Notes to the Consolidated Financial Statements

(in thousands, except share and per share data, unless otherwise specified)

(unaudited)

1. Organization

Chatham Lodging Trust (“we,” “us” or the “Company”) was formed as a Maryland real estate investment trust (“REIT”) on October 26, 2009. The Company is internally-managed and invests primarily in upscale extended-stay and premium-branded select-service hotels.

In January 2014, the Company established an At the Market Equity Offering (“ATM Plan”) whereby, from time to time, we may publicly offer and sell our common shares having an aggregate maximum offering price of up to \$50,000 by means of ordinary brokers’ transactions on the New York Stock Exchange (the “NYSE”), in negotiated transactions or in transactions that are deemed to be “at the market” offerings as defined in Rule 415 under the Securities Act of 1933, with Cantor Fitzgerald & Co. (“Cantor”) acting as sales agent pursuant to a Sales Agreement (the “Cantor Sales Agreement”). On January 13, 2015, the Company entered into a Sales Agreement (the “Barclays Sales Agreement”) with Barclays Capital Inc. (“Barclays”) to add Barclays as an additional sales agent under the Company’s ATM Plan. As of March 31, 2016, we had issued 880,820 shares under the ATM Plan at a weighted average price of \$23.54. As of March 31, 2016, there was approximately \$29.3 million available for issuance under the ATM Plan.

In January 2014, the Company established a \$25,000 dividend reinvestment and stock purchase plan (“DRSPP”). Under the DRSPP, shareholders may purchase additional common shares by reinvesting some or all of the cash dividends received on the Company’s common shares. Shareholders may also make optional cash purchases of the Company’s common shares subject to certain limitations detailed in the prospectus for the DRSPP. As of March 31, 2016, we had issued 10,034 shares under the DRSPP at a weighted average price of \$22.76. As of March 31, 2016, there was approximately \$24.8 million available for issuance under the DRSPP.

On January 27, 2015, the Company completed a follow-on common share offering of 4,025,000 shares (including 525,000 shares issued pursuant to the exercise of the underwriters’ option to purchase additional shares) generating net proceeds to the Company of approximately \$118,800. Proceeds from the January 2015 offering were used to pay down borrowings under the Company’s senior secured revolving credit facility and to invest in additional hotel properties, including the acquisition of the Residence Inn San Diego Gaslamp on February 25, 2015.

The net proceeds from any share offerings are contributed to Chatham Lodging, L.P., our operating partnership (the “Operating Partnership”), in exchange for partnership interests. Substantially all of the Company’s assets are held by, and all operations are conducted through, the Operating Partnership. Chatham Lodging Trust is the sole general partner of the Operating Partnership and owns 100% of the common units of limited partnership interest in the Operating Partnership. Certain of the Company’s executive officers hold vested and unvested long-term incentive plan units in the Operating Partnership (“LTIP units”), which are presented as non-controlling interests on our consolidated balance sheets.

As of March 31, 2016, the Company wholly owned 38 hotels with an aggregate of 5,678 rooms located in 15 states and the District of Columbia. As of March 31, 2016, the Company also (i) held a 10.3% noncontrolling interest in a joint venture (the “NewINK JV”) with affiliates of NorthStar Realty Finance Corp. (“NorthStar”), which was formed in the second quarter of 2014 and acquired 47 hotels comprising an aggregate of 6,097 rooms from a joint venture (the “Innkeepers JV”) between the Company and Cerberus Capital Management (“Cerberus”) and (ii) held a 10.0% noncontrolling interest in a separate joint venture (the “Inland JV”) with affiliates of NorthStar, which was formed in the fourth quarter of 2014 and acquired 48 hotels from Inland American Real Estate Trust, Inc. (“Inland”), comprising an aggregate of 6,401 rooms. In December 2015, the Company sold its 5.0% noncontrolling interest in a joint venture (the “Torrance JV”) with Cerberus that owned the 248-room Residence Inn by Marriott in Torrance, CA. We sometimes refer to the NewINK JV and Inland JV collectively as the (“JVs”).

To qualify as a REIT, the Company cannot operate the hotels. Therefore, the Operating Partnership and its subsidiaries lease our wholly owned hotels to taxable REIT subsidiary lessees (“TRS Lessees”), which are wholly owned by one of the Company’s taxable REIT subsidiary (“TRS”) holding companies. The Company indirectly (i) owns

its 10.3% interest in 47 of the NewINK JV hotels, (ii) owns its 10% interest in 48 of the Inland JV hotels and (iii) owned its 5% interest in the Torrance JV, which was sold on December 30, 2015, through the Operating Partnership. All of the NewINK JV hotels, Inland JV hotels are and the Torrance JV hotel was leased to TRS Lessees, in which the Company indirectly owns noncontrolling interests through one of its TRS holding companies. Each hotel is leased to a TRS Lessee under a percentage lease that provides for rental payments equal to the greater of (i) a fixed base rent amount or (ii) a percentage rent based on hotel room revenue. The initial term of each of the TRS leases is 5 years. Lease revenue from each TRS Lessee is eliminated in consolidation.

## Table of Contents

The TRS Lessees have entered into management agreements with third party management companies that provide day-to-day management for the hotels. As of March 31, 2016, Island Hospitality Management Inc. ("IHM"), which was 51% owned by Jeffrey H. Fisher, the Company's Chairman, President and Chief Executive Officer and 45% owned by affiliates of NorthStar Asset Management Group, Inc., managed 36 of the Company's wholly owned hotels and Concord Hospitality Enterprises Company ("Concord") managed two of the Company's wholly owned hotels. As of March 31, 2016, all of the NewINK JV hotels were managed by IHM. As of March 31, 2016, 34 of the Inland JV hotels were managed by IHM and 14 hotels were managed by Marriott International, Inc. ("Marriott"). The Torrance JV hotel was managed by Marriott.

### 2. Summary of Significant Accounting Policies

#### Basis of Presentation

The accompanying unaudited interim consolidated financial statements and related notes have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") and in conformity with the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to interim financial information. These unaudited consolidated financial statements, in the opinion of management, include all adjustments consisting of normal, recurring adjustments which are considered necessary for a fair presentation of the consolidated balance sheets, consolidated statements of operations, consolidated statements of equity, and consolidated statements of cash flows for the periods presented. Interim results are not necessarily indicative of full year performance due to seasonal and other factors, including the timing of the acquisition of hotels.

The consolidated financial statements include all of the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation. The accompanying unaudited consolidated financial statements should be read in conjunction with the audited financial statements prepared in accordance with GAAP, and the related notes thereto as of December 31, 2015, which are included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

#### Reclassifications

Certain prior period amounts in the consolidated financial statements have been reclassified to conform to be comparable to the current period presentation. The reclassification did not have any impact on the previously reported income or equity.

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

### 3. Recently Issued Accounting Standards

On May 28, 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU No. 2014-09 will replace most existing revenue recognition guidance in GAAP when it becomes effective. The standard permits the use of either the retrospective or cumulative effect transition method. In July 2015, the FASB voted to defer the effective date to January 1, 2018 with early adoption beginning January 1, 2017. The Company is evaluating the effect that ASU No. 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its financial statements.

In August 2014, the FASB issued ASU No. 2014-15, Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern, which requires management to perform interim and annual assessments of an entity's ability to continue within one year of the date the financial statements are issued and provides guidance on determining when and how to disclose going concern uncertainties in the financial statements. Certain disclosures will be required if conditions give rise to substantial doubt about an entity's ability to continue as a going concern. This guidance is effective for the Company on January 1, 2017 and will not have an impact on the Company's financial position, results

of operations or cash flows.

Table of Contents

In February 2015, the FASB issued ASU No. 2015-02, Amendments to the Consolidation Analysis, which requires amendments to both the variable interest entity and voting models. The amendments (i) rescind the indefinite deferral of certain aspects of accounting standards relating to consolidations and provide a permanent scope exception for registered money market funds and similar unregistered money market funds, (ii) modify the identification of variable interest (fees paid to a decision maker or service provider), the VIE characteristics for a limited partnership or similar entity and primary beneficiary determinations under the VIE model, and (iii) eliminate the presumption within the current voting model that a general partner controls a limited partnership or similar entity. The new guidance is effective for annual reporting periods, and interim periods within those annual periods, beginning after December 15, 2015 with early adoption permitted. The amendments may be applied using either a modified retrospective or full retrospective approach. On January 1, 2016, the Company adopted accounting guidance under Accounting Standards Codification (ASC) Topic 810, "Consolidation," modifying the analysis it must perform to determine whether it should consolidate certain types of legal entities. The guidance does not amend the existing disclosure requirements for variable interest entities ("VIEs") or voting interest model entities. The guidance, however, modified the requirements to qualify under the voting interest model. Under the revised guidance, the Operating Partnership will be a variable interest entity of the Company. As the Operating Partnership is already consolidated in the balance sheets of the Company, the identification of this entity as a variable interest entity has no impact on the consolidated financial statements of the Company. There were no other legal entities qualifying under the scope of the revised guidance that were consolidated as a result of the adoption. In addition, there were no other voting interest entities under prior existing guidance determined to be variable interest entities under the revised guidance.

On April 7, 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the carrying value of the debt liability. This standard is effective for fiscal years beginning after December 15, 2015 with early adoption permitted and will be applied on a retrospective basis. Supplemental to ASU 2015-03, on August 16, 2015, the FASB issued Accounting Standards Update 2015-15, Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements-Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting, which clarifies that debt issuance costs attributable to line-of-credit arrangements can be presented as an asset and amortized ratably over the life of the revolving debt arrangement, regardless of whether there is an outstanding balance thereunder. The Company has adopted the new standard and it will not have a material impact on the Company's financial position, results of operations or cash flows.

In September 2015, the FASB issued ASU 2015-16, Simplifying the Accounting for Measurement-Period Adjustments, that eliminates the requirement to restate prior period financial statements for measurement period adjustments. The new guidance requires an entity to recognize the adjustments to provisional amounts identified during the measurement period in the reporting period in which the adjustments are determined. In addition, the adjustments must be disclosed by income statement line item either on the face of the income statement or in the footnotes as if the adjustment to the provisional amounts had been recorded as of the acquisition date. The amendment is effective prospectively for interim and annual periods beginning after December 15, 2015, with early adoption permitted for financial statements that have not been issued. The Company has adopted the new standard and it will not have a material impact on the Company's financial position, results of operations or cash flows.

