The Great Atlantic & Pacific Tea Company, Inc.
Notes to Consolidated Financial Statements
(Dollars in thousands, except share and per share amounts)

1. Basis of Presentation

The accompanying Consolidated Statements of Operations and Consolidated Statements of Cash Flows of The Great Atlantic & Pacific Tea Company, Inc. ("We," "Our," "Us" or "Our Company") for the 16 weeks ended June 19, 2004 and June 14, 2003, and the Consolidated Balance Sheets at June 19, 2004 and February 28, 2004, are unaudited and, in the opinion of management, contain all adjustments that are of a normal and recurring nature necessary to present fairly the financial position and results of operations for such periods. The accompanying consolidated financial statements also include the impact of adopting Interpretation No. 46 ("FIN 46-R"), "Consolidation of Variable Interest Entities - an interpretation of 'Accounting Research Bulletin No. 51'", EITF Issue No. 03-10, "Application of EITF Issue No. 02-16, Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor, by Resellers to Sales Incentives Offered to Consumers by Manufacturers" ("EITF 03-10") and the change in our method of valuing certain of our inventories from the last-in, first-out ("LIFO") method to the first-in, first-out ("FIFO") method during the first quarter of fiscal 2004. The consolidated financial statements should be read in conjunction with the consolidated financial

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

statements and related notes contained in our Fiscal 2003 Annual Report on Form 10-K. Interim results are not necessarily indicative of results for a full year.

The consolidated financial statements include the accounts of our Company, all majority-owned subsidiaries, and franchise operations. Significant intercompany accounts and transactions have been eliminated. Certain reclassifications have been made to prior year amounts to conform to current year presentation.

2. Impact of New Accounting Pronouncements

In December 2003, the Financial Accounting Standards Board ("FASB") issued SFAS 132 R, "Employer's Disclosure about Pensions and Other Postretirement Benefits" ("SFAS 132 R"). SFAS 132 R requires new annual disclosures about the type of plan assets, investments strategy, measurement date, plan obligations, and cash flows as well as the components of the net periodic benefit cost recognized in interim periods. The new annual disclosure requirements apply to fiscal years ending after December 15, 2003, except for the disclosure of expected future benefit payments, which must be disclosed for fiscal years ending after June 15, 2004. Interim period disclosures are generally effective for interim periods beginning after December 15, 2003. We have included the disclosures required by SFAS 132 R, including expected future benefit payments, in our consolidated financial statements for the year ended February 28, 2004. We have also included all newly required interim period disclosures for the quarter ending June 19, 2004 in Note 7 - Retirement Plans and Benefits.

In December 2003, the United States enacted into law the Medicare Prescription Drug Improvement and Modernization Act of 2003 (the "Act"). The Act establishes a prescription drug benefit under Medicare, known as "Medicare Part D," and a Federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. In May 2004, the FASB issued FASB Staff Position No. 106-2, "Accounting and Disclosure Requirements Related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003" ("FAS 106-2"). We have elected to defer the accounting for the effects of the Act, as permitted by FAS 106-2. Therefore, in accordance with FAS 106-2, our consolidated financial statements and accompanying notes do not reflect the favorable effects of the Act on the plans, the magnitude of which has not yet been determined. Specific authoritative guidance on the accounting for the federal subsidy is pending, and that guidance, when issued, could require our Company to change previously reported information.

Refer to Note 3 - Restatement and Changes in Accounting regarding the impact of adoption of FIN 46-R and EITF 03-10 in our consolidated financial statements.

3. Restatement and Changes in Accounting

FIN 46-R

In December 2003, the FASB issued revised Interpretation No. 46, "Consolidation of Variable Interest Entities - an interpretation of `Accounting Research Bulletin No. 51'". FIN 46-R addresses the consolidation of entities whose equity holders have either (a) not provided sufficient equity at risk to allow the entity to finance its own activities or (b) do not possess certain characteristics of a controlling financial interest. FIN 46-R requires the consolidation of these entities, known as variable interest entities ("VIE's"), by the primary beneficiary of the entity. The primary beneficiary is the entity, if any, that is subject to a majority of the risk of loss from the VIE's activities, is entitled to receive a majority of the VIE's residual returns, or

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

both. FIN 46-R applies immediately to variable interests in VIE's created or obtained after January 31, 2003. For variable interests in a VIE created before February 1, 2003, FIN 46-R applies to VIE's no later than the end of the first reporting period ending after March 15, 2004 (the quarter ending June 19, 2004 for our Company).

As of June 19, 2004, we served 66 franchised stores. These franchisees are required to purchase inventory from our Company, which acts as a wholesaler to the franchisees. We had sales to these franchised stores of \$254 million and \$251 million for the first quarter of fiscal years 2004 and 2003, respectively. In addition, we sublease the stores and lease the equipment in the stores to the franchisees. We also provide merchandising, advertising, bookkeeping and other consultative services to the franchisees for which we receive a fee, which primarily represents the reimbursement of costs incurred to provide such services. Based upon the new criteria for consolidation of VIE's, we have determined that all of our franchised stores do not have sufficient equity at risk to allow them to finance their own activities. Thus, these franchisees are VIE's of which, under FIN 46-R, we are deemed the primary beneficiary and accordingly have included them in our consolidated financial statements as of February 23, 2003. As permitted by FIN 46-R, our Company elected to restate prior year's consolidated financial statements for the impact of adopting this interpretation for comparability purposes.

Prior to February 23, 2003, we held as assets inventory notes collateralized by the inventory in the stores and equipment lease receivables collateralized by the equipment in the stores. The current portion of the inventory notes and equipment leases, net of allowance for doubtful accounts, had been included in "Accounts receivable" on our Consolidated Balance Sheets, while the long-term portion of the inventory notes and equipment leases had been included in "Other assets" on our Consolidated Balance Sheets. The repayment of these inventory notes and equipment leases had been dependent upon positive operating results of the stores. To the extent that the franchisees incurred operating losses, we had established an allowance for doubtful accounts. We assessed the sufficiency of the allowance on a store by store basis based upon the operating results and the related collateral underlying the amounts due from the franchisees. In the event of default by a franchisee, we reserved the option to reacquire the inventory and equipment at the store and operate the franchise as a corporate owned store.

The cumulative effect adjustment of \$8.0 million primarily represents the difference between consolidating these entities as of February 23, 2003 and the allowance for doubtful accounts that was provided for these franchises at that date.

Also refer to Note 10 - Commitments and Contingencies regarding our pending class action lawsuit relating to our Canadian franchise business.

EITF 03-10

In November 2003, the Emerging Issues Task Force confirmed as a consensus EITF Issue No. 03-10, "Application of EITF Issue No. 02-16, Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor, by Resellers to Sales Incentives Offered to Consumers by Manufacturers". The provisions of EITF 03-10 became effective for our Company in the first quarter of fiscal 2004. EITF 03-10 provides guidance for the reporting of vendor consideration received by a reseller as it relates to manufacturers' incentives, such as rebates or coupons, tendered by consumers. Vendor incentives should be included in revenues only if defined criteria are met. As such, our Company will continue to record as part of revenues manufacturers' coupons that can be presented at any retailer that accepts coupons. However, in the case of vendor

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

incentives that can only be redeemed at a Company retail store, such consideration would be recorded as a decrease in cost of sales. As permitted by the transition provisions of EITF 03-10, we have reclassified prior year's sales and cost of sales for comparative purposes in this report. Implementation of EITF 03-10 has no effect on gross margin dollars, net income or cash flows, but certain vendor coupons or rebates that had been recorded in sales in the past are currently being recognized as a reduction of cost of sales. The implementation of EITF 03-10 has resulted in decreases in both sales and cost of sales of \$15.3 million in the first quarter of fiscal 2004 and \$14.7 million in the first quarter of fiscal 2003.

Inventory

At February 28, 2004, approximately 6% of our inventories, relating to all merchandise sold in our Waldbaums and Farmer Jack banners, that were acquired during the past two decades, were valued at the lower of cost or market using the LIFO method. During the first quarter of fiscal 2004, we changed our method of valuing these inventories from the LIFO method to the FIFO method. We believe that the new method is preferable because the FIFO method produces an inventory value on our Consolidated Balance Sheets that better approximates current costs. In addition, under FIFO, the flow of costs is generally more consistent with our physical flow of goods. The adoption of the FIFO method will enhance comparability of our financial statements by conforming all of our inventories to the same accounting method. Our Company applied this change by retroactively restating our consolidated financial statements as required by Accounting Principles Board Opinion No. 20, "Accounting Changes," which resulted in an increase to retained earnings as of February 23, 2003 of approximately \$17.5 million.

Overall Impact

The following tables reflect the impact of the adoption of FIN 46-R, including the impact of all elimination entries relating to the consolidation of the franchisees, EITF 03-10, and the change in our method of valuing certain of our inventories from the LIFO method to the FIFO method on our Consolidated Statements of Operations and Consolidated Balance Sheets for the periods presented. Note that the adoption of EITF 03-10 only impacts our Consolidated Statements of Operations. Furthermore, the change in our method of valuing certain of our inventories impacts our Consolidated Balance Sheets and had a \$0 impact on our Consolidated Statement of Operations for the 16 weeks ended June 14, 2003.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

4. Income Taxes

The income tax provision recorded for the 16 weeks ended June 19, 2004 and June 14, 2003 reflects our estimated expected annual tax rates applied to our respective domestic and foreign financial results.

SFAS No. 109 "Accounting for Income Taxes" ("SFAS 109") requires that a valuation allowance be created and offset against a net deferred tax asset if, based on existing facts and circumstances, it is more likely than not that some portion or all of the deferred tax asset will not be realized. Based upon our continued assessment of the realization of our U.S. net deferred tax asset and our historic cumulative losses, and in particular, the significant increase in U.S. operating losses during the second quarter of fiscal 2002, we concluded that it was appropriate to establish a full valuation allowance for our U.S. net deferred tax asset. For the 16 weeks ended June 19, 2004, the valuation allowance was increased by \$20.5 million. To the extent that our U.S. operations generate taxable income in future periods, we will reverse the income tax valuation allowance. In future periods, U.S. earnings or losses will not be tax effected until such time as the certainty of future tax benefits can be reasonably assured.

Further, in accordance with SFAS 109, income from discontinued operations can be tax effected under certain circumstances. As a result, we taxed the income from discontinued operations for the first quarter ended June 14, 2003 at our effective tax rate. The tax provision for discontinued operations of \$22.9 million for the first quarter ended June 14, 2003 was completely offset by a tax benefit from continuing operations.

For the first quarter of fiscal 2004, our effective income tax rate provision of 15.1% increased from the effective income tax rate benefit of (41.0%) in the first quarter of fiscal 2003 as follows:

	16 weeks ended			
	June 19, 2004		June 14, 2003	
	Tax	Effective Tax Rate	Tax	Effective Tax Rate
United States	\$(1,380)	3.8%	\$22,024	(62.9%)
Canada	(4,078)	11.3%	(7,666)	21.9%
	-----	-----	-----	-----
	\$(5,458)	15.1%	\$14,358	(41.0%)
	=====	=====	=====	=====

The increase in our effective tax rate was primarily due to the absence of a tax benefit recognized from the loss on continuing operations. As discussed above, \$22.9 million of benefit was recognized in the first quarter of fiscal 2003 as compared to the first quarter of fiscal 2004, where no benefit was recognized. The remaining provisions included in the U.S. of \$1.4 million and \$0.9 million for the first quarters of fiscal 2004 and 2003, respectively, represent state and local taxes. Partially offsetting the increase was the impact of the lower mix of Canadian income from continuing operations as a percentage of our Company's loss from continuing operations in the first quarter of fiscal 2004 as compared to the first quarter of fiscal 2003.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

We had a net current deferred tax asset which is included in "Prepaid expenses and other current assets" on our Consolidated Balance Sheet totaling \$0.3 million and a net non-current deferred tax liability which is included in "Other non-current liabilities" on our Consolidated Balance Sheet totaling \$14.9 million at June 19, 2004, relating to our Canadian operations.

