This prospectus provides a general description of the \$25 Preferred Stock being offered. Each time we sell a

series of \$25 Preferred Stock we will provide a prospectus supplement containing specific information about the terms of that series of \$25 Preferred Stock and the related offering. Entergy Mississippi, Inc.

We are an electric public utility company providing service to customers in the State of Mississippi since 1923.

We are owned by Entergy Corporation, which is a public utility holding company registered under the Public Utility Holding Company Act of 1935. The other major public utilities owned by Entergy Corporation are Entergy Arkansas, Inc., Entergy Gulf States, Inc., Entergy Louisiana, Inc. and Entergy New Orleans, Inc. Entergy Corporation also owns all of the common stock of System Energy Resources, Inc., the principal asset of which is the Grand Gulf Electric Generating Station.

Capacity and energy from Grand Gulf is allocated among Entergy Arkansas, Inc., Entergy Louisiana, Inc., Entergy New Orleans, Inc. and us under a unit power sales agreement. Our allocated share of Grand Gulf's capacity and energy together with related costs is 33%. Payments we make under the unit power sales agreement are generally recovered through rates set by the Mississippi Public Service Commission, which regulates our electric service, rates and charges.

Together with Entergy Arkansas, Inc., Entergy Louisiana, Inc. and Entergy New Orleans, Inc., we own all of the capital stock of System Fuels, Inc. System Fuels, Inc. is a special purpose company that implements and maintains programs for the purchase, delivery and storage of fuel supplies for Entergy Corporation's utility subsidiaries.

The information above is only a summary and is not complete. You should read the incorporated documents listed under the caption "Where You Can Find More Information" for more specific information concerning our business and affairs, including significant contingencies, our general capital requirements, our financing plans and capabilities, and pending legal and regulatory proceedings, including the status of industry restructuring in our service area.

#### Ratios of Earnings to Fixed Charges and Preferred Dividends

We have calculated ratios of earnings to fixed charges and preferred dividends pursuant to Item 503 of SEC Regulation S-K as follows:

Twelve Months Ended December 31,
-------------------------------------

2004

2003

2002

2001

2000

3.07

2.77

2.27

1.96

2.09

"Earnings" represent the aggregate of (1) income before the cumulative effect of an accounting change, (2) taxes based on income, (3) investment tax credit adjustments-net and (4) fixed charges.

"Fixed charges" include interest (whether expensed or capitalized), related amortization and estimated interest applicable to rentals.

"Preferred dividends" are computed by dividing the preferred dividend requirement by 100% minus the effective income tax rate.

#### Use of Proceeds

The net proceeds from the offering of the \$25 Preferred Stock will be used either (a) to acquire or redeem one or more series of our outstanding preferred stock on or before their stated due dates or (b) for other general corporate purposes. The specific purposes for the proceeds of a particular series of \$25 Preferred Stock or the specific securities, if any, to be acquired or redeemed with the proceeds of a particular series of \$25 Preferred Stock will be described in the prospectus supplement relating to that series.

#### Description of Preferred Stock

We will issue shares of \$25 Preferred Stock offered by this prospectus from time to time in one or more series. The following description sets forth certain terms and provisions of the \$25 Preferred Stock as to which any prospectus supplement may relate. The particular terms of any series of \$25 Preferred Stock and the extent, if any, to which these general provisions may apply to the series of \$25 Preferred Stock offered will be described in the prospectus supplement relating to that series of \$25 Preferred Stock.

The statements in this prospectus and any accompanying prospectus supplement concerning the \$25 Preferred Stock do not purport to be complete and are subject in all respects to the provisions of our Amended and Restated Articles of Incorporation and the proposed forms of articles of amendment to be adopted for each specific series of \$25 Preferred Stock. Such statements do not relate or give effect to the provisions of Mississippi statutory or common law. You are referred to the Amended and Restated Articles of Incorporation and the form of articles of amendment that are filed as exhibits to the registration statement of which this prospectus is a part.

