PROXY STATEMENT

Important notice regarding the availability of proxy materials. The proxy statement and proxy card are available to view or download at www.butlernational.com/proxy.htm

GENERAL

This proxy statement is furnished to our shareholders in connection with the solicitation of proxies by our Board of Directors to be voted at the Annual Meeting of Shareholders to be held on Tuesday, March 8, 2011, at 11:00 a.m., or any adjournment or adjournments thereof. The cost of this solicitation will be borne by us, Butler National Corporation (the "Company"). In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, facsimile, telegraph, email, or in person. We may also request banks and brokers to solicit their customers who have a beneficial interest in our Common Stock registered in the names of nominees and will reimburse such banks and brokers for their reasonable out-of-pocket expenses.

Any proxy may be revoked at any time before it is voted by written notice to the Secretary, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the Annual Meeting; but if not so revoked, the shares represented by such proxy will be voted. The mailing of this proxy statement to our shareholders commenced on or about January 21, 2011. Our corporate offices are located at 19920 W. 161st Street, Olathe, Kansas 66062 and our telephone number is (913) 780-9595.

We have outstanding only one class of Common Stock, par value \$0.01 per share ("Common Stock"). As of the record date, 57,035,021 shares were issued, of which 56,756,448 shares are outstanding and entitled to vote at the Annual Meeting. Each share is entitled to one vote. Shareholders may not cumulate votes in the election of directors. Only shareholders of record at the close of business on January 11, 2011, will be entitled to vote at the meeting. The presence in person or by proxy of the holders of 35% of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting of Shareholders constitutes a quorum for the transaction of business. The shares represented by the enclosed proxy will be voted if the proxy is properly signed and received prior to the meeting.

VOTING

Our Bylaws require that 35% of the votes of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting be present in person or represented by Proxy at the Annual Meeting in order to constitute a quorum for the transaction of business. Provided a quorum is present, the affirmative vote of a plurality of the votes cast by the holders of our Common Stock present in person or represented by Proxy at the Annual Meeting and entitled to vote on the subject matter is required for the election of directors and for the approval of the actions described herein. Votes that are cast against the proposals are counted both for purposes of determining the presence or absence of a quorum for the transaction of business and for purposes of determining the total number of votes cast on a given proposal. Abstentions will be counted for purposes of determining both the presence or absence of a quorum for the transaction of business and the total number of votes cast on a given proposal, and therefore will have the same effect as a vote against a given proposal. Broker non-votes (i.e., a proxy card returned by a holder on behalf of its beneficial owner that is not voted on a particular matter because voting instructions have not been received and the broker has no discretionary authority to vote) will be counted as present or represented for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of votes cast with respect to a particular proposal for which authorization to vote was withheld. Accordingly, broker non-votes will not be considered as votes cast and thus will not affect the outcome of

voting on a proposal.

SHAREHOLDER PROPOSALS

The proxy rules of the Securities and Exchange Commission permit shareholders of a company, after timely notice to the company, to present proposals for shareholder action in the company's proxy statements where such proposals are consistent with applicable law, pertain to matters appropriate for shareholder action and are not properly omitted by company action in accordance with the proxy rules.

The Butler National Corporation 2011 Annual Meeting of Shareholders is expected to be held on or about October 4, 2011, and proxy materials in connection with that meeting are expected to be mailed on or about August 30, 2011. Entry into a Material Definitive Agreement

On September 27, 2010, Butler National Corporation (the "Corporation") entered into a Stock Purchase Agreement (the "Agreement") with Gary Morris and David Hayden (collectively, the "Sellers"). Pursuant to the terms of the Agreement, the Corporation purchased from the Sellers all of the issued and outstanding shares of capital stock of Kings Avionics, Inc. ("Kings"), a full service avionics repair company, for a total purchase price of \$540,000 payable over two years. The Corporation also guaranteed the secured bank debt of Kings in the amount of \$630,324.