5. Discontinued Operations

In February 2003, we announced the sale of a portion of our non-core assets, including nine of our stores in northern New England and seven stores in Madison, Wisconsin. In March 2003, we entered into an agreement to sell an additional eight stores in northern New England.

Also, during fiscal 2003, we adopted a formal plan to exit the Milwaukee, Wisconsin market, where 23 of our remaining 24 Kohl's stores were located, as well as our Eight O'Clock Coffee business, through the sale and/or disposal of these assets.

Upon the decision to sell these businesses, we applied the provisions of Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144") to these properties held for sale. SFAS 144 requires properties held for sale to be classified as a current asset and valued on an asset-by-asset basis at the lower of carrying amount or fair value less costs to sell. In applying those provisions, we considered, where available, the binding sale agreements related to these properties as an estimate of the assets' fair value. As a result of the adoption of SFAS 144, \$22.1 million in net property was reclassified as held for sale as of February 22, 2003, and included in "Prepaid expenses and other current assets" on our Consolidated Balance Sheets. Of this amount, \$12.4 million related to northern New England locations and \$9.7 million related to Kohl's locations. These assets were no longer depreciated after this date.

We have accounted for all of these separate business components as discontinued operations in accordance with SFAS 144. In determining whether a store or group of stores qualifies as discontinued operations treatment, we include only those stores for which (i.) the operations and cash flows will be eliminated from our ongoing operations as a result of the disposal and (ii.) we will not have any significant continuing involvement in the operations of the stores after the disposal. In making this determination, we consider the geographic location of the stores. If the operations and cash flows of stores to be disposed of are replaced by other operations and cash flows of stores in the same geographic district, we would not include the stores as discontinued operations.

Amounts in the financial statements and related notes for all periods shown have been reclassified to reflect the discontinued operations. Summarized below are the operating results for these discontinued businesses, which are included in our Consolidated Statements of Operations, under the caption "Loss from operations of discontinued businesses, net of tax" for the 16 weeks ended June 19, 2004 and June 14, 2003 and the results of disposing these businesses which were included in "Gain on disposal of discontinued operations, net of tax" on our Consolidated Statements of Operations for the 16 weeks ended June 14, 2003.

Northern New England

As previously stated, as part of our strategic plan we decided to exit the northern New England market by closing and/or selling 21 stores in that region in order to focus on our core geographic markets. As a result of these sales, we generated proceeds of \$117.5 million, resulting in a gain of \$77.8 million (\$49.8 million after tax). This gain was included in "Gain on disposal of discontinued operations, net of tax" on our Consolidated Statements of Operations for the 16 weeks ended June 14, 2003. Included in these amounts were occupancy related costs for locations not sold of \$4.0 million, severance and related costs of \$2.7 million, non-accruable closing costs of \$3.2 million and a gain of \$1.6 million from inventory disposals. During the first quarter of fiscal 2004, we incurred additional costs to wind down our operations in this region subsequent to the sale of these stores of \$0.4 million primarily related to additional severance costs which were included in "Loss from operations of discontinued businesses, net of tax" on our Consolidated Statements of Operations.

The following table summarizes the reserve activity during fiscal 2003 and the first quarter of 2004 related to the exit of the northern New England market:

Occupancy	Severance and Benefits	Total
-----	-----	-----

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Fiscal 2003 charge (1)	\$ 3,993	\$ 2,670	\$ 6,663
Additions (1)	6	-	6
Utilization (2)	(3,547)	(2,612)	(6,159)
	-----	-----	-----
Balance at February 28, 2004	\$ 452	\$ 58	\$ 510
Additions (1)	3	326	329
Utilization (2)	(22)	(383)	(405)
	-----	-----	-----
Balance at June 19, 2004	\$ 433	\$ 1	\$ 434
	=====	=====	=====

- (1) The fiscal 2003 charge to occupancy consists of \$4.0 million related to expected future occupancy costs such as rent, common area maintenance and real estate taxes. The additions to occupancy for both periods presented represent the interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. The fiscal 2003 charge to severance and benefits of \$2.7 million related to severance to be paid to employees terminated as a result of our exit from the northern New England market. The first quarter of fiscal 2004 charge to severance and benefits of \$0.3 million related to additional severance required to be paid to employees terminated in accordance with a union contract as a result of our exit from the northern New England market.
- (2) Occupancy utilization represents payments made during those periods for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance and benefits utilization represents payments made to terminated employees during the period.

We paid \$3.6 million of the total occupancy charges from the time of the original charge through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$3.0 million of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 300 employees. The remaining occupancy liability of \$0.4 million relates to expected future payments under long term leases and is expected to be paid out in full by 2007. The remaining severance liability relates to expected future payments for severance and benefits to individual employees and will be fully paid out by mid-2004.

At June 19, 2004 and February 28, 2004, \$0.2 million and \$0.3 million, respectively, of the northern New England exit reserves was included in "Other accruals" and \$0.2 million and \$0.2 million, respectively, was included in "Other non-current liabilities" on our Consolidated Balance Sheets. We have evaluated the liability balance of \$0.4 million as of June 19, 2004 based upon current available information and have concluded that it is adequate. We will continue to monitor the status of the vacant properties and adjustments to the reserve balance may be recorded in the future, if necessary.

Kohl's Market
Madison

As previously stated, as part of our strategic plan we decided to exit the Kohl's-Madison market by selling 7 stores and closing 1 store in that region in order to focus on our core geographic markets. As a result of this sale, we

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

generated proceeds of \$20.1 million, resulting in a gain of \$3.6 million (\$2.3 million after tax). This gain was included in "Gain on disposal of discontinued operations, net of tax" on our Consolidated Statements of Operations for the 16 weeks ended June 14, 2003. Included in these amounts were occupancy related costs for locations not sold of \$0.3 million, severance and related costs of \$0.8 million, non-accruable closing costs of \$2.8 million and a loss of \$1.3 million from inventory disposals.

Milwaukee

As previously stated, we adopted a formal plan to exit the Kohl's-Milwaukee market, where 23 of our remaining 24 Kohl's stores were located, by closing and/or selling these locations. Upon our initial decision to exit the Kohl's stores located in Milwaukee, Wisconsin, we estimated the assets' fair market value using a probability weighted average approach based upon expected proceeds and recorded impairment losses on the property at the remaining Kohl's locations of \$15.2 million. Further, we participate in various multi-employer union pension plans, which are administered jointly by management and union representatives and in which most full-time and certain part-time union employees who are not covered by our other pension plans participate. The decision to close our Kohl's stores and terminate our participation in these plans triggered our Company's liability for our unfunded vested benefits or other expenses under these jointly administered union/management plans. As a result, we recorded expense for these plans of approximately \$4.0 million for the 16 weeks ended June 14, 2003. These amounts, as well as the tax benefit of \$7.8 million are included in "Loss from operations of discontinued businesses, net of tax" in our Consolidated Statements of Operations for the 16 weeks ended June 14, 2003.

The following table summarizes the reserve activity during fiscal 2003 and the 16 weeks ended June 19, 2004 related to the exit of the Kohl's market:

	Occupancy	Severance and Benefits	Total
	-----	-----	-----
Fiscal 2003 charge (1)	\$ 25,487	\$ 13,062	\$ 38,549
Additions (2)	352	-	352
Utilization (3)	(5,342)	(8,228)	(13,570)
Adjustments (4)	(1,458)	-	(1,458)
	-----	-----	-----
Balance at February 28, 2004	\$ 19,039	\$ 4,834	\$ 23,873
Additions (2)	224	-	224
Utilization (3)	(1,396)	(969)	(2,365)
	-----	-----	-----
Balance at June 19, 2004	\$ 17,867	\$ 3,865	\$ 21,732
	=====	=====	=====

- (1) The fiscal 2003 charge to occupancy consists of \$25.5 million related to future occupancy costs such as rent, common area maintenance and real estate taxes, which was recorded subsequent to the first quarter of fiscal 2003. The fiscal 2003 charge to severance and benefits of

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

\$13.1 million related to severance costs of \$6.6 million and costs for future obligations for early withdrawal from multi-employer union pension plans and a health and welfare plan of \$6.5 million, of which \$4.0 million was recorded in the first quarter of fiscal 2003.

- (2) The fiscal 2003 and the first quarter of fiscal 2004 additions to occupancy of \$0.3 million and \$0.2 million, respectively, relate to interest accretion on future occupancy costs which were recorded at present value at the time of the original charge.
- (3) Occupancy utilization represents vacancy related payments for closed locations such as rent, common area maintenance, real estate taxes and lease termination payments. Severance and benefits utilization represents payments made to terminated employees during the period and payments for pension withdrawal.
- (4) At each balance sheet date, we assess the adequacy of the balance to determine if any adjustments are required as a result of changes in circumstances and/or estimates. During fiscal 2003, we recorded net adjustments of \$1.5 million primarily related to reversals of previously accrued vacancy related costs due to favorable results of terminating and subleasing certain locations of \$4.5 million offset by additional vacancy accruals of \$3.0 million.

We paid \$6.7 million of the total occupancy charges from the time of the original charge through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$9.2 million of the total severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 2000 employees. The remaining occupancy liability of \$17.9 million relates to expected future payments under long term leases and is expected to be paid out in full by 2020. The remaining severance liability of \$3.9 million relates to future obligations for early withdrawal from multi-employer union pension plans, and individual severance payments, which will be paid by mid-2006.

At June 19, 2004 and February 28, 2004, \$8.1 million and \$4.8 million, respectively, of the Kohl's exit reserves was included in "Other accruals" and \$13.6 million and \$19.1 million, respectively, was included in "Other non-current liabilities" on our Consolidated Balance Sheets. We have evaluated the liability balance of \$21.7 million as of June 19, 2004 based upon current available information and have concluded that it is adequate. We will continue to monitor the status of the vacant properties and adjustments to the reserve balance may be recorded in the future, if necessary.

Eight O'Clock Coffee

During the 16 weeks ended June 14, 2003, we were in the process of selling our Eight O'Clock Coffee business. As a result of this decision, we included certain professional services costs amounting to \$1.1 million, the operating profits of this business of \$6.9 million and the tax provision of \$2.1 million in "Loss from operations of discontinued businesses, net of tax" on our Consolidated Statements of Operations for the 16 weeks ended June 14, 2003.

Additional costs incurred to wind down our operations in this business subsequent to the sale of \$0.6 million were included in "Loss from operations of discontinued businesses, net of tax" on our Consolidated Statements of Operations for 16 weeks ended June 19, 2004.

6. Asset Disposition Initiative

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Overview

In fiscal 1998 and 1999, we announced a plan to close two warehouse facilities and a coffee plant in the U.S., a bakery plant in Canada and 166 stores including the exit of the Richmond, Virginia and Atlanta, Georgia markets (Project Great Renewal). In addition, during the third quarter of fiscal 2001, we announced that certain underperforming operations, including 39 stores (30 in the United States and 9 in Canada) and 3 warehouses (2 in the United States and 1 in Canada) would be closed and/or sold, and certain administrative streamlining would take place (2001 Asset Disposition). During the fourth quarter of fiscal 2003, we announced an initiative to close 6 stores and convert 13 stores to our Food Basics banner in the Detroit, Michigan and Toledo, Ohio markets (Farmer Jack Restructuring).

Presented below is a reconciliation of the charges recorded on our Consolidated Balance Sheets, Consolidated Statements of Operations and Consolidated Statements of Cash Flows for the 16 weeks ended June 19, 2004 and June 14, 2003. Present value ("PV") interest represents interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. Non-accruable items represent charges related to the restructuring that are required to be expensed as incurred in accordance with SFAS 146 "Accounting for Costs Associated with Exit or Disposal Activities".