#### General

Under our Amended and Restated Articles of Incorporation, we have the authority to issue up to 2,000,000 shares of a class of Preferred Stock designated as Preferred Stock, Cumulative, \$25 par value ("\$25 Preferred Stock"), and to issue 2,178,807 shares of a class of Preferred Stock designated as Preferred Stock, Cumulative, \$100 par value ("\$100 Preferred Stock"). We refer to the \$25 Preferred Stock and the \$100 Preferred Stock, collectively, as the "Preferred Stock" in this prospectus. Currently, there are no outstanding shares of \$25 Preferred Stock. There are 503,807 shares of \$100 Preferred Stock, in five separate series, currently outstanding (or approximately \$50.4 million aggregate liquidation preference).

The \$25 Preferred Stock and the \$100 Preferred Stock will have the same rank as to dividends and in liquidation, dissolution, winding up or distributions, and shall be identical with each other, except as to matters relating to par value, the variations among series as described below and the voting entitlement of the respective classes of Preferred Stock as set forth under "-Voting Rights" below and except as described in the next two sentences, the shares of each series of Preferred Stock will confer equal rights upon the holders. Currently, we are not permitted to issue or assume

unsecured indebtedness in excess of certain amounts as set forth in our Amended and Restated Articles of Incorporation without the consent of the holders representing a majority of the \$100 Preferred Stock, voting separately as a class. The holders of the \$25 Preferred Stock will not have the right to vote, consent to or otherwise restrict our ability under our Amended and Restated Articles of Incorporation to issue or assume unsecured indebtedness.

Our Board of Directors is authorized to issue shares of \$25 Preferred Stock in one or more series and determine the terms for each series of \$25 Preferred Stock.

The prospectus supplement will describe the specific terms of any series of \$25 Preferred Stock being offered, including:

- (1) the designation of such series;
- (2) the number of shares of such series;
- (3) the purchase price and initial public offering price, if any, of the shares of such series;
- (4) the dividend rate (or the method of calculation thereof);
- (5) the dividend payment dates and the date from which dividends will be cumulative;
- (6) the terms and conditions pursuant to which, and the prices at which, we may redeem shares of such series; and
- (7) the terms and amount of any sinking fund requirements applicable to such series.

The \$25 Preferred Stock will be junior in entitlement to dividends or assets to claims by our creditors, including holders of debt securities issued or guaranteed by us.

#### Dividends

Each series of \$25 Preferred Stock will rank equally as to dividends with each other series of \$25 Preferred Stock and with any shares of \$100 Preferred Stock then outstanding, and shall be entitled, when and as declared by the Board of Directors, in preference to our common stock, to dividends at the rate stated in the title thereof, cumulative from such date and payable quarterly on such dates as are stated in the articles of amendment providing for the issuance of such series.

#### Voting Rights

##### General

. Except for those purposes for which the right to vote is expressly conferred upon the \$25 Preferred Stock by our Amended and Restated Articles of Incorporation or applicable Mississippi law, no holder thereof is entitled to notice of or to vote at any meeting of shareholders.

For those purposes for which the \$25 Preferred Stock has a right to vote, the voting entitlement is the following. When the holders of \$25 Preferred Stock vote as part of a group with the holders of \$100 Preferred Stock and/or our common stock, the holders of the \$25 Preferred Stock are entitled to one-quarter vote per share held and the holders of \$100 Preferred Stock and our common stock are each entitled to one vote per share held. When the holders of \$25 Preferred Stock vote as a separate class, the holders are entitled to one vote for each share of \$25 Preferred Stock held.

### Right to Elect a Majority of Directors in Case of Dividend Default

. The Amended and Restated Articles of Incorporation expressly provide that, during any periods when dividends on any of the Preferred Stock are in default in an amount equal to four full quarterly payments or more per share, and thereafter until all dividends on any such Preferred Stock in default shall have been paid, the holders of the Preferred Stock, voting separately as a class, and calculated as described under "-Voting Rights-General" are entitled to elect the smallest number of directors necessary to constitute a majority of the full Board of Directors, and the holders of the common stock, voting separately as a class, are entitled to elect the remaining directors of the Company.

