives own a minimum number of shares of our common stock. This aligns the interests of our executives with those of our shareholders and creates incentives for long-term value creation. We believe RSU awards also align the interests of our executives with those of our shareholders as the value of the RSUs increases or decreases in relation to our stock price.

Changes to 2016 Executive Compensation Cash-Based Incentive Plan

On April 6, 2016, the Committee approved the Thompson Creek Metals Company Inc. Cash-Based Incentive Plan (the "Incentive Plan"). The Incentive Plan was developed by the Committee in consultation with Mercer and legal counsel and is intended to motivate and promote retention of executives and key employees while reinforcing the alignment of their interests with those of other Company stakeholders. Pursuant to the Incentive Plan, the Company may grant performance-based awards (the "Performance Awards") and incentive awards (the "Incentive Awards," and together with the Performance Awards, the "Awards") to the Company's named executive officers.

Pursuant to the Incentive Plan, if there is a Change of Control (as defined in the Incentive Plan), the Committee may provide that outstanding awards are either (i) assumed, continued or replaced with an equivalent cash award by the successor or acquiring corporation or (ii) accelerated in full and settled. If there is a Change of Control and a successor or acquiring corporation refuses to assume or continue or replace outstanding awards, the vesting and settlement of such awards shall be immediately accelerated and any repayment provisions to which such awards are subject shall immediately lapse, in each case, upon consummation of the Change of Control.

Performance Awards provide for a total target amount that may be earned (0-200%) based upon our achievement with respect to annual performance metrics over the course of calendar years 2016 through 2018. Subject to the continued employment of a named executive officer, the earned portion of the Performance Awards will vest and become payable on December 31, 2018. If the vesting of Performance Awards is accelerated upon a Change of Control, accelerated vesting will generally be based upon actual performance for any calendar year completed prior to such Change of Control and based upon 100% of target for any calendar year not completed prior to such Change of Control. If Performance Awards are assumed or replaced in connection with a Change of Control, then if a named executive officer's employment is terminated by the Company (or the successor or acquiror) without Cause (as defined in the Incentive Plan) or by the named executive officer for Good Reason (as defined in the Incentive Plan), in each case, within twelve months following such Change of Control, outstanding Performance Awards will immediately vest and be payable upon such termination of employment. Such vesting will generally be based upon actual performance for any calendar year completed prior to such termination of employment and based upon 100% of target for any calendar year not completed prior to such termination of employment.

Incentive Awards provide for the payment to each named executive officer of an incentive award on the next payroll date following the date of the award agreement, subject to an obligation to repay to the Company the total amount of the Incentive Award if the named executive officer's employment with the Company terminates for any reason prior to the occurrence of the earlier of the consummation of a Restructuring Transaction (as defined in the Incentive Plan), a Change of Control or December 31, 2016. The repayment obligation lapses upon a named executive officer's termination of employment by the Company without Cause or by the named executive officer for Good Reason.

On April 6, 2016, the Committee approved the following grants of Performance Awards and Incentive Awards to our named executive officers, subject in each case to the terms and conditions of the Incentive Plan and the applicable award agreements:

Named Executive Officer	Performance Award (total target amount)	Incentive Award
Jacques Perron	\$900,000	\$750,000
Pamela L. Saxton	\$416,250	\$277,500
Mark A. Wilson	\$438,750	\$292,500
Geoffrey Ramey	\$275,625	\$183,750

Amended and Restated Employment Agreement for Pamela L. Saxton

Effective April 8, 2016, the Company and Ms. Saxton entered into an Amended and Restated Employment Agreement (the "Amended Agreement"), which amends and restates Ms. Saxton's Amended and Restated Employment Agreement dated as of December 28, 2009 (as previously amended, the "Original Agreement").

Ms. Saxton's continued annual base salary under the Amended Agreement is \$370,000, which will be reviewed annually by the Board of Directors of the Company but will not be less than the previous year's base salary. Ms. Saxton continues to be eligible to participate in the Company's performance bonus plan and long-term incentive plan, as in effect from time to time. Ms. Saxton's entitlement to other benefits has generally not changed from the Original Agreement.

Unlike the Original Agreement, which had an indefinite term, the Amended Agreement has a term ending on April 8, 2019, which term may be automatically extended for additional one-year terms unless notice is given by the Company at least 180 days prior to the expiration of the then-current term that the term will not be extended. Payments and benefits to which Ms. Saxton is entitled upon certain termination events have generally not changed from the Original Agreement, except as described in "Potential Payments and Benefits upon Termination" below.

See Exhibit 10. 4 to the Company's Current Report on Form 8-K filed with the SEC and on SEDAR on March 18, 2015 for a copy of the Amended Agreement.

