Item 1.01 Entry into a Material Definitive Agreement.

On February 13, 2015 Preferred Apartment Communities Operating Partnership, L.P. ("PAC-OP"), completed the acquisition (the "Entity Acquisition") of 100% of the equity interest of: (1) Northpointe Investors, LLC ("Northpointe Investors"), the owner of a newly constructed 280-unit class A multifamily community in Houston, Texas ("Northpointe") and (2) Villas Fairfield Partners, LLC ("Fairfield Partners", and collectively with Northpointe Investors, the "Acquired Entities"), the owner of a newly constructed 240-unit class A multifamily community in Houston, Texas ("Cypress", and collectively with Northpointe, the "Acquired Communities"). The aggregate purchase price paid by PAC-OP was approximately \$76 million, exclusive of acquisition- and financing-related transaction costs. The Company is the general partner of, and owner of an approximate 99.1% interest in, PAC-OP. The Company hereby amends the Current Report on Form 8-K filed on February 17, 2015, reporting events on and after February 13, 2015, to provide certain financial information related to its acquisition of the Acquired Communities required by Item 9.01(a) of Form 8-K.

Independent Auditor's Report

To the Board of Directors and Stockholders

Preferred Apartment Communities, Inc.

To the Member

Avenues at Cypress and Avenue at Northpointe

We have audited the accompanying combined financial statements of two apartment complexes located in Texas (together, "the Properties"), which comprise the combined statement of revenue and certain operating expenses for the year ended December 31, 2014, and the related notes to the combined statement of revenue and certain operating expenses.

Management's Responsibility for the Financial Statements

Management of the sellers of the Properties is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the combined financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined revenue and certain operating expenses of the Properties for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

We draw attention to Note 2 to the combined financial statements, which describes that the accompanying combined financial statements were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the filing of Form 8-K/A of Preferred Apartment Communities, Inc.) and are not intended to be a complete presentation of the Properties' revenues and expenses. Our opinion is not modified with respect to that matter.

Notes to Combined Statement of Revenue and Certain Operating Expenses
Year Ended December 31, 2014

Note 1 - Organization and basis of presentation

The accompanying combined statement of revenue and certain operating expenses for the year ended December 31, 2014 relate to the operations of Avenues at Cypress and Avenues at Northpointe (collectively referred to as the "Properties"), both located in Houston, Texas, that are to be acquired from Villas Fairfield Partners, LLC and Northpointe Investors, LLC (collectively referred to as "Property Owners"), both of which are unaffiliated entities. The combined statement of revenue and certain operating expenses includes the combined operations of the Avenues at Cypress and Avenues at Northpointe. All intercompany accounts and transactions have been eliminated. The accompanying combined statement of revenue and certain operating expenses has been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended. Accordingly, the combined statement of revenue and certain operating expenses is not representative of the actual operations for the year presented as revenue and certain operating expenses, which may not be directly attributable to the revenue and expenses expected to be incurred in the future operations of the Companies, have been excluded. Such items include depreciation, amortization, incentive management fees, interest expense, and interest income.

Note 2 - Summary of significant accounting policies

Basis of accounting

The combined statement of revenue and certain operating expenses has been prepared using the accrual method of accounting on the basis of presentation described in Note 1. As such, revenue is recorded when earned and expenses are recognized when incurred.

Use of estimates

The preparation of the combined statement of revenue and certain operating expenses in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenue and certain operating expenses during the reporting period. Actual results could differ from those estimates.

Impairment of long-lived assets

Management of the Properties reviews their rental properties for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. When recovery is reviewed, if the undiscounted cash flows estimated to be generated by each property is less than its carrying amount, management compares the carrying amount of the property to its fair value in order to determine whether an impairment loss has occurred. The amount of the impairment loss is equal to the excess of the asset's carrying value over its estimated fair value. No impairment losses have been recognized during the year ended December 31, 2014.

Rental income

Rental income is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between the Properties and its tenants are considered operating leases and generally range for a period of 12 months or less.

Advertising costs

The Companies' policy is to expense advertising costs when incurred. Advertising costs for the year ended December 31, 2014 was \$28,103 and is included in miscellaneous operating expenses.

Tenants' accounts receivable and bad debt

Tenants' accounts receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the

F-3

Avenues at Cypress and Avenues at Northpointe

Notes to Combined Statement of Revenue and Certain Operating Expenses
Year Ended December 31, 2014

effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

Note 3 - Related party transactions

Property management fee

The Property Owners have entered into agreements with TX-Davis Development (the "Property Manager"), an affiliate of the Property Owners, in connection with the management of the rental operations of the Properties. The property management fees are based on 3% of monthly gross receipts, as defined in the property management agreements. During the year ended December 31, 2014, property management fees of \$116,194 were charged to operations.

