Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995

Information included in this Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended ("Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended ("Exchange Act"). This information may involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of View Systems, Inc. (the "Company"), to be materially different from future results, performance or achievements expressed or implied by any forward-looking statements. Forward-looking statements, which involve assumptions and describe future plans, strategies and expectations of the Company, are generally identifiable by use of the words "may," "will," "should," "expect," "anticipate," "estimate," "believe," "intend," or "project" or the negative of these words or other variations on these words or comparable terminology. These forward-looking statements are based on assumptions that may be incorrect, and there can be no assurance that these projections included in these forward-looking statements will come to pass. Actual results of the Company could differ materially from those expressed or implied by the forward-looking statements as a result of various factors. Except as required by applicable laws, the Company has no obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur in the future.

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

View Systems, Inc. and Subsidiaries (the "Company") designs, develops and sells computer software and hardware used in conjunction with surveillance capabilities. The technology utilizes the compression and decompression of digital inputs. In March 2002, the Company acquired Milestone Technology, Inc., which has developed a concealed weapons detection portal. In July 2009, the Company acquired FibreXpress, Inc., which is a company that specializes in developing and selling equipment and components for the fiber optic and communication cable industries. During the second quarter of 2017, the Company established a new business line in the Erectile Dysfunction Medical market by opening one clinic within its' Medical Therapeutics subsidiary.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. For further information, refer to the audited consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Milestone Technology, Inc., FibreXpress, Inc. and Medical Therapeutics. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from the estimates that were used.

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with original maturities of three months or less.

Accounts Receivable

Accounts receivable consists of amounts due from customers. Management periodically reviews the open accounts and makes a determination as to the ultimate collectability of each account. Once it is determined that collection is in doubt the account is written off as a bad debt. In order to provide for accounts that may become uncollectible in the future, the Company has established an allowance for doubtful accounts. The balance of the allowance for doubtful accounts is based on management's judgment and the Company's prior experience with managing accounts receivable.

Management's determination is that the remaining balance is collectible and therefore no allowance for possible uncollectible accounts receivable has been recorded for the periods ended September 30, 2017 and 2016, respectively.

8

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company has three main products, namely the concealed weapons detection system, the visual first responder system and the Viewmaxx digital video system. In all cases revenue is considered earned when the product is shipped to the customer, installed (if necessary) and accepted by the customer as a completed sale. The concealed weapons detection system and the digital video system each require installation and training. The customer can engage us for installation and training, which is a revenue source separate and apart from the sale of the product. In those cases revenue is recognized at the completion of the installation and training and acceptance by the customer. However, the customer can also self-install or can engage another firm to provide installation and training. Each product has an unconditional 30 day warranty, during which time the product can be returned for a complete refund. Customers can purchase extended warranties, which provide for replacement or repair of the unit beyond the period provided by the unconditional warranty. Warranties can be purchased for various periods but generally they are for one year period that begins after any other warranties expire. The revenue from warranties is recognized on a straight line basis over the period covered by the warranty. Prior to the issuance of financial statements management reviews any returns subsequent to the end of the accounting period which are from sales recognized during the accounting period, and makes appropriate adjustments as necessary. Product prices are fixed or determinable and products are only shipped when collectability is reasonably assured. For our Medical Business, service revenue is considered earned when the service is provided.

Inventories

Inventories stated at the lower of cost or market. Cost is determined by the first-in-first-out method (FIFO). As of September 30, 2017 and December 31, 2016 the Company's inventory consisted of unassembled parts of the product.

Property and Equipment

Property and equipment is recorded at cost and depreciated over their useful lives, using the straight-line and accelerated depreciation methods. Upon sale or retirement, the cost and related accumulated depreciation are eliminated from the respective accounts, and the resulting gain or loss is included in the results of operations. The useful lives of property and equipment for purposes of computing depreciation are as follows:

Equipment 5-7 years
Software tools 3 years

Repairs and maintenance charges which do not increase the useful lives of assets are charged to operations as incurred. Depreciation expense for the periods ended September 30, 2017 and 2016 amounted to \$600 and \$600, respectively.