On January 6, 2016, the FASB issued ASU 2016-01 ("ASU 2016-01"), Recognition and Measurement of Financial Assets and Financial Liabilities, which amends certain aspects of recognition, measurement, presentation and disclosure of financial instruments. This amendment requires all equity investments to be measured at fair value with changes in the fair value recognized through net income (other than those accounted for under equity method of accounting or those that result in consolidation of the investee). This standard will be effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. We are evaluating the impact the adoption of ASU 2016-01 will have on our condensed consolidated financial statements.

On February 25, 2016, the FASB issued ASU 2016-02 (“ASU 2016-02”), Leases, which relates to the accounting of leasing transactions. This standard requires a lessee to record on the balance sheet the assets and liabilities for the rights and obligations created by leases with lease terms of more than 12 months. In addition, this standard requires both lessees and lessors to disclose certain key information about lease transactions. This standard will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are evaluating the impact the adoption of ASU 2016-02 will have on our condensed consolidated financial statements.

On March 30, 2016, the FASB issued ASU 2016-09 (“ASU 2016-09”), Compensation - Stock Compensation: Improvements to Employee Share-Based Payment Accounting, which relates to the accounting for employee share-based payments. This standard addresses several aspects of the accounting for share-based payment award transactions, including: (a) income tax consequences; (b) classification of awards as either equity or liabilities; and (c) classification on the statement of cash flows. This standard will be effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. We are evaluating the impact the adoption of ASU 2016-09 will have on our condensed consolidated financial statements.

#### 4. Acquisition of Hotel Properties

##### Hotel Purchase Price Allocation

No acquisitions were completed in the three months ended March 31, 2016. The Company incurred acquisition costs of \$12 during the three months ended March 31, 2016 and \$260 during the three months ended March 31, 2015.

##### Pro Forma Financial Information

The following condensed pro forma financial information presents the unaudited results of operations for the three months ended March 31, 2016 and 2015. There were no hotels acquired in 2016. The hotels acquired in 2015 are presented as if the acquisitions had taken place on January 1, 2014. Supplemental pro forma earnings were adjusted to exclude \$93 of acquisition costs incurred in the three months ended March 31, 2015 and include these acquisition costs in 2014. The unaudited pro forma results have been prepared for comparative purposes only and are not necessarily indicative of what actual results of operations would have been had the acquisitions taken place on January 1, 2014, nor do they purport to represent the results of operations for future periods (in thousands, except share and per share data).

## 7. Investment in Unconsolidated Entities

On April 17, 2013, the Company acquired a 5.0% interest in the Torrance JV for \$1,649. The Torrance JV acquired the 248-room Residence Inn by Marriott in Torrance, CA for \$31,000. The Company accounts for this investment under the equity method. During the three months ended March 31, 2016 and 2015, the Company received cash distributions from the Torrance JV as follows (in thousands):

	For the three months ended March 31, 201 <del>6</del> 5
Cash generated from other activities and excess cash	\$ <del>45</del>
Total	\$ <del>45</del>

On December 30, 2015, the Torrance JV completed the sale of the 248-room Residence Inn by Marriott in Torrance, CA for \$51,750 to BRE Torrance Holdco LLC ("BRE"). The gain from the Company's promote interest in the Torrance JV was approximately \$3,576.

On June 9, 2014, the Innkeepers JV completed the sale of 47 of the 51 hotels owned by the Innkeepers JV to the NewINK JV, a joint venture between affiliates of NorthStar and the Operating Partnership. NorthStar owns an 89.7% interest and the Company owns a 10.3% interest in the NewINK JV and its 47-hotel portfolio. The remaining four hotels that were part of the 51-hotel portfolio owned by the Innkeepers JV, each of which is a Residence Inn hotel located in Silicon Valley, CA (the "Silicon Valley Hotels"), were purchased by the Company. The Company accounts for its investment in the NewINK JV under the equity method. The remeasurement gain of the Company's interest in the four Silicon Valley Hotels as a result of the step acquisition was approximately \$18,750 and the net gain from the Company's promote interest in the Innkeepers JV was approximately \$47,000 (which was credited toward the purchase of the Silicon Valley Hotels), resulting in a total gain of \$65,750 from the transaction. For tax purposes, the Company's gain resulting from this transaction was rolled tax deferred between the basis of the Company's investment in the NewINK JV and the Company's basis in the four Silicon Valley Hotels. As of March 31, 2016 and 2015, the Company's share of partners' capital in the NewINK JV is approximately \$12,901 and \$20,400, respectively and the total difference between the carrying amount of investment and the Company's share of partners' capital is approximately \$16,568 and \$19,700 (for which the basis difference related to amortizing assets is being recognized over the life of the related assets as a basis difference adjustment).

During the three months ended March 31, 2016 and 2015, the Company received cash distributions from the NewINK JV as follows (in thousands):

Table of Contents

On November 17, 2014, the Company acquired a 10.0% interest in the Inland JV, a joint venture between affiliates of NorthStar and the Operating Partnership. NorthStar owns a 90.0% interest in the Inland JV and the Company owns a 10.0% interest. The Company serves as managing member of the Inland JV. The Company accounts for this investment under the equity method. During the three months ended March 31, 2016 and 2015, the Company received cash distributions from the Inland JV as follows (in thousands):

	For the three months ended March 31, 2016
Cash generated from other activities and excess cash	\$-\$425
Total	\$-\$425

The Company's ownership interest in the JVs are subject to change in the event that either the Company or NorthStar calls for additional capital contributions to the respective JVs necessary for the conduct of business, including contributions to fund costs and expenses related to capital expenditures. The Company could be required under its unconditional guaranty to repay portions of the debt of the JV's. The Company manages the JVs and will receive a promote interest in each applicable JV if it meets certain return thresholds for such JV. NorthStar may also approve certain actions by the JVs without the Company's consent, including certain property dispositions conducted at arm's length, certain actions related to the restructuring of the applicable JV and removal of the Company as managing member in the event the Company fails to fulfill its material obligations under the applicable joint venture agreement. The Company's investment in the NewINK JV, the Inland JV and Torrance JV are \$(3,667), \$23,113, and \$0, respectively, at March 31, 2016 and \$(2,703), \$23,618 and \$0, respectively, at December 31, 2015. The following table sets forth the combined components of net income (loss), including the Company's share, related to the NewINK JV and Inland JV (the Torrance JV is not material) for the three months ended March 31, 2016 and 2015 (in thousands):

(1) The interest rate for the senior unsecured revolving credit facility is variable and based on either LIBOR plus an applicable margin ranging from 1.55% to 2.3%, or prime plus an applicable margin of 0.55% to 1.3%.

(2) On January 4, 2016, the Company paid off the loan secured by the Courtyard by Marriott Altoona, PA hotel, due April 1, 2016.

At March 31, 2016 and December 31, 2015, the Company had \$70,580 and \$65,580, respectively, of outstanding borrowings under its senior unsecured revolving credit facility. At March 31, 2016, the maximum borrowing availability under the senior unsecured revolving credit facility was \$250,000.

The Company estimates the fair value of its fixed rate debt, which is all of the Company's mortgage loans, by discounting the future cash flows of each instrument at estimated market rates. Rates take into consideration general market conditions, quality and estimated value of collateral and maturity of debt with similar credit terms and are classified within level 3 of the fair value hierarchy. The estimated fair value of the Company's fixed rate debt as of March 31, 2016 and December 31, 2015 was \$545,239 and \$522,713, respectively.

The Company estimates the fair value of its variable rate debt by taking into account general market conditions and the estimated credit terms it could obtain for debt with similar maturity and is classified within level 3 of the fair value hierarchy. As of March 31, 2016, the Company's only variable rate debt is under its senior unsecured revolving credit facility. The estimated fair value of the Company's variable rate debt as of March 31, 2016 and December 31, 2015

was \$70,575 and \$65,574, respectively.

## 9. Income Taxes

The Company's TRSs are subject to federal and state income taxes. The Company's TRSs are structured under two TRS holding companies, which are referred to as TRS 1 and TRS 2 and are treated separately for income tax purposes.

The components of income tax expense for the following periods are as follows (in thousands):

	For the three months ended March 31, 2016	2015
Federal	\$ —	—
State	—	—
Tax expense	\$ —	—

TRS 1 has continued to record a full valuation allowance equal to 100% of the gross deferred tax asset due to the uncertainty of TRS 1's ability to fully utilize these deferred tax assets. If TRS 1 continues improving its operating results, the company may release the valuation allowance against its deferred tax assets this year.

## 10. Dividends Declared and Paid

The Company declared total common share dividends of \$0.31 per share and distributions on LTIP units of \$0.31 per unit for the three months ended March 31, 2016. The dividends and distributions were as follows:

Record Date	Payment Date	Common share distribution amount	LTIP unit distribution amount
Jan 29, 2016	2/26/2016	\$ 0.10	\$ 0.10
Feb 29, 2016	3/25/2016	0.10	0.10

## 11. Earnings Per Share

The two class method is used to determine earnings per share because unvested restricted shares and unvested LTIP units are considered to be participating shares. Unvested restricted shares and unvested LTIP units and unvested Class A Performance units that could potentially dilute basic earnings per share in the future would not be included in the computation of diluted loss per share, for the periods where a loss has been recorded, because they would have been anti-dilutive for the periods presented. The following is a reconciliation of the amounts used in calculating basic and diluted net income per share (in thousands, except share and per share data):

	For the three months ended March 31,	
	2016	2015
Numerator:		
Net income attributable to common shareholders	\$3,300	\$ 1,411
Dividends paid on unvested shares and units	(46 )	(43 )

## 12. Equity Incentive Plan

The Company maintains its Equity Incentive Plan to attract and retain independent trustees, executive officers and other key employees and service providers. The plan provides for the grant of options to purchase common shares, share awards, share appreciation rights, performance units and other equity-based awards. The plan was amended and restated as of May 17, 2013 to increase the maximum number of shares available under the plan to 3,000,000 shares. Share awards under this plan generally vest over three years, though compensation for the Company's independent trustees includes shares granted that vest immediately. The Company pays dividends on unvested shares and units, except for performance based shares and out-performance based units, for which dividends on unvested performance based shares and units are not paid until those shares are vested. Certain awards may provide for accelerated vesting if there is a change in control. In January 2016 and 2015, the Company issued 26,488 and 14,113 common shares, respectively, to its independent trustees as compensation for services performed in 2015 and 2014. The quantity of shares was calculated based on the average of the closing price for the Company's common shares on the NYSE for the ten trading days immediately preceding the reporting date. The Company would have distributed 5,929 common shares for services performed in 2016 had this liability classified award been satisfied as of March 31, 2016. As of March 31, 2016, there were 1,875,052 common shares available for issuance under the Equity Incentive Plan.