Project Great Renewal

In May 1998, we initiated an assessment of our business operations in order to identify the factors that were impacting our performance. As a result of this assessment, in fiscal 1998 and 1999, we announced a plan to close two warehouse facilities and a coffee plant in the U.S., a bakery plant in Canada and 166 stores (156 in the United States and 10 in Canada) including the exit of the Richmond, Virginia and Atlanta, Georgia markets. As of June 19, 2004, we had closed all stores and facilities related to this phase of the initiative.

The following table summarizes the activity related to this phase of the initiative over the last three fiscal years:

	Occupancy			Severance and Benefits			U.S.
	U.S.	Canada	Total	U.S.	Canada	Total	
Balance at							
February 24, 2001	\$ 82,189	\$ 672	\$ 82,861	\$ 2,721	\$ -	\$ 2,721	\$ 84,9

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

June 19, 2004	\$ 30,317	\$ 420	\$ 30,737	\$ 2,095	\$ -	\$ 2,095	\$ 32,4
	=====	=====	=====	=====	=====	=====	=====

- (1) The additions to store occupancy of \$3.8 million, \$3.2 million and \$2.6 million during fiscal 2001, 2002 and 2003, respectively, and \$0.6 million during the 16 weeks ended June 19, 2004 represent the interest accretion on future occupancy costs which were recorded at present value at the time of the original charge.
- (2) Occupancy utilization of \$23.3 million, \$13.6 million and \$20.0 million for fiscal 2001, 2002 and 2003, respectively, and \$1.8 million during the 16 weeks ended June 19, 2004 represents payments made during those periods for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of \$0.5 million, \$0.4 million and \$0.3 million for fiscal 2001, 2002 and 2003, respectively, and \$0.1 million during the 16 weeks ended June 19, 2004 represents payments to individuals for severance and benefits, as well as payments to pension funds for early withdrawal from multi-employer union pension plans.
- (3) At each balance sheet date, we assess the adequacy of the balance to determine if any adjustments are required as a result of changes in circumstances and/or estimates. We have continued to make favorable progress in marketing and subleasing the closed stores. As a result, during fiscal 2002, we recorded a reduction of \$3.6 million in occupancy accruals related to this phase of the initiative. Further, we increased our reserve for future minimum pension liabilities by \$0.6 million to better reflect expected future payouts under certain collective bargaining agreements.

We paid \$94.5 million of the total occupancy charges from the time of the original charges through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$29.5 million of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 3,400 employees. The remaining occupancy liability of \$30.7 million relates to expected future payments under long term leases and is expected to be paid in full by 2020. The remaining severance liability of \$2.1 million primarily relates to expected future payments for early withdrawals from multi-employer union pension plans and will be fully paid out in 2020.

None of these stores were open during either of the first quarters of fiscal 2003 or 2004. As such, there was no impact on the Statements of Consolidated Operations from the 166 stores included in this phase of the initiative.

At both June 19, 2004 and February 28, 2004, approximately \$6.2 million of the reserve was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on the Company's Consolidated Balance Sheets.

Based upon current available information, we evaluated the reserve balances as of June 19, 2004 of \$32.8 million for this phase of the asset disposition initiative and have concluded that they are adequate to cover expected future costs. The Company will continue to monitor the status of the vacant properties and adjustments to the reserve balances may be recorded in the future, if necessary.

2001 Asset Disposition

During the third quarter of fiscal 2001, the Company's Board of Directors approved a plan resulting from our review of the performance and potential of each of the Company's businesses and individual stores. At the conclusion of

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

this review, our Company determined that certain underperforming operations, including 39 stores (30 in the United States and 9 in Canada) and 3 warehouses (2 in the United States and 1 in Canada) should be closed and/or sold, and certain administrative streamlining should take place. As of June 19, 2004, we had closed all stores and facilities related to this phase of the initiative.

The following table summarizes the activity related to this phase of the initiative recorded on the Consolidated Balance Sheets since the announcement of the charge in November 2001:

	Occupancy			Severance and Benefits			U.S.
	U.S.	Canada	Total	U.S.	Canada	Total	
Original charge	\$ 78,488	\$ 1,968	\$ 80,456	\$ 15,688	\$ 7,747	\$ 23,435	\$ 94,1

Balance at							
June 19, 2004	\$ 38,685	\$ 368	\$ 39,053	\$ 2,275	\$ 1	\$ 2,276	\$ 40,9

(1) The additions to store occupancy of \$1.7 million, \$4.1 million and \$2.9 million during fiscal 2001, 2002 and 2003, respectively, and \$0.8 million during the 16 weeks ended June 19, 2004 represent the interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. The addition to severance of \$3.5 million during fiscal 2002 related to retention and productivity incentives that were accrued as earned.

(2) Occupancy utilization of \$1.8 million, \$20.4 million and \$11.0 million during fiscal 2001, 2002 and 2003, respectively, and \$1.7 million during the 16 weeks ended June 19, 2004 represent payments made during those periods for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

\$2.9 million, \$19.5 million and \$3.5 million during fiscal 2001, 2002 and 2003, respectively, and \$0.1 million during the 16 weeks ended June 19, 2004 represent payments made to terminated employees during the period.

(3) At each balance sheet date, we assess the adequacy of the reserve balance to determine if any adjustments are required as a result of changes in circumstances and/or estimates. Under Ontario provincial law, employees to be terminated as part of a mass termination are entitled to receive compensation, either worked or paid as severance, for a set period of time after the official notice date. Since such closures took place later than originally expected, less time remained in the aforementioned guarantee period. As a result, during fiscal 2001, we recorded an adjustment to severance and benefits of \$0.6 million related to a reduction in the severance payments required to be made to certain store employees in Canada. Further, during fiscal 2002, we recorded adjustments of \$10.2 million related to reversals of previously accrued occupancy related costs due to the following:

- o Favorable results of assigning leases at certain locations of \$3.6 million;
- o The decision to continue to operate one of the stores previously identified for closure due to changes in the competitive environment in the market in which that store is located of \$3.3 million; and
- o The decision to proceed with development at a site that we had chosen to abandon at the time of the original charge due to changes in the competitive environment in the market in which that site is located of \$3.3 million.

During fiscal 2003, we recorded net adjustments of \$5.8 million related to reversals of previously accrued occupancy costs due to favorable results of subleasing, assigning and terminating leases. We also accrued \$1.6 million for additional severance and benefit costs that were unforeseen at the time of the original charge.

We paid \$34.8 million (\$32.1 million in the U.S. and \$2.7 million in Canada) of the total occupancy charges from the time of the original charges through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$25.9 million (\$16.9 million in the U.S. and \$9.0 million in Canada) of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 1,100 employees. The remaining occupancy liability of \$39.1 million primarily relates to expected future payments under long term leases through 2017. The remaining severance liability of \$2.3 million relates to expected future payments for severance and benefits payments to individual employees and will be fully paid out by 2006.

At June 19, 2004 and February 28, 2004 approximately \$11.8 million and \$11.6 million of the reserve, respectively, was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on the Company's Consolidated Balance Sheets.

Included in the Statements of Consolidated Operations for the first quarters of fiscal 2004 and 2003 are the sales and operating results of the 39 stores that were identified for closure as part of this asset disposition. The results of these operations are as follows:

	June 19, 2004 -----	June 14, 2003 -----
Sales	\$ -	\$ 316

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

	=====	=====
Operating loss	\$ -	\$ (72)
	=====	=====

Based upon current available information, we evaluated the reserve balances as of June 19, 2004 of \$41.3 million for this phase of the asset disposition initiative and have concluded that they are adequate to cover expected future costs. The Company will continue to monitor the status of the vacant properties and adjustments to the reserve balances may be recorded in the future, if necessary.

Farmer Jack Restructuring

As previously stated, during the fourth quarter of fiscal 2003, we announced an initiative to close 6 stores and convert 13 stores to our Food Basics banner in the Detroit, Michigan and Toledo, Ohio markets. In addition to the charge of \$37.7 million related to the last phase of this initiative (\$2.2 million in "Cost of merchandise sold" and \$35.5 million in "Store operating, general and administrative expense" in our Consolidated Statement of Operations for fiscal 2003), we recorded costs in the first quarter of fiscal 2004 of \$1.1 million (\$0.3 million in "Cost of merchandise sold" and \$0.8 million in "Store operating, general and administrative expense") as follows:

	16 Weeks Ended June 19, 2004	53 Weeks Ended February 28, 2004
	-----	-----
Occupancy related	\$ -	\$ 20,999
Severance and benefits	-	8,930
Property writeoffs	90	4,129
Nonaccruable closing costs	680	1,449
Inventory markdowns	291	2,244
	-----	-----
Total charges	\$ 1,061	\$ 37,751
	=====	=====

As of June 19, 2004, we had closed all 6 stores and successfully completed the conversions related to this phase of the initiative. The following table summarizes the activity to date related to the charges recorded for the aforementioned initiatives all of which were in the U.S. The table does not include property writeoffs as they are not part of any reserves maintained on the balance sheet. It also does not include non-accruable closing costs and inventory markdowns since they are expensed as incurred in accordance with generally accepted accounting principles.

	Occupancy	Severance and Benefits	Total
	-----	-----	-----
Original charge (1)	\$ 20,999	\$ 8,930	\$ 29,929
Addition (1)	56	-	56
Utilization (2)	(1,093)	(4,111)	(5,204)
	-----	-----	-----
Balance at February 28, 2004	\$ 19,962	\$ 4,819	\$ 24,781
Addition (1)	222	-	222

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Utilization (2)	(2,356)	(4,157)	(6,513)
	-----	-----	-----
Balance at			
June 19, 2004	\$ 17,828	\$ 662	\$ 18,490
	=====	=====	=====

- (1) The original charge to occupancy during fiscal 2003 represents charges related to closures and conversions in the Detroit, Michigan market of \$21.0 million. The additions to occupancy during fiscal 2003 and the 16 weeks ended June 19, 2004 represent interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. The original charge to severance during fiscal 2003 of \$8.9 million related to individual severings as a result of the store closures, as well as a voluntary termination plan initiated in the Detroit, Michigan market.
- (2) Occupancy utilization of \$1.1 million and \$2.4 million during fiscal 2003 and the 16 weeks ended June 19, 2004, respectively, represents payments made for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of \$4.1 million and \$4.2 million during fiscal 2003 and the 16 weeks ended June 19, 2004, respectively, represent payments made to terminated employees during the period.

We paid \$3.4 million of the total occupancy charges from the time of the original charge through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$8.3 million of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 300 employees. The remaining occupancy liability of \$17.8 million relates to expected future payments under long term leases and is expected to be paid out in full by 2014. The remaining severance liability of \$0.7 million relates to expected future payments for severance and benefits to individual employees and will be fully paid out by mid-2005.

Included in the Statements of Consolidated Operations for the first quarters of fiscal 2004 and 2003 are the sales and operating results of the 6 stores that were identified for closure as part of this phase of the initiative. The results of these operations are as follows:

	16 Weeks Ended	
	June 19, 2004	June 14, 2003
	-----	-----
Sales	\$ 2,433	\$ 16,966
	=====	=====
Operating loss	\$ (43)	\$ (2,479)
	=====	=====

At June 19, 2004 and February 28, 2004, approximately \$2.9 million and \$9.0 million, respectively, of the liability was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on our Consolidated Balance Sheets.

We have evaluated the liability balance of \$18.5 million as of June 19, 2004 based upon current available information and have concluded that it is adequate. We will continue to monitor the status of the vacant properties and adjustments to the reserve balance may be recorded in the future, if necessary.

