EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (this “Amendment No. 1”) amends our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the “Original Filing”), filed with the U.S. Securities and Exchange Commission (the “SEC”) on March 8, 2019 (the “Original Filing Date”). The sole purpose of this Amendment No. 1 is to include the information required by Items 10 through 14 of Part III of Form 10-K. This information was previously omitted from the Original Filing in reliance on General Instruction G(3) to Form 10-K, which permits the information in the above referenced items to be incorporated in the Form 10-K by reference from our definitive proxy statement if such statement is filed no later than 120 days after our fiscal year-end. We are filing this Amendment No. 1 to include Part III information in our Form 10-K because we will not file a definitive proxy statement containing such information within 120 days after the end of the fiscal year covered by the Original Filing. The reference on the cover of the Original Filing to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Filing is hereby deleted.

In accordance with Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), Part III, Items 10 through 14 and Part IV, Item 15 of the Original Filing are hereby amended and restated in their entirety. This Amendment No. 1 does not amend, modify, or otherwise update any other information in the Original Filing. Accordingly, this Amendment No. 1 should be read in conjunction with the Original Filing. In addition, this Amendment No. 1 does not reflect events that may have occurred subsequent to the Original Filing Date.

Pursuant to Rule 12b-15 under the Exchange Act, this Amendment No. 1 also contains new certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, which are attached hereto. Because no financial statements are included in this Amendment No. 1 and this Amendment No. 1 does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted.

The independent directors of the Board of Directors met in executive session during 2018. Mr. Hennessy presides at the meetings of the independent directors of the Board.

Audit Committee

We have a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the NASDAQ Listing Standards. In addition, a written charter for the audit committee has been adopted, as discussed below.

The audit committee currently consists of Messrs. Bonner, Shepko and Sinclair, each of whom has been determined to be independent for the purposes of audit committee service. The charter also provides that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by NASDAQ and the SEC.

For 2018, the compensation committee engaged the compensation consulting firm Aon Hewitt ("Aon plc") as its independent outside compensation consultant. All executive compensation services provided by Aon plc were conducted under the direction or authority of the compensation committee. Neither Aon plc nor any of its affiliates maintains any other direct or indirect business relationships with the Company. As requested by the compensation committee, in 2018, Aon plc's services to the compensation committee consisted of compensation consulting services which included general involvement and support in compensation related matters, including assessment of the Company's long-term incentive compensation program, as well as reports and market trends and regulatory and other technical developments that may affect our executive compensation programs.

Our Chief Executive Officer plays an important advisory role in the compensation-setting process of the other executive officers, including our named executive officers ("NEOs"). Our Chief Executive Officer evaluates the performance of the other executive officers and makes recommendations to the compensation committee concerning performance objectives and salary and bonus levels for the other executive officers, including the NEOs. In general, in identifying and evaluating nominees for director, the Board of Directors considers educational background; diversity, including diversity of professional experience; knowledge of our business; integrity; professional reputation; independence; wisdom; and the ability to represent the best interests of our stockholders.

Audit Committee Report

Our audit committee has reviewed and discussed our audited financial statements with management, as well as management's assessment of the effectiveness of our Company's internal controls over financial reporting, and has discussed with our independent registered public accounting firm their evaluation of our Company's internal control over financial reporting as well as the matters required to be discussed by the applicable rules and standards promulgated by the Public Company Accounting Oversight Board (the "PCAOB"). Additionally, our audit committee has received the written disclosures and the letter from our independent registered public accounting firm, as required by the applicable requirements of the PCAOB, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. Based upon such review and discussions, our audit committee recommended to the Board that the audited financial statements be included in this Annual Report on Form 10-K, as filed with the SEC for the year ended December 31, 2018.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors recognizes that the leadership structure and combination or separation of the Chief Executive Officer and Chairman roles is driven by the needs of the Company at any point in time. As a result, no policy exists requiring combination or separation of leadership roles and our governing documents do not mandate a particular structure. This has allowed our Board of Directors the flexibility to establish the most appropriate structure for the Company at any given time.

