IMPORTANT VOTING INFORMATION

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a "broker non-vote." In these cases, the broker can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum, but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange ("NYSE").

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under NYSE rules to vote your shares on Item 3 (Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public Accounting Firm for Fiscal 2013), even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on Items 1 (Election of Directors) and 2 (Advisory Resolution to Approve Executive Compensation) without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on those matters. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

More Information Is Available

If you have any questions about the proxy voting process, please contact the broker, bank or other financial institution where you hold your shares. The Securities and Exchange Commission ("SEC") also has a website (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a shareholder.

Additionally, you may contact our Investor Relations Department at www.stagestoresinc.com/investor-relations.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 13, 2013

INFORMATION REGARDING ADMISSION TO THE ANNUAL MEETING

PROXY STATEMENT

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by Stage Stores, Inc. (the "Company", "we", "our" or "us") on behalf of the Board of Directors (the "Board") for the 2013 Annual Meeting of Shareholders (the "Annual Meeting"), which will be held at the principal executive offices of the Company, 10201 Main Street, Houston, Texas 77025, on Thursday, June 13, 2013, at 1:00 p.m. local time. This Proxy Statement and Proxy Card are first being made available to the shareholders on or about May 3, 2013. The proxy will be voted at the Annual Meeting if the signer of the Proxy Card or the shareholder submitting their vote and proxy by mail, by telephone or by the Internet was a shareholder of record on April 18, 2013 (the "Record Date").

NOTICE ONLY DELIVERY METHOD

We have adopted the "Notice Only Delivery Method" of distributing our Proxy Statement, Proxy Card and Annual Report to shareholders. Therefore, we will mail a Notice of Internet Availability of Proxy Materials ("E-Notice") to shareholders rather than paper copies of these documents. If you would like to receive a paper copy of these documents, you must request one. Instructions on how to request a copy by telephone, email or the Internet are contained in the E-Notice.

VOTING

The holders of our common stock are entitled to one vote per share on all matters to be voted upon by the shareholders. On the Record Date, there were 32,657,988 shares of our common stock, par value \$0.01, outstanding and entitled to vote at the Annual Meeting. In addition, on the Record Date, holders of 298 shares of unvested Restricted Stock are entitled to vote at the Annual Meeting. A list of the shareholders entitled to vote at the Annual Meeting will be available for inspection at the Annual Meeting for purposes relating to the Annual Meeting. You can ensure that your shares are voted at the Annual Meeting by submitting your instructions by completing, signing, dating and returning your Proxy Card in the envelope provided (if you requested a paper copy of the Proxy Card) or by submitting your vote and proxy by telephone or by the Internet. Submitting your instructions by Proxy Card, by telephone, or by the Internet will not affect your right to attend the Annual Meeting and vote. A shareholder who gives a proxy may revoke it at any time before it is exercised by voting in person at the Annual Meeting, by delivering a subsequent proxy, or by notifying the Inspector of Election in writing of such revocation.

The representation in person or by proxy of a majority of the outstanding shares of our common stock entitled to a vote at the Annual Meeting is necessary to provide a quorum for the transaction of business at the Annual Meeting. Shares can only be voted if the shareholder is present in person or is represented by a properly signed Proxy Card or by a vote and proxy submitted by telephone or by the Internet. Each shareholder's vote is very important. Whether or not you plan to attend the Annual Meeting in person, please sign and promptly return the Proxy Card (if you requested a paper copy of the Proxy Card) or submit your vote and proxy by telephone or by the Internet. All signed and returned Proxy Cards and votes and proxies submitted by telephone or by the Internet will be counted towards establishing a quorum for the Annual Meeting, regardless of how the shares are voted.

A shareholder of record on the Record Date may vote in any of the following four ways:

- by toll free number at 1-800-652-8683; or
- by the Internet at www.envisionreports.com/SSI; or
- by completing and mailing a Proxy Card (if you requested a paper copy of the Proxy Card); or
- by written ballot at the Annual Meeting.

If you vote by mail, by the Internet or by telephone, your vote must be received by 11:59 p.m. Eastern Time on Wednesday, June 12, 2013, the day before the Annual Meeting. Your shares will be voted as you indicate. If you return or otherwise complete your Proxy Card, but you do not indicate your voting preferences, the proxies will vote

your shares FOR Items 1 (Election of Directors), 2 (Advisory Resolution to Approve Executive Compensation) and 3 (Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public

Table of Contents

Accounting Firm for Fiscal 2013), and in their discretion for Item 4 (such other matters as may properly come before the Annual Meeting or any adjournment thereof).

If your shares are held in a brokerage account (this is called "street name"), you should follow the voting directions provided by the broker. You may complete and mail a voting instruction card to the broker or, in most cases, submit voting instructions by mail, by telephone or by the Internet. Your shares should be voted by the broker as you have directed.

If your shares are held in street name and you wish to have your shares voted for Items 1 (Election of Directors) and 2 (Advisory Resolution to Approve Executive Compensation), you must either (i) instruct your broker how to vote your shares, (ii) vote your shares by phone or the Internet, or (iii) bring a brokerage statement, written proxy from your broker, or other proof of ownership of the Company's common stock as of the Record Date with you to the Annual Meeting.

We will pass out written ballots to any shareholder entitled to vote at the Annual Meeting.

MATTERS TO BE ACTED UPON

ITEM 1 - ELECTION OF DIRECTORS

INFORMATION RELATING TO DIRECTORS AND DIRECTOR NOMINEES

New Directors

C. Clayton Reasor. On June 8, 2012, C. Clayton Reasor was appointed a Director by the Board of Directors.

Lisa R. Kranc. On September 20, 2012, Lisa R. Kranc was appointed a Director by the Board of Directors.

Diane M. Ellis. On September 21, 2012, Diane M. Ellis was appointed a Director by the Board of Directors.

Former Directors

Andrew Hall. On March 28, 2012, Andrew Hall resigned as a Director and as the Company's President and Chief Executive Officer to pursue other interests. As he is a Named Executive Officer and was a Director during Fiscal 2012, certain information concerning Mr. Hall is provided in this Proxy Statement as required by the rules of the SEC.

In General

At the Annual Meeting, ten Directors are to be elected to hold office until the 2014 Annual Meeting and until their successors have been elected and have qualified. Information concerning the ten nominees is set forth below. All of the nominees are currently Directors. The Board has determined that the following nine Director nominees are Independent Directors, as independence is defined by the NYSE: Alan J. Barocas, Diane M. Ellis, Gabrielle E. Greene, Earl J. Hesterberg, Lisa R. Kranc, William J. Montgoris, C. Clayton Reasor, David Y. Schwartz and Ralph P. Scozzafava. Michael L. Glazer, the tenth Director nominee, is not an Independent Director because he is our President and Chief Executive Officer. The Board's Corporate Governance and Nominating Committee recommended those current Directors for re-election. The Board knows of no reason why any nominee may be unable to serve as a Director. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such other person as the Board may nominate.

Board Composition

Nominees for Director are selected on the basis of broad experience, diversity (differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that contribute to the Board's heterogeneity), wisdom, integrity, the ability to make independent analytical inquiries, an understanding of the Company's business environment, and a willingness to devote adequate time to Board duties.

Table of Contents

Below we identify and describe the specific experience, qualifications, attributes or skills (collectively, "Director Qualifications") our Directors bring to the Board that are important in light of our business. The specific Director Qualifications that the Corporate Governance and Nominating Committee and the Board considered in each Director's re-nomination follow their individual biographies.

Leadership experience. We believe that Directors with experience in significant leadership positions over an extended period, especially Chief Executive Officer ("CEO") and Chief Operating Officer ("COO") positions, provide the Company with special insights. These people generally possess extraordinary leadership qualities and the ability to identify and develop those qualities in others. They demonstrate a practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth.

Finance experience. We believe that an understanding of finance and financial reporting processes is important for our Directors. The Company measures its operating and strategic performance by reference to financial targets. In addition, accurate financial reporting and vigorous auditing are critical to our success. We seek to have at least a majority of the members of our Audit Committee qualify as Audit Committee Financial Experts and we expect all of our Directors to be financially knowledgeable.

Industry experience. We seek to have Directors with experience as executives, directors, consultants, professionals or other capacities in the retail industry.

Investor relations experience. As a public company, we seek to have Directors with experience in the development, implementation and articulation of corporate and marketing strategy, with commercial, financial and communications experience and with experience working directly with investment analysts, institutional investors and the broad financial community.

Marketing experience. As a retailer, marketing is critical to our success. Therefore, marketing expertise, both at the store level and at the eCommerce level, is very important to us.

Real estate experience. As of the end of our 2012 Fiscal Year (February 2, 2013), we operated 864 stores in 40 states. In addition to opening new stores, the Company has continued to invest in the expansion, relocation and remodeling of its existing stores. Therefore, real estate expertise is very important to us.

Strategic planning experience. As a retailer, strategic planning is critical to our success. Therefore, extensive experience in strategic planning as a result of various executive leadership roles is very important to us.

The following information pertains to each nominee's (i) age as of April 18, 2013, (ii) principal occupations for at least the past five years, and (iii) directorships in other public companies at any time during the past five years.

INFORMATION RELATING TO THE BOARD OF DIRECTORS AND COMMITTEES

In General

Our business is managed under the direction of our Board. Our Board currently consists of ten Directors. Members of our Board are kept informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, by visiting our offices, stores and distribution centers, and by participating in meetings of the Board and its Committees.

Corporate Governance

Board Leadership Structure. Our CEO does not serve as the Chairman of our Board. We believe that this leadership structure is appropriate for the Company because while it allows the CEO to speak for and lead the Company and communicate with other members of senior management, it provides for effective oversight by our Board, all of whose members are independent with the exception of Mr. Glazer, and all of whom are highly qualified and experienced and exercise a strong oversight function. This oversight function is enhanced by the fact that all of the Board's standing committees (Audit, Compensation, and Corporate Governance and Nominating) are comprised entirely of Independent Directors.

The Board's Role in Risk Oversight. The Board's role in the risk oversight of the Company is administered directly and through its standing committees as follows:

The Audit Committee has primary responsibility for financial oversight. In that regard, the Audit Committee's purpose is to assist in the Board's oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the Company's independent auditor's qualifications, independence and work, and (iv) the performance of the Company's internal audit function and independent auditors. The Audit Committee acts independently as authorized and assists the Board in fulfilling its oversight responsibilities by reviewing certain financial information that is provided to the Board and others, the internal control structure, the audit process, and the adherence to applicable laws and regulations. Considering the size and complexity of the Company, the Committee must apply reasonable materiality standards to all of its activities. In addition, the Audit Committee has certain responsibilities with respect to our compliance program. For additional information, please see "Information Relating to the Board of Directors and Committees—Audit Committee" on page 12 of this Proxy Statement and "Item 3—Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public Accounting Firm for Fiscal 2013—Audit Committee Report" on page 69 of this Proxy Statement.

The Compensation Committee considers the risks associated with our compensation policies and practices for all employees, including non-executive officers, to ensure that they do not create risks that are reasonably likely to have a material adverse affect on the Company. For additional information, please see "Information Relating to the Board of Directors and Committees—Compensation Committee" on page 13 of this Proxy Statement.

The Corporate Governance and Nominating Committee assists the Board in fulfilling its corporate governance and oversight responsibilities by reviewing corporate governance issues that may be brought before the Board, by exercising oversight over the Company's Corporate Governance Guidelines, by recommending qualified individuals for nomination as Directors and reviewing their performance, and by reviewing applicable laws and regulations related to corporate governance matters. For additional information, please see "Information Relating to the Board of Directors and Committees—Corporate Governance and Nominating Committee" on page 10 of this Proxy Statement.

Table of Contents

The Board is kept abreast of its Committees' risk oversight and other activities via reports of each Committee Chairman to the full Board. These reports are presented at every regular Board meeting and include discussions of Committee agenda topics, including matters involving risk oversight.

Members of management who supervise the day-to-day risk management responsibilities periodically provide reports to the Board as a whole and to the Committees if requested.

The Board considers specific risk topics, including risks associated with our strategic plan, our capital structure and our development activities. In addition, the Board receives detailed regular reports from the members of our senior management team, which consists of the heads of our principal business and corporate functions—that include discussions of the risks and exposures involved in their respective areas of responsibility. These reports are provided in connection with regular Board meetings and are discussed, as necessary, at Board meetings. Further, the Board is routinely informed of developments affecting the Company that could affect our risk profile or other aspects of our business.

Director Independence. Nine of our ten Directors are Independent Directors, as independence is defined by the NYSE. One of our Directors is not an Independent Director by virtue of the fact that he is our President and CEO (Michael Glazer). All members of the Board's Audit, Compensation, and Corporate Governance and Nominating Committees are Independent Directors. Members of the Audit Committee must also satisfy, and they do satisfy, a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from us or any of our subsidiaries other than their Directors' compensation.

Corporate Governance Guidelines. The Board has adopted written Corporate Governance Guidelines (the "Governance Guidelines") to assist it in the exercise of its corporate governance responsibilities. The purpose of the Governance Guidelines is to provide a structure within which our Directors and our management can monitor the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing shareholder value over the long term. The Governance Guidelines are available on our website at www.stagestoresinc.com. They can be accessed by clicking "Investor Relations," then "Corporate Governance," and then "Corporate Governance Guidelines."

Code of Ethics for Senior Officers. In order to promote ethical conduct in the practice of financial management throughout the Company, the Board has adopted a Code of Ethics for Senior Officers (the "Code"). We believe that in addition to the CEO, the Chief Operating Officer, the Chief Financial Officer and the Controller each holds an important and elevated role in corporate governance. The Code is designed to deter wrongdoing and provides principles to which our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions are expected to adhere and advocate. These principles embody rules regarding individual and peer responsibilities, as well as responsibilities to the shareholders, the public and others who have a stake in our continued success. The Code is available on our website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations," then "Corporate Governance," and then "Code of Ethics for Senior Officers." We intend to disclose future amendments to certain provisions of the Code, or waivers of such provisions granted to Directors and executive officers, if any, on our website within four business days following the date of such amendment or waiver or as otherwise may be required by the SEC.

