FIRST MERCHANTS CORPORATION ANNOUNCES SECOND QUARTER EARNINGS PER SHARE

First Merchants Corporation (NASDAQ - FRME) has reported June 30, 2007 net income of \$13,979,000, a \$821,000 decrease over the \$14,800,000 earned in the first half of 2006. Diluted earnings per share totaled \$.76, a \$.04 decrease over 2006 first half earnings per share of \$.80.

Second quarter net income totaled \$6,208,000, down from the 2006 second quarter \$7,291,000. Diluted earnings per share totaled \$.34, a \$.05 decline from the second quarter of 2006.

Included in the second quarter and first half results were special charges related to the early redemption of the Corporation's subordinated debentures payable to First Merchants Capital Trust I and subsequent redemption by First Merchants Capital Trust I of its outstanding common and preferred fixed rate securities (NASDAQ-FRMEP) as reported on Form 8-K on April 26, 2007. The early redemption of the debentures required the Corporation to accelerate the recognition of the remaining unamortized underwriting fee of approximately \$1.8 million, or \$.06 per share, during the second quarter. Going forward, the Corporation's more favorable terms provide savings of \$1.2 million, or \$.04 per share annually.

Additionally, in a January 24, 2007 press release, the Corporation announced its plan to integrate the data operations of its Columbus, Ohio, bank into its corporate operations center. The company finalized the re-branding of four bank charters into First Merchants Bank on April 1, 2007. Of the four merged charters one data consolidation is complete. The expense related to these efforts was reported to cost just over \$1 million in 2007. As of June 30, 2007, the Corporation has expensed \$601,000, or \$.02 per share.

Total assets equaled \$3.67 billion at quarter-end, an increase of \$261 million, or 7.7 percent, from June 30, 2006. Loans and investments, the Corporation's primary earning assets, totaled \$3.29 billion, an increase of \$227 million, or 7.5 percent, over the prior period.

Non-interest income increased by \$2,562,000, or 15.1 percent, through June as service charges on deposits increased by \$777,000, earnings on cash surrender value of bank-owned life insurance increased by \$612,000, and insurance commission increased by \$457,000.

Second quarter net-Interest margin, when normalized for the recognition of the previously mentioned remaining unamortized underwriting fee totaling approximately \$1.8 million, or 22 basis points, equaled the first quarter net-interest margin of 3.50 percent.

Year-to-date operating expense, absent the \$601,000 related to operational

Edgar Filing: FIRST MERCHANTS CORP - Form 8-K

conversions, increased by \$1,879,000, or 3.9 percent.

The allowance for loan losses increased during the last twelve months by \$1.7 million as non-performing loans totaled 1.39 basis points of average total loans and the allowance for loan losses as a percent of total loans equaled .98 percent.

Michael C. Rechin, President and Chief Executive Officer, stated that, "The Corporation's normalized earnings per share for the quarter totaled \$.42 per share and \$.84 for the first half of 2007, representing increases of 7.7 percent and 5.0 percent, respectively." Rechin also added, "The tactical execution of our 2007 plan continues to proceed as expected. The continued growth of our balance sheet and fee income combined with the refinance of our trust preferred securities, charter consolidation and tax management should prove to accelerate our performance into the second half of 2007."