Currently, our Chief Executive Officer is also our Chairman. The Board believes that, at this time, having a combined Chief Executive Officer and Chairman is the appropriate leadership structure for our company. In making this determination, the Board considered, among other matters, Mr. Daseke's experience in leading businesses, and believes that his experience and knowledge allow him to serve as both Chairman and Chief Executive Officer. In addition, the Board believes that such structure promotes clearer leadership and direction for the Company and allows for a single, focused chain of command to execute our strategic initiatives and business plans.

The Board, directed by the Audit Committee, is actively involved in overseeing our risk management processes. The Board focuses on our general risk management strategy and ensures that appropriate risk mitigation strategies are implemented by management. Further, operational and strategic presentations by management to the Board include consideration of the challenges and risks of our businesses, and the Board and management actively engage in discussion on these topics. In addition, each of the Board's committees considers risk within its area of responsibility.

Compensation Committee Interlocks and Insider Participation

None of our executive officers currently serves, nor served in the past year or at any time during 2018, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires our officers, directors and persons who beneficially own more than ten percent of our common stock to file reports of ownership and changes in ownership with the SEC. These reporting persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of such forms, we believe that during the year ended December 31, 2018 there were no delinquent filers, except that Mr. Sinclair filed a Form 4 on May 10, 2018 that was required to be filed by March 8, 2018 and a Form 4 on December 7, 2018 that was required to be filed by December 6, 2018.

Communication with Directors

The Board of Directors recommends that stockholders initiate communications with the Board, the Chairman, or any Board committee by writing to the Company's General Counsel. This process assists the Board in reviewing and responding to stockholder communications. The Board has instructed the General Counsel to review correspondence directed to the Board and, at the General Counsel's discretion, to forward items that he deems to be appropriate for the Board's consideration.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines to further its goal of providing effective governance of our business and affairs for the long-term benefit of our stockholders. A copy of the Corporate Governance Guidelines is available free of charge on the Investors section of our website at <http://www.daseke.com>. The Corporate Governance and Nominating Committee is responsible for periodically reviewing the Corporate Governance Guidelines and recommending changes as appropriate to ensure the effective functioning of our Board and corporate governance.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about our rationale and policies with regard to the compensation of the executive officers who are our “Named Executive Officers” or “NEOs” for 2018 and is intended to provide investors with the material information necessary for understanding our compensation policies and decisions regarding our Named Executive Officers as well as providing context for the tabular disclosure provided in the executive compensation tables below. Our Named Executive Officers are our principal executive officer, anyone who served as our principal financial officer and our other executive officers other than our principal executive officer and those who served as our principal financial officer.

For 2018, our NEOs were:

Name	Principal Position
Don R. Daseke	Chief Executive Officer
Bharat Mahajan	Chief Financial Officer (1)
R. Scott Wheeler	President and Former Chief Financial Officer (2)
Angie Moss	Chief Accounting Officer

-
- (1) Mr. Mahajan was appointed to be our Chief Financial Officer effective as of September 6, 2018.
 (2) In addition to serving as our President, Mr. Wheeler also served as our Chief Financial Officer until September 6, 2018.

Compensation Overview

Our executive compensation program is designed to attract and retain individuals with the background and skills necessary to successfully execute our strategy in a demanding environment, to motivate those individuals to reach

near-term and long-term goals in a way that aligns their interest with that of our stockholders, and to reward success in reaching such goals. We use three primary elements of compensation to fulfill that design—base salary, cash bonus, and long-term equity incentive awards. Cash bonuses and equity incentives (as opposed to base salary) represent the performance-driven elements of our compensation program. They are also flexible in application and can be tailored to meet our objectives. The determination of each individuals' cash bonuses reflects our belief as to the NEOs' relative contribution to achieving or exceeding annual goals, and the determination of specific individuals' long-term incentive awards, which for 2018 were time-based stock option awards, is based on their expected long-term contributions.