Code of Ethics and Business Conduct. The Board has also adopted a Code of Ethics and Business Conduct (the "Code of Ethics"), which is the basic set of policies and procedures governing the behavior of all Directors, executive officers, and other employees of the Company (each employee an "Associate" and collectively the "Associates") in conformance with Section 303A.10 of the NYSE Listed Company Manual. It is our policy to adhere to the highest standards of business ethics in all our business activities. When Associates are engaged in any activity concerning the Company, our customers, competitors, suppliers, other Associates, shareholders or the general public, they must maintain standards of uncompromising integrity and conduct themselves in a professional manner with a positive, supportive attitude about the Company. The Code of Ethics is available on our website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations," then "Corporate Governance," and then "Code of Ethics and Business Conduct." We intend to disclose future amendments to certain provisions of the Code of Ethics, or waivers of such provisions granted to Directors and executive officers, if any, on our website within four business days following the date of such amendment or waiver or as otherwise may be required by the NYSE or the SEC.

Non-Accounting Complaints. We have established procedures to enable anyone who has a concern about a violation of the Code of Ethics or any other Company policy to report that concern through normal Company channels or anonymously. An Anonymous Ethics Hotline is maintained by an independent third party and is available 24 hours a day, 7 days a week.

Accounting Complaints. The Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters, and (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. These procedures, which are incorporated into the Code of Ethics, (i) set forth a statement about our commitment to comply with the laws; (ii) encourage employees to inform us of conduct amounting to a violation of the applicable standards; (iii) describe prohibited conduct; (iv) set forth compliance procedures that employees can easily use, including making anonymous complaints; and (v) provide assurances that there will be no retaliation for reporting suspected violations.

Policy on Poison Pills. The term "Poison Pill" refers to a type of shareholder rights plan that some companies adopt to provide an opportunity for negotiation during a hostile takeover attempt. The Board has not adopted a Poison Pill.

However, as we are a Nevada corporation, our Articles of Incorporation provide that we have expressly elected to be governed by Chapter 78 of the Nevada Revised Statutes ("NRS") with respect to the acquisition of a controlling interest in the Company. NRS 78 provides that a person who seeks to acquire a "Controlling Interest" (20% or greater) in a Nevada corporation will only obtain such voting rights in the shares acquired (the "Control Shares") as are granted by a vote of the holders of a majority of the remaining voting power of the Company at a special or annual meeting of the shareholders. In addition, NRS 78 provides that the Company may redeem not less than all of the Control Shares at the average price of the Control Shares if the Control Shares are not granted full voting rights by the shareholders.

Attendance at Board, Committee and Annual Meetings

Board Meetings. The Board held four regular meetings and seven special meetings during our 2012 Fiscal Year.

During our 2012 Fiscal Year, no current Director attended fewer than 75% of the aggregate of the total number of meetings of the Board and of meetings held by committees of the Board on which he or she was a member during the time he or she was a Director. In addition to regularly scheduled meetings, a number of Directors were involved in numerous informal meetings with management, offering valuable advice and suggestions on a broad range of corporate matters.

Executive Sessions (Meetings of Independent Directors). As described in the Governance Guidelines, the Independent Directors meet in regularly scheduled executive sessions without employees and non-Independent Directors present. The Chairman of the Board presides at all executive sessions.

Annual Meeting. It is the Board's policy that Directors should attend our annual meeting of the shareholders absent exceptional cause. Last year, all Directors attended the annual meeting of shareholders except for Diane Ellis, Lisa Kranc and Clayton Reasor, who were not Directors at the time.

Corporate Governance and Nominating Committee

In General. The members of the Corporate Governance and Nominating Committee are Alan Barocas (Chairman), Gabrielle Greene, Earl Hesterberg, Lisa Kranc, Clayton Reasor and David Schwartz, all of whom are Independent Directors. The Committee's primary purposes are (i) to develop, recommend to the Board, maintain and review the Governance Guidelines and propose changes to the Governance Guidelines as corporate governance developments warrant, (ii) to consider any Director candidates recommended by shareholders, (iii) to identify, recruit and recommend potential candidates for nomination as Directors to the Board consistent with criteria approved by the Board, and to nominate Directors for membership on Board committees, (iv) to evaluate the overall performance of the Board, the committees of the Board, the Directors and management, and (v) to report annually to the Board on the status of the Chief Executive Officer's succession plan. The Committee assists the Board in fulfilling its corporate governance and oversight responsibilities by reviewing corporate governance issues that may be brought before the Board, by exercising oversight over the Governance Guidelines, by recommending qualified individuals for nomination as Directors and reviewing their performance, and by reviewing applicable laws and regulations related to corporate governance matters. Annually, the Committee evaluates the overall performance of the Board and the Governance Guidelines. Periodically, the Committee reviews the compensation paid to the Directors. An annual performance evaluation of the Committee is conducted by the Board and the members of the Committee. The Committee met four times during our 2012 Fiscal Year.

Table of Contents

Committee Meetings; Reports to the Board. The Corporate Governance and Nominating Committee meets as frequently as circumstances require, but in any event a minimum of four times per year. Meetings are led by the Chairman or by his or her designee should the Chairman be unable to attend. The Chairman, in consultation with Committee members, determines the frequency and length of Committee meetings. The Committee may ask members of management or others to attend meetings and may provide pertinent information to them, as the Committee deems necessary. The Committee reports to the Board as frequently as circumstances require, but in any event a minimum of four times each year.

Corporate Governance and Nominating Committee Charter. The Corporate Governance and Nominating Committee's Charter is posted on our website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", and then "CG&NC Charter."

Evaluation of the Chairman, the Board, Board Committees and Individual Directors. The Corporate Governance and Nominating Committee is responsible for establishing the evaluation criteria and implementing the process for the annual evaluation of the Chairman, the Board, the Board Committees and the individual Directors. Each Director annually evaluates the Chairman, the Board, the Board Committees and the other Directors. With respect to the Chairman, the Board and the Board Committees, the evaluations are of their overall performance as a whole and the Committee considers specific areas in which the Directors believe a better contribution could be made. The results of the evaluations of the Chairman, the Board and the Board Committees are reported to the entire Board by the Chairman. With respect to the evaluation of individual Directors, the purpose of the evaluation is to increase the corporate governance effectiveness of the Board, not to target individual Directors. The results of the individual Director evaluations are communicated to the respective Directors by the Chairman or his designee and, in the case of the Chairman, by outside counsel.

Evaluation of the Guidelines, Committee Charters, Corporate Governance Policies and Related Party Transactions.

With input from the other Directors, the Corporate Governance and Nominating Committee reports annually to the Board on its evaluation of the Governance Guidelines, the Committee charters, any other corporate governance policies, and any related party transactions (transactions involving the Company and any executive officer, Director, employee or their affiliates and immediate family members).

Director Qualifications; Process for Identifying and Evaluating Nominees. Nominees for Director must possess the following minimum qualifications: broad experience, diversity (differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that contribute to the Board's heterogeneity), wisdom, integrity, the ability to make independent analytical inquiries, an understanding of our business environment, and a willingness to devote adequate time to Board duties. The Corporate Governance and Nominating Committee is responsible for assessing the appropriate balance of skills and qualifications required of Directors. In identifying and evaluating nominees for Director, including nominees recommended by shareholders, the Corporate Governance and Nominating Committee will implement such processes as it deems appropriate including, in its sole discretion, retaining a third party or third parties to identify or evaluate or assist in identifying or evaluating potential nominees.

However, at a minimum, each nominee for Director must (i) meet the minimum qualifications set forth above, (ii) have at least one interview with the Corporate Governance and Nominating Committee and with any other Board member who requests an interview, and (iii) complete and sign a Director and Executive Officer Questionnaire in a form deemed appropriate by the Board prior to his or her nomination to the Board. Each Director must no less than annually complete and sign a Director and Executive Officer Questionnaire in a form deemed appropriate by the Board. In the event any information contained on a Director's most recent Director and Executive Officer Questionnaire becomes incomplete or inaccurate, it is the responsibility of the Director to provide complete and accurate information to the Corporate Governance and Nominating Committee within thirty days. When formulating its Director recommendations, the Committee will also consider any advice and recommendations offered by our CEO and any other members of the Board.

Diversity. The Board endeavors to have a Board representing a range of experience in business and in other areas that are relevant to the Company's activities. The goal of the Corporate Governance and Nominating Committee is to achieve a Board that, as a whole, provides effective oversight of the management and business of the Company through, among other things, diversity (differences of viewpoint, professional experience, education, skill and other individual qualities and attributes that contribute to the Board's heterogeneity). This policy with respect to the

consideration of diversity in identifying Director nominees is implemented, and its effectiveness assessed, annually by both the Board and the Corporate Governance and Nominating Committee as part of the Director nomination process.

Consideration of Shareholder Nominees. When formulating its Director recommendations, the Corporate Governance and Nominating Committee will also consider any written recommendations received from our shareholders identifying the nominee and stating his or her qualifications. The Committee evaluates all nominees for Director in the same manner regardless of the source of the recommendation. For the Annual Meeting of Shareholders in 2014, recommendations for Director nominees must be submitted in writing by Friday, January 3, 2014 to the Corporate Governance and Nominating Committee, c/o Edward J. Record, Secretary, Stage Stores, Inc., 10201 Main Street, Houston, Texas 77025, and must include the names of such nominees, together with their qualifications for service as a Director of the Company.

Succession Planning. The Governance Guidelines require (i) the Corporate Governance and Nominating Committee to make an annual report to the Board on emergency as well as expected CEO succession planning and (ii) the CEO to prepare, on a continuing basis, a short-term succession plan which delineates a temporary delegation of authority to certain officers of the Company, if all or a portion of the executive officers of the Company should unexpectedly become unable to perform their duties. The short-term succession plan will be in effect until the Board has the opportunity to consider the situation and take action, when necessary.

Consultants. The Corporate Governance and Nominating Committee has the authority to retain, from time to time and at our expense, search firms and other consultants to assist it in identifying and recruiting potential directors for nomination, in evaluating director compensation, and to otherwise carry out its responsibilities and duties and to approve the search firm or other consultant's fees and other retention terms.

Engagement of Compensation Consultant-Director Compensation. The Corporate Governance and Nominating Committee (i) has the authority to retain, from time to time and at our expense, a professional compensation consulting firm to review our Director compensation program, and (ii) has selected and engaged Hay Group, a leading human resource and compensation consulting firm, as its independent consultant to advise it on Director compensation. Likewise, the decision to retain a consultant is at the sole discretion of the Corporate Governance and Nominating Committee and the consultant works at the direction of the Corporate Governance and Nominating Committee. Since 2005, Hay Group has been engaged from time to time by both the Corporate Governance and Nominating Committee and management for professional compensation consulting with respect to compensation of our Directors.

Compensation of Directors; Role of Compensation Consultant in Determining or Recommending the Amount or Form of Director Compensation. It is the responsibility of our Corporate Governance and Nominating Committee to recommend to our Board alternative forms of Director compensation. Our management reports at least once a year to the Corporate Governance and Nominating Committee on the status of our Director compensation in relation to the compensation of directors of our Peer Group. With the assistance of Hay Group as its compensation consultant, the Corporate Governance and Nominating Committee periodically evaluates Director compensation to ensure that our Directors are compensated in a manner consistent with those of our Peer Group. Changes in Director compensation, if any, are recommended by the Corporate Governance and Nominating Committee, but must be approved by our Board after a full discussion.

The nature and role of Hay Group's assignment with respect to Director compensation and its interaction with the Chairman of the Corporate Governance and Nominating Committee is essentially the same as it is with the Compensation Committee in the case of executive officer compensation. However, Hay Group only attends meetings of the Corporate Governance and Nominating Committee that involve Director compensation, which is generally one meeting a year.

Audit Committee

In General. The members of the Audit Committee are David Schwartz (Chairman), Diane Ellis, Gabrielle Greene, William Montgoris and Ralph Scozzafava, all of whom are Independent Directors. The Committee's primary purposes are to (i) assist Board oversight of (a) the integrity of the Company's financial statements, (b) the Company's compliance with legal and regulatory requirements, (c) the Company's independent auditor's qualifications and independence, and (d) the performance of the Company's internal audit function and independent auditors, and (ii) prepare an Audit Committee Report as required by the SEC to be included in the Company's annual proxy statement.

The Committee's primary responsibilities and duties are (i) to monitor the integrity of our financial process and systems of internal controls regarding finance, accounting and legal compliance, (ii) to select, retain, terminate,

determine compensation and oversee the work of our independent registered public accounting firm, (iii) to ensure the independence and monitor the performance of our independent registered public accounting firm and

the performance of our internal auditing department, (iv) to provide an avenue of communication between our independent registered public accounting firm and our internal auditing department, and (v) to provide an avenue of communication among our independent registered public accounting firm, our management, our internal auditing department and the Board. An annual performance evaluation of the Audit Committee is conducted by the Board and the members of the Committee. The Committee met ten times during our 2012 Fiscal Year.

Committee Meetings; Reports to the Board. The Audit Committee meets as frequently as circumstances require, but in any event a minimum of four times per year. Meetings are led by the Chairman or by his or her designee should the Chairman be unable to attend. The Chairman, in consultation with Committee members, determines the frequency and length of Committee meetings. The Committee may ask members of management or others to attend meetings and may provide pertinent information to them, as the Committee deems necessary. Most meetings allow time for an executive session in which the Committee and others specifically requested by the Committee (such as representatives of the Company's independent registered public accounting firm) have an opportunity to directly discuss all accounting issues without the presence of management. The Committee reports to the Board as frequently as circumstances require, but in any event a minimum of four times each year.

Authority to Engage Advisors and to Conduct Independent Investigations. The Audit Committee has the authority to engage, at the Company's expense, independent counsel and other advisors it determines necessary to carry out its duties. The Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities and duties, and it has direct access to our independent registered public accounting firm as well as anyone in the Company.

Audit Committee Charter. The Audit Committee's Charter is available on our website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations," then "Corporate Governance," and then "Audit Committee Charter."
Audit Committee Financial Expert. The Board has determined that Ms. Greene and Messrs. Montgoris, Schwartz and Scozzafava are Audit Committee Financial Experts, as that term is defined by the SEC.

Audit Committee Report. The Audit Committee Report is on page 70 of this Proxy Statement.