## Restricted Share Awards

A summary of the shares granted to executive officers that have not fully vested pursuant to the Equity Incentive Plan as of March 31, 2016 is as follows:

Award Type	Award Date	Total Shares Granted	Vested as of March 31, 2016
2014 Time-based Awards	1/31/2014	48,213	32,142
2014 Performance-based Awards	1/31/2014	38,805	12,935
2015 Time-based Awards	1/30/2015	40,161	13,387
2015 Performance-based Awards	1/30/2015	36,144	—
2015 Time-based Awards	6/1/2015	8,949	—

Time-based shares will vest over a three-year period. The performance-based shares will be issued and vest over a three-year period only if and to the extent that long-term performance criteria established by the Board of Trustees are met and the recipient remains employed by the Company through the vesting date.

The Company measures compensation expense for time-based vesting restricted share awards based upon the fair market value of its common shares at the date of grant. For the performance-based shares granted in 2014 and 2015, compensation expense is based on a valuation of \$13.17 and \$21.21, respectively, per performance share granted, which takes into account that some or all of the awards may not vest if long-term performance criteria are not met during the vesting period.

The grant date fair value of the performance awards were determined using a Monte Carlo simulation method with the following assumptions:

Performance Award	Risk Free Interest
Grant Volatility	Dividend Yield
Date	Rate
12/31/2014	—%
12/31/2015	—%
	0.71%
	0.84%

Compensation expense is recognized on a straight-line basis over the vesting period and is included in general and administrative expense in the accompanying consolidated statements of operations. The Company pays dividends on non-vested time-based restricted shares. Dividends for performance-based shares are accrued and paid annually only if and to the extent that long-term performance criteria established by the Board of Trustees are met and the recipient remains employed by the Company on the vesting date.

Table of Contents

A summary of the Company's restricted share awards for the three months ended March 31, 2016 and the year ended December 31, 2015 is as follows:

	Three Months Ended March 31, 2016		Year Ended December 31, 2015	
	Number of Shares	Weighted - Average Grant Date Fair Value	Number of Shares	Weighted - Average Grant Date Fair Value
Non-vested at beginning of the period	170,480	\$ 21.38	179,641	\$ 14.92
Granted	—	—	85,254	26.59
Vested	(56,672 )	19.73	(94,415 )	13.80
Non-vested at end of the period	113,808	\$ 22.20	170,480	\$ 21.38

As of March 31, 2016 and December 31, 2015, there were \$1,799 and \$2,131, respectively, of unrecognized compensation costs related to restricted share awards. As of March 31, 2016, these costs were expected to be recognized over a weighted-average period of approximately 1.6 years. For the three months ended March 31, 2016 and 2015, the Company recognized approximately \$332 and \$370, respectively of expense related to the restricted share awards. This expense is included in general and administrative expenses in the accompanying consolidated statements of operations.

#### Long-Term Incentive Plan Units

The Company recorded \$279 and \$196 in compensation expense related to the LTIP units for the three months ended March 31, 2016 and 2015, respectively. As of March 31, 2016 and December 31, 2015, there was \$3,540 and \$2,166, respectively, of total unrecognized compensation cost related to LTIP units. This cost is expected to be recognized over approximately 2.9 years, which represents the weighted average remaining vesting period of the LTIP units. Upon the closing of the Company's equity offering on September 30, 2013, the Company determined that a revaluation event occurred, as defined in the Internal Revenue Code of 1986, as amended, and 26,250 LTIP units awarded in 2010 and held by one of the officers of the Company had achieved full parity with the common units of the Operating Partnership with respect to liquidating distributions and all other purposes. 100% of these units have vested as of March 31, 2016. As of June 4, 2014, the Company determined that a revaluation event occurred, as defined in the Internal Revenue Code of 1986, as amended, and 231,525 LTIP units awarded in 2010 and held by two other officers of the Company had achieved full parity with the common units of the Operating Partnership with respect to liquidating distributions and all other purposes. As of March 31, 2016, 100% of these units have vested. Accordingly, these LTIP units awarded in 2010 are allocated their pro-rata share of the Company's net income.

Table of Contents

On June 1, 2015, the Company's Operating Partnership granted 183,300 Class A Performance LTIP units, as recommended by the Compensation Committee of the Board (the "Compensation Committee"), pursuant to a long-term, multi-year performance plan (the "Outperformance Plan"). The awards granted pursuant to the Outperformance Plan are subject to two separate performance measurements, with 60% of the award (the "Absolute Award") based solely on the Company's total shareholder return ("TSR") (the "Absolute TSR Component") and 40% of the award (the "Relative Award") measured by the Company's TSR (the "Relative TSR Component") relative to the other companies (the "Index Companies") that were constituents of the SNL US REIT Hotel Index (the "Index") during the entire measurement period. Under the Absolute TSR Component, 37.5% of the Absolute Award is earned if the Company achieves a 25% TSR over the measurement period. That percentage increases on a linear basis with the full Absolute Award being earned at a 50% TSR over the measurement period. For TSR performance below 25%, no portion of the Absolute Award will be earned. Under the Relative TSR Component, 37.5% of the Relative Award is earned if the Company is at the 50th percentile of the Index Companies at the end of the measurement period. That percentage increases on a linear basis with the full Relative Award earned if the Company is at the 75th percentile of the Index Companies at the end of the measurement period. If the Company is below the 50th percentile of the Index Companies at the end of the measurement period, no portion of the Relative Award will be earned. Compensation expense is based on an estimated value of \$14.13 per Class A Performance LTIP unit, which takes into account that some or all of the awards may not vest if long-term performance criteria are not met during the vesting period. Awards earned under the Outperformance Plan will vest 50% at the end of the three-year measurement period on June 1, 2018 and 25% each on the one-year and two-year anniversaries of the end of the three-year measurement period, or June 1, 2019 and 2020, respectively, and provided that the recipient remains employed by the Company through the vesting dates. In the event of a Change in Control (as defined in the executive officers' employment agreements), Outperformance Plan awards will be earned contingent upon the attainment of a pro rata TSR hurdle for the Absolute Award and achievement of the relative TSR percentile for the Relative Award based upon the in-place formula and using the Change of Control as the end of measurement period. Vesting continues to apply to awards earned upon a Change of Control, subject to full acceleration upon termination without cause or resignation for good reason within 18 months of the Change of Control. Prior to vesting, holders of Class A Performance LTIP Units will not be entitled to vote their Class A Performance LTIP units. In addition, under the terms of the Class A Performance LTIP units, a holder of a Class A Performance LTIP unit will generally (i) be entitled to receive 10% of the distributions made on a common unit of the Operating Partnership during the period prior to vesting of such Class A Performance LTIP unit (the "Pre-Vesting Distributions"), (ii) be entitled, upon the vesting of such Class A Performance LTIP unit, to receive a special one-time "catch-up" distribution equal to the aggregate amount of distributions that were paid on a common unit during the period prior to vesting of such Class A Performance LTIP unit minus the aggregate amount of Pre-Vesting Distributions paid on such Class A Performance LTIP unit, and (iii) be entitled, following the vesting of such Class A Performance LTIP unit, to receive the same amount of distributions paid on a common unit of the Operating Partnership.

Time-Based Equity Incentive Awards

On January 28, 2016, the Company's Operating Partnership, upon the recommendation of the Compensation Committee, granted 72,966 time-based awards (the "2016 Time-Based LTIP Unit Award"). The grants are being made pursuant to award agreements that provide for time-based vesting (the "LTIP Unit Time-Based Vesting Agreement"). The 2016 Time-Based LTIP Unit Awards will vest ratably on each of January 28, 2017, January 28, 2018 and January 28, 2019 (provided that the recipient remains employed by the Company through the applicable vesting date, subject to acceleration of vesting in the event of the recipient's death, disability, termination without cause or resignation with good reason, or in the event of a change of control of the Company). Prior to vesting, a holder will be entitled to receive distributions on and to vote the LTIP Units that comprise the 2016 Time-Based LTIP Unit Awards. Compensation expense is based on an estimated value of \$16.69 per 2016 Time-Based LTIP Unit Award.

Performance-Based Equity Incentive Awards

On January 28, 2016, the Company's Operating Partnership, upon the recommendation of the Compensation Committee, also granted 39,285 performance-based awards (the "2016 Performance-Based LTIP Unit Awards"). The grants are being made pursuant to award agreements that provide for performance-based vesting (the "LTIP Unit Performance-Based Vesting Agreement"). The 2016 Performance-Based LTIP Unit Awards are comprised of Class A Performance LTIP Units of the Operating Partnership ("Class A Performance LTIP Units") that will vest only if and to the extent that (i) the Company achieves certain long-term performance criteria established by the Compensation Committee and set forth in the LTIP Unit Performance-Based Vesting Agreement and (ii) the recipient remains employed by the Company through the applicable vesting date, subject to acceleration of vesting in the event of the recipient's death, disability, termination without cause or resignation with good reason, or in the event of a change of control of the Company. Compensation expense is based on an estimated value of \$11.09 per 2016 Performance-Based LTIP Unit Awards, which takes into account that some or all of the awards may not vest if long-term performance criteria are not met during the vesting period.

Table of Contents

The 2016 Performance-Based LTIP Unit Awards shall become vested based on the following:

(a) The number of Class A Performance LTIP Units that most nearly equals (but does not exceed) one-third of the Class A Performance LTIP Units issued pursuant to such 2016 Performance-Based LTIP Unit Award shall vest on January 28, 2017, if the Total Shareholder Return for the 12-month period beginning January 28, 2016 and ending on January 27, 2017 is 8% or more.

