FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 13, 2015

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Ballantyne Strong, Inc. (the “Company”). The 2015 Annual Meeting of Stockholders will be held on May 13, 2015 at 9:00 a.m., Eastern Daylight Time, at Hilton Garden Inn, 4025 Windward Plaza, Alpharetta, Georgia 30005 and its telephone number is (770) 369-9000.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Who may vote?

The Company has one class of voting shares outstanding. Only stockholders of record of our common stock at the close of business on March 16, 2015, the Record Date, are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that they held on the Record Date. At the close of business on March 16, 2015, the Company had 14,103,396 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting. Each share of common stock will have one vote on each matter to be voted on. The shares of common stock held in treasury will not be voted.

What is the purpose of the Annual Meeting?

At the Company’s Annual Meeting, stockholders will act upon the matters described in the accompanying notice of meeting. In addition, management will report on Ballantyne’s performance during fiscal 2014 and respond to questions from stockholders.

Who may attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the Company's common stock outstanding on the Record Date will constitute a quorum, permitting action to be taken and the conduct of business at the Annual Meeting. As of the Record Date, 14,103,396 shares of common stock were outstanding. Broker non-votes, abstentions and proxies marked "withheld" for the election of directors, will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal.

May I vote by proxy card, by telephone or through the internet?

You may vote by proxy card, by telephone or through the internet. Voting by any of these methods will ensure that you are represented at the Annual Meeting even if you are not there in person. Please refer to the instructions on the proxy card.

May I vote confidentially?

Yes. The Company's policy is to treat all stockholder meeting proxies, ballots and voting tabulations of a stockholder confidentially, if the stockholder has requested confidentiality on the proxy or ballot. Please refer to the proxy card for instructions.

May I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may change your vote on the internet or by telephone (only your latest internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth in the description of each proposal in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each Proposal?

Proposal 1—Election of nine directors to the Ballantyne Board, each to hold office until our 2016 Annual Meeting of Stockholders and a successor is elected and qualified.

Under our Bylaws, the nine candidates receiving the highest number of “**FOR**” votes cast by holders of shares represented in person or by proxy at the Annual Meeting will be elected. This number is called a plurality. A properly executed proxy card marked “**WITHHOLD**” with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at the Annual Meeting, but will not be considered to have been voted for the director nominee. Similarly, any broker non-votes will be counted for purposes of determining if there is a quorum, but will not be considered to have been voted for the director nominee.

Proposal 2—Advisory Vote on Executive Compensation.

The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote will be deemed by the Board to constitute the advisory vote on executive compensation.

Proposal 3—Ratification of Independent Auditors.

The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote is required to approve Proposal 3, ratification of the appointment of KPMG LLP as the Company’s independent auditors for the fiscal year ended December 31, 2015.

Other Proposals. No other matters are anticipated to be brought before the meeting.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a “broker non-vote” occurs. Shares constituting broker non-votes are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved a matter, but they are counted as present for the purpose of determining a quorum at the Annual Meeting.

Who pays the expenses incurred in connection with the solicitation of proxies?

The Company will bear the cost of its solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, telephone or facsimile. The Company has retained D.F. King & Co., Inc. (“D.F. King & Co.”) to assist in soliciting proxies for a fee of up to \$75,000, of which \$20,000 was a non-refundable retainer, plus expense reimbursement to assist in proxy solicitation activities. In addition, the Company will reimburse brokers, custodians, nominees and other persons holding shares for others for their reasonable expenses in sending proxy materials to the beneficial owners of such shares and in obtaining their proxies.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

How may I get additional copies of the Annual Report?

PROPOSAL ONE

ELECTION OF DIRECTORS

Ballantyne's Certificate of Incorporation, as amended, and Bylaws, as amended, provide for the annual election of all directors. The Bylaws allow the Board to set the number of directors from time to time and to appoint directors between Annual Meetings. For purposes of this 2015 Annual Meeting, the Board of Directors has set the number of directors at nine.

At the 2014 Annual Meeting stockholders elected seven directors, namely William F. Welsh, II, Gary L. Cavey, Marc E. LeBaron, Mark D. Hasebroock, Donde Plowman, Samuel C. Freitag and James C. Shay. Effective February 20, 2015, Mr. Hasebroock retired from the Board of Directors. The Board appointed Mr. D. Kyle Cerminara to serve the remaining portion of Mr. Hasebroock's term.

Settlement Agreement with Fundamental Global and Determination of Director Nominees

On March 16, 2015, Fundamental Global Investors, LLC ("Fundamental Global") filed a fourth amendment to its Schedule 13D disclosing that it had submitted notice to the Company of its intent to nominate an alternative slate of seven director nominees to the Company's Board at the Annual Meeting. In connection with the fourth amendment, Fundamental Global filed a press release on March 16, 2015 stating the names of its director nominees and including brief backgrounds of each. Fundamental Global filed with the Securities and Exchange a preliminary proxy statement Commission on March 26, 2015 and a definitive proxy statement on April 16, 2015 soliciting proxies for its slate of director nominees.