Compensation Committee

In General. The members of our Compensation Committee are Earl Hesterberg (Chairman), Alan Barocas, Diane Ellis, Lisa Kranc, Clayton Reasor and Ralph Scozzafava, all of whom are Independent Directors. Our Board has entrusted the Compensation Committee with overall responsibility for establishing, implementing and monitoring our executive compensation program. The primary purpose of the Compensation Committee is to administer the cash salary, bonus and other incentive compensation programs for the current and future executive officers of the Company. In addition, the Committee's responsibilities include the following: (i) review and approve corporate goals and objectives relevant to CEO compensation, evaluate the CEO's performance against those goals and objectives and, either as a committee or together with the other Independent Directors, determine and approve the CEO's compensation level based on this evaluation, (ii) make recommendations to the Board with respect to non-CEO executive officer compensation and incentive-compensation and equity-based plans that are subject to Board approval, and (iii) prepare a Compensation Committee Report and/or such other disclosure as may be required by applicable SEC rules or regulations.

An annual performance evaluation of the Compensation Committee is conducted by the Board and the members of the Committee. The Committee met five times during our 2012 Fiscal Year.

Committee Meetings; Reports to the Board. The Compensation Committee meets as frequently as circumstances require, but in any event a minimum of four times per year. Meetings are led by the Chairman or by his or her designee should the Chairman be unable to attend. The Chairman, in consultation with Committee members, determines the frequency and length of Committee meetings. The Committee may ask members of management or others to attend meetings and may provide pertinent information to them, as the Committee deems necessary. At least one meeting per year held in-person allows time for an executive session in which the Committee and others specifically requested by the Committee (such as outside consultants) have an opportunity to directly discuss all executive compensation issues without the presence of management. The Committee reports to the Board as frequently as circumstances require, but in any event a minimum of four times each year.

Compensation and Compensation Principles. For a discussion of executive officer compensation and compensation principles, please see "Compensation of Directors and Executive Officers-Compensation Discussion and Analysis" and the compensation tables and narrative discussions that follow beginning on page 21 of this Proxy Statement.

Processes and Procedures for Executive Officer Compensation; Committee Meetings. In addition to the purposes set forth in "Compensation Committee-In General", above, the primary responsibilities and duties of the Compensation Committee are as follows: (i) review and evaluate the performance and approve the compensation of our executive officers, (ii) review and approve the terms and conditions of written employment, separation and retirement agreements for our executive officers, (iii) provide oversight of all cash compensation, equity compensation, benefits and perquisites for the entire officer population, (iv) review and monitor equity incentive plans as well as any pension, profit sharing and benefit plans, (v) oversee the Company's compensation policies and practices for all employees, including non-executive officers, so that they do not create risks that are reasonably likely to have a material adverse affect on the Company, and (vi) oversee the Board's annual performance evaluation of our CEO using a process consistent with that set forth in the Governance Guidelines.

The Compensation Committee reviews compensation analyses prepared by an independent compensation consultant for benchmarking purposes. The Committee recommends our CEO's compensation to the Board, reviews and discusses recommendations for other senior executives with our CEO and recommends final pay packages to the Board. The Committee also reviews overall program design and total costs compared to approved strategies.

The Compensation Committee believes that having the input of management is important to the overall effectiveness of our executive compensation program. Our CEO and our Executive Vice President, Human Resources ("EVP Human Resources") are the primary representatives of management who interact with the Committee. The Committee seeks input from our CEO and our EVP Human Resources regarding the performance of our executive team and individual compensation levels (within parameters approved by the Committee) and also seeks recommendations on various executive compensation awards (e.g., new hire equity grants). In addition, our CEO and our EVP Human Resources regularly attend Committee meetings (except for executive sessions) to participate in the presentation of materials and discussion of management's point of view regarding compensation issues.

Our CEO is not permitted to be present during deliberations and voting regarding his or her compensation. While our CEO may be present during deliberations and voting on the compensation of other executive officers, our CEO may not vote on his or her compensation.

All base salary, bonus compensation and equity awards, regardless of the amount and the number of shares, at the Executive Vice President level and above must be approved by the Board. The Board has granted our CEO the authority (i) to determine and modify, in his or her discretion, the base salary and bonus compensation of employees of the Company other than executive management (Executive Vice Presidents and above) subject to a maximum base salary of \$400,000 and a maximum bonus target of 50% with respect to any single employee in any single calendar year, and (ii) to award up to 5,000 Performance Shares or shares of Restricted Stock under our Amended and Restated 2001 Equity Incentive Plan, our Second Amended and Restated 2008 Equity Incentive Plan, or other equity incentive plan approved by the Company's shareholders to any single employee in any single calendar year other than executive management.

Authority to Engage Compensation Consultants-Executive Officer Compensation. The Compensation Committee may, in its sole discretion, retain or obtain the advice of a compensation consultant to review our executive officer compensation program, including, but not limited to, a review of our "performance based" compensation programs in light of Section 162(m) of the Internal Revenue Code. For a discussion of Section 162(m), please see "Tax, Accounting and Other Implications-Deductibility of Executive Compensation" on page 43 of this Proxy Statement.

The Committee is directly responsible for the appointment, compensation and oversight of the work of any compensation consultant retained by the Committee. The decision to retain a compensation consultant is at the sole discretion of the Committee and the compensation consultant works at the direction of the Committee. The Company must provide for appropriate funding, as determined by the Committee, for payment of reasonable compensation to any compensation consultant retained by the Committee.

The Committee has selected and retained Hay Group as its independent compensation consultant to advise it on executive compensation. Since 2005, Hay Group has been engaged from time to time by both the Committee and management for professional compensation consulting with respect to compensation of the Company's executive officers.

Review of Compensation Consultant Arrangements. In September 2011, the Compensation Committee and the Board reviewed the then existing compensation consultant arrangements. A general discussion was held concerning whether the Board, by and through the Compensation Committee with respect to executive officer compensation and related matters (e.g., comparator data, the Compensation Discussion and Analysis in the Company's proxy statements and interactions with proxy advisory companies) and by and through the Corporate Governance and Nominating Committee with respect to Director compensation, on the one hand, and the Company, by and through management with respect to the compensation of other officers, on the other hand, should retain the services of separate compensation consultants and, if so, who those compensation consultants should be. The Board reviewed management's approach to hiring its compensation consultant as well as the roles, responsibilities, requirements (including timing) and the costs of compensation consultants.

Based upon the recommendation of the Compensation Committee, the Board determined and directed that the Board, by and through the Compensation Committee with respect to executive officer compensation and related matters, such as those described in the previous paragraph, and by and through the Corporate Governance and Nominating Committee with respect to Director compensation, on the one hand, and the Company, by and through management with respect to the compensation of other officers, on the other hand, should retain the services of separate compensation consultants and that (i) the Board and its Committees should retain the services of Hay Group and (ii) the Company should retain the services of another compensation consultant as needed. However, the Board determined that the Company should continue to participate in the Hay Group annual compensation survey, as it has for many years, since Hay Group may need this information in its work for the Board and for Board committees.

Role of Compensation Consultant in Determining or Recommending the Amount or Form of Executive Officer Compensation. On an annual basis, Hay Group prepares competitive pay analyses regarding both our peer group of companies, as identified on page 27 of this Proxy Statement (the "Peer Group"), and the broader market; it provides information on our performance compared to the Peer Group and to our performance group of companies, as identified on page 28 of this Proxy Statement (the "Performance Group"); and provides input to the Compensation Committee on the level and design of compensation programs for our executive officers.

The Chairman of the Compensation Committee works directly with Hay Group to determine the scope of the work needed to assist the Committee in its decision making processes. When requested, Hay Group attends Committee and Board meetings and the Committee's executive sessions to present and discuss market data and program design alternatives, and to provide advice and counsel regarding decisions facing the Committee. Occasionally, Hay Group also meets individually with the Chairman of the Committee prior to Board meetings to discuss findings and issues.

In addition, with the agreement and approval of the Committee, Hay Group works with our management team on broad-based compensation design and issues and links them to our overall executive compensation strategy.

Independence of Compensation Consultant; Conflicts of Interest. The Compensation Committee assessed the independence of Hay Group pursuant to SEC Rules and concluded that no conflict of interest exists that would prevent Hay Group from independently representing the Committee. The aggregate fees paid by the Company to Hay Group during Fiscal 2012 did not exceed \$120,000.

Authority to Engage Independent Legal Counsel and Other Advisers. The Compensation Committee has the authority, in its sole discretion, to retain, from time to time and at the Company's expense, independent legal counsel and other advisers. The Committee is directly responsible for the appointment, compensation and oversight of the work of any independent legal counsel and other advisers retained by the Committee.

Compensation Committee Interlocks and Insider Participation. None of our Directors are employed at a company whose compensation committee includes any of our executive officers.

Hedging by Employees and Directors; Anti-Hedging Policy

In General. Section 955 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, amends Section 14 of the Exchange Act by adding a new Section 14(j) Disclosure of Hedging by Employees and Directors that directs the SEC to issue rules requiring that publicly-traded companies disclose in their proxy statements whether any employee or director, or any designee of an employee or a director, is permitted to purchase financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds) that

are designed to hedge or offset any decrease in the market value of equity securities:

·granted to the employees or directors by the issuer as part of the compensation of the employee or director; or
·held, directly or indirectly, by the employee or director.

As of the date of this Proxy Statement, the SEC has not issued rules with respect to new Section 14(j).

Anti-Hedging Policy. In response to new Section 14(j) and subject to amendment once the SEC has issued rules in this regard, the Board has adopted an Anti-Hedging Policy which provides that any employee or Director of the Company, or any designee of an employee or a Director of the Company, shall not be permitted to purchase financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds) that are designed to hedge or offset any decrease in the market value of the Company's equity securities:

·granted to the employees or Directors by the Company as part of the compensation of the employee or Director; or
·held, directly or indirectly, by the employee or Director.

TRANSACTIONS WITH RELATED PERSONS

Transactions with Related Persons

Alan Barocas. Effective January 1, 2011, Alan Barocas, one of our Directors, accepted the position of Senior Executive Vice President of Leasing at General Growth Properties, Inc. ("General Growth"), which is based in Chicago, Illinois. Because in the ordinary course of business the Company leased three of its 864 store locations from General Growth at February 2, 2013, because General Growth may manage other store locations leased by the Company and because Mr. Barocas is now an employee of General Growth, we conducted an independence analysis to determine whether Mr. Barocas remains an Independent Director, as defined in the Governance Guidelines. We reviewed information with respect to payments made by the Company to General Growth in each of the last three years (\$1.1 million in 2010, \$0.8 million in 2011 and \$0.5 million in 2012); we spoke with Mr. Barocas; and we reviewed General Growth's 2012 Form 10-K with respect to General Growth's consolidated gross revenues (in excess of \$2.4 billion in 2010, \$2.4 billion in 2011 and \$2.5 billion in 2012). As a result, the Board concluded that Mr. Barocas continues to meet the NYSE definition of Independent Director. The Board also concluded that Mr. Barocas did not have a direct or indirect material interest in the Company's leasing of store locations from General Growth during Fiscal 2012. The Board has directed that Mr. Barocas and management report to the Corporate Governance and Nominating Committee and the Board, on no less than a quarterly basis, as to whether the service of Mr. Barocas, as both a Director of the Company and an employee of General Growth, is such that (i) he is no longer an Independent Director and (ii) he may have a direct or indirect material interest in the Company's leasing of store locations from General Growth during Fiscal 2013.

Richard Maloney. On January 30, 2012, Richard Maloney, then our Chief Merchandising Officer, resigned from the Company to pursue other interests. On February 21, 2012, we entered into a Separation Agreement with Mr. Maloney. The approximate value of the transaction is \$1,431,000. We filed a copy of the Separation Agreement as Exhibit 10.1 to our Form 10-Q for the period ended April 28, 2012, which we filed with the SEC on June 7, 2012.

Andrew Hall. On March 28, 2012, Andrew Hall, then our President and Chief Executive Officer, resigned from the Company to pursue other interests. Effective June 1, 2012, we entered into a Separation Agreement with Mr. Hall. The approximate value of the transaction is \$3,400,000. We filed a copy of the Separation Agreement as Exhibit 10.24 to our Form 10-Q for the period ended July 28, 2012, which we filed with the SEC on September 6, 2012.

Although Mr. Hall resigned on March 28, 2012, pursuant to the terms of his Separation Agreement he was eligible to participate in the 2012 Senior Executive Bonus Plan, but on a pro rata basis (i.e., 11 weeks out of 53 weeks). In April of 2013, he was paid a bonus of \$316,489.

Other than those transactions described above to the extent they involve a direct or indirect material interest, those transactions related to their employment, in the case of executive officers, and those transactions related to their service on our Board, in the case of non-employee Directors, there were no transactions, since the beginning of our last fiscal year, or any currently proposed transaction, in which we were or will be made a participant and in which any Director, nominee for Director or executive officer, or any immediate family member of a Director, nominee for Director or executive officer had or will have a direct or indirect material interest.

(ii) assign or lease any property belonging to any of the Companies to a Related Party, or

Other Material Transactions. No officer, director, or employee of the Company or any of its affiliate or subsidiary companies (collectively, the "Companies") shall enter into any agreement, arrangement or contract with any person or entity or authorize any transaction which the Company may be required to disclose to the Securities and Exchange Commission unless the agreement, arrangement, contract or transaction previously has been approved by the Company's Board of Directors.

Audit Committee Approval. Notwithstanding anything to the contrary, if required by the Securities and Exchange Commission, New York Stock Exchange, or other regulatory authority, any transaction between the Company and a Related Party, regardless of the amount involved, shall be approved by the Audit Committee."

No Loans to Directors, Executive Officers and Their Immediate Family Members. Governance Guideline Article X provides that the Company shall not, directly or indirectly, including through any subsidiary, extend or maintain credit, arrange for or guarantee the extension of credit, or renew an extension of credit, in the form of a personal loan to or for any Director, executive officer, or Immediate Family Member of any Director or executive officer. As used in the Governance Guidelines and this Proxy Statement, "executive officer" means our President, Chief Operating Officer, principal financial officer, principal accounting officer (or, if there is no such accounting officer, the controller), any vice president in charge of a principal business unit, division or function (such as marketing, merchandising, administration or finance), any other officer who performs a policy-making function, or any other person who performs similar policy-making functions for us, in all cases including officers of our subsidiaries if they perform policy-making functions for us.

Executive Summary

Financial and Operational Highlights. The Company's strategy for its fiscal year ended February 2, 2013 ("Fiscal 2012") was to build on its 2011 achievements and to pursue meaningful sales and earnings growth. Reflecting the successful implementation of its business strategy, the Company achieved the following results in Fiscal 2012:

- Total sales for the year increased 8.9% to \$1.65 billion, the highest in the Company's history.