(b) The number of Class A Performance LTIP Units that most nearly equals (but does not exceed) one-third of the Class A Performance LTIP Units issued pursuant to such 2016 Performance-Based LTIP Unit Award shall vest on January 28, 2018, if the Total Shareholder Return for the 12-month period beginning January 28, 2017 and ending on January 27, 2018 is 8% or more.

(c) The number of Class A Performance LTIP Units that most nearly equals (but does not exceed) one-third of the Class A Performance LTIP Units issued pursuant to such 2016 Performance-Based LTIP Unit Award shall vest on January 28, 2019, if the Total Shareholder Return for the 12-month period beginning January 28, 2018 and ending on January 27, 2019 is 8% or more.

(d) All of the Class A Performance LTIP Units issued pursuant to such 2016 Performance-Based LTIP Unit Award (less any Class A Performance LTIP Units that previously vested under paragraphs (a), (b) or (c) above), shall vest on January 28, 2019, if the average Total Shareholder Return for the 36-month period ending on January 27, 2019 is 8% or more.

For purposes of the 2016 Performance-Based LTIP Unit Awards, "Total Shareholder Return" means, with respect to the measurement periods described in paragraphs (a), (b), (c) and (d) above, the total percentage return per common share of the Company based on the closing price of the Company's common shares on the New York Stock Exchange ("NYSE") on the last trading day immediately preceding the first day of the applicable measurement period compared to the closing price of the Company's common shares on the NYSE on the last trading day of such measurement period and assuming contemporaneous reinvestment in Company common shares of all dividends and other distributions at the closing price of the Company's common shares on the date such dividend or other distribution was paid.

A holder of a Class A Performance LTIP Unit will generally (i) only be entitled, during the period prior to the vesting of such Class A Performance LTIP Unit, to receive 10% of the distributions made on a common unit of limited partnership interest ("Common Unit") in the Operating Partnership (the "Pre-Vesting Distributions"), and (ii) be entitled, upon the vesting of such Class A Performance LTIP Unit, to a special one-time "catch-up" distribution equal to the aggregate amount of distributions that were paid on a Common Unit during the period prior to vesting of such Class A Performance LTIP Unit minus the aggregate amount of Pre-Vesting Distributions paid on such Class A Performance LTIP Unit. In addition, prior to the vesting of a Class A Performance LTIP Unit, the holder of such Class A Performance LTIP Unit will not be entitled to vote on such Class A Performance LTIP Unit.

The LTIP units' fair value was determined using a Monte Carlo approach. In determining the discounted value of the LTIP units, the Company considered the inherent uncertainty that the LTIP units would never reach parity with the other common units of the Operating Partnership and thus have an economic value of zero to the grantee. Additional factors considered in reaching the assumptions of uncertainty included discounts for illiquidity; expectations for future dividends; limited or no operations history as of the date of the grant; significant dependency on the efforts and services of our executive officers and other key members of management to implement the Company's business plan; available acquisition opportunities; and economic environment and conditions.

Edgar Filing: Chatham Lodging Trust - Form 10-Q

The grant date fair value of the performance LTIP awards were determined using a Monte Carlo simulation method with the following assumptions (based on the three year risk free U.S. Treasury yield over the measurement period of the LTIP awards):

	Grant Date	Volatility	Dividend Yield	Risk Free Interest Rate	Discount
Outperformance Plan	6/1/2015	26%	4.5%	0.95%	—%
2016 Time-Based LTIP Unit Awards	1/28/2016	28%	—%	0.79%	10%
2016 Performance-Based LTIP Unit Awards	1/28/2016	30%	5.8%	1.13%	—%

## 13. Commitments and Contingencies

## Litigation

The nature of the operations of the Company's hotels exposes those hotels, the Company and the Operating Partnership to the risk of claims and litigation in the normal course of their business. An affiliate of the Company was a defendant, along with IHM, in a class action lawsuit in the San Diego County Superior Court under the title Martinez et al v. Island Hospitality Management, Inc., et al. Case No. 37-2012-00096221-CU-OE-CTL. The class action lawsuit related to 15 hotels operated by IHM in the state of CA and owned by affiliates of the Company, NewINK JV, Innkeepers JV, and/or certain third parties. The lawsuit alleged various wage and hour law violations, including unpaid off-the-clock work, failure to provide meal breaks and failure to provide rest breaks. The plaintiffs sought injunctive relief, money damages, penalties and interest. The parties reached a global settlement of the matter which was approved by the Court on February 5, 2016. As of March 31, 2016, we have paid our entire liability for this claim and therefore, there is zero remaining liability in accounts payable and accrued expenses.

## Hotel Ground Rent

The Altoona hotel is subject to a ground lease with an expiration date of April 30, 2029 with an extension option of up to 12 additional terms of five years each. Monthly payments are determined by the quarterly average room occupancy of the hotel. Rent is equal to approximately \$8 per month when monthly occupancy is less than 85% and can increase up to approximately \$20 per month if occupancy is 100%, with minimum rent increased by two and one-half percent (2.5%) on an annual basis.

The Gaslamp hotel is subject to a ground lease with an expiration date of January 31, 2065 with an extension option of up to 3 additional terms of ten years each. Monthly payments are currently \$40 per month and increase 10% every 5 years. The hotel is subject to supplemental rent payments annually calculated as 5% of gross revenues during the applicable lease year, minus 12 times the monthly base rent scheduled for the lease year.

New Rochelle Residence Inn is subject to an air rights lease and garage lease that each expire on December 1, 2104. The lease agreements with the City of New Rochelle cover the space above the parking garage that is occupied by the hotel as well as 128 parking spaces in a parking garage that is attached to the hotel. The annual base rent for the garage lease is the hotel's proportionate share of the city's adopted budget for the operations, management and maintenance of the garage and established reserves to fund for the cost of capital repairs. Rent for 2015 is equal to approximately \$31 per quarter.

The Marina del Rey hotel is subject to a ground lease with an expiration date of December 31, 2067. Minimum monthly payments are currently \$43 per month and a percentage rent payment less the minimum rent is due in arrears equal to 5% to 25% of gross income based on the type of income received.

The Company entered into a new corporate office lease in September 2015. The lease is for a term of 11 years and includes a 12-month rent abatement period and certain tenant improvement allowances. The Company will share the space with related parties and will be reimbursed for the pro-rata share of rentable space occupied by the related parties.

Future minimum rental payments under the terms of all non-cancellable operating ground leases and the office lease under which the Company is the lessee are expensed on a straight-line basis regardless of when payments are due. The following is a schedule of the minimum future payments required under the ground, air rights, submerged, garages leases and office lease as of March 31, 2016, for the remainder of 2016 and for each of the next four calendar years and thereafter (in thousands):

	Ground Leases Amount	Office Lease
2016 (remaining nine months)	\$910	\$231
2017	1,215	745
2018	1,217	772
2019	1,220	792

2020	1,267	812
Thereafter	70,727	4,995

### Management Agreements

The management agreements with Concord have an initial ten-year term that expire on February 28, 2017 and will renew automatically for successive one-year terms unless terminated by the TRS lessee or the manager by written notice to the other party no later than 90 days prior to the then current term's expiration date. The management agreements may be terminated for cause, including the failure of the managed hotel to meet specified operating performance levels. If the Company were to terminate the management agreements during the first nine years of the term, other than for breach or default by the manager, the Company would be responsible for paying termination fees to the manager.

The management agreements with IHM have an initial term of five years and automatically renew for two five-year periods unless IHM provides written notice to us no later than 90 days prior to the then current term's expiration date of their intent not to renew. The IHM management agreements provide for early termination at the Company's option upon sale of any IHM-managed hotel for no termination fee, with six months advance notice. The IHM management agreements may be terminated for cause, including the failure of the managed hotel to meet specified performance levels. Base management fees are calculated as a percentage of the hotel's gross room revenue. If certain financial thresholds are met or exceeded, an incentive management fee is calculated as 10% of the hotel's net operating income less fixed costs, base management fees and a specified return threshold. The incentive management fee is capped at 1% of gross hotel revenues for the applicable calculation.

The Company did not enter into any new management agreements during the three months ended March 31, 2016. Management fees totaled approximately \$2,229 and \$1,816, respectively, for the three months ended March 31, 2016 and 2015.

### Franchise Agreements

The fees associated with the franchise agreements are calculated on the specified percentage of the hotel's gross room revenue. The Company did not enter into any new franchise agreements during the three months ended March 31, 2016. Franchise and marketing fees totaled approximately \$5,187 and \$4,494, respectively, for the three months ended March 31, 2016 and 2015.

### 14. Related Party Transactions

Mr. Fisher owns 51% of IHM and affiliates of NorthStar Asset Management Group, Inc. own 45%. As of March 31, 2016, the Company had hotel management agreements with IHM to manage 36 of its wholly owned hotels. As of March 31, 2016, all 47 hotels owned by the NewINK JV and 34 of the 48 hotels owned by the Inland JV are managed by IHM. Hotel management, revenue management and accounting fees paid to IHM for the hotels owned by the Company for the three months ended March 31, 2016 and 2015 were \$2,175 and \$1,751. At March 31, 2016 and December 31, 2015, the amounts due to IHM were \$1,093 and \$998, respectively.

Cost reimbursements from unconsolidated real estate entities revenue represent reimbursements of costs incurred on behalf of the NewINK JV, Inland JV and an entity, Castleblack Owner Holding, LLC ("Castleblack"), which is 97.5% owned by affiliates of NorthStar and 2.5% owned by Mr. Fisher. These costs relate primarily to corporate payroll costs at the NewINK JV and Inland JV where the Company is the employer. As the Company records cost reimbursements based upon costs incurred with no added markup, the revenue and related expense has no impact on the Company's operating income or net income. Cost reimbursements from the JVs are recorded based upon the occurrence of a reimbursed activity.

Various shared office expenses and rent are paid by the Company and allocated to the NewINK JV, the Inland JV, Castleblack and IHM based on the amount of square footage occupied by each entity. Insurance expense for medical, workers compensation and general liability are paid by the NewINK JV and allocated back to the hotel properties or applicable entity.

During 2014, Mr. Fisher entered into a joint venture agreement with NorthStar by which Mr. Fisher acquired a 2.5% non-voting interest in Castleblack.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Dollar amounts presented in this Item 2 are in thousands, except per share data, unless otherwise specified.