Restrictions on Issuance of Prior Ranking Stock and on Altering Rights of Preferred Stock. The vote of the holders of at least two-thirds of the total number of votes entitled to be cast by the Preferred Stock, voting separately as a class and calculated as described above under "-Voting Rights-General", is required prior to the issuance of any new stock ranking prior to the Preferred Stock as to dividends or in liquidation, dissolution, winding up or distributions or any stock convertible into shares of such prior ranking stock except to provide funds for the redemption of all of the Preferred Stock then outstanding (provided that any such new stock shall be issued within twelve months after the vote by the holders of the Preferred Stock authorizing the issuance), and for the amendment or alteration of any of the rights, preferences or powers of the Preferred Stock in a manner which would affect adversely any of such rights, preferences or powers. If any such amendment or alteration would affect adversely the rights, preferences or powers of less than all of the Preferred Stock, only the consent of the holders of at least two-thirds of the votes entitled to be cast by the outstanding shares of all series so affected is required, with such vote calculated as described above under "-Voting Rights-General." The increase or decrease in the authorized amount of the Preferred Stock, or the creation, or increase or decrease in the amount, of any class of stock ranking on a parity with the Preferred Stock, as to dividends or in liquidation, dissolution, winding up or distributions shall not be deemed to affect adversely the rights, preferences or powers of the holders of the Preferred Stock.

Restrictions on Merger, Sale of Assets, and Sale of Additional Preferred Stock. The vote of the holders of a majority of the total number of votes entitled to be cast by the Preferred Stock, voting separately as a class and calculated as described above under "-Voting Rights-General", is required prior to our merger or consolidation or the disposition of all or substantially all of our assets, unless such merger, consolidation or disposition has been ordered, approved or permitted under the Public Utility Holding Company Act of 1935. This vote is also required for the issue of additional Preferred Stock or any other equally ranking stock, unless gross income (as specified in our Amended and Restated Articles of Incorporation) for a period of 12 consecutive calendar months within the 15 calendar months immediately preceding the issue, available for the payment of interest, is at least 1-1/2 times the sum of the annual interest charges on all of our interest bearing indebtedness and the annual dividend requirements on all of our outstanding Preferred Stock and any other classes of stock ranking prior thereto or on a parity therewith, including the shares proposed to be issued, and unless the aggregate of our capital applicable to our common stock and our surplus shall be not less than the aggregate amount payable on involuntary liquidation on all shares of our Preferred Stock, and any other stock ranking prior thereto or on a parity therewith, outstanding after the issue of the shares proposed to be issued.

### Liquidation Rights

In the event of any voluntary liquidation, dissolution or winding up, each series of \$25 Preferred Stock shall be entitled, on a parity with all Preferred Stock then outstanding and in preference to our common stock, to an amount equal to its then current redemption price, plus any accumulated and unpaid dividends. In the event of any involuntary liquidation, dissolution or winding up, each series of \$25 Preferred Stock shall be entitled, on a parity with all Preferred Stock then outstanding and in preference to our common stock, to \$25 per share for the \$25 Preferred Stock, plus any accumulated and unpaid dividends.

### Other Rights

The \$25 Preferred Stock will not have any preemptive or conversion rights.

### Liability to Further Calls and Assessments

All of the \$25 Preferred Stock to be offered by this prospectus and the accompanying prospectus supplement will be validly issued and fully paid and non-assessable upon receipt by us of the purchase price thereof.

### Certain Limitations on Common Stock Dividends

Our Amended and Restated Articles of Incorporation in effect restrict the payment of dividends on our common stock to 75% of net income available therefor if the percentage of Common Stock Equity to total capitalization, as defined in the Amended and Restated Articles of Incorporation, is between 20% and 25%, and to 50% of such net income if such percentage is less than 20%. At any time when Common Stock Equity is 25% or more of total capitalization, we may not declare dividends on our stock that would reduce Common Stock Equity below 25% of total capitalization. Certain other limitations on the payment of common stock dividends also exist in our Amended and Restated Articles of Incorporation, including a prohibition of the payment of common stock dividends in the event we should be in arrears in our dividend obligations on the Preferred Stock or in our sinking fund obligations for any series of Preferred Stock. In addition, certain limitations on the payment of common stock dividends exist in our first mortgage bond indenture.

### Certain Terms Applicable to Redemption

In general, at any time when dividends payable on any Preferred Stock are in default, we may not (1) make any payment, or set aside funds for payment, into any sinking fund for the purchase or redemption of any shares of the Preferred Stock, or (2) redeem, purchase or otherwise acquire less than all of the shares of the Preferred Stock, in either case unless approval is obtained under the Public Utility Holding Company Act of 1935. Any shares of the Preferred Stock which are redeemed, purchased or acquired shall be retired and cancelled.