On April 21, 2015, the Company entered into a settlement agreement (the "Settlement Agreement") with Fundamental Global and certain of its affiliates (collectively, the "Fundamental Global Group") to settle the proxy contest pertaining to the election of directors at the Annual Meeting. Pursuant to the Settlement Agreement, the Board agreed (i) to expand the number of authorized directors on the Board from seven to nine, (ii) to nominate five Fundamental Global nominees and four of the currently serving directors on the Board for election to the Board at the Annual Meeting and (iii) that at least two of the currently serving directors on the Board will serve on all committees of the Board until the later of the final adjournment of the Company's 2017 annual meeting of shareholders or termination of the Settlement Agreement by a resolution adopted by a supermajority vote of the Board. Pursuant to the terms of the Settlement Agreement, the five Fundamental Global director nominees are D. Kyle Cerminara, William J. Gerber, Charles T. Lanktree, Robert J. Marino and Robert J. Roschman. The four continuing director nominees are Samuel C. Freitag, James C. Shay, Marc E. LeBaron and Gary L. Cavey. The Settlement Agreement defines a supermajority vote of the Board to be the affirmative vote of at least six of the nine members of the full Board, of which at least two votes must be from incumbent members of the currently serving board.

Under the Settlement Agreement, if a vacancy occurs with respect to any of the continuing director nominees serving on the Board, the vacancy will be filled by a supermajority vote of the Board (as defined in the Settlement Agreement). If a vacancy occurs with respect to any of Fundamental Global's director nominees serving on the Board, Fundamental Global is entitled to designate a replacement, and the Board will take all such action permitted by applicable law and rules of the New York Stock Exchange to cause such designee to be appointed to the vacancy on the Board.

Pursuant to the Settlement Agreement, the Fundamental Global Group has withdrawn its alternative slate of director nominees for election at the Annual Meeting and agreed to immediately cease all efforts related to its own proxy solicitation. The Fundamental Global Group has also agreed to vote all shares of the Company's common stock beneficially owned by its members in favor of the Board's director nominees at the annual meeting. In addition, the Fundamental Global Group has agreed (i) that Fundamental Global and certain of its affiliates and associates will not acquire, in the aggregate, beneficial ownership of more than 20% of the outstanding shares of the Company's common stock and (ii) to certain customary standstill provisions, each of which expire on the later of the final adjournment of the Company's 2017 annual meeting of shareholders or termination of the Settlement Agreement by a resolution adopted by a supermajority vote of the Board (as defined in the Settlement Agreement). Fundamental Global disclosed in its definitive proxy statement that, if its director nominees comprise a majority of the Board following its solicitation, they may seek and approve a reimbursement of fees and expenses incurred by Fundamental Global in connection with its solicitation of proxies. The Board also agreed to amend its Rights Agreement, dated November 5, 2014, between the Company and Computershare Trust Company, N.A., as Rights Agent, to expire within five business days after entry into the Settlement Agreement, without any consideration being paid to the holders of rights under the Rights Agreement.

The foregoing is not a complete description of the terms of the Settlement Agreement. For a further description of the terms of the Settlement Agreement, including a copy of the Settlement Agreement, please see our Current Report on Form 8-K that we filed with the SEC on April 22, 2015.

Board Leadership Structure and Role of the Board in Risk Oversight

The Chairman of our Board and the Chief Executive Officer are not the same person. Since 2001, our Board has separated these duties, operating under the belief that a Board comprised of a majority of independent directors should be chaired by an independent director. It is also our Board's belief that separation of these roles is appropriate for Ballantyne so as to create a distinction between strategic and operational leadership of our business. That said, it has also been the Board's belief that our Chief Executive Officer, as the central operational and hands-on decision maker and the officer charged with implementing and overseeing the policies set by the Board, should serve as a director. Accordingly, Mr. Cavey serves as a director, as did his predecessor.

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic and operational risk

exposure. The Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also provides oversight of the performance of the internal audit function. The Nominating and Corporate Governance Committee monitors the effectiveness of the Company's corporate governance guidelines and the selection of prospective Board members and their qualifications. The Compensation Committee, in conjunction with the Audit Committee, assesses and monitors whether any of the Company's compensation policies and programs have the potential to encourage excessive risk-taking. Typically, the entire Board meets with management and the applicable Board committees at least annually to evaluate and monitor respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from individuals responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the NYSE MKT. The Board of Directors has determined that each of Messrs. Welsh, LeBaron, Freitag, Shay, Cerminara (except with respect to listing standards governing audit committee independence) and Dr. Plowman are all independent directors of the Company and each of Messrs. Gerber, Lanktree, Marino and Roschman are independent director nominees under the listing standards adopted by the NYSE MKT. It is the policy of the Board that the independent directors meet in executive session (i.e., without management present) at each regular Board Meeting as well as when they as a group deem such meeting appropriate or necessary. During 2014, the independent directors met four (4) times in person. The Chairman of the Board presides at the meeting of independent directors. All the independent directors attended at least seventy-five percent of the aggregate number of meetings held.

