Item 7.01. Regulation FD Disclosure

On November 3, 2015, during a conference call to announce Frontier's third quarter results, Frontier provided preliminary estimates of revenue and operating expense (as adjusted to exclude depreciation and amortization, acquisition and integration costs, non-cash pension and OPEB costs and severance costs) for the fourth quarter of 2015. Frontier estimated that total revenue would be approximately equal to the amount recognized in the third quarter, including an estimated increase in switched access and subsidy revenue of approximately \$10 million in the fourth quarter. Further, Frontier provided a range of estimated operating expense, as adjusted, of \$815 million to \$820 million for the fourth quarter of 2015 (assuming no major storm activity) as compared to \$836 million in the third quarter of 2015.

The preceding information shall be deemed to be furnished, not filed, and shall not be incorporated by reference into any other filing with the Securities and Exchange Commission.
