Form 10-Q
May 10, 2016
UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934.

For the quarterly period ended March 31, 2016

OR

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934.

For the transition period from _____ to _____.

Commission file number 001-33099

BlackRock, Inc.

(Exact name of registrant as specified in its charter)

Delaware 32-0174431
(State or Other Jurisdiction of (I.R.S. Employer Identification No.)

Incorporation or Organization)

55 East 52nd Street, New York, NY 10055

(Address of Principal Executive Offices)

(Zip Code)

(212) 810-5300

(Registrant's Telephone Number, Including Area Code)

Edgar Filing: BlackRock Inc. - Form 10-Q

(Former Name, Former Address and Former Fiscal Year, if Changed Since Last Report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes X No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes X No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or, a smaller reporting company. See the definitions of “large accelerated filer”, “accelerated filer” and “smaller reporting company” in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer	X	Accelerated filer	Non-accelerated filer
Smaller reporting company			(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No X

As of April 30, 2016, there were 163,366,741 shares of the registrant’s common stock outstanding.

BlackRock, Inc.

BlackRock, Inc.

Notes to the Condensed Consolidated Financial Statements

(unaudited)

1. Business Overview

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, “BlackRock” or the “Company”) is a leading publicly traded investment management firm providing a broad range of investment and risk management services to institutional and retail clients worldwide.

BlackRock’s diverse platform of active (alpha) and index (beta) investment strategies across asset classes enables the Company to tailor investment outcomes and asset allocation solutions for clients. Product offerings include single- and multi-asset class portfolios investing in equities, fixed income, alternatives and money market instruments. Products are offered directly and through intermediaries in a variety of vehicles, including open-end and closed-end mutual funds, iShares® exchange-traded funds (“ETFs”), separate accounts, collective investment funds and other pooled investment vehicles. BlackRock also offers the BlackRock Solutions® investment and risk management technology platform, Aladdin®, risk analytics and advisory services and solutions to a broad base of institutional investors.

At March 31, 2016, The PNC Financial Services Group, Inc. (“PNC”) held 21.1% of the Company’s voting common stock and 21.8% of the Company’s capital stock, which includes outstanding common and nonvoting preferred stock.

2. Significant Accounting Policies

Basis of Presentation. These condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and include the accounts of the Company and its controlled subsidiaries. Noncontrolling interests on the condensed consolidated statements of financial condition represents the portion of consolidated sponsored investment funds in which the Company does not have direct equity ownership. Accounts and transactions between consolidated entities have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ from those estimates.

Certain financial information that normally is included in annual financial statements, including certain financial statement footnotes, is not required for interim reporting purposes and has been condensed or omitted herein. These condensed consolidated financial statements should be read in conjunction with the Company’s consolidated financial statements and notes related thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, which was filed with the Securities and Exchange Commission (“SEC”) on February 26, 2016 (“2015 Form 10-K”).

The interim financial information at March 31, 2016 and for the three months ended March 31, 2016 and 2015 is unaudited. However, in the opinion of management, the interim information includes all normal recurring adjustments necessary for the fair presentation of the Company's results for the periods presented. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year.

During the second quarter of 2015, the Company adopted ASU 2015-02, Consolidation: Amendments to the Consolidation Analysis ("ASU 2015-02"). The interim financial information for the three months ended March 31, 2015 presented herein reflects the adoption of ASU 2015-02 effective January 1, 2015. See Note 2 to the consolidated financial statements, Significant Accounting Policies, in the 2015 Form 10-K for further information on ASU 2015-02.

Certain items previously reported have been reclassified to conform to the current year presentation.

Fair Value Measurements.

Hierarchy of Fair Value Inputs. The Company uses a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs:

Quoted prices (unadjusted) in active markets for identical assets or liabilities at the reporting date.

Level 1 assets may include listed mutual funds, ETFs, listed equities and certain exchange-traded derivatives.

Level 2 Inputs:

Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; quotes from pricing services or brokers for which the Company can determine that orderly transactions took place at the quoted price or that the inputs used to arrive at the price are observable; and inputs other than quoted prices that are observable, such as models or other valuation methodologies.

Level 2 assets may include debt securities, bank loans, short-term floating-rate notes, asset-backed securities, securities held within consolidated hedge funds, restricted public securities valued at a discount, as well as over-the-counter derivatives, including interest and inflation rate swaps and foreign currency exchange contracts that have inputs to the valuations that generally can be corroborated by observable market data.

Level 3 Inputs:

Unobservable inputs for the valuation of the asset or liability, which may include nonbinding broker quotes. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation.

Level 3 assets may include direct private equity investments held within consolidated funds and investments in collateralized loan obligations (“CLOs”).

Level 3 liabilities include contingent liabilities related to acquisitions valued based upon discounted cash flow analysis using unobservable market data.

Significance of Inputs. The Company’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument.

Valuation Techniques. The fair values of certain Level 3 assets and liabilities were determined using various methodologies as appropriate, including third-party pricing vendors, broker quotes and market and income approaches. Such quotes and modeled prices are evaluated for reasonableness through various procedures, including due diligence reviews of third-party pricing vendors, variance analyses, consideration of the current market environment and other analytical procedures.

A significant number of inputs used to value equity, debt securities and bank loans is sourced from third-party pricing vendors. Generally, prices obtained from pricing vendors are categorized as Level 1 inputs for identical securities traded in active markets and as Level 2 for other similar securities if the vendor uses observable inputs in determining the price. Annually, BlackRock’s internal valuation committee or other designated groups review both the valuation methodologies, including the general assumptions and methods used to value various asset classes, and operational processes with these vendors. On a quarterly basis, meetings are held with key vendors to identify any significant changes to the vendors’ processes.

In addition, quotes obtained from brokers generally are nonbinding and categorized as Level 3 inputs. However, if the Company is able to determine that market participants have transacted for the asset in an orderly manner near the quoted price or if the Company can determine that the inputs used by the broker are observable, the quote is classified as a Level 2 input.

Investments Measured at Net Asset Values. As a practical expedient, the Company uses NAV as the fair value for certain investments. The inputs to value these investments may include BlackRock capital accounts for its partnership interests in various alternative investments, including distressed credit hedge funds, opportunistic funds, real assets and private equity funds, which may be adjusted by using the returns of certain market indices. The various partnerships generally are investment companies, which record their underlying investments at fair value based on fair value policies established by management of the underlying fund. Fair value policies at the underlying fund generally require the fund to utilize pricing/valuation information from third-party sources, including independent appraisals. However, in some instances, current valuation information for illiquid securities or securities in markets that are not active may not be available from any third-party source or fund management may conclude that the valuations that are available from third-party sources are not reliable. In these instances, fund management may perform model-based analytical valuations that may be used as an input to value these investments.

Derivative Instruments and Hedging Activities. The Company does not use derivative financial instruments for trading or speculative purposes. The Company uses derivative financial instruments primarily for purposes of hedging exposures to fluctuations in foreign currency exchange rates of certain assets and liabilities, and market exposures for certain seed investments. The Company may also use derivatives within its separate account assets, which are segregated for purposes of funding individual and group pension contracts. In addition, certain consolidated sponsored investment funds may also invest in derivatives as a part of their investment strategy.

Changes in the fair value of the Company's derivative financial instruments are recognized in earnings and, where applicable, are offset by the corresponding gain or loss on the related foreign-denominated assets or liabilities or hedged investments, on the condensed consolidated statements of income.

The Company may also use financial instruments designated as net investment hedges for accounting purposes to hedge net investments in international subsidiaries whose functional currency is different from the reporting currency of the parent company. The gain or loss from revaluing accounting hedges of net investments in foreign operations at the spot rate is deferred and reported within accumulated other comprehensive income on the condensed consolidated statements of financial condition. The Company reassesses the effectiveness of its net investment hedge on a quarterly basis.

Money Market Fee Waivers. The Company is currently voluntarily waiving a portion of its management fees on certain money market funds to ensure that they maintain a minimum level of daily net investment income (the "Yield Support waivers"). During the three months ended March 31, 2016 and 2015, these waivers resulted in a reduction of management fees of approximately \$12 million and \$43 million, respectively. Approximately 83% and 42%, respectively, of Yield Support waivers were offset by a reduction of BlackRock's distribution and servicing costs paid to a financial intermediary. BlackRock has provided Yield Support waivers in prior periods and may increase or decrease the level of fee waivers in future periods.

Separate Account Assets and Liabilities. Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The life insurance company does not underwrite any insurance contracts that involve any insurance risk transfer from the insured to the life insurance company. The separate account assets primarily include equity securities, debt securities, money market funds and derivatives. The separate account assets are not subject to general claims of the creditors of BlackRock. These separate account assets and the related equal and offsetting liabilities are recorded as separate account assets and separate account liabilities on the condensed consolidated statements of financial condition.

The net investment income attributable to separate account assets supporting individual and group pension contracts accrues directly to the contract owner and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these separate account assets and liabilities, BlackRock earns policy administration and management fees associated with these products, which are included in investment advisory,

administration fees and securities lending revenue on the condensed consolidated statements of income.

9

Separate Account Collateral Assets Held and Liabilities Under Securities Lending Agreements. The Company facilitates securities lending arrangements whereby securities held by separate accounts maintained by BlackRock Life Limited are lent to third parties under global master securities lending agreements. In exchange, the Company receives legal title to the collateral with minimum values generally ranging from approximately 102% to 112% of the value of the securities lent in order to reduce counterparty risk. The required collateral value is calculated on a daily basis. The global master securities lending agreements provide the Company the right to request additional collateral or, in the event of borrower default, the right to liquidate collateral. The securities lending transactions entered into by the Company are accompanied by an agreement that entitles the Company to request the borrower to return the securities at any time; therefore, these transactions are not reported as sales.

The Company records on the condensed consolidated statements of financial condition the cash and noncash collateral received under these BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting collateral liability for the obligation to return the collateral. During the three months ended March 31, 2016 and 2015, the Company had not resold or repledged any of the collateral received under these arrangements. At March 31, 2016 and December 31, 2015, the fair value of loaned securities held by separate accounts was approximately \$28.4 billion and \$28.8 billion, respectively, and the fair value of the collateral held under these securities lending agreements was approximately \$30.4 billion and \$31.3 billion, respectively.

Recent Accounting Pronouncements Adopted in the Three Months Ended March 31, 2016

Accounting for Measurement-Period Adjustments. In September 2015, the Financial Accounting Standards Board (“FASB”) issued ASU 2015-16, Simplifying the Accounting for Measurement-Period Adjustments (“ASU 2015-16”). Under ASU 2015-16, an acquirer must recognize, upon determination, adjustments to the original amounts recorded for a business acquisition that are identified during the one-year period following the acquisition date. Previously, prior period information was required to be restated. The Company adopted ASU 2015-16 prospectively on January 1, 2016 and will apply the ASU to any adjustments related to business acquisitions.

Transition to Equity Method Accounting. In March 2016, the FASB issued ASU 2016-07, Simplifying the Transition to the Equity Method of Accounting (“ASU 2016-07”). ASU 2016-07 eliminates the requirement to apply the equity method of accounting retrospectively to an investment that subsequently qualifies for such accounting as a result of obtaining significant influence. The Company adopted ASU 2016-07 prospectively on January 1, 2016.

Recent Accounting Pronouncements Not Yet Adopted

Revenue from Contracts with Customers. In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (“ASU 2014-09”). ASU 2014-09 outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The Company is currently evaluating the impact of adopting ASU 2014-09, which is effective for the Company on January 1, 2018.

Recognition and Measurement of Financial Instruments. In January 2016, the FASB issued ASU 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities (“ASU 2016-01”). ASU 2016-01 amends guidance on the classification and measurement of financial instruments, including significant revisions in accounting related to the classification and measurement of investments in equity securities and presentation of certain fair value changes for financial liabilities when the fair value option is elected. ASU 2016-01 also amends certain disclosure requirements associated with the fair value of financial instruments. The Company is currently evaluating the impact of adopting ASU 2016-01, which is effective for the Company on January 1, 2018.

Leases. In February 2016, the FASB issued ASU 2016-02, Leases (“ASU 2016-02”). ASU 2016-02 requires lessees to recognize assets and liabilities arising from most operating leases on the statement of financial position. The Company is currently evaluating the impact of adopting ASU 2016-02, which is effective for the Company on January 1, 2019.

Principal-Versus-Agent Guidance. In March 2016, the FASB issued ASU 2016-08, Principal Versus Agent Considerations (Reporting Revenue Gross Versus Net) (“ASU 2016-08”). ASU 2016-08 amends the principal-versus-agent implementation guidance in ASU 2014-09, which will impact whether an entity reports revenue on a gross or net basis. The Company is currently evaluating the impact of adopting ASU 2016-08, which is effective for the Company in conjunction with the adoption of ASU 2014-09.

Accounting for Share-Based Payments. In March 2016, the FASB issued ASU 2016-09, Improvements to Employee Share-Based Payment Accounting (“ASU 2016-09”). ASU 2016-09 simplifies accounting for employee share-based

payment transactions, including the accounting for income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the statement of cash flows. The Company is currently evaluating the impact of adopting ASU 2016-09, which is effective for the Company on January 1, 2017.