As part of the Agreement, the Sellers will provide transition services and technical assistance through August 31, 2012. In conjunction with the execution of the Agreement, the Corporation and Sellers entered into customary Confidentiality and Non-Compete Agreements that bind Sellers until two years after the transition period (through August 31, 2014).

Mr. Hayden is a director of the Corporation. Mr. Hayden is co-owner and President of Kings. Kings owns 131,956 shares of the Corporation's stock. Due to the related party nature of the transaction, the Corporation followed the review and approval process as outlined in the Corporation's Policies and Procedures manual. The Agreement and transaction contemplated thereby was unanimously approved by the Corporation's Board of Directors (with Mr. Hayden abstaining), including the Corporation's independent directors, Mr. Tamburelli and Mr. Hoffman.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the Agreement, which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

COMPENSATION DISCUSSION AND ANALYSIS:

Our compensation programs are designed to support our business goals and promote both short-term and long-term growth. This section of the proxy statement explains how our compensation programs are designed and operate in practice with respect to our listed officers. Our listed officers are the CEO, CFO, Vice President, and Chairman of the Board. There are only four executive officers of Butler National Corporation. The Executive Compensation section

presents compensation earned by the listed officers for fiscal years ending April 30, 2010, 2009 and 2008.

The Compensation Committee of the Board of Directors determines the compensation for Butler National executive officers. Our executive officers have the broadest job responsibilities and policy-making authority in the company. The Committee reviews and determines all components of executive officer compensation, including making individual compensation decisions and reviewing and revising the executive officer compensation plans, programs, and guidelines as appropriate. The Committee also consults with management regarding non-executive employee compensation programs.

Our Compensation Philosophy

The core element of our overall compensation philosophy is the alignment of pay and performance. Total compensation varies with individual performance and Butler National's performance in achieving financial and non-financial objectives. Our equity plans are designed to ensure that executive compensation is aligned with the long-term interests of our stockholders. The Committee and our management believe that compensation should help to recruit, retain, and motivate the employees that the company will depend on for current and future success. The Committee and our management also believe that the proportion of "at risk" compensation (variable cash compensation and equity) should rise as an employee's level of responsibility increases. This philosophy is reflected in the following key design priorities that govern compensation decisions:

- pay for performance
- employee recruitment, retention, and motivation
- cost management
- egalitarian treatment of employees
- alignment with stockholders' interests
- continued focus on corporate governance

Each element of compensation reflects one or more of these design priorities. In most cases, our employees, including executive officers, are employed at will, without employment agreements, severance payment arrangements (except as required by local law), or payment arrangements that would be triggered by a "change in control" of Butler National. Retirement plan programs are broad-based; Butler National does not provide special retirement plans or benefits solely for executive officers.

Total compensation for the majority of our employees including executive officers, includes two or more of the following components:

- base salary
- annual and semiannual incentive cash payments
- equity grants (no grants since fiscal 2003)
- employee stock purchase plan
- retirement benefits
- health and welfare benefits

The Compensation Committee and management continue to believe that a similar method of compensating all employees with cash, equity and retirement benefits supports a culture of fairness, collaboration, and egalitarianism.

Determining Executive Compensation

The Compensation Committee reviews and determines the compensation for Butler executive officers. The Compensation Committee process for determining compensation includes a review of Butler executive compensation and practices, and an analysis, for each Butler executive officer, of all elements of compensation. The Committee compares these compensation components separately and in total to compensation in the industry and each geographic location. In determining base salary the Compensation Committee reviews company and individual performance information.

Base Salary

The Compensation Committee establishes executive officers' base salaries at levels that it believes are reasonable for comparable positions. When the Committee determines the executive officers' base salaries during the first quarter of the year, the Committee takes into account each officer's role and level of responsibility at the company. In general, executive officers with the highest level and amount of responsibility have received the highest base salaries. In February 2010, the Committee increased base salaries for the listed officers based on the Compensation Committees review of the officers current performance and expected future contributions.

