Report Of Independent Accountants

To the Participants and Administrator
of the Savings Plan for Employees of
American Water Works Company, Inc.
and Its Designated Subsidiaries

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Savings Plan for Employees of American Water Works Company, Inc. and Its Designated Subsidiaries (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) and of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Savings Plan for Employees of American Water Works Company, Inc. and Its Designated Subsidiaries (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Edgar Filing: AMERICAN WATER WORKS CO INC - Form 11-K

The Plan is a defined contribution 401(k) savings plan covering most full and part-time employees of American Water Works Company, Inc. and its designated subsidiary companies (the "Company"). Eligible participants who are not included in a bargaining unit may enroll as soon as administratively possible. Effective July 1, 2001, eligible participants who are included in a bargaining unit may enroll as soon as administratively possible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

During 2000 and through June 30, 2001, participants could contribute 15% of their annual compensation. The Company matched 50% of the first 4% of these contributions. Effective July 1, 2001, the maximum contribution rate was increased to 20%, and the Company began matching 50% of the first 5% of participant contributions. All Company matching contributions are invested in American Water Works Company, Inc. common stock. Contributions are subject to certain limitations.

Participant Accounts

With the exception of the Company's contributions to the Plan, each participant may elect to have their contributions invested in any of the investment options offered by the Plan in multiples of 1%. The Plan provides for a diversification option that permits participants at age 50 to move assets attributable to Company matching contributions to any of the Plan's investment options. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant contributions or account balances, as defined in the Plan. Benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Form 11-K

Page 10

Vesting

Prior to July 1, 2001, the Plan allowed for immediate 100% vesting of participant and Company contributions and earnings thereon, of all participants who are not included in a bargaining unit. Effective July 1, 2001, the Plan allows for immediate 100% vesting of the account balances of all participants who are included in a bargaining unit.

Payment of Benefits

Participants may, upon attaining 59 1/2 years of age, elect to withdraw all or a portion of the value of their account. Upon termination of service for any reason, participants may elect to withdraw the value of their account, roll that account value over into a qualified plan or individual retirement account or defer this distribution until age 65. In all cases, unless earlier withdrawn, participants will receive the balance in their account upon the earlier of attaining age 65 if not then working for the Company, retirement after reaching age 65, death or total disability. Participants hired before July 1, 1999 may elect to receive a lump sum amount equal to the value of their account, an annuity, or a combination of both. Participants hired (or employed via a future acquisition and not covered by a prorated optional form of benefit) on or after July 1, 1999 may only receive a lump sum distribution. The Plan permits withdrawals on after-tax and rollover contributions at any time

Edgar Filing: AMERICAN WATER WORKS CO INC - Form 11-K

without restrictions.

Forfeitures

Upon termination of employment, any unvested portion of an employee's account shall be placed in a suspense account for a period of five years, at which time amounts held in suspense are forfeited. Forfeitures are used to reduce employer contributions. Amounts held in suspense for the year ended December 31, 2001 were \$5,624.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis and Presentation

The Plan's financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires

Form 11-K

Page 11

management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results could differ from those estimates.

Valuation of Investments

Plan investments are stated at fair value. The Company stock is valued at its quoted market price on the valuation date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Collective income funds are valued by the fund sponsor based on quoted market prices of the underlying investments.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Matching Company contributions are recorded in the same period.

Payment of Benefits

Participants' benefits are recognized in the Plan financial statements when

Edgar Filing: AMERICAN WATER WORKS CO INC - Form 11-K

paid.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets.

NOTE 5 - PARTICIPANT LOANS

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their contributions to the Plan including earnings thereon. Loans are generally for

Edgar Filing: AMERICAN WATER WORKS CO INC - Form 11-K

a period not to exceed five years, payable in equal monthly installments, secured by the balance in the participant's account, and bear interest at a rate of prime plus 1%. Interest rates on loans outstanding ranged from 6% to 10.5% and 8.25% to 10.75% for the years ended December 31, 2001 and 2000, respectively. The maximum personal residence loan term is fifteen years for new loans, and prepayment of loans is permitted. Principal and interest is paid ratably through payroll deductions.

NOTE 6 - HARDSHIP WITHDRAWALS

Participants may withdraw all or part of their pre-tax contributions (excluding earnings) only under certain hardship conditions. A hardship withdrawal can only be requested after withdrawal of all rollover contributions and any loans available under the Plan have been obtained. Hardship withdrawals cannot be returned to the Plan and contributions cannot be made to the Plan for 12 months after a hardship withdrawal has been made.

The Plan permits withdrawals on after-tax and rollover contributions at any time without restrictions.

NOTE 7 - ADMINISTRATIVE EXPENSES

Although it has no obligation to do so, the Company paid substantially all administrative expenses of the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 14, 2002, that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and are, therefore, not subject to tax under present income tax law. The Plan has

Form 11-K

Page 15

been amended since receipt of the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. In addition, management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 10 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of collective income funds managed by Merrill Lynch Trust Company. Merrill Lynch Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan is interpreted and administered by a Retirement Plan Committee comprised of five members of management of American Water Works Company.