Other Aspects of our 2015 Executive Compensation Program

Perquisites and Other Personal Benefits

Named executive officers receive the benefits we provide to our salaried employees, including health care coverage, life and disability insurance protection, reimbursement of certain educational expenses, and a 401(k) plan for U.S. employees and a pension plan for Canadian employees. We provide these benefits to help offset the financial costs and loss of income arising from illness, disability or death, to encourage ongoing education in job-related areas and to allow employees to take advantage of favorable insurance rates available with group policies. We do not provide any of our executives with tax gross-ups during their employment (other than in connection with a business-related relocation).

In addition to the benefits provided to salaried employees generally, we also pay for parking at our principal office in Littleton, Colorado for four of our named executive officers and in 2015 we provided relocation benefits to Mr. Ramey as set forth in footnote 6 to the Summary Compensation Table. The Committee believes that perquisites should not play an important role in the compensation of the Company's executives. The Committee has determined that the limited benefits described above are reasonable and in line with those typically provided to management-level employees and align with our overall compensation goal of providing competitive compensation and benefits to our executive officers that maximizes the interests of our shareholders.

Retention Arrangements

In 2014, Mr. Wilson was entitled to certain retention payments pursuant to his employment agreement with the Company. This retention arrangement was negotiated by our predecessor company in 2004 in order to ensure that we retained experienced senior managers through the then-anticipated end date of operation of the TC Mine. Pursuant to the arrangement, Mr. Wilson accrued each year an amount equivalent to 37.5% of his annual base salary, a portion of which was paid to Mr. Wilson on an annual basis and another portion of which was deferred and payable upon Mr. Wilson's termination of employment under certain circumstances. The portion of the retention amounts that were earned in 2013 and 2014 are included in the "Bonus" column of the Summary Compensation Table below. Effective March 16, 2015, the Company entered into an amended and restated employment agreement with Mr. Wilson, which eliminated the retention payment that was included in the original agreement. In connection with the termination of this retention arrangement, Mr. Wilson received a one-time signing bonus equivalent to what was owed under the original retention agreement. This one-time signing bonus is reflected in the "Bonus" column of the Summary Compensation Table below. For a description of the material terms of Mr. Wilson's amended and restated employment agreement, please see the Current Report on Form 8-K filed with the SEC and on SEDAR on March 18, 2015.

Employment Agreements

We have employment agreements with each of our named executive officers. The Committee believes such agreements are necessary to attract talented executives. As discussed below, the Committee also believes that our executive employment agreements are structured so as to motivate our executives to act in the best interests of shareholders under certain extraordinary circumstances. The employment agreements for Messrs. Perron and Ramey and Ms. Saxton provide for a three-year term,

38

subject to certain termination and renewal rights. Mr. Wilson's amended and restated employment agreement provides for a five-year term, subject to certain termination and renewal rights.

The employment agreements with our named executive officers contain certain protections upon a change-in-control of the Company. The Committee believes that change-in-control protections serve to minimize the distraction caused by a potential change-in-control transaction and reduce the risk that key talent would leave the Company before a change-in-control transaction closes. The Committee also believes that these provisions motivate executives to make decisions that are in the best interests of our shareholders should a transaction take place by providing executives with the necessary financial security during a change-in-control transaction (and the subsequent period of uncertainty) to help them stay focused on managing the Company rather than their own personal employment situations. Provisions of the employment agreements of our named executive officers that relate to severance pay and termination benefits (including upon a change of control) are described below in further detail in the section entitled "Potential Payments and Benefits Upon Termination."

Stock Ownership Guidelines

In February 2012, the Board of Directors adopted stock ownership guidelines for named executive officers to further align their interests with those of our shareholders. Under the guidelines, our Chief Executive Officer must maintain ownership of stock with an aggregate value equal to at least 300% of base salary, and all other named executive officers must maintain ownership of stock with an aggregate value of at least 100% of base salary. Each of our named executive officers must attain the specified minimum ownership position by the later of (i) February 2017 and (ii) five years after becoming an executive officer of the Company. Unvested restricted stock units are counted towards satisfaction of these minimum ownership requirements, but unexercised stock options and unvested performance share units are not. The individual's tax basis in common shares at the time of the purchase is used to determine the value of shares held (or, in the case of unvested RSUs, the average closing price of a share of our stock for the 90-day period immediately preceding the determination date). The Committee reviews compliance (or progress towards compliance) with these guidelines annually. In its sole discretion, the Committee may impose such conditions, restrictions or limitations on any individual as it determines to be necessary or appropriate to achieve the purposes of the guidelines, including imposing restrictions on dispositions of our stock until compliance is achieved. These guidelines may be waived, at the discretion of the Committee, if compliance would create severe hardship or prevent an executive or director from complying with a court order, such as a divorce settlement.

Clawback Policy

In February 2014, our Board adopted a clawback policy pursuant to which it may recapture incentive compensation paid or awarded to an executive officer where the financial or operating results upon which the incentive compensation was based are subsequently restated, due to material non-compliance with financial reporting requirements, in a manner that would have reduced the size of the payment or award had the accurate data or restated results been known at the time of payment or award.

Pledging and Hedging of Company Stock

Short sales by an employee of the Company may reduce the employee's incentive to improve Company performance. For this reason, Company policy prohibits our officers, directors and all other employees from engaging in short sales or other short-position transactions in our common stock. Pursuant to Company policy adopted by our Board in March 2013, all executive officers and directors are prohibited from pledging the Company's securities as collateral for a loan, and all officers and directors are prohibited from engaging in any hedging transactions with respect to the Company's securities.

Income Tax and Accounting Considerations

In the event total compensation for certain of our named executive officers exceeds the \$1 million threshold at which tax deductions are limited under Internal Revenue Code Section 162(m), our Compensation Committee will consider whether to take action to balance tax deductibility of executive compensation with its responsibility to retain and motivate executives with competitive compensation programs. The Committee may, but is not obligated to, take such actions as it deems to be in the best interests of the shareholders, including: (i) provide non-deductible compensation above the \$1 million threshold; (ii) require deferral by a named executive officer of a portion of the bonus or other compensation to a time when payment may be deductible by us; and/or (iii) modify existing programs to qualify

bonuses and other performance-based compensation to be exempt from the deduction limit.

39

Risk Management Considerations

The Committee believes that our performance-based bonus and equity programs create incentives to increase long-term shareholder value. Several elements of the program are designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk:

Incentive bonus payments. In order for our named executive officers to receive performance-based bonuses in 2015, the Company was required to meet pre-determined performance objectives.

PSU awards. The PSUs granted in 2015 vest three years from the grant date provided that we achieve the targets relating to our total shareholder return relative to the S&P TSX Global Base Metals Index and our generation of operating cash flow, in each case, over the three-year measurement period. These performance metrics were designed to better promote the creation of long-term value and thereby discourage behavior that may lead to excessive risk.

Stock option awards. Beginning in 2014, all new grants of stock options vest over a three, rather than a two-year period, and continue to remain exercisable for five years from the date of grant, encouraging executives to look to long-term appreciation in equity values.

Stock Ownership Guidelines. Our directors and executive officers are subject to stock ownership guidelines requiring them to maintain a threshold level of ownership of Company stock.

Anti-Pledging and Hedging Policies. Pursuant to Company policy, our directors and executive officers are prohibited from pledging the Company's securities as collateral for a loan, and all officers and directors are prohibited from engaging in any hedging transactions with respect to the Company's securities.

Clawback Policy. Pursuant to Company policy, if we restate our financial or operating results due to material non-compliance with applicable financial reporting requirements, we may recapture certain incentive compensation paid or awarded to an executive officer that was based on such financial or operating results.

The Committee, in consultation with the Board, periodically reviews the Company's compensation policies and practices for named executive officers to confirm that those policies and practices do not encourage excessive risk-taking. The Committee has determined that our current policies and practices do not create risks that are reasonably likely to have a material adverse effect on our Company.

COMPENSATION COMMITTEE REPORT

We, the Compensation Committee of the Board of Directors of Thompson Creek Metals Company Inc., have reviewed and discussed the Compensation Discussion and Analysis set forth above with the management of the Company, and, based on such review and discussion, have recommended to the Board of Directors inclusion of the Compensation Discussion and Analysis in this proxy statement.

This Compensation Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

The Committee increased base salaries for 2015 effective April 1 for each of our named executive officers. The above 2015 salaries reflect the partial year proration. Mr. Perron's employment with the Company commenced on (1) October 14, 2013. Mr. Ramey's employment with the Company commenced on September 15, 2014. The base salary for each of those named executive officers was pro-rated accordingly for any applicable partial year of service.

Effective March 16, 2015, the Company entered into a new employment agreement with Mr. Wilson which eliminated the retention payment that was included in the original agreement. In connection with the termination of this retention arrangement, Mr. Wilson received a one-time signing bonus equivalent to what was owed under the (2) original agreement. During 2013 and 2014, the amount shown for Mr. Wilson consists of the retention payments earned in accordance with the terms of his previous retention arrangement described above in our Compensation Discussion and Analysis under the heading "Other Aspects of Our 2015 Compensation Program—Retention Arrangements."