Communication to the Board

Stockholders wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

Board Meeting Attendance

The Board of Directors held four (4) meetings in person during 2014. In addition, the Board of Directors held one (1) meeting via teleconference. Each current director attended at least seventy-five percent of the aggregate number of meetings held.

Board Attendance at Annual Meeting

All members of the Board of Directors are encouraged to attend the Annual Meeting. All directors serving at the time attended the 2014 Annual Meeting.

Stock Ownership Guidelines for Directors and Officers

The Company's Corporate Governance Principles state that directors are expected to own the number of shares of common stock equal to the value of three times their annual retainer. New directors have three years in which to meet this expectation. The Compensation Committee annually reviews the status of this expectation. The Chief Executive Officer is expected to own shares equal to the value of 75% of his annual base salary. Other officers are expected to own shares in an amount indexed to that of the CEO based upon their respective base salaries. Officers have three years from the date of their appointment to satisfy this expectation. The Compensation Committee annually reviews the status of this expectation.

BOARD COMMITTEES

The Board has an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee. The current charters for each of the Committees are available on our website, *www.strong-world.com*. Audit Committee

The Audit Committee of the Company's Board of Directors consists of directors Shay (Chair), LeBaron, Freitag and Plowman who are independent directors, as defined by NYSE MKT listing requirements. The Audit Committee acts under a written charter adopted by the Board of Directors. All Audit Committee members are financially literate. The Board of Directors has determined that Mr. Shay is an "audit committee financial expert" as defined by Item 407(d)(5)(ii) of Regulation S-K under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. At least annually and generally on a quarterly basis, the Committee reviews and discusses matters separately with management of the Company and with the Company's independent auditors.

The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare and issue an audit report on the financial statements and internal controls of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval or services

exceeding the pre-approved cost levels, must be approved in advance by the Committee. The Committee has delegated the responsibility of approving proposed non-audit services that arise between Committee meetings to the Chairman, provided that the decision to approve the services is presented for ratification at the next scheduled Committee meeting. During 2014, the Committee held 2 meetings in person. In addition, the Committee held three (3) meetings via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held, with the exception of Mr. Freitag who was absent from two meetings due to illness.

Compensation Committee

The Compensation Committee of the Company's Board of Directors consists of directors LeBaron (Chair), Welsh, and Freitag. All members of the Committee are independent as defined by the NYSE MKT listing requirements. The Compensation Committee acts under a written charter adopted by the Board of Directors. The Committee functions include, but are not limited to:

- Determining the compensation of the Chief Executive Officer.

- Overseeing all other executive officers' compensation, including salary and payments under the Company's incentive and stock plans.

- Administering the Company's stock compensation plans including approving all individual grants and awards under these plans.

- Reviewing compensation for non-employee directors and recommending changes to the Board.

The Compensation Committee has engaged Compensation Strategies, Inc. as the Committee's independent executive compensation consultant as needed. Compensation Strategies reports directly to the Committee and provides advice on the structure and amounts of executive and director compensation. In addition, they also assisted with the development of the 2010 Long-Term Incentive Plan.

The Committee held 2 meetings in person during 2014. In addition, the Committee held 2 meetings via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are directors Welsh (Chair), LeBaron, Freitag, Plowman, Shay and Cerminara. All members of the Nominating and Corporate Governance Committee are independent as defined by the NYSE MKT listing requirements. The Nominating and Corporate Governance Committee acts under a written charter adopted by the Board of Directors. The functions of the Committee include, among other items, overseeing all aspects of the Company's corporate governance functions including compliance with significant legal, ethical and regulatory requirements. The Nominating and Corporate Governance Committee also reports to, and assists, the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating and Corporate Governance Committee held one (1) meeting in person during 2014. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Director Nomination Process—For a discussion of the selection of the Company's director nominees contained in this proxy statement, see “Proposal 1—Election of Directors” regarding the Settlement Agreement. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Committee will re-nominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election or if a vacancy occurs between annual stockholder meetings, the Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based upon input from the members of the Board, senior management of the Company and, if the Committee deems appropriate, a third-party search firm.

Candidates will be chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar issues is of particular value, executive officers of other corporations are desirable candidates. Ballantyne does not have a set policy or process for considering “diversity”, however that term may be defined, in identifying nominees. However, Ballantyne's corporate governance principles provide that the Nominating and Governance Committee shall strive to identify and recruit individuals whose diverse talents, experiences and backgrounds enhance the inclusive environment in which the Board currently functions. The Committee relies upon its judgment of the foregoing general criteria and the following personal criteria in selecting candidates for nomination to the Board of Directors:

- Independence and absence of conflicts of interest
- Honesty, integrity and accountability
- Substantial business experience with a practical application to the Company's needs
- Willingness to ask tough questions in a constructive manner that adds to the decision making process of the Board
- Demonstrated ability to think strategically and make decisions with a forward looking focus
- Ability to assimilate relative information on a broad range of topics
- Willingness to express independent thought
- Team player
- Willingness to make a strong commitment of time and attention to the Board's processes and affairs
- Ability to commit to Company stock ownership

The Nominating and Corporate Governance Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

Compensation Discussion and Analysis*Compensation Philosophy*

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including, but not limited to, the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. The Compensation

Committee periodically utilizes Compensation Strategies, Inc. as its independent executive compensation consultant. Compensation Strategies reports directly to the Committee and provides advice from time to time to the Committee on the structure and amounts of executive and director compensation. Compensation Strategies provides no other services to the Company.

Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary, short-term incentives in the forms of cash, restricted and unrestricted stock, and long-term incentives in the forms of stock options, restricted stock and units, stock appreciation rights and performance shares and units.

The overall goal of the Company's compensation policy is to maximize stockholder value by attracting, retaining and motivating the executive officers that are critical to its long-term success. To that end, the Board of Directors adopted, and the stockholders approved, the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan. The Board of Directors believes that the 2010 Plan is essential to recruit, motivate and retain a high caliber management team and is expected to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period.

Compensation Recoupment Policy

The Board has adopted as part of its Corporate Governance Principles a policy on recoupment of executive compensation. If the Board learns of any misconduct by an officer that damages the Company's operation, reputation, or standing, or that causes the Company to have to restate its financial statements, the Board may among other actions, and to the extent permitted by governing law, require the surrender, forfeiture and cancellation of all restricted stock awards, options or other non-cash compensation previously granted to the officer. The Board may also require reimbursement of any performance-based cash compensation received by the officer and which award was influenced by the misconduct in question.

Say on Pay Vote

The Company conducted its first advisory vote on executive compensation in May 2011. The resolution passed with 96% of the vote. The Company's stockholders cast their votes in favor of an annual say-on-pay vote as noted below:

	% of Votes in Favor of Annual Say-On-Pay
May 2011	89%
May 2012	98%
May 2013	97%
May 2014	97%

The Board of Directors and the Compensation Committee considered these results in determining compensation policies and decisions for the remainder of 2014 and for 2015. The Board and the Committee also determined to hold annual say-on-pay votes and, based on the significant level of stockholder support, to continue the current compensation objectives, strategies, processes and practices described below.

Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution to the Company. Base salaries have historically been reviewed annually and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business.

Cash and Restricted Stock Bonuses

The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing profits and prudent management of the capital employed in the business. Annual incentive compensation is determined and paid pursuant to the Company's Short-Term Incentive Plan ("STI Plan"). The STI Plan is an annual incentive program that provides the executive officers and key management bonuses if the Company achieves certain goals. The STI Plan provides for a bonus payout in the form of cash, restricted and unrestricted stock or some combination thereof based on certain criteria. For the 2014 STI Plan, the Compensation Committee established certain target award percentages of base salary to determine the target award for the named executive officers and certain key employees. The target award for Mr. Cavey was set at 60% of his base salary while the target awards for the remaining named executive officers were within a range of 35% to 40% of their base salaries.

The Compensation Committee set three universal tactical goals that comprised 100% of the entire target award that applied to each of the participants of the STI Plan. The first universal goal was that fiscal year 2014 earnings before interest, taxes, depreciation and foreign exchange (EBITDA&FX) exceeds certain thresholds as set forth in the Plan. The EBITDA&FX goal excluded revenue and costs associated with acquisitions and represented 50% of the target award. The second universal goal was Convergent Media Systems fiscal year 2014 gross margin exceeding certain thresholds as set forth in the Plan. This goal represented 30% of the target award. The final universal tactical goal was fiscal year 2014 organic growth exceeding certain thresholds set forth in the Plan. This goal represented 20% of the target award.

The Committee deemed all the goals described above to be effective in focusing management on continued profitability and revenue growth as the Company continues the transition from being a film projector manufacturing company to one based on providing end-to-end technology solutions.

In 2014, none of the universal tactical goals were achieved and therefore no payouts were made for this timeframe.

Stock Plans

During 2005, the Committee adopted, and the stockholders subsequently approved, the 2005 Restricted Stock Plan. The Committee believed the Plan provided a mechanism to align executive and stockholder interests and assists the Company in attracting and retaining key executives. In January 2012, 28,210 shares of common stock were granted to key employees under the Plan as partial payment for goals met under the STI Plan for fiscal 2011. In March 2013, 41,000 shares of common stock were granted to executives and key employees. The shares granted to executives are reflected in the Summary Compensation Table. The Plan expired in September of 2013. The Compensation Committee and Board of Directors elected not to renew the Plan and will rely on the 2010 Long-Term Incentive Plan to incent and reward Company executives and key employees.