Note 4 - Subsequent events

Events that occur after December 31, 2014 but before the combined financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at December 31, 2014 are recognized in the accompanying combined financial statements. Subsequent events which provide evidence about conditions that existed after December 31, 2014 require disclosure in the accompanying notes. Management evaluated the activity of the Properties through March 24, 2015 (the date the combined financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the combined financial statements or disclosure in the notes to combined statement of revenue and certain operating expenses.

Preferred Apartment Communities, Inc.
Notes to Unaudited Pro Forma Consolidated Financial Statements

1. Basis of Presentation

Preferred Apartment Communities, Inc., or the Company, was formed as a Maryland corporation on September 18, 2009, and has elected to be taxed as a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended (the "Code") effective with its tax year ended December 31, 2011. The Company was formed primarily to acquire and operate multifamily properties in select targeted markets throughout the United States. As part of its business strategy, the Company may enter into forward purchase contracts or purchase options for to-be-built multifamily communities and may make mezzanine loans, provide deposit arrangements, or provide performance assurances, as may be necessary or appropriate, in connection with the development of multifamily communities and other properties. As a secondary strategy, the Company also may acquire or originate senior mortgage loans, subordinate loans or mezzanine debt secured by interests in multifamily properties, membership or partnership interests in multifamily properties and other multifamily related assets and invest not more than 20% of its assets in other real estate related investments such as grocery-anchored necessity retail properties, as determined by its manager as appropriate for the Company. The Company is externally managed and advised by Preferred Apartment Advisors, LLC, or its Manager, a Delaware limited liability company and related party.

On February 13, 2015, the Company acquired two multifamily communities in Houston, Texas for approximately \$76.0 million: Avenues at Cypress, which is comprised of 240 units and Avenues at Northpointe, with 280 units, referred to collectively as the Acquired Properties. The attached Pro Forma Consolidated Balance Sheet and Pro Forma Consolidated Statement of Operations include four columns. The first column labeled "PAC REIT Historical" represents the actual financial position and results of operations of the Company as of and for the year ended December 31, 2014. The second column, entitled "Acquired Properties" on the Pro Forma Consolidated Balance Sheet represents the pro forma adjustments required in order to reflect the balance sheet impact of the addition of the Acquired Properties and the associated debt financing. The second column, entitled "Acquired Properties" on the Pro Forma Consolidated Statement of Operations represents the actual revenues and expenses of the two properties for the year ended December 31, 2014. The "Other" column on the Pro Forma Consolidated Balance Sheet represents the pro forma adjustments required to reflect the issuance of Series A Preferred Stock sufficient to complete the acquisition and on the Pro Forma Consolidated Statement of Operations represents the pro forma adjustments required to reflect expense adjustments to reflect the depreciation on the properties, amortization of the debt financing and lease intangible costs, additional management fees that would have been due pursuant to the Fourth Amended and Restated Management Agreement, or Management Agreement, and the accrual of dividends on the additional shares of Series A Preferred Stock.

2. Adjustments to Unaudited Pro Forma Consolidated Balance Sheet

(A) To reflect the purchase price allocation of the Acquired Properties:

Land	\$7,162,226	
Building and improvements	54,082,384	
Furniture, fixtures & equipment	13,078,872	
In-place leases	1,571,828	
Restricted cash and security deposits	362,332	
Prepays and other assets	84,140	
Security deposit liabilities	(99,181)
Accounts payable and accrued expenses	(212,601)
Net assets acquired	\$76,030,000	

On February 13, 2015, the Company closed the purchase transactions of the Acquired Properties. For the purpose of these pro forma financial statements, the Company is assumed to have purchased the Acquired Properties with a combination of mortgage debt financing, proceeds from its \$32 million term loan from Key Bank, or Term Loan, and proceeds from the issuance of Series A Preferred Stock. The costs of the acquired tangible and intangible assets are allocated based on estimates of their fair value. The fair value of the buildings is estimated on an as-if-vacant basis,

F-8

Preferred Apartment Communities, Inc.