Amounts shown represent the aggregate grant date fair value computed in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 718 ("ASC 718"). The amounts (3) shown include amounts that have not yet vested, as well as awards that may be later canceled (such as upon an executive's termination of employment); these amounts do not reflect financial benefits actually realized by the executives. For the financial benefits actually realized by our continuing named executive officers in 2015, see the Realized Pay Table for Fiscal 2015, below.

For informational purposes, assuming achievement of the highest level of performance for PSUs, calculated by multiplying the closing price of the Company's common stock on the grant date by the maximum number of shares that could be issued upon vesting of the PSUs granted in 2015, the value of such awards would be \$2,083,546 for Mr. Perron, \$963,639 for Ms. Saxton, \$802,947 for Mr. Wilson, \$638,086 for Mr. Ramey and \$781,329 for

Ms. Cassity.

A discussion of the assumptions used in calculating the award values for the purposes of this table may be found in
(4) Note 16 to our 2015 audited financial statements in our Annual Report on Form 10-K for the year ended
December 31, 2015 as filed with the SEC.

41

Amounts shown represent annual cash incentive bonuses for performance in 2015, which were paid during the first quarter of 2016. See CD&A under the heading "2015 Compensation Decisions—Cash Compensation—Annual Cash Incentive Bonuses" for more information.

(6) The components of the items in the All Other Compensation column for fiscal 2015 consist of the following:

Name	Qualified Savings (401(k))—Company Contribution	Perquisites, Tax Gross-ups and Other Personal Benefits	Total All Other Compensation for fiscal 2015
Jacques Perron ^(a)	\$13,250	\$38,371	\$51,621
Pamela L. Saxton ^(a)	\$13,250	\$1,088	\$14,338
Mark A. Wilson ^(a)	\$13,250	\$5,735	\$18,985
Wendy Cassity	\$13,250	—	\$13,250
Geoffrey Ramey ^(b)	\$13,250	23,262	\$36,512

(a) The perquisites and other personal benefits set forth above relate to a vacation policy change which allowed for the one-time payout of excess accrued vacation.

(b) During 2015, Geoffrey Ramey received a gross-up payment related to 2014 relocation benefits.

REALIZED PAY TABLE FOR FISCAL 2015

The following table presents actual compensation realized in 2015 by our named executive officers. This table supplements the Summary Compensation Table above, but is not a substitute for that table. The primary difference between this supplemental table and the Summary Compensation Table is the method used to value our PSUs, RSUs and stock options. Under SEC rules, the Summary Compensation Table reports the grant date fair value of all PSUs, RSUs and stock options granted during the year, regardless of whether the stock awards have vested or whether the option awards have been exercised. As a result, a significant portion of each total compensation amount reported in the Summary Compensation Table relates to stock awards and stock options that have not vested or been exercised and for which the value to the named executive officer is therefore uncertain (and which may end up having no value at all). In contrast, this supplemental table includes only PSUs and RSUs that have vested and options that were exercised during the year and shows the value of those awards on the applicable vesting or exercise date. It should be noted that these named executive officers might not actually realize the value attributed to these awards even in this supplemental table, because the ultimate value of their vested shares will depend on the value of our stock when they are sold.

The following information should be read in conjunction with the CD&A and the Summary Compensation Table above, and the tables and the footnotes below.

Name and Principal Position	Year	Salary (1)	Bonus (1)	Stock Vested (2)	Options Exercised (3)	Non-Equity Incentive Plan Compensation (1)	All Other Compensation (1)	Total Realized
Jacques Perron President, Chief Executive Officer and Director	2015	\$587,500	\$—	\$61,030	\$—	\$515,376	\$51,621	\$1,215,527
Pamela L. Saxton Executive Vice President and Chief Financial Officer	2015	\$363,775	\$—	\$41,304	\$—	\$196,000	\$14,338	\$615,417
Mark A. Wilson Executive Vice President and Chief Commercial Officer	2015	\$372,980	\$186,968	\$36,896	\$—	\$214,000	\$18,985	\$829,829
Wendy Cassity Former Vice President, General Counsel and Secretary	2015	\$297,100	\$—	\$27,609	\$—	\$—	\$13,250	\$337,959
Geoffrey Ramey Vice President, Human Resources and HR Systems	2015	\$242,500	\$—	\$—	\$—	\$110,000	\$36,512	\$389,012

(1) These columns report the same amounts reported in the Summary Compensation Table. For an explanation of these amounts, see the applicable footnote in the Summary Compensation Table.

Amounts shown represent the aggregate value of all PSUs and RSUs that vested during the year. The value of (2) vested stock awards is calculated by multiplying the number of shares vested by the closing price of our common stock on the vesting date. No PSUs vested in 2015 because the performance metrics were not met.

(3) No options were exercised during 2015.

