Independent Auditors' Report

The Administrative Committee of the Board of Directors
Harman International Industries, Incorporated:

We have audited the accompanying statements of net assets available for Plan benefits of the Harman International Industries, Incorporated Retirement Savings Plan as of June 26, 2002 and 2001 and the related statements of changes in net assets available for Plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for Plan benefits as of June 26, 2002 and 2001 and the changes in net assets available for Plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

HARMAN INTERNATIONAL INDUSTRIES, INCORPORATED
RETIREMENT SAVINGS PLAN

Notes to Financial Statements
June 26, 2002 and 2001

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Harman International Industries, Incorporated (the Company) Retirement Savings Plan (the Plan) have been presented on an accrual basis and present the net assets available for Plan benefits and changes in those net assets.

(b) Investments

The Plan's investments are stated at fair value except for its fully benefit responsive investment contract, which is valued at contract value (note 4). Shares of registered investment companies and mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Company stock is valued at its quoted market price.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form 11-K

(c) Use of Estimates

Management of the Company has made a number of estimates and assumptions relating to the reporting of net assets and the changes in net assets and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from these estimates.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Expenses

Administrative expenses are paid by the Plan unless paid by Harman International Industries, Incorporated, the Sponsor.

(2) Plan Description

The Plan agreement dated July 27, 2000 amends and restates the Harman International Industries, Incorporated Retirement Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution savings and profit sharing plan sponsored by the Company. The Plan covers all eligible employees, as defined by the Plan, provided they have completed six months of consecutive service and have worked 500 hours.

4

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description.

(a) Contributions

Participants in the Plan may contribute on a tax-deferred basis from 1% to 15% of their compensation, as defined by the Plan. Participants may change their deferral percentage as of the first payroll period following the quarterly valuation date. The Company has made annual basic contributions equal to 3% of the compensation paid to all eligible participants active at the end of the Plan year and a matching contribution equal to 50% of the eligible participant's tax-deferred contribution percentage for each payroll period up to a maximum election of 6% per payroll period. In addition, the Company may make discretionary profit sharing contributions to the Plan in an amount determined by the Company's board of directors. For the year ended 2002, the board of directors approved a profit sharing contribution equal to 2% of each participants compensation. Company profit sharing contributions are limited to 15% of a participant's compensation, less the participant's tax-deferred contributions, the Company's basic contribution, and the Company matching

contribution. Total Company and pretax participant contributions may not exceed 15% of a total participant's compensation. Total annual additions to a participant's account, exclusive of adjustments to the fair market value of the participant's fund account, may not exceed the lesser of \$30,000 or 25% of the participant's compensation.

(b) Vesting

Participants are 100% vested in their salary deferral contribution, employer's basic contribution, and rollover contribution accounts, and become vested in profit sharing and matching contributions at the rate of 25% per year after the completion of two years of service, or 100% after reaching age 65, death, or disability.

(c) Investment Options

Plan participants direct contributions in any increment in any of the investment options. The options consist of the Harman International Industries, Incorporated Common Stock, the Putnam Stable Value Fund, the Putnam Money Market Fund, and 12 mutual funds sponsored by Putnam.

(d) Participant Account Balances

Separate accounts are maintained for each participant's salary deferral, rollover, employer profit sharing, basic, and matching contribution balances. Earnings or losses of the Plan are allocated to the participant account balances by investment fund on a daily basis according to the number of shares in the participant account balances. Company profit sharing and basic contributions are allocated based on participant compensation. Company matching contributions are allocated based upon each participant's tax-deferred contribution percentage.

5

(e) Benefits

Upon separation from service, retirement at age 65, disability retirement, or death, participants or their beneficiaries are entitled to receive their vested balances in a lump-sum distribution. However, participants from prior merged plans, whose plans allowed distributions of plan benefits to be made in forms other than lump-sum, may elect payment of benefit balances which were available prior to the mergers. Contributions made subsequent to the merger may only be distributed in a lump-sum payment.

(f) Forfeitures

All distributions from the Plan shall commence as soon as practicable after the participant's termination date, and all

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form 11-K

unvested amounts shall be forfeited as of the date of distribution. Amounts forfeited by Plan participants are used to reduce the employer contributions.

Amounts provisionally forfeited will be restored if the participant returns to service prior to the occurrence of a 60-consecutive-month period of separation.

(3) Investments