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Income Taxes

Income taxes are recorded under the assets and liabilities method whereby deferred tax assets and liabilities are recognized for the future tax consequences, measured by enacted tax rates, attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carry forwards. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the rate change becomes effective. Valuation allowances are recorded for deferred tax assets when it is more likely than not that such deferred tax assets will not be realized.

The Company files income tax returns in the U.S. federal jurisdictions, and in various state jurisdictions. The Company is no longer subject to U.S. federal, state and local examinations by tax authorities for years prior to 2010. The Company policy is to recognize interest related to unrecognized tax benefits as income tax expense. The Company believes that it has appropriate support for the income tax positions it takes and expects to take on its tax returns, and that its accruals for tax liabilities are adequate for all open years based on an assessment of many factors including past experience and interpretations of tax law applied to the facts of each matter.

Research and Development

Research and development costs are expensed as incurred.

Advertising

Advertising costs are charged to operations as incurred. Advertising costs for the nine months ended September 30, 2017 and 2016 were \$3,322 and \$125, respectively.

Nonmonetary Transactions

Nonmonetary transactions are accounted for in accordance with ASC 845 "Nonmonetary Transactions" which requires the transfer or distribution of a nonmonetary asset or liability to be based generally, on the fair value of the asset or liability that is received or surrendered, whichever is more clearly evident.

Financial Instruments

For most financial instruments, including cash, accounts receivable, accounts payable and accruals, management believes that the carrying amount approximates fair value, as the majority of these instruments are short-term in nature.

Stock-Based Compensation

The Company accounts for share-based compensation at fair value. Share-based compensation cost for stock options granted to employees, board members and service providers is determined at the grant date using an option pricing model that uses level 3 unobservable inputs. The value of the award that is ultimately expected to vest is recognized as expense on a straight-line basis over the requisite service period.

VIEW SYSTEMS, INC. and SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Net Loss Per Common Share

Basic net loss per common share is computed by dividing net loss available to common stockholder by the weighted average number of common shares outstanding. Diluted net loss per common share is computed by dividing net loss available to common stockholders by the weighted average number of common shares and dilutive potential common share equivalents then outstanding. Potential common shares consist of shares issuable upon the exercise of stock options and warrants in addition to shares that may be issued in the event that convertible debt is exchanged for shares of common stock. The calculation of the net loss per share available to common stockholders for the periods ended September 30, 2017 and 2016 does not include potential shares of common stock equivalents, as their impact would be antidilutive. The following reconciles amounts reported in the financial statements:

	(Loss) (Numerator)	Weighted Avg Shares (Denominator)	Per-share Amount
Period ended September 30, 2017			
Loss from operations which is the amount that is available to common stockholders	\$ (149,248)	326,705,526	\$ (0.00)
Period ended September 30, 2016			
Loss from operations which is the amount that is available to common stockholders	\$ (153,1870)	326,705,526	\$ (0.00)

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. GOING CONCERN

The Company has incurred and continues to incur, losses from operations. For the periods ended September 30, 2017 and 2016, the Company incurred net losses of \$149,248 and \$158,180, respectively. In addition, certain notes payable have come due and the note holders are demanding payment.

Management is very actively working to cure these situations and has implemented major plans to for the future growth and development of the Company. Management is in the process of renegotiating more favorable repayment terms on the notes payable and the Company anticipates that these negotiations will result in extended payment plans.

Historically, the Company has financed its operations primarily through private financing. It is management's intention to finance operations during the remainder of 2017 primarily through increased sales although there will still be a need for additional equity financing. In addition, management is actively seeking out mergers and acquisitions which would be beneficial to the future growth of the Company. There can be no assurance, however, that this financing will be successful and the Company may be required to further reduce expenses and scale back operations.

As described in Note 4, the Company is currently in default on a \$50,000 loan from a stockholder.

The consolidated financial statements presented above and the accompanying Notes have been prepared on a going concern basis, which contemplates the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future, and does not include any adjustments to reflect possible future effects on the recoverability and classification of assets, or the amounts and classification of liabilities that may result from the outcome of any extraordinary regulatory action, which would affect our ability to continue as a going concern.

Due to the conditions and events discussed above, there is substantial doubt about the Company's ability to continue as a going concern.

