NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

Basis of presentation

These interim consolidated financial statements include the accounts of OneBeacon Insurance Group, Ltd. (the "Company" or the "Registrant") and its subsidiaries (collectively, "OneBeacon") and have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Company is an exempted Bermuda limited liability company with U.S.-based underwriting operating companies that are property and casualty insurance writers and a Bermuda-based reinsurance company, Split Rock Insurance, Ltd. ("Split Rock"), which primarily reinsures certain risks of affiliated entities. OneBeacon offers a wide range of specialty insurance products and services primarily through independent agencies, regional and national brokers, wholesalers and managing general agencies.

OneBeacon is 75.3% owned by White Mountains Insurance Group, Ltd. ("White Mountains"), a holding company whose businesses provide property and casualty insurance, reinsurance and certain other products. The Company's headquarters are located at 14 Wesley Street, 5th Floor, Hamilton HM 11, Bermuda. The Company's U.S. corporate headquarters are located at 601 Carlson Parkway, Minnetonka, Minnesota 55305 and its registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. During the three months ended June 30, 2015 OneBeacon sold its building in Canton, Massachusetts, which is presented as held for sale in the December 31, 2014 consolidated balance sheets.

On December 23, 2014, OneBeacon completed the sale of its run-off business to a subsidiary of Armour Group Holdings Limited ("Armour"). See Note 2—"Acquisitions and Dispositions" and Note 15—"Discontinued Operations." The run-off business included the results of OneBeacon's non-specialty commercial lines business and certain other run-off business, including the vast majority of asbestos and environmental reserves, as well as certain purchase accounting adjustments related to the run-off business (the "Runoff Business," the sale of which is referred to as the "Runoff Transaction"). The Runoff Business has been presented as discontinued operations in the consolidated statements of operations for the three and six months ended June 30, 2015 and 2014 and in the consolidated statements of cash flows for the six months ended June 30, 2015 and 2014. The Runoff Business disposal group excludes investing and financing activities from amounts classified as discontinued operations. OneBeacon's investing and financing operations are conducted on an overall consolidated level and, accordingly, there are no separately identifiable investing or financing cash flows associated with the Runoff Business. The legal entities included in the sale held an agreed upon level of invested assets and capital at closing.

OneBeacon's reportable segments are Specialty Products, Specialty Industries and Investing, Financing and Corporate. The Specialty Products segment is comprised of ten active underwriting operating segments, representing an aggregation based on those that offer distinct products and tailored coverages and services to a broad customer base across the United States. During the first quarter of 2015, the Company restructured its former Professional Insurance underwriting operating segment into four separate underwriting operating segments, which are included in Specialty Products: Healthcare, Management Liability, Financial Services and Other Professional Lines.

The Specialty Industries segment is comprised of five active underwriting operating segments, representing an aggregation based on those that focus on solving the unique needs of a particular customer or industry group.

The Investing, Financing and Corporate segment includes the investing and financing activities for OneBeacon on a consolidated basis, and certain other activities conducted through the Company and its intermediate subsidiaries.

All significant intercompany transactions have been eliminated in consolidation. These interim financial statements include all adjustments considered necessary by management to fairly state the financial position, results of operations and cash flows of OneBeacon. These interim financial statements may not be indicative of financial results for the full year and should be read in conjunction with the Company's 2014 Annual Report on Form 10-K. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Refer to the Company's 2014 Annual Report on Form 10-K for a complete discussion regarding OneBeacon's significant accounting policies. Certain

amounts in the prior period financial statements have been reclassified to conform to the current presentation.

Recently Adopted Changes in Accounting Principles

Qualified Affordable Housing Projects

Effective January 1, 2015, OneBeacon adopted ASU 2014-01, Accounting for Investments in Qualified Affordable Housing Projects ("QAHP") (ASC 323). ASU 2014-01 allows investors in QAHP to make a policy election to use the proportional amortization method. Under the proportional amortization method, the investor amortizes the initial cost of the investment in proportion to the tax credits and other tax benefits received and recognizes the investment results, net of the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

related tax benefits, as a component of income tax expense. Prior to adoption, OneBeacon accounted for its QAHP investment under the equity method and recognized its share of its QAHP investment's losses in investment income. OneBeacon made the policy election to account for its QAHP investment using the proportional amortization method, applied retrospectively. Under the proportional amortization method, the cumulative loss recognized through December 31, 2014 increased by \$1.2 million. As a result of the retrospective adoption, OneBeacon's common shareholders equity has been reduced by \$0.6 million as of January 1, 2014. In addition, for the three and six months ended June 30, 2014, the retrospective adoption resulted in increases of \$0.5 million and \$0.9 million, respectively, to net investment income and net increases of \$0.6 million and \$1.2 million, respectively, to income tax expense. Footnote disclosures for prior year amounts have been amended to be consistent with the restated amounts described above.

Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity

In April 2014, the Financial Accounting Standard Board ("FASB") issued ASU 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity (ASC 205 and ASC 360) to reduce diversity in practice for reporting discontinued operations. ASU 2014-08 limits discontinued operations treatment to disposals that represent a strategic shift and that have a major effect on a reporting entity's operations and financial results to be reported as discontinued operations. The revised guidance also requires expanded disclosure in the financial statements for discontinued operations as well as for disposals of significant components of an entity that do not qualify for discontinued operations presentation. OneBeacon has not had any transactions that occurred since ASU 2014-08 became effective on December 15, 2014.

Pushdown Accounting

ASU 2014-17, Pushdown Accounting, a consensus of the FASB Emerging Issues Task Force (ASC 805) became effective upon its issuance on November 18, 2014. The new guidance, which is applicable prospectively, gives an acquired non-public company the option to apply pushdown accounting in its separate company financial statements in the period in which it is acquired in a change of control transaction. Once pushdown accounting has been applied, the election is irreversible. Acquired entities that chose not to apply pushdown accounting at the time of acquisition, may apply pushdown accounting in a subsequent period as a change in accounting principle under ASC 250, Accounting Changes and Error Corrections. OneBeacon has not had any acquisitions since ASU 2014-17 became effective.

Unrecognized Tax Benefits

Effective January 1, 2014, OneBeacon adopted ASU 2013-11, Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists. The new ASU generally requires balance sheet presentation of an unrecognized tax benefit as a reduction of a deferred tax asset for a net operating loss ("NOL") carryforward or tax credit carryforward rather than as a liability. This adoption did not have any impact on the Company's financial position, results of operations, cash flows or financial statement presentation. Recently Issued Accounting Pronouncements

Insurance Contracts

In May 2015, the FASB issued ASU 2015-09, Disclosures about Short Duration Contracts (ASC 944) which requires expanded footnote disclosures about loss and loss adjustment expense ("LAE") reserves. Under the new guidance, some disclosures currently presented outside of OneBeacon's financial statements, such as loss development tables and a reconciliation of loss development data to the loss and LAE reserves reflected on the balance sheet, will become part of the financial statement footnotes. In addition, the loss development tables required to be presented under the new ASU must be presented on a disaggregated basis by accident year rather than by reporting year as currently presented. Some of the expanded disclosures are new requirements, such as the disclosure of reserves for losses incurred but not reported ("IBNR") plus expected development on reported claims, which must be presented by accident year on a disaggregated basis. The new guidance also requires new disclosures about claim frequency data together with descriptions of the approach used to measure that data. Qualitative descriptions of methodologies and assumptions

used to develop IBNR estimates must be presented together with the disaggregated amounts of IBNR to which they relate, along with a discussion of any significant changes in methodology and assumptions and the related effect upon the loss reserves. The new guidance will be effective for annual periods beginning after December 15, 2015 and interim periods within annual periods beginning after December 15, 2016 with retrospective restatement of prior periods required. OneBeacon will modify its financial statement footnote disclosures to conform to the requirements of ASU 2015-09 upon adoption, including revisions to prior year's disclosures.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 1. Nature of Operations and Summary of Significant Accounting Policies