2010 Long-Term Incentive Plan

The long-term incentive component is designed to incent and reward the achievement of longer-term strategic objectives and align the financial interests of the Company's executive officers with those of the Company's stockholders. The 2010 Plan is administered by the Compensation Committee. The 2010 Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs. Subject to the terms of the 2010 Plan, the Committee has the discretion to determine the terms of each award, including which award, if any, may be subject to vesting upon a "change in control" of the Company, as such term is defined in the 2010 Plan. In general, all awards under the 2010 Plan to Company executive officers and other key employees will be made by the Committee. However, the Committee may delegate to one or more officers of the Company the day-to-day administration of the Plan. Awards under the 2010 Plan may be in the form of stock options, stock appreciation rights, restricted shares, restricted units, performance shares or performance units. The Company expects that executive officers and key employees may receive awards from time to time under the 2010 Plan. The benefits or awards that may be received by or allocated to participants will be determined at the discretion of the Committee based on the development of a series of long-term strategic goals that the Board of Directors believes will significantly enhance stockholder value if achieved. The maximum number of shares as to which stock awards may be granted under the 2010 Plan is 1,600,000 shares; 600,000 shares as approved by the stockholders in May 2010 along with an additional 1,000,000 shares which were approved by the stockholders in May 2014. These shares are subject to adjustments by the Committee for stock splits, stock dividends, recapitalizations, acquisitions and other similar transactions or events.

131,500 options (initial grant of 161,500 less 30,000 forfeited), 59,000 RSAs (initial grant of 65,000 less 6,000 forfeited), 100,000 RSUs, and 488,667 PRUs (603,667 granted with 115,000 forfeited) have been awarded to executive officers under the Plan, the details of which are reflected in the Summary Compensation Table. An additional 140,000 RSUs were granted to other key personnel. As of December 31, 2014, a total of 1,169,500 shares remain available for issuance pursuant to this Plan which will terminate on May 19, 2020.

Performance Units. Each PRU has a value of \$1.00 and represents a right to receive a cash payment at a specified time in the future if certain performance objectives have been met during the specified performance periods leading up to the payout of the PRU. PRUs are, therefore, designed to reward achievement of specific performance objectives over these periods. In addition to requiring satisfaction of the applicable threshold performance levels, PRUs are only payable if the recipient remains employed with the Company until payout occurs after the end of the performance periods.

Restricted Stock Awards. RSAs represent a right to receive ownership of a certain number of shares of the Company's common stock at a specified time in the future, but are not conditioned upon achieving any specific performance objectives, and are only issuable if the recipient remains employed by the Company at the end of the vesting period leading up to the issuance of the RSAs. RSAs are designed primarily to encourage retention of executive officers and key employees.

Restricted Stock Units. RSUs represents a right to receive a specific number of units at the end of the specified period. Each recipient of RSUs shall have no rights as a stockholder with respect to the participant's RSUs. Payments under a RSUs award shall be made in either cash, shares of stock or some combination thereof, as specified in the applicable award agreement.

Nonqualified Stock Options. Nonqualified stock options represent an option to purchase shares of the Company's common stock at an option price equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date. The stock options are designed to motivate executives to increase stockholder value as the stock options will only have value if our stockholders also benefit from increasing stock prices.

In August 2014, the Committee granted 100,000 RSUs to provide additional compensation to certain executives. The Committee considered the RSUs a retention incentive as the Company continues to move through the transitional nature of the business.

The RSUs awarded will vest on the fourth anniversary of the grant date but shall vest earlier if the following yearly performance hurdles based on stock performance are met.

25% of the award will vest on the first anniversary of the grant date if, during any 10 day trading period commencing on the grant date and ending on December 31, 2014, the Company ("BTN") closing stock price on the New York Stock Exchange ("NYSE") averages at least \$4.00.

An additional 25% of the award will vest on the second anniversary of the grant date if, during any 10 day trading period in 2015, BTN closing stock price on the NYSE averages at least \$4.40, which is 10% greater than the original 2014 target stock price.

An additional 25% of the award will vest on the third anniversary of the grant date if, during any 10 day trading period in 2016, BTN closing stock price on the NYSE averages at least \$4.84, which is 10% greater than the original 2015 target stock price.

If in any year the performance hurdle is not met, the RSUs subject to vesting in that year (as well as RSUs subject to vesting in any previous year in which the performance hurdle was not met) will carry forward to the following year and will vest, along with the RSUs subject for vesting for that year, in the event the target stock price performance hurdle for the current year is met.

RSUs will be settled in shares of Company common stock on a one-for-one basis as soon as practical following the fourth anniversary date of the grant or the anniversary of the grant date in the event yearly target stock price performance hurdle is achieved. The first hurdle calling for an average stock trading price over a 10 day period of at least \$4.00 was achieved for the period ended December 31, 2014 and therefore 25% of the award will vest on the first anniversary of the grant date, August 21, 2015.

In January 2012, and February 2013, the Committee decided to grant a combination of performance units (“PRUs”), restricted stock awards (“RSAs”) and nonqualified stock options awards to provide the Company’s executive officers with long-term incentive compensation. The PRUs, RSAs and stock options were granted pursuant to the Company’s 2010 Plan which was approved by the stockholders at the Company’s annual stockholder meeting in May 2010. The Committee included stock options in order to enhance the long-term incentive plan’s perceived value and to reduce pressure on goal-setting for the PRUs which can be difficult given the transitional nature of the Company’s business. The Committee believes that the mix of RSAs, PRUs and stock options will continue to promote sustained long-term performance, goal alignment and retention.