GRANTS OF PLAN-BASED AWARDS IN 2015

The following table presents information regarding the long-term incentive awards granted to our named executive officers in 2015. Amounts shown under the heading "Grant Date Fair Value of Stock and Option Awards" present the aggregate grant date fair value of the awards (as computed for financial accounting purposes) and do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards. For information regarding the financial benefit, if any, actually realized by each continuing named executive officer upon vesting of equity awards in 2015, see the Realized Pay Table for Fiscal 2015, above.

Represents the threshold, target and maximum amounts payable under the 2015 annual cash incentive bonus plan. If the minimum performance criteria were not achieved for the threshold level, no bonus would be paid. Targeted performance bonus potential for our other named executive officers in 2015 was 90% of base salary for Mr. Perron, 60% of base salary for each of Ms. Saxton and Mr. Wilson, and 50% of base salary for each Ms. Cassity and Mr. Ramey. The actual amounts earned are listed in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

- (2) Represents the range of shares that may be released at the end of the three-year performance period applicable to PSU awards. The vesting terms for our PSUs are described in more detail above under "Compensation Discussion and Analysis—2015 Compensation Decisions—Long-Term Incentive Plan Compensation."
- (3) Represents awards of RSUs vesting as to one-third of the units on each of the first three anniversaries of the grant date. The vesting terms for our RSUs are described in more detail above under "Compensation Discussion and Analysis—2015 Compensation Decisions—Long-Term Incentive Plan Compensation."
- (4) The exercise price is equal to the volume-weighted average trading price of the Company's common stock on the TSX for the five days prior to the grant date, converted at the average noon exchange rate quoted by the Bank of Canada on the date of grant. The Board of Directors approved the number of options to be granted and the formula for determining the exercise price before the start of the five days which determined the exercise price.
- (5) Amounts shown represent the aggregate grant date fair value computed in accordance with the FASB ASC 718. A discussion of the assumptions used in calculating the award values for the purposes of this table may be found in Note 16 to our 2015 audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015 as filed with the SEC. The grant date fair value of the PSUs is reported based on achievement of target performance.

Stock options granted prior to November 2013 vest one-third on the date of grant and one-third on each of the first (1) and second anniversaries of the date of grant. Stock options granted in or after November 2013 vest one-third on each of the first, second and third anniversaries of the date of grant.

(2) RSUs vest ratably on each of the first, second, and third anniversaries of the date of grant. See CD&A above for a more detailed description of the terms of our RSUs.

(3) Reflects the number of shares that may be released upon vesting of PSUs granted in 2013, 2014, and 2015 assuming target performance. PSUs granted in 2013 cliff vest three years from the grant date based on the

Company's achievement during the three-year measurement period of objective targets relating to the Company's total shareholder return relative to the Russell 2000 Index and the Company's success in replacing mineral reserves. PSUs granted in 2014 and 2015 cliff

vest three years from the grant date based on the Company's achievement during the three-year measurement period of objective targets relating to the Company's total shareholder return relative to the S&P TSX Global Base Metals Index and generation of specified cash flows from operations. See CD&A for a more detailed description of the terms of our PSUs.

(4) The market value is the number of shares shown in the table multiplied by \$0.20, the closing market price of our common stock on the NYSE on December 31, 2015, the last trading day of our fiscal year 2015.

STOCK VESTED IN FISCAL 2015

POTENTIAL PAYMENTS AND BENEFITS UPON TERMINATION

The following is a description of the potential payments that our named executive officers (except for Ms. Cassity) would have been entitled to receive under various scenarios in which their employment with us terminated as of December 31, 2015.

As discussed in CD&A above, effective April 8, 2016, we entered into an Amended and Restated Employment Agreement with Ms. Saxton (the "Amended Agreement"). The description below regarding potential payments to be made to Ms. Saxton under various termination events reflects the terms of her previous employment agreement, as such agreement was in effect as of December 31, 2015. A summary of the amendments that were made in the Amended Agreement with respect to potential payments upon termination are summarized at the end of this section. Ms. Cassity, our former Vice President, General Counsel and Secretary, resigned from the Company in January 2016. Ms. Cassity did not receive any payments from the Company in connection with her resignation from the Company, except for payout of accrued vacation as of the date of her termination.

Estimated Payments Upon Death or Disability

In the event of a termination by reason of death or disability of a named executive officer, we are required, pursuant to such executive's employment agreement, to pay such executive or his or her estate: (i) the equivalent of such officer's accrued vacation at the time of termination, subject to a maximum amount of accrued vacation based on such officer's vacation entitlement; and (ii) a pro-rated bonus payment if a bonus would otherwise have been awarded to the executive if he or she remained employed (payable at the time the bonus would have normally been payable). In addition, Ms. Saxton is entitled under the terms of her employment agreement, to the equivalent of four weeks of base salary at her then-existing base salary multiplied by the number of years that Ms. Saxton has been employed by us (pro-rated for any partial year of employment). Mr. Wilson is entitled to \$23,715 multiplied by the number of years that he has been employed by us (pro-rated for any partial year of employment). Neither Mr. Perron nor Mr. Ramey is entitled to this additional payment.