The following discussion and analysis should be read in conjunction with our consolidated financial statements and related notes included elsewhere in this report and in our Annual Report on Form 10-K for the year ended December 31, 2015. In this report, we use the terms "the Company," "we" or "our" to refer to Chatham Lodging Trust and its consolidated subsidiaries, unless the context indicates otherwise.

Statement Regarding Forward-Looking Information

The following information contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements include information about possible or assumed future results of the lodging industry and our business, financial condition, liquidity, results of operations, cash flow and plans and objectives. These statements generally are characterized by the use of the words "believe," "expect," "anticipate," "estimate," "plan," "continue," "intend," "should," "may" or similar expressions. Although we believe that the expectations reflected in our forward-looking statements are based upon reasonable assumptions, our actual results could differ materially from those set forth in the forward-looking statements. Some factors that might cause such a difference include the following: local, national and global economic conditions, increased direct competition, changes in government regulations or accounting rules, changes in local, national and global real estate conditions, declines in lodging industry fundamentals, increased operating costs, seasonality of the lodging industry, our ability to obtain debt and equity financing on satisfactory terms, changes in interest rates, our ability to identify suitable investments, our ability to close on identified investments and inaccuracies of our accounting estimates. Given these uncertainties, undue reliance should not be placed on such statements. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect future events or circumstances or to reflect the occurrence of unanticipated events. The forward-looking statements should also be read in light of the risk factors identified in the "Risk Factors" section in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 as updated by the Company's subsequent filings with the SEC under the Exchange Act.

Overview

We are a self-advised hotel investment company organized in October 2009 that commenced operations in April 2010. Our investment strategy is to invest in upscale extended-stay and premium-branded select-service hotels in geographically diverse markets with high barriers to entry near strong demand generators. We may acquire portfolios of hotels or single hotels. We expect that a significant portion of our portfolio will consist of hotels in the upscale extended-stay or select-service categories, including brands such as Homewood Suites by Hilton®, Residence Inn by Marriott®, Hyatt Place®, Courtyard by Marriott®, Hilton Garden Inn by Hilton®, Hampton Inn® and Hampton Inn and Suites®.

The Company's future hotel acquisitions may be funded by issuances of both common and preferred shares or the issuance of partnership interests in our operating partnership, Chatham Lodging, L.P. (the "Operating Partnership"), draw-downs under our senior unsecured revolving credit facility, the incurrence or assumption of debt, available cash, proceeds from dispositions of assets or distributions from our 10.3% investment in a joint venture with affiliates of NorthStar Realty Finance Corp. ("NorthStar") that owns 47 hotels (the "NewINK JV") or distributions from our 10.0% investment in a joint venture with NorthStar that owns 48 hotels (the "Inland JV" and together with the NewINK JV, the "JVs"). We intend to acquire quality assets at attractive prices and improve their returns through knowledgeable asset management and seasoned, proven hotel management while remaining prudently leveraged.

At March 31, 2016, our leverage ratio was 41.4% based on the ratio of our net debt (total debt outstanding before deferred financing costs less unrestricted cash and cash equivalents) to hotel investments at cost, including the JV investments. Over the past several years, we have maintained a leverage ratio between the mid-30s and the low 50s to fund our acquisitions and JV investments. As of March 31, 2016, we have total debt of \$606,059 at an average rate of approximately 4.4%. Accordingly, our debt coverage ratios currently are favorable and, as a result, we are comfortable in this leverage range and believe we have the capacity and flexibility to take advantage of acquisition opportunities as they arise. We intend to continue to fund our investments with a prudent balance of debt and equity.

Table of Contents

We are a real estate investment trust (“REIT”) for federal income tax purposes. In order to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the “Code”), we cannot operate our hotels. Therefore, our Operating Partnership and its subsidiaries lease our hotel properties to taxable REIT lessee subsidiaries (“TRS Lessees”), who in turn engage eligible independent contractors to manage the hotels. Each of the TRS Lessees is treated as a taxable REIT subsidiary for federal income tax purposes and is consolidated within our financial statements for accounting purposes. However, since we control both the Operating Partnership and the TRS Lessees, our principal source of funds on a consolidated basis is from the operations of our hotels. The earnings of the TRS Lessees are subject to taxation as regular C corporations, as defined in the Code, potentially reducing the TRS Lessees’ cash available to pay dividends to us, and therefore our funds from operations and the cash available for distribution to our shareholders.

**Financial Condition and Operating Performance Metrics**

We measure our financial condition and hotel operating performance by evaluating financial metrics and measures such as:

- Revenue Per Available Room (“RevPAR”),
- Average Daily Rate (“ADR”),
- Occupancy,
- Funds From Operations (“FFO”),
- Adjusted FFO,
- Earnings before interest, taxes, depreciation and amortization (“EBITDA”),
- Adjusted EBITDA, and
- Hotel EBITDA

We evaluate the hotels in our portfolio and potential acquisitions using these metrics to determine each hotel’s contribution toward providing income to our shareholders through increases in distributable cash flow and increasing long-term total returns through appreciation in the value of our common shares. RevPAR, ADR and Occupancy are hotel industry measures commonly used to evaluate operating performance. RevPAR, which is calculated as total room revenue divided by total number of available rooms, is an important metric for monitoring hotel operating performance, and more specifically hotel revenue.

“Non-GAAP Financial Measures” provides a detailed discussion of our use of FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA and a reconciliation of FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA to net income or loss, measurements recognized by generally accepted accounting principles in the United States (“GAAP”).

## Results of Operations

## Industry Outlook

We believe that the lodging industry's performance is correlated to the performance of the economy overall, and specifically, key economic indicators such as GDP growth, employment trends, corporate travel and corporate profits. We expect a continuing improvement in the performance of the hotel lodging industry in 2016 as GDP is currently forecasted to grow approximately 2.0% in 2016 and 2.3% in 2017. As reported by Smith Travel Research, monthly industry RevPAR has been higher year over year since March 2010, so we are into the seventh year of RevPAR growth in what some believe will be a longer cycle than those experienced in the past due to the fact that new room supply is forecast to grow only moderately. As a comparison, from 1992 to 2000, the industry saw nine consecutive years of RevPAR growth and from 2003 to 2007 the industry saw five consecutive years of RevPAR growth. As reported by Smith Travel Research, industry RevPAR grew 2.7% and 7.9% during the three months ended March 31, 2016 and 2015, respectively, compared to the same period in the respective prior years. Primary hotel franchisor Marriott is projecting 2016 RevPAR growth of 3% to 5%. We are currently projecting RevPAR at our hotels to grow 2% to 3.5% in 2016 with ADR comprising all of our RevPAR growth.

## Comparison of the three months ended March 31, 2016 to the three months ended March 31, 2015

Results of operations for the three months ended March 31, 2016 include the operating activities of our 38 wholly owned hotels and our investments in the NewINK JV and Inland JV. We wholly owned 34 hotels at January 1, 2015 and owned a 10.3% joint venture interest in the NewINK JV and a 5.0% interest in the Torrance JV. We acquired one hotel in San Diego, CA (the "Gaslamp" hotel) on February 25, 2015, one hotel in Dedham, MA on July 17, 2015, one hotel in Ft. Lauderdale, FL on August 17, 2015 and one hotel in Marina del Rey, CA on September 17, 2015.

## Revenues

Revenue, which consists primarily of room, food and beverage and other operating revenues from our wholly owned hotels, was as follows for the periods indicated (dollars in thousands):

	For the three months ended		
	March 31, 2016	March 31, 2015	Change, %
Room	\$63,934	\$55,032	16.2 %
Food and beverage	1,508	1,167	29.2 %
Other	2,354	1,902	23.8 %
Cost reimbursements from unconsolidated real estate entities	1,054	848	24.3 %
Total revenue	\$68,850	\$58,949	16.8 %

Total revenue was \$68,850 for the quarter ended March 31, 2016, up \$9,901 compared to total revenue of \$58,949 for the corresponding 2015 period. Total revenue related to the four hotels acquired during or subsequent to the first quarter of 2015 contributed \$7,861 of the increase. Since all of our hotels are select-service or limited-service hotels, room revenue is the primary revenue source as these hotels do not have significant food and beverage revenue or large group conference facilities. Room revenue comprised 92.9% and 93.4% of total revenue for the quarters ended March 31, 2016 and 2015, respectively. Room revenue was \$63,934 and \$55,032 for the quarters ended March 31, 2016 and 2015, respectively, with \$7,116 of the increase in 2016 attributable to the four hotels acquired during or subsequent to the first quarter of 2015. For the 34 comparable hotels owned by us throughout both the 2016 and 2015 periods, room revenue was up \$1,786, or 3.3%, driven primarily by RevPAR growth of 2.1% and occupancy growth of 1.5%.

Food and beverage revenue was \$1,508 and \$1,167 for three months ended March 31, 2016 and 2015, respectively. The increase of \$341 relates primarily to the Marina del Rey, Ft. Lauderdale and Gaslamp hotels, which were acquired during or subsequent to the first quarter of 2015.

Other operating revenue, comprised of meeting room, gift shop, in-room movie and other ancillary amenities revenue, was \$2,354 and \$1,902 for the quarters ended March 31, 2016 and 2015, respectively. The increase in other operating revenue is primarily related to the four hotels acquired during or subsequent to the first quarter of 2015.

Table of Contents

Cost reimbursements from unconsolidated real estate entities, comprised of payroll costs at the NewINK and Inland JVs and an entity which is 97.5% owned by affiliates of NorthStar and 2.5% by Mr. Fisher, where the Company is the employer, were \$1,054 and \$848 for the three months ended March 31, 2016 and 2015, respectively. Costs increased due to increases in shared payroll and office expenses. These cost reimbursements were offset by the reimbursed costs from unconsolidated real estate entities included in operating expenses.

As reported by Smith Travel Research, industry RevPAR for the three months ended March 31, 2016 and 2015 increased 2.7% and 7.9%, respectively, in the 2016 and 2015 periods as compared to the respective prior periods. RevPAR at our wholly owned hotels increased 2.6% and 6.9%, respectively, in the 2016 and 2015 periods as compared to the respective prior periods.