The PRUs have a three-year vesting period for Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner and two-year vesting period for Mr. Anderson. The RSAs and stock options have four-year vesting periods for Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner and a three-year vesting period for Mr. Anderson. The PRUs awarded during fiscal 2012 and 2013 will not become payable until after December 31, 2015, but not later than March 15, 2016. The Company will pay a cash lump sum for the PRUs which have been earned. As of January 11, 2015, the total number of PRUs originally granted to Mr. Cavey, Mr. Stark and Mr. Boegner have vested at a payout of 76% of target. With the departure of Ms. Carstens prior to the final vesting period, any PRUs previously vested have been forfeited. As of February 13, 2015, the total number of PRUs granted to Mr. Anderson in 2013 have vested at a payout of 52% of target. See Summary Compensation Table. The Committee also felt that a three-year period was commonly used by similar companies. The RSAs originally awarded during fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest ratably over a four-year period commencing on January 11, 2013, and the RSAs awarded to Mr. Anderson during fiscal 2013 vest ratably over a three-year period commencing February 13, 2014, provided that the executive officer continues her or his employment with the Company during the vesting period. Nonqualified stock options originally granted in 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest ratably over a four-year period commencing January 11, 2013 and the nonqualified stock options granted to Mr. Anderson in 2013 vest ratably over a three-year period commencing February 13, 2015, provided that the executive officer continues her or his employment with the Company during the vesting period, and expire 10 years after the grant date. The Committee intends that annual grants of long-term incentive awards will provide constant motivation and alignment of executive and stockholder interests extending into the future and will support executive retention.

PRU Awards. For the previously discussed reasons, the Committee determined that a part of the long-term incentive award granted to each executive officer would consist of PRUs. Each PRU awarded in fiscal 2012 is comprised of three performance periods running through the end of fiscal 2014 and for the PRUs granted to Mr. Anderson in 2013, two performance periods running through the end of fiscal 2014. The Committee determined to choose performance measures on an annual basis for each of the 2012, 2013 and 2014 performance periods. For the 2012 performance period, the Committee chose revenue and net income as the performance measures to be used to determine PRU payouts for that performance period. For the 2013 performance period, the Committee chose completing acquisitions and net income as the performance measures to be used to determine PRU payouts for that performance period. For 2014 performance period, the Committee chose acquisitions and revenue as the performance measures to be used to determine PRU payouts for that performance period. The Compensation Committee awarded PRUs for 2012 with a threshold payout of 50% of the target number and a maximum payout of 150% of the target number and for 2013 with a threshold payout of 100% of the target number and a maximum of 150%. In 2014, the Compensation Committee awarded PRUs for acquisitions with a threshold of 50% of the target number and a maximum of 150% and for revenue with a threshold of 80% of the target up to a maximum of 150%.

For 2014, the Committee chose to correlate PRU payouts to acquisitions and revenue because it determined that there was a connection between these performance measures and stockholder value. Additionally, these performance measures could be easily quantified and calculated for the purposes of determining whether the Company had met the necessary performance requirements. The Committee assigned an equal weighting of 50% to acquisitions and to revenue. The purposes of determining PRU payouts was to focus management and drive revenue growth. Although the Committee feels that acquisitions and revenue reasonably approximate the connection between executive performance and stockholder value, the Committee has the authority to make subsequent PRU awards according to different performance measures.

For the purpose of calculating revenue, any revenues associated with acquisitions made by the Company are excluded in the fiscal year of the acquisition, but will be fully included during every year thereafter.

The Committee established the following performance measures for acquisitions (revenues of acquired companies for the preceding 12 months prior to acquisition) and revenue (2014 revenue excluding revenue associated with current fiscal year acquisitions) for the PRUs awarded in fiscal 2014:

Acquisitions	Revenue
Threshold – 50% \$10M	Threshold – 80% \$106.7M
Target – 100% \$20M	Target – 100% \$118.5M
Maximum – 150%\$40M	Maximum – 150%\$183.7M

The Committee attempted to establish threshold and maximum performance levels that would reward the executive officers for exceptional performance. A partial PRU is earned if the Company achieved at least threshold performance for one of the performance factors even if the Company did not achieve threshold performance for the other performance factor.

The 2014 PRUs were earned by determining the actual performance measured against the performance goals for each performance measure. At the target level for both performance measures each PRU is paid at \$1.00, and payments increase to \$1.50 if the maximum level is achieved for both performance measures. At the threshold level for acquisitions each PRU is paid at \$0.50 and for revenue paid at \$0.80. Payout factors are interpolated on a linear basis when actual performance results fall between the threshold, target and maximum levels. For 2014, no PRUs were earned as the thresholds determined for both acquisitions and revenue were not met.

In the event of a change in control of the Company while the executive officer is employed by the Company and on or before December 31, 2015, the executive officer is entitled to receive cash payment for PRUs which is equal to the sum of:

- (i) the amount of the PRU, if any, that has been earned, based on the attainment of the applicable performance objectives set by the Committee, during such of the 2012, 2013, and 2014 performance periods which have been completed on or prior to the date of the Change in Control; plus

- (ii) the amount of the PRU that could have been earned, based on the deemed attainment of performance targets set by the Committee and actual performance through the date of the Change in Control (as determined by the Committee) for the performance period in which such Change in Control occurs and any performance periods that had not yet commenced by the date of the Change in Control.

