Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to our Chief Executive Officer, Chief Financial Officer, principal accounting officer and controller and persons performing similar functions. The Code of Business Conduct and Ethics is posted on our website at <http://investor.lgihomes.com/governance.cfm>. ITEM 11. EXECUTIVE COMPENSATION

As an “emerging growth company,” we have opted to comply with the executive compensation disclosure rules applicable to “smaller reporting companies” as such term is defined in the rules promulgated under the Securities Act of 1933, as amended, which require compensation disclosure for our principal executive officer and the two most highly compensated executive officers other than our principal executive officer (referred throughout as our named executive officers).

Prior to our initial public offering (“IPO”) in November 2013, our board of directors performed a formal annual compensation review. Our Compensation Committee evaluated the performance of our chief executive officer and made recommendations with regard to his compensation to our board for approval. Our chief executive officer reviewed the performance of our executive officers, including the named executive officers (other than himself), with our Compensation Committee and made recommendations to our Compensation Committee with regard to each executive officer’s compensation (other than himself). Our Compensation Committee considered such recommendations and then made its own recommendations with regard to each executive officer’s compensation (other than the chief executive officer) to our board for approval.

Our Compensation Committee retained Meridian Compensation Partners, LLC (“Meridian”) to assist it in assessing the competitiveness of our executive compensation programs and aid in the transition of our compensation programs from a private company to a public company structure. During 2013, Meridian was engaged to:

- Provide advice on the Company’s executive pay philosophy;

- Provide data for the establishment of a peer group of companies as a reference source for assessing competitive compensation practices;

- Provide market data for the Compensation Committee to consider in assessing chief executive officer and other executive officer base salary, annual bonus opportunity, long-term incentive awards, benefits and severance protections;

- Provide market data for the Compensation Committee to consider in assessing director compensation practices; and

- Provide advice on the design of incentive compensation vehicles and other programs to meet the Company’s objectives.

Meridian does not provide any other services to us. Our Compensation Committee evaluated the independence of Meridian and concluded that no conflict would prevent Meridian from serving as an independent consultant to the committee.

Executive Compensation Program Elements

Effective January 1, 2014, our executive compensation program includes the following elements:

- Base Salary

- Annual Bonus

- Equity Incentive Plan

The Annual Bonus Plan (the “Bonus Plan”) was adopted by our board of directors as a subplan of the 2013 Equity Incentive Plan (the “2013 Plan”) and became effective immediately prior to our IPO for periods beginning after January 1, 2014. Under the Bonus Plan, the Compensation Committee determines the terms and conditions of awards and designates the executives who participate in the Bonus Plan. Payments under the Bonus Plan to executives are based on the level of achievement of performance goals during the applicable calendar year.

At the beginning of each performance period, the Compensation Committee establishes, at its discretion, the performance goal, the target award and the payout formula for each participant. At the end of each performance period, the Compensation Committee will certify the extent to which the performance goals applicable to each participant were satisfied. Payouts are intended to be made in cash, however, the Compensation Committee has the

discretion to convert the dollar award into a stock-based award, subject to applicable limits set forth in the 2013 Plan.

In addition, under the 2013 Plan the Compensation Committee may also establish, at its discretion, long-term incentive performance goals. Similar to annual performance goals, at the end of each performance period, the Compensation Committee will certify the extent to which the performance goal was satisfied.

The actual awards will be determined based on the level of performance, subject to annual individual participant limits set forth in the 2013 Plan of \$2,000,000 for cash awards; 500,000 shares for options and stock appreciation rights; and 300,000 shares for restricted stock, restricted stock units, performance shares, performance units and other stock-based awards and the Compensation Committee's unilateral discretion to eliminate or reduce any award that would otherwise be payable to a participant. Any payouts and awards under the 2013 Plan will be made shortly after receipt of our audited annual financial statements for the applicable period.

We maintain a tax-qualified defined contribution plan that covers all eligible employees who are over age 21. The plan permits employees to make pretax contributions and provides for discretionary employer matching contributions and profit sharing contributions. Employer contributions vest over five years.

Review and Approval of Transactions with Related Persons
