(A Development Stage Company)

Notes to Financial Statements

Unaudited

1. NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Lot 78, Inc., formerly known as Bold Energy Inc. (the "Company") was incorporated in the State of Nevada as a for-profit Company on June 27, 2008, and established a fiscal year end of July 31. It is a development-stage Company that intends to develop a wide range loyalty program based on "Global Club points" awarded for all purchases made in associated establishments. These points will be exchangeable for products, trips or discounts. The Company is currently in the development stage as defined under FASB ASC 915-10, "Development Stage Entities." All activities of the Company to date relate to its organization, initial funding, and share issuances.

On November 10, 2009, a change in control occurred when the Company received a resignation notice from Orlando J. Narita from all of his positions with the Company, including President, CEO, Principal Executive Officer, Treasurer, CFO, Principal Accounting Officer, Secretary, and Director.

On November 30, 2009, the Company appointed Eden Clark as its new President, CEO, Principal Executive Officer, Treasurer, CFO, Principal Accounting Officer, Secretary, Treasurer and as Director.

2.

GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The Company has an accumulated deficit since inception to January 31, 2013, of \$12,551,351 which raises substantial doubt about the company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it become profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company through debt and/or equity financing from

management and significant shareholders.

3. **RELATED PARTY TRANSACTIONS**

As of January 31, 2013, the Company received advances from a Director in the amount of \$69,537, to pay for general operating expenses. The amounts due to the related party are unsecured and non-interest bearing with no set terms of repayment.

On November 26, 2009, the former director forgave a loan in the amount of \$4,788, which was owed to him from the Company.

4. **LOANS**

As of January 31, 2013, the Company received loans in the amount \$41,820 to pay for general operating expenses. The amounts due are unsecured and not-interest bearing with no set terms of repayment.

5. **SUBSEQUENT EVENTS**

On February 4, 2013, the Company closed a voluntary share exchange transaction with Anio, Ltd., a limited liability company established under the laws of the United Kingdom, which conducts its primary line of business under the name Lot78, Inc. ("Lot78"), pursuant to a Share Exchange Agreement (the "Exchange Agreement") by and among the Company and its controlling stockholders, on the one hand, and Lot78 and the stockholders of Lot78 (the "Selling Stockholders"), on the other hand.

5. SUBSEQUENT EVENTS (CONT.)

At the closing of the transactions contemplated by the Exchange Agreement (the "Closing"), the Company issued 30,954,388 new shares of its common stock to the Selling Stockholders in exchange for 100% of the currently issued and outstanding capital stock of Lot78 and Eden Clark and Patrick DeBlois irrevocably cancelled a total of 30,954,388 restricted shares of common stock of the Company. As a result of the Share Exchange Agreement, Lot78 became the Company's wholly-owned subsidiary, and the Company acquired the business and operations of Lot78.

Pursuant to the closing of the Share Exchange Agreement, Eden Clark resigned as the President, Chief Executive Officer, Chief Financial Officer, Secretary, Treasurer and sole member of the Board of Directors of the Company. Concurrently, Oliver Amhurst was appointed as the Company's President, Chief Executive Officer, Chief Financial Officer, Secretary, Treasurer and sole member of the Board of Directors.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION OR PLAN OF OPERATION

FORWARD-LOOKING STATEMENTS

This Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) contains forward-looking statements that involve known and unknown risks, significant uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed, or implied, by those forward-looking statements. You can identify forward-looking statements by the use of the words may, will, should, could, expects, plans, anticipates, believes, estimates, predicts, intends, potential, proposed, or continue or the negative of those terms. These statements are only predictions. In evaluating these statements, you should consider various factors which may cause our actual results to differ materially from any forward-looking statements. Although we believe that the exceptions reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Therefore, actual results may differ materially and adversely from those expressed in any forward-looking statements. We undertake no obligation to revise or update publicly any forward-looking statements for any reason.

Overview

The Company was incorporated in the State of Nevada as a for-profit company on June 27, 2008. We are developing a loyalty program based on "Global Club points" awarded for all purchases made in associated establishments. The points will be exchangeable for products, trips or discounts. We intend to be partners with all kinds of retailers, so the cardholders will be able to collect points on their everyday expenses, such as in grocery shops, gas stations, restaurants, electronic stores, travel agencies, etc.