- For the one-year period ended February 2, 2013, the Company had a total shareholder return ("TSR") of 51.46%, including the reinvestment of dividends. Over the three-year period ended February 2, 2013, annualized TSR was 83.15%, including the reinvestment of dividends.

The Company opened 25 traditional stores and 31 Steele's stores during 2012 and had a net increase of 51 stores, growing from 813 stores in 40 states to 864 stores in 40 states.

The management team was strengthened with the addition of Michael Glazer, as President and CEO, Steve Lawrence, as Chief Merchandising Officer, and Bill Gentner, as Chief Marketing Officer, and with the promotion of Russ Lundy to Executive Vice President, Stores.

Changes to Executive Compensation Program During Fiscal 2012. In March 2012, the Compensation Committee conducted an annual review of the Company's executive compensation program to ensure that it supported the key objectives and principles set forth in "Compensation Objectives and Principles" on page 24 of this Proxy Statement.

Other than adding a "Mission Based Goals" parameter to the FY 2012 Senior Executive Incentive Bonus Plan, it was determined that no significant changes were needed.

Resignation of Andrew Hall; Appointment of Michael Glazer. On March 28, 2012, Andrew Hall resigned as President and Chief Executive Officer to pursue other interests. On that day, Michael Glazer was appointed President and Chief Executive Officer on an interim basis, and assumed these roles permanently on April 19, 2012.

Overview of 2012 Compensation. The Company's executive compensation program demonstrates strong alignment between pay and performance. Base salaries are generally at or below the median of our Peer Group, while incentive compensation provides the opportunity for above median pay if the Company exceeds its targeted performance levels.

Base Salaries. Based on the Fiscal 2011 performance of the Company and competitive market data, base salary increases were granted effective April 1, 2012 to our then employed Named Executive Officers as follows:

As Mr. Glazer became our President and Chief Executive Officer on an interim basis on March 28, 2012 at a base salary of \$850,000, which was the same as Mr. Hall's base salary prior to his resignation. Mr. Glazer's base salary was not adjusted when he became our President and Chief Executive Officer on a permanent basis.

Table of Contents

oMr. Shein's base salary was increased from \$350,000 to \$355,000, a 1.43% increase.

oMr. Record's base salary was increased from \$572,000 to \$585,000, a 2.27% increase.

oMr. Searles' base salary remained at \$450,000.

Mr. Lawrence joined the Company on April 30, 2012, with a base salary of \$560,000.

Details are shown in the table on page 32 of this Proxy Statement.

Annual Incentives. Our 2012 Senior Executive Incentive Bonus Plan consisted of the following three parameters: (i) Company profitability, as expressed in Pre-Tax Earnings measured against a Board approved target (sixty percent (60%) of award opportunity), (ii) relative revenue growth performance, measured in Comparable Store Sales versus a Board approved Performance Group (twenty percent (20%) of award opportunity) and (iii) Mission Based Goals, which was designed to support the accomplishment of Company goals (twenty percent (20%) of award opportunity).

Target. For Fiscal 2012, Pre-Tax Earnings had to be at least \$53.6 million, an increase of 13.4% over Fiscal 2011, for the target payout to be earned. The Comparable Store Sales component pays at the target level if the Company's ranking for total year-end comparable store sales change is at the fiftieth percentile (or middle mark) among the Performance Group.

Results. Actual performance for Fiscal 2012 was as follows: Pre-Tax Earnings of \$60.4 million, an increase of \$13.1 million (27.7%) over Fiscal 2011, and a 5.7% increase in Comparable Store Sales (as compared to a 0.5% increase in Fiscal 2011). Based on this performance and the overall achievement of Mission Based Goals, annual incentive bonuses were paid to all of our Named Executive Officers for Fiscal 2012, including Andrew Hall, but on a pro rata basis.

Long-term Incentives. For Fiscal 2012, the Company's long-term incentive program for its executive officers consisted primarily of Performance Shares and Restricted Stock to reward sustained, multi-year performance. The use of stock appreciation rights and stock options was discontinued except in extraordinary circumstances.

Performance Shares measure Company total shareholder return over a three-year period versus the Performance Group. For the 2009-2011 performance cycle (paid in 2012), 37.5% of the target number of shares was earned. For the 2010-2012 performance cycle (paid in 2013), 135.7% of the target number of shares was earned.

Restricted Stock is used from time-to-time, typically for promotions and new hires. Restricted Stock will generally vest over a four year period (i.e., 25% per year).

Ownership Guidelines. We have a Stock Ownership and Retention Policy for Senior Management. Please see "Stock Ownership by Executive Officers" on page 43 of this Proxy Statement.

No Hedging. We have an Anti-Hedging Policy. Please see "Hedging by Employees and Directors; Anti-Hedging Policy" on page 19 of this Proxy Statement.

No Gross-Ups. Our Named Executive Officers are not entitled to gross-up payments with respect to their compensation.

No Repricing Absent Shareholder Approval. It is the policy of our Board that we should not reprice or swap stock options or stock appreciation rights granted to our executive officers, Directors and employees without shareholder approval.

Limited Perquisites. The compensation philosophy for our executive officers is more heavily weighted toward annual and long-term performance-based compensation than toward benefits and perquisites.

Clawback Policy. We have a Compensation Recovery Policy (a "Clawback Policy") for our executive officers. Please see "Compensation Recovery Policy ("Clawback Policy") on page 25 of this Proxy Statement.

Table of Contents

Performance Group Revisions. Our Board adopted a revised Performance Group for Fiscal 2012 to measure our relative performance with respect to comparable store sales for purposes of the Senior Executive Incentive Bonus Plan and our total shareholder return for the purpose of awarding Performance Shares. The revised Performance Group more appropriately reflects the current relevant retail market environment. Please see "Adoption of Revised Performance Group" on page 27 of this Proxy Statement.

Results of 2012 Say-on-Pay Vote. At the 2012 Annual Meeting of Shareholders, approximately 99% of the votes cast by the shareholders voted, on an advisory basis, to approve the compensation paid to our Named Executive Officers in Fiscal 2011.

Overview of Compensation Program

The Compensation Committee of our Board (for purposes of this CD&A, the "Committee") administers the base salary, bonus, long-term incentive and other compensation and benefits programs with regard to our Named Executive Officers as well as our other executive officers. Its primary responsibilities and duties are set forth in "Information Relating to the Board of Directors and Committees-Compensation Committee-Processes and Procedures for Executive Officer Compensation" on page 14 of this Proxy Statement. The Committee ensures that the total compensation paid to our Named Executive Officers is fair, reasonable and competitive. The Committee's recommendations for the total compensation of our Named Executive Officers are subject to the approval of our Board.

Table of Contents

Compensation Objectives and Principles

Objectives. The objectives of our compensation program are as follows:

- to enable us to recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives;
- to maximize the long-term commitment of our executive officers to our success by providing compensation elements that align their interests and our shareholders by linking compensation elements directly to financial metrics that the Committee believes influence the creation of long-term shareholder value; and
- to reward our executive officers upon the achievement of short-term and long-term business objectives and enhanced shareholder value.

Principles. The principles of our compensation program are as follows:

- Compensation arrangements shall emphasize pay-for-performance and encourage retention of those executive officers who enhance our performance;
- Compensation arrangements shall maintain an appropriate balance between base salary and annual and long-term incentive compensation;
- Cash incentive compensation plans for our executive officers shall link pay to achievement of goals set in advance by the Committee;
- The Committee shall set annual and long-term performance goals for our CEO and evaluate his or her performance against those goals on an absolute basis as well as related to the performance of our Peer Group and our Performance Group;
- Compensation arrangements shall align the interests of our executive officers with those of shareholders;
- In the event minimum thresholds for annual and long-term performance goals are not met, incentive compensation related to those goals shall not be paid subject to the discretion of the Board and the Committee to approve the payment of all or partial incentive compensation when factors may be beyond management's control and taking into consideration Section 162(m) of the Internal Revenue Code or any other ramifications;
- It is the policy of our Board that we should not reprice or swap stock options or stock appreciation rights granted to our executive officers, Directors and employees without shareholder approval;
- The Committee shall meet at least once each year in executive session, without our CEO;
- Our CEO is not permitted to be present during deliberations and voting regarding his or her compensation. Our CEO may be present during deliberations and provide recommendations when voting on our other executive officers' compensation, but does not vote on their compensation;
- The compensation of our CEO and our other executive officers shall be recommended to our Board for final approval by the Committee comprised solely of Independent Directors; and
- In approving compensation, the recent compensation history of the executive officer, including special or unusual compensation payments, and all forms of compensation to which the executive officer may be entitled, shall be taken into consideration using tally sheets or other comparable tools the Committee deems appropriate.

Key Considerations in Setting Compensation

In General

Based on the foregoing objectives and principles, the Committee has structured our compensation programs to motivate our Named Executive Officers to achieve the business goals set by our Board and to reward them for achieving those goals. The following is a summary of key considerations affecting the setting of compensation for our Named Executive Officers by the Committee. We describe in the section entitled "Committee Actions in Fiscal

Table of Contents

2012 Concerning Named Executive Officer Compensation" beginning on page 32 of this Proxy Statement additional considerations that the Committee evaluated in establishing Fiscal 2012 compensation in the context of our performance and the economic environment at the time.

Emphasis on Future Pay Opportunity Versus Current Pay

The Committee strives to provide an appropriate mix of different compensation elements, including finding a balance between current versus long-term compensation and cash versus equity incentive compensation. Cash payments primarily reward more recent performance and equity awards encourage our Named Executive Officers to continue to deliver results over a longer period of time and serve as a retention tool. The Committee believes that Named Executive Officer compensation should be appropriately weighted on both long-term and short-term Company performance and operating results.

Discretion and Judgment

With the exception of our Senior Executive Incentive Bonus Plan and performance share awards, both of which depend on achieving specific quantitative performance objectives and Mission Based Goals in the case of the 2012 Senior Executive Incentive Bonus Plan, the Committee does not use formulas in determining the amount and mix of compensation. Thus, the Committee evaluates a broad range of both quantitative and qualitative factors, including reliability in delivering financial and growth targets, performance in the context of the economic environment relative to other companies, a track record of integrity, good judgment, the vision and ability to create further growth and the ability to lead others. In addition to such results, performance and objectives, the Committee may take into account any extraordinary, unusual or non-recurring items realized or incurred by the Company during the fiscal year deemed appropriate by the Committee in determining any incentive compensation. For annual equity incentive awards, the Committee primarily considers a Named Executive Officer's potential for future successful performance and leadership as part of the executive management team, taking into account past performance as a key indicator. In any event, the Committee exercises its discretion and judgment.

Significance of Overall Corporate Performance

The Committee primarily evaluates our CEO and the other Named Executive Officers' contributions to our overall performance rather than focusing only on their individual function. The Committee believes that each Named Executive Officer shares the responsibility to support our goals and performance as key members of our leadership team. While this compensation philosophy influences all of the Committee's compensation decisions, it has the biggest impact on annual equity incentive awards.

Compensation Policies and Practices as they Relate to the Company's Risk Management

The Committee, the Board and management do not believe that there are any significant risks arising from the Company's compensation policies and practices for the Company's employees, including non-executive officers, that are reasonably likely to have a material adverse effect on the Company. Our compensation programs emphasize pay-for-performance, are balanced and are focused on the long term. Under this structure, the highest amount of compensation can be achieved through consistent superior performance over sustained periods of time. In addition, a significant percentage of compensation is tied to our long-term performance. This provides strong incentives to manage the Company for the long term, while avoiding excessive risk taking in the short term. Goals and objectives reflect a balanced mix of quantitative and qualitative performance measures to avoid excessive weight on a single performance measure. Likewise, the elements of compensation are balanced among current cash payments and equity awards. With limited exceptions, the Committee retains discretion to adjust compensation for quality of performance and adherence to our values. The Committee, the Board and senior management monitor the Company's compensation policies and practices on an ongoing basis to determine whether the Company's risk management objectives are being met with respect to incentivizing the Company's employees. The annual incentive is heavily weighted toward profitable growth and the Company has a Compensation Recovery Policy (a "Clawback Policy") that is described in the next paragraph.

Compensation Recovery Policy ("Clawback Policy")

Our Board has adopted a Compensation Recovery Policy (a "Clawback Policy") for our executive officers. If our Board determines that an executive officer (an Executive Vice President or above) has engaged in fraudulent or intentional misconduct, the Board may take a range of actions to remedy the misconduct, prevent its recurrence, and

impose such discipline on the wrongdoers as would be appropriate. Discipline would vary depending on the

25

Table of Contents

facts and circumstances, and may include, without limit, (i) termination of employment, (ii) initiating an action for breach of fiduciary duty, and (iii) if the misconduct resulted in a material inaccuracy in our financial statements or performance metrics, which affect the executive officer's compensation, seeking reimbursement of any portion of any bonus or other incentive-based or equity-based compensation paid or awarded to the executive that is greater than would have been paid or awarded if calculated based on the accurate financial statements or performance metrics. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

The Compensation Recovery Policy provides that notwithstanding anything in it to the contrary, in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws of the United States, the Company will recover from any current or former executive officer of the Company who received incentive-based compensation (including stock options, stock appreciation rights or any other type of equity awards awarded as compensation) during the 3-year period preceding the date on which the Company is required to prepare an accounting restatement, based on the erroneous data, the excess of what would have been paid to the executive officer under the accounting restatement. Once the SEC has issued final rules as required by Dodd-Frank, the Compensation Recovery Policy will be reviewed for compliance with those rules.

No Gross-Up Payments

Our Named Executive Officers are not entitled to gross-up payments with respect to their compensation.

No Repricing Absent Shareholder Approval

It is the policy of our Board that we should not reprice or swap stock options or stock appreciation rights granted to our executive officers, Directors and employees without shareholder approval.

Results of and Response to the Most Recent Say-On-Pay Vote and Frequency of Say-On-Pay Vote

Most Recent Say-On-Pay Vote. At the 2012 Annual Meeting of Shareholders, approximately 99% of the votes cast by the shareholders voted, on an advisory basis, to approve the compensation paid to the Company's Named Executive Officers in Fiscal 2011 as disclosed in the 2012 Proxy Statement pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion (the "2012 Say-On-Pay Vote"). The Committee and the Board believe that the 2012 Say-On-Pay Vote confirmed shareholder support for the Company's executive compensation policies and decisions. As a result, our Fiscal 2012 executive compensation policies and decision making approach remained consistent with those in Fiscal 2011, with the exception that the Committee added a "Mission Based Goals" parameter to the 2012 Senior Executive Incentive Bonus Plan.