3. NEW ACCOUNTING PRONOUNCEMENTS

In February 2016, the FASB issued new guidance on the accounting for leases, which supersedes previous lease guidance. Under this guidance, for all leases with terms in excess of one year, including operating leases, the Company will be required to recognize on its balance sheet a lease liability and a right-of-use asset representing its right to use the underlying asset for the lease term. The new guidance retains a distinction between finance leases and operating leases and the classification criteria is substantially similar to previous guidance. Additionally, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee have not significantly changed. The Company is currently evaluating the impact of this guidance on its consolidated balance sheets. This guidance is effective for interim and annual reporting periods beginning after December 15, 2018 with early adoption permitted.

In May 2014, the FASB issued guidance on the recognition of revenues which provides a single, comprehensive revenue recognition model for all contracts with customers and supersedes most existing revenue recognition guidance. The main principle under this guidance is that an entity should recognize revenue at the amount it expects to be entitled to in exchange for the transfer of goods or services to customers. The Company is currently evaluating the impact of this guidance on its consolidated balance sheets and statement of operations. This guidance is effective for interim and annual reporting periods beginning after December 15, 2017, with early adoption permitted for interim

and annual reporting periods beginning after December 15, 2016.

VIEW SYSTEMS, INC. and SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

4. NOTES PAYABLE

Notes payable as of September 30, 2017 and December 31, 2016 consists of the following:

	2017	2016
Stockholder		
Demand loan payable with interest at 5% per month dated September 18, 2009. The loan is secured by the Company's accounts receivable. The note was payable in full on December 17, 2009 and is currently in default	50,000	50,000
TOTAL	\$50,000	\$50,000
Less current portion	50,000	50,000
Non-current portion	\$-	\$-

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

5. INCOME TAXES

For income tax purposes the Company has net operating loss carry forwards of \$28,105,000 as of December 31, 2016 that may be used to offset future taxable income. In the instance of future corporate acquisitions, the net operating losses may be used to offset the future taxable income of a qualifying subsidiary corporation which meets IRS regulations governing such situations. The losses have accumulated since 1998 and they will start to expire in 2018. IRS regulations also provide that significant changes in ownership (greater than 50%) could result in the expiration of some of the net operating loss carry forwards. As of the date of this report the Company has not made an analysis of the changes in ownership to determine if any of these losses have expired.

Net income tax benefit is not recognized at this time because there is no reasonable expectation that the benefit will be realized in the future. Due to continuous losses from operations the Company has assigned a full valuation allowance against its deferred tax assets.

6. CONVERTIBLE PREFERRED STOCK

In July 2005 the Company issued 7,171,725 shares of Series A Preferred Stock in payment of services. The issuance had been previously authorized by the Board of Directors. Each share of Series A Preferred Stock has a liquidation preference, in the event of liquidation of the Company, of \$0.001 per share before any payment or distribution is made to the holders of common stock.

During 2008 the Board of Directors approved a reverse split of the stock in which one new share of preferred stock was issued in exchange for each 80 shares of stock outstanding. Accordingly, the total issued of preferred stock was adjusted from 7,171,725 shares to 89,647 shares. The par value and the total authorized shares did not change.

Effective in 2010 the initial issuance of Series A Preferred can be converted into common stock in the ratio of 15:1. During 2011 the Board of Directors authorized the issuance of an additional 1,400,000 shares of Series A Preferred Stock in payment of a loan from a shareholder in the amount of \$64,000 and also in payment of services in the amount of \$34,000. These additional shares can be converted to common stock beginning in 2013. Each share is entitled to fifteen votes and shall be entitled to vote on any matters brought to a vote on the common stock shareholder.

During 2012 the Board of Directors authorized the issuance of an additional 1,500,000 shares of Series A Preferred Stock in payment of deferred compensation and current compensation in the amount of \$161,463.

During 2013 the Board of Directors authorized the issuance of an additional 500,000 shares of Series A Preferred Stock in payment of professional services in the amount of \$225,000.

During 2014 the Board of Directors authorized the issuance of an additional 2,000,000 shares of Series A Preferred Stock in payment of deferred and current compensation in the amount of \$480,000.

During 2015 an owner of preferred stock elected to convert 1,400,000 shares of his preferred stock into 21,000,000 shares of the Company's common stock.