PAY COMPONENT	BRIEF DESCRIPTION
Base Salary	Described in detail in separate paragraph above titled Base Salary.
Annual and Semiannual Incentive Cash Payments	Paid as discretionary cash bonuses to individual employees for outstanding performance of a task.
Equity Grants	Since 2003 we have elected not to award equity grants.
Employee Stock Purchase Plan	Any employee may purchase the Company stock at the fair market value at the date of purchase without broker or issue fees. The stock is restricted and not considered a stock reward. We have the 1981 Employee Stock Purchase plan. No shares have been purchased under this plan since 1988.
Retirement Benefits	We pay the required federal and state retirement contributions, the required unemployment contributions and match the employee's contribution to their account in the Butler National Corporation 401(k) plan.
Health and Welfare Benefits	Employees electing to participate in the various insurance plans offered by the Company receive a payment for a share of the health, dental, vision and life insurance costs for the employee.

Material Adverse Effect of Compensation Policies and Procedures

The Compensation Committee regularly reviews the Company's compensation policies and practices, including the risks created by the Company's compensation plans. In addition, the Company also conducted a review of its compensation plans and related risks to the Company. The Company reviewed its analysis with the Compensation Committee, and the Compensation Committee concluded that the compensation plans reflected the appropriate compensation goals and philosophies. Based on this review and analysis, the Company has concluded that any risks arising from its employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Performance Measures and Decision-Making Process for Fiscal Year 2010

The Committee set base salaries for executive officers for 2010 in April 2009, with payment beginning in April 2009.

- The performance measures used by the Committee in determining executive compensation for fiscal year 2010 were:
- the absolute one-year and multi-year company performance as measured by market share, revenue growth, profit from

operations and total shareholder return;

- one-year and multi-year performance on the same measures as compared with competitors in the comparator group;
and

- Company progress toward its strategic goals.

To make its decisions on executive compensation, the Committee reviewed in detail each of the performance measures above and reviewed compensation market data. The Committee also reviewed the total compensation and benefits of the executive officers and considered the impact that their retirement, or termination under various other scenarios, would have on their compensation and benefits.

The CEO provided the entire board of directors with an assessment of his own performance with respect to the performance measures listed above, which the board considered in its assessment of his performance for fiscal year 2010. The CEO reviewed the performance of the other executive officers (except the Chairman) with the Committee and made recommendations regarding the components of their compensation.

Before making its compensation decisions, the Committee discussed levels of compensation for the Chairman, the CEO and the other executive officers with the full board of directors in an executive session.

Determination of CEO Compensation

In fiscal year 2010, Butler National Corporation reached projected levels of revenue, profit from operations, operating margin and operating cash flow.

With regard to progress toward strategic goals, Butler National Corporation improved its products and technology positions and strengthened its relationships with customers.

Taking into account Company performance, both absolute and relative to competition and the executive officers contribution to that performance, the Committee set its targeted compensation levels so as to be commensurate with that relative performance. The Committee made the following determinations for fiscal year 2010 with respect to each component of compensation for the CEO and his existing contract and the other executive officers:

Base Salary - In keeping with its strategy, the Committee base salary decisions for fiscal year 2010 were generally intended to provide salaries somewhat lower than the median level of salaries for similarly situated executives of the comparator companies.

Performance Bonus - In general, the Committee granted no annual performance awards

Long-Term Compensation - The Committee granted no equity compensation.

Compensation of the Chairman

Because Mr. Wagoner was among the four most highly compensated executive officers in the Company, SEC rules require disclosure of his compensation. In making the determinations, the Committee considered his role as Chairman, his contribution to the Company performance and strategic direction, and the compensation of employee-chairmen of comparator companies.