7. Retirement Plans and Benefits

Defined Benefit Plans

We provide retirement benefits to certain non-union and union employees under various defined benefit plans. Our defined benefit pension plans are non-contributory and benefits under these plans are generally determined based upon years of service and, for salaried employees, compensation. We fund these plans in amounts consistent with the statutory funding requirements. The components of net pension cost were as follows:

	For the 16 Weeks End		
	June 19, 2004		
	U.S.	Canada	U.
Service cost	\$ 1,115	\$ 2,573	\$
Interest cost	2,617	3,848	2
Expected return on plan assets	(3,043)	(4,979)	(6
Amortization of unrecognized net transition asset	(4)	-	
Amortization of unrecognized net prior service cost	29	143	
Amortization of unrecognized net (gain) loss	(40)	565	3
Administrative expenses and other	-	81	
	-----	-----	-----
Net pension cost	\$ 674	\$ 2,231	\$
	=====	=====	=====

Contributions

We previously disclosed in our consolidated financial statements for the year ended February 28, 2004, that we expected to contribute \$2.0 million in cash to our defined benefit plans in fiscal 2004. As of June 19, 2004, these contributions have not been made; however, we continue to expect to contribute this amount during fiscal 2004.

Postretirement Benefits

We provide postretirement health care and life benefits to certain union and non-union employees. We recognize the cost of providing postretirement benefits during employees' active service periods. The components of net postretirement benefits (income) cost are as follows:

For the 16 Weeks End

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

	June 19, 2004		U
	U.S.	Canada	
Service cost	\$ 88	\$ 72	\$
Interest cost	391	197	
Prior service cost	(414)	(156)	
Amortization of gain	(84)	105	
Net postretirement benefits (income) cost	\$ (19)	\$ 218	\$

8. Stock Based Compensation

We apply the intrinsic value-based method of accounting prescribed by Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" ("APB 25") with pro forma disclosure of compensation expense, net income or loss and earnings per share as if the fair value based method prescribed by SFAS 123, "Accounting for Stock-Based Compensation" ("SFAS 123") and SFAS 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS 148") had been applied.

Had compensation cost for our stock options been determined based on the fair value at the grant dates for awards under those plans consistent with the fair value methods prescribed by SFAS 123 and SFAS 148, our net (loss) income and net (loss) income per share would have been reduced to the pro forma amounts indicated below:

	16 Weeks	
	June 19, 2004	
Net (loss) income, as reported:	\$	(42,846)
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects		(1,287)
Pro forma net (loss) income	\$	(44,133)
Net (loss) income per share - basic:		
As reported	\$	(1.11)
Pro forma	\$	(1.15)

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Net income (loss) per share - diluted:	
As reported	\$ (1.11)
Pro forma	\$ (1.15)

The pro forma effect on net income and net income per share may not be representative of the pro forma effect in future years because it includes compensation cost on a straight-line basis over the vesting periods of the grants.

The fair value of the option grants was estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions:

	16 Weeks
	----- June 19, 2004 -----
Expected life	7 years
Volatility	53%
Dividend yield range	0%
Risk-free interest rate range	3.20%-3.38%

9. Operating Segments

Operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. Our chief operating decision maker is our Chairman of the Board, President and Chief Executive Officer.

We currently operate in two reportable segments: United States and Canada. The segments are comprised of retail supermarkets in the United States and Canada. The accounting policies for the segments are the same as those described in the summary of significant accounting policies included in our Fiscal 2003 Annual Report. We measure segment performance based upon income (loss) from operations.

Interim information on segments is as follows:

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

10. Commitments and Contingencies

In April 2002, three Canadian Food Basics franchisees commenced a breach of contract action in a Canadian court against The Great Atlantic & Pacific Company of Canada, Limited ("A&P Canada") as representative plaintiffs for a purported

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

class of approximately 70 current and former Canadian Food Basics franchisees. The lawsuit seeks unspecified damages in connection with A&P Canada's alleged

failure to distribute to the franchisees the full amount of vendor allowances and/or rebates to which the franchisees claim they are entitled under the operative franchise agreements. A&P Canada disputes the plaintiff-franchisees' claim and has filed a counterclaim seeking to recover subsidies made by it to the plaintiffs. The lawsuit was certified as a class action in December 2002. A majority of the class members have opted out of the proceeding. A&P Canada's appeal of the class certification order was dismissed and the Company is seeking leave to file a further appeal. This suit is scheduled for trial in October 2004 and the range of potential loss cannot be determined at this time.

On June 5, 2002, a purported securities class action Complaint was filed in the United States District Court for the District of New Jersey against our Company and certain of our officers and directors in an action captioned Brody v. The Great Atlantic & Pacific Tea Co., Inc., No. 02 CV 2674 (FSH). The Brody lawsuit and four subsequently-filed related lawsuits were consolidated into a single lawsuit captioned In re The Great Atlantic & Pacific Tea Company, Inc. Securities Litigation, No. 02 CV 2674 (FSH) (the "Class Action Lawsuit"). On December 2, 2002, plaintiffs filed their Consolidated Amended Class Action Complaint (the "Complaint"), which alleged claims under Sections 10(b) (and Rule 10b-5 promulgated thereunder) and 20(a) of the Securities Exchange Act of 1934 arising out of our Company's July 5, 2002 filing of restated financial statements for fiscal 1999, fiscal 2000 and the first three quarters of fiscal 2001. The Complaint in the Class Action Lawsuit sought unspecified money damages, costs and expenses. On January 17, 2003, defendants filed a motion seeking to dismiss the Complaint. In an Opinion & Order entered September 18, 2003, the District Court dismissed plaintiffs' Complaint without prejudice. After declining to file a Second Amended Complaint, plaintiffs appealed the District Court's dismissal of their Complaint to the United States Court of Appeals for the Third Circuit. After briefing and oral argument, the Third Circuit, in an Opinion dated July 9, 2004, affirmed the District Court's dismissal of the Complaint.

We are subject to various other legal proceedings and claims, either asserted or unasserted, which arise in the ordinary course of business. We are also subject to certain environmental claims. While the outcome of these claims cannot be predicted with certainty, Management does not believe that the outcome of any of these legal matters will have a material adverse effect on our consolidated results of operations, financial position or cash flows.

ITEM 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

INTRODUCTION

This Management's Discussion and Analysis describes matters considered by Management to be significant to understanding the financial position, results of operations and liquidity of our Company, including a discussion of the results of continuing operations as well as liquidity and capital resources. These items are presented as follows:

- o Basis of Presentation - a discussion of our Company's results during the first quarter of fiscal 2004.
- o Overview - a general description of our business; the value drivers of our business; measurements; opportunities; challenges and risks; and initiatives.
- o Outlook - a discussion of certain trends or business initiatives for the remainder of fiscal 2004 that Management wishes to share with the reader to assist in understanding the business.
- o Results of Continuing Operations and Liquidity and Capital Resources -- a discussion of the following:
 - Results for the 16 weeks ended June 19, 2004 compared to the 16 weeks ended June 14, 2003;
 - Our Company's Asset Disposition Initiative; and
 - Current and expected future liquidity.
- o Critical Accounting Estimates -- a discussion of significant estimates made by Management.

BASIS OF PRESENTATION

The accompanying consolidated financial statements of The Great Atlantic & Pacific Tea Company, Inc. for the 16 weeks ended June 19, 2004 and June 14, 2003 are unaudited and, in the opinion of management, contain all adjustments that are of a normal and recurring nature necessary to present fairly the financial position and results of operations for such periods. The accompanying consolidated financial statements also include the impact of adopting FIN 46-R, EITF 03-10, and the change in our method of valuing certain of our inventories from the LIFO method to the FIFO method during the first quarter of fiscal 2004. The consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes contained in our Fiscal 2003 Annual Report on Form 10-K. Interim results are not necessarily indicative of results for a full year.

The consolidated financial statements include the accounts of our Company, all majority-owned subsidiaries, and franchise operations.

OVERVIEW

The Great Atlantic & Pacific Tea Company, Inc., based in Montvale, New Jersey, operates conventional supermarkets, combination food and drug stores and discount food stores in 10 U.S. states, the District of Columbia, and Ontario, Canada.

Our Company's business consists of retail grocery operations, which include 628 directly managed stores and 66 franchised stores as of June 19, 2004. Operations are managed by two strategic business units ("SBUs") within the Company, A&P U.S. and A&P Canada, which are supported by central corporate functions. The chief executives of both SBUs, and the executives leading corporate functions, report directly to the Chairman of the Board, President & Chief Executive Officer of our Company.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

- o A&P U.S., based in Paterson, New Jersey, oversees all operations in the United States. Our conventional operations include the A&P, Waldbaum's and Food Emporium banners, which serve Metro New York; Super Fresh, which serves Philadelphia and Baltimore; Farmer Jack, which serves the greater Detroit area; and Sav-A-Center, which serves the New Orleans area. We also operate the Food Basics discount banner in several of our areas. The stores are supported by eight regional distribution centers located in the various markets in which we operate.
- o A&P Canada, based in Toronto, Ontario, oversees operations across Ontario, with stores operating under the A&P, Dominion, Food Basics, Ultra Food & Drug and The Barn Market banners. A&P Canada also serves as a franchisor to certain Food Basics stores in Ontario. The stores are supported by four distribution centers.

Our first quarter performance was consistent with our recent trend, with total comparable store sales running slightly positive, and operating income relatively stable on a year-over-year basis.

Our first quarter objective was the continuation of progress behind the existing strategic direction; namely to continue improving our Company's financial condition; rebuilding our U.S. business, and strengthening our profitable Canadian operations.

In the U.S., the revitalization of our mainstream supermarket operations continued, as the result of improved operating fundamentals, strong cost management, disciplined promotional spending, and the initial introduction of new programs to enhance our fresh food offering. Positive results were achieved in all of our regional banner operations, in terms of comparable store sales relative to major competitors, and improving bottom line trends.

A significant development was our Company's opportunistic acquisition of four quality store locations in Louisiana from Albertsons, which has decided to exit the market. We reopened three Sav-A-Centers in early July; the fourth is scheduled to open in August. This store base enhancement was driven by Sav-A-Center's improved operations and results, and by our Company's renewed ability to invest when such opportunities arise.

The first quarter was also significant for our developing discount business in the U.S. The extensive refinement of our Food Basics banner in fiscal 2003 resulted in the acceleration of sales in our 11 Northeastern locations; and in the first quarter of this year, the expansion of Food Basics to the Midwest with 11 units in Michigan and three in Toledo, Ohio. We continue to fine-tune our Food Basics merchandising and operations, and hope to identify suitable locations throughout our operating territory.

A&P Canada posted another solid and profitable performance in the first quarter, achieving renewed sales growth in our mainstream supermarkets in and around Toronto. Those operations reflect the ongoing development of our fresh food marketing approach, and new and remodeled Dominion stores in the Toronto marketplace reflect those enhancements.

On the discount side, our well-established Canadian Food Basics operations has been challenged by increased discount competition in many areas of Ontario, a development spurred last year by the economic impact of the SARS and Mad Cow Disease incidents in Canada. Our Canadian leadership is further sharpening the no-frills, low-price impact of our Food Basic operations to meet those challenges, and to continue to complement our mainstream fresh stores.

On the financial side, we continue to believe we can manage our debt level and

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

that we have sufficient cash availability. During the quarter, we completed a sale-leaseback of Company property that resulted in proceeds of \$7 million to the Company, and expect to complete additional sale-leaseback transactions later in the fiscal year.

Although we have budgeted increased capital expenditures for fiscal 2004, we continue to manage spending closely, in alignment with ongoing results and other environmental factors. We maintained our commitment to cost reduction and control throughout our administration and operations, continuing to make progress in administrative expenses, labor productivity, occupancy, advertising and supplies. We continually seek opportunities to remove unnecessary expense in those and other areas, without detriment to the quality of our store operations and customer service.

OUTLOOK

We believe the necessary internal elements are in place to maintain our pattern of improvement in the second quarter. However, we remain conservative in our expectations in light of the continued competitive nature of our markets, as well as uncertainty about the impact of economic and market factors on our eventual results.

Although recently improving employment and job creation statistics are good long term signs for the economy and business, we do not anticipate increased food-at-home spending to immediately materialize as a result.