Identifying Performance Obligations and Licensing. In April 2016, the FASB issued ASU 2016-10, Identifying Performance Obligations and Licensing (“ASU 2016-10”). ASU 2016-10 clarifies aspects of ASU 2014-09 pertaining to the identification of performance obligations and the licensing implementation guidance, while retaining the related principles for those areas. The Company is currently evaluating the impact of adopting ASU 2016-10, which is effective for the Company in conjunction with the adoption of ASU 2014-09.

Narrow-Scope Improvements and Practical Expedients. In May 2016, the FASB issued ASU 2016-12, Narrow-Scope Improvements and Practical Expedients (“ASU 2016-12”). ASU 2016-12 clarifies aspects of ASU 2014-09, including clarification of noncash consideration, and provides a practical expedient for reflecting contract modifications at transition. The Company is currently evaluating the impact of adopting ASU 2016-12, which is effective for the Company in conjunction with the adoption of ASU 2014-09.

3. Investments

A summary of the carrying value of total investments is as follows:

	March 31,	December 31,
(in millions)	2016	2015
Available-for-sale investments	\$77	\$ 44
Held-to-maturity investments	33	108
Trading investments:		
Consolidated sponsored investment funds	636	700
Other equity and debt securities	30	20
Deferred compensation plan mutual funds	56	65
Total trading investments	722	785
Other investments:		
Equity method investments	545	513
Deferred compensation plan equity method		
investments	14	14
Cost method investments ⁽¹⁾	95	95
Carried interest	18	19
Total other investments	672	641
Total investments	\$1,504	\$ 1,578

⁽¹⁾ Amounts primarily include Federal Reserve Bank (“FRB”) Stock.

Available-for-Sale Investments

A summary of the cost and carrying value of investments classified as available-for-sale investments is as follows:

(in millions)				
	Cost	Gross Unrealized Gains	Losses	Carrying Value
March 31, 2016	\$80	\$ 1	\$ (4)	\$ 77
December 31, 2015	\$45	\$ 2	\$ (3)	\$ 44

At March 31, 2016 and December 31, 2015 available-for-sale investments included investments in CLOs and seed investments in BlackRock sponsored mutual funds.

Held-to-Maturity Investments

The carrying value of held-to-maturity investments was \$33 million and \$108 million at March 31, 2016 and December 31, 2015, respectively. Held-to-maturity investments included foreign government debt held primarily for regulatory purposes and investments in CLOs. The amortized cost (carrying value) of these investments approximated

fair value. At March 31, 2016, \$12 million of these investments mature after five years through ten years and \$21 million mature after ten years.

Trading Investments

A summary of the cost and carrying value of trading investments is as follows:

(in millions)	March 31,		December 31,	
	2016		2015	
	Carrying		Carrying	
	Cost	Value	Cost	Value
Trading investments:				
Deferred compensation plan mutual funds	\$41	\$ 56	\$48	\$ 65
Equity securities/multi-asset mutual funds	353	330	294	279
Debt securities/fixed income mutual funds:				
Corporate debt	149	146	194	190
Government debt	140	145	202	202
Asset/mortgage backed debt	47	45	49	49
Total trading investments	\$730	\$ 722	\$787	\$ 785

At March 31, 2016, trading investments included \$331 million of debt securities and \$305 million of equity securities held by consolidated sponsored investment funds accounted for as voting rights entities (“VREs”), \$56 million of certain deferred compensation plan mutual fund investments and \$30 million of other equity and debt securities.

At December 31, 2015, trading investments included \$437 million of debt securities and \$263 million of equity securities held by consolidated sponsored investment funds accounted for as VREs, \$65 million of certain deferred compensation plan mutual fund investments and \$20 million of other equity and debt securities.

Other Investments

A summary of the carrying value of other investments is as follows:

(in millions)	March	December
	31,	31,
	2016	2015
Other investments:		
Equity method investments	\$ 545	\$ 513
Deferred compensation plan equity method		
investments	14	14
Cost method investments:		
Federal Reserve Bank stock	93	93
Other	2	2

Edgar Filing: BlackRock Inc. - Form 10-Q

Total cost method investments	95	95
Carried interest ⁽¹⁾	18	19
Total other investments	\$ 672	\$ 641

⁽¹⁾ Carried interest of VREs.

Equity method investments primarily include BlackRock's direct investments in certain BlackRock sponsored investment funds.

In addition, the Company accounts for its interest in PennyMac Financial Services, Inc. ("PennyMac") as an equity method investment. At March 31, 2016 and December 31, 2015 the Company's investment in PennyMac was excluded from the balances in the table above and included in other assets on the condensed consolidated statements of financial condition. The carrying value and fair value of the Company's interest (approximately 20% or 16 million shares and units) was approximately \$223 million and \$181 million, respectively, at March 31, 2016 and approximately \$222 million and \$239 million, respectively, at December 31, 2015. The fair value of the Company's interest reflected the PennyMac stock price at March 31, 2016 and December 31, 2015, respectively (a Level 1 input). The Company performed an other-than-temporary impairment analysis as of March 31, 2016 and determined the decline in fair value below the carrying value was temporary.

Cost method investments include nonmarketable securities, primarily FRB stock, which is held for regulatory purposes and is restricted from sale. At March 31, 2016 and December 31, 2015, there were no indicators of impairment on these investments.

Carried interest represents allocations to BlackRock's general partner capital accounts from certain funds. These balances are subject to change upon cash distributions, additional allocations or reallocations back to limited partners within the respective funds.

4. Consolidated Voting Rights Entities

The Company consolidates certain sponsored investment funds accounted for as VREs because it is deemed to control such funds. The investments owned by these consolidated VREs are classified as trading investments. The following table presents the balances related to these consolidated VREs that were recorded on the condensed consolidated statements of financial condition, including BlackRock's net interest in these funds:

	March 31,	December 31,
(in millions)	2016	2015
Cash and cash equivalents	\$84	\$ 100
Trading investments	636	700
Other assets	23	18
Other liabilities	(68)	(77)
Noncontrolling interests	(131)	(125)
BlackRock's net interests in consolidated VREs	\$544	\$ 616

BlackRock's total exposure to consolidated VREs represents the value of its economic ownership interest in these sponsored investment funds. Valuation changes associated with investments held at fair value by these consolidated VREs are reflected in nonoperating income (expense) and partially offset in net income (loss) attributable to noncontrolling interests for the portion not attributable to BlackRock.

The Company cannot readily access cash and cash equivalents held by consolidated VREs to use in its operating activities.

5. Variable Interest Entities

In the normal course of business, the Company is the manager of various types of sponsored investment vehicles, which may be considered variable interest entities ("VIEs"). The Company may from time to time own equity or debt

securities or enter into derivatives with the vehicles, each of which are considered variable interests. The Company's involvement in financing the operations of the VIEs is generally limited to its investments in the entity. The Company consolidates entities when it is determined to be the primary beneficiary ("PB").

Consolidated VIEs. The Company's consolidated VIEs as of March 31, 2016 and December 31, 2015 include certain sponsored investment funds in which BlackRock has an investment and as the investment manager is deemed to have both the power to direct the most significant activities of the funds and the right to receive benefits (or the obligation to absorb losses) that could potentially be significant to these sponsored investment funds. The assets of these VIEs are not available to creditors of the Company. In addition, the investors in these VIEs have no recourse to the credit of the Company.

Edgar Filing: BlackRock Inc. - Form 10-Q

Consolidated VIE assets and liabilities are presented after intercompany eliminations at March 31, 2016 and December 31, 2015 in the following table:

	March 31,	December 31,
(in millions)	2016	2015
Assets of consolidated VIEs:		
Cash and cash equivalents	\$ 103	\$ 148
Investments	1,256	1,030
Other assets	85	67
Total investments and other assets	1,341	1,097
Liabilities of consolidated VIEs	(187)	(177)
Noncontrolling interests of consolidated VIEs	(461)	(416)
BlackRock's net interests in consolidated VIEs	\$ 796	\$ 652

The Company recorded a \$2 million and a \$4 million nonoperating net gain during the three months ended March 31, 2016 and 2015, respectively, related to consolidated VIEs. The net loss attributable to noncontrolling interest related to consolidated VIEs for the three months ended March 31, 2016 was \$6 million. There was no net income attributable to noncontrolling interest related to consolidated VIEs during the three months ended March 31, 2015.

Non-consolidated VIEs. At March 31, 2016 and December 31, 2015, the Company's carrying value of assets and liabilities included on the condensed consolidated statements of financial condition pertaining to nonconsolidated VIEs and its maximum risk of loss related to VIEs for which it held a variable interest, but for which it was not the PB, was as follows:

		Advisory	Other Net	
(in millions)		Fee	Assets	Maximum
At March 31, 2016	Investments	Receivables	(Liabilities)	Risk of Loss ⁽¹⁾
Sponsored investment products	\$ 88	\$ 7	\$ (6)	\$ 112
At December 31, 2015				
Sponsored investment products	\$ 64	\$ 3	\$ (7)	\$ 84

⁽¹⁾At both March 31, 2016 and December 31, 2015, BlackRock's maximum risk of loss associated with these VIEs primarily related to collecting advisory fee receivables and BlackRock's investments.

The net assets of sponsored investment products that are nonconsolidated VIEs approximated \$3 billion at both March 31, 2016 and December 31, 2015.

6. Fair Value Disclosures

Fair Value Hierarchy

Assets and liabilities measured at fair value on a recurring basis and other assets not held at fair value

(1) Amounts are comprised of certain investments measured at fair value using NAV (or its equivalent) as a practical expedient. These investments have not been classified in the fair value hierarchy.

(2) Amounts are comprised of investments held at cost or amortized cost, carried interest and certain equity method investments, which include sponsored investment funds and other assets, which are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and liabilities under fair value measures; therefore, the Company's investment in such equity method investees may not represent fair value.

(3) Level 3 amounts primarily include direct investments in private equity companies held by private equity funds.

(4) Amounts include a derivative (see Note 7, Derivatives and Hedging, for more information) and recorded contingent liabilities related to certain acquisitions (see Note 11, Commitments and Contingencies, for more information).

- (1) Amounts are comprised of certain investments measured at fair value using NAV (or its equivalent) as a practical expedient. These investments have not been classified in the fair value hierarchy.
- (2) Amounts are comprised of investments held at cost or amortized cost, carried interest and certain equity method investments, which include sponsored investment funds and other assets, which are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and liabilities under fair value measures; therefore, the Company's investment in such equity method investees may not represent fair value.
- (3) Level 3 amounts include direct investments in private equity companies held by private equity funds.
- (4) Amounts include a derivative (see Note 7, Derivatives and Hedging, for more information) and contingent liabilities related to certain acquisitions (see Note 11, Commitments and Contingencies, for more information).

Level 3 Assets. Level 3 investments of consolidated VIEs of \$192 million and \$196 million at March 31, 2016 and December 31, 2015, respectively, related to direct investments in private equity companies held by consolidated private equity funds. Direct investments in private equity companies may be valued using the market approach or the income approach, or a combination thereof, and were valued based on an assessment of each underlying investment, incorporating evaluation of additional significant third-party financing, changes in valuations of comparable peer companies, the business environment of the companies, market indices, assumptions relating to appropriate risk adjustments for nonperformance and legal restrictions on disposition, among other factors. The fair value derived from the methods used is evaluated and weighted, as appropriate, considering the reasonableness of the range of values indicated. Under the market approach, fair value may be determined by reference to multiples of market-comparable companies or transactions, including earnings before interest, taxes, depreciation and amortization (“EBITDA”) multiples. Under the income approach, fair value may be determined by discounting the expected cash flows to a single present value amount using current expectations about those future amounts. Unobservable inputs used in a discounted cash flow model may include projections of operating performance generally covering a five-year period and a terminal value of the private equity direct investment. For investments utilizing the discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, risk premium or discount for lack of marketability in isolation could result in a significantly lower (higher) fair value measurement. For investments utilizing the market-comparable valuation technique, a significant increase (decrease) in the EBITDA multiple in isolation could result in a significantly higher (lower) fair value measurement.

Level 3 assets may include bank loans, investments in CLOs, and bonds valued based on single-broker nonbinding quotes and direct private equity investments valued using the market approach or the income approach as described above.

Level 3 Liabilities. Level 3 other liabilities primarily include recorded contingent liabilities related to certain acquisitions, which were valued based upon discounted cash flow analyses using unobservable market data inputs.

- (1) Earnings attributable to the change in unrealized gains (losses) relating to assets still held at the reporting date.
- (2) Amounts include investments in CLOs.
- (3) Other liabilities amount includes contingent liabilities in connection with certain acquisitions.

- (1) Amounts primarily included the consolidation (deconsolidation) of VIEs due to the adoption of ASU 2015-02, Consolidation: Amendments to the Consolidation Analysis, (“ASU 2015-02”). See Note 2, Significant Accounting Policies, in the 2015 10-K for further information on ASU 2015-02.
- (2) Other liabilities amount includes contingent liabilities related to certain acquisitions.
- (3) Earnings attributable to the change in unrealized gains (losses) relating to assets still held at the reporting date.