Fair Value Measurements

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement - Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASC 820) which eliminates the requirement to disclose the fair value hierarchy level for investments for which fair value is measured at net asset value using the practical expedient in ASC 820. OneBeacon measures the fair value of its investments in hedge funds and private equity funds using this practical expedient and has classified those measurements within Level 3 of the fair value hierarchy. The new guidance is effective for fiscal years beginning after December 15, 2015 and interim periods within those fiscal years.

Debt Issuance Costs

In April 2015, the FASB issued ASU 2015-03, Imputation of Interest (ASC 835) which requires debt issuance costs related to a recognized debt liability to be presented as a deduction from the carrying amount of the related debt, consistent with the treatment required for debt discounts. ASU 2015-03 is effective for annual and interim reporting periods beginning after December 15, 2015. OneBeacon does not expect ASU 2015-03 to impact its financial position, results of operations, cash flows, presentation and disclosures.

Amendments to Consolidation Analysis

In February 2015, the FASB issued ASU 2015-02, Amendments to the Consolidation Analysis (ASC 810) which amends the guidance for determining whether an entity is a variable interest entity ("VIE"). ASU 2015-02 eliminates the separate consolidation guidance for limited partnerships and with it, the presumption that a general partner should consolidate a limited partnership. In addition, ASU 2015-02 changes the guidance for determining if fee arrangements qualify as variable interests and the effect fee arrangements have on the determination of the primary beneficiary. ASU 2015-02 is effective for annual and interim reporting periods beginning after December 15, 2015 and must be applied retrospectively. OneBeacon does not expect ASU 2015-02 to affect the consolidation analysis for any of its existing investments.

Share-Based Compensation Awards

In June 2014, the FASB issued ASU 2014-12, Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period. The new guidance is intended to eliminate diversity in practice for employee share-based awards containing performance targets that could be achieved after the requisite service period. Some reporting entities account for performance targets that can be achieved after the requisite service period as performance conditions that affect the vesting of the award while other reporting entities treat those performance targets as non-vesting conditions that affect the grant-date fair value of the award. The updated guidance requires that a performance target that affects vesting and that can be achieved after the requisite service period be treated as a performance condition. Compensation cost should be recognized in the period it becomes probable that the performance target will be achieved and should represent the compensation cost attributable to the periods for which service has been rendered. The new guidance is effective for annual and interim reporting periods beginning after December 15, 2015. OneBeacon does not expect adoption to have a significant impact on its financial position, results of operations, cash flows, presentation or disclosures.

Revenue Recognition

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (ASC 606), which modifies the guidance for revenue recognition. The scope of the new ASU excludes insurance contracts but is applicable to certain fee arrangements, such as investment management fees. The Company is in the process of evaluating the new guidance and has not yet determined the potential effect of adoption on its financial position, results of operations, or cash flows. ASU 2014-09 is effective for annual and interim reporting periods beginning after December 15, 2016.

NOTE 2. Acquisitions and Dispositions

Runoff Business

As described in Note 1—"Nature of Operations and Summary of Significant Accounting Policies," on December 23, 2014, OneBeacon completed the sale of its Runoff Business to Armour. As described in Note 15—"Discontinued

Operations," the Company recorded the final adjustment to the loss on sale of discontinued operations during the second quarter of 2015. Prior to the closing of the Runoff Transaction, OneBeacon Insurance Company, one of the entities that was sold upon the closing of the Runoff Transaction and which has since been renamed Bedivere Insurance Company ("Bedivere"), distributed Atlantic Specialty Insurance Company ("ASIC") to its immediate parent, as well as cash and investments such that Bedivere contained the target capital on the date of sale pursuant to the stock purchase agreement. In conjunction with the Runoff Transaction, OneBeacon provided financing in the form of surplus notes having a par value of \$101.0 million, which had a fair value of \$64.9 million on the date of sale. As part of the Runoff Transaction, OneBeacon and Armour entered into a limited

See Note 15—“Discontinued Operations” for further information regarding activity reported as discontinued operations during the three and six months ended June 30, 2015 and 2014.

Essentia Insurance Company

Effective January 1, 2013, OneBeacon completed the sale of Essentia Insurance Company (“Essentia”), an indirect wholly-owned subsidiary which wrote the collector cars and boats business, to Markel Corporation and recognized a pre-tax gain on sale of \$23.0 million (\$15.0 million after tax) in the first quarter of 2013. During the first quarter of 2015, the Company recognized in net other revenues (expenses) a \$3.7 million negative adjustment to the pre-tax gain on sale of Essentia in connection with an assessment from the Michigan Catastrophic Claims Association (MCCA) payable to Markel Corporation pursuant to the indemnification provisions in the stock purchase agreement governing the sale of Essentia.

Except as described above, during the three and six months ended June 30, 2015 and 2014, there were no significant acquisitions or dispositions.

Loss and LAE development

Loss and LAE development—2015

During the three months ended June 30, 2015, OneBeacon experienced no net loss and LAE reserve development on prior accident year reserves, as favorable development from several businesses, most notably Specialty Property and Surety, was offset by unfavorable development primarily due to a large claim in Entertainment and an increase in the frequency of small to medium losses in the ocean marine business within International Marine Underwriters (IMU). During the six months ended June 30, 2015, OneBeacon experienced \$1.8 million of net favorable loss and LAE reserve development on prior accident year reserves, primarily attributable to favorable development from Crop resulting from the 2014 crop year and favorable development in several other businesses, most notably Technology, Specialty Property, Government Risks, and Surety. This favorable development was mostly offset by unfavorable

development in Entertainment

driven by several large losses and small to mid-sized claims and by losses within the Company's inland marine business within IMU resulting from a few large claims and, to a lesser extent, from Tuition Reimbursement.

Loss and LAE development—2014

During the three months ended June 30, 2014, OneBeacon experienced \$8.4 million of net unfavorable loss and LAE reserve development on prior accident year reserves primarily related to its Other Professional Lines and Management Liability underwriting operating segments, as well as its Entertainment, Government Risks and Accident underwriting operating segments, partially offset by favorable loss and LAE reserve development primarily in its Specialty Property underwriting operating segment. The unfavorable development was driven by a few large claims.

During the six months ended June 30, 2014, OneBeacon experienced \$7.0 million of net unfavorable loss and LAE reserve development on prior accident year reserves primarily related to its Management Liability and Other Professional Lines underwriting operating segments, as well as its Entertainment, Government Risks and Accident underwriting operating segments, partially offset by favorable loss and LAE reserve development in its Specialty Property underwriting operating segment, as well as its IMU underwriting operating segment. The unfavorable development was driven by a few large claims.