During 2015 the Board of Directors authorized the issuance of an additional 1,000,000 shares of Series A Preferred Stock in payment of deferred compensation of \$37,500 and current compensation of \$37,500.

During 2016 an owner of preferred stock elected to convert 500,000 shares of preferred stock into 7,500,000 shares of the Company's common stock.

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

7. OPERATING LEASE

In 2015 the Company leased 1,500 sq. ft. of office space under a non-cancellable lease at 1900 Lansdowne Road, Baltimore Maryland with a monthly rent of \$1,595 for a period of 3 years. Effective July 31, 2016 the lease was terminated by mutual agreement with the landlord. In 2017, the Company leased office space at 6 Park Center Court, Owings Mills, Baltimore, Maryland for use as its' Medical Clinic and Corporate Office. The monthly rent of \$2,037 is through September 2017 and is renewable, automatically for one year terms. Rent expense was \$10,776 and \$12,485 for the periods ended September 30, 2017 and 2016, respectively.

8. STOCK BASED COMPENSATION

On April 2, 2010 the Company adopted its 2010 Equity Incentive Plan. Reserved for equity issuances under the Equity Incentive Plan are 50,000,000 shares of our common stock. During 2011 14,116,433 shares of common stock were issued under the provisions of the 2010 Equity Incentive Plan for which \$92,065 of expenses were recognized.

On June 1, 2010 the Company adopted its 2010 Service Provider Stock Compensation Plan. Reserved for equity issuances under the Service Provider Stock Compensation Plan are 50,000,000 shares of our common stock. No equity issuances were made during the reporting period from the 2010 Service Provider Stock Compensation Plan.

During the period ended September 30, 2016 the Company issued the following compensatory shares outside of its existing Stock Option and Restricted Share Plans at the discretion of the Board of Directors:

For the nine month period ended September 30, 2016 the Board authorized the issuance of 7,000,000 shares of common stock in payment of interest expense amounting to \$16,800.

Independent contractors and consultants' expense was based on the estimated value of services rendered or the value of the common stock issued, if more reliably determined.

VIEW SYSTEMS, INC. and SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Stock Options and Warrants

On April 2, 2010, the Company adopted its 2010 Equity Incentive Plan, which authorized, among other forms of incentives, the issuance of stock options. Reserved for equity issuances under the 2010 Equity Incentive Plan are 50,000,000 shares of our common stock. No equity issuances have been made from the 2010 Equity Incentive Plan. Stock options, which may be tax qualified and non-qualified, are exercisable for a period of up to ten years at prices at or above market prices as established on the date of the grant.

Stock Options

Certain nonqualified stock options were issued during the period ended June 30, 2013 to a member of the board of directors as compensation for services performed.

<u>Options</u> Price	Weighted Number of	Weighted Average Average Exercise	Aggregate Contractual Life	Intrinsic Value

The Company uses the Black-Scholes option pricing model to calculate the fair value of options. Significant assumptions used in this model include:

Annual Dividend	-
Expected Life (in years)	5.00
Risk Free Interest Rate	0.78%
Expected Volatility	325.25%

VIEW SYSTEMS, INC. and SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

9. RELATED PARTY TRANSACTIONS

Certain stockholders made cash advances to the Company to help with short-term working capital needs. The net proceeds from stockholders with unstructured payment plans amounted to \$44,771 and \$26,505 for the periods ended September 30, 2017 and 2016, respectively. The total balance due on unstructured loans from stockholders amounted to \$635,979 as of September 30, 2017 and \$591,208 at December 31, 2016. Loans from stockholders made with repayment terms are described in Note 4 above.

10. ISSUABLE COMMON STOCK

As of September 30, 2017 and December 31, 2016 740,000 shares of the authorized shares of common stock amounting to \$16,000, had not been issued.

11. CONTINGENT LIABILITY

Effective January 1, 2015 the Board of Directors authorized a new employment contract with Gunther Than, CEO of View Systems, Inc. That employment contract provides that in the event of a change in control of the Board of Directors or a buyout or takeover or substantial change of management structure Mr. Than will receive a minimum of three year's salary plus 4.8 million shares of unrestricted stock of the equivalent in cash at Mr. Than's direction. Mr. Than's current base salary is \$120,000 per annum.