Report of the Compensation Committee

The Compensation Committee, which is composed of the Board of Directors, assists the Board in fulfilling its responsibilities with regard to compensation matters, and is responsible under its charter for determining the compensation of the Company's executive officers. The Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this proxy statement with management, including our CEO, Clark D. Stewart and our CFO, Angela D. Shinabargar. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" section be included in the Company's proxy statement.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS.

On April 30, 2001, the Company extended the Employment Agreement through August 31, 2006 with Clark D. Stewart under the terms of which Mr. Stewart was employed as the President and Chief Executive Officer of the Company. On February 24, 2009 the Company extended the Employment Agreement with Mr. Stewart with the terms as currently provided including annual increases of 5% through December 31, 2020. In the event Mr. Stewart is terminated from employment with the Company other than "for cause," Mr. Stewart shall receive as severance pay an amount equal to the unpaid salary for the remainder of the term of the Employment Agreement. Mr. Stewart is also granted an automobile allowance of \$600 per month which is reported by us as Salary Expense and to Mr. Stewart as wages. Under the terms of the Employment Agreement with Mr. Stewart, the Company is obligated to pay company related expenses and salary. Included in accrued liabilities are \$33,148 and \$99,057 as of April 30, 2010, and 2009 respectively for amounts owed to our CEO for accrued compensation.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors is comprised of Mr. Wagoner, Chairman of the Board, Mr. Stewart, CEO, President and Board member, and Mr. Hayden, Board member, Mr. Tamburelli (effective May 1, 2010) and Mr. Hoffman (effective June 9, 2010)

. The company does not employ the use of any compensation consultants in determining or recommending the amount or form of executive and director compensation.

In the normal course of business, we purchased modifications services and avionics of approximately \$88,142, \$74,442, and \$89,398 from a company partially owned by David Hayden, a director for the Company during fiscal 2010, 2009, and 2008 respectively.

COMPENSATION COMMITTEE REPORT

Performance Measures and Decision-Making Process for Fiscal Year 2010

The Committee set base salaries for executive officers for 2010 in April 2009, with payment beginning in April 2009.

- The performance measures used by the Committee in determining executive compensation for fiscal year 2010 were:
- the absolute one-year and multi-year company performance as measured by market share, revenue growth, profit from operations and total shareholder return;
- one-year and multi-year performance on the same measures as compared with competitors in the comparator group; and
- Company progress toward its strategic goals.

To make its decisions on executive compensation, the Committee reviewed in detail each of the performance measures above and reviewed compensation market data. The Committee also reviewed the total compensation and benefits of the executive officers and considered the impact that their retirement, or termination under various other scenarios, would have on their compensation and benefits.

The CEO provided the entire board of directors with an assessment of his own performance with respect to the performance measures listed above, which the board considered in its assessment of his performance for fiscal year 2008. The CEO reviewed the performance of the other executive officers (except the Chairman) with the Committee and made recommendations regarding the components of their compensation.

Before making its compensation decisions, the Committee discussed levels of compensation for the Chairman, the CEO and the other executive officers with the full board of directors in an executive session.

Determination of CEO Compensation

In fiscal year 2009, Butler National Corporation reached projected levels of revenue, profit from operations, operating margin and operating cash flow.

With regard to progress toward strategic goals, BNC improved its products and technology positions and strengthened its relationships with customers.

Taking into account Company performance, both absolute and relative to competition, and the executive officers contribution to that performance, the Committee set its targeted compensation levels so as to be commensurate with that relative performance. The Committee made the following determinations for fiscal year 2010 with respect to each component of compensation for the CEO and his existing contract and the other executive officers:

Base Salary - In keeping with its strategy, the Committee base salary decisions for fiscal year 2010 were generally intended to provide salaries somewhat lower than the median level of salaries for similarly situated executives of the comparator companies.

Performance Bonus - In general, the Committee granted no annual performance awards

Long-Term Compensation - The Committee granted no equity compensation.