Most Recent Frequency of Say-On-Pay Vote. At the 2011 Annual Meeting of Shareholders, a majority of the votes cast by the shareholders voted, on an advisory basis, to hold an advisory vote to approve executive compensation annually. In line with this recommendation by the shareholders, the Board decided that it will include an advisory shareholder vote on executive compensation in its proxy materials annually until the next required advisory vote on the frequency of shareholder votes on executive compensation, which will occur no later than our 2017 Annual Meeting of Shareholders.

Response to Future Say-On-Pay Votes. Although non-binding, the Committee and the Board will continue to consider the results of the say-on-pay votes in their future executive compensation policies and decisions.

Role of Executive Officers in Compensation Decisions

The Committee believes that having the input of our management is important to the overall effectiveness of our executive officer compensation program. Our CEO and EVP Human Resources regularly attend Committee meetings (except for executive sessions) to participate in the presentation of materials and discussion of management's point of view regarding compensation issues. Our CEO annually reviews and evaluates the performance of each Named Executive Officer (other than himself, as his performance is reviewed and evaluated by the Committee). The conclusions reached and recommendations based on these reviews, including related base salary adjustments and annual incentive award amounts, are presented to the Committee for review and approval. The Committee can exercise its discretion in modifying these recommendations for compensation awards to our executive officers.

Table of Contents

Use of Tally Sheets

In addition to the recommendations of our CEO, the Committee reviews tally sheets, which are prepared for each of our Named Executive Officers by our Human Resources Department. The tally sheets present the Committee with specific dollar amounts for all elements of compensation, showing each Named Executive Officer's annual total compensation, the individual's accumulated and outstanding compensation and the benefits to which the Named Executive Officer would be entitled upon various termination events.

The Committee uses the tally sheets to ensure that our compensation is reasonable and competitive. The Committee also uses the tally sheets to evaluate past performance of our Named Executive Officers to determine if our compensation strategy achieved our goals in the past and to align executive compensation with our near and long-term goals.

Benchmarking Overall Compensation; Our Fiscal 2012 Peer Group

In making overall compensation decisions, the Committee compares each element of total compensation to data from Hay Group's annual Retail Industry Total Remuneration Survey (the "Hay Group Survey") as well as a peer group of publicly-traded apparel companies listed below (collectively, the "Peer Group"). The Committee initially developed the Peer Group in 2005 in order to benchmark executive compensation at peer companies and to assess the Company's performance relative to the Peer Group. The Peer Group is representative of companies that we compete with for business and talent and our annual sales fall within the range of the companies in the Peer Group. The Peer Group is reviewed annually and updated as needed for certain business reasons, such as mergers, acquisitions, etc. In general, the criteria for selecting the companies in the Peer Group are as follows:

- U.S. based, publicly traded companies in the retail industry,
- annual sales generally between one-half and two times our annual sales,
- primarily do business in apparel and/or accessories, and
- companies from which key talent may be recruited.

All of the companies in the Peer Group meet a majority of those criteria. The members of the Peer Group are as follows:

Abercrombie & Fitch Co.	Chico's FAS, Inc.	New York & Company, Inc.
American Eagle Outfitters, Inc.	The Children's Place Retail Stores, Inc.	Pacific Sunwear of California, Inc.
Ann Inc.	Christopher & Banks Corporation	Stein Mart, Inc.
Ascena Retail Group, Inc.	Collective Brands, Inc.	The Talbots, Inc.
The Cato Corporation	Hot Topic, Inc.	Urban Outfitters, Inc.
Charming Shoppes, Inc.	The Men's Wearhouse, Inc.	

The Peer Group provides direct incumbent information on a job title match basis (e.g., CEO, Chief Operating Officer, Chief Financial Officer) for key competitors. In addition to reviewing the Peer Group analysis, the Committee considers data from fashion retailers in the Hay Group Survey, which provides compensation data on the broader market with which we compete for executive talent including market data by job, controlling for differences in responsibility and revenue size.

Benchmarking Incentive-Based Compensation; Our Fiscal 2012 Performance Group

Adoption of Revised Performance Group

In a September 2011 meeting, our management provided the Committee and the Board with their thoughts with respect to the Fiscal 2011 Performance Group. A general discussion was then held concerning whether or not the Company should continue to use the Apparel Index in Fiscal 2012. Management recommended, and the Committee agreed, to use the following attributes to develop a revised Performance Group for Fiscal 2012: market capitalization, sales volume, merchandise assortments, target customer, geography of store base and size of markets in which they operate.

In their January 2012 meetings and based upon the recommendation of management, the Committee and the Board adopted a revised Performance Group comprised of all of the Department Stores (7 in total) and all of the Apparel Stores (18 in total) contained in the Dow Jones 1500 Retail Index.

Table of Contents

The Dow Jones 1500 Retail Index (the "Retail Index") is comprised of 81 retail companies covering a broad and varied range of retail sectors including Automotive, Home Improvement, Internet, Catalog, Electronics and other specialties that do not relate to apparel. That is why management recommended, and the Committee and the Board selected, only the Department Store Group and the Apparel Group segments of the Retail Index to form a revised Performance Group. Because the companies within the Retail Index are changed from time to time by Dow Jones, the companies identified to be in the Retail Index on the first day of the Company's 2012 Fiscal Year (January 29, 2012) will be maintained as a fixed listing of companies for the duration of the designated time period. Those companies as of the beginning of Fiscal 2012 are as follows:

DOW JONES 1500 DEPARTMENT STORE AND APPAREL INDEX

<u>Department Store Group</u>	<u>Apparel Store Group</u>	
Dillard's, Inc.	Abercrombie & Fitch Co.	Collective Brands, Inc.
J.C. Penney Corporation, Inc.	Aeropostale, Inc.	Foot Locker, Inc.
Kohl's Corporation	American Eagle Outfitters, Inc.	The Gap, Inc.
Macy's, Inc.	Ann Inc.	Genesco, Inc.
Nordstrom, Inc.	Ascena Retail Group, Inc. (Dress Barn)	Limited Brands, inc.
SAKS, Incorporated	The Buckle, Inc.	The Men's Wearhouse, Inc
Sears Holdings Corporation	The Cato Corporation	Ross Stores, Inc.
	Chico's FAS, Inc.	The TJX Companies, Inc.
	The Children's Place Retail Stores, Inc.	Urban Outfitters, Inc.

Beginning in Fiscal 2012, the following companies are no longer members of the Company's Performance Group: Guess?, Inc. and Signet Jewelers Limited. The following companies are new members of the Company's Performance Group: J.C. Penney, Macy's and Sears Holdings Corporation.

Compensation Elements

In General

All of the compensation and benefits programs for our Named Executive Officers described below meet our primary purpose to recruit and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives. Beyond that, different elements are designed for different purposes. The elements of compensation for our Named Executive Officers are as follows:

- Base salary, perquisites and other benefits, which are designed to attract and retain executives over time;
- Annual incentive (bonus) compensation, which is designed to focus executives on the business objectives established by our Board for a particular year;
- Long-term incentive compensation, which consists of stock appreciation rights ("SARs"), Restricted Stock, Performance Shares and stock options (with a current emphasis on restricted stock and performance shares), is designed to focus executives on our long-term success, as reflected in increases to our stock price, growth in our earnings per share and other elements; and
- Termination and change in control compensation and benefits, which are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where those types of compensatory protections are commonly offered. Termination compensation and benefits are designed to ease an employee's transition due to an unexpected employment termination, while change in control compensation and benefits are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes.

The Committee establishes the amount and mix of base salary and variable compensation by referencing Peer Group practices for each element. The Committee does not have any specific formula for this determination. It considers factors relating to each Named Executive Officer's individual position and performance versus objectives, professional history and experience, relevant skill set, and scope of duties. In considering the total package of compensation, the Committee also considers the internal relationship of pay across all executive positions. Total compensation packages as well as each element of compensation (i.e., base salary, annual incentive

Table of Contents

(bonus) compensation, long-term incentive compensation and perquisites and other benefits) are intended to provide a competitive compensation package as compared to executives in similar positions at competitive companies in our industry.

Base Salary

The Committee views a competitive base salary as an important component to attract and retain executive talent. Base salaries also serve as the foundation for the annual senior executive incentive (bonus) plan, which expresses the bonus opportunity as a percent of base salary. Base salary is not intended as the primary method of rewarding performance. The Committee considers both internal equity and external competitiveness in determining the base salary of our Named Executive Officers. After receiving input from our Chief Executive Officer regarding the performance of the other Named Executive Officers, the Committee uses its judgment regarding individual performance, market competitiveness, length of service, job responsibilities and other factors to determine the appropriate base salary for each Named Executive Officer.

Annual Incentive (Bonus) Compensation

Annual incentive (bonus) compensation for our Named Executive Officers is determined each year according to a Senior Executive Incentive Bonus Plan (the "Bonus Plan"). The 2012 Senior Executive Incentive Bonus Plan establishes an annual cash bonus amount and is paid based on the following three weighted parameters:

<u>Parameter</u>	<u>Weight</u>
Company Pre-Tax Earnings Relative to Target	60%
Comparable Store Sales Relative to Performance Group	20%
Mission Based Goals	20%

In the spring of each year, the Committee evaluates our annual strategic plan to determine if these parameters are appropriate to measure achievement of our objectives and to motivate our executive officers. Based on discussions with our CEO, our Chief Operating Officer and our Chief Financial Officer, the Committee recommends, and the Board approves, the financial parameters to be included in the Bonus Plan for a given year. This final approval typically occurs at the Committee and the Board's spring meetings. An incentive matrix establishes threshold (minimum), target and maximum performance levels for the Pre-Tax Earnings and Comparable Store Sales parameters based on the level of perceived difficulty in achieving our financial plan. The incentive matrix clearly outlines a minimum level of performance below which no bonus will be paid and the relationship between the three parameters (i.e., Pre-Tax Earnings Relative to Target, Comparable Store Sales Relative to Performance Group and Mission Based Goals) that will generate payouts.

Annual incentive compensation targets for each Named Executive Officer under the Bonus Plan are expressed as a percentage of each Named Executive Officer's base salary with the target percentage increasing with job scope and complexity. For additional information on our 2012 Senior Executive Incentive Bonus Plan, the formula used to calculate annual bonus amounts, and bonuses awarded under that plan, please see "Committee Actions in Fiscal 2012 Concerning Named Executive Officer Compensation-Establishment of 2012 Senior Executive Incentive Bonus Plan" beginning on page 33 of this Proxy Statement and "Committee Actions in 2013 Concerning Named Executive Officer Compensation-2012 Bonus Plan Awards" on page 41 of this Proxy Statement.

At its spring meeting, the Committee also reviews our stated financial results for the recently completed fiscal year, certifies the calculation of proposed bonus amounts and reports them to the Board.

Long-Term Incentive Compensation

In General. The Committee considers long-term incentive compensation ("LTI") critical to the alignment of executive compensation with the creation of shareholder value. Our long-term equity incentive compensation awards are currently granted pursuant to our Amended and Restated 2001 Equity Incentive Plan (the "2001 Plan"), which was approved by our shareholders at our 2004 Annual Meeting, and our Second Amended and Restated 2008 Equity Incentive Plan (the "2008 Plan"), which was approved by our shareholders at our 2011 Annual Meeting.

Table of Contents

At its spring meeting, the Committee reviews the portfolio of long-term incentive vehicles, the targeted award size and the performance measures associated with any awards. The Committee also reviews recommendations provided by management and Hay Group regarding LTI design. Our Board's practice has been to make annual grants of equity awards, including Restricted Stock, Performance Shares, stock options and stock appreciation rights (SARs) upon the recommendation of the Committee at that time. For Fiscal 2012, the Company's long-term incentive program for its executive officers consisted primarily of Performance Shares and Restricted Stock and the use of SARs and stock options was discontinued except in extraordinary circumstances.

The Committee believes that the use of multiple equity vehicles balances a focus on equity-driven growth with the retention and performance aspects of Restricted Stock. The grant date is the same date that our Board approves the awards. The equity award is priced at the closing price on the NYSE of our common stock on that date (the "Fair Market Value"). From time to time, our Board will consider making grants under other special circumstances, such as when recruiting new executive talent, upon the promotion of an executive and to retain key individuals. Any and all other grants (other than the March grants) are effective as of the date of the event (e.g., new hire or promotion date) and are priced at the Fair Market Value of our common stock on that date.

Restricted Stock. Restricted Stock is a share of our common stock that has vesting restrictions tied to continued employment. Restricted Stock provides executive officers with the opportunity to earn full value shares of our common stock. The Committee views Restricted Stock as an excellent mechanism to align executive interests with those of shareholders by supporting increased share ownership for key executives. Restricted Stock is also an effective employee retention tool based on the vesting schedule which occurs over a period of several years.

Depending on the agreement, Restricted Stock grants may either cliff-vest, which means they vest all at once at the end of a specified vesting period, or step vest, which means they vest in pro rata increments over a specified vesting period. The Committee's preferred vesting schedule is a four year pro rata vesting (25% per year) structure. If the executive officer leaves for any reason other than death, retirement (as determined by our Board) or disability before vesting, the unvested portion of the Restricted Stock award will be forfeited. If the executive officer dies, becomes disabled or retires, the Restricted Stock award will fully vest. In the event of a Change in Control, the restricted stock award will immediately vest and will be payable to the executive officer within thirty days of the Change in Control. Performance Shares. As with Restricted Stock, Performance Shares provide executive officers with the opportunity to earn full value shares of our stock. However, a three-year performance cycle (the "Performance Cycle") is established at the beginning of each grant and the amount of the award is determined by our performance on total shareholder return relative to the Performance Group over the Performance Cycle. If an executive officer's employment is terminated for any reason other than death, retirement or disability before the end of the Performance Cycle, the Performance Share award is forfeited. If an executive officer's employment is terminated due to death, retirement or disability during the Performance Cycle, he or she will receive the target number of shares set forth in his or her Performance Share Award Agreement within thirty days of the triggering event. In the event of a Change in Control, the Target Number of Performance Shares will immediately vest and will be payable to the executive officer within thirty days of the Change in Control. The Committee views Performance Shares as a critical link between management compensation accumulation and the creation of shareholder value.