Realized and Unrealized Gains (Losses) for Level 3 Assets and Liabilities. Realized and unrealized gains (losses) recorded for Level 3 assets and liabilities are reported in nonoperating income (expense) on the condensed consolidated statements of income. A portion of net income (loss) for consolidated sponsored investment funds are allocated to noncontrolling interests to reflect net income (loss) not attributable to the Company.

Transfers in and/or out of Levels. Transfers in and/or out of levels are reflected when significant inputs, including market inputs or performance attributes, used for the fair value measurement become observable/unobservable, or when the carrying value of certain equity method investments no longer represents fair value as determined under valuation methodologies.

Disclosures of Fair Value for Financial Instruments Not Held at Fair Value. At March 31, 2016 and December 31, 2015, the fair value of the Company's financial instruments not held at fair value are categorized in the table below:

	March 31, 2016		December 31, 2015		Fair Value Hierarchy	
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value		
(in millions)						
Financial Assets:						
Cash and cash equivalents	\$4,981	\$ 4,981	\$6,083	\$ 6,083	Level 1	(1),(2)
Accounts receivable	2,526	2,526	2,237	2,237	Level 1	(3)
Cash and cash equivalents of consolidated VIEs	103	103	148	148	Level 1	(1),(2)
Financial Liabilities:						
Accounts payable and accrued liabilities	1,385	1,385	1,068	1,068	Level 1	(3)
Long-term borrowings	4,968	5,354	4,930	5,223	Level 2	(4)

(1) Cash and cash equivalents are carried at either cost or amortized cost, which approximates fair value due to their short-term maturities.

(2) At March 31, 2016 and December 31, 2015, approximately \$116 million and \$132 million, respectively, of money market funds were recorded within cash and cash equivalents on the condensed consolidated statements of financial condition. In addition, at March 31, 2016 and December 31, 2015, approximately \$12 million and \$68 million, respectively, of money market funds were recorded within cash and cash equivalents of consolidated VIEs. Money market funds are valued based on quoted market prices, or \$1.00 per share, which generally is the NAV of the fund.

(3) The carrying amounts of accounts receivable, accounts payable and accrued liabilities approximate fair value due to their short-term nature.

(4) Long-term borrowings are recorded at amortized cost net of debt issuance costs. The fair value of the long-term borrowings, including the current portion of long-term borrowings, is estimated using market prices at the end of March 2016 and December 2015, respectively. See Note 10, Borrowings, for the fair value of each of the Company's long-term borrowings.

Investments in Certain Entities that Calculate Net Asset Value Per Share.

As a practical expedient to value certain investments that do not have a readily determinable fair value and have attributes of an investment company, the Company uses NAV as the fair value. The following tables list information regarding all investments that use a fair value measurement to account for both their financial assets and financial liabilities in their calculation of a NAV per share (or equivalent).

March 31, 2016

N/R – not redeemable

- (1) Comprised of equity method investments, which include investments in investment companies, which account for their financial assets and most financial liabilities under fair value measures; therefore, the Company's investment in such equity method investees approximates fair value.
- (a) This category includes hedge funds and funds of hedge funds that invest primarily in equities, fixed income securities, distressed credit, opportunistic and mortgage instruments and other third-party hedge funds. The fair values of the investments have been estimated using the NAV of the Company's ownership interest in partners' capital. It was estimated that the investments in the funds that are not subject to redemption will be liquidated over a weighted-average period of approximately one year at both March 31, 2016 and December 31, 2015.
- (b) This category includes several private equity funds that initially invest in nonmarketable securities of private companies, which ultimately may become public in the future. The fair values of these investments have been estimated using capital accounts representing the Company's ownership interest in the funds as well as other performance inputs. The Company's investment in each fund is not subject to redemption and is normally returned through distributions as a result of the liquidation of the underlying assets of the private equity funds. It was estimated that the investments in these funds will be liquidated over a weighted-average period of approximately four years at both March 31, 2016 and December 31, 2015.

- (c) This category includes several real assets funds that invest directly in real estate, real estate related assets and infrastructure. The fair values of the investments have been estimated using capital accounts representing the Company's ownership interest in the funds. A majority of the Company's investments are not subject to redemption or are not currently redeemable and are normally returned through distributions as a result of the liquidation of the underlying assets of the funds. It is estimated that the investments in these funds not subject to redemptions will be liquidated over a weighted-average period of approximately six years at both March 31, 2016 and December 31, 2015, respectively.
- (d) This category primarily includes a multi-asset fund that is redeemable. The fair values of the investments have been estimated using capital accounts representing the Company's ownership interest in partners' capital.
- (e) This category includes the underlying third-party private equity funds within consolidated BlackRock sponsored private equity funds of funds. The fair values of the investments in the third-party funds have been estimated using capital accounts representing the Company's ownership interest in each fund in the portfolio as well as other performance inputs. These investments are not subject to redemption; however, for certain funds, the Company may sell or transfer its interest, which may need approval by the general partner of the underlying funds. Due to the nature of the investments in this category, the Company reduces its investment by distributions that are received through the realization of the underlying assets of the funds. It is estimated that the underlying assets of these funds will be liquidated over a weighted-average period of approximately five years at both March 31, 2016 and December 31, 2015. The total remaining unfunded commitments to other third-party funds were \$17 million at March 31, 2016 and \$19 million at December 31, 2015. The Company had contractual obligations to the consolidated funds of \$31 million at both March 31, 2016 and December 31, 2015.

7. Derivatives and Hedging

The Company maintains a program to enter into swaps to hedge against market price and interest rate exposures with respect to certain seed investments in sponsored investment products. At March 31, 2016, the Company had outstanding total return swaps and interest rate swaps with aggregate notional values of approximately \$419 million and \$46 million, respectively. At December 31, 2015, the Company had outstanding total return swaps and interest rate swaps with aggregate notional values of approximately \$360 million and \$46 million, respectively. Gains (losses) on total return swaps and interest rate swaps are recorded in nonoperating income (expense) and were not material to the condensed consolidated statements of income for the three months ended March 31, 2016 and 2015.

The Company has entered into a derivative providing credit protection to a counterparty of approximately \$17 million, representing the Company's maximum risk of loss with respect to the provision of credit protection. The Company carries the derivative at fair value based on the expected discounted future cash flows under the arrangement.

The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange movements. At March 31, 2016 and December 31, 2015, the Company had outstanding forward foreign currency exchange contracts with aggregate notional values of approximately \$111 million and \$169 million, respectively.

Gains (losses) on forward foreign currency exchange contracts are recorded in other general and administration expense and were not material to the condensed consolidated statements of income for the three months ended March 31, 2016 and 2015.

The Company consolidates certain sponsored investment funds, which may utilize derivative instruments as a part of the funds' investment strategies. The change in fair value of such derivatives, which is recorded in nonoperating income (expense) was not material for the three months ended March 31, 2016 and 2015.

The fair value of the outstanding derivatives mentioned above were not material to the condensed consolidated statements of financial condition at March 31, 2016 and December 31, 2015.

See Note 12, Borrowings, in the 2015 Form 10-K for more information on the Company's net investment hedge.

8. Goodwill

Goodwill activity during the three months ended March 31, 2016 was as follows:

(in millions)	
December 31, 2015	\$ 13,123
Goodwill adjustment related to Quellos ⁽¹⁾	(4)
March 31, 2016	\$ 13,119

(1) The decrease in goodwill during the three months ended March 31, 2016 primarily resulted from a decline related to tax benefits realized from tax-deductible goodwill in excess of book goodwill from the acquisition of the fund-of-funds business of Quellos Group, LLC in October 2007 (the "Quellos Transaction"). Goodwill related to the Quellos Transaction will continue to be reduced in future periods by the amount of tax benefits realized from tax-deductible goodwill in excess of book goodwill from the Quellos Transaction. The balance of the Quellos tax-deductible goodwill in excess of book goodwill was approximately \$223 million and \$231 million at March 31, 2016 and December 31, 2015, respectively.

9. Intangible Assets

The carrying amounts of identifiable intangible assets are summarized as follows:

	Indefinite-lived	Finite-lived	Total
(in millions)	intangible assets	intangible assets	intangible assets
December 31, 2015	\$ 17,108	\$ 264	\$ 17,372
Amortization expense	-	(25)	(25)
March 31, 2016	\$ 17,108	\$ 239	\$ 17,347

10. Borrowings

Short-Term Borrowings

2016 Revolving Credit Facility. The Company's credit facility has an aggregate commitment amount of \$4.0 billion and was further amended in April 2016 to extend the maturity date to March 2021 (the "2016 credit facility"). The 2016 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2016 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2016 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at March 31, 2016. The 2016 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At March 31, 2016, the Company had no amount outstanding under the 2016 credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2016 credit facility. At March 31, 2016, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

The carrying value and fair value of long-term borrowings estimated using market prices and foreign exchange rates at March 31, 2016 included the following:

(in millions)	Maturity Amount	Unamortized Discount	Carrying Value	Fair Value
---------------	-----------------	-------------------------	----------------	------------

Edgar Filing: BlackRock Inc. - Form 10-Q

and Debt

		Issuance Costs		
6.25% Notes due 2017	\$ 700	\$ (1) \$ 699	\$ 752
5.00% Notes due 2019	1,000	(3) 997	1,117
4.25% Notes due 2021	750	(5) 745	830
3.375% Notes due 2022	750	(6) 744	796
3.50% Notes due 2024	1,000	(8) 992	1,059
1.25% Notes due 2025	798	(7) 791	800
Total Long-term Borrowings	\$ 4,998	\$ (30) \$ 4,968	\$ 5,354

Long-term borrowings at December 31, 2015 had a carrying value of \$4.9 billion and a fair value of \$5.2 billion determined using market prices at the end of December 2015.

See Note 12, Borrowings, in the 2015 Form 10-K for more information regarding the Company's borrowings.

11. Commitments and Contingencies

Investment Commitments. At March 31, 2016, the Company had \$191 million of various capital commitments to fund sponsored investment funds, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. In addition to the capital commitments of \$191 million, the Company had approximately \$27 million of contingent commitments for certain funds which have investment periods that have expired. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Contingencies

Contingent Payments. The Company acts as the portfolio manager in a series of derivative transactions and has a maximum potential exposure of \$17 million between the Company and counterparty. See Note 7, Derivatives and Hedging, for further discussion.

Contingent Payments Related to Business Acquisitions. In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to the acquired businesses achieving specified performance targets over a certain period subsequent to the applicable acquisition date. The fair value of the remaining aggregate contingent payments at March 31, 2016 is not significant to the condensed consolidated statement of financial condition and is included in other liabilities.

Legal Proceedings. From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain purported investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the U.S. District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and BlackRock International Limited (collectively, the "Defendants") under the caption In re BlackRock Mutual Funds Advisory Fee Litigation. The Consolidated Complaint, which purports to be brought derivatively on behalf of the Funds, alleges that the Defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On February 24, 2015, the same plaintiffs filed another complaint in the same court against BlackRock Investment Management, LLC and BlackRock Advisors, LLC. The allegations and legal claims in both complaints are substantially similar, with the new complaint purporting to challenge fees received by Defendants after the plaintiffs filed their prior complaint. Both complaints seek, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by Defendants in the twelve month period preceding the start of each lawsuit, along with purported lost investment returns on those amounts, plus interest. On March 25, 2015, Defendants' motion to dismiss the Consolidated

Complaint was denied. The Defendants believe the claims in both lawsuits are without merit and intend to vigorously defend the actions.

Between November 12, 2015 and November 16, 2015, BlackRock, Inc., BlackRock Realty Advisors, Inc. (“BRA”) and the BlackRock Granite Property Fund, Inc. (“Granite Fund”), along with certain other Granite Fund-related entities (collectively, the “BlackRock Parties”) were named as defendants in thirteen separate lawsuits filed in the Superior Court of the State of California for the County of Alameda arising out of the June 16, 2015 collapse of a balcony at the Library Gardens apartment complex in Berkeley, California (the “Property”). The Property is indirectly owned by the Granite Fund, which is managed by BRA. The plaintiffs also named as defendants in the lawsuits Greystar, which is the property manager of the Property, and certain other entities, including the developer of the Property, building contractors and building materials suppliers. The plaintiffs allege, among other things, that the BlackRock Parties were negligent in their ownership, control and maintenance of the Property’s balcony, and seek monetary, including punitive, damages. Additionally, on March 16, 2016, three former tenants of the Library Gardens apartment unit that

experienced the balcony collapse sued the BlackRock Parties. The former tenants, who witnessed (but were not physically injured in) the accident make allegations virtually identical to those in the previously filed actions and claim that as a result of the collapse, they suffered unspecified emotional damage. Several defendants have also filed cross-complaints alleging a variety of claims, including claims against the BlackRock Parties for contribution, negligence, and declaratory relief. BlackRock believes the claims against it are without merit and intends to vigorously defend the actions.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Indemnifications. In the ordinary course of business or in connection with certain acquisition agreements, BlackRock enters into contracts pursuant to which it may agree to indemnify third parties in certain circumstances. The terms of these indemnities vary from contract to contract and the amount of indemnification liability, if any, cannot be determined or the likelihood of any liability is considered remote. Consequently, no liability has been recorded on the condensed consolidated statements of financial condition.