Compensation of the Chairman

Because Mr. Wagoner was among the four most highly compensated executive officers in the Company, SEC rules require disclosure of his compensation. In making the determinations, the Committee considered his role as Chairman, his contribution to the Company performance and strategic direction, and the compensation of employee-chairmen of comparator companies.

Report of the Compensation Committee

The Compensation Committee, which is composed solely of independent members of the Board of Directors, assists the Board in fulfilling its responsibilities with regard to compensation matters, and is responsible under its charter for determining the compensation of the Company's executive officers. The Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this Annual Report on Form 10-K with management, including our CEO, Clark D. Stewart and our CFO, Angela D. Shinabargar. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" section be included in the Company's Annual Report on Form 10-K.

Compensation Committee: Mr. David B. Hayden, Mr. Clark D. Stewart, Mr. R. Warren Wagoner

Qualifications and Skills of Directors:

The Company believes that its Board as a whole should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of our businesses.

The Board of Directors identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experience. The Board of Directors seeks directors with strong reputations and experience in areas relevant to the strategy and operations of the Company's businesses, particularly industries and growth segments that the Company serves, such as avionics, aircraft modifications and gaming. Each of the Company's current Directors has experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management, and leadership development.

The Board of Directors also believes that each of the current Directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience, and thought; and the commitment to devote significant time and energy to service on the Board and its Committees.

Diversity as a Factor in Selection of Board Candidates: The board does not have a formal policy with respect to diversity. However, the Board believes that it is essential that the Board members represent diverse viewpoints, with a broad array of experiences, professions, skills and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of the Company's stockholders.

Board's Role in Risk Oversight and Board Leadership Structure: The Board has determined that the positions of

Chairman of the Board and Chief Executive Officer should be held by different persons. Under our corporate governance principles, the Chairman of the Board is responsible for coordinating the Board's activities, including scheduling of meetings of the full Board, scheduling executive sessions of the non-employee directors and setting relevant items on the agenda (in consultation with the Chief Executive Officer as necessary or appropriate). The Board believes this leadership structure enhances the Board's oversight of Company management, the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders, and our overall corporate governance.

The board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant board committees. These committees then provide reports to the full board. The oversight responsibility of the board and its committees is enabled by management reporting processes that are designed to provide visibility to the board about the identification, assessment, and management of critical risks. These areas of focus include strategic, operational, financial and reporting, succession and compensation, compliance, and other risks. The board and its committees oversee risks associated with their respective areas of responsibility, as summarized above.

AUDIT COMMITTEE REPORT

The current members of the Audit Committee are Mr. David B. Hayden, Mr. Bradley K. Hoffman, and Mr. Tad McMahon. Mr. Hoffman is an independent member under the Nasdaq listing standards. The Audit Committee met five times during fiscal year 2010, excluding actions by unanimous written consent.

Each member of the Audit Committee has experience or education in business or financial matters sufficient to provide him or her with a working familiarity with basic finance and accounting matters of the company.

The Audit committee is primarily concerned with the effectiveness of the Company accounting policies and practices, financial reporting and internal controls. The Audit Committee is authorized (i) to make recommendations to the Board of Directors regarding the engagement of the Company independent auditors, (ii) to review the plan, scope and results of the annual audit, the independent auditors' letter of comments and management response thereto, (iii) to approve all audit and non-audit services, (iv) to review the Company policies and procedures with respect to internal accounting and financial controls and (v) to review any changes in accounting policy.

Audit Committee Financial Expert

The Company's board of directors does not have an "audit committee financial expert," within the meaning of such phrase under applicable regulations of the Securities and Exchange Commission, serving on its audit committee. The board of directors believes that all members of its audit committee are financially literate and experienced in business matters, and that one or more members of the audit committee are capable of (i) understanding generally accepted accounting principles ("GAAP") and financial statements, (ii) assessing the general application of GAAP principles in connection with our accounting for estimates, accruals and reserves, (iii) analyzing and evaluating our financial statements, (iv) understanding our internal controls and procedures for financial reporting; and (v) understanding audit committee functions, all of which are attributes of an audit committee financial expert. However, the board of directors believes that there is not any audit committee member who has obtained these attributes through the experience specified in the SEC's definition of "audit committee financial expert." Further, like many small companies, it is difficult for the Company to attract and retain board members who qualify as "audit committee financial experts," and competition for these individuals is significant. The board believes that its current audit committee is able to fulfill its role under SEC regulations despite not having a designated "audit committee financial expert."