12. OPERATING SEGMENTS

The Company operates in two segments: (1) the design, development and sale of computer software and hardware used in conjunction with surveillance capabilities and (2) a newly established business line in the Erectile Dysfunction Medical field. The following table details net revenue and income before income taxes by segment:

		For the Three Months Ended		For the Nine Months Ended

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

EXECUTIVE OVERVIEW

The following analysis of our consolidated financial condition and results of operations for the nine-month period ended September 30, 2017 and September 30, 2016 should be read in conjunction with the Consolidated Financial Statements and other information presented elsewhere in this quarterly report.

Overview

View Systems, Inc. has developed, produced and marketed computer software and hardware systems for security and surveillance applications. In 1998 digital video recorder technology was our first developed product and we enhanced this product line by developing interfaces with other various technologies, such as facial recognition, access control cards and control devices such as magnetic locks, alarms and other common security devices. In 2003 we sold this product to various commercial entities including schools, restaurants, night clubs, car washers and car dealers (license plate recognition was incorporated into these types of installations), ranches and gas stations. In these installations, we integrated the digital video recorded technology with other electronic devices, and we gained knowledge of the security needs of a wide range of businesses.

We expanded our product line in 2002 to include a concealed weapons detection system we call ViewScan. We have penetrated four major market segments for this product: correctional facilities, judicial facilities, probation offices and federal facilities in the Mid-Atlantic States, the West Coast and the South. In 2003 we added a hazardous material first response wireless video transmitting system to our product line we refer to as Visual First Responder. The markets for these units are first responder units for agencies such as the National Guard, Coast Guard, Army, state law enforcement agencies, and fire departments. Both of these technologies were licensed from the U.S. Department of Energy's Idaho National Engineering Laboratory ("INEL"). Until 2005 we assembled all of our products in-house.

Historically, the Company relied upon exclusive technology licensing agreements with federal departments to license and distribute the ViewScan technology. In anticipation of the expiration of federal licenses, we developed proprietary components and made sufficient engineering design changes to the ViewScan product to lower production costs and to accommodate the price points required by competitive pressures. By redesigning the ViewScan, we have offset the impact of the expiration of our license agreements and continued to capitalize on our technological advantages we had in the markets we had entered. Unfortunately, the rising costs of manufacturing equipment and the large quantities required to become cost competitive has forced us to quit manufacturing our own products.

Our strategy for 2016 for ViewScan is to continue our extended warranty offerings and service provisions to the various installations we have.

In the short term, management continues to raise funds by providing parts and repair service work to our current installations. Then, the next phase of our business plan will be to raise additional funds through common stock offerings to provide working capital to finance new types of businesses. We also intend to continue to strengthen our balance sheet by paying off debt either through exchange of equity for cancellation of debt obligations or the payment of debt obligations with cash.

Products and Services

Our current principal products and services have included:

ViewScan Concealed Weapons Detection System

ViewScan, which has also been sold under the name "Secure Scan", is a walk-through concealed weapons detector which uses data sensing technology to accurately pinpoint the location, size and number of concealed weapons. This walk-through portal is controlled by a master processing board and a personal computer based unit which receives magnetic and video information and combines it in a manner that allows the suspected locations of the concealed weapon(s) to be displayed and stored electronically.

RESULTS OF OPERATIONS

The following discussions are based on our consolidated financial statements, including our subsidiaries. These charts and discussions summarize our financial statements for the six months ended June 30, 2016 and June 30, 2015 and should be read in conjunction with the financial statements, and notes thereto, included with our most recent Form 10-K for fiscal year ended December 31, 2015.

SUMMARY COMPARISON OF OPERATING RESULTS*

	Nine months ended September 30,	
	<u>2017</u>	<u>2016</u>
Revenues, net	\$42,095	\$51,3209
Cost of sales	14,313	713
Gross profit (loss)	27,782	50,607
Total operating expenses	190,593	159,187
Profit (Loss) from operations	(162,811)	(108,580)
Total other income (expense)	13,563	(44,600)
Net income (loss)	(149,282)	(153,180)
Net income (loss) per share	\$(0.00)	\$(0.00)

Nine Month Period Ended September 30, 2017 Compared to Nine Month Period Ended September 30, 2016.