Since room revenue is the primary component of total revenue, our revenue results are dependent on maintaining and improving hotel occupancy, ADR and RevPAR at our hotels. Occupancy, ADR, and RevPAR results for the 38 wholly owned hotels are presented in the following table in each period to reflect operation of the hotels regardless of our ownership interest during the periods presented.

	For the three months ended March 31, 2016		For the three months ended March 31, 2015	
Occupancy	77.7	%	76.2	%
ADR	\$159.26		\$158.21	
RevPAR	\$123.74		\$120.57	

The RevPAR increase of 2.6% was primarily due to an increase in ADR of 0.7% and an occupancy increase of 2.0%. As the lodging cycle matures, occupancy growth stabilizes and hotels drive most of their increases in room revenue through increases in rates.

**Hotel Operating Expenses**

Hotel operating expenses consist of the following for the periods indicated (dollars in thousands):

	For the three months ended		
	March 31, 2016	March 31, 2015	% Change
Hotel operating expenses:			
Room	\$13,812	\$10,941	26.2 %
Food and beverage	1,178	847	39.1 %
Telephone	421	409	2.9 %
Other	589	527	11.8 %
General and administrative	5,497	4,642	18.4 %
Franchise and marketing fees	5,187	4,494	15.4 %
Advertising and promotions	1,352	1,220	10.8 %
Utilities	2,382	2,326	2.4 %
Repairs and maintenance	3,201	2,821	13.5 %
Management fees	2,229	1,816	22.7 %
Insurance	337	301	12.0 %
Total hotel operating expenses	\$36,185	\$30,344	19.2 %

Table of Contents

Hotel operating expenses increased \$5,841 to \$36,185 for the three months ended March 31, 2016 from \$30,344 for the three months ended March 31, 2015. Total hotel operating expenses related to the four hotels acquired during or subsequent to the first quarter of 2015 contributed \$4,060 of the increase. For the 34 comparable hotels, total hotel operating expenses increased \$1,781, or 4.3%.

Room expenses, which are the most significant component of hotel operating expenses, increased \$2,871, or 26.2%, from \$10,941 in 2015 to \$13,812 in the first quarter of 2016. This compares to a 16.2% increase in room revenue over the same period in 2015 and an 11.0% increase in the number of rooms owned. The number of rooms for the quarter increased from 5,118 rooms in 2014 to 5,678 rooms in 2015 due to acquisitions. Total room expenses related to the four hotels acquired during or subsequent to the first quarter of 2015 contributed \$1,425 of the increase in room expenses. For the 34 comparable hotels, total room operating expenses increased \$1,446, or 8.8%, for the first quarter of 2016. Expenses increased due to increased salary and benefits.

The remaining hotel operating expenses increased \$2,970, from \$19,403 in the first quarter of 2015 to \$22,373 in the first quarter of 2016. The increase in remaining hotel operating expenses is mainly attributable to the four hotels acquired during or subsequent to the first quarter of 2015, which contributed \$2,635 of the increase, implying that the increase attributable to the comparable 34 hotels was \$335, or 1.7%. Food and beverage expense increased primarily due to the Marina del Rey, Ft. Lauderdale and Gaslamp hotels that were acquired during or subsequent to the first quarter of 2015, each of which have food and beverage operations whereas most of our other hotels have limited for sale food and beverage activities.

Depreciation and Amortization

Depreciation and amortization expense increased \$952 from \$11,523 for the three months ended March 31, 2015 to \$12,475 for the three months ended March 31, 2016. The increase is due to the four hotels acquired during or subsequent to the first quarter of 2015, which contributed depreciation and amortization expense of \$1,100.

Depreciation is generally recorded on our assets over 40 years for buildings, 20 years for land improvements, 15 years for building improvements and one to ten years for furniture, fixtures and equipment from the date of acquisition on a straight-line basis. Depreciable lives of hotel furniture, fixtures and equipment are generally between the date of acquisition and the date that the furniture, fixtures and equipment will be replaced. Amortization of franchise fees is recorded on a straight-line basis over the term of the respective franchise agreement.

Property Taxes, Ground Rent and Insurance

Total property taxes, ground rent and insurance expenses increased \$938 from \$4,085 for the three months ended March 31, 2015 to \$5,023 for the three months ended March 31, 2016. The four hotels acquired during or subsequent to the first quarter of 2015 contributed \$728 of the increase. The remaining increase is attributed to increased taxes at the 34 comparable hotels.

General and Administrative

General and administrative expenses principally consist of employee-related costs, including base payroll, bonuses and amortization of restricted stock and awards of long-term incentive plan ("LTIP") units. These expenses also include corporate operating costs, professional fees and trustees' fees. Total general and administrative expenses (excluding amortization of stock based compensation of \$736 and \$703 for the three months ended March 31, 2016 and 2015, respectively) decreased \$348 to \$2,376 for the three months ended March 31, 2016 from \$2,724 in the three months ended March 31, 2015, primary attributable to decreased payroll costs.

Hotel Property Acquisition Costs and Other Charges

Hotel property acquisition costs and other charges decreased \$248 from \$260 for the three months ended March 31, 2015 to \$12 for the three months ended March 31, 2016. Hotel property acquisition costs of \$260 in the 2015 period related to our acquisition of the Gaslamp hotel. Acquisition-related costs are expensed when incurred.

Reimbursed Costs from Unconsolidated Real Estate Entities

Reimbursed costs from unconsolidated real estate entities, comprised of corporate payroll costs at the NewINK and Inland JVs and an entity which is 97.5% owned by affiliates of NorthStar and 2.5% by Mr. Fisher, where the Company is the employer, were \$1,054 and \$848 for the quarters ended March 31, 2016 and 2015, respectively. Reimbursement costs increased due to an increase in the number of employees. These reimbursement costs were offset by the cost reimbursements from unconsolidated real estate entities included in revenues.

## Interest and Other Income

Interest on cash and cash equivalents and other income decreased \$5 from \$26 for the three months ended March 31, 2015 to \$21 for the three months ended March 31, 2016.

## Interest Expense, Including Amortization of Deferred Fees

Interest expense increased \$224 from \$6,813 for the three months ended March 31, 2015 to \$7,037 for the three months ended March 31, 2016 and is comprised of the following (dollars in thousands):

	For the three months ended		March 31, %	
	2016	2015	Change	
Mortgage debt interest	\$6,269	\$ 6,190	1.3	%
Credit facility interest and unused fees	499	219	127.9	%
Amortization of deferred financing costs	269	404	(33.4)	%
Total	\$7,037	\$ 6,813	3.3	%

The increase in interest expense for the three months ended March 31, 2016 as compared to the three months ended March 31, 2015 is primarily due to interest expense of \$262 on a loan issued subsequent to the first quarter of 2015 having a total principal balance of \$22,600 on the Marina del Rey hotel, offset by \$183 of interest expense in 2015 related to mortgages that have been paid off for the Altoona and Washington hotels. The decrease in deferred financing costs relates to the lower loan costs for the new senior unsecured revolving credit facility. Interest expense on the Company's senior unsecured revolving credit facility increased due to increased utilization in the three months ended March 31, 2016 compared to the three months ended March 31, 2015.

## Loss on Early Extinguishment of Debt

Loss on early extinguishment of debt increased \$4 from the three months ended March 31, 2015, due to paying off the loan associated with the Altoona hotel in January 2016 instead of at the maturity date of April 2016.

## Loss from Unconsolidated Real Estate Entities

Loss from unconsolidated real estate entities increased \$391 from \$256 for the three months ended March 31, 2015 to \$647 for the three months ended March 31, 2016. The increase is due primarily to loss on the Inland JV of \$505, which is conducting renovations at multiple hotels and a loss on the NewINK JV of \$142, compared to a loss of \$199 on the NewINK, a loss of \$78 on the Inland JV and income of \$21 for our 5% interest in a joint venture with Cerberus Capital Management (the "Torrance JV"), which we sold on December 30, 2015. for the three months ended March 31, 2015.

## Income Tax Expense

Income tax expense remained the same at \$0 for the three months ended March 31, 2015 and 2016, respectively. We are expecting increased income tax at our TRS Lessees in 2016. We are subject to income taxes based on the taxable income of our TRS Lessees at a combined federal and state tax rate of approximately 40%.

## Net Income

Net income was \$3,322 for the three months ended March 31, 2016, compared to net income of \$1,419 for the three months ended March 31, 2015. The change in net income was due to the factors discussed above.

## Material Trends or Uncertainties

We are not aware of any material trends or uncertainties, favorable or unfavorable, that may be reasonably anticipated to have a material impact on either the capital resources or the revenues or income to be derived from the acquisition and operation of properties, loans and other permitted investments, other than those referred to in this report and in the risk factors identified in our Annual Report on Form 10-K for the year ended December 31, 2015.

Table of Contents

Non-GAAP Financial Measures

We consider the following non-GAAP financial measures useful to investors as key supplemental measures of our operating performance: (1) FFO, (2) Adjusted FFO, (3) EBITDA, (4) Adjusted EBITDA and (5) Hotel EBITDA. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income or loss as prescribed by GAAP as a measure of our operating performance.

FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not represent cash generated from operating activities under GAAP and should not be considered as alternatives to net income or loss, cash flows from operations or any other operating performance measure prescribed by GAAP. FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA are not measures of our liquidity, nor are FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA indicative of funds available to fund our cash needs, including our ability to make cash distributions. These measurements do not reflect cash expenditures for long-term assets and other items that have been and will be incurred. FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA may include funds that may not be available for management's discretionary use due to functional requirements to conserve funds for capital expenditures, property acquisitions, and other commitments and uncertainties.

We calculate FFO in accordance with standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), which defines FFO as net income or loss (calculated in accordance with GAAP), excluding gains or losses from sales of real estate, impairment write-downs, the cumulative effect of changes in accounting principles, plus depreciation and amortization (excluding amortization of deferred financing costs), and after adjustments for unconsolidated partnerships and joint ventures following the same approach. We believe that the presentation of FFO provides useful information to investors regarding our operating performance because it measures our performance without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of real estate assets and certain other items that we believe are not indicative of the performance of our underlying hotel properties. We believe that these items are more representative of our asset base and our acquisition and disposition activities than our ongoing operations, and that by excluding the effects of the items, FFO is useful to investors in comparing our operating performance between periods and between REITs that report FFO using the NAREIT definition.