In addition, the recent and persistent price inflation within such important food product categories as dairy and fresh meat and poultry may pose challenges for our industry. In a competitive environment in which the ability to include cost increases in retail pricing is not always assured, sales and in particular gross margin performance could be affected should such conditions continue.

Despite such variables, our Company key focal points and objectives for the fiscal 2004 second quarter remain intact, as follows:

- o In the U.S., continue to strengthen our conventional banner operations behind improved marketing, merchandising and store operations; and maximize the impact and results of our expanded Food Basics operations;
- o In Canada, enhance our strong operating and market position, and further develop our distinct retail banners; and
- o Centrally, continue to maintain liquidity with focus on cash flow generation, efficient support operations and expense control.

While we believe that we have opportunities for profit improvement, various uncertainties and other factors could cause us to fail to achieve these goals. These include, among others, the following:

- o Actions of competitors could adversely affect our sales and future profits. The grocery retailing industry continues to experience fierce competition from other food retailers, supercenters, mass merchandiser clubs, warehouse stores, drug stores and restaurants. Our continued success is dependent upon our ability to compete in this industry and to reduce operating expenses, including managing health care and pension costs contained in our collective bargaining agreements. The competitive practices and pricing in the food industry generally and particularly in our principal markets may cause us to reduce our prices in order to gain or

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

maintain share of sales, thus reducing margins.

- o Changes in the general business and economic conditions in our operating regions, including the rate of inflation, population growth, the nature and extent of continued consolidation in the food industry and employment and job growth in the markets in which we operate, may affect our ability to hire and train qualified employees to operate our stores. This would negatively affect earnings and sales growth. General economic changes may also affect the shopping habits and buying patterns of our customers, which could affect sales and earnings. We have assumed economic and competitive situations will not change significantly for the balance of fiscal 2004 and will not worsen in fiscal 2005 and 2006. However, we cannot fully foresee the effects of changes in economic conditions, inflation, population growth, customer shopping habits and the consolidation of the food industry on A&P's business.
- o Our capital expenditures could differ from our estimate if we are unsuccessful in acquiring suitable sites for new stores, if development and remodel costs vary from those budgeted, or if changes in financial markets negatively affect our cost of capital or our ability to access capital.
- o Our ability to achieve our profit goals will be affected by (i) our success in executing category management and purchasing programs that we have underway, which are designed to improve our gross margins and reduce product costs while making our product selection more attractive to consumers, (ii) our ability to achieve productivity improvements and shrink reduction in our stores, (iii) our success in generating efficiencies in our distribution centers and our administrative offices, and (iv) our ability to eliminate or maintain a minimum level of supply and/or quality control problems with our vendors
- o The vast majority of our employees are members of labor unions. While we believe that our relationships with union leaderships and our employees are satisfactory, we operate under collective bargaining agreements which periodically must be renegotiated. In fiscal 2004, we have several contracts expiring and under negotiation. In each of these negotiations rising health care and pension costs will be an important issue, as will the nature and structure of work rules. We are hopeful, but cannot be certain, that we can reach satisfactory agreements without work stoppages in these markets. However, the actual terms of the renegotiated collective bargaining agreements, our future relationships with our employees and/or a prolonged work stoppage affecting a substantial number of stores could have a material effect on our results.
- o The amount of contributions made to our pension and multi-employer plans will be affected by the performance of investments made by the plans as well as the extent to which trustees of the plans reduce the costs of future service benefits.
- o We have estimated our exposure to claims, administrative proceedings and litigation arising in the normal course of business and believe we have made adequate provisions for them, where appropriate. Unexpected outcomes in both the costs and effects of these matters could result in an adverse effect on our earnings.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Other factors and assumptions not identified above could also cause actual results to differ materially from those set forth in the forward-looking information. Accordingly, actual events and results may vary significantly from those included in or contemplated or implied by forward-looking statements made by us or our representatives.

RESULTS OF CONTINUING OPERATIONS AND LIQUIDITY AND CAPITAL RESOURCES

Our consolidated financial information presents the income related to our operations of discontinued businesses separate from the results of our continuing operations. The discussion and analysis that follows focus on continuing operations.

16 WEEKS ENDED JUNE 19, 2004 COMPARED TO THE 16 WEEKS ENDED JUNE 14, 2003

OVERALL

Sales for the first quarter of fiscal 2004 were \$3.3 billion, compared with \$3.2 billion in the first quarter of fiscal 2003; comparable store sales, which includes stores that have been in operation for two full fiscal years and replacement stores, increased 1.0%. Net loss per share - basic for the first quarter of fiscal 2004 was \$1.11 compared to net income per share - basic & diluted of \$0.31 for the first quarter of fiscal 2003.

	16 Weeks Ended June 19, 2004	16 Weeks Ended June 14, 2003	Favora (Unfavor)
	-----	-----	-----
Sales	\$ 3,286.2	\$ 3,228.5	\$ 5

NM = not meaningful

Included in our results for the first quarter ended June 19, 2004 was a \$1.1 million charge (\$0.03 per share) relating to our Farmer Jack restructuring program as described in Note 6 of our Consolidated Financial Statements.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

SALES

Sales for the first quarter of fiscal 2004 of \$3,286.2 million increased \$57.7 million or 1.8% from sales of \$3,228.5 million for first quarter of fiscal 2003. The higher sales were due to an increase in Canadian sales of \$69.7 million partially offset by a decrease in U.S. sales of \$12.0 million. The increase in Canadian sales was primarily due to the favorable impact of the Canadian exchange rate. The following table presents sales for each of our operating segments for the first quarter of fiscal 2004 and the first quarter of fiscal 2003:

	16 Weeks Ended June 19, 2004	16 Weeks Ended June 14, 2003	(Decrease) In
	-----	-----	-----
United States	\$ 2,235.6	\$ 2,247.6	\$ (12.0)
Canada	1,050.6	980.9	69.7
	-----	-----	-----
Total	\$ 3,286.2	\$ 3,228.5	\$ 57.7
	=====	=====	=====

The following details the dollar impact of several items affecting the increase in sales by operating segment from the first quarter of fiscal 2003 to the first quarter of fiscal 2004:

	Impact of New Stores	Impact of Closed Stores	Foreign Exchange Rate	Comparabl Store Sales
	-----	-----	-----	-----
United States	\$ 28.3	\$ (52.9)	\$ -	\$ 12.6
Canada	101.2	(81.8)	58.0	(7.7)
	-----	-----	-----	-----
Total	\$ 129.5	\$ (134.7)	\$ 58.0	\$ 4.9
	=====	=====	=====	=====

The decrease in U.S. sales was primarily attributable to the closing of 27 stores since the beginning of fiscal 2003, of which 4 were closed in the first quarter of fiscal 2004, decreasing sales by \$52.9 million. This decrease was partially offset by the opening of 19 new stores since the beginning of fiscal 2003, of which 9 were opened in the first quarter of fiscal 2004, increasing sales by \$28.3 million, and the increase in comparable store sales for the first quarter of fiscal 2004 of \$12.6 million or 0.5% as compared with the first quarter of fiscal 2003. Included in the 27 stores closed since the beginning of fiscal 2003 were 16 stores closed as part of the asset disposition initiative as discussed in Note 6 of our Consolidated Financial Statements.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

The increase in Canadian sales was primarily attributable to the opening of 14 stores since the beginning of fiscal 2003, of which 2 were opened in the first quarter of fiscal 2004, increasing sales by \$101.2 million, and the favorable effect of the Canadian exchange rate, which increased sales by \$58.0 million. These increases were partially offset by the closure of 20 stores since the beginning of 2003, of which 9 were closed in the first quarter of 2004, decreasing sales by \$81.8 million, and the decrease in comparable store sales for the first quarter of fiscal 2004 of \$7.7 million, comprised of 2.7% in Company-operated stores and -6.4% in franchised stores, as compared to the first quarter of fiscal 2003.

Average weekly sales per supermarket for the U.S. were approximately \$322,700 for the first quarter of fiscal 2004 versus \$317,400 for the corresponding period of the prior year, an increase of 1.7% primarily due to higher comparable store sales. Average weekly sales per supermarket for Canada were approximately \$208,400 for the first quarter of fiscal 2004 versus \$190,400 for the corresponding period of the prior year, an increase of 9.5%. This increase was primarily due to the increase in the Canadian exchange rate and higher comparable store sales.

GROSS MARGIN

The following table presents gross margin dollar results and gross margin as a percentage of sales by operating segment for the first quarter of fiscal 2004 as compared to the first quarter of fiscal 2003. Gross margin as a percentage of sales decreased 30 basis points to 28.29% for the first quarter of fiscal 2004 from 28.59% for the first quarter of fiscal 2003. This 30 basis point decrease was caused by the increase in Canadian sales as a percentage of our total (approximately 10 basis points) and from the increase in U.S. Food Basics as a percentage of sales (approximately 20 basis points). We believe the impact on margin for changes in costs and special reductions was not significant.

	16 Weeks Ended June 19, 2004		16 We June
	Gross Margin	Rate to Sales%	Gross Margin
United States	\$ 672.5	30.08%	\$ 685.8
Canada	257.2	24.48	237.4
Total	\$ 929.7	28.29%	\$923.2

The following table details the dollar impact of several items affecting the gross margin dollar increase (decrease) from the first quarter of fiscal 2003 to the first quarter of fiscal 2004:

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

	Sales Volume -----	Gross Margin Rate -----	Exchange Rate -----
United States	\$ (3.7)	\$ (9.6)	\$ -
Canada	3.2	2.6	14.0
	-----	-----	-----
Total	\$ (0.5)	\$ (7.0)	\$ 14.0
	=====	=====	=====

Included in the U.S. gross margin for the first quarter of 2004 were costs related to our asset disposition initiative of \$0.3 million, which had been incurred to mark down inventory in stores announced for closure. There were no such costs in the first quarter of fiscal 2003.

STORE OPERATING, GENERAL AND ADMINISTRATIVE EXPENSE

The following table presents store operating, general and administrative expense ("SG&A"), by operating segment, in dollars and as a percentage of sales for the first quarter of fiscal 2004 compared with the first quarter of fiscal 2003. SG&A expense was \$938.3 million or 28.55% for the first quarter of fiscal 2004 as compared to \$933.8 or 28.92% for the first quarter of fiscal 2003.

	16 Weeks Ended June 19, 2004 -----		16 We June -----
	SG&A -----	Rate to Sales% -----	SG&A -----
United States	\$ 695.2	31.10%	\$ 718.2
Canada	243.1	23.14	215.6
	-----	-----	-----
Total	\$ 938.3	28.55%	\$ 933.8
	=====	=====	=====

The improvement in SG&A as a percentage of sales is partially driven by the increase in Canadian sales as a percentage of our total as Canada has a lower SG&A rate.

The U.S. had overall favorability of 85 basis points. While part of the improvement in the U.S. is due to the increase in Food Basics as a percentage of U.S. sales, most of the favorability is due to very tight cost controls. Categories in which the U.S. experienced cost improvements include advertising (\$4.0 million), utilities (\$3.7 million), labor (\$4.8 million), corporate administrative expenses (\$3.3 million) due to increased information technology charges to Canada, and severance (\$1.7 million).

The increase in SG&A in Canada of \$27.5 million is primarily due to an increase in labor of \$8.6 million due mainly to increased sales, an increase in occupancy

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

of \$5.0 million as a result of the opening of new stores, increased group overhead of \$5.0 million mainly due to information technology costs previously charged to the U.S. now charged to Canada and an increase in store conversion costs of \$3.7 million.

Included in SG&A for the first quarter of fiscal 2004 was a \$0.8 million charge relating to our Farmer Jack restructuring program in the United States as described in Note 6 of our Consolidated Financial Statements. There were no such costs in the first quarter of fiscal 2003.