Our net loss for the nine month period ended September, 30 2017 was (\$149,248) compared to a net loss of (\$153,180) during the nine month period ended September 30, 2016 (a decrease in net loss of \$3,932). We generated net revenues of \$42,095 during the nine month period ended September 30, 2017 compared to \$51,320 during the nine month period ended September 30, 2016 (a decrease in net revenue of \$9,225). For our ViewScan, revenue is considered earned when the product is shipped to the customer. Service is a revenue source separate and apart from the sale of the product. Generally, revenue is recognized at the completion of the installation. We measure backlog as orders for which a purchase order has been made. For our Medical Business, service revenue is considered earned when the service is provided.

We have experienced a decrease in sales of our products which resulted in decreased revenues for the nine month period ended September 30, 2017 compared to the nine month period ended September 30, 2016. The decreased revenue is the result of the cessation of the manufacturing of our product.

Cost of goods sold increased during the nine month period ended September 30, 2017 to \$14,313 from \$713 incurred during the nine month period ended September 30, 2016, resulting in a gross profit of \$27,782 for the nine month period ended September 30, 2017 compared to a gross profit of \$50,607 for the nine month period ended September 30, 2016. During the nine month period ended September 30, 2017, the increasing cost of goods sold was due to the sale of our demonstration product in our Medical Business.

During the nine month period ended September 30, 2017, we incurred operating expenses of \$190,593 compared to \$159,187 incurred during the nine month period ended September 30, 2016 (an increase of \$31,406). Operating expenses increased due to our opening and promotion of the medical business.

During the nine month period ended September 30, 2017, we incurred other income (expenses) of \$13,563, consisting of interest expense of (\$27,468) offset by a gain on the settlement of debt of \$41,031 (2016: (\$44,600)).

The decrease in interest expense was due to payoff of a loan from a stockholder.

Our net loss during the nine month period ended September 30, 2017 was (\$149,248) compared to a net loss of (\$153,180) during the nine month period ended September 30, 2017.

The weighted average number of shares outstanding was 326,705,526 for the nine month period ended September 30, 2017 compared to 322,574,464 for the nine month period ended September 30, 2016.

Three Month Period Ended September 30, 2017 Compared to Three Month Period Ended September 30, 2016.

Our net loss for the three month period ended September 30, 2017 was (\$43,610) compared to a net loss of (\$50,908) during the three month period ended September 30, 2016, a decrease in net loss of (\$7,298). We generated net revenues of \$9,679 during the three month period ended September 30, 2017 compared to \$7,180 during the three month period ended September 30, 2016 (an increase in net revenue of \$2,499).

We have experienced a continuation of revenue from extended warranties and the revenue generated from our new venture the male therapies services we deliver.. The increase in total revenues was due to the launch of our Medical Business unit during the three months ended September 30, 2017, offsetting a decrease in the demand for our security products and or warranties.

Cost of goods sold increased during the three month period ended September 30, 2017 from \$(21) to \$6,485 incurred during the three month period ended September 30, 2016 resulting in a gross profit of \$3,194 for the three month period ended September 30, 2017 compared to a gross profit of \$7,201 for the three month period ended September 30, 2016.

During the three month period ended September 30, 2017, we incurred operating expenses of \$78,679 compared to \$47,297 incurred during the three month period ended September 30, 2016 (an increase of \$31,382).

Operating expenses incurred during the three month period ended September 30, 2017 increased compared to the three month period ended September 30, 2016 primarily due to our efforts to start the medical clinic and consisted of advertising, supplies and acquisition of software and materials related to the nature of the medical business.

Our loss from operations during the three month period ended September 30, 2017 was (\$75,485) compared to a loss from operations of (\$40,096) during the three month period ended September 30, 2016.

During the three month period ended September 30, 2017, we incurred other income (expenses) of \$31,875, consisting of interest expense of (\$9,156) offset by a gain on the settlement of debt of \$41,031 (2016: (\$10,812)).