Stock Appreciation Rights ("SARs"). Although beginning in Fiscal 2012 the use of SARs was discontinued except in extraordinary circumstances, the following narrative is provided because some of our Named Executive Officers hold SARs granted them prior to Fiscal 2012 as indicated in the "2012 Outstanding Equity Awards at Fiscal Year-End Table" beginning on page 49 of this Proxy Statement, the "2012 Option Exercises and Stock Vested Table" beginning on page 52 of this Proxy Statement and as referenced in "Potential Payments Upon Termination or Change In Control" beginning on page 54 of this Proxy Statement

A stock appreciation right is similar to a stock option in that it allows the recipient to benefit from any appreciation in our stock price from the grant date through the exercise date. However, with a SAR, the executive officer is not required to actually purchase all of the exercised shares (as with a stock option), but rather he or she just receives the amount of the increase in the form of shares of our stock. SARs may not be settled in cash. The 2001 and 2008 Plans provide that SARs may not be granted at less than 100% of the Fair Market Value of our common stock on the date of grant.

SARs have a seven-year term and vest either (i) one-fourth (25%) on each of the first, second, third and fourth anniversaries of the date of the grant, or (ii) one-half (50%) on the second year and one-fourth (25%) on each of the third and fourth anniversaries of the date of the grant. If an executive officer dies, unvested SARs will immediately

Table of Contents

vest and the executive officer's estate will have one year from the date of death to exercise all SARs. If an executive officer's employment is terminated by reason of retirement or disability (retirement as determined by our Board), unvested SARs will immediately vest and he or she will normally have one year from the date of termination to exercise all SARs. Upon the termination of an executive officer's employment for reason other than death, retirement or disability, the executive officer will have sixty days from the date of termination to exercise all vested SARs. In the event of a Change in Control, all SARs will immediately vest and will be exercisable by the executive officer. In any event, the exercise must occur within the remaining term of the SARs. Any portion of the SARs not exercised within the remaining term of the SARs will terminate.

Benefits and Perquisites

The Committee supports a compensation philosophy for our executive officers that is more heavily weighted toward annual and long-term performance-based compensation than toward benefits and perquisites.

The perquisites and other benefits we provide our Named Executive Officers are summarized in the 2012 Summary Compensation Table, the 2012 All Other Compensation Table and the 2012 Nonqualified Deferred Compensation Table, including footnotes, in this Proxy Statement. In addition, we provide our executive officers with core benefits available to all full-time employees (e.g., coverage for medical, dental, prescription drugs, basic life insurance and long-term disability coverage) as well as a supplemental Executive Officer Medical Plan. The supplemental Executive Officer Medical Plan is an insured plan which provides current officers at the Executive Vice President level and above reimbursement for medical and dental out of pocket expenses that are not covered by the underlying medical plan. Typical payments are for deductibles, co-pays and similar expenses.

Retirement Plans

We do not provide a qualified retirement program for our Named Executive Officers nor is there a supplemental executive retirement plan or any other retirement plan available to them other than our 401(k) Plan and our Nonqualified Deferred Compensation Plan. Please see the 2012 Pension Benefits Table on page 53 and "Retirement Benefits" beginning on page 53 of this Proxy Statement.

Termination and Change in Control Arrangements

In General. Pursuant to their employment agreements, our Named Executive Officers are entitled to compensation and other benefits if their employment terminates or if there is a Change in Control, as described beginning on page 54 of this Proxy Statement under "Potential Payments upon Termination or Change in Control". Termination and Change in Control compensation and other benefits are established at the time a Named Executive Officer signs an employment agreement.

Termination. Our Named Executive Officers are entitled to compensation and other benefits in an amount the Committee believes is appropriate, taking into account the time it is expected to take a terminated employee to find another job. Compensation and other benefits upon termination are intended to ease the consequences to an employee of an unexpected termination of employment. We benefit in that the employment agreements contain restrictive covenants that continue for a period of time following termination.

Change in Control-In General. The Committee and our Board recognize the importance to us and our shareholders of avoiding the distraction and loss of key management personnel that may occur in connection with any rumored, threatened or actual Change in Control of the Company. To that end, the Committee and our Board believe that properly designed Change in Control provisions in our Named Executive Officer's employment agreements protect shareholder interests by enhancing executive focus during rumored or actual Change in Control activity through:

- incentives to remain with us despite uncertainties while a transaction is under consideration or pending;
- assurances of severance and other benefits in the event of termination; and
- immediate vesting of equity elements of total compensation after a Change in Control.

To diminish the potential distraction due to personal uncertainties and risks that inevitably arise when a Change in Control is rumored, threatened or pending, the Committee and our Board have provided our Named Executive Officers with what the Committee and our Board determined to be competitive Change in Control compensation and benefit provisions in their employment agreements. The employment agreements of our Named Executive Officers provide for specific enhanced payments and benefits in the event of a Change in Control.

Table of Contents

Change in Control-Double Trigger. The enhanced termination benefits payable in connection with a Change in Control require a "double trigger" which means that (i) if a Change in Control occurs, and (ii) during the period beginning six (6) months before the Change in Control and ending twenty-four (24) months after the Change in Control, (a) an executive officer's employment agreement is terminated by us or our successor without good cause, or (b) the executive officer's employment agreement is terminated by the executive officer with good reason, the executive officer will be eligible for the Change in Control compensation and benefits. A double trigger was selected in order to enhance the likelihood that an executive officer will remain with us after a Change in Control, since the executive officer will not receive the change in control compensation payments and benefits if he or she voluntarily resigns after the Change in Control event. Thus, the executive officer is protected from actual or constructive dismissal for twenty-four months after a Change in Control, while any new controlling party or group is better able to retain the services of a key corporate asset.

Committee Actions in Fiscal 2012 Concerning Named Executive Officer Compensation

In General

At its March 2012 meeting, the Committee reviewed the market data and analyses provided by Hay Group and determined that our overall compensation program is reasonably competitive and consistent with the Committee's compensation objectives. In determining compensation for our Named Executive Officers for Fiscal 2012, the Committee considered many factors, including:

- our Board's judgment and satisfaction with the Company's performance;
- assessment of the individual executive officer's performance and potential for future contribution to the Company; the nature and scope of the executive officer's responsibilities and his effectiveness in leading our initiatives to successfully increase customer satisfaction, enhance our growth, and ensure compliance with our policies;
- desired competitive positioning of compensation; and
- retention needs.

The Committee also considered the compensation practices and performances of our Peer Group and our Performance Group.

Base Salaries

Based on their performance during Fiscal 2011, and with input from Hay Group with respect to market salary data of our Peer Group, the Committee recommended, and the Board approved, the following base salaries for our Named Executive Officers for Fiscal 2012. The base salaries were adjusted effective April 1, 2012.

FISCAL 2012 BASE SALARIES

<u>Executive</u>	<u>2011 Base Salary</u>	<u>2012 Base Salary</u>	<u>Base Salary Increase</u>
Mr. Glazer (1)	N/A	\$850,000	N/A
Mr. Hall (2)	\$850,000	N/A	N/A
Mr. Shein	\$350,000	\$355,000	1.43%
Mr. Record	\$572,000	\$585,000	2.27%
Mr. Lawrence (3)	N/A	\$560,000	N/A
Mr. Searles	\$450,000	\$450,000	N/A

As Mr. Glazer became our President and Chief Executive Officer on an interim basis on March 28, 2012 at a base (1) salary of \$850,000, which was the same as Mr. Hall's base salary prior to his resignation. Mr. Glazer's base salary was not adjusted thereafter.

(2) Mr. Hall resigned on March 28, 2012. The salary he received for his partial service in Fiscal 2012 is shown in the Summary Compensation Table.

(3) Mr. Lawrence joined the Company on April 30, 2012, with a base salary of \$560,000.

Table of Contents

The Committee believes that the salaries of our Named Executive Officers are competitive though the Hay Group Survey (the "Survey") indicates some to be below the Survey median. There is a wide range of companies in terms of revenue and market capitalization in the Survey. Additionally, job responsibilities sometimes vary from company to company despite similar job titles.

Establishment of 2012 Senior Executive Incentive Bonus Plan

At its March 2012 meeting, the Committee recommended, and the Board approved, the parameters for the 2012 Senior Executive Incentive Bonus Plan (the "2012 Bonus Plan") and approved the annual cash incentive opportunities for the Named Executive Officers for Fiscal 2012 as set forth in the table below. The methodology and measurement parameters for the 2012 Bonus Plan were changed from the 2011 Bonus Plan in that (i) the weighting of the Pre-Tax Earnings Parameter was decreased from 66 2/3% under the 2011 Bonus Plan to 60% under the 2012 Bonus Plan (ii) the weighting of the Comparable Store Sales Parameter was decreased from 33 1/3% under the 2011 Bonus Plan to 20% under the 2012 Bonus Plan and (iii) a new parameter (Mission Based Goals) was added with a weighting of 20%.

2012 BONUS PLAN PARAMETERS

While the methodology and measurement parameters for the 2012 Bonus Plan were unchanged from the 2011 Bonus Plan except for the weighting described above and the addition of a Mission Based Goals parameter, the Pre-Tax Earnings Target Level was decreased from \$71,200,000 under the 2011 Bonus Plan to \$53,600,000 under the 2012 Bonus Plan (an increase of 13.4% over actual Fiscal 2011 Pre-Tax Earnings) to provide a realistic target based on Fiscal 2011 actual performance and market conditions. The 2012 Bonus Plan design is as follows:

Pre-Tax Earnings Parameter

This parameter of the bonus formula is weighted to determine sixty percent (60%) of the year-end bonus amount earned. Actual bonus payment will be prorated for Pre-Tax Earnings results between the Maximum and Threshold levels.

	Fiscal 2012 Pre-Tax Earnings	
Minimum (Threshold) bonus amount will be paid at 1/4 of Target at Fiscal 2012 Pre-Tax Earnings of 95% of Target Level, an increase of 7.7% vs. actual Fiscal 2011 Pre-Tax Earnings.	\$50,900,000	5% Below Target
Target bonus amount will be paid by achieving Fiscal 2012 Pre-Tax Earnings at an increase of 13.4% vs. actual Fiscal 2011 Pre-Tax Earnings.	\$53,600,000	Target Level
Maximum bonus amount will be paid at 2 times Target by achieving Fiscal 2012 Pre-Tax Earnings at 110% of Target Level, an increase of 24.8% vs. actual Fiscal 2011 Pre-Tax Earnings.	\$59,000,000	10% Above Target

Comparable Store Sales Parameter

This parameter of the bonus formula is weighted to determine twenty percent (20%) of the year-end bonus amount earned. Measurement is based on fiscal year-end comparable store sales percent change, compared to our Performance Group. Notwithstanding, in order to earn any portion of the Comparable Store Sales bonus payment, the Company must achieve 75% of the 2012 Pre-Tax Earnings Target level (\$53,600,000). Actual bonus payment will be prorated for results between the Maximum and Threshold levels.

Threshold bonus amount (1/4 of Target) will be paid if our ranking of total year-end comparable store sales change is at the twenty-fifth percentile among our Performance Group, provided that 2012 Pre-Tax Earnings are \$40,200,000 or higher.

Target amount will be paid if our ranking for total year-end comparable store sales change is at the fiftieth percentile (or middle mark) among our Performance Group.

Maximum amount (2 times Target) will be paid if our ranking of total year-end comparable store sales change is at the one-hundredth percentile (or highest rank) among our Performance Group.

Table of ContentsMission Based Goals Parameter

Each senior executive officer established (jointly with our CEO and/or our COO) four to six specific objectives ("Mission Based Goals") related to their area of responsibility which supports the Company's Fiscal 2012 Financial Plan. In most cases, the majority of the Mission Based Goals were based on Fiscal 2012 financial results (e.g., total sales, comparable store sales, earnings, gross profit, SG&A expenses) and therefore the measurement of their achievement is quantifiable. Some Mission Based Goals were based on Fiscal 2012 operational results (e.g., net store growth, expansion of Steele's, expansion of eCommerce) and therefore the measurement of their achievement is also objective. A limited number of Mission Based Goals require a degree of management judgment to determine if they were achieved. These Mission Based Goals were reviewed by the CEO and the Committee to determine actual achievement. This parameter is weighted twenty percent (20%) of each executive's Target bonus amount.

Potential 2012 Bonus Plan Awards

The Committee and the Board's target structure will be to award 45% of a given equity grant in Restricted Stock with a four year pro rata vesting (i.e., 25% per year) and the remaining 55% in Performance Shares based on the Performance Group then in place. Senior Executive Incentive Bonus Plan; Mission Based Goals

In their January 2012 meetings, the Committee and the Board decided that, unlike in Fiscal 2011 and prior years, in Fiscal 2012 the Named Executive Officers and other key senior executives would be tasked with specific business goals ("Mission Based Goals"), which will account for a portion of their bonus opportunity within the Senior Executive Incentive Bonus Plan. Historically, a cash bonus under a Senior Executive Incentive Bonus Plan was awarded based only on the achievement of the full year Pre-Tax Earnings Targets and Comparable Store Sales. The Committee and the Board believe these parameters are important and that they should remain for at least half of the cash bonus earnings opportunity for the Named Executive Officers and other members of senior management. However, the Committee and the Board also believe that they can focus our executive officers and other members of senior management on accomplishing key business objectives within the given fiscal year which can support increased profits and shareholder return over a period of years.

Adoption of Revised Performance Group

In January 2012, our Board adopted a revised Performance Group for Fiscal 2012 to measure the Company's relative performance with respect to comparable store sales for purposes of the Senior Executive Incentive Bonus Plan and the Company's total shareholder return for the purpose of awarding Performance Shares. Please see "Key Considerations in Setting Compensation-Adoption of Revised Performance Group" on page 27 of this Proxy Statement.

South Hill Consolidation

On February 8, 2013, our Board committed the Company to consolidate its South Hill, Virginia regional operations ("South Hill") into its Houston, Texas corporate headquarters effective February 11, 2013 (the "South Hill Consolidation"). The South Hill Consolidation and subsequent South Hill office closure is expected to be completed by the middle of 2013 and will result in the elimination of approximately 180 South Hill-based positions, including that of Mr. Searles, who, due to the nature of his current position as President and Chief Operating Officer of the South Hill Division, will not be offered a position at the Company's Houston headquarters. Mr. Searles will receive a severance package, outplacement counseling services and other benefits. Please see "Potential Payments Upon Termination or Change in Control-Payments made Upon Termination Without Good Cause or by the Executive For Good Reason" on page 55 of this Proxy Statement.