In connection with securities lending transactions, BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At March 31, 2016, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$174.8 billion. The Company held as agent, cash and securities totaling \$183.9 billion as collateral for indemnified securities on loan at March 31, 2016. The fair value of these indemnifications was not material at March 31, 2016.

12. Stock-Based Compensation

Restricted Stock and RSUs. Restricted stock and restricted stock units ("RSUs") activity for the three months ended March 31, 2016 is summarized below:

	Restricted Stock and	Weighted- Average Grant Date
Outstanding at December 31, 2015	RSUs 3,067,737	Fair Value \$ 308.42
Granted	1,348,706	\$ 296.46
Converted	(1,351,464)	\$ 281.15
Forfeited	(8,232)	\$ 296.81

March 31, 2016⁽¹⁾ 3,056,747 \$ 315.23

⁽¹⁾ At March 31, 2016, approximately 2.8 million awards are expected to vest and 0.2 million awards have vested but have not been converted.

During the three months ended March 31, 2016, the Company granted 1,030,964 RSUs to employees as part of 2015 annual incentive compensation that vest ratably over three years from the date of grant and 303,587 RSUs to employees that cliff vest 100% on January 31, 2019. The Company values RSUs at their grant-date fair value as measured by BlackRock's common stock price. The total fair value of RSUs granted to employees during the three months ended March 31, 2016 was \$400 million at time of grant.

At March 31, 2016, the intrinsic value of outstanding RSUs was \$1.0 billion reflecting a closing stock price of \$340.57.

At March 31, 2016, total unrecognized stock-based compensation expense related to unvested RSUs was \$564 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 1.6 years.

Market Performance-based RSUs.

Market Performance-based RSUs activity for the three months ended March 31, 2016 is summarized below:

	Market Performance-	Weighted- Average Grant Date	Fair Value
Outstanding at December 31, 2015	Based RSUs 1,378,177		\$ 137.07
Converted March 31, 2016 ⁽¹⁾	(548,227) 829,950		\$ 115.03 \$ 151.63

⁽¹⁾ The market performance-based RSUs require that separate 15%, 25% and 35% share price appreciation targets be achieved during the six-year term of the awards. The awards are split into three tranches and each tranche may vest if the specified target increase in share price is met. At March 31, 2016, approximately 0.8 million awards are expected to vest and an immaterial amount of awards have vested and have not been converted.

At March 31, 2016, the intrinsic value of outstanding market performance-based RSUs was \$283 million reflecting a closing stock price of \$340.57.

See Note 14, Stock-Based Compensation, in the 2015 Form 10-K for more information on market performance-based RSUs.

At March 31, 2016, total unrecognized stock-based compensation expense related to unvested market performance-based awards was \$37 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 1.2 years.

Performance-Based RSUs.

Performance-based RSU activity for the three months ended March 31, 2016 is summarized below:

	Performance-	Weighted- Average Grant Date	Fair Value
Outstanding at December 31, 2015	Based RSUs 255,868		\$ 343.86
Granted March 31, 2016	375,242 631,110		\$ 296.97 \$ 315.98

During the three months ended March 31, 2016, the Company granted 375,242 performance-based RSUs to certain employees that cliff vest 100% on January 31, 2019. These awards are amortized over a service period of three years. The number of shares distributed at vesting could be higher or lower than the original grant based on the level of attainment of predetermined Company performance measures.

At March 31, 2016, total unrecognized stock-based compensation expense related to unvested performance-based awards was \$153 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 2.4 years.

The Company values performance-based RSUs at their grant-date fair value as measured by BlackRock's common stock price. The total grant-date fair market value of performance-based RSUs expected to vest was \$111 million.

At March 31, 2016, the intrinsic value of outstanding performance-based RSUs was \$215 million reflecting a closing stock price of \$340.57.

Long-Term Incentive Plans Funded by PNC. Under a share surrender agreement, PNC committed to provide up to 4 million shares of BlackRock stock, held by PNC, to fund certain BlackRock long-term incentive plans ("LTIP"). The current share surrender agreement commits PNC to provide BlackRock series C nonvoting participating preferred stock to fund the remaining committed shares. As of March 31, 2016, 3.2 million shares had been surrendered by PNC.

At March 31, 2016, the remaining shares committed by PNC of 0.8 million were available to fund certain future long-term incentive awards.

Stock Options. Stock option activity for the three months ended March 31, 2016 is summarized below:

	Shares	Weighted average price under exercise
Outstanding at December 31, 2015	154,094	\$ 167.76
Exercised	(4,000)	\$ 167.76
March 31, 2016	150,094	\$ 167.76

The aggregate intrinsic value of options exercised during the three months ended March 31, 2016 was \$0.6 million. At March 31, 2016, all options were vested.

The remaining average life of stock options outstanding at March 31, 2016 is approximately one year.

13. Net Capital Requirements

The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

Capital Requirements. At March 31, 2016, the Company was required to maintain approximately \$1.1 billion in net capital in certain regulated subsidiaries, including BlackRock Institutional Trust Company, N.A. (a wholly owned subsidiary of the Company that is chartered as a national bank whose powers are limited to trust activities and which is subject to regulatory capital requirements administered by the Office of the Comptroller of the Currency), entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company's broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

14. Accumulated Other Comprehensive Income (Loss)

The following tables present changes in AOCI by component for the three months ended March 31, 2016 and 2015:

	Unrealized gains (losses) on available-for-sale investments ^{(1),(2)}	Benefit plans	Foreign currency translation adjustments ⁽³⁾	Total
(in millions)				
For the Three Months Ended March 31, 2016				
December 31, 2015	\$ (1)	\$ 5	\$ (452)	\$(448)

Edgar Filing: BlackRock Inc. - Form 10-Q

the three months ended March 31, 2015
March 31, 2015 \$ 2 \$ 3 \$ (444) \$(439)

(1) All amounts are net of tax.

15. Capital Stock

Nonvoting Participating Preferred Stock. The Company's preferred shares authorized, issued and outstanding consisted of the following:

	March 31,	December 31,
	2016	2015
Series A		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	—	—
Series B		
Shares authorized, \$0.01 par value	150,000,000	150,000,000
Shares issued and outstanding ⁽¹⁾	823,188	823,188
Series C		
Shares authorized, \$0.01 par value	6,000,000	6,000,000
Shares issued and outstanding ⁽¹⁾	763,660	1,311,887
Series D		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	—	—

⁽¹⁾ Shares held by PNC.

Share Repurchases. The Company repurchased 1.0 million common shares in open-market transactions under the share repurchase program for approximately \$300 million during the three months ended March 31, 2016. At March 31, 2016, there were 5.3 million shares still authorized to be repurchased.

PNC Capital Contribution. During the three months ended March 31, 2016, PNC surrendered to BlackRock 548,227 shares of BlackRock Series C Preferred to fund certain LTIP awards.

16. Restructuring Charge

A restructuring charge of \$76 million (\$53 million after-tax), comprised of \$44 million of severance and \$32 million of expense related to the accelerated amortization of previously granted deferred compensation awards, was recorded in the three months ended March 31, 2016 in connection with a project to streamline and simplify the organization.

The following table presents a rollforward of the Company's restructuring liability, which is included within other liabilities on the Company's condensed consolidated statements of financial condition:

(in millions)

	Three Months Ended
	March 31, 2016
Liability as of December 31, 2015	\$ —
Additions ⁽¹⁾	76
Cash payments	(1)
Accelerated amortization expense of equity-based awards	(28)
Liability as of March 31, 2016	\$ 47

⁽¹⁾ Amount includes \$44 million of severance and \$32 million of accelerated amortization expense of previously granted deferred compensation awards.

17. Income Taxes

The first quarter 2016 income tax expense included a \$4 million net noncash benefit, primarily related to the revaluation of certain deferred income tax liabilities, including the effect of tax legislation enacted in Japan and domestic state and local tax changes.

The first quarter 2015 income tax expense benefited from \$69 million of nonrecurring items, primarily due to the realization of losses from changes in the Company's organizational tax structure and the resolution of certain outstanding tax matters.

18. Earnings Per Share

Due to the similarities in terms between BlackRock nonvoting participating preferred stock and the Company's common stock, the Company considers its participating preferred stock to be a common stock equivalent for purposes of earnings per share ("EPS") calculations. As such, the Company has included the outstanding nonvoting participating preferred stock in the calculation of average basic and diluted shares outstanding.

The following table sets forth the computation of basic and diluted EPS for the three months ended March 31, 2016 and 2015 under the treasury stock method:

	Three Months Ended	
	March 31,	
(in millions, except shares and per share data)	2016	2015
Net income attributable to BlackRock	\$657	\$822
Basic weighted-average shares outstanding	165,388,130	167,089,037
Dilutive effect of nonparticipating RSUs and stock		
options	2,010,808	2,634,130
Total diluted weighted-average shares outstanding	167,398,938	169,723,167
Basic earnings per share	\$3.97	\$4.92
Diluted earnings per share	\$3.92	\$4.84

19. Segment Information

The Company's management directs BlackRock's operations as one business, the asset management business. The Company utilizes a consolidated approach to assess performance and allocate resources. As such, the Company operates in one business segment.

The following table illustrates investment advisory, administration fees, securities lending revenue and performance fees by product type, BlackRock Solutions and advisory revenue, distribution fees and other revenue for the three months ended March 31, 2016 and 2015.

	Three Months Ended	
	March 31,

Americas primarily is comprised of the United States and Canada, while Europe primarily is comprised of the United Kingdom and Luxembourg. Asia-Pacific primarily is comprised of Hong Kong, Australia, Japan and Singapore.

20. Subsequent Events

In April 2016, the Company completed a transaction with BofA® Global Capital Management transferring investment management responsibilities of approximately \$80 billion of cash assets under management to the Company. The combined platform will provide clients with broader access to high quality, global liquidity investment solutions.

On May 3, 2016, the Company announced that it had entered into an agreement to sell its UK Defined Contribution Administration and Platform business to Aegon N.V. (“Aegon”). The Company will retain its role as the primary investment manager for the clients who will transfer to Aegon in connection with the transaction. The transaction is subject to customary closing conditions and a Part VII transfer of the underlying assets and liabilities to Aegon subject to regulatory and court approval.

These transactions are not expected to be material to the Company’s condensed consolidated statements of financial condition or results of operations.

In addition to the subsequent events included in the notes to the condensed consolidated financial statements, the Company conducted a review for additional subsequent events and determined that no additional subsequent events had occurred that would require accrual or additional disclosures.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

This report, and other statements that BlackRock may make, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act, with respect to BlackRock's future financial or business performance, strategies or expectations. Forward-looking statements are typically identified by words or phrases such as "trend," "potential," "opportunity," "pipeline," "believe," "comfortable," "expect," "anticipate," "current," "intention," "estimate," "assume," "outlook," "continue," "remain," "maintain," "sustain," "seek," "achieve," and similar expressions, or future or conditional verbs such as "will," "would," "should," "could," "may" and similar expressions.

BlackRock cautions that forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date they are made, and BlackRock assumes no duty to and does not undertake to update forward-looking statements. Actual results could differ materially from those anticipated in forward-looking statements and future results could differ materially from historical performance.

In addition to risk factors previously disclosed in BlackRock's Securities and Exchange Commission ("SEC") reports and those identified elsewhere in this report, the following factors, among others, could cause actual results to differ materially from forward-looking statements or historical performance: (1) the introduction, withdrawal, success and timing of business initiatives and strategies; (2) changes and volatility in political, economic or industry conditions, the interest rate environment, foreign exchange rates or financial and capital markets, which could result in changes in demand for products or services or in the value of assets under management ("AUM"); (3) the relative and absolute investment performance of BlackRock's investment products; (4) the impact of increased competition; (5) the impact of future acquisitions or divestitures; (6) the unfavorable resolution of legal proceedings; (7) the extent and timing of any share repurchases; (8) the impact, extent and timing of technological changes and the adequacy of intellectual property, information and cyber security protection; (9) the impact of legislative and regulatory actions and reforms, including the Dodd-Frank Wall Street Reform and Consumer Protection Act, and regulatory, supervisory or enforcement actions of government agencies relating to BlackRock or The PNC Financial Services Group, Inc. ("PNC"); (10) terrorist activities, international hostilities and natural disasters, which may adversely affect the general economy, domestic and local financial and capital markets, specific industries or BlackRock; (11) the ability to attract and retain highly talented professionals; (12) fluctuations in the carrying value of BlackRock's economic investments; (13) the impact of changes to tax legislation, including income, payroll and transaction taxes, and taxation on products or transactions, which could affect the value proposition to clients and, generally, the tax position of the Company; (14) BlackRock's success in maintaining the distribution of its products; (15) the impact of BlackRock electing to provide support to its products from time to time and any potential liabilities related to securities lending or other indemnification obligations; and (16) the impact of problems at other financial institutions or the failure or negative performance of products at other financial institutions.

OVERVIEW

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, “BlackRock” or the “Company”) is a leading publicly traded investment management firm with \$4.737 trillion of AUM at March 31, 2016. With approximately 13,000 employees in more than 30 countries, BlackRock provides a broad range of investment and risk management services to institutional and retail clients worldwide.

