Section 4 — Matters Related to Accountants and Financial Statements

Item Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim
4.02 Review.

Reference is made to our Current Report on Form 8-K filed with the Commission on June 27, 2011 in which we reported the acquisition of Midwest Energy Emissions Corp., a North Dakota corporation (“Midwest”) that closed on June 21, 2011.

On October 31, 2011, as the result of certain errors described in the following paragraph, our management recommended to the Board of Directors that we correct (i) the audited financial statements of Midwest for the years ended December 31, 2010 and December 31, 2009 and the cumulative period from inception (December 17, 2008) to December 31, 2010, and the unaudited financial statements of Midwest for the periods ended March 31, 2011 and December 31, 2010 and for the period from inception (December 17, 2008) to March 31, 2011, contained in our Current Report on Form 8-K which was filed with the Commission on June 27, 2011, and (ii) the unaudited financial statements for the periods ended June 30, 2011 and 2010 and for the period from inception (December 17, 2008) to June 30, 2011, contained in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2011, which was filed with the Commission on August 22, 2010, as amended on Form 10-Q/A filed on October 5, 2011. The Board of Directors agreed with management’s recommendation, and it was concluded that the financial statements as of and for the aforementioned periods should no longer be relied upon. Management has discussed this matter with Tarvaran, Askelson & Company, our independent registered public accounting firm.

The identified errors related to: (i) accounting for of the “Exclusive patent and Know-How License Agreement Including Transfer of Ownership” we entered with the Center for Air Toxic Metals division of the Energy Environmental Research Center, a non-profit entity; (ii) appropriately accounting for certain additions to property and equipment that were not yet placed in service; and (iii) reporting of certain period costs on the statement of operations. As a result of these errors, we determined that the financial statements of Midwest included in the aforesaid Form 8-K should be restated on Form 8-K/A and the financial statements contained in our Form 10-Q for the quarter ended June 30, 2011 should be restated on Form 10-Q/A.

We anticipate that the Form 8-K/A and Form 10-Q/A with the noted restatements will be filed in the coming days.

The following is a summary of the effects of the identified error on our financial statements:
