On November 7, 2013, the Board of Directors of National Bank Holdings Corporation (the "Company") authorized a new program to repurchase up to \$35 million of the Company's common stock through December 31, 2014. The Company completed its previously authorized stock repurchase program in November 2013, repurchasing \$21.3 million of the Company's common stock at a weighted average price of \$18.51 per share and replacing the remaining buyback authorization of \$3.7 million with the new program. Under the new program, the shares will be acquired from time to time either in the open market or in privately negotiated transactions in accordance with applicable regulations of the Securities and Exchange Commission.

In addition, since September 30, 2013 and prior to implementing its new repurchase program, the Company repurchased an aggregate of 5,806,551 shares of its common stock. The Company repurchased 5,771,126 of such shares from two institutional stockholders at a price of \$20.00 per share. As of November 7, 2013, the Company had outstanding 45,453,761 shares of its common stock, including 42,325,987 shares of Class A voting common stock and 3,127,774 shares of Class B non-voting common stock. These outstanding share amounts do not take into account the above disclosed repurchase of 35,425 shares of Class A common stock since the repurchase had not settled as of such date.