Individual and joint holdings of Stock with an executive officer's spouse shall count toward achieving the Target Ownership Level.

3. Determination of Stock Value. For purposes of assessing compliance with the Policy, the "Value" of Stock means the greater of (i) the then current fair market value (as defined below) of such Stock held of record by an executive officer and his or her spouse, or (ii) the value of the Stock at the time of acquisition. The Compensation Committee may, in its sole discretion, determine the value of Stock other than those referenced in Section 2 above. For purposes of this paragraph, "fair market value" will mean the closing price of the Stock on the New York Stock Exchange for such date or, if there was no trading of the Stock on such date, for the next preceding date on which there was such trading.

4. Financial Hardship. In the event of a Financial Hardship (e.g., illness, tuition, mortgage), an executive officer, with the prior written consent of the Compensation Committee, may sell Company stock acquired by him or her (such approval would not include any shares of Company stock in any Company sponsored deferred compensation plan) which was acquired to satisfy the Target Ownership Level requirement of this Policy.

The Compensation Committee monitors annual progress toward achieving the Target Ownership Levels set forth in the Policy.

Tax, Accounting and Other Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the company's CEO or any of the company's three other most highly compensated executive officers (other than the Chief Financial Officer) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by the shareholders.) The Committee's policy is to design compensation programs that further our best interests and those of our shareholders and that preserve the tax deductibility of compensation expenses.

Incentive bonuses paid to executive officers under our Senior Executive Incentive Bonus Plan and awards granted under our 2001 Plan and our 2008 Plan are designed to qualify as performance-based compensation. The Committee also believes, however, that it must maintain the flexibility to take actions that it deems to be in our best interests but which may not qualify for tax deductibility under Section 162(m). In this regard, if the amount of base

Table of Contents

salary for any of our executive officers exceeds \$1 million, which is not currently anticipated to be the case, any amounts over \$1 million will not be deductible for federal income tax purposes.

As required under the tax rules, the Company must obtain shareholder approval of the material terms of the performance goals for qualifying performance-based compensation every five years. We last requested and received shareholder approval at the 2012 Annual Meeting. Therefore, we will seek shareholder approval again on or before the 2017 Annual Meeting.

Committee Considerations

The Committee considered (i) the impact of the \$1 million limit on the deductibility of non-performance based compensation imposed by Code Section 162(m), (ii) the accounting treatment of various types of equity-based compensation under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718, and (iii) the non-deductibility of excess parachute tax payments under Code Section 280G (and the related excise tax imposed on covered employees under Code Section 4999) in its design of executive compensation programs. In addition, the Committee considered other tax and accounting provisions in developing the compensation programs for our Named Executive Officers. These included the special rules applicable to non-qualified deferred compensation arrangements under Code Section 409A as well as the overall income tax rules applicable to various forms of compensation. While the Committee strives to compensate our Named Executive Officers in a manner that produces favorable tax and accounting treatment, its main objective is to develop fair, equitable and competitive compensation arrangements that appropriately motivate, reward and retain those executives.

headquarters, which is expected to be completed during the Company's 2013 Fiscal year, Mr. Searles position will be eliminated and he will not be offered a position at the Company's Houston headquarters. Any equity awards to Mr. Searles that have not vested will be forfeited upon his employment termination. As a result of his resignation, Mr. Hall forfeited his 2011 and 2010 Performance Shares as well as his unvested restricted stock awards as of April 12, 2012.

Shown are the Threshold, Target and Maximum payouts for which each executive was eligible under our 2012 Senior Executive Incentive Bonus Plan (the "2012 Bonus Plan"). Amounts actually earned with respect to these awards are included in the 2012 Summary Compensation Table as Non-Equity Incentive Plan Compensation. (1) Further detail regarding potential 2012 Bonus Plan awards can be found in "Establishment of 2012 Senior Executive Incentive Bonus Plan" beginning on page 33 and "2012 Bonus Plan Awards" on page 41 of this Proxy Statement.

(2) These columns reflect Performance Shares that vest over time in an amount depending on performance criteria. The Performance Shares will vest after a three-year Performance Cycle based on the Company's total shareholder return relative to the Performance Group, as described in the CD&A. As a result of his resignation, Mr. Hall was not granted Performance Shares in Fiscal 2012.

The "Threshold" number of shares refers to the lowest number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the twenty-fifth percentile of the Performance Group. Performance results below the twenty-fifth percentile at the end of the performance cycle will result in the executives earning no shares under this equity grant.

The "Target" number of shares refers to the number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the fiftieth percentile of the Performance Group.

The "Maximum" number of shares refers to the number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the one hundredth percentile of the Performance Group, which is twice the Target number of shares.

(3) This column reflects Restricted Stock. Restricted stock vests ratably over a four-year period (i.e., 25% per year). As a result of his resignation, Mr. Hall was not granted any stock awards in Fiscal 2012.

(4) The grant date fair value of the performance-based awards reflected in this column (the "Performance Shares") is the payout based on the probable outcome of the performance criteria, determined as of the grant date. As a result of his resignation, Mr. Hall was not granted any Performance Shares in Fiscal 2012.

Retirement Benefits

Deferred Compensation Plan

We provide a deferred compensation plan (the "Deferred Compensation Plan") that provides executives and certain officers with the opportunity to participate in an unfunded, deferred compensation program that is not qualified under the Internal Revenue Code of 1986, as amended (the "Code"). Generally the Code and the Employee Retirement Income Security Act of 1974, as amended, restrict contributions to a 401(k) plan by highly compensated employees.

The Deferred Compensation Plan is intended to allow participants to defer income on a pre-tax basis. Under the Deferred Compensation Plan, participants may defer up to 50% of their base salary and up to 100% of their bonus and earn a rate of return based on actual investments chosen by each participant. We have established a grantor trust for the purpose of holding assets to provide benefits to the participants. We will match 100% of each participant's contributions, up to 10% of the sum of their base salary and bonus.

The Named Executive Officers have the opportunity to allocate the investment of the funds in their Participant Employee Account among thirty-three investment options, including a Company Stock Investment Option. In the case of the Company Stock Investment Option, the Deferred Compensation Plan provides the opportunity for increased pre-tax shareholding.

401(k) Savings Plan

We have a contributory 401(k) savings plan (the "401(k) Plan") covering substantially all qualifying employees. Under the 401(k) Plan, participants may contribute up to 25% of their qualifying earnings, subject to certain restrictions. We currently match 50% of each participant's contributions, up to 6% of each participant's compensation under the 401(k) Plan. We may make discretionary bi-weekly matching contributions during the year.

Frozen Defined Benefit Plan

We sponsor a defined benefit plan, which covers substantially all employees who had met eligibility requirements and were enrolled prior to June 30, 1998 (the "Stage Plan"). The Stage Plan was frozen effective June 30, 1998. None of our Named Executive Officers are participants in the Stage Plan.

Potential Payments Upon Termination or Change In Control

In General

The tables below reflect the amount of compensation to be paid to each of our Named Executive Officers in the event of termination of that executive's employment under different circumstances pursuant to the terms of their Employment Agreements. Specific information concerning the resignation of Mr. Hall is found under "Transactions with Related Persons-Andrew Hall" on page 19 of this Proxy Statement and under "Significant Events Related to the Employment of Our Named Executive Officers-Resignation of Andrew Hall" on page 36 of this Proxy Statement. Generally, under the post-termination arrangements described below, other than pursuant to a termination without Good Cause or by the executive for Good Reason, as defined on page 62 or pursuant to a Change in Control, as defined on page 62, a Named Executive Officer who terminates his employment, or whose employment is terminated, is entitled to receive solely those amounts earned by the Named Executive Officer through the date of termination. The amount of compensation payable to each Named Executive Officer upon (i) termination without Good Cause or by the executive for Good Reason, (ii) termination without Good Cause or by the executive for Good Reason after a Change in Control, (iii) termination by the Company for Good Cause or by the executive without Good Reason, (iv) retirement, (v) death or (vi) disability, is shown below. The amounts shown assume that the termination was effective as of February 2, 2013. The actual amounts to be paid out can only be determined at the time of the Named Executive Officer's separation from the Company.

Payments Made Upon Termination

Depending upon the manner in which a Named Executive Officer's employment terminates, he may be entitled to receive the following payments and benefits:

- any base salary and fringe benefits earned and unpaid through the date of termination;
- severance pay equal to a multiple of the executive's base salary plus the executive's annual bonus target amount; any incentive (performance) bonus for the fiscal year in which the termination occurs pro-rated through the date of termination provided the Board determines, in good faith, that the executive would have been entitled to receive a performance bonus for the fiscal year in which the termination occurred;
- continuation of medical and dental insurance ("Fringe Benefits") under which the executive is participating for a specified period;
- payment for outplacement services up to a specified maximum amount;
- payment for financial/estate planning ("Financial Planning") up to a specified maximum amount;
- amounts accrued and vested through the Deferred Compensation Plan; and
- vesting of outstanding stock options, SARs, Restricted Stock and Performance Shares.

The Named Executive Officers will not receive any compensation for any unused vacation days and upon termination of employment for any reason, any unused vacation days will be forfeited.

Change in Control. If a Change in Control (as defined below) occurs, and during the period beginning 6 months before and ending 24 months after the Change in Control, we or our successor terminates the Employment Agreement without Good Cause or the Executive terminates his employment with us or our successor with Good Reason, the Executive will be entitled to receive any base salary earned and unpaid, and certain fringe benefits accrued and unpaid, through the date of the Change in Control or termination, and the following:

No Gross-Up Payments. If any payment to the Executive due to a Change in Control subjects the Executive to any excise tax, we will not pay to the Executive a gross-up payment to compensate the Executive for the amount of the excise tax.

Defined Terms. Definitions for some of the terms used in this discussion in the order they are first used are as follows:

"Good Cause" means (i) the Executive's criminal conviction of a felony by a federal or state court of competent jurisdiction including any plea of guilty or no contest; (ii) a material and significant act of dishonesty by the Executive relating to the Company; (iii) a failure to comply with the Company's "Code of Ethics and Business Conduct" policy; or (iv) the Executive's failure to follow a direct, reasonable and lawful order from the Company's Board within the reasonable scope of his position, which failure, if remediable, is not remedied within thirty (30) days after written notice to the Executive.

"Good Reason" shall exist if, without the Executive's express written consent, the Company: (i) materially reduces or decreases the Executive's Base Salary or Incentive Compensation opportunity level from the level in effect on the Effective Date of the Employment Agreement (or some subsequent higher level put into effect by the Board subsequent to the Effective Date of the Employment Agreement), unless such reduction or decrease is in connection with an across-the-board reduction or decrease in the Base Salaries or Incentive Compensation opportunity levels of all the Company's other senior level executives, (ii) willfully fails to include the Executive in any incentive compensation plans, bonus plans, or other plans and benefits provided by the Company to other executive level executives, (iii) materially reduces, decreases or diminishes the nature, status or duties and responsibilities of the Executive's position from those in effect on the Effective Date of the Employment Agreement, and such reduction, decrease or diminution is not reasonably related to or the result of an adverse change in the Executive's performance of assigned duties and responsibilities, (iv) hires an executive senior to the Executive; or (v) requires the Executive to (A) regularly perform the duties and responsibilities of his position at, or (B) relocate the Executive's principal place of employment to, a location which is more than fifty (50) miles from the location of the Executive's principal place of employment as of the Effective Date of the Employment Agreement. Notwithstanding the above, Good Reason shall not include the death, disability or voluntary retirement of the Executive or any other voluntary action taken by or agreed to by the Executive related to his position or his employment with the Company or its Subsidiaries.

"Change in Control" shall be deemed to have occurred:

(a) on such date within the 12-month period following the date that any one person, or more than one person acting as a group (as defined in §1.409A-3(i)(5)(v)(B) of the Treasury Regulations), acquires ownership of stock that represents twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding securities (the "Trigger Date"), that a majority of the individuals who, as of the Trigger Date, constitute the Board (the "Incumbent Board") are replaced by new members whose appointment or election is not endorsed by a majority of the members of the Incumbent Board before the date of such appointment or election;

(b) as of the date that any one person, or more than one person acting as a group (as defined in §1.409A-3(i)(5)(v)(B) of the Treasury Regulations), acquires ownership of stock that, together with stock held by such person or group, constitutes more than 50% of either (1) the then outstanding shares of common stock of the Company or (2) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; provided, however, if any one person or more than one person acting as a group, is considered to own more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company, the acquisition of additional stock by the same person or persons shall not be considered to cause a Change in Control; or

(c) the date any one person, or more than one person acting as a group (as defined in §1.409A-3(i)(5)(v)(B) of the Treasury Regulations), acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) all, or substantially all, of the assets of the Company, except for any sale, lease exchange or transfer resulting from any action taken by any creditor of the Company in enforcing its rights or remedies against any assets of the Company in which such creditor holds a security interest. Provided further, a transfer of assets by the Company shall not be treated as a Change in Control if the assets are transferred to:

(i) A shareholder of the Company (immediately before the asset transfer) in exchange for or with respect to its stock;

(ii) An entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by the Company;

(iii) A person, or more than one person acting as a group, that owns, directly or indirectly, 50% or more of the total value or voting power of all the outstanding stock of the Company; or

(iv) An entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a person described in paragraph (iii) herein.

For purposes of subsection (c) and except as otherwise provided in paragraph (i), a person's status is determined immediately after the transfer of the assets.

"Incentive Compensation" means compensation based upon the Company's operating results for and the Executive's performance during such fiscal year and such other performance objectives, targets and criteria for the Executive that the Board may establish and adjust for that fiscal year.

"Target Rate" means the amount of Incentive Compensation calculated as a percentage of the Base Salary in effect during that fiscal year, which percentage shall be determined and may be adjusted by the Board based on the Company's operating results, the Executive's performance and other performance objectives.

Compensation of Directors

The compensation of our Independent Directors is set by the Board at the recommendation of the Corporate Governance and Nominating Committee (the "CGNC"). In developing its recommendations, the CGNC is guided by the following objectives: compensation should fairly pay Independent Directors for work required in a company our size and compensation should align the Independent Directors' interests and the long-term interest of our shareholders. Hay Group prepares competitive compensation analyses regarding both the Peer Group and the

Table of Contents

broader market for similarly situated companies and advises the CGNC on the level and design of compensation programs for the Independent Directors. The Chairman of the CGNC works directly with Hay Group to determine the scope of the work needed to assist the CGNC in its decision making processes.