See Note 15—"Discontinued Operations" for a discussion of impacts to reserves for unpaid losses and LAE related to discontinued operations.

NOTE 4. Reinsurance

In the normal course of business, OneBeacon's insurance subsidiaries seek to limit losses that may arise from catastrophes or other events by reinsuring with third-party reinsurers. OneBeacon remains liable for risks reinsured even if the reinsurer does not honor its obligations under reinsurance contracts.

Reinsurance Treaties

The Company's catastrophe reinsurance coverage is discussed in Note 4—"Reinsurance" in the Company's 2014 Annual Report on Form 10-K. Except as discussed below, there have been no material changes to the Company's reinsurance coverage from that reported in the 2014 Annual Report on Form 10-K.

Effective May 1, 2015, OneBeacon renewed its property catastrophe reinsurance program through April 30, 2016. The program provides coverage for OneBeacon's property business as well as certain acts of terrorism. Under the program, the first \$20.0 million of losses resulting from any single catastrophe are retained, with 95.0% of the next \$10.0 million of losses and 100.0% of the next \$100.0 million of losses resulting from the catastrophe being reinsured. Any part of a catastrophe loss in excess of \$130.0 million would be retained in full. In the event of a catastrophe, OneBeacon's property catastrophe reinsurance program is reinstated for the remainder of the original contract term by paying a reinstatement premium that is based on the percentage of coverage reinstated and the original property catastrophe coverage premium.

Also effective May 1, 2015, OneBeacon lowered its retention on its property-per-risk reinsurance program from \$5.0 million to \$3.0 million.

Additionally, effective June 1, 2015, OneBeacon lowered its retentions on certain casualty and healthcare treaties from \$5.0 million to \$3.0 million.

Effective January 1, 2015, OneBeacon purchased an aggregate stop loss on its multi-peril crop insurance ("MPCI") portfolio for the 2015 crop year, providing 52.0% of coverage in excess of a 98.0% loss ratio on premiums covered by the contract and a separate aggregate stop loss providing 80.0% of coverage in excess of a 100.0% loss ratio on its crop-hail portfolio. OneBeacon also purchased a new quota share reinsurance contract on 30.0% of its MPCI portfolio. In addition to the reinsurance protections outlined above, the Company also continued to purchase dedicated reinsurance protection for certain specific lines of business.

NOTE 4. Reinsurance

Reinsurance Recoverables

As of June 30, 2015, OneBeacon had reinsurance recoverables on paid losses of \$20.9 million and reinsurance recoverables on unpaid losses of \$147.1 million. As reinsurance contracts do not relieve OneBeacon of its obligations, collectibility of balances due from reinsurers is critical to OneBeacon's financial strength. The following table summarizes Standard & Poor's Financial Services, LLC ("Standard & Poor's") ratings for OneBeacon's reinsurers for its continuing insurance operations, excluding industry pools and associations, based upon reinsurance recoverable amounts on paid and unpaid losses and LAE:

(\$ in millions)	Balance at June 30, 2015	% of total	
Standard & Poor's Rating ⁽¹⁾ :			
AA	\$63.1	38	%
A	82.3	49	%
BBB, Not Rated and Other	22.6	13	%
Total reinsurance recoverables	\$168.0	100	%

⁽¹⁾ Standard & Poor's ratings as detailed above are "AA" (Very strong), "A" (Strong) and "BBB" (Adequate).

NOTE 5. Investment Securities

OneBeacon's invested assets are comprised of securities and other investments held for general investment purposes. Refer to the Company's 2014 Annual Report on Form 10-K for a complete discussion.

OneBeacon classifies its portfolio of fixed maturity investments, common equity securities and convertible fixed maturity investments held for general investment purposes as trading securities. Trading securities are reported at fair value as of the balance sheet date as determined by quoted market prices when available. Realized and change in unrealized investment gains on trading securities are reported in total revenues as net realized and unrealized investment gains in revenues on a pre-tax basis.

Short-term investments consist of money market funds, certificates of deposit and other securities which, at the time of purchase, mature or become available for use within one year. Short-term investments are carried at amortized cost, which approximates fair value.

Other investments primarily include surplus notes, private equity funds and hedge funds. OneBeacon measures its investments in private equity funds and hedge funds at fair value with changes therein reported in total revenues as net realized and change in unrealized investment gains. Surplus notes provided in conjunction with the financing of the Runoff Transaction are measured at their estimated fair value based on discounted expected cash flows, with changes in fair value reported in total revenues as net realized and change in unrealized investment gains. Other investments also include an investment in a community reinvestment vehicle which is accounted for at fair value, with changes in fair value reported in total revenues as net realized and change in unrealized investment gains and a tax advantaged federal affordable housing development fund which is accounted for under the proportional amortization method. Prospector Partners, LLC ("Prospector"), was the primary manager of OneBeacon's publicly-traded common equity securities and convertible fixed maturity securities portfolio. The Prospector-managed separate accounts were liquidated during the second quarter of 2015, and the Prospector-managed hedge fund was redeemed, with the intention to convert the majority of the proceeds to passive equity vehicles. As the separate accounts were liquidated, OneBeacon reinvested the majority of the proceeds into exchange traded funds ("ETFs") that seek to provide investment results that, before expenses, generally correspond to the performance of the S&P 500, Russell 1000, and Russell 1000 Value indices.

NOTE 5. Investment Securities

Fair value measurements

Fair value measurements are categorized into a hierarchy that distinguishes between inputs based on market data from independent sources ("observable inputs") and a reporting entity's internal assumptions based upon the best information available when external market data is limited or unavailable ("unobservable inputs"). Quoted prices in active markets for identical assets or liabilities have the highest priority ("Level 1"), followed by observable inputs other than quoted prices, including prices for similar but not identical assets or liabilities ("Level 2") and unobservable inputs, including the reporting entity's estimates of the assumptions that market participants would use, having the lowest priority ("Level 3"). As of June 30, 2015 and December 31, 2014, approximately 91% and 90%, respectively, of the investment portfolio recorded at fair value was priced based upon observable inputs.

Investments valued using Level 1 inputs include fixed maturity investments, primarily investments in U.S. Treasuries, common equity securities and short-term investments, which include U.S. Treasury Bills. Investments valued using Level 2 inputs comprise the fixed maturity investments, which has been disaggregated into classes, including debt securities issued by corporations, municipal obligations, mortgage and asset-backed securities, foreign government obligations and preferred stocks. Fair value estimates for investments that trade infrequently and have few or no observable market prices are classified as Level 3 measurements. Level 3 fair value estimates based upon unobservable inputs include OneBeacon's investments in surplus notes, hedge funds and private equity funds, as well as certain investments in fixed maturity investments and common equity securities, where quoted market prices are unavailable or are not considered reasonable. OneBeacon determines when transfers between levels have occurred as of the beginning of the period.

OneBeacon uses brokers and outside pricing services to assist in determining fair values. For investments in active markets, OneBeacon uses the quoted market prices provided by outside pricing services to determine fair value. The outside pricing services OneBeacon uses have indicated that they will only provide prices where observable inputs are available. In circumstances where quoted market prices are unavailable or are not considered reasonable, OneBeacon estimates the fair value using industry standard pricing models and observable inputs such as benchmark yields, reported trades, broker-dealer quotes, issuer spreads, benchmark securities, bids, offers, prepayment speeds, reference data including research publications and other relevant inputs. Given that many fixed maturity investments do not trade on a daily basis, the outside pricing services evaluate a wide range of fixed maturity investments by regularly drawing parallels from recent trades and quotes of comparable securities with similar features. The characteristics used to identify comparable fixed maturity investments vary by asset type and take into account market convention.