The redemption terms for any series of \$25 Preferred Stock will be described in the prospectus supplement relating to that series of \$25 Preferred Stock. It is our intention to redeem the \$25 Preferred Stock only to the extent that we have raised funds in the period of six months preceding such redemption by the issuance of any securities ranking on a parity or junior to the \$25 Preferred Stock, in an aggregated amount at least equal to the aggregate principal amount of the \$25 Preferred Stock to be redeemed, but there is no obligation to do so nor any guarantee of our future behavior.

### Transfer Agent and Registrar

The transfer agent and registrar for the \$25 Preferred Stock is CIBC Mellon Trust Company.

### Book-Entry Only Securities

The Depository Trust Company will act as securities depository for the \$25 Preferred Stock offered through this prospectus. The \$25 Preferred Stock will be issued as fully registered securities registered in the name of Cede & Co., the partnership nominee of DTC. One or more fully registered security certificates will be issued for each series of the \$25 Preferred Stock, in the aggregate liquidation preference of such series, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for United States and foreign equity issues, corporate and municipal debt issues, and money market instruments from countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between the accounts of Direct Participants, thereby eliminating the need for

physical movement of security certificates. Direct Participants include both United States and foreign securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is, in turn, owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, all of which clearing corporations are subsidiaries of DTCC, as well as by The New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to other entities such as both United States and foreign securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and, together with Direct Participants, the "Participants"). The DTC rules applicable to its Participants are on file with the SEC.

Purchases of securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the securities on the records of DTC. The ownership interest of each actual purchaser of each security ("Beneficial Owner") is in turn to be recorded on the records of the Direct Participant or the Indirect Participant. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the securities are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in securities, except in the event that use of the book-entry system for the securities is discontinued.

To facilitate subsequent transfers, all securities deposited by Direct Participants with DTC are registered in the name of Cede & Co., the partnership nominee of DTC, or such other name as may be requested by an authorized representative of DTC. The deposit of securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the securities; the records of DTC reflect only the identity of the Direct Participants to whose accounts such securities are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the securities, such as redemptions. For example, Beneficial Owners of securities may wish to ascertain that the nominee holding the securities for their benefit has agreed to obtain and to transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the transfer agent and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all the securities within a series are being redeemed, the practice of DTC is to determine by lot the amount of the interest of each Direct Participant in such series to be redeemed.

Although voting with respect to the \$25 Preferred Stock is limited, in those cases where a vote is required, neither DTC nor Cede & Co. nor any other DTC nominee will consent or vote with respect to the \$25 Preferred Stock unless authorized by a Direct Participant in accordance with DTC procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those Direct Participants to whose accounts securities are credited on the record date, identified in a listing attached to the omnibus proxy.

Payments on the \$25 Preferred Stock will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. The practice of DTC is to credit the accounts of Direct Participants, upon the receipt by DTC of funds and corresponding detail information from us on the payable date in accordance with their respective holdings shown on the records of DTC. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practice, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or its nominee, any underwriters, dealers or agents, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments on the \$25 Preferred Stock to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC is our responsibility, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its securities purchased or tendered, through its Participant, to the tender or remarketing agent and shall effect delivery of such securities by causing the Direct Participant to transfer the interest of the Participant in the securities, on the records of DTC, to the tender or remarketing agent. The requirement for physical delivery of securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the securities are transferred by Direct Participants on the records of DTC and followed by a book-entry credit of tendered securities to the DTC account of the tender or remarketing agent.

DTC may discontinue providing its services as depository with respect to the securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained, securities certificates are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC or a successor securities depository. In that event, security certificates will be printed and delivered.

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

#### Legality

The legality of the \$25 Preferred Stock will be passed upon for us by Thelen Reid & Priest LLP, New York, New York, and Wise Carter Child & Caraway, Professional Association, Jackson, Mississippi. Certain legal matters with respect to the \$25 Preferred Stock will be passed on for any underwriters, dealers or agents by Pillsbury Winthrop Shaw Pittman LLP, New York, New York. Pillsbury Winthrop Shaw Pittman LLP regularly represents our affiliates in connection with various matters. All legal matters pertaining to our organization and all other matters pertaining to Mississippi law will be passed upon only by Wise Carter Child & Caraway, Professional Association.