INTEREST EXPENSE

Interest expense of \$26.9 million for the first quarter of fiscal 2004 increased from the prior year amount of \$24.9 million due primarily to higher interest expense resulting from our on balance sheet financing obligations (sale leaseback of Company-owned properties) entered into in the fourth quarter of fiscal 2003 of approximately \$5.2 million. This impact was partially offset by lower interest from lower borrowings of approximately \$2.4 million.

INCOME TAXES

The provision for income taxes from continuing operations for the first quarter of fiscal 2004 was \$5.4 million (a \$1.4 million provision for our U.S. operations and a \$4.0 million provision for our Canadian operations) compared to \$14.4 million benefit from income taxes from continuing operations for the first quarter of fiscal 2003 (a \$22.0 million benefit from our U.S. operations and a \$7.6 million provision for our Canadian operations). Our U.S. tax benefit from continuing operations for the first quarter of fiscal 2003 was offset by a tax provision provided on discontinued operations of \$22.9 million in accordance with Statement of Financial Accounting Standards 109, "Accounting for Income Taxes". Consistent with prior year, we continue to record a valuation allowance against our U.S. net deferred tax assets.

For the first quarter of fiscal 2004, our effective income tax rate provision of 15.1% increased from the effective income tax rate benefit of (41.0%) in the first quarter of fiscal 2003 as follows:

	16 weeks ended			
	June 19, 2004		June 14, 2003	
	Tax	Effective Tax Rate	Tax	Effective Tax Rate
United States	\$(1,380)	3.8%	\$22,024	(62.9%)
Canada	(4,078)	11.3%	(7,666)	21.9%
	\$ (5,458)	15.1%	\$14,358	(41.0%)
	=====	=====	=====	=====

The increase in our effective tax rate was primarily due to the absence of a tax benefit recognized from the loss on continuing operations. As discussed above, \$22.9 million of benefit was recognized in the first quarter of fiscal 2003 as compared to the first quarter of fiscal 2004, where no benefit was recognized. The remaining provisions included in the U.S. of \$1.4 million and \$0.9 million for the first quarters of fiscal 2004 and 2003, respectively, represent state and local taxes. Partially offsetting the increase was the impact of the lower mix of Canadian income from continuing operations as a percentage of our

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Company's loss from continuing operations in the first quarter of fiscal 2004 as compared to the first quarter of fiscal 2003.

DISCONTINUED OPERATIONS

Beginning in the fourth quarter of fiscal year 2002 and in the early part of the first quarter of fiscal 2003, we decided to sell our operations located in Northern New England and Wisconsin, as well as our Eight O'Clock Coffee business. These asset sales are now complete.

The loss from operations of discontinued businesses, net of tax, for the first quarter of fiscal 2004 was \$1.4 million as compared to a loss from operations of discontinued businesses, net of tax, of \$11.5 million for the first quarter of fiscal 2003 and is detailed by business as follows:

	16 Weeks Ended June 19, 2004			
	Northern New England	Kohl's	Eight O'Clock Coffee	Tot

ASSET DISPOSITION INITIATIVE

Overview

In fiscal 1998 and 1999, we announced a plan to close two warehouse facilities and a coffee plant in the U.S., a bakery plant in Canada and 166 stores including the exit of the Richmond, Virginia and Atlanta, Georgia markets (Project Great Renewal). In addition, during the third quarter of fiscal 2001, we announced that certain underperforming operations, including 39 stores (30 in the United States and 9 in Canada) and 3 warehouses (2 in the United States and 1 in Canada) would be closed and/or sold, and certain administrative streamlining would take place (2001 Asset Disposition). During the fourth quarter of fiscal 2003, we announced an initiative to close 6 stores and convert 13 stores to our Food Basics banner in the Detroit, Michigan and Toledo, Ohio markets (Farmer Jack Restructuring).

Presented below is a reconciliation of the charges recorded on our Consolidated Balance Sheets, Consolidated Statements of Operations and Consolidated Statements of Cash Flows for the 16 weeks ended June 19, 2004 and June 14, 2003. Present value ("PV") interest represents interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. Non-accruable items represent charges related to the restructuring that are required to be expensed as incurred in accordance with SFAS 146 "Accounting for Costs Associated with Exit or Disposal Activities".

Project Great Renewal

In May 1998, we initiated an assessment of our business operations in order to identify the factors that were impacting our performance. As a result of this assessment, in fiscal 1998 and 1999, we announced a plan to close two warehouse facilities and a coffee plant in the U.S., a bakery plant in Canada and 166 stores (156 in the United States and 10 in Canada) including the exit of the Richmond, Virginia and Atlanta, Georgia markets. As of June 19, 2004, we had closed all stores and facilities related to this phase of the initiative.

The following table summarizes the activity related to this phase of the initiative over the last three fiscal years:

	Occupancy			Severance and Benefits			U.S.
	U.S.	Canada	Total	U.S.	Canada	Total	
Balance at February 24, 2001	\$ 82,189	\$ 672	\$ 82,861	\$ 2,721	\$ -	\$ 2,721	\$ 84,9
Addition (1)	3,500	318	3,818	-	-	-	3,5

Addition (1)	622	8	630	-	-	-	6
Utilization (2)	(1,777)	(40)	(1,817)	(62)	-	(62)	(1,8
Balance at							

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

June 19, 2004	\$ 30,317	\$ 420	\$ 30,737	\$ 2,095	\$ -	\$ 2,095	\$ 32,4
	=====	=====	=====	=====	=====	=====	=====

- (1) The additions to store occupancy of \$3.8 million, \$3.2 million and \$2.6 million during fiscal 2001, 2002 and 2003, respectively, and \$0.6 million during the 16 weeks ended June 19, 2004 represent the interest accretion on future occupancy costs which were recorded at present value at the time of the original charge.
- (2) Occupancy utilization of \$23.3 million, \$13.6 million and \$20.0 million for fiscal 2001, 2002 and 2003, respectively, and \$1.8 million during the 16 weeks ended June 19, 2004 represents payments made during those periods for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of \$0.5 million, \$0.4 million and \$0.3 million for fiscal 2001, 2002 and 2003, respectively, and \$0.1 million during the 16 weeks ended June 19, 2004 represents payments to individuals for severance and benefits, as well as payments to pension funds for early withdrawal from multi-employer union pension plans.
- (3) At each balance sheet date, we assess the adequacy of the balance to determine if any adjustments are required as a result of changes in circumstances and/or estimates. We have continued to make favorable progress in marketing and subleasing the closed stores. As a result, during fiscal 2002, we recorded a reduction of \$3.6 million in occupancy accruals related to this phase of the initiative. Further, we increased our reserve for future minimum pension liabilities by \$0.6 million to better reflect expected future payouts under certain collective bargaining agreements.

We paid \$94.5 million of the total occupancy charges from the time of the original charges through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$29.5 million of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 3,400 employees. The remaining occupancy liability of \$30.7 million relates to expected future payments under long term leases and is expected to be paid in full by 2020. The remaining severance liability of \$2.1 million primarily relates to expected future payments for early withdrawals from multi-employer union pension plans and will be fully paid out in 2020.

None of these stores were open during either of the first quarters of fiscal 2003 or 2004. As such, there was no impact on the Statements of Consolidated Operations from the 166 stores included in this phase of the initiative.

At both June 19, 2004 and February 28, 2004, approximately \$6.2 million of the reserve was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on the Company's Consolidated Balance Sheets.

Based upon current available information, we evaluated the reserve balances as of June 19, 2004 of \$32.8 million for this phase of the asset disposition initiative and have concluded that they are adequate to cover expected future costs. The Company will continue to monitor the status of the vacant properties and adjustments to the reserve balances may be recorded in the future, if necessary.

2001 Asset Disposition

During the third quarter of fiscal 2001, the Company's Board of Directors approved a plan resulting from our review of the performance and potential of

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

each of the Company's businesses and individual stores. At the conclusion of this review, our Company determined that certain underperforming operations, including 39 stores (30 in the United States and 9 in Canada) and 3 warehouses (2 in the United States and 1 in Canada) should be closed and/or sold, and certain administrative streamlining should take place. As of June 19, 2004, we had closed all stores and facilities related to this phase of the initiative.

The following table summarizes the activity related to this phase of the initiative recorded on the Consolidated Balance Sheets since the announcement of the charge in November 2001:

	Occupancy			Severance and Benefits			U.S.
	U.S.	Canada	Total	U.S.	Canada	Total	
Original charge	\$ 78,488	\$ 1,968	\$ 80,456	\$ 15,688	\$ 7,747	\$ 23,435	\$ 94,1

June 19, 2004	\$ 38,685	\$ 368	\$ 39,053	\$ 2,275	\$ 1	\$ 2,276	\$ 40,9

- (1) The additions to store occupancy of \$1.7 million, \$4.1 million and \$2.9 million during fiscal 2001, 2002 and 2003, respectively, and \$0.8 million during the 16 weeks ended June 19, 2004 represent the interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. The addition to severance of \$3.5 million during fiscal 2002 related to retention and productivity incentives that were accrued as earned.
- (2) Occupancy utilization of \$1.8 million, \$20.4 million and \$11.0 million during fiscal 2001, 2002 and 2003, respectively, and \$1.7 million during the 16 weeks ended June 19, 2004 represent payments made during

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

those periods for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of \$2.9 million, \$19.5 million and \$3.5 million during fiscal 2001, 2002 and 2003, respectively, and \$0.1 million during the 16 weeks ended June 19, 2004 represent payments made to terminated employees during the period.

- (3) At each balance sheet date, we assess the adequacy of the reserve balance to determine if any adjustments are required as a result of changes in circumstances and/or estimates. Under Ontario provincial law, employees to be terminated as part of a mass termination are entitled to receive compensation, either worked or paid as severance, for a set period of time after the official notice date. Since such closures took place later than originally expected, less time remained in the aforementioned guarantee period. As a result, during fiscal 2001, we recorded an adjustment to severance and benefits of \$0.6 million related to a reduction in the severance payments required to be made to certain store employees in Canada. Further, during fiscal 2002, we recorded adjustments of \$10.2 million related to reversals of previously accrued occupancy related costs due to the following:

- o Favorable results of assigning leases at certain locations of \$3.6 million;
- o The decision to continue to operate one of the stores previously identified for closure due to changes in the competitive environment in the market in which that store is located of \$3.3 million; and
- o The decision to proceed with development at a site that we had chosen to abandon at the time of the original charge due to changes in the competitive environment in the market in which that site is located of \$3.3 million.

During fiscal 2003, we recorded net adjustments of \$5.8 million related to reversals of previously accrued occupancy costs due to favorable results of subleasing, assigning and terminating leases. We also accrued \$1.6 million for additional severance and benefit costs that were unforeseen at the time of the original charge.

We paid \$34.8 million (\$32.1 million in the U.S. and \$2.7 million in Canada) of the total occupancy charges from the time of the original charges through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$25.9 million (\$16.9 million in the U.S. and \$9.0 million in Canada) of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 1,100 employees. The remaining occupancy liability of \$39.1 million primarily relates to expected future payments under long term leases through 2017. The remaining severance liability of \$2.3 million relates to expected future payments for severance and benefits payments to individual employees and will be fully paid out by 2006.

At June 19, 2004 and February 28, 2004 approximately \$11.8 million and \$11.6 million of the reserve, respectively, was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on the Company's Consolidated Balance Sheets.

Included in the Statements of Consolidated Operations for the first quarters of fiscal 2004 and 2003 are the sales and operating results of the 39 stores that were identified for closure as part of this asset disposition. The results of these operations are as follows:

June 19, 2004 June 14, 2003

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

	-----	-----
Sales	\$ -	\$ 316
	=====	=====
Operating loss	\$ -	\$ (72)
	=====	=====

Based upon current available information, we evaluated the reserve balances as of June 19, 2004 of \$41.3 million for this phase of the asset disposition initiative and have concluded that they are adequate to cover expected future costs. The Company will continue to monitor the status of the vacant properties and adjustments to the reserve balances may be recorded in the future, if necessary.