We calculate Adjusted FFO by further adjusting FFO for certain additional items that are not in NAREIT's definition of FFO, including hotel property acquisition costs and other charges, losses on the early extinguishment of debt and similar items related to our unconsolidated real estate entities that we believe do not represent recurring operations. We believe that Adjusted FFO provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that make similar adjustments to FFO.

Table of Contents

The following is a reconciliation of net income (loss) to FFO and Adjusted FFO for the three months ended March 31, 2016 and 2015 (in thousands, except share data):

	For the three months ended March 31,	
	2016	2015
Funds From Operations ("FFO"):		
Net income	\$3,322	\$ 1,419
Noncontrolling interests	(22 )	( 8 )
Depreciation	12,421	11,477
Adjustments for unconsolidated real estate entity items	1,962	1,812
FFO attributable to common shareholders	17,683	14,700
Hotel property acquisition costs and other charges	12	260
Loss on early extinguishment of debt	4	—
Adjustments for unconsolidated real estate entity items	10	12
Adjusted FFO attributable to common shareholders	\$17,709	\$ 14,972
Weighted average number of common shares		
Basic	38,274,448	37,018,039
Diluted	38,671,129	37,322,278

Diluted per share count may differ from GAAP per share count when FFO or Adjusted FFO is positive. Unvested restricted shares and unvested LTIP units that could potentially dilute basic earnings per share in the future would not be included in the computation of diluted loss per share for the periods where a loss has been recorded because they would have been anti-dilutive for the periods presented.

We calculate EBITDA for purposes of the credit facility debt covenants as net income or loss excluding: (1) interest expense; (2) provision for income taxes, including income taxes applicable to sale of assets; (3) depreciation and amortization; and (4) unconsolidated real estate entity items including interest, depreciation and amortization excluding gains or losses from sales of real estate. We believe EBITDA is useful to investors in evaluating our operating performance because it helps investors compare our operating performance between periods and between REITs by removing the impact of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results. In addition, we use EBITDA as one measure in determining the value of hotel acquisitions and dispositions.

We calculate Adjusted EBITDA by further adjusting EBITDA for certain additional items, including hotel property acquisition costs and other charges, gains or losses on the sale of real estate, losses on the early extinguishment of debt, amortization of non-cash share-based compensation and similar items related to our unconsolidated real estate entities which we believe are not indicative of the performance of our underlying hotel properties entities. We believe that Adjusted EBITDA provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that report similar measures.

We present Hotel EBITDA because we believe it is useful to investors in comparing our hotel operating performance between periods and comparing our Hotel EBITDA margins to those of our peer companies. Hotel EBITDA represents the results of operations for our wholly owned hotels only.

The following is a presentation of Hotel EBITDA for the three months ended March 31, 2016 and 2015 (in thousands):

Although we present FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA because we believe they are useful to investors in comparing our operating performance between periods and between REITs that report similar measures, these measures have limitations as analytical tools. Some of these limitations are:

- FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not reflect changes in, or cash requirements for, our working capital needs;

Table of Contents

FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not reflect funds available to make cash distributions;

EBITDA, Adjusted EBITDA and Hotel EBITDA do not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on our debts;

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may need to be replaced in the future, and FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not reflect any cash requirements for such replacements;

Non-cash compensation is and will remain a key element of our overall long-term incentive compensation package, although we exclude it as an expense when evaluating our ongoing operating performance for a particular period using Adjusted EBITDA;

Adjusted FFO, Adjusted EBITDA and Hotel EBITDA do not reflect the impact of certain cash charges (including acquisition transaction costs) that result from matters we consider not to be indicative of the underlying performance of our hotel properties; and

Other companies in our industry may calculate FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA differently than we do, limiting their usefulness as a comparative measure.

In addition, FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA do not represent cash generated from operating activities as determined by GAAP and should not be considered as alternatives to net income or loss, cash flows from operations or any other operating performance measure prescribed by GAAP. FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA are not measures of our liquidity. Because of these limitations, FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Hotel EBITDA only supplementally. Our consolidated financial statements and the notes to those statements included elsewhere are prepared in accordance with GAAP.

Sources and Uses of Cash

Our principal sources of cash include net cash from operations and proceeds from debt and equity issuances. Our principal uses of cash include acquisitions, capital expenditures, operating costs, corporate expenditures, interest costs, debt repayments and distributions to equity holders.

As of March 31, 2016 and December 31, 2015, we had cash and cash equivalents of approximately \$12,479 and \$21,036, respectively. We are required to maintain at least a total of \$10,000 of unrestricted cash and cash equivalents under certain non-recourse covenant guarantees related to debt in the NewINK JV and the Inland JV. Additionally, we had \$179,420 available under our \$250,000 senior unsecured revolving credit facility as of March 31, 2016.

For the three months ended March 31, 2016, net cash flows provided by operations were \$14,070, driven by net income of \$3,322, \$14,128 of non-cash items, including \$12,742 of depreciation and amortization and \$735 of share-based compensation expense and a \$647 related to loss from unconsolidated entities and a \$4 of loss on early extinguishment of debt. In addition, changes in operating assets and liabilities due to the timing of cash receipts, payments for real estate taxes, payments of corporate compensation and payments from our hotels resulted in net cash outflow of \$3,380. Net cash flows used in investing activities were \$6,153, primarily related capital improvements on our 38 wholly owned hotels of \$4,593 and \$2,147 related to required escrow deposits of restricted cash, reduced by distributions of \$587 from unconsolidated real estate entities. Net cash flows used by financing activities were \$16,474, comprised of \$88 raised through our dividend reinvestment and share purchase plan ("DRSPP"), net borrowings on our senior unsecured revolving credit facility of \$5,000, principal payments or payoffs on mortgage debt of \$6,813, payments of deferred financing and offering costs of \$19, and distributions to shareholders of \$14,730.

Table of Contents

For the three months ended March 31, 2015, net cash flows provided by operations were \$12,764, driven by net income of \$1,419 offset by \$12,886 of non-cash items, including \$11,926 of depreciation and amortization, \$704 of share-based compensation expense and \$256 related to the loss from unconsolidated entities. In addition, changes in operating assets and liabilities due to the timing of cash receipts, payments for real estate taxes, payments of corporate compensation and payments from our hotels resulted in net cash inflow of \$1,541. Net cash flows used in investing activities were \$95,987, primarily related to the purchase of the Residence Inn San Diego Gaslamp for \$90,155, capital improvements on our 35 wholly owned hotels of \$4,470, \$2,654 related to the required escrow deposits of restricted cash, reduced by distributions of \$1,292 from unconsolidated real estate entities. Net cash flows provided by financing activities were \$84,944, comprised of \$120,782 raised from our issuance of commons shares in our January 2015 underwritten public offering and through our DRSP, net repayments on our senior secured revolving credit facility of \$17,500, principal payments or payoffs on mortgage debt of \$5,570, payments of deferred financing and offering costs of \$2,198, distributions to shareholders of \$10,547 and repurchase of vested common shares of \$22. In January 2015, we changed the monthly dividend and distribution from \$0.08 to \$0.10 per common share and LTIP unit. In March 2016, we changed the monthly dividend and distribution from \$0.10 to \$0.11 per common share and LTIP unit. We declared total dividends of \$0.30 and \$0.31 per common share and LTIP unit for the three months ended March 31, 2015 and 2016, respectively.

## Liquidity and Capital Resources

At March 31, 2016, our leverage ratio was 41.4% based on the ratio of our net debt (total debt outstanding before deferred financing costs less unrestricted cash and cash equivalents) to hotel investments at cost, including our JV investments. Over the past several years, we have maintained a leverage ratio between the mid-30s and the low 50s to fund our acquisitions and investments in joint ventures. At March 31, 2016, we have total debt of \$606,059 at an average rate of approximately 4.4%. Accordingly, our debt coverage ratios are currently in a favorable position and, as a result, we are comfortable in this leverage range and believe we have the capacity and flexibility to take advantage of acquisition opportunities as they arise. We intend to continue to fund our investments with a prudent balance of debt and equity. We will pay down borrowings on our senior unsecured revolving credit facility with excess cash flow until we find other uses of cash such as investments in our existing hotels, hotel acquisitions or further joint venture investments.

At March 31, 2016 and December 31, 2015, we had \$70,580 and \$65,580, respectively, in outstanding borrowings under our senior unsecured revolving credit facility. At March 31, 2016, the maximum borrowing availability under the senior unsecured revolving credit facility was approximately \$250,000. We also had mortgage debt on individual hotels aggregating \$535,479 and \$542,292 at March 31, 2016 and December 31, 2015, respectively.

The senior unsecured credit facility contains representations, warranties, covenants, terms and conditions customary for transactions of this type, including a maximum leverage ratio, a minimum fixed charge coverage ratio and minimum net worth financial covenants, limitations on (i) liens, (ii) incurrence of debt, (iii) investments, (iv) distributions, and (v) mergers and asset dispositions, covenants to preserve corporate existence and comply with laws, covenants on the use of proceeds of the senior unsecured revolving credit facility and default provisions, including defaults for non-payment, breach of representations and warranties, insolvency, non-performance of covenants, cross-defaults and guarantor defaults. We were in compliance with all financial covenants at March 31, 2016. We expect to meet all financial covenants during the remainder of 2016 based upon our current projections. We expect to meet our short-term liquidity requirements generally through net cash provided by operations, existing cash balances and, if necessary, short-term borrowings under our senior unsecured revolving credit facility or through the encumbrance of any unencumbered hotels. We believe that our net cash provided by operations will be adequate to fund operating obligations, pay interest on any borrowings and fund dividends in accordance with the requirements for qualification as a REIT under the Code. We expect to meet our long-term liquidity requirements, such as hotel property acquisitions and debt maturities or repayments through additional long-term secured and unsecured borrowings, the issuance of additional equity or debt securities or the possible sale of existing assets.

Through our \$25 million DRSP, which was established in January 2014, shareholders may purchase additional common shares by reinvesting some or all of the cash dividends received on our common shares. Shareholders may

also make optional cash purchases of our common shares subject to certain limitations detailed in the prospectus for the DRSP. As of March 31, 2016, we issued 10,034 shares under the DRSP at a weighted average price of \$22.76. As of March 31, 2016, there was approximately \$24.8 million available for issuance under the DRSP.