BlackRock’s diverse platform of active (alpha) and index (beta) investment strategies across asset classes enables the Company to tailor investment outcomes and asset allocation solutions for clients. Product offerings include single- and multi-asset class portfolios investing in equities, fixed income, alternatives and money market instruments. Products are offered directly and through intermediaries in a variety of vehicles, including open-end and closed-end mutual funds, iShares® exchange-traded funds (“ETFs”), separate accounts, collective investment funds and other pooled investment vehicles. BlackRock also offers the BlackRock Solutions® investment and risk management technology platform, Aladdin®, risk analytics and advisory services and solutions to a broad base of institutional investors.

BlackRock serves a diverse mix of institutional and retail clients across the globe. Clients include tax-exempt institutions, such as defined benefit and defined contribution pension plans, charities, foundations and endowments; official institutions, such as central banks, sovereign wealth funds, supranationals and other government entities; taxable institutions, including insurance companies, financial institutions, corporations and third-party fund sponsors, and retail investors.

BlackRock maintains a significant global sales and marketing presence that is focused on establishing and maintaining retail and institutional investment management relationships by marketing its services to investors directly and through financial professionals and pension consultants, and establishing third-party distribution relationships.

At March 31, 2016, PNC held 21.1% of the Company’s voting common stock and 21.8% of the Company’s capital stock, which includes outstanding common and nonvoting preferred stock.

Certain items previously reported have been reclassified to conform to current year presentation.

⁽¹⁾ Net of net income (loss) attributable to noncontrolling interests (“NCI”) (redeemable and nonredeemable).

⁽²⁾ As adjusted items are described in more detail in Non-GAAP Financial Measures.

⁽³⁾ Nonvoting participating preferred shares are considered to be common stock equivalents for purposes of determining basic and diluted earnings per share calculations.

⁽⁴⁾ Total BlackRock stockholders’ equity divided by total common and preferred shares outstanding at March 31 of the respective period-end.

THREE MONTHS ENDED MARCH 31, 2016 COMPARED WITH THREE MONTHS ENDED MARCH 31, 2015

GAAP. Operating income of \$963 million decreased \$104 million and operating margin of 36.7% decreased 250 bps from the first quarter of 2015. Operating income reflected the impact of negative markets on both base fees and performance fees, and a restructuring charge of \$76 million in connection with a project to streamline and simplify the organization. The decrease in operating income was partially offset by organic growth, expense discipline and higher BlackRock Solutions and advisory revenue. Nonoperating income (expense), less net income (loss) attributable to NCI, decreased \$51 million due to lower net marks in the first quarter of 2016 and a \$40 million noncash gain related to BlackRock Kelso Capital Advisors LLC (“BKCA”) recorded in the first quarter of 2015.

The first quarter 2016 income tax expense included a \$4 million net noncash benefit, primarily related to the revaluation of certain deferred income tax liabilities. The first quarter 2015 income tax expense benefited from \$69 million of nonrecurring items. See Income Tax Expense within Discussion of Financial Results for more information.

Earnings per diluted common share decreased \$0.92, or 19%, from the first quarter of 2015, reflecting the impact of a decline in average AUM, lower performance fees, and a restructuring charge in the current quarter, and a lower effective tax rate and the gain related to BKCA in the prior year quarter. The decrease in earnings per diluted common share was partially offset by the benefit of share repurchases.

As Adjusted. Operating income of \$1,047 million decreased \$30 million and operating margin of 41.6% increased 40 bps from the first quarter of 2015. The pre-tax restructuring charge of \$76 million described above was excluded from as adjusted results. Income tax expense for the first quarter of 2016 excluded the \$4 million net noncash benefit described above. Income tax expense for the prior year’s first quarter included the \$69 million net tax benefit described above. Earnings per diluted common share decreased \$0.64, or 13%, from the first quarter of 2015.

See Non-GAAP Financial Measures for further information on as adjusted items.

For further discussion of BlackRock’s revenue, expense, nonoperating results and income tax expense, see Discussion of Financial Results herein.

NON-GAAP FINANCIAL MEASURES

BlackRock reports its financial results in accordance with accounting principles generally accepted in the United States (“GAAP”); however, management believes evaluating the Company’s ongoing operating results may be enhanced if investors have additional non-GAAP financial measures. Management reviews non-GAAP financial measures to assess ongoing operations and, for the reasons described below, considers them to be effective indicators, for both management and investors, of BlackRock’s financial performance over time. Management also uses non-GAAP financial measures as a benchmark to compare its performance with other companies and to enhance the comparability of this information for the reporting periods presented. Non-GAAP measures may pose limitations because they do not include all of BlackRock’s revenue and expense. BlackRock’s management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Management uses both GAAP and non-GAAP financial measures in evaluating BlackRock’s financial performance. Adjustments to GAAP financial measures (“non-GAAP adjustments”) include certain items management deems nonrecurring or occur infrequently, transactions that ultimately will not impact BlackRock’s book value or certain tax items that do not impact cash flow.

Computations for all periods are derived from the condensed consolidated statements of income as follows:

(1) Operating income, as adjusted, and operating margin, as adjusted:

Management believes operating income, as adjusted, and operating margin, as adjusted, are effective indicators of BlackRock’s financial performance over time and, therefore, provide useful disclosure to investors.

	Three Months Ended	
	March 31,	
(in millions)	2016	2015
Operating income, GAAP basis	\$963	\$1,067
Non-GAAP expense adjustments:		
Restructuring charge	76	—
PNC LTIP funding obligation	8	8
Compensation expense related to appreciation		
(depreciation) on deferred compensation plans	—	2
Operating income, as adjusted	1,047	1,077
Product launch costs and commissions	—	—
Operating income used for operating margin measurement	\$1,047	\$1,077
Revenue, GAAP basis	\$2,624	\$2,723
Non-GAAP adjustments:		
Distribution and servicing costs	(97)	(99)
Amortization of deferred sales commissions	(10)	(13)
Revenue used for operating margin measurement	\$2,517	\$2,611
Operating margin, GAAP basis	36.7 %	39.2 %
Operating margin, as adjusted	41.6 %	41.2 %

Operating income, as adjusted, includes non-GAAP expense adjustments. A restructuring charge recorded in the three months ended March 31, 2016 comprised of severance and accelerated amortization expense of previously granted deferred compensation awards has been excluded to provide more meaningful analysis of BlackRock's ongoing operations and to ensure comparability among periods presented. The portion of compensation expense associated with certain long-term incentive plans ("LTIP") funded, or to be funded, through share distributions to participants of BlackRock stock held by PNC has been excluded because it ultimately does not impact BlackRock's book value. Compensation expense associated with appreciation (depreciation) on investments related to certain BlackRock deferred compensation plans has been excluded as returns on investments set aside for these plans, which substantially offset this expense, are reported in nonoperating income (expense).

37

Operating income used for measuring operating margin, as adjusted, is equal to operating income, as adjusted, excluding the impact of product launch costs (e.g. closed-end fund launch costs) and related commissions. Management believes the exclusion of such costs and related commissions is useful because these costs can fluctuate considerably and revenue associated with the expenditure of these costs will not fully impact the Company's results until future periods.

Revenue used for operating margin, as adjusted, excludes distribution and servicing costs paid to related parties and other third parties. Management believes the exclusion of such costs is useful because it creates consistency in the treatment for certain contracts for similar services, which due to the terms of the contracts, are accounted for under GAAP on a net basis within investment advisory, administration fees and securities lending revenue. Amortization of deferred sales commissions is excluded from revenue used for operating margin measurement, as adjusted, because such costs, over time, substantially offset distribution fee revenue the Company earns. For each of these items, BlackRock excludes from revenue used for operating margin, as adjusted, the costs related to each of these items as a proxy for such offsetting revenue.

(2) Nonoperating income (expense), less net income (loss) attributable to NCI, as adjusted:

Nonoperating income (expense), less net income (loss) attributable to NCI, as adjusted, equals nonoperating income (expense), GAAP basis, less net income (loss) attributable to NCI, adjusted for compensation expense associated with (appreciation) depreciation on investments related to certain BlackRock deferred compensation plans. The compensation expense offset is recorded in operating income. This compensation expense has been included in nonoperating income (expense), less net income (loss) attributable to NCI, as adjusted, to offset returns on investments set aside for these plans, which are reported in nonoperating income (expense), GAAP basis.

	Three Months Ended	
	March 31,	
(in millions)	2016	2015
Nonoperating income (expense), GAAP basis	\$(48)	\$ 16
Less: Net income (loss) attributable to NCI	(10)	3
Nonoperating income (expense), net of NCI	(38)	13
Compensation expense related to (appreciation)		
depreciation on deferred compensation plans	—	(2)
Nonoperating income (expense), less net income		
(loss) attributable to NCI, as adjusted	\$(38)	\$ 11

(3) Net income attributable to BlackRock, as adjusted:

Three
Months
Ended

March 31,

Edgar Filing: BlackRock Inc. - Form 10-Q

(in millions, except per share data)	2016	2015
Net income attributable to BlackRock, GAAP basis	\$657	\$822
Non-GAAP adjustments:		
Restructuring charge, net of tax	53	—
PNC LTIP funding obligation, net of tax	5	5
Income tax matters	(4)	3
Net income attributable to BlackRock, as adjusted	\$711	\$830
Diluted weighted-average common shares		
outstanding ⁽⁴⁾	167.4	169.7
Diluted earnings per common share, GAAP basis ⁽⁴⁾	\$3.92	\$4.84
Diluted earnings per common share, as adjusted ⁽⁴⁾	\$4.25	\$4.89

See the aforementioned discussion regarding operating income, as adjusted, and operating margin, as adjusted, for information on the PNC LTIP funding obligation and restructuring charge.

For each period presented, the non-GAAP adjustments related to the restructuring charge and the PNC LTIP funding obligation were tax effected at the respective blended rates applicable to the adjustments.

(4) Nonvoting participating preferred stock is considered to be a common stock equivalent for purposes of determining basic and diluted earnings per share calculations.

Assets Under Management

AUM for reporting purposes generally is based upon how investment advisory and administration fees are calculated for each portfolio. Net asset values, total assets, committed assets or other measures may be used to determine portfolio AUM.

- (1) Foreign exchange reflects the impact of translating non-U.S. dollar denominated AUM into U.S. dollars for reporting purposes.
 - (2) Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing four months.
 - (3) Advisory AUM represents long-term portfolio liquidation assignments.
- AUM increased \$91.8 billion, or 2%, to \$4.737 trillion at March 31, 2016 from \$4.645 trillion at December 31, 2015, driven by net market appreciation, positive net inflows and the positive impact of foreign exchange movements.

Net market appreciation of \$35.8 billion was driven by \$43.2 billion from fixed income products across the majority of strategies.

AUM increased \$28.1 billion due to the impact of foreign exchange movements, primarily resulting from the weakening of the U.S. dollar, largely against the euro, Japanese yen, and Canadian dollar, partially offset by the strengthening of the U.S. dollar against the British pound.

Edgar Filing: BlackRock Inc. - Form 10-Q

Net Inflows (Outflows) Long-term net inflows of \$36.1 billion included \$24.2 billion, \$12.2 billion and \$(0.4) billion from iShares, institutional and retail clients, respectively, and were positive across all regions. Net flows in long-term products are described below.

- iShares net inflows of \$24.2 billion were driven by fixed income net inflows of \$27.5 billion, diversified across treasuries, corporate bond and high-yield funds.
- Institutional active net inflows of \$10.8 billion were led by fixed income net inflows of \$10.9 billion, reflecting strong insurance wins in the current quarter.
- Institutional index net inflows of \$1.4 billion reflected fixed income net inflows of \$11.7 billion, driven by strong demand for local currency and U.S. core strategies, partially offset by equity net outflows of \$10.8 billion, primarily from U.S. equity strategies.

Cash management net outflows of \$8.2 billion were primarily driven by net outflows from Americas clients in prime strategies, partially offset by net inflows from Americas clients in government strategies.

Component Changes in AUM for the Twelve Months Ended March 31, 2016

(1) Amounts represent \$560 million of AUM acquired in the Infraestructura Institucional acquisition in October 2015 and \$366 million of AUM acquired in the FutureAdvisor acquisition in October 2015. The FutureAdvisor acquisition amount does not include AUM that was held in iShares holdings.

(2) Foreign exchange reflects the impact of translating non-U.S. dollar denominated AUM into U.S. dollars for reporting purposes.

(3) Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing thirteen months.

(4) Amounts include commodity iShares.

(5) Advisory AUM represents long-term portfolio liquidation assignments.

The following table presents component changes in AUM by investment style for the twelve months ended March 31, 2016.

