### Audit Committee

The Audit Committee currently consists of Messrs. O'Connor (Chairman), Church and Goldberg. The Board has determined that the members of the Audit Committee satisfy all requirements as to independence, financial literacy and experience, except that Mr. Goldberg, as a director of First Albany Companies Inc., an affiliate of the Company, may not be deemed independent as defined in Nasdaq Marketplace Rule 4200(a)(14). Based on Mr. Goldberg's extensive financial and business experience, and his knowledge and understanding of the Company and its industry, the Board of Directors determined that Mr. Goldberg's membership on the Audit Committee is in the best interests of the Company and its stockholders. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was adopted by the Board of Directors of the Company on March 30, 2000. The Committee, among other matters, is responsible for the annual recommendation of the independent accountants to be appointed by the Board of Directors as the auditors of the Company, and reviews the arrangements for and the results of the

auditors' examination of the Company's books and records, auditors' compensation, internal accounting control procedures, and activities. The Audit Committee also reviews the Company's accounting policies, control systems and compliance activities. The Committee also reviews the Charter of the Audit Committee. The Audit Committee met four times during fiscal 2001. This is a report on the Committee's activities relating to Fiscal 2001.

#### Review of Audited Financial Statements with Management

#### Review of Financial Statements and Other Matters with Independent Accountants

The Audit Committee discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), as may be modified or supplemented. The Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard

No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the independent accountants the independent accountants' independence.

#### Recommendation that Financial Statements be Included in Annual Report

#### Fees

During Fiscal 2001, the Company paid the following fees to PricewaterhouseCoopers, LLP, the Company's independent accountants:

Audit and Quarterly Review Fees: \$79,279

The Audit Committee has considered whether the provision of the non-audit services above is compatible with maintaining the auditors' independence.

#### Other Matters

In accordance with the rules of the Securities and Exchange Commission, the foregoing information, which is required by paragraphs (a) and (b) of Regulation S-K Item 306, shall not be deemed to be soliciting material, or to be filed with the Commission or subject to the Commission's Regulation 14A, other than as provided in that Item, or to the liabilities of section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Compensation Committee

Mr. Goldberg and Dr. Sternlicht serve as the members of the Company's Compensation Committee. The Compensation Committee was established to set and administer the policies that govern annual stock and non-stock compensation for the Company's executives, review general compensation levels for other employees as a group and review and recommend policies regarding the Company's compensation and incentive plans. After review and approval by the Compensation Committee, issues pertaining to executive compensation and compensation policies are reported to the Board of Directors. The Compensation Committee met one time during fiscal 2001.

#### REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee reviews and evaluates individual executive officers and determines the compensation for each executive officer. In general, compensation is designed to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders.

Compensation for the Named Executive Officers during Fiscal 2001 included salary and bonus. Base salary and in certain circumstances cash bonuses were determined by employment arrangement. For more detailed information on employment arrangements, (see "Employment Agreements" below).

For fiscal 2001, all bonuses other than guaranteed bonuses were based on the specific contributions made during the year toward the Company's goals established at the beginning of the year and the executive's responsibilities. Cash and stock bonuses are generally paid a month after the executive's anniversary date or a month after the executive's review.

The Compensation Committee believes that with current salary, bonus and stock option grants, which generally vest over a four-year period, the executive team is properly motivated to achieve the short and long-term goals of the Company.

#### **CHIEF EXECUTIVE OFFICER COMPENSATION**

George C. McNamee became Chief Executive Officer of the Company on April 15, 1998. Mr. McNamee receives no salary or bonus from the Company; however, he does receive stock options as a member of the Board of Directors of the Company.

Dr. William P. Acker, President and Chief Technology Officer, has an employment agreement with us that provides a base salary of \$175,000 and a bonus of not less than \$25,000 per year. For fiscal 2001, based on the achievement of goals established for the Company, Dr. Acker received a bonus of \$75,000 (paid in fiscal 2002) as well as options for 100,000 shares. He will also receive 100% of his base salary and benefits for one year, subject to reduction for any amounts earned in other employment, if we terminate him without cause. This agreement continues unless modified.

Compensation Committee

Mr. Alan P. Goldberg

Dr. Beno Sternlicht

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

In fiscal 2001, the Compensation Committee, consisted of Mr. Goldberg and Dr. Sternlicht, neither of whom are employees of the Company. Mr. Goldberg is the President and a member of the Board of Directors of FAC. For information concerning the committee members' relationship to the Company see "Securities Ownership of Certain Beneficial Owners" and "Certain Relationships and Related Transactions."

#### **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and holders of more than 10% of the Company's Common Stock to file with the SEC initial reports of ownership of the Company's Common Stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish

the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the Company's records and written representations by the persons required to file such reports, all filing requirements of Section 16(a) were satisfied with respect to the Company's most recent fiscal year, except for an amended Form 4 for the month of April 2000 filed by Mr. Goldberg on December 20, 2001.

- Potential realizable value is based on the assumption that the common stock appreciates at the annual rate shown, compounded annually, from the date of grant until expiration of the 10-year term. These numbers are calculated based upon Securities and Exchange Commission requirements and do not reflect the Company's projection or estimate of future stock price growth. Potential realizable values are computed by multiplying the number of shares of common stock subject to a given option by the fair market value on the date of grant, assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10-year term of the option and subtracting from that the aggregate option exercise price.

### DIRECTORS' COMPENSATION

Directors receive fees of \$750 for each Board of Directors meeting attended. Directors are also reimbursed for travel expenses incurred in attending meetings.

Beginning in Fiscal 2002, Directors will no longer receive fees of \$750 for each Board of Directors meeting attended, however the Directors' Stock Option Program will be modified to provide compensation for their services as directors. Directors will also be reimbursed for travel expenses incurred in attending meetings.

On March 18, 1999, the Company's Board of Directors adopted a Directors' Stock Option Program, whereby options to purchase 10,000 shares of the Company's Common Stock are issued to each non-employee director serving as a director on the date of the Annual Meeting. These options are immediately exercisable and have exercise prices equal to the closing price of the Company's Common Stock on the NASDAQ National Market on the date of grant.

During Fiscal 2001, the Company granted stock options to purchase shares of the Company's Common Stock to each member of the Board of Directors. The stock option exercise price was \$4.313 per share, and these stock options were immediately exercisable upon grant.

Chairman of the Board of First Albany Corporation ("First Albany"), and is currently a director and Chairman of the Board of Directors of Plug Power.

Alan Goldberg, a Director of the Company, is a Director and President of FAC and a director and President of First Albany. In addition, Dr. Walter L. Robb, a director of the Company, is a director of Plug Power.

Mechanical Technology owns approximately 7.86% of SatCon's outstanding stock and has the right to appoint two members to SatCon's Board of Directors. Alan Goldberg is the Company's current representative on the SatCon board.

David B. Eisenhaure, a Director of the Company, is President, Chief

Executive Officer and Chairman of the Board of Directors of SatCon.

Mechanical Technology owned approximately 10.3% of Beacon Power common stock as of September 30, 2001, and Alan Goldberg is the Company's representative on the Beacon Power Board of Directors. In addition, SatCon performs funded research and development and sells power electronic boards and components to Beacon Power. SatCon also owns approximately 11% of Beacon Power's shares.

Mr. Dohring serves as Chairman and President of MTI Instruments, Inc., a subsidiary of the Company, and received a salary of \$150,000 for such services during fiscal 2001.

Transactions among related parties are as fair to the Company as obtainable from unaffiliated third parties.

In April 2000, the Company entered into a management services agreement with First Albany, a wholly owned subsidiary of FAC, to sublet offices in First Albany's facilities and purchase certain services, (i.e. phone, postage, computer network access, etc.) from First Albany. Under this agreement, FAC billed the cost of these services to the

Company. Billings under these agreements amounted to approximately \$33 thousand for 2001.

The Company exercised 1,333,333 of Beacon Power warrants on a cash-less basis, on December 20, 2000, and received 985,507 shares of Beacon Power common stock. The Company also received approximately \$183 thousand in preferred stock dividends from Beacon Power during fiscal 2001.

On September 28, 2001, the Company received 544,148 shares of Beacon Power Common Stock as a pro rata distribution by SatCon. The Company recognized a gain of \$827 thousand on this dividend distribution.

On December 27, 2000, the Company entered into a Put and Call with FAC to provide independent credit support for repayment of its \$25.2 million indebtedness to Key Bank, N.A. ("FAC Credit Enhancement") for which the Company paid a fee of \$945 thousand. The FAC Credit Enhancement provided FAC with the option, if the price of Plug Power stock fell to \$4 per share, to either purchase 6.3 million Plug Power shares pledged as collateral on the loan or take an assignment of KeyBank N.A.'s rights under the Credit Agreement, as amended. The FAC Credit Enhancement could be triggered in the event of a default and was amended on April 27, 2001, the original expiration date, to extend its expiration date to August 27, 2001. The mutually agreeable terms. If the FAC Credit Enhancement expired, and was

not replaced, prior to November 3, 2001, the loan would be immediately due and payable. Upon expiration of the FAC Credit Enhancement Agreement, mandatory repayments on any outstanding balance would be required if the

Plug Power stock price fell below \$20 per share. The FAC Credit Enhancement expired on August 27, 2001 and was not replaced because the Company amended and restated its Credit Agreement with KeyBank, N.A. on August 10, 2001.

The new KeyBank agreement does not require a credit enhancement.

On December 27, 2000, the Company entered into two bridge loan agreements with FAC. The first loan was for \$945 thousand and was used to pay the purchase price for the FAC Credit Enhancement. The Company pledged 200,000

shares of Plug Power common stock as collateral. The second loan was for \$5 million, \$3 million of which was used to make a December 27, 2000 principal loan repayment to KeyBank, N.A. and the remaining \$2 million was available for working capital. The Company pledged 1 million shares of Plug Power common stock as collateral. Upon mutual agreement of FAC and the Company, the loans may be converted to equity prior to maturity. Both loans bear interest at the Prime Rate and both interest and principal are due on January 3, 2002. On March 30, 2001, the Company made a principal payment to FAC totaling \$4 million. On April 30, 2001, the Company made principal and interest payments to FAC totaling \$1.445 million and \$.117 million, respectively, which reduced the Company's obligations on the FAC Bridge Loans to zero.