Farmer Jack Restructuring

As previously stated, during the fourth quarter of fiscal 2003, we announced an initiative to close 6 stores and convert 13 stores to our Food Basics banner in the Detroit, Michigan and Toledo, Ohio markets. In addition to the charge of \$37.7 million related to the last phase of this initiative (\$2.2 million in "Cost of merchandise sold" and \$35.5 million in "Store operating, general and administrative expense" in our Consolidated Statement of Operations for fiscal 2003), we recorded costs in the first quarter of fiscal 2004 of \$1.1 million (\$0.3 million in "Cost of merchandise sold" and \$0.8 million in "Store operating, general and administrative expense") as follows:

	16 Weeks Ended June 19, 2004	53 Weeks Ended February 28, 2004
	-----	-----
Occupancy related	\$ -	\$ 20,999
Severance and benefits	-	8,930
Property writeoffs	90	4,129
Nonaccruable closing costs	680	1,449
Inventory markdowns	291	2,244
	-----	-----
Total charges	\$ 1,061	\$ 37,751
	=====	=====

As of June 19, 2004, we had closed all 6 stores and successfully completed the conversions related to this phase of the initiative. The following table summarizes the activity to date related to the charges recorded for the aforementioned initiatives all of which were in the U.S. The table does not include property writeoffs as they are not part of any reserves maintained on the balance sheet. It also does not include non-accruable closing costs and inventory markdowns since they are expensed as incurred in accordance with generally accepted accounting principles.

	Occupancy	Severance and Benefits	Total
	-----	-----	-----
Original charge (1)	\$ 20,999	\$ 8,930	\$ 29,929
Addition (1)	56	-	56
Utilization (2)	(1,093)	(4,111)	(5,204)
	-----	-----	-----
Balance at February 28, 2004	\$ 19,962	\$ 4,819	\$ 24,781
Addition (1)	222	-	222

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Utilization (2)	(2,356)	(4,157)	(6,513)
	-----	-----	-----
Balance at			
June 19, 2004	\$ 17,828	\$ 662	\$ 18,490
	=====	=====	=====

- (1) The original charge to occupancy during fiscal 2003 represents charges related to closures and conversions in the Detroit, Michigan market of \$21.0 million. The additions to occupancy during fiscal 2003 and the 16 weeks ended June 19, 2004 represent interest accretion on future occupancy costs which were recorded at present value at the time of the original charge. The original charge to severance during fiscal 2003 of \$8.9 million related to individual severings as a result of the store closures, as well as a voluntary termination plan initiated in the Detroit, Michigan market.
- (2) Occupancy utilization of \$1.1 million and \$2.4 million during fiscal 2003 and the 16 weeks ended June 19, 2004, respectively, represents payments made for costs such as rent, common area maintenance, real estate taxes and lease termination costs. Severance utilization of \$4.1 million and \$4.2 million during fiscal 2003 and the 16 weeks ended June 19, 2004, respectively, represent payments made to terminated employees during the period.

We paid \$3.4 million of the total occupancy charges from the time of the original charge through June 19, 2004 which was primarily for occupancy related costs such as rent, common area maintenance, real estate taxes and lease termination costs. We paid \$8.3 million of the total net severance charges from the time of the original charges through June 19, 2004, which resulted from the termination of approximately 300 employees. The remaining occupancy liability of \$17.8 million relates to expected future payments under long term leases and is expected to be paid out in full by 2014. The remaining severance liability of \$0.7 million relates to expected future payments for severance and benefits to individual employees and will be fully paid out by mid-2005.

Included in the Statements of Consolidated Operations for the first quarters of fiscal 2004 and 2003 are the sales and operating results of the 6 stores that were identified for closure as part of this phase of the initiative. The results of these operations are as follows:

	16 Weeks Ended	
	June 19, 2004	June 14, 2003
	-----	-----
Sales	\$ 2,433	\$ 16,966
	=====	=====
Operating loss	\$ (43)	\$ (2,479)
	=====	=====

At June 19, 2004 and February 28, 2004, approximately \$2.9 million and \$9.0 million, respectively, of the liability was included in "Other accruals" and the remaining amount was included in "Other non-current liabilities" on our Consolidated Balance Sheets.

We have evaluated the liability balance of \$18.5 million as of June 19, 2004 based upon current available information and have concluded that it is adequate. We will continue to monitor the status of the vacant properties and adjustments

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

to the reserve balance may be recorded in the future, if necessary.

LIQUIDITY AND CAPITAL RESOURCES

CASH FLOWS

The following table presents excerpts from our Consolidated Statement of Cash Flows:

	June 19, 2004

Net cash provided by operating activities	\$ 37,088

Net cash (used in) provided by investing activities	\$ (49,351)

Net cash used in financing activities	\$ (3,838)

Net cash flow provided by operating activities of \$37.1 million for the 16 weeks ended June 19, 2004 primarily reflected our net loss of \$42.8 million, adjusted for a non-cash charge of \$81.1 million for depreciation and amortization, a decrease in accounts receivable of \$24.8 million and an increase in accounts payable of \$55.6 million, partially offset by an increase in inventories of \$22.8 million, a decrease in other accruals of \$27.9 million, an increase in other current assets of \$14.9 million, and a decrease in non-current liabilities of \$13.0 million due mainly to a decrease in closed store accruals. Refer to Working Capital below for discussion of changes in working capital items. Net cash flow provided by operating activities of \$2.2 million for the 16 weeks ended June 14, 2003 primarily reflected our net income of \$11.9 million adjusted for non-cash charges of \$87.3 million for depreciation and amortization and \$8.0 million for the cumulative effect of a change in accounting principles - FIN 46-R, partially offset by the gain on sale of discontinued operations of \$81.4 million and the increase in prepaid expense and other current assets of \$22.0 million.

Net cash flow used in investing activities of \$49.4 million for the 16 weeks ended June 19, 2004 primarily reflected property expenditures totaling \$55.5 million, which included 11 new supermarkets and 1 major remodel partially offset by cash received from the sale of our assets of \$6.1 million. For the remainder of fiscal 2004, we have planned capital expenditures of approximately \$200 to \$225 million, which relate primarily to opening approximately 5 to 10 new supermarkets, converting approximately 10 to 20 stores to new banners, and enlarging or remodeling approximately 75 supermarkets. We currently expect to

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

close approximately 5 - 10 stores during the remainder of fiscal 2004. Net cash flow provided by investing activities of \$80.7 million for the 16 weeks ended June 14, 2003 primarily reflected \$137.6 million in proceeds from property disposals (most of which related to discontinued operations), partially offset by \$56.9 million used for property expenditures, which included 7 new supermarkets and 2 major remodels or enlargements.

Net cash flow used in financing activities of \$3.8 million for the 16 weeks ended June 19, 2004 primarily reflected a decrease in book overdrafts of \$5.7 million and principal payments on capital leases of \$4.6 million partially offset by proceeds from long term borrowings of \$7.3 million. Net cash flow used in financing activities of \$130.8 million for the 16 weeks ended June 14, 2003 primarily reflected \$135.0 million in payments on our revolving lines of credit.

We believe that our present cash resources, including invested cash on hand, available borrowings from our revolving credit agreement and other sources, are sufficient to meet our short term and long term needs. In the short term, we operate under an annual operating plan which is reviewed and approved by our Board of Directors and incorporates the specific initiatives we expect to pursue and the anticipated financial results of our SBU's and our Company. The annual operating plan is generally consistent with the first year of a longer term strategic plan that is approved each year, and identifies specific initiatives and financial results, including sales, profits and cash flow, to be achieved over a three year period.

The Fiscal 2004 annual operating plan anticipates limited profit growth from Fiscal 2003, and calls for increased capital investment to support a focused program of remodeling existing conventional grocery stores in the U.S. and Canada and converting certain stores to our growing discount Food Basics banner. We anticipate that we will incur operating losses and have negative operating cash flow as a result of this plan. We also have \$2.3 million of current debt maturities in Fiscal 2004. We believe that proceeds from asset sales completed in Fiscal 2003 and our present financing plans, including, among other things, the 4 year revolving credit agreement completed in Fiscal 2003 and planned sale-leaseback transactions, will provide for sufficient cash availability to ensure that we have the resources to pursue our Fiscal 2004 annual operating plan.

Our longer term strategic plan anticipates improved performance in Fiscal 2005 and Fiscal 2006. This plan also calls for higher levels of capital investment in Fiscal 2005 and 2006, and we anticipate that, while profitability may improve, operating cash flow after investing activities will remain negative as we continue to make investments to strengthen our store base. We believe that the funds currently available, combined with additional funds from improved profitability, will be sufficient to pursue these plans and programs, and to refinance the \$218.8 million bonds maturing in 2007 which, under the terms of our revolving credit agreement, must be refinanced six months prior to maturity.

Profitability can be impacted by certain external factors such as unfavorable economic conditions, competition, labor relations and fuel and utility costs which could have a significant impact on cash generation. If our profitability does not improve in line with our plans, we anticipate that we will be able to modify the plan, by reducing capital investments and through other contingency actions, in order to ensure that we have adequate resources. However, there is no assurance that we will pursue contingency actions on a timely basis or that they will be successful in generating the resources necessary to operate the business.

WORKING CAPITAL

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

We had working capital of \$85.0 million at June 19, 2004 compared to working capital of \$105.0 million at February 28, 2004. We had cash and cash equivalents aggregating \$278.9 million at June 19, 2004 compared to \$297.0 million at February 28, 2004. The decrease in working capital was attributable primarily to the following:

- o A decrease in cash and cash equivalents as detailed in the Consolidated Statements of Cash Flows;
- o A decrease in accounts receivable due to the timing of receipts; and
- o An increase in accounts payable (inclusive of book overdrafts) due to timing and seasonality.

Partially offset by the following:

- o An increase in inventories mainly due to seasonality and the favorable impact of the Canadian exchange rate;
- o An increase in prepaid expenses and other current assets mainly due to the amortization of prepaid rent; and
- o A decrease in other accruals mainly due to timing.

REVOLVING CREDIT AGREEMENT

During fiscal 2003, we amended and restated our Secured Credit Agreement (the "Amended and Restated Credit Agreement") and decreased our borrowing base to \$400 million. Thus, at June 19, 2004, we had a \$400 million secured revolving credit agreement with a syndicate of lenders enabling us to borrow funds on a revolving basis sufficient to refinance short-term borrowings and provide working capital as needed. This facility provides us with greater operating flexibility and provides for increased capital spending. Under the terms of this agreement, should availability fall below \$50 million, a borrowing block will be implemented which provides that no additional borrowings be made unless we are able to maintain a fixed charge coverage ratio of 1.0 to 1.0. Although we do not meet the required ratio at this time, it is not applicable as availability at June 19, 2004 exceeded \$223 million. In the event that availability falls below \$50 million and we do not maintain the ratio required, unless otherwise waived or amended, the lenders may, at their discretion, declare, in whole or in part, all outstanding obligations immediately due and payable.

The Amended and Restated Credit Agreement is comprised of a U.S. credit agreement amounting to \$330 million and a Canadian credit agreement amounting to \$70 million (C\$95.4 million at June 19, 2004) and is collateralized by inventory, certain accounts receivable and certain pharmacy scripts. Borrowings under the Amended and Restated Credit Agreement bear interest based on LIBOR and Prime interest rate pricing. This agreement expires in December 2007.

As of June 19, 2004, there were no borrowings under these credit agreements. As of June 19, 2004, after reducing availability for outstanding letters of credit and borrowing base requirements, we had \$223.2 million available under the Amended and Restated Credit Agreement.

Under the Amended and Restated Credit Agreement, we are permitted to make bond repurchases and may do so from time to time in the future.