In the event of a termination by reason of death or disability, unvested options, PSUs, and RSUs are forfeited pursuant to their terms subject to the discretion of the Committee to determine otherwise. Vested options generally remain exercisable for a period of 12 months following termination by reason of death or disability.

Estimated Payments Upon Voluntary Termination by Executive or Retirement

Under the terms of the employment agreements of each of our named executive officers, upon voluntary termination of employment by the executive, the executive shall be entitled to receive in a lump sum, less any required withholdings, the equivalent of such officer's accrued vacation at the time of the notice date, subject to a maximum amount of accrued vacation based on such officer's vacation entitlement. In addition to this amount, upon retirement

on or after age 62, Ms. Saxton is entitled to receive, less any required withholdings, the equivalent of four weeks of base salary at her then-existing base salary

47

multiplied by the number of years Ms. Saxton has been employed by us (pro-rated for any partial year of employment). Mr. Wilson is entitled to \$23,715 multiplied by the number of years that he has been employed by us (pro-rated for any partial year of employment). Mr. Perron is entitled to a pro-rated bonus payment if a bonus would otherwise have been awarded to him if he remained employed (payable at the time the bonus would have normally been payable).

Upon voluntary termination of employment by the executive, all unvested options, PSUs and RSUs are forfeited. Upon termination of employment due to retirement on or after age 62, any unvested RSUs, PSUs and options are forfeited pursuant to their terms subject to Committee discretion to determine otherwise. Vested options remain exercisable for a period of 3 months following termination of employment for reasons other than death or disability.

Estimated Payments Upon Termination for Other Reasons

Under the terms of the employment agreements of each of our named executive officers (except Mr. Wilson and Mr. Ramey), if we terminate his or her employment other than for Cause (as defined in each respective employment agreement), then the terminated officer is entitled to receive in a lump sum, less any required withholdings: (i) the equivalent of 24 months' base salary in effect on the date notice of termination is given, or the notice date; (ii) the equivalent of such officer's accrued vacation as of the notice date, subject to a maximum amount of accrued vacation based on such officer's vacation entitlement; (iii) a pro-rated bonus payment based on our actual performance; and (iv) the equivalent of 24 multiplied by the last monthly premium amount that we have paid on such officer's behalf for long-term disability insurance prior to termination.

Ms. Saxton is also entitled to receive in a lump sum, less any required withholdings, the equivalent of four weeks of base salary at her then-existing base salary multiplied by the number of years she has been employed by us. Each named executive officer (except Mr. Wilson and Mr. Ramey) is also entitled to receive payments reflecting the cost of medical and dental insurance coverage during the 24-month period following any such termination.

If we terminate Mr. Wilson's employment other than for Cause (as defined in his employment agreement) prior to the three-year anniversary of his amended and restated employment agreement dated March 16, 2015, then Mr. Wilson is entitled to receive in a lump sum, less any required withholdings: (i) a severance payment of \$616,600; (ii) \$23,715 multiplied by the number of years that he has been employed by us; (iii) the equivalent of his accrued vacation as of the notice date, subject to a maximum amount of accrued vacation based on his vacation entitlement; (iv) a pro-rated bonus payment based on our actual performance; and (v) the equivalent of 24 multiplied by the last monthly premium amount that we have paid on his behalf for long-term disability insurance prior to termination. He is also entitled to payments reflecting the cost of medical and dental insurance coverage during the 24-month period following any such termination.

If we terminate Mr. Wilson's employment other than for Cause following the three-year anniversary of his amended and restated employment agreement dated March 16, 2015, then Mr. Wilson is entitled to receive in a lump sum, less any required withholdings: (i) the equivalent of 12 months' base salary in effect on the notice date; (ii) \$23,715 multiplied by the number of years that he has been employed by us; (iii) the equivalent of his accrued vacation as of the notice date, subject to a maximum amount of accrued vacation based on his vacation entitlement; (iv) a pro-rated bonus payment based on our actual performance; and (v) the equivalent of 12 multiplied by the last monthly premium amount that we have paid on his behalf for long-term disability insurance prior to termination. He is also entitled to receive payments reflecting the cost of medical and dental insurance coverage during the 12-month period following any such termination.