After deducting other expense, we realized a net loss of (\$43,610) for the three month period ended September 30, 2017 compared to a net loss of (\$50,908) for the three month period ended September 30, 2016. The weighted average number of shares outstanding was 326,705,526 for the three month period ended September 30, 2017 compared to 326,705,526 for the three month period ended September 30, 2016.

trends that are currently at play in the marketplace: an aging population and the rising prevalence of certain medical conditions cause erectile dysfunction such as diabetes, high blood pressure, smoking, obesity prostate issues etc.

LIQUIDITY AND CAPITAL RESOURCES

Nine Month Period Ended September 30, 2017

As of September 30, 2017, our current assets were \$6,793 and our current liabilities were \$1,977,422, which resulted in a working capital deficit of \$1,970,629. As of September 30, 2017, current assets were comprised of: (i) \$1,846 in cash; (ii) \$3,859 in accounts receivable; and (iii) \$1,088 in inventory.

As of September 30, 2017, current liabilities were comprised of: (i) \$427,896 in accounts payable and accrued expenses; (ii) \$234,935 in deferred compensation; (iii) \$191,997 in accrued and withheld payroll taxes payable; (iv) \$148,125 in accrued interest payable; (v) \$225,000 in accrued royalties payable; (vi) \$635,979 in loans from stockholders; (vii) \$50,000 in notes payable; and (viii) deferred revenue of \$63,490.

As of September 30, 2017, our total assets were \$9,985.

As of September 30, 2017, our total liabilities were \$1,977,422 comprised of: (i) \$1,977,422 in current liabilities; and (ii) \$0 in long term portion of notes payable.

Stockholders' deficit increased from (\$1,818,189) as of December 31, 2016 to (\$1,967,437) as of September 30, 2017.

Cash Flows from Operating Activities

We have not generated positive cash flows from operating activities. For the nine month period ended September 30, 2017, net cash flows used in operating activities was (\$43,019) compared to net cash flows used in operating activities of (\$17,922) for the nine month period ended September 30, 2016.

Cash Flows from Investing Activities

For the snine month periods ended September 30, 2017 and September 30, 2016, net cash flows provided by investing activities was -0-.

Cash Flows from Financing Activities

We have financed our operations primarily from loans from shareholders. For the nine month period ended September 30, 2017, net cash flows provided from financing activities was \$44,771 compared to \$15,410 for the nine month period ended September 30, 2016. Cash flows from financing activities for the nine month period ended September 30, 2017 consisted of: \$44,771 in loans received from stockholders.

PLAN OF OPERATION AND FUNDING

We have incurred losses for the past three fiscal years and had a net loss of \$149,248 at September 30, 2017 and \$153,180 at September 30, 2016. Our revenues from sales have been insufficient to cover our operating expenses. Our auditors have expressed substantial doubt that we can continue as a going concern. We have continued to push service contracts and control costs but the large overwhelming marketing budgets of our competitors in spite of our superior technology has diminished our ability to compete.

Our Board of Directors has decided to broaden our perspective and add additional business related or unrelated to the current security product market. Two of our directors are physicians and both have investigated the Erectile Dysfunction market. Our Board of Directors has decided to pursue the Erectile Dysfunction Medical market.

According to Pew Research, 10,000 Baby Boomers turn 65 every day, of which 49% are men. This ensures that we will have an expanding pool of prospective clients, and thus make possible the exponential growth of patients each year until 2030. We have announced on January 6th the acquisition of a company called Y.M. Advantage, Inc. This company is a private entity engaged in the acquisition, development and management of medical clinics specializing in boutique procedures such as treatment for erectile dysfunction, hair restoration and a variety of specialized men's health therapeutic procedures. The current US market estimates for erectile dysfunction therapies is upwards of \$6 Billion.

The business strategy will be to establish multiple concierge, all-inclusive medical practices, providing a "one-stop shop" for most issues relating to male sexual dysfunction, including erectile dysfunction, testosterone replacement therapy, and procedures such as: hair restoration, Kybella (a under-chin fat reduction procedure) and Botox. By establishing or acquiring "men's clinics" in select geographic areas, View's business strategy is to capitalize on two irrefutable trends that are currently at play in the marketplace: an aging population and the rising prevalence of certain medical conditions cause erectile dysfunction such as diabetes, high blood pressure, smoking, obesity prostate issues etc.