OneBeacon's process to assess the reasonableness of the market prices obtained from the outside pricing sources covers substantially all of its fixed maturity investments and includes, but is not limited to, evaluation of model pricing methodologies, review of the pricing services' quality control processes and procedures on at least an annual basis, comparison of market prices to prices obtained from different independent pricing vendors on at least a semi-annual basis, monthly analytical reviews of certain prices and review of assumptions utilized by the pricing service for selected measurements on an ad hoc basis throughout the year. OneBeacon also performs back-testing of selected purchases and sales activity to determine whether there are any significant differences between the market price used to value the security prior to purchase or sale and the actual purchase or sale price on an ad-hoc basis throughout the year. Prices provided by the pricing services that vary by more than 5% and \$1.0 million from the expected price based on these procedures are considered outliers. Also considered outliers are prices that haven't changed from period to period and prices that have trended unusually compared to market conditions. In circumstances where the results of OneBeacon's review process does not appear to support the market price provided by the pricing services, OneBeacon challenges the price. If OneBeacon cannot gain satisfactory evidence to support the challenged price, it relies upon its own pricing methodologies to estimate the fair value of the security in question.

The valuation process above is generally applicable to all of OneBeacon's fixed maturity investments. The techniques and inputs specific to asset classes within OneBeacon's fixed maturity investments for Level 2 securities that use observable inputs are as follows:

Debt securities issued by corporations: The fair value of debt securities issued by corporations is determined from an evaluated pricing model that uses information from market sources and integrates relative credit information, observed market movements, and sector news. Key inputs include benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including sector, coupon, quality ratings, duration, credit enhancements, early redemption features and market research publications.

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 5. Investment Securities

Municipal obligations: The fair value of municipal obligations is determined from an evaluated pricing model that uses information from market makers, broker-dealers, buy-side firms, and analysts along with general market information. Key inputs include benchmark yields, reported trades, issuer financial statements, material event notices and new issue data, as well as broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including type, coupon, credit quality ratings, duration, credit enhancements, geographic location and market research publications.

Mortgage and asset-backed securities: The fair value of asset backed securities is determined from an evaluated pricing model that uses information from market sources and leveraging similar securities. Key inputs include benchmark yields, reported trades, underlying tranche cash flow data, collateral performance, plus new issue data, as well as broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including issuer, vintage, loan type, collateral attributes, prepayment speeds, default rates, recovery rates, cash flow stress testing, credit quality ratings and market research publications.

Foreign government obligations: The fair value of foreign government obligations is determined from an evaluated pricing model that uses feeds from data sources in each respective country, including active market makers and inter-dealer brokers. Key inputs include benchmark yields, reported trades, broker-dealer quotes, two-sided markets, benchmark securities, bids, offers, local exchange prices, foreign exchange rates and reference data including coupon, credit quality ratings, duration and market research publications.

Preferred stocks: The fair value of preferred stocks is determined from an evaluated pricing model that calculates the appropriate spread over a comparable security for each issue. Key inputs include exchange prices (underlying and common stock of same issuer), benchmark yields, reported trades, broker-dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including sector, coupon, credit quality ratings, duration, credit enhancements, early redemption features and market research publications.

Level 3 valuations are generated from techniques that use assumptions not observable in the market. These unobservable assumptions reflect OneBeacon's assumptions that market participants would use in valuing the investment. Generally, certain securities may start out as Level 3 when they are originally issued but as observable inputs become available in the market, they may be reclassified to Level 2.

The fair values of OneBeacon's investments in hedge funds and private equity funds have been classified as Level 3 under the fair value hierarchy since the fund managers do not provide sufficient information to independently evaluate the pricing inputs and methods for each underlying investment, and therefore the inputs are considered to be unobservable. As of June 30, 2015 and December 31, 2014, OneBeacon did not record a liquidity adjustment to the net asset value related to its investments in hedge funds or private equity funds. Also classified as Level 3 under the fair value hierarchy are surplus notes which are measured at their estimated fair value based on discounted expected cash flows, with changes in fair value reported in total revenues as net realized and change in unrealized investment gains.

NOTE 5. Investment Securities

The following tables summarize the Company's fair value measurements for investments as of June 30, 2015 and December 31, 2014 by level. The major security types were based on the legal form of the securities, with a separate break-out for convertible fixed maturity investments as they may react similar to either debt securities or equity securities, depending on prevailing market conditions. OneBeacon has disaggregated its fixed maturity investments based on the issuing entity type, which impacts credit quality, with debt securities issued by U.S. government entities carrying minimal credit risk, while the credit and other risks associated with other issuers, such as corporations, foreign governments, municipalities or entities issuing asset-backed securities vary depending on the nature of the issuing entity type. OneBeacon further disaggregates debt securities issued by corporations and equity securities by industry sector because investors often reference commonly used benchmarks and their subsectors to monitor risk and performance. Accordingly, OneBeacon has further disaggregated these asset classes into subclasses based on the similar sectors and industry classifications the Company uses to evaluate investment risk and performance against commonly used benchmarks, such as the Barclays Intermediate Aggregate and S&P 500 indices.

Significant Unobservable Inputs

As previously described, in certain circumstances, OneBeacon estimates the fair value of investments using industry standard pricing models and both observable and unobservable inputs.

The following summarizes significant unobservable inputs used in estimating the fair value of fixed maturity investments classified within Level 3, other than hedge funds and private equities, as of June 30, 2015. The fair value of investments in hedge funds and private equity funds, which are classified within Level 3, are estimated using the net asset value of the funds.

Description	Fair Value (in millions)	Rating ⁽²⁾	Valuation Technique	Unobservable Inputs	Input
Preferred stock ⁽¹⁾	\$71.2	N/R	Discounted cash flow	Discount yield	7.065%
Surplus notes:		N/R			12.3%
- Seller priority note	\$45.4		Discounted cash flow	Discount rate ⁽³⁾	10.2%
				Timing of interest payments ⁽⁴⁾	5 years
				Timing of principal payments ⁽⁴⁾	10 years
- Pari passu note	\$20.9		Discounted cash flow	Discount rate ⁽⁵⁾	15.5%
				Timing of interest payments ⁽⁴⁾	5 years
				Timing of principal payments ⁽⁴⁾	15 years
Asset-backed securities ⁽¹⁾	\$5.6	A	Broker pricing	Broker quote	N/A

⁽¹⁾ As of June 30, 2015, each asset type consists of one security.

⁽²⁾ Credit ratings, if rated, are assigned based on the following hierarchy: 1) Standard & Poor's and 2) Moody's Stochastic modeling supporting the fair value estimation indicates that the average percentage of discounted payments missed on the seller priority note is roughly equivalent to that of a conventional debt security with a

⁽³⁾ credit rating of 'B'. The corresponding credit spread increased by an additional 250 bps to reflect both a liquidity discount for a private debt instrument and regulatory payment approval uncertainty, which was added to the treasury rate to determine the discount rate for the seller priority note.