Under the terms of Mr. Ramey's employment agreement, if we terminate his employment other than for Cause (as defined in his employment agreement), then Mr. Ramey is entitled to receive in a lump sum, less any required withholdings: (i) the equivalent of 12 months' base salary in effect on the notice date; (ii) the equivalent of his accrued vacation as of the notice date, subject to a maximum amount of accrued vacation based on his vacation entitlement; (iii) a pro-rated bonus payment based on our actual performance; and (iv) the equivalent of 12 multiplied by the last monthly premium amount that we have paid for Mr. Ramey for long-term disability insurance prior to termination. He is also entitled to receive payments reflecting the cost of medical and dental insurance coverage during the 12-month period following his termination.

Upon termination other than for Cause, unvested options, PSUs and RSUs granted to our named executive officers are forfeited subject to the discretion of the Committee to determine otherwise. Vested options remain exercisable for a period of three months following termination of employment by the Company other than for Cause.

If we terminate the employment of any of our executives for Cause, such executive officer is only entitled to receive any compensation earned through the date of termination and the equivalent of such officer's accrued vacation at the time of the notice date, subject to a maximum amount of accrued vacation based on such officer's vacation entitlement.

Estimated Payments Upon a Change of Control

Pursuant to the terms of our employment agreements with Messrs. Perron and Ramey, if, during the term of the applicable agreement, there is a change of control (as defined in such agreement), and within 12 months of such change of control, we give notice of our intention to terminate his employment for any reason other than cause, or a triggering event (as defined in his employment agreement) occurs, and the officer elects to terminate his employment, then such officer is entitled to receive in a lump sum, less any required withholdings, (1) the equivalent of 24 months' base salary in effect on the notice date, (2) the equivalent of such officer's accrued vacation at the time of the notice date, subject to a maximum amount of accrued vacation based on such officer's vacation entitlement, (3) a lump sum equal to two-times such officer's target bonus for the year of termination if a bonus would otherwise have been awarded to him if he remained employed (payable at the time the bonus would have normally been payable), and (4) the equivalent of 24 multiplied by the last monthly premium amount that we have paid on such officer's behalf for long-term disability insurance prior to termination. Mr. Wilson's amended and restated employment agreement, effective March 16, 2015, contains identical terms regarding the triggers and respective payments upon termination in connection with a change of control, except that he is also entitled to \$23,715 multiplied by the number of years that he has been employed by us.

Pursuant to the terms of our employment agreement with Ms. Saxton, in the event there is a change of control (as defined in the employment agreement) and (i) within 120 days of such change of control, such named executive officer elects to terminate her employment, or (ii) within 12 months of such change of control, we give notice of our intention to terminate her employment for any reason other than cause, or a triggering event (as defined in the employment agreement) occurs and Ms. Saxton elects to terminate her employment, then she is entitled to receive in a lump sum, less any required withholdings, (1) the equivalent of 36 months' base salary in effect on the notice date, (2) the equivalent of four weeks of base salary at her then-existing base salary multiplied by the number of years that Ms. Saxton has been employed with us, (3) the equivalent of her accrued vacation at the time of the notice date, subject to a maximum amount of accrued vacation based on Ms. Saxton's vacation entitlement, (4) a pro-rated bonus payment based on our performance bonus guidelines, and (5) the equivalent of 36 multiplied by the last monthly premium amount that we have paid on her behalf for long-term disability insurance prior to termination.

Upon the termination of the executive's employment resulting from a change of control, each of our named executive officers are also entitled to payments reflecting the cost of medical and dental insurance coverage during the 24-month (in the case of Messrs. Perron and Ramey) or 36-month (in the case of Ms. Saxton) period following such change of control. Mr. Wilson's amended and restated employment agreement entitles him to payments for the 24-month period. With respect to unvested RSUs, unvested PSUs and unvested options, upon a change of control, the Company shall be deemed to have achieved target performance for purposes of unvested PSUs and the Committee shall determine for each executive that such RSUs, PSUs and options will either: (i) immediately vest and settle or (ii) be assumed by the successor corporation, provided that, if assumed by the successor corporation, such RSUs, PSUs and options will immediately vest and settle in the event the executive is terminated or demoted during the 12-month period following the change of control.

Other Employment Agreement Provisions and Tables

Except in the case of death, amounts due upon termination of employment to our named executive officers pursuant to their employment agreements are conditioned upon such officer executing a general release of claims in a form satisfactory to us. Our named executive officers are subject to non-solicitation requirements following termination of employment as well as confidentiality obligations. The non-solicit is 12 months for Mr. Perron and 24 months for each of our other named executive officers.

Except for Ms. Cassity who voluntarily terminated employment with the Company effective January 15, 2016, the tables below quantify certain compensation that would become payable to each of our named executive officers as outlined above assuming that the named executive officer's employment had terminated on December 31, 2015, or, in the case of a change of control, that a change in control occurred and the named executive officer's employment had terminated on December 31, 2015. To the extent that any payment would be subject to interest and additional tax imposed pursuant to Internal Revenue Code Section 409A, then such payment will be paid on the date that is the earliest of six months from the termination date or such other date as will not result in such payment being subject to

such Section 409A sanctions.