We have decided to call the wholly owned sub of View Systems Medical Therapeutics. We operate one clinic so far and plan to open in multiple cities where the population density is in excess of 250,000.

Going Concern

If the market price of our common stock falls below the fixed price of our registered stock offering, as in prior years we may again have insufficient financing commitments in place to meet our expected cash requirements for 2017. We cannot assure you that we will be able to obtain financing on favorable terms. If we cannot obtain financing to fund our operations in 2017, then we may be required to reduce our expenses and scale back our operations. These factors raise substantial doubt of our ability to continue as a going concern. Footnote 2 to our financial statements provides additional explanation of Management's views on our status as a going concern. The audited financial statements contained in this Annual Report do not include any adjustments to reflect the possible future effects on the recoverability of assets or the amounts of liabilities that may result should we be unable to continue as a going concern.

Our independent registered accounting firm included an explanatory paragraph in their reports on the accompanying financial statements regarding concerns about our ability to continue as a going concern. Our financial statements contain additional note disclosures describing the circumstances that lead to this disclosure by our independent auditors.

COMMITMENTS AND CONTINGENT LIABILITIES

Our total current liabilities increased to \$1,977,422 at the nine month period ended September 30, 2017 compared to \$1,827,022 at fiscal year ended December 31, 2016. As of September 30, 2017, our short and long term notes payable consist of the following:

We are in default of a September 18, 2009 demand loan payable to an investor which was due December 17, 2009 in the amount of \$50,000. Interest has accrued at 5% per month since December 17, 2009. The loan is secured by our accounts receivable. Effective July 1, 2012 the accrual of interest was halted by agreement with the lender.

OFF BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

CONTRACTUAL OBLIGATIONS

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

CRITICAL ACCOUNTING POLICIES

Customers can purchase service contracts or extended warranties, which provide for replacement or repair of installed units beyond the period provided by the unconditional warranty. Service contracts can be purchased for various periods but generally they are for one year period that begins after any other warranties expire. The revenue from warranties is recognized on a straight line bases over the period covered by the warranty. Prior to the issuance of financial statements management reviews any returns subsequent to the end of the accounting period which are from sales recognized during the accounting period, and makes appropriate adjustments as necessary.

Going Concern Opinion

You should carefully consider the risks, uncertainties and other factors identified below because they could materially and adversely affect our business, financial condition, operating results and prospects and could negatively affect the market price of our Common Stock. Also, you should be aware that the risks and uncertainties described below are not the only ones facing us. Additional risks and uncertainties that we do not yet know of, or that we currently believe are immaterial, may also impair our business operations and financial results. Our business, financial condition or results of operations could be harmed by any of these risks. The trading price of our Common Stock could decline due to any of these risks, and you may lose all or part of your investment. In assessing these risks you should also refer to the information contained in or incorporated by reference to our Form 10-K for the year ended December 31, 2016, including our financial statements and the related notes thereto.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide information required by this Item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We have carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer/Principal Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of June 30, 2016. Based on such evaluation, we have concluded that, as of such date, our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer/Principal Financial Officer, as appropriate, to allow timely discussions regarding required disclosure.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining internal control over our financial reporting. Our internal control system was designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Internal control over our financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect our transactions.
 - provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial
- (2) statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorization of our management and directors; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on our financial statements.

All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error or circumvention through collusion or improper overriding of controls. Therefore, even those internal control systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation. Further, because of changes in conditions, the effectiveness of internal control may vary over time.

Our management assessed the effectiveness of our internal control over financial reporting as of June 30, 2016. In making its assessment of internal control over financial reporting, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal-Control-Integrated Framework and implemented a process to monitor and assess both the design and operating effectiveness of our internal controls. Based on this assessment, management believes that as of June 30, 2016, our internal control over financial reporting was effective.

This quarterly report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this quarterly report .

Changes in Internal Control Over Financial Reporting

Our management has evaluated, with the participation of our Chief Executive Officer/Chief Financial Officer, changes in our internal controls over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) during the period ended June 30, 2016. In connection with such evaluation, there have been no changes to our internal control over financial reporting that occurred since the beginning of our six month period ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect our internal control over financial reporting.