For estimated value purposes, the assumption has been made that interest payouts begin in year five and principal

⁽⁴⁾ repayments begin on a graduated basis in year ten for the seller priority note and year fifteen for the pari passu note.

Stochastic modeling supporting the fair value estimation indicates that the average percentage of discounted payments missed on the pari passu note is roughly equivalent to that of a conventional debt security with a credit

⁽⁵⁾ rating of 'CCC'. The corresponding credit spread increased by an additional 250 bps to reflect both a liquidity discount for a private debt instrument and regulatory payment approval uncertainty, which was added to the treasury rate to determine the discount rate for the pari passu note.

Mortgage-backed, Asset-backed Securities

OneBeacon purchases commercial mortgage-backed securities ("CMBS") and residential mortgage-backed securities ("RMBS") to maximize its risk adjusted returns in the context of a diversified portfolio. OneBeacon's non-agency CMBS are generally short tenor and structurally senior, with more than 20 points of subordination on average for fixed rate and floating rate CMBS as of June 30, 2015. In general, subordination represents the percentage of principal loss on the underlying collateral that would have to occur before the security incurs a loss. These collateral losses, instead, are first absorbed by other securities lower in the capital structure. OneBeacon believes this structural protection mitigates the risk of loss tied to refinancing challenges facing the commercial real estate market. As of

June 30, 2015, on average less than 1% of the underlying loans were reported as non-performing for both agency and non-agency CMBS held by OneBeacon. OneBeacon did not hold any RMBS categorized as sub-prime as of June 30, 2015. OneBeacon's investments in hedge funds and private equity funds contain negligible amounts of sub-prime mortgage-backed securities as of June 30, 2015. OneBeacon considers sub-prime mortgage-backed securities to be those that have underlying loan pools that exhibit weak credit characteristics or are issued from dedicated sub-prime shelves or dedicated second-lien shelf registrations (i.e., OneBeacon considers investments backed primarily by second-liens to be sub-prime risks regardless of credit scores or other metrics).

There are also mortgage-backed securities that OneBeacon categorizes as "non-prime" (also called "Alt A" or "A-") that are backed by collateral that has overall credit quality between prime and sub-prime, as determined based on OneBeacon's review of the characteristics of their underlying mortgage loan pools, such as credit scores and financial ratios. As of June 30, 2015, OneBeacon held one mortgage-backed security with a market value of \$0.7 million that was classified as non-prime. OneBeacon's non-agency RMBS portfolio is generally of moderate average life, fixed rate and structurally senior. OneBeacon

Hedge Funds and Private Equity Funds

OneBeacon holds investments in hedge funds and private equity funds which are included in other investments. The fair value of these investments has been estimated using the net asset value of the funds. The following table summarizes investments in hedge funds and private equity funds as of June 30, 2015 and December 31, 2014:

(\$ in millions)	June 30, 2015		December 31, 2014

Excluded from the above table are other investments of \$66.3 million and \$65.1 million in surplus notes as of June 30, 2015 and December 31, 2014, respectively, received in conjunction with the financing of the Runoff

Transaction, as well as \$14.2 million and \$14.3 million of an investment in a community reinvestment vehicle as of (1) June 30, 2015 and December 31, 2014, respectively, and \$15.8 million and \$16.8 million of an investment in a tax advantaged federal affordable housing development fund as of June 30, 2015 and December 31, 2014, respectively.

Additionally, other investments accounted for at fair value as of June 30, 2015 and December 31, 2014 included \$0.1 million and \$0.2 million, respectively, in trust certificates issued upon dissolution of a private equity fund.

Redemptions of investments in certain hedge funds are subject to restrictions including "lock-up" periods where no redemptions or withdrawals are allowed, restrictions on redemption frequency and advance notice periods for redemptions. Amounts requested for redemptions remain subject to market fluctuations until the redemption effective date, which generally falls at the end of the defined redemption period. The following summarizes the June 30, 2015 fair value of hedge funds subject to restrictions on redemption frequency and advance notice period requirements for investments in active hedge funds:

(\$ in millions)	Hedge Funds Notice Period				Total
	30 - 59 days notice	60 - 89 days notice	90 - 119 days notice	120+ days notice

Annual	—	—	2.9	—	2.9
Total hedge funds	\$15.9	\$8.4	\$2.9	\$—	\$27.2

Certain hedge fund investments are no longer active and are in the process of disposing of their underlying investments. Distributions from such funds are remitted to investors as the fund's underlying investments are

liquidated. As of June 30, 2015, \$1.0 million of OneBeacon's hedge funds were in liquidation. The actual amount of the final distribution is subject to market fluctuations. The date at which such distributions will be received is not determinable as of June 30, 2015.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 5. Investment Securities

OneBeacon has also submitted redemption requests for certain of its investments in active hedge funds. As of June 30, 2015, redemptions of \$3.2 million were outstanding and remain subject to market fluctuations. The date at which such redemptions will be received is not determinable at June 30, 2015. Redemptions are recorded as receivables when the investment is no longer subject to market fluctuations.

Investments in private equity funds are generally subject to lock-up periods during which investors may not request a redemption. Distributions prior to the expected termination date of the fund may be limited to dividends or proceeds arising from the liquidation of the fund's underlying investment. In addition, certain private equity funds provide an option to extend the lock-up period at either the sole discretion of the fund manager or upon agreement between the fund and the investors. As of June 30, 2015, investments in private equity funds were subject to lock-up periods as follows:

(\$ in millions)	1 - 3 years	3 - 5 years	5 - 10 years	>10 years	Total
Private Equity Funds—expected lock-up period remaining	\$19.9	\$15.8	\$15.6	\$—	\$51.3

See Note 15—"Discontinued Operations" for further disclosures regarding the valuation of the surplus notes provided in conjunction with the financing of the Runoff Transaction.

NOTE 6. Debt

OneBeacon's debt outstanding as of June 30, 2015 and December 31, 2014 consisted of the following:

(\$ in millions)	June 30, 2015	December 31, 2014
Senior unsecured notes, at face value	\$275.0	\$275.0
Unamortized original issue discount	(0.3)	(0.3)
Senior unsecured notes, carrying value	\$274.7	\$274.7

2012 Senior Notes

In November 2012, OneBeacon U.S. Holdings, Inc. ("OBH") issued \$275.0 million face value of senior unsecured notes ("2012 Senior Notes") through a public offering, at an issue price of 99.9% and received \$272.9 million of proceeds. The 2012 Senior Notes bear an annual interest rate of 4.6% payable semi-annually in arrears on May 9 and November 9, until maturity on November 9, 2022, and are fully and unconditionally guaranteed as to the payment of principal and interest by the Company.

Debt Covenants

As of June 30, 2015, OneBeacon was in compliance with all of the covenants under the 2012 Senior Notes.

NOTE 7. Segment Information

The Company has fifteen active underwriting operating segments, which are managed by the chief operating decision maker and are aggregated into two underwriting reportable segments. The two underwriting reportable segments were determined based on the nature of products or services, the production process, the method of distribution and the nature of the regulatory environment. The principal difference between the reportable segments is the type or class of customer.