Directors who are our full-time employees receive no additional compensation for serving on the Board. Directors who are not our full-time employees receive the following compensation:

Annual Retainer. Directors receive a \$50,000 Annual Retainer, which is earned and paid pro rata over their term at the beginning of each month. The Annual Retainer is intended to compensate the Director for attendance at regularly scheduled quarterly Board meetings, as well as consultation and participation in teleconference meetings held for periodic Board updates.

Chairman Retainer. In addition to the Annual Retainer, the Chairman of the Board receives a \$125,000 retainer (the "Chairman Retainer"), which is earned and paid pro rata over his or her term at the beginning of each month. The Chairman Retainer is intended to compensate the Chairman for the additional duties set forth in the Governance Guidelines.

Special Board Meeting Fee. Directors receive a Special Board Meeting Fee of \$1,500 per meeting for their preparation and attendance at special meetings of the Board (may be by teleconference) called for the purpose of specific actions by the Board (consents, resolutions, etc.) and held at times other than in conjunction with regular quarterly meetings of the Board. No additional meeting fee is to be paid for attendance at regular quarterly board meetings.

Committee Meeting Fees. Directors receive (i) a Regular Committee Meeting Fee of \$1,000 per meeting for their preparation and attendance at regular quarterly meetings of the Committees on which they serve, and (ii) a Special Committee Meeting Fee of \$1,000 per meeting for (a) their preparation and attendance at Committee meetings (may be by teleconference) called for the purpose of specific actions by their Committees (consents, resolutions, etc.) and held at times other than in conjunction with regular quarterly meetings of their Committees, and (b) their preparation and attendance at "ad hoc" Board Committee assignments held at times other than in conjunction with regular quarterly meetings of their Committees or the Board.

Committee Chairman Fees. The Chairman of the Audit Committee receives a Committee Chairman Fee of \$17,500 per year; the Chairman of the Compensation Committee receives a Committee Chairman Fee of \$15,000 per year; and the Chairman of the Corporate Governance and Nominating Committees receives a Committee Chairman Fee of \$12,500 per year. The Committee Chairman Fee is earned and paid pro rata over the Chairman's term at the beginning of each month.

Restricted Stock Grants

Initial Grant. Upon a Director's initial appointment, the Director will be granted restricted shares of the Company's common stock valued at \$100,000 based on a Net Present Value, but pro-rated for the number of months the Director will serve until the next Annual Meeting of Shareholders (the "Initial Grant"). For example, a Director initially appointed three months after the last Annual Meeting would serve a term of nine months and would be entitled to restricted shares of the Company's common stock valued at \$75,000 based on a Net Present Value while a Director initially appointed nine months after the last Annual Meeting would serve a term of three months and would be entitled to restricted shares of the Company's common stock valued at \$25,000 based on a Net Present Value. The share price used in granting the restricted shares shall be equal to the closing price of the Company's common stock on the date the Director is appointed to the Board. The Initial Grant will vest, on a cliff basis, on the earliest of (i) one year from the date of grant or (ii) the date of the first Annual Meeting of the Company's shareholders following the date of grant.

Reelection Grant. Upon a Director's reelection to the Board, the Director will be granted restricted shares of the Company's common stock valued at \$100,000 based on a Net Present Value (the "Reelection Grant"). Forfeiture of Grants. A Director will forfeit any unvested Initial Grant and Reelection Grants if the Director ceases to be a Director at any time prior to their vesting date other than due to (i) the fact that the Director's age prohibits the Director from serving as a Director, (ii) death, (iii) permanent disability (as determined by the Board), or (iv) a Change in Control (as defined in the applicable equity incentive plan), at which time the unvested Initial Grant and Reelection Grants will fully vest.

Election Concerning Receipt of Certain Compensation. Under our Amended and Restated 2003 Non-Employee Director Equity Compensation Plan (the "Plan"), a Director may elect to receive the Annual Retainer, the Chairman Retainer, Special Board Meeting Fees, Committee Meeting Fees, Committee Chairman Fees, and such other compensation as the Board may deem appropriate, as the case may be, either (a) in restricted stock, deferred stock units, cash, or a combination of restricted stock, deferred stock units and cash at the time that such compensation is earned, or (b) in cash or restricted stock at a later date. Any issuance of restricted stock in lieu of cash will be made by the Company on such terms and conditions as the Board may establish. In any event, in order to receive restricted stock, a Director must, at a minimum, (a) notify the Company of his or her current election to receive restricted stock by executing an applicable Election Form, and (b) execute a Shareholder Agreement by which the Director agrees not to sell any of the restricted stock until the director leaves the Board.

Health Benefits. We have made arrangements with our medical provider to offer medical and dental coverage to the Directors and their eligible family members. The cost to the Directors will be the same premiums our active employees pay through their payroll deductions.

Stock Ownership by Directors

Our Board believes that Directors should be shareholders and have a financial stake in the Company in an amount that a Director deems appropriate. Each Director must develop and maintain a stock position in the Company with an original investment of at least four times the Annual Retainer, which is currently \$50,000 for Independent Directors (the "Original Investment"), within three years of the date of the Director's initial election to the Board. In determining whether the Director has achieved the Original Investment, the Director can include (i) a Director's tax basis in any stock acquired by the Director in open market purchases, (ii) a Director's tax basis in any stock acquired by the Director through the exercise of stock options or the vesting of Restricted Stock and (iii) the amount of any Director fees which the Director has designated to be used for the acquisition of Restricted Stock or Deferred Stock Units under our 2003 Amended and Restated Non-Employee Director Equity Compensation Plan. As of April 18, 2013, all of our Directors had met or exceeded the Original Investment requirement, with the exception of:

Mr. Scozzafava, who was appointed to the Board on February 21, 2012 and has until February 21, 2015 to meet the Original Investment requirement,

Mr. Reasor, who was appointed to the Board on June 8, 2012 and has until June 8, 2015 to meet the Original Investment requirement,

Ms. Kranc, who was appointed to the Board on September 20, 2012 and has until September 20, 2015 to meet the Original Investment requirement, and

Ms. Ellis, who was appointed to the Board on September 21, 2012 and has until September 21, 2015 to meet the Original Investment requirement,

ITEM 2 – ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In General

Section 14A of the Securities Exchange Act of 1934 provides that not less frequently than once every 3 years we must provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our Named Executive Officers as disclosed in our Proxy Statement in accordance with the compensation disclosure rules of the SEC. This vote is often referred to as a "Say-on-Pay" vote.

Section 14A of the Securities Exchange Act of 1934 also provides that not less frequently than once every 6 years we must provide our shareholders with the opportunity to vote, on a nonbinding, advisory basis, for their preference as to how frequently (1, 2 or 3 years) we should seek future advisory votes on the compensation of our Named Executive Officers. This vote is often referred to as a "Frequency of Say-on-Pay" vote.

At the 2011 Annual Meeting of Shareholders, a majority of the votes cast by the shareholders voted, on an advisory basis, to hold an advisory vote to approve executive compensation every year. In line with this recommendation by the shareholders, the Board decided that it will include an advisory shareholder vote on executive compensation in its proxy materials every year until the next required advisory vote on the frequency of shareholder votes on executive compensation, which will occur no later than our 2017 Annual Meeting of Shareholders. Therefore, we are asking our shareholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement.

As described above in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

- to enable us to recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives;
- to maximize the long-term commitment of our executive officers to our success by providing compensation elements that align their interests and our shareholders in that the compensation elements are directly related to financial metrics that the Committee believes influence the creation of long-term shareholder value; and
- to reward our executive officers upon the achievement of short-term and long-term business objectives and enhanced shareholder value.

We urge our shareholders to read the "Compensation Discussion and Analysis" beginning on page 21 of this Proxy Statement, which describes in greater detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narratives, appearing on pages 45 through 66, which provide detailed information on the compensation of our Named Executive Officers. The Compensation Committee and the Board believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" are effective in achieving our goals and that the compensation of our Named Executive Officers reported in this Proxy Statement has contributed to the Company's recent and long-term success.

Most Recent Say-On-Pay Vote

At the 2012 Annual Meeting of Shareholders, approximately 99% of the votes cast by the shareholders voted, on an advisory basis, to approve the compensation paid to the Company's Named Executive Officers in Fiscal 2011 as disclosed in the 2012 Proxy Statement pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion (the "2012 Say-on-Pay Vote"). The Committee and the Board believe that the 2012 Say-on-Pay Vote confirmed shareholder support for the Company's executive officer compensation policies and decisions. As a result our approach to Fiscal 2012 policies and decision making approach remained consistent with our 2011 approach.

This selection is being presented to the shareholders for their ratification. Proxies solicited by the Board will, unless otherwise directed, be voted to ratify the selection by the Board of Deloitte & Touche LLP as our independent registered public accounting firm for Fiscal 2013. Deloitte & Touche LLP has been our independent auditor since our 2000 Fiscal Year. The Board has been advised by Deloitte & Touche LLP that it is an independent registered public accounting firm with respect to the Company within the meaning of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting. For additional information regarding our relationship with Deloitte & Touche LLP, please refer to the Audit Committee Report below.

Principal Accountant Fees and Services

The Audit Committee selected, and we retained, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, the "Deloitte Entities"), as our independent registered public accounting firm to audit our consolidated financial statements for Fiscal 2012 and Fiscal 2011. We understand the need for the Deloitte Entities to maintain objectivity and independence in their audit of our financial statements and internal controls. We do not use the Deloitte Entities for internal audit work and will only use the Deloitte Entities for non audit work when the Audit Committee concludes that the Deloitte Entities are the most appropriate provider of that service. The Audit Committee annually evaluates whether our use of the Deloitte Entities for non audit services is compatible with the Deloitte Entities' independence.

Pre-Approval Policies

The Audit Committee has the direct responsibility to select, retain, terminate, determine compensation and oversee the work of our independent registered public accounting firm. Pre approval by the Audit Committee is required for any engagement of our independent registered public accounting firm and the Audit Committee has established the following pre approval policies and procedures. Annually, the Audit Committee pre approves services to be provided by our independent registered public accounting firm. The Audit Committee also considers the engagement of our independent registered public accounting firm to provide other services during the year. Requests for approval are submitted to the Audit Committee by our management. Requests are required to include an adequate explanation of the services in sufficient detail for the Audit Committee to determine whether the request is consistent with the SEC's rules on auditor independence. In determining whether to approve the engagement of our independent registered public accounting firm, the Audit Committee considers whether such service is consistent with the independence of the registered public accounting firm. The Audit Committee also considers the amount of audit related fees in comparison to all other fees paid to the registered public accounting firm and reviews such comparison each year.

Audit Committee Report

The Audit Committee reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and with the Company's independent registered public accounting firm, Deloitte & Touche LLP, which is responsible for expressing an opinion on whether the consolidated financial statements present fairly, in all material respects, the Company's financial position, results of operations and the related cash flows in conformity with accounting principles generally accepted in the United States of America and whether the Company maintained, in all material respects, effective internal control over financial reporting based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

The Audit Committee met regularly with Deloitte & Touche LLP and the Company's internal audit staff, with and without management present, to discuss the results of their audits, management's assessment of the Company's internal control over financial reporting, Deloitte & Touche LLP's opinions regarding the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Audit Committee also reviewed Management's Report on Internal Control Over Financial Reporting contained in the Company's Annual Report on Form 10 K for the year ended February 2, 2013 as filed with the SEC, as well as Deloitte & Touche LLP's Report of Independent Registered Public Accounting Firm included in the same Annual Report on Form 10 K related to its audits of (i) the Company's consolidated financial statements, and (ii) the effectiveness of internal control over

financial reporting.

Table of Contents

Broker Discretionary Voting Not Permitted

Broker discretionary voting of uninstructed shares is not permitted for a shareholder vote on any matter other than Item 3 (Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public Accounting Firm for Fiscal 2013).

Broker Non-Vote

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a "broker non-vote." In these cases, the broker can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules of the NYSE.

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under NYSE rules to vote your shares on Item 3 (Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public Accounting Firm for Fiscal 2013) even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on Items 1 (Election of Directors) and 2 (Advisory Resolution to Approve Executive Compensation) without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on those matters. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Manner for Voting Proxies

The shares represented by all valid proxies received by mail, or submitted by telephone or the Internet will be voted in the manner specified. Where specific choices are not indicated, the shares represented by all valid proxies received will be voted: FOR Items 1 (Election of Directors), 2 (Advisory Resolution to Approve Executive Compensation) and 3 (Ratification of the Selection of Deloitte & Touche LLP as Independent Registered Public Accounting Firm for Fiscal 2013). Should any matter not described above be properly presented at the Annual Meeting, the persons named in the Proxy Card will vote in accordance with their judgment.

Voting in Person at the Annual Meeting

We encourage shareholders to submit proxies in advance by telephone, by the Internet, or by mail. Shareholders may also vote in person at the Annual Meeting, or may execute a proxy designating a representative to vote for them at the meeting. If your shares are held in street name and you wish to have your shares voted for Items 1 (Election of Directors) and 2 (Advisory Resolution to Approve Executive Compensation), you must either (i) instruct your broker how to vote your shares, (ii) vote your shares by phone or the Internet, or (iii) bring a brokerage statement, written proxy from your broker, or other proof of ownership of the Company's common stock as of the Record Date with you to the Annual Meeting.

Other Matters to be Presented

The Board knows of no other matters which may be presented at the Annual Meeting. If any other matters properly come before the Annual Meeting, including any adjournment or adjournments thereof, proxies received in response to this solicitation will be voted upon such matters in the discretion of the person or persons named in the Proxy Card.

Solicitation of Proxies

Proxies will be solicited on behalf of the Board by mail or in person, and all solicitation costs will be paid by the Company. Upon written request, copies of this Proxy Statement, the Proxy Card and our Annual Report for Fiscal 2012 will be furnished to holders of record, as well as to brokers, dealers, banks and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners, and we will reimburse such holders for their reasonable expenses. AST Phoenix Advisors has been retained to assist in soliciting proxies at a fee of \$7,000 plus reasonable out of pocket costs.

Shareholders of Record Requesting Copies of the Company's 2012 Annual Report on Form 10-K