	Net						
	March 31,	inflows		Market	FX	March 31,	Average
(in millions)	2015	(outflows)	Acquisitions ⁽¹⁾	change	impact ⁽²⁾	2016	AUM ⁽³⁾
Active	\$1,496,210	\$ 37,509	\$ 926	\$ (43,312)	\$ 7,795	\$1,499,128	\$1,484,089
Index & iShares	2,967,387	80,143	—	(118,307)	6,209	2,935,432	2,895,466

Edgar Filing: BlackRock Inc. - Form 10-Q

Long-term	4,463,597	117,652	926	(161,619)	14,004	4,434,560	\$4,379,555
Cash management	292,495	(1,207)	—	289	409	291,986	
Advisory ⁽⁴⁾	18,100	(7,429)	—	(187)	135	10,619	
Total	\$4,774,192	\$ 109,016	\$ 926	\$(161,517)	\$ 14,548	\$4,737,165	

(1) Amounts represent \$560 million of AUM acquired in the Infraestructura Institucional acquisition in October 2015 and \$366 million of AUM acquired in the FutureAdvisor acquisition in October 2015. The FutureAdvisor acquisition amount does not include AUM that was held in iShares holdings.

(2) Foreign exchange reflects the impact of translating non-U.S. dollar denominated AUM into U.S. dollars for reporting purposes.

(3) Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing thirteen months.

(4) Advisory AUM represents long-term portfolio liquidation assignments.

AUM decreased \$37.0 billion to \$4.737 trillion at March 31, 2016 from \$4.774 trillion at March 31, 2015, driven largely by net market depreciation that more than offset organic growth.

Net market depreciation of \$161.5 billion was primarily driven by a \$141.3 billion decline from equity products due to lower global equity markets.

AUM increased \$14.5 billion due to the impact of foreign exchange movements primarily resulting from the weakening of the U.S. dollar, largely against the euro and Japanese yen, partially offset by the strengthening of the U.S. dollar against the British pound.

Net Inflows (Outflows). Long-term net inflows of \$117.7 billion were comprised of \$118.6 billion and \$24.0 billion from iShares and retail clients, respectively, partially offset by net outflows of \$24.9 billion from institutional clients. Net flows in long-term products are described below.

- iShares net inflows of \$118.6 billion included fixed income iShares and equity iShares net inflows of \$59.2 billion and \$57.0 billion, respectively. Fixed income iShares net inflows were diversified across exposures, led by strong net inflows into U.S. sector specific, U.S. core, local currency and U.S. targeted duration strategies. Equity iShares net inflows were led by the Core Series and regional and country specific strategies.
- Retail net inflows of \$24.0 billion were led by fixed income net inflows of \$20.4 billion, reflecting strong interest in unconstrained fixed income and local currency offerings.
- Institutional active net inflows of \$19.6 billion reflected active fixed income net inflows of \$10.9 billion, multi-asset net inflows of \$8.0 billion and alternatives net inflows of \$3.2 billion, partially offset by equity net outflows of \$2.4 billion. Alternatives flows were led by private equity solutions, alternative solutions and real assets, primarily related to infrastructure.
- Institutional index net outflows of \$44.5 billion were primarily due to equity net outflows of \$48.3 billion, linked to asset allocation, re-balancing and cash needs.

Cash management net outflows of \$1.2 billion were primarily comprised of net outflows from Americas retail clients in prime strategies and EMEA institutional clients in offshore funds, partially offset by net inflows from Americas institutional and retail clients in government strategies and Americas institutional clients in prime strategies.

Advisory net outflows of \$7.4 billion were driven by portfolio liquidations.

DISCUSSION OF FINANCIAL RESULTS

The Company's results of operations for the three months ended March 31, 2016 and 2015 are discussed below. For a further description of the Company's revenue and expense, see the Company's Annual Report on Form 10-K for the year ended December 31, 2015 ("2015 Form 10-K").

⁽¹⁾ Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing four months. Three Months Ended March 31, 2016 Compared with Three Months Ended March 31, 2015

Revenue decreased \$99 million, or 4%, from the first quarter of 2015, driven by a decline in base fees and performance fees, partially offset by higher BlackRock Solutions and advisory revenue.

Investment advisory, administration fees and securities lending revenue of \$2,359 million decreased \$31 million from \$2,390 million in the first quarter of 2015 as the effect of lower markets on average equity AUM more than offset organic growth, the effect of one additional day in the current quarter and lower yield-related fee waivers on certain money market funds. Securities lending revenue of \$148 million in the current quarter increased \$34 million from the first quarter of 2015, primarily reflecting an increase in average balances of securities on loan and higher spreads.

Investment advisory performance fees of \$34 million decreased \$74 million from the first quarter of 2015, primarily reflecting lower fees from alternative and equity products.

BlackRock Solutions and advisory revenue of \$171 million increased \$24 million from \$147 million in the first quarter of 2015. BlackRock Solutions and advisory revenue included \$141 million in Aladdin revenue compared with

\$126 million in the first quarter of 2015.

Total general and administration expense	318	339
Restructuring charge	76	—
Amortization of intangible assets	25	35
Total expense, GAAP	\$1,661	\$1,656
Less non-GAAP expense adjustments:		
Employee compensation and benefits:		
Restructuring charge	76	—
PNC LTIP funding obligation	8	8
Compensation expense related to appreciation		
(depreciation) on deferred compensation		
plans	-	2
Total non-GAAP expense adjustments	84	10
Expense, as adjusted:		
Employee compensation and benefits	\$939	\$971
Distribution and servicing costs	97	99
Amortization of deferred sales commissions	10	13
Direct fund expense	188	189
General and administration	318	339
Amortization of intangible assets	25	35
Total expense, as adjusted	\$1,577	\$1,646

Three Months Ended March 31, 2016 Compared with Three Months Ended March 31, 2015

GAAP. Expense increased \$5 million from the first quarter of 2015, reflecting a restructuring charge recorded in the current quarter, partially offset by lower compensation, expense discipline and the increased benefit from the impact of foreign exchange remeasurement.

Employee compensation and benefits expense decreased \$34 million from the first quarter of 2015, reflecting lower incentive compensation, driven primarily by lower performance fees, partially offset by higher headcount. Employees at March 31, 2016 totaled approximately 13,000 compared with approximately 12,300 at March 31, 2015.

Distribution and servicing costs totaled \$97 million compared with \$99 million in the first quarter of 2015. These costs included payments to Bank of America/Merrill Lynch under a global distribution agreement and payments to PNC, as well as other third parties, primarily associated with the distribution and servicing of client investments in certain BlackRock products. Distribution and servicing costs for the first quarter of 2016 and 2015 included \$48 million and \$47 million, respectively, attributable to Bank of America/Merrill Lynch.

Edgar Filing: BlackRock Inc. - Form 10-Q

General and administration expense decreased \$21 million from the first quarter of 2015, primarily reflecting lower discretionary marketing and promotional spend and an increased benefit from the impact of foreign exchange remeasurement in the current quarter.

A restructuring charge of \$76 million, primarily comprised of severance and accelerated amortization expense of previously granted deferred compensation awards, was recorded in the three months ended March 31, 2016 in connection with a project to streamline and simplify the organization.

As Adjusted. Expense, as adjusted, decreased \$69 million, or 4%, to \$1,577 million from \$1,646 million in the first quarter of 2015. The decrease in total expense, as adjusted, is primarily attributable to lower employee compensation and benefits expense and general and administration expense. The restructuring charge has been excluded from the as adjusted results.

NONOPERATING RESULTS

Nonoperating income (expense), less net income (loss) attributable to NCI for the three months ended March 31, 2016 and 2015 was as follows:

	Three Months Ended	
		March 31,
(in millions)		2016 2015
Nonoperating income (expense), GAAP basis ⁽¹⁾	\$(48)	\$ 16
Less: Net income (loss) attributable to NCI	(10)	3
Nonoperating income (expense), net of NCI	(38)	13
Compensation expense related to (appreciation)		
depreciation on deferred compensation plans	—	(2)
Nonoperating income (expense), as adjusted, net of NCI	\$(38)	\$ 11

⁽¹⁾ Amounts included a gain of \$2 million and \$4 million for the three months ended March 31, 2016 and 2015, respectively, attributable to consolidated variable interest entities (“VIEs”).

The components of nonoperating income (expense), less net income (loss) attributable to NCI, for the three months ended March 31, 2016 and 2015 were as follows:

Three
Months
Ended

March 31,

Edgar Filing: BlackRock Inc. - Form 10-Q

(in millions)	2016	2015
Net gain (loss) on investments ⁽¹⁾		
Private equity	\$2	\$1
Real assets	2	2
Other alternatives ⁽²⁾	—	4
Other investments ⁽³⁾	4	8
Subtotal	8	15
Other gains ⁽⁴⁾	—	45
Total net gain (loss) on investments ⁽¹⁾	8	60
Interest and dividend income	5	4
Interest expense	(51)	(51)
Net interest expense	(46)	(47)
Total nonoperating income (expense) ⁽¹⁾	(38)	13
Compensation expense related to (appreciation)		
depreciation on deferred compensation plans	—	(2)
Nonoperating income (expense), as adjusted ⁽¹⁾	\$(38)	\$11

⁽¹⁾ Net of net income (loss) attributable to NCI. Amounts also include net gain (loss) on consolidated VIEs.

⁽²⁾ Amounts primarily include net gains (losses) related to direct hedge fund strategies and hedge fund solutions.

⁽³⁾ Amounts include net gains (losses) related to equity and fixed income investments, and BlackRock's seed capital hedging program.

⁽⁴⁾ The amount for the three months ended March 31, 2015 primarily includes a gain related to the acquisition of certain assets of BKCA.

Three Months Ended March 31, 2016 Compared with Three Months Ended March 31, 2015

Net gain (loss) on investments of \$8 million decreased \$52 million from the first quarter of 2015 due to lower marks in the first quarter of 2016 and a \$40 million noncash gain related to BKCA recorded in the first quarter of 2015.

Income Tax Expense

	GAAP Three Months Ended		As Adjusted Three Months Ended	
(in millions)	March 31,		March 31,	
	2016	2015	2016	2015
Income before income taxes ⁽¹⁾	\$925	\$1,080	\$1,009	\$1,088
Income tax expense	\$268	\$258	\$298	\$258
Effective tax rate	29.0%	23.9 %	29.6 %	23.7 %

⁽¹⁾ Net of net income (loss) attributable to NCI.

Income tax expense in the first quarter of 2016 included a \$4 million net noncash benefit, primarily related to the revaluation of certain deferred income tax liabilities, including the effect of tax legislation enacted in Japan and domestic state and local tax changes.

Income tax expense in the first quarter of 2015 benefited from \$69 million of nonrecurring items, primarily due to the realization of losses from changes in the Company's organizational tax structure and the resolution of certain outstanding tax matters.

BALANCE SHEET OVERVIEW

As Adjusted Balance Sheet

The following table presents a reconciliation of the condensed consolidated statement of financial condition presented on a GAAP basis to the condensed consolidated statement of financial condition, excluding the impact of separate account assets and separate account collateral held under securities lending agreements (directly related to lending separate account securities) and separate account liabilities and separate account collateral liabilities under securities lending agreements and consolidated sponsored investment funds, including consolidated VIEs.

The Company presents the as adjusted balance sheet as additional information to enable investors to exclude certain assets that have equal and offsetting liabilities or noncontrolling interests that ultimately do not have an impact on stockholders' equity or cash flows. Management views the as adjusted balance sheet, a non-GAAP financial measure, as an economic presentation of the Company's total assets and liabilities; however, it does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Separate Account Assets and Liabilities and Separate Account Collateral Held under Securities Lending Agreements

Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The Company records equal and offsetting separate account liabilities. The separate account assets are not available to creditors of the Company and the holders of the pension contracts have no recourse to the Company's assets. The net investment income attributable to separate account assets accrues directly to the contract owners and is not reported on the Company's condensed consolidated statements of income. While BlackRock has no economic interest in these assets or liabilities, BlackRock earns an investment advisory fee for the service of managing these assets on behalf of its clients.

In addition, the Company records on its condensed consolidated statements of financial condition the separate account collateral received under BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting separate account collateral liability for the obligation to return the collateral. The collateral is not available to creditors of the Company, and the borrowers under the securities lending arrangements have no recourse to the Company's assets.

Consolidated Sponsored Investment Funds

The Company consolidates certain sponsored investment funds accounted for as voting rights entities ("VREs") and VIEs, (collectively, "Consolidated Sponsored Investment Funds"). See Note 2, Significant Accounting Policies, in the notes to the consolidated financial statements contained in the 2015 Form 10-K for further information on the Company's consolidation policy.

Edgar Filing: BlackRock Inc. - Form 10-Q

The Company cannot readily access cash and cash equivalents or other assets held by Consolidated Sponsored Investment Funds to use in its operating activities. In addition, the Company cannot readily sell investments held by Consolidated Sponsored Investment Funds in order to obtain cash for use in the Company's operations.

⁽¹⁾ Amounts represent segregated client assets generating advisory fees in which BlackRock has no economic interest or liability.

- (2) Amounts represent the portion of assets and liabilities of Consolidated Sponsored Investment Funds attributable to noncontrolling interests.
 - (3) Amounts include property and equipment and other assets.
 - (4) Amount includes approximately \$5.6 billion of deferred income tax liabilities related to goodwill and intangibles.
- The following discussion summarizes the significant changes in assets and liabilities on a GAAP basis. Please see the condensed consolidated statements of financial condition as of March 31, 2016 and December 31, 2015 contained in Part I, Item 1 of this filing. The discussion does not include changes related to assets and liabilities that are equal and offsetting and have no impact on BlackRock's stockholders' equity.