The Specialty Products reportable segment is comprised of ten active underwriting operating segments, representing an aggregation based on those that offer distinct products and tailored coverages and services to a broad customer base across the United States. During the first quarter of 2015, the Company restructured its former Professional Insurance underwriting operating segment into four separate underwriting operating segments: Healthcare, Management Liability, Financial Services and Other Professional Lines. Additionally, Specialty Products includes the Specialty Property, Environmental, Tuition Reimbursement, Crop, Programs, and Surety underwriting operating segments. The Specialty Industries reportable segment is comprised of five active underwriting operating segments, representing an aggregation based on those that focus on solving the unique needs of a particular customer or industry group. The Specialty Industries segment includes the International Marine Underwriters, Technology, Accident, Government Risks, and Entertainment underwriting operating segments.

NOTE 7. Segment Information

The Investing, Financing and Corporate reportable segment includes the investing and financing activities for OneBeacon on a consolidated basis, and certain other activities conducted through the Company and its intermediate subsidiaries, including the 100% quota share reinsurance agreement with Bedivere, which cedes the losses associated with the legacy Runoff Business to Bedivere, one of the transferred entities that was sold as part of the Runoff Transaction and has been an indirect wholly-owned subsidiary of Armour since December 23, 2014. There is no net retention of the legacy Runoff Business to OneBeacon.

Invested assets are not allocated to the Specialty Products and Specialty Industries segments since OneBeacon does not manage them by segment. Invested assets, net investment income and net realized and change in unrealized investment gains related to OneBeacon's Specialty Products and Specialty Industries segments are included in the Investing, Financing and Corporate segment since these assets are available for payment of losses and expenses for all segments. Debt and the related interest expense on debt also are not allocated to or managed by segment and are also included in the Investing, Financing and Corporate segment.

Substantially all of the Company's revenue is generated from customers located in the United States.

Underwriting ratios are used to measure the components of underwriting profitability and include: the loss and LAE ratio, calculated by dividing loss and LAE by earned premiums; the expense ratio, calculated by dividing policy acquisition and other underwriting expenses by earned premiums; and the combined ratio, the sum of the loss and LAE ratio and the expense ratio.

NOTE 8. Retirement Plans

OneBeacon sponsors qualified and non-qualified, non-contributory, defined benefit pension plans covering substantially all employees who were employed as of December 31, 2001 and former employees who had met the eligibility requirements, as well as retirees. Current plans include the OneBeacon qualified pension plan (the "Qualified Plan") and the OneBeacon non-qualified pension plan (the "Non-qualified Plan") (collectively the "Plans"). OneBeacon's Plans were frozen and curtailed in 2002 and, as a result, the projected benefit obligation is equal to the accumulated benefit obligation. The benefits for the Plans are based primarily on years of service and employees' compensation through December 31, 2002. OneBeacon's funding policy is consistent with the funding requirements of U.S. federal laws and regulations.

In April 2014, the board of managers of the Qualified Plan's plan sponsor, a wholly-owned indirect subsidiary of the Company, voted to terminate the Qualified Plan as of June 30, 2014. The plan sponsor applied for a determination letter from the Internal Revenue Service ("IRS") with respect to the Qualified Plan's tax qualified status at termination and received a favorable determination letter from the IRS on July 23, 2015. The Company has not yet made a final determination if it will proceed with the plan termination and may decide either to revoke the plan termination or to proceed. If the plan termination does proceed, OneBeacon does not expect the impact of the termination to be material on the Company's financial position.

Total net periodic benefit income	\$(0.5) \$(0.7) \$(1.0) \$(1.1

⁽¹⁾ Special termination benefits for 2014 represent additional payments made from the Qualified Plan to certain vested participants when their employment was terminated due to a reduction in force.

OneBeacon does not expect to make a contribution to its Qualified Plan in 2015. OneBeacon anticipates contributing \$2.2 million to the Non-qualified Plan in 2015, for which OneBeacon has assets held in a rabbi trust. During the three and six months ended June 30, 2015, the Company contributed \$0.5 million and \$1.0 million, respectively, to the Non-qualified Plan.

NOTE 9. Employee Share-Based Incentive Compensation Plans

OneBeacon's share-based compensation plans include performance shares, restricted shares and restricted stock units, which are designed to maximize shareholder value over long periods of time by aligning the financial interests of its management with those of its owners. Performance shares are payable only upon achievement of pre-defined business goals and are valued based on the market value of OneBeacon's common shares at the time awards are earned. Performance shares and restricted stock units are typically paid in cash, though, in some instances, they may be paid in common shares or may be deferred in accordance with the terms of OneBeacon's deferred compensation plan. Restricted shares vest either annually in equal installments over the specified service period or cliff-vest in full after the 3-year service period, depending on the award. OneBeacon expenses the full cost of all its share-based compensation over the requisite service period. The Company recognized expense related to its share-based compensation plans of \$1.1 million and \$1.6 million for the three months ended June 30, 2015 and 2014, respectively, and \$2.0 million and \$3.0 million for the six months ended June 30, 2015 and 2014, respectively.

If 100% of the outstanding performance shares had been vested on June 30, 2015, the total additional compensation cost to be recognized would have been \$2.8 million, based on current accrual factors (common share price, accumulated dividends and payout assumptions) at June 30, 2015.

All performance shares earned and paid were settled in cash or by deferral into OneBeacon's deferred compensation plan.

Restricted Shares

On February 24, 2015, OneBeacon issued to certain employees 75,950 shares of restricted stock having a grant date fair value of \$1.1 million, which are scheduled to vest in full on January 1, 2018.

On March 1, 2012, OneBeacon issued shares of restricted stock to certain employees. Of these restricted shares, 142,500 restricted shares vested on February 28, 2014 and the remaining 138,500 restricted shares vested on February 28, 2015.

On May 25, 2011, OneBeacon issued to its CEO 630,000 shares of restricted stock, of which 157,500 restricted shares vested on February 22, 2014, 157,500 restricted shares vested on February 22, 2015, and the remaining 315,000 restricted shares are scheduled to vest in equal installments on February 22, 2016 and 2017.

The restricted shares contain dividend participation features and therefore are considered participating securities.

The following summarizes restricted shares activity for the three months ended June 30, 2015 and 2014:

(\$ in millions)	Three months ended June 30, 2015		2014

Restricted shares that vested during the six months ended June 30, 2015 and 2014 had a grant date fair value of \$4.3 million for each period. No shares vested during the three months ended June 30, 2015 or 2014. As of June 30, 2015, unrecognized compensation expense of \$3.5 million related to restricted stock awards is expected to be recognized over a weighted-average period of 1.9 years.

Restricted Stock Units

On February 24, 2015, the Compensation Committee awarded to certain employees 207,848 restricted stock units ("RSUs"). During the three months ended June 30, 2015 an additional 6,582 RSUs were issued, increasing the outstanding RSUs, net of forfeitures, to 209,369 as of June 30, 2015. The RSUs are scheduled to vest in full on January 1, 2018, at which time the RSUs will be paid out in cash or shares at the discretion of the Compensation Committee. The expense associated with the RSUs, which is being recognized over the vesting period, was \$0.3 million and \$0.4 million for the three and six months ended June 30, 2015, respectively.