PUBLIC DEBT OBLIGATIONS

Outstanding notes totaling \$637 million at June 19, 2004 consisted of \$200 million of 9.375% Notes due August 1, 2039, \$217 million of 9.125% Senior Notes due December 15, 2011 and \$220 million of 7.75% Notes due April 15, 2007. Interest is payable quarterly on the 9.375% Notes and semi-annually on the

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

9.125% and 7.75% Notes. The 7.75% Notes are not redeemable prior to their maturity. The 9.375% notes can be redeemed after August 11, 2004, and the 9.125% Notes may be redeemed after December 15, 2006. All of the notes outstanding are unsecured obligations and were issued under the terms of our senior debt securities indenture, which contains among other provisions, covenants restricting the incurrence of secured debt. In addition, the 9.125% Notes contain additional covenants, including among other things, limitations on asset sales, on the payment of dividends, and on the incurrence of liens and additional indebtedness. None of our notes are guaranteed by any of our subsidiaries. Our notes are effectively subordinate to our secured revolving credit agreement and do not contain cross default provisions.

OTHER

We currently have active Registration Statements dated January 23, 1998 and June 23, 1999, allowing us to offer up to \$75 million of debt and/or equity securities as of June 19, 2004 at terms contingent upon market conditions at the time of sale.

Our Company's policy is to not pay dividends. As such, we have not made dividend payments in the previous three years and do not intend to pay dividends in fiscal 2004. In addition, our Company is prohibited, under the terms of our Revolving Credit Agreement, to pay cash dividends on common shares.

We are the guarantor of a loan of \$2.1 million related to a shopping center, which will expire in 2011.

Our existing senior debt rating was B3 with negative implications with Moody's Investors Service ("Moody's") and B with negative implications with Standard & Poor's Ratings Group ("S&P") as of June 19, 2004. Our liquidity rating was SGL2 with Moody's as of June 19, 2004. Our recovery rating was 1 with S&P as of June 19, 2004 indicating a high expectation of 100% recovery of our senior debt to our lenders. Future rating changes could affect the availability and cost of financing to our Company.

CRITICAL ACCOUNTING ESTIMATES

Critical accounting estimates are those accounting estimates that we believe are important to the portrayal of our financial condition and results of operations and require our most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Self-Insurance Reserves

Our Consolidated Balance Sheets include liabilities with respect to self-insured workers' compensation and general liability claims. We estimate the required liability of such claims on a discounted basis, utilizing an actuarial method, which is based upon various assumptions, which include, but are not limited to, our historical loss experience, projected loss development factors, actual payroll and other data. The required liability is also subject to adjustment in the future based upon the changes in claims experience, including changes in the number of incidents (frequency) and changes in the ultimate cost per incident

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

(severity).

Long-Lived Assets

We review the carrying values of our long-lived assets for possible impairment whenever events or changes in circumstances indicate that the carrying amount of assets may not be recoverable. Such review is based upon groups of assets and the undiscounted estimated future cash flows from such assets to determine if the carrying value of such assets is recoverable from their respective cash flows. If such review indicates an impairment exists, we measure such impairment on a discounted basis using a probability weighted approach and a risk free rate.

We also review assets in stores planned for closure or conversion for impairment upon determination that such assets will not be used for their intended useful life. During the first quarters of fiscal 2004 and 2003, we recorded no impairment losses on long-lived assets.

If current operating levels and trends continue, there may be future impairments on long-lived assets, including the potential for impairment of assets that are held and used.

Closed Store Reserves

For stores closed that are under long-term leases, we record a discounted liability using a risk free rate for the future minimum lease payments and related costs, such as utilities and taxes, from the date of closure to the end of the remaining lease term, net of estimated probable recoveries from projected sublease rentals. If estimated cost recoveries exceed our liability for future minimum lease payments, the excess is recognized as income over the term of the sublease. We estimate future net cash flows based on our experience in and our knowledge of the market in which the closed store is located. However, these estimates project net cash flow several years into the future and are affected by variable factors such as inflation, real estate markets and economic conditions. While these factors have been relatively stable in recent years, variation in these factors could cause changes to our estimates. As of June 19, 2004, we had liabilities for future minimum lease payments of \$128 million, which related to 75 closed stores and 49 subleased or assigned stores. Of this amount, \$22 million relates to stores closed in the normal course of business, \$88 million relates to stores closed as part of the asset disposition initiative (see Note 6 of our Consolidated Financial Statements), and \$18 million relates to stores closed as part of our exits of the northern New England and Kohl's businesses (see Note 5 of our Consolidated Financial Statements).

Employee Benefit Plans

The determination of our obligation and expense for pension and other postretirement benefits is dependent, in part, on our selection of certain assumptions used by our actuaries in calculating these amounts. These assumptions include, among other things, the discount rate, the expected long-term rate of return on plan assets and the rates of increase in compensation and health care costs. In accordance with U.S. GAAP, actual results that differ from our Company's assumptions are accumulated and amortized over future periods and, therefore, affect our recognized expense and recorded obligation in such future periods. While we believe that our assumptions are appropriate, significant differences in our actual experience or significant changes in our assumptions may materially affect our pension and other post-retirement obligations and our future expense.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

Inventories

Store inventories are valued at the lower of cost or market with cost determined under the retail method on a first-in, first-out ("FIFO") basis. Warehouse and other inventories are valued primarily at the lower of cost or market with cost determined on a FIFO basis. Prior to the first quarter of fiscal 2004, inventories of our Waldbaum's and Farmer Jack banners, that were acquired during the past two decades, were valued using the last-in, first-out ("LIFO") method, which was their practice prior to acquisition; however, during the first quarter of fiscal 2004, we changed our method of valuing these inventories from the LIFO method to the FIFO method. We believe that the new method is preferable because the FIFO method produces an inventory value on our Consolidated Balance Sheets that better approximates current costs. In addition, under FIFO, the flow of costs is generally more consistent with our physical flow of goods. The adoption of the FIFO method will enhance comparability of our financial statements by conforming all of our inventories to the same accounting method. Refer to Note 3 - Restatement and Changes in Accounting in the Notes to our Consolidated Financial Statements for further discussion of this change.

We evaluate inventory shrinkage throughout the year based on actual physical counts in our stores and distribution centers and record reserves based on the results of these counts to provide for estimated shrinkage between the store's last inventory and the balance sheet date.

ITEM 3 - Quantitative and Qualitative Disclosures About Market Risk

MARKET RISK

Market risk represents the risk of loss from adverse market changes that may impact our consolidated financial position, results of operations or cash flows. Among other possible market risks, we are exposed to such risk in the areas of interest rates and foreign currency exchange rates.

From time to time, we may enter hedging agreements in order to manage risks incurred in the normal course of business including forward exchange contracts to manage our exposure to fluctuations in foreign exchange rates.

Interest Rates

Our exposure to market risk for changes in interest rates relates primarily to our debt obligations. We do not have cash flow exposure due to rate changes on our \$635.4 million in notes as of June 19, 2004 because they are at fixed interest rates. However, we do have cash flow exposure on our committed bank lines of credit due to our variable floating rate pricing. Accordingly, during the first quarter of 2004, a presumed 1% change in the variable floating rate would not have impacted interest expense as there were no borrowings on our committed bank lines of credit.

Foreign Exchange Risk

We are exposed to foreign exchange risk to the extent of adverse fluctuations in the Canadian dollar. During the first quarter of 2004, a change in the Canadian currency of 10% would have resulted in a fluctuation in net income of \$0.7 million. We do not believe that a change in the Canadian currency of 10% will have a material effect on our financial position or cash flows.

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

ITEM 4 - Controls and Procedures

Our Company maintains a system of internal controls and procedures designed to provide reasonable assurance as to the reliability of our Company's published consolidated financial statements and other disclosures included in this report. Within the 90-day period prior to the date of this report, the Company's Chairman of the Board, President and Chief Executive Officer, and Senior Vice President, Chief Financial Officer evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934. Based upon that evaluation, the Company's Chairman of the Board, President and Chief Executive Officer, and Senior Vice President, Chief Financial Officer concluded that our Company's disclosure controls and procedures, which we designed to ensure that our Company is able to collect, process and disclose required information within the time periods specified in the Commission's rules and forms, were effective as of the end of the period covered by this quarterly report on 10-Q.

Since the date of the most recent evaluation of our Company's internal controls over financial reporting by our Chairman of the Board, President and Chief Executive Office, and Senior Vice President, Chief Financial Officer, there have been no significant changes in such controls or in other factors that could have significantly affected those controls, including any corrective actions with regard to significant deficiencies and material weaknesses.

CAUTIONARY NOTE

This presentation may contain forward-looking statements about the future performance of our Company, and is based on our assumptions and beliefs in light of information currently available. We assume no obligation to update this information. These forward-looking statements are subject to uncertainties and other factors that could cause actual results to differ materially from such statements including but not limited to: competitive practices and pricing in the food industry generally and particularly in our principal markets; our relationships with our employees; the terms of future collective bargaining agreements; the costs and other effects of lawsuits and administrative proceedings; the nature and extent of continued consolidation in the food industry; changes in the financial markets which may affect our cost of capital or the ability to access capital; supply or quality control problems with our vendors; and changes in economic conditions, which may affect the buying patterns of our customers.

PART II. OTHER INFORMATION

ITEM 1 - Legal Proceedings

In April 2002, three Canadian Food Basics franchisees commenced a breach of contract action in a Canadian court against The Great Atlantic & Pacific Company of Canada, Limited ("A&P Canada") as representative plaintiffs for a purported class of approximately 70 current and former Canadian Food Basics franchisees. The lawsuit seeks unspecified damages in connection with A&P Canada's alleged failure to distribute to the franchisees the full amount of vendor allowances and/or rebates to which the franchisees claim they are entitled under the operative franchise agreements. A&P Canada disputes the plaintiff-franchisees' claim and has filed a counterclaim seeking to recover subsidies made by it to the plaintiffs. The lawsuit was certified as a class action in December 2002. A majority of the class members have opted out of the proceeding. A&P Canada's appeal of the class certification order was dismissed and the Company is seeking

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

leave to file a further appeal. This suit is scheduled for trial in October 2004 and the range of potential loss cannot be determined at this time.

On June 5, 2002, a purported securities class action Complaint was filed in the United States District Court for the District of New Jersey against our Company and certain of our officers and directors in an action captioned Brody v. The Great Atlantic & Pacific Tea Co., Inc., No. 02 CV 2674 (FSH). The Brody lawsuit and four subsequently-filed related lawsuits were consolidated into a single lawsuit captioned In re The Great Atlantic & Pacific Tea Company, Inc. Securities Litigation, No. 02 CV 2674 (FSH) (the "Class Action Lawsuit"). On December 2, 2002, plaintiffs filed their Consolidated Amended Class Action Complaint (the "Complaint"), which alleged claims under Sections 10(b) (and Rule 10b-5 promulgated thereunder) and 20(a) of the Securities Exchange Act of 1934 arising out of our Company's July 5, 2002 filing of restated financial statements for fiscal 1999, fiscal 2000 and the first three quarters of fiscal 2001. The Complaint in the Class Action Lawsuit sought unspecified money damages, costs and expenses. On January 17, 2003, defendants filed a motion seeking to dismiss the Complaint. In an Opinion & Order entered September 18, 2003, the District Court dismissed plaintiffs' Complaint without prejudice. After declining to file a Second Amended Complaint, plaintiffs appealed the District Court's dismissal of their Complaint to the United States Court of Appeals for the Third Circuit. After briefing and oral argument, the Third Circuit, in an Opinion dated July 9, 2004, affirmed the District Court's dismissal of the Complaint.

Corporate Controller
(Chief Accounting Officer)

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER
Section 302 Certification

I, Christian W.E. Haub, certify that:

1. I have reviewed this quarterly report on Form 10-Q of The Great Atlantic & Pacific Tea Company, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 10-Q

- b) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this quarterly report our conclusion about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this quarterly report based on such evaluation; and
 - c) disclosed in this quarterly report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
- a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