Plan of Operation

The Company has not yet generated any revenue from its operations. As of January 31, 2013, we had \$5,483 of cash on hand. We incurred operating expenses in the amount of \$38,466 during the quarter ended January 31, 2013. These operating expenses were comprised of general and administrative expenses, professional fees, and directors' and consulting fees.

Our current cash holdings will not satisfy our liquidity requirements and we will require additional financing to pursue our planned business activities. We are in the process of seeking equity financing to fund our operations over the next 12 months.

If we cannot generate sufficient revenues to continue operations, we will suspend or cease our operations.

We do not currently have any employees and management does not plan to hire employees at this time. We do not expect the purchase or sale of any significant equipment and have no current material commitments.

Management believes that if subsequent private placements are successful, we will generate sales revenue within the following twelve months thereof. However, additional equity financing may not be available to us on acceptable terms or at all, and thus we could fail to satisfy our future cash requirements.

Results of Operations for the Six Months Ended January 31, 2013 and 2012

Lack of Revenues

We are a development stage company with limited operations. We have not generated any revenues. As of January 31, 2013, we had total assets of \$6,166 and total liabilities of \$147,729. Since our inception to January 31, 2013, we have accumulated a deficit of \$12,551,351. We anticipate that we will incur substantial losses and our ability to generate any revenues in the next 12 months remains uncertain.

Expenses

We have accumulated total expenses of \$4,106,846 since our inception on June 27, 2008, to January 31, 2013 including \$79,584 in general and administrative expenses, \$3,912,500 in director and consulting fees, and \$114,762 in professional fees (including accounting, auditing and legal fees).

Our total expenses increased from \$9,249 for the three months ended January 31, 2012 to \$38,466 for the three months ended January 31, 2013, for a total difference of \$29,018. For the three months ended January 31, 2013, total expenses were comprised of \$3,288 in general and administrative expenses and \$34,979 in professional fees.

Net Loss

Since our inception on June 27, 2008, to January 31, 2013, we have incurred a net loss of \$11,828,845. For the three months ended January 31, 2013, our net loss increased from \$9,311 for the three months ended January 31, 2012 to \$38,267 for the three months ended January 31, 2013, for a total difference of \$28,956. This can be attributed to an increase in general and administrative expenses and professional fees during the three months ended January 31, 2013.

Inflation

The amounts presented in the financial statements do not provide for the effect of inflation on our operations or financial position. The net operating losses shown would be greater than reported if the effects of inflation were reflected either by charging operations with amounts that represent replacement costs or by using other inflation adjustments.

Going Concern

We have not attained profitable operations and are dependent upon obtaining financing to pursue any extensive acquisitions and activities. For those reasons, our auditors stated in their report on our audited financial statements for the year ended July 31, 2012 that they have substantial doubt that we will be able to continue as a going concern without further financing.

Future Financings

We will continue to rely on equity sales of our Common Shares in order to continue to fund our business operations. Issuances of additional shares will result in dilution to existing shareholders. There is no assurance that we will

achieve any additional sales of the equity securities or arrange for debt or other financing to fund our operations and other activities.

Off-Balance Sheet Arrangements

As of January 31, 2013, we had no off balance sheet transactions that have had, or are reasonably likely to have, a current or future effect on our financial condition, changes in our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Critical Accounting Policies

Our financial statements and accompanying notes have been prepared in accordance with United States generally accepted accounting principles applied on a consistent basis. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

We regularly evaluate the accounting policies and estimates that we use to prepare for financial statements. A complete summary of these policies is included in the notes to our financial statements. In general management's estimates are based on historical experience, on information from third party professionals, and on various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management.

Recently issued accounting pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide information under this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934 (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our sole officer, as appropriate to allow timely decisions regarding required disclosure. We carried out an evaluation, under the supervision and with the participation of our sole officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of January 31, 2013. Based on the evaluation of these disclosure controls and procedures, our sole officer concluded that our disclosure controls and procedures are ineffective.

Changes in internal controls

There were no changes in our internal control over financial reporting, as defined in Rule 13a-15(f) promulgated under the Exchange Act, during the quarter ended January 31, 2013, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Management is not aware of any other legal proceedings that have been threatened against us.