NOTE 10. Income Taxes

OneBeacon and its Bermuda-domiciled subsidiaries are not subject to Bermuda income tax under current Bermuda law. In the event that there is a change in the current law such that taxes are imposed, OneBeacon and its Bermuda-domiciled

subsidiaries would be exempt from such tax until March 31, 2035, pursuant to the Bermuda Exempted Undertakings Tax Protection Act of 1966. OneBeacon also has subsidiaries that operate in Gibraltar, Luxembourg and the United States. U.S. operations are financed with a combination of debt and equity and the financing income currently accounts for the majority of non-U.S. earnings.

OneBeacon's income tax benefit (expense) related to pre-tax income from continuing operations for the three months ended June 30, 2015 and 2014, represented net effective tax rates of (31.0)% and 18.6%, respectively, and for the six months ended June 30, 2015 and 2014, represented net effective tax rates of 8.1% and 15.0%, respectively. The effective tax rates for the three and six months ended June 30, 2015 and 2014, were lower than the U.S. statutory rate of 35% due to income generated in jurisdictions other than the United States, principally representing interest income and underwriting income taxed in a jurisdiction with a lower effective tax rate. Additionally, the rate for the six months ended June 30, 2014 was impacted by a \$5.0 million favorable settlement of the 2005-2006 IRS exam, as noted below. For the three months ended June 30, 2015 and 2014, the effective tax rate on non-U.S. income was 1.8% and 1.1%, respectively, and for the six months ended June 30, 2015 and 2014, the effective tax rate on non-U.S. income was 1.4% and 1.1%, respectively.

In arriving at the effective tax rate for the three and six months ended June 30, 2015 and 2014, OneBeacon forecasted all income and expense items including the realized and change in unrealized investment gains for the years ending December 31, 2015 and 2014, and included these gains in the effective tax rate calculation.

OneBeacon classifies all interest and penalties on unrecognized tax benefits as part of income tax expense. With few exceptions, OneBeacon is no longer subject to U.S. federal, state or non-U.S. income tax examinations by tax authorities for years before 2007. On February 14, 2014, OneBeacon received Form 870-AD (Offer to Waive Restrictions on Assessment and Collection Tax Deficiency and to Accept Over assessment) from the IRS Appeals Office relating to the examination of tax years 2005 and 2006. All disputed items have been agreed and resolved with the Joint Committee. OneBeacon recorded a tax benefit of \$5.0 million in the first quarter of 2014 relating to the settlement of the IRS examination for tax years 2005 and 2006.

On July 28, 2011, the IRS commenced an examination of OneBeacon's U.S. income tax returns for 2007, 2008 and 2009. On July 17, 2013, OneBeacon received a revised Form 4549-A (Income Tax Discrepancy Adjustments) from the IRS relating to the examination of tax years 2007, 2008 and 2009. The estimated total assessment, including interest, utilization of alternative minimum and foreign tax credit carryovers and capital loss carrybacks, is \$74.8 million. However, \$60.2 million of the proposed adjustments relate to items for which the expense deduction has been disallowed in a year being examined, but ultimate deductibility is highly certain to occur in a later period. Because of the impact of deferred tax accounting, other than interest and penalties, the disallowance of the deduction in the exam period would not affect the effective tax rate but would accelerate the payment of cash to the taxing authority.

OneBeacon disagrees with the adjustments proposed by the IRS and is defending its position. Although the timing of the resolution of these issues is uncertain, it is reasonably possible that the resolution could occur within the next twelve months. When ultimately settled, OneBeacon does not expect the resolution of this examination to result in a material adverse change to its financial position.

On September 5, 2013, the IRS commenced an examination of OneBeacon's U.S. income tax returns for 2010, 2011 and 2012. OneBeacon does not expect the resolution of this examination to result in a material change to its financial position.

NOTE 11. Fair Value of Financial Instruments

OneBeacon carries its financial instruments on its balance sheet at fair value with the exception of its investment in qualified affordable housing projects, which is accounted for using the proportional amortization method, and fixed-rate, long-term indebtedness. For certain financial instruments where quoted market prices are not available, other independent valuation techniques and assumptions are used. Because considerable judgment is used, these estimates are not necessarily indicative of amounts that could be realized in a current market exchange. Certain financial instruments are excluded from disclosure, including insurance contracts.

As of June 30, 2015 and December 31, 2014, the fair value of OneBeacon's 2012 Senior Notes (its fixed-rate, long-term indebtedness) was \$280.4 million and \$286.0 million, respectively, which compared to a carrying value of \$274.7 million as of both June 30, 2015 and December 31, 2014. The fair value measurement of the 2012 Senior Notes is classified as Level 2 in the valuation hierarchy.

NOTE 12. Legal Contingencies

OneBeacon, and the insurance and reinsurance industry in general, is routinely subject to claims related litigation and arbitration in the normal course of business, as well as litigation and arbitration that does not arise from, or directly relate to,

Table of Contents

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 12. Legal Contingencies

claims activity. OneBeacon's estimates of the costs of settling matters routinely encountered in claims activity are reflected in the reserves for unpaid loss and LAE. See Note 3—"Unpaid Loss and Loss Adjustment Expense ("LAE") Reserves."

OneBeacon evaluates its exposure to non-claims related litigation and arbitration and establishes accruals for litigation and arbitration if it is probable that a loss has been incurred and it can be reasonably estimated. Disclosure of litigation and arbitration is made if it is probable that a loss has been incurred or if there is a reasonable possibility that a loss may have been incurred. Although the ultimate outcome of claims and non-claims related litigation and arbitration, and the amount or range of potential loss at any particular time, is often inherently uncertain, management does not believe that the ultimate outcome of such claims and non-claims related litigation and arbitration will have a material adverse effect on OneBeacon's financial condition, full year results of operations, or cash flows.

The following summarizes significant ongoing non-claims related litigation or arbitration as of June 30, 2015:
Runoff Transaction

Subsequent to the closing of the Runoff Transaction, on January 22, 2015, three holders of insurance policies issued by the companies the Company sold to Armour in the Runoff Transaction filed a Petition for Review with the Commonwealth Court of Pennsylvania ("Commonwealth Court") requesting that the Commonwealth Court vacate the Pennsylvania Insurance Department's ("Department") orders approving the Runoff Transaction and denying their right to intervene in the Department's regulatory review of the Runoff Transaction. The Company believes the claims made by the petitioners are without merit and has intervened in the proceedings before the Commonwealth Court to vigorously defend the propriety of the Department's orders in their entirety. The Company believes that the possibility is remote that these proceedings could result in an adverse outcome or have a material financial impact on the Company's financial position in the future.

Deutsche Bank Litigation

In June 2011, Deutsche Bank Trust Company Americas, Law Debenture Company of New York and Wilmington Trust Company (collectively referred to as "Plaintiffs"), in their capacity as trustees for certain senior notes issued by the Tribune Company ("Tribune"), filed lawsuits in various jurisdictions (the "Noteholder Actions") against numerous defendants including OneBeacon, OneBeacon-sponsored benefit plans and other affiliates of White Mountains in their capacity as former shareholders of Tribune seeking recovery of the proceeds from the sale of common stock of Tribune in connection with Tribune's leveraged buyout in 2007 (the "LBO"). Tribune filed for bankruptcy in 2008 in the Delaware bankruptcy court (the "Bankruptcy Court"). The Bankruptcy Court granted Plaintiffs permission to commence these LBO-related actions, and in 2011, the Judicial Panel on Multidistrict Litigation granted a motion to consolidate the actions for pretrial matters and transferred all such proceedings to the United States District Court for the Southern District of New York. Plaintiffs seek recovery of the proceeds received by the former Tribune shareholders on a theory of constructive fraudulent transfer asserting that Tribune purchased or repurchased its common shares without receiving fair consideration at a time when it was, or as a result of the purchases of shares, was rendered, insolvent. OneBeacon has entered into a joint defense agreement with other affiliates of White Mountains that are defendants in the action. OneBeacon and OneBeacon-sponsored benefit plans received approximately \$32 million for Tribune common stock tendered in connection with the LBO.