## Table of Contents

In January 2014, we also established our ATM Plan whereby, from time to time, we may publicly offer and sell our common shares having an aggregate maximum offering price of up to \$50 million of our common shares by means of ordinary brokers' transactions on the New York Stock Exchange, in negotiated transactions or in transactions that are deemed to be "at-the-market" offerings as defined in Rule 415 under the Securities Act with Cantor Fitzgerald & Co. acting as sales agent pursuant to a Sales Agreement (the "Cantor Sales Agreement"). On January 13, 2015, the Company entered into a Sales Agreement (the "Barclays Sales Agreement") with Barclays Capital Inc. ("Barclays") to add Barclays as an additional sales agent under the Company's ATM Plan. For the three months ended March 31, 2016, we did not issue any shares under the ATM Plan. Total shares issued under the ATM Plan are 880,820 at a weighted average price of \$23.54 raising net proceeds after sales commissions and fees of approximately \$20,736. As of March 31, 2016, there was approximately \$29.3 million available for issuance under the ATM Plan.

We intend to continue to invest in hotel properties as suitable opportunities arise. We intend to finance our future investments with free cash flow, the net proceeds from additional issuances of common and preferred shares, issuances of common units in our Operating Partnership or other securities, borrowings or asset sales. The success of our acquisition strategy depends, in part, on our ability to access additional capital through other sources. There can be no assurance that we will continue to make investments in properties that meet our investment criteria. Additionally, we may choose to dispose of certain hotels as a means to provide liquidity.

### Dividend Policy

Our current common share dividend policy is generally to distribute, annually, approximately 100% of our annual taxable income. The amount of any dividends is determined by our Board of Trustees. In January 2015, our Board of Trustees approved an increase in our monthly dividend and distribution to \$0.10 per common share and LTIP unit. In March 2016, our Board of Trustees approved an increase in our monthly dividend and distribution to \$0.11 per common share and LTIP unit. The aggregate amount of dividends and distributions declared for the three months ended March 31, 2016 were \$0.31 per common share and LTIP unit.

### Capital Expenditures

We intend to maintain each hotel property in good repair and condition and in conformity with applicable laws and regulations and in accordance with the franchisors' standards and any agreed-upon requirements in our management and loan agreements. After we acquire a hotel property, we may be required to complete a property improvement plan ("PIP") in order to be granted a new franchise license for that particular hotel property. PIPs are intended to bring the hotel property up to the franchisors' standards. Certain of our loans require that we escrow, for property improvement purposes, at the hotels collateralizing these loans, amounts up to 5% of gross revenue from such hotels. We intend to spend amounts necessary to comply with any reasonable loan or franchisor requirements and otherwise to the extent that such expenditures are in the best interest of the hotel. To the extent that we spend more on capital expenditures than is available from our operations, we intend to fund those capital expenditures with available cash and borrowings under our senior unsecured revolving credit facility.

For the three months ended March 31, 2016 and 2015, we invested approximately \$9.8 million and \$5.9 million on capital investments in our hotels, respectively. Of the \$9.8 million spent in the three months ended March 31, 2016, \$7.8 million related to planned renovations, discretionary and emergency expenditures and \$2.0 million was related to the expansions of our Silicon Valley properties. We expect to invest an additional \$11.2 million on renovations, discretionary and emergency expenditures on our existing hotels for the remainder of 2016.

The Company is planning to develop and expand three of the Silicon Valley hotels it acquired in June 2014. The expansions are expected to include a new lobby and public spaces in each location. As part of this expansion, the Company is currently moving forward with the 32-room expansion of the Residence Inn Mountain View. We expect to commence the expansions of the two Sunnyvale Residence Inns in late 2016. While we do not have final budgets for these projects, we currently anticipate that total expenditures will be approximately \$80 million to \$85 million. We have spent \$5.7 million on the expansions through March 31, 2016 and expect to spend approximately \$7.1 million more through the remainder of 2016.

Table of Contents**Contractual Obligations**

The following table sets forth our contractual obligations as of March 31, 2016 and the effect these obligations are expected to have on our liquidity and cash flow in future periods (in thousands). We had no material off-balance sheet arrangements at March 31, 2016, other than non-recourse debt associated with the NewINK JV and the Inland JV as discussed below.

Contractual Obligations	Payments Due by Period				
	Total	Less Than One Year	One to Three Years	Three to Five Years	More Than Five Years
Corporate office lease (1)	\$8,347	\$ 231	\$ 1,517	\$ 1,604	\$ 4,995
Revolving credit facility, including interest (2)	80,901	1,777	4,380	74,744	—
Ground leases	76,556	910	2,432	2,487	70,727
Property loans, including interest (2)	708,742	21,932	58,924	65,573	562,313
Total	\$874,546	\$ 24,850	\$ 67,253	\$ 144,408	\$ 638,035

The Company entered into a new corporate office lease in 2015. The lease is for eleven years and includes a (1) 12-month rent abatement period and certain tenant improvement allowances. The Company will share the space with related parties and will be reimbursed for the pro-rata share of rentable space occupied by related parties.

Does not reflect paydowns or additional borrowings under the senior unsecured revolving credit facility after (2) March 31, 2016. Interest payments are based on the interest rate in effect as of March 31, 2016. See Note 8, "Debt" to our unaudited consolidated financial statements for additional information relating to our property loans.

In addition to the above listed obligations, we pay management and franchise fees to our hotel management companies and franchisors based on the revenues of our hotels.

The Company's ownership interests in the NewINK JV and the Inland JV are subject to change in the event that either we or NorthStar calls for additional capital contributions to the respective JVs, as applicable, necessary for the conduct of that JV's business, including contributions to fund costs and expenses related to capital expenditures. We manage the NewINK JV and Inland JV and will receive a promote interest in the applicable JV if it meets certain return thresholds. NorthStar may also approve certain actions by its JVs without the Company's consent, including certain property dispositions conducted at arm's length, certain actions related to the restructuring of the JVs and removal of the Company as managing member in the event the Company fails to fulfill its material obligations under the respective joint venture agreements.

In connection with certain non-recourse mortgage loans in either the NewINK JV or Inland JV, our Operating Partnership could require us to repay our pro rata share of portions of each respective JV's indebtedness in connection with certain customary non-recourse carve-out provisions such as environmental conditions, misuse of funds and material misrepresentations.

**Inflation**

Operators of hotels, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

**Seasonality**

Demand for our hotels is affected by recurring seasonal patterns. Generally, we expect that we will have lower revenue, operating income and cash flow in the first and fourth quarters and higher revenue, operating income and cash flow in the second and third quarters. These general trends are, however, influenced by overall economic cycles and the geographic locations of our hotels.

Critical Accounting Policies

Our consolidated financial statements have been prepared in conformity with GAAP, which requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of our financial statements and the reported amounts of revenues and expenses during the reporting period. While we do not believe the reported amounts would be materially different, application of these policies involves the exercise of judgment and the use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. We evaluate our estimates and judgments on an ongoing basis. We base our estimates on experience and on various other assumptions that are believed to be reasonable under the circumstances. All of our significant accounting policies, including certain critical accounting policies, are disclosed in our Annual Report on Form 10-K for the year ended December 31, 2015.

## Item 3. Quantitative and Qualitative Disclosures about Market Risk.

We may be exposed to interest rate changes primarily as a result of our assumption of long-term debt in connection with our acquisitions. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower overall borrowing costs. To achieve these objectives, we will seek to borrow primarily at fixed rates or variable rates with the lowest margins available and, in some cases, with the ability to convert variable rates to fixed rates. With respect to variable rate financing, we will assess interest rate risk by identifying and monitoring changes in interest rate exposures that may adversely impact expected future cash flows and by evaluating hedging opportunities.

The Company estimates the fair value of its fixed rate debt by discounting the future cash flows of each instrument at estimated market rates. Rates take into consideration general market conditions, maturity and fair value of the underlying collateral. The estimated fair value of the Company's fixed rate debt at March 31, 2016 and December 31, 2015 was \$545,239 and \$522,713, respectively.

At March 31, 2016, our consolidated debt was comprised of floating and fixed interest rate debt. The fair value of our fixed rate debt indicates the estimated principal amount of debt having the same debt service requirements that could have been borrowed at the date presented, at then current market interest rates. The following table provides information about the maturities of our financial instruments as of March 31, 2016 that are sensitive to changes in interest rates (dollars in thousands):

	2016	2017	2018	2019	2020	Thereafter	Total/ Weighted Average	Fair Value
Floating rate:								
Debt	—	—	\$ —	—	70,580	—	\$70,580	\$70,575
Average interest rate (1)	—	—	—	—	2.34	% —	2.34	%
Fixed rate:								
Debt	\$3,054	\$4,302	\$5,374	\$7,340	\$9,899	\$505,510	\$535,479	\$545,239
Average interest rate	4.77%	4.76%	4.6%	4.68	% 4.67	% 4.65	% 4.65	%

(1) Weighted average interest rate based on borrowings at LIBOR of 0.44% plus a margin of 1.65% and prime rate of 4.15% at March 31, 2016.

We estimate that a hypothetical 100 basis points increase on the variable interest rate would result in additional interest expense of approximately \$705 annually. This assumes that the amount outstanding under our floating rate debt remains \$70,580, the balance as of March 31, 2016

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

The nature of the operations of the Company's hotels exposes those hotels, the Company and the Operating Partnership to the risk of claims and litigation in the normal course of their business. An affiliate of the Company was a defendant, along with IHM, in a class action lawsuit in the San Diego County Superior Court under the title Martinez et al v. Island Hospitality Management, Inc., et al. Case No. 37-2012-00096221-CU-OE-CTL. The class action lawsuit related to 15 hotels operated by IHM in the state of CA and owned by affiliates of the Company, NewINK JV, Innkeepers JV, and/or certain third parties. The lawsuit alleged various wage and hour law violations, including unpaid off-the-clock work, failure to provide meal breaks and failure to provide rest breaks. The plaintiffs sought injunctive relief, money damages, penalties and interest. The parties reached a global settlement of the matter which was approved by the Court on February 5, 2016. As of March 31, 2016, we have paid our entire liability for this claim and therefore, there is zero remaining liability in accounts payable and accrued expenses.