The amounts of PRUs so determined vest as of December 31, 2015, provided that executive officer has been continuously employed by the Company (or its successor) through such date.

Restricted Stock Awards. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of RSAs. The RSAs awarded in fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest ratably (one-fourth each year) on January 11th of the next four calendar years following the grant date. The RSAs granted to Mr. Anderson in 2013 vest ratably (one-third each year) on February 13th of the next three years following the grant date. The RSA awards are contingent upon the named executive officer's continued employment with the Company during the vesting period.

Non-qualified Stock Options. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of nonqualified stock options. The nonqualified stock options awarded in fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner have an option price of \$4.70 (which is equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date of January 11, 2012) and vest ratably (one-fourth each year) on January 11th of the next four calendar years following the grant date. The non-qualified stock options awarded to Mr. Anderson in 2013 have an option price of \$3.55 (which is equal to the closing price of the Company's common stock on the New York Stock Exchange on the grant date of February 13, 2013) and vest ratably (one-third each year) on February 13th of the next three calendar years following the grant date. Vesting is contingent upon the executive officer's continued employment with the Company during the vesting period. No stock option may be exercised more than 10 years from the date of grant. All stock options granted in fiscal 2012 and 2013 fully vest upon a change in control of the Company.

401(k) Retirement Plan

The Company has adopted a Retirement and Savings 401(k) Plan (the “Plan”), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the “Code”), including the provisions of Section 401(k). In 2014, all employees of Ballantyne who were at least eighteen years old were eligible to participate in the Plan on the first of the month following thirty (30) days from the date of hire. Each participant may defer up to 100% of their compensation. The Company may make a discretionary matching contribution equal to a uniform percentage of salary. Each year the Company will determine the amount of the discretionary percentage. In 2014 the Company matched 50% of the amount deferred up to 6% of their contribution. All contributions to the Plan are non-forfeitable. For 2014, no participant could contribute more than \$17,500 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$23,000. Benefits may be distributed to participants or their beneficiaries, as the case may be, in the event of a participant’s death, retirement or other termination of service, or, if the participant so requests, on reaching age 59½. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of the named executive officers of the Company are included in the Summary Compensation Table.

Other Employee Benefits

The Company also provides its executives with certain benefits which are generally available to all employees of the Company, such as excess life and disability insurance. These benefits for the named executive officers of the Company are included in the Summary Compensation Table.

Employment Contracts

During fiscal 2014, the Company had written employment agreements with each of Mr. Cavey, Ms. Carstens, Mr. Boegner, Mr. Stark and Mr. Anderson. Ms. Carstens retired from the Company effective September 2, 2014 and the Company has no further obligations associated with this agreement. The material provisions of each of the remaining agreements are discussed below.

Mr. Cavey's agreement provides for a base salary, which is subject to annual review and adjustment based upon his performance. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in Ballantyne's 2010 Long-Term Incentive Plan. He is eligible to participate in and/or receive other benefits provided to other employees of the Company. He was also granted 50,000 non-qualified stock options, the details of which are reflected in the Summary Compensation Table. The agreement obligates Mr. Cavey to acquire and maintain holdings of Ballantyne's common stock equivalent to at least 75% of his base salary within three years of his hiring, which is consistent with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event his employment is terminated by Ballantyne without good cause or by Mr. Cavey for good reason, as these terms are defined in the agreement, then he will receive his base salary for nine months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Cavey for the cost of health insurance during this same period. The agreement with Mr. Cavey provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Cavey to the severance benefit discussed above. Assuming a termination date of December 31, 2014, as required by SEC rules, the approximate value of the severance benefits would have been \$316,223 for Mr. Cavey. In addition, the terms of the stock options, RSAs, RSUs, and PRUs granted to Mr. Cavey all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2014, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Cavey exceeded the Company's stock price at December 31, 2014.

Mr. Boegner's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Boegner to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership requirement as set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Boegner for good reason, as these terms are defined in the agreement, then he will receive his base salary for period equal to three (3) weeks for each year that he has been employed by the Company. In addition, Ballantyne will pay for or reimburse Mr. Boegner for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company including an automobile allowance. Assuming a termination date of December 31, 2014, as required by SEC rules, the approximate value of the severance benefits would have been \$380,226 for Mr. Boegner. In addition, the terms of the stock options, RSAs and PRUs granted to Mr. Boegner all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2014, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Boegner exceeded the Company's stock price at December 31, 2014.

Mr. Stark's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Stark to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Stark with good reason, as these terms are defined in the agreement, then he will receive his base salary for a period of six (6) months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Stark for the cost of health insurance during this same period. He is eligible to participate in

and/or receive other benefits provided to other employees of the Company. The agreement with Mr. Stark provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Stark to the severance benefits discussed above. Assuming a termination date of December 31, 2014, as required by SEC rules, the approximate value of the severance benefits would have been \$125,152 for Mr. Stark. In addition, the terms of the stock options, RSAs, RSUs, and PRUs granted to Mr. Stark all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2014, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Stark exceeded the Company's stock price at December 31, 2014.