The Court granted an omnibus motion to dismiss the Noteholder Actions in September 2013 and Plaintiffs' appeal is pending.

In addition, OneBeacon, OneBeacon-sponsored benefit plans and other affiliates of White Mountains in their capacity as former shareholders of Tribune, along with thousands of former Tribune shareholders, have been named as defendants in an adversary proceeding brought by the Official Committee of Unsecured Creditors of the Tribune Company (the "Committee"), on behalf of the Tribune Company, which seeks to avoid the repurchase of shares by Tribune in the LBO on a theory of intentional fraudulent transfer (the "Committee Action"). Tribune emerged from bankruptcy in 2012, and a litigation trustee replaced the Committee as plaintiff in the Committee Action. This matter was consolidated for pretrial matters with the Noteholder Actions in the United States District Court for the Southern

District of New York and was stayed pending the motion to dismiss in the Noteholder Action. An omnibus motion to dismiss the shareholder defendants in the Committee Action was filed in May 2014. No amount has been accrued in connection with this matter as of June 30, 2015, as the amount of loss, if any, cannot be reasonably estimated.

NOTE 14. Common Shareholders' Equity

Common Shares Repurchased and Retired

On August 22, 2007, the Company's Board authorized the repurchase of up to \$200.0 million of its Class A common shares from time to time, subject to market conditions. Shares may be repurchased on the open market or through privately negotiated transactions. This authorization does not have a stated expiration date. During the six months ended June 30, 2015 and 2014, no shares were repurchased under the share repurchase authorization. The amount of authorization remaining is \$87.7 million as of June 30, 2015.

During the six months ended June 30, 2015 and 2014, the Company repurchased 112,051 and 106,366 common shares, respectively, to satisfy employee income tax withholding, pursuant to employee benefit plans. Shares repurchased pursuant to employee benefit plans do not reduce the board authorization referred to above.

Dividends on Common Shares

During the six months ended June 30, 2015 and 2014, the Company declared and paid cash dividends to OneBeacon shareholders of \$40.0 million, or \$0.42 per common share, for each period.

Accumulated Other Comprehensive Loss

The Company recorded the following changes to accumulated other comprehensive loss for net increases in net benefit plan assets and obligations during the six months ended June 30, 2015 and 2014:

(\$ in millions)	Six months ended June 30,	
	2015	2014
Net change in benefit plan assets and obligations	\$0.6	\$0.2

NOTE 15. Discontinued Operations

Runoff Business

As described in Note 1—"Nature of Operations and Summary of Significant Accounting Policies" and Note 2—"Acquisitions and Dispositions," on December 23, 2014, OneBeacon completed the sale of its Runoff Business to Armour. During the second quarter of 2015, the Company recorded the final settlement of certain post-closing items related to the Runoff Transaction, resulting in a positive adjustment to the loss on sale of \$0.3 million after-tax. Prior to the closing of the Runoff Transaction, Bedivere distributed ASIC to its immediate parent, as well as cash and investments such that Bedivere contained the target capital on the date of sale pursuant to the stock purchase agreement. In conjunction with the Runoff Transaction, OneBeacon provided financing in the form of surplus notes having a par value of \$101.0 million, which had a fair value of \$64.9 million on the date of sale. These notes are included in other investments on OneBeacon's consolidated balance sheet as of June 30, 2015 and December 31, 2014 and had a fair value of \$66.3 million and \$65.1 million, respectively (see Note 5—"Investment Securities" for further disclosures regarding these surplus notes).

The vast majority of the gross and net run-off unpaid loss and LAE reserves were included in the entities that were transferred to Armour. As of June 30, 2015 and December 31, 2014, gross loss and LAE reserves of \$18.6 million and \$23.8 million, respectively, related to the Runoff Business were ceded to Bedivere, an indirect wholly-owned subsidiary of Armour beginning December 23, 2014, by way of a 100% quota share agreement with ASIC.

Summary of Results of Operations

As described in Note 1—"Nature of Operations and Summary of Significant Accounting Policies" and Note 2—"Acquisitions and Dispositions," the results of operations for the Runoff Business have been classified as discontinued operations and are presented as such, net of related income taxes, in the statements of operations and comprehensive income and cash flows for all periods.

NOTE 15. Discontinued Operations

The following summarizes the results of operations, including related income taxes associated with the business classified as discontinued operations:

(\$ in millions)	Three months ended		Six months ended

	2015	2014	2015	2014

(Loss) gain from sale of discontinued operations, net of tax	0.3	(0.5)) 0.3	(0.5)
Net (loss) income from discontinued operations, net of tax	\$0.1	\$(0.6)) \$—	\$(1.1)

The loss from discontinued operations, net of tax, of \$0.2 million and \$0.3 million for the three and six months ended June 30, 2015, respectively, was the result of post-closing expenses incurred in connection with the Runoff Business. The loss from discontinued operations of \$0.1 million and \$0.6 million for the three and six months ended June 30, 2014, respectively, was a result of non-claims expenses related to the Runoff Business, including dedicated staff, and partially offset by favorable activity in loss and LAE.

The gain from sale of discontinued operations, net of tax, of \$0.3 million for both the three and six months ended June 30, 2015 represents a positive adjustment to the estimated loss on sale taking into consideration the final settlement of certain post-closing items.

The loss from sale of discontinued operations, net of tax, was \$0.5 million for both the three and six months ended June 30, 2014. The adjustment to the loss on sale in the 2014 periods related to the net effect of two items. First, the Company reduced its estimate of the fair value of the surplus notes expected to be issued at the closing of the Runoff Transaction based on our internal valuation model which, as of June 30, 2014, was \$8.2 million pre-tax (\$5.3 million, after-tax) less than par value of the surplus notes, resulting in a corresponding increase to the estimated loss on sale. Second, the stock purchase agreement was revised during the second quarter of 2014 in part to increase the cap on seller financing, which resulted in the Company recording a \$7.4 million reserve charge (\$4.8 million after-tax) as a reduction to the estimated loss on sale of discontinued operations.

These changes resulted in a net increase in the estimated loss on sale at that time of \$0.8 million (\$0.5 million after-tax) during the second quarter of 2014.

OneBeacon made loss and LAE payments related to the Runoff Business of \$17.7 million and \$28.8 million for the three and six months ended June 30, 2014, respectively, and made no such payments after the transaction closed on December 23, 2014.

Loss per Share Related to Discontinued Operations

Basic loss per share amounts are based on the weighted average number of common shares outstanding including unvested restricted shares that are considered participating securities. Diluted loss per share amounts are based on the weighted average number of common shares including unvested restricted shares.