#### Plan of Distribution

#### Methods and Terms of Sale

We may use a variety of methods to sell the \$25 Preferred Stock including:

1. through one or more underwriters or dealers;
2. directly to one or more purchasers;
3. through one or more agents; or
4. through a combination of any of these methods of sale.

The prospectus supplement relating to a particular series of \$25 Preferred Stock will describe the terms of the offering of the \$25 Preferred Stock, including:

1. the name or names of any underwriters, dealers or agents and any syndicate of underwriters;
2. the initial public offering price;
3. any underwriting discounts and other items constituting underwriters' compensation;
4. the proceeds we receive from that sale; and
5. any discounts or concessions allowed or reallocated or paid by any underwriters to dealers.

We are currently contemplating issuing up to 1.2 million shares of \$25 Preferred Stock in an underwritten offering shortly after the registration statement containing this prospectus is declared effective by the SEC. The general terms of the preferred stock are described in this prospectus under "Description of Preferred Stock." We have not finally determined the timing or terms of such an offering nor the identity of the underwriters. The dividend rate is expected to be a cumulative, fixed rate determined through negotiation with the underwriters based on market conditions at the time of the offering. We expect that the use of proceeds from this offering will be for the purpose of refinancing certain outstanding series of \$100 Preferred Stock. Other terms have not been determined as of the date of this prospectus, but will be reflected in a prospectus supplement that will be filed with the SEC if and when we decide to proceed with any such offering.

#### Underwriters

If we sell the \$25 Preferred Stock through underwriters, they will acquire the \$25 Preferred Stock for their own account and may resell the \$25 Preferred Stock from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters for a particular underwritten offering of the \$25 Preferred Stock will be named in the prospectus supplement and, if an underwriting syndicate is used, the managing underwriter or underwriters will be named on the cover page. In connection with the sale of \$25 Preferred Stock, the underwriters may receive compensation from us or from purchasers in the form of discounts, concessions or commissions. The obligations of the underwriters to purchase \$25 Preferred Stock will be subject to certain conditions. The underwriters will be obligated to purchase all of the \$25 Preferred Stock of a particular series if any is purchased. However, the underwriters may purchase less than all of the \$25 Preferred Stock of a particular series should certain circumstances involving a default of one or more underwriters occur.

The initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers by any underwriters may be changed from time to time.

### Stabilizing Transactions

Underwriters may engage in stabilizing transactions and syndicate covering transactions in accordance with Rule 104 under the Securities Exchange Act of 1934. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the \$25 Preferred Stock in the open market after the distribution has been completed in order to cover syndicate short positions. These stabilizing transactions and syndicate covering transactions may cause the price of the \$25 Preferred Stock to be higher than it would otherwise be if these transactions had not occurred.

### Agents

If we sell the \$25 Preferred Stock through agents, the prospectus supplement will set forth the name of any agent involved in the offer or sale of the \$25 Preferred Stock, as well as any commissions we will pay to them. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

### Related Transactions

Underwriters, dealers and agents may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

### Indemnification

We will agree to indemnify any underwriters, dealers, agents or purchasers and their controlling persons against certain civil liabilities, including liabilities under the Securities Act of 1933.

### Listing

The applicable prospectus supplement will set forth whether or not a particular series of \$25 Preferred Stock will be listed on a national securities exchange. In addition, any underwriters, agents or dealers participating in the distribution of the \$25 Preferred Stock may make a market in the \$25 Preferred Stock, as permitted by applicable law and regulations. Any such underwriters, agents or dealers would not be obligated to do so, however, and could discontinue making a market at any time without notice. No assurance can be given as to the liquidity of any trading market for any particular series of \$25 Preferred Stock.

Item 15. Indemnification of Directors and Officers

We have insurance covering our expenditures that might arise in connection with our lawful indemnification of our directors and officers for certain of their liabilities and expenses. Our directors and officers also have insurance that insures them against certain other liabilities and expenses. The corporation laws of Mississippi permit indemnification of directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933, as amended (the "Securities Act"), and, under our Amended and Restated Articles of Incorporation, our officers and directors may generally be indemnified to the full extent of such laws.

## Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however,

that paragraphs (1)(i) and (1)(ii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(5) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(6) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

#### SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused the registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New Orleans, State of Louisiana, on the 19<sup>th</sup> day of April, 2005.