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Item No. 3)

The Company is providing its shareholders with the opportunity to cast an advisory vote on executive compensation as described below. The Company believes that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program.

The Company's goal for its executive compensation program is to attract, motivate and retain a talented, entrepreneurial and creative team of executives who will provide leadership for the Company's success in dynamic and competitive markets. The Company seeks to accomplish this goal in a way that rewards performance and is aligned with its shareholders' long-term interests. The Company believes that its executive compensation program, which emphasizes long-term equity awards, satisfies this goal and is strongly aligned with the long-term interests of its shareholders.

The Compensation Discussion and Analysis describes the Company's executive compensation program and the decisions made by the Compensation Committee in 2010 in more detail.

The Company believes the compensation program for the named executive officers is instrumental in helping the Company achieve its strong financial performance.

The Company requests shareholder approval of the compensation of the Company's named executive officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative disclosures that accompany the compensation tables).

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal and will continue to consider the outcome of the vote when making future compensation decisions for named executive officers.

Vote Required

Approval of Item No. 3 requires the affirmative vote of (i) a majority of the shares present or represented by proxy and voting at the Annual Meeting and (ii) a majority of the shares required to constitute the quorum. Proxies submitted without direction pursuant to this solicitation will be voted "FOR" the approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement.

Recommendation of the Board

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

**ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON
EXECUTIVE COMPENSATION**
(Item No. 4)

Pursuant to Section 14A of the 1934 Act, the Company is required to submit to stockholders an advisory vote as to whether the stockholder advisory vote to approve the compensation of its named executive officers -

Proposal No. 3 above - should occur every one, two or three years. You may cast your vote by choosing one year, two years or three years or you may abstain from voting when you vote for the resolution set forth below.

In formulating its recommendation, our board of directors considered that an annual (non-binding) advisory vote on executive compensation will allow our stockholders to provide us with direct and timely input on our compensation principles, policies and practices.

Accordingly, the following resolution is submitted for stockholder vote at the 2010 Annual Meeting:

"RESOLVED, that the highest number of votes cast by the stockholders of Butler National Corporation for the option set forth below shall be the preferred frequency with which the Company is to hold an advisory vote on the approval of the compensation of its named executive officers included in the proxy statement:

- yearly or
- every two years or
- every three years

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. However, as this is an advisory vote, the result will not be binding on our board of directors or the Company. Our Compensation Committee will consider the outcome of the vote when determining how often the Company should submit to stockholders an advisory vote to approve the compensation of its named executive officers included in the Company's proxy statement. Proxies submitted without direction pursuant to this solicitation will be voted for the option of "YEARLY".

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE OPTION OF "YEARLY" AS THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED AN ADVISORY VOTE ON THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS INCLUDED IN THE COMPANY'S PROXY STATEMENT.

OTHER MATTERS

Management knows of no other matters that will be presented at the meeting. If any other matter arises at the meeting, it is intended that the shares represented by the proxies in the accompanying form will be voted in accordance with the judgment of the persons named in the proxy.

Our Annual Report for fiscal year 2010 is enclosed. The 2010 Annual Report includes the Annual Report on Form 10-K containing our financial statements for the fiscal year ended April 30, 2010.

A copy of Form 10-K and the Annual Report as we have filed with the Securities and Exchange Commission, will be furnished without charge to any shareholder who requests it in writing to us at the address noted on the first page of this Statement.