49

In addition, we have agreed with each named executive officer that, in the event any payment received or to be received by such officer would constitute a "parachute payment" within the meaning of Section 280G and would otherwise be subject to the excise tax imposed by Section 4999 of the Code, then such payment shall be either: (i) provided to such named executive officer in full, or (ii) provided to such named executive officer as to such lesser extent as would result in no portion of such payment being subject to such excise tax, whichever of the amounts, when taking into account applicable federal, state, local and foreign income and employment taxes and any other taxes, results in the named executive officer receiving (on an after tax basis) the greatest amount of benefits (notwithstanding the fact that all or some of the payments may be taxable). Any such reduction would be calculated at the time of the termination event or change of control and is not reflected in the estimated amounts provided in the tables below.

Amended Terms Under Ms. Saxton's Amended Agreement

Pursuant to Ms. Saxton's Amended Agreement (which became effective April 8, 2016), the following are changes to payments and benefits to which Ms. Saxton is entitled upon certain termination events going forward:

Contains a “double-trigger” change of control provision, pursuant to which Ms. Saxton is only entitled to the specified payments and benefits if there is a change of control (as defined in the Amended Agreement) and, within 12 months of such change of control, the Company gives notice of its intention to terminate Ms. Saxton’s employment for any reason other than cause (as defined in the Amended Agreement), or a triggering event (as defined in the Amended Agreement) occurs, and Ms. Saxton elects to terminate her employment.

The severance payment in connection with a termination of employment after a change of control has been reduced to equal 24 months’ base salary (compared to 36 months’ base salary under the previous agreement), and the other payments to which Ms. Saxton is entitled upon termination after a change of control, including those relating to long-term disability premium and continuing health insurance coverage, have been similarly reduced to a 24-month period. Ms. Saxton is also entitled to a lump sum equal to two-times her target bonus for the year of termination if a bonus would have otherwise have been awarded to her if she remained employed (payable at the time the bonus would have normally been payable).

The additional severance payment payable in a lump-sum, less any required withholdings, upon death, retirement on or after age 62, termination by the Company other than for cause, and termination after a change of control, which was previously equal to four weeks of base salary at the base salary in effect at the time of termination, multiplied by the number of years of employment with the Company, has been changed to equal \$28,462 (or four weeks of Ms. Saxton’s base salary immediately prior to the Amended Agreement) multiplied by the number of years of employment with the Company up to the date immediately prior to the effective date of the Amended Agreement (the “Severance Payment”).

If the Company terminates Ms. Saxton’s employment other than for cause before the three-year anniversary of the effective date of the Amended Agreement, she would be entitled to severance in the amount of \$740,000, rather than the 24 months’ of her then-existing base salary, as provided in the Original Agreement, plus the Severance Payment. If the Company terminates Ms. Saxton’s employment other than for cause following the three-year anniversary of the effective date of the Amended Agreement, her severance payment entitlement would be the reduced to the equivalent of 12 months’ base salary in effective on the notice date, plus the Severance Payment.

**ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION
(PROPOSAL 3)**

Pursuant to Section 14A of the Exchange Act, we are asking our shareholders to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement through the following resolution:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in the section entitled “Executive Compensation - Compensation Discussion and Analysis,” the compensation tables and the narrative discussion following such compensation tables, and the other related disclosures in this proxy statement.”

Our executive compensation program is designed to pay for performance by linking short- and long-term awards to pre-established and objective Company performance goals; tie compensation to the interests of our shareholders and the creation of shareholder value; and provide a competitive level of compensation that will attract and retain talented high-achievers.

The section above entitled “Executive Compensation - Compensation Discussion and Analysis” describes our executive compensation program and the decisions made by our Compensation Committee in 2015 in more detail.

This “say-on-pay” proposal allows our shareholders to express their view regarding the decisions of the Compensation Committee with respect to 2015 compensation of our named executive officers. Your advisory vote will serve as a tool to guide the Board of Directors and the Compensation Committee in continuing to improve the alignment of our executive compensation programs with the objective of creating long-term value for our shareholders. Our current policy is to hold a “say-on-pay” vote each year until the next required shareholder vote on the frequency of the “say-on-pay” vote. We expect that the next such frequency vote will occur at the 2017 annual and special meeting of shareholders.

You may vote “FOR,” “AGAINST” or “ABSTAIN” with respect to this proposal. The affirmative vote of the holders of a majority of the votes cast, either in person or by proxy, at the meeting will be required for the approval of this proposal.