Table of Contents

We provide a basic benefits package generally to all employees, including our NEOs, which includes a company-sponsored 401(k) plan and health, disability and life insurance.

Elements of 2018 Compensation

We strive to recruit individuals who will support the Company's mission and values. To accomplish this overarching goal, the Company's executive compensation philosophy aims to properly motivate management with an easy-to-comprehend compensation package that seeks to provide the NEOs with base salaries, annual cash bonuses, and long-term equity-based compensation awards. Our NEOs also receive certain retirement, health, welfare, and additional benefits as described below.

Compensation Elements	Characteristics	Primary Objective
Base salary	Fixed annual cash compensation. Salaries may be increased from time to time by the Compensation Committee based on our NEOs' responsibilities and performance.	Recognize performance of job responsibilities and attract and retain talented employees.
Cash bonuses	Performance-based annual cash incentive (paid pursuant to the NEOs' employment agreements except as otherwise noted below).	Encourage focus on near-term performance goals and reward achievement of those goals.
Long-term equity incentives	Equity-based compensation awards. For 2018 long-term equity incentive awards consisted of stock options that are subject to a 5-year vesting period. The exercise price of the options is equal to or greater than the fair market value of a share of common stock on the date of grant.	Emphasize our long-term growth, encourage shareholder value creation, retain talented employees, and align executive interests with stockholder interests.
Retirement savings 401(k) plan	Qualified 401(k) retirement plan benefits are available for our NEOs and all other full-time employees.	Provide an opportunity for tax-efficient savings.
Health and welfare benefits	Health and welfare benefits are available to our NEOs and other full-time employees.	Provide benefits to meet the health and welfare needs of our employees and their families.

We have listed below some of the more significant best practices that we have adopted and the practices we have avoided, which we believe promote responsible pay and governance principles and alignment with stockholder interests.

What We Do

Utilize an independent compensation consultant

Perform an annual compensation risk assessment

Utilize a balanced approach to compensation, which combines fixed and variable, short-term and long-term, and cash and equity

Maintain a competitive compensation package designed to attract, motivate and retain and reward experienced and talented executive officers

What We Do Not Do

Provide excessive severance agreements to executives

Allow directors or officers to pledge and/or hedge Company stock

Provide excessive perquisites to our executives

Utilize compensation practices that involve excessive or unnecessary risk-taking

Allow directors or officers to engage in speculative trading of Company stock

Process for Determining Executive Compensation

The compensation committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Company. The compensation committee uses several different tools and resources in reviewing elements of executive compensation and making compensation decisions, including our compensation consultant noted below. These decisions, however, are not purely formulaic and the compensation committee exercises judgment and discretion as appropriate, as described further below. The compensation committee considers input from our CEO in making determinations regarding our executive compensation program and the individual compensation of each executive officer, other than our CEO. Our CEO and management also provide information to the compensation committee regarding the performance of the Company for the determination of annual bonuses. The compensation committee makes the final determination of NEO compensation. Our CEO makes no recommendations regarding, and does not participate in discussions about, his own compensation.

The compensation committee retained a compensation consultant to assist the committee in assessing and determining executive compensation for 2018. The compensation committee retained Aon plc to assist the committee in assessing and determining executive compensation for 2018. Aon plc provided detailed information regarding peer comparisons for NEO compensation, market comparisons for NEO compensation, and compensation bands (25th percentile, 50th percentile, and 75th percentile) for NEO compensation. The compensation committee took into

account the information provided by Aon plc to determine executive compensation for 2018.