Assets. Cash and cash equivalents at March 31, 2016 and December 31, 2015 included \$84 million and \$100 million, respectively, of cash held by consolidated sponsored investment funds (see Liquidity and Capital Resources for details on the change in cash and cash equivalents during the three months ended March 31, 2016).

Edgar Filing: BlackRock Inc. - Form 10-Q

Accounts receivable at March 31, 2016 increased \$289 million from December 31, 2015 primarily due to an increase in unit trust receivables (substantially offset by an increase in unit trust payables recorded within accounts payable and accrued liabilities). Investments were \$1,504 million at March 31, 2016 (for more information see Investments herein). Goodwill and intangible assets decreased \$29 million from December 31, 2015, primarily due to \$25 million of amortization of intangible assets. Other assets (including property and equipment) increased \$47 million from December 31, 2015, primarily related to an increase in current taxes receivable and other assets.

Liabilities. Accrued compensation and benefits at March 31, 2016 decreased \$1,299 million from December 31, 2015, primarily due to 2015 incentive compensation cash payments in the first quarter of 2016. Accounts payable and accrued liabilities at March 31, 2016 increased \$317 million from December 31, 2015 due to higher unit trust payables (substantially offset by an increase in unit trust receivables recorded within accounts receivable) and increased accruals, including direct fund expense.

Net deferred income tax liabilities at March 31, 2016 increased \$86 million, primarily due to the effects of temporary differences associated with stock compensation. Other liabilities increased \$236 million from December 31, 2015, primarily resulting from an increase in other operating liabilities.

Investments and Investments of Consolidated VIEs

The Company's investments and investments of consolidated VIEs (collectively, "Total Investments") were \$1,504 million and \$1,256 million, respectively, at March 31, 2016. Total Investments include consolidated investments held by sponsored investment funds accounted for as VREs and VIEs. Management reviews BlackRock's Total Investments on an "economic" basis, which eliminates the portion of Total Investments that does not impact BlackRock's book value or net income attributable to BlackRock. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

The Company presents Total Investments, as adjusted, to enable investors to understand the portion of Total Investments that is owned by the Company, net of NCI, as a gauge to measure the impact of changes in net nonoperating income (expense) on investments to net income (loss) attributable to BlackRock.

The Company further presents net "economic" investment exposure, net of deferred compensation investments and hedged investments, to reflect another gauge for investors. The economic impact of Total Investments held pursuant to deferred compensation arrangements is offset by a change in compensation expense. The impact of certain investments is substantially mitigated by swap hedges. Carried interest capital allocations are excluded as there is no impact to BlackRock's stockholders' equity until such amounts are realized as performance fees. Finally, the Company's regulatory investment in Federal Reserve Bank stock, which is not subject to market or interest rate risk, is excluded from the Company's net economic investment exposure.

	March 31,	December 31,
(in millions)	2016	2015
Investments, GAAP	\$1,504	\$ 1,578
Investments held by consolidated VIEs, GAAP	1,256	1,030
Total Investments	2,760	2,608
Investments held by consolidated VREs	(636)	(700)
Investments held by consolidated VIEs	(1,256)	(1,030)
Net interest in consolidated VREs	544	616

Edgar Filing: BlackRock Inc. - Form 10-Q

Net interest in consolidated VIEs ⁽¹⁾	872	733
Total Investments, as adjusted	2,284	2,227
Federal Reserve Bank stock	(93)	(93)
Deferred compensation investments	(70)	(79)
Hedged investments	(465)	(407)
Carried interest (VIEs/VREs)	(94)	(100)
Total “economic” investment exposure	\$1,562	\$ 1,548

(1) Amount includes \$76 million and \$81 million of carried interest (VIEs), as of March 31, 2016 and December 31, 2015, respectively, which has no impact on the Company’s “economic” investment exposure.

Edgar Filing: BlackRock Inc. - Form 10-Q

The following table represents the carrying value of the Company's economic investment exposure, by asset type, at March 31, 2016 and December 31, 2015:

	March 31,	December 31,
(in millions)	2016	2015
Private equity	\$360	\$ 375
Real assets	104	91
Other alternatives ⁽¹⁾	227	240
Other investments ⁽²⁾	871	842
Total "economic" investment exposure	\$1,562	\$ 1,548

(1) Other alternatives include distressed credit/mortgage funds/opportunistic funds and hedge funds/funds of hedge funds.

(2) Other investments primarily include seed investments in fixed income, equity and multi-asset mutual funds/strategies as well as U.K. government securities, primarily held for regulatory purposes.

As adjusted investment activity for the three months ended March 31, 2016 was as follows:

(in millions)	
Total Investments, as adjusted, December 31, 2015	\$2,227
Purchases/capital contributions	305
Sales/maturities	(234)
Distributions ⁽¹⁾	(29)
Market appreciation(depreciation)/earnings from equity method investments	21
Carried interest capital allocations/distributions received	(6)
Total Investments, as adjusted, March 31, 2016	\$2,284

⁽¹⁾ Amount includes distributions representing return of capital and return on investments.

LIQUIDITY AND CAPITAL RESOURCES

BlackRock Cash Flows Excluding the Impact of Consolidated Sponsored Investment Funds

The condensed consolidated statements of cash flows include the cash flows of the Consolidated Sponsored Investment Funds. The Company uses an adjusted cash flow statement, which excludes the impact of Consolidated Sponsored Investment Funds, as a supplemental non-GAAP measure to assess liquidity and capital requirements. The Company believes that its cash flows, excluding the impact of the Consolidated Sponsored Investment Funds, provide investors with useful information on the cash flows of BlackRock relating to its ability to fund additional operating, investing and financing activities. BlackRock's management does not advocate that investors consider such non-GAAP measures in isolation from, or as a substitute for, its cash flows presented in accordance with GAAP.

The following table presents a reconciliation of the condensed consolidated statements of cash flows presented on a GAAP basis to the condensed consolidated statements of cash flows, excluding the impact of the cash flows of Consolidated Sponsored Investment Funds:

		Impact on Cash Flows of Consolidated	Cash Flows Excluding Impact of Consolidated
(in millions)	GAAP Basis	Sponsored Investment Funds	Sponsored Investment Funds
Cash and cash equivalents, December 31, 2015	\$6,083	\$ 100	\$ 5,983
Cash flows from operating activities	(565)	(383)	(182)
Cash flows from investing activities	46	6	40
Cash flows from financing activities	(547)	361	(908)
Effect of exchange rate changes on cash and cash equivalents	(36)	—	(36)
Net change in cash and cash equivalents	(1,102)	(16)	(1,086)
Cash and cash equivalents, March 31, 2016	\$4,981	\$ 84	\$ 4,897

Sources of BlackRock's operating cash primarily include investment advisory, administration fees and securities lending revenue, performance fees, revenue from BlackRock Solutions and advisory products and services, other revenue and distribution fees. BlackRock uses its cash to pay all operating expense, interest and principal on borrowings, income taxes, dividends on BlackRock's capital stock, repurchases of the Company's stock, capital expenditures and purchases of co-investments and seed investments.

Cash flows from operating activities, excluding the impact of Consolidated Sponsored Investment Funds, primarily include the receipt of investment advisory and administration fees, securities lending revenue and other revenue offset by the payment of operating expenses incurred in the normal course of business, including year-end incentive compensation accrued for in the prior year.

Cash inflows from investing activities, excluding the impact of Consolidated Sponsored Investment Funds, for the three months ended March 31, 2016 were \$40 million and primarily reflected \$119 million of net proceeds from sales and maturities of certain investments, partially offset by \$55 million of investment purchases and \$30 million of purchases of property and equipment.

Cash outflows from financing activities, excluding the impact of Consolidated Sponsored Investment Funds, for the three months ended March 31, 2016 were \$908 million, primarily resulting from \$562 million of share repurchases, including \$300 million in open market-transactions and \$262 million of employee tax withholdings related to employee stock transactions and \$419 million of cash dividend payments, partially offset by \$70 million of excess tax benefits from vested stock-based compensation awards.

The Company manages its financial condition and funding to maintain appropriate liquidity for the business. Liquidity resources at March 31, 2016 and December 31, 2015 were as follows:

	March 31,	December 31,
(in millions)	2016	2015
Cash and cash equivalents ⁽¹⁾	\$4,981	\$ 6,083
Cash and cash equivalents held by consolidated		
sponsored investment funds, excluding VIEs ⁽²⁾	(84)	(100)
Subtotal	4,897	5,983
Credit facility – undrawn	4,000	4,000
Total liquidity resources ⁽³⁾	\$8,897	\$ 9,983

(1) The percentage of cash and cash equivalents held by the Company's U.S. subsidiaries was approximately 55% and 50% at March 31, 2016 and December 31, 2015, respectively. See Net Capital Requirements herein for more information on net capital requirements in certain regulated subsidiaries.

(2) The Company cannot readily access such cash to use in its operating activities.

(3) Amount at December 31, 2015 does not reflect year-end incentive compensation accruals of approximately \$1.5 billion, which was paid in the first quarter of 2016.

Total liquidity resources decreased \$1.1 billion during the three months ended March 31, 2016, primarily reflecting cash payments of 2015 year-end incentive awards, share repurchases of \$562 million and cash dividend payments.

A significant portion of the Company's \$2,284 million of Total Investments, as adjusted, is illiquid in nature and, as such, cannot be readily convertible to cash.

Share Repurchases. The Company repurchased 1.0 million common shares in open market-transactions under the share repurchase program for \$300 million during the three months ended March 31, 2016.

At March 31, 2016 there were 5.3 million shares still authorized to be repurchased.

Net Capital Requirements. The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

Edgar Filing: BlackRock Inc. - Form 10-Q

BlackRock Institutional Trust Company, N.A. (“BTC”) is chartered as a national bank that does not accept client deposits and whose powers are limited to trust activities. BTC provides investment management services, including investment advisory and securities lending agency services, to institutional investors and other clients. BTC is subject to regulatory capital and liquid asset requirements administered by the Office of the Comptroller of the Currency.

At both March 31, 2016 and December 31, 2015, the Company was required to maintain approximately \$1.1 billion in net capital in certain regulated subsidiaries, including BTC, entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company’s broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

Short-Term Borrowings

2016 Revolving Credit Facility. The Company’s credit facility has an aggregate commitment amount of \$4.0 billion and was further amended in April 2016 to extend the maturity date to March 2021 (the “2016 credit facility”). The 2016 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2016 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2016 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at March 31, 2016. The 2016 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At March 31, 2016, the Company had no amount outstanding under the 2016 credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the “CP Notes”) on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2016 credit facility. At March 31, 2016 BlackRock had no CP Notes outstanding.

Long-Term Borrowings

At March 31, 2016, the principal amount of long-term borrowings outstanding was \$4.998 billion. See Note 12, Borrowings, in the 2015 Form 10-K for more information on borrowings outstanding as of December 31, 2015.

During the three months ended March 31, 2016, the Company paid approximately \$39 million of interest on long-term borrowings. Future principal repayments and interest requirements at March 31, 2016 were as follows:

(in millions)

	Total		
Year	Principal	Interest	Payments
Remainder of 2016	\$ —	\$ 156	\$ 156
2017	700	196	896
2018	—	152	152
2019	1,000	152	1,152
2020	—	102	102
2021	750	86	836
Thereafter ⁽¹⁾	2,548	138	2,686
Total	\$ 4,998	\$ 982	\$ 5,980

⁽¹⁾The amount of principal and interest payments for the 2025 Notes represents the expected payment amounts using foreign exchange rates as of March 31, 2016.

56

Investment Commitments. At March 31, 2016, the Company had \$191 million of various capital commitments to fund sponsored investment funds, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. In addition to the capital commitments of \$191 million, the Company had approximately \$27 million of contingent commitments for certain funds which have investment periods that have expired. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Contingent Payments Related to Business Acquisitions. In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to the acquired businesses achieving specified performance targets over a certain period subsequent to the applicable acquisition date. The fair value of the remaining aggregate contingent payments at March 31, 2016 is included in other liabilities and is not significant to the condensed consolidated statement of financial condition.

Carried Interest Clawback. As a general partner in certain investment funds, including private equity partnerships and certain hedge funds, the Company may receive carried interest cash distributions from the partnerships in accordance with distribution provisions of the partnership agreements. The Company may, from time to time, be required to return all or a portion of such distributions to the limited partners in the event the limited partners do not achieve a return as specified in the various partnership agreements. Therefore, BlackRock records carried interest subject to such clawback provisions in Total Investments, or cash/cash of consolidated VIEs to the extent that it is distributed, and as a deferred carried interest liability/other liabilities of consolidated VIEs on its condensed consolidated statements of financial condition. Carried interest is recorded as performance fees on BlackRock's condensed consolidated statements of income upon the earlier of the termination of the investment fund or when the likelihood of clawback is considered mathematically improbable.