Mr. Anderson's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Anderson to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Anderson with good reason, as these terms are defined in the agreement, then he will receive his base salary for a period of six (6) months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Anderson for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company. The agreement with Mr. Anderson provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Anderson to the severance benefits discussed above. Assuming a termination date of December 31, 2014, as required by SEC rules, the approximate value of the severance benefits would have been \$112,686 for Mr. Anderson. In addition, the terms of the stock options, RSAs, RSUs, and PRUs granted to Mr. Anderson all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2014, as required by SEC rules, the approximate value of the vesting stock options would be \$8,850.

Mr. Legband is entitled to severance and other benefits such as accrued vacation pursuant to the Company's then-existing severance policy. Assuming a termination date of December 31, 2014, as required by the SEC rules and assuming applicability of the Company's then-existing severance policy, the approximate value of the severance benefits would have been \$81,195 for Mr. Legband. In addition, the terms of the RSUs granted to Mr. Legband provide for accelerated vesting in the event of a change-in-control.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

At the 2012 Annual Meeting, the stockholders' approved, by advisory vote, annual frequency for future advisory votes on executive compensation ("say-on-pay vote"). This advisory vote was accepted by the Board of Directors.

The annual advisory say-on-pay vote on executive compensation provided to stockholders as required pursuant to Section 14A of the Exchange Act and is a non-binding vote on the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules promulgated by the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure. The advisory say-on-pay vote is not a vote on the Company's general compensation policies, compensation of the Board, or the Company's compensation policies as they relate to risk management.

The Compensation Committee believes the Company's executive compensation program reflects a strong philosophy that rewards performance and is closely aligned with stockholders' long-term interests. The Compensation Discussion and Analysis section of this Proxy Statement provides a more detailed discussion of the Company's executive compensation policies and practices.

Non-Binding Advisory Resolution

We are asking our stockholders to indicate their support for the Company's executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related materials disclosed in this Proxy Statement is hereby APPROVED."

This advisory say-on-pay vote on executive compensation is not binding on the Board. However, the Board values the opinion of our stockholders and will take into account the result of the vote when making future decisions regarding executive compensation.

Required Vote

If a quorum is present, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this resolution.

Our Board recommends a vote “FOR” adoption of the advisory resolution approving the compensation of the Company’s Named Executive Officers.

PROPOSAL THREE**RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT AUDITORS**

KPMG LLP, certified public accountants served as the independent registered public accounting firm for the Company since 1995. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be given the opportunity to make any statement they might desire and will also be available to respond to appropriate questions from stockholders. The following table sets forth the aggregate fees for professional service rendered by KPMG LLP, for each of the last two fiscal years:

Category of Fee	2014	2013

Audit Related Fees	—	—
Tax Fees (2)	141,127	156,132
All Other Fees (3)	7,500	38,000
Total	\$768,802	\$685,956

(1) Includes fees for professional services rendered during the fiscal year for the audit of our annual financial statements and for reviews of the financial statements included in our quarterly reports on Form 10-Q.

(2) Includes fees related to tax preparation, tax compliance, and tax planning.

(3) Includes fees related to professional services rendered during the fiscal year for the review of the pro forma financial statements included on Form 8-K/A and the review of the S-8 and the issuance of the related Consent.

As discussed on page 10, the Audit Committee has implemented pre-approval procedures consistent with the rules adopted by the Securities and Exchange Commission.

There were no fees billed by KPMG LLP, for the Company's most recent fiscal year for professional services rendered in connection with financial information systems design and implementation.

KPMG LLP has been appointed by the Audit Committee as the Company's independent auditors for the fiscal year ending December 31, 2015. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote.

If stockholders fail to ratify the appointment of KPMG LLP as the Company's independent auditors, the Audit Committee will reconsider whether to retain KPMG LLP, but may ultimately decide to retain them. Any decision to retain KPMG LLP or another independent registered public accounting firm will be made by the Audit Committee and will not be resubmitted to stockholders. In addition, even if stockholders ratify the appointment of KPMG LLP, the Audit Committee retains the right to appoint a different independent registered public accounting firm for fiscal 2015 if the Audit Committee determines that it would be in the Company's best interests to do so.

Our Board recommends a vote "FOR" ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2015.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

RELATED PERSON TRANSACTION PROCEDURES

The Company's Audit Committee Charter requires the Audit Committee to review policies and procedures regarding transactions between the Company and officers and directors that are not a normal part of the Company's business. There are no formal written policies or procedures used by Board or the Audit Committee to review, approve or ratify related party transactions. Rather, the Board or the Audit Committee reviews all related party transactions on a case by case basis for potential conflict of interest situations on an ongoing basis and uses its discretion in approving all such transactions. The Board or the Audit Committee will apply the standards of Item 404(a) of Regulation S-K when evaluating certain relationships and related transactions.
