ITEM 7. FINANCIAL STATEMENTS AND EXHIBITS

(c) The following exhibit is furnished as part of this Form 8-K.

No.	Description
99.1	Press Release of Constellation Brands, Inc., dated July 1, 2003.

ITEM 9. REGULATION FD DISCLOSURE (ALSO BEING PROVIDED UNDER NEW ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION).

On July 1, 2003, Constellation Brands, Inc. (the "Company"), a Delaware corporation, issued a press release (the "earnings release"), a copy of which is

attached hereto as Exhibit 99.1 and is incorporated herein by reference. In the earnings release, the Company reported its financial results for the first quarter ended May 31, 2003.

The information in this Item 9 is furnished pursuant to Item 9 and Item 12 of this Form 8-K. Consequently, it is not deemed "filed" for the purposes of Section 18 of the Securities and Exchange Act of 1934, or otherwise subject to the liabilities of that section. It may only be incorporated by reference in another filing under the Exchange Act or Securities Act of 1933 if such subsequent filing specifically references this Form 8-K.

The earnings release contains non-GAAP financial measures; in the release these are referred to as "comparable" or "equivalent" measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a registrant's historical or future financial performance, financial position or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. In this regard, GAAP refers to generally accepted accounting principles in the United States. Pursuant to the requirements of Regulation G, the Company has provided reconciliations within the earnings release of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Comparable measures are provided because management uses this information in evaluating the results of the continuing operations of the Company and in internal goal setting. In addition, the Company believes this information provides investors a better insight on underlying business trends and results in order to evaluate year over year financial performance. As such, an increase in cost of goods sold resulting from the step up of inventory associated with the acquisition of BRL Hardy Limited (now known as Hardy Wine Company Limited) ("Hardy"), financing costs and the imputed interest charges associated with the Hardy acquisition, restructuring charges and a gain on change in fair value of derivative instruments are excluded from comparable results. Similarly, equivalent information including Hardy sales information in the year ago period set forth in the earnings release for the first quarter ended May 31, 2003 provides investors with a better basis for year over year comparison.