Indemnifications. On behalf of certain clients, the Company lends securities to highly rated banks and broker-dealers. In these securities lending transactions, the borrower is required to provide and maintain collateral at or above regulatory minimums. Securities on loan are marked to market daily to determine if the borrower is required to pledge additional collateral. BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At March 31, 2016, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$174.8 billion. The Company held, as agent, cash and securities totaling \$183.9 billion as collateral for indemnified securities on loan at March 31, 2016. The fair value of these indemnifications was not material at March 31, 2016.

While the collateral pledged by a borrower is intended to be sufficient to offset the borrower's obligations to return securities borrowed and any other amounts owing to the lender under the relevant securities lending agreement, in the event of a borrower default, the Company can give no assurance that the collateral pledged by the borrower will be sufficient to fulfill such obligations. If the amount of such pledged collateral is not sufficient to fulfill such obligations to a client for whom the Company has provided indemnification, BlackRock would be responsible for the amount of the shortfall. These indemnifications cover only the collateral shortfall described above, and do not in any way guarantee, assume or otherwise insure the investment performance or return of any cash collateral vehicle into which securities lending cash collateral is invested.

Critical Accounting Policies

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ significantly from those estimates. Management considers the following critical accounting policies important to understanding the condensed consolidated financial statements. For a summary of these and additional accounting policies see Note 2, Significant Accounting Policies, in the condensed consolidated financial statements contained in Part I, Item 1 of this filing and Critical Accounting Policies in Management's Discussion and Analysis of Financial Condition and Results of Operations in the 2015 Form 10-K and Note 2, Significant Accounting Policies, in the 2015 Form 10-K for further information.

Consolidation. In the normal course of business, the Company is the manager of various types of sponsored investment vehicles. The Company performs an analysis for investment products to determine if the product is a VIE or a VRE. Assessing whether an entity is a VIE or a VRE involves judgment and analysis. Factors considered in this assessment include the entity's legal organization, the entity's capital structure and equity ownership, and any related party or de facto agent implications of the Company's involvement with the entity. Investments that are determined to be VREs are consolidated if the Company can exert control over the financial and operating policies of the investee, which generally exists if there is greater than 50% voting interest. See Note 4, Consolidated Voting Right Entities, in the notes to the condensed consolidated financial statements for more information. Investments that are determined to be VIEs are consolidated if the Company is the primary beneficiary ("PB") of the entity.

At March 31, 2016, BlackRock was determined to be the PB for certain investment products that were determined to be VIEs, which required BlackRock to consolidate them. BlackRock was deemed to be the PB because it has the power to direct the activities that most significantly impact the entities' economic performance and has the obligation to absorb losses or the right to receive benefits that potentially could be significant to the VIE. See Note 5, Variable Interest Entities, in the notes to the condensed consolidated financial statements contained in the Part 1, Item 1 of this filing for more information.

Fair Value Measurements. The Company's assessment of the significance of a particular input to the fair value measurement according to the fair value hierarchy (i.e., Level 1, 2 and 3 inputs, as defined) in its entirety requires judgment and considers factors specific to the financial instrument. See Note 2, Significant Accounting Policies, in the condensed consolidated financial statements contained in Part I, Item 1 of this filing for more information on fair value measurements.

Investment Advisory Performance Fees / Carried Interest. The Company receives investment advisory performance fees or incentive allocations, from certain actively managed investment funds and certain separately managed accounts ("SMAs"). These performance fees are dependent upon exceeding specified relative or absolute investment return thresholds. Such fees are recorded upon completion of the measurement period, which varies by product or account, and could be monthly, quarterly, annually or longer.

In addition, the Company is allocated carried interest from certain alternative investment products upon exceeding performance thresholds. BlackRock may be required to reverse/return all, or part, of such carried interest allocations depending upon future performance of these funds. Therefore, BlackRock records carried interest subject to such clawback provisions in Total Investments, or cash/cash of consolidated VIEs to the extent that it is distributed, on its condensed consolidated statements of financial condition. Carried interest is recorded as performance fee revenue

upon the earlier of the termination of the investment fund or when the likelihood of clawback is considered mathematically improbable.

The Company records a deferred carried interest liability to the extent it receives cash or capital allocations related to carried interest prior to meeting the revenue recognition criteria. At March 31, 2016 and December 31, 2015, the Company had \$137 million and \$143 million, respectively, of deferred carried interest recorded in other liabilities/other liabilities of consolidated VIEs on the condensed consolidated statements of financial condition. A portion of the deferred carried interest liability will be paid to certain employees. The ultimate timing of the recognition of performance fee revenue, if any, for these products is unknown.

Edgar Filing: BlackRock Inc. - Form 10-Q

The following table presents changes in the deferred carried interest liability (including the portion related to consolidated VIEs) for the three months ended March 31, 2016 and 2015:

	Three Months Ended	
	March 31,	
(in millions)	2016	2015
Beginning balance	\$ 143	\$ 105
Net increase (decrease)	(6)	12
Performance fee revenue recognized	—	(2)
Ending balance	\$ 137	\$ 115

Recent Developments

In April 2016, the Company completed a transaction with BofA® Global Capital Management transferring investment management responsibilities of approximately \$80 billion of cash assets under management to the Company. The combined platform will provide clients with broader access to high quality, global liquidity investment solutions.

On May 3, 2016, the Company announced that it had entered into an agreement to sell its UK Defined Contribution Administration and Platform business to Aegon N.V. (“Aegon”). The Company will retain its role as the primary investment manager for the clients who will transfer to Aegon in connection with the transaction. The transaction is subject to customary closing conditions and a Part VII transfer of the underlying assets and liabilities to Aegon subject

to regulatory and court approval.

These transactions are not expected to be material to the Company’s condensed consolidated statements of financial condition or results of operations.

Accounting Developments

For accounting pronouncements that the Company adopted during the three months ended March 31, 2016 and for recent accounting pronouncements not yet adopted, see Note 2, Significant Accounting Policies, in the condensed consolidated financial statements contained in Part I, Item 1 of this filing.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

AUM Market Price Risk. BlackRock’s investment advisory and administration fees are primarily comprised of fees based on a percentage of the value of AUM and, in some cases, performance fees expressed as a percentage of the

returns realized on AUM. At March 31, 2016, the majority of the Company's investment advisory and administration fees were based on average or period end AUM of the applicable investment funds or separate accounts. Movements in equity market prices, interest rates/credit spreads, foreign exchange rates or all three could cause the value of AUM to decline, which would result in lower investment advisory and administration fees.

Corporate Investments Portfolio Risks. As a leading investment management firm, BlackRock devotes significant resources across all of its operations to identifying, measuring, monitoring, managing and analyzing market and operating risks, including the management and oversight of its own investment portfolio. The Board of Directors of the Company has adopted guidelines for the review of investments to be made by the Company, requiring, among other things, that investments be reviewed by certain senior officers of the Company, and that certain investments may be referred to the Audit Committee or the Board of Directors, depending on the circumstances, for approval.

In the normal course of its business, BlackRock is exposed to equity market price risk, interest rate/credit spread risk and foreign exchange rate risk associated with its corporate investments.

BlackRock has investments primarily in sponsored investment products that invest in a variety of asset classes, including real assets, private equity and hedge funds. Investments generally are made for co-investment purposes, to establish a performance track record, to hedge exposure to certain deferred compensation plans or for regulatory purposes. Currently, the Company has a seed capital hedging program in which it enters into swaps to hedge market and interest rate exposure to certain investments. At March 31, 2016, the Company had outstanding total return swaps and interest rate swaps with an aggregate notional value of approximately \$419 million and \$46 million, respectively.

At March 31, 2016, approximately \$1.9 billion of BlackRock's Total Investments were maintained in consolidated sponsored investment funds accounted for as VREs and VIEs. Excluding the impact of the Federal Reserve Bank stock, carried interest, investments made to hedge exposure to certain deferred compensation plans and certain investments that are hedged via the seed capital hedging program, the Company's economic exposure to its investment portfolio is \$1,562 million. See Balance Sheet Overview- Investments and Investments of Consolidated VIEs in Management's Discussion and Analysis of Financial Condition and Results of Operations for further information on the Company's Total Investments.

Equity Market Price Risk. At March 31, 2016, the Company's net exposure to equity market price risk in its investment portfolio was approximately \$619 million of the Company's total economic investment exposure. Investments subject to market price risk include private equity and real assets investments, hedge funds and funds of funds as well as mutual funds. The Company estimates that a hypothetical 10% adverse change in market prices would result in a decrease of approximately \$61.9 million in the carrying value of such investments.

Interest Rate/Credit Spread Risk. At March 31, 2016, the Company was exposed to interest-rate risk and credit spread risk as a result of approximately \$943 million of Total Investments in debt securities and sponsored investment products that invest primarily in debt securities. Management considered a hypothetical 100 basis point fluctuation in interest rates or credit spreads and estimates that the impact of such a fluctuation on these investments, in the aggregate, would result in a decrease, or increase, of approximately \$21.8 million in the carrying value of such investments.

Foreign Exchange Rate Risk. As discussed above, the Company invests in sponsored investment products that invest in a variety of asset classes. The carrying value of the total economic investment exposure denominated in foreign currencies, primarily the pound sterling and euro, was \$245 million at March 31, 2016. A 10% adverse change in the applicable foreign exchange rates would result in approximately a \$24.5 million decline in the carrying value of such investments.

Other Market Risks. The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange risk movements. At March 31, 2016, the Company had outstanding forward foreign currency exchange contracts with an aggregate notional value of approximately \$111 million.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. Under the direction of BlackRock's Chief Executive Officer and Chief Financial Officer, BlackRock evaluated the effectiveness of its disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this quarterly report on Form 10-Q. Based on this evaluation, BlackRock's Chief Executive Officer and Chief Financial Officer have concluded that BlackRock's disclosure controls and procedures were effective.

Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting that occurred during the quarter ended March 31, 2016 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain purported investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the U.S. District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and BlackRock International Limited (collectively, the "Defendants") under the caption In re BlackRock Mutual Funds Advisory Fee Litigation. The Consolidated Complaint, which purports to be brought derivatively on behalf of the Funds, alleges that the Defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On February 24, 2015, the same plaintiffs filed another complaint in the same court against BlackRock Investment Management, LLC and BlackRock Advisors, LLC. The allegations and legal claims in both complaints are substantially similar, with the new complaint purporting to challenge fees received by Defendants after the plaintiffs filed their prior complaint. Both complaints seek, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by Defendants in the twelve month period preceding the start of each lawsuit, along with purported lost investment returns on those amounts, plus interest. On March 25, 2015, Defendants' motion to dismiss the Consolidated Complaint was denied. The Defendants believe the claims in both lawsuits are without merit and intend to vigorously defend the actions.

Between November 12, 2015 and November 16, 2015, BlackRock, Inc., BlackRock Realty Advisors, Inc. ("BRA") and the BlackRock Granite Property Fund, Inc. ("Granite Fund"), along with certain other Granite Fund-related entities (collectively, the "BlackRock Parties") were named as defendants in thirteen separate lawsuits filed in the Superior Court of the State of California for the County of Alameda arising out of the June 16, 2015 collapse of a balcony at the Library Gardens apartment complex in Berkeley, California (the "Property"). The Property is indirectly owned by the Granite Fund, which is managed by BRA. The plaintiffs also named as defendants in the lawsuits Greystar, which is the property manager of the Property, and certain other entities, including the developer of the Property, building contractors and building materials suppliers. The plaintiffs allege, among other things, that the BlackRock Parties were negligent in their ownership, control and maintenance of the Property's balcony, and seek monetary, including punitive, damages. Additionally, on March 16, 2016, three former tenants of the Library Gardens apartment unit that experienced the balcony collapse sued the BlackRock Parties. The former tenants, who witnessed (but were not physically injured in) the accident make allegations virtually identical to those in the previously filed actions and claim that as a result of the collapse, they suffered unspecified emotional damage. Several defendants have also filed cross-complaints alleging a variety of claims, including claims against the BlackRock Parties for contribution, negligence, and declaratory relief. BlackRock believes the claims against it are without merit and intends to vigorously defend the actions.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended March 31, 2016, the Company made the following purchases of its common stock, which is registered pursuant to Section 12(b) of the Exchange Act.

			Total Number of	Maximum Number of
			Shares	Shares that May
			Purchased as	Yet Be
	Total Number	Average	Part of Publicly	Purchased Under
	of Shares	Price	Announced Plans	the Plans or
	Purchased	per Share	or Programs	Programs ⁽¹⁾
January 1, 2016 through January 31, 2016	840,706	(2) \$ 309.13	281,007	5,998,771
February 1, 2016 through February 29, 2016	909,958	(2) \$ 309.02	640,643	5,358,128
March 1, 2016 through March 31, 2016	66,135	(2) \$ 322.46	61,237	5,296,891
Total	1,816,799	\$ 309.56	982,887	

⁽¹⁾ In January 2015, the Board of Directors approved an increase in the availability of shares that may be repurchased under the Company's existing share repurchase program to allow for the repurchase of up to a total of 9.4 million additional shares of BlackRock common stock with no stated expiration date.

⁽²⁾ Includes purchases made by the Company primarily to satisfy income tax withholding obligations of employees and members of the Company's Board of Directors related to the vesting of certain restricted stock or restricted stock unit awards and purchases made by the Company as part of the publicly announced share repurchase program.