On an annual basis, the compensation committee reviews and discusses compensation data for our CEO and our other NEOs as compared to compensation data for similarly situated executive officers at peer companies selected by the compensation committee. The compensation committee selects peer companies that are similar in size (as measured by revenues and EBITDA) and have similar lines of business to the Company (i.e., transportation and logistics companies) and/or have experienced significant growth over multiple years (i.e., high-growth industrial companies). The Committee believes the comparator group is appropriate because it reflects the company's market for executive talent and customers, is aligned with the company's scope of operations and complexity, and is consistent with the company's high-growth trajectory. The peer group changes from time to time as a result of fluctuations in company size, changes in the business lines of our peers, acquisitions, developments in the transportation and logistics and high-growth industrial industries, and other factors.

Table of Contents

The peer group used by the Board in benchmarking 2018 compensation decisions consisted of the following companies: Werner Enterprises, Inc., Roadrunner Transportation Systems, Inc., Atlas Air Worldwide Holdings, Inc., Echo Global Logistics, Inc., Saia, Inc., Universal Logistics Holdings, Inc., Knight-Swift Transportation Holdings Inc., Forward Air Corporation, Air Transport Services Group, Inc., Marten Transport, Ltd., Covenant Transportation Group, Inc., Heartland Express, Inc., Spirit Airlines, Inc., The Middleby Corporation, The Greenbrier Companies, Inc., Aerojet Rocketdyne Holdings, Inc., NCI Building Systems, Inc., Heico Corporation, Allegiant Travel Company, Patrick Industries, Inc., Apogee Enterprises, Inc., Argon, Inc., NN, Inc., Lydall, Inc., Astronics Corporation, and Trex Company, Inc.

2018 Compensation Decisions

The Board, based on the applicable NEO's employment agreement, has approved the following bonus applicable in 2018 (i) Don R. Daseke will receive an annual cash bonus of \$75,000; (ii) Bharat Mahajan will receive an annual cash bonus of \$131,250, (iii) R. Scott Wheeler will receive an annual cash bonus of \$175,000; and (iv) Angie Moss will receive an annual cash bonus of \$75,000. The Compensation Committee and the Board took into account the Company's performance and the performance of each NEO in the determination their bonus.

Executive Compensation

Agreements with our Executive Officers

The Company has entered into employment agreements with each of Don R. Daseke, Bharat Mahajan, R. Scott Wheeler and Angie J. Moss. These four individuals are our NEOs for 2018. The Company only presents four NEOs because we did not have any other executive officers in 2018. The Company will present five NEOs for 2019. The employment agreements provide for compensatory payments and benefits upon certain termination events, including termination events following a change of control. In addition, the employment agreements provide for limited termination and change of control protections in connection with certain awards granted pursuant to our 2017 Omnibus Incentive Plan (the "Plan"). These provisions allow our NEOs to more objectively manage the Company and serve as a recruiting and retention tool. We do not have any arrangements that provide for payments to executives solely upon the occurrence of a change of control (i.e., single-trigger arrangements). Pursuant to their employment agreements, the NEOs are subject to certain post-termination restrictions, including confidentiality, non-competition, and non-solicitation obligations.

For a description of the terms of the employment agreements with each of our NEOs, please see the section below entitled "Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table." For a more complete description of our obligations under the employment agreements in the event of a termination of employment or change of control, please see the section below entitled "Potential Payments Upon Termination or Change in Control."

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

We have entered into employment agreements with each of our NEOs. The employment agreements of Mr. Daseke and Mr. Wheeler each had an initial five-year term, but were amended effective as of August 30, 2018 to provide for a term ending on June 30, 2023. The employment agreements of Mr. Mahajan and Ms. Moss have initial five-year and three-year terms, respectively. The employment agreements provide that these terms will be automatically extended for successive one-year periods unless either party provides written notice of termination at least 60 days prior to the

date the then-current employment term would otherwise end. The employment agreements provide for annual salaries of at least \$550,000, \$400,000, \$450,000, and \$300,000 for each of Mr. Daseke, Mr. Mahajan, Mr. Wheeler and Ms. Moss, respectively, and target annual cash bonus opportunities of at least \$150,000, \$225,000, \$350,000 and \$150,000, respectively, with the ability to be greater than or less than the target amount based upon the attainment of performance goals and milestones determined by the compensation committee. The NEOs are able to participate in the same incentive compensation and benefit plans in which other senior executives of the Company are eligible to participate.

Pursuant to the terms of each employment agreement, each NEO is entitled to severance payments in certain limited circumstances. Severance benefits to be provided under the employment agreements are described in more detail below in the section titled “Potential Payments Upon Termination or Change in Control.”

Each of the employment agreements between each NEO and the Company contains a “clawback” provision that enables the Company to recoup any amounts paid to an executive as an annual bonus or incentive compensation under his

Table of Contents

or her employment agreement if so required by applicable law, any applicable securities exchange listing standards or any clawback policy adopted by the Company. If amounts payable to such executive under his or her employment agreement or otherwise exceed the amount allowed under Section 280G of the Code for such executive (thereby subjecting the executive to an excise tax), then such payments due to the executive officer under the employment agreement will either (i) be reduced (but not below zero) so that the aggregate present value of the payments and benefits received by the executive is \$1.00 less than the amount which would otherwise cause the executive to incur an excise tax under Section 4999 of the Code or (ii) be paid in full, whichever produces the better net after-tax position to the executive.

Outstanding Equity Awards At Fiscal Year-End Table

The following table reflects information regarding outstanding equity-based awards held by our NEOs as of December 31, 2018.

(1) The option awards for Messrs. Daseke and Wheeler and Ms. Moss reported in these columns are subject to time-based vesting conditions, pursuant to which 20% of the options become exercisable on each of the first five anniversaries of the date of grant (February 27, 2017). The option awards for Mr. Mahajan reported in these columns will become exercisable in 20% increments on each of the first five anniversaries of the date of grant (October 1, 2018). The treatment of these awards upon certain termination and change in control events is described under “Potential Payments Upon a Termination or Change in Control” below.

Potential Payments Upon Termination or Change in Control

Employment Agreements

As described above in the section entitled “Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table,” we have entered into employment agreements with each of our NEOs. The following summarizes the impact of certain termination events or the occurrence of a “change of control” on each NEO’s entitlement to severance and other benefits under these employment agreements.

If the employment of Messrs. Daseke, Mahajan and Wheeler or Ms. Moss is terminated by the Company for cause or by the executive without good reason, such executive will be entitled to receive (i) all accrued salary through the date of termination and (ii) any post-employment benefits due under the terms and conditions of the Company’s benefits plans. The executive will not be entitled to any additional amounts or benefits as the result of a termination of employment for cause or by the executive without good reason.

During the initial three years of employment under the employment agreements of Messrs. Daseke, Mahajan and Wheeler, the executive may only be terminated by the Company for cause. If the employment of Messrs. Daseke,

Mahajan and Wheeler or Ms. Moss is terminated by the Company without cause (after the three year anniversary of the effective date of the agreement for Messrs. Daseke, Mahajan and Wheeler) or by the executive for good reason (including a voluntary resignation following notice from the Company of non-renewal), such executive will be entitled to receive (i) an amount equal to one and one-half times (two times for Mr. Mahajan and one times for Ms. Moss) his or her base salary in effect immediately prior to the date of termination of his or her employment, (ii) an amount equal to one and one-half times (two times for Mr. Mahajan and one times for Ms. Moss) his or her target annual bonus (or actual bonus for Mr. Mahajan) for the year preceding the year in which termination occurs, (iii) accelerated vesting of (A) outstanding unvested time-based equity which would have otherwise become vested in the calendar year of the executive's termination had the executive's employment under the employment agreement continued through the end of such calendar year and (B) unless otherwise provided in an applicable award agreement, the service condition relating to outstanding unvested performance-

based equity pro-rated for the applicable performance period during which the executive would have been employed had the executive's employment under the employment agreement continued through the end of the calendar year of the executive's termination (but the vesting of such performance-based awards shall remain subject to the applicable performance conditions) and (iv) reimbursements equal to the difference between monthly amounts owed by the executive to continue coverage for the executive and his or her eligible dependents under the Company's group health plans pursuant to the Consolidated Omnibus Reconciliation Act of 1985, as amended ("COBRA"), and the contribution amount owed by similarly situated employees for the same or similar healthcare coverage, if the executive timely and properly elects COBRA coverage and until the earlier of the date such executive is no longer eligible for COBRA coverage, receives such coverage under another employer's group health plan or 18 months (12 months for Mr. Mahajan and Ms. Moss) following the date of termination ("COBRA Payments"). Payments made to the executive under this paragraph will be made in installments over a period of 18 months (24 months for Mr. Mahajan and 12 months for Ms. Moss), subject to the earlier payment of certain of such installments as provided in the employment agreements to ensure such payments are not considered nonqualified deferred compensation under certain provisions of the Internal Revenue Code of 1986, as amended (the "Code"). Additionally, for Mr. Mahajan, the employment agreement provides for a supplemental severance payment if his employment is terminated without cause or for good reason prior to the date on which Mr. Mahajan obtains permanent resident status in the United States. The supplemental severance payment will be equal to the taxable gain, if any, incurred by him in connection with the sale of his residence in the Dallas-Ft. Worth metropolitan area multiplied by the highest marginal United States individual federal income tax rate in effect as of such date; provided, however, that the maximum amount of the supplemental severance payment will be \$75,000.

If the employment of Messrs. Daseke, Mahajan and Wheeler or Ms. Moss is terminated by the Company due to the executive's death or disability, such executive will be entitled to receive (i) all accrued salary through the date of termination, (ii) an amount equal to the executive's pro-rated target annual bonus, (iii) accelerated equity award vesting (under the same terms described above for termination without cause or for good reason), (iv) COBRA Payments, and (v) any post-employment benefits due under the terms and conditions of the Company's benefit plans. The executive will not be entitled to any additional amounts or benefits as the result of a termination of employment due to death or disability.

Messrs. Daseke, Mahajan and Wheeler's and Ms. Moss's eligibility and entitlement, if any, to each severance payment and any other payment and benefit described above is subject to the execution and non-revocation of a customary release of claims agreement by such executive. Each such executive is also subject to general confidentiality obligations in his or her employment agreement as well as non-compete and non-solicitation restrictions for a period of 18 months (24 months for Mr. Mahajan and 12 months for Ms. Moss).

Under the employment agreements, "good reason" generally means the occurrence of any of the following, without the applicable employee's consent: (i) relocation of the geographic location of an executive's principal place of employment by more than 50 miles; (ii) a material diminution in the executive's position, responsibilities or duties or the assignment of the executive to a position, responsibilities or duties of a materially lesser status or degree of responsibility than his or her position, responsibilities or duties; (iii) any material breach by the Company of any provision of the executive's employment agreement; or (iv) non-renewal by the Company of the then-existing initial term or renewal term of the executive's employment agreement; provided, however, that for Mr. Mahajan, a material diminution in duties and non-renewal by the Company of a renewal term of his employment agreement will not constitute "good reason."

Under the employment agreements, "cause" generally means (i) the commission by the executive of fraud, breach of fiduciary duty, theft, or embezzlement against the Company, its subsidiaries, affiliates or customers; (ii) the executive's willful refusal without proper legal cause to faithfully and diligently perform his or her duties; (iii) the breach of the confidentiality, non-competition, non-solicitation and intellectual property provisions in the executive's employment

agreement or the material breach of any other written agreement between the executive and one or more members of affiliated entities including the Company and its direct and indirect subsidiaries; (iv) the executive's conviction of, or plea of guilty or nolo contendere to, a felony (or state law equivalent) or any crime involving moral turpitude; (v) willful misconduct or gross negligence by the executive in the performance of duties to the Company that has or could reasonably be expected to have a material adverse effect on the Company; or (vi) the executive's material breach and violation of the Company's written policies pertaining to sexual harassment, discrimination or insider trading; provided, however, that for Mr. Mahajan, "cause" also means his failure to establish a residence in the Dallas-Ft. Worth metropolitan area prior to August 15, 2019.

Stock Options

Pursuant to the terms of the Plan, the Amended and Management Stock Ownership Program and the award agreements underlying the awards held by our NEOs, upon a “change in control,” all unvested options will become exercisable as of the date of the change in control unless a replacement award is granted by the resulting entity.

Under the Plan, “change in control” generally means the occurrence of any of the following events: (i) acquisition of beneficial ownership of more than 50% of the combined voting power of securities entitled to vote in the election of members of the Board, (ii) individuals who serve as members of the Board as of the effective date of the Plan (or members of the Board whose election or nomination to the Board was approved by a vote of the current directors of the Board) ceasing to constitute the majority of the Board, (iii) consummation of a reorganization, merger or consolidation or sale of all or substantially all of the assets of the Company unless (A) the Company’s pre-transaction stockholders hold at least 50% of the voting power of the resulting entity, (B) no person owns more than 50% of the common stock of the resulting entity and (C) at least a majority of the board of directors of the resulting entity is composed of members of the Company’s pre-transaction Board, or (iv) approval by the Company’s stockholders of a complete liquidation or dissolution of the Company.

The foregoing description is not intended to be a comprehensive summary of the employment agreements and is qualified in its entirety by reference to such agreements, which are on file with, or will subsequently be filed with, the SEC. The following table sets forth the payments and benefits that would be received by each NEO in the event a termination of employment or a change in control of the Company had occurred on December 31, 2018, over and above any payments or benefits he otherwise would already have been entitled to or vested in on such date under any employment contract or other plan of the Company.

Process for Determining Non-Employee Director Compensation

The compensation committee conducts an annual review of director compensation and benefits, including cash, equity-based awards and other compensation. In determining non-employee director compensation, the Board will consider whether a director's independence may be jeopardized if: (i) director compensation and perquisites exceed market levels for similarly-situated companies, (ii) the Company makes substantial charitable contributions to organizations with which a director is affiliated, (iii) the Company enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated, and/or (iv) the director has some other business relationship with the Company or its executives that might compromise their independence.

In determining non-employee director compensation, the compensation committee seeks advice from the independent compensation consultants who are retained by the Board to, among other functions, analyze compensation and develop initial recommendations as to the amount and form of compensation to be paid to the Company's non-employee directors, including pay mix. After the Board's review of this information with the compensation consultant, the compensation committee recommended that the Board approve the 2018 compensation package, and the Board approved the compensation package for 2018.

Item 13. Certain Relationships and Related Transactions and Director Independence

In May 2015, Hennessy Capital Partners II LLC (“Hennessy LLC”) purchased 5,031,250 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.005 per share. The number of founder shares issued was determined based on the expectation that such founder shares would represent 20.0% of the outstanding shares upon completion of the initial public offering of Hennessy Capital. In May 2015, Hennessy LLC transferred 50,000 founder shares to each of Messrs. Bell, Sullivan, Burns and Shea, the former independent directors, 35,000 to Mr. Petruska, the former Executive Vice President, Chief Financial Officer and Secretary, 200,000 to Mr. Charlton, the former President and Chief Operating Officer, and a current director of the Company, and 5,000 to Charles B. Lowrey II, an advisor to the Company. The 5,031,250 shares held by the Company’s initial stockholders prior to the exercise of the over-allotment option included 656,250 shares subject to forfeiture to the extent that the underwriters’ over-allotment option was not exercised in full. Since the underwriters did not exercise the over-allotment option in full, Hennessy LLC forfeited 41,273 of its founder shares, which were canceled by the Company.

Hennessy LLC purchased 15,080,756 private placement warrants for a purchase price of \$0.50 per warrant, or \$7,540,378 in the aggregate, in private placement transactions that occurred simultaneously with the closing of the initial public offering and the closing of the over-allotment option for the initial public offering. Each private placement warrant entitles the holder to purchase one-half of one share of the common stock at \$5.75 per share. Warrants may be exercised only for a whole number of shares of common stock. The private placement warrants (including the common stock issuable upon exercise of the private placement warrants) could not, subject to certain limited exceptions, be transferred, assigned or sold by it until 30 days after the completion of the merger transaction.

In connection with the merger transaction, Hennessy Capital entered into a registration rights agreement with respect to the founder shares and private placement warrants. The holders of these securities are entitled to make up to three demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders have “piggy-back” registration rights to include such securities in other registration statements filed by us and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. The Company bears the costs and expenses of filing any such registration statements.

Upon consummation of the merger transaction, the following persons received the following number of shares of the Company’s common stock:

Name	Number of Shares
Don R. Daseke	1,308,795
Barbara Daseke	28,841
The Walden Group, Inc.(1)	13,757,629
Brian J. Bonner	43,261
Gafford Investments, Ltd.	57,682
Daseke Trucking Preferred, LP	865,224
Lenox Hill Capital, LLC	34,609
R. Scott Wheeler	136,273
Angie J. Moss	27,255

(1) The Walden Group, Inc., an entity of which Mr. Daseke is the President and majority stockholder. Mr. Daseke disclaims beneficial ownership of the shares held of record by Ms. Daseke and The Walden Group, Inc. except to the extent of his pecuniary interest therein.

On February 27, 2017, the Company entered into an amended and restated registration rights agreement with certain stockholders, including Don R. Daseke, The Walden Group, Inc., Brian J. Bonner, Gafford Investments, Ltd., Daseke

Trucking Preferred, LP, Lenox Hill Capital, LLC, and R. Scott Wheeler.

On February 14, 2018, the Company and a certain stockholder, Kevin Charlton, entered into an underwriting agreement with Cowen and Company, LLC and Stifel, Nicolaus & Company, Incorporated as representatives of the several underwriters named therein, in connection with an underwritten public offering of the Company's common stock. The selling stockholder received approximately \$0.8 million of net proceeds from this offering, before expenses. We received approximately \$84.6 million of net proceeds from this offering, before expenses.

The Company has entered into indemnification agreements with each of its directors and executive officers.

Our audit committee must review and approve any related person transaction we propose to enter into in which the amount involved exceeds \$120,000. The audit committee charter details the policies and procedures relating to transactions that may present actual, potential or perceived conflicts of interest and may raise questions as to whether such transactions are consistent with the best interest of the Company and its stockholders. A summary of such policies and procedures is set forth below.

Any potential related party transaction that is brought to the audit committee's attention will be analyzed by the audit committee, in consultation with outside counsel or members of management, as appropriate, to determine whether the transaction or relationship does, in fact, constitute a related party transaction. At its meetings, the audit committee will be provided with the details of each new, existing or proposed related party transaction, including the terms of the transaction, the business purpose of the transaction and the benefits to us and to the relevant related party.

In determining whether to approve a related party transaction, the audit committee must consider, among other factors, the following factors to the extent relevant:

- whether the terms of the transaction are fair to us and on the same basis as would apply if the transaction did not involve a related party;
- whether there are business reasons for us to enter into the transaction;
- whether the transaction would impair the independence of an outside director;
- whether the transaction would present an improper conflict of interest for any director or executive officer taking into account the size of the transaction, the overall financial position of the director, executive officer or related party, the direct or indirect nature of the director's, executive officer's or related party's interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit Committee deems relevant; and
- any pre-existing contractual obligations.

Any member of the audit committee who has an interest in the transaction under discussion must abstain from voting on the approval of the transaction, but may, if so requested by the chairman of the audit committee, participate in some or all of the audit committee's discussions of the transaction. Upon completion of its review of the transaction, the audit committee may determine to permit or to prohibit the transaction.