Notes to Unaudited Pro Forma Consolidated Financial Statements (continued)

based on relevant information obtained in connection with the acquisition of these properties and is to be depreciated on a straight-line basis over its estimated remaining useful life of 40 years. The estimated fair value of acquired in-place leases are the costs the Company would have incurred to lease the property to the occupancy level of the property at the date of acquisition. The acquired furniture, fixtures & equipment are to be depreciated on a straight-line basis over their estimated remaining useful lives. For five-year life assets totaling approximately \$4.7 million, the remaining useful life is estimated to be four years. For ten-year life assets totaling approximately \$8.4 million, the remaining useful life is estimated to be nine years.

The allocation of purchase price is based on the Company's best estimates and is subject to change based on the final determination of the fair value of assets acquired.

(B) Effective with the closing of the Acquired Properties, the Company leveraged the two multifamily communities with one seven year mortgage of \$22.9 million bearing interest at a fixed rate of 3.43% per annum and one seven and one-half year mortgage of approximately \$27.9 million bearing interest at a fixed rate of 3.16% per annum. Additionally, the Company drew \$32 million on its Term Loan, and immediately made an \$8.0 million payment of principal and accrued interest on its revolving line of credit with Key Bank. In conjunction with securing the new financing, the Company incurred an aggregate of \$1.4 million in loan acquisition costs, which are to be amortized over the lives of the mortgages using the effective interest method. The pro forma adjustment to cash was calculated as follows:

Term Loan, after paydown on revolving line of credit	\$24,000,000	
Net proceeds from debt financing on Acquired Properties	50,778,000	
Less:		
Purchase price of Acquired Properties	(76,030,000)
Property acquisition costs	(760,300)
Deferred loan costs	(1,429,209)
	\$ (3,441,509)

(C) This adjustment is to reflect the issuance of 3,830 shares of Series A Preferred Stock and the cash proceeds to the Company, which are assumed to have been necessary to provide sufficient cash to close on the Acquired Properties.

(D) The adjustment to accumulated deficit is to reflect the acquisition fee due to the Manager of 1% of the purchase price of the Acquired Properties. This adjustment is not reflected in the Unaudited Pro Forma Consolidated Statement of Operations as the effect of the transaction is nonrecurring.

3. Adjustments to Unaudited Pro Forma Consolidated Statement of Operations

The adjustments to the Pro Forma Consolidated Statement of Operations for the year ended December 31, 2014 are as follows:

(AA) Effective with the purchase of the Acquired Properties by the Company, the property management fee will increase to 4% of monthly gross rental income, as stipulated in the Management Agreement. The pro forma adjustment reflects this additional cost burden on the properties' operations.

(BB) Reflected in the pro forma adjustment is the Company's estimate of the depreciation charges that would have been incurred by the properties assuming the purchase had occurred effective January 1, 2014. The pro forma adjustment assumes a straight-line depreciation method using a 40 year estimated useful life for buildings, five to ten years for acquired building improvements and furniture fixtures and equipment, and approximately six months based upon the average remaining lease term for acquired leases in place.

(CC) The Company had recorded due diligence costs related to the Acquired Properties during the year ended December 31, 2014 of \$26,005. These costs are removed for pro forma purposes.

Notes to Unaudited Pro Forma Consolidated Financial Statements (continued)

(DD) The estimated asset management fee is based on 0.5% of the total value of the Company's assets based on their adjusted cost before reduction for depreciation, amortization, impairment charges and cumulative acquisition costs charged to expense in accordance with GAAP (adjusted cost will include the purchase price, acquisition expenses, capital expenditures and other customarily capitalized costs). In calculating the pro forma asset management fee adjustment, the Company added management fees calculated on the acquired gross assets, as adjusted, plus the pro forma acquisition costs and deferred loan costs incurred on the Acquired Properties.

(EE) Reflected in the pro forma adjustment is the Company's estimate of interest expense incurred on the debt financings used to close the Acquired Properties, based upon the mortgage terms noted above, and the actual variable rate on the Term Loan of 4.1875% which was in effect on the actual date of acquisition. The estimated annual interest expense of \$3,032,610 include amortization expense of loan origination costs of \$263,259. If the variable interest rate on the Term Loan were to vary upward or downward by 1/8% from 4.1875%, pro forma interest expense would increase or decrease by approximately \$41,000.

(FF) Reflected in the pro forma adjustment is the allocation of net loss to the non-controlling interest in the Company's Operating Partnership. The weighted-average non-controlling interest was approximately 0.92% for the year ended December 31, 2014.

(GG) Reflected in the pro forma adjustment is the dividend obligation of \$5.00 per share per month on the incremental shares of Series A Preferred Stock assumed to have been issued on January 1, 2014.

(HH) Calculation of pro forma net loss per share of Common Stock:
